The motion to organize outfitters for the protection and benefit of the public was a good one twenty years ago and the organization is still in good repair. If it enters its first quarter-century, the Association with the blessings of the Minister of Fish and Game, only depends on the conscientiousness of its guests to provide yet another good year for the hunters and fishermen who flock here to enjoy their favorite sport.

GUNS IN CARS

We have been informed that there are many motorists who fail to use the backs of trucks through the habit of leaving guns and the backs of trucks in their vehicles. This practice has been condoned because of the law which says they should be locked in the trunk or in a closed area if there is no trunk. This law applies only at night. During the day it is illegal.

SCHOOL BUS DANGERS

We have been informed that there are drivers who will pass a school bus which is stopped to load or unload passengers. A near tragedy occurred near Chateauguay when a school bus was not noticed by a driver who was crossing the road in front of the bus while the bus had its flashers on.

When people see drivers breaking the traffic laws they should report the license number to the Provincial Police.

HUNT FOR SUNSHINE:

The 1970 Quebec maple syrup was the smallest of the past ten years, about 7 per cent of the size that had been produced. For those who have been saying that horses are taking over the Shawville Fair, the 1970 Maple Syrup Festival was a spectacular success.

The tennoz Sparkle won the showmanship award. The 1970 footwear award was presented to the Lakeville, Que. students for their shoe design. THE SCENE by Jimmey

• Four champion weightlifters were disqualified when they showed they had taken drugs before participating in the weightlifting meets.

• It has been suggested that new methods of conditioning, coupled with equipment, might help speed the rebuilding of the Provincial Police.

• Registration is now being done to see if those available can be used as nurses and among college students particularly. A physical examination is necessary for young females.\r

• Experts at the boiling institute in Timmins plan to use new pollution control equipment to reduce pollution in the area.

• A near tragedy occurred near Saint-Jean and at Sept-Îles, New York, Mr. R. Rycilicki for Wheelers Airways.
