*Directory of the dates
for the start of seeding,
seeding or planting
cut-off,
harvest completion and
start of coverage against frost
for applying the
Crop insurance program*

2009 CROP YEAR

TABLE OF CONTENTS

Note to the reader	3
Table 1: Dates for the individual system.....	4
Dates for the collective system.....	6
Table 2: Dates for harvest completion for strawberries (plant production) and blueberries, by service centre and sector.....	7
Table 3: Dates for beginning of the protection against frost (date 1), start of seeding or planting (date 2), end of seeding or planting (date 3) and end of harvest (date 4) for the market garden vegetal crop group (except perennials) by service centre and sector	8
Table 4: Description of service centres and sectors by Regional County Municipality (RCM) and parts of RCM.....	38

NOTE TO THE READER

This directory is a reference document to be used with the Crop Insurance Program. It is also mentioned in Annex C of the operational document stemming from the Canada-Québec Agreement. It lists the different dates for the start of seeding or planting, for seeding or planting cut-off, harvest completion and the start of coverage against frost. These dates are presented by crop groups, according to the individual and collective systems, and represent the dates that must be abided by, for the crops to which they apply, so that the crop insurance is in effect. Generally, the insurance goes into effect starting on the seeding or planting dates in the open field and ends, at the latest, at harvest completion. However, for market garden crops, insurance against frost starts at the date of coverage against frost, with a few exceptions.

The dates presented in this directory apply to all service centres (provincial date), except when otherwise indicated. In certain cases, the date listed may be effective for a service centre, sector or CHU (corn heat unit) zone. If there is no date listed, it means that no date applies.

Changes for the **2009** insurance year are indicated in bold.

Updated in December **2008**

TABLE 1
DATES FOR THE INDIVIDUAL SYSTEM

CROPS	START OF SEEDING OR PLANTING DATES	SEEDING OR PLANTING CUT-OFF DATES	HARVEST COMPLETION DATES	START OF COVERAGE DATES AGAINST FROST
GROUP 1: CEREALS, GRAIN CORN AND HIGH-PROTEIN CROPS				
Grain corn		June 1	November 15 for the Service Centres of Alma, Amos, Caplan, Lévis, Québec, Rimouski, Rivière-du-Loup, Saint-Georges and Sainte-Marie. <hr style="border-top: 1px dashed black;"/> November 25 for the Service Centres of Drummondville, Gatineau, Granby, La Prairie, L'Assomption, Nicolet, Saint-Eustache, Saint-Hyacinthe, Saint-Jean-sur-Richelieu, Sherbrooke, Trois-Rivières and Victoriaville.	
Soybeans and soybean seed	<u>Zones of:</u> Under 2600 CHUs 2600 CHUs or over	June 10 June 15	October 25 November 1	
Field beans		June 15	November 1	
Dried peas		June 15	October 15	
Safflower		July 1	October 1	
Wheat and wheat seed		June 1 for the Service Centres of Drummondville, Gatineau, Granby, La Prairie, L'Assomption, Nicolet, Saint-Eustache, Saint-Georges, Saint-Hyacinthe, Saint-Jean-sur-Richelieu, Sainte-Marie, Sherbrooke, Trois-Rivières and Victoriaville¹. <hr style="border-top: 1px dashed black;"/> June 5 for the Service Centres of Alma, Amos, Caplan, Lévis, Québec, Rimouski and Rivière-du-Loup¹.	October 10 for the Service Centres of Drummondville, Gatineau, Granby, La Prairie, L'Assomption, Nicolet, Saint-Eustache, Saint-Georges, Saint-Hyacinthe, Saint-Jean-sur-Richelieu, Sainte-Marie, Sherbrooke, Trois-Rivières and Victoriaville ¹ . <hr style="border-top: 1px dashed black;"/> October 25 for the Service Centres of Alma, Amos, Caplan, Lévis, Québec, Rimouski and Rivière-du-Loup ² .	
Oats, barley, oat seed and barley seed		June 15	idem wheat and wheat seed	
Canola	<u>Zones of:</u> Under 2600 CHUs 2 600 CHUs or over	June 10 June 1	October 15	
GROUP 2: SMALL FRUITS			See Table 2

TABLE 2
DATE OF HARVEST COMPLETION FOR STRAWBERRIES (PLANT PRODUCTION) AND
BLUEBERRIES, BY SERVICE CENTRE AND SECTOR

SERVICE CENTRE		RASPBERRIES (PRODUCTION OF CERTIFIED STOCK)	BLUEBERRIES
Rimouski (21)	Sector A	June 5	September 20
	Sector B	June 5	September 9
Rivière-du-Loup (22)	Sector A	June 5	September 20
	Sector B	June 5	September 9
Caplan (23)		June 5	September 24
Alma (26)		June 5	September 14
Lévis (28)		June 1	September 15
Sainte-Marie (30)		June 1	September 15
Saint-Georges (31)		June 1	September 15
Trois-Rivières (33)		May 25	September 19
Québec (34)		June 5	September 20
Sherbrooke (36)		May 25	September 15
Saint-Jean-sur-Richelieu (38)		May 15	September 24
Saint-Hyacinthe (41)		May 15	September 24
L'Assomption (43)		May 20	September 19
Saint-Eustache (44)		May 20	September 19
La Prairie (46)		May 15	September 24
Amos (49)	Sector A	June 5	September 12
	Sector B	June 5	September 1
Nicolet (52)		May 25	September 15
Victoriaville (53)		May 25	September 15
Granby (55)		May 15	September 24
Drummondville (56)		May 25	September 15
Gatineau (58)		May 25	September 15

The sectors are described in Table 4 by Regional Count Municipality (RCM) and parts of RCM.
For strawberries, the date listed is the harvest completion of the year following the insurance year.
