

A WRECKED CREW'S STORY.

CLINGING TO A RIGGING, STARVED AND FROZEN, AND PASSED BY A STEAMER.

A tale of pitiful suffering at sea is told by Captain James Hazelton, Mate Robert Lennon and four seamen, com- posing the crew of the schooner Jacob Kienzle, which was wrecked off Cape Henry, in the gale of last Wednesday night. The wrecked seamen arrived in this city on Monday night from Baltimore. The story they tell is as follows:—The Jacob Kienzle, which was built in Bridgeton, N. J., in 1864, was bound from New Orleans to this port with a cargo of lumber. She was owned by J. Hulm, of this city. On Wednesday, off Cape Henry, she encountered a fierce gale and heavy seas. Her timbers started, she began to leak badly, and before long she became water-logged. The boats were destroyed in the effort to launch them. The crew remained at the pumps during the night, but were unable to keep the water from gaining on them. Early on Thursday the vessel had sunk almost to the water's edge, and the crew were obliged to take to the rigging.

THEIR SUFFERING THEN BECAME INTENSE. The sea was running high and a fierce wind swept down upon them, freezing the spray with which they were drenched. About ten o'clock in the morning, Captain Hazelton says, within an hour after they had been compelled to take to the rigging, a steamship, bound north, hove in sight. To the great joy of the shipwrecked seamen they perceived that the steamer's course must lead her close to the wreck. They watched her with straining eyes. Closer and closer the steamer drew until she was nearly abreast of the schooner, barely half a mile away. Then the men on the wreck made signals of distress. Still, anxiously as they watched, they could see no sign of an intention on the steamer's part to alter her course. The shipwrecked sailors shouted for help. They repeated their cry again and again, and still the steamer kept on. In a few minutes she was far distant from the wreck. With the energy of despair the six unfortunate men kept up their signals, but the steamer drew rapidly further away, until

FINALLY SHE DISAPPEARED. Throughout the day and the following night the shipwrecked men clung to the rigging, cold and half starved. Hourly they expected to feel the waterlogged vessel beneath them settle and sink. They encouraged each other, however, and determined to maintain a brave front to the last. Friday morning dawned, cold and clear, with no relief in sight. They felt that the end was very near. Shortly before noon, however, a steamer came in sight. She quickly espied the wreck and at once altered her course. Half mad with joy, the shipwrecked sailors saw the captain on the bridge superintending the lowering of his life boat. In a short time the crew of the "Kienzle" were taken from the rigging. They were all severely frost-bitten. Once on board the steamer they received every attention. The rescuing vessel proved to be the British ship "Montmore," bound to Baltimore. The schooner went to the bottom within twenty minutes after the rescue.—New York Herald

SUSPENDED ANIMATION.

PITTSBURG, Pa., March 16.—A wonderful case of suspended animation is reported from Egypt, Venango county. The subject is an 8-year-old boy, who has lived and died every day during the last month. From sunrise to sunset he enjoys good health, and romps round like all children of his age, but dusk he becomes entirely unconscious and remains so until morning. Physicians are sorely puzzled at the case. One said: "I pricked him with a pin and applied a galvanic battery to his most sensitive parts, but without creating the least impression. I forcibly raised one of the arms and it remained in an upright position. The members were like wax, and were covered with indentations which I made with my fingers." The child had just recovered from whooping cough when this strange affliction came upon him. It is supposed to take him to New York, where he will be examined by the most eminent physicians in the country.

FANATICISM IN SPAIN.

CONFLICT OF RELIGIOUS AUTHORITIES OVER A DEAD CHILD—THE BODY STOLEN AND BURIED BY A JUDGE'S ORDER.

El Globo publishes a letter from Mr. Gulick, a most respectable Protestant Pastor in the North of Spain, relating a scandalous case of fanaticism in the Basque village of Olazagaltia, in the heart of the Carlist country. During four days a Protestant child remained without burial, because its father declined to let the parish authorities bury it with Catholic rites. The father appealed to the Governor of Pamplona, who instantly ordered the interment in the part of the cemetery allotted to dissenters. The District Judge, however, after consulting the Bishop of Pamplona, gave different instructions to the village Mayor. Accompanied by a crowd of peasants shouting against the Protestants, his worship arrived at the house, and, on the renewed refusal of the father to permit the Catholic service to be used, the Mayor and the civic Guards entered the house, carried the body away by force, and buried it with Catholic ceremonial in the Catholic part of the cemetery. Pastor Gulick writes that the Governor of Pamplona has promised to take steps against the Judge who gave the Mayor a warrant to violate the domicile of a Protestant family, and probably a fresh burial will be allowed at the request of the father.—Madrid Dispatch to the London Standard.

NEW FACTS ABOUT PALESTINE.

(Fall M. Gazette.) Prof. Hull, who has returned with his party, brings with him materials for the construction of a geological map of the Holy Land very much in advance of anything which could hitherto be attempted. The Professor is of opinion that at the time of the exodus there was a continuous connection of the Mediterranean and the Red Sea. As regards the Dead Sea, he has discovered that it formerly stood at an elevation of 1,400 feet above its present level—that is to say, 150 feet above the level of the Mediterranean sea. The history of this gradual lowering of the waters will form Prof. Hull's forthcoming report. He has also found evidence of a chain of ancient lakes in the Sinaitic district, and of another chain in the centre of the Wady Arabah, not far from the watershed. The terraces of the Jordan have been examined, the most important one being 600 feet above the present surface of the Dead Sea. Sections have been carried east and west across the Arabah and Jordan Valley. Two traverses of Palestine have also been made from the Mediterranean to the Jordan. Prof. Hull has in hand, besides his scientific report, a popular account of his journey which will first appear in the transactions of the society.

A PRACTICAL JOKE'S FATAL END.

NEWARK, March 17.—Rollie Coleman, aged 10, son of Prof. Coleman, died yesterday after undergoing an operation to extract a lead pencil which had been held perpendicularly under him as he was sitting down by a fellow pupil in a public school.

FOR SOME TIME PAST the employees of the Montreal Postoffice have been clamouring for increased pay, and it is supposed that a fund has been raised by them for the purpose of "chartering" a certain politician and member of Parliament, who, it is alleged, has promised to have the Civil Service Act amended so as to dispense with examinations for promotion, and also to induce the Government to make a general increase of the salaries of the officials in question. Why a special fund should be raised to promote such an object is not very clear, but still it is stated on excellent authority.

HARD TO BELIEVE.

It is hard to believe that a man was cured of a Kidney disease after his body was swollen as big as a barrel and he had been given up as incurable and lay at death's door. Yet such a cure was accomplished by Kidney-Wort in the person of M. M. Doreaux, of Iona, Mich., who says: "After thirteen of the best doctors in Detroit had given me up, I was cured by Kidney-Wort. I want every one to know what boon it is."

THE CANADIAN PACIFIC RAILWAY COMPANY.

LAND REGULATIONS.

The Company offer lands within the Railway Belt along the main line, and in Southern Manitoba, at prices ranging from \$2.50 PER ACRE upwards, with conditions requiring cultivation. A rebate for cultivation of from \$1.25 to \$3.50 per acre, according to price paid for the land, allowed on certain conditions. The Company also offer lands Without Conditions of Settlement or Cultivation. THE RESERVED SECTIONS Along the Main Line, i.e., the odd numbered Sections within one mile of the Railroad, are now offered for sale on advantageous terms, to parties prepared to undertake their immediate cultivation. TERMS OF PAYMENT: Purchasers may pay one-sixth in cash, and the balance in five annual instalments, with interest at 10 PER CENT. per annum, payable in advance. Parties purchasing without conditions of cultivation, will receive a Deed of Conveyance at time of purchase, if payment is made in full. Payments may be made in LAND GRANT BONDS, which will be accepted at ten per cent. premium on their par value and acc used interest. These Bonds can be obtained on application at the Bank of Montreal, Montreal; or any of its agencies. FOR PRICES AND CONDITIONS OF SALE and all information with respect to the purchase of Lands, apply to JOHN H. McFAVISH, Land Commissioner, Winnipeg. By order of the Board. CHARLES DRINKWATER, Secretary. Montreal, December, 1883. January 24, 1884. 3m-2aw

LIEBIG COMPANY'S EXTRACT OF MEAT

FINEST AND CHEAPEST MEAT-FLAVOURING STOCK FOR SOUPS, MADE DISHES & SAUCES. CAUTION.—Genuine ONLY with fac-simile of Baron Liebig's Signature in Blue Ink across Label. This Caution is necessary owing to various cheap and inferior substitutes being in the Market.

KIDNEY-WORT

THE SURE CURE FOR KIDNEY DISEASES, LIVER COMPLAINTS, CONSTIPATION, PILES, AND BLOOD DISEASES.

PHYSICIANS ENDORSE IT HEARTILY.

"Kidney-Wort is the most successful remedy I ever used." Dr. P. C. Ballou, Monkton, Vt.
"Kidney-Wort is always reliable." Dr. E. N. Clark, So. Hero, Vt.
"Kidney-Wort has cured my wife after two years suffering." Dr. C. M. Summerlin, Sun Hill, Ga.

IN THOUSANDS OF CASES it has cured where all else had failed. It is mild, but efficient, CERTAIN IN ITS ACTION, but harmless in all cases. It cleanses the Blood and Strengthens and gives New Life to all the important organs of the body. The natural action of the Kidneys is restored. The Liver is cleansed of all disease, and the Bowels move freely and healthfully. In this way the worst diseases are eradicated from the system.

PRICE, \$1.00 LIQUID OR DRY, SOLD BY DRUGGISTS. Dry can be sent by mail. WELLS, RICHARDSON & CO., Burlington, Vt.

GRAND TRUNK RAILWAY

Trains run by Montreal time. Trains connect at St. Ambrose with stages for Indian Lorette, at Valcartier Station with stage for Valcartier Village, and at St. Gabriel with the new road for the River aux Pins settlements. SINGLE FARE Return Tickets on Saturdays Freight received after 3.00 p.m. not forwarded until next day. J. G. SCOTT, Ticket Agent Sec & Manager, Oct. 1st, 1883 Commercial Chambers

GRAND TRUNK RAILWAY

Important Preliminary Notice. SEASON 1884. Intending settlers from Canada are hereby notified that this Company will do. Exceptionally Low Rates and "Rates" VINNESOTA, DAKOTA, MONTANA AND THE NORTH-WEST AND BRITISH COLUMBIA. Commencing about March 1st, a series of special settlers' trains will be started to various different sections of the country. Notice regarding dates, rates and fares will shortly be issued. JOSEPH HICKSON, General Mgr. Montreal, 14th January. January 16, 1884.

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Itches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood. To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases. A Recent Cure of Scrofulous Sores. "Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, MRS. ANN O'BRIAN, 148 Sullivan St., New York, June 24, 1882. All persons interested are invited to call on Mrs. O'Brien; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge. The well-known writer on the Boston Herald, B. W. BALL, of Rochester, N.H., writes, June 7, 1882: "Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a complete cure. I consider it a magnificent remedy for all blood diseases." It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; price \$1, six bottles for \$5.

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Eczema, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality. It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; price \$1, six bottles for \$5.

NORTH SHORE RAILWAY

COMMENCING ON MONDAY, SEPT. 17th 1883. Trains will run as follows:

	Mail.	Express	
Leave Montreal for Quebec			4.00
Arrive at Quebec	3.00 PM	10.00 PM	
Leave Quebec for Montreal	9.50 PM	6.30 AM	4.00
Arrive at Montreal	9.15 AM	10.00 PM	10.40 P
Leave Quebec for Three Rivers	4.05 PM	6.30 AM	4.90
Arrive at Three Rivers			10.35 P M
Leave Three Rivers for Quebec			3.15 AM
Arrive at Quebec			8.40 AM
Leave Montreal for St. Felix de Valois			5.15 PM

All Trains run by Montreal Time. In connection with the Grand Trunk and Canada Atlantic Railways. GENERAL OFFICES—QUEBEC: Opposite St. Lou's Hotel, Quebec. 141 St. James Street MONTRÉAL Windsor Hotel. W. WAINWRIGHT, General Manager. A. DAVIS, Superintendent. Sept. 15, 1883.

DESTROYER OF HAIR

Alex. Ross' Dépilat. Removes hair from the face, neck and arms without injury. Price \$1; sent securely packed from England by post. Alex. Ross' HAIR DYE produces either very light or very dark colors. His Spanish Fly Oil or Oil of Cantharides produces whiskers or hair on the head. His Skin Tightener is a liquid for removing furrows and crow's feet marks under the eyes. His Bleom of Rose or excessive palor, and his Liquid for black specks on the face are each sold at \$1, or sent by Post for Post Office Order. The Nose Machine, for pressing the cartilage of the nose into shape, and the Ear Machine for outstanding ears are sold at \$2, or sent for Post Office Order. Letters invited sent through one of our Agents, Medical Hall, Upper Town Market Place Quebec, or direct from ALEX. ROSS, 11 Lamb's C. B. Holborn E.

ADVERTISERS IN ENGLAND... The Mercury from 1805 in the Reading Room of the British Museum, Great Russell Street, W.C., London, England.

QUEBEC MERCURY.

FRIDAY EVENING, MARCH 21.

PROVINCIAL RIGHTS.

The present Dominion government seems bent upon encroaching, one by one, upon all the rights and privileges which mark our provincial autonomy. The first attack upon provincial rights was made at the request of the very men, who are now calling out so lustily for provincial privileges, the conservatives represented by the Canadian. They induced Sir John Macdonald to strain the constitution, in order to satisfy their blind rage and hatred against the late Honorable Mr. LeTallier. The liberal press pointed out at the time, that it was an infringement upon provincial autonomy. These gentlemen refused to hear the protest, and Sir John Macdonald, who has steadily kept in view the establishment of a Legislative Union, was quite willing to humour them in their efforts to secure their own ruin.

The French Canadian Conservatives persecuted the late Lieutenant Governor LeTallier into his grave; but they are now reaping the reward their unlawful and unmanly course so richly deserves. They find themselves today, face to face with the loss of their provincial institutions. Since the day on which, skulking behind the name of the Marquis of Lorne, Sir John Macdonald delivered the first blow at Provincial authority, which proved so fatal to Mr. LeTallier, the aggressions have been following quickly. Essentially provincial acts have been unscrupulously disallowed in Ontario and Manitoba, the license laws of the various provinces have been overriden, some 2000 miles of railway built by the Province of Ontario have been confiscated under the plea that they are national, and now Nova Scotia has been given a member by act of Parliament. Ontario, of course, is the Province which has been the most ill-used, because there is no man whom Sir John detests more cordially than "that little tyrant Mowat." But, except perhaps peculiarly, Ontario would have nothing to lose by a legislative union. The Province, which affects to dread such a change in the constitution is the Province of Quebec. The French Canadians pretend to fear for the safety of their laws, their institutions, and their customs under a legislative union, and they have apparently just awakened to the fact that their old friend, Sir John A. Macdonald, whom they have kept in power—in spite of the dearly enough expressed wish of his own men,—for something over a quarter of a century, is the man of all others who is the most determined to bring about that union. We will see what they will do now. On the license question they have been unceremoniously whipped into line, as well as on the question of making Sir Charles Tupper member for Cumberland by act of Parliament. It is an open secret today that their adhesion to both measures was secured by a threat to withhold from the Province \$12,000 a mile bonus for the Q.M.O. & O. Railway. For our part, we have never been able to understand what good grounds our fellow countrymen of different origin have for so much fearing Legislative Union; but if they really believe one half of what they say on the subject, then is the yielding to the Dominion authorities on so important a question as the license law, for a consideration of \$4,000,000 in cash, as flagrant a case as we have ever heard of, of the selling of a birth-right for a mess of pottage.

THE FRENCH IN AMERICA

LECTURE BY MR. LEGENDRE IN THE INSTITUT CANADIEN.

Mr. Legendre delivered last evening before a very large and appreciative audience at the Institut Canadien, comprising the elite of our French and English society, a lecture which was without exception one of the best it has been our good fortune to listen to this season. The subject chosen was "La Race Francaise en Amerique," which he dealt with in his usual masterly style. He described the first establishment of the French in this country as far back as 1688 and the progress of the French population since that period up to the last thirty years. In speaking of the various political evolutions that have taken place in this country, he dealt with his usual delicacy of sentiment and expression, the different phases through which the French race have passed from the position of conquerors to that of vanquished. His allusions to the different English governors who have had supreme control of our colonial government, were impartial and though tinged with a slight criticism did not in any manner disparage the kind patriotic spirit of the tout ensemble of the lecture. We must congratulate Mr. Legendre, on the fairness he showed in his history of his compatriots and hope that he will soon again give us another similar treat. The study of Mr. Parkman's beautiful and romantic sketches on Canadian life under the French regime will, no doubt, enable him to enter more fully into the interesting details of the life of his French ancestors on a future occasion. Mr. Adjutor Turotte, the President of "L'Institut Canadien," in well chosen language, thanked the lecturer in the name of the audience and of the Institute.

MORRIN COLLEGE.

SUPPER BY THE GRADUATES LAST EVENING.

As usual at the close of their collegiate term the students of Morrin College held high festival last evening. The hall was very tastefully decorated. The chair was taken by Rev. Dr. Weir. The galleries were filled with ladies. The toasts were interspersed with songs and music, very ably led by Mr. Calvert. The toasts were as follows:—The Queen, "God Save the Queen" by the orchestra; Canada and the Governor General, "Canadian National Anthem." The Army and Navy was responded to by Sgt Major Walters of A Battery, followed by a song by the Morrin College Glee Club. The Principal and Professors, was responded to by Messrs Matthews, Harper and Weir. McGill, Our Alma Mater, was the next toast and Mr Calder, of Montreal, replied very happily. The Sister University was responded to by Mr. Nightingale of Bishop's College, Lennoxville. The Debating Society found a valiant defender in Mr Norman McLeod, B.A., and the Glee Club in Mr. Calvert, M.A., who discoursed wondrously and eloquently on music, poetry and song. To the Graduating Class Mr. J. A. Ferguson responded feelingly. The Under Graduates was responded to by Mr. Silver and Mr. Rivard in two amusing speeches. "Our Guests" was replied to by Rev. R. Ker and Mr. De La Coura, Spanish Chancellor. Messrs. Stewart, Lavasseur and Cary responded to the Pres., and The Ladies were gallantly supported by Mr. N. Rolph and Mr. H. Campbell. The pleasant gathering broke up about 12 o'clock with the singing of Auld Lang Syne.

MONTMORENCY SAW MILLS CLOSED.

That extensive milling establishment known as the Montmorency mills is, we hear, shut down and will remain closed during the coming season. Such an occurrence has hitherto been unknown. It will be a very heavy loss to the trade and a great number of people will thereby be thrown out of employment. Beauport will be a heavy sufferer in this respect.

ANOTHER SUBSIDY WANTED.

A deputation from Three Rivers has waited upon the Dominion Minister of Railways to urge that the Federal Government should grant a cash subsidy of \$2,200 a mile to wards the construction of a railway from that place northwards towards Lake St. John.

EXHIBITION OF PAINTINGS.

A large number of people visited the Pictures on loan at the Rooms of the Women's Christian Association which are well worthy of inspection. The Exhibition will be kept open for the remainder of the week.

THE COAL QUESTION.

Coal dealers and steamboat men here are getting up petitions to the Government against Mr. Costigan's bill, now before the House at Ottawa, on the weighing of coal.

SENECAL'S LATEST SCHEME.

A LINE OF STEAMERS FROM HAVRE, ERECTION OF WAREHOUSES, ETC.

From the synopsis of Mr. Senecal's enterprise published in Montreal, it appears he is getting up a company of French origin, with \$5,000,000 of capital, in order to put on a fleet of four steamers from Havre in the first place, and secondly to erect warehouses in Montreal, Quebec and Halifax, for grain from the West for export, to develop the resources of the lower St. Lawrence by making a fisheries depot between the island of Anticosti and the coast of Labrador, to convert Anticosti into a vast stockyard for cattle and swine for export, to establish manufactories for fertilizers from the refuse of fisheries along the coast, and to establish a service on the gulf for fish, cattle, fertilizers, wood and minerals.

TO FOLLOW MR MOUSSEAU

It is reported that Mr. Girouard M. P. for Jacques Cartier, whose resignation has been demanded by his constituents is soon to be appointed to a Superior Court judgeship.

TESTING ITS MERITS

So much has been said regarding the wonderful cures made through the aid of the spirometer, the invention of Dr. M. Souvielle, of Paris, ex-aidé surgeon of the French army, that many eminent physicians have been induced to investigate the instrument, and also the scientific standing of the International Throat and Lung Institute. All who have so investigated express themselves satisfied that the physicians comprising the staff of the institute are thoroughly qualified medical men, that patients receive the latest and most scientific treatment, and that the spirometer is really a valuable addition to medical science.

One very prominent physician said "If there is anything in inhalation it can be got out of the Spirometer. I am surprised at the powerful effects produced." Anyone suffering from Asthma, Bronchitis, Catarrh, Catarrhal Deafness, Consumption in its first stages, or Laryngitis, should consult the physicians of the institute personally and be examined; if not, write for list of questions and copy of "International News," published monthly. Physicians and sufferers can try the Spirometer free at the offices. Consultations free. Address M Souvielle & Co., International Throat and Lung Institute, 13 Phillips Square, Montreal, or 173 Church street, Toronto.

NEW ADVERTISEMENTS.

CANADA, Province of Quebec, Superior Court, District of Quebec, No. 1339. The eighteenth day of March, one thousand eight hundred and eighty-four. Joseph Whitehead and Richard Turner, both of the City of Quebec, in-rehabilitant partnership, and as such doing business in Quebec under the style and firm of Whitehead & Turner, Plaintiffs, vs. John O'Brien, heretofore of the City of Quebec, grocer, now of parts unknown, and absent from this Province, Defendant.

Seeing the petition presented on the part of the plain life, also the affidavits adduced, and the bailiff's return to the writ of summons in this cause issued, and it appearing that the defendant has left his domicile in the Province of Quebec, it is by the Prothonotary of the Superior Court for the District of Quebec ordered that, by two advertisements, to be published in the French language in the "Escrivain," a newspaper published in that language in the City of Quebec, and in the English language in the "Quebec Daily Mercury," a newspaper published in that language in the said City of Quebec, he, the defendant, be summoned to appear within two months from the date of the last of the said advertisements, to answer the plaintiff's demand, and that in default thereof the said plaintiff be allowed to proceed against him as in a case by default. A true copy. (Signed) ED. L. BURROUGHS, Dep. P. S. C. ED. C. E. GAUTHIER, Attorney for Plaintiffs. March 21, 1884.

ST. GEORGE'S SOCIETY.

A Quarterly General Meeting of the ST. GEORGE'S SOCIETY, for the Election of Members, for making arrangements in regard to the celebration of St. George's Day, and for general business, will be held at the Society's Rooms, Masonic Hall, on TUESDAY EVENING NEXT, 25th inst., at EIGHT o'clock Sharp. A full attendance is particularly requested.

A Special Meeting of the Committee of Management will be held immediately on the adjournment of the General Meeting, to arrange the details of the celebration of the National Anniversary. By order, T. INGLIS POSTON, Secretary. March 20, 1884.

AN EXHIBITION OF PICTURES

CANADIAN ARTISTS AND AMATEURS

Will be held at the Rooms of the Women's Christian Association

19th, 20th, and 21st March.

Several Pictures by well known Quebec Artists will be for sale. The Exhibition will be open each day from 10 A.M. to 6 P.M. Admission, 25 cents. N.B.—Contributors are requested to send their Pictures to the Rooms as early as possible on Monday, the 17th March, that the hanging may be accomplished in good time. The Pictures may be sent for again on Saturday, the 22nd instant. March 15, 1884.

HOUSE TO LET,

Containing Seven Rooms, well located. Suitable for a small family. Apply to TESSIER & DELAGE, Notaries. March 9, 1884.

THE MOUNT HERMON CEMETERY

NOTICE.
