Many From Pontiac Join National Meeting

In January it was the Liberals; in February the farmers; but in March the Chateau Laurier in Ottawa definitely belonged to the Progressive Conservatives as they strolled drove or flew in depending on whether they came from Parliament Hill, the Ottawa Valley or the other ends of Canada.

Driving down from Pontiac County were Mrs. Gordon Gibbons of Portage, Jack Robinson and Miss Justine O'Connor of Quyon, Mrs. Donald Dods, Mrs. Lindsay Dale, Mrs. Robert Carswell and Mrs. Ken Morrison of Shawville; Frank Ladouceur of Charteris, Sid Sheppard of Ladysmith, Fay Johnston (MPP) of Otter Lake, Mrs. Amy Creighton, Mrs. Wilson Vibert, Edgar Allard, Andre Audet, Mr. Paul Martineau MP and Mrs. Martineau of Campbell's Bay, Lorrain Amyotte and Alfred Mrs. Douglas Campbell of Davidson and Leslie Kennedy of Chapeau.

They joined the Diefenbaker backers who thronged through the grand front hall, the grand ball room and numerous grand committee rooms. It was a grand convention altogether as it started on a grand day, St. Patrick's no less.

Real shamrocks from seed imported from Ireland were for the taking on every banquet table at the big banquet and shamrocks of paper ad-

Creamery Closing Next Saturday

On Hallowe'en's Day, 1959 the Shawville Creamery discontinued taking cream and on April Fools Day 1961 they will discontinue business altogether. In the interim they were receiving milk and manufacturing skim milk powder.

After April first this year milk producers can send their milk, presumably by means of haulers Eldon Morrison or Melvin Young, to Almonte which is 70 miles away. Producers Dairy, which also runs the Almonte plant, have put a price on the Shawville plant and anyone wishing to purchase it can be in contact with the divisional office in Ottawa.

Martin Black, the local manager in Shawville, has received instructions from this divisional office to close the plant down after work Saturday, April 1, and at press time today he has no definite plans for the future.

The price asked for the plant complete with machinery would discourage establishment of another creamery here but it is possible that the biulding could be bought for purposes of some other manufacturing process.

"Noah's Ark" and the Famous Bryson Cup

It was a radiant day of this wonderfully fine February when I called at the little brick schoolhouse of Radford which has been converted to a cozy home by Mr. and Mrs. Milton McGuire. They were family friends from our years in Portage when I also knew Mrs. McGuire's brother Cyrus Hodgins a salesman of Model T Fords.

Here was a vialant lady who had suffered two severe strokes

SPIES YET

That's just about the size of it when an industry is looking for a place to settle or a possible town for expansion. Mayor Simpson of Arnprior, speaking Tuesday evening to the Eastern Ontario Development Association told the story.

It seems that every now and then, for one reason or another, someone is looking for a place to locate a factory or other small or large business. The first thing they do is enquire around. When they get the names of a few places that sound likely they investigate and that's where the spying part comes in.

They send a representative into the area to spend a few days. Nobody knows what he is there for — most suppose he is just a strange new salesman or visiting somebody they don't know.

The stranger then goes to all the taverns, the lunch counters, the barbers, uses all the taxis, drifts into conversation wherever a group is gathered.

Do you know what he is looking for? Signs of discontent among the townspeople. Are they satisfied with their municipal government? Do they like their town officials — policeman, tax valuators, building inspectors? Are they getting along with neighboring towns? Do the workers generally enjoy their jobs? Do employers and employees have a good word for eachother?

Nobody wants to settle a lot of capital and investment in an unhappy environment. If people gripe, if townspeople don't like eachother, they likely won't like strangers either.

If the people support their home teams, show pride in their town's development, but at home and respect their ministers, teachers and doctors they are good people to move in with.

That's what Mayor Simpson of Arnprior said.

The Gold Cord For Mary Ann

About 10 guests enjoyed the annual Mother and Daughter Brownie and Guide banquet at the Anglican Church Hall on Tuesday, March 21. Rev. Rowe pronounced the Blessing and toast to the Queen was offered by Brenda Hodgins. Mrs. Don Hummell President of the Mothers Association presided. Head table guests were Rev. Rowe; Mrs. Hope Hoey, Dollard area Commissioner of Guides of Baie D'Urfée, Mrs. M. Brophy District Commissioner of Gatineau; Mrs. P. Pritchard, President of the Hull Mother's Guide Association & Mrs. M. Van Zant also of Hull; Mrs. F. I. Rice, W. I. representative; Mrs. Nancy Alexander, Cub Leader; Messrs Ron Richardson and Clarence Sparling Scout Masters; Mr. Alex Mucha, Mr. Allan Black and Mrs. Hummell.

Miss Janet Hummel proposed a toast to the Mother's to which Mrs. Reuben Smith responded. Rev. Rowe welcomed the guests. Mrs. Rice presented a cheque to Mrs. Hummel to be given to the Guide Mother's Association.

Mrs. Hoey invested Mrs. Brophy of Hull as District Commissioner. Mrs. Brophy in turn presented Miss Brenda Hodgins with the "All-Around Cords" the final award previous to the Gold cord. Brenda has been chosen as one of the 18 girls in the Province of Quebec who will attend an exchange camp this summer at Morin Heights, a camp which several American girls will also attend.

At this point Mrs Mac Hayes, Guide leader assisted Mrs. Hoey in the presentation of the Gold Cord to Miss Mary Ann Mucha for her completion of 4 years Guiding. Mary Ann is the first Guide in the Ottawa Valley Division to receive this award — the highest in Guiding. She is the daughter of Mr. and Mrs. Alex Mucha. In the absence of Mayor Orla Young, Allan Black presented Mary Ann with a silver inscribed spoon from the Village of Shawville as well as a congratudatory message. He also donated a cheque to the Guide Mother's Association from the town council.

The Brownies presented two skits under the leadership of Mrs. T. Lalonde and Mrs. Fay Young. The Guides held a sing song around a make believe camp fire on stage which was very effective, all the lights having been turned off. Miss Katie Elliott took coloured pictures with her movie camera and Miss Lucille Hodgins accompanied at the piano.

The success story of the season is the Historical Society. It seems everyone has contributed and Hosmer Turner is busy as all get out collecting pictures, family Bibles, manuscripts and household items which date back to the early settlers. All these objects are on loan and will be on display at the meeting in the High School on April 4.

Bill Luxton, who appears on Valley Weekly over Channel 13 with Rosaleen Dickson, began his broadcasting career with the British Armed Forces radio service in Germany, Egypt and North Africa. He also worked for radio in Port Arthur, Kingston, where he produced a talent show performed by inmates of the penitentiary (no — Bill wasn't an inmate). For this show Bill won a Canadian Radio Award in 1952. When TV started in Kingston, Bill was a program manager and MC'd a variety show of district talent. He's moving up to Ottawa with wife and two children and is fast becoming a favorite at CJOH.

Most of the crowd — about 85% — at the hockey game against Buckingham in Buckingham last night came from Shawville. Several carloads of Shawville fans were there from Ottawa and altogether it was Shawville's night. We know fans can't win a game but are convinced that they make a heck of a lot of difference to the boys on the ice. And the boys on the ice were great last night.

Did you ever wonder why those dentists and doctors who think fluorine would prevent tooth decay don't prescribe it for their patients? Or why since it would help children it isn't put into specially marked milk by the dairies, into frozen orange juice for children, or even pills in school? Wouldn't that make more sense than using the stuff to wash car. with, water lawns with, dc laundry in and mix drinks with? When they get it intc the city water at source even infants will get it in their formulas and the old folks will have to leave town to get a pure drink of water. Oh well, that's Ottawa's problem. It doesn't even rate an editorial here — just a grain of sand.

50th Anniversary For Harry Sharpes

Mr. and Mrs Harry Sharpe were honoured by their friends and neighbours on Saturday afternoon and evening on the occasion of their 50th wedding anniversary at Quyon.

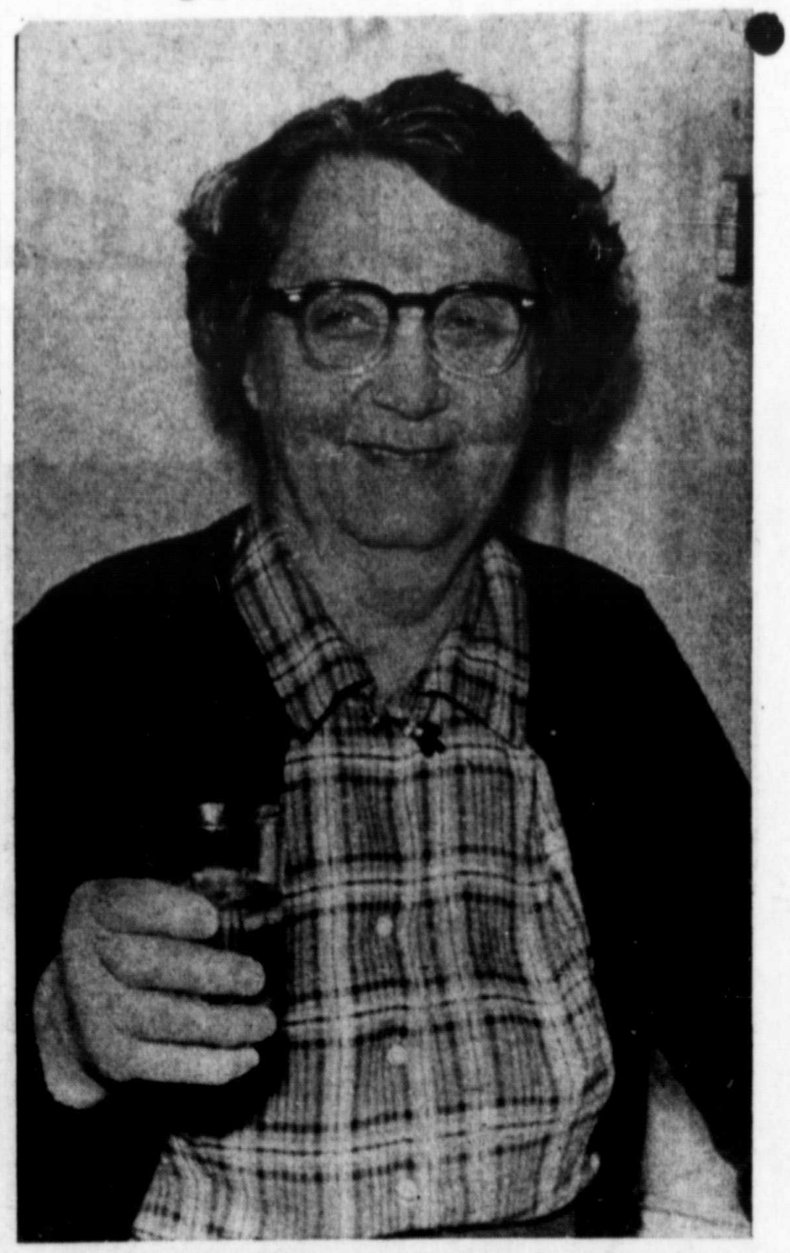

The day began with a family dinner at which Rev Mr. and Mrs Ellis of the Pentecostal Church, Shawville, were present. Rev. Ellis proposed a toast to the couple after which Dugal spoke words of appreciation to his parents on behalf of the family.

Following the dinner, the family presented their parents with a 400 day clock. Guests were received during the afternoon and evening when the bride and groom of fifty years received many beautiful gifts and greetings.

Harry Sharp was married to the former Pearl Horner of Radford in Shawville on Mar. 14th, 1911 in the United Church Manse (then the Methodist Church). They came to reside on their farm at Caldwell where they lived until 2 years ago when they moved to Quyon. Mr. and Mrs. Sharpe had nine children, with six still living. They are Lennis of McKee, Que., Manson of Caldwell, Que., Elwood of Pembroke, Ont., Dugal of Temiskaming, Kenneth of Bellamy, Ont., and Morley of Quyon. They have 25 grand children and one great grand child.

Mr. and Mrs. Sharpe are both enjoying good health and are quite active about the home and community.

Healing water?

Mrs. August Rose, of R.R. 2 Shawville, has been a chronic sufferer from arthritis since she suddenly became a victim of the disease in September 1959. Since that time, right up to the beginning of February of this year, she has suffered continuous arthritic pain, as well as substantial loss of the use of her limbs.

As a consequence of the drought in this area, the Rose's were obliged, in January, to have 176' well drilled on their property. The well was completed on January 18, and recorded a water flow of 1200 gallons per hour. The water is relatively warm — 47 degrees; and even more unusual, is soft.

During the first week of February, Mrs. Rose realized that the arthritic pains she had been suffering for so long were lessening, and she was gradually regaining the use of her limbs. Soon she had no pain of any kind, and was able to get around reasonably well. For about one month now she has felt no need for painkilling medication of any kind and has "not even had an aspirin".

As Mrs. Rose says, it looks as though she may have achieved a cure from arthritis, and that if she has, it may be a direct result of drinking the water from the new well. She feels that it is too soon to say positively that she is cured; and that even if she is, it is not possible to state conclusively that the cure is attributable to the water. On the other hand, she has achieved at least temporary relief from arthritis, and the time of occurrence points quite strongly to the water as the source.

Seen above is Mrs. Rose seated in her roomy farm kitchen, drinking a glass of water from the new well. Mrs. Rose advises that she drinks about a quart of this water every day.

The water is being tested now but so far it is not known whether it contains any special ingredient. When tests are returned from the laboratories a further report will be published.

Caught in his shirt sleeves

At the song fest during the Quebec night part of the PC convention Paul Martineau is seen in a rare state of casual attire. Usually dressed impeccably Paul appeared in shirt sleeves, with French Canadian sash around his waist and neckerchief along with all other Quebec Members of Parliament. In the picture with Paul are Mrs. Gordon Gibbons, Jack Robertson and Mrs. Douglas Campbell, delegates to the convention. Equity Photo

Quebec Night At Convention

One of the gayer events at last weeks PC Convention was Saturdays luncheon sponsored by the Province of Quebec's 50 PC MP's, with Mde Sauve as guest of honor. The luncheon featured a septet of Quebec members who sang French - Canadian songs throughout the meal. They were joined with great gusto, by Honorable George Hees, Minister of Trade & Commerce who, in spite of the fact he had almost lost his voice by this, the third day of the convention, was able to make a significant contribution to the singing. He was particularly noteworthy in leading the septet and the entire group in singing Alouette.

All Quebec members and George Hees were clad in white shirts, neckerchiefs and ceintures flechees, the traditional sash worn by the Quebec snowshoers. A ceinture was presented by the Quebec MPs to the Prime Minister. Mr. Diefenbaker was unable to be present and the sash was received on his behalf by Hon. Leon Balcer and Hon Pierre Sevigny.

Mde Sauve, president of the Quebec Division of the Federal Progressive Conservative Association addressed the group in French.

KC Concert At Quyon

The grand St. Patricks Day show put on annually by the Knights of Columbus in Quyon took its usual form last Sunday. The crowd overflowed into every room in St. Mary's School. The St. Mary's Chorus sang beautifully. The singers and dancers and literally countless musicians each did their part to make things as good as always and perhaps even a little better than ever.

Lennox Gavan and Terrance Mulligan kept things going in good order and by some miracle there were enough Irish tunes and songs to go around this year with no duplication.

Mac Beattie and his Ottawa Valley Melodiers started the show rolling and Gilchrist's Irish step dancers wound things up and in between there was such a profusion of Pontiac talent it left one rather in spin.

Charlene Mulligan and Ron Bottril were just two of the Quyon performers whose dance and song were way out in front in excellance. Ottawa Valley's finest fiddlers were in fine fettle and numbered over twelve.

The Blue Mountain Boys gave a good professional show, the Sheenboro Boys were full of fun and highly entertaining, the Chapeau Square Dancers were a bit attraction—every one of them is talented — and George McKenney's dancing was smooth and grand altogether. To mention them all is impassible and these we haven't listed should not feel slighted — there wasn't a performer on stage Sunday night who didn't do a bang-up job.

Fort Coulonge

Dr. R. H. Rabb and Mrs. Rabb had his mother visiting them for a few days last week.

Mrs. Frances Carlson is spending some time visiting relatives and friends in Ottawa.

They played and danced

First to arrive for the K of C concert at Quyon last Sunday night and getting in a little jam session before the big show were youngsters Garry Cummings, Cal Cummings, Mel Daley, Frankie Bell, Elizabeth Dickson and David Foran. Equity Photo

"Noah's Ark"

(Continued from Page One)

which confined her now to a wheel-chair and yet could not lessen her amiable interest in everyone's welfare. She greeted me cordially while Milton was sprucing himself for a shopping trip to Shawville.

I asked her: "Can you tell me about the skating rink in Shawville that was called Noh's Ark."?

"Indeed yes. The old Noah's Ark was built where a barn now stands belonging to Mrs. Ad. Hodgins. It was built by my uncle James Hodgins in 1897 on the same style as the one now standing only it was shingled in place of tin. A few years after a man who owned adjoining land said the rink was on his line. So he sawed the side out of the building. Posts were put in to support it and that's how it got the nickname."

"Do you remember who built that first rink and how long was it used?"

"Yes it was built by Dick Finnegan, Frank Hodgins and Jim Eades. It was used until the new rink was built in 1910. Then Edward Hodgins of Yarm took it down and built a house with it."

"Is it so that Pontiac Hockey League games were played in the Noah's Ark rink from 1904 till 1910?"

"Yes, they started in 1904. Milton played goal for that team. He is the only one of the original players living now. We were married in 1905."

"Did you ever try to make him quit the game for fear of injuries?"

"My goodness, no. I cheered for him as a good goal-minder before we were married and I kept on cheering. Sure there was no insurance on players then."

Now Milton joined us and we got down to facts and figures on the introduction of organized hockey to Shawville. Somehow it followed the pattern of the start in Coulonge. Local men and youngsters who visited Canadian cities got the hockey "bug" and stirred up interest in the home town. All middle-aged men were not enthusiastic about the sport but enough of them were to encourage the youngsters with money to buy equipment and players' outfits.

Among the latter group was Milton's father John Alfred McGuire the propieter of a hotel that stood on the site presently occupied by McCredie's Service Station. In earlier years John Alfred McGuire had been by trade a tanner. When he had to dip his hands in the tanbark brew he had the habit, he said of wiping them in his hair. The result after years of this was a hirsute growth admirable to behold. Photographs prove his boast of a flowing beard 47 inches long and a moustache of 27 inches tip to tip.

Old timers may recall other ardent supporters of the game among whom was the jeweller George Donaldson whom Milton recalls. In connection with those early years of hockey he listed the family names of Shaw, Lester, Cowan, Shore, Hodgins, Smart, Ireland, White, Caldwell Turner Findlay and Tucker among others he might recall later.

I asked him: "What players formed the first team to play in the Pontiac Hockey League when it started in 1904 for the Bryson Cup?"

"Well, Claude Shaw played point, Heman ("Dinky") Lester, rover, and I was the goalie. Other positions I'm not sure of now but the players were also Art Shaw, Lorne Lester, Bill Cowan, Tom Shore, Lindon Hodgins, Ernie Smart, Reverend Ireland and Allan White."

"How long was the Bryson Cup a playing trophy?" I enquired.

"About 8 years I think. Each club won it once or twice until the season of 1912-13 when Fort Coulonge got permanent possession. After that the teams of Pontiac's Senior Hockey League competed for the Cahill Shield."

Since there has not been a Senior Hockey League in Pontiac for some ten or more years I was interested in seeing how that Cahill Shield had come through the hockey wars of nearly a half century. It is on display at Roland ("Ike") Rennick's shop in Shawville with a picture of the last hockey squad to win it.

The Cahill Shield is a beautifully wrought escutcheon in silver on maple whose central insigna is wreathed by miniature shields of the hockey clubs that won it. Among these I noticed "Coulonge 1913", "Campbell's Bay 1916", "Quyon 1929", "Shawville 1947". There are signs that some miniatures have been removed. The shield's maple has been split and repaired. A battered trophy which was and still is greatly treasured recalled to me the words of the late Bill Kenny of the Coulonge originals: "The Shield's decorations (and scars and bars) have the history of their own in the Pontiac".

PC Resolutions

(Continued from Page One)

orned the buttonholes of the men and hair of some of the ladies. Green was everywhere, including the ranks of various young PC's who naively hoped that their party would support their resolution against nuclear weapons for Canada.

What the party did resolve in the field of defense, is to carry on with nuclear weapons until world disarmament is achieved! Meanwhile they also approved the increased activity of the Government in the field of Civil Defence—training and equipping the regular and reserve forces and a campaign for public education for Civil Defence.

For the Department of Agriculture, the PC's convention recommends increased research into produce development and food processing; a food bank to provide food to food deficit members of the United Nations; a direct payment system for farm storage of grain; and to bring farm workers under unemployment insurance.

They further recommend the establishment of effective contacts with the People's Republic of China in the fields of disarmament and trade; a retirement age for senators; the adoption of a National flag "as soon as possible"; extension of the franchise and 'to all our Indian brethren the warmest welcome to political participation"; extension of and publicity for vocational and technical training; full disclosure to members of the use of union funds.

They propose a national fund to promote industry and encourage processing within Canada of our raw materials. They urge Canadians to buy Canadian goods whenever possible and Government Departments to give preference to goods of Canadian production.

Further research and assistance are requested on behalf of collieries and fisheries and a comprehensive contributory social security plan for all Canadians, with portable pensions.

They urge the elimination of discrimination and arbitrary powers in the Immigration Act. They propose tax policies designed to enable Canadians to build up their own savings — to increase domestic equity. Tax consideration is also proposed to help parents caring for retarded children in their own homes.

The Conventioneers asked the Government to make a civil service career attractive and rewarding with increased status and respect.

They request immediate steps to provide television for areas not now receiving it; to prevent propaganda and deception in broadcasting and to eliminate blasphemy and vulgarity.

These suggestions, proposals and recommendations, plumped out by pages of commendations for what the Government is now doing in every field, composed the resolutions of the Annual General Meeting as drawn up by a committee headed by Paul Martineau and adopted almost without change by the majority of the delegates at the convention.

Those who have kept copies of The Equity over the past few weeks will now have in their hands the desires of the Liberal opposition, the desire of the farmers and the desires of the Progressive Conservative delegates.

The desires overlap, of course, because people are people regardless of the badges on their lapels. Whether the Diefenbaker government will find it any easier to comply with the wishes of the Progressive Conservative Association than with those of the Canadian Federation of Agriculture remains to be seen. If they comply with any Liberal policies it will not likely be easily recognized as such.

John Diefenbaker is beyond all doubt the hero of the entire PC population. His return from the Commonwealth Conference in London was greeted with great pomp; the convention floor was almost vacated as delegates raced up the Hill to hear Diefenbaker give his homecoming report to Parliament; the banquet hall overflowed into extra dining rooms and corridors and droves were turned away to watch the Chief give his banquet talk over hotel room television sets. Even of those who were lucky enough to get seats for the big event, a large percentage couldn't see the head table and were provided with large and small screen reproductions of the goings on in the main hall, over a closed circuit channel. Ear phones translated Mr. Diefenbaker's speech into French for those who preferred to hear it that way.

St. Pat's Day At Bryson

Irelands Day of celebration in Bryson was held at Bryson Lodge Mar 17-18. The highlight of which was the dispensing of "Irish Mist" by the host and hostess Kevin and Vera O'Brien, to all who claimed Irish decent and that was everyone in a crowded house both nights.

Irish songs and dance made a very enjoyable program and the writer was reminded of a time in 1907 when Doctor Drummond of "Habitant Fame" was the main speaker at an Irish gathering in Cobalt, startled the gathering with a classic piece of poetry written by himself, two of the verses as follows.

What means this gathering tonight
What spirit moves along
The Crowded hall, and touching light
Each heart among the throng,
Awakes, as tho' a trumpet blast
Had sounded in their ears
The recollection of the past,
The memories of the years?

We've bowed beneath the chastening rod
We've had our griefs and pains,
But with them all, we still thank God
The blood is in our veins,
The ancient blood that knows no fear,
The stamp is on us set
And so however foes may jeer,
We're Irish yet? We're Irish yet.
And so passed the 17th of March in Bryson in 1961.

Lent VI

"I Believe"

I believe — in the Forgiveness of Sins.

Almost anyone who reads this short article could write a longer one, and most likely a better one, on this subject. This confession "I believe in the Forgiveness of Sins" is, or should be, an act of Worship. For it is God only who can forgive sin, and we profess to believe that He can and He does forgive.

In the old Testement there are many references to the truth that God desires His people to forsake sin and return to Him e. g. Jeremiah 3-:34. "For I will forgive their iniquity and their sin will I remember no more". See also Isa 55:6 and 7. "Let the unrighteous man return unto the Lord — for He will abundantly pardon." Isaiah, together with many of the Old Testament writers believed in the Forgiveness of sins.

In his very first chapter verse 18 he promises to those who return to God "Though your sins be as scarlet they shall be as white as snow". Many more such passages could be cited. But when we come to the New Testement we find that God does more than call men to return to Him.

He sends His son to seek and save the lost.

His will is that none should perish; and Jesus came to reveal the unspeakable and incomprehensible love of God for man; and to prove the way of Salvation from Sin. When the human heart is as lost in the wilderness of sin as a sheep in the wilderness; Jesus, the Good Shepherd, leaves the 90 and 9 and searches for the lost soul. Can God do more? His love for men was, and is so great, so sublime that He gave his only begotten Son, who gave Himself upon the Cross that our sins might be forgiven. This is gospel, the good news; that in the redemptive work of the Lord Jesus is the source of forgiveness. It is not of ourselves. "It is not of works lest any man should boast". The gift of God is eternal life through Jesus Christ our Lord". Rom 6:23.

And so almighty is the love of God that Paul cries out Rom 5:20 "where sin abounded grace did much more abound".

In his epistle John says "If we confess our sins, he is faithful and just to forgive our sins, and to cleanse us from all unrightiousness".

Forgiveness of Jesus

In the gospel of St. Mark, Chap 2:5 we read the most remarkable words that had ever been spoken by one man to another "Son, thy sins be forgiven thee". It is suggested that Jesus said these words to the paralytic because of the faith of the four friends who had brought him. But it is quite possible that Jesus saw something in the sick man of consciousness of sin and sorrow for it. Jesus saw that the spiritual need was greater than the physical — indeed it may have been that Jesus knew that the physical healing depended upon the spiritual healing, and so Jesus said to the sick man "Thy sins be forgiven".

Not a promise of a future blessing but an assurance of an accomplished fact.

It was an accepted ancient idea that suffering was the direct result of sin. Possibly Jesus knew this. Luke 13:1-5 would suggest this. In James 5:15 we have a similar thought.. An old Jewish writing declared "The sick man shall not arise from his bed until all his sins are forgiven". Probably the paralytie knew of the writing. If so we see the relavance of the assurance. Jesus gave the sick man. "Son, thy sins be forgiven" or "They have been forgiven" Jesus used the proper sequence: first the forgiveness of sins, the healing of the soul; then the healing of the body, "Take up thy bed and go home". All is well. Everything is alright.

Pontiacs Win Close Game Over Buckingham Aces

Finals Stand One to One Next Game Friday Night

A loss and a win is the story for the Pontiacs in the Citizen Shield finals as they went down 7-1 on Renfrew ice on Tuesday night and won 6-5 in overtime last night in Buckingham.

In Tuesday nights game Buckingham got off to a good start scoring two unanswered goals to give them the lead in the first In a fast clean period, no penalties were served.

Reversing the tables in the second, eight penalties were handed out and no goals scored.

The third period was fatal to the Pontiacs as the Buckingham Aces scored five times with Shawville answering only once with Paddy O'Donnell.

With the Pontiacs being a bit slack in the first game, the Aces showed they are no slouches and mean business. The Pontiacs proved this also in the second game as they took the rivals 6-5 in a ten minute overtime period.

The Pontiacs put the edge on Buckingham this time in the first period as they took a merry 2-0 lead. Both teams shared four illegalities with two a piece.

Buckingham cut down the Pontiacs lead by a point in the second to make the score 2-1 in favour of Shawville. 9 penalties were served with Buckingham taking five.

The third period was the tale teller. Buckingham came back early in the period to tie things up then move ahead by two goals. Things looked pretty grim as only six minutes of play remained. But the Pontiacs slogan is "never say die until the last whistle blows", and so they didn't, as Frank Finnigan tightened the Aces lead giving the Pontiacs new hope and then Paddy O'Donnell fired up the boys as he blockaded the game with less than a minute to play.

With a ten minute overtime period the Pontiacs came back strong and Gil Fraser broke the tie with a minute and five seconds of play. Royce Richardson came back again for the Pontiacs four minutes later to add his name to the sheet to give Shawville a two point lead but Phillip Fong came back two minutes later for the Aces.

At the sound of the siren Ronnie Thomas (goalie) was surrounded by his fellow team mates in appreciation for his fine duties between the posts.

With the series tied at one game apiece, the question is who will take the next game. Well the answer will be decided this Friday night in Renfrew with the game starting at 9:00. This final series is going to be tough on either side and should prove interesting.

Some of you may have wondered why big Dave Kelly was absent this last while. Well, we learned with a sorrowful heart that Dave had returned home to attend the funeral of his father but Dave is back now and it's good to have him out again.

Don't forget the game on Friday night in Renfrew at 9. Shawville vs Buckingham. 3rd game in the finals for the "Citizen Shield".

With The Curlers

It seems the end of the curling season is almost in sight. The women wound up their long schedule when Gladys Blacks team of Pat Harris, Shirley Paul and Joan Orr defeated Freda Tanner's team of Evelyn McCredie, Grace Nichols and Carol Rowat. Congratulations to two good teams! Results of the lower section will be announced next week when two sisters, skips Mary Kehoe and Janet Young will take to the ice.

Last Wednesday night, Don Dods team of Clarence Dean, Bill Riddell and Bill Horner defeated Dave Still's team of Watt Taylor, Don Paul and George Dale for the Pat Lid pins.

Friday night featured a St. Patrick's Party. Costumes were the style and everyone had a lot of fun. The idea of the game to be curled was to have the Irishmen play the Scotsmen, but on enquiring as to who played on what team we were advised to state that everyone curled "en masse". After all what would they do with the good English, French and curlers of other nationalities, who are members of the club? So everyone got an iron or two down the ice. And of course as we all know, there are only two kinds of people in the world anyhow — the Irish and those that wish they were Irish!

Getting the results of the game played Saturday night when Shawville entertained Petawawa was worse than pulling teeth Maybe not for Doc Hodgins but it sure was for this lady. After one visit and twelve phone calls, this much was revealed, so if anyone's name is omitted, or the information is a little shady, please forgive us.

Four teams of our men's club played host to Camp Petawawa teams. Shawville teams were Nellis Hodgins skip, Morley Hodgins, Watt Taylor and Jim O'Neill; Ronnie McCredie skip with Hewitt and Bob McCredie and Frank Finnigan; Ike Rennick, skip, with Bill Orr, Carson Hodgins and Doc Armitage and Martin Black skip, Cliff Garrison and Borden Hodgins; Borden had a little extra work to do as he also had to play lead in the absence of Doc Horner.

The important thing about the game was the fact that Shawville won but not one has been able to give us the score, but we know it was for a trophy. The trophy is for annual home and home total point competition. Anyhow they are going to pay a return visit to Petawawa at a later date and perhaps we shall be able to find that score.

Back again to last week's report of the Saturday Bonspiel in which Cliff Garrison's team won all three games. We were not informed of the most exciting part of it. They had a 7-ender. They had been counting 8 until their opponents took out one. What we want to know is where were the camerasé

By the way, an idea for next year— why doesn't someone suggest a bulletin board? I'm sure curler Percy B. would make one in short order. On it place only weekly newspaper clippings concerning your club and have someone snap tne occasional picture of some special feat of curling, a masquerade, the pretty girls serving tables at the bonspiels or even the gang around the piano. Hold over the special ones from year to year. I'm sure the Shawville members as welll as the visiting teams would enjoy viewing them. No? Oh well it was just an idea anyway.

This week sees the playing of a mixed bonspiel as the season begins and ends with one. Results later.

Martineau at EODA

The Ottawa Seaway Not a New Idea

Paul Martineau had to hurry back to the House Tuesday night to get in his nay vote in a non-cofidence motion. Naturally he wanted his vote recorded in support of the Diefenbaker Government and against the Liberal suggestion that the PC's were not facing up to the unenployment situation.

But that didn't prevent Paul from delivering a thoroughly prepared speech to the Eastern Ontario Development Association on the timely and exciting subject of the Ottawa Seaway.

The usual large attendance at this Zone 5 meeting was augmented by two tables of visitors from Paul's own Pontiac County including Mayor Madore of Rapides des Joachims who drove a total of 300 miles for the occasion.

Long a dream of Ottawa Valley people, the project has now reached the stage where a double survey is being undertaken by the Departments of Public Works and Transport.

Works are investigating from an engineering point of view and Transport is studying the economics of the proposition. Can it be done and what will be the benefits are the questions which will be answered.

The idea isn't a new one. Paul told a bit of the history of the dream of an open seaway to Georgian Bay dating back to 1811 when the Duke of Kent favored the plan, after explorers, coureurs de bois and missionaries had been using the route with portages for two centuries.

The Ottawa then was a great artery of communication as it had been for the indians for time beyond record.

By 1856 arguments for the opening of a Georgian Bay route were being set forth in pamphlets mostly concerned with military expedience.

Sir John A. MacDonald thought it would be a sure thing after the capital was settled at Ottawa.

A resolution was introduced into the House of Parliament in 1847 to get started on the seaway and in 1894 the Georgian Bay Canal Company was formed to raise funds to get a seaway charter.

By 1904 a full scale survey was authorized by the Dominion Government. In 1909 a report was tabled in the House of Commons declaring the project feasible from an engineering standpoint. A system of 27 locks would open 440 miles at an estimated cost of a hundred million dollars.

In 1909 the Georgian Bay Company also reported on their survey with an estimated cost of a hundred and fifty million. They felt the cost could be born by the traffic expected at an estimated 16 million tons in 1909 and vast increases later.

The feasibility surveys now being done reveal certain problems where low bridges now exist such as St. Anne de Bellevue, Hawkesbury and Ottawa. Also dredging will be necessary at shallow places and canalization around other structures. With port installations at Ottawa and Hull as well as at Mattawa, it has been estimated now again that it would cost $100 million.

The reports of these surveys can be expected probably in several months after which a more detailed engineering survey would have to be made. Then, if Parliament is in session, they may be approached for further action.

Paul Couldn't wait to hear the full measure of thanks proffered by members of the the EODA as he did have to dash to Parliament to come to the aid of his party, but thanks were long and hearty and applause was to be heard after the speaker was outside the building.

P. S. The non-confidence vote was defeated.

In Memoriam

CAVENDER — In fond and loving memory of my father Rev. I. E. Cavender who passed away, March 27, 1960.
Gone dear father, gone forever,
How we miss your smiling face;
But you left us to remember
None on earth can take your place.
A happy home we once enjoyed
How sweet the memory still,
But death has left a loneliness
The world can never fill.
You faced your pain with courage,
Your spirit did not bend.
You tried so hard to stay with us
Until the very end.
With farewells left unspoken
Your fight was all in vain,
God took you to His loving home
And freed you from all pain.
—Vivian, Ross & Jeanie. b

DOHERTY — In loving memory of a dear mother and grandmother Mrs Neil Doherty who passed away March 22, 1952.
Our lips cannot tell how we miss her
Our hearts cannot tell what to say
God alone knows how we miss her
In a home that is lonesome today.
