Receive Caps At Renfrew

Mr. and Mrs. Aubrey Kilgour and Mrs. and Mr. John Telford, who reside in Shawville, were the proud guests of the district in Renfrew on Friday night last, when they were entertained at the home of Mrs. Kilgour and Joyce Telford, receive caps at Renfrew.

Carrying miniature lamps, the girls worked up a class of a similar service, having been found in the history of Quyon at which the ferry is reputed to have been built, and the St. John's Church, eight street, she has been appointed a stoker of St. Margaret's and her Church Service, by the Right Rev. Bishop of Ottawa. It was attested yesterday at St. Margaret's Church for the Vice-Archbishop J. C. Ander­son, and was present when the to. EQUILIZED SALARIES

The growing pressure of demand for larger and larger numbers of teachers to staff the larger and larger schools of this and all other provinces of Canada has forced school boards everywhere into the unenviable position of having to bid against each other for the available supply of teachers. This situation is a direct result of the example of the application of the law of supply and demand where there are many "buyers" and few "sellers," and the market. The feverish market activities forced on the "buyers" — the school boards of the country — by the growing scarcity of qualified teachers, and the quandary in which the teachers find themselves because of this activity, is, to say the least, unfortunate. The chief preoccupation of both boards and teachers for at least two months in the year tends to be that of who is going to travel how far, and why so much.

The ultimate remedy will be secured only when the supply of qualified teachers equals the relative want, without a demand for them. Until then, a partial remedy can be found in the Province of Quebec by equalizing the scale of teacher salaries throughout the Province.

If this were put into effect, the teacher would choose which town he preferred to teach in — on other than purely salar y grounds. He could live in a small town because he could save some of the salary for travel or study, or for the simple reason that a small town is a better place in which to bring up his family. Or he might choose to teach in the large city because his whole being thrives more in the larger environment. In either case, it would be factors other than salary which would govern the choice of schools by the teachers and the selection of teachers by school boards.

Such a plan, if put into effect would reduce in part the chaotic bidding scramble, a now-preconsuming concomitant of the Easter exams. It would also help to stabilize the teachers' working conditions, and so, other organizations that were to be considered in serious consideration and let their feelings be known to the existing school staff committees. They were to be asked to call a meeting on Education, Quebec City, they (the Committee) could not but realize that at least in this one community we are alarmed to the point of action about the existing school staff procedures.

BETTER IT TO BEAT IT

In connection with some words we reprint ed two weeks ago from an editorial published fifty years old, a few local farmers have a few things to say. It is said in that editorial that one way to run a successful farm is to have good, and not patenize the local businesses. Well, say these farmers, this is quite true but it goes deeper than that. If the farmers bring lambs into town to sell to the butcher they are too hard to be told that lambs have been purchased from Australia and the local lambs are not wanted.

PROF. T. L. PATTERSON, dairv products from New Zealand, eggs from Ontario and vegetables from everywhere under the sun. Education is an important factor here. The small school boards and teachers for at least two months in the year tend to be that of who is going to travel how far, and why so much.

Joy Pirio Honoured At Shower
A very pleasant evening was spent at the home of Mr. and Mrs. M. Laughton last week at a Millennial Shower for Joy Pirio whose wedding took place last Saturday. Some guests were present. After a discussion by Miss Yvonne Wiggins, Miss Phyllis Stewart and Miss June Haver, which had everyone in fits of laughter, the young ladies presented the gifts to the bride. The gifts included Mrs. M. Stewart and Mr. G. Haver were the attendants. After the girls had been opened and displayed, Joy thanked her many friends in a few well chosen words. A social time was enjoyed and then a most bounteous supper was served. Three of these girls are studying art at the University and they will soon graduate from that school. Their names are Anna, Elisabeth and Kathleen.

Trophies For Winners At Coulonge Banquet
The Port Credit Curling Club had another successful dusk last week and celebrated their very successful women’s section with a banquet held at "The Chico Inn", here.

A large number of members and guests were present and spent a most enjoyable evening. President Dr. Harold Laycock presided and acted as Master of Ceremonies. In his remarks he covered the pre-season aspects as well as the past current year, activities, and the very favourable outlook for the future.

One of the highlights of the evening was the presentation of championship trophies to the different branches of the local curling club.

The High President of the Men’s Senior Class championship was won by a rink skipped by "Monty" Ward.

The E. J. Boyle Ltd Trophy for Men’s Junior was won by a rink skipped by "Jimmy" Ward.

The Bay Days Trophy for Ladies Club was won by a rink skipped by Mrs. Jesse Duke.

The President’s Trophy for Minor Club, was won by a rink skipped by Mr. Michael Dempsey.

The Blue Ribbon Fund of the Curling Club received a welcome "boost" when a $1000 check was presented to the treasurer by the Women’s Branch of the Club, the amount being raised by their faithful work at the County’s Model Fair and the Shawville Bay was the winner of the blue ribbon ruffled by the Women’s League.

Music and entertainment was provided by Mr. W. H. (Billy) Kinney.

St. Andrews W A Meets At Manse
The March meeting of St. Andrews W A was held at the manse with Mrs. Urie, Mrs. Taylor and Mrs. F. Graham hostesses. The meeting opened by singing hymns Mrs. M. Stewart gave the devotional part of the program opening with Prayer. Mrs. F. Graham presented the scripture from Hebrew II, vers. 1-2. Mrs. B. Scott read the lessons, she also gave the reading entitled "Time of the work of our Padres in Canada", which was very interesting. The last minutes were read and approved and dis­missed. The new drapes had been hung. On motion, new regalia for the lodge to be hung for new and new dishes also to be purchased.

The treasurer’s report was given and accepted. There were 2 sick sisters and the roll call was run­ning and raised some good laughter. The "free will assessment" brought in $410.00 for the first 20 months and $6 per for each additional month, total $416.00. Mrs. Stewart received a donation of $0.50 from Simpson-Smith Co., which was given out and the dona­tion from T. Bates Co. Inc, at the last meeting. Money was paid for and had been made up for the table. Estimates to be in for next meet­ing for the cleaning and painting of the church basement.

Singing of the hymn "The day thou gavest Lord is ended", and the dinner benediction closed the meeting.

A large supper was served by the hostesses and at this time very pretty pieces of china were presented to Mrs. Taylor, who although taken by surprise, expressed her thanks most gracious­ly.

Pougla Ramblers
Entertain Short Course

A group of folk singers and musicians entertained at the last evening of the Agricultural Short Course at Ottawa last night and are making a name for themselves in Pougla.

Calling themselves the Pougla Ramblers, the group consisted of Maxwell Berwick, who plays guitar and mandolin with equal skill, Benny Curley, singer and electric guitar player par excellence, Donny Curley, fiddle player and lead harmonica player, simultaneously and Lonnie McCuskey piano and acoustic player. They sang and played their original compositions, brought down the house with their "Pougla Line" for "The Declared Enemy" and the "Solid Good Time" with Benny and Maxwell as vocals. A unique musical dale by the pianist Curley, and some improvised musical moments resulted the audience and the foot-tapping listeners agreed that "those boys should be on TV."

Mrs. Kota has a group of pianists across the room for the entertainment of the audience. The young ladies, in white frilly party frocks, and the young gentlemen, in ties and very formal evening dress, received and accepted the ladies sitting in a manner that brought applause from the audience.

Fire Menace Is Listed Among Signs Of Spring in Coulouge

Fort Coulouge—Over and above the usual signs of spring—green grass, etc., the signs of spring are few and far between. No doubt the unusual cold and dry weather has reduced the spring in this area.

The annual Reports were printed by the Fort Coulouge Improvement Co., and were distributed among the members of the Coulouge Fish & Game Club.

Bryson Rock and Rollers

See Presley in Ottawa

Mrs. Les C shoreline entertained at bridge, Monday evening, the prime minister of the world, Mr. Presley. There was a large crowd of fans who were pleased to see the prime minister. The crowd included many fans who had never seen Presley before.

Karl Gormsen, student of Ottawa University, visited his par- ents, Mr. and Mrs. Torleson, and had a pleasant visit.

Carmen Lavelle, student at Hull Technical, met with a painful acci
dent in the laboratory. The accident involved a pipette and a pipette holder, which caused a severe burn to the hand. The accident occurred during a demonstration of a chemical reaction.

Shawville Auxiliary

Holds Annual Meeting

The twelfth annual report of the Shawville Auxiliary of the Pontiac Community Hospital was held on Thursday, March 16. The report revealed a $4,000 profit, which was due to a successful bingo night and a high attendance at the auxiliary's monthly meetings.

Shawville Auxiliary's secretary, Edith Murphy, presented a 15 percent increase in membership over the previous year. The auxiliary's main goal is to provide support and assistance to the hospital.

The auxiliary's activities include fundraising events, such as a upcoming bake sale and a rummage sale. They also plan to hold a second-hand clothing drive to raise funds for the hospital.
