Revenue Up, Expense Too Says Hughes

A sound financial position and the execution of major capital works were features of the annual report of the city of Westmount for the year 1953, copies of which were distributed this week by Tom Hughes, city manager.

Details of extended municipal services were recorded in the report and revealed that the city had been able to continue its essential services and even to extend them materially at several important points.

Higher fines have failed to solve the parking problem, the city manager reported, and overnight parking continues to be a problem. However a drop from 8,335 to 6,029 in the number of violations was reported.

There were 288 convictions for speeding. All 23 stolen cars were recovered, in addition to 14 stolen in other cities. The coroner investigated 26 sudden deaths during the year. There were five suicides. Fires caused a total damage of $50,554.

182 building and plumbing permits were issued for work valued at $2,594,620 of which $1,002,000 is not taxable. The valuation roll totals $84,994,909, of which $69,931,954 is taxable.

Snow removed from the streets totalled 84,850 cubic yards and 110,000 cubic yards were blown back of the sidewalks.

More than 30,000 people went to the spring flower show at the conservatory and 13,000 went to the annual fall chrysanthemum show. A total of 30,850 plants were grown for these shows.

Scouts, Cubs Demonstration On Wednesday

The first large scale demonstration by boy scouts and wolf cubs of the Westmount district will be held at the Westmount Athletic Grounds Wednesday, May 12 at 7 p.m.

The program includes a grand march under the leadership of the Montreal boy scouts band, while the Lakeshore pipe band will also be on hand.

The demonstration program includes artificial respiration, fire fighting, bridge building, trek cart demonstration, first aid and rope spinning.

Each troop of the local district will put on a demonstration. A similar schedule has been arranged for the cubs.

'Van Doos' Are Welcomed From Korea

More than 200 Montreal soldiers of the 3rd Battalion, Royal 22nd Regiment, received a welcome reserved for champions on the green playing field of the Westmount Athletic Grounds on Tuesday of this week.

The cheers of relatives and friends rose above the music of the band as the "Van Doos", look-

Residential Atmosphere Must Be Maintained Here Mayor Campbell Declares

Westmount must stand firm against the possibility of inroads by commercialism, and protect the atmosphere for which three generations have worked and sacrificed, Mayor Roy L. Campbell declared Tuesday night in an address to the Westmount Municipal Association.

Frank E. H. Gates was named president of the association at the election of officers, and other officials named were: W. C. Beamer, and N. E. Kendrick, vice-presidents and W. E. Black, secretary-treasurer.

In his address Mayor Campbell pointed to the need for a more equitable distribution of provincial taxes to aid municipalities. Municipalities, he said, are burdened with taxes but treated like "poor relations".

Mayor Campbell referred to two projected metropolitan arterial works — the harbor expressway and the trans-island boulevard — in which Westmount will share the cost.

The city's share of the cost of the boulevard would be approximately $700 000. Westmount is committed to $605,000 share in the St. Pierre sewer and a $102,000 share in the Meilleur Atlantic sewer.

Mayor Campbell said the city has a two-fold traffic responsibility: To make the streets available and safe for its citizens and to provide congestion-free thoroughfares.

"The impact of increasing traffic suggests widening certain streets and modification of building bylaws to provide parking facilities," he continued.

Experts of the CNR have informed the city their population forecast for the Lakeshore area in the next 2 years is 600,000.

A large volume of the westward traffic created will by this increase be handled by the projected boulevard and expressway, he predicted, but daily vehicle traffic through Westmount will be increased by thousands.

Widening Dorchester street and the extension of St. Luc street will bring unwelcome traffic to the city's doorstep and will stimulate unwanted commercial development, he predicted.

The mayor stressed the council's policy is to protect Westmount as a residential area. He hinted at concessions to the growing commercialism that will have to be made — commercialization

Local Baptists Annual Meeting Held Wednesday

Preceded by a congregational supper, the annual meeting of Westmount Baptist Church was held Wednesday evening. Dr. J. A. Johnston, minister, was assisted by George Adam, chairman of the Deacons Board in the conduction of the meeting.

Following a brief devotional period, reports were presented by the minister, choir director, church clerk, roll secretary, superintendent of the Bible school and representatives of the boards of deacons, deaconesses and trustees. Reviews of the past year were submitted by the Young Peoples Union, the Women's Association, the Missionary organizations and the various Church Committees. A year of sustained activity and substantial progress was reflected in most reports.

The consolidated financial statement presented by Mr. F. E. Dufty, Church Treasurer, showed disbursements of $20,282 for general and local work and $17,374 for Missions and benevolences. Outstanding in this latter category was the sum of $4,500 for the work of the Baptist Church Extension Board of the Province of Quebec.

The following were elected to the three boards of the Church: Board of Deacons for three years — Messrs. George Adam, H. E. Hinds, C. N. Morman; Board of Deaconnesses for three years — Mrs. A. E. Fisher, Miss Joyce Hayward, Mrs. E. Small; Board of Trustees for three years — Messrs. A. E. Smith, G. R. Lee.

Purple 'N White REVIEW

by Gord Wasserman

The die is cast. The elections have been held, you have made your choice and your officers for the next year have been elected. We hope that the choice has been a judicious one and that next year's Council will try its best to provide whatever is lacking in our school life. After a presidential campaign which surpassed many a previous one, **John Lochead** emerged as your new leader. We hope that all of you will get behind **John** and help him to carry on the task to which he has been assigned. Although this column went to press before the election of the Secretary and treasurer, we are sure that your choice for those positions had been given serious thought and that the new officers will form a capable group. Best of luck to **John Lochead** and his executive for a very successful year. Much can be accomplished in our school.

The crowd in the bleachers swarmed en masse towards the troops lined up on the field as the military and civic dignitaries finished their short speeches of welcome.

There were tender scenes of family reunions, and tears of happiness. But each returning soldier, and every family had their own particular reasons for joyous reunion.

The Montreal personnel of the 3rd Battalion returned home with the entire Battalion. A homecoming reception for the remainder of the 700-strong force was held in Quebec City last night.

During the last four months of warfare in Korea, the battalion saw action under the command of Lt.-Col. "Tony" Poulin. It has since been part of the force keeping guard over the unsettled peace.

Maj.-Gen. J. P. E. Bernatchez, general officer commanding, Quebec Command, extended an official welcome to the troops here. His words of welcome reflected the pride he feels for the old regiment, the "Van Doos". Coun. Leon Jodoin, welcomed the men on behalf of the City of Montreal while Westmount's greeting was extended by T. J. Hughes, city manager.

of the city's southeastern area.

Consumption of electricity — doubled since the war's end — means the city will have to expand its plant to avoid overloading circuits. That will cost $1,500,00, he said.

The mayor reported Westmount's health record good, but advised citizens they could cut down the rat population by starvation if garbage would be made inaccessible to the rodents.

Protests against low flying airplanes and chemical damage to private lawns by the city were raised in the question period at the meeting's close.

The association's executive will take the matter up with city officials. It will also lodge complaints with the authorities about the low-flying planes.

VOL. XXV, No. 19 WESTMOUNT, FRIDAY, MAY 7, 1954 PAGE THREE

MAJOR C. J. PRATT, right, took over command of the Royal Montreal Regiment in a ceremony on Sunday afternoon at the Armoury on St. Catherine Street. He is shown receiving congratulations from Lt.-Col. J. P. C. Macpherson, M.C., C.D., the retiring Commanding Officer. Later this year, in a ceremony scheduled to coincide with the regiment's 40th anniversary an illuminated scroll will be presented by Mayor Roy Campbell giving the unit the right to march through Westmount with fixed bayonets and full colours.

Westmount completed 27 real estate sales worth $593,543 during the month of February, statistics released this week by the Montreal Real Estate Board show.

Major C. J. Pratt Takes Over Command Of Regiment Here

A soldier who first enlisted with the Royal Montreal Regiment when still too young for active service this week took command of the Westmount unit.

Major C. J. Pratt, held back at first from active service because of tender age, took command of the RMR from Lt.-Col. J. P. C. Macpherson, MC, whose tour of duty expired.

The ceremony was held in the regiment's armory following the annual church parade, at which the battalion was accompanied by the RMR branch of the Canadian Legion and the Lower Canada Cadet Corps which is affiliated with the old 14th.

During the march past following the service at St. Matthias' Church, the salute was taken by Maj. Gen. C. B. Price, CB, DSC, DCM, honorary colonel of the regiment which he formerly commanded. He was accompanied by Mayor Roy Campbell, of Westmount.

Colonel Macpherson's retirement came three years after taking charge of the unit, and followed 22 years service in the Canadian Army. He served overseas in the last war with the Cameron Highlanders of Ottawa, and was awarded the Military Cross for gallantry.

Major Pratt, held back at first from active service because of his age, finally got overseas with the Princess Louise Dragoon Guards, and served in Italy and northwest Europe. He rejoined the RMR soon after demobilization, and commanded various companies until becoming second-in-command of the regiment.

The events coincide with plans for the 40th anniversary of the founding of the regiment in 1914. It is expected that later this year Mayor Campbell will present an illuminated scroll to the unit, giving it the privilege of marching through the city with fixed bayonets and colors flying.

Hon. Douglas Abbott Lauds Canada's For Industry History

Tribute was paid to the fur industry recently as one with a romantic product and history, by the Hon. D. C. Abbott, member of parliament for St. Antoine-Westmount.

Speaking at the Fur Fashion Show in Toronto, he said it was the fur trade which led to the exploration and control of a country which now stretches from Atlantic to Pacific.

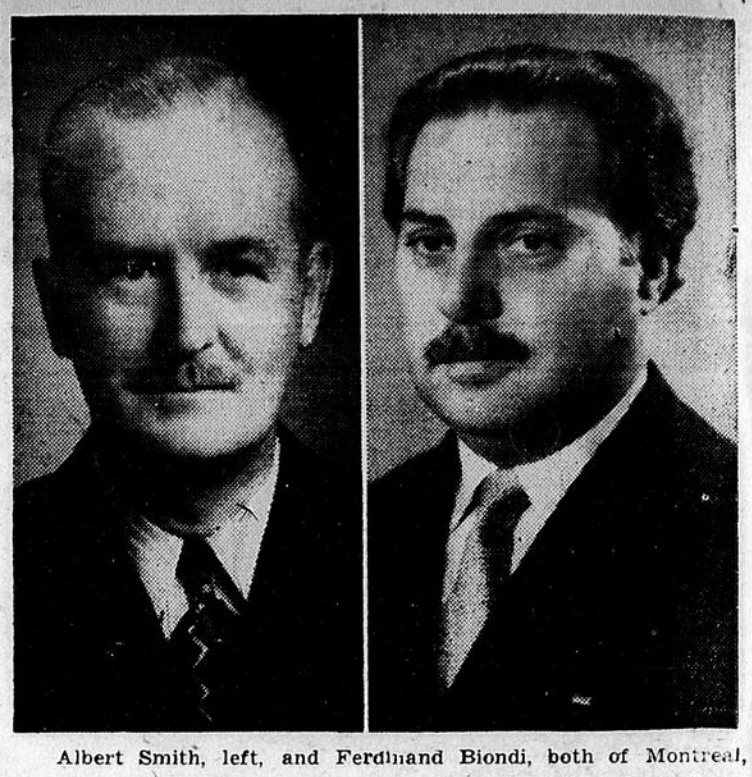

Through the centuries the fur trade had left its mark on every phase of our business and institutional life, Mr. Abbott said. But, he pointed out, the fur trade today, even more so than two centuries ago, is a trade of middlemen. For without the many various skilled technical and merchandizing services performed by the different members of the fur association, there would be no modern fur trade in Canada today.

The time is long past, Mr. Abbott stressed, when it could be said that every one in Canada knew the fur traders and that their livelihood depended on the success of the trade. But in almost half the land area of Canada, fur is one of the principal ways of earning a living.

He said he had heard it estimated that about 50 thausand traders and seven thousand Eskimos earn a major portion of their annual incomes from fur. There must be many thousands of other Canadians, who are regularly employed in lumber camps, in mines, and on farms, who are able to add to their income by the trap-lines.

In the production of raw furs, these fulltime and part-time trappers are not alone. Fur-farming would have been inconceivable to the Company of Gentlemen Adventurers of England Trading in Hudson's Bay, when they were meeting in London back in May 1670, almost 284 years ago. Nowadays, the range of furs demanded by the modern fur fashioning would be inconceivable without fur farming.

In closing, Mr. Abbott paid special tribute to the Canadian Fur Fashion Show, which was first held in 1948 in Montreal, as an organization intended to encourage and stimulate both designers and manufacturers. He felt confident that the Canadian Fur Fashion Show would help to establish the Canadian industry on an even more substantial foundation than ever before.

Albert Smith, left, and Ferdinand Biondi, both of Montreal, chairmen of the adjudication panels entrusted with the task of selecting the award, citation and honorable mention winners in the Canadian Film Awards contest sponsored jointly by the Canadian Association for Adult Education, the Canadian Film Institute, and the Canada Foundation. The awards will be presented at a special ceremony Monday evening, May 10, at the Kent Theatre, Montreal. Mr. Smith headed the non-theatrical panel, and Mr. Biondi, the theatrical one. In addition to Messrs. Biondi and Smith, Watson Balharrie, an Ottawa architect, was chairman of the "amateur" film panel of adjudicators.

Provincial Mines Minister Paid Final Tribute Here

Final tribute was paid yesterday at Dominion Douglas Church to Mines Minister C. D. French who died Monday night at his home, 723 Lansdowne avenue, Westmount, following a lengthy illness.

Mr. French, who had been unable due to illness to attend the last session of the Quebec House, was 70. He was a successful Montreal contractor when, in 1948, he was asked to run as a National Union candidate in his native county of Compton. A member of an old English and Scottish family that first settled in Compton in 1790; he belonged to the fourth generation born in the district. He operated a large farm in Compton where he bred prize Belgian horses and Ayrshire and Hereford cattle. It was in 1947 that he became politically active taking over the Mines portfolio to fill the vacancy caused by the death of Mines Minister Jonathan Robinson. It was during his term that the northwestern Quebec and Chibougamau area explorations gained prominence.

His term also coincided with the Ungava iron ore discovery and development and the construction of the 360 mile railroad from Seven Islands to Knob Lake, the multi-million dollar golden road to the almost limitless ore deposits in that region. From 1919 to 1946, he was president of Kennedy Construction Company of Montreal.

Mr. French was the only Protestant English-speaking member of the Quebec cabinet. He was held in high esteem by members of both sides of the Legislature.

Following the service at Dominion Douglas Church the body was taken to St. Peters Church at Cookshire for a funeral service at 2 p.m. today.

He is survived by his wife, the former Emily Macauley; a son, Don; a daughter, Enid; two brothers, John, Cookshire; Horace Witaskawin, Sask.; three sisters, Miss Ellen French, Cookshire; Mrs. F. Wiskenden, Three Rivers; Mrs. Malcom Mackenzie.

A. A. Groups Attend Event At Plattsburg

Westmount groups were well represented in a party of 175 Montrealers that attended the third anniversary of the Plattsburgh, N.Y., group of Alcoholics Anonymous this past weekend.

Some 300 people, from points such as Albany, Long Island, Ottawa, Three Rivers, and Drummondville attended a banquet in St. Peter's School Hall Saturday. The meet was open to both members and friends.

One of the four speakers was Father X, a Catholic Priest, an admitted alcoholic and a member for some time of Alcoholics Anonymous. He told of how, right from the beginning of A.A. some 18 years ago, the Catholic church had taken an interest in the fellowship of A.A., and of how one Priest along with other denominations in particular had approached his Chancellor to beg increased moral support for the movement.

When the Chancellor listed the many means by which the Church was already helping the alcoholic, and asked the blunt question: "What have they to offer, which we have not?" the Father answered with the one word, "Results."

Another point brought out by Father X was the fact than as early as 1944 the American Medical Association officially recognized alcoholism as an incurable disease, best described as a physical compulsion, coupled with a mental obsession and definitely not a moral problem. Four years later The World Health Organization at Geneva officially recognized alcoholism as a disease. To date, there is no known cure. The disease however, can be arrested, and A. A. is recognized as the most effective approach to this end.

The Westmount Afternoon Group of Alcoholics Anonymous held their regular open meeting Sunday in Webster Hall at 4707 Western avenue. The speaker was a business man from Toronto.

To the uninformed the most amazing change which A.A. had brought about was the fact that he was now eastern manager of a large financial concern from which he had been fired from in disgrace only six years ago.

His reinstatement with the company after joining A.A. and his subsequent promotion does in itself appear to many as a miracle. The peace of mind he has acquired through the practice of A.A. principles, he stated, was of far more value to himself and his family than any material gains.

Local Residents Named To Board By Bah'ai Body

Two Westmount residents were among a 10-member administrative body chosen by the Baha'i Communities at the conclusion of the religious group's seventh annual convention.

Elected were Rowland A. Estall and Albert Rakovsky, who join Lloyd G. Gardner, Oshawa, Ont., Angus Cowan, Winnipeg, Mrs. Peggy M. Ross, Scarboro, Winnifred I. Harvey, Ottawa, Alan Raynor, North York, and Donald R. MacLaren, Vancouver.

The group has head office in Toronto, and met in Victoria Hall last weekend to celebrate the 11th anniversary of the Ridvan Feast.

The name Baha'i means glory of God in the Persian language. Founded in 1863, its aims were explained by Donald MacLaren of Vancouver as "simply the expansion and maturing of Christianity of this day."

He said that the faith is practised in 200 countries, by people in all walks of life, and includes representatives from nine different major religions.

Meals will be taken at the synagogue, where the convention will run from Thursday to Saturday.

Adults of the congregation are providing hospitality for the visitors. An adult committee is co-operating with members of the visitors. An adult committee is co-operating with members of the Shaar Hashomayim chapter of the Fellowship to arrange the conference.

Mother's Day

A Day of Sadness for Some, Great Happiness for Others — Remember Her!

Sunday is Mother's Day, set aside to honour the one whose patience, self-sacrifice, and affection have, more than any other influence, made our home our castle. No matter how humble, home means happiness where a good mother reigns.

To those whose mothers have passed on, the day will be tinged with sadness. For those whose mothers are still here, it will be a time of thoughtfulness and happiness.

Show your affection with a gift. It doesn't have to be one of great value. Most important is the happy voice saying "Happy Mother's Day" with the love and affection that accompany it.

Honouring Our First Lady

Westmount Women Organize Tribute to Mrs. St. Laurent

Mrs. St. Laurent, First Lady of Canada, is to be honoured at a luncheon in Montreal, this month. The event will be a noteworthy one as it will be the first time that any such honour has ever been paid to a Canadian 'first lady'. The luncheon is being sponsored by a group of Westmount women, and will be strictly of a non-political character. The object, in the words of one of the sponsors, is to "pay a well-deserved tribute to a very fine woman".

We are sure the event will attract wide support, not only in Westmount, but from all the Greater Montreal area.

Spring and Resurrection

By Rev. Canon R. Kenneth Naylor
(Rector of Trinity Memorial Church)

Spring is a wonderful period of the year. In fact, I think Spring is to be preferred to all other periods in these modern days. In more primitive times Autumn was the desirable period because there was more to eat; but in these modern days when food is assured in any case, I am quite sure that I prefer Spring. It is the season of promise; we can look forward to the fulness of the harvest and we take no account of possible failures. It is the season, not only of beauty but of the expectation of greater beauty; while the seasons of Summer and Autumn present beauty but also the promise, or the threat of decay. Spring is the season of hope as well as beauty.

Spring is the season of beauty; perhaps I should say, one of the seasons, for each one has its own peculiar beauty, even Winter. But Spring really is something to marvel at. Think of the maple woods! If you have the good fortune to see them and the eye to appreciate them, you will see the very same colours as in the Fall, but in pastel shades. The hard maples will be covered for a few days with gold, and the soft maples with red bloom; but the shades are muted. Every tree, or rather every species of tree, will offer its own shade of green; even the tamarack which has stood through the Winter with only a skeleton in light brown, now puts on its needles of the most delectable blue grey-green, in a marvel of lace work.

Or look at the willow; I went up through the Snowdon district to Mount Royal Cemetery last week and found a willow putting on its lace-work veil of pure gold. It was a marvellous sight. Presently, perhaps even when these words are read, the tiny leaves will have broken out of their sheaths — "and the whole wood stands in a mist of green."

Is it any wonder that St. Paul used the miracle of Spring as an analogy of the miracle of the Resurrection? The trees that looked so dead three months ago have come to life. The Body of our Lord that lay in the grave over the Sabbath Day also came to life on the first day of the week in unutterable beauty and power.

And our own dear ones who have departed in the faith and fear of God and have entered into the rest of Paradise, in God's good time will be restored in that same unutterable beauty into the life that is life indeed.

Westmount Baptist

Rev. Rubin Bonney, B. Eng., will preach his first sermon as an ordained minister, in Westmount Baptist Church Sunday. Mr. Bonney graduates in Divinity from McMaster this spring. Mrs. Bonney holds her B.Sc. in chemistry. Mr. and Mrs. Bonney hope to proceed to Bolivia as missionaries in the autumn. The evening service will be conducted by Dr. J. A. Johnston, assisted by a group of students from McMaster.

Trinity C.W.Y.

On Tuesday evening, at 8:15, Trinity Churchwomen's Year is presenting a film, "Man With A Thousand Hands" in the parish hall. This picture depicts the development of Kitimat, the gigantic project of the Aluminum Company of Canada in all the colour and magnitude of the far North. It should be very interesting to men and women alike, and all members of the parish and their friends are welcome.

Two Parish Sodalities To Compete in Debate

A team of four young women from Ascension Parish Sodality will compete against a team from Holy Family Parish in the finals of a debating contest Monday night at St. Ignatius Church Hall.

The topic is "Resolved: That Woman's entry into the business world was disastrous to society", and the Westmount girls participating are the Misses Ann Mulligan, Beverley Guilfoyle, Margaret Gallagher, and Carol Roberts.

An annual event, the inter-parish contests are sponsored by the Montreal Union of Parish Sodalities, which will hold its annual meeting prior to the debate, with Miss Shirley Gillies, Ascension Parish, in the chair.

R. E. C. Werry, Q.C., Re-elected To Board For Children's Home

At the annual meeting of the Orange and Protestant Home for Children Inc., held in the Sheraton-Mount Royal Hotel, President R. E. C. Werry, Q.C. reviewed achievements since the home was dedicated by Bishop John Dixon in October 1949. The sum of over $52,000 has been raised by members of the Loyal Orange Association, L.O.B.A., Home Auxiliary and friends to maintain the Home and to "burn the mortgage." The low maintenance costs of food, clothing and furnishings at the Home at Rosemere, Que. is due to the generosity of members and friends in giving such items all year around. St. George's Kiwanis, Masonic Association, Montreal Boys' Association and many church clubs have contributed.

R. H. Butler reported that refunds had been received covering school fees and that cash contributions to the Home are this year 18 per cent over those of the previous year. Mrs. Lucy Lundy, President of the Home Auxiliary, reported that approximately $500 had been spent on clothing and small equipment for the home. Geo. Argue announced that plans are well under way for the annual picnic and field day, to be held on the Home grounds on July 10, total receipts from which will go to the Home Board.

Harold Devine conducted elections when R. F. C. Werry, Q.C., was re-elected President; Mrs. Ethel Erskine and A. S. Holt Vice-President; Miss E. H. Helm, Recording Sec. and J. Wilfred Shaw, Executive Sec. R. H. Butler was re-elected Treasurer and the following Directors — Mrs. M. Blair, Cliff Bradley, W. H. Brady, Mrs. F. Bridgeman, Miss M. Chapman, Mrs. A. S. Holt, Mrs. G. DuVall, E. S. Heatherington, Mrs. J. Nugent, Rev. R. G. Eliot, Scott McLean, Mrs. E. Morgan, Murray Nugent, Rev, J. W. Patterson, Mrs. W. Roberts, Mrs. L. Lundy, Mrs. F. "Riot In Cell Block 11"

At Four Theatres, — The Seville, Snowdon, Strand and Outremont Today

Walter Wangers' "Riot In Cell Block 11", which will be the feature at the Seville, Snowdon, Strand and Outremont Theatres starting Thursday, was filmed almost in entirety in the West, Folsom State Prison, near Sacramento, California.

Neville Brand, fourth most decorated American soldier in World War II, and Leo Gordon, both young actors from the New York stage with parts in a dozen pictures as their background, are the kill-crazed leaders of the rioting inmates of the prison. The supporting cast of thousands features Emile Meyer, Robert Osterloh, Frank Faylen and Roy Glenn. "Riot In Cell Block 11" is powerful, unrelenting, fascinating drama, authentic down to the final clang of master locks on cell block doors. The story tells, in dramatic detail, the life of inmates in the U.S. penal institution of today, where overcrowding has imposed a problem affecting every citizen. Hundreds of the inmates of the institution appear in scenes of the picture, all in the background. Audiences are said to be caught in the boiling frenzy of the prison riot, feeling every jolting shock and rocking with the impact of brute force against bullets.

The second feature, "Jack Slade" with Mark Stevens in the title role, is a drama based on the life of one of the West's most colorful lawmen. Stevens and his co-star Dorothy Malone are thrown together in a cyclonic love affair, destined from the start to have a tragic ending.

"SNOW WHITE AND THE SEVEN DWARFS" winds up the activities of the Children's Theatre for this season, with a performance at Victoria Hall, Saturday afternoon the 8th and also on the 15th of May. Sheila Mittelman as Snow White, with Perry Phillips, Stephen Jacobsen, Fred Blitstein, Eleanor Kalmanasch, Stephen Maron, Burton Irwin and Glen McKenzie as the dwarfs, all appear above.

Apprentice Training for a Bright Future

Combine thorough trades training, schooling, sound discipline, with understanding of the spirit of youth and you have the elements of the Canadian Army's Soldier Apprentice Plan for young men of 16. The Soldier Apprentice training is designed to enable young men to gain promotion to higher ranks in the Army.

The young men who are accepted for Soldier Apprentice training receive:

- thorough trades training in one of 16 trades.
- academic training — comparable to that received in secondary schools.
- the general military training of the Canadian soldier.

Soldier Apprentices are eligible for all Army benefits, including 30 days annual leave. They receive half pay when 16 and on their 17th birthday they receive full pay.

To be eligible, the young man must be at least qualified for high school entrance. He must have attained his sixteenth but not his seventeenth birthday.

Courses begin in September but applications are now being received. Following interviews, the applicants may be accepted after June 1st and then sent home on leave until courses commence in the Fall.

To obtain an interesting booklet and full information on the Soldier Apprentice Plan, write, phone or visit the Army Information Recruiting Centre nearest your home.

★ Jack Hirshberg Reports Direct From

★ Hollywood

HOLLYWOOD, May 5 — Wherever Howard Hughes' "The French Line" has been banned by local censorship boards the movie is reported doing tremendous business at theatres just outside the censorship jurisdiction. For example, the movie is verboten in Forth Worth, Texas, but folks flock 35 miles to see it in nearby Dallas.

The pattern is identical with "The Moon Is Blue." Banned in Memphis and dozens of other locations, it hung up enormously profitable returns at adjacent theatres.

All this has prompted Claude Binyon, a Hollywood writer of sorts, to remark: "Hollywood must never permit censorship to collapse — it is far too good for boxoffice!"

Most adult minds resent censorship on any level and feel it is the individual's right to see what he chooses. But there always have been and will always be pressure groups who believe they and they alone know what is acceptable to the public palate, what books or films or periodicals may be read without degrading public character.

The effect of telling children they can't eat candy is generally to induce stealing sweets behind their parents' backs. The results of censorship upon adults are identical. Tell a man he cannot buy a legal drink and he'll make homebrew or buy bootleg stuff. Forbid a man to see a certain movie and he'll rush right out to see what it is that is so terrible it has been denied him. One of these days censorship boards and pressure groups will realize this. If the censor can look upon these evils without personal ruination, why should a similar experience condemn his fellow citizens to purgatory?

"The Maggie" Fine British Comedy

At The Avenue Theatre Starting Friday

"The Maggie", a splendid comedy which touches your heart as well as your funnybone, according to British critics, will be given its North American Premiere at the Avenue Theatre on Friday. This Michael Balcon production, released through the J. Arthur Rank Organization, has Hollywood star Paul Douglas in the role of an American Airline Executive who finds that a precious cargo belonging to him has been put aboard one of the 'puffer' boats . . . the small untidy craft plying between the Clyde and the remote villages. His efforts to remove the cargo and place it on board a more respectable ship, and the stratagems of the wily 'puffer' crew, fill some of the most amusing and touching screen time for the past decade.

Paul Douglas' performance is nothing short of perfect, according to advance reports, and contrasts effectively with the 'canny' attitude of the M Scots who baffle him at every turn. He is ably aided and abetted in this captivating comedy by Alex Mackenzie, Abe Barker, Jimmy Copeland and Tommy Kearins, fifteen-year-old discovery. To make the film "The Maggie", director Alexander Mackendrick took his unit on location to Scotland, to the Clyde and to the canals of the Western Isles.

'From Here To Eternity' Westmount

"Best Picture Of The Year' Has A Powerful Cast, Playing Until Tuesday

Seldom, if ever, has there been brought to the screen a motion picture of such brutal forcefulness, powerful drama, flaring passion and flaming excitement as in Columbia Pictures' "From Here To Eternity,' which is now at the Westmount United Theatre where it will remain until Tuesday. A screen masterpiece based upon James Jones' literary sensation, "From Here To Eternity" stars Burt Lancaster, Montgomery Clift, Deborah Kerr, Donna Reed, who won the Oscar for the best supporting actress of the year, and Frank Sinatra who also won an Oscar as the best supporting actor of the year, both in this picture.

Jones' powerful and savage prize-winning novel, brought to the screen via Daniel Taradash's magnificent screen play and Fred Zinneman's whiplash direction under the production aegis of Buddy Adler, "From Here to Eternity" is magnificently created out of the elements of life itself: courage, brutality, love.

Set in the Pearl Harbor of 1941, in the months prior to and culminating with the sneak attack, "From Here to Eternity" is a compelling study of both the professional soldier — America's 30-year man — and of overwhelming romance. In fact, two romances and two professional soldiers strangely joined in friendship and conflict.

Perfect casting marks "From Here to Eternity." Lancaster is superb in his dramatic role, making Sergeant Warden a vivid, well-rounded representation of the pre-war professional soldier, a man at home in any situation, bound by the rules but capable of breaking them. Clift is equally fine as the brooding, proud young bugler who is perfectly willing to fight — but not for the sake of fighting. Deborah Kerr abandons her hitherto regal and proper characterizations to appear as the lush, sweater-clad and unhappy Army wife whose chance amour with her husband's first sergeant turns into something unexpected but understandable. Donna Reed, too, breaks with her motion picture past to play somewhat

Wind Up Season With

"Snow White"

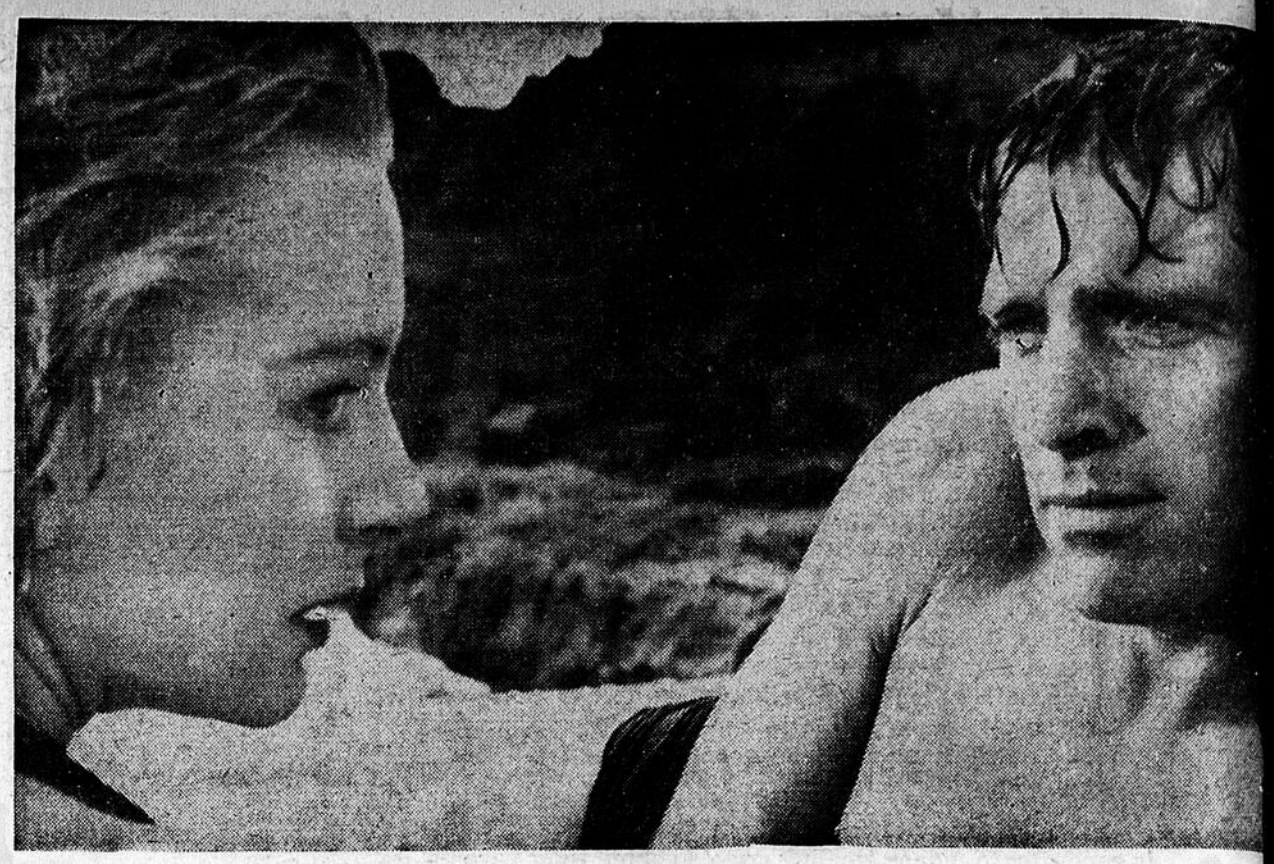

Victoria Hall May 8 & 15

Dorothy Davis and Violet Walters, directors of the Children's Theatre, always eager to please their young audiences, are finishing up the season with that beautiful fantastic and most beloved of all children's stories, - SNOW WHITE AND THE SEVEN DWARFS, at Victoria Hall, May 8, and 15. Dick Kaston, a former pupil of Children's Theatre, now playing in London, England, played in the original performance of this play when Children's Theatre presented it six years ago, - he played the part of the Prince, and directors Dorothy Davis and Violet Walters had great hopes for Dick, and are certainly proud of the way he has stepped into the limelight. In this production, Sheila Mittleman will be seen as the lovely Snow White with Milton Shutler as the Prince. Felicia Bonaparte, Judy Smiley, Rosalind Warhaft, Jill McGregor, Walter Wakefield, Derek Collett-White, all have major roles, as well as the lovely ladies in waiting, and of course, the seven dwarfs who will just keep the audience bubbling with mirth and merriment.

Costuming of this play alone has taken the skill of many designers, and the beautiful forest setting and lighting effects combine to make this dramatic fantasy one of loveliness that will remain long in your memory. Snow White and The Seven Dwarfs will be the final show of the season, with two performances only, May 8 and 15 Saturday afternoon at Victoria Hall.

daughter, Joan, a month or so ago. It probably cost the violinist close to $50,000 — even though Dennis Day says Benny made part of it back in profits from the parking concession.

Actually, Benny has built his miserly reputation into something of a personal gold mine. Too bad his TV show, sponsored by Lucky Strike cigarettes, is not seen in Canada because the smokes are not sold there. It is the most consistently funny program on the air and Benny wisely limits his appearances to nine a year.

At any rate, the comedian's reputation for penny-pinching provides his pals with much food for fun. It was Phil Harris who said: "Jack has just found a new use for old razor blades. He shaves with them!"

And Don Wilson, Benny's announcer these many years, quips: "Jack's had one cake of soap for three years and you can still read the word LUX on it."

Benny, of course, thrives on such cracks. After over a quarter century on the air, first radio and now both radio and TV, he must certainly have accumulated one of the giant fortunes in show business. And who's to say he does not deserve it? Today more than ever in recent years the ability to make people laugh is a blessed gift. Benny has it.

SPEIRS-MILLER SPRINGTIME REVUE: This talented Business Girls Ensemble will be seen in the Speirs-Miller Springtime Revue at Victoria Hall, Fri. evening May 14th

Calvary Business Women's Club Reports Successful, Active Season

Calvary Business Women's Club has just completed a very successful season of activity, meeting for supper each month. The Question Box has attracted considerable attention, when the Minister has answered the questions submitted by the members at each meeting; some very thought-provoking and others of a lighter nature, these all added to the enjoyment of the evening. The Rev. Walter J. Spence, the Minister, has given a series of addresses on "Victorious Living" with such themes as "Being Willing To Be Yourself"; "Mastering The Inevitable" and "Discovering Our Reserve Powers", which have given a very frank appraisal of human nature, as well as a distinct challenge.

A slate of officers for the new season commencing in September was presented by the chairman of the nominating committee, Miss Elizabeth Morrison, and they were elected by unanimous vote. The list of officers follows: Honorary president, Mrs. W. J. Spence; past president, Miss Isabel Sheppard; president, Miss Hettie M. Sinclair; vice-president, Mrs. K. C. (Hazel) Welsh; secretary, Miss Audrey Adams; treasurer, Miss Lelea Powell; telephone convener, Miss Florence Elmslie; receptionist, Miss Margaret Dunn; kitchen convener, Miss May Jennens.

Springtime Revue Of Speirs-Miller

Spring and the Betty Speirs-Peter Miller Revue seem to be synonymous.

Miss Speirs predicts that this year's presentation will surpass anything done heretofore. From the tiny tots to the senior ballets groups everything is ready to go. The performers have had the added experience gained at the Veterants' Hospital and other public performances during the winter. Ballet at its best under Joan Champion will be prominent while Miss Speirs promises that the Business Girls' ensemble will be impressive in 'Ave Maria' and 'Trees.'

The vocal for 'Trees" will be sung by Peter Miller while one of his young pupils, Roselle Charbonneau, will sing the 'Ave Maria.' Tap dancing will again be to the fore, and perhaps another Johnny Coy may this year emerge from Johnny's dancing Alma Mater. In short, everything that you would expect from the Speirs-Miller Studios will be on display next Friday May 14, at Victoria Hall.

"Careful, Pauline!"

Of course no one would dream of climbing a telephone pole without being especially careful. Yet every time you climb a shaky ladder or stand on a rickety chair you may not realize what a big chance you're taking. Actually more people have accidents *right at home* than anywhere else.

By avoiding accidents you save more than suffering and worry — you save money, too! In a family the size of ours (we're now over 31,000), these savings are important. That's why our employees are not only thoroughly trained to use safety tools and methods, but continually reminded to take every precaution to avoid injury to themselves and others.

It's another way we help keep costs down so we can provide you with the best possible telephone service at the lowest possible cost.

How to prevent home accidents is shown in "Home Safe Home", a folder available free from the Health Department of your Provincial Government or from the Department of National Health and Welfare, Ottawa.

Fishing Declared Most Popular Sport

Expert George H. Carpenter Makes Piscatorial Points At Rotary Luncheon Here

By NORM BRACEGIRDLE

"There is no need for the ardent angler to spin tall tales, because the simple truths and the environment in which the sport is carried on should be enough to satisfy him", George Carpenter, executive editor of the Gazette told members of the Westmount Rotary Club Wednesday.

The fisherman. or so called fisherman who doubles the length, and the poundage of the fish he has caught is just a tyro who is dreaming of the fish he would like to catch, Mr. Carpenter continued.

"Fishing is probably the most popular sport in America, and more people take part in fishing than in any other sport" he said.

Mr. Carpenter, who writes a column in the Gazette under the byline Izaac Hunter, said that there are more than a quarter of a million licensed anglers and hunters in the province of Quebec alone.

"And when you come to take into consideration all those who fish who are not licensed, you have some idea of the popularity of the pastime," he said.

Quebec is a virtual fisherman's paradise, Mr. Carpenter said, but it is losing its status as such to some states south of the border.

"These states at one time had their supply of fish dissipated but are making a tremendous comeback through re-stocking their lakes and streams," he said.

Conservation

Mr. Carpenter said that at one time people apparently thought that there was no end to our fish and game. They are now realizing however that this is not the case, and that conservation programs are now underway.

"We were fish hogs, for it", he warned.

He said that there is one spot in the province that took at least seven or eight prizes in the Forest and Stream annual fish derby. But now this same spot is fished out, and last year there was only one winner in the derby and that one in 10th place.

Mr. Carpenter told the members that he has personally fished all over the country, and from one end of the province to the other. There are plenty of fish up north, but it is not a reservoir to supply the sadly depleted rivers and lakes in the more southern part of the province.

"Something must be done about the situation" he said. Already there is a small group of people, and that group is steadily growing, which catch their legal bag or limit of fish and spend the rest of the day fishing for the sport of it. They crush the barbs on their hooks and release the fish after they are caught. In this way the fish are not hurt, and the fisherman still has his sport.

Suggestions

In waters where the fish are known to be in abundance, after the bag is caught, fishermen who are using treble-hook lures cut off two of the hooks, crush the barb on the third, and fish the rest of the day this way.

He said that people who break the conservation laws are a menace to the rest of the sportsmen and should be reported to the authorities.

The Quebec Federation of Fish and Game which numbers 40,000 is dedicated to try and stop the wholesale destruction of wildlife in our province, he said. The QFFG conservation movement has made some progress, and their work is two-fold in that in can also be closely linked with the conservation of our soil, forest, and water.

In touching on the later Mr. Carpenter made reference to the work being done in the province at the present time. He said that a good deal of the credit should go to a small group of anglers in the Hudson district who became worried about polution of water and started making surveys on their own.

The idea has caught on so that recently the entire Ottawa river has undergone a survey by Dr. Piché of Ottawa, who will present his findings to the large industrial concerns which are located near the Ottawa river.

He said that not only does polution of water spoil the fish in it, but it is also a danger to bathers who might take a dip during the warm summer months. As an example he cited Lake St. Louis which might be closed to bathers due to water polution.

Commercial

Commercial fishing is said to be more important than game fishing, but Mr. Carpenter had his own ideas on that. He told the members that in the province last year sportsmen spent a total of $75,000,000 in search of fish and game.

"Everyone of you, no matter what business you are in, come in for a share of that money, and when sport reaches these proportions it is worth conserving", he said.

"No man who has been on a lake at night, under a clear sky, watching the northern lights playing in the heavens, and seeing the stars closer that he ever does in the city, and no man who has ever witnessed a mountain storm, cannot come away without the feeling of being a little nearer to that thing which shapes our destiny", he said in closing.

Gifts For Mother On 'Big Day' Will un True To Form They Say

By AVERIL BROOKFIELD

Mother's Day will be observed traditionally this year, a survey of the local area reveals — the younger set is ready to go all out for Mother, but is worried about the cost, while father is (a) too busy to make the purchase and will give her the money to buy it herself, (b) going to take her out in the country for a day's outing (where she will make the picnic lunch, and wash up after), or else he's ready to settle for the usual flowers and candy.

In the children's section of the Westmount Library, Maggie and Nancy Bruck were excitedly discussing Mother's Day with mother right beside them. "Just a minute, and I'll block my ears," she said, hurriedly. But they didn't give her a chance. "I'm going to give her perfume, and Maggie's going to give her lip-stick", said young Nancy.

The teenage boys do a lot of laughing and kidding about it, but most of them eventually admit to flowers and candy. The young girls aren't quite so enthusiastic about it, it seems. One said "Oh, the usual," when asked what she was getting for her mother. "But we're going to make dinner — and do the dishes, but that goes without saying."

One of our young traffic cops, has double duty Sunday. He won't have much time to do things for his wife. He comes in from his first stretch, and just has time to wash up and eat, and he's out again. "I give her the money, and

Westmount Scottish Beat Dartmouth 9-0

By JIM ADAM

The more experienced Westmount Scottish team had to pull out all the tricks they knew to defeat the Dartmouth College team 9-0 in a rugger match played Saturday at the Westhill High School grounds.

The young and fit college crew hustled the Scots continually during the closely fought game played in humid and unrugger-like weather. The fast pace set by both teams at the outset began to tell in the second half and play became ragged towards the end.

The Scottish vaulted into a quick lead after only five minutes play when Bob "The Toe" Watt dropped a nice goal from just inside the '25' to put his side out in front 3-0.

Play travelled quickly from end to end with the Westmount squad coming close to scoring on several occasions. Bill Cullens, the Scots centre, was stopped inches short of a score after a fine forcing run.

The Scots increased their lead just before the interval when mighty full-back Ian Munro kicked a beautiful penalty goal from 35 yards out.

The change round came with the Scots in command with a 6-0 lead.

In the early stages of the second half the college boys from Hanover, N.H. were at their best with their attacking backs showing grand running form. Only some good covering and defensive work by the Scottish team saved their line from being crossed.

Slowly the Scots re-asserted themselves and mid-way through the half went further ahead with the only touchdown of the game scored by scrum-half, John McLaren who side-stepped his way over nicely following a set scrum fifteen yards from the Dartmouth line.

This score clinched the game for the Scottish and they were content to hang on for the remainder of the game. The green-shirted collegians threatened once or twice but their efforts to reduce the deficit were quickly snuffed out by the host club. The final whistle went with the Scots posting a 9-0 victory.

As a result of this win the Scottish retained their unbeaten record which stretches from last Spring when the team was first formed. In this present Spring season the Scots have yet to be scored upon. A team from Westmount will return the visit to Hanover on May 22nd. With the advantage of a home ground and strengthening in some weak spots the Dartmouth team will be difficult to beat. On their day they are one of the finest college crews in the States. They recently beat Princeton 6-3, in April they had tied with Princeton for the annual college trophy held in Bermuda. This win gives them number one ranking in the Ivy League rugger group.

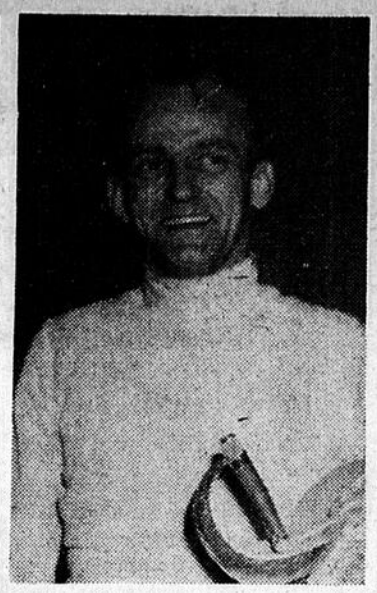

The Bytown Beavers failed to show up for their fixture against the Westmount Barbarians. It looks as if rugger is to die in the capital as this is not the first time they have been unable to raise a team in recent months. Two years ago they were a flourishing club under the guidance of Fred Miller but since his departure they have slipped down the hill.

This weekend both Westmount teams send representatives to the annual Spring Toronto seven-a-side tournament. This tournament of the abbreviated rugger is always a popular afternoon's entertainment and blessed with fine weather a good crowd is expected to turn out to see the best in Ontario and Quebec compete for the Carling Trophy at present held by the Toronto Barbarians.

The following will represent the Scottish: Tom Park, Bill Cullens, Bob Watt, John McLaren, Jim Nairn, Ian Mair, Malcolm Niven and Jim Adam. The Barbarians who are given a good chance to cop the trophy by the experts will field Brian McPhillips, Tom Tynan, Pat Garbutt, John Barrett, Neil Quade, Jim Hastings, John Jackson and Chuck Bethel as their team.

An important meeting at which the future of rugger in Montreal and Westmount will be discussed is to be held on Fridal, May 14th, at the Westmount Y.M.C.A., 4585 Sherbrooke Street West, at 8:00 p.m. At this gathering it is hoped that a new club will be formed with the Barbarian section of the present Westmount club breaking away to from their own club. At the present time the Scottish and the Barbarians are two teams formed within the ranks of the parent Westmount club.

The following afternoon at the Westmount Athletic grounds the Scottish will play the Harlequins from Brantford. The Westmount team won last years encounter by a 13-0 count and hope to pull off a similar win this year.

YMCA Fencers Shine In Foil Championships

Fencers from the Westmount YMCA grabbed five of the first six places in the Quebec foil championships held at the Y Saturday.

Roland Asselin regained the crown he lost last year to Carl Schwende, while Dave Robbins pulled the big upset by finishing runner up ahead of Scwende.

Bob Cardoza, Alan Howard and Les Krassa took the next three places.

Wins Seven Matches

Asselin chalked up seven victories and lost two. 45 bouts were necessary to declare the new champion, each contestant having to fight nine bouts.

Robbins and Schwende each had the same number of victories but Robbins had less hits scoted against him and so moved ahead.

Asselin, who won the title two years ago and lost it to Schwende last year, found Ed Brook his toughest opponent. Brook had a 4-2 lead in their encounter before Asselin worked himself out of trouble and went on to take the bout 5-4: It went over the 10-minute limit but officials ruled it must be fought to a finish.

Eyeing a possible berth on the Empire Team with a title in the hat entering the official team Trials May 22, every entrant in Saturday's tournament went all out to gain victories. The Trials will run for three days on the Nationale AA sale floor.

Results of the foil championship pool:

On Saturday morning the grade 4 entries played three games. Rooks trimmed Rams 21-16, Regals trounced Royals 27-14, and Guards swamped Colonels 32-5.

Pee wee and midget games that had been scheduled for Monday and Tuesday were cancelled due to wet grounds.

40 Boys Enter Marathon Swim To Camp Perrot

Forty boys entered last week for the annual Westmount YMCA marathon swim to Camp Perrot which takes place in the 'Y' pool from April 26 to May 14.

Swimmers are required to swim a minimum of 25 lengths per week for juniors, 50 for intermediates and 100 for seniors. The distance is marked on a map so each boy may watch his progress.

Leading swimmers in the marathon are Preston Thom and David Stanway with 152 lengths recorded and in second place is Bill Ross with 136 lengths to his credit. Third place is held by Jim Atkinson with 133 lengths.

Swimmers may swim four half-four periods per week, at which time their swim stroke is checked for form, efficiency and style.

PUTTING

With the putting season and the opening of the green rapidly approaching, it is felt desirable and necessary to have a general meeting of all interested, to discuss plans and prospects, the nature of tournaments most desirable for the coming season, and all other matters which may come before the meeting.

In the next issue of The Examiner, the date of the meeting will be given, and it is hoped that a good representative turn-out will attend this meeting.

Silent Partner

Since baseball will be telecast,
Throughout the present season,
Try not to interrupt me, dear,
Without a valid reason;

But please don't think me selfish,
For
Someday when there's nice weather,
I'll leave the set and we'll go out
And see a game together.
Lloyd Rosenfield.

Dow Honors Athletes

Dow Brewery honored its standard bearers in the realms of hockey, basketball and fastball at a dance held at their Notre Dame street headquarters last Friday night.

Coming in for most of the kudos were the members of Dow's puck-chasing crew, champions of the Montreal Hockey League. Each received a cup.

Members of Dow's Senior B basketball club, coached by Doug Alexander, were each gifted with a lighter for their efforts of the past season.

The fastballers were informed that their gifts would be ready for them at the end of the current mushball campaign.

The athletes and their female friends were all given an enthusiastic welcome by Paul Bertrand, sales manager of the Montreal area.

Gifts for . . .

she buys it herself," he said, "and then, there's no hard feelings."

A taxi driver, stationed beside the Avenue Theatre on Greene Avenue, said "There's always some gift involved. Also, we're going out to the Eastern Townships, to enjoy the day."

Joe Clarke, of the Little Folks Portrait Studios, Greene Ave., said, "A little girl came in a couple of weeks ago. When she heard the price, she got out in a hurry, though." It seems, however, that portraits of the young, are going to be among the gifts received by mothers this year.

Bonus Players That Succeed Are Worth Price

There's been a lot of chatter on the sports pages these last few years about the huge bonuses paid to kid ballplayers. But one aspect of the situation has been overlooked. Once in a while one of these high-priced bonus boys comes through and when he does, he's a steal at the price.

For instance, Harvey Kuenn (keen) of the Detroit Tigers. Writing in this week's issue of The Saturday Evening Post, Harry Paxton tells the story of this quiet kid from Milwaukee.

The Tigers paid $55,000 as a bonus to Kueen. He didn't get that in a lump sum but will get it over a period of three years. Kuenn stepped right off the campus of the University of Wisconsin into this big league job. And how has he made out ?

Well, in his first year the young shortstop batted a respectable .308 and last year the sports writers voted him the American League's "Rookie of the Year." He was also named to the American League all-star team over such standouts as Phil Rizzuto of the Yankees, and Chico Carrasquel of the White Sox.

While there are some who have reservations about his fielding, no one can explain about the way he hits that old apple.

Unity Intermediates Clip Iverley Center

An intermediate cage squad from the Unity Boys' Club defeated the Iverley Community Center intermediates in an exhibition game 79-37 Friday.

Doug Mariasine was the big gun for Unity scoring 20 points. Half time score had Unity ahead 39-26.

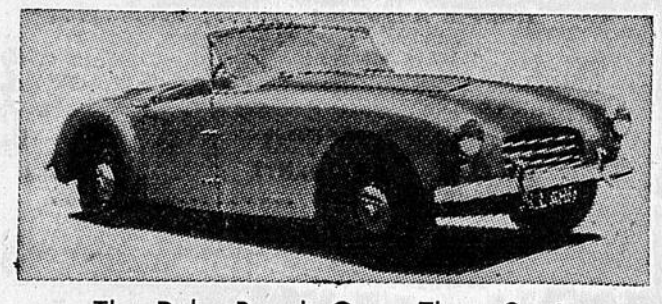

Unity Boys' Club (79): Mike Barnard, 12; Bill Carter, 16; Douglas Mariasine, 20; John Reddon, 8; Pat Baker, 17; Emmett Murphy, 6.
