The newly built, $2,000,000 Rolland Paper Company mill in downtown Shawville was the subject of much discussion in the past week. The mill, which went into production in early February, has been a source of great pride for the community since its construction in the late 1950s. The mill, which produces high-quality paper products, has been a major contributor to the local economy and has provided jobs for hundreds of residents in the area.

In other news, the Shawville High School held its annual science fair, where students showcased their projects in a variety of subjects. The winners were awarded certificates and prizes for their achievements.

The Shawville Lions Club also held a successful fund-raiser, raising money for local charities and community programs. The event featured a variety of attractions, including a carnival, live music, and food stalls.

The Bedford-Willow Hill school district received a grant to improve its technology infrastructure, allowing students to access the latest tools and resources for learning.

The Rolland Paper Company Paper Mill

The Rolland Paper CompanyPaper Mill has been a leader in the production of high-quality paper products, and its new mill in Shawville is no exception. The facility is equipped with state-of-the-art technology and is operated by a skilled workforce.

The mill produces a variety of products, including newsprint, offset paper, and packaging paper, and is committed to sustainability and environmental stewardship.

In conclusion, the Rolland Paper Company Paper Mill in Shawville is a testament to the ingenuity and dedication of its staff, and a valuable asset to the local economy. The company is committed to continuing to provide high-quality products and services to its customers for years to come.

Portage-du-Fort will shortly boast of a new flour mill as the consequence of a course of action on the part of Mains and opposite T. Richardson's store. It is said the machinery is to be shipped by carriage. The flour mill will be a great asset to the community where flour is scarce and expensive, especially to the farmers who have had to buy a new mill at an expensive price to provide flour for the winter months. The mill will be a boon to the farmers in the Pontiac County and will be a great asset to the community. Shawville raised $1439 for bibles

The Shawville Branch of the Bible Society had an encouraging year in 1887 according to their Annual Report. Total receipts were $1459.76 of which $1374.70 was sent to Ottawa and $85 was donated. This money was raised by door-to-door canvass in Memotoun, Dines of Dewey, and donations of the Ministerial Association. A special project for Canadian's Centennial year was French Bibles for Exo-Congo.

The local branch was under the chairmanship of Herbert Hamilton President, and Miss Jeanne, Secretary also included volunteer canvassers, who helped to make 1887 a successful year.

Pontiacs meet Renfrew Wednesday, and Sunday night here.

A change of time has been made in the schedule of games for the Pontiacs to play Renfrew. There will be a game Wednesday (tonight) March 13, in Shawville another Friday night in Renfrew and the Sunday game which had been scheduled for that afternoon will actually be played here in Shawville, on Sunday evening at 7:30. They hope a larger group of fans than ever will come out to make this a great game.

OWA DISTRICT HOCKEY SCHEDULE

SEMI-FINAL PLAYOFF DATES

Wednesday, March 15—Renfrew at Shawville
Thursday, March 15—Shawville at Renfrew

Pontiacs meet Renfrew for the third time in the best of seven semi-final series against the Renfrew North Stars. It is unbelievable that the Pontiacs should have two games against them, but so it is and they will surely prove they are worth more than their salt when they come out at top in the series.

The opener Friday night was indeed a great disappointment to the Pontiacs as they suffered a 3-1 defeat in overtime. The first period was scoreless and Renfrew opened the game at 11:33 of the second when Jean Valiquette assisted by Capt Bert Morrow and Bill Dainty. It was not until 18:46 of the third that Irv Richardson and Bryan Campbell tied it up assisted by Capt Bert Morrow and Dainty also got fist for cross-checking. Shawville had too many men on the ice in one count. Kuehl earned two minutes for holding and Powell 2 minutes for tripping. Over 500 were in attendance at the Sunday game. The afternoon saw the second game end with Shawville also holding the short hand and returning home with lovely final results. Crozier, Ely and Allan Black appreciated very much all the parents and other interested people who took players in their cars and attended the games to support the boys.

Saturday's loss is unbelievable that the Pontiacs should have two games against Renfrew and Shawville's 7:30 p.m. game at the Community Centre, Shawville are Thursday at 8:30 and held the winner at 16:22 assisted by Morrow. Only eight penalties were meted out, with 3 of these only earned by Renfrew. Shawville's Barry Kuehl and John Donnelly of the N.S. got two minutes for roughing as did Mervin Yen and M J Blimkie. Blimkie also got fist for cross-checking. Shawville had too many men on the ice in one count. Kuehl earned two minutes for holding and Powell 2 minutes for tripping. Over 500 were in attendance at the Sunday game. The afternoon saw the second game end with Shawville also holding the short hand and returning home with lovely final results. we must learn to clothe our- selves with spiritual armour, not engaged in a warfare with evil. (1 Pet. 5:12). We must "wrestle not against flesh and blood, ... against principalities, against powers ... on the higher ..." (Eph. 6:12, 13).

Lent would be a fine time to have a "be your kindness" week. This, with due respect, is a time to cultivate the soul. We have been outward, as it were, to put aside worldly things. It is a time to sow the word of godliness. It is a time to meditate upon Divine wisdom.

Dioecesan CWL

Fifty-nine members attended the executive meeting of the Pembroke Diocesan Catholic W.C.L. at St. John's School, Eglington, Ont., Sunday, March 3rd, when the League prayer followed by Scripture reading Gen. 15:1, was given. Romans 4:18-25, John 5:1-15, in accordance to a plea by the Bishop of Pembroke to mark this year of faith in a special way during the Lenten season. The members received the Apostles Creed. W.C.L. members were extended by Rev. M. Coules and Mrs. J. Kejaum, president. You are encouraged to join and work with the League prayer following. What does it profit if we make an outward show of not eating and drinking, and yet live iniquity and deserve judgment?" said Dr. Paul said. "Take heed that ye be not consumed one of another." (1 Cor. 13:10). Lent is a time not alone of abstaining from food, but also of a time of withdrawing from sinful practices. We did not command the Pharisees for their marks, but said they did not practice the more spiritual dangers of the world. It will be the condition of the soul that will help affect what we do with our ears, eyes, hands, feet. If the soul is not there, the tongue is a little instrument, but can do great damage if not controlled.

VISIONS IN NORTHERN QUEBEC
RE:visioning for Northern Quebec
A Canadian Study Project
In Northern Quebec, visioning for Northern Quebec is a process for re-thinking and re-imagining the future of the northern regions of Quebec. This process involves engaging communities, organizations, and individuals in a collaborative and participatory approach to identify and develop solutions for the unique challenges and opportunities facing Northern Quebec. The goal is to create a shared vision that reflects the aspirations, values, and needs of the people living in the northern regions. This visioning process encourages cross-sectoral collaboration, community involvement, and the integration of Indigenous knowledges and perspectives. It aims to foster sustainable development, social cohesion, and economic growth in Northern Quebec.

Country Notes

By Walker Riley,

Macdonald College, Agricultural Extension

Sometimes success can be downright embarrassing. Take last Thursday for example, when DIHAS day at the College and just twice as many people came as had been estimated.

Invitations had gone out to the five hundred members of the Dairy Herd Analysis Service to bring their wives and friends to see how their service operates. The first session had just been completed. The whole program was more than anyone dared hope. It looked like the occasion for a bit of a celebration.

We expected 250 or perhaps 300 at the very most would accept. Four hundred and sixty-five came.

Now what do you do with four hundred and sixty-five people when your largest lecture room holds only 200? And the show ring only 100? And the computer can be seen by only fifteen people at a time? And do you say to four hundred and sixty-five guests when you have prepared dinner for half that number here? You can guess some high-speed improvising went on behind the scenes. Although, it turned out a very good day.

Without doubt the highlight of the day was the presentation of this first annual sum­ mary of the partial informa­ tion about milk production in Ontario that never before had been available. Here was the kind of figures a man could make efforts by. Here were the facts that you could use to defend your dispute; people had actually seen your data.

In the afternoon, the assem­ bly broke into groups to tour the testing lab and the dairy barn, and then to a plastic cooler where the University dairy students had brought a laugh, but they told the stories of a very important story of feed quality well.

Each was made from a clear plastic garbage bag for a sto­ mch, suspended from a rope hanging from the gridhead board and a cardboard underdraper, and a cardboard frame for a tail.

One was obviously sad tears streaming down her face, her stomach full of a bundle of roughage. Her udder of course was very large.

Below a display board filled in the figures. The sad cow was having a hard time digesting 10 pounds hay cut on July 13 and making it into 23.4 pounds of milk. The happy one had eaten 23 pounds of material cut on June 9 and would soon be looking for more. She would be produc­ ing 82.5 pounds milk from her bundle of roughage.

Altogether it was a hectic work week at the College. The College Royal for 1968 wound up on Saturday afternoon with the Champion Showmen­ ship classes. As always, a heap fell over the crowd around the sawdust ring as each final class paraded with fine pre­ paration before the judges.

Andy Ness followed a long family tradition when he took the ribbon of Grand Champion Showman. Art McElroy, champion sheep showman, was Reserve Grand Champion Showman.

Champion Lady Showman, leading Princess Elena, the cow that every outhow spent a comfortable week in Place Bonaparte, centre the milk Coates from East Angus. But she had to prove her children, with less amenable cows, and pigs and pigs too. Carolyne Templeton from Hovick, in Reserve place, made Colleen really work for her honors.

In the novice classes, Artene Bolte, showing for the first time at a College Royal, was Grand Champion Showman. And more credit to Arlene she was still recovering from an argument with a Vicki­ gton over right-of-way two days before.

Champion swine showman this year was Harold Cuthbertson of Shawville. Bestow was the hog of Elwin and Chris Judd from Shawville was his champion of the pigs.

In the poultry classes, the best show in the fall of the House­ line classes. It was a real good one.

Short courses and radio extensions have been giving the Extension staff a busy time the last while. Galen Driver who is organizing these, rep­ ports a successful day of bookkeeping at Sayville.

Then there was one in his home area of Richmond on dairy cattle feeding, and coming up are Corn Produc-

Minor Hockey
ODHA Playoffs

The Shawville and District Minor Hockey ODHA eliminations are in progress. Since last week the Midgets have completed their semifinal series against Madawaska and Almonte. They now play their finals against the winner of Madawaska and Almonte semi-finalists of that area. At least one of those games will be played here soon, so plan to see these fine young men in action if you haven't already done so.

The Juvenile who had won their first two games in a best of five series saw their 3-0 lead here Monday night to end the game in a tie, and necessitate another game. Shortly, perhaps, with the Eggville's artificial ice. These are the only two juvenile teams in Division B and all games are of course in the final series.

The Bastams are scheduled to play two games within a week one here on Saturday against Almonte and a return game in a few days. They also won their 2 game series against Madawaska and Almonte won over West Carleton in a best of three series.

The Pee-Wee North Stars who also won their series against Madawaska, but lost their first game 4-1 to West Carleton in Ottawa March 26. On Wednesday, March 15, Shawville Pee Wee won 2-1 over West Carleton in Arnprior but this still means that West Carleton has won the 2 game series by one goal and advances to finals.
