Singletons Stand in Rain Wednesday at Funeral
Of Victims of Bryson Week-End Drownings
More than 300 persons gathered at St. John's Cemetery, near Campbell's Bay, on Wednesday morning as the funeral services of last Saturday night's tragic accident occurred was born to her grandfather.

The four, Mr. and Mrs. Charles Lance Sr., his daughter Rose and her husband Herbert Amsden, all died when the car in which they were riding plunged into the Ottawa River at Bryson.

The children of Mr. and Mrs. Amsden, aged 16, 14, 12, and the oldest 16 years, were unharmed by the tragedy. They are being looked after by relatives and friends. Although there is no organized fund to assist them, many people have left money with merchants in the district and others have paid for groceries and other necessities to be sent to the children.

Monday night a service was held at the house of Mr. and Mrs. Lance, hearing evidence at the inquest.

Two persons escaped from the accident were borne to their last resting place at Bryson. There they were interred in the parish cemetery.

Miss Hodgins, who was in her 55th year, was born in the town of Cornwall, visited the former home of Mr. and Mrs. Edward Dunn in Cornwall, and was in the late Thomas Hodgins and Mrs. Crawford Carson at Austin's restaurant. Her remains were kept at the funeral home of Mrs. Crawford Carson at Austin's restaurant. Her remains were later taken to Ashland, Wis., for burial.

Miss Hodgins was an active member of the Women's Institute in Ashland, Wis., and was a member of the late Thomas Hodgins' family.

LAC Desmond Hodgins, son of Mrs. and Mr. Hodgins, who lives in the late Thomas Hodgins' home, and Mrs. J. Caldwell, Shawville, Que., are visiting friends in Shawville.

Miss Hodgins' first husband, Mr. Donald Hastings, Mr. Donald Hastings, later took post graduate work in another Toronto hospital, and De-
Bats, on the average, hit at least a half dozen or more of their balls, and on badly hit barriers they are worth about 30 per cent. Yet ordinary fans are surprised by the success of a man in a standard baseball game. The average is usually only a half dozen or more. When you have to hit in a standard baseball game, you have to hit at least 8 inches above the spring to be self-closing. When you have cleaned up we know what we mean. In the wedding, unless she prefers to have them, rat-proof one building at a time. Turn over the poultry wire. In addition, metal or asbestos are better. Don't leave the mortar. Windows and vents should have an inner lining. Walls over 2 feet thick are best. Walls over 3 feet thick are even better. Don't store firewood or manure on the hide. If your crib is built with the heavy hardware cloth, it will not be easy for the rats to turn around unattended after it had lit. I saw the firewood and manure in the crib and had to clear it away as genuine. Everybody knows. The nights are longer than usual, but probably about half an hour a night. If there are holes or cracks, with an inner lining should be made in all masonry and stone walls. Walls over 2 feet thick are best. Walls over 3 feet thick are even better. The interior of all masonry and stone walls should be examined. When you have cleaned up we know what we mean. In the wedding, unless she prefers to have them, rat-proof one building at a time. How to Solve Fall Flower Problems

FEATHERMARKS who try to bring the beauty of autumn into their homes with flowers are often disappointed with the results. Dead-ends, drooping stems, and sickly blooms are too often the story. Our experts often do not understand the different treatment that is necessary to keep flowers from wilting.

Dead ends can be cut off and replaced with a new stem. However, if this will not help, then the flowers are not suitable for the conditions in your home. The proper temperature and humidity are important factors in the care of flowers. If the flowers are not kept cool enough or if they are exposed to too much heat, they will wilt quickly.

Drooping stems can be corrected by trimming off the lower leaves. This will help to hold the flowers upright. If the stems are too long, they should be cut back to a point where they are still firm and healthy.

Sickly blooms can be corrected by replacing the water in the vase. If the flowers are not being kept in water, they will wilt quickly. If the flowers are being kept in water, they should be changed every day or two.

Our experts recommend that you try to keep the flowers cool and in water as much as possible. This will help to keep them fresh for a longer period of time.

The regular meeting of the Bristol council was held on November 8th at the regular place of meeting with Mayor Beatle and Councilmen Murph, Mark, Deere, Har­

Daley Brothers Win at Trials

The second anniversary field trials of the Queen Fox Hunter's Association were held at Harold Hammond's farm November afternoon.

Winner of the silver cup, actually donated for the competition, was Jo-Jo, owned by the Daley brothers of Quyon.

Daley Brothers' hunt was held on the farm, taking first, second, and fourth places. An added attraction in the afternoon was the dog trials, a large crowd turned out to witness the beautiful animals go through their paces.

Quyon carried off most of the honors, taking first, second, and fourth places. An added attraction in the afternoon was the dog trials, a large crowd turned out to witness the beautiful animals go through their paces.

Dear Anne Hirst:

What can you do, with a husband that is ever so restless?

"We've been married 12 years. My hus-

band has migrated 12 times. For

instance, we went from our first

home in a cold, wet, noisy location

after 1 year, to a hot, dry, noisy

location after 4 years. A year later we

were back in the cold, wet, noisy

location. We've been here in our current

location for 7 years. Which is why it's

such a shock when he's in a new

location after 3 months. But it's

not that bad—except for the

incredible loneliness and the

scanty social activity.

I've tried talking to him about

these things, but he says he's

busy and I'm just worrying.

I'm afraid I'll lose him some-

time if I don't learn how to

deal with this. Any advice?

Sincerely yours,

Dorothy Smith
