MR AND MRS HILLIARD SINCLAIR (Andai Photo)

Anniversary for Sinclairs

Mr and Mrs Hilliard Sinclair celebrated their Golden Wedding Anniversary at their home in Shawville on Saturday, April 29, 1972.

They were married at Yarm on April 28, 1922 by Rev G.F. Lalond.

Mrs Sinclair was the former Annie Linda Howard.

Friends and relatives visited with them on that day to help celebrate the happy occasion.

Those from a distance travelled from Port Elgin, Noranda, Kirkland Lake, Beachburg, Renfrew, Arnprior, Ottawa, Syracuse and Pembroke.

Many telegrams, flowers, cards, telephone calls and beautiful gifts were received.

Five generations

Mrs John Brown, the former Mary Miliken of Shawville, celebrates her 91st birthday on May 20. Here she is with her " five generation" family. At the back are her grand-daughter Wanda, Mrs Dan Dubeau of Renfrew, her son Joey Brown of Shawville with whom she lives, and her great-grandson, Barry Dubeau of Renfrew. The little boy is Barry's son and Mrs Brown's great-great grandson, Troy Dubeau.

Happy 92nd

Mrs Anna Gload will be 92 on Friday, May 19th. The former Anna Loken, she was born in Ottawa in 1880 and has lived in various Pontiac County villages. She is the eldest member of a five generation family which includes seven daughters, twenty-five grandchildren, sixty-six great grandchildren and nineteen great great grandchildren at last count.

Last year this grand old lady enjoyed her birthday at the home of her daughter Mrs Bowen, in Shawville and took great pleasure in the visits to her on that day and the cards and messages received from her well wishers.

This year Mrs Gload will be celebrating her birthday at the home of another daughter, Mrs McCallum in Portage du Fort. We wish her the very best.

Dawn of fourth generation

Standing are grandmother Mrs John LeBrun and great grandmother Mrs Ernest LeBrun and seated are grandfather John LeBrun, his daughter Mrs Gail Raymond with baby Dawn, and great grandfather Ernest LeBrun. Great interest shown in welfare problems

Officials answer many questions

Shawville Lion Bill MacLachlan chaired a meeting in the McDowell School cafeteria Monday night which was attended by about a hundred of the responsible people of the community, all interested in learning more about the workings of the new Social Aid Act in Quebec.

Mr Ron Goudie spoke for the Social Affairs Department and was able to answer the many and varied questions put to him by all present.

First Mr Goudie outlined the new Act, explaining how it not only provides the minimum income which the Government has ruled that every citizen has a right to receive, but also how it has a built in incentive for welfare recipients to work if they can to increase their income.

Mr Goudie said that this information meeting for non- recipients of welfare was the first of its kind anywhere and he felt it was extremely useful, as did those who participated.

Mr Goudie explained that files for Pontiac recipients are all kept at Aylmer and that all checks are mailed out from Quebec. He is hoping that Campbell's Bay can become a paying office with files kept locally.

The office at Campbell's Bay is called a satellite office and occupies part of the ground floor of the Social Services Centre which houses the Outaouais Social Service offices upstairs and is the property of the Pontiac County Social Planning Council.

Mr Goudie told his listeners that the office at Campbell's Bay is open five days a week and a message phoned into the office will be dealt with either the same day or the next. If the officer for the area specified is not in that day he will receive the message in Aylmer.

There is a staff of 15 working from Aylmer office and they have a constant case load of over 1450 clients.

The specific information about amounts received by various classes of clients, depending on their marital status, number of children and so forth, was immensely useful to the many employers present as well as the Social workers and clergymen and school personnel.

It was made very clear that if a welfare recipient who is able to work is offered a job and is not willing to take it he can have his welfare payments decreased but it is not the practice of the Department to permit wives and children to suffer because of a lack of initiative on the part of a man.

The responsibilities of employers to declare all wages paid was brought up and the responsibilities of workers to declare all wages earned on their welfare check stubs was also emphasized.

During the evening the lively discussion was interrupted briefly while every one enjoyed a coffee break with donuts served by Mr and Mrs Eric Judd and courtesy of the Lions Club.

Anxious to return to the questions and answers, everyone settled down to another hour of useful information.

At the close of the evening Mr Goudie was thanked by Mr MacLachlan and received a hearty round of applause for the excellent presentation, the good natured way he answered all questions and the obvious interest he has taken in his work in this district.

Assisting Mr Goudie with some of the questions was Peter Maloin who is one of the local field officers.

They promised another meeting would be held shortly for welfare recipients and hope to have as good a turnout for this next meeting as they received for the first one. It is expected that recipients will be as anxious to know all the regulations as anyone else is.

Planning Council executive meets

The Executive of the Pontiac Social Planning Council met in Campbell's Bay at the Social Service Centre on Thursday night, May 11th. Present were the President, Rev Roland Pilon, Rev Doug Bridge, Secretary Mrs Alice Lawn, Mr Cecil Vibert, Mr Dave Mackenzie, Mr Claude Legault, and Mrs David Dickson.

Also present was the new County Social Worker, Miss Margo Belanger who was introduced and welcomed by Father Pilon. Her duties in Pontiac and other matters concerning the setting up of her office in Campbell's Bay were discussed. The grant from the Federal Department of the Secretary of State which pays the expenses of a special Social Worker for Pontiac was extended to May, 1973.

Discussion centered mainly on the three priorities in the social field which had been stated for this County at the request of the Department of Social Affairs in Quebec.

These three priorities were a medical-social centre in Campbell's Bay (which was partly a reality), a chronic hospital in Fort Coulonge, and an old folks home in Shawville.

Since no progress seemed to have been made on these priorities since they were first listed, the Social Planning Council decided that one of Miss Belanger's first duties would be to follow up on those requests and repeat them to the various officials in Quebec whose names would be supplied by our Member, Jean Guy Lariviere.

Problems of maintenance and cleaning of the Centre were resolved and a decision was made to publish the names of Ontario doctors who would accept patients from Quebec under Medicare.

This will be done as soon as the list is ready.

Fort Coulonge under "civil protection" with help of QPF

Flood caused by ice and snow in upper Coulonge River

Everyone and his mother visited Fort Coulonge on Mother's Day weekend to see all the excitement brought on by the flooding Coulonge River. But to the townspeople there it wasn't all that exciting.

In fact the hardships, personal losses and inconveniences became serious as waters rose and still rise as of today.

The Quebec Government Department of Natural Resources engineers who visited Fort Coulonge by helicopter have been examining the situation and word has come that ice and snow a hundred miles up the river is largely to blame for the situation, that and the logs of course.

Logs above the dams are causing water to spill over the dam tops and the breaking of a boom at the chute has caused a tremendous jam of logs right at Fort Coulonge village.

At the white bridge on the highway the water is almost at bridge level and the historic red bridge which is at present undergoing restoration is also threatened.

Some of the townpeople have suggested that if the old bridge were taken down the situation would be relieved but this is apparently not so. According to the engineers this would not solve the problem which stems much further upstream.

The log jam has far outreached its usual picturesque state and removing it can only take a long time, no matter how it is done. The logs belong to E.B. Eddy's.

A civil Protection committee has been going through routine practices for the past two years at Fort Coulonge and in this emergency it is putting all this practice into use. With radio and telephone communications and walkitalkie connections and with round the clock assistance of the Quebec Police Force, they are ably meeting every problem as it arises.

One particular problem met by the Police has been the excessive traffic caused by the sight-seeing public who have been hearing of Fort Coulonge's plight and want to see for themselves.

The Police are high in their praise for the civil protection teams led by Don Laporte with Gille Girard in charge of communications. Help from Emergency Measures people in Shawville and Hull has also been acknowledged.

The schools inside Fort Coulonge have been closed as have been businesses. Moving things out of flooded basements has occupied a great deal of time and energy and the town is displaying its usual spirit of co-operation.

About 14 trucks are on hand helping the Quebec Roads Department put gravel down on a makeshift road through the bush near the section known as slab town. This should be ready for use by Wednesday.

The Polyvalente which is outside the town is also closed since most of its student body comes from Fort Coulonge.

Trente étudiants visitent Edmonton

Grâce à l'appui général de la population, trente étudiants des niveaux secondaire IV et V de la Polyvalente Sieur de Coulonge pourront profiter du programme des voyages échanges mis sur pied par le Secrétariat d'Etat conjointement avec la Commission Scolaire Régionale de l'Outaouais.

Le 13 mai, ces étudiants se sont envolés vers Edmonton pour une période de huit jours. Ils seront reçus en Alberta par un groupe correspondant qui à son tour séjournera dans notre région à la fin de ce mois.

Les heureux bénéficiaires de ces voyages éducatifs sont de Chapeau: Anne Allard, Jocelyne Schryer, Juliette Lair, Debbie Allard. De Davidson: Suzanne Dyelle, Mariette Hérault. De Fort-Coulonge: Rolande Lacroix, Diane Bertrand, Lucien Laroche, Madeleine Lacroix, Marie Sauriol, Rolande Vallières, Daniel Bertrand, Mireille Francoeur, Denise Joly, Robert Bertrand. De Campbell's Bay: Léona Pilon, Michel Landry, Neil Poisson, Huguette Normandeau, Jacques Perron, Jean Bellerose. D'Otter Lake: Elise Lafleur et Keith Lance. De Bryson: Suzanne Bujold. De l'Ile-du-Grand-Calumet: Hélène Gauthier, Gabriel Lance, Chantal Pigeon, Diane Jolicoeur, Robert Griffin.

Déplacements des étudiants

Le ministère de la Main-d'Oeuvre et de l'Immigration encouragera, cette année, le déplacement d'étudiants d'établissements postse-condaires en leur donnant la possibilité de travailler, pendant les trois mois d'été, dans une région ou une province autre que celle de leur lieu ordinaire de résidence ou de travail.

Aussi, un très grand nombre de postes seront disponibles aux étudiants de la province de Québec dans le cadre de ce programme.

De ce fait, le Centre de Main-d'Oeuvre du Canada, à Hull, invite les employeurs de la région intéressés à se prévaloir des services d'un étudiant provenant d'une autre région ou d'une autre province, à communiquer avec Monsieur Jean-Pierre Hotte, au numéro 777-3814.

Four local OFY projects accepted

Sixteen Opportunities for Youth projects have been accepted for the West Quebec area, including four in Pontiac County.

Recreational and cultural projects are a travelling theatrical troupe out of Hull, organization of a recreational centre for children in Bryson, a puppet show for children in Hull, a sports and cultural activities project in Annonciation, a cultural centre in Buckingham, social and recreational programs for children in Chapeau, development of a playground for children in Gracefield, recreational activities for children and production of plays for young people in Maniwaki.

Social improvement and study projects include a survey of employment prospects, an anti-pollution campaign, both in the Outaouais (Ootaway) region which includes the five counties of Pontiac, Papineau, Labelle, Hull and Gatineau, a centre for youth activities and information on drugs at Maniwaki and a project in Shawville to collect and classify historic documents for the local history section in the town library.

Projects of a touristic value include the development of an historic centre in Gracefield, clearing and identifying trails along the Gatineau River and development of campsites and the establishment of trails and campsites at Fort Coulonge.

The amounts of the four grants in Pontiac total $ 29,410.00.

For the Pontiac projects a total of 34 students will be involved. In each case two students will sign the contract with the Department of the Secretary of State.

At Chapeau the signing members are Coleen Flemming and Carol Ann O'Brien. Their project will employ 11 students.

At Fort Coulonge Jean-Pierre Vallières and Elaine Amyotte are responsible and their project asks for 10 students.

The Bryson project will employ four and Lucille Lance and Suzanne Bujold are signers of the contract.

At Shawville Maydon Dods and Brian Harrison are the signers and the project was planned for ten students but they were asked to reduce this number to 9.

Commenting on the four projects selected for grants this summer, Tom Lefebvre MP stated he is pleased that there were four. Last year there were only two from Pontiac accepted. This is a 100% increase. He hopes for a similar increase next year.

Mr Lefebvre was very proud of the young people of his constituency in the excellent projects they proposed, both those accepted and those not so fortunate.

Off to sunny Spain

Eight girls from the Victoria Avenue High School in Shawville are planning an educational summer cruise in Europe during August. They will visit Spain, Algeria and Portugal with stops in Britain. The trip is partly subsidized by the Commission Scolaire Régionale de l'Outaouais, and those going are, back row, Lorrainne Morin, Gina Laderoute, Marie Stewart, Evelyn Rebertz, and seated Nancy Fairfield, Donna Duquet, Wendy Ward, with Sharon Bertrand at right.

GROUP WORK

For several years we have been quietly proposing th . social work within Pontiac be done on a groupwork basis. There is a great need for instruction on balancing budgets to be given to many people of restricted means, and this is just one sort of group work which would be useful here.

We are forever being made aware of the shortage of social workers, the meagre salaries they receive, the tremendous calls on their time and so forth. But still, as far as we are able to discover, they are doing all their work on a personal one to one basis, except on rare occasions when one social worker will address a club meeting.

We feel that by gathering small groups of people with similar needs into groups and training certain among them to become local leaders a lot of the time of the social workers could eventually be saved. It also would place responsibility and a measure of decision making into the hands of local people which is good for morale, community spirit and the general well-being of the individuals concerned.

Recognizing and nurturing leadership among all classes of people might seem dangerous to some "establishment-bound" officials but from here it doesn't look as if any of our country's social workers fit that pattern. We know they could carry out group work for the benefit of various categories of Pontiac people. Now we just hope they'll get going with it.

RED TAPE INEVITABLE

Everyone is surrounded by laws and regulations which they must follow and obey. This applies as much to a welfare recipient as it does to anyone.

At the meeting about welfare in Shawville Monday night it may have come as a surprise to some employers who are plagued with paper work and government inspectors to discover that even the humble receiver of welfare checks must do his share of paper work and has his own portion of red tape to unravel.

In the case of the welfare recipient there is an officer to help him with this nuisance but since each officer has about 250 clients to serve he can't do everything for everyone all the time.

So each recipient must fill out his own check stub each month and return it to the Department of Social Affairs. The envelope is provided free and addressed and even stamped so it's just a matter of filling in the stub and dropping it in a post office.

But would you believe that a great number of these stubs are not returned on time and still more are not filled in correctly? If a person has earned wages he is supposed to state that on the stub and up to a certain amount it is not deducted from his check. If a person moves or is sick or adds to his family, this is supposed to be included in information to the Department. The amount of the check is thus reviewed each month. That's the only way they keep up with everyone's real needs.

The new Social Aid Act isn't perfect. There are a lot of mistakes possible and there is also always the possibility of fraud. But the officials whose job it is to make it work are doing a monumental job. All they ask is the co-operation of the citizens.

After the meeting with Shawville and area citizens Monday night they are likely to receive the co-operation of the merchants and employers and the social workers and clergymen and school personnel.

The officer in charge of this area asked citizens in general to let him know by phone or letter of any suspected cases of defrauding the government. He said that quite often a case which looks like fraud is actually not that but he still would like to be informed so he can check them out. Names of callers are not taken, only information.

Larivière annonce des subventions

Le député libéral du comté de Pontiac , monsieur Jean-Guy Larivière, a annoncé aujourd'hui que le ministre des Finances, monsieur Raymond Garneau, ferait parvenir, au cours du mois d'avril, des sommes totalisant $2,023.05 à certaines municipalités du comté de Pontiac, soit Campbell's Bay et Waltham.

Ces subventions sont payée en guise d'impôt foncier municipal sur certains biens-fonds du government et s'appliquent à l' année d'imposition municipale précédente ou en cours selon l'exercice financier des municipalités.

Les immeubles à l' égard desquels les subventions sont attribuées, sont généralement ceux destinés au travail, à l'entreposage et à l'habitation, c'est-à-dire les édifices à bureaux, les résidences de certaines catégories de fonctionnaires, les palais de justice, les prisons, et les entrepôts. D'autre part, les terrains vacants, les laboratoires, les centres de recherche, les fermes expérimentales (sauf les bâtiments servant en totalité ou en partie à l'administration ou au logement des employés), les bâtisses destinées à l'activité culturelle ou artistique, les terrains de camping et de pique-nique, les haltes routières et divers aménagements touristiques ne font pas l'objet de ces subventions puisqu'ils sont portés au rôle d'évaluation établi en vertu du bill 48.

Les subventions qui seront ainsi versées, sont calculées à partir de l'évaluation revisée, des taux des taxes foncières générales et spéciales en vigueur dans chacune des municipalités, ainsi que des taxes d' améliorations locales levées dans le secteur où sont situés les immeubles du governement. Toutefois, le montant versé à une municipalité pour une année d'imposition ne dépassera pas 10% de ses revenus de sources locales au cours de son exercice financier antérieur.

Ce programme d'aide aux municipalités avait été confié au ministère des Finances depuis son instauration en 1966. Cependant, il sera transféré dès avril à la nouvelle direction générale de l' évaluation au ministère des Affaires municipales.

Another rabid fox was shot in Bristol Township last week. It was first noticed at Pine Lodge and finally shot somewhere in that vicinity. It would be wonderful if we could see the end of this menace as one doesn't feel safe to have children playing out and even if your dog is tied up they will tackle them unless they are in an enclosure where they can't get at them.

A lovely shower was held at the home of Mrs Hughie McDonald in honour of the former Betty Gorse whose marriage took place recently. Many lovely gifts were received and a danity refreshments served by Mrs McDonald, assisted by daughter Heather. Miss Gorse thanked every one for her gifts and invited everyone to visit her in her home in Ottawa.

Mr Robert Sharpe, formerly of Red Lake, Ont. is now working at a copper mine near Kamloops, B.C. He tells us that the country as well as the weather is beautiful.

The Deanery Quilt

The Anglican Church Women of Clarendon Deanery have just finished an unusual project.

This was the embroidering and quilting of a Deanery Quilt.

To explain: the quilt is made of squares which contain the name of an Anglican church in the deanery with the date of its opening. In some cases also the date of its closing or being discontinued appears.

The quilting was done at St Paul's Parish Hall in Shawville by expert needlewomen from the surrounding parishes and the finished product is a history of the Anglican Church in Clarendon beginning with St James in Hull, which was opened in 1823.

The six other deaneries in the diocese of Ottawa have also been busy making quilts and all seven will be on display this week at the annual Diocesan Conference in Christ Church Cathedral Hall, in Ottawa, Wednesday, May 17th.

Closeup shows the method of quilting with Mrs Kathleen Corrigan, Miss Irene Shaw and Mrs Marcelle Hodgins at the back and Mrs Beatrice Smith and Mrs Mildred Bailey in the foreground working on the St. George's Campbell's Bay corner. (Andai Photo)

Interested in recreation? Attend meeting Tuesday!

On Wednesday, May 10, 1972 a meeting of the Recreational Association of Shawville and District was held.

It was decided to hold an open meeting with no elections or jobs handed out at this time.

This meeting would be held to obtain suggestions for projects for the coming year.

As next year is centennial year, we feel this organization should be involved.

Last year the Recreational Assoc. were responsible for the cost and installation of the lights in the ball park, which were enjoyed by a great many.

This year we are working for a new project.

Does your group or friends have anything in mind?

If so , attend the open meeting of the Shawville and District Recreational Assoc. on Tuesday, May 23, 1972 at 8 o'clock in the Fire Hall, Centre Street, Shawville.

Pontiac joins Outaouais Jr. Baseball league

At a meeting of the Outaouais (Ootaway) Regional Junior Baseball League held in Buckingham on Sunday, May 14th, the Pontiac Selects were accepted as a new entry. Also Al Davis was elected League President.

This team will be made up from the best juniors available in the Pontiac and look towards very exciting Baseball this summer.

It was possible to have this team because of the very successful Minor Baseball League in the Pontiac which started in 1968 and has grown to 25 teams ranging in ages from 7 to 18 years.

The Outaouais League will have 5 teams. They are Buckingham, Gatineau, Point Gatineau, Hull and the Pontiac entry which will play out of Bryson. Those who would like to try out for this team and are 19, 20 or 21 years should contact Sonny Germain the team sponsor at 648-2363.

There will be a 24 game regular schedule with 10 home dates consisting of 8 single games and 2 double headers. The entire schedule should be available in a week and will be published in THE EQUITY as soon as it is ready.

Season tickets will be available and can be purchased for $3.75 which works out to 31¼ cents per game. The reason for charging at all is to defray some of the expenses while the very low price makes it attractive to more fans so the team should have a large and enthusiastic following.

This team, only a dream in 1968 is now a reality. In the years to come they should be very competitive because of the graduating midgets. The opening home date will be Buckingham vs Pontiac Selects at the Lions Park in Bryson on Sunday, May 28th at 2;00 p.m.

Strong support by local people will help give them a good start in this new league.

UMPIRES CLINIC

Michel Davey, president of the Gatineau Umpires Association has just this minute informed Al Davis at Bryson that an umpires clinic will be held in the CLO Building next to the Hull Arena in Hull on this Saturday morning, May 20, at nine o'clock a.m. Anyone wishing to qualify as a registered umpire in basebal or softball MUST attend. Registration fee includes a crest and costs three dollars.

May is clean-up month in Shawville and everyone is being asked to put out heavy trash on Thursday and Friday of this week to be picked up by the special heavy garbage pick-up trucks. But is doesn't just end there. Property owners are also called on to help the town to improve its appearance by sprucing up their own particular bits of it.

After the town clean-up during this month, the young folks will take over with a second edition of their Litter-Chase. Last year they collected a ton and a quarter of trash from Shawville's public areas! Chief Litter Chaser leader is Barbara Ross and her young committees will include Rangers, Guides, Brownies, Scouts, Cubs, CGIT and Anglican Junior Auxiliary for a start and possibly others as well. Anyone interested in this fun activity can contact Mrs Ross or Mrs Brandum who is in charge of publicity. There will be costumes and prizes. The fun begins first thing Saturday morning, June 3rd but preparations have already started in the manufacturing and decorating of Litter Buggies.

Mr and Mrs Lester McCann won a trip to Paris as a door prize at a school boards convention in Mont Gabriel on Saturday. They arrived almost two days late for the weekend convention and the draw took place shortly after they had registered, but their names were in and as luck would have it they won. The trip will be taken, probably, in January of 1973.

At that school boards convention an interesting group of resolutions were made by the English boards present. All they asked for was more money to pay good French specialists. Is anyone up there listening ?.

Hard to believe in 1972 that a person owning a 218 acre farm on Highway 8 near Shawville, with 100 head of Holsteins, a couple of horses and five children couldn't get a phone installed. That's the plight of the Nyvelts who have been trying since May '71 to persuade Telebec or Bell or someone to give them phone service. They bought the farm from Mrs Victor Findlay who had a phone there for 28 years and says there was one there before that, when she first moved in. The answer the Nyvelds get from the company is that they can have phone service if they pay $318.!

Mousseau's Clothing Store at Campbell's Bay has always supported every good cause in the community. That's just the sort of people they are. Naturally, they were among the ones who contributed to the success of the Bryson Lionettes but by mistake they were left off the list of donors. For this we apologize but we just want everyone to know that their contribution was deeply appreciated by each and everyone of the Lionettes and those who took part in the event.

IN MEMORIAM

DALE — In loving memory of a dear son Arlington Franklin Dale who passed away May 15th, 1971.

He suffered with courage
He never complained,
We thought he'd get better,
But all was in vain.
And so God took him
To his garden to rest
It is true what they say
He takes only the best.

Sadly missed by his Mother
Mrs. Jessib C. Dale. 76207b

FLETCHER — In fond and loving memory of my dear mother, Queenie Fletcher, who passed away Monday, May 18th, 1942.

Love's greatest gift —
remembrance.

Always remembered, son Tom. 76182b

HORNER— In loving memory of a dear father and grandfather, who passed away May 15, 1971

If I had the world to give
I'd give it, yes, and more,
To hear his voice and see his smile
And greet him at the door.
Still I have so many memories
Of one I loved so much.
Each time I see his picture
He seems to smile and say,
"Don't cry, I'm only sleeping,
We'll meet again some day.'
His memory is my keepsake
With which I'll never part,
God has him in His keeping,
I have him in my heart.

Lovingly remembered and sadly missed by Manson, Grace and grandchildren. 76165b

OBITUARY

Scott McKell

Everyone who has loved a child was saddened to hear of the death by drowning of Scott McKell on April 5, 1972 at Aubrey.

Scott Matthew Douglas was born December 16, 1969 to Joyce and Wayne and was welcomed joyfully by family and friends especially by his big sister Heidi. Scott's grandparents were Math and Erma McKell of Aubrey and Douglas and Isabel Bremner of Montreal. Grandmother McKell was the former Erma Corrigan of Shawville and is the sister of Elvyn Corrigan of Shawville, Quebec.

Although aged only 2 years, 3 months at the time of his death Scott had led a busy, active life. With a ready smile, he made friend easily and happily. He was fond of his many animal companions on his Dad's farm. He followed certain television shows eagerly and was learning letters and numbers at a rapid rate. His independence and sense of humour made him a delight to know.

The funeral was held at Howick United Church Saturday afternoon, April 8. The church was filled with people who shared the family's sorrow and extended sympathy to them.

Rev John S. Anderson led in prayer and read from the 23rd Psalm and the Gospel. In his meditation Mr Anderson explained that all present shared the family's grief and understood it since many walked the same road; and that the Easter season existed to teach man that no one would ever be alone again. The service closed with prayer and the singing of " When he Cometh".

Following the commital the casket was placed in the Ormstown Cemetery vault to be interred later at Riverfield.

Pallbears were Kenny Tolhurst, Mark Templeton, Barry Ness and Larry Ness.

We join in the family's sense of loss and pray that we may understand.
