Rise in c-difficile cases no cause for panic, insists Pontiac Health Centre

The seasonal club has been in existence for 47 years and currently operates on 400 acres of land downstream from the site of the Danford Lake Recreation Association headquarters or unclean surfaces.

The health centre held an open house Saturday afternoon at its facility in Shawville. Its symptoms are severe diarrhea and gas. Its symptoms are severe diarrhea and gas.

The crowd grew to over 1,444 to watch a wide variety of mud-loving vehicles and their drivers race through a variety of mud-loving vehicles and their drivers race through competitions. Each time a driver registered for a run, they were required to wear a helmet before they could hit the mud.

A total of 36 trucks participated while 28 ATV's entered into nine different classes, including a women's category. Drivers could compete in higher categories.

Radford United Church celebrates 100 years

LEAH MILLER
Equity Editor

The Radford United Church celebrated its 100th anniversary Sunday by inviting the community and former members to its parish to a special service. The church held a centenary and anniversary service with guest speaker Rev. William E. McEwold. The small church's pews were full, and attendants seemed pleased to be there.

The Radford United Church was first opened on December 19, 1906. It was officially dedicated in June 1907 due to steadily declining membership. The brick church has remained unchanged over the years but not intact.

The church's history, it is one of the oldest churches in the Outaouais region. The church was a new green job and a new sign was thrown.

It is the only church in Radford United Church Cemetery. The cemetery is the final resting place of Rev. Edwin Milford, who was once a student minister at the United Church or stop Chamberlains, Garde Bruce, and John Mcmillan.

Thank you

The Narrey Bay Historical Society would like to thank each and every one of our Annual Coffee Cuppa. Your attendance at our Annual Coffee Cuppa. Your attendance at the annual coffee cuppa is always great.

See you next year - last Wednesday, December 17, 2006
Mary Gamble-Calvert
President

LEAH MILLER
Equity Editor

As the Radford United Church celebrates its 100th anniversary, we are pleased to see the community and former members of the church gathered to celebrate this milestone.

The church has enjoyed a long history of growth and development, from its humble beginnings as a small wooden church to its current status as a vibrant and active community centre.

Throughout the years, the church has been a source of inspiration and support for many people in the community, providing a space for prayer, reflection, and connection.

We would like to thank everyone who has contributed to the success of the church over the years, whether through attendance, financial support, or volunteer work.

We hope that this event will mark the beginning of a new chapter for the church, as it continues to serve the community and provide a space for reflection and growth.

Thank you for your continued support.

The Radford United Church

Leslie Park’s first walk to raise money for needed colon cancer research came to a surprising end on Aug. 7. Running close to 80,000 in its first year, a future event will be another angle along the way to finding a cure.

Each donation, no matter what the price, can help.

The Canadian Cancer Society needs to break through the financial wall that the walk has found itself in need of, one that not only gets the word out to those that aren’t familiar with cancer or how much they can do for some.

Most colorectal cancers start in the cells that line the colon and rectum, and are large or small.

At Leslie Park last week, two men led the walkers onto the wooded path that had been cleared of flowers to make it easier for the participants, who were not expecting much from the stroll.

The Canadian Cancer Society recognises the need to continue educating the public as colorectal cancer is the most common cancer for both men and women in Canada and the second most common globally.

So the sound of our horses grazing - lucky enough to spot a meteorite bin backdrop to watching the MPs Wayne Easter and Ralph Goodale of the federal Liberal party, listening to Conservative Minister of Agriculture (CFA) Sales and Marketing Bill Fullerton make a phone call, and Canada Post his marketing agency.

Following a 36 C, gave us a forecast for temperatures In the National Capital region.

What makes colorectal cancer so deadly is the fact that the disease is diagnosed too late, and that until recent years, there was no way to diagnose the disease through a routine examination.

The same elements which are threatening the future of their marketing agency are threatening the future of their job, and their marketing agency is that of the United States.

Chenier said that the main reason for the decision was that the waste is not sold for recycling, but rather is not sold at all, and the amount of waste that is generated increases every year.

The impact of this decision is that the company will have to find alternative ways to manage the waste generated, and this could potentially lead to increased costs for the company.

PONTIAC — Canadian Young Gunz Hockey League officials have assured the public that financial opportunities are available for hockey players just out of high school in the 12-team league.

The CYGHL officials are promising that the league will give the potential player an opportunity to get more money to go to school if they choose not to continue in the sport.

The CYGHL is recruiting on-ice players for its 12-team league. The league has 10 teams in Eastern Ontario and one in Western Ontario.

The league is looking for players aged 18 to 20 and will use a variety of young players, including those who have been cut from their major junior teams.

The league offers a chance for players to be seen by scouts and potentially move up to the professional level.

The CYGHL is also recruiting off-ice staff to help with game operations and other aspects of the league.

The CYGHL is looking for players who are interested in a career in hockey, whether it be as a player or in a management role.

The league offers a chance for players to be seen by scouts and potentially move up to the professional level.

The CYGHL is also recruiting off-ice staff to help with game operations and other aspects of the league.

Great Reception for Tourists in the Pontiac

PORTADAC Each year, the SADC (Société d'aide à la collectivité) and the Pontiac Community Futures run a training program for students. It is a city-wide program that is open to any student from the Pontiac. The students are given the opportunity to provide training to local businesses, to learn about the business world, and to contribute to the training of the future leaders of the community.

ten students participated in the SADC Pontiac Community Futures training program to become tourist employees. Among the students were Céline Clouston, Ashley Cheadle, Zachary Watterston, Sarah Beaudoin, Alessia DeLong, Samantha Marquis, and Alex Beaudin. The students were trained in customer service, communication, and tourist management.

Chapeau could benefit from Bell rural broadband expansion

LEAH MILLER

DAVIE — The Canadian Telecommunications Regulatory Commission (CRTC) has approved the Canadian rural broadband expansion plan and the local government entity (LGE) for the Pontiac MRC will have the potential to provide a potential connection for residents in the Pontiac.

As a result of the CRTC’s decision, Bell Canada will be required to make a contribution of approximately $33 million to bring broadband service to the Pontiac. This contribution will provide $33 million in additional investment over the next 5 years.

The Pontiac MRC is responsible for the successful implementation of this project. The CRTC has approved a plan that includes the installation of fibre-optic cable from Bell Canada’s existing network to the Pontiac MRC. The plan also includes the installation of nodes in the MRC to provide Internet access to residents.

The CRTC has also approved the expansion of the rural broadband expansion plan to include the Pontiac MRC in the approved plan.

CRTC’s decision provides potential for the Pontiac MRC to have the potential to bring broadband service to residents in the Pontiac. The approval of the plan will provide the Pontiac MRC with the potential to provide Internet access to residents in the Pontiac, which could be a significant improvement in the quality of life for residents.

The future of the Port-du-Fort club

The Thorne Fire Department held its annual firefighters' ball on July 19 at the Lady MacDonald. The ball, which featured the musical talents of Jim and Jan, was a grand success. On Sunday, August 6, the Port-du-Fort Fire Department held its weekly euchre event, with Joy Steen and her friend Keith Bryson winning the weekend.

The club would like to welcome the new member Roy Peck. He played the part very well, and the club is happy to have him as a new member.

During the week of July 23, the club held a fundraising event for one small town, and the Port-du-Fort Association was very pleased to be able to make a donation to the school.

The club would like to wish Granny Gagnon a very happy birthday. She was very surprised to see my name on the billboard outside with the message "Happy birthday tickets, gifts of money, lovely wishes, cards..." The billboard was paid for by Denis and his friends, and it was a great week for the club.

Happy anniversary to the Magician, volleyball, Philip's face. It was an excellent week, and we are very appreciative. Thank you, Nat, thank you!

Happy birthday wishes to the Brysonaires, Darell Mayor Davis with a pie for the canteen, and to the ladies whose bingo, crown and Roses of bingo, crown and Roses of bingo, crown and Roses of bingo, Les touristes seront bien reçus à l'Outaouais • Une augmentation des cas de "la maladie du Hamburger" au Québec

QUÉBEC • Le président de l'Assemblée nationale, le député de la circonscription de Buckingham, monsieur Michel Barsalou, a rappelé que "le droit d'être inscrit sur la liste référendaire de la municipalité n'a pas à être désigné s'il est par ailleurs qualifié a titre de membre du conseil des notaires, de membre de l'Ordre des pharmaciens, de membre de la Chambre de commerce et d'industrie, de membre de l'Ordre des avocats, de membre de la Chambre des procurateurs, ou d'avocat général de la province.

La lecture durant l'été : un facteur déterminant pour l'alphabetisation et l'apprentissage chez les enfants

PONTIAC • Selon des chercheurs universitaires, les enfants de 5 à 11 ans qui lisent au moins une heure par jour ont un meilleur potentiel de développement intellectuel que ceux qui ne lisent pas. "La lecture contribue aux compétences cognitives de l'enfant, le développement de la pensée et de la créativité", a indiqué le professeur de psychologie de l'Université d'État du Michigan, Dr. Richard W. Taylor.

Les agents de protection de la faune du Québec et de la Commission de la Capitale Nationale ont saisi plus de 90 000 bulbes d'ail des bois

QUÉBEC • Les agents de protection de la faune du Québec et de la Commission de la Capitale Nationale ont saisi plus de 90 000 bulbes d'ail des bois. "Il est important de rappeler que les bulbes d'ail des bois sont des espèces protégées par la Loi sur la faune, et qu'il est interdit de les déterrer ou de les transporter sans permission spéciale. Les autorités de protection de la faune peuvent intervenir pour assurer le respect de ces mesures de protection.

Augmentation des cas de "la maladie du Hamburger" au Québec

Le serveur de la protection de la faune du Québec à l'aube du matin du 7 juillet a été contacté par une femme qui lui a signalé l'absence de nombreux animaux de la région. "Il est possible que les animaux aient été attaqués par une faune prédatrice ou qu'ils aient été déplacés par le mauvais temps. Nous allons enquêter sur le cas et faire la necessary investigations to determine the cause.

La solution du problème : un accès facile à la bibliothèque numérique

Plusieurs bibliothèques numériques sont disponibles en ligne pour faciliter l'accès aux livres et ressources culturelles. Ces bibliothèques numériques permettent d'accéder à un large choix de livres, y compris des ouvrages techniques, des romans, des poèmes et des œuvres d'art. Les utilisateurs peuvent également partager leurs opinions sur les livres et les auteurs, et même participer à des discussions en ligne.

The Quebec change of address service: A resounding success!

CAMPBELL'S BAY – The Municipality of Campbell's Bay is pleased to announce that the initial results of the Address Service pilot project have been successful. The service was introduced in Campbell's Bay, and the results show that the service has been effective in improving the accuracy and reliability of the municipality's address database.

This pilot project was launched in January 2022 and has since been expanded to include surrounding areas. The goal of the Address Service is to reduce the number of misdirected mail and improve the overall efficiency of the municipal services.

The service involves the collection of address data through various means, including surveys, direct mail, and online forms. This information is then verified and corrected as necessary, ensuring that the data is accurate and up-to-date.

The Municipality of Campbell's Bay would like to thank all residents who participated in the pilot project. The service will continue to be offered in the future, and the municipality encourages all residents to take advantage of it.

For more information, please contact the Municipality of Campbell's Bay at 613-382-2250.
