

TWO HELD BY CORONER'S JURY IN NOYAN CASE

No Clues Found Yet In Bedford Case -- Fear Ship's Crew Lost

Object To Form Of Questions By Dominion Gov't

Chief Justice Anglin intimated that a Pivotal Question Had Been Omitted, that He Would Only Answer Questions Contained in Reference, and that Questions Propounded in Reference Did Not Permit of Conclusive Judgment on Central Issue.

(Canadian Press Despatch) OTTAWA, Oct. 4.—Vigorous objection to the form of the questions in the reference to the Supreme Court of Canada by the Dominion Government to determine the respective rights of the Dominion and of the provinces in the matter of water powers, has been taken repeatedly in the last two days of argument before that court by various counsel. Yesterday they were echoed from members of the Supreme Court themselves.

Chief Justice F. A. Anglin intimated that a pivotal question had been omitted, that he would only answer questions contained in the reference, and that the questions propounded in the reference did not permit of conclusive judgment on the central issue. Justice Robert Smith went further and questioned the advisability of continuing argument on the reference because of the inadequacy of the questions, while Justice E. L. Newcombe thought the Dominion Government's argument was "up in the air" as the questions were too general.

Hon. N. W. Rowell, K.C., counsel for the Dominion, had been arguing that the Dominion was given complete control over navigation by the B.N.A. Act, regardless of whether a river was tidal or nontidal. He contended at great length that the Dominion had exclusive jurisdiction in matters of navigation and shipping and trade and commerce, and maintained that the rivers of Canada, if navigable in fact, were essential as national highways for trade and commerce. He was proceeding to develop an argument not covered by the terms of the question under consideration, namely, question number one, when he was reminded by the court that he was not to go beyond the question.

The vital question "Does the tidal test apply to the rivers of Ontario?" was not asked in the reference to the court, and the Chief Justice declared that, for his part, he would not ask it. Mr. Justice Smith also observed that the question both sides wanted answered was not asked, and if the case went to the Privy Council it would be without the salient question.

No decision has been reached. No decision has been reached. No decision has been reached. No decision has been reached. No decision has been reached.

Mr. Rowell met another difficulty this morning when he was citing the dedication of water lots or land adjacent to navigable streams in connection with his argument that the Dominion has control over navigable rivers. The Chief Justice said the court could not consider dedications as questions of fact, and he asked W. N. Tilley, K.C., counsel for Ontario, what the provinces thought of it? Counsel for Ontario replied that that was the danger to which he alluded yesterday. Mr. Rowell, however, maintained that their Lordships were entitled to take judicial notice of the facts bearing on the case, even if the question number one was confined to questions of law and did not include questions of fact. He said the Crown had invited people to settle on the banks of rivers, and had said to them, "Make these rivers public highways."

Mr. Justice Duff said: "You are asking us to assume the dedication of every river throughout Canada and dedication is a question of fact." Cited Statutes of Upper Canada. An impassioned speech, and Mr. Rowell said he would go on to the next phase of his argument, but the Attorney-General of Canada would have to take the attitude of their Lordships into consideration. He then proceeded to cite statutes of Upper Canada, passed since Confederation, to prove that the Dominion had jurisdiction over navigation on inland waters prior to 1867, when the provinces united. He mentioned the construction of the Rideau Canal, the construction of mill dams in certain streams of

(Associated Press Despatch) NEW YORK, N. Y., Oct. 4.—President Robert Dodd told Lake Superior corporation stockholders that Algoma Steel Corporation, a subsidiary for quarter ending September 30, will show profit of \$329,000 against deficit of \$141,591 in the same period last year.

Jury Hold Noyan Couple Responsible For Death Of Six-Weeks-Old Baby Boy

Coroner's Jury Returns Verdict that Baby Died from Malnutrition — Abel Vosbergh and Pearl Campbell Placed Under Arrest and Taken to Sweetburg Jail.

(Special to the Record) NOYAN, Que., Oct. 4.—Abel Vosbergh and Pearl Campbell, of this place, today are confined to the Sweetburg jail awaiting their preliminary hearing before Judge Lemay in connection with the death of their six-weeks-old baby boy, whose little body was found dead at his parents' home on Sunday morning last. Vosbergh and Campbell were taken to the Sweetburg jail last night following the verdict returned by the coroner's jury, which found that the child had died of malnutrition and held the parents responsible.

The inquest was presided over by Coroner Dr. Mitchell, of Bedford, and eight witnesses were heard. Immediately following the verdict the couple were placed under arrest by High Constable St. Martin and Deputy Sheriff Jameson.

Coroner Refused to Allow Public to Attend Inquest. When the inquest opened the room was crowded to capacity by a very curious and interested gathering of citizens. Owing to the large number present it was found necessary by Coroner Dr. Mitchell to have the place cleared.

The foreman of the jury was Mr. Chas. Millette, and the jurors were Messrs. H. L. Johnston, M. Derrick, J. A. Dussault, A. Derrick and M. Derrick. In all eight witnesses were called to give evidence. These included Dr. Derome, medico-legal expert of Montreal, who examined the child's body, also Dr. Gaudreau, of Lacolle, Mrs. A. Mayhew, Mr. William Campbell, the Mayor of Noyan, Mr. A. C. Collins and Mrs. Vosbergh. The parents of the child were not called to the stand and had nothing to say during the inquest.

It was on Sunday morning last that Dr. Hall, of Clonville, was called to the home of Mr. and Mrs. Abel Vosbergh, and upon arrival found the dead body of their infant son wrapped in a quilt and in the bed, where it had apparently been all night. The parents told him that they did not know what had caused their child's death.

Taken in Charge. After examining the body Dr. Hall notified Coroner Dr. Mitchell, who also examined the child. During the investigation it was found that there were marks on the little body, but it has since been found that these were not caused by strangulation. Sheriff Jameson and High Constable St. Martin, of Sweetburg, were called to Noyan, shortly after the body had been found, and they took the parents to Sweetburg, where they have since been held, while the little body was left in the house in charge of a person appointed

EDMONTON FIRE TOOK TOLL OF THREE LIVES

Father Died on Way to Hospital — Bodies of Wife and Child Found When Firemen Were Finally Able to Make Their Way into Building.

(Canadian Press Despatch) EDMONTON, Alta., Oct. 4.—Fire which swept through the Stanley block shortly after five o'clock last night took a toll of three lives, wiping out the little family of Steve Glubisch, 28, a cook, who had rooms in the building. Glubisch was taken from the block terribly burned, and died on his way to hospital, while the bodies of his wife Nancy, 24, and his four-year-old daughter were discovered on the floor of their apartment when firemen finally were able to penetrate the smoke-choked rooms. It is believed that the dead man was struck down by falling debris and trapped in the hallway while attempting to reach his wife and child.

Three firemen were overcome by smoke in fighting the blaze and were treated at hospital. Fireman Browning being kept under observation for the night. Ernest Begley and a man named Koslasko, who had rooms in the block, were also slightly injured.

BANK REPORT APPROVED BY LABOR PARTY

Includes Nationalization of Bank of England — Should Be Brought Directly Under Public Control — Extension of Municipal and Co-Operative Banks Also Recommended.

(Associated Press Despatch) BIRMINGHAM, England, Oct. 4.—The Labor Party conference today approved a special committee's report on the problem of banking and currency, including the nationalization of the Bank of England. The report points out that already many of the governmental functions of the Bank of England are recognized. Although the Bank is theoretically a commercial enterprise owned by shareholders, actually its administration is conducted in close association with the Treasury and with "some regard to its national responsibility." The report holds, however, that the constitution of the Bank should be such that it would be brought directly under public control and its governing body made responsible to the community and not to individuals. It was recommended that the Bank should be taken over by a public corporation which would include representatives of the Government Treasury, the board of trade, national industry and the co-operative movement. Extension of municipal and co-operative banks also was recommended.

NICHOLAS SAID TO HAVE ELOPED WITH RUMANIAN

Prince of Rumania, It Is Rumored, Is Living in Paris Villa of Brother With Wife of Aristocratic Lineage — Court States Prince Merely on Holiday.

(Associated Press Despatch) BUDAPEST, Oct. 4.—The newspaper Pestnaplo said today that Prince Nicholas of Rumania had eloped with a Rumanian girl of aristocratic lineage and was living in the Paris villa of his brother Carol, the former Crown Prince of Rumania. No confirmation of the report was obtainable from other sources. The paper said the censor at Bucharest did not permit the matter to be discussed publicly while the Rumanian court maintained that Prince Nicholas was on a holiday in Europe. Prince Nicholas is twenty-five years of age and visited Canada and the United States in 1926 with his mother, Queen Marie and Princess Ileana. He is a member of the regency which rules for the six-year-old King Michael, who is his nephew and Carol's son.

SASKATCHEWAN WHEAT POOL CONTROLS LARGE NUMBER OF ELEVATORS

Completion of Elevators Now Under Construction Will Bring Total to More Than 960 Elevators With Average Capacity of 35,000 Bushels Each.

(Canadian Press Despatch) REGINA, Sask., Oct. 4.—What amounts to the most extensive programme of country elevator expansion in the history of western Canada was announced from the head office of the Saskatchewan Wheat Pool here yesterday. In statement summarizing the programme of elevator acquisition which has been in progress since early summer, R. J. Moffatt, manager-director of the Saskatchewan pool, said: "It is anticipated that with the completion of elevators now under construction by Saskatchewan Pool Elevators, Limited, the country grain handling facilities controlled by the Saskatchewan Wheat Pool for the 1928 crop will include more than 960 elevators with an average capacity of between 30,000 and 35,000 bushels each. This number compares with 727 country elevators in operation for the 1927-28 crop year, an increase of 233 elevators for the current year."

FEARED KILLING OF EIGHT JOGO SLAV SOLDIERS BY ALBANIAN TROOPS MAY CAUSE TROUBLE

(Associated Press Despatch) BELGRADE, Jugo-Slavia, Oct. 4.—It was feared today that killing of eight Jugo Slav soldiers by Albanian troops would aggravate the already bad relations between Jugo Slavia and the newly established kingdom of Zogu I. Albanian troops were understood to have pursued a countryman accused of murder across the border into Jugo Slav territory after the Jugo Slav frontier guards had ordered them not to cross the frontier. The Jugo Slavs tried to disarm the Albanians. The pursuing forces then turned their attention from the lone fugitive to the Jugo Slav forces, killing eight and wounding several of them.

No News Received As Yet Regarding Fate Of Crew Of Sinking Dutch Ship

Speeding to Rescue of Freighter Celano Was Hamburg-American Liner Albert Ballin, But Failure of Latter to Establish Communication With Line's Office Left Status of Rescue Effort in Doubt.

(Associated Press Despatch) NEW YORK, N. Y., Oct. 4.—The gale-lashed North Atlantic today held the fate of the Dutch freighter Celano, reported sinking with her crew of thirty-five men.

Speeding to her rescue was the Hamburg-American liner Albert Ballin, but failure of the latter to establish communication with the line's office here left the status of the rescue effort in doubt.

With the fate of the Celano's crew still in doubt, twenty-seven other men, the crew of the steam trawler Filet which sank off Montauk Point, Long Island, yesterday, were landed safely at New London, Conn., early this morning. They had taken to lifeboats when their ship sprang a bad leak, but were picked up by the steamer American and later transferred to the coastguard destroyer Perry, which took them into New London.

The Filet sank shortly after the men abandoned her. She was owned by Smith and Anderson, of New York, and valued at \$150,000. She was bound from New York to the fishing grounds off Nantucket. The Albert Ballin turned from her course to go to the rescue of the Celano yesterday morning, but the only word of her progress was that relayed through the United States liner America, which first sent word of the freighter's plight and started the rescue. Captain George Fried of the America, however, put his ship back on her course toward Plymouth when he found the Albert Ballin was 150 miles closer to the Celano.

Was 1,000 Miles off Newfoundland. The Celano is a 3,544-ton screw steamer and was bound from Rotterdam to Boston. She left the Holland port September 25th and at the time she sent her SOS presumably was about one thousand miles off Newfoundland.

The SOS, however, was so faint that the America was unable to catch her position, Captain Fried's message to the Associated Press in which he said the Celano was probably being gored before she could reach the freighter's position and might be forced to leave to and await dawn before continuing the search, or if the ship was located, making a rescue attempt.

Would Be Dark When Rescue Ship Reached Scene. If the Albert Ballin was more than 150 miles from the Celano when she received the SOS, it would probably be dark before she could reach the freighter's position and might be forced to leave to and await dawn before continuing the search, or if the ship was located, making a rescue attempt.

Princess Mary, was burned to the ground last night. Civic guards and soldiers made a futile effort to bring the blaze under control. The main portions of Portumna Castle were burned in 1921 and last night's fire attacked the remaining parts of the castle and the outbuildings.

During the night twenty-five tons of hay on another Irish estate where Viscount Lascelles had planned to visit, also was burned. It is stated that the visit of the couple to Portumna may be postponed.

BEDFORD POSTMISTRESS DID NOT KNOW PARCEL CONTAINED MONEY; BELIEVE THEFT WAS WORK OF BOYS

Authorities Are Still Hard at Work Trying to Find Some Clue Which Will Lead to Solution of \$14,000 Robbery Which Occurred at Bedford on Tuesday Night—Parcel Consigned to Bedford Bank Was Taken—Post Office Inspector Was in Bedford Yesterday—As Office Safe Was Full, Postmistress Left Parcel on Floor—No Attempt Was Made to Open Safe.

(Special to the Record) BEDFORD, Oct. 4.—The

party or parties responsible for the theft of a bag of money, containing in the vicinity of \$14,000, from the post office here on Tuesday night are still at large. After a day of hard work on the case the authorities are still without a clue regarding who it was that forced their way into the post office through a rear door, took what cash was in the till and picked up a parcel containing \$14,000 which had been sent to the local branch of the Canadian Bank of Commerce by the Montreal office.

Postmistress Could Give no Explanation

The postmistress, Miss A. Demers, could give no information on the matter. The parcel had not been placed in the safe, as it is presumed that Miss Demers did not know what its contents were. The safe was crowded with parcels and letters, and with all good intentions and apparently not realizing the value of this special bundle, it was left on the floor of the office. Miss Demers has been in charge of the office here for some time and has always given very satisfactory service. Yesterday the post office inspector for this district was in town, but nothing was made public regarding his activities.

May Have Been Amateur Workers

While there are no clues whatsoever on which to work, there is a belief here that the robbery might have been the work of some amateur robbers or possibly of some young boys. There have been a number of petty robberies in the vicinity during the past year, and the money in which the theft was carried out on Tuesday somewhat gives the impression that it might have been some of the same party. From all appearances it would seem as though the culprits had entered the building simply with the intention of emptying the till, but when they were once in the office noticed the bank parcel on the floor and took it. No attempt was made by them to force open the safe.

Several of the windows in the rear of the post office building have iron bars on them, but the one through which the intruders did not have any iron bars, and it was consequently fairly easy for the thief or thieves to gain entrance into the office.

years with you." Then the Archbishop blessed them. Most of the great company bowed their heads, but some dropped to their knees.

States Everywhere In Europe He Has Found Desire To Enter Into Relation With Canada

Sir Henry Thornton Declares He Discovered that Certain Influential People in Upper Industrial and Capitalistic Circles of Europe Have No Idea of the Potentialities of This Country.

(Canadian Press Despatch) ARIS, Oct. 4.—Sir Henry Thornton, president of the Canadian National Railways, who has been in Europe a desire to enter into relation with Canada, he stated yesterday in an interview with the Canadian Press, after he had addressed the Canadian section of the British Chamber of Commerce.

Before embarking on his European trip, Sir Henry said he had been in mind—emigration, traffic, money, men and brains, also mechanical devices. He said he had discovered that certain influential people in the upper industrial and capitalistic circles had no idea of the potentialities of Canada. "I have given them some ideas about Canadian potentialities," Sir Henry added. "We want everything we can get from them—money, men and brains."

Well Adapted For Canadian Purposes. Travelling through the northern part of Europe, Sir Henry said he

I.O.D.E. ANNUAL TO BE HELD HERE IN APRIL NEXT

Semi-Annual Session of Provincial Chapter Closed Yesterday in Hull — Committees Appointed for Overseas Scholarships.

(Canadian Press Despatch) HULL, Que., Oct. 4.—At the closing session of the semi-annual meeting of the Quebec Provincial Chapter, Imperial Order Daughters of the Empire, here yesterday, the war memorial report given by Mrs. Norman Holland, of Montreal, was of outstanding interest. The bursary for the year has been awarded to Miss Jessie Henderson, of Montreal, it was reported. Mrs. William C. Hodgson, of Montreal, presided. The annual meeting will be held in Sherbrooke on the first week in April. The following committee of selection for the overseas scholarships, one of which is given in every province annually, has been re-elected: Col. Wilfrid Bovey, Dr. Edward Montpetit, Dr. W. D. Lighthall, Mrs. Norman Holland, Mrs. C. M. de R. Finnis, Mrs. Wm. C. Hodgson. The bursary committee for the scholarships at Canadian Universities, consisting of Dr. G. W. Parmelee, Dr. Wellington Dix, Dr. R. W. Nicholson, Dr. C. S. Fosberry, Mrs. Norman Holland, Mrs. C. M. de R. Finnis and Mrs. William C. Hodgson, was also re-elected.

A letter was read from the York Chapter and the Kitchener Chapter strongly urging the suppression of the sordid details in crime news in the press. It was reported that the French papers had responded most favorably when approached on this subject.

The National Chapter I.O.D.E. requested the co-operation of the Quebec Provincial Chapter in follow-up work in connection with the settlement of British women and their families in Canada, and there was a lengthy discussion of this matter, the chapter deciding to take part in this work.

Miss Hay Browne, of Montreal, gave the press report.

KING PHONOFILMED AT HORSE GUARDS' PARADE

His Majesty and Prince of Wales at Famous Ceremony—King Enjoyed Experience of Seeing Self in Talking Films.

(Associated Press Despatch) BALMORAL, England, Oct. 4.—The King has just seen himself for the first time in the talking films, and apparently enjoyed the experience considerably.

The King, together with the Prince of Wales, was phonofilmed recently while viewing the troops in the Horse Guards' Parade at Whitehall, London. Sound effects were obtained from the words of command during the ceremony and from the music provided by the massed bands of the Guards. Complying with the royal command, a British firm dispatched from their studios in London a special recording motor truck equipped with phonofilm projection and sound reproducing apparatus.

LONDON, Oct. 4.—Right Hon. Thomas Power "Tay Pay" O'Connor, "father of the House of Commons" will celebrate his eightieth birthday tomorrow.

Relief From Gas, Stomach Pains, Dizziness

The doctors tell us that 90 per cent. of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as relief from digestive troubles, even those of years' standing.

Mrs. George Bell, of 317 Grey St., London, Ont., writes as follows:

"I had suffered for years with Stomach trouble. Gas would form and bloat me up so I could hardly catch my breath. My nerves were shattered, I did not sleep, became weak and run-down; and spent enough on medicines to furnish a home."

"Two months after starting Tanlac, however, I had gained eleven pounds and was entirely free of indigestion. Now I have no gas, no pains in my stomach. The headaches have disappeared. My nerves are calm. I sleep like a child, am always ready for my meals and my housework seems like play to me."

"If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation or torpid liver; if you have no appetite, can't sleep and are nervous and run-down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you."

Mrs. George Bell, of 317 Grey St., London, Ont., writes as follows:

"I had suffered for years with Stomach trouble. Gas would form and bloat me up so I could hardly catch my breath. My nerves were shattered, I did not sleep, became weak and run-down; and spent enough on medicines to furnish a home."

"Two months after starting Tanlac, however, I had gained eleven pounds and was entirely free of indigestion. Now I have no gas, no pains in my stomach. The headaches have disappeared. My nerves are calm. I sleep like a child, am always ready for my meals and my housework seems like play to me."

"If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation or torpid liver; if you have no appetite, can't sleep and are nervous and run-down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you."

My Husband says

"Try Kruschen Salts."

The best advice in the world! Her letter, published below, proves once again that "It's the little daily ailments that do it."

"Kruschen Salts have done me a lot of good. I suffered from kidney and about 3 months ago I was on holidays and I came home worse than before I went away, and my husband said, 'If I were you I should try Kruschen Salts.' I tried a jar, and now I am a different woman. I was in a torture from morning till night with my legs and kidneys, but, thanks to Kruschen, I feel well and can get on with my work without any trouble."

(Mrs. C. McN.)

Kruschen Salts is obtainable at drug and department stores in Canada at 75c. a bottle. A bottle contains enough to last for 4 or 5 months—good health for half-a-cent a day.

charge of the service. Mrs. John Bate took the lead with the singing and music. Almost at the beginning of the service a baptism was administered, when the infant son of Mr. and Mrs. Emery Roy received the name of Roland Rene Marcel. Mr. and Mrs. Beauchamp, of Renfrew, acted as sponsors. This sacrament was especially interesting to the Sunday school scholars. During the programme for Rally Day the primary girls rendered a chorus. Several of the pupils took an individual part in the service and Miss Clara Gardner told the story of "Cross on the Andes." The hymns used were very popular and the rendering of them was excellent and hearty. The pastor spoke briefly on the "Spirit of Rally Day," expressing the conviction that by putting our best into every form of Christian service we are taking the best method of bringing to the world "Peace and Goodwill."

The evening service was largely taken up with singing of favorite hymns. Miss Wickes, field secretary for the Sailors' Inland Missions, gave the address, which was based on the words "Inasmuch" and was listened to with a great deal of attention. Many expressing their appreciation of the message.

The Rally service at Lower Windsor was held at 2:30 o'clock. Douglas MacLeod told the story of "Christ of the Andes," while three of the girls took the parts assigned to the different departments of the school. The congregation was exceptionally good and all enjoyed the annual "Rally" programme.

FORMER AMERICAN CONSUL OF SHERBROOKE PASSES AWAY
Word has been received of the death of Mr. Edward L. Adams, for several years in charge of the local American Consulate, Mr. Adams passed away in Dublin, Ireland, on Tuesday of this week.

The deceased was seventy-seven years of age, and he was consul in Ireland from 1909 until 1920. Later he came to this city and resided here for several years.

CAPT. W. J. PRINN DROPPED DEAD
Capt. W. J. Prinn, fifty-nine years old, King street east, dropped dead early last evening following his return from a business trip to Drummondville.

The deceased was well known here, having been a resident of this city for some years. Captain Prinn, for a number of years was connected with the Canada Life Assurance Company, and some two months ago, when he took over his new duties as inspector for the Dominion Life Assurance Company. The deceased was a veteran of the World War, having been a member of the 5th C.M.R. Regiment. He was also a member of the local Masonic, Orangeman and Elk lodges.

The funeral will be held on Saturday.

ANNUAL MEETING OF THE SHERBROOKE DEANERY W.A. TO BE HELD AT LENNOXVILLE
By the kind invitation of the St. George's Branch W.A., the annual meeting of the Sherbrooke Deanery of the Women's Auxiliary to M.S.C. C. will be held at Lennoxville on Monday, October 8th. Preceded by a celebration of the Holy Communion in St. George's Church at ten-thirty o'clock, the business session will be held immediately after in the parish hall.

At the afternoon session the Rev. Dr. Westgate, field secretary, M.S.C.C., will give an address on his work.

It is hoped that a large representation from the different branches in the Deanery will be present, and they are asked to notify the local Deanery secretary, 151 Queen street, phone 244, on or before Saturday, October 6th, also to send or bring in their annual reports.

OMEGA-ALPHA CLUB INITIATES NEW MEMBERS
Last night the Omega-Alpha Club had on their programme the initiation of new members when some twelve were put through. Assisting in the initiation were two honorary members of the club, Dr. Gatenby and Mr. G. S. Sampson. The club, which was only organized last year, is now quite strong, having a membership just under forty, with several of the young fellows on the waiting list ready to be taken in. This holds rich promise in material to be one of the strongest, if not the strongest, of the local Y. M. C. A. groups.

FORTY-NINTH ANNUAL MEET OF PLOUGHMEN

Sherbrooke Ploughmen's Association Held Matches Yesterday—Were Very Successful—Banquet Held During Evening—Event Well Attended—Prominent Speakers Present.

Punctually with the approach of autumn for forty-nine consecutive years, the Sherbrooke Ploughmen's Association has held its annual meet, when competitors from Sherbrooke County, and in recent years from neighboring counties have met in friendly rivalry in what is now conceded as a primary factor in the success of agriculture, work of ploughing. That this world-old stirring of the soil, at first with crude and primitive tools, and today with modern and up-to-date ploughs of many kinds, has become almost an art could readily have been believed in listening last evening to the addresses of experts of national fame as the merits of ridge and finish, of crowns and "in and outs" of straightest ploughing and neat-out outfit to an audience which tested the capacity of the town hall to its utmost limits.

Banquet A Success.
The banquet with which the day concluded left nothing to be desired in its line, and was the subject of congratulatory remarks from every speaker, covering the capabilities of the Asot Women's institute in catering for and serving the meal, and extending to the general womanhood of Canada, who in providing a food supply for their families of distinctly Canadian products had the help and co-operation of the men whose skill with the plough made this possible.

During the evening addresses were given by Mr. C. B. Howard, M.P., Mr. Letellier, M.P., for Compton, Rev. Father Godbout, of Waterville, and Mr. MacLean, national champion ploughman, and Prof. Summerby, of Macdonald College, the two last named having acted in the capacity of judges of the ploughing and the outfits.

Noticeable through all the remarks of the various speakers was a general looking forward to the match of next year, when the Sherbrooke Ploughmen's Association will celebrate its jubilee of fifty years of activity.

Forty-two Competitors Took Part.
Forty-two competitors entered the competition, and promptly at the advertised hour yesterday morning, the men and their teams were in their appointed places. The ground used for the competition was situated on Willowdale Farm, owned by the Messrs. Beattie, and was in good shape for the work. At noon the ploughmen passed a short time for lunch, and for the line-up of horses and outfits for judging. At 3:30 o'clock the firing of a gun was the signal which brought the contest to a close.

A number of visitors were present during the day, watching with interest the competitors at their work. The beauty of the weather was a contributing factor in the general success of the event.

Mr. Edwin Ducker, president of the association, presided over the evening's programme. Mr. MacLean, of Richmond Hill, Toronto, judge of the ploughing both last year and this brought greetings from the Ontario Ploughmen's Association, and the suggestion that next year three boys from Quebec might go to compete in an Ontario match and three from Ontario might return the visit, forming an inter-provincial contest in ploughing which, he was sure, would be of interest to both provinces. The suggestion met with the approval of the other speakers, all of whom stressed its importance. Mr. MacLean remarked upon the beauty of the scenery in the neighborhood, and said he would visit the townships again for the purpose of seeing more of it.

Addresses Given.
Mr. C. B. Howard, M.P., not only congratulated the winners, but those who did not win, "because they were sports enough to keep on trying". He was pleased to see that some of the older men were still interested, and that some of the younger men were contented, and satisfied that farming was the greatest occupation to which men can be called. The cups, which had been won in the competition, would become family heir-looms to which coming generations would point with pride, and the possession of which would enable them to make real men of themselves in a real country. As to making a success of the fiftieth anniversary of the association anything he could do was "theirs to command".

Mr. Howard did not repeat the hackneyed phrase "Stay on the farm", but said that his work aimed at making the farm so good and pleasant a place to live that people would be glad to remain there.

Rev. Father Godbout, parish priest of Waterville, made no apology for his interest in agricul-

ture, which he has put to practical use in all the scenes of his church work, because, he said, that "in every priest there is a man, and a Canadian", and that this was his incentive for seeking to improve conditions in the basic occupation of Canadian, farming.

Prof. Summerby, of Macdonald College, spoke on the importance of soil management. In many places the expenses of running a farm were greater and the profits smaller than they should be, because this important work was not well done. Weeds and rubbish got a footing on poorly-prepared land, lessening production and destroying the purity of the crops. Good ploughing and good farming always went together in Prof. Summerby's opinion.

Mr. Letellier, M. P., for Compton, spoke of the wonderful public interest taken in the ploughing match, and promised any help and support that was in his power to give. The cup won at the provincial ploughing match at Farnham last year, by a Waterville boy was on exhibition on the table among the other trophies, and the hope that it might come again into the possession of a local ploughman was expressed by Mr. J. A. McClary, of the Experimental Farm, Lennoxville.

Rev. F. R. Matthews made a witty speech which provoked the mirth of the audience, and Mr. John Nichol moved a vote of thanks to the generous donors of money and other prizes, to the ladies and speakers and to all who had contributed in any way to the success of the ploughing match and banquet.

Musical numbers were provided by Miss Wade, a resident of British Honduras, who is spending some months in Lennoxville, and whose skill on the piano delighted the audience, and by William Seward, of Sherbrooke. Master Coral Ross gave a reading and a song very pleasingly, completing the programme.

Following is the list of prize-winners in the nine matches, which made up the contest.

CONSTRUCTION FOR SEPTEMBER SHOWS BIG GAIN

Increase of \$194,800 Over Corresponding Month of 1927—Building for Past Nine Months Equalled \$818,450.

The month of September proved to be a record month as far as construction work in the city is concerned, according to the report received this morning from Mr. W. L. McSwiggan, building inspector, at the City Hall, the amount for the month totalling \$229,900, an increase of \$194,800 over the corresponding month of last year, all of which, with the exception of \$600, was for the erection of new buildings.

The largest single item on the agenda of the past month was for the construction of a noviciate for the Sisters of Charity, Bowen

Avenue, South, the sum being \$175,000, while the addition to the plant of the Canadian Ingersoll Rand Company came second with the sum of \$35,000.

Construction in the city for the present year promises to eclipse all past records, for the total for the nine months of the present year up to October 1st is \$818,450 as compared with the \$689,935 for the whole of the year 1927, an advance of \$128,515 and yet three months more to come before the close of the present year.

The figures for 1927 as well as those of 1928 to October 1st follow.

LOCAL GOLFERS, LADIES' BRANCH, HELD MEETING

Annual Meeting Held at Country Club Yesterday, When Prizes Won During Past Season Were Presented and Officers for Ensuing Year Elected.

The closing luncheon, the presentation of prizes and the annual meeting of the ladies' branch of the Sherbrooke Country Club took place yesterday. About fifty members were present for luncheon, and immediately after the ladies met in the lounge, with the vice-president, Mrs. D. J. Salls, in the chair. Mrs. Salls, in her address to the members, spoke very feelingly of the loss to the club of its lady president, the late Mrs. H. D. Bayne. Much of the success of the club was due to her efforts, but, although feeling her loss keenly, the executive had carried on with their utmost ability for the welfare of the club.

The reports of the various officers were read and approved. Mrs. Briggs, the treasurer, reported a most successful year in a financial way.

Mrs. Lloyd McKee, the golf captain, was not as enthusiastic over the ladies' golf efforts as formerly, but suggested that the lack of enthusiasm was no doubt due to the lateness of the opening of the season. The prizes were presented by Mrs. Salls. The prize list was as follows:

Club championship, won by Mrs. R. H. Stinson, silver cup, given by the Country Club; runner-up, Miss A. Bradford, a cup, given by Mrs. F. A. Briggs; handicap, won by Mrs. R. H. Stinson, a cup, given by ladies' committee; runner-up, Mrs. K. B. Jenckes, cup, given by ladies' committee.

One club competition, won by Miss Mary White, a purse, given by Mrs. F. A. Baldwin.

Tombstone competition, won by Mrs. Stinson, silver bon-bon dishes, donated by Mrs. L. McKee.

Approaching and putting, class A, won by Miss E. Bradford, golf club, given by Mrs. J. S. Mitchell.

Approaching and putting, class B, won by Mrs. R. G. Costley, golf club, given by Mrs. J. S. Mitchell.

Driving competition, class A, won by Mrs. K. B. Jenckes, silver bread tray, given by Mr. D. J. Salls.

Driving, class B, won by Mrs. L. A. Darcy, bread tray, by Mr. Salls.

Ringer competition, class A, won by Miss Grace Channell, silver cup, given by the match committee.

Ringer, class B, won by Mrs. Philip Robbins, silver cup, by match committee.

Sweepstake for class B, won by Miss A. Walsh, golf balls.

Following the presentation of prizes, a vote of thanks was tendered to the retiring officers. The election of officers for next season

Social And Personal

Mrs. L. A. Bayley and Mr. and Mrs. Allan Bayley have returned from a motor trip to Boston, Mass.

Mrs. T. E. Bishop, of Northampton, Mass., has been visiting Mrs. MacAulay, Frontenac Street.

Mr. and Mrs. E. G. Graves, Portland Avenue, left yesterday for New York to spend a few days.

Mrs. J. A. Milne, Mrs. Burns McKenzie and Mrs. Alex Kinnear, of Toronto, who have been the guest of Mr. and Mrs. David Wilson, Victoria Street, left this morning for their home, going by way of New York.

On Tuesday evening last the Young Women's Missionary Auxiliary of Trinity United Church was entertained by Miss Doris Smith at a salad supper. Following the business discussion, a very interesting address was delivered to the members of the society by Miss Mitchell, travelling secretary of the W.M.S.

The regular meeting of St. Andrew's C.G.I.T. was held yesterday in the church hall with an exceptionally good attendance. After the usual opening exercises, songs and yells were practiced for the coming rally. Following the usual group meetings, Miss Van Roden led the girls in games, which were enjoyed by all. The meeting was brought to a close by the singing of Taps.

The opening meeting of St. Peter's A. Y. P. A. was held on Tuesday evening in the Church Hall. The meeting opened with a hymn and prayer, after which the Rev. Mr. Ryott concluded the installation ceremony. After the officers were installed, the president, Mr. Lawrence Joiner, took charge of the meeting and several business matters were discussed. It was decided to have a corn roast next Tuesday, October 9th, and all members and their friends were invited to attend. The remainder of the evening was spent in games, after which refreshments were served.

then took place.

Mrs. D. J. Salls was unanimously elected president, and Mrs. F. A. Briggs was re-elected treasurer.

The new officers are as follows: President—Mrs. D. J. Salls.

Vice-President—Mrs. H. B. Fletcher.

Secretary—Miss Mary White.

Treasurer—Mrs. F. A. Briggs.

Social Conventor—Mrs. J. K. Edwards.

Members of the Executive—Mrs. Bertrand and Mrs. J. Hovey.

Golf Captain—Mrs. K. B. Jenckes.

Sub-Captain—Miss E. Bradford.

Golf Committee—Mrs. R. H. Stinson, Miss Ruby Hunt and Miss A. Walsh.

Miss Haight and Miss Alice Wilson acted as scrutineers for the election.

Mrs. Harley and Mrs. Quinn, of Windsor Mills, were in town yesterday attending the annual meeting of the ladies' branch of the Country Club.

The ladies of the Library Committee held a meeting on Tuesday afternoon in the library, with quite a number of their members present. As the library is greatly in need of funds, it was decided to hold a large bridge in the Masonic Hall on October 16. Mrs. Leonard and Mrs. E. M. Adams are in charge of the arrangements.

St. Peter's Guild held their regular meeting yesterday afternoon in the church hall, with the president, Mrs. Walter Kinkaid, in the chair. Preparations were continued for the Christmas sale at the ten hour the hostesses were Mrs. W. H. Fuller, Mrs. Stenning and Mrs. W. Byham. A large bowl of American Beauty roses centred the table and vases of marigolds were on the small tables at which tea was served. Mrs. F. J. McKenna poured tea and Mrs. W. Kinkaid received the guests.

The regular meeting of St. Andrew's Auxiliary was held yesterday afternoon in the church hall, with the president, Mrs. R. Giff, presiding. During the business hour final arrangements were made for the chicken pie supper to be held on October 16th and also for the bazaar, which is to take place this month. The hostesses were Mrs. L. L. Leslie and Mrs. W. Spolander, assisted by Mrs. Roy Young and Mrs. W. Sawyer. Tea was poured by Mrs. J. Sawyer. The tables were decorated with Easter lilies and hydrangeas.

SEPTEMBER A QUIET MONTH FOR POLICE

Activities Were Not as Brisk as Is Usually Case With September—Exhibition Coming in August—This Year Is Given as Part Reason.

Generally speaking the past month of September was not quite as active as is usually the case for September with the police and fire departments, the reason being perhaps that in September the Sherbrooke Exhibition somewhat increases the activities of the officers, whereas this year the Fair was over before September.

The books of the department, however, for the past month show that the month's activities included: three coroner's inquests, 19 fire calls, five ambulance calls, eighty-six police calls, and fifty-five arrests. There

FUNERAL OF LATE J. R. DUNSMORE.

The funeral of the late John Ritchie Dunsmore, which took place Saturday afternoon from the Sherbrooke Undertaking Parlors, was attended by a large number of relatives and friends who wished to show their respect for the departed. Rev. Dr. Read officiated and a quartette from the choir of Plymouth United Church sang the hymns "Abide With Me" and "Jesus Lover of My Soul".

The bearers were Messrs. George McMillan, J. Strickland, P. Dunsmore, Arthur Langlois, Lawrence Joiner and J. D. Dunsmore.

The late John Dunsmore was the son of Mr. and Mrs. Charles Dunsmore, of London street, and was in his nineteenth year. Although in poor health for the past two years, his death was unexpected and was a shock to his family. He leaves to mourn his death besides his parents, a sister and brother and many friends and relatives. The floral offerings were beautiful including wreaths from the L. O. L. Lodge, Fairbanks Athletic Club, Fairbanks, Sergeants' Mess, 1st Sherbrooke Regiment; sprays, Princess Rebekah Lodge, Plymouth United Church Sunday School and many other sprays from relatives and friends.

Y'S MEN'S CORN BOIL

Last night one of the outstanding social events of the Y's Men's Group was carried through at Beaumont Inn, when the local Y's Men entertained the Y's Menettes at a corn boil. Special arrangements had been made with the Street Railway Company, and one of the Lennoxville cars was at Ansell's Corner at 7:40 p.m., which was packed with Y's Men and Y's Menettes, also a number of motor cars that were brought into requisition. Arriving at Beaumont Inn, the party spent the evening in games of different kinds, the publishing of a newspaper being entered into most heartily, when four newspapers were edited. These were afterwards read to the members of the party and this feature provided one of the most amusing and interesting hours that the Y's Men and their friends have spent.

After the reading of the newspapers the members of the party were given refreshments by Mrs. Jones. Then followed some more games and the party returned to the city on a special car at midnight. Votes of thanks were accorded the members of the programme committee who had been responsible for the splendid night of entertainment, and to Mrs. Jones for all her efforts to make the evening the success it was.

were also twenty-six cases of protection; store doors found open after closing hours on twenty-one occasions; goods found exposed on five occasions; ninety street lights found not burning; fourteen dangerous places reported; two stray animals restored to their owners; twenty-two loads of wood delivered to the poor, and 1,329 loads weighed on the public scales.

Fines collected during the month totaled \$168, while the public scales realized \$132.20 and \$54 for rentals.

FINE LIBRARY IS PRESENTED TO BISHOP'S

Collection of Over Three Thousand Volumes Given Divinity Faculty Under Will of Late Rev. F. H. Lloyd.

Through the generosity of the late Rev. F. H. Lloyd, M.A., sometime rector of St. Michael's, Wigan, and Canon of Liverpool, a valuable library of upwards of three thousand volumes have been presented to the divinity faculty of the University of Bishop's College and is now being installed in the divinity house. Under the will of Canon Lloyd, who died on July 1st, his library was given to any institution where it would be useful and where there would be assurance of its being kept intact. Through the efforts of the Rev. Philip Carrington, Dean of Divinity at Bishop's, who was in England at the time, the bequest was secured for Lennoxville and one of the rooms on the ground floor of the divinity house is now being transformed into what will be known as "The Lloyd Library" and which will serve as reading room for the professors and students of the theological faculty.

Of the donor of the library which now comes into the possession of Bishop's University, the London Times records that "he was a clergyman of a type almost extinct in these years. He looked for his standard of life and worship to the first leaders of the tractarian movement. Born in a Lincolnshire parsonage he went up to Keble College, Oxford, where he took a second class in both moderations and lit. Hum. He was ordained to a title at Wigan Parish Church, and after thirteen years' ministry there was transferred to the vicarage of St. Michael's, which he held for the remainder of his life. Besides being a scholar of note, Canon Lloyd was an authority on bell ringing in Lancashire and was also an accomplished pianist. He was made an honorary canon of Liverpool Cathedral in 1922."

MARRIAGES

ODELL—HATCHER

The marriage of Irena Gregelcan, only daughter of Mr. and Mrs. A. W. Hatcher, to Mr. Roderick Odell, youngest son of the late Mr. F. W. Odell and Mrs. Odell, took place at St. Peter's Church, Sherbrooke, at 2 p.m., on September 26th, Rev. Canon H. R. Bigg officiating.

The bride, who was unattended, wore Queen blue georgette with touches of silver and silver slippers. She wore a large picture hat to match her gown and a grey fur, the gift of the groom. She carried pink roses and lilies-of-the-valley, tied with blue satin streamers.

Following the ceremony a reception was held at the home of the bride's parents, Mount Pleasant street. Mrs. Hatcher, mother of the bride, who received the guests, wore beige silk lace over satin of the same shade, and slippers to match. She was assisted by Miss Emily Odell, sister of the groom, who wore navy blue and grey tail crepe. A buffet luncheon was served, the decorations being carried out in blue and white, with the wedding cake centering the table.

Mr. and Mrs. Odell left for a short honeymoon, the bride travelling in a gown of true blue georgette, with coat of the same shade with beige fur cuffs and a beige hat and shoes.

SIROIS—BROUILLARD.

COWANSVILLE, Que., Sept. 28—

On Tuesday, September 18th, Miss Maria Brouillard, eldest daughter of Mr. and Mrs. Brouillard, was united in matrimony with Mr. Wilfred Sirois in the church of St. Thérèse, Father Davignon officiating. The bride was becomingly gowned in embroidered powder blue georgette, with hat and accessories to match. After the ceremony breakfast was served at the home of the bride's parents to about seventy-five guests. A reception and dance was held in the evening.

The fellow employees of Mr. Sirois in the W. F. Vias Co., presented him with a clock and bread plate mounted in silver and a bread knife. The bride received many beautiful presents.

DUNAWAY—FULTON

WEST SHEFFORD, Oct. 3—

Miss Ruth G. Fulton, daughter of Mr. and Mrs. James Fulton, of South Main Street, became the bride of Carl S. Dunaway, of Springfield, on Saturday in the Congregational parsonage. The ceremony was performed by Rev. H. Burdon. The couple were attended by Mr. and Mrs. Fred Slate, brother-in-law and sister of the bride.

The bride was gowned in navy blue transparent velvet with hat to harmonize. Her attendant wore a gown of light green canton crepe with hat to harmonize.

The bride is a graduate of Harwick High School class of 1924 and was also a graduate of Bay Path Institute class of 1926. The groom is a native of Springfield and is employed by the Bosch Machine Tool

FRENCH PLAY LAST EVENING MUCH ENJOYED

Company of "Le Theatre de la Porte St. Martin," of France, Offered "Chantecler," Which Proved Very Popular With Large Audience—"Le Cid" This Evening.

French-speaking citizens of Sherbrooke were afforded an exceptional treat at His Majesty's Theatre last evening when the famous French company of "Le Theatre de la Porte St. Martin," of Paris, France, opened their two days' engagement here with the presenting of "Chantecler," the work of Edmond Rostand.

Last night's offering was in every way most delightful, and the large number which filled the theatre were certainly very appreciative. "Chantecler" is something entirely new for Sherbrooke theatre-goers, whether in French or English productions. The costumes were beautiful and exceptionally novel, each character of the cast taking the part of an animal and wearing suitable costumes.

The play was divided into four acts, while the cast numbered about thirty persons. The principal characters were Mr. Romuald Joubé, as Chantecler, and Moss Germaine Rouer as La Faisane. Each member of the cast did wonderful work in his or her part. After viewing last night's play it was not surprising that the company met with such success and approval in Quebec City and Three Rivers, where they played to record attendances and won unanimous approval.

This evening the company will present "Le Cid" as their closing offering, while at the matinee this afternoon "Primrose" was given.

Co. in that city.

After a brief honeymoon the couple will reside at 9 Thomas Street, Springfield.

DUHAMEL—VINCENT.

COWANSVILLE, Que., Sept. 28—

A very pretty wedding took place in the Church of St. Thérèse on Monday, September 17th, when Miss Jeanne Vincent, youngest daughter of Mr. and Mrs. Vincent, was united in marriage with Mr. Duhamel, of this place. High Mass was celebrated by Father Davignon, and special vocal selections were rendered by relatives of the bride.

The church was beautifully decorated with cut flowers and potted plants.

The bride wore a gown of shell pink facing and a brown fur cape. She carried a bouquet of pink roses.

After the ceremony a wedding breakfast was served to seventy-five guests. Later Mr. and Mrs. Duhamel left for a honeymoon trip, and on their return will reside here. The bride was the recipient of many beautiful gifts.

KEEN RACE FOR FIRST PLACE IN EGG CONTEST

Pen of Barred Rocks Entered by Lennoxville Experimental Farm Is Leading, With Entry Made by Mr. H. R. Drew, of North Hatley, Second—Pen Entered by Rosemary Poultry Farm Had Highest Individual Honor Last Week.

The pens of barred rocks entered by the Lennoxville Experimental Station and Mr. H. R. Drew, of North Hatley, are still running neck to neck for first place honors in the egg contest which is being conducted at the Lennoxville Experimental Station. The Lennoxville pen, however, is still leading, having a total of 2,208.9 points, while the North Hatley pen has 2,208.3 points.

Frost Village came into prominence during the past week, when the pen of barred rocks entered by the Rosemary Poultry Farm, of that place, took the honors for the largest individual honors, producing forty-two eggs.

The contest has now completed forty-eight of its fifty-two weeks, and during that time a total of 35,713 eggs have been produced by the nineteen pens entered. The total production for the past week was 485 eggs.

The following is the standing of the pens:

MATTERS OF IMPORTANCE

It is interesting to note that the Council has not entirely forgotten the civic hospital and incinerator needs of city though the progress towards solution of the problem is still very slow and indefinite.

The civic hospital situation as it exists at present is intolerable and presents a gloomy outlook for those who are unfortunate enough to be sent to this institution during the coming winter. The present open air system of burning waste has long been a nuisance in the locality where this work is carried on.

The Council should take these matters a little more seriously than they are doing.

DRIFT TOWARDS DEMOCRATS

The Literary Digest presidential poll is already revealing some interesting things. In the last issue there were reported 198,292 votes for Hoover and 92,855 votes for Smith. But, the ballots showed that of those voting for Hoover, 23,921 voted Democratic in the last election, while 38,817 of Smith's votes, or over 40 per cent. voted Republican in 1924.

This reveals such a decided drift towards the Smith column as to be significant and giving encouragement to the Smith forces.

In the case of both the candidates it shows that there will be a good deal of changing of politics this year. The issues are such as split the parties.

As regards the general results, odds seem to be still heavily in favor of Hoover. Some one has stated that there are three reasons why Smith cannot be elected president of the United States, viz., 1 His wet plank, 2 His Tammany connection, 3 His religion. No doubt all these factors will figure on election day and we would expect the first mentioned to have the greatest bearing while the last should not enter into the matter at all, in this day and generation though reports indicate that it will to some extent.

PRESIDENT CALLES

President Calles, of Mexico, not only does not "choose" to continue in the presidency of the country, but he is much clearer and more emphatic in his statement than President Coolidge in his famous renunciation.

I make this statement on my word of honor to the national Congress, to the country, and to the family of civilized nations. Let me say beforehand, however, that at perhaps no other time have circumstances placed the head of the nation in a more propitious atmosphere to return to the nation in office of one man. Suggestions and promises have been made to me and even a certain measure of pressure exerted, all of it disguised under the aspects of considerations of patriotism and the good of the country, for my continuing in power.

But I must say that not only because of the moral principles involved and my personal political beliefs, but also because of the need which I consider categorically final to pass from the system of a more or less disguised 'government of Caudillos' (military dictatorship) to a clean one, 'government of institutions', I have decided to declare in solemnity and with such clearness that my words may not be misinterpreted, that I shall not seek the prolongation of my term, either by accepting a prorogation of office or by accepting the appointment of provisional President.

Furthermore, I want to state that neither in the period following the provisional term, nor at any other time shall I aspire to the Presidency of my country. I want to add, even at the risk of overemphasis, that my resolution is not merely a sincere desire and aspiration on my part, but that it constitutes a positive, unchangeable fact that never, for any reason or under any circumstances, shall I return to the Presidency.

Here are some extracts from the recent presidential message of President Calles:

There is no doubt that President Calles could have continued in office, that he might have become dictator. Coming from Mexico, as Mexico is generally understood, a country where people are usually fighting for power, the statement comes as a surprise. The Mexican Republic has had many troubled years. The future is still one of doubt and uncertainty.

FALSE LOGIC

(By Dr. Frank Crane)

"Now," says the trickster, "if the spirits did not help me do that, tell me how it was done."

But because you cannot explain his method is no proof that his aid was supernatural. It is simply proof that he is cleverer than you.

Here is a bottle of Hokus's Universal Ointment. Its advertisement says that it has cured thousands, why not you? The flaw in this is that it has not cured thousands. They got well anyway. Epsom salts is one of the best of medicines. If some quack had discovered it, it would be worth millions.

It is a mistake to suppose that a thing must be black or white. It may be gray.

A man said that he could ask a lawyer a question that could not be answered by yes or no. "What, said the lawyer. The man replied: "Have you stopped beating your wife?"

A doctrine that has impeded progress in many lines has been the doctrine of "either-or." Either this thing is true and the other false or this is false and the other true.

No middle road; no compromise; no conciliation; no possibility to see the mixture of truth and error in both.

A recently published book, called "The Survival Value of Christianity," points out the impeding effect of the either-or attitude in the field of religion.

In 1615 Pope Paul V and the Inquisition maintained that either Galileo's sun-centered astronomy, which taught that the earth moved, was false or else the whole Christian faith was shipwrecked.

His tested ideas were refuted by the argument: "Animals which move have limbs and muscles; the earth has no limbs or muscles, there-

fore it does not move." That settled it. The old astronomer was forced to his knees before the Inquisition to "ad-jure, curse and detest the error and heresy of the movement of the earth."

Yet today when only the most unenlightened ignoramus maintains that the earth stands still, the power of Christianity has been far from abolished.

In 1724 John Hutchinson, a professor at Cambridge, claimed that belief in the Newtonian theory of gravity constituted "infidelity" and that it was a clear case of either Newton's teachings or the Bible.

Yet the law of gravity has been accepted and the influence of the Bible has gone on just the same.

John Wesley is reported as saying: "The giving up of witchcraft is in effect the giving up of the Bible."

Yet no one in his right mind today believes in the existence of witches and the Bible is now more widely read than ever.

In almost every case in the past the two horns of the terrible dilemma of "either-or" have, in the end, been ignored and the new advancement in the understanding of physical laws has been accepted without detriment to religion.

They may have injured individual conceptions of religion, but they have not affected religion itself. The little bayous may have been dried up, but the boundless ocean has remained the same.—Cpt. 1928.

PRESS COMMENT

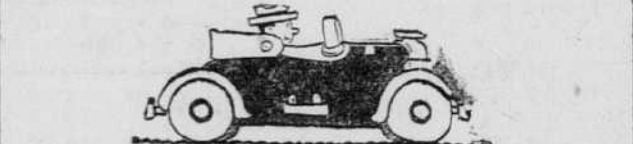

A hick town is a place where nobody ever saw a rich policeman.

An intelligent man is one who can take his Mencken or let it alone.

The candidate who gets the rural vote is the one who promises to make city people behave.

In the old days the ruling class was skilled in law instead of theology.

Yet very fat people would have too much sense to keep shovelling coal under an idle steam boiler.

"Own your own home" was a good slogan. Now what about: "Own your own car."

The choice is simple: You can live in peace and security, or you can refuse to agree with the majority.

Honk, and watch a pedestrian jump. Or, better yet, slip up on a politician and say: "Equalization fee."

What we need is a great magazine filled with articles showing how and why prominent failures got that way.

The truth is, married life is a failure only in localities where all life is a failure.

A successful man's old friends outgrow their envy, but they never entirely get over their astonishment.

None of the crank letters received by public men are written by people who take a bath every day.

Autumn is that delightful season when the leaves and the flagpole sitters come down for the winter.

Speaking of the romantic sex, you never hear of a poor man alienating the affections of a rich old guy's petted sweetie.

Correct this sentence: "The strange woman looked at him several times," said the gossip, "and he didn't adjust his tie."

DENSITY NOT THE MEASURE.

(Brantford Expositor)

From Ottawa comes the estimate that the population of Canada is now 9,658,000, or an increase of 139,000 over last year. The total is not large, but then prosperity cannot be measured by density of people. If it could, India and China would be the most prosperous lands of the world.

CONSERVING OIL.

(Christian Science Monitor)

A meeting of wide importance to the petroleum industry was held recently at Achnacarry Castle, Scotland. At least such was the impression given by Walter C. Teagle, president of the Standard Oil Company of New Jersey, when he returned to New York after attending the conference. Among others at the Scottish meeting were Sir Henry Deterding, managing director of the Royal Dutch-Shell group; Sir John Cadman, head of the British Government-controlled Anglo-Persian Oil Company, and some United States congressmen. Mr. Teagle, while it was declared that no practical solution of the many problems involved had been reached, it is understood that the heads of the various oil companies did come to a better understanding than heretofore of the necessities of curtailing the production of crude oil throughout the world.

The foreign interests, apparently, are in sympathy with the efforts made in the Seminole field in the United States to stop overproduction. Similar efforts are said to have been made by others to curtail production by voluntary accord. While no official acknowledgment was made of the fact, the inference drawn from the conferences was that some informal plan had been arrived at for the curtailment of production in Venezuela. That country now ranks second, the United States leading, in the world production of petroleum, and operations there are in the hands of but a few oil interests, thus making co-ordinate action much easier.

Difficulties to be overcome, if curtailment is to be attempted, have not been minimized, for no curtailment of production is possible unless the whole world joins in the movement. This means that the Russian fields and those in the Near East must co-operate with the companies operating in the United States and in Latin America if any tangible results are to be obtained. The problem is a much larger one than any single company unassisted, or even one country alone, is able to solve.

GENERAL NEWS OF SWEETSBURG AND DISTRICT

Mr. and Mrs. W. F. Lee Had Narrow Escape from Serious Auto Accident.

SWEETSBURG, Que., Oct. 4.—While Mr. and Mrs. W. F. Lee and family were motoring to Sheldon, Vt., one day recently to visit Mrs. Lee's brother, Mr. James Bryce, and family, they were fortunate enough to escape what might have proved a serious accident. After passing over the steep ascents of Freighsburg safely and driving along on the international highway, the steering wheel of the car gave away, but Mr. Lee was able to bring the car to a standstill before it overturned. He then hired a car to convey Mrs. Lee and children to their destination while his car was being repaired and in the evening he continued his journey to Sheldon and brought the family home to Sweetburg.

Mr. and Mrs. John McCabe, Mrs. Olive McCabe, Mrs. C. B. Jameson and Mrs. A. G. Macfarlane, of Epping, N.H., motored to Freighsburg on Monday evening to attend a special meeting of the O.E.S. Mr. J. H. Carlin arrived on Monday evening to visit friends here, her former home. She is stopping at present at the home of her friend, Mrs. Jas. Robinson, after being a guest of Mr. and Mrs. French in Farnham since leaving her home in Montreal to spend a vacation.

Mrs. Gault Lomas spent a day this week in Montreal. Miss Anne Marie De Guire has returned home after spending a vacation of two weeks very pleasantly with friends in Montreal.

Tonsillitis and la grippe are very prevalent here. Mr. and Mrs. L. A. Giroux recently motored to Lake George, N.Y., accompanied by Mrs. Gleason and Miss B. MacMillan, R.N., who then continued their homeward journey.

Mrs. R. D. Wells and her daughters, Mesdames H. L. Jones and A. G. Macfarlane, entertained the regular meeting of the Parish Guild with an attendance of about twenty-five members and visitors on Tuesday afternoon. The usual devotional period was conducted by the president, Mrs. Jameson, after which several items of business were transacted. The work committee distributed a few articles of fancy work among the ladies, after which a social hour was spent and dainty refreshments were served by the hostesses, assisted by Miss M. Phelps.

Madame F. X. A. Giroux has returned from a Sherbrooke hospital much improved in health.

Mrs. C. O. Robb has returned to her home here after spending the summer with relatives in East Farnham, Knowlton and other places.

Miss Gula Taylor has received another bonus from the Department of Public Instruction for successful teaching. The report given in April of a \$100 bonus being received was incorrect. Instead the amount was given as an encouragement for teaching in rural schools, the executive of Macdonald College having been instructed in the distribution of same.

Mr. and Mrs. Perrault, who have occupied the residence of Mrs. C. O. Robb during the summer months, have removed their household effects to the residence owned by Miss M. M. Thompson, of Drummondville.

Mr. and Mrs. Wm. Cleveland, of East Farnham, are occupying part of Mrs. C. O. Robb's house for the winter.

Miss Edith Taylor, of Montreal, and Mr. Theo. Perron, of Douglasburg, Que., have been guests of Mr. L. A. Perron and family.

Mr. Harold Rogers, of the Centre Road, left for Montreal on Monday morning, where he will enter a business college.

Mr. and Mrs. Alexander Aird, of Montreal, who had been guests of Mr. and Mrs. J. E. Palmer at East Angus, were accompanied on their return home by Mrs. Palmer and all were guests of Mr. and Mrs. Adelard Senay while motoring to the city.

Service in Christ Church on Sunday, October 7th, will be at 2.30 o'clock p.m. Sunday school at 1.45 p.m.

Rev. A. F. Love preached in the Anglican Church at Waterloo last Sunday.

IN MEMORIAM

SAMUEL FOOTE MOREY

Died Oct. 4th, 1928.

A late lark twitters from the quiet skies,

And from the west, Where the sun, his day's work ended,

Lingers as in content, There falls on the old, gray city

An influence luminous and serene, A shining peace.

The smoke ascends In a rosy-and-golden haze. The spires

Shine and are changed. In the valley Shadows rise. The lark sings on.

The sun, Closing his benediction, Sinks, and the darkening air

Thrills with a sense of the triumphing night—

Night with her train of stars And her great gift of sleep.

So be my passing! My task accomplished and the long day done,

My wages taken, and in my heart Some late lark singing.

Let me be gathered to the quiet west, The sundown splendid and serene, Death.

"SALADA" TEA

What Mrs. Harris said to Betsy Now it can be told!

Betsy: . . . Which all goes to show that a woman is foolish to give up a good position when she marries.

Mrs. Harris: Ah, no, it doesn't, my dear. One job at a time is all that any woman can handle, and Helen was an excellent home-maker.

Betsy: That's all very well, Mrs. Harris, but look at her now. Tom's death leaves her with almost nothing. Her stenography is rusty, and to make matters worse, she has the children to educate.

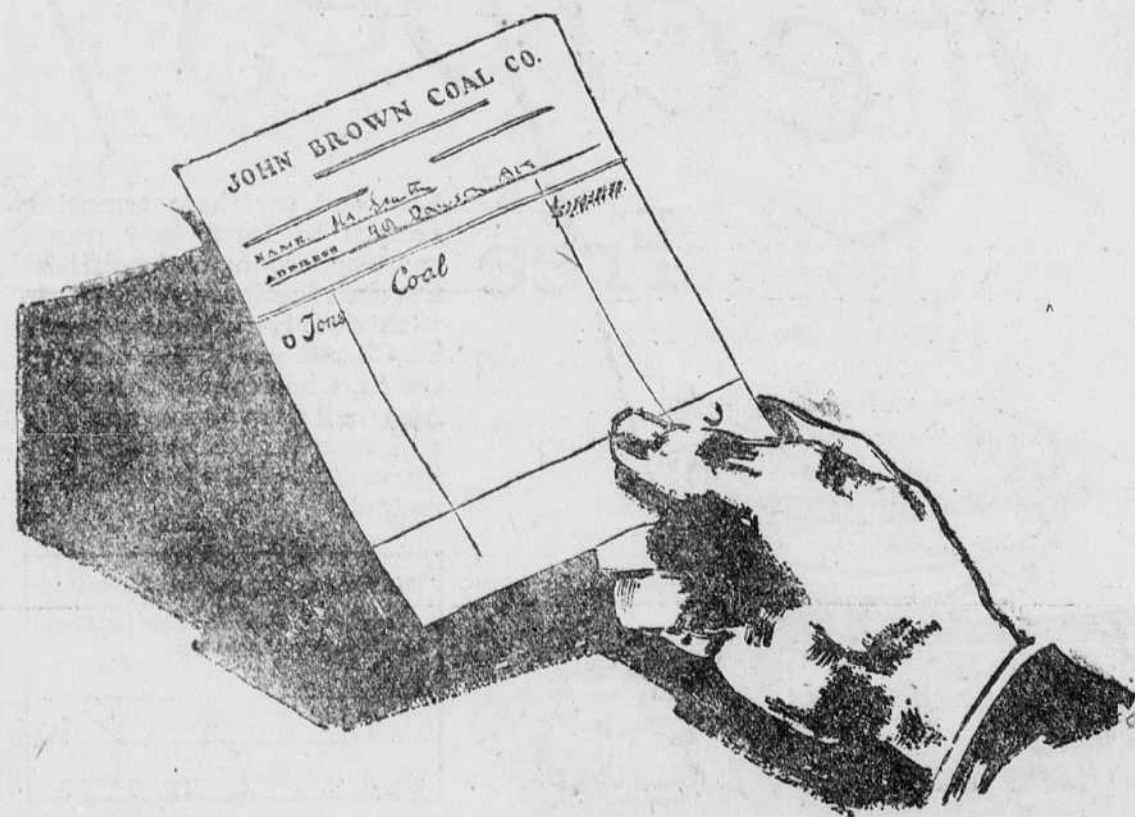

Mrs. Harris: True, but Tom refused to insure his life. You can't excuse Tom, Betsy. He could easily have left her a guaranteed income for life and he didn't. He bought insurance on his car and denied the same protection to his wife.

"A Cheque in the Mail" is the title of an illustrated pamphlet which tells how you can provide a guaranteed income for life, for your wife or other beneficiary. It will be freely sent on request.

WATERVILLE

The Waterville Brotherhood will resume their meetings on Monday evening, October 8th, at 7 p.m. As this will be the last meeting at which the Hon. President, Rev. A. F. Pollock will be present, it is hoped there will be a large attendance.

The Ladies' Aid of the United Church was delightfully entertained last Wednesday afternoon by Mrs. Richard Smith and Mrs. Jackson Mason at the home of Mrs. Smith. There was a record attendance at this, the second meeting of the Aid since the summer adjournment, over sixty members and guests being present. An expression of appreciation, sent by the president, was given Mrs. A. F. Pollock, who leaves Waterville very soon for her new home in Ormstown. At the tea hour refreshments were served by the hostesses.

Sunday School Rally Day for the United Church will be held on Sunday afternoon, October 7th, at 2.30 p.m. A special programme will be given and all friends interested in the Sunday School are cordially invited to attend.

On Wednesday evening, September 26th, Miss Evelyn Mitchell, field secretary of the Dominion Board of the Women's Missionary Society of the United Church of Canada, gave a splendid address in the church parlor of the local United Church. It was indeed a privilege for those who attended to listen to this educative and inspiring talk on the progress being made in the various mission fields, especially dealing with the work of the W. M. S. in the Dominion as well as in India, Japan, Africa and China. Miss Mitchell gave several instances of devotion on the part of the missionaries, as well as self-sacrifice, and made an effective appeal to those who are more fortunate than those among whom the missionaries are working. Rev. A. F. Pollock, B.D., acted as chairman for the occasion and spoke a few words of appreciation on behalf of the local W. M. S. under whose auspices Miss Mitchell visited here. Miss Mitchell, during her stay in town was the guest of Mr. and Mrs. Walter Snow.

FAREWELL FOR DR. JOHNSTON AT RICHMOND

Presentation to Prominent Richmond Physician Who Is Leaving Shortly for Trip Around World—Several Addresses—Personals and Other Notes from District.

RICHMOND, Que., Oct. 4.—On Monday, October 1st, a number of the friends of Dr. R. DeL. Johnston met in the Parish Hall of St. Anne's Church, Richmond, in a farewell gesture to Dr. Johnston, who has given up his practice in Richmond and vicinity after twenty-nine years of administering to the bodily ills of the community. Rev. H. O. N. Belford read the farewell address and on behalf of his many friends in Richmond, Melbourn and surrounding towns presented Dr. Johnston with a Waltham gold watch, a pair of field glasses and a aeronoid.

Mr. P. C. Duboyce also addressed the gathering, paying tribute to the self sacrifice and devotion to duty which Dr. Johnston has displayed during his period of practice in this town and expressed the regrets of all on losing him.

Dr. Johnston also received a large cake bearing the following inscription "Ta Dr. Johnston. Wishing Him Bon Voyage From Many Friends." The guest of honor appeared quite touched with the expressions of good will and responded in a fitting manner.

The hall was very tastefully decorated with flowers of the season and the well representative gathering were present to do honor to the doctor who for so long a time has so successfully filled his position in the community's life.

Dr. Johnston has declared for himself a well earned vacation which will include a trip around the world starting in the early part of December, but he has expressed the wish that he may be able to renew old friendships and acquaintances throughout the forthcoming years.

KNOWLTON

Chicken pie supper at Shell's Tea Room, Saturday evening, Oct. 6th, at 8 o'clock. Price 50c.

A very bright and helpful service in which the young people entirely participated was held in the United Church on the evening of Sunday, September 30. The morning service, according to announcement, was the regular rally service of the Sunday School, and was in charge of the superintendent, Mr. L. M. Knowlton, assisted by Rev. E. M. Taylor who gave an address quite suited to the occasion.

The children of the school read the responses, the congregation joining in the readings, all entering heartily into the singing of the hymns. In the evening a service suited to the theme of the day was held, and the programme followed was along the line of rally subject, the young people of the church participating.

Various passages of Scripture were read, or recited from memory, by Ernest Badger, Catherine Soles, Iris Fuller and Miss Jessie Soles, each passage being an interpretation of the theme of the hour. Miss Ruth Prouty gave in fine spirit an interpretation of Isaiah 35, the rendering of the beautiful prophecy from memory taking the place of the usual lesson.

Two papers on the subject of the evening were given by Miss Olive Wheeler and Gordon Badger, the one entitled "The Peacemaker," the other, "Peace and War." Both papers were well given and listened to with attentive interest by the congregation. A very delightful feature of the evening was a little candle song entitled: "Jesus bids us shine," by two little girls, Mildred Crandall and Ruby Harden. For this song the church was darkened and the pantomime interpretation of the words was very beautifully and effectively given, the sweet, pure voices of childhood sounding clearly in the sweet strains of the lyrical setting of the words. An anthem by the young people's choir: "Be Not Discouraged," was sung with real expression, the Misses Rhoda and Edith Wheeler taking the solo.

WHO IS TO BE HERO OF 1928 WORLD SERIES?

Will One of Stars of Other Years Repeat, or Will Some Obscure Performer Leap into Glare With Great Catch, Home Run, Daring Play or Startling Pitching Feature?

(Associated Press Despatch)
NEW YORK, Oct. 4.—No world's series is complete without its hero—or its goat. The wreath of wild razzberries is bestowed, a glance over baseball's main chapters reveals, as impartially as the crown of laurel.

Seldom has a world's series offered as much opportunity for heroic stuff, as much chance for the lowly sub, against veteran or ambitious youngster to jump into the spotlight as does the current tussle between the Yanks and Cards. Will one of the stars of other years repeat, or will some obscure performer leap into the glare with a great catch, home run, daring play or startling pitching feature?

Babe Ruth can testify as to how it feels to have been the goat or a hero. The Bambino was a "bust" in 1922 when his batting mark fell to a miserable .118, but four years later, in St. Louis, the big fellow was acclaimed as he seldom has ever been when he laced out three home runs in one afternoon in the enemy stronghold.

Mark Koenig, in a much shorter career, has also known the two extremes. The sturdy Yankee shortstop, then in his first major league year, contributed the error that started the Cards on their winning rally in the final game of the 1926 series. But last year in the Yankee clean sweep over the Pirates, Mark was the outstanding star, leading the regulars of both clubs at bat and shining afield.

Old Pete Alexander, forty-one-year-old pitcher, probably would

not make a Greek statue envious, but the veteran was cast in heroic mould in the great Cardinal victory two years ago. Two years have exacted some toll from this remarkable Nebraskan, but he is still one of the greatest "money pitchers" of the game and may still have the Indian sign on the Yanks.

Hoyle Ready to Shoulder Main Burden for Yanks
Much younger in years, but a veteran of five world's series, Waite Hoyt, Yankee twirling ace, has known the glamour of being proclaimed a world's series hero. The Brooklyn undertaker pitched sensational ball against the Giants in the 1921 series, the first the Yanks participated in, and he is ready to shoulder the main burden again for the house of Huggins.

While these few erstwhile inmates of the hall of fame will be knocking at the door again on the pedestal, there's many a slip on the way up, as John Miljus found out last year by tossing a wild pitch and losing the final game when it looked as though he would complete a heroic pitching stand. For the Cardinal clan there will be the picturesque Rabbit Maranville, back in the world series four years after he helped the Braves upset the Athletics. It would be a dramatic touch for the Rabbit to come through. If not, there's Frankie Frisch, capable of super-stuff around second base, or Jim Bottomley and Chick Hefey, the big guns at bat.

There will be a chance among the Yanks for Cedric Durst or Ben Paschal to show their calibre as replacements for the injured Earl Combs in centre or for old Tom Zachary and young Henry Johnson to demonstrate their pitching stuff, should Hoyt or Phipps, the mainstays, fail.

Heroes of Past Ten Years

Here are a few of the world's series heroes of the past ten years, additions to a previous roll that includes Mathewson, Coombs, Baker and Gowdy:

1918—George Whitman, outfielder, Boston Red Sox.
1919—Dickie Kerr, pitcher, Chicago White Sox.

1920—Stanley Coveleskie, pitcher, Cleveland Indians.

1921—Waite Hoyt, pitcher, New York Yanks, and Johnny Rawlings,

infielder, New York Giants.
1922—Heinie Groh, third baseman, New York Giants.
1923—Herb Pennock, pitcher, Yanks, and Casey Stengel, outfielder, Giants.

1924—Bucky Harris, second baseman, and Walter Johnson, pitcher, Washington Senators.
1925—Kiki Cuyler, outfielder, Pittsburgh Pirates.

1926—Grover Alexander, pitcher, and Tommy Thevenow, shortstop, Cards; Babe Ruth, Yanks.
1927—Mark Koenig, shortstop, Yanks.

JOE WRIGHT HONORED

(Canadian Press Despatch)
TORONTO, Ont., Oct. 4.—Joe Wright, Jr., winner of the Diamond Sculls, 1928, was tendered a banquet last night by the members of the Argonaut Rowing Club. Members of the eight-oared crew which made such a creditable showing at the Olympic games were also honored at the function, along with Jack Guest, partner of Wright in the "doubles" at Amsterdam.

Wright was presented with an exact replica of the Diamond Sculls and a life membership in the club, while the others were given gold medals.

FINE WEATHER PROMISED FOR TODAY'S GAME

Neither of Rival Managers Had Any Deviation to Announce from Plans Made Yesterday, Although Both Attempted to Be Evasive Regarding Pitching Selections.

(Associated Press Despatch)
NEW YORK, Oct. 4.—For once in its baseball life, New York became a "home team" town today as the ennobled Yankees plugged crevices in their Harlem river citadel against an expected onslaught by the St. Louis Cardinals. Father Knickerbocker was in the first stage of his fifteenth modern world series, but it might well have been mistaken for his first, with seventy-five thousand fans marching upon the Ruppert Stadium eager to yell the home forces on to victory.

A promise of Indian Summer sunshine fired the baseball spirit as it had not been fired for years past in this vicinity. The ominous shadow of Wee Willie Sherdel, he of the left-handed magic, remained across the path of the Yanks, but New York fans were willing to string along with Waite Hoyt and the sort of fight with which the Huggins pulled themselves along to the American League pennant by their very boot straps.

The Cardinals still were favored to take the series, but they had spread over the top of the gay capers Yankee crumples cut at the stadium yesterday when the sunshine finally appeared and really gave them a chance. Earl Combs was definitely out of the fight, with Benny Paschal and Cedric Durst scheduled to alternate in his place, but the other Yankee crumples were up and about and the Babe was almost playful.

Limitations of standing room promised to hold the crowd about 10,000 short of the record assemblage of the eight-oared crew which made such a creditable showing at the Olympic games were also honored at the function, along with Jack Guest, partner of Wright in the "doubles" at Amsterdam.

Wright was presented with an exact replica of the Diamond Sculls and a life membership in the club, while the others were given gold medals.

Several Kept All-night Vigil
The earliest comers in the lines about the stadium took their places almost twenty-four hours ago, but fans in bulk showed a disinclination to keep an all-night vigil for unreserved seats. The New York bleacher patron has learned that an early start to the stadium on the day of a game will place him among the 20,000 "fortunates" who see a world series for \$1.

The 20,000 more choice \$3 seats in unreserved sections of the grand stand always are sold out much more quickly than the bleachers, and it was around the 31 entrances that the greater number of early comers congregated today before time for the gates to open.

The vicinity of the stadium was patrolled through the night by reserves from one Bronx precinct, and these officers had little to do but chat with the fans in the moonlight. At daybreak one troop of mounted officers and some three hundred reserves relieved the night watchers, and made ready to usher the fans through the gates.

Jack Taylor, 74-year-old Texan, again had the honor of being the first in line for the bleacher tickets. Neither of the rival managers had any deviation to announce from plans made yesterday, although both McKeechie and Huggins attempted to be evasive regarding pitching selections. Hoyt and Sherdel were unanimously chosen by the grand stand managers, and this fixed the batting order of the contenders.

The Yanks have two positions—third base and centre field—where the performer will be governed by the rival pitching. Against the southpaw Sherdel, Paschal will play centre and Dugan third. Durst will relieve Paschal and Robertson take Dugan's place when right-handers are in the St. Louis box. For the Cardinals, Harper will have the right field patrol against normal pitching, and Holm will get in against Zachary.

Huggins' Plans
Huggins reaffirmed his intention to lead off with Paschal or Durst, and followed through with the rest of the batting order just as it was at the close of the season, rather than make a shift to promote Koenig to the lead-off post. McKeechie's battle array will preserve the order which clinched the pennant for the Cardinals. Won to the Yanks by their tremendous stand against the Athletics four weeks ago when three out of four were taken by the Huggins from their most dangerous rivals, New York fans have worked up an enthusiasm for the three-time unprecedented in recent baseball history. The game fight of the Huggins through the west in the face of obstacles sealed the case in favor of the home team. This city of almost too many winners more often than not feels disposed to cheer for the opposition, which usually is in the appealing role of the underdog.

The Cardinals will receive their full share of the plaudits, but they no longer will enjoy the sentimental advantage they possessed in 1926 when they emerged from the baseball wilderness for the first time in the history of the National League.

GOLF AS CHAMPIONS PLAY IT

Is it ever correct to use a wood club in a sand trap? Why or why not?

By CYRIL WALKER
Former National Open Champion.

It depends on the nature of the trap. If it's a shallow trap, the ball is lying well and distance is necessary, use a spoon, provided the ball lies far enough from the bank to allow it to rise. This shot can be played very successfully by standing a little further back of the ball and playing it from a point about opposite the left instep. But a shot of this nature requires rather expert treatment and is risky business for the average player. The average golfer is courting trouble when he attempts a sand shot with the wood. Under ordinary circumstances he would do better to use an iron.

AN IMPRESSIVE WIN IS SCORED BY BELANGER

Defeated Marty Gold, of Philadelphia, and Earned Right to Again Meet Flyweight Champion Frankie Genaro.

(Canadian Press Despatch)

TORONTO, Ont., 4.—Albert "Frenchie" Belanger, of Toronto, former flyweight champion of the world as recognized by the National Boxing Association, fought his way to another shot at champion Frankie Genaro's title by a decisive ten round victory over Marty Gold, of Philadelphia, here last night.

Belanger's comeback was no mediocre one. After winning the title from Genaro in a close battle and later being defeated himself by the champion, the title Torontoite appeared to have slipped far back. But his win last night over the Gold by a wide margin boosted his stock for the titular match, which will be held here on October 15.

Belanger showed his superiority over Gold throughout practically the whole fight. The Philadelphia was in distress in the second and third rounds, but hung on gamely, and Belanger failed to follow up his solid blows with a decisive punch.

Gold's over-cautiousness cost him many points. Belanger carried the fight continually, and although the Philadelphia's clever defense made the former champion miss frequently, Belanger landed enough telling blows to pile up points. Gold's wallops were landed cleanly, but they were outnumbered by Belanger's and the Toronto boy had more power behind his drives.

Gold staged a terrific rally in the final round, and in the early part slammed Belanger repeatedly, but the former champion again took the upper hand just before the round closed. Neither man was able to score a knockdown, but Gold came the closest to toppling under Belanger's assault.

Belanger's weight was announced as 111½ and Gold's at 112.

LEWIS SCORED VICTORY
LOS ANGELES, Calif., Oct. 4.—Ed "Strangler" Lewis tossed Joe Malcewicz, of Utica, N. Y., in two successive falls here last night, successfully defending his heavy-weight wrestling title.

RESULTS OF BOUTS LAST NIGHT.

The results of the fights last night are as follows:—
Peoria, Ill.—Les Marriner, Chicago, outpointed George Gemas, Philadelphia, 10 rounds; Herman Clark, Indianapolis, won on a foul from Tommy O'Laughlin, Springfield, Ill., 1 round.

San Francisco, Calif.—Frankie Murray, Philadelphia, outpointed Syd Tormea, Manila, 10 rounds.

ONE OF FINEST DEMONSTRATIONS OF GAMENESS EVER SEEN IN RING.

(Associated Press Despatch)
PEORIA, ILL., Oct. 4.—Les Marriner, sturdy Illinois heavy-weight, has given one of the best demonstrations of gameness ever seen in the ring.

After being floored for a count of nine three times in three rounds in his bout with George Gemas, of Philadelphia, last night, Marriner discovered his right hand had been broken. Refusing to heed suggestions of his seconds that he quit, he fought on with such determination that he won the judges' decision, knocking his opponent down eleven times.

Marriner will be out of the ring for six weeks or more as the result of the injury, his trainer announced.

MANY PLAYERS ARE DRAFTED BY MAJOR LEAGUES

Prospective Return of Several Major League Players to "Big Time" Market Meeting Yesterday.

(Associated Press Despatch)
NEW YORK, Oct. 4.—The prospective return of several major league players to the "big time" market meeting yesterday was the subject of much of the major circuits last night. Lumber Roy, who formerly pitched for Cleveland, Washington and the Chicago Cubs, was claimed from Birmingham, where he won nineteen games and lost five this season by the Phillies.

Pittsburgh picked Earl Sheehey, who played first base for the White Sox for nearly ten years, from Sacramento.

Cincinnati was the big dealer in the draft meeting, claiming four players, the Cleveland Indians did not put in any claims. The complete list follows:

American League
Boston—Infielder Robert Barrett; Buffalo—Jerry Standert, Memphis; Second Baseman Francis Sigafos; Portland—First Baseman Dudley Brannan, Louisville.

Chicago—Infielder John Kerr, Hollywood.
Washington—Pitcher Archie Campbell, St. Paul; Third Baseman Charles Gooch, Little Rock.
Philadelphia—Infielder Halrhyme, Sacramento.

National League
Boston—Pitcher Leverett, Indianapolis; Catcher Robert Smith, Montreal.
Cincinnati—Outfielder Walter Shaner, Chattanooga; Catcher Leo Nixon, Baltimore; Third Baseman Walter Lutzke, Newark; Pitcher Gaudet, Houston.

Chicago—Pitcher Mike Cvergros, Wichita Falls; Catcher Tom Angelo, Atlanta.
Philadelphia—Pitcher Luther Roy, Birmingham; Pitcher Phil Collins, New Orleans.

Pittsburgh—First Baseman Earl Sheehey, Sacramento.
Brooklyn—Pitcher Win Ballou, Milwaukee.

New York—Pitcher and Outfielder Tony Kaufman, Rochester.
St. Louis—Pitcher A. W. Elliott, Waco.

RAIN KEPT TEAMS IDLE YESTERDAY.
(Associated Press Despatch)

INDIANAPOLIS, Ind., Oct. 4.—Rochester and Indianapolis, contestants for the class AA baseball championship, were hopeful that the weather would permit resumption of their series here today.

The rain which kept the teams off the field yesterday, however, was still in the air.

**MODERNISTS DEFILED
BY CANON B. STREETER**

Hereford Clergyman States that Church Has to Be Free to Follow Truth as It Is Seen.

(Canadian Press Despatch)
CHELTENHAM, England, Oct. 4.—A defence of the modernist movement was voiced yesterday at the annual church congress in a paper read by Canon B. H. Streeter, of Hereford, on the broad church and modernist movement.

Canon Streeter described modernists as persons who wished to offer civilization a religion which was "intellectually possible." For the discussion of moral and religious questions the younger generation were largely dependent upon writers like Bernard Shaw and H. G. Wells, and the masses had begun to ask modern questions.

He insisted that under modern conditions, if the church desired to spin with a voice of authority it must compel outsiders to recognize that within the church there was a body of investigators who were in no wise bound to defend established positions but were free to follow the truth as they see it.

OBJECT TO FORM OF QUESTIONS

(Continued from page 1)
Upper Canada, where provision was made for the protection of navigation works on the Trent and the Thames, and declared that these illustrations showed that, right up to Confederation, there was legislative and statutory recognition of the naval character of inland waters.

Proceeding, he showed there was also recognition of the navigability of rivers, by treaties with the United States. All these things tended to prove that the Dominion had control over navigation and shipping. Even if the Dominion had not control over navigation and shipping, it had control over trade and commerce, and could prove that the rivers of Canada were essential as a national highway for trade and commerce. He cited the Great Lakes and the St. Lawrence. When asked by Mr. Justice L. P. Duff what about the fisheries, he said in that case they were dealing with property. The provinces owned the bed of the river and the fish went with the bed of the stream, but the Dominion had the power to pass regulations governing fisheries even though they might seriously effect the private right to fish. He submitted the Dominion had the right to insist that no obstruction should be put in navigable waters, even non-tidal waters.

Dominion Has Contract
If we can by legislation prevent the provinces as the owner of the bed of the river or lake, from putting any obstruction in it or from making any diversion," said Mr. Rowell, "then I submit that the Dominion has control in the interests of navigation. They could go on and declare that all the waters of that river or lake ever needed for navigation. Unless the Dominion can do that they cannot control navigation."

Mr. Justice Duff—"I should have thought that all it necessarily means is that the Dominion is providing for the safety and convenience of navigation."

Mr. Rowell—"It must do more. I submit that language (the language of the Navigable Streams Act) must be construed in comprehensive terms. Having regard to the interests involved, I submit complete control must rest in the federal Government over all navigable waters, in order to ensure the complete protection of navigation and shipping."

Mr. Justice Duff—"Complete control over all navigable waters as affecting navigation. That may be all right, but that is a very different thing from giving 'the public right of navigation' to do."

Mr. Rowell—"If the power is not in the province it is in the peace, order and good government of the Dominion."

Mr. Justice Duff—"Your proposition leads to this: if the provinces cannot do a thing because it is too big, the Dominion can do it. It means there is nothing left for the provinces to do."

At this point the court adjourned for the day.

CALL'S MILLS
Mrs. Reed returned on Saturday to her home in Montreal after spending a week with Mr. and Mrs. Arthur Crittenden.

SILVER FOX TOOK DROP IN PRICE AT SALE

Activities at Thirteenth Annual Fur Sales—Grand Sales Total for Two Days Amounts to \$1,700,000.

(Associated Press Despatch)
NEW YORK, Oct. 4.—Silver fox was the only article to decline at yesterday's sessions of the thirteenth annual fur sales here. Cross, white and blue foxes advanced. With two days to go the grand sales total is now \$1,700,000.

The drop in "silvers" was fifteen per cent from the average prices received at the spring sale of the New York auction company. The best price of \$510 was brought by a half silver skin.

Full silver pelts sold to \$285 and three quarter silvers to \$360. Quarter silvers reached \$235, slightly silver \$110 and blacks \$65.

Cross fox sold to \$182.50 and advanced five per cent.

White fox advanced ten per cent and sold to \$65. Top for blue fox was \$70 and it averaged ten per cent above the spring sale. A small collection of chinilla brought prices ranging to \$167.50. Part of a heavy collection of Russian sable was also sold yesterday. The remainder will be put up today.

The West Bromes Willing Workers met on Tuesday last week with Mrs. Geo. Crittenden.

The Misses Annie and Helen Eldridge and Mr. Harold Prouty attended the chicken-pie supper in Iron Hill on Wednesday evening.

Several from here attended the social in Bonville on Friday evening at the home of Mr. and Mrs. E. E. Ladd.

DUNKIN
Mrs. Augustus Lague passed away at the home of her son Hubert on Sunday morning, September 20, with whom she had been living for the past year. She had been ill for over two years with cancer and was in bed for over eight months. The deceased was 76 years old. Her maiden name was Melia Lamotte. She showed remarkable patience throughout her illness. Her husband predeceased her eleven years ago, and she lived with her son Edmond. At the death of Edmond's wife two years ago, Mrs. Lague mothered the little girl Twinnie that was left motherless, and now the child is motherless again. Mrs. Lague leaves a large family of boys and girls, all grown up, to mourn her loss, and hosts of friends. The funeral was at 10 o'clock Tuesday at the Roman Catholic Church, Mansville. Interment was beside her late husband.

BRIGHT FUTURE FOR SPAIN SEEN BY DE RIVERA

Spanish Premier Yesterday Issued Lengthy Statement in Newspaper Reviewing Work Done by His Government During Last Five Years.

(Associated Press Despatch)
MADRID, October 4.—Predicting a brilliant future for Spain, Premier Primo de Rivera, yesterday, issued a lengthy statement in the newspaper La Nacion reviewing the work done by his government during the last five years and setting the programme for the future.

The premier predicted by 1933 Spain would be a nation with a population of 35,000,000 with a strong government supported by the crown and by public opinion, with a vast network of railroad lines and public highways and with all the sources of national wealth being used to their utmost.

The estimated population of Spain at the beginning of 1927 was 22,290,000.

In his statement the premier emphasized the necessity of having strong men conducting the destinies of the kingdom. Primarily they should be appointed by the patriotic unions although he said that it was not necessary that they should be members of such unions.

Making an appeal for the co-operation of the masses, he declared that all Spaniards must work for Spain without being impelled to do so by selfish aims.

**COUNTRY AND DAIRY
PRODUCE PRICES**

EGGS—There was no actual change in the local egg situation yesterday, the undertone to the market for strictly fresh eggs being very firm on account of the continued small offerings from producing centres. The demand showed some improvement from grocers and other dealers for supplies, and a fair amount of business was done in a jobbing way, with sales of fresh eggs at 55c, firsts at 48c, and second at 40c per dozen. There has been some export inquiry for storage eggs, but English importers' ideas are 2c per dozen below sellers' views, and the prospects for any business in this direction are not very encouraging. The local demand was steady, and prices were unchanged for extras at 45c, firsts at 41c and seconds at 38c per dozen. Car lots of April-May storage second eggs were offered here at 32c per dozen, f.o.b. western Ontario and short held fresh firsts at 41c, f.o.b.

POULTRY—A feature of the poultry trade is the steady increasing receipts of live poultry, but a large percentage of the chickens arriving are of poor quality, being half finished, and it would be well if shippers held back such stock. A good trade continues to be done in storage dressed poultry for immediate consumption, and the market was fairly active, with a firm undertone. Sales of selected turkeys weighing 8 to 10 lbs. were made in a jobbing way at 42c to 45c per lb.; 6 to 8 lbs. at 37c to 40c per lb.; selected geese weighing 5 to 6 lbs. green ducklings weighing 5 to 6 lbs. at 35c per lb.; domestic ducklings weighing 5 to 6 lbs. at 30c to 32c per lb.; selected ducks weighing 5 to 6 lbs. at 27c to 30c per lb.; selected fowl at 24c to 35c per lb.; selected chickens at 38c to 43c per lb.; squab broilers at 45c to 51c per lb.; and selected broilers at 41c to 48c per lb.

HONEY—A moderate amount of business continues to be done in white clover honey, and as supplies of requirements were unchanged, with sales in barrels at 11c per lb.; in 60 lb. tins at 11 1/2c per lb.; in 30 lb. tins at 12c per lb.; in 10 lb. tins at 12c per lb.; in 5 lb. tins at 12 1/2c per lb.; and in 2 1/2 lb. tins at 13 1/2c.

BUTTER—There were no further developments in the local butter trade yesterday, prices being about steady at the late decline noted, but the volume of business showed no improvement, the demand being still confined to small lots for local account and sales of Eastern Townships fresh made No. 1 pasteurized creamery butter were made at 39 1/4c per lb., No. 1 unpasteurized at 38 3/4c per lb., and No. 2 grades at 38 1/4c per lb.

CHEESE—Owing to the continuing indifferent demand from English importers for cheese and the somewhat limited inquiry from spot buyers the undertone to the market was again easier yesterday with western No. 1 white and colored western at 22 1/4c to 22 3/8c per lb., and eastern No. 1 grades at 21 3/4c to 21 7/8c per lb.

**LORD ALLENBY OF OPINION
PEACE MOVE WILL GROW**

Believes that Nations Are Beginning to Trust Each Other and Not Go Unthinkingly into Battle.

(Associated Press Despatch)
NEW YORK, Oct. 4.—Lord Allenby, commander of the British armies in the Near East during the world war and veteran of many other campaigns, last night expressed himself as firmly opposed to war as a means of settling international disputes and asserted the belief that the anti-war pact would be the foundation of ultimate universal peace.

"I am not a pacifist," he said, "but I do believe that, to insure our own protection, we must trust ourselves for our own defense. I think that nations are beginning to trust each other and not go unthinkingly into battle. I believe the movement for world peace will grow until the world decides it must give up its militant methods if civilization is to endure."

Gasoline market lower. Singer Manufacturing Company profits continue to gain. High grade Iowa corn crop. Fewer surplus cars. Steel bookings continue heavy. September attains record in trading. Total transactions on New York Stock Exchange reached 90,232,000 shares.

STRONG TONE NOTED TODAY AT MONTREAL

International Nickel Was Once Again Feature of Market, Selling Up to 134 1-2.

(Canadian Press Despatch)
MONTREAL, Oct. 4.—Continued strength and activity in International Nickel featured the opening of the Montreal Stock Exchange today. After opening 1 3-8 higher at 132, Nickel sold up to 134. It then dropped back to 133, but later jumped to 134 1/2. The rest of the early list was rather quiet, the only unchanged price being in Brazilian and Dominion Bridge, both of which were fractionally higher, and in Canada Brewing, which was fractionally lower.

**PRICES RESUMED UPWARD
TREND ON WALL STREET**
(Associated Press Despatch)
NEW YORK, Oct. 4.—Stock prices resumed their upward movement at the opening of today's market under the leadership of the motor shares. Chrysler opened with a block of 4,500 shares at 129, up 2 1/4 points and a new high record, and Studebaker showed an initial gain of 1 3-8.

The first sale of Bethlehem Steel was a block of 10,000 shares at 67 1/4, up 1 1/4. Universal Pipe also opened with a block of 10,000 shares at 29, up fractionally and a new high record.

**NEW YORK PRESS
MARKET COMMENT**
Furnished by
McManamy & Walsh.

Wall Street Journal: Stocks developed strong rallying tendency yesterday, following a bad break in the early dealings on over-night publication of the stock exchange loan figures for September. In view of the fact that trading last month was the largest on record, Wall Street had been looking for a substantial gain, but the huge increase of \$462,000,000 took the final market by surprise, causing a flood of selling at the opening.

Journal Commerce: The market yesterday was more professional in character than for some time, and it was evident that many traders who sold stocks at the opening were buyers in the late dealings. But evidences of liquidation were not lacking.

New York World: It was just a Wednesday market and Wednesday markets are usually weak because the loans are published on Thursday and there is always a good excuse to sell stocks. But the comeback was very impressive, as you will observe by comparing the lows of the day with the closing prices.

Wall Street Journal will say today: Traffic gai. seen in fourth quarter.

CHURCH RULERS ARE STUDYING IMMIGRATION

While Meetings of Thirty-Seven Archbishops and Bishops of Catholic Episcopate of Canada Are Private, General Opinion Is That One of Subjects Under Study Is That of Immigration from Catholic Standpoint—Lieut.-Governor Will Tender Dinner to Dignitaries.

(Canadian Press Despatch)
QUEBEC, Que., Oct. 4.—While the meetings of the thirty-seven archbishops and bishops representing the Catholic Episcopate of Canada and Newfoundland were being held in secret and no information being given out to the public, it was understood that immigration in Canada was one of the subjects receiving attention from the Catholic standpoint. The meetings, which are being held in the Red drawing room of the Archbishop's Palace, will continue today and tomorrow when they will conclude. Cardinal Rouleau presided at yesterday's sessions.

Tomorrow night the visiting church dignitaries will be guests at a dinner tendered by Hon. Narcisse Poirer, Lieutenant Governor of Quebec, at "Spencerwood." Others present will include Premier L. A. Taschereau, and Chief Justice Sir Francis Lemieux.

COUNCIL HELD REGULAR MEET: SUTTON NOTES

Bills Amounting to \$470 Ordered Paid—Money to Be Spent on Roads—Personals and Happenings of Interest.

SUTTON, Que., Oct. 4.—At a meeting of the town council, held October 1st, all councillors were present, Mayor Fuller presiding.

Several bills, aggregating \$170, were approved and the secretary-treasurer was authorized to pay the same. Most of the bills were for road repairs, the roads suffering from much traffic during the protracted wet periods of last autumn and the season of 1928. At one point in Glen Sutton where five ton trucks are used to haul logs, the problem of road maintenance is a serious one.

It was decided to expend \$100, to repair the road in the vicinity of the residence of Mrs. O. Sweet and of Mr. Ernest Farmer. Smaller amounts were approved for one or two other roads. A boat which had been purchased for the town's use after the bridge was destroyed was sold as being no longer necessary.

The sum of eighty-four dollars was allowed Frank Hawley for twelve lambs and two sheep destroyed by dogs.

General Notes
On Tuesday several citizens went to Newport Centre to attend the funeral of the late Mrs. Aylmer Miles of Warwick, Vt. As a girl she resided at the Glen, and much of her married life was spent at Newport Centre, where she was brought for interment.

The remains of the late Patrick McCullough arrived on Monday night. It will be remembered that Mr. McCullough was seriously injured by a premature blast a few days ago. Every thing possible was done for the victim, but his injuries were of too serious a nature. Great regret at the result is felt in the community.

The first of the local harvesters to return from the west were Emile Tetreault and Alphonse Mondore, who arrived on Monday, October 1st. They had been in the Province of Saskatchewan and had worked for a German farmer. They were well satisfied with wages and usage in their vicinity good crops prevailed, but some damage was caused by frost.

Monday was local sports day at the High School in preparation for the annual meet which takes place at Knowlton next week. Many parents and villagers were present.

Sutton boys who attended the Older Boys' Conference at Sherbrooke during the past week-end were Desmond Charters, Arthur, England, Rupert Champion, Harold Jordan, Alvin Dyer, and Harry Hawley. At the sport competition held Saturday afternoon, Harold Jordan won first place in the high jump and was awarded a gold medal. He was also third in the 440 yard dash. The boys were accompanied by Mr. Cedric Douglas.

Grateful acknowledgment is made for two books received at the library lately, the gift of Mrs. Charles Shepard.

Mr. Clinton Eastman and family, of White River Junction, Vt., have been visiting relatives and friends here.

Mrs. Fay Sturgeon, of Montreal, spent the week-end with her foster parents, Mr. and Mrs. J. J. Longeway.

Dancing, Town Hall, Sutton, Friday evening, Oct. 5th. Spencer's Orchestra. Benefit Sutton Hockey Club. Adm. \$1.00 per couple.

FITCH BAY

The one-act farce, "Sewing For The Heavens," given under the auspices of the W.M.S. in the United Church on Thursday night, was well attended and heartily enjoyed by the audience. Prior to the farce, two vocal numbers were charmingly given by Mrs. Churchill Moore, of Ayer's Cliff, and a comic monologue "Cohen Phones To His Tailor," by Rev. John Wheeler, was enjoyed. The

WOMANHOOD OF CHINA FAVORS CO-EDUCATION

Purpose of Introduction of Co-Education into China Is to Afford Better Educational Facilities to Women and to Place Their Standards of Education on a Higher Basis.

SHANGHAI, China, Oct. 4.—China's womanhood has come out in favor of co-education. Nanking's national educational conference opposes it.

The Amalgamated Committee for the Upholding of Women's Rights demands that in education, as in all other things, there should be a standard of equality between men and women. An announcement of the women's committee says:

"Since the May movement there has been a general demand for equality between men and women, this being a subject which has been approved by all the people. At a meeting of the national educational conference, a resolution was passed opposing co-education in colleges and middle schools and recommending the stoppage of the co-educational movement in China in all institutions in which the system has been introduced. News of this was received by the people with considerable surprise and suspicion. Our women folk have been thrown into a state of alarm and anxiety."

"The purpose of introduction of co-education in China is to afford better educational facilities to women and to place their standard of education on a higher basis. The system has been in vogue several years and young men and young women have lived on terms of equality. Although it has been difficult to avoid certain evils, the results attained, on the whole, have been most satisfactory. The system therefore should not be ended now."

"In certain provinces boys and girls have been taught in separate schools. This should not be the case. The girls should have a chance of being educated just as much as the boys. The girls are quite as capable as the boys and they can well look after themselves."

Telegrams have been sent throughout the country appealing for sympathy in this movement of "fighting for a common principle."

cast of the farce was as follows: The Hostess, Mrs. Judd, Mrs. Arthur Gotherp; Mrs. Chetty, President of the Sewing Society, Miss F. A. Eyring; Mrs. Powers, who is wealthy and also a stranger, Mrs. George Cass; Mrs. Meeker, the Peace-maker, Mrs. Susie Cass; Mrs. Strong the Suffragist, Mrs. Covey; Grandma Gibbs, who is very deaf, Miss Ruth Brown; Luelia Higgins, the old maid; Mrs. John Wheeler; Mrs. Day, the bride, Miss Enid Rollins; Nelly, the hired girl from Germany, Miss Lovering. The parts were well played and showed careful training, with the result that the audience was kept in gales of laughter throughout the entire performance. The proceeds amounted to about \$20, which will be applied on missionary work.

Mr. and Mrs. G. H. Hucksins and daughter motored to Denison Mills on Friday, when they attended the Danville Fair, and spent the week-end with relatives.

Mr. and Mrs. Abner Lampher and son and two daughters, of Plymouth, N.H., were week-end guests of Mr. and Mrs. A. S. Holt.

Mr. and Mrs. Wright Wilson and daughter, Lucy, accompanied by Mrs. E. Crumpler, motored to Bristol, Conn., on Saturday, Mr. and Mrs. Wilson remaining for a few days at the Crumpler home for a brief visit.

Mr. and Mrs. John Robinson and son, of Long Beach, N.Y., and Mrs. Henry Holt and son, of Rumney, N.H., were recent visitors at the home of Mr. Holt.

Mrs. E. W. Davis, of Dunkin, Que., is visiting her daughter, Mrs. C. H. Alger.

Economy and Convenience in the new Fairbanks Globe Valve

The new Fairbanks Globe Valve has a die solder that can be replaced quickly and easily—which means a decided saving of time and money.

The improvement in design of this valve has been made without sacrificing any of the features that have made Fairbanks Globe Valves famous for their trouble-free service and long life—the best of bronze, more threads always engaged in the bonnet, rounded seat to prevent lodging of sediment and to ensure perfect contact.
