A 14-year-old boy was arrested on the Shawville Fairgrounds for possession of marijuana on Sept. 2. He was released and will appear in court at a later date.
Police officers received a call for a suspicious vehicle in the area of Kazabazua and a 20-year-old woman from Bowman were arrested for possession of marijuana. Officers seized about 10 grams of marijuana, one gram of speed, 35 cannabis seeds and various other items. The woman faces several charges and will appear in court at a later date.

Road safety
During the Labour Day weekend, the Shawville Police Service conducted several road safety operations. Particular attention was paid to the area around Shawville Fairgrounds. Here is an overview of the operations:

- 10 vehicles were checked
- 30 parking tickets were issued around the fairgrounds
- Many tickets were issued for speeding

A ticket for a driver not wearing his seatbelt
- Four tickets for not wearing their seatbelts
- Three for dancing while driving
- Two for Criminal Code traffic violations
- Several road blocks to counter drink driving

The police were active throughout the weekend. People were aware of the RIDE program and their vehicle was inspected.

Here are four facts from the weekend at the Shawville Fair:

- He was too drunk to handle the situation
- He was too drunk to stay on the job
- He was too drunk to know what was going on
- He was too drunk to be effective as a police officer

A helicopter from CFB Trenton, similar to this one pictured, was used to transport a man to Ottawa.

YOUR OPINION | Nothing better to do for vandals

Dear Editor,

We would probably never know who knocked over the statue of Friends at McDougall School. Short of mounting motion detector lights and cameras in the area, it would be hard to know who comes to admire and who comes to destroy.

I am not particularly concerned in knowing who did it, but I am concerned about doing it with nothing better to do. If it was local kids, or even visiting kids, perhaps they were not really related in some way to the kids who built the statue. It is a shame that other young people in the community sometimes know who did it. When I look at this, I wonder why they would help create this.

Have I asked the right questions?

This is the final entry in a series of articles exploring Ontario's response to the opioid crisis. The series began with a focus on the role of the pharmaceutical industry in the crisis, and then turned to the healthcare system and the stigma associated with addiction. In this final article, I will consider the role of the media in shaping public perception of the crisis.

The media plays a crucial role in shaping public perception of the opioid crisis. Media coverage of the crisis often focuses on individual cases of addiction and death, rather than on the broader social and economic factors that contribute to the crisis. This can lead to a lack of understanding about the root causes of the crisis, and can also contribute to stigma and shame around addiction.

In this article, I will explore the ways in which the media coverage of the opioid crisis has contributed to public perception of the crisis. I will also consider the role of the media in shaping public policy responses to the crisis.

The equity reporter for the Shawville Times, ANDREA CRANFIELD, has written an article about the Shawville Fair, which took place on September 4, 2010. The fair included various activities such as horse pulling, tractor pulling, and horse shows. The article also mentions the Shawville Fire Department, which was invited to pull the horse and tractor at the fair, and the Camp- bell's Bay-Litchfield firefighters, who took back the title after a long absence. The article concludes with a quote from andrea cranfield: "...we've advanced with the sport in order to succeed and we're a great team because we are syn-chronized."

Shawville, Sept 4, 2010

The pressures of life at a local 4H show were on display for the first time ever, as Hereford cattle were featured at the Mark of Excellence show on Saturday.

“Cattle accumulation is really all about going towards the national interest and keeping the best beef cattle carv on,” said Jim Rourke. “We need to come together and work on the show to ensure that people can enter in any 4H or cattle show and that people can win in Ontario and even across the border.”

Rourke, being a feeder in the 4H show, said that he was very happy to be selected.

The Shawville Fair was e.g. and attended by everyone.

Brent Palmer and Sara Darragh each took home a banner for winning first prize for overall best male Hereford at the Mark of Excellence show on Saturday.

Laird Hamilton stands beside one of his Hereford calves at the Shawville Fair.

Jared Murray has been showing cattle for two years and Chris Beesby for one. Both cattle are in the 4H club.

He said that this is his second year in the 4H club and he is looking forward to his third year. He is happy with his cattle and is excited to see how they will do in the show.

Judging was open to all participants and a variety of cattle were on display.

For the first time ever, the Shawville Fair hosted an event of Excellence (MOE) show for Hereford cattle.

There are more Hereford cattle being shown today than ever before, according to Rourke, and it is important to ensure that they have a good quality group every year.

The MOE show gives rising cattle a chance to show in front of judges from across Canada and to gain recognition for their achievements.

There were 38 entries in the MOE show for Hereford cattle, with an excellent group of Hereford cattle being displayed.

There was a lot of walking and setting up of the show, with people working hard to make sure that the cattle are presented in the best possible way.

There was a huge crowd at the show, with people of all ages attending to see the cattle on display.

There were many different classes in the MOE show, with classes based on the most distinctive breed that came from England in the 1800s.

There was a lot of judging and discussion about the cattle, with people working hard to make sure that the cattle are presented in the best possible way.

The MOE show was a huge success, with people of all ages attending to see the cattle on display.

Commission parlementaire

Non à la loi 103

Le projet de loi 103, intitulé "Loi portant amendement du Code de la santé et des services sociaux", a été soumis à la Commission de la culture et de l'éducation, via une motion présentée par le député Andrée Boisclair, représentant Gatineau. Ce projet de loi, qui viserait à permettre le français dans les provinces anglophones, s'inscrit dans une logique plus large de la francisation, notamment dans le but de renforcer la langue française dans l'enseignement et dans l'organisation de l'éducation. La Coalition, qui comprend plusieurs organisations francophones, a pris position contre ce projet de loi, estimant que le français doit être respecté et valorisé dans toutes les provinces au même titre que le anglais.

Qu'EN · A quelques heures du début de la Commission de la culture et de l'éducation concernant le projet de loi 103 modifi­é, le président de la Coalition de la langue française, le dé­puté André Boisclair, a réitéré sa demande d'appli­cation de la Charte de la langue française, laquelle a été adoptée par la Cour suprême du Canada il y a plus de 20 ans. La Coalition considère que le projet de loi 103 est une atteinte à la Charte de la langue française, et que les provinces anglophones doivent s'engager à garantir la langue française dans l'enseignement et les autres domaines de la vie publique.

Le projet de loi 103 prévoit des mesures pour renforcer la francisation dans les provinces anglophones, notamment par l'introduction de la langue française dans l'enseignement et dans l'organisation de l'éducation. La Coalition, qui comprend plusieurs organisations francophones, a pris position contre ce projet de loi, estimant qu'il risque de mettre en péril la langue française et la diversité linguistique du pays. La Coalition a également souligné que le projet de loi 103 ne fait que renforcer les initiatives déjà en place pour la francisation, et que les provinces anglophones doivent s'engager à garantir la langue française dans tous les domaines de la vie publique.

Lillian Nphin passed away on July 30, 1990 at 90 years old.

The sense of humour that was infectious so many years ago, and the kind of love she shared with her family and friends.

Lillian was a loved and respected member of her community, known for her kind heart and generous spirit.

We all cherish the memories of Lillian and the legacy she left behind.

RIP, Lillian.
**Shawville: Lower hockey registration fees for Shawville hockey players**

Lower hockey registration fees are available for local beginners and advanced players. The fees are $30 for a single child or $60 for two children. These fees include registration, insurance, and participation in various shows across the Ottawa Valley, to compete in the gala at the end of the season. Shawville mayor Albert Casseb Young has passed away on September 5, 2010, in a heartfelt farewell message from the mayor. He was 84 years old. This will be another great year for our local hockey players to get some great deals on hockey registration fees. » L'Assemblée mondiale CIYCIL-S a été la première occasion pour la société civile de participer activement à une discussion mondiale sur les droits de l'homme.

La présente ébauche inclut les OMD et l'approche fondée sur les droits de l'homme.

L'Assemblée mondiale CIVICUS a eu lieu à Montréal du 18 au 20 août et a réuni plus de 100 jours.

Les thèmes abordés concernaient notamment les enjeux croisés qui posent sur les droits et libertés de la société civile à travers le monde ainsi que les conditions précieuses de sa participation dans la réalisation de la souveraineté des citoyens.

Les problèmes cruciaux de la société civile mondiale et les défis auxquels ceux qui ne seront jamais rencontrés, ont été examinés et discutés à travers des discussions qui ont été animées par les délégués de la société civile et les experts en la matière.

La participation de la société civile à travers le monde a été favorisée par la publication de discussions qui ont porté sur les droits et libertés de la société civile, notamment sur les droits et libertés de la citoyenneté, et l'approche fondée sur les droits de l'homme.

Le Secrétaire général de l'Assemblée mondiale CIYCIL-S, Miguel Torres, a souligné que des enjeux cruciaux et d'actualité sont soumis à l'Assemblée mondiale CIYCIL-S.

La défense et le développement ne se font pas sans efforts, mais grâce aux actes de millions de gens et de communautés engagés, au sein des sociétés développées et en développement.

A l'occasion de la conférence de presse, Reginald Deon, Secrétaire général de CIVICUS a déclaré qu'il est nécessaire d'apporter une réponse à la menace que représentent les défis auxquels les sociétés se trouvent confrontées.
