EXCURSIONS FOR THE HARVEST

Are Now Being Arranged By
The Canadian Railways—
None From U.S.

Ottawa, July 19.—(Canadian Press)—Harvest excursions to Western Canada are now being arranged by the Canadian Railways. The Minister of Labor announced this morning that a conference yesterday attended by himself and H. M. Stewart, Director of Employment Services, with the representatives of the railways, the requirements of farmers in the prairie provinces, together with the prospective available supply of labor in the different parts of Canada was fully discussed. Low harvest excursion rates will be given from British Columbia, Alberta and Saskatchewan as far as Regina and Saskatoon. Excursion rates on practically the same basis as last year's will be run from eastern provinces except Nova Scotia, and ample opportunity will be given to all wishing to benefit by the temporary employment. No excursions will be run from the Province of Nova Scotia, because of resolutions passed by the Nova Scotia Legislature and by the United Farmers organizations in that province, protesting against labor being encouraged to leave Nova Scotia for the purpose of helping to garner the Western harvest.

AMERICAN BOAT AGROUND IN FOG

SS. Binghamton, Bound For
Riga From Boston, Is In
Exposed Position

Halifax, N.S., July 19.—The American steamer Binghamton, three days out from Boston for Riga, Russia, with a general cargo, went aground in a thick fog early this morning on Gannett Dry Ledge, about fifteen miles from Yarmouth, N.S. It was learned when Captain M. L. Gilbert and her crew of thirty men came ashore in the ship's boats at Chebogue Point to-night. When the men left their ship lying in an exposed position with a heavy sea running about 2 o'clock this afternoon, numbers 2 and 3 holds were flooded and there was about 6 feet of water in the engine room. They had lightened the vessel of several tons of cargo. Little hope is held out that she may be got off the dangerous ledge. The steamer Binghamton is a vessel of 1,534 net tons owned by the Bergen Navigation Company of Panama. She had a cargo of cloth, shoes, clothing and other commodities.

SIR GEORGE BURY TALKS RAILWAYS

Government Ownership Has
Not Been Success, Declares
Former C.P.R. Official

Winnipeg, July 19.—Government ownership has not been a success; it can never be made to work successfully so far as the Canadian National line is concerned, for there is no incentive for men to go ahead. Under private ownership the good man is promoted and the poor man is laid aside, but under Government control the good man is never discharged, declared Sir George Bury, former vice-president of the Canadian Pacific Railway, now in the city on a short holiday. Sir George who is now free from any business or professional affiliations, is strongly in favor of the plan advocated by Baron Shaughnessy some time ago, whereby the whole Government railway system be brought under the direction of the C. P. R. Speaking of personal ambition, Sir George declared that just as soon as a man is made secure in his position by virtue of a Government job, just so quickly is his personal ambition killed. Discussing prohibition, the former Canadian Pacific Railway official said: "The greatest curse that ever hit this country, ask any man who has ever had a large number of men in his employ and he will confirm my statement. Prohibition makes law breakers of honest men, makes men want to secure liquor who in the ordinary course of events would leave it alone, and in my opinion, was designed to disgraceful people, which it has succeeded in doing."

PRESIDENT HAS BEEN INFORMED

Of The Desire Of Dominion
Premiers To Hold Discus-
sion On Pacific Question

London, July 19.—President Harding has been informed of the desire of the Dominion Premiers that advantage be taken of their presence in London to subject the Pacific question at least to a preliminary examination here, according to the London Times. "The Premiers hope to be in a position at their meeting Wednesday", adds the Times, "to take a definite step forward in the matter with the concurrence of the United States". It declares that the strictest secrecy was maintained relative to the discussion of the Pacific conference and Empire defence considered by the Premiers at a full session Tuesday, but that no decision was reported on the Pacific conference. The view seemed to be held that no Pacific conference could be of any value without the presence of the Dominion Premiers. The Times reports that the Canadian Premier, Arthur Meighen has postponed his departure from London. It is announced as provisionally arranged that Mr. Lloyd George will attend the Washington conference on limitation of armaments.

MOROCCAN MACHINE
GUNNER EXECUTED

Killed And Robbed German
Merchant—Member Of
French Forces On Rhine

Mayence, July 19.—Mohammed Ben Ahmed, a Moroccan machine gunner of the French forces on the Rhine, who was convicted by a French court-martial of killing and robbing a German merchant was executed by a firing squad here today. He calmly smoked a cigarette until the bullets struck him.

The execution was carried out in the presence of many witnesses and all the Moroccan members of the garrison were marched past the body. The firing squad was composed of six French soldiers and six Moroccans.

General Schmidt, the French military governor of Mayence, addressing the correspondents after the execution, said "We have just witnessed an example of the French sense of justice."

REPARATIONS LABORERS.
Kingston, J.A., July 19.—The Government has decided to repatriate immediately 19,000 Jamaican laborers stranded in Cuba owing to conditions in the sugar industry there. Arrangements are being made here to expend \$2,000,000 on various public works to afford the laborers employment.

Stott, Canadian Passenger Agent of Montreal, also accompanied the party to this city.

EXCELLENT WORK IN HOMESPUNS

Everyone Who Indulges In
Golf Was On St. Andrew's
Links

(Special to The Chronicle).
St. Andrew's N.B., July 19.—Today has been a day for homespun suits and sweaters. The thermometer stood at 64 at noon and 52 at half past two. Nearly every one who indulges in golf has been on the links. Towards evening a breeze has sprung up. A great many people have been visiting the Charlotte County Cottage Craft, today. Aside from the idea of possessing a homespun bag or a pair of slippers, visitors are interested in examining the excellent work produced by the women of Charlotte County with their only outlook that of their own farms. These farmers' wives and daughters have woven into their bags and rugs the homely scenes of every day life with the beautiful colorings of fields, sky and the distant hill it is interesting to note that the dyes used for the wools are made in Charlotte County. The wool comes from Charlotte County sheep, the rugs are braided by Charlotte County women and even the homespun is woven on Charlotte County looms. This year there are even blankets woven in St. Andrew's. It shows what the proper incentive is able to accomplish.

GOVERNMENT DEFEATED AFTER GARDEN PARTY

Lloyd George And Wife Gave
Party At Downing Street
Residence

London, July 19.—The Prime Minister and Mrs. Lloyd George gave their first garden party at their Downing Street residence today, to which the whole House of Commons and the wives of the members were invited. Partly as a consequence of this hospitality the Government suffered a defeat in the House of Commons to-night on the proposal to exempt co-operative societies from paying a corporation tax, which was carried against the Government 137 to 135. Many of the Government supporters had not returned from the Garden party while the opposition mustered a strong force and raised jubilant cries of "reign" when the figures were announced. Austen Chamberlain, the Government Leader announced that business would proceed.

WEALTHY PENNSYLVANIA MAN WAS KIDNAPPED

Is Now Being Held For Five
Thousand Dollars Ransom,
Says Wife

Sharon, Pa., July 19.—Thomas D. Randolph, a leading business man here, was kidnapped last night and is being held for \$5,000 ransom, according to information received by Mrs. Randolph today and turned over to the city and county authorities. Mr. Randolph did not return home last night and his wife was almost hysterical this morning when she received two notes, one signed "Kidnappers" and one signed "Tom". The first note demanded \$5,000, the second \$10,000 and gave specific instructions as to how the money was to be paid, the other was from Randolph. Randolph is related to practically the same wealthy families as Billy Whittle, who was kidnapped in March 1909.

EFFECTIVENESS OF TEAR GAS

Philadelphia Police Thrice Re-
pulsed In Mimic Battle In
City Yesterday

Philadelphia, July 19.—The effectiveness of tear gas as a mob disperser received the emphatic endorsement of 200 stalwart Philadelphia policemen today after it thrice sent them into hasty and tearful retreat during an official test here. Superintendent of Police Mills took a battalion of his heartiest men into a roped-off enclosure with instructions to capture six men who were armed with 150 tear gas bombs. Three times they charged but each time were driven back weeping violently as they came within range of the charged vapor. Major Stephen de la Noe of the chemical warfare division, United States army, inventor of the gas, assured the men before they entered the mimic battle that the substance was absolutely not dangerous. "It is merely a tear-producing, choking, nauseating gas, but be careful you don't swallow too much" he said. Police officials declared the test had undoubtedly proved the value of tear gas in police work. Not only is it immediately effective in dispersing a mob, but it may be used to drive a fugitive from a barricaded building, they said. A container of the substance, placed in a bank vault in such a position that it would be released if the door were opened outside of banking hours, would also thwart burglars, the authorities said. In addition the gas leaves red-brown stains on clothing which would aid in identifying those taking part in riots or criminal adventures. Victims who inhale the fumes are rendered helpless for a short time but not endangered. Officials asserted it was likely the gas would replace older instruments used to subdue mobs and criminals.

ONLY TWO CONVICTS ARE UNACCOUNTED FOR

Remainder Of Rebellious Pris-
oners In Pittsburgh Peni-
tentiary Rounded Up

Pittsburgh, Pa., July 19.—Western Penitentiary officials today had accounted for all but two of the convicts who yesterday rebelled, and after setting fire to a number of buildings fought the guards, Deputy Sheriffs and City policemen for more than two hours. These two, it was stated, were probably hiding in the cellars and will be retaken before tonight. Excitement still prevailed in the big prison, and the 25 Pittsburgh policemen reinforcing the prison guards had their hands full keeping the convicts quiet. So many locks were broken yesterday that it was necessary to put as many as six men in a cell, and when together they persisted in shrieking and crying out at every opportunity. Look-smiths worked all night to restore the cell system and it was expected that within a short time each man would be back in his "old home".

ACCUSED OF BEING MEMBER OF GANG

Montreal, July 19.—Joseph A. Larue appeared before Judge Leet in the Enquete Court today charged with being a member of a gang, which, several weeks ago, held up L. Parent, cashier of the Champlain branch of the Canadian Bank of Commerce, making off with his bag containing several thousands of dollars. The accused was identified by several witnesses, including another employee of the bank, who was with Parent at the time of the hold-up. Mr. Parent, himself however, stated that he could not identify Larue as he had been too flustered at the time to notice his assailant. Judge Leet remanded the case until July 23.

FARMERS WILL MEET NEXT WEEK

Expected Prime Minister And
Cabinet Will Be Chosen By
Then

Calgary, Alta., July 19.—(Can. Press)—Probably within one week the United Farmer members-elect of the Alberta Legislature will meet to choose a political leader, who in turn will be invited to undertake the formation of the new Farmer Government in this province. Within a fortnight from that time, it is expected that Premier Stewart will have handed the administration over to a new Prime Minister and a new Cabinet. There is good authority for these statements, although no action has been taken officially at this time to put into effect the vote of yesterday. Officials of the United Farmers of Alberta have no precedent, they say, for the steps which have to be taken. It is the general expectation, however, that a call will go from headquarters here for a conference of Farmer members-elect, with the general officers of the organization. Defeated candidates will not participate in the deliberations.

CHAUFFEUR ROBBED ON WAY TO ROAD-HOUSE

Employer's Car And Forty
Five Dollars Taken From
Him Near Montreal

Montreal, July 19.—Leo Chappelain, a chauffeur on the employ of Lazarus Ship, 1431 Clarke St. was last night robbed of his employer's car and about \$45. in money by three men and a girl who he was driving to a road house some distance from the city. According to Chappelain's story he had been engaged by the men to drive them to a hotel on St. Michael Road. There was one woman in the party and she with two of the men sat in the rear seat while the other male member of the party sat in front with the chauffeur. On a lonely spot on St. Michel Road, the victim claims his arms was pinioned to his side while the man beside him stopped the car. He was then ordered to alight after which he was bound to a tree, the four making off with the car and \$45. out of his pockets.

FIVE YEAR OLD STAGED SUCCESSFUL "COMEBACK"

New York, July 19.—A successful "comeback" after two years absence from the race track was staged today by Purchase, a five-year-old of the Ranocosa Stables. The racer, which broke down in the fall of 1919 while training for a prospective match with J. K. L. Looe, St. Barton in Maryland, won the six furlong Katonah handicap in 1:09 1-5, one and two-fifths seconds slower than the track records.

LITTLE SURPRISE OVER RESULT

Stewart Government Has
Been Conceded Little
Chance Of Winning

Ottawa, July 19.—The defeat of the Stewart Government in Alberta causes little genuine surprise here, the chief comment, where any is heard, being on the size of the United Farmers' representation in the government. Liberal and Government circles alike here, had conceded Premier Stewart little hope of winning, but the contest was being closely watched as indicating the strength of the United Farmer movement in the Western provinces. The result, as indicated by the returns published this morning, leaves no doubt that the Farmer movement in Alberta has lost little of its power. The voting in Alberta will probably have an indirect effect on the forthcoming Federal cabinet conferences in regard to dissolution and an election, which are certain to follow the return of Premier Meighen to Canada. It is admitted in Government circles that there are two schools of opinion in regard to dissolution and an early election. Many of the Government's friends on the outside are advocating an early consultation of the people, and it is stated that some members of the cabinet themselves are inclined to this view. However, among the members of Parliament supporting the Government, there has during the past year or so, been plenty of evidence that their desire was to continue for another year without a contest. The Western members have been pressing for redistribution before an election, and it is generally accepted that the results in the three western provincial elections will not lessen that pressure.

NO FIGURES ON THE CENSUS YET

While Great Bulk Of Work Is
Done, Details In Novem-
ber

Ottawa, July 19.—While the great bulk of Canada's population census has now been taken, no definite figures may be published for another month and it may be November ere the population for the Dominion is officially announced. The figures for the cities and larger towns will come first, followed by degrees by those covering entire provinces. In the meantime much has to be done in the way of revision. The enumerator is paid 50 per cent. of his remuneration when he makes his first complete return and the remainder goes to him when the census branch is satisfied that it is approximately correct. Each paper is scanned for any obvious discrepancies, as for instance, nationality given as Irish while the name appears to be Slavic. The census branch is receiving a large number of reports from individuals who are disgruntled at having been overlooked. Others with tender consciences or fears of fines, write to have incorrect details changed, the enumerator wait his own pleasure, and after the enumerator had gone away without the particulars, he learned of the fine which he had possibly incurred and made fifteen miles to Ottawa to make the return at the head office.

PREMIER MAY STAY IN LONDON

Until August 4th, As Result Of
Important Communication
Sent To Washington

London, July 19.—(By Gratian O'Leary, Canadian Press Staff Correspondent)—As the result of an important communication sent to Washington yesterday, it may be necessary for Premier Meighen of Canada to remain in London until August 4, it was learned to-night. The communication was confidential but it is believed was connected with the desire of the British Government to hold a preliminary conference on Pacific problems in London before the main gathering is called to take place in Washington. The Canadian Prime Minister is anxious to sail on Thursday as reports reaching England indicate the desirability from a political standpoint, of his returning as soon as possible, but on the other hand, the question of the Pacific is so vitally related to Canada and he has taken such an active part in bringing the conference about that his presence here is essential if the conference is held. A highly confidential meeting of the Empire Prime Ministers from which even high officials and other ministers were excluded, was held this afternoon. Questions of Empire defence in relation to the new situation created by the calling of the disarmament conference were discussed.

DUKE AND DUCHESS OF DEVONSHIRE BID ADIEU TO DOMINION OF CANADA

Over Two Thousand Citizens Attended Sailing Of Empress Of France To Give Parting Cheer To Popular Governor-General On His Departure For Home

The Duke and Duchess of Devonshire took their departure from Canada yesterday afternoon, amidst the plaudits of over two thousand citizens, including many prominent men and women of Quebec also had congregated on the Louise Docks breakwater pier to bid them farewell and a pleasant trip across the sea to their home in England.

The Duke and Duchess of Devonshire sailed in the C.P.O.S. Empress of France, which left her dockage at 5 o'clock yesterday afternoon to sail down the St. Lawrence on her way to sea. And as the steamer cast off her moorings with the R.C.G.A. Band playing Auld Lang Syne, Premier L. A. Taschereau called for three cheers for the ex-Governor General and the Duchess of Devonshire which were given lustily by the big crowd on the pier, and gracefully acknowledged by the Duke, as he stood on the bridge with the Duchess overlooking and bowing to the crowd below on the pier.

The inclement weather of the forenoon was transformed into sunshine as the afternoon progressed and, for more than an hour before the time scheduled for the sailing of the Empress, people gathered at the pier to bid farewell to their Excellencies. The guard of honor provided by the Royal 22nd Regiment of 100 men in command of Major Archambault headed by the R.C.G.A. under the direction of Capt. O'Neill arrived at the pier at 3:15 p.m. and took up a position on the outside of shed 26 in line with the steamer. The interior of shed 26 through which the Duke and Duchess of Devonshire were to pass in their limousine was decorated with flags of the Allied nations; while the exit to the ship's gangways was also artistically decorated with flags, and the floor space carpeted with matting, under the direction of Commander Elliot and his assistant C.P.O.S. officials, who also had the pier in line with the ship closed in on both sides of the gangway to prevent crowding, and at the same time give ample room for the guard of honor. It was 4:30 o'clock before the Duke and Duchess of Devonshire arrived at the pier from the crowd of citizens gathered to bid adieu had grown to large proportions but was handled by the C.P.R. police and a few municipal police posted there on special duty, shortly after 4 o'clock.

Sir George Foster, Acting Prime Minister of Canada, accompanied by C.J. Doherty, Minister of Justice; Hon. Mr. Blondin, Postmaster General; and Hon. Mr. Burrell, arrived at the landing to represent the Dominion Government in its farewell to their Excellencies. Shortly afterwards, His Honor the Lieutenant Governor, Sir Charles Fitzpatrick, attended by Col. Papineau, A.D.C.; Hon. L. A. Taschereau, Premier of the Province of Quebec and members of his cabinet; Mgr. Marois, V.G., with Rev. Abbe Casgrain, representing His Eminence Cardinal Beaudry; Brig-General Landry, C.M.G., O.C. of 5th Military District and Staff; Major General Sir David Watson, and members of the Quebec Harbor Commission; Sir George Garneau, President of the Battlefields Commission; Lt.-Col. Henri Chasse, Commanding Officer of the 22nd Royal Regiment and staff officers. His Worship the Mayor of Quebec, Mr. J. Samson, Rev. Canon F. G. Scott, Rev. Dr. A. T. Love, and other members of the clergy, as well as prominent citizens with their ladies. The Duke of Devonshire on stepping from his limousine, with Capt. Balfour, A.D.C., proceeded to the pier to inspect the guard of honor, and afterwards reentered shed 26 to bid farewell to the large number of ladies and gentlemen of his acquaintance. He looked right and left in this his last farewell to Canada and espied ladies in the background who could not get near him, made his way to shake hands and express in words his appreciation of their esteem. The Duchess of Devonshire in the meantime was likewise engaged in bidding adieu to people of her acquaintance, and evidently took care to see that none was overlooked. Then preceded by Capt. E. Cook, R.N.R., Commander of the Empress of France, the Duke and Duchess went aboard the steamer, and proceeded direct to the ship's bridge to bow his final adieu to the throngs assembled on the pier.

The apartments on board the Empress of France assigned to the Duke and Duchess of Devonshire were crowded with floral offerings in token of respect, that had been sent in countless boxes with the compliment of the Federal and Provincial Governments. His Honor the Lieut. Governor and Lady Fitzpatrick and many prominent Quebec citizens. It was a magnificent send-off to a popular Governor-General, and at the same time an expression of loyalty to the King and Empire he had represented.

It is plain to see that the Junior players are enthusiastic over their scheduled football game. Last night all but one of the players of the Shamrocks and Rovers were on hand and eager to play the game, even though it was raining heavily. The referee, who is a senior player, was also on the spot to fulfill his duty.

PERMANENT FORCE TO BE REDUCED

Royal Twenty Second Regiment Will Lose Twenty Men On July 31

Ottawa, July 19.—Canada is reducing the strength of her permanent force by ten per cent, it was officially announced by the Militia Department to-day. This step taken on the ground of economy and effective as soon as possible after July 31, will mean there being a maximum of 3,600 officers and men as against 4,000 as heretofore. Commanding officers were instructed to select those for discharge who will suffer the least hardship.

The reductions taking effect on July 31, or as soon as possible after that date, will effect all units. The Royal Canadian Dragoons will lose seventeen men; Strathcona Horse 13; Royal Canadian Artillery 33; R.C.R. 31; Royal Canadian Engineers 14; P.P.C.L.L. and 22nd Regiment 20 each; Machine Gun Brigade 15; R.C.A.S.C. 40; R.A.M.C. 2; R.C. Ordnance, 80; R.C.A. Veterinary 20; R.C.R.S.C. 8; C.M.S.C. 11; Miscellaneous 50, making 400 in all, or a total reduction of 10 per cent.

\$8,000,000 HELD UP IN TORONTO

That Much Projected Building In Queen City Declares Senator Robertson

Ottawa, July 19.—Eight million dollars' worth of projected building is being held up in Toronto at the present time, according to a statement made Senator G. D. Robertson today. The work is not being proceeded with because the present cost of construction would be unjustifiable from the investor's point of view.

No fair return could be expected upon the outlay, it is said. On Thursday next a second conference will be held between representatives of the building trades organizations and contractors, sub-contractors and dealers in building supplies, as well as the Canadian Manufacturers' Association and the Toronto Board of Trade.

The purpose of the conferences is to stimulate local building, and at Thursday's meeting each of the interested representatives has agreed to come prepared to say what they are prepared to contribute towards a decrease in the price of construction, both labor and materials.

The public at large, said the Minister of Labor, is deeply concerned in this matter in view of the fact that the only household budget that has not decreased during the past year is rent; that notwithstanding the fact that everything else is on the decline rents have continued to advance. The present situation is that, with millions of dollars waiting to be invested in building and with thousands of men out of employment and rents continuing to ascend, the building industry remains stagnant.

TIGHT ROPE WALKER DEAD IN ST. CATHERINES

Pin Holding The Guy Wire Broke—Man Fell Thirty Feet

St. Catharines, Ont., July 19.—John Soper aged 47 a native of St. Catharines died at the General and Marine Hospital this morning from injuries received last night when he fell 30 feet from a tight rope on which he was giving a performance in connection with the Old Home Week celebration. While walking with a barrel about his legs a pin holding a guy wire broke, causing the rope to sway and unbalancing him. With the barrel hanging to his legs he grasped the rope and endeavored to reach a telegraph pole hand over hand. Fifteen feet from the pole he lost his grasp. He leaves a grown up family.

Owing to the unfavorable weather last night the St. Patrick's baseball team did not practice, but the players are requested to be on hand at 6:30 o'clock this evening at the Q. A. Grounds when an important workout will be held.

CONVENTION HELD IN TEMISCOUATA

Jean Francois Pouliot Nominated—Wants Royal Commission For Parrot Case

(Special to The Chronicle). Riviere du Loup, July 19.—At the Liberal Convention held here to-day in the City Hall as a result of invitations sent out to the different parishes in Temiscouata County, Jean Francois Pouliot, advocate, was chosen as candidate to contest the seat vacant by the recent resignation of Dr. L. E. A. Parrot, following charges made by Mr. Pouliot.

Dr. Parrot and his friends attended the convention but contested its regularity on the grounds that the parishes had not named delegates, but Mr. Pouliot, who called the convention, held that it was regular as the delegates were the same as had attended the Liberal convention preceding the last elections.

Vigorous speeches were made by both Mr. Pouliot and Dr. Parrot, while the meeting was presided over by the five delegates, Messrs. F. Soucy, Desire Levesque, Antoine Berube, Elie Beaulieu and Raphael Mignault.

In accepting nomination, Mr. Pouliot said that he would insist that a Royal Commission be named to fully investigate the case of Dr. Parrot. He said that he would likewise insist that there be important amendments made to the colonization laws and that the men in charge of colonization lots be fully qualified for their work. He said that settlers should become absolute owners of their lots in six years when they receive their letters patent and not have to wait 26 years as is the case at present. He also advocated a change as regards the operation of lumber companies and wants the limit for cutting placed at 15 inches on the stump.

He affirmed that he was in favor of the Taschereau Government, but wanted the changes made in the interests of colonization.

The Government has not yet fixed any date for the bye-election in the County of Temiscouata.

PAYMENT OF REPARATIONS

German Government Hands Over Thirty One Million Gold Marks

Paris, July 19.—The Reparations Commission today issued an official statement announcing that the German Government has just paid to it thirty one million gold marks in European currency on account of the three months notes given in the latter part of May in settlement of the one billion gold marks due before June 1st.

The Commission announces that the one billion marks were to be made up as follows when the pledges were accepted by the Commission in May: three months treasury notes amounting to \$39,573,000 marks paid on account of the one billion marks.

Including the remittance of 31,000,000 marks paid today Germany now has redeemed 114,949,000 marks, making a total of 275,376,000 marks paid on account of the one billion marks.

The German Government has informed the Reparations Commission that it is ready to remit immediately 41,000,000 marks more in European currency, which will bring the total paid in specie and currency to more than \$10,000,000 marks.

FRANCE WAS ELIMINATED IN DAVIS CUP MATCHES

Paris, July 19.—France was eliminated from this year's Davis Cup tennis competition, in the match with India here today. In the singles Sleen, of India, defeated Jean Samazeuilh, of France, 6-1, 6-3, 6-3. India had previously won the doubles and one of the singles matches.

The French tennis Federation announced Monday that defeat for France in the final agreements with India today would mean the cancellation of the French tennis team's trip to the United States, which had been set for July 23rd. Only Miss Suzanne Lenglen, it was said, would sail for the United States.

RIFLEMEN HELD RIFLE SHOOT

The Royal Rifles of Canada held a Rifle Shoot on Saturday afternoon at the Levis Ranges, when several very good scores were made. The top score was made by C.E.M. G. Knowles, who made 57 points. Much interest was manifested in the shoot owing to the fact that some of the members of the Regiment are taking part in the 46th annual meeting of the Province of Quebec Rifle Association, which takes place at Montreal next month.

The scores were as follows: Pte. C.M. Chas. Knowles 87 Pte. P. Poesy 78 Corp. D. Courtney 75 Pte. M. Fosse 69 Pte. R. Jewell 68 Lieut. H. H. Gibaut 63

CONGRATULATES PREMIER MURRAY

Message Sent By Mackenzie-King To Veteran Liberal Leader In Nova Scotia

Ottawa, July 19.—The following congratulatory message on the completion of his 25 years of service as Premier of Nova Scotia was dispatched to Premier G. H. Murray to-day by Hon. W. H. Mackenzie King, Leader of the Liberal Party. "On behalf of the Liberal Party of Canada, permit me to extend to you the heartiest of congratulations on the completion of twenty-five years as Premier of the Province of Nova Scotia. Your leadership of a quarter of a century constitutes a record of keenest administration unparalleled in any of the British self-governing communities, and one which is not less a source of pride to Liberals throughout the Dominion than of honor to yourself and the Liberals of your Province. I am sure I am right in believing that irrespective of party the people of the other Provinces will deem it a privilege to join on this occasion with their fellow citizens in Nova Scotia in giving expression to an appreciation which is nation-wide of the qualities of heart and mind which have characterized the many years of your disinterested and distinguished public service."

EVENTS FALLEN INTO A LULL

Irish Negotiations Both Official And Private Ceased For The Moment

London, July 19.—Events which apparently had been proceeding smoothly and with fair rapidity toward a common ground upon which the British Government, the Irish Republicans and the Ulsterites could find a basis for a settlement of the troubles in Ireland, have fallen into a lull and for the moment the negotiations both official and private have ceased.

With Sir James Craig, the Ulster Premier, again in Belfast, having before his departure from London, delivered a pronouncement which seemed at the time to spell the end of the discussions between the three parties, the English people are trying to figure out what will eventually happen with respect to Ulster and, more particularly, with respect to the whole of Ireland at the next conference between Lloyd George and Mr. De Valera which is set down for Thursday.

In the meantime General Smuts the South African Premier may proceed to Belfast as intermediary, and the fact that the Ulster leader has declared that his services and those of the officials under him "are available at any moment" leads to a hopeful view that the final word of the Ulsterites has not yet been spoken.

Notwithstanding the attitude of Ulster as expressed by Premier Craig the spokesman of the Republican delegates to-day declared that they were "still not unhelpful" while another Sinn Fein representative said "that it is not a question of Belfast being subservient to Dublin or vice versa but that both must be subservient to Ireland."

The King, deeply concerned in the outcome of the Irish discussions, was visited to-day by the Marquis of Londonderry, Ulster Minister of Education, who, it is understood, gave His Majesty details of the conversations the Marquis had with Mr. Lloyd George yesterday. The continued presence of one of the Ulster Cabinet in London is significant and of good augury.

Mr. Lloyd George is believed to have certain propositions to present to Mr. De Valera at Thursday's meeting which have been approved by the British Cabinet.

The Republican Leader and his colleagues will probably return to Dublin on Friday or Saturday in order to review the events of their visit to London and take under advisement the proposals the British Government has offered.

SHIPLABORERS' PICNIC FIXED FOR SATURDAY

The annual picnic of the Quebec Ship Laborers' Society will be held on Saturday to St. Catherine's Grove and promises to be a greater success than ever before. The committee in charge is leaving nothing undone to make the outing a pleasant one in every detail. There are many athletic events on the programme and the committee urges that most of the people take the morning train as the competitions will have to be started early.

This event is always a most popular one as the beautiful grounds at St. Catherine's cannot be surpassed for such an outing, while Lake St. Joseph provides all that can be desired in the way of boating, bathing, etc.

A first-class orchestra will also be in attendance to provide music during the day.

Should there be rain on Saturday the picnic will be held on Monday, the 25th instant.

PLACED ASPHALT ON FREE LIST

Action Of Ways And Means Committee Overruled By House

Washington, July 19.—The House furnished consideration of the contested schedules in the Fordney tariff bill to-day by placing asphalt on the free list and, thus, in four of the five paragraphs open to separate votes, over-ruled the action of its Ways and Means Committee in framing the measure.

Dye control provisions of the bill as drawn were in the only section of the five not upset by the House. After disposing of the asphalt amendment, which rejected proposals of duties ranging from 50 cents to \$3 a ton, the House began consideration of the numerous "perfecting" amendments which the Ways and Means Committee deemed necessary.

It raised the proposed duty on dried beans from one and one fourth cents a pound, and increased the duties on shelled almonds from 8 cents to 12 cents a pound and shelled almonds from 8 cents to 12 cents a pound, and shelled walnuts from five to 7 1-2 cents a pound in rapid order.

The business of "perfecting" the bill was then stopped by a long preliminary fight.

MAGISTRATE BRADY IS NOW RELEASED

Was Kidnapped By Unknown Armed Men In West Cork July 6th.

Cork, July 19.—Magistrate Patrick Brady, who was kidnapped by unknown armed men from his residence in Ballylickey, West Cork, on July 8, was released to-day. His captors brought him to a spot near his home in a motor car. Magistrate Brady was one of the witnesses of the killing of Canon Magner, Parish priest of Danamansway in December last, by Cadet Harte who later was found guilty of the murder, but was adjudged to have been insane at the time the crime was committed. No news has yet been received of Mrs. J. W. Lindsay, the widow of a local land owner and Justice of the Peace, who was kidnapped from her home in Coachford County Cork, in February last, by three armed men. Her sister has issued an appeal in her behalf through the newspapers.

WAS SHOT TWICE BY PATROLMAN

Murderer Returned To Scene Of Crime During Police Investigation

New York, July 19.—Several hours after he was alleged to have stabbed Mrs. Anna Cornell, rooming house keeper and collector of rents, a man known as Francisco returned to the building to-night brandishing a knife before several tenants, and was shot twice by a patrolman who was there investigating the woman's murder. He was taken to Bellevue hospital and charged with homicide.

Francisco was described by other occupants of the house, located on West 57th Street, as a disgraced roomer. A woman tenant said she had seen him standing over the body of the dead woman but that he fled when she screamed.

When he returned he resisted arrest and stopped fighting only when the bullets from the officers' revolver felled him. He was shot in the throat and jaw.

COMPLAINS OF POISON IVY.

That a number of children have been affected by touching poison ivy in several of the City Parks was complained of to the Chronicle last night by a lady of this city. She urged that the matter be brought to the attention of the proper authorities so that the noxious weed might be exterminated.

"Fair - and cool"

"Thank goodness it's cooler!"

PHEW! How they telephoned! It seemed as though everyone was using his voice to save his feet those hot days. Anything to avoid exertion.

Though the Company does all that is humanly possible to make us comfortable, the extra operating load was never heavier, and when we were doing our best with the thermometer at 90 or over it did sound nice to hear a good-natured voice, with no trace of irritation, asking for a number-please.

So while we all say "Thank goodness, it's cooler", for your thoughtful consideration and courtesy when it meant a great deal to us, we would add "Thank you".

TWO STILLIS OPERATING NEAR WINNIPEG SEIZED

Winnipeg, July 19.—Temperance Act administrators added a shed on the farm of Leon and Camille Shon at Grande Pointe, 15 miles South of here, on Monday and closed down two stills running at full capacity, producing 100 gallons of whiskey per day. The distillery specialized

in "Twenty year old" Scotch, but evidence at the hearing in the provincial police court showed that the plant had been in operation only one month. The Shon Brothers were remanded while the police searched for a mysterious stranger who is alleged to have rented the shed for \$50 a month with liquor supplies to boot.

QUEBEC, JULY 20, 1921

WARNING FROM ALBERTA

It would be foolish in the extreme for the people of Eastern and urban Canada to blind themselves to the meaning of the Provincial elections in Alberta, as a result of which the Liberal Government has been swept from office by the United Farmers Association. That meaning is the same as the one already derived from the Federal bye-election in Medicine Hat: namely that the farmers' political movement, with all that it implies, is a direct, pressing menace to the interests of every other class and calling in Canada, which must be fought relentlessly and unitedly if it is to be defeated.

As Alberta has gone, so will Saskatchewan and Manitoba go and, although we believe that there is a considerable reaction in Ontario, the farmers will continue to hold many of the rural constituencies in that Province and will gain several in New Brunswick and Nova Scotia. The Liberals cannot hope to win more than a handful of seats outside of Quebec, which is not really so much Liberal as Nationalist and Protectionist. Therefore the straight issue when the next election comes will be between the present Government and the Farmers; between the opposing principles of protection and free trade; all that the Liberals can hope to do being to hold the balance of power. That will be a great power, if used in the interests of the Country, but a great danger, if used in the interests of the interests of their own party as seems destined to be the case.

Unless the Farmers secure an absolute majority, which is unthinkable, they can only hold office—should they attain it—by the good graces of the Liberal Party, or so we are told. But before they can be put out they will be quite capable of doing fatal injury to the country's economic life and, when they are put out, a period of disastrous confusion and uncertainty must ensue.

In the East there are two frames of mind which induce apathy towards a critical situation and are therefore effective allies of the Farmers. First there is the man who says that both the old historic parties are worn out and that a change will do no harm. To institute a comparison, supposing the same man were faced with the choice between two often-tried remedies for some sickness and a known deadly poison, would he say that the old remedies were worn out, that a change would do no harm and accordingly take the poison in preference? For Canadian industry, free trade is a known deadly poison and a Farmer Government means free trade at an early date, let there be no mistake on that score. If the old parties are worn out, the remedy is to rejuvenate, not to destroy them and the basic fact remains that the policy of the present Government is the only safe one for this Dominion to pursue at the present juncture.

Then there is the man who says that, even if the Farmers get into power, he will not worry as he does not believe that they will introduce Free Trade; contenting themselves with lowering the duties on a few commodities and increasing them on a few others by way of compensation. Such men have not considered that the Farmer Member of Parliament is a delegate and not a representative; that he must act in accordance with the instructions of his constituents and not on his own judgment. The platform of the Farmer Party will be faithfully lived up to by the Farmer Government or its members will be withdrawn and others more docile sent to Ottawa in their place.

If Canada shares the fate of Alberta, its destinies will be in the hands of every form of radicalism and of men who are not Canadian but Americans and the country will be brought into economic subservience to the United States, if not to actual annexation, as a result of industrial paralysis. Politicians who are playing a partisan game at such a hazard are either criminals or fools.

A SPECIMEN OF LIBERALISM

How are the Mighty fallen! For over twenty years no less eminent a public figure than Mr. Pierre F. Casgrain, K.C., M.P., according to his own unsolicited testimonial, has regarded the Montreal Gazette—père Le Soleil and Le Canada—as the best informed newspaper in America but now he finds that he "cannot entertain this proposition any longer."

How has our confere thus forfeited an enviable reputation? Truly with Pope we may exclaim, "what mighty contests rise from trivial things!" A luckless reporter of the Gazette in an account of the recent visit of certain Liberal leaders to the County of Charlevoix-Montmorency was misguided enough to confuse the conspicuous personality of Mr. Pierre F. Casgrain, K.C., M.P., with that of a mere nonentity—albeit a Liberal and personal friend of Sir Wilfrid Laurier of many years standing—Senator J. P. B. Casgrain, Lt.-Col., C.E., P.L.S., of Montreal.

This offense, however heinous in itself, might have been overlooked by the lenient Mr. Casgrain had his unimpaired legal mind not detected evidence that is proof conclusive of deliberate malice on the part of the Gazette. Even the "best informed newspapers in America," he concedes, might nod with Homer but our confere cannot plead this excuse, for had not Mr. Casgrain written himself no longer ago than last June to send the newspaper to him at St. Irene and has it not reached him there in spite of the further place of gross carelessness in omitting his honorific titles of K.C. and M.P.—which are not yet taboo in Canada along with other gilded handles—from the address? Again, in his social columns, only a few days before the fatal offense was committed, did not the Gazette report that Hon. Mr. W. L. Mackenzie-King was the guest of Mr. and Mrs. Pierre F. Casgrain?

What more is required to show that our confere was well aware that Senator Casgrain is not Mr. Pierre F. Casgrain, K.C., M.P., and that Senator Casgrain is not the only Casgrain in Canada and its public life? Why nothing! The case for the prosecution is fully established and it only remains for sentence to be passed, severe but proportionate to the crime—that of the deliberate malice of Mr. Pierre F. Casgrain, K.C., M.P.

This specimen of Liberalism is a priceless gem and deserves to be treasured as such, but to be believed in necessary to see it, for not even the most inventive imagination, not even the most mordant humorist could have evolved its sheer perfection from his inner consciousness. If you have eyes, prepare to shake your head now for here is the true and full text of Mr. Casgrain's notice of censure to the erring and unrepentant Gazette:

"Mr.—For the last twenty years that I have been a member of your newspaper I always thought that it was the best informed in America, but today I cannot entertain this proposition any longer."

I was much surprised to read in your issue of the 14th inst., page four, last column, near the ad-

vertisements, under the head of "Mr. King Visiting," the reference made to Mr. King's visit in my county, Charlevoix-Montmorency. The nine lines of your article which reads as follows:

"On his return from Murray Bay, in which district he held meetings in company with Hon. Rodolphe Lemieux, Sir Lomer Gouin, Senator Casgrain and others," are absolutely false and incorrect. Mr. King was the guest at Gilmont, St. Irene-les-Bains, County of Charlevoix, of the present member for the House of Commons for Charlevoix-Montmorency, the writer, Pierre F. Casgrain, K.C., M.P., and not of Senator Casgrain. I, Pierre Casgrain, and not Senator Casgrain held meetings with Mr. King at Bale St. Paul, Les Eboulements, St. Irene and at Murray Bay. I spoke with Mr. King, and invited Hon. Mr. Lemieux and Sir Lomer Gouin, who are summering there, to address our meeting, that of myself, not Senator Casgrain's. Mr. King never toured my county, Charlevoix-Montmorency, with Hon. Mr. Lemieux nor Sir Lomer Gouin and Senator Casgrain. You are altogether wrong and misled the public.

Senator Casgrain is not myself.

Senator Casgrain is not the only Casgrain in Canada and in public life.

Senator Casgrain was never a member of the House of Commons, but always a Senator, and had no reason for being out here on that occasion, and you ought to have known that as I have been a member of the House of Commons for the last four years. Although I might not be so rich as Senator Casgrain, I do not owe a cent to anybody; I am the owner of large real estate in Montreal; I am a King's Counsel and for the last ten years have been a member of one of the best-known legal firms in Montreal, McGillivray, Casgrain, Mitchell and Casgrain. Although not so old as Senator Casgrain I have reasons to believe that I am just as much important a public man by my utterances and standing as any man of my age.

I really resent your omissions towards me for myself as well as for my constituents.

You have no excuse for such bad statements, as I wrote you the end of June last to send your newspaper here at St. Irene which, by the way, you address wrongly, omitting my titles, K.C., M.P.

In your social notes some days previous to the 12th you made reference to Mr. King visiting here Mr. and Mrs. Pierre F. Casgrain and not Senator Casgrain—which was correct.

All the other newspapers, such as L'Evenement (8th); Le Soleil (8th), and Le Canada (11th) had a good and correct report of Mr. King's visit in Charlevoix-Montmorency, and they also all said that Mr. King spoke French, which you also omitted to say in your report.

Where is the fair play? What could any one expect from a newspaper such as yours, uncourteous towards me, mean and biased?

I have never been spoiled by The Gazette nor any other English newspaper.

I hope I shall have my chance some day.

Yours truly,

PIERRE F. CASGRAIN.

Gilmont, St. Irene-les-Bains, Charlevoix, July 15th, 1921.

Perusing the above with streaming eyes may we not echo the graceful tribute of the Gazette, in its searching for that soft answer which shall turn away wrath, "What charming modesty! How becomingly his diffidence sits upon the K.C., M.P.!" And how nobly sensitive to newspaper inaccuracy he is, even though himself the victim! Apart from the refreshing insight into the character and personality of Mr. Pierre F. Casgrain, K.C., M.P., afforded by the episode, which is not therefore pure loss, do we not also gain an intimate peep into the private life of that very happy family the Liberal Party of the Province of Quebec.

Rumor has had it for long that the apparently solid bloc has been split in twain; on the one hand being the "rising stars," the "pep" and "ginger" brigade, to which Mr. Casgrain belongs and of which Messrs. Lapointe and Mackenzie-King are the nominal heads; and, on the other, the "dead-wood," the "senile veterans," among whom Senator Casgrain seemingly must be classed and who own Messrs. Fielding, Bureau and Lemieux as their titular chieftains. These two schools of thought commingle about as readily as oil and water: the elder brethren bidding the young hopefuls to "teach their grandparents to suck eggs" while the latter playfully assure the former that they are "dead and don't know it." All of which makes for harmony and friendly feeling!

Hence it is that, when the Gazette commits a crime, the full weight of Mr. Casgrain's anger is instinctively directed, not against the real culprit but against a third party innocently misc in cause—Senator Casgrain, but for whose too long cumbering of the earth his no less important namesake would never have suffered from lacerated self-esteem.

Between the Temiscomata farce and comedy of errors in Charlevoix the Liberals deserve to be congratulated and thanked for their successful efforts to keep the public well amused.

A Verse Or Two

(By Modern Poets)

LOVE'S WAGES

The wages of Love are small, so small You scarce might know they were paid at all. A glance, a smile, or the clasp of hands, The coin of a heart that understands: A name soft whispered, a lingered kiss— The wages of Love are paid in this.

But oh, the magic such coin can buy— The waking joy of a dawn-flushed sky, Draggers speeding on skylarks' wings, Songs in the heartbeats of common things: And frolic shadows of evening blent With peace and comfort and all-content.

The wages of Love are small, so small One source could say they cost at all. Yet lives are lonely, and hearts still ache In bitter lack for the wee coins' sake; And many a sick-bed life of ease Would barter its purse of gold for these.

THE FIRST GUIDE TO QUEBEC ARCHIVES.

(Continued)

By WILLIAM WOOD.

Mr. Roy's "Inventaires" touch so many sides of life under the old régime that selecting a few entries for particular notice must involve leaving out others of equal interest and importance. Selectivities, therefore, and concessions are too complex for a mere passing reference. Their vast archives must form the subject of at least one separate article. Economic archives also deserve a study of their own. So do the extremely interesting, but very little known, nautical archives. Suffice it to say here that Mr. Roy's nine published volumes team with original evidence on these and other subjects; that his present "Inventaires" do not cover a third of the two collections he has chosen as the foundation of his work; that these collections themselves form only a small part of the really valuable archives belonging to the Provincial Government; that the French-Canadian Church archives—without which the life of this Province, down to the present day, cannot be understood at all—may equal the government archives in bulk and, in certain ways, equal them in value too; that the Dominion, Imperial, French, and American Archives contain many originals relating to Quebec; and that a good many other originals are in the collections of various corporate bodies or private individuals. As Mr. Roy requires at least thirty volumes for the "Inventaires" epitomizing the provincial archives in two government collections in the City of Quebec alone, it seems very safe to say that perhaps three hundred volumes might be required for the complete "Inventaires" of all the really important archives in the world which reveal the different aspects of our provincial life from first to last. It is to be hoped that most of those who own non-government archives and who have not made their inventaires already, will do so now.

From first to last, there is, of course, no settled "last"; for archives, in the higher sense, include the authentic records of today as well as of the past, and it is a consummation devoutly to be wished that every public document of any importance should find a place in the public archives the moment it ceases to be an active office paper. Nor should archives be confined to documents. Every national object which is itself an authentic record is fit to be an archive; and though one kind of archives may be more conveniently kept in museums and another in archives buildings officially so called, yet any one who will examine the present Dominion Archives with an open mind must be convinced that it is better to be inclusive rather than exclusive in deciding what an archive is or ought to be.

Returning to Mr. Roy's "Inventaires" for a moment, it seems as if the most appropriate subject at which to take our final glance must be the law. "Pieces Judiciaires," "Ordonnances," and "Consell Souverain" all smack of law both in the general and the special sense of that very comprehensive word. Moreover, are not the archives of the law a perfect mine of human psychology, its actions and re-actions?

The first piece judiciaire dates from 1638, when Jean-Baptiste Le Gardeur de Repentigny accused his servant and eight other men of stealing boards. The next entry is about three men at Beauport, who had been calling each other names. A little later two men get into court through a dispute about an arquebus. And so it goes on. Contravention of the fur trade regulations frequently occurs. So do acts of apprenticeship made out in France: for instance, the assen made out at La Roche in 1617 by le notaire Pierre Teulon on behalf of the Jesuits, Laval, and Talon. Rape and murder are two other cases of the same year. Suicide appears (J.N. 25) as a "procès criminel contre le cadavre." In 1742 "Edouard Hamillon, Irlandais de nation," has troubles at the famous Forges of St. Maurice. Twenty years later the Court of Admiralty at Quebec has a case against the licensed trader at Tadoussac about a whale "found" by Indians at Manicouagan; while, three years later, de Bussy, a soldier in garrison at Montreal, is accused of something almost as heinous as a less majestic, namely, the forging of Ordonnances.

Two other characters of the "Chien d'Or" step into legal life on the 1st of October, 1749, "au sujet de la grâce du sieur de Repentigny, assassin du sieur Philibert." There are some gruesome entries: for instance (J.N. 375) the "Interrogatoire avec torture" of François Rodrigue, and the declaration made by René Lusignan at the foot of the scaffold, which declaration the said Lusignan was "unable to sign on account of the extreme cold" (26th. of February, 1764). The spring of 1751 appears to have been very prolific in duels, three cases occurring in the City of Quebec alone within as many weeks. In 1686 counterfeiting card money was even more rife. Blasphemy was watched with a vigilant eye in the early days. In 1665 (O.I. III, 218) Jacques Bigeon was fined, and warned that corporal punishment would follow a second offence. Later on (J.N. 18) there was a "Procès criminel contre Charles Catignon" for having said "Dieu n'est pas Dieu." Defamation seems to have been sensibly dealt with. When (O.I. II, 17) one woman abused another she was not only fined but obliged to sign a document which declared the object of her vituperation to be a good girl and of spotless honour. There is no Arcadian absence of sexual troubles; but they are not unduly prominent. Garrison life at Quebec led to various regulations and enquiries: for instance (J.N. 81, in 1687) with reference to sundry "Villes qui s'amusaient avec les soldats." Ten years later (O.I. I, 41) "la fille Poitras" was ordered back to her father, while "le sieur Delorme" was forbidden to harbour her any longer, or she to stay with him. The 17re of Sainte-Foy was also given authority to remove her from Delorme's if she refused to go; and Delorme was ordered to pay for her board and lodging at her father's house until such time as the court saw fit to let him marry her. In 1732 concealment of birth is made the subject of a Royal Edict (J.N. 89). In 1785 (O.I. II, 191), Jean Pepin was condemned to pay

Give This to a Constipated Baby

Why Dr. Caldwell's Laxative Syrup Pepsin is the Favorite Constipation Remedy with so Many Mothers

YOUNG Mothers in the midst of bringing up a family of small children should consider it a duty to investigate the action of the various remedies for constipation. This is the ailment most common among children, and it often leads to serious diseases. It is important for the mother to know the right remedy to give, for they differ widely in action.

Children do not take kindly to drastic drugs, salt waters, calomel, physics, castor oil, cathartics, mercurials and such things, and they find difficulty in swallowing these harsh medicines even when disguised in sugar-coated tablets or pills. It is not only that the child doesn't like the taste, but these drugs are so violent that they wrench the little system. They should not be given to children.

Thousands of wise mothers, after having tried many things, give only a combination of simple herbs with pepsin, known to druggists as Dr. Caldwell's Laxative Syrup Pepsin.

The formula is on the package. It is a mild, gentle remedy, free from all narcotics, that relieves constipation and its symptoms, such as headache, biliousness, colds, fever, indigestion, loss of appetite and sleep, and it does it without griping or weakening. A bottle of Dr. Caldwell's Laxative Syrup Pepsin can be bought at any drug store for sixty cents and is enough to last an average family many months.

Last year over eight million bottles of Dr. Caldwell's Syrup Pepsin were sold in drug stores, the largest selling liquid laxative in the world, and as the preparation has been on the market over thirty years the second generation of mothers are now giving it to their babies. No careful, well-regulated home will be without a bottle for a mild, safe constipation remedy like this may be needed by someone in the family any minute. Every bottle is guaranteed to do exactly as claimed for the ailments of the stomach, liver and bowels or your money will be refunded.

TRY IT FREE!

There are heads of families who will want to prove to their own satisfaction that my Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe, as I claim. Let such write me for a free sample. It will be sent postpaid. Simply say "Dr. W. B. Caldwell, 19 Front Street, Bridgeburg, Conn. Send a free trial bottle of your Dr. Caldwell's Laxative Syrup Pepsin to—" and give your name and address. I will see that the rest is attended to promptly.

T. D. DUBUC

188 and 198 St. John Street

Madeleine Desrochers fifty lives for the expense of her confinement, to make himself responsible for bringing up the child that should be born of her, and to show the Procureur du Roy a certificate about the said child's state every three months. Moreover, "until he shall have paid the said fifty lives the said Pepin shall remain in jail." In 1732 Louis Brigue, dit LeFebvre, was brought to book by an outraged widow, whom he had succeeded in evading for more than a year, and (O.I. II, 272) "condemned to provide and pay for a nurse, and to bring up the said child in the Catholic, Apostolic, and Roman religion till she shall have reached the age of eighteen."

Some of Mr. Roy's documents come down to the British régime; and a few odd papers even come down to such a recent event as the Jubilee of the Quebec Bar Association in 1900. But the new régime deserves separate treatment; as, indeed, do many other subjects in his "Inventaires." Municipal regulations, or what would be thought so now-a-days, form another important class. For instance, the great Frontenac issues a building permit to Denis de Vitry alongside of orders

against garbage, stray pigs, and home-brewed ale. Fish and Game, Food Control, Drink, and a dozen other objects of legal care and regulation can not be even mentioned today; except, indeed, to draw special attention to Professor William Bennett Munro's article on "The Brandy Parliament of 1678" in the Canadian Historical Review for June, 1921. This article, with reprint of the original text, gives an excellent account of a unique constitutional event in the history of New France as well as of the way in which leading opinions were then divided on the question of using brandy for trading with the Indians. No vote, of course was formally taken. But the archives show that the "wets" outnumbered the "drys" by fifteen "opinions" to five.

SEA DOGS AFFECT

FISHING ON MIRIMACHI

Chatham, N.B., July 19.—Fisher-men along the Mirimachi River are complaining bitterly this season of the presence of sea dogs in large numbers in the river waters. In the early part of the year the port and shores of St. John were infested

with the animals—they established a maternity home in the St. John River above the falls and many pups were born—but the pest had declined recently. In the northern waters of the Province, it has, on the other hand, increased to alarming proportions.

The "dogs" like salmon in preference to all other fish. Recently a fisherman visiting his weir in the morning secured only half a dozen good fish while there were over twenty heads in the trap. As the fish are worth a couple of dollars each, the loss in this particular case was quite appreciable. Similar losses incurred by Mirimachi fishermen amount in the aggregate to a considerable sum and it is likely that an appeal will be made to the Government to take some action to prevent the depredations of the seals. It has been suggested that they can best be got rid of by dynamiting the grounds where they are in the habit of sunning themselves. If they are shot in the water, they sink at once, and the whole carcass which is poor in skin, but rich in oils is lost.

How the Udder, of a valuable cow was saved

Chas. K. Robbins, of Chaboye Point, Yarmouth, N.S., writes: "A recent experience in reclaiming what was supposed to be a lost section of a valuable cow's udder has been related among the great worth of Minard's Liniment. I can recommend it in the highest terms to all who have a herd of cows."

"For years I have never considered my household stock complete without a bottle of Minard's. For burns, bruises, sprains, frostbites, or chilblains it is essential. And I know of no better remedy for a severe cold."

"I think I am safe in saying that among all the patent medicines there is none that covers as large a field of usefulness as does Minard's Liniment. A real triumph—Good for Man and Beast."

MISFORTUNES OF TWO IMMIGRANTS

Young Danish Men Penniless After Fruitless Search For Work In Canada

Richard Wunnell and Emil Timm, the first named an accountant and the latter a clothing clerk, who arrived at the port of Quebec from Denmark early this Spring to make their fortune in Canada, after touring the West in search of employment without success, arrived in Quebec yesterday penniless and hungry to seek an opportunity to return to the old country. The first thing they did on reaching this city yesterday morning, was to seek out the Danish Vice-Consul, Major Petry, who, they learned, was absent from the city but was expected to return last night. These two unfortunate immigrants who spoke good English, then by enquiry learned that there was an employment office in St. Roch, but proceeding there, they found there were no vacancies for them to fill. They next wandered down to the Louise Docks and into the immigration building to await the arrival in the city of their country's representative. Here they were seen by a Chronicle representative to whom they told their story.
Richard Wunnell, aged about 30, of good intelligent appearance, and of many build, said: "We read a great deal in the Denmark newspapers of Canada and the fact that there was plenty of work to be had there, so my companion and myself made up our minds that we would emigrate to Canada."
"We arrived in this country about three months ago, and after paying our railway fare to Winnipeg where we were advised to go, we each had left in our possession about \$100 in cash. We did our best to find employment in Winnipeg without success, and after remaining there three weeks with our money melting away, we decided to return east by easy stages, and traveled from place to place without the least encouragement, except for two weeks work on a railway in western Ontario. We finally reached Montreal with our money all run out, and after searching high and low for work, without success, we decided to apply to the Danish Consul in that city for aid in reaching home, but the answer we got was that he could do nothing for us and to apply to the police."
"We then decided to come on to Quebec where we were likely to find a Danish Consul with a heart, and Government to send us home. Having no money we sought the immigration building for rest and shelter, until the Quebec representative of our Government returns to this city and hears our case. My trunk with all my wearing apparel, did not follow us to Winnipeg as checked, but was later shipped by mistake. I hid the check and, if I had a place of abode would have the railway company trace it and deliver it to me. But unfortunately, have no place even to stop tonight, or money for my companion and myself to buy food and all we can do is to pray God to send us relief and the means of getting back to our own country, though we would prefer to stay and work in Canada."
The foregoing story speaks for itself, and is one of the reasons which have caused the Federal Government to restrict immigration to Canada, and prohibit all classes except farmers willing to go on the land from entering this country.

GREETINGS TO HON. G. H. MURRAY

Quebec's Premier Congratulates Nova Scotia's Premier On Long Record As Leader

Hon. L. A. Taschereau, Quebec's Premier, has sent the following message of congratulation to Hon. George Henry Murray, Premier of Nova Scotia on the 25th anniversary of his Premiership:—
Hon. George Henry Murray, Prime Minister, Parliament Buildings, Halifax, N.S.
On the occasion of your twenty-fifth anniversary of Premiership I wish to convey to you the heartiest congratulations of my colleagues and myself for the unique record you have achieved through your unselfish patriotism, your great abilities, your devotion to the true principles of liberalism so eminently embodied in your Government, and all those virtues of uprightness, genuineness and toil, which have made of you a dominant personality in Canadian politics and have won for you the confidence and unceasing support of your people.
It is highly significant that the political history of our province during this last quarter of a century should be so closely connected with that of your province, and that the lofty ideals of liberalism should have been followed with equal faithfulness by our two old provinces.
We hope that the bonds uniting Nova Scotia and Quebec will ever grow stronger and that for many years to come you will continue to preside over your province to witness the results of your progressive policy and the fruits of your administration.
L. A. Taschereau,
Premier of Quebec

AWARD CONTRACTS FOR NEW SCHOOLS

Total Cost Of Two Buildings In Sacred Heart Parish \$168,073.

At a meeting of the Construction Committee of the Catholic School Commission held yesterday at the office of the Chairman, Mr. J. B. Morissette, the tenders were opened for the construction of a double school in the new Sacred Heart parish.
Attending the meeting were Mr. J. B. Morissette, Chairman, His Worship Mayor Samson, Mr. J. E. Chapleau, K.C., and Mr. Cyrille Kirouac.
Thirty six tenders were received and the contracts were awarded as follows:—
Masonry, steel and wood work J. Magloire Cauchon, \$135,392.00; plumbing and electricity, \$24,992.00; painting and glazing, \$3,819; roofing \$3,870. Total \$168,073.
The parishioners of Sacred Heart have long been asking for these schools, but owing to the high cost of construction the commissioners delayed and consider that they have saved considerably as about a year ago the cost of these buildings was estimated at more than \$200,000.

CHILD KILLED BY MOTORCAR

Daughter Of Mr. Jos. Tanguay, Of This City Run Down At Champigny

A fatal automobile accident in which Juliette, the ten year old daughter of Mr. Jos. Tanguay, shoe manufacturer of this city, lost her life occurred at Champigny, Ancienne Lorette, on the Quebec-Montreal highway shortly before six o'clock yesterday evening.
Mr. Tanguay and his family are spending the summer at their cottage at Champigny and Juliette, who was walking on the road, attempted to cross evidently not noticing a motor car which was approaching. The car which was of the Roadster type carried a Quebec license bearing number 7900. It struck and dragged her for some distance before it could be stopped.
Dr. J. P. Belleau, of Ancienne Lorette was summoned by the driver of the car who is said to be Dr. Provencier, of Riviere du Loup, but when Dr. Belleau arrived on the scene he could do nothing as death had been instantaneous.
Deputy Coroner Bedard was notified last night and will hold an inquest.

INTERNATIONAL SPORTING CLUB GET LICENSE
New York, July 15.—The International Sporting Club which will stage the world's championship basketball tournament between Joe Lynch, title holder and Pete Herlihy, of New Orleans, former title holder at Ebbets Field, Brooklyn, next Monday night, was granted a license today by the New York State Boxing Commission.

FIRE RAGED AT QUEBEC BRIDGE

Four Houses Were Destroyed Last Night—Quebec Firemen Went To Assistance

The village of Quebec Bridge was threatened with destruction last night when four houses were burned and six families were deprived of shelter.
The settlement, which grew up with the construction of the Quebec Bridge and took its name from that gigantic span, is situated just off St. Louis Road about eight miles from this city.
Caused by the explosion of an oil stove in one of the houses, the fire spread rapidly and communicated with adjoining houses. As the water supply was limited little could be done to combat the flames and assistance was immediately sought from the City Fire Department.
The fire broke out about nine o'clock and a detachment of the Fire Department was rushed to the scene under Deputy-Chief McManus. The apparatus included a hose wagon, a steam engine and later a chemical engine. As the chemicals did not suffice to cope with the outbreak which menaced the entire settlement more than one thousand feet of hose was stretched to the St. Lawrence river and the engine employed to pump water on the flames.
Lighting up the sky for miles around the fire attracted thousands of people from this city and various parishes who assisted the firemen and the villagers to fight the flames.
People living in the vicinity fearing that the flames would spread further moved out their household goods and loads of furniture were carted away from the fire zone.
Rain broke out as the fire started and there was a steady downpour, which helped a great deal to prevent the fire from expanding.
Mr. Honore Manguy, the Mayor of St. Foy in which parish the Village of Quebec Bridge is located, took a leading part in fighting the fire and it was at his request that the Quebec Firemen were sent out to combat the flames.
Those who lost their homes are as follows:
Joseph John, X. Blais, Jos. Blais, Laurent Rochette, Albert Lemieux, A. Gauthier.
Besides the four houses burned two barns and an ice house also fell prey to the flames.
It was after eleven o'clock before the fire was gotten under control.

HUTCHISON AND MITCHELL MADE GOOD GOLF SCORES

Washington, July 19.—Jock Hutchison, the British open champion and Abe Mitchell, of Great Britain turned in cards of 76 and 75 respectively, in the qualifying round today for the open golf championship of the United States over the course of the Columbia Country Club.
Hutchison did not play up to his usual fine game and had to work hard to secure his 76. Mitchell, on the other hand, played well within himself at all times, and notwithstanding a six on the par four seventeenth hole finished with a 75.

MR. MICHAEL BREEN HAS PASSED AWAY.
The death occurred yesterday morning after a short illness of Mr. Michael Breen a respected resident of this City. Mr. Breen, who was a native of Tintern, County Wexford, Ireland, came to this country as a boy and made his home here. He was throughout his life a member of St. Patrick's Congregation and as a young man took a deep interest in Irish affairs having been for many years treasurer of the old Hibernian Society. A man of fine character and sterling qualities of heart and mind he enjoyed the esteem of all who knew him and his death even at the venerable age of seventy-nine years will prove a blow to his many friends while his family will have sincere sympathy in their bereavement. He is survived by two sons, Messrs W. J. Breen and J. J. Breen as well as five daughters Mrs. R. Butler, Mrs. D. R. Neelan and the Misses Rose, Margaret, and Mary Breen, all of this city.

ORLEANS CLUB
LOST TO QUEBEC

In Golf Match Played On Montmorency Links Yesterday Afternoon

Although the weather conditions prevailing in town yesterday morning were anything but favorable, the golf match between the Orleans and Quebec Clubs was held in the afternoon on the Montmorency Links, each club being represented by five players. The match resulted in a win for the Quebec Club by ten points to nothing, and although the visitors were completely outclassed, the games nevertheless were keenly contested.

Following the match the visiting quintette were hospitably entertained to tea by the members of the Quebec Club.

A return match will be held some time in August on the Island Links, when the Orleans golfers hope to give the Quebec Club a closer game.

The following were the players and their scores:

Orleans.	
J. A. McManamy	0
Geo. VanFelson	0
Eug. Amyot	0
C. M. Pike	0
P. H. Levesque	0
Total	0

Quebec.	
L. Bosse	0
H. Mills	0
J. Rudek	1
A. J. Welch	3
G. Simard	3
Total	10

On Saturday next the Grand Mere Golf Club will fulfill an engagement with the Quebec Club, and as both clubs have a number of strong players an interesting and close game should result.

TWO FAVORITES
WERE DISTANCED

Opening Day At Grand Circuit At Kalamazoo Saw Good Racing

Kalamazoo, Mich., July 19.—The feature of the opening day at the Grand Circuit races at Recreation Park was the dumping of the two favorites, Jim B. and Prince Loree, outside the distance flag in the Park American Hotel purse for 2:11 pacers, the big event of the day's racing. Jimmie McKerron won the race in straight heats, while the favorites went to smash. Jim B. broke at the first quarter in the first heat and was given the flag, while Prince Loree received the same treatment in the second. The losers, as a result of their early season showing at Toledo and North Randall, were top-heavy favorites.

Peter Bieler, the favorite in the 2:13 trot, had no difficulty in winning that event in straight heats with Alcola and Princess Nedena trailing. Tommy Murphy piloted Brookworthy to victory in the 2:07 trot.

Kokomo George won the first two heats of the 2:07 pace and finished second to Logan Hedgewood in the third from a field of four starters. The crowd was the largest that ever attended an opening day meet in this city.

Burns On Stand In Connection With World's Series Scandal

Chicago, July 19.—The State today turned its full strength into the prosecution of the Chicago White Sox baseball players and others charged with the alleged conspiracy which resulted in the 1919 World's Series scandal, sending Bill Burns, who admitted being an accomplice of the defendants and who turned State's evidence in return for immunity, to the witness stand to tell the inside story of the reported sell-out of some of the game's greatest players to gamblers who wanted the series thrown to Cincinnati. Burns, who was only about one third through his story when the court adjourned today was on the stand long enough to name Arnold Rothstein, of New York, Abe Attell, former featherweight pugilist champion, David Ziser, of Des Moines, one of the defendants, Billy Mahars of Philadelphia and, himself, as among the organizers of the alleged conspiracy. He drew a vivid verbal picture of numerous meetings between the players and the alleged fixers in Cincinnati hotels during the days of the first two games of the 1919 series, saying that the athletes agreed to make the series a "made-to-order" one, throwing games just as desired.

Burns testified that Eddie Cicotte, one of the American league's greatest pitchers, said he would "throw the first game if he had to throw the ball over the fence".

Burns identified David Ziser, defendant, as a man he had known as Bennett during the forming of the alleged conspiracy and declared that Bennett, or Ziser, was present at most of the meetings when the reported sell-out was arranged.

Burns said Abe Attell had termed Rothstein a "walking bank" who would pay up all he promised but that after the first game Attell refused to give him any money, saying he could not pay the players until he collected the bets made. The players were to get twenty thousand dollars after each game lost Burns said.

Rothstein testified before the Grand Jury last fall that he was approached on the deal but refused to go into it and that his name was used by Abe Attell without his permission.

Burns' testimony was broken by repeated arguments by the various attorneys who succeeded in having some of his testimony barred, particularly that dealing with a conversation with Cicotte in New York, prior to the series.

Fourth race, purse \$500, 2-year-olds and up, six furlongs—Sedgegrass, 102, Brown, \$6, \$3.30, \$2.30, won; Horace Lerch, 104, Schickinger, \$9.90, \$2.75, second; Betty J. Hinchy, \$2.30, third. Time, 1:21 1/5. Slippery Silver and Arletta also ran.

Fifth race, purse \$500, 3-year-olds and up, about five furlongs—Runmie, 105, Pribble, \$6, \$4.40, \$2.25, won; Minnie Mack, 103, Atwell, \$16.20, \$9.20, second; Lyric, 111, Amman, \$7.35, third. Time, 1:04 1/5. Axiom, May's Bob, Scintillate, Seaboard and American Maid also ran.

Sixth race, 4-year-olds and up, 6 1/2 furlongs—Mormon, 111, Ball, \$6.50, \$4.10, \$3. won; Lucky Pearl, 113, Pribble, \$11.10, \$4.25, second; Sepdimental, 115, Kennedy, \$3.85, third. Time, 1:30. Clearfield, Cuba, Presty Baby, Cockroach and Olive James also ran.

Seventh race, purse \$500, 3-year-olds and up, claiming, mile and a sixteenth—Salgeorge, 112, Hinchy, \$12.60, \$4.45, \$4.20, won; Whippoorwill, 112, Taylor, \$4.80, \$3.95, second; Senner Stalwart, 107, Schieinger, \$3.85, third. Time, 2:00. Financial Rootier, Planterede, Royden, Tom, Jr., and Circulate also ran.

SCOTS SCORE 24th VICTORY OF TOUR

Lynn, Mass., July 19.—The visiting Scottish team scored the 24th consecutive victory of its tour of the United States and Canada here to-night, defeating the General Electric United team, 6-3.

The visitors complete their tour at Fall River on Thursday night.

ANOTHER WIN
FOR SHAMROCKS

Defeated Rovers Three To Nothing In Junior League Football Game

Shamrocks scored another victory last night when they defeated the Rovers three to nothing in a Junior Football League match at the Exhibition Grounds.

The game was played on a wet field, which made the ball heavy and hard to control, though notwithstanding this, the Juniors devoted their hardest efforts to the game, which resulted in its being closely contested.

Wright opened the scoring in the first half, tallying on a nick kick. The Rovers were forced to play a man short as one of their players failed to put in an appearance. The second goal of the match went to Thorne, who beat the Rover goalie on a well-judged kick.

The Shamrocks had all the better of the play, keeping the ball for the most part of the game around their opponents' goal. The third and last goal of the match went to T. Molloy, who beat the goalie on a hard shot.

The match was refereed by Mr. Jones, of the Veterans, who handled the contest to the satisfaction of both eleven.

Closing Letters
By Local Brokers

(By BrunEAU & Co.)

New York, July 19.—Though trading
is dull, the tone of the market
was slightly better today. It is re-
ported from Washington that the
President was holding conference on
the proposed settlement with the
railways and this made some im-
provement in the railway list. The
sugar shares have also been slightly
better on reports of some improve-
ment in the demand for the raw
product. The withdrawal of the
proposed duty on oil in the pending
tariff bill has removed one of the
stumbling blocks from the paths of
the Mexican Oil stocks.

Of late the market has not given
much response to the sales by floor
traders and this helps sentiment. On
the whole the market is in a phase
of midsummer dullness but shows
some tendency toward improvement.
Sales \$35,900.

(By L. G. Beaubien & Co.)

New York, July 19.—The heaviness
during midday and the early after-
noon was not maintained as stocks
strengthened up in a number of
quarters before the close. The steel
and equipment shares moved up a
point on the average and there were
also recoveries in the oil and met-
als. The better tone of the rally
continued although there were by
no means a runaway market on the
strength of the Washington reports
that an agreement had been reached
between the Railroad Executives
and the Government. It should be
borne in mind that much of the cash
to be advanced the roads will have
to be immediately paid out to settle
bills of long standing and much of

The Montreal Stock Exchange

Montreal, July 19.—Interest in
what still continues to be little more
than a holiday market on the local
exchange, centered today largely in
the paper group. The issues were
on the whole weak with Laurentide
losing 1-4 points at 70 3-4; Rior-
don easing a point to 7; and Span-
ish preferred being fractionally
down.

The common was unchanged while
Abitibi, which led the market, closed
3-4 point up at 26 1-4. Brompton
had a fractional advance to 20
3-4. Howard Smith had a four
point gain to 65.

Last Showing Tonight of "Ducks
And Drakes" at Classic Theatre

Bebe Daniels plays "Ducks and Drakes" for the last time at Classic to-night. This is considered the peppiest comedy of the year and contains more uproarious mirth than several ordinary comedies. Everyone who can get to the Classic should see this to-night.

"A Small Town Idol" Concludes
at Empire Today--Don't Miss It

If you want a hearty laugh at a good story told in the most interesting manner, see "A Small Town Idol" which concludes at the Empire to-night.

This presents Ben Turpin in his finest role—he was never before so funny. "A Small Town Idol" is the best Mack Sennett picture so far. Mack Sennett is an old Quebecer, having been born of Irish parentage at Danby, P.Q., in 1880.

Don't miss this, his greatest production, final showing to-night.

American Loyalists.

London, June 1.—A long discussion took place in Parliament on the proposition of Mr. Courtney for granting compensation to the American Loyalists. This subject has been so frequently debated, that no new arguments were brought forward. Mr. Vansittart opposed on the ground that the public could not afford to appropriate £130,000 to this purpose. The Rt. Hon. gentleman, however, found a strong argument against him in the simple argument of Aye and Nay; for, on division, the number appeared—for the motion 77, against 69. The claims of these unfortunate individuals, it is understood will now, after a lapse of 40 years, be submitted in Committee to decide on their claims.

Another Young Man Gone.

It was with the deepest regret that the news of the death of Mr. Frank Gunn, Jr., son of Mr. Frank Gunn, Ship-Broker, of this port, was received yesterday. Mr. Gunn's death is the result of a cold contracted while playing hockey in the winter, when he shone as the brilliant goal-keeper of the Crescent Hockey Club. The lamented young man was universally admired and beloved by his acquaintances, who could see in his young life indications of a career of unusual brilliancy. His sorrowing relatives have our profound sympathy.

Sworn In.

Yesterday Hon. Messrs. Blair and Fielding were sworn in at the Citadel as Minister of Railways and Canals, and Minister of Finance respectively. The ceremony took place at 1 P.M. and was of a strictly private nature. Mr. J. J. GIRLS! BLEACH SKIN
WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

DEVELOPMENT OF
PORTLAND, ME.St. John Board Of Trade Op-
posed To Any Expenditure
By C.N.R.

The Quebec Board of Trade, has received a communication from the Board of Trade of St. John, N.B., regarding the probability that if the Canadian National Railway Management by the acquisition of the Grand Trunk Railway, will be obliged to expend \$2,500,000 for the improvement of the Grand Trunk Terminal at the Port of Portland, in competition with Canadian ports, while the latter, in need of increased development, are deprived of the necessary financial assistance. The following is the full text of the communication:

Saint John Board of Trade
Saint John, New Brunswick
Canada
11 July, 1921.

J. C. Scott, Esq.,
Chairman Transportation
Committee, Board of Trade,
Quebec, P.Q.

Dear Sir:—

I notice in the press that you have drawn public attention to the fact that the acquisition by the Government of the Grand Trunk Pacific Railway will probably necessitate the expenditure at Portland, Me., by the Government or some one on its behalf, of the sum of about \$3,500,000 for improvement of Grand Trunk terminals.

This is a matter that has a deep interest for our Board and our people. We find it difficult to conceive how it can be possible for the Government of Canada to apply funds for the development of a foreign port which is in direct competition with Canadian ports. We thought we had fought this matter all out in 1896 when we succeeded in having Canadian subsidies to Portland, Me., cancelled but if this situation is to be revived in the manner in which you suggest it will make it necessary for the people at all eastern Canadian ports to again take up the battle.

The Railway and financial situation of Canada at the present moment permits of no such expenditure nor justifies. If the Government has money to expend it should be spent on those Canadian ports that are now functioning and which are sadly in need of increased development.

So far as the Canadian National Railways are concerned, development schemes that the management had in mind at this port have been held up because of the Country's financial stringency. The same, we are informed, is true to Halifax. In view of this condition, our Transportation Committee can see no justification for expenditures, the effect of which would be to still further weaken these ports.

Yours truly,
(Signed) R. E. ARMSTRONG,
Secretary.

Mr. A. H. Marchant, Advertising Manager of the Boston Post accompanied by Mrs. Marchant, Mr. Ernest Marchant and family of Winnipeg, Man., and Mr. Alfred Marchant of Montreal, are visiting Mr. and Mrs. R. R. Marchant, at "Kilgrass Cottage," St. Louis Road.

The Premier of Canada and Mrs. Meighen are being much entertained during their stay in England. They were guests of Lord and Lady Astor at Cliveden over a weekend, and visited the Duke and Duchess of Sutherland at Sutton Place, Guildford, where they were entertained at luncheon. The Governor-General Designate and Lady Byng gave a dinner to meet the Hon. Arthur Winston and Mrs. Churchill also gave a dinner in their honor.

The marriage was quietly celebrated in Quebec on Friday, 15th of July, upon their arrival from New York, of Mrs. Magdalene S. French and Mr. Clinton Gilbert; the ceremony was performed by the Rev. Mr. F. H. Wentworth, pastor of the Baptist Church, on Grande Allée. The bride was given away by her father, Mr. Spears, of New York and the groom was attended by Mr. Bernard Devlin, barrister, of this city. Mr. and Mrs. Gilbert left yesterday afternoon on the Empress of France for a trip around the world.

The wedding was solemnized yesterday morning in St. Matthew's Church, of Miss Grace Violet Douglas, daughter of Mrs. T. L. Douglas, St. Louis street, to Mr. H. Arthur Sewell, son of Mr. and Mrs. C. A. Sewell, St. Augustin street, the Rev. Canon F. G. Scott officiating. Owing to a recent bereavement in the bride's family the wedding was very quiet only immediate relatives and friends being present. The bride-maid was Miss Ethel Douglas, sister of the bride, while Mr. Harold Sewell, brother of the groom was the best man. Immediately after the ceremony Mr. and Mrs. Sewell left for Lac a Pile on their wedding trip and on their return will take up their residence at St. Gedeon. Amongst the numerous and costly presents received by the newly married couple was a set of table silver which has been in the Sewell family for many years.
