TO MOTHERS AND YOUNG MEN.

(To the Editor of the Witness.)

Sir,—As the *Witness* has always allowed me to use its columns in bringing the wants of the Boys' Home before its readers, I ask your favor again. Since last I appealed for cast-off clothing a great number of boys have come to us in a destitute condition, and have been clothed and started out to work in the city and country. Some have been fitted out who skipped at the first opportunity. "Wandering stars" are these, who will never shine to guide others to a true manhood, but, as they come to us in need, we must clothe them decently first before procuring work. At present our clothes-room is very bare, and there are several cases to supply. The cold weather reminds us that overcoats will be in demand very soon, and that families in more comfortable circumstances than ours will be renewing their wardrobes. Will you remember the boys who come to our city and country for a home they cannot make for themselves in the old land. An instance like many more came to my notice yesterday. A lad, of 17 years, worked his passage out on the S.S. "Canopus," determined to throw himself heartily into any work he could get in Canada. Father and mother both dead. He worked at what he could get to do in Liverpool for three years, boarding himself, as he had no other friends. He is a likely boy. He needs an entire outfit. I wish to especially call the attention of the young gentlemen in banks and other offices, who do not wear their clothing after they look a little shabby, to the boys who are suffering for clothing which they have abundance of. Also the boys in homes of plenty. Ask your parents to send cast-off clothing to the poorer boys who come to us. To our friends who continually remember us. Accept our thanks. Notify by telephone 8015 or post card. J. R. DICK.

OLD MONTREAL.

(To the Editor of the Witness.)

Sir,—I regret much not being present at the unveiling of the tablets on Thursday, as any events connected with the history of old Montreal are, above all places, of the greatest interest to me, it having been my grandfather's, my father's and my own birthplace. Mr. Henry Lyman spoke of recollecting Montreal when the site of the Custom House was occupied by an ashies inspection shed. He, doubtless, can also recall one of the inspectors at that time, Colonel John Jones, my grandfather (father of Thomas Walter Jones, M.D., Captain of the Queen's Light Dragoons). He was Colonel of the 68th Regiment of the 1st Canadian Brigade, and he also had the honor of being Montreal's first British-born citizen, having been born in Little St. James street, 1761, during a short stay his father's regiment made in the city on their march through from Albany to Quebec, taking possession of the country after the capitulation. This was before the treaty of Paris, and carries us back 130 years. These facts I thought might not be uninteresting at this time, and I suggest that a stone pillar be planted on the site of the house on Cote des Neiges road, where the capitulation papers were signed, and place a tablet on it also. C. G. JONES.

SMUGGLES TO COUNTERACT FROST.

(To the Editor of the Witness.)

Sir,—I have read an article in the *Witness* of Oct. 7, on the effect smudges would have on fruit, grain, etc., and in response to your invitation will give you my experience. On the evening of May 28, 1889, I had five smudges in my grasp of five acres. The night was still and the smoke hung over the grapes about twelve to fifteen feet from the ground, and I thought it would be safe, but in the morning not one cluster remained. In another grapevine of eleven acres, three tons of straw was burned during the night, but without effect. The ground is warm and the grapes and smudges might have more effect on this account. It is certainly worth trying. B. W. PARKER.

STREET CAR ACCIDENTS.

(To the Editor of the Witness.)

Sir,—With a view of preventing those distressing accidents by street cars, and in which children generally are the sufferers, permit me to suggest the use of the perpendicular iron bar, slightly curved at the end, placed in front of each wheel, sufficiently short to run clear of the metal tracks. I have noticed this kind of thing on the railways in England. It is apparent that any person falling in front of the wheel would be pushed forward instead of being run over and mangled by the wheels. Hoping those interested in the street car service may take this matter up, and that the public will patronize those who use them. HUMANITAS.

GOING TO THE TELEGRAPH.

Mr. Geo. H. Brock, a member of the Grace Baptist Church, is shortly to leave for missionary work to the Telegus, India. A council has been called by the Grace Baptist Church to consider the propriety of ordaining him as a minister of Christ, and by the courtesy of the Grace Baptist Church the service will be held next Friday at 2 p.m., with public services at 8 p.m. Dr. Fulton will preach the sermon, and the Rev. John McLaughlin, of Woodstock, corresponding secretary of the Baptist Foreign Missionary Society of Canada, and formerly a missionary to the Telegus, will assist in the ordination service, and extend the right hand of fellowship. The Rev. Adam Burwash, exhorting missionary in Quebec, will deliver the charge, and the Rev. Dr. Upham will offer the ordination prayer. Mr. Brock will labor in India under the jurisdiction of the Baptist Missionary Union of the United States.

MR. GARNEAU'S EVIDENCE.

Referring to the Hon. Mr. Garneau's evidence before the Royal Commission, *L'Eclair* says:—"The evidence given by the Hon. Mr. Garneau before the Royal Commission was a long repetition of this phrase: I don't remember. Mr. Garneau remembers nothing in reply to all the questions of a nature to incriminate the administration, but his memory is better, however, on the points favorable to the Government. We wish to be perfectly just towards Mr. Garneau, and we sincerely believe that he wanted to be honest; but he was made a tool of, his fine name, his great age and his infirmities were made use of, and he was played with as a child plays with his toys. This is a sad end to a fine career."

The visiting governors to the Montreal General Hospital for the week commencing Monday, the 19th October, 1891, are Mr. George Bishop and Mr. Wm. Yule.

MEETINGS AND SOCIETIES.

ANNUAL THANK-OFFERING.

The annual thank-offering meeting of the Montreal Women's Foreign Missionary Society of the Canada Presbyterian Church, was held on Friday afternoon in the lecture hall of Crescent street Church. The attendance was good, and the offering larger than on any previous occasion, viz., \$120. After devotional exercises, the reports were read. The president, Mrs. Foster, then read the address, in the conclusion of which Miss Rodger, a returned missionary, was introduced, who held the attention of the ladies present during an admirable address, dwelling principally on the need of the women of the world, and the need of the veil worn by little girls there, also an idol, an extraordinary article, indeed. She had on exhibition prayers written on slips of paper, which are tied up and hung on trees until the wind or rain takes the prayers to heaven. The meeting closed with the benediction.

STANLEY STREET CHURCH CONCERT.

The concert given by the ladies of the Stanley Street Church on Friday was attended by a large and appreciative audience. The lecture hall of the church was crowded. The Rev. Mr. Devey presided. The programme was long and varied, and was given through in a manner which reflects great credit on the different performers. The following ladies and gentlemen took part:—Mrs. McLeod, solo; Miss A. Henderson and Mr. G. Leggo, clarinet and piano duo; Miss Thurston, solo; Miss May Greenleaf, recitations; Miss Olive Rodger, piano; Miss M. Miller, and Miss M. Smith, exhibition of free gymnastics; Messrs. Reid and Warrack, piano duo; G. Harley, recitation; M. Cunningham, song; Mr. Sharp, song; Mr. J. T. Henderson and Miss Thurston, duo; Mr. Rough, song; Mr. S. S. Bain, Scotch song; Mr. Spicer, recitation; Mr. W. E. Burgess gave some humorous sketches which were much enjoyed. Mr. Ernest Kerr was the accompanist.

GOOD TEMPLARS.

A most enjoyable evening was spent in Good Samaritan Lodge, No. 5, Point St. Charles, on Friday. Bro. D. H. Howard, grand secretary, presiding. The evening was devoted to the initiation of twelve new members, while for next session several propositions were handed in. After business was over a large number of good Templar brothers and sisters contributed to the evening's enjoyment by rendering songs, harmonica solos and a trio.

THE SAILORS' CONCERT.

There was the usual enjoyable time at the Sailors' Institute on Friday evening. Peter Cairns, Charles Brown and Harry Gardiner of the S.S. "Brazilian," John Jacques and Leith, of the "Lark," and Harry Forrie, of the "Amarynthia," were the sailors who took part. Miss Gertrude Murphy, Messrs. Samuel Dunn, Wm. Grant and Wm. Greenwood, also assisted in the carrying out of the programme. On Monday evening, Nov. 2, the annual public concert will be given by the sailors in the Windsor Hall. All the seats are reserved and can be secured at Sheppard's or North's.

WOMAN'S RELIEF CORPS.

A very pleasant evening was spent on Thursday at the G. A. R. Hall, at a concert given by the ladies of the Woman's Relief Corps, auxiliary to the Grand Army of the Republic. The principal features of the evening were the selections rendered by Arise orchestra, Mr. and Mrs. McLeod, Mrs. and Miss Lorge, Misses Elliott and Riley, Messrs. Nicholson, Hasey and Dent also took part. The Independent de Sales, berry guards, under Commander J. B. Lorge, in their neat uniform, accompanied by the Maitreuve Band, added greatly to the pleasure of the evening. Commander A. Schell, rendered a voice of thanks to the Guards and Band. After refreshments had been served, a few selections from the Maitreuve Band brought the enjoyable entertainment to a close.

TAYLOR PRESBYTERIAN CHURCH.

The ladies of Taylor Presbyterian Church were determined on Friday night to have a good programme backed up by a liberal supply of grapes, and they succeeded too. As a general rule the ladies do succeed, and the gentlemen are satisfied that it should be so and leave all to them. The Rev. T. Bennett, presiding, and in a neat little speech, put the audience in good humor and opened the proceedings. From the Chairman's remarks to the singing of the National Anthem there was not the slightest hitch. Miss A. Murray, who presided at the piano, had a busy time, as the audience insisted on recalling so many of those who took part. Mr. Dunn, Mr. and Mrs. McLeod, Miss Ballantyne, and Mr. Spicer, were especially applauded. A very pleasing part of the programme was that taken by the Brown family orchestra. This was a splendid opportunity for the young folks present, for they could not help being encouraged by it to learn to play on some musical instrument, as they were the little girls under the leadership of their father, play so nicely, especially the little nine-year old lad. There will be no difficulty in securing well-filled houses if the programmes of the future equal this one.

MONTREAL PARLIAMENT.

The Montreal Parliamentary Debating Society held its eighth annual meeting in the Fraser Institute on Saturday evening, Mr. S. C. Stevenson, President, in the chair. The President reviewed the work accomplished by the society during the last eight years, and urged upon those present to keep the society alive for the young men of Montreal were sadly in need of the requirements it afforded. Mr. Joseph H. Jacobs, honorary secretary, stated that the society was in a flourishing condition, all debts having been discharged and a handsome cash balance remaining to the society's credit. The first meeting of the society will be opened with a lecture on some appointed subject, and Dr. Bourinot, of Ottawa, is to be requested to deliver it. All future meetings will be held in the Fraser Institute. The election of officers for the year 1891-92 resulted as follows:—Sir Donald A. Smith, Hon. President; Messrs. A. C. Wurtelle, Mr. L. O. David, Hon. Vice-Presidents; Mr. S. C. Stevenson, President; Messrs. J. P. E. Casgrain and J. A. McDonald, Vice-Presidents; Joseph H. Jacobs, Hon. Sec. Treas.; Dr. S. J. Audres, Speaker; Messrs. A. C. Wurtelle and J. M. McConnell, Deputy Speakers; Mr. N. Murray, Clerk of the House; Joseph St. Onge, Sergeant-at-Arms; Council—Messrs. John Hyde, H. B. Ames, A. E. Harvey, F. W. Hibbard, M. C. Foley, H. Lampard, A. Gordon, Dr. J. N. Madigan, C. S. S. McConnell, A. F. Mitchell, and James Harper. The elections will be ratified at the next meeting of the House.

GOSPEL TEMPERANCE.

Last night's gospel temperance meeting in the Waldorf Hall could be briefly outlined thus: An overflowing hall and a good programme. Messrs. W. C. Sanderson and J. J. McAlpine, delivered addresses which, although strictly "temperance," were far from being dry. The musical part of the programme was given by Messrs. J. Best, A. J. Terryberry, H. Lee and others, Miss Featherston presiding at the piano. The work is growing; with a larger hall will come greater opportunities. Come and lend a hand next Sunday at 8.15 p.m., after the church services.

SPORTS AND GAMES.

FOOTBALL.

On Saturday afternoon the Britannia football team defeated the champion McGill fifteen in their match on the College campus, much to the surprise of everyone, as McGill had already scored two victories, while it was said that the Brits had never played together this season. The University team were considerably weakened, however, by the loss of Russell, their famous quarter-back. The weather was ideal for football, and the attendance of spectators was very large; and was pretty evenly divided in its allegiance to the Clubs. Mr. E. Black, of the Montreal Football Club, performed the duties of referee, while Messrs. McPherson and Taylor acted as touch judges, and Messrs. Mitchell and Bond as goal judges.

During the first half of the game play was certainly in favor of McGill, but from the start of the second half the Brits put themselves together, and had it pretty much their own way, winning by a score of 15 to 0. The teams were as follows:—Britannia—Rawlings, back; Hill, Arntson, Wardlaw, half backs; Stevenson, quarter back; Corbett, Patterson, right wing; Taylor, Crathern, left wing; Rankin, Young, Cameron, Murphy, Grace Brown, forwards. McGill—Donahue, back; Matheson, Goulet, Smart, half backs; Jacques, quarter back; King, Walker, right wing; McLaughlin, McFarlane, left wing; Primrose, Hamilton, Yates, Halfday, Guthrie, Whyte, forwards.

In the intermediate championship match between the Montreal Second and the Britannia Second, which took place on the Shamrock grounds, the former won by 15 points to 0. The Thistle and Ranger Football Clubs played on the Logan's Farm on Saturday afternoon, resulting in a victory for the Thistles by a score of 1 goal and 1 disputed goal to 1 goal. The teams were: Thistles—W. Birch, D. Hickey, W. Clarke, J. Tait, G. Burnett, H. Trum, C. Dickie, G. Hughes, T. Hughes, A. Gilmore (captain), R. C. Clarke, Rangers—H. Emery, H. Sahin, J. Clifton (captain), R. Dick, W. Ward, W. Ashton, W. G. Gilmour, H. Gilmour, Parkinson, J. Dow, J. Stanciloff. Referee—W. Gilmour.

Queen's University team, Kingston, and the Royal Military College football club met in the first of their scheduled series of matches on Saturday, the former defeating the latter by a score of 35 points to 1.

The McGill and Montreal football teams have accepted the challenge of the Ottawa College team and will play in that city some time next month.

Thus far the Canadian-American team has played twenty matches in the Old Country, winning four and playing two draws.

CRICKET.

To-morrow and Wednesday Lord Hawke's team of English cricketers will meet an eleven from Western Ontario in Toronto, on the Rosedale grounds. The Ontario men are in active practice and are expected to give a good account of themselves. On Saturday evening, at a meeting of the Executive of the Eastern Canada Cricket Association, arrangements were completed and a team selected for the three days' match with Lord Hawke's eleven. The game will be played on the Rideau Hall grounds, Ottawa, on Thursday, Friday and Saturday. The chair was taken by Prof. Mowse, of McGill Cricket Club. A letter was read from Major Colville, military secretary to His Excellency the Governor-General, extending an invitation for both teams to lunch on each day of the match with the Governor-General at the Government House. The secretary was instructed to thank His Excellency for this gracious act of courtesy and hospitality. The following team was then selected to represent the Association:—E. M. Bristowe, and A. H. Warden, Ottawa Club; A. Browning, Montreal Club; C. C. Hill and C. J. Harrod, McGill University; W. C. Little and L. Goss, Ottawa Club; J. E. Mackie, McGill University; H. J. Senkler, Brockville; E. Turton, A. Z. Palmer, and R. T. A. Bell, Ottawa. Lieut. Cassimer Van Straubenzee, Kingston, spare man.

GOLF.

In the match between the Quebec and Montreal City Clubs, on Oct. 10, in Montreal for the Quebec trophy, the Montreal team won by a score of 68 to 57. This gives them the trophy for this season. It is a handsome silver epergne and is now in the possession of Mr. Morris, Secretary, who will hand it over to the winner of the Club match on the 7th of November, for its custodianship. This prize is played for semi-annually in May and October.

On Saturday the members of the Montreal Golf Club played for the Dennison medal. Next Saturday the Brookers' prize and the Buchanan cup will be contested for, while on Oct. 31 the Colt belt will be the prize. On the Saturday following the season closes and the members of the club will be busy for the rest of the year.

ATHLETICS.

In a half-mile race on Saturday between Messrs. A. Leith and A. E. Patterson to decide the ownership of a gold medal offered by the directors of the M.A.A., the former won. In 1880 handicap series these two tied, each winning two events. St. Francis College, Richmond, holds its first annual athletic sports this afternoon.

McGill University will hold its annual fall games on Friday on the College campus. The Sherbrooke Skating Club has elected the following officers at its annual meeting: Patron, R. W. Heneker; vice-patrons, W. R. Ives, M.P., and Richard Smith; directors, H. H. Fraser, J. T. Bennett, J. T. Bennett, vice-president; Wm. Morris, C. W. Walcott, L. E. Dastous, W. S. Dwyer, T. J. Maguire.

LACROSSE.

The match between the Crescents and Orions for the intermediate championship is declared off, the latter being unable to get their team together.

INCREASE OF METHODISTS.
WASHINGTON, Oct. 19.—To-day's session of the Ecumenical Council opened with the Rev. William Martin, of the Wesleyan Reform Union of England, in the chair.

The report was adopted. The committee on Methodist statistics made a report. While no official statistics were adopted by the London Ecumenical Conference, the figures show that since that Conference there had been an increase of thirty percent in Methodist believers. Judge Sibley of Marietta, Ohio, read a paper on "Marriage and divorce laws."

A severe cyclone is raging off Bermuda. It is expected to reach the New England coast to-night.

Gustave Stein, the eminent New York musical critic, is dead. He was recently bitten by a spider.

SUGGESTED JURY

For the legal prosecutions about to be instituted against the small fry hoodlums of the Civil Service.—Grip.

"Why is it," asked a stranger, "that you Americans are so anxious to discover the North Pole?" "Oh," replied an experienced globe-trotter, "we Americans are great travellers, you know, and we want some new place to write our name on."

"The Superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children. Purchase a bottle and give it a trial."

"WIFE—'Why is it that dudes wear only one eyeglass, dearest?' Husband—'You seem to forget that they have to have one eye to see with.'—*Brooklyn Life*."

"SHILOH'S CURE will immediately relieve croup, whooping cough and bronchitis. Sold by B. E. McGale, 2123 Notre Dame street, and all druggists."

"MINE IS A PATIENT WAIT," remarked the young doctor, as he sat lonely in his office.—*Baltimore American*.

"IT IS A GREAT PUBLIC BENEFIT," these significant words were used in relation to Dr. Thomas' Electric Oil, by a gentleman who had thoroughly tested its merits in his own case—having been cured by it of lameness of the knee, of three or four years' standing. It never fails to remove soreness or any lameness."

"MAUD (sincerely)—'Ma says that if you are sick, Bridget, she will send your breakfast up to you.' Bridget—'Oh, no, miss, I'm not sick, but if you have the breakfast ready I will get up.'"

"WHY WILL YOU COUGH when Shiloh's Cure will give you immediate relief. Price 10c, 50c and \$1. Sold by B. E. McGale, 2123 Notre Dame street."

"TEACHER (to dull boy of the class)—'Which New England State has two capitals?' Boy—'New Hampshire.' Teacher—'Indeed? Name them.' Boy—'Capital N and capital H.'"

"IT MAY BE ONLY A TRIPPLING COLIC, but neglect it and it will fasten its fangs on your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickel's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest."

"HOW ARE YOU PROGRESSING with your French?" "Well, I am getting so that I can make myself understood perfectly."

"THE REV. GEO. H. THAYER, of Bourdon, Ind., says: 'Both myself and wife owe our lives to Shiloh's Consumption Cure.' Sold by B. E. McGale, 2123 Notre Dame street, and all druggists."

"THAT'S A MIGHTY POOR POEM you selected for the prize," said a rhymester to an editor who had been conducting a literary contest. "You think that a poor one, do you?" replied the editor. "You ought to see the others."

"FREE AND EASY EXTERMINATOR immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickel's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease."

"AH! IT SEEMED that my remarks were wholly needless for," commented the author when his essays came back to him by way of the dead letter office.—*Indianapolis Journal*.

"JOSEPH RUSAN, Percy, writes: 'I was induced to try Dr. Thomas' Electric Oil for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me.'"

"THE MAN WHO LOANS on the corner never deals on the square."

DOMINION CAPITAL.

WHAT THE LIBERALS UNDERSTOOD MR. CHAPLEAU TO OFFER.

(From Our Own Correspondent.)

OTTAWA, Oct. 19.—The Hon. J. A. Chapleau has secured an interview with himself, which appears this morning in the Government's Toronto and Montreal organs, for the purpose of denying the statement made editorially by the Toronto Globe, that Mr. Chapleau offered last session to join the Liberals, with all his following, but the Liberals declined because they knew him too well. Mr. Chapleau says:—"If they accuse me of treason to my leaders, or to my party, they lie, knowingly and criminally. They once offered me, not from the top of a mountain, but from the top of a Regina scaffold, a kingdom of glory and power; I refused and routed them. Hence their hatred. Still you may be sure if an accident was throwing me into their camp, my sword and my epaulettes would not be taken away from me." It is nevertheless a fact that one of Mr. Chapleau's entourage gave the Liberal leaders to understand that they could have Mr. Chapleau if the Liberals would promise him the portfolio of railways and canals in the new Government. Mr. Chapleau goes on:—"I do not pretend that a man cannot differ, at times, from his colleagues, from his party. He can even sever his connection with his party for political reasons; for personal differences if the latter render his relations intolerable, and he is a fool if he does not find all the precedents he wants in high spheres of British public life. This is no treason. I have no hesitation in saying that I have at times suffered at the hands of my own party. My party has never suffered at my hands. I have made representations, when, to use the words of the Hamilton Spectator, geographical considerations, length of service, political influence, administrative ability and experience, were discarded. I made them frankly; I made them to those whose duty it was to hear them. I would not be ashamed to publish my correspondence on those matters."

LANGVIER-ANGERS REPORTS.
Sir Hector Langevin, who had been staying with his brother, left here for Quebec. The report is now common that Lieutenant Governor Angers will be brought up here to enter the Ministry as leader of the Quebec Province Conservatives, and that Sir Hector will succeed to the Lieutenant-Governorship. The unpopularity of such an appointment is the best proof that it is unlikely.

THE C.P.R. AWARD.
The amount awarded by the arbitrators to the Canadian Pacific Railway Company, in their claim against the Government over the Ouderdonk section of the C.P.R. Railway, was laid before Council Saturday afternoon. It is \$50,000 each party to pay its own costs. The claim was five millions.

MR. DAVIN'S BOAST.
Mr. Davin, M.P., left last night for Toronto, but will return to watch Mr. Macdowell, M.P., who is a rival aspirant for the portfolio of the Interior, when Mr. Dewdney is appointed Lieutenant-Governor of British Columbia. Mr. Davin says he could, last session, have driven Mr. Dewdney in disgrace from the Cabinet but he held his hand. He also says:—"I await with some confidence the reorganization of the Cabinet to which the Conservative party looks forward with expectancy and the whole country with a curiosity not unmingled with unrest."

MAJOR PERLEY'S ILLNESS.
Mr. Perley, late chief engineer of the Public Works Department, is dangerously ill. He was prayed for in St. George's Church yesterday. This morning he is a little better.

THE CABINET.
Everyone is talking of Cabinet reconstruction, yet the task is so delicate and difficult that it appears to have paralyzed Premier Abbott's energies. In the opinion of many leading members of the Conservative party, of whom Mr. J. C. Patterson, ex-M.P., is one, they should have a younger and a bolder man at the head of the Government. The party was only held together after Sir John Macdonald's death by a pledge from Mr. Abbott to a Ministerial caucus that a complete reconstruction of the ministry would take place immediately after Parliament was prorogued. Every Ministerial member knows that this statement is true. Three weeks have elapsed and it is now given out that no changes will be made before November. Mr. Abbott is in a good position to drop the weak men and the corrupt men and the incompetent men and the worn out men, for he has their resignations

every one in his hands. This has not been known before, but I am informed by a leading member of the Cabinet that, upon the formation of the new Ministry, it was decided to re-appoint all the old ministers on the understanding that it was a makeshift for the session then in progress, and that to leave Mr. Abbott as free a hand as if he had not come in at a crisis each member of the new Administration on being appointed formally

HANDS IN HIS RESIGNATION.
Of course any actual resignation, such as Sir Hector Langevin's, would naturally be made anew. When serious changes in the Cabinet were contemplated Sir John Macdonald, as has been already noted, generally adopted the course of securing the resignation of the whole Ministry, and Mr. Abbott is now in that position. There are few men in public life who would remain thus on probation many days after the time agreed upon, but the men in office are the best judges of what is due to them. A member of the Senate who is pretty well in touch with the programme told me yesterday to look out for the unexpected. "There are some surprises in store," he said.

CHARGES AGAINST SIR A. P. CARON.
It is generally stated here that it is difficult to get anything through the Department of Militia under the regime of Sir Adolphe Caron, owing to the disposition of the Minister to regard official duties as a bore. A critical instance of this occurred last week. For nearly three years the Imperial authorities have been calling for a report from the authorities here on the fortifications of Canada. Time and again, it is declared, their repeated request has been ignored by the Minister of Militia. At last the home authorities asked the Secretary of State for the colonies to write to the officer administering the Government in Canada complaining that this important matter had been neglected for so long. Last week, therefore, Lord Stanley received such a communication from Lord Knutsford. Such an extreme step as a complaint from the Imperial Government to the Governor-General as to the conduct of one of his Ministers, in an important matter of Imperial concern, is unprecedented. His Excellency, it is said, laid the letter before the Prime Minister, and Mr. Abbott is stated to have given Sir Adolphe Caron a week within which to lay before him such a report as the War Office required. Everybody knows that Sir Adolphe spends very little of his time in his department.

DR. MONTAGUE'S MOVE.
The departure of Dr. Montague, M.P. for Haldimand, for Vancouver, where he has gone into partnership with Dr. Carroll, makes it incumbent upon him, even before the election case is disposed of by the courts, to resign his seat, as this old and important constituency will not consent to be represented by one whose interests and residence lie 3,000 miles away.
