ROOMS—31 VICTORIA STREET, FURNISHED, single and double, comfortable rooms; also a very large desirable front parlor; terms very reasonable. 204 1

ROOM—A LARGE, WELL FURNISHED FRONT room, suit parlor flat. Use of piano if required. Also room on bathroom flat. 2369 St. Catherine st. 204 2

ROOM—TO LET, A FURNISHED ROOM, ON BATHroom floor; hot water, gas. 774 Palace st. 204 3

ROOMS—FURNISHED, FOR ONE OR TWO GENtlemen, gas, hot water, on bathroom flat, splendid locality. 225 Stanley st. 204 1

BOARD.

BOARD—AND ROOMS, FOR LADIES DURING confinement; private. Ladies attended to at their own homes. Mrs. Bohme, Ladies' Doctress, 151 Cadieux. 85 524

BOARD—MRS. McEWAN, LADIES' SICK NURSE, superior accommodation for boarders, best medical attendance; strictly private. Terms moderate. 187 Cadieux, below St. Catherine. 138 100

BOARD—MADAME M. VILLARD HAS LATELY opened a house (as private hospital for ladies) at No. 197 Cadieux street, near St. Catherine. Large comfortable and well aired rooms; first class board, etc. Strictly private. Terms moderate. 183 26

BOARD—AND ROOM AT NO. 710 SHERBROOKE street, list class board, comfortable home, gallery in rear; cold and hot water, gas; private and no children. 186 26

BOARD—A YOUNG MAN ATTENDING COLLEGE or a boy attending school can get room and board in a French Protestant family, living near the University grounds. Apply by letter to R. P. Duclos, 166 Manse st. 196 26eod

BOARD—WAVERLEY HOUSE, 742 LAGAUCHEtiere, first class rooms and board and also table board; fitted throughout with every modern convenience. 189 30

BOARD—AND ROOMS, COMFORTABLE FURnished, with board; good table board; transients accommodated. 16 Union avenue. 196 10

BOARD — MADAME LE FRANCOIS, LADIES' sick nurse, superior accommodation for boarders; best medical attendance; strictly private. Terms moderate. 78 St. Dominique. 201 15

BOARD—BEAVER HALL CHAMBERS, 55 BEAVER Hall Hill, first class rooms and board; also table board; modern conveniences. Terms moderate. 201 6

BOARD—AND FURNISHED ROOMS. TABLE board, $3 per week. English cooking and good attendance. 2261 St. Catherine, near Queen's Theatre. 201 6

BOARD—AND ROOMS, FOR SEPTEMBER FIRST. 43 McGill College avenue. 202 3

BOARD—AT LONGUEUIL, PARENTS DETIRING to their children to learn English can secure good accommodation at 79 St. Charles street, opposite Public School. 202 5

BOARD—AND ROOMS, ELEGANTLY FURNISHED, first class table; all modern improvements; Auer light, telephone, home comforts. 34 McGill College ave. 202 5

BOARD—WANTED TABLE BOARDERS, FIRST class French kitchen. 57 St. Denis street. 202 5

BOARD—AND ROOMS TO LET. 18½ CATHCART st. 203 3

BOARD—BOARDERS WANTED AT 124 ST. DENIS street, nice and cheerful, rooms, first class board; home comforts. 203 3

BOARD—VACANCIES, WITH BOARD, AT 112 Stanley street. References exchanged. 203 2

BOARD AND ROOMS — WELL FURNISHED rooms and board in a French family. Terms moderate. Address 105 St. Hubert st. 203 4

BOARD—FIRST CLASS BOARD AND FURNISHED rooms, heated by hot water; gas, etc. Apply 73 Dubord street. 204 5

BOARD AND ROOMS WANTED.

WANTED—IMMEDIATELY BY GENTLEMAN and wife, bedroom and sittingroom, or large bedroom, with board, in strictly private family; West of Beaver Hall Hill and north of Dorchester street. Address "N 2906," STAR office. 203 2

WANTED—TWO DOUBLE BEDROOMS AND sittingroom (furnished), with board or use of kitchen, west of Windsor and above St. Antoine. Apply stating terms to "Q 2924," STAR office. 204 2

WANTED—GOOD BOARD AND TWO OR THREE rooms, for gentleman with small family; western portion of city preferred. Address "R 3022," STAR office. 204 2

WANTED—ROOM AND BOARD FOR LADY EMployed during the day; 10 minutes from Victoria square; mantel bed preferred. Address "V 3094," STAR office. 204 1

HOUSES TO LET.

TO LET—COMFORTABLE UPPER TENEment, 8 rooms, bath and w. c., $15.00 per month; also lower tenement, $13.00 per month; immediate possession. Apply 74 Plymouth Grove. 197 26

TO LET—UNFURNISHED, A LARGE suite of apartments, on the third floor of "The Sherbrooke," 1018 Sherbrooke st. Apply to W. Cunningham, above address. 199 4 law

TO LET—LOWER DWELLING, 267 ST. URbain, above Ontario st., $220, no taxes. Bright, pleasant office, heated by hot water, in 61 St. Gabriel st.; moderate rent. Apply H. H. Austin, Agent, Est. John Tiffin, 318 St. Paul st. 199 6

TO LET—AN UPPER AND LOWER TENEment, pleasantly situated, No. 58 Richmond square, hot and cold water, freshly painted and in thorough repair; rent low to 1st May; also a self contained house, 56 Richmond square. Address E. Desbarats, Room 3, 146 St. James st., city. 200 eod tf

TO LET—39 ST. LUKE STREET, $400 AND taxes. Tenements 39 and 45 Aberdeen ave., $20 and $18 per month. Upper flat, 732a St. Dominique st., $10 per month. John James Browne & Son, 207 St. James st. 200 5eod

TO LET

The Daily Star.

GRAHAM & CO., Proprietors.
163 and 165 St. James Street.

THE DAILY STAR is sent to any part of the United States or Canada, postage free, at $3 a year $1.60 for six months, and 90c. for three months.

☞ We believe the circulation of THE STAR exceeds the combined issue of all the other English newspapers published in the city of Montreal. ☜

Agents for French Advertising are Messrs. Mayence, Favre & Cie, Rue de la Grange, Batelliere 18, Paris, France.

CIRCULATION OF THE DAILY STAR

For week ending 25th August, 1894.

Monday	37,592
Tuesday	37,274
Wednesday	37,075
Thursday	37,003

PRESENT DAILY AVERAGE

For Week -ENDING- Aug. 25, 1894. **38,217**

THURSDAY, AUGUST 30, 1894.

FLOOR THE DRILL SHED.

A "ground floor" is sometimes a good thing and sometimes it isn't. There have been men who were very anxious to get in on "the ground floor," but they were not volunteers seeking a drill hall. Montreal has a capital drill shed, but it would like to trade its "ground floor" for a floor made of some substance less dusty. It is not conducive to the good appearance of the men to be assembled and manœuvred in all kinds of weather on the bare ground. It may harden them, but it takes the blacking off their boots and spoils their uniforms; and then if hardness is to be purchased at the expense of dress and accoutrements and decent comfort, why have a shed at all? Why not drill in a snowbank or a mud-puddle? Then it cannot be conducive to the health of the men to be perpetually breathing air heavy with the dust they raise by their marching. Loose dust naturally lies thick on the naked ground and the tramping about of the volunteers sends it into the air, fills their clothing with it, spoils their weapons and deprives them of much of the physical benefit of the exercise. The Government should complete its provision for our citizen-soldiery, and put a floor in the Drill Shed.

THE SUBSIDY PROBLEM.

This provincial subsidy discussion, born of an inevitable tendency to let Mr Laurier's talk of economy remain one of the prodigal promises of the Mowat-Mercier Conference at Quebec, is bringing out some forcible opinion from Ontario Liberal journals. The *Globe's* emphatic declaration against any increases in the subsidies was comforting to the full extent of its influence; and now the Hamilton *Times* goes it several better by expressing a mild predilection in favor of abolishing provincial subsidies altogether. After referring to the fact that the Hon. George Brown did not approve of the subsidy system, it says:

> As Canada increases in population, and new provinces are formed out of the territory in the North-West, the subsidy system will become more troublesome and expensive. It is the most dangerous plank in the Confederation structure. Mr. Laurier has enough work cut out for himself in the revising of the tariff, but he would find many sympathizers if he were to announce a design or even a desire to abolish the subsidies, so that, in the language of George Brown, "those who spend must pay." With the annual subsidy drain of four or five millions removed, the simplification of the Canadian tariff would be a much easier task than it is now.

This would mean a heavy direct provincial tax all round, each province paying its own way—a plan not likely to be popular anywhere and least so in the smaller provinces. It would also tend to weaken the power of the Federal Parliament, and make us less a nation and more of a bundle of states. It would be better to have our rigid economy—even our direct taxation, if necessary—at Ottawa, and let us move ahead together as one people. It is assuring, however, to hear these Liberal declarations against any further raiding of the Federal treasury.

WINNIPEG FOR NEWFOUNDLAND.

And now from the West comes a voice in favor of making a province of Newfoundland. Canadian pluck and ambition are not fagged out yet, cantankerous sectionalists to the contrary notwithstanding. The Winnipeg *Nor'-Wester* thinks that Mr. Morine, now that his political friends are in power in Newfoundland, may get up a feeling there in favor of entering Confederation, and hence joins in the recent discussion on the side of Canadian extension. It credits the STAR with making "a new point which has considerable force to it" in pointing out that Canada's interference in the Bond-Blaine treaty renders it impossible for us to refuse any overtures for closer union with ourselves, and contends that we cannot "persist in imposing our demands on the Newfoundland people to the prejudice of their commercial liberty, and then refuse to consider their application to become a part of us." It continues:

> It is unreasonable to say that we shall neither suffer them to come to us, nor to make trade arrangements of their own which we are privileged to perform may be prejudicial to British interests in North America. That is too much like the dog in the manger. We do not know whether Newfoundland is prepared, or is preparing, to submit an offer of annexation, but if it should do so, we are bound to give it every reasonable consideration or forego our claim to interfere with its trade treaties. Closer commercial relations with the United States might result in Americanizing the Island, but the obvious protection against that risk is to make it a part of the Dominion whenever it shall ask for admission.

Thus now we have Winnipeg and Halifax—the two extremes of Eastern Canada—both declaring that it is impossible for us to do anything else but receive Newfoundland with open arms when she approaches our front gate. Canada is still the Canada that built the Intercolonial, that bought the North-West, that made a canal system, that sent the C.P.R. to the coast and that killed Unrestricted Reciprocity. We have faith in ourselves.

Then, by the way, how will this position taken by the Winnipeg *Nor'-Wester* pass as a comment upon the following sneer of the Hamilton *Spectator's* at its fellow Conservative organ in Halifax for venturing to disagree with the *Spec.'s* anti-British policy:

> Halifax would benefit largely from the annexation of Newfoundland, and that is good and sufficient reason why the *Herald*—published in Halifax, and having the good of that town at heart—should be in favor of the annexation of the turbulent big island which can't call its shores its own.

The *Spec.* wants the French shore difficulty settled first in any case. That might not be a bad idea, for it is always well to get bothersome things done and out of the way; but its non-settlement can never be permitted to cool Canada's welcome when Newfoundland knocks.

GAMBLING DEVICES.

Various Schemes at Sohmer to Induce People to Tempt Fortune.

Although the pony wheel and the red, white and blue wheel have disappeared from Sohmer Park, there are several other games left. There is the round wire cage with the numbered balls inside. One ball falls out at a time, and the holder of the paddle with the lucky number wins a prize which consists of a cup and saucer, a plate or a vase. The man in charge, however, informs the winner that if he does not like the prize he will put it back. Next to this is the fish pond which, however, does not seem to meet with favor in the eyes of those with money to lose. First across the walk is a numbered wheel, the prizes of which consist of cheap vases, etc. These, however, are never taken, the proprietor always gives 40 cents to the winner. Next comes a card game; a large board is erected behind an enclosure on which are numbered squares. Some have prizes placed upon them, others are blank. Upon paying 10c to the man in charge eight cards are dealt out. Each one bears a number and the numbers on the eight ends are added up, and if the total represents the number of a prize, the prize is given or its equivalent in money. The prizes are valued at from 25c to $10. All these games have been running for some time at the Park and seem fixtures. They were in full blast yesterday at the Street Railway employes' festival.

The Sir John A. Macdonald Club.

A meeting of the Sir John Macdonald Club was held yesterday afternoon. There was a full attendance of the Executive Committee. The revision of the voters' list was under discussion and the meeting adjourned at six o'clock to meet again in the near future.

PERSONALS.

Mr. J. J. Goulet has returned from a trip to Europe.

Mr. Charles J. Pusey, Brockville, is at the Windsor.

Mr. Warden King has returned from a short trip to England.

Mrs. J. M. Warren has returned to town from Willard, Maine.

Mr. C. B. Esdaile has returned to town from a visit to Cacouna.

Dr. T. Johnson-Alloway, of Mackay street, has returned to town.

Mr. T. J. Quinlan has returned to town from Old Orchard Beach.

Mr. F. W. Moore, Cape Town, South Africa, is at the St Lawrence Hall.

Mr. J. Moneypenny and Mrs. Moneypenny, Toronto, are at the Windsor.

Mr. Duncan S. McIntyre and family have just returned from Old Orchard.

Mr. W. Wright has returned to town from a month's holiday at Portland.

Mr. David Deane and family have returned to town from Georgeville, Que.

Rev. Lennox Williams has returned from England, after six weeks' absence.

Lord Bishop Dunn, of Quebec Diocese, will leave for Europe on September 15.

Mr. C. Salsbury has returned to town from a month's holiday at Willard, Maine.

Mr. C. K. Domville, Hamilton, Ont., left for England last week by the Vancouver.

Dr. Tait Robertson was among the departures for England last week by the Numidian.

Their Excellencies the Governor-General and Lady Aberdeen have arrived at Halifax.

Dr. James Stewart has returned to town from his summer holiday, spent on the continent.

Mrs. D. J. Finlayson and family have returned to town from a holiday visit to Grand Metis.

Miss Masterman, who has been spending a month on the Maine coast, has returned to town.

Mrs. R. Taylor and family have returned to town from Bic, where they have spent the summer.

Dr. Stirling, who has been enjoying a few weeks' holiday in Europe, has returned from his trip.

Mrs. F. A. Busslere and family have returned to the city, after spending nine weeks at Cacouna.

Mrs. Thomas Todd and family, who have spent some weeks at Port Kent, N. Y., have returned to town.

Miss Delisle, who has been spending the summer in England, has returned to Montreal by the Parisian.

Mr. Walter Paul and Mrs. Paul have returned to town from their brief summer holiday spent in England.

The Misses Bethune are the guests of their aunt, Miss Phillips, at Quebec, on their return from Tadoussac.

Mrs. W. A. Hastings and family, who have been on a visit to North Hatley, Que., have returned to town.

Mrs. John Kingan and family have returned to town from Cacouna, where they have enjoyed a month's holiday.

Mr. Auguste Galarneau has left town on a visit to Mrs. McCallum at her country residence near Lake Champlain.

Rev. Canon Chance and Mrs. Chance, Paisley, Scotland, are among the recent arrivals at the St. Lawrence Hall.

Mrs. A. C. Barber and family have returned to town from a month's holiday spent at South Framingham, Mass.

Mr. W. B. Prower, Mrs. Prower and family were among the numerous departures for England by the Vancouver.

Mr. A. Dansereau, postmaster of Montreal, has been spending a few days with his family at the Point, Riviere du Loup.

Rev. Father Desnoyers, who has been enjoying a few weeks' holiday at Old Orchard Beach, has returned to town.

Professor Bamford, McGill University, has returned to town from a visit to his relatives in England during the vacation.

Rev. Meldola De Sola and family, who have been enjoying the summer season at Old Orchard Beach, have returned to town.

Sir William C. Van Horne left Tuesday evening by the 6.10 train from Bonaventure. He has gone on special railway business.

Mrs. C. R. Hosmer and family, who have been spending some weeks at the Algonquin at St. Andrews, N.B., have returned to town.

Mr. M. T. Donovan, general freight agent of the Boston & Maine Railroad, Boston, Mass., is in town on business connected with the road.

Rev. Canon Ellegood was among last week's visitors from Montreal at the Algonquin, St. Andrews, N. B.; also Dr. James Bell and Mrs. Bell.

Mrs. L. S. Black and Miss Black have been among the recent arrivals in town on their return from Metis, where they have spent the summer.

Mr. Dunbar Taylor has been among the recent arrivals from England on his return from a visit to his family, who are on a prolonged visit to England.

Mrs. R. A. E. Greenshields and family have arrived at "Isaleigh Grange," Danville, on their return from the seaside, having spent a month at Rockland, Me.

Mrs. James Ferrier and the Misses Ferrier have been among the many arrivals from the seaside this week, having returned from Murray Bay and Cacouna.

Captain Bourassa, deputy harbor master, was presented with an address and suitable gift by the residents of Laprairie, on the occasion of his removing to Montreal.

Miss Charlotte Denneberg, of Rochester, N.Y., accompanied by her sister, is in town, on a visit to Mr. J. Bailly and family, at their residence, 303 St. Lawrence street.

Mrs. Charles Bouthillier and family have returned to their delightful country residence "Le Bleury," Ste. Rose, from the seaside, having spent six weeks at Rock Ferry, Maine.

Mr. Joseph, Mrs. Joseph and Miss Joseph, Dorchester House, Dorchester street, were among the numerous arrivals from England by the Parisian, on their return from their usual continental holiday. Mr. Horace Joseph and family, who accompanied them abroad, have also returned to town.

The marriage took place at Christ Church, in Moncton, N. B., last evening of William Hamilton Burns, accountant at the Bank of Nova Scotia agency at Montreal, to Miss Margaret O. McKean, daughter of the late Samuel McKean, bridge inspector of the I. C. R. The ceremony was performed by Rev. J. Miller Robinson, M.A.

GRAND TRUNK PROS AND CONS.

HALF YEARLY REPORT COMMENTED UPON.

The Road Said to be in a Better Position Than American Rivals and no Danger of a Receiver.

The last half-yearly statement of the Grand Trunk Railway time is generally commented upon by the financial and railway journals of London, now at hand. As may be expected, some of the journals are most bitter in their attacks, while others treat the document in an apparently fair spirit. The *Financial Times* leads in the attack, saying, among other things:

"A year ago, when the half-year's shortage on fixed charges was £11,100, the directors in their wisdom paid a dividend at the rate of two per cent. per annum, thus increasing the total deficit on the six months to £63,297. This payment of a dividend out of a loss was a masterpiece, even in Grand Trunk finance, for the resources of Dashwood House civilization were inadequate for the repetition of this novel expedient when the loss worked out at about ten times what it was on the previous occasion. In the second half of 1893 the deficit of the previous six months was made up, and the published figures showed a divisible balance of £84,978, which allowed of a dividend on the Guaranteed stock at the rate of 3½ per cent. per annum, making 2¾ per cent. for the whole year. The Directors do not propose to pay any dividend on the Guaranteed for the first half of 1894, and it is exceedingly improbable that they will be able to pay any for the second half. The question is, will it be possible to show net earnings

SUFFICIENT TO MEET THE FIXED CHARGES?

Even that appears very doubtful indeed. On the generous assumption that out of this there is saved the 72 per cent., which is the normal rate of Grand Trunk working expenses, we arrive at a net loss to date of over £37,000. In other words, the margin securing the fixed charges appears to be already absorbed, and the Company has still before it a considerable period of comparison with Exhibition traffics.

The *Financial News* remarks: "Even when every allowance is made for depressed agriculture, low prices and stationary crops, for snowstorms, floods and the familiar chapter of Grand Trunk casualties, we do not hesitate to say that a surplus profit of £200 to represent the six months' interest on over £11,000,000 of capital is

NOTHING SHORT OF A COLOSSAL SCANDAL.

Whether the miserable return is due to bad management in the present or ruinous outlay on unremunerative feeders in the past, or to both combined, there is no getting away from its disastrous and discreditable character. It is with no wish to discourage shareholders or depreciate still further their ragged and well-nigh hopeless securities that we write in this strain. The state of things demands it, and they must recognize it as well as we do. No amount of temporary trade depression could have wrought such havoc unless there had been frightful errors of policy at some time or other.

The Railway *Times* remarks: "It was a foregone conclusion that the Grand Trunk working statement would make a poor showing, but the actual result is a good deal less unfavorable than market critics had anticipated. In the "lean" half-year the company is £100,000 short of its fixed charges, but normally the December half is good for £200,000 over and above fixed charges, and thus in the current half-year the Company has £100,000 "to play with." As the comparison will be with the best period of the Chicago Exhibition, it is not improbable that net earnings may fall off to the extent of £150,000, but at worst this will only mean a deficit for the whole year of 50,000 lbs., and Trunk credit is sufficiently good even in these bad times to obtain from the Company's bankers sufficient cash to pay fixed charges in full. The possibility of default on any of the prior obligations may, therefore, we think, be dismissed as

OUT OF THE QUESTION."

Herapath's Railway Journal remarks: "The Grand Trunk statement is disastrous enough in all reason, but not worse than the results from similar properties in the United States, or than we should reasonably anticipate from the extraordinary conjunction of unfavorable circumstances. The net revenue charges for the half-year were met, as Sir Henry Tyler promised at the last half-yearly meeting, but that it has been a tight fit is obvious from the fact that only a balance of £206 is left over, and there has been a reduction of £5856 in the amount of the charges. However, there is no default in the debenture interest, and, so far, the situation is better than in 1893. The steadiness of the stocks, even after the rise of the previous Saturday, shows that the worst had been discounted, and is evidence of the belief that the corner has been turned. The gross receipts show the tremendous falling off of 194,200l., and it is creditable to all concerned that it was found possible to save 144,369l. in expenses. Let us hope a little of the economy will stick

WHEN BETTER TIMES COME ROUND.

The *Railway News* observes: "The result of the half-year's working of the Grand Trunk Railway, received by cable, is better than had been looked for in some quarters, where it had been calculated that the net revenue would not have been sufficient to cover first charges. The Chicago section of the undertaking has had to bear a proportionately larger portion of the cost and loss arising out of the serious railway strikes and suspension of traffic on American railways during the last half year. A large portion of this loss may yet be recouped, however, before the year closes. The rapidity with which American railway companies recuperate is illustrated by the fact that while last week the Chicago and Milwaukee showed a decrease of $86,900, the returns for the week just issued give an increase of $5000.

A Golden Wedding.

Mr. and Mrs. Narcisse Breault, two of the pioneers of L'Acadie, celebrated their golden wedding on Tuesday in the parish church, where for forty years Mr. Breault has been choirmaster. The church was tastefully decorated, and mass was said by Rev. Father Breault, son of the venerable couple, who was assisted by Revs. Messrs. Gaudet and Collier. There are nine children living and forty-six grandchildren. Two sons are priests, and three daughters members of religious orders, one of the latter being superioress of the Hotel Dieu.

Did Not Want His Baggage Examined.

There was a little excitement this morning at the G. T. R. terminus over the examination of some baggage by the Customs officers. A gentleman resented any suspicion of his word, but eventually submitted to the inevitable. It turned out there was nothing dutiable found. He made the *amende honorable* and the incident then ended. The Customs officers say that, as a rule, they have very little trouble except now and again with some lady who dislikes to have her millinery rudely handled.

A HANDSOME BUILDING.

Description of the New East End Catholic School.

In their new school on the corner of St. Hubert and Mignonne streets, the Roman Catholic Board of Commissioners have one of the finest of its kind in the province. It is a substantial looking structure and is an ornament to that part of the city. The main entrance is on Mignonne street. To your left as one enters, is the principal's offices which are large and airy appartments. At the end of the hall is the assistant superintendent's office and on this floor there are eight large airy class rooms, fitted out with the most modern school furniture and heated by steam. The building throughout will be lighted by gas and electricity. The second flat is laid out in the same manner as the first, the teachers' meeting room taking the place of the offices as on the ground floor. A large assembly hall takes up the entire third flat, and is fitted up with a stage 70 x 25 feet. The hall will seat from one thousand to 1200 people. The school will afford accommodation for 800 pupils. A large playground is being fitted up in the rear of the building and in bad weather the basement will be utilized as a recreation room.

The total cost of the school was $70,000. The architect of the school was Mr. Joseph Haynes, and the other contractors were: Cote and M. Benard, woodwork; Canadian Bridge and Iron Co., the ironwork; E. Morache, plastering; Lessard & Harris, roofing and plumbing; Blouin & Desforges, heating apparatus; S. Parizeau, school furniture.

The following will compose the teaching staff: A. D. Lacroix, principal; Messrs. Leblond de Brumath, Hogan, Maguire, Gagnier, Teasdale, Corcoran, Rondeau, Paguet, Barthélemy, Tremblay, Ducharme, Jasmin, Primeau.

Charged With Vagrancy.

A woman named Jessie Shaw appeared before the Deputy Recorder yesterday in answer to a charge of having no visible means of support. It was alleged that she was living with one James J. Kerrigan. Mrs. Kerrigan testified that her husband had deserted her in Chicago for this woman, leaving her with three children with no means of support. The couple had journeyed to Detroit and thence to Montreal. The accused testified that Kerrigan had never given her money, but she had received $25 from her father, on which she had supported herself while in this city, during which time Kerrigan had never earned anything. Mr. Bourgeoin reserved judgment.

Canon Guyon's Successor.

Rev. Calixte Ouimet, formerly curé of Ste. Julienne and Vercheres, has been appointed curé of St. Eustache to replace the late Rev. Canon Guyon.

Here's the Peddler with washing-powder. "Prizes," too, for any woman brave enough to use it. Reckless—that's a truer word for her, when you think of all the harm that cheap, inferior washing-powders can do. When you consider the ruined clothes, paint, etc., that you're risking, wouldn't it seem cheaper to buy these trifling "prizes," for yourself, if you want them? **Pearline** isn't peddled, doesn't give any prizes. It is a prize in itself. Pearline is manufactured only by James Pyle, New York. 430

AN AVENUE OF ESCAPE.

Pointed Paragraphs for Busy Men and Women who are Overworked.

"For pity's sake, stop, and give your overwrought nerves a rest." This advice was given to one who by overwork had been brought to the verge of prostration. There are thousands of toilers who in this sultry weather find themselves just in that condition.

They cannot take the advice given above. They must work. Business presses upon them and will not let them rest. And yet, if they go on, the inevitable result is premature breakdown of even the strongest physical system. What persons in this condition should do is to relax their labors as much as they can and at the same time take a thorough course of Hawker's nerve and stomach tonic, the greatest of all nerve invigorators and flesh and blood builders. Hawker's nerve and stomach tonic restores nervous energy, forms new and healthy blood, renews wasted tissues, gives muscular vigor, aids digestion, sharpens the appetite, and promotes refreshing sleep. It is a certain cure for all diseases arising from nerve exhaustion, weakened or impaired digestion, worry, overwork or excesses of any nature. It gives tone to the nerves and stomach, vigor to the mind and body and strength to the blood, restoring the bloom of health to the pale and delicate. All druggists sell it; fifty cents a bottle, six bottles for $2.50. Manufactured only by the Hawker Medicine Co'y, Lt'd, St. John, N. B. 204 1

Carbuncles Large as Hen's Eggs!

MRS. NANNIE GOTLEMAN, of *Healahville, King William Co., Va.*, writes as follows: "For about eight or ten years my father, Col. T. U. Fogg, of *West Point, Va.*, was laid up with carbuncles, the worst that I ever saw. He tried everything he heard of, his doctor could do nothing for him. Had six or seven carbuncles at a time, as large as hen's eggs. He got so weak and suffered so much he could not walk a step. In 1892 he had his bed put in the middle of his room and got on it to die. No one expected him to get well. He saw Dr. Pierce's Golden Medical Discovery advised for all blood disorders. Before he had taken half a bottle of 'Discovery' they began to go away. Two bottles entirely cured him. He is now 78 years old, and enjoys good health."

COL. T. U. FOGG.

INTERNATIONAL CRICKET.

QUEBEC TO PLAY MONTREAL NEXT MONTH.

Proposed Match Races Fall Through—The Beavers Go to Ottawa—Carrier Pigeons Missing—Other Sports.

It appears that the regular date for the Quebec-Montreal intermediate match in this city is October 13. An effort is being made to have the match come off in the middle of September, but it is not by any means definitely decided.

Beavers vs. Emmets.

The Beavers (champions of the Junior League) have shown their superiority over all the junior clubs, by defeating them for the last three years and capturing the title without any effort, the only team to defeat them being the White Stars, which they did by the close margin of 3 to 2, so that the champions do not intend to let a third class team like the Emmets dictate to them, as they were defeated this year already by 3 straight games with the same team as they have to-day. The Beavers want the public to understand that they are afraid of no junior team, but they will have to keep their engagement with the Stars of Ottawa, thus making it impossible for them to send their team to play the Emmets. They are taking their strongest team to Ottawa with the determination to win and do something no other team ever did, viz., defeat the Stars on their own citadel. Seeing that the Emmets want to take this opportunity while the Beavers are away, to win a game, they are quite welcome to it, as the Beavers are sending over a scratch team to play them, to save defaulting.

For the Senior Championship.

Next Saturday will see the Montrealers and the Torontos cross sticks at Rosedale. The home team have been practising every evening for some time and will have their final practice this evening. A good team will be sent up, and they are feeling pretty confident. The Toronto team have also been hard at work. The defence has been strengthened by the addition of Douglas and Breamwell, late of the Tecumseths; they are steady, reliable players. The rest of the team have got down to condition, and when Montreal meets the Queen City aggregation they will have to play the best lacrosse they ever played if they expect to win.

For the Intermediate Championship.

The Crescents are out every evening practising hard for Saturday's match with the Montreal Juniors. The Montrealers are also at work preparing for their game. As the match will be played on the Driving Park, Point St. Charles, enthusiasts will have an opportunity of witnessing a double event, as the Emmets and Beavers are also scheduled to play there.

BASEBALL.

National League.

Following are the results of yesterday's games of the National League at the cities mentioned:

	R.	H.	E.
At Boston—			
St. Louis	2	11	0
Boston	14	16	2
Batteries—Clarkson, Miller and Twineham; Stivetts and Ryan. Umpire, McQuaid.			
At Brooklyn—			
Pittsburg	7	11	3
Brooklyn	11	11	3
Batteries—Ehret and Sugden; Steinand Bailey. Umpire, Keefe.			
At New York—			
Cleveland	4	3	2
New York	6	12	8
Batteries—Cuppy and O'Connor; Meekin and Farrell. Umpire, Hurst.			
At Philadelphia—			
Philadelphia	6	11	3
Chicago	13	16	3
Batteries—Weyhing, Carsey and Grady; Griffith and Schriver. Umpire, Lynch.			
At Baltimore—			
Louisville	6	12	3
Baltimore	8	10	1
Batteries—Wadsworth and Zahner; Hawke and Robinson. Umpire, Betts.			
At Washington—			
Washington	9	12	5
Cincinnati	5	7	4
Batteries—Mercer and McGuire; Fournier and Merritt. Umpire, Emslie.			

How the Clubs Stand.

	Won.	Lost.	Percentage.
Boston	49	36	.657
Baltimore	67	36	.650
New York	61	36	.641
Philadelphia	57	45	.559
Brooklyn	55	48	.533
Cleveland	54	48	.529
Pittsburg	51	53	.490
Chicago	48	58	.452
Cincinnati	46	59	.435
St. Louis	43	63	.405
Washington	36	69	.342
Louisville	32	73	.304

Saturday's Telling Game.

The Farnhams are scheduled for next Saturday with the Granites on the Shamrock grounds for 3 o'clock sharp, which is the last time this season that the railroaders visit here. This alone is not the cause of the great interest taken in the coming game; but from the fact that the Granites have lost twice in Farnham, and winning the one played on their home grounds making this the final between these two teams in the schedule of the Canadian League. The games played caused a great deal of excitement, and were splendid exhibitions of the scientific sport, and this telling event is sure of drawing out the same crowd together with numbers who have not yet seen these two clubs meet.

LAWN TENNIS.

The International Tournament.

NIAGARA, August 30. Play in the tennis tournament was resumed yesterday morning. The chief matches were Malcolm Chase against A. M. Pope, of Yale, and E. Foote, of Yale, against Gordon Mackenzie, of Toronto. Chase won his tie easily, 6–0, 6–1. Mackenzie gave Foote a hard game in the first set, 6–3, but was beaten in the second by the double champion, 6–1.

In the novice matches, P. A. Manning, of Toronto, beat C. H. Hyde, New York, 6–1, 6–4; B. Whitbeck, Rochester, beat H. W. McIlvee, St. Catharines, Ont., 2–6, 6–2, 6–4; W. McMaster, of Toronto, beat W. R. Fergus, of Montreal, 6–3, 6–2; R. D. Wrenn, the American champion, F. Wrenn and H. E. Avery, arrived from New York during the afternoon.

To-day's play leaves Malcolm Chase, A. E. Foote, R. P. Matthews, Canadian champions; H. E. Avery, Detroit, and E. S. Griffin, Toronto, in the second. The best game of the day was between Foote, of Yale, and Gordon McKenzie, Toronto, Foote winning 6–3, 6–4. Chase beat A. M. Pope, Yale, somewhat easily 6–0, 6–1. Meadows, Buffalo, after winning from L. Angel, Rochester, by default, was beaten by Griffin, 6–3, 6–3. Meldrum, Toronto, beat Miller, who retired and then was beaten by Matthews, 6–2, 6–1. Anderson, Toronto, kept Avery busy, but lost by the score 6–3, 6–4.

Ladies' singles created great interest. Miss Newman, last champion, Detroit, beat Mrs. Hinsdill, Toronto, 6–1, 6–3; Mrs. Whitehead, Brantford, beat Mrs. S. Thompson, Buffalo, 6–2, 6–3.

Novice singles for the Wilkes Cup were well advanced, and Whitbeck Brothers, Rochester, are in the semi-finals with Chisholm and McMaster, Toronto.

To-day R. D. Wrenn, the United States champion, and E. Wrenn, will play in the doubles with Chase and Foote, Wilson and Meadows, Buffalo; Matthews and Avery. The all-comers semi-finals and ladies finals will also be played.

AQUATICS.

They Still Talk Yacht Races.

LONDON, August 30.—The *Times* says this morning: "British yachtsmen may well be content to let the question of the supremacy in 1894 rest on the record. Britannia won twelve races against Vigilant's five. Still, we shall be disappointed if the Cape May trophy be regained by America. The British yachtsmen must not fail to thank Mr. Gould for the sportsmanlike visit that has given such a spurt to yachting. It is not to be believed for a moment that he concurs in the complaints of some New York papers of British fair-play."

Grand Trunk Boating Club.

A dance will be held in connection with the above club in the boat house on Friday evening next, at eight o'clock.

FOOTBALL.

Kicks.

The Druids are out every evening practising hard for Saturday's match with the Mohawks. The team will be picked this evening.

The Mohawks will turn out for practice this evening. After practice the team for Saturday's match with the Druids will be chosen.

CRICKET.

They Will Have a Concert.

The Invicta Cricket Club held a meeting in the Hope Coffee House last evening. After the routine business had been finished, it was decided to hold a concert when the cricketing season was over.

Dates for the International Match.

[SPECIAL TO THE STAR.]

TORONTO, August 30.—The Cricketers Association of the United States have agreed to play the International match on September 17, 18 and 19. The match will be played on the grounds of the Philadelphia Club at Wissahickon. The eleven elected by the United States will differ somewhat from the original one, but an eleven will be put in the field quite strong enough to make the match an interesting one.

THE TURF.

Yesterday's Results at Sheepshead Bay.

SHEEPSHEAD Bay, N. Y., August 30.—Following are the summaries of yesterday's races:

First race, ⅞ mile—Harry Reed, 95 [J. Perkins], 1 to 5, 1; May Day filly, 94 [A. Clayton], 8 to 1, 2; Houndelay, 94 [Richardson], 30 to 1, 3. Time, 1.03 2-5. Cockade, Rosette, King Cold and Doric also ran.

Second race, ⅞ mile—Tinge, 100 [R. Doggett], 5 to 1, 1; Golden Rod, 97 [Griffin], even, 2; Maretta, 100 [Clayton], 15 to 1, 3. Time, 1.01. Franklin, Paladin, Oily Gamen, Pontler, Flush, Export and Belgravia also ran.

Third race, 1¼ mile—Don Alonzo, 122 [Simms], 1 to 2, and Strathmeath, 101 [Reiff], 15 to 1, ran a dead heat. Red Skin, 92 [R. Doggett], 9 to 5, 3. Time, 1.58. Purse divided. Only three starters.

Fourth race, the Belles stakes, Futurity course, about ⅞ mile—Irish Reel 109 [Griffin] 3 to 1, 1; Gutta Percha 115 [Littlefield] 9 to 1, 2; Sadie 100 [A. Clayton] 7 to 1, 3. Time, 1. Modereco and Hermanita also ran.

Fifth race, the Flight stakes, ⅞ mile—Clifford, 127 [Griffin], 9 to 20, 1; Lady Violet, 117 [A. Clayton], 5 to 2, 2; Lustre, 97 [Perkins], 15 to 1, 3. Time, 1.25 2-5. Only three starters.

Sixth race, mile—St. Michael, 114 [Taral], 8 to 5, 1; Arab, 96 [Griffin], 6 to 5, 2; Speculation, 103 [Penn], 20 to 1, 3. Time, 1.40 3-5. Our Maggie, Watterson, Best Brand and Zoulika also ran.

Seventh race, the Turf handicap, 1⅛ mile on turf—Blume, 112 [Reiff], 8 to 1, 1; Gloaming, 122 [Simms], 7 to 10, 2; Live Oak, 107 [Griffin], 3 to 1, 3. Time, 2.07 1-5. Coquette and Jordan also ran.

At Charter Oak Park.

HARTFORD, Conn., August 30.—Yesterday was the best so far of the Charter Oak park meeting. Ralph Wilkes won the Charter Oak stake race for 2.18 trotters and lowered his own record a couple of seconds, making the fastest mile ever trotted for this stake. The two races for the Breeders' stakes were wholly lacking in interest. Summaries:

2.18 class, trotting; Charter Oaks stakes, $5000—				
Ralph Wilkes	1	1	1	
Mahogany	2	2	2	
Sally Simmons	6	3	4	
Gretchen	3	4	7	
Aunt Delilah	9	5	3	
Strontia	4	6	9	
Ah There	5	7	5	
Gathering Leburn	7	9	6	
Miss McGregor	8	8	8	

Time—2.12¼, 2.12¾, 2.10¾.

2.18 class, pacing; purse, $1000—				
Judge Sterling	3	8	1	1
Highland L	2	1	4	4
Berkshire Courier	1	2	6	7
Amelia	4	3	2	2
Rockaway	7	5	3	3
Bopeep	5	4	3	6
Go Taylor	6	6	7	5 dr
Abeto	8	7	dr	

Time—2.14¼, 2.14¼, 2.15¼, 2.18, 2.18.

2.20 class, trotting; Breeders' stakes, No. 7. $335—			
Amboy	1	1	1
Hortense	2	2	2

Time—2.20, 2.16¼, 2.17.

2.25 class, trotting; Breeders' stakes, No. 6 $340—			
Katie R	1	1	1
Lavight	2	2	2

Time—2.33, 2.33¼, 2.34¼.

Yesterday at Independence.

INDEPENDENCE, Ia., August 30.—Two of Tuesday's unfinished races and three new ones made up a good card for yesterday. The track was fast, but the horses fought a north wind on the home stretch. The 2.45 trot was won by Vyzant and the 2.45 pace went to Badge. Onoqua and Princess Eulalie had practically no opposition in their races. Vera Capel won two heats in the 2.30 pace in 2.11 and 2.11¼, the third heat going to Silver Dick. The race was postponed on account of darkness.

A Match Race Not Likely.

CHICAGO, August 30.—The proposed match race between Directum and Alix is not likely to materialize. The owners of the horses will not come to any agreement, each one claiming to have dates arranged which the match would interfere with. An offer has been received from George Hankins, of the Harlem track, offering to put up $10,000 for the race if the owners would add $3,000 each. This offer has not been accepted.

It Was All Talk.

NEW YORK, August 30.—The talk of a match between The Butterflies and Brandywine, the first and second horses in the Futurity, will probably end in talk. Mr. Gideon has nothing to win and everything to lose by such a match under Futurity conditions, and has never entertained the proposition seriously.

Quilon Wins the Grand Ebor.

LONDON, August 30.—At York, yesterday, the Grand Ebor handicap plate of a thousand sovereigns, for three-year-olds and upwards, was won by Mr. Le Baudy's Quilon; Sir R. W. Griffith's Sweet Duchess, 2; Lord Penrhyn's Theseus, 3.

THE WHEEL.

The Wanderers Will go to St. Johns.

On Saturday the Wanderers Bicycle Club will have a ride to St. Johns via Chambly, starting from the club rooms at two o'clock sharp. The wheelmen will have supper at St. Johns, and will return in time to catch the eleven o'clock boat from Longueuil. The roads are in good condition and a large turn-out is expected.

Spokes.

The Montreal Bicycle Club will have a city ride this evening. Entries for the club's road race close to-night.

MISCELLANEOUS.

Carrier Pigeons Missing.

[SPECIAL TO THE STAR.]

TORONTO, August 30.—C. Kinsie and W. G. Giles entered their well-known pigeons, Tim, Tim and Dusty Jim, to fly from Montreal to Toronto for a public performance certificate, under the rules of the Ontario Branch D. M. P. A. The birds were liberated by Prof. Wesley Mills at Montreal, last Monday morning, at 6.20 o'clock, under fairly favorable circumstances. Neither, however, has yet been reported at home. Both birds have been doing good work during the season, but this flight has undoubtedly overtaxed their abilities.

Late Sporting News Condensed.

Montreal sportsmen of the older generation have not yet done relating the exploits of David Wing, of St. Luc, who passed away early in May last. Mr. Wing was well versed in woodcraft, and maintained his reputation as a crack shot until the last. Near his farm house was located the old Lacadie Barracks. Wing enjoyed great popularity with the Imperial officers, and many were the day's woodcock shooting he provided for them.

Mr. Richard J. Griffin, of this city, made a phenomenal sporting hit lately during his holiday at Ste. Rose. A fat dory took his hook and after good play was landed and turned the scale at 16½ pounds. The landing of the prize was something difficult. There being no gaff or landing net in the boat, the angler had to wade through the water to the shore and it required great skill to get the fish fairly out of the water. The fish is to be stuffed and kept as a fine specimen.

REAL ESTATE NEWS.

Michael Guerin has sold to Louis Barré lot 1165 St. Anne Ward, front (S.) on Notre Dame street, 18 feet by 83, for $6000.

Adolphe Riel has sold to the town of St. Henri lot 1778, Parish of Montreal, 65 feet front on St. James street, for $2623.87.

Desire Turcot has sold to the city of St. Henri southeast part lot 1636, parish of Montreal, 23 feet front on St. James, area 168 feet, for $1675, including indemnity.

The widow and children of the late Thomas Joseph Dean Bourke have sold to David William Dean the property situated in Cote des Neiges, known as "Uplands," for $12,500.

Chas. M. Barrier has sold to Jos. Villeneuve the S. E. halves of lot 1121 and 1122, parish of Montreal, front on Avenue du Parc (Willie Street), St. Henri, 40 feet by 84½ for $1900.

F. Trichaud has sold to the town of St. Henri, part lot 1757, parish of Montreal, front on St. James, 762 feet front, area 1312 feet, corner St. Marguerite street, for $800, including indemnity for demolition of house for widening street.

Wm. R. Davidson has sold to the city of St. Henri, lot 3692, parish of Montreal, situated in Cote St. Paul, 100 feet front by 1255 to 1295 feet deep, total area 125,600 feet, fronting on the canal and partly on the River St. Pierre, for $12,560, or 10 cents per foot.

Mrs. Edmund Eaves has sold to John Baird, London, lot 384-20, Parish of Montreal, front, N. W., on Dorchester street, Cote St. Antoine, 27 feet by about 115, with cut stone front house, for $8000; also usufruct during life of vendor, of lot 384-19, Parish of Montreal, front, N.W., on Dorchester street, 27 feet by about 115, with cut stone front house, for $2000, being $10,000 in all.

BUSINESS NOTES.

Partnership has been registered by Felix Blanard Sabourin Laporte, butchers (Laporte & Blanard); Chas. Thomson Christie, manufacturer, etc., alone (C. T. Christie & Co.); Wm. H. Gebhardt, manufacturers' agent, etc. (George J. Gebhardt).

In the case of Chas. Thackray, insolvent, J. T. McCall, curator, and J. J. Westgate, petitioner, Mr. Justice de Lorimier has granted an order that the curator proceed without delay to liquidation. Thackray had assigned in 1892.

GUILLOTINED.

Abbe Bruneau Pays the Dread Penalty for His Crimes.

PARIS, August 30.—A despatch from Laval says that the crowd which gathered for several nights in front of the prison in expectation of Abbé Bruneau's execution, were informed that the death penalty had been carried out yesterday at an early hour. Bruneau was guillotined at day-break. His crime was the murder of Abbé Fricot, in Entrammes last January, which, however, he denied having committed in a confession left behind.

The trial of the Abbe Bruneau, which occupied the Mayenne Assizes for four days, ended on July 13 in a verdict of guilty on the principal charges. Of the many crimes committed, or alleged to have been committed by this terrible ecclesiastic, only three were named in the indictment—the murder of Mme. Bourdais, a flower seller at Laval, who was found dead with the marks of nearly forty stabs on her; the setting on fire of the presbytery at Astille, in order to conceal a theft and obtain insurance money, and last, but not least, the murder of the venerable Abbé Fricot, curé of Entrammes, whose vicaire the prisoner was at the time. The evidence given in the trial proved clearly that the Abbé Bruneau was given to the wildest debauchery, and that he had had recourse to fraud and theft, if not murder, to obtain money for the gratification of his vices. As regards the actual murders, however, the testimony was of a very circumstantial character, a fact which was made the most of by the counsel for the defence. The result was that the jury acquitted the prisoner on the first charge of murder and on the charges of arson, but found him guilty of the murder of the Abbé Fricot, and he was accordingly sentenced to death, amid the applause of the court, in which the prisoner was the only man who showed no signs of emotion. The son of poor parents, who made great efforts in order to bring him up to become a priest, the abbé was dismissed from the educational seminary before he was ordained. The supplications of his parents and his own promises to reform resulted in his being taken back again, and he eventually became a priest in due form.

He was appointed vicar at Astille in 1886. Here, by professing the most extreme piety, he became the recipient of large sums of money, which charitable old ladies desired him to transmit to the poor. This money was spent in the wildest orgies. It appears he also robbed the curé and twice attempted to set fire to the building, with a view of getting the insurance money. Sent to Entrammes, there also, by his loud professions of piety he obtained the confidence of well-to-do and charitably disposed dames, whose money he spent in riotous company at Laval. But after a time his funds became too small to meet the requirements of such a life as he led in civil dress at Laval. About this time the cure under whose orders Abbé Bruneau had been placed lost about six hundred francs, the extent of his savings. When questioned by the gendarmes he said he knew who the thief was, but that he would not denounce him. He would tell the thief what he thought about him some day. A few days afterward the curé disappeared under very mysterious conditions, and was not seen again till his body was discovered in the well in his garden. He had been first stunned by a blow from some heavy instrument and then thrown into the well, and the murderer, finding that his victim was still alive, and hurled down heavy blocks of wood upon him until all was over.

Thieves Shot Down Citizens.

LIMA, Ohio, August 30—A battle took place at Ohio city late Tuesday night. Thomas Risser, the night watchman, discovered thieves breaking into Charles Cock's store. He tackled the robbers and was shot twice. The thieves than made an effort to escape, but were followed by the citizens. There was a lively exchange of shots on both sides. Several were wounded. Joseph Lehman, a leading business man was fatally, and Attorney Frank Lewis badly shot. The citizens were finally forced to retire, when the thieves embraced the opportunity to escape

Satolli to Go to Rome.

NEW YORK, August 30.—A special to the *Herald* from Rome says: The Pope is entirely satisfied with Mgr. Satolli's mission in the United States. His Holiness considers ecclesiastical affairs in the United States almost settled. Mgr. Satolli will return to Rome before the new year. Then the Vatican will publish the result of his mission.

To be free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver and free the stomach from bile.

As drops of bitter medicine, though minute, may have a salutary force, so words, though few and painful, uttered seasonably, may rouse the prostrate energies of those who meet misfortune with despondency.

Ayer's Sarsaparilla is justly considered the only sure specific for blood disorders.

LACHINE CANAL TO BE DEEPENED.

TENDERS BEING ASKED FOR THIS IMPORTANT WORK.

It is Expected to Last Over Two Years and to Cost About Two Hundred and Fifty Thousand Dollars.

Tenders have been called for by the Dominion Government to deepen the Lachine Canal, from St. Gabriel Locks to the locks at Lachine. The proposed improvement, which will give work to at least one thousand workingmen during the coming winter, will consist of making the canal a uniform depth of fifteen feet of water. The deepening will comprise the full width of the present bottom of the canal, except such areas as have already been excavated to the required depth of fifteen feet. The choice of appliances for executing the work is left to the contractor, but it must not interfere with navigation, and not endanger the safety or permanence of the walls or banks of the canal or any of the structures in connection therewith. The excavated material is to be deposited on such vacant ground belonging to the Government as may be directed by the superintending engineer, or on such adjoining Crown property as he may direct. The tow paths, roadways and ditches

MUST BE KEPT CLEAN

and free of such material, and sufficient distance left between these and the edge of the spoil banks, so that there will be no risk of the material running into and obstructing roads or ditches. The contractor will be held responsible for any damages that may result from his acts or neglect, or of those of his foremen or employes. He will at all times be subject to the rules and regulations concerning the use of the canal, such as freedom of traffic, lights to be kept on vessels or dredging plant, way of moving his plant, etc. For the fulfilment of this important contract, which is expected to cost at least $250,000, security will be required by deposit of money to the amount of five per cent of the bulk sum of the contract. The Government will only pay ninety per cent of the progress estimate until the completion of the work, which will not likely be finished before the 31st of October 1896. It is understood, that the work will be executed under the supervision of Mr. Collingwood Schreiber as chief engineer, and Mr. Ernest Marceau, acting superintending engineer.

European Cattle Trade.

"The cattle trade between here and Europe continues to be fairly active, although prices are dull. We used to get sixty shillings per head and now we get only about forty." So said an official of the Hamburg American Packet Co. to a STAR reporter this morning. "The direct shipping of cattle to Antwerp has proved a success and is on the increase."

Asked his opinion as to how the new tariff's arrangements in the United States would at all affect the cattle trade of Canada, a big dealer said he could not see that it would make any difference. Both the Canadian and American cattle trade are entirely dependent on the European market, there being on this continent an excessive supply of cattle.

The First in Canada.

A pleasing event took place at the regular meeting last evening of Lafayette Lodge, No. 15, I. O. O. F., when Past Grand Master J. Cohn, of "The Excelsior Lodge," Montreal, Past Grand Master, was presented with a Past Grand's collar on behalf of his brethren for his untiring efforts in the prominent part he has taken in the formation of above lodge, and also on having been elected to the position of special District Deputy Grand Master for Lafayette Lodge, No. 15, working in the French language. Grand Warden Elect Bro. Jos. Wilson, jr., made a few pleasing remarks after the presentation. Past Grand Cohn is the first member of the order in Canada to receive such an appointment.

Wants Damages for Her Husband's Death.

The widow of Domonico Delnero is suing the Montreal Park & Island Railway Company, through her attorneys, Messrs. Cresse and Descarries, for $5000. She alleges that her late husband was killed while working on the track at, Outremont, through the negligence of the Company's employes. He had boarded a flat car going down a steep grade. At the foot of the grade the trunk of a tree was stretched across the track, and as the car was beyond control, Delnero jumped and hurt himself so severely that he died at Notre Dame Hospital on June 29 last, nine days after the accident.

Cattle Shipments for the Summer.

The report of the Cattle Inspectors, Pope and Morgan, of the shipments for the months of July and August is as follows: July—42,91 cattle, 32,231 sheep, and 2528 horses. August 12,562 cattle, 25,888 sheep and 644 horses. The figures for the same period last year were 60,836 cattle, 712 sheep and 1125 horses. From this it can be seen that there is a dropping off in the shipping of cattle, while the increase in sheep and horses is double that of the corresponding months last year.

Board of Trade Should Act

Mr. George A. Childs, of Geo. Childs & Co., 152 McGill st., approved most emphatically of the police investigation, but there was one point on which he wished to make himself clear, and that was that the investigation should, by no means, be under the thumb of the aldermen. He would recommend that the Board of Trade appoint the members of the investigating committee. As for the detectives, he had no confidence in them.

Merchants Would Contribute.

James A. Mathewson, of Mathewson & Co., 202 McGill street, thought that a great source of the trouble lay among the heads of the departments and he believed that they were by no means all that they should be. He thought that if the Board of Trade should take the matter in hand the merchants of the city would be pleased to contribute from five to ten dollars apiece to defray the expenses of the investigation.

Montreal West.

The residents of Montreal West, formerly Montreal Junction, are to petition the Postmaster-General to have the number of mails carried between there and the city increased from one to two daily, and to have the postage reduced to two cents for city letters. The School Commissioners have just completed a fine school building capable of accommodating 200 scholars.

Sentenced for Burglary.

In the Police Court this morning, before Judge Desnoyers, Randell O'Connell, aged twelve years, was sent to the reformatory for three years for having broken into the residence of G. S. Holt, 219 Dufferin street, Cote St. Louis de Mile End, and stealing several knives.

Canadian Pilgrims and the Pope.

The Canadian pilgrims to Lourdes, who reached the shrine on the 17th instant, the feast of the Assumption, remained there for some days and proceeded to Rome where they will be given an audience on Sunday by the Pope.

Temple Emanu-El.

Services will be resumed at the Temple Emanu-El, Stanley street, below St. Catherine street, to-morrow evening at eight o'clock. An address will be given on the "Central Conference of American Rabbis."

The Trans-Continental Journey Shortened.

The new transcontinental train arrangements of the C. P. R. will shorten the journey each way by twelve hours according to the time-tables just about to be issued.

The Street Car Did Not Stop.

Mr. E. J. Holland, a Grand Trunk Railway conductor, is still confined to his house suffering from serious injuries received by him on the morning of the 11th, by falling from one of two trailers attached to an electric car on Wellington street. It appears that the cars were heavily loaded, chiefly by the employes of a ginger ale company who were bound for Ile Heron on their annual picnic. Mr. Holland tried to jump on the last trailer, but fell, and received a severe scalp wound. The car did not stop either before or after the accident and it is alleged, would not do so when asked by Mr. T. J. Virtue, butcher, of Bourgeois street. It is also alleged that when Mr. Holland ascended the car one young man grabbed his watch-chain and that another pushed him off the car. The watch was subsequently found in the mud by the bridgekeeper. There was only one conductor for two trailers, and passengers say that this is not enough. Mr. Holland is gradually recovering. Mr. Virtue positively declares that he rang the bell when Mr. Holland fell, and remonstrated with the conductor, but to no effect.

THE REVIVAL OF TRADE.

A Chicago Manufacturer in Montreal.

Mr. A. Akin, of the firm of Norton Bros., manufacturers of tin fruit-cans in Chicago, is, in company with a large party from that city, paying a visit to Montreal and staying at the Windsor.

"For the moment Chicago is quiet," said Mr. Akin. "Ours is about the only trade that has not been interfered with. The maids throw the tins in the alley and away they go in the dust. But every other trade has been very hard hit. Dull hardly describes it. Up west the season has been dry and the crops have been very much affected, corn more than wheat. I think the passing of this tariff bill will, for a certain time, make an improvement in trade, but the revival of strikes is perfectly certain to come. Just now the working people are peaceably disposed, but when they find on the re-opening of works that they will have to take lower wages they are certain to strike again and again. This is my first visit to Montreal and my party are very much pleased with the city. We want specially to shoot the Lachine Rapids, have the mountain drive and see the public buildings. I don't think that the bad times have prevented Americans from going to Europe. Plenty of wealthy people that I know have gone there for a good long holiday, simply because they can live cheaper there than on this side. But for ordinary business people, holidays have had to be cut short this summer."

Relieved at the Settlement.

"From the talk that I hear between gentlemen in my cars," said a Boston train conductor, "I am sure that the business men are all relieved at the settlement of the tariff difficulty. One Manchester manufacturer said that many mills would now open again and that in Manchester it meant work for about fifteen thousand people that had been out of a job for many months past. I know many gentlemen on my route who are already travelling more frequently on business."

THE EAST END STATION.

Nothing Can Be Done Till After the Council Meets.

The East End Station matter is for the present at a standstill and it is not at all likely that any move in the matter will be taken for seven or eight weeks yet, although the by-law calls for the city to convey the properties in question to the Canadian Pacific Railway Company before Saturday. The cause of the delay is that the Commissioners to expropriate can not be appointed before the City Council has taken up the decision on the report of the Finance Committee offering certain compensation to those who have judged proper to send in their claims and to fix the values of their properties which are to be expropriated. The Legislature having struck off the clause which obliged the proprietors to make their own price, the great majority of them, thinking that they would get more from the Commissioners when appointed, have withheld so far from making their claims. They are, therefore, now obliged to wait until the City Council has disposed of the cases where the proprietors have made their own price. As the Council will not assemble until September 10, the C. P. R. will not be able to start work on the proposed station as was at first anticipated.

Conductors and Motormen at Play.

Yesterday one-half of Montreal's Street Railway motormen and conductors donned their newest uniforms and their most pleasant smiles, and wended their way to Sohmer Park, to assist at the first annual festival of the Street Railway employes. For the time being they let trolleys, passengers and all such things slip from their minds and gave themselves up to enjoyment. A good programme of specialties was given by the Park troupe. Several songs were rendered in a first-class manner by Messrs. Joseph Lacroix and Joseph Giguere, of the Montreal Street Railway. Essel Slattery, also of the Montreal Street Railway, contributed a song and dance which was performed with the ease of a professional.

In the evening the Park was illuminated by Chinese lanterns and looked very pretty. A grand pyrotechnical display was also given.

Another Convention for Montreal.

Mr. J. E. Morrison, editor of the Montreal Pharmaceutical Journal, leaves to-night for North Carolina, to represent that journal and the Montreal College of Pharmacy at the annual meeting of the American Pharmaceutical Association, which assembles in Asheville, N.C., September 3 to 7. This is the largest association of pharmacists in the world, and includes in its membership many of the best known names, in pharmacy in America. Mr. Morrison bears with him, from the profession here, an invitation to the A.P.A. to hold its convention of 1895 in Montreal.

Fire at Varennes.

The village of Varennes was last evening visited by a fire which completely destroyed the saw mill operated by Bienvenue & Co., situated at the southern end of the village. Everything was burned, including tools, machinery and a large quantity of lumber. The private residence of Mr. Eusebe Savaria was also partly destroyed with its contents. There is no insurance on any of the premises destroyed.

St. Simon's Church.

The concert held on the grounds of St. Simon's Church last night was largely attended and quite a success. The music by the band was greatly enjoyed and every seat in the large tents was occupied.

Rev. Mr. Massey, having returned from his vacation, will preach next Sunday.

More Commercial Tax Actions.

The Collector of Inland Revenue has entered actions for the recovery of the commercial tax against T. Montgomery and others ($250), John Moore ($100), R. Miller and others (160), J. Whitham and others ($140), C. H. Miller and others ($175).

He Was Not Guilty.

In the Police Court this morning Alphonse Gagnon was acquitted of the charge of having broken into Napoleon Latraille's grocery store, 1100 Ontario street, on August 24, and stealing therefrom two bottles of liquor.

Court House Will be Closed.

A communication has been received at the Prothonotary's Office, from the Attorney-General, stating that Monday next (Labor Day) will be observed as a non-juridical day. The Court House will accordingly be closed.

The Corporation Protested.

Mr. J. Y. Gilmour, through Messrs. Cresse & Descarries, had a protest served on the Corporation by the ministry of Philibert Baudouin, notary, complaining of the delay in the expropriation and widening of St. Antoine street.

Real Estate Sale.

Yesterday morning the tenement property Nos. 359 to 363 Jacques Cartier street, size of lot 50 by 74½ feet, was sold by auction at Messrs. Fraser Bros.' salesroom for $2875 to Mr. Raymond Chartrand.

At 12 o'clock last night a fire broke out in the barber shop of William Whitford at No. 724 Charlevoix street. The damage amounts to about $600.

STILL ANOTHER BURGLARY.

RESIDENCE OF MR. TETRAULT ENTERED LAST NIGHT.

The Burglars Were Frightened Away—They Were Evidently Musically Inclined, for They Only Stole a Mandolino.

Another burglary took place last night. The house of Mr. N. Tetrault, of 345 Dorchester street, was visited. It was between twelve and one. The uninvited visitors entered through the parlor window and crept upstairs. While reconnoitring they visited a bedroom on the second floor, where two of the ladies of the house were awake. They plainly saw the burglars crawling around the room on their hands and knees. The men went to the next flat where they found some of the male members of the family asleep. When they had gone down again the ladies, who had gone while feigned sleep, rushed upstairs, awoke the men-folks and the dog and by the noise scared the burglars away. All they managed to take was a valuable mandoline, but they were very valuably prepared for more, for they had evidently others and the big harp had taken two trips from the rear of the parlor under the opening window, preparatory to handing them in and away.

A Laundry Robbed.

A Chinese laundry on Centre street, Point St. Charles, was forcibly entered at an early hour yesterday morning by three men and robbed of some time during the night. The alleged scene of a free fight and his premises are kept by Sam Hing that a other Sang Hing. They allege while Gout four o'clock in the morning, open, they were asleep, the robbers forced and their premises, which were ransacked, the Chinamen were subjected to the most cruel tortures on the part of their assailants, who were armed with revolvers. A till containing some loose cash was broken and the contents taken away. A large quantity of clothes belonging to various persons has been robbed. A description of the men has been given to the police.

Found City Detectives Useless.

The recovery of the bicycle on Monday evening which was stolen from G. and J. Lunnis repair shop about two months ago, does not reflect any credit on the city detective force. There were three bicycles stolen in all, but the matter was reported at headquarters on the first occasion only, as, when the second one was taken, Mr. Lloyd, the local agent for the wheels, went down to report the case, and on enquiring as to what had been done to recover the other machine nobody seemed to know anything about the case whatever. On learning this Mr. Lloyd promptly put the case in the hands of Detective Carpenter, and the latter recovered the second bicycle and assisted in recovering the first. The whereabouts of the third one is still a mystery.

No Use to Business Men.

Mr. T. W. Gale, boot and shoe merchant, St. Antoine street, has had a valuable valise stolen from his door-in-broad-daylight but he has not reported it as he said it was no use. Things would continue in this way until there was a general "clean out" in detective circles. They were practically of no use to the business men at present. Mr. Gale is interested in the detective campaign and has several anti-detective cartoons displayed in his window.

Did Not Visit Mr. Sarno.

A sneak thief entered Mr. V. Sarno's jewellery store on St. Catherine street on Tuesday and stole a watch. Mr. Sarno immediately telephoned the detective department to send a man up to investigate the matter, but none as has yet arrived. Mr. Sarno says that he did not inform them what he had lost.

FORESTERS' DOINGS.

[SPECIAL TO THE STAR.]

SHERBROOKE, August 30.—The session of the High Court of Foresters was continued yesterday, when the following officers were elected for the coming year: High chief ranger, Victor Morin, of Montreal; high vice-chief ranger, Dr. Slack, of Farnham; high secretary, J. W. Stocks, of Sherbrooke; high treasurer, Bro. C. A. Miller, of Windsor Mills; high councillor, Bro. Levallier, high physician, Dr. Colette, of Quebec; high auditors, J. L. Ross and A. M. Kelley. The delegates of the Supreme Court which is to meet in London, England, next year are: Mr. P. Streathern, Montreal; Rev. Mr. Hewton, of Lachine; Messrs. J. N. Ducharme, of Ste. Cunegonde; H. W. Walters, of Quebec; F. X. Hebert, of Sherbrooke; Mr. Graham, of Granby, and Mr. Raymond, of Montreal. The substitutes for delegates are: Messrs. Slack, Gosselin, Decow and Cypion. The chief business of importance transacted so far was the framing of new by-laws for the High Court. The committees will be busily engaged all days, and the installation of officers will not probably be reached before evening.

KINGSTON PATRONS MEET.

[SPECIAL TO THE STAR.]

KINGSTON, August 30.—The Patrons of Industry of this district held a picnic outside the city yesterday. Col. Hunter acted as chairman. Grand President Mallory, in his speech, said that if the day ever came when the Patron party became a tool of Mowat or Meredith in the Ontario Parliament, or of either party at Ottawa, that day would see the speaker leave the Patrons. A meeting of seventeen Patron members would be held in Toronto in a few weeks for the purpose of electing a leader.

The chairman explained that the primary object of the picnic was to advance the cause of Mr. Rogers, the Dominion candidate. He said that the Patrons would defeat Mr. Hiram Calvin, because he had not proved a faithful representative of the farmers.

Indians and Mexicans Fight.

SAN DIEGO, August 30.—A report has been received of another ambuscade of Yaqui Indians on Mexican troops on Tuesday. The Indians were thickly bushed on both sides of the road. At the first fire nine of the troopers dropped. A fight ensued, and lasted for over an hour. The troops were left in possession of the fields. Twelve men were killed, six wounded, and the wife of a sergeant killed. Four Indians were killed and 27 slightly wounded and taken prisoners.

A Crank After Mgr. Satolli.

NEW YORK, August 30.—A crank, giving his name as Edward Stolz, has been arrested on his admission that he belonged to a gang of ten men, with headquarters at Meadville, Pa., who were leagued together to kill Mgr. Satolli. Stolz was selected, came to New York and was arrested by Sergeant Thomson, who heard him mutter, "I must kill him; I must kill him." The man is evidently insane.

Mataram Under Bombardment.

AMSTERDAM, August 30.—A despatch received here from Batavia, says that Mataram, capital of the Island of Lambok, where the Dutch troops have recently met with serious reverses at the hands of the Balinz, is in the possession of the rebels. The despatch adds that Mataram is being bombarded by the Dutch fleet.

Dwight L. Moody's Son Married.

EAST NORTHFIELD, Mass., August 30.—William Revell Moody, eldest son of Dwight L. Moody, and Mary Whittle, eldest daughter of Major D. W. Whittle, were married in the Congregational Church, Northfield, yesterday. The Church of England service was performed by Rev. H. B. Hartzler, of Northfield.

Lumber Limits Go A-Begging.

TORONTO, August 30.—(Special.)—The advertised sale of timber limits at the Board of Trade yesterday turned out to be anything but a success. The bidding was slow and buyers were by no means anxious to pay anything approaching the reserve bid. In all there were between 150 and 200 prominent lumbermen present from all points in the Dominion and a few from the United States. Mr. Peter Ryan went from all points and did all in his power to sell, but was unsuccessful, with only one sale. Mr. Ryan was the auctioneer to effect sales, but was the first lot, for the day closed and consisted of completed, and this miles, more or less, on the catalogue, of Caldwell, of thirty-six square The C. P. R. and Gess, of the township this berth. The District of Nipissing, the poorest off Veuve River run through of this city, which berth is considered one of per square mile. Mr. Nicholas Garland, were withdrawn as the purchaser paying $140 be the highest bidder. The majority of the lots States," drawn without a bid. "It must had fair unsettled state of affairs in the on the said Mr. Lauzon, of Ottawa, who sold to sell a berth of 17 square miles the upper Ottawa. "The result of the is most disappointing. An offer of $100 a mile was made for my property, but I would not look at it. If the sale had taken place in Ottawa we would have got better prices from our local men. But it was Mr. Ryan's wish to conduct it here." Another lumberman said the explanation of the failure to sell was that times were hard. The owners of the timber limits were rich men and would not sacrifice their property. The limits offered have an area of 1581 square miles, of which 817 were set down in Ontario and 1047 in Quebec.

A NEW YORK SCANDAL.

Mr. and Mrs. W. K. Vanderbilt at Loggerheads.

[SPECIAL TO THE STAR.]

NEW YORK, August 30.—New York has something to talk about that completely absorbs the attention of certain circles. It is a big society sensation, involving the names of Mr. and Mrs. W. K. Vanderbilt and a certain "Miss" Nellie Neustrotter, who, it is reported, had so fascinated the gentleman in question that when in Paris, on June 17, he gave the woman 40,000 francs, won on the Grand Prix de Paris. He also, so the story goes, fitted up several establishments for her in that gay city; her servants wore the same livery as the servants of his wife. At this time Vanderbilt was not living with his wife, who spent the summer on the Thames, near London, and it is also said they had agreed to live apart, the lady to receive $10,000,000 as a settlement. The efforts of William K. Vanderbilt's brother Cornelius, were, it is said, successfully secured to prevent divorce proceedings prior to the Paris episode. Mr. and Mrs. W. K. did not get along well and their relations were strained to the point of breaking, when the separation, without divorce, was arranged.

Now, in view of Vanderbilt's conduct with the Neustrotter woman, Mrs. Vanderbilt has decided to procure a divorce, though in some quarters this is denied. But it is conceded that the rupture between Vanderbilt and his wife is complete.

Nellie Neustrotter, the young woman who is said to be the cause of the family troubles of William K. Vanderbilt, is well known in this country. She is a native of Eureka, Nev., and was educated at Miles Seminary, Alameda county, California, and resided for a number of years in San Francisco, and has frequently figured in escapades that have won her notoriety both in the New and the Old Worlds. She is twenty-nine or thirty years of age. She married Neustrotter in 1884, but separated from him and came to New York. He secured a divorce, and she was the heroine of several escapades in the East, and then shifted her ground and went to the Continent. In Paris so notorious was her conduct that she was ejected from a leading hotel there at one time.

Mrs. Vanderbilt was formerly Miss Smith, of Mobile, the seat of culture and refinement of the South. The Smith girls were noted as Southern beauties, and made up in pure blue blood what they lacked in wealth. One of Mrs. Vanderbilt's sisters married Ferdinand Ynzaga, and another married Baron de Fonteuelliat, a young Frenchman. Mrs. Ynzaga secured a divorce and became the wife of George Tiffany, of Baltimore. The Baroness de Fonteuelliat also applied for a divorce.

It requires ten family residences to accommodate the Willie K. Vanderbilts. The tenth is the costly marble palace erected at Newport a few years ago. This alone cost $1,000,000. Foreign decorations were brought over to put the finishing touches to it. They have residences on Long Island, a handsome mansion in the city and shooting reserves in Scotland. Each establishment is complete in itself, with fine furniture and all the outfit necessary for a luxurious habitation.

LATEST BY CABLE.

News, Views, Gossip and Politics of Europe.

LONDON, August 30.—The Syndic, or Mayor of Rome will start to-morrow for the United States, and will probably visit Canada.

The Pope has sent his blessing to the Count of Paris. The Parisian Royalists are greatly alarmed at the reports of the condition of the Count, and are sending messages of sympathy to the Count's residence in the country, and offer up prayers for his recovery.

A Rome paper says that an Anarchist plot to kill the King of Greece was revealed recently by an informer to the Milan police. The man designated by the informer was arrested in Milan and was found to be in possession of letters proving that he intended to stab the King of Greece.

It is reported from Sofia that M. Zankoff, the pro-Russian plotter, and several of his fellows, were arrested while entering Bulgaria. Zankoff was escorted by the police to the Servian frontier and warned not to return.

No credence and some amusement is caused here by the Washington report that the torpedo boat Hornet met with a very serious accident at the recent naval manœuvres. It was stated that she broke down completely and had to be towed into harbor, also that one cylinder head was blown out and that both engines were disabled.

Hail storms have done great damage throughout Austria. At Kowno, Poland, three children were thus killed.

A report from Funchal, Island of Madeira, states that the British steamship Northam Castle has arrived there, and reports having been in collision on August 25, in latitude 65 north, and longitude 3 west, with the Norwegian barque Venerata, Capt. Persen, from Savannah, on July 25 for London. The barque sank, but her crew were saved by the Northam Castle.

Pretoria, Transvaal, advices state that heavy fighting took place to-day between the Kaffirs and Boers in North Transvaal. The Kaffirs were defeated and are now suing for peace.

Two Austrian youths, named Divisch and Pfeiffer, lost their way while ascending Ort-Alp on Monday last and in the darkness fell over a precipice 400 feet high. Divisch fell to the bottom and was killed. Pfeiffer caught hold of a birch tree, which was projecting about 100 feet from the top of the precipice, and with his waist belt bound himself fast. He hung suspended from the tree from seven o'clock on Monday evening until noon on the next Tuesday, when he was discovered by mountaineers and rescued.

The Late Earl of Albermarle.

TORONTO, August 30.—(Special.)—The late Earl of Albermarle, was better known in Toronto as Lord Bury, when he was Military Secretary to the Governor-General in the early fifties. He married a Canadian lady, a daughter of the late Sir Allan Macnab, of Dundurn, Hamilton. A son of this lady, Viscount Bury, succeeds to the title.

Too Rough for the Passport.

TORONTO, August 30.—(Special.)—Extremely rough weather prevailed on Lake Ontario yesterday. The Passport, of the R. & O. line, left for Montreal on time, but had to return to dock. She experienced a rough time, the waves and spray washing and flying over her. The seventy-five passengers were sent on to Kingston by rail.

Victoria Ministry Defeated.

LONDON, August 30.—Following the defeat of Sir George R. Debbs in New South Wales on the question of Protection, which he espoused against Free Trade, another Colonial Ministry in Australia has come to grief. In Victoria a vote of want of confidence having been passed in the Assembly, Parliament has prorogued until September 6, when dissolution will take place. The Ministry will then appeal to the country on the trade question. The present Government is composed of Hon. James Service, Premier and Treasurer; Hon. G. Berry, Chief Secretary and Postmaster-General; Hon. George Briscoe Kerferd, Attorney-General; Hon. J. F. Levien, Minister of Mines; Hon. A. Deakin, Minister of Justice and Commissioner of Public Works; Hon. A. L. Tuker, Minister of Lands; Hon. G. D. Langridge, Commissioner of Trade and Customs; Hon. D. Gillies, Commissioner of Railways; Hon. F. T. Sargood, Minister of Defence.

CONGRESS MUST DECIDE.

The Sealing Claims Likely to be Long Delayed in Settlement.

[SPECIAL TO THE STAR.]

TORONTO, August 30.—A Washington despatch to the *Globe* says: It is already apparent that there will be opposition in Congress to the payment of the sums demanded by the British Columbia sealing vessels. No attempt will be made to defy the principle of the Behring Sea arbitration, but that tribunal only decided the principle that the British Columbia sealers which were captured pending the *modus vivendi* were illegally seized; it made no award of specified damages. It is the sum claimed that will be opposed on the ground that it is assumed to be excessive. The State Department is said to be agreed that the claim of $500,000 submitted, it is understood, by Sir Charles Hibbert Tupper, Minister of Marine, should be the award, but neither the State Department nor the President himself can determine what the award shall be. In this respect they can only execute the will of Congress, and act practically as the clerks of Congress.

The Congress must, in each instance, vote the money and it will do so only after investigation and discussion, a tedious process, in view of Congress' recent exhibition.

SIR THOMAS GALT.

He Resigns the Position of Chief Justice of Common Pleas.

[SPECIAL TO THE STAR.]

TORONTO, August 30.—Sir Thomas Galt, Chief Justice of Common Pleas, resigned his position on August 13 last, and it has just been accepted by Sir John Thompson. Sir Thomas, who has been on the bench for twenty-five years, asked for a six months' leave of absence in April. This leave expires on September 1. He is 79 years of age and retires because of his advanced age. Sir Thomas is the son of the late Mr. John Galt, the celebrated English literature and brother of the late Sir Alexander Tilloch Galt, who preceded Sir Charles Tupper as High Commissioner from Canada in London. Sir Thomas was born in London, England, August 12, 1815.

His early education was commenced in Scotland, continued in England until 1828, and completed in the province of Quebec. He was in the employ of the Canada Company from 1833 to 1839. He was called to the Bar in 1845; he was elected a bencher in 1855; created a Q. C. in 1859; appointed a judge of the common pleas 1869, and Chief Justice of that division in 1887 and had the honor of Knighthood conferred on him by Her Majesty in 1888. Sir Thomas was married in 1847 to Miss Francis Louisa Perkins. Speaking of his resignation, Sir Thomas said that he disliked very much the idea of having no work to do, but that he did not feel equal to the task of further discharging the important duties of his office.

THE UNCO' CANNY SCOT.

Wants the Canadian Cattle Method Applied to Yankee Oil.

LONDON, August 30.—The *Times* contains a two column article, against the aims of the Scotch mineral oil distillers, who got a select committee appointed to enquire into the legal standard of the volatility of petroleum, which they alleged was far too low for public safety; the object of the agitation being, the article declares, to compel all foreign petroleum to conform to the characteristics of the paraffine artificially made of Scotch shale. The *Times* says it is well that the British public should understand that the real motive of the whole affair is a desire to obtain protection, at the expense of the general consumer, for the Scotch mineral oil trade. This protection cannot be obtained directly by duty, so an indirect method of raising the price of American oil has been discovered. The agitators want the flash point raised from 73 to 100 or 105, which would lead to a rise in the price of the foreign oil, at a cost of half a million pounds to the consumers, while the Scotch distillers would gain 200,000.

THE NORTH-WEST ASHORE.

There Was a Panic, But Not Much Danger.

DETROIT, August 30.—The big passenger steamship North-West went ashore on Hog Point, Lake Erie, off the mouth of the Detroit river, yesterday afternoon. The accident was due to fog. The steamship had over 300 passengers aboard. She ran out of the water ten feet forward and as she draws but fourteen feet of water her bow is practically lifted in the air. In the confusion attendant the cry arose that the steamer had struck a rock and was sinking. Instantly panic reigned supreme. People who were about to rise to their feet ran hurriedly around the steamer shouting and begging the crew to lower the life-boat. It was with difficulty that several were restrained from leaping over the side. The wrecking tug Champion started to the steamship's relief last night. The North-West is the largest boat on the lakes and is valued at $800,000.

The Northwest was released this morning. The vessel sustained no damage.

The Dutch Defeat on Lombok.

LONDON, August 30.—Official intelligence received at the Hague shows that the punitive expedition sent against the Rajah of Lombok has suffered a much severer loss than at first reported. Instead of the first figures of 186 killed and 40 wounded being correct, the list of casualties runs up to 500 men. Three columns were operating under General Vetter, Col. Von Pabst and Col. Bylevelt., The Vetter column lost 4 officers and 63 men, with 12 officers and 150 men wounded and 6 officers and 148 men missing. The attack took place at night and the Dutch retreated, till stopped by a blockade, a detour of which was made with heavy loss. The exact loss to the Bylevelt and Pabst columns is not known, but the latter officer lost his life. The Dutch Government is thoroughly aroused, and troops in five steamers are being despatched from Batavia, to reinforce the Lombok columns, now at Ampenan. The Pabst column was completely surrounded and but few escaped in the savage onslaught that ensued.

The Cholera in Europe.

LONDON, August 30.—For the week ending at noon, August 27, throughout the German Empire there were 78 fresh cases of cholera reported, and during the same period 32 deaths from that disease. Two fresh cases of cholera and one death from that disease have been reported at Amsterdam. At Maestricht there has been one additional death from cholera.

In Galicia yesterday there were 272 new cases of cholera and 149 deaths; in Bukowina 25 cases and 13 deaths.

Stranding of the Queen.

VICTORIA, B. C., August 30.—(Special.)—The stranded steamer Queen of the Alaskan route floated off the rocks at Gordon point, where she was stranded at high tide on Sunday night. The steamship City of Topeka hove in sight and just as the vessels spoke one another, the Queen floated free. The Topeka will take up material to repair the Queen and taking on her freight and passengers will make the Alaskan trip.

Whiskey Crazed Indians Fight.

PORT TOWNSEND, Wash., August 30.—The steamer City of Topeka brings news from Juneau, Alaska, that a fierce battle occurred at Chilcat, last week, between Indians, who had grown drunk on whiskey, furnished them by smugglers, and that six Indians were killed. Officers have left Juneau to seize the whiskey remaining and quiet the Indians.

Stolen Goods Found.

BUCKINGHAM, Que., August 30.—(Special.)—The valuable jewellery, stolen by burglars from the store of L. J. Matts here, last winter, was found last Friday in an old log, hidden in an outbuilding of the pulp mill, by Alex. Scott, the manager, who promptly restored the goods to their owner.

HEART DISEASE RELIEVED IN 30 MINUTES

Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 30 minutes, and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of Breath, Smothering Spells, Pain in Left Side and all symptoms of a Diseased Heart. One dose convinces. Sold by R. E. McGale, 2123 Notre Dame St. Sold by Lavoiette & Nelson, 1666 Notre Dame Street, and all druggists. 110 2aw tf

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

FINANCE AND COMMERCE.

MONTREAL WHOLESALE MARKETS.

GRAIN.—The new tariff legislation in the United States having rendered the sale of Canadian oats in the American markets possible, some improvement in the demand is anticipated and some brokers say is even now discernible. Prices are steady at 34c for No. 2. Peas, to arrive, are quoted at 72c per 66 lbs. afloat. Rye is still dull, and there is not of course any new barley as yet on offer. Buckwheat continues to be quoted at 1c per lb. Corn is purely nominal, and no wheat is at present changing hands in this market.

FLOUR.—The same old story prevails. During the animated discussions as to the state of trade held on Change every morning of late of the Manitoba millers profess to be experiencing a demand which borders on a boom, while holders of Ontario flour speak modestly. A reluctance to divulge the price at which export business is being done characterizes the remarks of those who speak of activity. We quote: Patent spring, $3 to $3 25; do winter, $3 20 to $3 30; straight roller, $2 85 to $2 90; extra, $2 50 to $2 60; superfine, $2 25 to $2 40; strong bakers', $3 25 to $3 40.

FEED.—The demand for mill feed is undoubtedly brisk. Bran still sells readily at $15.50, and shorts too meet with a quick sale at firm figures, $17.50 to $19 being the range.

OATMEAL.—There is no change to report this morning. The demand is fair and prices are steady. We quote: Granulated, per bbl., $4 35 to $4 40; per bag, $2 12½ to $2 15; rolled per bbl., $4 40, per bag, $2 15; standard do per bbl., $4 35 to $4 40; per bag, $2 12½ to $2 15; pot barley, per bbl., $3 75, per bag, $1 75; pearl, per bbl., $7 25; half brl., $3 75; split peas, per bbl, $5 40 to $5 50, per bag, $1 75.

PROVISIONS.—The demand for smoked meats more than counterbalances the want of vim in the request for pork and dealers speak cheerfully. We quote: Canada short cut mess pork, per barrel, $18 50 to $19 50; mess pork, Western, per barrel, nominal; ham, city cured, per lb., 10 to 12c; bacon, per lb., 11 to 12c; lard, compound, 7½ to 7¾c; lard, pure Canadian, 8½ to 9c.

CHEESE.—There are some in the trade who, notwithstanding the improved tone of both the public and private advices from Liverpool, point to the difference still existing between English and spot prices and shake their heads ominously. These same men, however, are found willing to purchase at the figures they profess to esteem so unreasonable, and, as a matter of fact, the tone is one of great confidence all round. Finest western colored cheese cannot be had here to-day for less than 10½c or finest white at less than 10½c.

BUTTER.—Holders give several reasons for their confidence. They admit that stocks here at the moment are extraordinarily heavy, but state that large quantities are held on English account for September shipment, and that the next two weeks will witness a very considerable diminution. They contend that supplies in first hands are not so large as usual at this season, the high cost of butter having enabled the manufacturers to take from the creameries many of the farmers who formerly supplied the cream. It is rumored, too, that the dry weather in New York has given rise to an American demand, and that there was some smuggling from this side going on. This, however, does not seem to be generally credited.

EGGS.—The market is dull this morning, and the tendency towards easier prices, but 9½c is still obtainable for large lots of good stock.

SUGAR.—The refineries still speak of a good demand at the higher prices noted last week, but the jobbers find the request from the retailers slackening a little, a circumstance they attribute to the fact that the preserving of small fruits is over and that of plums, peaches, etc., not yet begun.

MOLASSES.—Trade for the season is practically over and we have nothing to add to our report of a week ago.

RICE.—There is no boom but a very fairly active demand is reported and values keep steady at last week's figures.

Cement and Fire Bricks.

Business in cement has been confined principally to local transactions, with some orders for western account. The arrivals have been small, only one vessel arriving, with 2300 casks, which does not relieve the present scarcity. Prices are firm, importers not being willing to dispose of stock that cannot be replaced at same figures. We quote for Belgian $1.85 to $1.90 and London $1.95 to $2.05.

Fire bricks continue in fair demand at prices ranging from $15.50 to $19.50 per M.

Meredith & O'Brien's Wall Street Gossip.

London is weak, they bought 10,000 shares yesterday, and as our market declined nev

BIRTHS.

BELANGER—On August 28, at 675 St. James street, the wife of Alfred Belanger, of a daughter.

WHEN YOU ARE ORDERING

THE SHERRY at Fraser, Vigers, just ask them to send me up

A NICE LITTLE HAM.

You know they keep the best, and it often comes in handy. So the Sherry is ordered, and the Loch Fyne Herrings are ordered, and the Ham goes down to the husband's wine account, too, thanks to the forethought of the good lady of the house, and the husband never objects, you may be sure, for the ham is one of

FERRIS', NEW YORK,

and it turns out to be simply delicious. We swear by the Ferris Meats (White Sugar Cured).

The Ferris Little Pig Hams, 7 to 10 lbs. each, for whole boiling.

The Ferris Medium Hams, from 12 to 15 lbs. each, delicious for slicing, for frying or broiling.

The Ferris Boneless Breakfast Bacon.

The Ferris Selected Smoked Tongues, etc.

Almost a Hopeless Case

A Terrible Cough. No Rest Night nor Day. Given up by Doctors.

A LIFE SAVED

BY TAKING

AYER'S CHERRY PECTORAL

"Several years ago, I caught a severe cold, attended with a terrible cough that allowed me no rest, either day or night. The doctors, after working over me to the best of their ability, pronounced my case hopeless, and said they could do no more for me. A friend, learning of my trouble, sent me a bottle of Ayer's Cherry Pectoral, which I began to take, and very soon I was greatly relieved. By the time I had used the whole bottle, I was completely cured. I have never had much of a cough since that time, and I firmly believe that Ayer's Cherry Pectoral saved my life."—W. H. WARD, 8 Quimby Ave., Lowell, Mass.

Ayer's Cherry Pectoral

HIGHEST AWARDS AT WORLD'S FAIR.

Ayer's Pills the Best Family Physic.

NEWS NOTES IN BRIEF.

Canadians living in Scotland complain that under-paid letters from Canada are common and that delay to business ensues.

On July 18 Messrs. Tyrell and Ferguson were at the head of Reindeer Lake, on their trip to Fort Churchill via the northern waters of Canada.

Jacob D. Spence, of Toronto, a traveller for the Bryce Publishing Co., and a brother of F. S. Spence, the temperance worker, was accidentally killed near Newcastle yesterday. He fell off his team and was run over.

Wales, Ont., was *en fete* yesterday, the occasion being a demonstration of the Ancient Order of United Workmen of Eastern Ontario. C. E. Cameron, of Iroquois, presided at the speech-making, after which athletic games were watched and participated in.

John Dillon, M. P., speaking at Dublin, said there would not be the slightest use in redebating the Evicted Tenants bill next session unless the Irish should utilize the interval in such a way as to convince the landlords that their best policy would be to pass the bill. Unless the Government plainly declared its policy in regard to the House of Lords, the Irish party would have to reconsider their position.

Twenty-three witnesses were examined before the Chicago strike commission yesterday. It was declared that Vice-President Howard of the A. R. U. had counselled violence; Debs had been heard to vow that after the strike "the scabs would have to walk the plank," and again Howard stated Pullman should be hanged, and J. R. Sanders heard the same party say, in substance, that "scabs" should be killed with coupling pins. The Commission will sit for the balance of the week.

A. W. ROSS, M. P.

He Reconsiders His Intention to Resign.

[SPECIAL TO THE STAR.]

WINNIPEG, August 30.—Although to-day Mr. A. W. Ross denies that he has sent in his resignation as member for Lisgar, it is firmly believed that it was his intention to do so. The statement sent by a STAR correspondent came almost directly from him. What afterwards induced him to change his intentions is not known.

It is believed, however, that Mr. Ross has received assurances in the matter of the Lieut.-Governorship that at present satisfy him.

OTTAWA, August 29.—(Special.)—A local paper telegraphed Mr. Ross, in regard to his reported resignation. It publishes the following reply:

There is no truth in the statement that I have resigned. A. W. ROSS.

Hon. T. M. Daly, who is interested in the Ross matter, is in the vicinity of Banff, from which place he goes to Colorado on a trip.

INCREASED TRAFFIC.

[SPECIAL TO THE STAR.]

MONCTON, N. B., August 30.—The close attention which the Intercolonial R'y management has paid for the past two seasons to its passenger traffic, is being rewarded this summer. Not only has the traffic greatly increased in the passenger line on the upper end of the road in carrying tourists to the watering-places of the Lower St. Lawrence, but there has been a great influx of American tourists by train to the beautiful resorts along the Government railway's lines. The returns of passenger traffic for this season will exceed those of any previous year.

Cleanse the blood with Ayer's Sarsaparilla, and realize what poor health you have had.

At Loch Fyne the other day, the crew of a drift net boat found it impossible to haul their nets owing to the large quantity of herring in them.

You hardly realize that it is medicine when taking Carter's Little Liver Pills, they are very small; no bad effects; all troubles from torpid liver are relieved by their use.

Special Notices.

The Turkish Bath.

The Turkish Bath department of the Turkish Bath Hotel will be closed for the annual renovation, painting and repairs, on Monday morning next, Sept. 3rd, and reopened for business on the following Thursday, Sept. 6th, at 2 o'clock p. m. The swimming bath will remain open as usual. 203 4

WELCOME TO CLARKE WALLACE.

ORANGE DEMONSTRATION AT WINDSOR HALL LAST NIGHT.

The Comptroller of Customs Eulogizes the Orange Order—Orangemen Advised to Resist all Attempts at Disruption of the Empire.

The Windsor Hall was crowded last night as it seldom is by members of the various Orange Lodges in this city, with their sympathizers and numerous lady friends, to welcome the Worshipful Grand Master for British North America, the Hon. N. Clarke Wallace, Controller of Customs, on his return from London, where he had been attending the Triennial Council, of which he has been re-elected president. Long before the proceedings commenced the hall was filled, and even the ladies were obliged to satisfy themselves with standing room. The hall was decorated profusely with Union Jacks, and a long line of small flags stretched across the platform. The chairman's table was covered by the banner of the order, whereon King William is represented mounted on a milk-white steed with the Boyne water flowing beneath him. The entrance of Mr. Clarke Wallace, preceded by three pipers in full costume, was the signal for a great outburst of enthusiasm. The chair was taken by Mr. Thomas Gilday, County Master, to whose right sat the guest of the evening. Among those seated on the platform, which was crowded, were Lieut.-Col. Barr, P. P. G. M.; Lieut.-Col. Cole, the Rev. Dr. Smyth, Past Grand Chaplain; the Rev. J. H. Dixon, the Rev. Mr. Lariviere, Dr. Gelland, P. M., 356; Rev. Dr. R. Campbell, Rev. J. Cunningham and Messrs. A. Mackey, P. G. M.; McLaughlin, Provincial Grand Master; Arch. McGoun, D. C. L.; T. C. Bulmer, James Kelly, County Chaplain; William Galbraith, P.V. G. M.; D. Beatty, W. M., L. O. L., 304; A. G. Ellis, County Secretary; T. G. Dawson, P. D. M.; James Clark, P. P. G. M.; Ewan McLennan, J. H. Mooney, Wm. Robinson, W. M., L. O. L., 401, and others.

Mr. Gilday expressed the gratification he felt at seeing such a goodly gathering of Orangemen and their friends turned out to do honor to their Most Worshipful Brother Clarke Wallace. Not only was he the Most Worshipful Grand Master of British America, but, also, of late, as they were well aware, he had been elected to the position of president of the Triennial Council, which had met only last month, the highest honor that could be conferred upon any individual in connection with the Orange Association. "I think," he continued, "that it becomes us as Orangemen and as Canadians to turn out and do honor to our countryman, when such great honors are conferred upon him from time to time. I did you all here now, welcome, one and all, to this meeting, and I do not think I will take up any of your valuable time in making remarks from the fact that we have valuable gentlemen, and also I think ladies who will do honor to this occasion."

Mr. Gilday then vacated the chair in favor of Mr. McLaughlin, Provincial Grand Master, who referred to the

CHANGES WHICH HAD TAKEN PLACE

in recent years from the time when an Orange procession dare not be held in the streets of Montreal, and expressed a hope that the friendly relations with the Roman Catholics of the city would continue. He hoped nothing would be said that night that would hurt the feelings of their Catholic fellow-citizens.

Miss Hollinshead then sang a couple of songs, the second being in response to an encore, after which the Rev. Dr. Smyth read the following address:

To the Hon. N. Clarke Wallace, M. P., Most Worshipful Grand Master and Sovereign of British North America, and President of the Triennial Council, from the members of Loyal Orange Association in Montreal.

Dear Sir and Brother,—The members of the Loyal Orange Association, of Montreal, while recognizing fully the great principle of equality in the brotherhood, are, nevertheless, enthusiastic in according "honor to whom honor is due." On this auspicious occasion, marked by your safe return from across the sea, after having discharged your duty in a hearty and efficient manner as our representative before the Triennial Council, held this year in the British metropolis, we solicit the privilege of extending to you in this public fashion a most cordial "welcome home." Let us assure you, first of all, that it was with no little satisfaction the Orangemen of Canada, and Montreal in particular, received through the public press the announcement of your re-election to the highest office that is in the power of the Orange Association to bestow, viz., the Presidency of the Triennial Council of the world, a circumstance which has no precedent in the history of the Triennial Council. Your position of trust and authority in the Federal Government of Canada must have assured the members of that august council that Canada had most honorable representation at its meeting, and we are convinced in our own mind that your connection with an association which may sometimes be viewed with suspicion shall in no way invalidate your usefulness as a member of the Government, nor lessen the respect which all loyal Orangemen have for the Dominion executive, where men of different religious sentiments meet to deliberate amicably upon

THE INTERESTS OF OUR COMMON COUNTRY.

We believe that the Orange Association is broad enough to rejoice in the fact that a Roman Catholic Premier was justified in inviting the highest official in the ranks of Orangeism in the world to become a member of his Government, and that so far from being afraid of each other they work together over state matters in the utmost confidence, neither having to apologize to the other for his religious or social convictions. We have no reluctance in giving our fullest endorsation to such a condition of affairs. You are a prominent illustration of the principles of the Orange Association which, while maintaining independence of thought and respectful freedom of speech, concedes to those who differ from us all the liberties to which we lay claim. We recognize that your "liberal heart has devised liberal things," and that you discountenance that narrowness of mind that seeks publicity in making threats and unseemly agitation. The Orange Association was born in troublous times and in the throes of war. A life of more than two centuries has brought about the day when a calm expression of what we believe to be our inalienable rights will secure in the majority of cases righteous advocacy from every quarter, far before the fanatical clamors for battle. An association that has prospered for two hundred years and is to-day stronger than ever, must have many stable and commendable qualities.

IT DOES NOT THRIVE ON BLUSTER,

nor strengthen its life by menace. Those who favor that coarse fare, can find it outside the order we represent, in organizations that are born to meet a lingering death. We are glad that you have emphasized the fact that Orangeism is not an enemy to any man or body of men, but is the conservator of, and pleader for the freedom of human conscience and civil liberty and equality. While these tenets remain in our historic creed the association shall live and prosper. These are man's God-given rights, revealed to us in the Holy Bible, which we honor, as well as in our own hearts. Our welcome to you is the more cordial because of your pronounced sentiments at the Triennial Council, as to maintaining the integrity of the British Empire. We are united in believing that the little troubled Isle, which has claimed the attention of the world for many years, has more to fear from the rule of some of her own misguided sons than from the impartial rule of the British Crown. The voices of assemblies, synods and conferences throughout her bounds have spoken with no uncertain sound, and are now soliciting the sympathies of the whole Empire, lest the old bond of union which has existed so long and has been so fertile in good, should be broken. So deeply do the Protestants of Ireland feel their danger in common with many loyal Roman Catholics that from houses of prayer all over the land and from thousands of family altars ascend the fervent prayers to God's throne of grace that they may be preserved from the faintest semblance of political separation from the United Kingdom. We are grateful for your sympathy, as expressed, both in the old land and in this country, with a question so vital to all true loyalists. The interests of the Loyal Orange Association are the common concern of all, who, through conviction, bear the name of Protestant, and

THESE INTERESTS IN NO WAY CONFLICT

with a peaceful residence among our Roman Catholic fellow citizens, with whom we freely unite in building up a great and mighty country, that shall be the strength and glory of the British throne. "Dieu et mon droit," is no party claim, but the legitimate heritage of all good men. That is all that the Orange Association contends for, and when men of every religious faith and every political tendency take their stand on that impartial plat form, there shall dawn upon our beloved country the bright forecast of a better day. As children of one Almighty Father, and inheritors of the promises by union with His Son, whose heavenly heralds proclaimed "peace on earth and good will to man," we shall endeavor to live the sentiments and principles we profess, "that others seeing our good works may glorify our Father." When our lives agree with our constitution there shall be no grounds for reproach from those who differ from us. May the blessings of our common Lord rest with you, your wife and family, and may your exalted position in the state and in our association only fit you the better to carry on the good work you have so auspiciously begun, so that, in promoting the peace and prosperity of the land of the "Maple Leaf," you may rightfully claim a very considerable share. In the name of the members of the Orange Association of Montreal, we bid you a sincere and enthusiastic welcome.

Signed on behalf of the committee.

WM. J. SMYTH.

Mr. Wallace, who was received with tremendous applause, then spoke as follows:

'Mr. Chairman, Ladies and Gentlemen,—It has been said that the Orange Association is rising year by year to a higher plane, and I think this magnificent audience is ample evidence of that fact; but more, it is also an evidence that we have not only been educating ourselves, but we have also been educating those who are not ourselves, in these matters. The lesson has been learned, I think, here in the city of Montreal and elsewhere, where it had not been learned before, the lesson of toleration—the lesson that Orangemen themselves preach, and which, I think, we practise. That is, while we demand for ourselves the fullest liberty, the fullest freedom, we are ready to concede that to every man in this country, and, Sir, we would be unworthy of the name of Orangemen if we denied to others the rights which we claim, and which we insist we shall have, for ourselves. When I view this vast assemblage, I am filled with feelings that I cannot adequately express to-night. I feel, Mr. Chairman, that, though my first allegiance should be to my old friends in West York, who have stood by me in every emergency from boyhood up; I feel, Sir, that my first allegiance was due to them; but, when I come here to-night, I feel, Mr. Chairman, somewhat like that illustrious Irish poet who wrote 'How happy could I be with either were t'other dear charmer away.' My feelings are somewhat similar to-night. Your welcome home to me is most acceptable. Our Triennial Council of the Orangemen of the World, had its great meeting in the city of London, England. We had there great opportunities, of which we availed ourselves to the utmost, of seeing the magnitude of the great British Empire; but, sir, after viewing that city, after seeing the greatness of Great Britain, after walking round those walls, which will ever be memorable in history; after viewing the battlefield of the Boyne, where our civil and religious liberties were secured to us, I have come back to Canada no less a Canadian, but prouder of our own country than I ever was before. Mr. Chairman, you referred in this address to the meeting that we held in London. It was indeed a most notable gathering. We had there men from Scotland and England, as well as from the birth-place and the cradle of the Orange Association, Ireland, as well as representatives from all the colonies. We had there the men who had fought the battles

IN OPPOSITION TO HOME RULE

in Ireland, the men who went boldly forth to battle. Some years ago both political parties were inclined to yield to the power which the Irish party wielded. We found those men ready to resist to the last a home rule which would lead to the disruption of the empire, and to prevent any man from shifting his allegiance from the Queen of England upon her throne to any other person. And it is to their persistence and their courage that the centre of the Empire is to-day intact, and that the strongest probabilities in the future are that this Home Rule scheme, which is contrary to the best interests of this British Empire, will never become an accomplished fact. We had at that council the illustrious William Johnston; M. P., of Ballykilbeg; we had Colonel Saunderson, M. P., the war horse of the Orange Association in Ireland; we had Colonel Waring, M.P., Grand Master of England, and other notable and illustrious men, to assist in the deliberations of the Triennial Council, to consolidate and unify the Orange Association which is calculated to-day to do more for the country than ever before. Allusion has been made, Mr. Chairman, to my position in the Government of the Dominion of Canada. Sir, I never hesitated to take a position in the Government when asked to, and I did not care what any man's religion was if he governed the country on constitutional lines regardless of the race or creed to which he belonged. Orangemen want no favors in this country or in any other. All they ask is that this country be governed on constitutional lines; that no church, no section, no body, shall receive favors that will not be granted to any other class of the community, and as long as the Government governs on those lines it deserves the support of every patriotic citizen. I was reminded, in our Triennial Council proceedings, of the fact, and I mentioned it in my address to the Council, that this Orange Association is leading the way in political matters."

He pointed out how our Federal System was modelled on the system of organization of the Orange Order, and how the idea of the recent inter-colonial conference had been suggested by the Orange Triennial Council.

"May we not hope," he continued, "that this Triennial Council, followed by the council in the city of Ottawa, for the same purpose, may result in

A GRAND IMPERIAL FEDERATION,

binding them closer in the bonds of unity and making that British Empire, which is our pride to-day, stronger, firmer and more calculated to ensure peace and prosperity to all the world."

He referred to the continued prosperity of the Orange Order since its foundation two hundred years ago, as evidence of the righteousness of its aims. He defended the organization from charges of fanaticism and bigotry, pointing to the constitution to bear him out. He said he had assured his brethren of the Triennial Council of Canada's loyalty and her determination to resist all efforts to break the tie with the Motherland. He had also recommended Canada to intending emigrants.

When Mr. Wallace had concluded, the chairman remarked that if Mr. Laurier himself had been there he would have been proud of Mr. Wallace, whom he opposed in the House.

Mrs. Campbell Schaefer then sang some songs, which were enthusiastically applauded.

The Rev. Mr. Dixon spoke briefly. Though not an Orangeman himself, he strongly approved of the

TO REMAIN IN CANADA.

MAJOR-GENERAL HERBERT IS NOT TO BE RECALLED.

Neither Will He Forfeit His Right to Command in the Grenadier Guards—A Change in the Programme.

[BY CABLE FROM THE STAR'S SPECIAL CORRESPONDENT IN LONDON.]

LONDON, August 30.—I have the authority to say that the War Office will not call upon Major-General Herbert to vacate the command of the Canadian militia; nor will he forfeit the right to the command of the battalion of the Grenadier Guards by remaining in Ottawa.

The report published in the *World* and cabled to the STAR, while justified by the facts of the case at that period, does not hold good now, in view of the determination on the part of the authorities herewith given.

WILL IT PAY?

Some Figures That Have a Bearing on the Fast Atlantic Line.

The London *Times* of August 21 has a long article dealing with the through fast Atlantic service. After pointing out that the project would be a great thing for Canada in every way, a good thing for the Empire and a good thing for intercolonial trade, it points out that the English public regard the scheme with doubt, rather than disapproval. Touching upon the objections urged, the paper dismisses the dangers of the route as disposed of already, and treats of the financial objections in the following manner:

The financial prospects of the scheme are doubtless of first importance, and they are difficult to forecast. Lord Jersey asked at the Conference for figures which might assist him in forming some estimate of probable cost. He was told that the first capital required for the nine steamships to be employed on the Atlantic and Pacific portions of the line would be £3,000,000 sterling. This left the working expenses and the profits still entirely vagie, and some estimate of what they may be expected to amount to is essential if we are, as Lord Jersey suggested, to endeavor to render ourselves sure that any company undertaking the contract will be in a position to fulfil its obligations. Such an estimate can only be arrived at on the supposition of some moderate measure of success. Assuming that the vessels when built are of the steaming and carrying capacity promised, assuming good management and the consequent satisfaction of the travelling and trading public, it is possible on the present returns of trade and traffic to make a rough calculation of probable revenue and expenditure. Exports estimates have been made both in London and Canada at various times for other projected lines, and we shall probably be not far wrong if, following them, we take some such summary of figures as follows:

REVENUE.

Outward Journey.

Passenger fares calculated at 60 per cent. of the passenger-carrying capacity of the vessels	£6,100
Freight 900 tons weight at 10s	£450
Freight 480 tons measurement at 30s.	720
	1,170
	£7,270

Homeward Journey.

Passenger fares as outward	£6,100
Freight	1,000
	£7,100

Total revenue on each complete voyage. £14,370

EXPENDITURE.

4000 tons of coal at 16s	£3,200
Wages	2,500
Dock dues	1,000
Feeding	1,020
Stevedoring	200
Insurance	1,500
Depreciation and commissions	4,000
Management office expenses, advertising	1,000
	£14,420

The figures must, of course, be taken as merely approximate. A very slight recasting of the estimate would work out at a trifling profit instead of loss. Indeed, a second estimate, based on somewhat different calculations and arriving at very nearly the same result, summarizes the expenditure for the year at £520,000, and gives the estimated earnings at £576,000, thus showing an apparent surplus of £56,000. Both estimates leave subsidies out of count and both are for the Atlantic portion of the line alone. With regard to the Pacific portion, it has been found by experience that with the insufficient number of steamers now on the line trade has increased steadily from three months to three months. It would be manifestly unwise to attach too much importance to any such calculations as have been quoted. All that they can be said to do is to give a general idea of the commercial possibilities of the scheme, and as they stand they would seem to show that there is a substantial prospect of success if the subsidies asked for be granted for ten years. This was the limit fixed by Mr. Huddart when he was examined before the Conference. The Imperial subsidy, if granted, will be granted, as he pointed out, strictly in return for service rendered, and the whole scheme is based on the anticipation that the development of commercial and other intercourse between different parts of the Empire, which increased facilities for communication are likely to promote, will, within the coming decade, justify the line as a financial creation.

The Path of the Flames.

CHICAGO, August 30.—From Bay City, Mich., comes a report that the forest fires north of there are spreading; and in northwestern Wisconsin the aggregate loss is three millions of dollars. Prentice is again threatened; Vesper, as reported in the STAR yesterday, is destroyed and twenty families are homeless; Mason City is in the track of the flames, and Lafayette and Phillips and their surroundings are in a pitiable state. In fact, between Chippewa Falls and Spooner the country is a sea of flames. The railroads are suffering heavily. In the upper peninsula of Michigan, in the lumber region, a similar condition exists.

HELENA, Mont., August 29.—The town of Elliston, on the Northern Pacific Railroad, was destroyed by fire early this morning. The only building left is the post office. Loss, $100,000.

VANCOUVER, August 30.—There are serious forest fires raging in Vancouver Island.

The Kow Chung's Sinking.

LONDON, August 30.—A despatch from Shanghai to the *Times* says the Japanese newspapers published at Shanghai have ceased their efforts to palliate the act of sinking the Chinese transport, Kow Chung, and, in despair of convincing its readers of the justice of the act, demands a special court martial of the commander of the Japanese cruiser Naniwa, which, the papers believes, will show that officer's action was strictly within the limits of civilized warfare.

A Japanese government agent has bought 200,000 needle guns of the old type in Vienna, and is said to have had most of them shipped to Amsterdam, whence they will be carried to Yokohama.

Drowned in Rideau Lake.

SMITH'S FALLS, Ont., August 30.—(Special.)—James Allan, one of Smiths Falls' best known young men, was drowned in Rideau Lake between 11 and 12 o'clock last night by the upsetting of his canoe, while crossing to Portland.

Will Banish Vice-Consul Hatch.

NEW YORK, August 30.—The *Herald's* special from Managua says: The Government of Nicaragua has decided to banish British Vice-Consul Hatch and nine other Bluefields prisoners. The edict was issued yesterday morning. The American minister, Baker, has entered a protest on behalf of the American prisoners, against these proceedings, on the ground that it is contrary to treaty and to the constitution and the laws of Nicaragua; that the men Patterson, Ingram, Taylor and Brownrigg, state prisoners, should be sentenced without trial and without being allowed to make any defence.

POSSIBLES AT OTTAWA.

Color-Sergt. Skedden of the 13th Battalion Wins the Grand Aggregate.

[SPECIAL TO THE STAR.]

OTTAWA, August 30.—This morning opened with a fine light and a steady light left wind blowing across the range. The match was the heaviest of the meeting, the Kirkpatrick, ten rounds each at 500 and 600 yards. At the first range the shooting was terrific, and 47s and 45s were common. The man to come back with the highest score was Captain Moore, of the 20th Halton, with a sighter of a bull and ten on his score. Sergt. Drysdale, of the Prince of Wales Regiment, came back with 49, and Gr. J. C. Chamberlin, B. C. G. A., late of 43rd battalion, put on a similar score to Moore's. At 600 a steady run of bulls also came in and the match was the best shot of the meeting. The Gatling gun arrived this morning and will be fired this afternoon with the Maxim of the Victoria Rifles. Notices were posted this morning that the MacDougall and Hamilton Powder Company matches will not count in the grand aggregate, but, according to this, they will come in in the nursery aggregate, which is considered a peculiar decision. This matter is still causing bother and this morning a petition was in circulation to put both in all aggregates. Hon. Mrs. J. C. Patterson received this afternoon in the Minister of Militia's tent, and Mrs. Col. Henshaw in the President's tent. The G. G. F. G. band were in attendance. Isaacs, of H. M. S. Blake, is much better this morning, but the doctor would not allow his removal from the Brunswick Hotel to the range this afternoon. It is hard luck, as he stood well up in the aggregate.

The grand aggregate will not be declared until late this afternoon. Col.-Sergt. Skedden, 13th Batt., however, leads with 319; Lieut. Thomas Mitchell, 12th Batt., is second with 318, and Captain W. A. Jamieson, 43rd Batt., third with 315. In the Canadian Military Rifle League aggregate Lieut. Thomas Mitchell, 12th Batt., wins the big cup with 255. Next in order come Pte. Hayhurst, 13th, 252; Col.-Sergt. Skedden, 13th, 250; Pte. Rolston, 37th, 248.

KIRKPATRICK MATCH.

This match is for a challenge cup, presented for annual competition by Lt.-Col. the Hon. G. A. Kirkpatrick, Lt.-Governor of Ontario, and ex-President of the D. R. Association, and $701 added by the Association. The individual prizes are open to all members and associate members of the Association. The challenge cup and team prizes open to teams of five officers, non-commissioned officers, or men who are efficient members of the active militia, from each of the military districts of Canada, whose names shall have been given in writing to the secretary of the D. R. A., not later than 4 p.m. on Wednesday, August 29. The ranges are 500 and 600 yards, 10 rounds at each range. Four team prizes and 90 individual.

INDIVIDUAL PRIZES.

	Pts.	Prze.
Gunner J. C. Chamberlin, B. C. G. A.	95	$20
Sergt. W. R. Inman, 30th	94	15
Lt. T. C. Boville, 43rd	93	15
Lt. W. C. King, 45th	92	12
Pte. T. A. Bertram, 13th	92	12
Captain F. H. Ross, 13th	92	12
Lt. A. D. Cartwright, 47th	92	12

The following won $10 each: Lieut. B. R. Burt, 93rd, 92; Capt. R. Dillon, R. L., 91; Sergt. J. Drysdale, 1st P. of W., 91; Pte. W. S. Black, 78th, 90; Sergt. R. J. Davidson, 8th, 90; Corp. Windatt, 10th, 90.

RICHMOND FAIR.

It Is Booming in All its Departments To-day.

[SPECIAL TO THE STAR.]

RICHMOND, August 30.—The Richmond County Agricultural Fair opened to-day under the most favorable auspices. The exhibits, in every department, greatly surpass in number and quality those of former years. The attendance was large and orderly. It is a real farmers' Fair and has not yet degenerated into a circus performance with an agricultural annex. The races of the Richmond Driving Club and music by the Richmond brass band and Clapin's harmony band of Sherbrooke, together with a few innocent side-shows contribute the required amount of variety to relieve the monotony. No gambling of any kind is allowed. Mr. James Mairs, the veteran president of the Society, and Mr. John Ewing, jr., its secretary, have worked early and late for its success, and they have made it one of the best county shows in the province. Mr. Milton McDonald, M.P.P., representing the Council of Agriculture, was surprised at the extent of the exhibition. The beautiful grounds are in every way adapted for the purpose and the race track is in excellent condition. The main building has been given up to the exhibit of fruits, cut flowers, house plants and vegetables. Every nook and corner is taken up, and this building is the best on the grounds. The floral designs and cut flowers are superb and equal a metropolitan show. In the industrial building the article of needle and fancy work occupy the whole of one side. The exhibit of horses is not as numerous as it might be. Mr. G. K. Foster and Mr. C. C. Cleveland, of Danville, and Mr. J. H. Lane, of Richmond, have several grand animals of thoroughbred stock. The cattle, both full blood and grade, are far above the average. Danville comes to the front with Mr. A. McCallum's fine Ayrshire herd of twenty animals and Mr. J. N. Greenshield's herd of pure strain Guernsey cows. Messrs. C. C. Cleveland and H. J. Elliott, also of Danville, have a splendid lot of pure Durham stock. Mr. Joseph Bedard, M. P. P., exhibits a large number of thoroughbred Hereford cattle, whose immense size attract much attention. To-morrow will be the big day of the Fair.

AYERS FLAT, Que., August 30.—(Special.)—The annual exhibition of the Stanstead County Agricultural Association was opened at this place yesterday. The attendance during the day was somewhat above the average for the first day. The exhibits in the live stock department, with the single exception of horses, are the most extensive as well as the best for several years.

ROUGEMONT SENATORSHIP.

[SPECIAL TO THE STAR.]

ST. HILAIRE, Que., August 30.—The appointment to the senatorship for the district of Rougemont, made vacant by the death of Senator Chaffers, is creating more or less speculation here. The name of Mr. Bruce F. Campbell has been brought forward in this connection in quite a striking manner. Despite the fact that Mr. Campbell is a Protestant and an English-speaking Canadian, two largely signed petitions, one from St. Hilaire and the other from St. Jean Baptiste, have been forwarded to the Premier, setting forth Mr. Campbell's claims and asking his appointment. The signers are all French Canadians. Among those who advocate Mr. Campbell's appointment are: E. Poulin, ex-M. P. P. for Rouville, the Mayor of St. Jean Baptiste (a Liberal), and Rev. Mr. Laflamme, curé of St. Hilaire. A number of Liberals have also signed the petition in Mr. Campbell's favor.

Another Richelieu Accident.

QUEBEC, August 30.—An accident occured to the Richelieu and Ontario steamer Saguenay this morning. Her shaft was broken. She was taken in tow by the steamer Carolina of the same line.

No Yacht Race To-day.

LONDON, August 30.—The yacht race at Yarmouth will take place to-morrow instead of to day, as announced.

The Execution of Abbe Bruneau.

PARIS, August 30.—The President, Casimir-Perier, refused to remrieve the miserable priest Bruneau, who was guillotined. Dominique, the counsel who went to Paris to request his pardon, was maltreated by the mob at Laval on his return. The death of the recreant priest was greeted with cries of "bravo!" from the assembled thousands of spectators. Abbé Bruneau was attended to the guillotine by a Roman Catholic clergyman, who performed the usual religious ceremonies. The criminal died with great bravery and betrayed no emotion.

BLUE JACKETS AT QUEBEC.

Reviewed on the Plains of Abraham—Magicienne and Canada Off for Bluefields.

[SPECIAL TO THE STAR.]

QUEBEC, August 30.—The blue jackets and marines of Her Majesty's Ships Blake, Tourmaline and Partridge, now in port, gave an exhibition of their drill this morning on the Plains of Abraham.

They were escorted to the parade ground by the bands of R. C. A. and H. M. S. Blake. At ten o'clock Vice-Admiral Sir J. O. Hopkins, K.C.B., accompanied by Lieut.-Governor Chapleau, Major Sheppard, A.D.C., and Flag-Lieut. Sandman, R. N., Lady Hopkins and Miss Hopkins and several Quebec ladies, arrived upon the parade ground and were received with a salute. The men were then put through the usual manoeuvres. The feature of the day's review was the skirmishing exercises. The goal was defended by two companies of marine infantry a detachment of marine artillery, two companies of blue jackets and one 9-pounder gun. The attacking forces consisted of 4 companies of blue jackets and three 9-pounder guns. The defence finally capitulated and the men then reformed column and returned to town.

H. M. S. Magicienne and Canada have been ordered to Bluefields, Nicaragua, and steamed out of port for that place via Halifax yesterday, the former at 9 a. m., and the latter at 3 p. m.

FUNERAL OF MR. GOULD.

A Large Attendance of Prominent Business Men.

The funeral of the late Mr. C. H. Gould took place from his residence, 267 Mountain street, this afternoon at 3 o'clock. Mr. Gould was one of the founders of the Mendelssohn Choir, and the members of that Society sent a beautiful floral harp with a broken string in token of their loving memory. There were many other beautiful floral tributes. The funeral service was conducted by the Rev. S. S. Seward, of New York, of the Church of the New Jerusalem. There were no pall-bearers. The chief mourners were the son and the four brothers of the deceased: Mr. C. H. Gould, jun., Mr. N. W. Gould, Mr. Joseph Gould, Mr. Edward Gould and Mr. O. M. Gould, also his nephew, Mr. C. Capon. There was a large attendence of sympathetic mourners.

CORN EXCHANGE RESOLUTIONS.

A special meeting of the Corn Exchange was held at 12.45 to-day for the purpose of passing a resolution on the death of Mr. Charles H. Gould. Mr. D. G. Thomson, President of the Corn Exchange, was in the chair. It was moved by Mr. W. W. Ogilvie, and seconded by Mr. Hugh McLennan:

That the Montreal Corn Exchange Association hereby records the keen sorrow felt by its membership at the death of Mr. Chas. H. Gould, one of its oldest and most distinguished members. That Mr. Gould's services to the Association, dating from 8 December, 1882, when he attended a meeting held for its organization, have been valuable and have contributed largely to its success. He was a member of the Committee of Management in 1872, 1873 and 1876, president in 1874 and 1875, a member of the Board of Review from 1883 to the present date, and its chairman from 1884 to 1892. That as representative of the Corn Exchange Association on the Board of Harbor Commissioners, to which office he was elected in August 1875, he discharged its duties so faithfully and with such acceptability to his constituents that he was retained therein until his death, having been re-elected in 1879, 1883, 1887 and 1891. That as the head of one of the oldest milling firms in this city, he won from all who had business transactions with him the highest respect and regard, which followed him when a few years ago his firm retired from business. That Mr. Gould's cultured, genial disposition and charm of manner endeared him in a special way to the members of this Association, by whom his death is most sincerely mourned and by whom his memory will long affectionately cherished. That this Association tenders its sincerest sympathy to the brothers of the deceased gentleman, and also to other members of the family.

Mr. Ogilvie, Mr. McLennan, Mr. James McShane, Mr. Edgar Judge, Mr. R. M. Esdaile and Mr. John Torrance all spoke of the sterling qualities of Mr. Gould. It was decided to adjourn the Corn Exchange for this afternoon to allow the members to attend the funeral in a body. A copy of the resolution will be forwarded to deceased's relatives.

CITY ITEMS.

The death of Philippe Fiset, the boy who fell from a waggon, occurred on the 21st inst.

A portion of the wharf at Hochelaga caved in on Tuesday evening. The harbor authorities are busy repairing it.

Mr. Edward Varney will umpire the Granite-Farnham baseball match on the Shamrock grounds next Saturday.

For assaulting Mrs. Joseph Thibault, on the 31st of July last, Judge Desnoyers this morning fined Henry Meeks $25 or two months.

Mr. Collingwood Schreiber, Deputy Minister of Railways and Canals, spent the forenoon at the Canal office on departmental business.

The officers and members of Ingomar Lodge, No. 2, K. of P. will tender a reception to the local brethren in Federation Hall, this evening.

A survey of the yard of the Canadian Pacific Railway between Dalhousie Station and Hochelaga is being made. This is the first complete survey made of this work by the Company.

Dame L. A. B. Parent, widow of Elias Grenier, has entered an action for $6000 damages against A. Delisle. Her husband was killed while unloading baled hay on the wharf for Mr. Delisle.

Early yesterday morning an alarm was sounded for a fire in F. Pelland's stables, No. 318 Visitation street. The stable containing five horses and other valuable contents were entirely destroyed.

Mr. O. Jutras' grocery store at No. 1082 Mignonne street was burned on Tuesday. The alarm was sounded from box 128, and the fire was well under way when discovered. The building was considerably damaged and the stock destroyed.

Mr. Leclaire, of the Brokers' Lunch Room, was injured on Tuesday evening while attempting to cross from an electric car to a trailer. He missed his footing and came very near being killed. As it was, he received bruises that will keep him confined to the house for some days.

BIRTHS.

CORNISH—At Iberville, August 27, a son to Mr. and Mrs. G. W. Cornish.

DEATHS.

MUNDAY—Died, on the 30th instant, after a long and painful illness, Edward Munday, aged 40, brother of C. H. Munday, inspector and weigher of New York Produce Exchange. Funeral will take place from Hotel Dieu Hospital on Friday, 31st instant, at 8.30 a.m. Members of C. M. B. A. Branch No. 1 are respectfully requested to attend. (New York papers please copy.)

THE WEATHER.

11 a.m.—Probabilities for the next twenty-four hours: Some local showers; otherwise fair; not much change in temperature.

Maximum and minimum temperatures during the past twenty-four hours: Edmonton, 74, 44; Calgary, 70, 44; Battleford, 74, 42; Prince Albert, 72, 42; Qu'Appelle, 74, 44; Winnipeg, 76, 46; Port Arthur, 66, 46; Medicine Hat, 76, 46; Toronto, 66, 56; Kingston, 66, 54; Montreal, 64, 52; Quebec, 66, 48; Halifax, 74, 54.

August 30, 1894.

Sun rises,	5.18 a.m.
Sun sets,	6.41 p.m.
Moon rises,	4.39 a.m.
Moon sets,	6.58 p.m.
New moon,	30th Aug.

INVESTIGATION AT MONTREAL GAOL

ORDERED BY THE ATTORNEY-GENERAL.

Mr. Alexandre Jodoin Is Appointed a Special Commissioner With Power to Take Evidence Under Oath.

The Provincial Government, through the Attorney-General, has ordered, as recently intimated in the STAR, an investigation into the administration of the Montreal gaol. For this purpose they have appointed Mr. Alexandre Jodoin, of the law firm of Jodoin & Jodoin, a special commissioner to conduct the investigation. The commission states that the commissioner is appointed by virtue of section 596 of the Revised Status of Quebec, but no particulars are given as to the nature of the charges made and which are to be investigated "in the public interest." Mr. Jodoin said this morning that he had not been made acquainted with the charges, but expected further instructions before proceeding. These he expected very shortly. He had reason to believe that the Attorney-General was desirous of making the investigation a searching one. Evidence would be taken under oath. When Governor Vallee was seen this morning he said he had received no official notification that an investigation would be held. The announcement has caused considerable

INTEREST IN POLICE CIRCLES,

more especially as it follows the expressed intentions of Mayor Villeneuve to look into the civic end of the organization. It has been known for some time past that the Attorney-General has been anxious to effect various reforms in the institution, which is not what it should be. The building itself is much too small for the number of prisoners which it is called upon to accommodate, and over-crowding generally follows. The authorities have repeatedly been obliged to remove whole batches of prisoners to other districts. It has been suggested the residence of the Governor should be removed elsewhere, as it takes up considerable space which is needed. As far as the new wing is concerned only the basement has been constructed and a temporary roof erected. The boilers have been placed in this new structure. It is understood that the Government have given up the idea of erecting a new gaol on the land purchased for that purpose at Sault au Recollet by the former administration, and that the site is now on the market. Prison reformers hope that the enquiry will result in much needed improvements regarding the classification of prisoners in the gaol.

COMPTROLLER OF CUSTOMS

Listens to the Grievances of Montreal Merchants.

The Honorable Mr. Clarke Wallace, Comptroller of Customs, spent to-day in one of the snug offices of the Customs House. Here he held a reception, to which many of Montreal's merchants came. Around the door of the room there was a distressing air of solemnity. The clerks talked in whispers and walked along the corridors on their tip toes. The guard on duty raised a reproving finger at any one of the weary waiting crowd who attempted to speak in ordinary tones. Inside the room sat the Comptroller, smoking his straight cut at intervals, and evidently oblivious of the sufferings of the silent crowd waiting their turn outside the door. There was a constant stream of merchants from ten o'clock until the afternoon when the Minister took his leave. A STAR reporter, after waiting his turn, was ushered into the Controller's presence. Mr. Wallace was in fine humor. He was pleased with the results of last evening's demonstration in his favor. He never contemplated seeing such a big crowd. Speaking of Customs matters, he said there had been some grievances brought to his notice today, but they were not so serious but that he was able to rectify most of them. Others he would decide on his return to Ottawa. Everything was going on smoothly in the Customs House, and he was perfectly satisfied with all he saw. Mr. Wallace leaves for Toronto this evening.

REGISTRATION OF VOTERS.

The Number of New Applications Not as Large as Might be.

The registration of voters for Dominion electoral lists, which was commenced a month ago, is not proceeding as satisfactorily as might be expected. That much has been learned from the various revising barristers appointed for the city and island. The main cause of this is attributed to the fact that many people were away on their holidays, and that the organizations of both political parties are not moving in the matter. If anything, the Liberals so far seem to have done the most work. Messrs. Tarte, Bouchette, Gelinas and Walker have so far been most conspicuous in the work, but it would seem that much more remains to be done. A leading Conservative stated today that he had heard that the party intended opening up a special office to look after the registration of the young men, but that there appeared to be some delay. The barristers will accept applications until the end of October, but the final revision will not take place until February. Mr. P. X. Perros, the revising barrister for St. Mary's division, stated so far only about thirty persons had applied to have their names put on the list. In St. James' division only one hundred new names have been added. In St. Lawrence and the two other divisons many more applications might be made if many of those who are qualified only took the trouble of calling upon the revising barristers.

French Warships Coming.

The French flagship La Maiade, of the North Atlantic squadron, commanded by Vice-Admiral Maigret, and her two consorts passed Father Point at seven o'clock this morning inward. They are expected to reach Quebec to-morrow. The Exhibition Company expect to have them there during the fair. Monsieur Kleckzowski, the French Consul General, who was in the city yesterday went down to Quebec last evening for the purpose of receiving the Admiral. The ships are expected to come up to Montreal, but the date has not yet been fixed.

French Canadian Societies to Unite.

For some months past the various patriotic and benevolent French-Canadian societies in this province have been thinking seriously of federating. Committees were appointed some weeks ago to discuss the question more fully. They have now completed their labors and this evening a united gathering of all French Canadian organizations will be held in the Monument National for the purpose of taking definite action. The President of the St. Jean Baptiste Society, Mr. L. O. David, will preside.

His Hand Was Amputated.

Joseph Delfourne, aged 58 years, laborer, of No. 9 Chambord avenue, met with a painful accident at Guilbault's stone yard, No. 140 St. Famille street, at half-past seven this morning. His left hand and leg were badly crushed between two heavy stones. It was found necessary to amputate the hand at the Notre Dame Hospital, where the man now is.

Crushed by a Load of Stone.

Joseph Mairie, aged 41, of No. 182 Richelieu street, was badly crushed by a load of stone tumbling on him at Clendinneng's foundry, St. Henri, yesterday afternoon. He was taken to Notre Dame Hospital, where he is reported as doing well.

Bumped on the Rocks.

The ferry steamer Island Queen, which runs between the city and Longueuil, bumped on the rocks six times on her passage over this morning. This occurred when the boat was about opposite the centre of St. Helen's Island. The passengers got badly frightened. Some of them started to undress, fearing they would have to swim ashore. The boat, however, reached her wharf in safety without having sustained damage of any consequence. The water is so low in the river at present that scarcely a day passes but one or more steamers touch bottom around the harbor.

NORMAN MURRAY IN GAOL.

The Fine Imposed by the Recorder Was Not Paid.

Norman Murray is behind the bars of a prison cell. A STAR reporter met Mr. Murray leaving his store on Beaver Hall Hill last evening, in company with a stalwart officer, who appeared somewhat unnerved by the wild volley of Gaelic that Mr. Murray saw fit to pour out upon the unfortunate official. The reporter stepped into his store, where it was learned that the official had entered solemnly and demanded the fine. "Oh no you don't, quoth Mr. Murray. We'll go and see my lawyer." And off they went. But as was learned this morning the appeal to the lawyer was unsuccessful and off the couple went to the gaol. An appeal from the Recorder's Court must be made within ten days of the judgment—an interesting fact of which Mr. Murray seemed to be entirely ignorant.

The clerk of the Recorder's Court

DID NOT PRESS THE FINE

on Mr. Murray at the conclusion of the ten days, but at the fifteenth, yesterday, his patience became exhausted with the above results. Mr. Murray published a circular in which it mentioned that he had engaged for his defence the services of three lawyers, an Irish Catholic, a French Catholic and an English Protestant. Mr. Art. Globensky, represents the French section, Mr. Robert C. Smith, of McLaren, Leet & Smith, the English, and Edmund Guerin, the Irish division, were mentioned. Mr. Murray declared to Mr. Globensky that he had retained Mr. Smith in the case and was about to retain Mr. Guerin. Mr. Smith stated this morning he had been consulted once or twice by Mr. Murray on the case, but had not been regularly retained as his adviser, and up to date Mr. Guerin had not been approached by Mr. Murray. Mr. Globensky remarked this noon that in his conversation with Mr. Murray the latter had given him the impression that all the necessary details in the appeal had been arranged by his other advisers, whereas Mr. Smith was much surprised this morning when informed of the imprisonment. Mr. Globensky had stopped in at Mr. Murray's store yesterday and had talked on the case. At his store, this morning, the information was a great surprise. Mr. Murray had been expected back from his lawyer shortly after he left. At his home, 25 Victoria street, no word had been received, and the landlady was of the impression that he had been out of town during the night.

THE COHEN CASE.

Further Evidence Concerning the Coal Contract.

The examination of witnesses in the case of Cohen & Co., petitioner for mandamus to compel the Mayor to sign the coal contract, was proceeded with this morning.

Mr. Adolphe Davis, Superintendent of the Water Department, stated that he had signed the call for tenders under instructions of the Water Committee. He had insisted upon tenders complying with specifications. It had been intended that coal supplied should be screened in Montreal. Witness did not know that Cohen's was the only tender which provided for screening in Montreal. He had received orders from the Mayor to refuse delivery of coal sent by Messrs. Cohen & Co. under the contract. Witness had never told the Mayor that the contract had been irregularly awarded. Coal screened at the mines would be as good as coal screened in Montreal; but it would not be in accordance with tender. Coal screened at the mines would be shipped here by boat, and would possibly deteriorate in transit. Cross-examined, witness stated that the department was purchasing coal, as needed, from Cohen & Son, pending settlement of the present case, at $3.59 per ton, while the contract price was $4.35. Witness had not been consulted with reference to the contract. Re-examined by Mr. Davis, he stated that the coal now being supplied the department was not screened on the wharf; nor did the vendors agree to accept risk of spontaneous combustion, as the contract would compel them.

Mr. Frank Dowd, secretary of the Water Committee, testified that, as far as he knew, it was not usual to take bids the appropriations before awarding contracts.

Mr. Lyon Cohen, one of the firm of Cohen and Son, was next called. Mr. Ethier objected to the examination of the plaintiff and the objection was reserved. Mr. Cohen said that the delivery of the coal required by the specifications would take about fifty days.

Alfd. M. F. Nolan was the next witness. He had been present at meetings of both Water Committee and Council on July 10. The question of the supply of coal was an urgent one. The Mayor had consented to the holding of the Water Committee meeting on July 10. His Worship had told witness to call the committee meeting an hour before the other. In any case the Mayor's consent was not necessary. The Mayor had never made any protest about the Water Committee meeting on the same day as the Council. The contract had been awarded to Cohen & Son because theirs was the only legal tender, and there was no other reason.

This closed the enquete, whereupon Mr. Percy Ryan addressed the court on behalf of the petitioners. Mr. Ethier replied, and Mr Justice de Lorimier took the case en délibéré.

Montrealers Returning.

The holiday-making citizens of Montreal are returning from the seaside and from the backwoods in large trainfuls every day. Such is the report from the railway offices of both the big companies here. The fruit traffic has largely increased and the flowers brought in every morning and left in the flower offering baskets, shows the homecoming of Montrealers. The train traffic to the United States is particularly brisk. The Pullman cars on the Chicago train from the Bonaventure station this morning were unusually well filled.

Inspecting the Channel.

The Hon. J. A. Ouimet, Minister of Public Works, accompanied by Mr. Henry Bulmer, chairman of the Harbor Commission, and Mr. Louis Coste, chief engineer of the department, left this morning on the Government tug, John Pratt, on a trip of inspection of the channel between here and Quebec. They will return by the Quebec boat to-morrow.

Died in England.

Mr. J. T. Dillon, chairman of the Board of Assessors, received a cablegram at noon to-day announcing the death of his brother, Capt. John Hugh Dillon, at Weymouth, Dorset, England. The deceased was in active service during the Crimean War.

Monday is Civic Holiday.

The Mayor has issued a proclamation declaring Monday, September 3, a civic holiday in order to give all workmen an opportunity of participating in the big labor demonstration which is to be held on the Exhibition Grounds on that day.

Market Committee to Meet.

The members of the Market Committee will hold a special meeting to-morrow morning for the purpose of disposing of all minor matters prior to the sitting of Council, which will take place on September 10.

Mr. Gould's Probable Successor.

The name of Mr. Robert Reford is now mentioned as successor to the late Mr. Gould, on the Harbor Commission.

Complaints by Proprietors.

Several complaints have been made at the City Hall by proprietors of new buildings who, when they made application to have water services put in were refused, owing to the lack of funds in the Water Department to proceed with the work.

The city is obliged when new buildings are erected to put in water services and at its own expense. Some proprietors have been asked for a deposit equal to amount of expenses incurred in laying the water service connections. The City Treasurer stated this morning that he had heard of the complaints and that it was a mistake to suppose that the city requires proprietors to advance the money in order to get water services put into their houses, because the Council could no more appropriate that money than they could anticipate next year's revenue, and as a matter of fact the necessary funds will be advanced in the meantime to furnish all new houses with services.

RICHELIEU CO.'S EARNINGS.

A Big Increase Thus Far Over Last Year's Showing.

The gross earnings of the Richelieu Navigation Company from the opening of navigation to August 25, were $462,270.68, against $365,094.51 for the same period of last year. Showing a surplus of $97,176.17 for this year. The net earnings for July, after deducting all expenses, were $80,929.73. Up to August 24, the steamer Quebec topped the list with earnings of $73,031.61 against $55,369.73 for the same time last year. No less than $35,278.54 were received from pilgrimage excursions. The company intends building two new boats for its western lines to be ready by next season and which will have sleeping accommodation for 250 people each.

FINANCE and COMMERCE

Drift of the Market.

The tone of the local stock market to-day was not so strong as in the early part of the week. A fair volume of business was done, but at buyers' figures. The offerings are not large and this is one of the factors which tends to keep local stocks at their present figures. Were any large blocks to suddenly come on the market, the smart operators on the "street" feel a lower reaction would set in, as general business is not picking up as was supposed a few weeks ago. At the forenoon session Gas and Street Railway were the leading features. Gas were weak and rapidly declined from the opening at 165 to 163½, rallying up at the close to 163¾. Street Railway old stock fluctuated between 153¾ and 154¼, closing at 154 and declined from 150½ to 149¾. Cable Co. were firm, with business at 141¾ and Canadian Pacific were placed at 67. Richelieu declined from 84½ to 84. Electric changed hands at 120 and Telephone at 148½. Duluth Common were placed at 4½ to 5. A small amount of Corporation bonds were placed at 99. Banks were dull and firm. A few shares of Molsons sold at 167½ and Toronto at 249¾. The rest of the list was neglected.

The following were the sales: 50 Duluth at 4¾, 50 at 5; 10 Molson at 167½; 30 Bell Telephone at 148½; 10 Toronto Bank at 249½; 25 Royal Electric at 120; 175 Gas at 165, 50 at 164½, 200 at 164, 25 at 163¾, 125 at 163¾; 25 Richelieu at 84½, 25 at 84¼, 50 at 84; 125 Pacific at 67; 175 Cable at 141¾; $900.00 corp. bonds at 99; 100 Street Railway at 154, 6 at 154½, 175 at 154, 130 at 153¾, 25 at 154; 100 Street Railway (new) at 150, 12 at 150½, 175 at 150, 75 at 149½, 205 at 149¾, 125 at 149¾.
