PRICE—THREE CENTS

"Star Night" Planned For Westmount Park

The Royal Astronomical Society of Canada's Montreal Centre plans to hold its third annual "Star Night" in Westmount Park on Monday evening.

About 25 telescopes are expected to be in use, and they will be set up in the area in front of the bandstand at the corner of Melville and Western avenues. Some of the telescopes are professionally made refractors; others are of the reflector type, and made by the members themselves. The largest instrument will be the Centre's own 12 inch reflector.

Observations will commence as soon as it is dark enough, and will continue until 10.30 p. m. In addition, short talks will be given over a public address system—one on "The Moon" by Henry F. Hall, one on "The Constellations of Early Autumn" by F. DeKinder, and a series of slides of celestial objects, with commentary by E. Russell Pater-son.

Mayor Adams will open the event officially at 8.30 p. m. Henry F. Hall, dean of Sir George Williams College and president of the Montreal Centre, will act as master of ceremonies. Other personnel are as follows: director of observations, DeLisle Garneau; organization and publicity, C. M. Good and Miss I. K. Williamson; chairman of the programme committee, Mrs. Rex Edwards; chairman of telescope committee, F. W. Henshaw; and chairman of transport committee, S. Herscovitch.

If the weather on Monday is unfavorable for observation, the event will be postponed by radio announcement over CFCF until Tuesday evening.

The Society wishes to thank the City of Westmount for their help and encouragement in arranging this event.

Kirton Inquest Postponed

Inquest, to be held a week ago, into the death of Mrs. Alice Kirton, 63, of 455 Elm Avenue, who was killed on September 6, when the car in which she was a passenger collided with a fire truck at the intersection of Western and Victoria Avenues, has been postponed until a tentative date in the first week in October.

The postponement of the inquest is to allow for the recovery of E. P. Wallace, 69, of 4260 Madison Avenue, driver of the car in which Mrs. Kirton was riding at the time of the accident.

Mr. Wallace was taken to the Homoeopathic Hospital where he was found to have sustained a severe fractured skull. He is reported to be progressing favourably, but will be in hospital for a time yet.

CORRECTION

An item in last week's Examiner stated that Michael Lucas stopped a runaway car on Roslyn Avenue on September 8. The name should have been George Williams.

Examiner Staff Enjoys Annual Golf Tournament

The only show of golf form was exhibited when The Monitor Publishing Co. Office and the Plant team of four men each, fought it out over the Shawbridge nine hole course.

The Office team composed of H. E. McCormick, George Elson, Harold Phillips and Harry Houghton scored a total of 197 against the Plant's team score of 213, which was composed of Doug Hazell, Phil Nolet, Eddie Maddeaux and Chas. Samoisette.

The individual scores were as follows: McCormick 49, Houghton 50, Elson 52, Phillips 46 for the office and for the plant Nolet 44, Maddeaux 59, Hazell 54, Samoisette 56.

Fifty employees of the Monitor, Guardian and the Examiner took part in the golf tourney and everyone received a prize of some sort. Non-players received gifts for being good supporters. The tourney was arranged by Miss Pearl Howard and H. G. Phillips. Dave Cross acted as secretary.

After the battle was over, the "casualties" had been listed, and "soothing liniment" had been applied to the mental scratches and abrasions of some "soreheads" who had suffered in what they thought was their reputation as golfers, the ladies and gentlemen who had taken part in the friendly tilt, gathered at a festive board and enjoyed a delightful repast served in the great dining room of the club.

The group went up in private cars. Pearl Howard and Hugh Mount, according to Ken Hatton, of the Suburban News, had their brakes on all the way up to Shawbridge. . . Ken had his new Olds and Dick Lewis, (cir.) kept his eye on the speedometer and kept relaying it back to Robb, Ramsey and Jones in the rear. . . Bill O'Farrell, received a prize for being the mascot and Ken said he was the "noisiest" man in his car. He "looks and listens".

Col. Roche Addresses Rotarians On Canada And The United Nations

At the regular weekly luncheon of the Rotary Club of Westmount, held at Victoria Hall last Wednesday, president Close announced that it was the 17th anniversary, to the day, since the inaugural dinner meeting of the Club was held in the Westmount Y.M.C.A.

The Club at that time, he said, numbered 28 members. Many of them are members of the Club today, and they include: K. Carver, P. Jarman, W. H. Thomson, F. M. McNaughton, R. E. Parker, W. Girard, S. Cayford, D. McL. Brophy (original treasurer), and C. Medlar (original vice-president); present non-active members of the original Club include A. Cayford, W. Wrenn, Dr. A. K. Carver, and J. H. Hand, (original president).*

Guest speaker at the luncheon this week, was Col. J. R. Roche, O.B.E., E.D., K.C. He was introduced to the gathering by Curt Swinton, who told his fellow Rotarians that Col. Roche graduated from the University of Montreal in Law, and was admitted to the Bar in 1930, and that he was appointed K. C. in 1945. He joined the active army in 1939, went overseas, and became Officer Commanding the Regiment de Maisonneuve in 1941, becoming a full colonel in 1942. He is now a lawyer in Montreal, and a citizen of Westmount.

Colonel Roche opened his address, on the subject of "Canada and the United Nations," by pointing out that this is United Nations Week, sponsored by the United Nations Association in Canada in order to focus Canadian public attention on the meeting of the general assembly; to promote general public understanding of Canada's policy and interest in certain issues on the agenda; and to emphasize the individual's feeling of personal responsibility for the United Nations, expressed in the slogan "There's a You in United Nations."

"In other words" said the speaker, "In our democratic way of life, the Government, through its delegates at Lake Success, will be required to express the views and opinions of the citizens of Canada. In order to achieve this aim, the public should be well informed, and should give its backing and full support to the external policy it wishes to see followed. Therefore, it is the individual's responsibility to form a proper understanding of the U.N. in order that true public opinion can aid the U. N. to succeed in its prime function, which is the maintenance of Peace throughout the world.

The U.N. organization is composed of the following: The General Assembly, composed of all the representatives of the U.N.; The International Court of Justice, of which Justice Reid, a Canadian Jurist is a member; the Security Council, which includes five permanent members, delegates from the five big nations: China, France, U. S. S. R., Great Britain, and the U. S. The Security Council also includes six non-permanent members, elected from among the delegates of other nations for a period of two years. Close to the Security Council is The Atomic Energy Commission; all Security Council members belong to this body with Canada as an additional member, when she is not automatically eligible as a non-permanent member of the Security Council. "There is no further need to emphasize the important part played by our country in the proceedings," said Col. Roche.

Under the General Assembly also are other bodies, such as the Economic and Social Coun-

Field Day Coming For Westmount Children

Thursday, October 9, is the Field Day for Children of Westmount, sponsored by the Business Men's Association of Westmount. Entries from Roslyn, King's, Queens' and St. Leo's Schools, been received.

The events for girls will be held from 10 to 12 in the morning, and for the boys, from 2 to 4 in the afternoon. Three hundred and fifty-six prizes will be given, together with a trophy to the school securing the highest aggregate of points.

Great enthusiasm by school-children, teachers, directors and business men assures that the first annual Field Day will be a gala success.

Local Merchants Anticipating Better Business

Work on the Sherbrooke Street shopping district is rapidly being completed, and the Business Men's Association of Westmount states that members in that vicinity are going ahead with plans to light up their store fronts so that Westmount will have a shopping district of which it can be proud.

The merchants have suffered in trade during the last few months, but believe that the citizens will show their appreciation of the convenience and quality of the shopping district of Westmount by patronizing its stores.

Electric Iron Starts Fire

Westmount Fire Department responded to a fire call to 79 Arlington Avenue shortly after 5 a.m. on Tuesday.

They arrived to find the house filled with smoke. An electric iron had burned through the kitchen table. A small fire had developed, causing damage to a quantity of linen, and the walls of the kitchen had suffered smoke damage. The fire was brought under control with hand pumps and other portable equipment.

Scouts & Cubs

BY REG GROOME

We have as yet no news of the new season's activities of Westmount units, but we hope to have more definite information next week. We wish to remind all Cubmasters, Scoutmasters, Sea Scoutmasters and all others interested that contributions to this column will be received with welcome. Use this opportunity to inform the readers of the The Examiner of the activities of your unit.

St. Lukes Cub Pack hold their second fall meeting tonight at the St. Lukes United Church Hall, starting at 6.45 p.m. sharp. Cubmaster Fred Swales urges all Cubs and other boys interested to be present, Cubs in full uniform, 6.45 p.m., at the Church Hall.

Commissioner for Montreal, G. A. Hobley Mackay, in a message addressed to the Scouters of all units, urges them to their best to make this year one of the best in Montreal, and adds that the Headquarters Staff will do everything in their power to assist wherever possible. We hope that every Scouter will make a sincere effort to attend the Scouters' Club this year, the first meeting of which will be held in the near future.

In England, the Lord President of the Council, Mr. Herbert Morrison, opened a Flower, Fruit and Vegetable Show at Cooper's Lane School, Lewisham, during the last week of August. The Show was organized in conjunction with the St. Mildred's and St. Augustine's Horticultural Society by the 2nd Lewisham Scout Group, in aid of their Headquarters Fund. Apart from competitions for the best fruits, vegetables and flowers, there were several other attractions at this very ambitious function. The New Eltham String Orchestra provided light classical music and the Crown Players performed a play "Happy Days," during the evening.

There were also special items for the children, such as a Punch and Judy Show, Model Railway, and a Catapult Range where tin cats on revolving bars silhouetted against a full moon background were shot at. An exhibition of domestic science, special instruction in horticulture and an auction sale were among the other features of this event.

The Indian contingent at the World Jamboree held a special celebration on August 15th, the date of the inauguration of the two self-governing states of the Union of India and Pakistan. In the morning the boys and their leaders, representing every part of India and every community—Hindus, Moslems, Sikhs, Parsees, Indian Christians, Jews and Scheduled Classes—met together as usual round the flagstaff. The Leader of the Contingent, Rao Bahadur G. T. J. Thadacus, read a cable which he had received on August 13th from Lord Mountbatten of Burma.

On the eve of India's independence, I, as your Chief Scout, take pleasure in sending a message of good wishes to the Indian contingent to the World Jamboree at Moisson. In a few days, the India you left will have become two great Dominions, yet this will, I know, make no difference to your comradeship, but will prove another example of the brotherhood of Nations, among whose ambassadors you are playing an important part."

This activity is open only to members of the Y.M.C.A. A mixed swim will be held towards the close of the evening.

Phil Rosengarten has recently been added to the Friday Nite Dance Executive to represent the Triangle Hi-Y Club.

Dance Instruction — Younger teens, fellows and girls 13 - 15 years of age wishing to learn how to dance, are invited to leave their names with the "Y" secretary. An instruction course, without charge to members, will commence in the near future at 7.30 on Friday evenings.

John Gatto, President of the Y-Eba (Employed Boys' Association) announced at the last meeting of his club that Tony Pascale and Orchestra would play at the World Youth Restoration Dance, to be held Friday, September 26th.

A 36 hole medal play stroke competition was held at the Putting Course on Tuesday, for Class A and B Championship for ladies and for men.

The results are as follows:
Ladies — Class A — Mrs. T. Mahaffy, 87; Mrs. R.J. Kent, 93; Mrs. H. Smith, 93; Mrs. A. E. Allan, 94; Mrs. W. Jones, 101 and Miss M Sargent, 103.

By FRANCES GAUTHIER

Your ideal hobby is something you can get a lot of sun, exercise and fun out of. You'd also like to be able to stick to it for a reasonable length of time without, too much strain. Then golf is for you. Here are a few pointers to help you out:

You may play in two's, or two or four-ball foursomes. The two common methods of play are: the medal play, in which you try to accomplish the circuit with the least number of strokes; and the match play, where individual holes are counted: e. g., After one hole is played, the player with the least number of strokes counts himself one up, his opponent, one down.

A beginner generally uses only 4 clubs, but an expert, 6 to 12. The slender shaft of a club is usually 38-40 ins. in length—generally hickory or steel. There are 4 wooden-headed clubs, all drivers, numbered 1-4—driver, brassy, spoon and bassy. The steel-headed clubs are as follows: 1, driving iron; 2, mid-iron; 3-4, mid-mashie; 5-6, mashie; 7-8, mashie-niblick; 9, niblick; and the putter. Others are extra.

Eighteen holes, more highly regarded than 9, are 100 to 600 yds. apart. Throughout the game are hazards, such as: artificial brooks, ponds, ditches, pits, or mounds of earth with beds of sand at their base. The latter two are commonly called traps or bunkers. If your ball falls in a hazard, you must count the number of strokes you take to get it out or take it out and give yourself a penalty.

Well, I hope that helps you. Have fun.

Roslyn News

By Dick Dunbar and Peter Safford

Roslyn School opened its doors to the new pupils on Tuesday, September 2nd and opened Wednesday, September 3rd for the old pupils. There are a few new teachers on the staff this year. They are Miss Rankin in Grade I, Miss Cliff and Mrs. Bailey in Grade II, Mrs. Wright in Grade IV and Miss Bremmer in Grade V. There is also a new Gym teacher, Miss MacMillan.

The day school opened, Mr. Cory Thompson, of station CFCT, visited the school and staged an impromptu broadcast. Several children in Room 11 were interviewed and there were songs and games. At the close of the broadcast there was a short interview with the principal, Mr. Penrose.

Rooms 7 and 22 have been completely modernized during the summer with new lighting and new type decorating. The front walls are finished in a different color from the rest of the room. There are also two new classrooms for Grades I and V in the

cils, the Trusteeship Council, the Secretariat, etc.

The speaker said that probably the most interesting item of the present U. N. session, so far as Canadians are concerned, is the election of three non-permanent members of the Security Council to replace Brazil, Poland, and Australia, whose terms will expire this year. At the first session of the Assembly, Australia and Canada were tied for election as non-permanent members of the Security Council. At that time, Canada withdrew in favour of Australia, and this gives rise to speculation that Canada will likely be elected when Australia retires.

Another subject of special interest is the privilege of the "veto", which allows any one of the Big Five to block the will of the Majority of the members of the U. N. at any time.

These, and many other subjects require our understanding if we are to play our part effectively. There are many contentious issues at stake, said Col. Roche, and while many people may feel that the U. N. if failing of its purpose, the fact remains that a major crisis has been prevented up to now. "Harsh words do less harm than bombs."

In conclusion, he declared that Canadian Support for the U. N. can best be achieved by individual support for the United Nations Association in Canada, and that there are two branches of this Association in this area, The Montreal branch and the Westmount Branch.

Rotarian Henry Colcome thanked Col. Roche, on behalf of the Rotary Club of Westmount for his interesting and timely address.

basement. This makes a total of twenty-four classrooms. The new Grade I room has fluorescent lighting, an attractive asbestos tile floor, and new furniture. The Grade V room, when finished, will be of the same design. At the present time the painters are at work on the outside woodwork of the school.

Local Bowling Club Activities

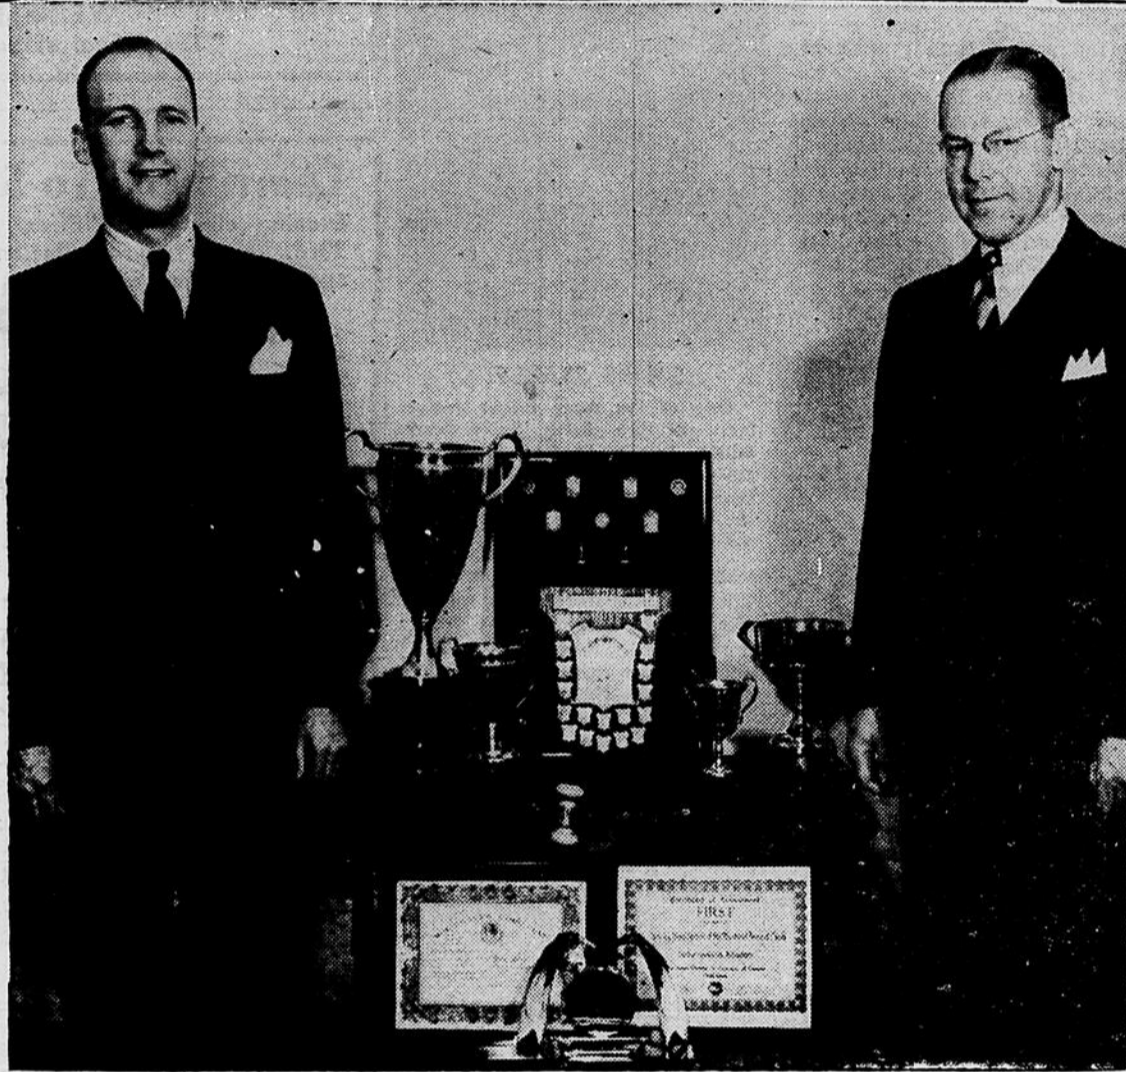

Bowling has been continued during the last week, in view of the especially fine weather, but since the winners of the Open Competitions, held under the jurisdiction of the Province of Quebec Lawn Bowling Association, have now been determined, play has consisted of friendly matches or contests connected with the membership of our own Club, Trebles, Doubles and Singles, for the Club Championships in these different classes. These are fought out just as keenly as are the outside games, each vying with the other to come out ahead in one of these categories.

Many of these have been unduly delayed, and the rapidly approaching cool weather, with the added possibility of rain interfering with their completion makes it imperative that every available evening be utilized for that purpose, to ensure their completion before the actual termination of play, which time is rapidly approaching. It is hoped that all interested competitors will assist the Match Committee by arranging for the early playing off of their games, so that the winners may be declared before really adverse conditions set in.

Last Saturday, a mixed game of Trebles and Rinks was played, and after 16 ends of play under ideal conditions, the following rink became the possessors of the cut-glass offered as prizes in this weekly contest. Mrs. Krause, Miss Johnson, W. M. Capper and O. Beckit.

The ladies had a gala week, as on Tuesday they held a Box Lunch to which many of their sister players from other clubs were invited. Play commenced at 10.30, and was concluded late in the afternoon, and since weather conditions were perfect a most pleasant day was spent.

On Wednesday, the members

were the guests of ex-President Mrs. Cheese and her sister, the present President Miss Sauvalle, when a delightful afternoon was spent and refreshments enjoyed by all.

On Thursday evening the ladies of St. George Club, who participate in the game once a week at the St. George green paid their first visit to the Westmount

greens, and even in spite of their lack of experience there was no lack of enthusiasm, and it is the hope of the lady bowlers of this district that by next year their club may be numbered amongst the enthusiasts in this district.

The membership of our club regretted exceedingly to learn of the illness of their fellow member Mr. Guess, since he was with us the latter part of last week, and the best of good wishes are extended by all for his speedy recovery and return amongst us.

Mature judgment and self-control are required to cope with such situations and anyway, it is pointed out, neither tobacco nor liquor increase ability to study or result in lasting popularity in the fraternity.

Parent-Teacher Meeting Held

A Parent-Teacher meeting was held in the McKergow Room of

the Westmount Baptist Church last evening, and the subject of the meeting was co-operation between Home and Church Bible School.

Major General A. E. Walford spoke on the subject "The Team-

work that Forged Victory," and related illustrations of effective co-operation from his invasion experiences. The meeting afforded an opportunity to parents and teachers to discuss mutual problems.

Statistics prove that the better a youngster is fed, the more readily will he learn. Young people concentrating on studies, should make sure that they are not handicapping themselves unnecessarily by neglecting healthful foods. There is evidence that proper food not only helps the body to avoid weakness and pain, but contributes, in fact, to the working of the brain.

ONE DRINK OF MILK

Summer vacation period is on the wane, but there still are many vacationists traveling throughout Canada. Therefore, it is not too late to warn holidayers and other travellers concerning the dangers of raw milk.

Although they know, or should know, that unpasteurized milk is a germ carrier and a fine culture medium for virulent disease bacteria, many travellers are not making sure that their milk supplies are safe. They are not taking the trouble to check whether the milk they obtain from farms, lunch rooms, restaurants or hotels is safe — safe because it has been pasteurized.

Most of these persons are residents of cities and towns where pasteurized milk is dropped on their doorsteps every day. For 49 or 50 weeks each year they are protected — knowingly or unknowingly — against milk-borne diseases. Then, for two or three weeks they throw all precaution to the winds — and order milk, not knowing, and evidently not caring, whether it is pasteurized.

These persons must know that just one drink of raw milk which is contaminated with disease germs — typhoid, undulant fever, bovine tuberculosis, septic sore throat, paratyphoid, or dysentery — can make them sick, perhaps cripple them, perhaps take their lives.

It is difficult to understand how people can be so careless about something so important to their health. They won't eat or drink visible dirt, yet they take chances with dirt — germs — they can't see.

Travellers should always make sure of the safety of their daily milk supply. A continual demand by vacationists and other travellers will soon make purveyors of raw milk realize that the public demands and will buy nothing else but safe pasteurized milk.

WHEAT SUBSIDY OFF

There is no reason for anyone to stand up and shout over the increased price of flour and bread. Withdrawal of the government wheat subsidy has been expected for some time, and even the communist-inspired down-with-prices leagues must be able to see the logic of such a move.

There is plenty of flour being milled in Canada today, more than ever before in our history for that matter, so there is no need to control prices. The wheat subsidy was costing millions in tax monies and millers and bakers were being forced to absorb rising costs in other departments.

This was dangerous to the health of the nation. Canada is wealthy enough now to be able to pay for the best in flour products, including bread, but as long as production costs increased and retail prices were frozen there was no guarantee of the best always being available.

We are not suggesting either of these industries would cut quality to make ends meet. Indeed, we don't have to, for a Montreal baker hinted at just that in a recent interview. He wanted to be allowed to pro-

GOLD CUP GOES TO AFRICA

The Seagram Gold Cup, the emblem of top Canadian golfing honors which has spent most of its life in the United States, sets out this month on the longest journey in its history — a sea voyage to South Africa.

Bobby Locke, South African shot master, won the Canadian Open Golf Championship at Toronto Scarboro Course in July and thereby gained possession of the Seagram Cup for one year — the first time in the eleven-year history of the trophy that it has not had to be shipped to a United States club following the tournament.

The Gold Cup will make the journey to South Africa aboard the freighter Grafton Park, now loading at Montreal. It is expected to reach South Africa in October, about the same time as Locke himself returns to his native club after burning up the best courses of Canada and the United States.

In South Africa the Gold Cup, first presented to Locke at Scarboro by Frowde Seagram is expected to be presented again by E. D. McGreer, Canadian High Commissioner to South Africa. About eight months after that, it will have to start back to Canada to be here in time for next year's Canadian Open at Vancouver.

SEPTEMBER

The beaches no longer have to put up with the yells of Aunt Sophie going into the water up to her knees. The canoes with their record players have gone, and the lagoons are resting. The fields, after their year's energetic, silent bustle of growing food for the world, stand soberly in the harvest now like cows at milking. Canada's all outdoors is coming to the end of its year.

In the towns and cities, however, September is a time of new beginnings. School's in! This particular new beginning pleases few except parents and the neighbors of parents; but urban September is not a month that sets out to please with beguiling ways. It is a month for facing up to life.

Big executives come back and try to cover up their Summer's loaf by pressing buzzers. Small boys form into gangs and run and throw things. Football is playing (as Housman would say) and crowds push briskly from the games in the cool Saturday dusk. Serious-minded organizations resume their meetings, and all over Canada thousands of speakers (most of them called "guest speakers") speak millions of words. Storm windows and storm doors are dragged out. The social season begins again, with the liverish marks of bathing suit straps showing on the coffee-shade backs of dancing maidens. The very last vacant space disappears from parking lots and restaurants.

September is a fine month for the townsman, especially if he can get away to the country. — The Printing Word.

DUTIES OF THE NEWSPAPERS

Besides rights the newspaper has duties. It must be independent. It cannot serve the public which supports it if it is the tail to anyone's kite. To be independent it must stand on its own feet, earning a profit without subsidies. It should be regarded as a major transgression of ethics and good taste to communicate with the editorial department through the business department.

The newspaper needs to take a long view. A policy which gains circulation this year by means which tend to weaken the newspaper as an institution is a bad policy.

The newspaper must be fair. Perhaps absolute fairness is too much to expect of ordinary mortals doing their days' work, but the newspaper can avoid intentional partiality.

The newspaper must be decent, not only in the language and pictures it uses, but in the way it goes about obtaining its news. There are situations occurring in human life into which no newspaper can decently justify intrusion.

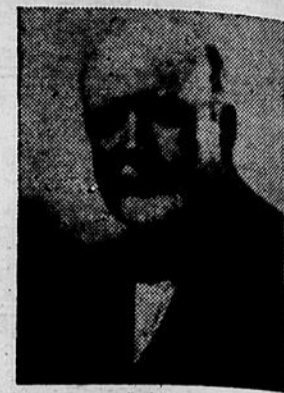

Current pessimism about the press should not be over-estimated. There has been similar pessimism in the past. If reforms are reeded, they will not be shaped by legislation, except with the destruction of values civilization needs. They can be brought about by public opinion which supports the right kind of newspaper and makes its wishes known to publishers and editors.

THE FORUM

Conducted by Howard S. Ross, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

In Washington last week, Robert A. Lovett, United States under-secretary of state, who in private life was a New York banker, threw up his hands when trying to explain details of Britain's action to ease the drain of her dollars.

"How you gentlemen understand what it is all about is beyond me," he told newspapermen.

"I've been in the banking business since 1921 and I can say this is a terribly complicated matter. If the explanation of what makes up current transactions hasn't balled you up, you are way ahead of the technicians."

Of course he does not understand our present money system and deserves credit for making the admission. And every headline of the newspapers of the world cries out for a scientific monetary system which answers the greatest problem before humanity, namely, on what terms should one person work for another. The answer does seem to be money having as a basis work applied to our natural resources but nothing for what the Creator has supplied as a gift to people everywhere. The work-unit dollar or any other unit of account and currency is the only money which will end exploit-

tation of any kind and give to consumers the free gifts of nature free of all tribute. Mr. Bevin recently suggested that the USA redistribute the billions of dollars worth (by arbitrary legislative xxxxx) of gold stored in underground vaults and never moved an inch since it was put there after being taken at great expense from our Canadian gold mines.

Two million engineers in Britain have agreed to the introduction of night shifts next winter. This measure, which has always been highly unpopular throughout the whole of the industry in the U.K., will permit of staggered working hours and thus an important reduction in the peak demand for electricity.

It was said of Luther D. Bradley, famous cartoonist of years ago: "He was incapable of compromising with his convictions, but was always ready to consider evidence tending to show that his convictions were wrong."

Stanley Presbyterian

Rev. J. D. Wilkie will conduct both services of worship in Stanley Church on Sunday. His sermon in the morning will be on "Remember the Rock Whence Ye Were Hewn." Don't be too sure that distant pastures are so green. And in the evening — "All things are Yours." Yes, but "Ye are Christ's". The morning service will be broadcast over Station CBM, and the evening service over CJAD.

On Sunday morning, September 28th, Rev. James Munroe, Superintendent of Missions for Western Canada will preach. Mr. Munroe is himself a product of the West, having been born and educated in Saskatchewan, where he served until enlisting in the Chaplaincy Service. He was highly respected by his men, and for his bravery on the field was awarded the Military Cross. Mr. Munroe will speak on the work of the Church in Western Canada.

Westmount Baptist

The early fall programme of Westmount Baptist Church is getting well under way. The Bible School has made a fine start, meeting at 9.45 on Sunday Mornings. The Young People's Organizations have formulated programmes of great interest to youth. The Choir has vacancies for new members and is preparing for unusually fine service, under the leadership of Hibbert Troop. Under the Title "Past and Present," Dr. Johnston will explore one of the fascinating passages of the New Testament, applying its stimulating message to every-day life. Again, in the evening, with the Title, "Looking for That Blessed Hope", the sermon will have a most vital connection with daily life in all its phases.

FIT FOR FUN

A seasonal warning is issued from Ottawa on medical checkups to ensure fitness for fun. Since many young people will be talking up sports and engaging in vigorous recreation programs, with return to classes in the Fall, the medical authorities urge parents, teachers and directors of athletics to insist on physical examinations before they allow the

young people to exert themselves. This, it is pointed out, will ensure that there are no hidden factors which would make strenuous play inadvisable.

St. Andrew's Church

Organ Recitals: — Introduced by the Reverend D. M. Grant, Minister of the Church.

Dean Arthur Collingwood successfully inaugurated the series of Organ Recitals last Sunday evening at St. Andrew's with a widely diversified programme of organ music. Commencing with one of Karg - Elert's notable Choral Preludes, "Now thank we all our God", played by the composer on the St. Andrew's organ in 1931.

Throughout a programme of mostly contemporary compositions, with the exception of J. S. Bach' cello suite, Dean Collingwood demonstrated his mastery of technique, manual and pedal alike. His certain knowledge of his suitable registration made his playing a sheer delight, and the organ responded to his every whim.

Dean Collingwood's reputation as a top ranking organist both in England and across Canada was further enhanced by the sterling character of his interpretations, and another recital will be welcomed on his return from Europe.

The second recital is to be given on Sunday at the same hour, 8-45, by the organist of the First Baptist Church, and of Temple Emanu-El, Phillips Motley, B.A., Mus. Bac. F.C.C.O., with this programme: Fugue in G Minor, (Short), Charole Prelude on "Wailing, Crying, Mourning, Weeping." Prelude and Fugue in E Minor, (The Cathedral) J. S. Bach 1685-1750. A tune for the Flutes, John Stanley, (1713-88) "Soeur Monique," Francois Couperin. (1668-1733). Suite Gothique. Leon Boellmann. (1862-97). Charole, Menuet, Prayer, and Toccata.

expected in town for the Baird-Wedster marriage tomorrow, including Mr. and Mrs. S. Kent, of New York; Mr. and Mrs. D. Howson, of Toronto; Mr. and Mrs. John Hawkes, Cornwall; Miss Norma Butcher, Kingston, Ont., and Mr. and Mrs. Jim Murphy, of Chesley, Ont.

Miss Lily Norman, Mrs. Dorothy Herman and Mrs. Betty Vincent were joint hostesses at a crystal shower in honor of Miss Freda Dorothy Wright, bride elect. Other entertainments held for Miss Wright were a kitchen shower, by Mrs. T. Burns and Mrs. T. Nott; a cup and saucer shower, by Mrs. W. G. Pardoe, of Westmount, and Miss M. Pardoe; and a trousseau tea, given by Mrs. John Wright for her daughter.

Mrs. George E. Webster entertained at a trousseau tea on Monday evening, in honor of her daughter, Dorothy Eileen. Pink and white roses were arranged with white candles on the tea table, at which Mrs. M. Baird, mother of the groom, and Mrs. Ronald Bryant, cousin of the bride, poured tea, assisted by Miss I. Jenkinson, Miss Shirley Phillips and Miss Joan Baird. Others who have entertained for Miss Webster are Miss Irene Jenkinson, who was hostess at a kitchen shower; Mrs. A. Young, who held a bathroom shower; Mrs. William Mathers, who gave a linen shower. Mrs. Ronald Bryant, Montreal, entertained at a miscellaneous shower, and Mrs. Edward Toohey at a cup and saucer shower.

APPROACHING MARRIAGES

The marriage of Miss Dorothy Eileen Webster, daughter of Mr. and Mrs. George E. Webster, to Mr. John Allan Baird, son of the late J. R. Baird and of Mrs. Baird, will take place on Saturday afternoon at half-past three o'clock in Wesley United Church.

The bride will be given in marriage by her father and attended by Miss Irene Jenkinson, as maid of honor, and by Miss Joan Baird sister of the groom, and Miss Shirley Phillips as bridesmaids. The flower girl will be Miss Brenda Bryant.

Mr. Robert Baird is to be groomsmen for his brother and the ushers will be Mr. Ronald Bryant, cousin of the bride, and Mr. George Linton. A reception will be held in the Green Room at Victoria Hall.

Signing the Register After Exchange of Vows

MR. AND MRS IVOR DAVID JOHN PATERSON

While her husband looks on admiringly, Mrs. Ivor David John Paterson signs the marriage register immediately after the nuptial knot had been tied by the Rev. Dr. Lloyd Smith in Dominion-Douglas United Church, Westmount, on Saturday. Mrs. Paterson is the former Dorothea Ruth Eveleigh Borland, daughter of Mr. and Mrs. W. George Borland, of Notre Dame de Grace. Mr. Paterson is the son of Mr. and Mrs. Andrew Paterson, also of Notre Dame de Grace.

WEDDINGS

BAYLIS - KERVIN

The marriage of Miss Margaret L. MacKay Kervin, eldest daughter of Mrs. Kervin, 550 Claremont Avenue, Westmount, and of the late W. M. Kervin, to Mr. Gregory Francis Baylis, elder son of Mr. and Mrs. Ernest H. Baylis, Parksville, Vancouver Island, took place on Saturday afternoon at three o'clock in Kensington Presbyterian Church, the Rev. Dr. I. A. Montgomery officiating. Mr. John Ringwood presided at the organ and Mr. A. Mallinson sang "Where'er You Walk" during the signing of the register. Standards of white and pink gladioli adorned the church.

Mr. John Kervin, of Haileybury, Ont., gave his sister in marriage. The bride wore a gown of white slipper satin having a long panel of Alencon lace edged with pleated satin extending from the heart-shaped neckline to the hem of the skirt which was shirred and hooped and fell into a long train. Her veil of Alencon lace extended to the end of her train and was arranged in Mantilla fashion and she carried a cascade bouquet of American Beauty roses and babies' breath. Mrs. George Mitchell, as matron of honor, was wearing a dress of sky blue taffeta, floor length, with fitted bodice and heart-shaped neckline, the hooped skirt having a shirred peplum. She wore a headdress of matching feathers and also black lace mittens, and carried a cascade bouquet of peach glads. Miss Ruth Kervin and Miss Mary Jane Kervin attended their sister as bridesmaids, wearing rapture pink taffeta frocks, with fitted bodices and hooped and frilled skirts. Their headdresses were of pink feathers, and they wore black lace mittens and carried cascade bouquets of lavender glads. Little Miss Donna MacKay, cousin of the bride, was flower girl, in a floor length frock of white taffeta with flowers in her hair and carried a basket of peach and lavender gladioli. Mr. R. Collins was groomsmen

for Mr. Baylis, and the ushers were Mr. Robert Ross and Mr. Ross Common.

PATERSON — BORLAND

Dominion-Douglas Church was the scene of a double ring wedding on Saturday afternoon at half-past four o'clock when Dorothea Ruth Eveleigh, only daughter

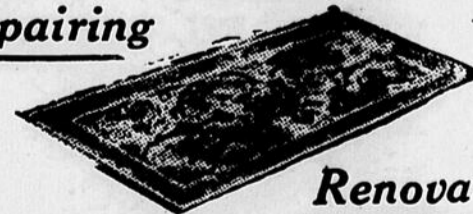

of Mr. and Mrs. W. George Borland, Grand Boulevard, became the bride of Mr. Ivor David John Paterson, only son of Mr. and Mrs. Andrew Paterson, Beaconsfield Avenue. The Rev. Dr. A. Lloyd Smith performed the ceremony.

Given away by her father, the bride was in a gown of white

WHS Meet West Hill Tonight

Loop Opener At Molson

By GEORGE COCHRANE

Westmount and West Hill, perennial rivals in every field of athletic endeavour, will lift the lid on the 1947 interscholastic Senior A grid schedule at Molson Stadium tonight at 7.00 o'clock. The school gridders are resuming operations after a season of inactivity due to last year's polio epidemic.

The Red Raiders, coached as of yore by perfectionist Roy Chesley, will be entering the opening fray as decided favorites. The far west enders will outweigh their suburb city rivals and have an edge on experience. Last season the West Hillians practised and played exhibition games while the Westmounters, whose scholastic gates did not swing open until September 30, remained 100 per cent inactive as far as football was concerned.

Jim Patrick, who coached three consecutive Westmount Junior

High School teams to championships in the 1940, '41 and '42 seasons before joining the Canadian Army, is at the helm of the sub-

urb city's Senior A entry this season. He reports that his team is light but well conditioned and full of the old do or die spirit.

No Predictions

Both coaches refused to make any predictions. Chesley merely said, "We have a fair team."

Patrick contented himself by saying that his team, while light, would be in fighting all the way and would give every team in the league a good run for their money.

Both teams have been practising faithfully ever since school opened a little more than two weeks ago and are in tip-top physical condition.

The Westmounters have purchased a set of new football pants and sweaters and this season should be as natively outfitted as any team in the league.

Probable Starting Line-up

West Hill: Left outside, Eric Appleby; left middle, Clyde Whitman; left inside, Jim Ambrose; snap, Bert Dunn; right inside, Bill Wilkinson, right middle, John Wagar; right outside, Bill Cook; quarterback, Bill Finlay; flying wing, Blair Douglas; halfbacks, Gordie Naylor, John Harris, Haskell Blauer, Subs: Doug Colwell, Jack Stryde, Bill Byford, Alex Stanton, Bill Young, Charlie Blaylock, Roger Balkie, Jerry Rowntree, Jack Hamilton, Bill Arnett, Lionel Whitman, Dawson Tilley.

Westmount: Quarterback, Dick Holden; flying wing, Graham Nicholson; halfbacks, John Waterston, Thompson, Foster; outsides, MacLeod and Richard Lord; middles, Paul Reaper and Nelles; insides, Ross Rubenstein and Sharp; snap, Claude Root. Subs: Hannaford, Williams, Wally Emo, Mike Crombie, Lupovitch and Peter Lafoley.

The game has been called for seven o'clock.

Westmount Forms English Rugby Aggregation

A group of English Rugby enthusiasts, headed by Harry G. Marpole, president of the English Rugby Union of the Province of Quebec, are striving to organize English Rugby locally and to get it back to something like its pre-war status in Montreal and district.

Before the outbreak of war in 1939, there were six rugby teams playing regularly in Montreal, among them the Westmount Club which evolved from the M.A.A.A. English Rugby team.

At present there seems to be every chance of a successful season for the Westmount Club. Through the good offices of E. Anderson of the City of Westmount Parks Department, King George and Westmount Parks are being made available for playing matches and holding practices each Saturday during the season.

Tomorrow a practice is being held at King George Park at 2.30 p.m. and anyone interested in the game is cordially invited to be present. Experience in playing rugby does not matter as much as enthusiasm for the game and the desire to play it. During the years 1933-39 many local lads, who had never played English Rugby before took up the game and became fine exponents of it.

Kenneth B. Culley, secretary of the Westmount English Rugby Club, Ma. 7309 or Wi. 4354, will be pleased to hear from anyone interested in playing or supporting the game.

STELCO TOPS WESTMOUNT

Westmount's powerful soccer eleven showed that they're in a class with the best soccer aggregations in the island over the week-end when the highly rated Stelco squad edged them out in a close, hard-fought game. Hughie Godley's early goal proved the margin of victory.

Junior Gridders Play Tomorrow

By BOB LUNNY

The Q.R.F.U. Junior League opener tomorrow will see last year's local champions, the N.D.G. Maple Leafs, encounter their troublesome neighbour and runner-up of the 1946 grid season, the Westmount Hill Club. This all-important game will be played at Trenholme at 2.30 p.m.

Both teams have been practising nightly and a victory for either will be a big step towards the championship. The local gridgers have been going through stiff workouts the past week and coaches Johnson and Johnny Thornber have high hopes for their newly formed team.

Jackie is the spark of the team. The receiving end of Dryden and Chinnny Heffernan are two capable out-players. John Key and Ray Bincham both flashy tacklers of last year.

Backfielders Bill Telfer and Doug McGillis are expected to be in plenty of action tomorrow. Strong Line Westmounters possess a powerful line. Al Clarke, Jackson and Baz Boxer are starters. Jackson was very active last year.

Chit Chat St. Lambert Combines drawing from the league due to lack of player material, each will play only five games. The Westmount High Senior team will meet West Hill at Stadium tonight in the league curtain riser. Game called for 7.00 o'clock. The Westmount High squad coached by the well-known popular Jim Patrick... Leo's Seniors have dropped the "B" section due to a shortage of players... Bernie arrived in Montreal Wed-

THE BIG ROOK Curtain will rise at 7.00 tonight on the 1947 edition of the Montreal Protestant Secondary Schools' Senior A Union. The place is Molson Stadium and the teams are Westmount and West Hill.

Those who have seen the local drilling on the Westmount toward these past two weeks in the eye of Jimmy Patrick at the Purple and White frequently and severely during the course of the 1947 schedule.

It will be that we're crying into the premature but the fact is that Westmount High, a school that has won more city championships than any other school on the island (West Hill please note) is this year fielding one of the lightest squads in its history. But the team is dreadfully short on experience and in reserve strength.

The rub comes in the fact that the Westmount Junior High are in the Junior High League in grade nine, three hefty players who would bolster this Senior A outfit tremendously. But because they are students of the Junior High, Westmount Junior High they are not allowed to play for the Senior High, Westmount Senior High. The regulation is not a Westmount one; it is one of the schools' governing bodies and it is just about the un-pleasantest thing I've ever heard of. Westmount, of all the teams in the Junior A grid circuit, is the only school which is not allowed to field grade nine players. It seems to me that the schools' representatives voted on the proposal to allow Junior High players to play for the Senior High are lacking in elementary sportsmanship.

Today we Live in a Greater Canada

New Wealth of Skills!

Today Canada's skilled workers, technicians and professional men have a greater wealth of knowledge, experience and ability than ever before. They know more; they can do more.

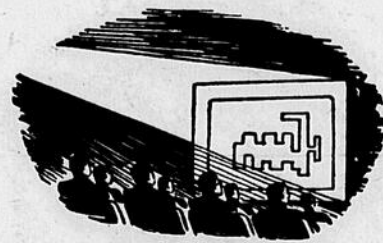

Their abilities were proven—and greatly developed—by their war-time production achievements. They made possible Canada's tremendous expansion which has meant greater and more varied opportunities in every field of Canadian activity.

Continuing leadership for that expansion is assured by the increasing numbers of skilled craftsmen and highly qualified professional men now being supplied by our training centres, schools and universities.

For years the proportion of our population attending university has been high compared with other countries. Today university enrolment is by far the greatest in our history; the number of undergraduate veterans alone is equal to the total full-time Canadian university enrolment of pre-war years.

Technical training in the armed forces became a great educational enterprise. Today student veterans swell the ranks of Canada's apprentices and scholars. Thousands who ordinarily would never do so are now taking vocational training in special centres, schools and "on the job" training in industry.

Utilizing such modern educational aids as films and radio, Canada's secondary schools today offer a greater variety of courses—including technical, commercial, agricultural—to provide fuller scope for varying interests and talents. In addition, more Canadians than ever now are taking extension courses, attending night classes.

"...OPPORTUNITIES...WHERE BETTER?"

WILLIAM OTTO, Canada's pioneer Angora rancher, former salesman and advertising man, started in 1928 with three Angoras. Today his ranch is known throughout the world; his strain ("FASHION PLATE" Angoras) has won major awards at leading American expositions. Stock has gone to every Canadian province, every American state, to Mexico and Newfoundland.

MR. OTTO says: "It is something to be a Canadian—to have the opportunity of living in a land such as our Canada... a country of understanding people. The future of young Canadians can be measured only in their ability to take advantage of the opportunities offered. Where on the face of the globe is there anything better?"

THE FABULOUS SINBAD! Doug Fairbanks Jr., as Sinbad, the famed teller of tall tales, is co-starred with beautiful Maureen O'Hara in "Sinbad The Sailor," in Technicolor, which starts on Saturday at the Monkland United Theatre, playing until Tuesday night.

Film Version Of Charles Dickens' "Great Expectations" at Snowdon

"The Late George Apley", John P. Marquand's delightful Pulitzer Prize winner has been made into the sauciest film entertainment of the year. Fittingly enough, the film, now playing until Friday at the Avenue Theatre, has lured Ronald Colman back from his self-imposed sabbatical to play the title role. It also serves as a superbly effective springboard for the launching of pert young Peggy Cummins on a sensational movie career.

As all who have read the prize-

winning book or who have seen the successful Broadway stage adaptation must know, "The Late George Apley" tells the story of a staid Boston family for whom the spotting of the first robin in the town where the Cabots speak only to the Lodges, romance cannot be stifled. When the impetuous daughter of the almost professionally conservative Mr. Apley falls in love with a so-called radical professor

Plan Outlined For Children's Entertainment

The Children's Theatre, Montreal's outstanding school specializing in work for children, under the capable direction of Dorothy Davis and Violet Walters, opens its fifteenth season.

The directors announce the following delightful plays for this year's productions.

The season will start off with "Anne of Green Gables" on Saturday afternoon October 25th. Most children have read the story of Anne, the most lovable heroine the world of fiction has ever known. On January 17th "Rumpelstiltskin", on March 20th, the famous play "Little Women" which remains today as fresh, alive and clever as the day Louisa Alcott wrote it two generations ago, and the final production on May 15th, will be "Snow White and the Seven Dwarfs" that delightful story which has become endeared to the hearts of all children.

Last season Victoria Hall was filled to capacity for all Children's Theatre productions, and there were a number of disappointed children who were unable to secure seats, therefore Dorothy Davis and Violet Walters inaugurated a subscription plan, which meant that all season subscribers were assured of seats.

By becoming a season subscriber, you are entitled to the best seats in the house, and you procure the same seats for every show. Being a subscriber also

(practically a "foreigner", since he wasn't born in Boston), ornithology is forgotten while the family enjoys its crisis.

Ronald Colman's performance is a sheer delight. As the staid, prim and circumspect George Apley, to whom sex is, if anything, merely a word to be consigned to its proper place in the dictionary, he provides the most engaging portrayal of his career. Moviegoers will not soon forget his frantic joust with the world outside of his own birds and bees.

But it is Peggy Cummins who is the wonderful surprise of the picture. She is, of course, the strong-willed daughter whose "unconventional" ideas on romance set the fireworks off. Lovely to look at and highly talented, Miss Cummins has an excitingly fresh personality that is a welcome addition to the Hollywood scene. She gives every indication of being a find of real star magnitude.

Among those featured in the cast is up-and-coming Charles Russell as the young, tradition-shattering romantic who threatens to pull the Apley apple cart over their delicate ears. Vanessa Brown is the daffy girl who joins in the revolt against tradition in her own mild manner, while Richard Ney is the son who finds forbidden fruit in his own backyard orchard. Richard Haydn is superb, of course, as Apley's properly seasoned yes-man.

Others in important roles include Edna Best, Mildred Natwick, Percy Waram and Nydia

STUDENTS NEED AID

Urgent appeal to aid in obtaining living accommodation for students attending McGill University this year, was recently received by the Rotary Club of Westmount.

Students attending McGill before the war numbered around 3,000. This year, the figure is expected to reach approximately 9,000. The problem of adequately housing this greatly increased number of students is a serious one.

These young people need our help, and it is important to them, and to us, to see that they receive all possible aid in this matter.

If you have a room that can possibly be spared, please get in touch with the McGill Rooms Registry in the McGill Union.

P. Goddard—F. MacMurray In Comedy At Westmount

One of the most amusing comedies in many a season, "Suddenly, It's Spring", is now playing at the Westmount United Theatre until Saturday night. The love and laugh film co-stars Paulette Goddard and Fred MacMurray and importantly features Arleen Whelan and Macdonald Carey.

"Suddenly, It's Spring" tells a story seasoned with plenty of spice and ginger. It concerns the efforts of Paulette Goddard, a WAC matrimonial expert newly returned from overseas, to prevent the breakup of her own marriage to her law partner, Fred MacMurray. Paulette uses every feminine wile, including an enticing black negligee, to recover

the love that Fred now feels red-headed Arleen Whelan.

MacMurray, egged on by "friend" Macdonald Carey, would like Paulette for himself is not averse to using a few tricks. In one of the most hilarious of the film's laugh sequences, Fred sets out to make himself repulsive to Paulette, and is so successful that she agrees to sign the divorce papers. Then on, it's up to Paulette to straighten things out—and comedy was never funnier.

The principal supporting cast in "Suddenly It's Spring" is handled by Lillian Fontana, Frank Faylen, Frances Robinson, Victoria Horne and the ever popular comedian, Willie Ross.

Music Of Rimsky-Korsakoff In Technicolor Film At Seville Soon

Intriguing and delightful entertainment, as keenly conceived as the spectacular whiplash duel that provides but one of the many highlights, sounds the keynote for the romantic musical extravaganza, "Song of Scheherazade", in technicolor, which starts next Wednesday at the Seville United Theatre, playing until Friday night.

Done in the warm tints and tones of technicolor, the production doesn't miss a page in the book of audience appeal. Each phase of the presentation has been paced for interest and enjoyment, from the dashing, heart-stirring story of one of Rimsky-Korsakoff's early adventures in love, to the expert blending of the composer's most popular musical masterpieces into a romance.

Added to these fortuitous qualities is the imposing player list, headed by co-stars Yvonne De Carlo, captivating dancing beauty, Brian Donley and Jean Pierre Aumont, the charming and personable French actor.

The cameras focus on a chapter in the youth of Nicholas Rimsky-Korsakoff, capsuling into a

week's time many strange and impassioned events that were later to prove significant in the Russian composer's musical destiny.

Miss De Carlo, in a full-scale classic dancing role, gives a fiery interpretation of the vivacious Spanish girl who carries on her clandestine tepsichorean career in a shoddy Moroccan cafe.

Brian Donley, swagging, hard-bitten captain of a Russian Naval training ship, stamps out a rugged and stormy character that should rank with his best screen roles.

Aumont is sincere, suave and capable of his convincing portrayal of Midshipman Rimsky-Korsakoff.

Eve Arden sparkles in a whimsical characterization, and Philip Reed is engagingly handsome as a Russian prince.

Charles Kullman, Metropolitan Opera tenor, sings "Song of India", among other Rimsky-Korsakoff selections.

Hummable numbers abound in the score of "Song of Scheherazade", and portions of the lovely "Caprice Espagnol", "Gypsy Song" and the title song may well become popular favorites.

Other capable performers in the cast include John Qualen, George Dolenz, Richard Lane, Elena Verdugo and Terry Kilburn.

SAME PRODUCER

Mary Hatcher, young actress who plays the title role in Paramount's 40-star "Variety Girl", got her first break in "Our Hearts Were Growing Up." Coincidentally, Daniel Dare, producer of "Variety Girl," made his bow as a producer in "Our Hearts Were Growing Up."

Film Version Of Best-Seller Now At The Avenue

There have been several screen versions of the immortal novels of Charles Dickens, but it is true to say that no film captures the real spirit of the great writer as does the Cineguild production of "Great Expectations," which is now at the Snowdon United Theatre until Friday night.

The film relates the story of a young orphan, Pip, who is brought up as a blacksmith's apprentice. His great expectations come true when he is left a large estate. Pip doesn't know who his benefactor is, but believes it to be Miss Havisham, the only person he knows who has money. Pip, in his youth, played with her adopted niece, Estella. But it is not until he grows up that he learns that his good fortune is due to Magwitch, an escaped convict, whom Pip befriended years ago by leaving him all the money he had made in Australia. before, and who repays the boy for the only kindness he ever showed him. When Magwitch, who has since been deported, returns to Eng-

HEADS EXCELLENT DOUBLE BILL! Paulette Goddard and Fred MacMurray are co-starred in the delightful comedy, "Suddenly It's Spring," which starts on Saturday at the Seville United Theatre, playing until Tuesday night. "Carnival In Costa Rica," a Technicolor musical film, completes a fine program.

land on penalty of death to see how Pip is faring, adventures and romance ensue.

Starring in the film is Valerie Hobson, who departs from her usual, delightfully facile performance in modern light comedy to play the dramatic role of Estella, which she handles with charm and a great depth of feeling.

John Mills brings to life Dickens' very understanding and likeable young man, Pip, and Finlay Currie portrays the difficult part of Magwitch with true dramatic intensity. Martita Hunt is the rich and eccentric Miss Havisham, who makes Estella the victim of her craving for vengeance for a wrong done to her in her youth.

TODAY until SATURDAY: PAULETTE GODDARD and FRED MacMURRAY in "Suddenly It's Spring." Also DICK HAYMES in "Carnival In Costa Rica," in TECHNICOLOR, with Vera-Ellen, Cesar Romero and Celeste Holm.

MRT To Produce English Version Of Spanish Play

Scene for the next MRT production is laid in Spain. The play is a translation of "The Two Shepherds" by the distinguished Spanish playwright G. Martinez-Sierra, and will open October 16th at MRT Guy Street Playhouse. Following the policy, which was revived last year, of including English adaptations of continental plays in its repertoire, MRT found the popularity and appreciation of these plays so gratifying that they will again produce them. Last year, the adaptation of Giraudoux's "Amphitryon 38," which they presented, not only found favor amongst Montreal theatre-goers but also won the trophy for the best production of an English play at the Dominion Drama Festival held in London, Ontario last May. Martinez-Sierra, in addition to being a playwright was also a publisher, a novelist, and a theatrical manager who successfully ran his own theatre. Montreal audiences have already been introduced to this playwright. They have seen and enjoyed "The Cradle Song." It has been said that "The Two Shepherds" may be coupled with The Cradle Song for in the play the writer translates for us his Spanish Village in terms, no doubt, of his own happy, humorous, ironic temperament. But he has seen it first without illusion, seen it naked, seen it true, and thanks to him, so can we—and have our fun in to the bargain.

George Tully, one of the most expert masters of fencing in Canada joins the teaching staff to conduct a course in fencing at the MRT School of the Theatre. Mr. Tully was a member of the Canadian Olympic Fencing Team held in Berlin in 1936. He held the Dominion foil, epee and sabre titles for 1937-38. He then turned to professional coaching, and his students are succeeding in winning many intercollegiate and provincial championships. During his competitive career, Mr. Tully has held thirty-three provincial and Dominion titles. He is also coach for McGill.

Virginia Bruce, blonde lovely of Paramount's "Night Has a Thousand Eyes," has finally added golf to her hobbies. She admits she's still a dub, still hopes to break a 100.

We're told there will be plenty of work for everybody this year. Just as some folks feared!

Stewart Granger In British Hit "Caravan" Now At Monkland

Popular Stewart Granger is co-starred with lovely Jean Kent in "Caravan", which is now playing at the Monkland United Theatre until Friday night.

The story is set in England and Spain in 1840. Richard Darrell (Stewart Granger), son of an impecunious English country doctor and a Spanish mother, grows up with Oriana, (Anne Crawford) daughter of the local squire, and Francis (Dennie Price), son of a rich man. Richard and Francis, even at an early age, are rivals

for the friendship of Oriana.

Richard and Oriana fall in love when they grow up, and the girl promises to wait until he is rich enough to marry her. Francis, who has inherited a title and grown into an unpleasant young man, bides his time, hoping Richard will never be able to marry Oriana.

Richard, whose attempts at authorship have not been successful until he rescues a wealthy Spaniard, Don Carlos, from London footpads, is sent to Spain to take some valuable jewellery for

Can. Art Theatre School Planning Ambitiously

Keeping in line with its policy of meeting the students demands the Canadian Art Theatre School of Musical Arts has announced several very important plans for the coming season of teaching.

C. A. Sebastianowich, director of the school, is pleased at the response to this year's opening, and several fine teachers have been engaged to cope with the enlarged enrolment. As well as the regular courses in all string, woodwind and brass instruments, other courses will be available in the fields of harmony, instrumentation and arranging.

Miss G. Flumerfelt, head of the Voice Training Department, has announced her intention to organize a choral group from the membership of the school. This group will combine with the instrument-

alists to provide musical backgrounds for the productions of "The Theatre for Young Folk" this year at Victoria Hall.

Audiences will remember the fine string ensemble which accompanied last year's production of "The Princess and the Swineherd." Following this success, Mr. Sebastianowich intends to enlarge the musical groups performing at the plays, in order to give more students practical playing experience for an audience as well as to add a very polished note to the

productions themselves.

Regardless of the amount of experience prospective students may have had, they are welcome to the school. All good musicians have to start training somewhere, and if classroom work can be augmented by actual playing experience as soon as the student is ready to do so then so much the better.

The orchestra will be chosen soon as the classes begin in October, and will be added to as students prove themselves ready.

Travel Party Visits Florida

A very interesting Autumn tour to Washington and the Southern States has been arranged by Tobin's Travel Bureau during the month of October. The party goes through the Virginias, Carolinas and Georgia with stop-overs at Miami Beach, St. Petersburg, Lake Wales, Orlando, Daytona Beach, Jacksonville, New York to Montreal. The party will leave Montreal on the evening of Friday, Oct. 3rd and will return to Montreal on the morning of Oct. 20th. To those who have not visited Florida it will be an excellent opportunity to see all parts of that holiday district.

The party will be limited and exclusive and will be personally conducted by Mrs. H. B. Pope. Any other information will be given by Mrs. Pope or by Tobin's Travel Bureau.

Don Carlos, who in return promises to publish Richard's first novel. Francis sends his accomplice, Wycroft, after him to Spain to murder him and steal the jewellery.

Richard is robbed en route to Granada and left for dead in the mountains. Wycroft returns to London, bringing news of Richard's death. Oriana, believing her lover dead, agrees to marry Francis.

Meanwhile, in Spain, Rosal, (Jean Kent) a gypsy dancer, saves Richard's life and nurses him back to health. When he reads in an old English newspaper that Oriana has married Francis, he offers to wed Rosal, gypsy fashion.

Oriana soon finds life with Francis intolerable, and when she receives a letter from Richard reproaching her for not waiting for him, she leaves her husband and goes to Spain. She finds Richard too late, as he is married to Rosal. Francis and Wycroft follow Oriana, and finding that Richard is wanted by the police, try to trap him. Oriana tells Francis that she will return to England with him if he will clear Richard's name.

Francis makes a last attempt to kill Richard, but fatally wounds Rosal. A final fierce struggle between the two ends in Francis being killed, leaving Oriana and Richard to face life anew together.

St. Luke's United

The second sermon in the Series of Sermons on The Sacraments will deal this Sunday morning on the Roman and Protestant views concerning them. Do we know the Protestant interpretation of the Sacraments as thoroughly as we might? Increased value of the Sacraments

results from increased knowledge and experience of them.

In the evening the Minister will preach on "The Parable of the Empty House", which has a direct bearing on the perils and opportunities of our times.

This Sunday, will be observed as Rally Day in St. Luke's Church School. All Departments will meet at their regular hour. A special service has been ar-

ranged, and will include the showing of the sound film "Who Is My Neighbour?"

The Junior Y.P.U. will meet on Tuesday, when the topic will be Christian Missions. Miss Beatrice MacLean of the Montreal Presbytery Y. P. U. will give a brief address, and this will be followed by the showing of slides on "Darby of Bella Bella."

CLAUDE ROOT

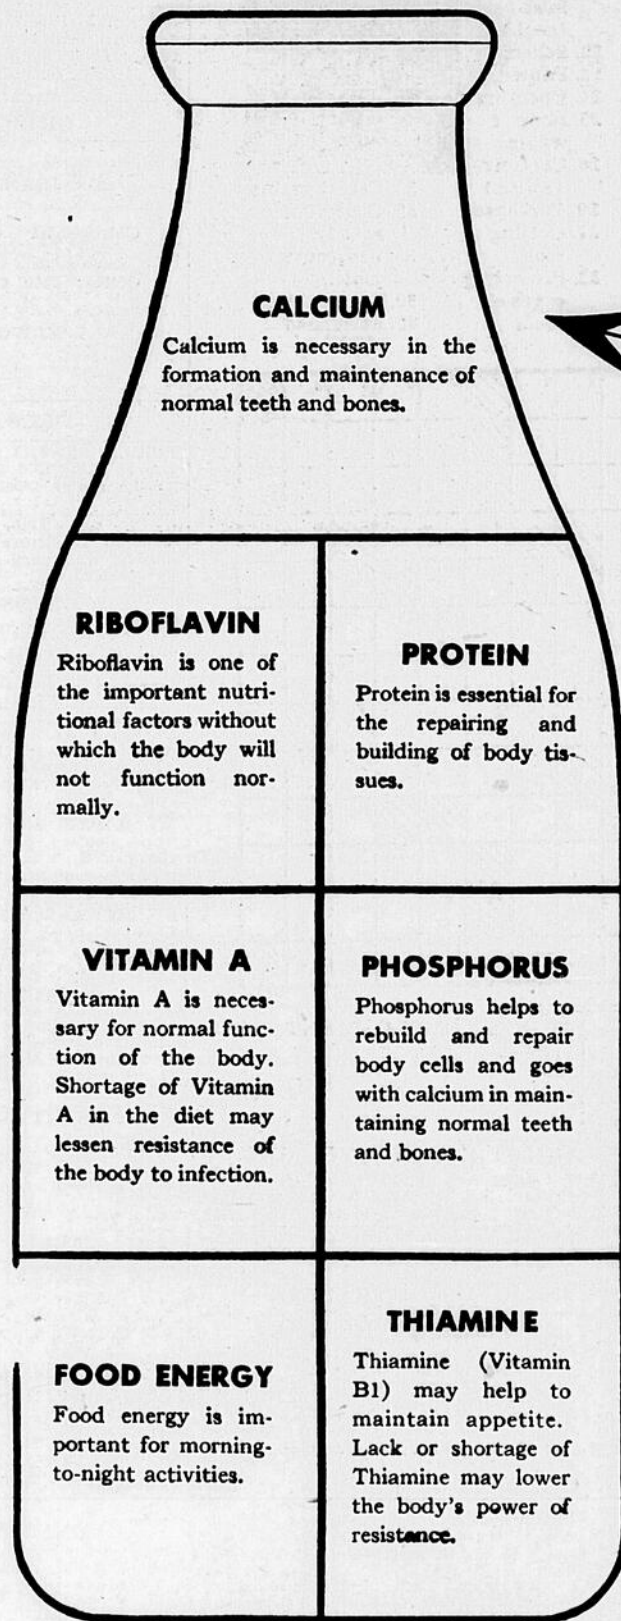

Claude Root, of 481 Victoria Avenue, general manager of the Better Business Bureau, addressed the Scottish Schools Club of Montreal on Monday evening. His address, "How Real The Depression Menace?" dealt with business depression cause and effect and suggested ways and means to eliminate, or at least alleviate depressions and to promote na-

tion-wide stability by the prudent application of principles of free enterprise.
