Police news

The armed robbery at Chapeau at 6:45 p.m. January 21st was evidently not a joke after all.

Constables Laprade and Broulx are still investigating the theft of about five thousand dollars from Keon's hotel while the owners were away. Dressed in a skidoo suit and masked and carrying a gun, one man entered the house where Mr Keon's son Patrick, 20 and Mrs Judith Lepine were. They were forced at gunpoint to go to the hotel where the thief took the entire safe.

The empty safe was later found near Petawawa, broken open, and the money gone. The Ontario Provincial Police are helping in the investigation and developments in the solution of the crime are expected this weekend.

On January 27th Constable Ippersiel was called to investigate a death in the Beechgrove area when the body of Mr Wilbert John Smyth, 32, was found, shot in the shoulder and in the heart, in his brother in law's cottage by his wife, Jessie Smyth.

Another mystery occurring on Saturday was the discovery of a human leg in the Shawville Municipal dump.

Larry Tremblay of Charteris, was depositing his garbage in the dump at 12:40 pm on his way home from work at J.L. Hodgins Garage. He was thinking about removing an old speaker from a discarded TV set there when he suddenly came upon a partly burned leg. Police were notified and Corporal Roberge is investigating.

Comets bounce back

Voyageurs shade Beavers in Pontiac Hockey League

By Cletus Ferrigan

This past weekend was probably the most exciting weekend Pontiac Hockey League fans have had since last years play offs.

Once again crowds in exess of 500 people turned out to witness the most exciting brand of hockey ever to be played before in the Fort Coulonge Arena.

On Friday evening those fiery Fort Coulonge Comets fired back to hand the Calumet Island Voyageurs a defeat of 5-2.

The second game Friday evening saw the Bryson Braves Squad do it once again as they handed the Davidson Beavers a 3 to 1 defeat.

Bryson coach, Leo Piche suggests that the Davidson's coach Mr Henry Groulx should register once again in that famous, "Lally Lalonde School of Coaching" if he ever wishes to defeat his powerhouse of Braves.

Groulx is patiently waiting for their next meeting on February 23 at 8 pm at the Fort Coulonge Arena.

On Sunday afternoon League Action, the Otter Lake RA dumped the Campbell's Bay Royals by the tune of 6 to 2. The signing of Fred Desebrais and Archie Mulligan from Quyon to the Otter Lake team is going to make things pretty exciting from now to play off time.

In the second game Sunday afternoon the Voyageurs barely held the lead of 5 to 4 to defeat the Davidson Beavers. This game the Davidson Beavers pulled the goalkeeper with 55 seconds left but were unable to get the equalizer. This defeat to the Beavers leaves them only 2 points ahead of the fifth place team- Otter Lake.

Also Otter Lake have two games in hand over forth place Davidson.

Next Friday night, Feb. 2 at 8 pm, sees the Davidson Beavers meet the Otter Lake RA. This is definetely a must game for both teams as far as play offs hopes are concerned.

The second game Friday Feb. 2nd sees the Campbell's Bay Royals square of with the Bryson Braves and there is no need to say that the Royals are in a big need of a victory. Rumors have it that Campbell's Bay are signing two new players from Mcdonald College in Montreal.

Without a doubt the most exciting game of next weekend will be the duel on Sunday afternoon at 1:30 pm between the Bryson Braves and the Fort Coulonge Comets. There is no need to say anymore about this encounter.

The second game this Sunday afternoon sees the Calumet Island Voyageurs play host to the Campbell's Bay Royals.

LEADING TEAM GETTERS:

Ken Soucie, Fort Coulonge, 11, 16, 27.

Dong Harding was a big scorer for the Pontiac's picking up four goals and two assists.

Sunday afternoon in Killaloe, Don Knox scored two goals with help from Graham Scott and Wayne Labelle.

The Pontiac's have clinched third place for the playoffs and will be meeting Embum.

Pontiac's next home game will be Friday February 2, at 8:30 pm against the Embum Panthers.

Sixty three years ago this photo appeared on post cards which cost five cents to buy and one cent to mail. Times have changed since 1910 but not without a struggle. Now the members of the Agricultural Society have voted to keep the Fair open over Sunday. This change has been met by a storm of protest from Shawville people. All letters received thus far are published here in the interest of clearing the air. (Photo contributed by John Langford)

THINKING OUT LOUD ABOUT THE SUNDAY FAIR

The letters this week objecting to the decision of the Pontiac Agricultural Society members to hold the Fair on Sunday this year proves one thing anyway. There are a lot of people in Shawville who feel compelled to determine what other people will do with their time.

There is no necessity for anyone to undertake work for an organization which operates on Sunday. This year anyone taking a job with the Agricultural Society will take into consideration the possibility of having to be on duty Sunday.

The same applies to anyone working at the mine or the mill or restaurants or hotels, motels, telephone, radio, T V, churches, theatres, hospitals, police, and so one and so on.

The Shawville Fair president has offered to keep the noise of the midway down Sunday evening during the regular prayer meeting times so the churches will not be disturbed and the fair will not coincide with the morning services either.

Taking these facts into consideration it would seem that the only objection to the Sunday part of the fair program would come from people who may find it hard to decide for themselves whether they will go to the fair or stay away and do whatever they usually do on Sunday.

There might be people in Shawville who object to others eating in restaurants, or watching television, or driving their cars on Sunday. While they are trying to control the Sunday activities of other people, should they perhaps carry this further than simply one country fair?

How about drinking, smoking, swimming, skiing, playing hockey or monopoly or euchre? Is it more offensive to watch a cattle show than to watch a CBC show? Just wondering.

LETTER WRITERS *PLEASE* NOTE

A lady in Pontiac County who has devoted a great deal of her life to community work, especially as a longtime member of the Pontiac Community Hospital Board of Directors, is now facing a difficult situation. Her kidneys have failed and she must take a regular, twice weekly, treatment known as dialysis.

Unfortunately, there is no such treatment available to her at PCH in Shawville, nor in fact, at Hull, and the equipment in Ottawa is working over capacity and can not take any new patients.

If she has to travel to Montreal she faces the position of spending almost her entire existence on the artificial kidney or travelling to and from Montreal. If she must move to Montreal it would mean giving up her life in Pontiac where they have a farm and all her friends live.

A possible solution would be a method called home dialysis.

With home dialysis the patient has a feeling of independence while undergoing the treatment. Patients on home dialysis are all in very good health and generally find that their general state of being is much better even than those on hospital dialysis.

They dialyze themselves more often at home than they do in hospital and this allows them to have a much freer diet.

The machinery is such that it is a completely safe procedure and the patient, with some minimal assistance from her husband, could run the machine by herself.

The problem is that there are no funds available to support a home dialysis program in the Province of Quebec.

Ontario supplies funds for all Ontario patients, including the purchase of the machinery, the buying of all supplies necessary for the running of the machine, expenses incurred in renovating the plumbing and electricity of the house in preparation for the machine, drug cost for the patient on the treatment and ongoing supplies and doctors expenses. The cost is still less than dialysing a patient in a centre dialysis.

Dialyzing in the centre costs the government about ten thousand dollars a year for hospital fees. Dialysing the patient at home costs an initial expense of eight thousand dollars and about four thousand per year for supplies and so forth after that.

Our readers have proved that when they are sufficiently concerned about something they can put pen to paper and write letters. Here now is a cause which would really benefit from some letter writing.

The person to write to is the Hon Claude Castonguay, Minister of Health and Social Services in Quebec, and as a courtesy a copy of each letter sent to Mr Castonguay should also be sent to our own Pontiac Member, JeanGuy Lariviere.

According to the new Bill 65 everyone in Quebec is to be treated equally as far as health services are concerned. Even if there were a dialysis centre in Hull we could feel that the people of West Quebec were being treated equally, but ideally there should be home dialysis available, not only for this case but also for others in her condition, both at present and in the future.

If everyone who can find time to write about what their neighbours will be doing on Sunday could find it in their hearts to also send a letter to Quebec about how to save the life of a fine Christian lady it could make a lot of difference.

LETTERS TO THE EDITOR

Never on Sunday?

To the Editor of the
EQUITY'
Shawville, Que.
Dear Mrs Dickson;

On behalf of the Christian Business Men organization of Shawville & District we wish to express our disapproval of the plan to operate the local Fair on Sunday. We feel that this will have a disturbing effect on the whole community for the following reasons:-

a) It will open the way for a wide open Sunday locally which will bring to an end the peace and quietness of our traditional Lord's Day observance.

b) It will cause considerable division and discord in the community, in homes with children, and among friends and neighbours.

c) It will force employees of the Agricultural Society, the midway, the exhibitors, operators of concession booths, etc., to work on Sunday.

We hope, and pray, that the Directors of the Fair will re-examine the matter and consider the possible damage it will bring to the good-will and respect of the people of Shawville area.

This year Shawville celebrates 100 years of social and economic progress. Let us do nothing to spoil the anniversary celebration by such unnecessary and harmful acts such as keeping our Fair open on the Lord's Day.

Sincerely yours,
The Executive,
Christian Business Men of Shawville and District.
Thoburn Caldwell, G.C. Crouse, L.E. Rooney, Gilles Soucy, Boyd Brownlee, Eric Zimmerling.

Dear Editor:
I am very much opposed to having the fair on Sunday.
Mrs Edmund Hodgins

TO THE EQUITY:
It is very disturbing that this community should receive the announcement that Shawville Fair be held on a Sunday. This is a deliberate and willful disregard to the Sabbath Day.

For generations, citizens of Pontiac enjoyed Shawville Fair with great eagerness. In regard to celebrating this event on Sunday, it throws the Community and area into an unwarranted confusion.

It is with sincere hope this matter will be re-considered on the side of abolishing the misuse of a good Sunday, and that the keeping of the Sabbath Day, in our Community will never become disvalued.

An old truth: A community, like a nation, divided against itself, cannot stand.
Lu E McDowell.

Dear Mr & Mrs Dickson:
Just a note to say we are very much against having the fair held on Sunday as published in your Equity and we hope it will be brought to a public vote to prove there are many against it.
Yours truly
Joey & Ruby Brown.

We the undersigned are writing to state our disapproval of holding the Shawville Fair on Sunday. We do hope there will be steps taken to have the dates changed.

Dear Mrs Dixon
In all fairness to the wishes of all persons in our community, I feel that the issue in regard to the Shawville Fair opening on Sunday should be presented for a vote by the people.
Sincerely
Marion Marks.

Dear Mrs Dickson I don't want the fair to be on Sunday
Michael. Schmidt.

Editor- Equity
We students of Shawville are very opposed to having the Fair extended to Sunday. This is the "Lord's Day" and we feel it should be respected as such. We feel a public vote should be taken on this issue.

Yours truly,

We would like to say we are very much opposed to the fair being held on Sunday. It seems that the day is coming when Sunday is no different from the other six days of the week. We feel it should be a day set aside from the other six days. We feel as parents we should stand behind this thing for the sake of our children. We like to see a vote taken on this issue.
Yours truly

Dear Editor:
It was with deep shock, disappointment, shame and concern that I noted in the Equity dated 17 Jan., 1973 that the dates for the Shawville Fair included Sunday.

Since the settlement was founded more than a hundred years ago Clarendon has been respected as a Christian community. In this, our centennial year, can we not find any better way to glorify God for permitting us to live in a land of peace and plenty than to allow the Lord's Day to be desecrated?

What would our parents and grandparents think of us? Those dedicated people to whom the worship of Almighty God meant everything would be shocked and pained beyond expression.

Why are we allowing ourselves to wander so far from God? It would seem to me that we should pray with the poet: "God of the nations, spare us yet, lest we forget, lest we forget!"
Annie Gamble
Mrs L Emard.

I wish to add my name to the list of those opposed to using the "Lord's Day" for the Shawville Fair.
Yours truly

Dear Editor:
We would like to express our feeling regarding Shawville Fair being held over Sunday.

We as citizens and taxpayers of this town should have an opportunity to express our feelings concerning this matter.

We are 100% in agreement with the Ministers for the request they have made and the stand they have taken.
Yours truly
Brent and Mary Hobbs.

We, as citizens of Shawville, thoroughly disagree with having the fair running on into Sunday. We believe that Sunday is "God's Day" and should be set aside for worship and rest.
Sincerely yours,
Irene E Pendergast,
Sonia Garrison, Susan Garrison.

Regarding Sunday Fair well I suppose the Shawville Fair has been held for perhaps 100 years I don't know but there has been always time without breaking the Sabbath. God has given us commandments to go by, one is "Remember the Sabbath day and keep it Holy".

We may have gone modern but God's laws don't change.

Yesterday, today, and forever are the same and it is Up to us Mortals to reverence and abide by them.
Yours truly
Mrs Harold Elliott

I would like to voice my feelings on the subject of having our Fall Fair held on Sunday. I am 100% against this for I feel it is not necessary at all.
Yours truly
J.E. Stevens.

I wish to endorse a move by the Shawville Ministerial to deter the Shawville Fair Board in their stated intention to run the fair over Sunday this year.
Sincerely
Mrs Charles Schmidt.

I wish to add my name to the list of those opposed to using the "Lord's Day" for the Shawville Fair.
Yours truly
Winnifed Roberts.

Dear Mrs Dickson:
As Secretary of Shawville Fair, I have been asked to clear certain discrepancies with reference to the decision reached by the Annual Meeting with regards to a Sunday Fair. I, personally, am not in favour of such an undertaking, however, certain facts must be brought out. Our Annual Meeting was an OPEN MEETING originally announced in the Prize List which states that according to law, the meeting shall be held on the second Wednesday of January. We must receive permission from Quebec to alter same. The Meeting was also announced for two weeks prior to the Meeting both as News Releases, An Editorial and by two advertisements. I also sent out approximately 150 notices to the prepaid members. A majority of the people who hold notes owed by the Society were also contacted prior to the meeting.

In the voting on the matter, 45% voted for a Sunday Fair, 21% opposed it while 33% declined to support or reject. This was an open vote of all members. It was not a decision made by the Board of Directors. Members of our Board of Directors are opposed to a Sunday Fair approximately in proportion with the general vote.

I am not attempting to defend the action taken by our Society. It should, however, be noted that this discussion was not new. The same proposal was defeated at the Annual Meeting two years ago. It should, however, be noted that except for a few of us involved no person will be compelled to attend against his or her will. It should be noted that most of us are compelled to work on Sundays, whether we are farming, working at the mine or mill, or supplying facilities for the general public as they enjoy the recreation. A country fair where friends meet and visit might be considered one of the less offensive types of recreation. It should also be noted that this event which is scheduled to commence after 1:00 p.m. will not be much different from some of the Church Picnics which are held each year.

Yours truly
Everett McDowell,

January 25, 1973
The Editor
The Equity
Shawville, Quebec

Dear Editor:
On reading my Equity I find that the Shawville Clergy are very concerned that the "Shawville Fair Board" decided to include Sunday as a fair day.

I would like to point out that this was not a decision of the Board of Directors. It came to my attention sometime before the annual meeting that this subject was going to be brought up for discussion.

Mr Clifton Dale and I contacted as many of the people directly connected with Shawville Fair as time would permit before the night of the meeting. Our secretary, Mr Everett McDowell, also advised a number of people of the probability of this discussion

During the discussion on this matter at the annual meeting, a motion was made that the decision would be left up to the directors. This motion failed to get a seconder when I explained, on behalf of the directors, that we wanted this discussed fully at the general meeting and a decision made by the membership. Although I was in favour of the idea, we did not want to do some thing which would offend some of our members whose help and co-operation is so necessary to make Shawville Fair a success.

Eventually a vote was called and the majority voted to change the fair dates to include Sunday, with no activity until 1 p.m.

There were many reasons given in favour of the Sunday show. Firstly, in todays society nearly every family has at least one member employed in a position which makes it impossible to attend as a family on any other day except Sunday.

There are many families in this area who have made a practice of attending "Shawville Fair" together and lately have found this impossible.

Another reason given was that by offering some good wholesome entertainment on Sunday there would be less people drinking and driving on Sunday afternoon, an activity which can hardly be condoned by anyone or any organization.

Last but not least was the financial aspect. During the past couple of years we have been very fortunate in that we have had perfect weather and have shown a large enough profit from our fair to barely meet our financial obligations towards the Community Centre and grounds which the fair board owns. We lease these to the municipality of Shawville who have, I think, done a tremendous job of providing its use to the public.

May I also point out that during the year there are very few Sundays when there is not some kind of activity on these grounds, and many a proud father has taken these opportunities to take his family out to watch their brother or uncle or some other family friend participate in their favourite sport.

According to the leasing arrangements, which was made a number of years ago, our income from this source has dropped $1000. this past year.

We have tried these past two years to make Thursday a paying day at the fair but have had only a very small Thursday gate each year. In no way do we think that the Agricultural Society has taken over the role of the churches in the community but in providing these facilities for the people's use we are helping the churches in one area in which every church is struggling today, and that is reaching the young people and providing them with wholesome activities.

There was an active discussion period before a vote was taken at our annual meeting. Our secretary, Mr McDowell, and our first vice president, Mr Clarence Knox, were both opposed to having a Sunday Fair. Nevertheless, after the vote was counted, they both pledged their full support to the board this year as they both realize that this move was not made to provoke any group of people, but to make it possible to carry on our services to the community.

I am sure that I speak for all the fair board in saying that we do not wish to offend anyone and that we will welcome discussion with our local clergy and anyone else who is interested in our actions. It has been pointed out to me that the noise from the midway would be very disconcerting to the evening church services. I am sure that we can have the midway muted for this period. Hopefully we can work out some kind of compromise where it will not be necessary to have the people vote at a plebiscite and perhaps divide the feelings of this community and thus make it harder to reach our goal which, after all, is the same thing-- service to this community and its people.

Yours truly
Robert Younge,
Pres. Agricultural Society.

In last week's Equity, the Clergy of Shawville voiced their opposition to Shawville Fair being held on a Sunday, by asking the Shawville Council to hold a plebiscite, giving the Citizens a chance to approve or disapprove this move.

The Officers & Members of Pontiac County Orange Lodge fully agree with the Clergy in requesting this plebiscite and we feel Sunday is becoming so commercialized that some people do not have time to attend the Church of their choice anymore, which is a sad state of affairs for any community to be in.

We suggest that the Citizens of this area examine their conscience very carefully, which will perhaps direct them to Church on Sunday and we hope they will bow on their knees and ask God to forgive them of their sins and for guidance in making their decision on this important matter.

It has been mentioned that other Ottawa Valley Fairs are operating on Sunday. We feel this is a very poor reason for Shawville Fair to be held on a Sunday. What other Fair Boards do is their business, but, what Shawville Fair Board does, is this the business of this Community.

If someone jumps off a bridge, is no reason why we should do likewise.

Officers & Members
Pontiac County Loyal Orange Lodge,
Everett Arthurs, County Master, Earl Brown, Recording Secretary.

I am writing regarding the Sunday fair.

Sunday was created for man as a rest and quiet period in a busy and hectic week. It was also to be a day of reverance and worshipping the one who made this day. The fair on Sunday will be a far cry from a restful, quiet and reverent day.

What happens to our children and grandchildren if we let an event like this take place? It is only another step downward for our children to overcome in the pollution of God's Day.

I am definetely opposed to Sunday fair. Let's keep the Lord's Day for what it was intended for.
Sincerely
Mrs Minard Hobbs.

Dear Editor:

In last week's paper comments were made regarding Shawville Fair 1973 which is being planned to be held over Sunday.

This is Shawville's Centennial year and I am confident every citizen of our town is looking forward to the many and varied activities which are being planned to commemorate this event.

Viewing the beautiful and appropriate Centennial Crest which is stamped above, I am reminded of the cross at the center top, which is indicated to be symbolic of the influences of the many churches of our town over our one hundred years of development.

Sunday, in Shawville, has been a special day when family attend worship services and enjoy relaxed family life in a relatively guiet peaceful atmosphere.

Let's keep Sundays!!

Let's allow the people of this town, whom such decisions as this of the Fair dates affect, the right and opportunity to choose how we keep our Sundays.
Sincerely
Brenda Rooney.

I would like to express my objections to the proposal of a Sunday Fair in Shawville and my appreciation of the stand the Pontiac Ministerial Association has taken against it and pledge my support to them on this stand.
Respectfully yours
H.I. Hobbs.

Dear Mrs Dickson:
We are in complete agreement with the ministers of Shawville in opposing the Shawville Fair being held on Sunday.
Sincerely,
Mr and Mrs George Towell and four daughters.

I wish to add my name to the list of those opposed to using "Sunday" for the Shawville Fair.
Yours truly
Milburn & Roberta Hobbs.

Mr and Mrs Dickson:
Dear Editors:
We the undersigned are very much opposed to having the Shawville Fair held on Sunday.

grist...

It is very important to remember, at times when there is general disagreement on important issues, that regardless of people's opinions they can still remain friends. You know the old saying: "I disagree with your opinion but I uphold your right to keep it," or words to that effect. We don't have to agree on politics, religion, language, or even hockey to remain good friends because the factors that bind us together are stronger than those which might split us apart. No matter how fiercely we fight to uphold what we think is right we must always retain respect for our adversaries and be enthusiastic supporters of all their efforts after the dispute is settled- whichever way it goes. The above sermonette refers, of course, to the Sunday fair controversy today but is also true of every matter which comes up, from time to time, to cause heated discussions among friends and neighbors. The message here is, "keep your cool, during, and particularly after the matter has been decided, and , keep your friends."

The Quebec Voirie (Roads Department) has spent 12.3 million dollars in the Outaouais region in 1972 according to the latest word from the Ministere des Communications. The Pontiac portion was $750,000 for five miles on Highway 8 past Quyon, $140,000 for the cement bridge over the Quyon River, $150,000 on Highway 58, $136,000 spent for a road called "Front de la Mine et Bouleau" on Calumet Island, and $154,000 for improvements on the Chapeau-Sheenboro road in Chichester. Total almost one and a third million dollar. ($1,330,000.00).

Dogs were running deer towards the power dam from Bryson on Wednesday afternoon. One deer went over a cliff and two others into the water. Dogs killed a deer at Bryson dump last week and killed a pet rabbit belonging to Mr and Mrs Revel Robinson last week.

The Conseil des Loisirs de l'Outaouais plans to publish a monthly calendar of recreation events starting in February. To get something listed send the date, activity, place, description of the event, and the time it is to start to Box 723, Hull, Que. Items must be received at Hull before the 8th of each month to be included in the list which will in each case cover from the fifteenth of one month to the fifteenth of the next. Far off dates of events can be sent in advance.

A hundred and thirty one projects have been approved for grants under the New Horizon program involving 17,500 retired people in Canada. Everything from ambulance service to a kazoo band is included in the list of activities and the grants range from under five hundred dollars to over thirty thousand.

Dear Sir:
We would appreciate if you would make this information available in your community through your paper.
The Quebec Farmers' Association (Q.F.A.) is holding a special meeting scheduled to be held Thursday, February 8th, starting at 10:30 a.m. The meeting will take place in the Farm Centre located on the Macdonald College Farm in Ste Anne de Bellevue.
All interested English speaking farmers are encouraged to attend, and participate in what may well be a turning point in the organization's future direction. There will also be an election to name a new executive for the year. Get some action started in your community and be represented at the meeting.
This is your concern.
If further information is required please do not hesitate to contact me.
Thank you.

To the Editor of the Equity:
Sir:
If you think the following could be of some help to Mothers and Dads and owners of pets, please publish it, if not destroy it.
It seems that at almost the same time every year we have a "dog poisoner" on the loose.
For a few years now it has happened, dogs are being poisoned in different ways. To add to that a little boy might have died or at least been very sick if the mother hadn't found him before he could eat the meat which contained poison for mice.
This time three dogs have been killed the same day. One a small brown dog, nicely trained to do little tricks , one a farmer's dog, this man needed his animal to help him with the cattle and had also been well trained.
The other one was a pedigreed dog, the owner had paid a good price for him but the saddest part was that it was a little girl's pet.
Now either this man or woman must be either a hater of animals and never owned an animal (maybe the animal wouldn't be able to stand them) or else they are almost mental cases.
There is no way that these people can be found out so far.
If they feel that these animals do them harm in any way , why can't they be human and intelligent enough to inform the owners before taking such dangerous steps which could lead them into a whole lot of trouble.
The owner of the pedigreed dog called the police and they came quickly but it seems that these things do not concern them. It should be the Humane Society, I guess, but since in Pontiac it would be either Hull or Ottawa.
So please whoever you are, you at least are responsible for about a dozen dogs (pets all of them) don't you feel a little bit sorry that you're the source of so much grief, from little kids and also grown ups.
I can feel what it is because I also had one poisoned.
I guess this is all I have to say but beware you might be pressing your luck too far.
Signed:
One who does'nt understand.

INTERESTING OLD TIME HAPPENINGS
(by W.A. Hodgins)

THE RAILROAD

After endless delays and disappointments the old Pontiac Pacific Railway Company was formed headed by Henry J Beemer, a capitalist, from Quebec City They secured the old charters and got them renewed with promises of subsidies from both the Federal and Provincial governments in 1883.

After making preliminary surveys and other works along the proposed right of way, demanded a Bonus of ONE HUNDRED THOUSAND DOLLARS from the County. So anxious were our County Fathers to get the road that they, without much delay, at their next meeting passed the Bonus By-Law, and as soon as legally possible submitted it to the county rate payers for their ratification. The people defeated the first By-Law by a decisive majority. After another delay, much canvassing and many public meetings, the County Council again submitted the By-Law to the people and this time it was approved by a considerable majority.

Some work had already been undertaken, negotiations for purchase of right-of-way and small grading contracts let. The Railway Co., on the strength of the vote of the people, immediately sold the proposed issue of the County Bonds to a big brokerage firm in Quebec City, Frank Ross & Co. But a very curious thing now happened: the regular County Council did not meet for some time after the vote on the By-Law. In the meantime, the Bonds had been engraved and properly prepared and were awaiting the signature of the legally appointed official of the County. In this case it was the Warden, Mr W.J. Poupore. He, however, delayed signing or refused to do so until the next meeting of the Council. At this meeting he informed the Mayors that he and Mr John Bryson had secured the best legal advice possible and that owing to certain technicalities, which had not been observed in the submission of the vote, the By-Law was null and void and that the County would not be obligated to pay the Bonus.

The Warden asked for approval of his actions in refusing to sign the Bonds, which meant, of course, repudiation of the By-Law.

The Mayor of Clarendon voted for "repudiation" but the Mayor of Shawville, Dr Lyon- be it recorded to the honor of his memory- took the stand that his municipality having voted with only one dissenting voice for the Bonus he would certainly vote against the Warden's actions.

Acting in good faith the purchasers of the unissued Bonds were awaiting delivery. The inevitable result was almost endless litigation, the case being carried from one court to another and finally, after eight years, it ended at the Privy Council in London. Pontiac was taxed up with all the years of defaulted interest, all the endless court costs and the principal amount of voted Bonus. In the end our County paid almost three times the amount voted.

The Bonus tax was duly levied on our County and our township and village, Clarendon and Shawville, being the most highly assessed had to pay accordingly. The first tax was levied in 1895 and the last one in 1932. Owing to the wise re-investing of the annual sinking funds the County Treasurer was able to complete the annual payments in thirty-eight years.

On the 19th day of July, 1933, at a public meeting in the old County town of Bryson, the paid and cancelled Bonds were publicly burned.
