

British Troops Launch Attack on New Front INDICATIONS POINT TO REVOLUTION IN BULGARIA

MARSHAL HAIG REPORTS ATTACK ON WIDE FRONT SOUTH OF THE SENSEE RIVER TO-DAY—FRENCH TROOPS CARRY FORMIDABLE GERMAN POSITIONS

British Carry Out Successful Local Attacks in Flanders, When Line was Advanced and Prisoners Captured—Successful Developments of the French in the Champagne—Brilliant Attack Pierced Enemy Line to a Depth of More Than Three Miles.

(Associated Press Despatch)

PARIS, Sept. 27.—Successful developments of the French offensive begun yesterday in the Champagne is reported today by the War Office. Over the entire field of attack by the French, between the river Suipe and the Argonne Forest, the formidable German positions of a depth of more than three miles were brilliantly carried.

SATISFACTORY PROGRESS BY BRITISH.

(Canadian Press Despatch)

LONDON, Sept. 27.—British troops attacked on a wide front south of the Sensee River this morning, according to a report received here from Field Marshal Haig's official. His report indicates that satisfactory progress is being made.

The British lines were advanced slightly north of the Sensee in a local operation during the past night and there were successful local attacks in Flanders.

The text of the statement follows:

"At 5.20 o'clock this morning our troops attacked over a wide front south of the Sensee River. First reports indicate that satisfactory progress is being made. During the night successful local operations were carried out in the neighborhood of Arleux, northwest of La Bassée and southwest of Fleurbais. Our line was advanced in these localities and prisoners captured."

AMERICANS GAINED MORE THAN ATTEMPTED.

(Canadian Press Despatch)

PARIS, Sept. 27.—American troops in their attack northwest of Verdun appear to have attained all and more than they attempted.

The Americans were confronted by the German fifth army. This force had been diluted which explains the relatively small number of prisoners taken.

The American advance over most difficult ground amidst woods is looked upon here as a fine feat of arms.

DRIVING WEDGE BETWEEN DOUAI AND CAMBRAI

(Associated Press Despatch)

The Sensee River is a small stream flowing to the northeast and paralleling on the south the Scarpe River, which flows past Arras and passes through the important city of Douai, one of the principal German bases on the Aisne front in France. It is probable that the British attack is made for the purpose of driving a wedge between Douai and Cambrai, about fifteen miles to the south.

TANKS FORMED AN EFFECTIVE PART IN AMERICAN DRIVE

(Associated Press Despatch)

WITH THE AMERICAN ARMY, ON THE CHAMPAGNE FRONT, Sept. 26.—(S. P. M.)—United States Secretary of War N. D. Baker, witnessed the beginning of the American drive along the front northwest of Verdun this morning. At 5.30 o'clock after the enemy positions had been bombed with high explosives and gas shells, the infantry advanced.

Operations of tanks again formed an effective part of the attacking forces, especially in the region of Chappi. These "land battleships" moved up with the infantry, smashing down wire entanglements and routing the enemy from machine gun nests.

Without a hitch, and absolutely according to schedule, the entire line was moving tonight into positions paralleling the line of attack.

SERBIAN OFFICIAL STATEMENT

(Associated Press Despatch)

LONDON, Sept. 27.—The Serbian official statement follows: "Our troops yesterday (Wednesday) captured the very important point of Belikamen, north of Demir Kapu. On the same day we entered Ishtib. We have taken Bogoslovets Hill. This morning (Thursday) our cavalry, pursuing the enemy, entered Kochan."

"Our present line runs west of the Ishtib-Vales road. Fighting is in progress before Vales."

"A great number of additional Bulgarian and German prisoners and enormous quantities of war materials have fallen into our hands."

"All the roads are crowded with wagons and war material and several

SERBIAN DRIVE CONTINUES TO NORTHWARD

Have Entered Town of Ishtib and Captured Other Important Points—More Germans and Bulgarians Captured.

(Canadian Press Despatch)

LONDON, Sept. 27.—In the successful continuance of their drive northward the Serbians have entered Ishtib and captured other important points, says the Serbian official statement of Thursday. A great number of additional Bulgarians and Germans have been captured by the Serbians, who also have taken enormous quantities of war materials.

The Serbians now are west of the Ishtib-Vales road, and have captured the heights of Bogoslovets, south of the road. North of Demirkapu, in the direction of the Bulgarian border, the Serbs have captured the ridge of Balikamen.

Serbian cavalry has entered Kichana, twenty miles northeast of Ishtib and fourteen miles from the Bulgarian border southwest of the important rail head of Kustendil. DEMORALIZATION OF THE BULGARIANS.

LONDON, Sept. 27.—The reports received yesterday emphasized the demoralization of the Bulgarians, who are retreating in confusion, leaving behind an enormous amount of material, and probably many thousands of prisoners, as the Allied troops strain every energy to get to Uskub and thereby make the victory complete.

It is pointed out that the Bulgarian army, estimated to aggregate 300,000 men, is in a very dangerous position; but the victory will not be decisive, in the opinion of the military experts, until Uskub, the centre of all the enemy's communication lines, is captured. If that is accomplished, it is believed the victory will be numbered among the few decisive ones of the war.

LATEST WAR BULLETINS

FRENCH TAKE 7,000 PRISONERS.

(Canadian Press Despatch)

PARIS, Sept. 27.—The French have captured the Butte-du-Mesnil, the Butte-du-Souain, the Butte-du-Tahure, and the villages of Tahure, Ripont, Rouvroy, Cernay-en-Dormois and Servon-Molzeourt. More than 7,000 prisoners were taken by the French. The French forces resumed the attack this morning.

SERBIANS HAVE ADVANCED 55 MILES.

(Associated Press Despatch)

LONDON, Sept. 27.—The Serbian statement announces that the Serbian cavalry have reached a point 55 miles, as a crow flies, north of the line from which the offensive started.

GERMANY WILL SEND PROTEST TO BULGARIA.

(Canadian Press Despatch)

LONDON, Sept. 27.—Germany intends to send a solemn protest to Bulgaria against Premier Malinoff's request for an armistice according to Berlin reports received in Amsterdam, and forwarded by the Exchange Telegraph Company.

HUN GENERAL FLED FROM BATTLE IN PALESTINE

GENEVA, Sept. 27.—(By the Associated Press.) Field-Marshal von Sanders, commander of the Turkish forces, who fled from Nazareth shortly before the attacking British troops appeared, has reached Constantinople. Advice from the Turkish capital say that von Sanders will return at an early date to Berlin.

DIED SUDDENLY ON STREET CAR.

PARIS, Sept. 27.—Gabriele d'Annunzio, the Italian author-aviator, arrived in Paris this morning in an airplane, flying from Italy across the Alps.

COMMANDER OF CZECHO-SLOVAKS ASKS FOR AID

With Three Divisions of Allied Troops General Gaida Says He Could Hold the Bolsheviki Armies.

(Associated Press Despatch)

VLADIVOSTOK, Sept. 24.—If given the support of three divisions of Allied troops, General Gaida, commander of the Czecho-Slovak forces, said today that he could hold the Bolsheviki armies on approximately the present line until the Russians in Siberia can organize an efficient army whose discipline need not be questioned.

General Gaida made this statement while talking to correspondents at the Czecho-Slovak headquarters.

General Dietrichs and two other Czecho-Slovak leaders have undertaken the organization of such a force, and are being aided by the Omsk and Samara Governments.

It was declared that the political situation is clearing and that the Omsk and Vladivostok groups are settling whatever differences may have existed. This move has followed the resumption of communication between the two cities. It is stated, rather significantly, that General Hornbush, the former dictator, will return to his post as manager of the Chinese Eastern Railway.

WILSON WILL MAKE APPEAL FOR BOND SALE

President to Open Campaign for Liberty Loan Tonight and May Reply to German Chancellor.

(Canadian Press Despatch)

NEW YORK, N. Y., Sept. 27.—President Wilson's address at the Metropolitan Opera House here tonight signifying the opening of the national campaign for the Fourth Liberty Loan, was awaited with intense interest and thousands today clamored in vain for tickets of admission. The available five thousand seats have been reserved for Liberty Loan Committee members. The exercises at the Opera House will be simple.

The popular belief is that, in addition to making a stirring appeal for the sale of bonds, the President will reply to the recent speech of Count Von Hertling, the German Imperial Chancellor.

KAISER HAD TO TAKE REFUGE IN PALACE CELLAR

Emperor William and His Party Were in Mannheim When British Airmen Made Successful Raid Last Week.

(Canadian Press Despatch)

GENEVA, Sept. 27.—Emperor William fled from Mannheim to the palace cellar last week when British airmen raided the city. According to the Democrite of Geneva, was staying in the royal palace and the Emperor and his staff promptly took refuge in the cellar, remaining there twenty minutes.

The palace was not hit as it had been during the previous raid, but bombs fell in the vicinity. The royal party spent last week in Alsace-Lorraine, stopping at the chief Rhine towns. Military hospitals generally were visited and public ceremonies were avoided.

The object of the visit, the newspaper adds, was to appease the unrest and fear of the population owing to the approach to the frontier of allied armies and the constant bombing.

Announcement was made in London Sunday that British airmen had attacked Mannheim on Saturday, September 21.

AMERICANS MET WITH STRONG RESISTANCE

Prussian Guards Ordered to Hold Briei at All Costs—Enemy Stubbornly Retiring to Prepared Lines.

(Canadian Press Despatch)

WITH THE AMERICAN ARMY ON THE CHAMPAGNE FRONT, Sept. 26.—(Reuters)—Last night's bombardment of the German line preparatory to the attack begun this morning was a magnificent spectacle. It was a cloudless night, and thousands of guns, all firing furiously, wreathed the hills in a ceaseless sparkle of flame like myriads of fireflies. For six hours the roar of the cannon, like the roll of a giant gun, was unbroken.

The enemy is reported to have been suspicious of an attack somewhere in the Champagne sector or toward Reims, and for the past ten days was watching this front closely. During the forty-eight hours preceding the attack he had increased his reserves in this region from four to twenty-three divisions.

Prussian Guards defending Vauquois, there being three divisions in the line and one in reserve, strongly resisted the advance of the American troops early in the day. They were instructed to hold the town at all costs.

By a general review of the fight after many hours, it is evident that the enemy is stubbornly retiring to prepared lines, to which all his heavy artillery has been withdrawn. This was the reason that his artillery reaction was inadequate during the early phases of the battle.

CANADIAN LOSSES IN WAR TO AUGUST 1 TOTAL 115,806

OTTAWA, Sept. 27.—To August 1, 1918, the total losses in the overseas military forces of Canada in France and England was 115,806 officers, non-commissioned officers and men. Those include those killed in action, or died of wounds, died, missing, prisoners of war, discharged as medically unfit, discharged to take up other lines of work, and those non-commissioned officers and men given commissions in the Imperial army.

It does not take into account officers and other ranks wounded in action who have rejoined their units or are still fit for service overseas.

PREMIER OF BULGARIA REPORTED TO HAVE MADE AN OFFER OF AN ARMISTICE TO THE ALLIES

Message Which Comes Through Berlin, States that Offer Was Made Without the Support of Other Members of Cabinet or King Ferdinand—Stated Action by Premier Has Created Great Dissatisfaction in Bulgaria.

(Canadian Press Despatch)

LONDON, Sept. 27.—Premier Malinoff, of Bulgaria, has made an offer of an armistice to the Allies, according to a Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen. The message states that the Premier's offer was made without the support of other members of the Cabinet or of King Ferdinand.

The Berlin message says that Malinoff's offer has created great dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian front.

According to statements from Sofia by way of Jassy, it is added, a counter-movement against the action of the Premier has already been set on foot. (This would seem to indicate that a revolution is in progress.)

The news of the Bulgarian developments, including the offer of an armistice, the Copenhagen correspondent states, was from German official sources.

OFFER WAS MADE TO LEADER OF ENTENTE TROOPS.

(Canadian Press Despatch)

AMSTERDAM, Sept. 27.—The Bulgarian Premier's offer of an armistice was made to the leader of the Entente troops operating against Bulgaria, according to a Berlin message received here.

The Berlin message to Copenhagen gives the first indication of any move made by Bulgaria to approach her enemies with conciliatory proposals. The message, in its bare outlines, would seem to indicate that the Premier had taken matters into his own hands, and attempted to initiate a peace move for Bulgaria independent of the dynasty.

The move made might ordinarily be considered, in a broad way, to amount to a revolutionary act, and possibly points to the execution of a coup d'etat in Sofia.

The indications in the news from Bulgaria recently have been that the (Continued on page Eight)

A memorial service will be held in the Methodist Church on Sunday for the late Lance-Corporal Clarence A. Elliott, who made the supreme sacrifice on August 8th, 1918. Service will be held at one o'clock.

HATLEY

A number of pupils from the Hatley Model School figure prominently among the list of prize winners at the recent School Fair, held at the county seat, in grain, vegetables, fruit and flowers, as well as in the more genteel arts of the household, and in poultry.

In the latter class Gordon Poole and Irving Haines were awarded prizes for the best lot of chickens, the former heading the list for the best cockerel in the show. In agriculture the Hatley school is well represented by Everett Bayley, Archie Bryan and Reginald Little, while John Kent has done his share in supplying bread for the eater by wheat.

The cultivation of potatoes has claimed the special attention, during the summer, of Douglas Spafford and Willard Pope. In spite of the severe frosts, Joseph Vorsard has succeeded in bringing the valuable bean, both in pods and shelled, to full perfection. Neither has the wholesome and luscious apple been forgotten by Miss Helen Bayley, Howard Pope, Dorothy Brown Douglas Spafford and Mabel Glidden. In plain sewing and bread making, Miss Nellie Birch and Miss Helen Bayley have received honorable mention.

Among those exhibiting the best collection of flowers were Alice Schoolcraft, Dorothy Brown, Bertha Little, Millie Birch, Helen Bayley. In the races, which were open to both teachers and pupils the first prize was won by Miss Muriel Goff, principal of the school, while the pupils who received prizes in this department were Misses Edna Poole, Elsie Drew and F. Pope.

The late Pte. Alvin Riches, of Gladstone, Man., who is officially reported as having died from wounds received in action on Sept. 3, was a nephew of Mrs. Charlotte Riches, who spent the past summer in this place.

Mr. and Mrs. Thos. Walsh have arrived from Portsmouth, N. H., and have taken possession of the property on Main street known as "Elmwood," which was purchased from Mr. A. E. Koff.

Mr. Irving Haines, eldest son of Mrs. A. E. Gage, has entered upon his novitiate on the staff of the Canadian Bank of Commerce at the Compton branch.

R. and Miss Wells; Mrs. McCulloch, of Montreal, for a few days with Mrs. M. W. LeBaron; Mr. and Mrs. A. E. Gage and Mr. J. Haines have returned from a short motor trip to Granby; Mrs. Howe at home after a stay of ten days with friends and relatives at Dixville and vicinity; Miss Kathleen Howe, only daughter of Pricipal R. E. Howe, of the new Westmount school has returned to her home in Montreal, where she will enter McGill University; Rev. I. N. Kerr has left for his semi-annual inspection of the schools in Gaspé. During his absence of three weeks the services at St. James' church on the two following Sundays will be conducted by Rev. Mr. Brower, of Compton. On Sunday, Sept. 29, which is the Festival of St. Michael, and all Angels, evening prayer will be said at 3.30.

Mrs. Kerr to Fitch Bay, where she will be a guest of Rev. Mr. and Mrs. L. Gallais, at St. Matthew's Rectory for two or three weeks; Mr. H. Monsley, accompanied by Dr. Chas. Townsend, of Boston, who has been his guest for a short time, made the ascent of Mount Orford, which rises to an altitude of 2,860 feet. Several fine snapshots were secured from this point of view. The trip was somewhat marred, however by a heavy storm of rain, accompanied by thunder and lightning, making the descent decidedly unpleasant.

Mr. Robert Kendrick has moved his family from the McKittrick cottage on Meadow street to the lower flat at "Brookbank."

Mrs. LeBaron, of North Barnston, has been for the past few weeks with her niece, Miss Rosamund Little.

KEITH

Ottawa, September 9, 1918.

A Session of the Court of King's Bench (Crown Side) holding criminal jurisdiction in and for the District of Saint Francis, will be held in the Court House, in the City of Sherbrooke, on Tuesday, the first day of October next, at ten o'clock in the forenoon.

In consequence, I give Public Notice to all who intend to proceed against any prisoners in the common goal of the said district, and all others, that they must be present then and there; and I also give notice to all Justices of the Peace, Coroners and Peace Officers in and for the said district, that they must be present then and there, with their records, rolls of indictments, and other documents, in order to do those things which belong to them in their respective capacities.

ART. LEGUEUX, Deputy Sheriff.

Sheriff's Office, Sherbrooke, Que., Sept. 1st, 1918.

NOTICE

It has been noticed lately that five or six high tension insulators of the Corporation of Sherbrooke transmission line between Sherbrooke and Weedon have been intentionally broken by means of stones, between the village of Acers, and Dandwell. Such an act, when the transmission line is in operation, may cause the breakdown of the complete system; and the Corporation of Sherbrooke, by this notice, notifies the public that anyone caught in the performance of damaging the Corporation of Sherbrooke transmission line and property will be prosecuted in accordance with the criminal code and will be held responsible for the damage caused and prosecuted for this second case in accordance with the civil code. In both cases a guilty party will be given the maximum penalty.

From this date on, the Corporation of Sherbrooke will have a private detective along the Weedon line, and besides this, a reward of \$50.00 will be given to anyone supplying the Corporation with necessary information, to lead to the arrest of person or persons having committed an act as above described.

Catarrhal Deafness
and Head Noises

TELLS SAFE AND SIMPLE WAY TO
TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which can easily be prepared in your own home at little cost. Secure from your druggist 1 ounce of Eucalypti (Double Strength). Take this home and add to it 3 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Less of smell, taste, defective hearing and mucous dripping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

In a recent letter received by Mrs. Warren Huntley, from her grandson, Corpl. Ernest Atwell, he mentions he is on several days' leave, and enjoying himself greatly in Paris. He also remarks that it is rumored that a three months' furlough is to be allowed the boys of the 1st Contingent. If this proves so, Ernest's many friends will be glad to welcome him home, after over four years of active service for King and Country.

Miss Grace Whitehead, who has been visiting at Delbert Tracy's, has returned to her home in Boston, Mass.

A number of friends and relatives accepted the invitation of Mrs. C. N. Boright, at her home Friday evening, to meet Mr. and Mrs. Kenneth McKay, whose marriage took place a short time ago. The evening was pleasantly spent. Dainty refreshments were served.

Miss Jennie Eldridge, of Richford, and Mr. Carl McCorkill, of Montreal, recent guests at M. T. Eldridge's.

Master Bobby Perkins had a bad fall on the cement sidewalk near the school grounds, cutting a deep wound above his eye, which required the attention of a doctor.

Alice Heath has moved to the village, and is occupying her house recently purchased from Mr. Chas. Cote.

SUTTON

Mr. Ira E. Chadsey, of Montreal, spent a few days in town recently looking over his farm and calling on friends. He reports 500 eggs from only five hens from April 18 to September 10. Only two hens during that time took a seven days rest from egg laying. From one quart of beans he harvested half a bushel of fine quality beans. Mr. Chadsey's health at present is the best in years.

Mrs. J. Nicholls, of Montreal, has presented nineteen books to the Pette Memorial Library. Mrs. Nicholls has presented books at different times to the library and they are much appreciated.

Mr. W. Brill, of West Bolton, who recently purchased Mr. G. Green's property on Main street, has moved here, and Mr. and Mrs. P. Mitchell have gone to South Bolton to reside.

Mr. Carr, of Sherbrooke, was in Knowlton this week.

KNOWLTON

Winnipeg, Man., Sept. 26.—The Manitoba Free Press publishes today a report of crop conditions in Manitoba at this time of the harvest. Only a few fields of late flax and green crop on re-seeded land remain uncut in the province.

Threshing is more than half done in Southern Manitoba and is beginning in the north. Speaking generally, says the Free Press, the sample of wheat will be good. In many places late oats, barley and flax have been damaged by September frosts, and this may make the quality of seed oats for spring. Fall ploughing has begun in a few places.

The weather is ideal for farm work in most parts of the province, with very little frost at night.

IRON HILL

The W. C. T. U. will meet with Mrs. Jas. Robinson at Meadow Brook farm, Thursday afternoon.

Mrs. A. Murray, Westmount, at The Highlands for a few weeks; Mr. and Mrs. Dixon, Miss MacMillan, to their homes in Montreal, after holidays at The Highlands; Mr. Oufland, Montreal, accompanied Rev. A. Wallace to his appointment at the Union Church Sunday, and both were the guests of Mr. and Mrs. A. H. Beard at the Pines while in town; Mr. and Mrs. Sewall Hall, and little son, motored from Springfield, Mass., last week, and are visiting relatives here for a couple of weeks; Mr. Edgar Parker, Granby, guest of Mr. Jos. and Misses Raymond, Sunday.

Mrs. Ernest Hayes, daughter of Mr. and Mrs. M. E. Bullard, is confined to the room through illness.

Miss Lucy Shuffel, who has lost her pocketbook and registration card, was agreeably surprised to receive the same through R. M. D.

Mr. Jos. Mason sowed one bushel of barley, and therefrom has twenty-four bushels of No. 1 barley.

Red Cross workers met at the parish hall on Tuesday. There was a good attendance and a fine lot of completed work brought in. The cutters had a busy day and work was vigorously pushed. Mrs. Chas. Austin, first vice-president, occupied the chair in the absence of the president, Mrs. Anna McCrum, who was detained at home by illness of her grand-daughter, Miss Mildred Macfarlane. Receipts of the meeting: tea money, \$2.50; monthly subscriptions paid amounting to \$10.50; donation from dance at Crown creamery hall \$2; total receipts of meeting, \$15. Next meeting will be at parish hall, Tuesday, October 8. Tea

will be served by Mrs. Howard McCutcheon.

PATRIOTIC WORKERS AT WAY'S MILLS.

BARNSTON, Sept. 25.—(Special)—The following letter speaks for itself:

Mrs. Jno. Converse, Sec.-Treas. Red Cross Group, Way's Mills, Que.

I have been requested to write a note of thanks and appreciation to our Way's Mills co-workers for the splendid donation of 20 pairs of socks, also \$20.35 in cash, recently sent to the Red Cross representative, Mrs. C. H. Bernick, of Barnston. We are indeed heartened and encouraged by your evident determination to keep pace with the soldiers of our Allies in their forward march towards the gate of Freedom and the goal of Victory.

When this great struggle is over, it may truly be said of the Way's Mills workers that they were no slackers in keeping "the home fires burning." With repeated thanks and renewed greetings from our Barnston Group, believe me, dear Mrs. Converse, very sincerely yours,

Catherine E. T. Jenks,

MARRIAGES

WELSH-FARRELL.

A quiet wedding took place this week at St. Patrick's Church, when Miss Albertine Farrell, daughter of Mr. Farrell, Wellington street, was married to Mr. John W. Welsh, of Bromptonville, son of Mr. D. E. Welsh of that village. The ceremony was performed by the Rev. E. C. Fissette, parish priest, in the presence of a few friends of the two families. The bride wore a smart cloth costume with hat to correspond.

After the religious service the young couple and wedding party motored to the home of the groom's father, where the wedding breakfast was served, and later Mr. and Mrs. Welsh left for a trip to Quebec and other points.

HOUSEWIVES' LEAGUE CONGRATULATED ON WORK ACCOMPLISHED

Meeting Held Yesterday Was Well Attended and Several Very Important Matters Were Brought Up for Discussion.

The regular meeting of the Housewives' League was held yesterday, with a better attendance than at recent meetings, showing that the plan of sending members of the meeting by 'phone had good results. Mrs. Odell presided, and in the general routine of business letters from the Canada Food Board, expressing great satisfaction at the success of the work carried on during the Fair, through the combined efforts of the League and various Home-makers' Clubs. The letter stated that the exhibition work this year had exceeded expectations, and "even more important is the fact that we have secured the active co-operation of a large number of women, both leaders in women's work and on staffs of domestic science institutions," Mr. Weaver expressed the hope that the relationship which has been established is one that will be maintained and developed, as the organized women of this country are of importance in any educational campaign found necessary by the Food Board.

The appreciative tone of the letter plainly showed that the League had accomplished something in its uphill work, and the members were earnestly requested by the president to keep up their interest in this organization and to do all in their power to increase the membership.

The Sanitary Committee was informed that a meeting with the Health Committee of the City Council will be arranged shortly, when matters of importance will come up for discussion.

Large Quantity of Glucose.

The members present were informed that a large consignment of glucose would arrive in the city this week and that the Canada Food Board wished the League and similar organizations to advocate the use of this superior substitute. "Look up recipes in which corn syrup is used," is one of the Housewives' slogans. The Food Board cook books, of which 1200 copies were sold at the Fair, are still to be obtained in the city, and are recommended by the Housewives, who feel that it is one of their duties to do their bit in saving sugar. The president also reminded the members of the 20 per cent. substitute for breads, and asked that matters of importance should be kept in mind and brought up at the meetings for discussion.

Efforts are Appreciated. Mrs. H. A. Odell, president of the League, is in receipt of the following letter from the chairman of the Canada Food Board:

"Dear Madam:—
"I have received a report on our exhibit and demonstration work at Sherbrooke Fair, and have noted Mr. Weaver's reference to the splendid assistance rendered by yourself and other officers and members of the Housewives' League. I can assure you that it is a matter of no little satisfaction to find that we have such good friends in Sherbrooke, who are willing to throw their whole efforts in support of the campaign for conservation and increased production of food."
"I wish to thank you personally for the way in which you have helped. Please convey to your associates the Canada Food Board's most cordial appreciation of their assistance."

ont presided and conducted the opening exercises, and the usual work was begun for the season. It was decided to make arrangements for a play under the auspices of the Auxiliary towards the end of October, for the benefit of the funds, similar undertakings last year having been very successful.

SPLASHED. When "Splash Me" is sung by a bunch of pretty choruses girls in natty bathing costumes the effect is quite jolly, but when this little act is carried out on our streets by an autoist driving at excessive speed, the effect is quite the opposite. Several complaints have been made during the past rainy two weeks, and although the weather man has quite a bit to do with the terrible condition of the roads, the autoists will be the ones to hand out the coin to square up. "We must submit to present conditions," is advice that applies to "lords of the highway," as well as to pedestrians, who in these days look timidly to the police force for defence against some of our mud raids.

CHURCH OF ENGLAND MISSION FUND.

On Sunday next throughout all the Diocese of Quebec in the churches of the Church of England in Canada the collection will be made for the Mission Fund of the Church Society. It is from this fund that the stipends of the Missionary Clergy are paid. The stipend now being paid to these clergymen is only \$1000 per annum upon which they and their families have to live and the children be educated.

The Diocesan Board is making an endeavor to raise the funds at its disposal in order that the clergy serving the poor missions should receive an increase to stipends to meet the advance cost in living. The Board feels that it is sufficient to police how difficult it is for a man with a family to live on \$1,000 at the present day to insure a liberal response to the appeal next Sunday.

MRS. HODSON APPOINTED BY 53RD REGIMENTAL CHAPTER YESTERDAY

Question of Sending Christmas Boxes to Soldiers Was Taken Up—Several Other Important Matters Discussed.

Mrs. H. R. Fraser, municipal regent I.O.O.F., at a special meeting of the 53rd Regimental Chapter held yesterday in the mess rooms, read the letter of the national executive relative to the proposed amendments to the constitution and the election of a representative on the committee from Quebec. Mrs. Fraser pointed out that as Montreal has twenty chapters, it would be wise to agree upon a representative from their officers, and suggested Mrs. Hodson, municipal regent of the Daughters of the Empire, Montreal. She explained that Mrs. Hodson was deeply interested in the work of the I.O.O.F., had done splendid work and had kept the chapters together. She could be trusted to assist in amending the constitution, which, from the growth of the order, had become unwieldy and unmanageable and unworkable. The question was put to the vote, and it was moved by Mrs. Strickland, seconded by Mrs. Whitley, and carried, that Mrs. Hodson be chosen by the chapter on the amendment committee.

Mrs. W. A. Farwell, vice-regent, presided at the meeting. A number of matters were discussed, including the question of Christmas boxes for the men of the old 53rd Regiment at the front. Mrs. Byrd, the treasurer, stated that the funds on hand were sufficient to meet the necessary expense. Much sympathy was expressed by the officers and members for one of their number who had recently lost her son, killed in action, and for another member who has illness in her family.

The municipal regent, who has just returned from Toronto, where she attended a meeting of the national executive, gave some interesting details of her stay in the Queen city, including addresses heard at the meeting, a visit to the flying camp in the vicinity, the great number of men in khaki, and especially the many crippled soldiers in the streets, a heartrending sight. A tea was given for Mrs. Fraser by Mrs. Gooderham, the national president, at her home, and she had met many friends.

ARRANGE FOR ANNUAL PLOUGHING MATCH

Annual Event Under Auspices of Sherbrooke Ploughmen's Association Will Be Held on October 9th.

The annual ploughing match of the Sherbrooke Ploughing Association will be held on the farm of Mr. A. F. Collins, Drummond road, Sherbrooke, on Wednesday, October 9. Splendid prizes will be offered, and increased in certain classes from last year. There have been splendid donations given for the match, including silver cups. The match has been held at Capleton for the past few years, and it was felt that it would be well to change the location in order to maintain the interest throughout the various parts of the county.

The association is offering a special prize of \$25 to the winner in the open match on condition that he will plough at the provincial match to be held at Ottawa on October 16. The president, Mr. McClary, has had word from Prof. Archibald, stating that they would furnish a team for any man going from this district for the match. It is hoped that this prize will induce many expert ploughmen to compete this year. The first prize at the provincial match, Ottawa, in the open class is a gold medal valued at \$50; second prize \$35 in cash.

The boys' class will be, as usual, one of the special features of the match. It is also expected that more gang plows will be on the field. These plows should be in more general use than they are at present, especially with the present scarcity of help. All teams should be on the field at 8.30 o'clock. A banquet and entertainment will be held in the evening in the town hall, Lennoxville, when the prizes will be given. The prize list committee is as follows: Messrs. J. A. McClary, Ed. Ducker, John Nichol and R. G. W. F. Collins and E. A. Orr.

It is expected that there will also be two or three kinds of tractors on the field to show what work can be done with them.

COAL SITUATION CLEARING SAY AUTHORITIES

Getting Supply of Domestic Bituminous Coal on Hand—Large Quantities of Wood Expected—No Further Advance in Price of Coal.

Persons are becoming excited and worried over the fact that their orders for the winter's supply of coal have not yet been filled. It is claimed by the authorities that there is really no need of alarm, the indications at the present time being that everybody will have at least some coal and the standing orders pretty well filled previous to the arrival of the real cold weather. There is still quite a shortage of anthracite coal, but shipments are expected during the remainder of this month and in October which will practically meet the demand for household purposes. However, it is pointed out that householders should conserve as much coal as possible, using wood as a substitute.

It is stated that one of the local coal merchants has not very bright prospects of securing a sufficient quantity of coal to meet the orders of his customers, but Fuel Controller King is keeping a close watch on the situation and intends to see to it that every household is properly treated. "If this merchant is unable to supply his customers, another merchant that has coal will have to do it, and if the latter refuses I will be called upon to act. This would probably mean that I would take over all the coal shipped here and see to its distribution," said Fuel Controller King.

How do the authorities expect people to use wood instead of coal as much as possible with wood selling at the price it is today, Mr. King was asked. "Yes, wood is rather expensive, but coal must be used sparingly. Householders cannot expect to get just as much coal as they want, because there is not sufficient coal, if they want to be able to use coal in the winter they must use wood and conserve coal now," answered the Fuel Controller. Will the authorities fix the price of wood or coal? "No price has been fixed on wood or coal and I do not think that the prices of these necessities will likely be fixed," was Mr. King's reply. The local Fuel Controller has refused to issue permits for coal for heating purposes to any of the public buildings or factories. "They must wait until the householders have been attended to," he stated.

Quantities of Wood Cut.

It is claimed there will be plenty of wood once the snow falls. One man stated that a great deal of wood has been cut and piled in the outlying districts all ready to be brought to the city as soon as the sleighs are able to be put into commission. Mr. J. S. Mitchell in discussing the coal situation at the present time stated that prospects were bright that the situation would be cleared by the end of next month. "We are filling orders as fast as we can, but this continual rain has caused considerable delay in the work. We are doing everything possible for our customers and I don't think there should be any suffering this winter owing to lack of fuel to be had. For emergency purposes we have ordered a large quantity of domestic bituminous coal and also coke," said Mr. Mitchell.

No Further Advance in Price.

The announcement was also made by Mr. Mitchell that while the price of anthracite had advanced to \$11.50 per ton owing to the increased freight rates, it was not likely to advance above that figure. "In fact, I think that there might be a small drop instead of an advance in price," he said. The bituminous coal is to be sold at \$11 net a ton and the coke at \$13.50.

THREE TEAMS TIED.

The conclusion of the first lap of the Manxton's Bowling League marathon race found St. Pierre, Fairbanks and St. Pierre running neck and neck in the battle for the leadership honors with two victories and one defeat apiece. The St. Pierre aggregation drew up on even terms with the leaders by taking two games out of three representatives. The Brewers copied the initial set to when they rolled the best game total of the match, but the St. Pierre combination nosed out their rivals by four pins in the second frame and also took the third.

Boucher, of the Silver Spring team, carried off the premier honors of the evening, rolling the high single string of 192 pins and also the high total of 477 pins. The scores:

CITY NEWS

FAMILY FEUD AIRED. A real, honest-to-goodness, old-time family feud was aired in the District Magistrate's Court this morning.

The feud was between two families residing in the township of Newport, Arthur Coates being charged with assault with intent to wound James B. Leonard, while his brother, Stewart Coates, faced a similar charge, and Laura Coates, wife of Michael Leonard, was charged with assault, causing bodily harm.

All three had been committed to stand trial at their preliminary hearing, and came up before Judge Mulvena. They all agreed to plead guilty to charges of simple assault and Judge Mulvena suspended sentence in each instance on the condition that they would "bury the hatchet," cease their quarrelling and cause no more trouble.

SUDDEN DEATH OF W. W. WILDER IN MONTREAL

Well Known Business Man Was Born in Lennoxville, Being the Son of Mr. and Mrs. Wilder.

MONTREAL, Sept. 27.—Boarding a northbound Amherst car at the corner of St. Catherine and Bleury streets at about half-past four yesterday afternoon, Mr. William Wallace Wilder, 724 Upper Belmont Avenue, Westmount, manager of the Wilder's Limited, fainted as soon as he reached his seat and died several minutes later. Death was due to heart failure.

Mr. Wilder had been suffering from heart trouble for about a year. Only last Christmas he was taken sick, and suffered from fainting spells and dizziness, but recently his health had been considered good.

Mr. Wilder was 46 years old, and was manager of the firm of Wilder's Limited, furniture dealers, of St. Catherine street, west. Mr. Wilder was born in Lennoxville, and was the son of Mr. and Mrs. J. K. Wilder of Lennoxville. He was educated at Bishop's College, Lennoxville, and after graduating joined the firm of Wilder's Limited, starting out in the branch store on St. Catherine street, west, near Stanley street, twenty-five years ago. When the firm moved into their building, further east on the same street, Mr. Wilder became manager of the store.

INCREASE IN DEATH RATE

Spanish Influenza is Beyond Control of Local Authorities in Many Eastern Communities.

(Canadian Press Despatch) WASHINGTON, D.C., Sept. 27.—Spanish influenza, sweeping through all but thirteen of the army camps, and beyond control of local authorities in many eastern communities, has caused a tremendous increase in the death rate of the army at home.

For the week ending Sept. 20th, the Surgeon-General's office reported today, the death rate was 4.4 per cent. compared with 2.3 per cent. the previous week. This increase was attributed in large measure to influenza, but the report pointed out that the figures do not show the seriousness of the situation as since last Friday there has been a further rapid spread of the epidemic, with many deaths.

While the epidemic heretofore has been prevalent chiefly near the Atlantic seaboard, the Surgeon-General's office said it was expected to sweep westward with a still greater increase in mortality in the next few weeks.

Orders issued last Friday by Provost-Marshal General Crowder cancelling calls for entrainment of 142,000 draft registrants between October 7 and 11, were due to the serious conditions in many camps, and were said by health officials to be absolutely necessary at this time.

SEVEN MORE V.C.'S.

Brave Lads From the Dominion Receive Great Honor.

The heroic deeds of Canadians in the recent fighting on the western front was described during the King's award of Victoria Crosses to seven Canadians, out of 18, decorated recently.

How Capt. J. O'Kelly advanced his command at 1,000 yards after the original lack failed, took two enemy positions on the crest of the hill, under heavy fire, and then personally organized and led attacks against "pill boxes," capturing six with 100 prisoners and ten machine guns, was graphically detailed.

Another hero was Corporal Colin Barron, who, single-handed, rushed enemy guns, killed four of the crews, and captured the others, and then turned the captured guns on the retreating enemy, causing severe casualties.

Sergeant George H. Mullin captured a "pill-box" single-handed, rushed a snipers' post in front of him, destroyed the garrison with bombs, and, crawling on a "pill-box," shot two gunners with his revolver. Mullin's clothes were riddled with bullets from the rapid-fire guns directed against him, but he did not falter.

Other heroes, equally daring, charged "pill boxes," killed, captured, or silenced the enemy, and cleared the way for the advance of troops and saved the lives of many of their comrades. They are Capt. George R. Peckles, and Pte. Thos. W. Holmes, Cecil J. Kiroos and James P. Robertson.

The accounts of the deeds for which the Victoria Cross was awarded embrace events which must have been as thrilling as any during the war. Capt. Robert Gee, of the Royal Fusiliers, when the enemy pierced the British lines and captured brigade headquarters and an ammunition dump, finding himself a prisoner, killed one of the enemy with a spiked stick and succeeded in escaping.

After establishing a defensive flank, with a revolver in each hand, rushed and captured an enemy machine gun, killing eight members of its crew.

Sergeant C. E. S. Packman, of the Border Regiment, and Corporal R. McBeath, of the Seaforth Highlanders, also were awarded the Victoria Cross for capturing an officer and thirty men who had taken refuge in a dug-out.

(Canadian Press Despatch) LONDON, Sept. 27.—The British Government today received from an official authorized source an application from Bulgaria for an armistice.

BULGARS APPEAL FOR PEACE ON BATTLEFIELD

(Canadian Press Despatch) PARIS, Sept. 27.—General Franchet d'Espèy, commanding the Allied Army in Macedonia, has telegraphed to the French Government that a high Bulgarian officer has presented himself in behalf of General Todorov, commanding the Bulgarian army, asking the suspension of arms for forty-eight hours to permit the arrival of two authorized delegates from the Bulgarian Government.

The Minister of Finance, Liapcheff, and General Loukoff, commanding the Bulgarian second army, are on their way to the French headquarters with the assent of King Ferdinand to arrange the conditions of the armistice and eventually the terms of peace.

(Canadian Press Despatch) PARIS, Sept. 27.—(11.20 a.m.)—Reports at this hour from the battlefield in the Champagne between the Sulphe and the Meuse rivers indicate that the attack of the French and American forces is progressing under the most favorable conditions.

General Gouraud's fourth army in the Champagne resumed its attack this morning from the positions captured from the Germans yesterday. The assault is progressing satisfactorily. The French have attained all their objectives.

The prisoners captured by the French today have not yet been counted.

FOCH MAKES BIGGEST STROKE OF OFFENSIVE

(Canadian Press Despatch) PARIS, Sept. 27.—Marshal Foch launched his offensive by Franco-American forces yesterday on a larger scale than any of his previous offensive efforts. According to the latest advices reaching Paris at the time this despatch was filed, early this morning, the attack was progressing favorably all over the lines.

The allied commander's new stroke should, however, be viewed not as an isolated operation, even though it is important in itself, but in its relation to the whole campaign. Viewed in this way the significance of the heavy fighting that has taken place along the outposts of the Hindenburg line from Flanders to the Aisne becomes apparent.

This fighting was not, as a superficial observer might conclude, to wear down the enemy, but dogged effort, villages of more or less importance. It was primarily intended to force General Ludendorff to keep heavy forces on that part of the front and make it difficult for him to form a fresh strategic reserve, and while keeping things moving along the western Hindenburg positions to let loose another hurricane on either side of the Argonne.

As for the struggle itself, it was a particularly hard one on the French half of the front. In this connection, however, it should be remembered that this was the first time since July that the Allies had been confronted with a line deeply and strongly fortified and composed of innumerable successive lines of trenches, switches, dug-outs, redoubts, and field forts, all perfected during four years of unbroken enemy occupation.

By 9.30 o'clock this morning the British appeared to have crossed the Canal Du Nord defenses on a front of more than three miles and to have advanced to a maximum depth of approximately a mile and a quarter.

(Associated Press Despatch) AMERICAN ARMY ON THE VERDUN FRONT, Sept. 27.—(10 a.m.)—The American advance continued during the last night on the front. If the offensive launched yesterday, the American patrols pushed forward maintaining contact with the enemy. Stout machine-gun resistance met during the late night at one point was quickly overcome with tanks and artillery.

The weather today was thick, light rains having begun in the early morning in the field of the American operation obscuring observation.

Later information tends to confirm the belief that the German heavy artillery was caught in the act of withdrawing, and was unable to operate or reply satisfactorily. It is not known at this hour whether any of the enemy big guns were captured.

ALLIED FORCES PUSH ONWARD IN MACEDONIA

PARIS, Thursday, Sept. 26.—The Allied offensive in Macedonia continues successfully, says a French War Office statement, and the allied troops are pushing their way over the mountain ranges towards Bulgaria.

The statement reads: "Army of the East, Sept. 25.—The operations on Sept. 24-25 were particularly successful. The formidable massif of Belashtitsa has been reached and the frontier of Bulgaria passed at Kostarino by the British army, which is marching on Strumitsa. The heights of the greatest mountain range have been reached by the Franco-Greek troops. Serbian forces have captured the town of Ishtib and passed beyond it and are approaching Veles."

CORONER CONDEMNS QUEBEC CITY HEALTH DEPARTMENT FOR INACTION

Says No Steps Have Been Taken
to Prevent the Spread of Spanish
Influenza in the City.

(Canadian Press Despatch)
QUEBEC, Sept. 27.—The inaction of the Quebec City Health Department with regard to preventing the spread of Spanish influenza, which he affirmed was prevalent here, was severely condemned in an interview given last night by Coroner Jolicoeur.

The coroner said there had been many suspicious deaths, and as far as he was concerned a number of them were due to the dreaded disease. He said that the bodies of the nine sailors who had died from the disease in this port had been taken to the undertaking establishment to be embalmed for shipment, and no precautions had been taken by the authorities. The undertaker had notified the authorities that the men had died from influenza, and still they remained inactive.

It was reported last night that a patient at the Hotel Dieu Hospital had died from influenza, and that the nurse who had nursed the patient had taken the disease and died shortly afterwards.

DESTRUCTION OF SUBMARINES BY NAVAL CRAFT

One German U-Boat Attacking
Steamer Was Sunk By Destroyer
and the Other By a British
Submarine.

LONDON, Sept. 27.—The destruction of two submarines by naval craft is thus described:

The captain of a destroyer saw a German U-boat attack a merchant steamer two miles off. The destroyer went to the assistance of the steamer and the submarine dived. "When I judged that we were directly over her, I let go a depth charge with a life buoy to mark the spot," said the captain. "Within fifteen seconds of the explosion the submarine came to the surface with a slight list to starboard. Immediately the conning tower showed above water all our starboard guns opened fire and the conning tower was riddled."

A British submarine accounted for the other German U-boat.

"I fired both bow torpedoes almost simultaneously," said the captain of the British submarine, "and about half a minute later there was a terrific explosion, a big flame and a fountain of water a hundred feet high. The German submarine totally disappeared. There was a lot of oil about and the smell of paraffin but no sign of any part of the boat. I heard shouting in the water and picked up one man."

HOMES WRECKED BY FLOODS IN JUNEAU

Hospital Abandoned and All
Business Suspended as Re-
sult of Torrential Rains.

JUNEAU, Alaska, Sept. 27.—Homes in Juneau are being torn away, a big government hospital has been temporarily abandoned, power plants are idle and all business is suspended as a result of torrential rains of unusual warmth, causing a water deluge along the main shore of Gathorneau Channel. The main street of Juneau is threatened by the floods.

No great distress is expected because Juneau is provided with plenty of vacant dwellings.

FRENCH TROOPS IN CHAMPAGNE CONQUER POSITIONS GERMANS HAVE BEEN FORTIFYING FOR FOUR YEARS

French Losses Have Been Remarkably Light in Spite of Fact
that Enemy Resistance Has Stiffened—Foe Leaving Be-
hind Scores of Burning Villages—General Gouraud's Men
Continue Advance.

(Associated Press Despatch)
WITH THE FRENCH ARMY ON
THE CHAMPAGNE FRONT, Sept. 27.—

Troops of the French army, operating in conjunction with the Americans in a new battle along the Champagne front, have today conquered positions that the Germans have been fortifying for four years, positions that they have sacrificed thousands of men to hold. The French losses have been remarkably light, in spite of the fact that the German resistance stiffened yesterday afternoon.

General Gouraud's soldiers, who advanced to those positions three years ago, and have been facing them ever since, are now enjoying a peculiar satisfaction in being in them.

The number of prisoners taken by the French is increasing steadily. They are filling back by all roads in groups of from a score to several hundred. Among them there is a large proportion of very young men than heretofore taken. Some of the captives are recruits of the 1920 contingent.

They are leaving behind them scores of burning villages. Thirty had been observed in flames up to noon yesterday. Even this additional and unjustified devastation can scarcely add to the desolation that has been spread all over this sharply disputed ground.

A feature of yesterday's operations was the activity of the enemy airmen, which furnished several spectacular encounters with French observation balloons and anti-aircraft artillery.

RESISTANCE ENCOUNTERED BY
GENERAL GOURAUD.

(Associated Press Despatch)
WITH THE FRENCH ARMY ON
THE CHAMPAGNE FRONT, Sept. 27.—General Gouraud's men were continuing their advance tonight along the front west of the Argonne Forest. Greater resistance was being encountered and fresh obstacles were found to impede their progress. Ahead of them is a belt of country seven or eight miles deep, over which there is a labyrinth of trenches. Many block-houses have been built by the Germans there, and the ground seems as difficult of capture as that wrested from the Germans today.

The Germans, by their retirement today, have gained a little time in which to bring up reserves while General Gouraud is bringing up his guns. This is an advantage in which it is difficult to find compensation for the ground and men lost today. The lines they retired to are no stronger than those they abandoned.

Enemy airmen made several spectacular attacks on French observation balloons today. Only one balloon was destroyed, but the observers in three others were forced to descend by parachute. One German airmen attacked three balloons in quick succession, plunging down on one and firing, and then rising to dive at another. One of these bursts into flames only an instant before the observer had jumped with his parachute. Shrapnel shells then began to burst close about the enemy machine, and it turned and sped away for the German lines.

AMERICAN ATTACK DAZED THE
ENEMY.

(Associated Press Despatch)
WITH THE AMERICAN ARMY
ON THE CHAMPAGNE FRONT, Sept. 27.—The assumption of the General Staff that the Germans had not discovered the intention of the Americans to attack was proved by the earlier phases of the fighting. Apparently dazed by the suddenness and ferocity of the artillery preparation, the German artillery reaction was slow in being registered. It never recovered its balance.

From the minute the Americans swarmed forward the inferiority of the enemy resistance was marked. Early yesterday morning the enemy had laid down artillery fire calculated to cover a local road. That incident was quickly forgotten in the magnitude of the operations that followed.

One division reports the capture of twenty 77's guns and plentiful supplies of ammunition. The check on the amount of booty has not yet been taken, but every report indicates that the amount of it will be large.

Officer prisoners show that there was much enemy perplexity as to the exact point of attack, but say they were aware that one was impending.

SPECIAL NEWS FROM TOWNSHIPS

COATICOOK RED CROSS NOTES.

COATICOOK, Sept. 27.—(Special.)—The Junior Red Cross sent in a very generous donation of \$40.45. The annual meeting of the C.R.C.S. Coaticook branch was held in the armory on Wednesday afternoon. Owing to the fact that the armory cannot be kept heated during the winter months on account of the fuel shortage, it was decided to rent the room over Lovell's garage, occupied by the society last winter. These rooms will be open for work on Wednesday afternoon, October 2.

The society shipped to headquarters, Montreal, the following articles: 5 sheets, 40 buck towels, 35 terry towels, 20 pillow cases, 65 amputation socks, 80 pair socks; to Canadian War Contingent Association, London, Eng., 84 pair socks and 60 French caps. Ladies wishing to make for themselves Red Cross aprons may obtain the same, cut according to regulation pattern, by applying to Mrs. Jno. McLean or Mrs. Robt. A'Harst.

NO TEA PARTY WITH HUNS, SAYS GOMPERS

American Labor Leader De-
clares that Those Who Liv-

By the Sword.

(Canadian Press Despatch)
PARIS, Sept. 27.—"I see that a German official announcement says we are the most bellicose of all," said Samuel Gompers, President of the American Federation of Labor, at a luncheon at the American Club yesterday afternoon.

"Well," Mr. Gompers continued, "what did we get into it for? Did they expect to have a tea party with us as the invited guests?"

"Those who have lived by the sword must be destroyed by the sword. I do not regret that the war has come, for never otherwise could the democratic nations have become so thoroughly united."

Mr. Gompers' speech was received with intermittent outbursts of applause. His war aims were characterized by Walter Berry, former judge of the International Court of First Instance at Cairo, as the "Gompers peace, which is inevitable."

GOMPERS INVITES FRENCH
DELEGATES.

(Associated Press Despatch)
PARIS, Sept. 27.—Samuel Gompers, President of the American Federation of Labor, who is visiting this city, has invited the French Confederation of Labor to send delegates to the National Conference of the American Federation. It is announced here. American labor delegates will be present at the next conference of the Confederation.

PREMIER OF BULGARIA

(Continued from page One)

country was in a somewhat disorganized state with widespread discontent manifest over the prolongation of the war, in the further prosecution of which the Bulgarian people were able to see little advantage to them. There can be no doubt that the successful offensive of the Allies now in progress in Macedonia has accentuated this tendency.

It is known that M. Malinoff, who took the Premiership in June last, was friendly to the Entente in the earlier stages of the war, before Bulgaria's entrance and there have not been wanting predictions that he might in some way seek to use his influence towards extricating Bulgaria from the unenviable position which she would occupy in the event of a German defeat in the war, which doubtless appears to him to be impending.

FRENCH COMMANDER
WOULD NOT SUSPEND
OPERATIONS

(Canadian Press Despatch)
PARIS, Sept. 27.—The French Commander-in-chief in the Balkans, officially reports that the Bulgarian have asked for a meeting to arrange the conditions of an armistice and eventual peace. The French Commander-in-chief replied refusing to suspend the operations, but saying he would receive duly qualified delegates of the Bulgarian Government.

King Ferdinand himself has not been above the suspicion of entertaining a like desire, although nominally he has been loyal to his Entente allies in act and utterance. In this connection the working of the Bulgarian to the Austrian peace note, with the readiness it expressed to accept President Wilson's principles for the settlement of the war, was held not to be without significance.

It will be noted that the news of the Bulgarian act comes from German sources, and while its accuracy as to the main fact of the offering of the armistice cannot be doubted, it may be questioned if it reflects accurately the state of affairs in Bulgaria, which accompanied and followed the offering. The fact that the counter-measures have been found necessary would appear to indicate that the Premier was supported on his act by internal forces, the participation of which would make it seem that what amounts to a revolutionary movement is in progress in the Bulgarian kingdom. Whether this would necessarily affect the dynasty may be doubtful, but the measures so far received do not warrant the drawing of definite conclusions.

At any rate it seems that the disorganized state of affairs at Sofia points either to the success of the armistice move or to the weakening of the Bulgarian morale to such an extent as to make it doubtful if the Bulgarians still will be able to put up a really effective defence against the threatened invasion of their soil in force by the Entente armies now sweeping the Bulgarian troops back in Serbia.

BRAKESHOE CO'S CASE DISMISSED WITH COSTS

Important Judgment Was Rendered
Yesterday in the Superior
Court By Mr. Justice Hutchinson

The action and demand of the Canadian Brakeshoe Company, Limited, against L. C. Hanna and Company, of Cleveland, Ohio, for damages amounting to \$47,774.01 was dismissed with costs, while the action of H. L. Hanna and Company against the Canadian Brakeshoe Company, Ltd., for the sum of \$816.99, in payment for iron shipped to the plaintiffs, together with interest at the rate of six per cent. per annum from February 28th, 1917, was upheld, the whole with costs, by Mr. Justice Hutchinson in the Superior Court yesterday. Thus two of the most important cases up for decision in the Superior Court were disposed of, but it is intimated that the Canadian Brakeshoe Company intend to appeal the initial decision.

The actions were the result of a transaction between the two companies for iron. The companies entered into an agreement on January 24th, 1916, whereby the Hanna company agreed to deliver 1,500 tons of iron as ordered in about equal monthly amounts prior to July 1st, 1916, terms cash in thirty days. However, no iron was ordered during that period, but later the Brakeshoe Company ordered some iron which was delivered, and again at a later date a further order was made for iron. The Hanna Company demanded payment of \$816.99 and when the payment was not forthcoming no iron was delivered.

Consequently the Brakeshoe Company took an action for damages, claiming that owing to the fact that their orders were not delivered they were forced to purchase iron from other sources, and as the price had advanced, they lost the amount of money used for in the action.

In rendering judgment, Mr. Justice Hutchinson pointed out that the following principle should apply to the contract entered into by the two companies, namely, if either party to such a contract breaks it in a material part, the other is absolved from performing his part, and the legal conclusion is that the non-payment of the debt of \$816.99 had the effect of dissolving this contract in its entirety.

UPHELD ACTION OF TORONTO POLICE

Military Officer Declared that
Constables Did Best They
Could During the Riots in
August Last.

(Canadian Press Despatch)
TORONTO, Sept. 27.—The full responsibility for directing the military pickets which were sent from Exhibition Camp to the scenes of rioting on the night of Friday, August 2, rested with the higher military authorities who were on the scene, and not on the junior officers of the military police, according to the opinion of Lieut. William Miller, deputy assistant provost marshal of the military police, who gave evidence at yesterday's session of the riot inquiry.

The evidence of Lieut. Miller consisted largely of a sweeping justification of the conduct of the police on both Friday and Saturday nights as he had seen it.

Major E. F. Osler, assistant provost marshal and head of the local military police, spoke of the impossibility of the military police placing soldiers under arrest.

Bombardment By the Huns.

(Canadian Press Despatch)
OTTAWA, Ont., Sept. 27.—Fred James, official correspondent with the Canadian Forces in the field, France, writes as follows:

During his recent visit to France His Majesty paid a special visit to the Canadian hospital at Doullens, which was deliberately bombed by the Huns a few months ago. The King had once before inspected the buildings, just before the Amiens retirement in March, and had congratulated the staff on the excellent work they were doing. His Majesty had specially admired the big operating theatre at that time, but on this visit found it a mass of charred ruins. From the lips of the commanding officer, the King heard the story of the outrage, and as he was leaving, the royal visitor paid a special visit to the sisters and doctors.

"By continuing your work of mercy after such a terrible experience, you have set an example to the whole world," His Majesty said.

MARSHAL HAIG REPORTS ATTACK ON WIDE FRONT

(Continued from page One)

15 miles east of Rheims, eastward through the Argonne forest to the Meuse river, northwest of Verdun.

In the first stages of the battle the Allied lines were pushed forward for material gains—that portion immediately northwest of Verdun held by the Americans to a depth of from five to six miles, and that of the French to the west nearly four miles at certain points, including the capture of the town of Servon.

Under the terrific bombardment preceding the commencement of the battle, the Germans hurriedly quit numerous positions, and into these the French and Americans went unimpeded. At last accounts the Allied attack was progressing favorably. Many French villages and German strong points had been captured.

Taken in conjunction with the Allied offensive which has materially bent back the German front in Flanders, Arras and Picardy and along the Aisne, the new drive of Marshal Poch in the south will bear important fruit if it meets with success. Driving northward the entire western battlefield would be shaken, and of necessity be compelled to readjust itself.

Lateral railway lines of great importance to the German positions between Lezon and Verdun lie directly in the path of the advancing Franco-American forces. Vouziers, an important railway junction on the main line from Lezon to Metz is about twelve miles north of Servon, which already is in the hands of the French.

The Americans, through the capture of Gercourt, northwest of Verdun, are in the Meuse valley, which leads northward to Sedan, and a little further west at Verennes have won the Aire valley, which winds northwesterly in the direction of Vouziers. A successful advance along these two valleys for any appreciable distance would be disastrous to the German lines from the North Sea to the Swiss frontier.

Around St. Quentin both the British and French armies have made further advances against the Germans and repulsed heavy counterattacks. In Flanders and also near Arras the British have advanced their fronts.

BOLSHEVIKI FORCES LED BY GERMANS

Czechs Army in Volga District
of Russia is Seriously En-
dangered By Large Enemy
Army.

(Canadian Press Despatch)

LONDON, Sept. 27.—The plans for the Bolshevik army on the Volga front, which seriously endangers the Czechs army in that region of Russia, call for 51 divisions, or a half million men. The army is constantly being reinforced by Germans and to a great extent it is led and instructed by Germans.

The reports indicate that while some of the Bolshevik personnel of this army have improved in value, a majority of the soldiers are comparatively worthless.

PROPRIETOR OF MOVIE THEATRE WAS FINED \$280

A Family Feud Was Aired in the
District Magistrate's Court This
Morning—Mr. Vallee Pleaded
Guilty on Seven Counts.

Moving picture theatres are undoubtedly finding it a rather expensive hobby keeping open on Sundays nowadays, for the Lord's Day Alliance are making a big drive against them. Mr. Vallee, proprietor of the Casino Theatre, was this morning condemned to pay fines totalling \$280 and costs on seven charges of keeping his theatre open on Sundays and thus breaking the Lord's Day Act. Originally nine charges had been made out against Mr. Vallee, but two of these were withdrawn by the complainants. Mr. Vallee pleaded guilty on all seven counts, and Judge Mulvena imposed the maximum penalty of \$40 and costs in every instance.

Hormelias Lacroix, of this city, was found guilty and fined \$100 and costs on a charge of operating a car while under the influence of liquor, while he also had his license cancelled.

The case of A. T. Labrie, who faces two charges of obtaining money under false pretences, was again adjourned today until tomorrow morning.

PARLIAMENT NOT LIKELY TO MEET BEFORE JANUARY
