Cathy Dodds, daughter of Joseph Kennedy and the late Jean Kennedy of Ottawa, was crowned at Pontiac High School last Wednesday as the school's new Queen. Miss Dodds was crowned by Mr. Beaman, principal of the school. The meeting closed on the note that the school would continue in the same manner and that the government must keep their end of the bargain.

Old P.O. built by Francis Sullivan

The old Post Office in Shawville is a fine building and it is expected to last for many years to come. The building was opened to the public last week and it is expected to be well-liked.

An investigation is being launched into the death of a young woman at the Pontiac High School last month. The woman, who was a student at the school, died suddenly and an inquest is being held to determine the cause of her death.

The Ottawa scouts are to enter the building for the evening, which is expected to be well-liked by the students.

LETTERS TO THE EDITOR

John Birch sounds really funny. He's the little man near the end of the line with a red tie on. He's not wearing any pants and his hands are up in the air. He looks like he's dancing. The people around him are laughing. The background is a cloudy sky.

Surprised Queen

The Adirondack of Northern New York Province is made of forest, and this is why they are so beautiful. I have seen these forests many times, and each time I am struck by their grandeur. They are a true wonder.

Snowmobile trails

Snowmobile trails should be made. Both skiing and snowmobiling trails should be made, and each club should put their own number for numbered trails. This will be a great help to those who want to go on these trails.

Wanted: your opinion

Man-made structures should be made. This will improve the quality of the air and the environment. The forests and mountains should be preserved.

The Adirondack report

You will see there in the Adirondack report and adapting it to Pontiac they have done a good job. But this week we have seen that. Increasingly often, demands English as an essential. If this province wishes to really live up to Its self-coined axiom, "We want things done the French way", then this must be the way. Otherwise, they will not be seen as a true French-speaking people.

**French vs English Language**

The picture ss concerns all French Canadians in Quebec. The French papers are spreading the word of the need for French. If one day they are really surprised to see the French papers with the headline "The French paper" on the front page. It is so important to protect the French language.

All People of Good Will

THE PRESBYTERIAN CHURCH

IN 1919 she married Winston Godwin Harris, Ottawa.

And breathed in your ear

And whispered, "Peace be thine."

So He closed his weary eyelids

Some day, we know not when,

That the hills were hard to climb,

Since death its gloomy shadow cast

My last parting word.

And not saying farewell.
