RUSSIANS GOT INTO A JAPANESE TRAP.

Raked by Concealed Artillery in Ravine and Lost 1200 Men.

RUSSIAN LOSS AT PORT ARTHUR.

Chinese Report That Two Torpedo Boats and a Steamer Struck Mines and Were Destroyed—Rumors of Fighting.

London, June 22.—(Special.)—A despatch to the Daily Mail from New Chung says while a Russian force of 18,000, under General Kondratovich, was traversing Wafurgho ravine June 19th, it was surprised by concealed Japanese artillery.

The Russians lost heavily, their casualties being 1200 in number. General Kondratovich extricated his men and led them in good order to an entrenched position.

RUSSIANS MEET WITH ACCIDENT AT PORT ARTHUR.

Tokio, June 22.—(Special.)—Chinese on board a junk which was captured after leaving Port Arthur, state that a few days ago two Russian torpedo boat destroyers and a steamer struck mines and were destroyed.

One hundred and forty lives were lost, according to their account.

BATTLE RUMORS.

London, June 22.—A m. a. All attention is focused upon the rumored battle at Hai-cheng, Monday, but the facts are still impossible to learn. A St. Petersburg despatch describes it as the bloodiest battle yet fought. The Russians are said to have been severely defeated and to be retreating to Liao-Yang. This is causing a panic in Mukden. The source of this and other stories cannot be traced and the facts may prove different. The recent disasters seem to have bred numerous scaremongers in St. Petersburg, who, in the absence of definite news, launch wild stories unchecked. There seems, however, little reason to

doubt that there has been further severe fighting, though the result is only conjectural. The rumored capture of Liao-Yang is discredited here. An examination of the map, in connection with the recent official despatches, shows that the report is most improbable.

LOCAL CHINAMEN ENGAGE IN FIGHT.

Exciting Incident Near The Union Station.

ONE IS ARRESTED, BUT AFTERWARDS SET AT LIBERTY.

The representatives of the Celestial Empire in this city have been very law abiding, and on Monday last the people around the Union depot were surprised to see two of the "washee men" get into an altercation. While the scrap lasted, it was fast and furious. The weaker of the two—Lee Fong—was knocked to the ground and when he was separated he was sufficed from a severe gash in the side of the head. Chang, the victor, was placed under arrest and taken to the Central station. Du Lee, who seems to be a guardian of his fellow countrymen, immediately sought the services of a lawyer, but on the matter being investigated Chang was liberated with a warning to be more cautious in the future.

REPUBLICANS NOW IN SESSION.

OPENING OF THE BIG NATIONAL CONVENTION IN CHICAGO.

Chicago, June 22.—The Republican National Convention, the thirtieth in the party's history, met in the Coliseum at noon yesterday, and organized. The grand climax, the nominations, will not be reached until the third day.

WEATHER PROBABILITIES.

Forecast for the next 24 hours, issued by the Meteorological Bureau: Northwesterly winds; clearing and becoming cooler.

GORED TO DEATH.

Winnipeg, June 22.—(Special.)—E. Rossmussen, a wealthy Dauphin district farmer, was gored to death by a bull today.

Mr. William Farwell, President of the E. T. Bank and Mrs. Farwell will leave for London, England, on the S.S. Tunisian, on July 1st. They will meet their son, Capt. C. Farwell, R. E., and whose regiment is stationed in India, but who will be on a visit to London in a couple of weeks.

W. P. BEAUCHAMP HAS PASSED AWAY.

Well-Known Commercial Traveller Dies in Montreal.

WAS ONE OF THE DIRECTORS OF THE D. C. T. ASSOCIATION.

Mr. W. P. Beauchamp, whose critical illness was mentioned in yesterday's Record, passed away at 3 p.m. He leaves a widow and three sons, the eldest being about 15 years of age.

The funeral will take place Friday morning at 8.30 a.m., from his late home, 4358 St. Catherine street, Westmount, to the Westmount Church. Mr. Beauchamp was elected last December as one of the directors of the Dominion Commercial Travellers' Association by the largest vote polled but owing to his illness he was unable to occupy his seat on the board. His fellow travellers, his customers and all who knew Mr. Beauchamp will sincerely regret his death, and their sympathy will be with his bereaved family.

CLOSING OF KING'S HALL, COMPTON.

Interesting Programme Presented Yesterday Afternoon.

GRECIAN PLAY BY THE PUPILS FOLLOWED BY DISTRIBUTION OF PRIZES.

Compton, June 22.—(Special.)—The closing exercises of King's Hall, Compton, were held yesterday afternoon with an unusually large attendance. Among those present were His Lordship the Bishop of Quebec, and Mrs. Dunn, and the Very Rev. Dean Williams, of Quebec.

After the excellent luncheon at the school, at which Miss Gena Smith, the Principal, presided, the visitors proceeded to the Town Hall to witness the piece de resistance of the day, the "Antigone" of Sophocles, presented by the pupils of King's Hall. The audience was a large one, every seat being occupied, and the greatest interest was taken in the performance. The members of the cast were Jean Allen, Eleanor Savage, Violet Scholes, Winifred Price, Mary Naylor, Dorothy Judah, Edna Nelles, Florence Farwell, Jessie Hamilton, R. Von Pozer and E. Cobban. The chorus of Theban maidens included Miss Chapman, Marjorie Torrance, Eleanor Taylor, Madeleine Price, Marjorie Valpy, Dalene Von Pozer, Olive Buchanan, Mildred Ames, Mary Williams, Gladys Welch, Olive Boyle.

The stage setting was admirable, the scenery having been painted and arranged by the teachers of King's Hall. The young actors, in their graceful costumes looked the noble Grecian youths and maidens to perfection and entered into their parts with so much spirit and sincerity that the applause was tumultuous. Not the smallest minor part was neglected and the entire performance was so thoroughly well done that even those most familiar with the stage were surprised and charmed. The chorus did good work, the mournful strains recurring at intervals throughout the play, and Mendelssohn's exquisite music added to the effect. At the close His Lordship Bishop Dunn, Dean Williams and others complimented the actors and their instructors highly upon the results of their work.

DISTRIBUTION OF PRIZES.

Returning to the school afternoon tea, cakes, ices were served, and the prizes were presented by the Bishop, and Miss Gena Smith, the Principal. The following were the prize winners: Scripture—1, Elsie Price; 2, Madeleine Price; 3, Florence LeSueur.

English—1, Violet Scholes; 2, Dalene Von Pozer; 3, Marjorie Valpy; 4, Ethelwyn Price.

French—1, Dalene Von Pozer; 2, Mary Naylor; 3, Fay Moloney.

Drawing—1, Eleanor Taylor; 2, Gladys Pope; 3, Ethelwyn Price.

General prize—Marguerite Cottingham.

Music—1, Rhoda Von Pozer; 2, Lotie Valpy.

Certificates were awarded for first, second and fourth highest standing in Canada by the College of Music, Montreal, to Olive Boyle, Marjorie Valpy and Lotie Valpy.

The Bishop spoke briefly, expressing his satisfaction at the high standing of the school, the excellent showing made and the progress which he observed and paid a well deserved compliment to the Principal and teachers upon the outcome of the year's work. He trusted that the prosperity of King's Hall was assured.

The Very Rev. Dean Williams followed in much the same strain, and after the singing by the pupils of the "School Song," "God Save the King" brought the day and the school year to a close.

MR. MCCORKILL MAKES STATEMENT.

Provincial Treasurer has not Resigned Seat in Assembly.

BELIEVES COURT OF REVIEW JUDGMENT MAY YET CONFIRM HIM IN HIS SEAT.

Quebec, June 22.—Several of the local papers having stated that Hon. J. C. McCorkill, provincial treasurer, had resigned his seat in the Legislature, a reporter called upon the latter, yesterday at the Chateau, where the representative of Brome registered yesterday morning. "I have not vacated my seat," he said. "It came to my knowledge that in their zeal, one or two of my supporters committed acts which are prohibited by the election law, which is a very rigid one. I therefore admitted that corrupt acts were committed without my knowledge or authority, but upon the matter of pending objections which I filed, and of the exceptions to the interloper judgments which had been rendered in the case and which will be heard before the Court of Review, if my objections are well founded, and if the trial was illegally fixed for the 12th of March, the petition will be dismissed and I will be confirmed in my seat. On the other hand, if my objections are unfounded, and the Judge had a right on the 11th of March to proceed on the 12th, without notice to the interested parties, and the making of proof on the 12th of facts admitted by me, constitutes a legal transaction of the trial within four months of the publication of the election, will be maintained, my seat will be declared vacant. After filing the admission of corrupt practices of my agents, I asked the petitioners to proceed on the charges of corruption against myself personally and declared myself ready to be examined on the whole election. The petitioners' counsel arose and declared that the petitioners did not intend to press the formal charges, alleged against me, and the court therefore declared that I was personally completely exonerated so far as I was concerned. I was particularly anxious to be examined in the case because the Opposition press ostentatiously published personal charges against me, with the evident intention of creating an impression that I had laid myself open to disqualification. I consider that it is a very serious accusation to make against any candidate, and the press should not be permitted to do so with impunity."

AWNINGS MUST BE RAISED.

COURT RULES THAT BY-LAW IN THIS CONNECTION MUST BE COMPLIED WITH.

Some ten merchants of this city were charged with a violation of the by-law in regard to the height of their awnings from the sidewalk. The by-law says that the awnings must be eight feet clear from the sidewalk, but this height is not enforced as a resolution of the Council fixes the height at seven feet clear from the sidewalk. Eight of the merchants against whom complaints had been laid came up before Judge Mulvena, this morning, and two failed to appear. The Judge allowed them to go on suspended sentence, on condition that they conform to the by-law and police regulations.

FOR THEFT OF IRON AND BRASS.

BIBEAU PLEADS GUILTY, AND WILL BE SENTENCED TO-MORROW.

Olive Bibeau was up before Judge Mulvena yesterday afternoon, for preliminary hearing on the charge of stealing iron and brass fittings from the Jencks Machine Company, and selling them to dealers in old iron. He was committed for trial, the proof being conclusive.

He subsequently asked for a speedy trial and pleaded guilty, and was remanded till to-morrow for sentence.

LORD DUNDONALD.

GLENGARRY CAMP OF S. O. S. PASSES RESOLUTION.

Alexandria, Ont., June 22.—The Glengarry Camp, S. O. S., at its meeting held last Saturday, passed a resolution supporting Lord Dundonald and disapproving of his dismissal.

AT THE COURT HOUSE.

At the Court House, yesterday, the case of Lafrance vs. Codere & Sons was heard. This is an action for damages in connection with goods purchased and not delivered in time. The plaintiff alleges that he ordered galvanized iron for roofing of house; that he removed the old roofing; that the goods were sent to a wrong address which delayed their delivery; that rain having set in caused damage to furniture, etc., to the amount of \$100.

NEW LIGHT BY-LAW FOR RATEPAYERS.

Majority in Council Approve Proposal to Raise \$200,000 for Municipal Electric Plant—By-Law Will be Prepared and Submitted to Ratepayers—Much Discussion in Council.

The City Council met in special session last night in the Council Chamber. Mayor J. O. Camirand presided, and there were present Councillors D. McManamy, Deneault, Jencks, Olivier, Caron, Royer, Farwell, Lanctot, McCrea.

On Councillor Deneault, chairman of the Finance Committee, reading the report, a discussion extending from the Basin power to the proposed electric light plant of the city took place. The item of \$219.14 re balance on the costs of the amendments to the charter and a bill of \$17.50 from Worthington & Borlase was the pivot around which the discussion started.

Councillor Farwell—Is that bill of Worthington & Borlase of \$17.50 not a little high for notarial work?

The Finance chairman pointed out that it was a bill dating back since 1902.

Councillor Farwell—Is that not a part of the cost of the Basin power?

The Secretary—The bill will be entered up as follows: \$32 to the Basin power and the balance to expense.

Councillor Farwell—It would be interesting to the citizens to know what these amendments to the charter have cost. These are luxuries. I am afraid the Finance Committee is going pretty fast. If there is an item of \$1300 in connection with Brown & Macdonald's bill, there is also a large amount yet to be paid, including the delegates' expenses. I don't know whether Dr. Pelletier charges anything or not. I think also we ought to have Mr. Panneton's bill. I think we ought to know what the luxuries amount to.

Councillor Deneault said the account of Messrs. Brown & Macdonald did not come to the amount mentioned by Councillor Farwell. Proceeding, he said that Messrs. Brown & Macdonald made all the disbursements and gave credit on bill for monies received. The total amount of the bill was \$784.61.

Councillor Farwell—That bill foots up \$1800.

Councillor Deneault—That bill includes the deposits made to the Government, and there is deducted the amount of the deposit returned by the Government.

Councillor Farwell—That's \$784 of expenses without the delegates' expenses and Mr. Panneton's bill.

The Secretary—We have not got Mr. Panneton's bill yet.

Councillor Farwell—To what account do you propose to charge that?

Councillor McManamy—I think that should be charged to Councillor Farwell.

Councillor Farwell—I don't think it is proper to charge it to expense account. It should be charged to municipal ownership account.

Councillor McManamy—I don't see why it should be charged to the electric light project. How could they expect an electric light plant to pay dividends with such expense. It is not necessary to explain how they were made.

Councillor Farwell—These amendments were sought for no other reason than to further the electric light scheme. I take it that all the expenses of the engineers and everything connected with the question should be charged to the electric light scheme. The account should be started correctly, because the electric light should show what it really cost.

Councillor McManamy said they would not have had to go to Quebec if Councillor Farwell had not used his influence after the company had decided to accept \$223,000 for the plant.

Councillor Farwell contended that the property holders were opposed to the purchase of the plant, and voted the scheme down. The costs of the injunction proceedings should also be added to the list.

Councillor McManamy—Do you do that in banking business?

Councillor Jencks was also of the opinion that all the costs should be charged to the municipal ownership scheme. When a business concern started up they charged every expense up and knew just how much it cost them.

Councillor McManamy said that was exactly the way the Gas and Water Co. kept their books, for they valued the water works at \$175,000, and they were valued by experts at \$96,000. The same company now valued their plant at \$200,000, and experts placed the valuation at \$121,000. He did not think that Councillor Farwell conducted his business in that way, because if he did the stock of his bank stock would not be selling at the figure it was.

Councillor Farwell replied that that was the course invariably followed. Continuing he said, that he thought it was an unnecessary expense to have Mr. Panneton go to Quebec. There was no reason for the expense ex-

cept that the municipal ownership party had money to burn, and that they took Mr. Panneton down because he knew the ropes.

Councillor McManamy—Just what you were trying to do, but could not succeed.

Councillor Farwell—And to pay for votes. Mr. Brown was quite competent to do the work.

Councillor McManamy—Councillor Farwell knows all about lobbying. Councillor Farwell got hold of one man that promised to support the bill but afterwards went over to work with Councillor Farwell.

Councillor Farwell—Name him.

Councillor McManamy—I will mention no names.

Councillor McCrea said it was immaterial just at present to what department the item should be charged. They had to pay it anyway. He thought, however, it should be charged to electric light. He agreed with Councillor Farwell that it was not necessary that Mr. Panneton should have been engaged.

Councillor McManamy—I think it was an advantage. Councillor Farwell was "cock sure" that the bill would be thrown out.

Councillor Farwell moved that these items be charged to the electric light account.

Councillor McCrea seconded.

Councillor Lanctot rose to a point of order that according to the notice they could not deal with a motion of that nature that evening.

After some further discussion the Mayor ruled that the motion could not be presented at that meeting.

Councillor Farwell said he was anxious to have the matter settled as he was leaving soon for a couple of months.

Councillor McManamy—I am very sorry.

Councillor Farwell—The matter may be lost sight of, and I would ask the Secretary to make a note of my objection in the minutes.

The report of the Finance Committee was adopted.

THE ELECTRIC LIGHT MOTION.

The question of the city owning an electric light plant was again introduced at the Council meeting last evening, when Councillor McManamy moved that the City Council authorize the City Attorney to prepare a by-law to create a loan for \$200,000 to provide for a municipal electric plant for the city of Sherbrooke in accordance with the last amendments to the charter.

Councillor Oliver seconded.

Councillor Farwell said he did not propose to go into this matter again at great length, as it had been discussed fully at past meetings of the Council. After referring to the procedure that was now taken to call meetings Councillor Farwell dealt with the question which led up to the amendments of the charter. That the municipal ownership party had threatened that if they were defeated they would have the charter amended. When that statement was made he did not think that even the Parent Government would pass such an amendment. He opposed the measure single handed, and he had against him the Mayor, two Councillors, Mr. Panneton and Mr. Brown, representing the city, and also the gentleman who was supposed to represent the whole of the city, the member for Sherbrooke, Dr. Pelletier did yeoman service in getting the act passed. He knew how to get special committees appointed to further his scheme. Councillor Farwell had that strong opposition, and later on he found that the Hon. S. A. Fisher took a hand in the matter. Mr. Fisher went into that as he had gone into larger things. He had found his tracks there.

COUNCILLOR FARWELL'S AMENDMENT.

Councillor Farwell then moved the following amendment:

"That all the words after 'that' be struck out and the following substituted in place thereof:

"Inasmuch as it is known that the Sherbrooke Electric Power, Light and Heat Plant was unwilling and against the wishes of a considerable minority of shareholders of that Company, offered to the City at \$223,000, that it probably could not now be purchased under \$250,000, that the Company have about 1700 shares about 1250 being now in use:

"That the cost of developing, installing, transmitting and distributing an equal amount of power, say 1250 h.p. from Westbury Basin, according to plans and estimates submitted by Ross & Holgate, engineers employed for this purpose by the city, which would amount to over \$200,000 and would cost at least \$3500 more to operate than a plant in the city,

QUEBEC STREET "BOULEVARD."

Councillor McManamy Replies to Criticism of Department's Work.

CITY BUT CARRYING OUT THE JUDGMENT OF THE COURT—LEVELS SET BY CITY.

ENGINEER.

Councillor D. McManamy, chairman of the Road Committee, was called on yesterday by the Record in regard to the criticisms which are being made in connection with the work on Quebec street. It will be remembered that the condition of this street at the south end was the subject of an enquiry before the court. The judgment of the court was that the city would have to put the street in a proper condition or be compelled to pay damages.

In discussing the matter this morning Councillor McManamy said that Quebec street was being graded under the supervision of the City Engineer, Mr. T. Tremblay, and that the road master or Road Committee had nothing whatever to do with it, except to accept the City Engineer's levels.

Councillor McManamy says he went to Quebec street with two of the parties who now claim that their property will be off the level of the street and interviewed the City Engineer to see if the grade could not be altered and meet the requirements of those property owners who are above and below the present level of the street. The City Engineer would not allow the grade which he had fixed to be altered as he claimed that the level was set in the interests of the whole street, and not in the interests of one or two.

"Quebec street," said Councillor McManamy, "will be one of the finest residential streets in the city, but it will cost a lot of money owing to the formation of the ground."

Councillor McManamy remarked that the petitioners who appeared before the court insisted upon the work being carried on according to the judgment of Mr. Justice Lemieux. He says that to show that the city wanted to deal in a friendly manner with the petitioners he, at the meeting of the Council after the judgment had been rendered, moved that Mayor Camirand be appointed to see these petitioners and to come to an amicable understanding as to what they wanted done, and which would conform with the judgment of the court. The Mayor notified the parties, but so far no meeting has been held of the petitioners. As a consequence of this the work had to be proceeded with, and to be in an advanced stage before the 15th of June, to satisfy the judgment of the court. He did not see how the city could be blamed for the action they had taken in the matter.

MATTER UP IN COUNCIL.

At the Council meeting last evening the Quebec street question was brought to the attention of the Council by Councillor McManamy, who read the letter signed, "Justice," in the Record of the 17th of June. He thought the signature should have been, "Injustice." His explanation of the position of the Road Committee was practically the same as that given above.

Councillor Farwell said he had visited the street, and thought the work could have been done more to the satisfaction of the property owners and at less expense to the city. He fully understood it was a difficult question.

Councillor McManamy said that Councillor Farwell was a member of the Road Committee, and although he could not attend the meeting mentioned, and that he was not criticizing the work of the Committee. The discussion then dropped.

BIRTHS, MARRIAGES AND DEATHS.

JOHNS.—On June 21st, 1904, Isabella Devlin, wife of the late David Johns, born at Stranraer, Scotland, aged 88 years.

Funeral from residence of Mrs. J. W. Wiggitt, 14 Beckett Road, at three o'clock, sharp, to-morrow afternoon.

THE QUESTION OF HIGHER CRITICISM.

Interesting Sermon by Rev. Dr. Whitney.

GOD HAS GIVEN US THE POWER TO STUDY AND WE HAVE A RIGHT TO KNOW.

On Sunday, the 19th June, Dr. Whitney gave a memorable address on the vexed question of Higher Criticism.

The first part of his sermon was devoted to a defence of "Lower Criticism," i.e., the testing and examining of the text of the Bible so as to form a basis for theology. This perfecting of the text was due to the labors of scholars who criticised the Bible as they would any other book. Otherwise we should now know no more of the Book of books than our fathers did.

While pursuing a scholarly but reverential examination of the text of the Bible, believers in inspiration can meet their opponents on the same ground. They need have no fear to the intellect God has given them. Without that, the Bible becomes a book honored and respected indeed, but which man hardly dare open. Or at best we shall merely be repeating criticisms given us by ages very different from our own.

The latter half of the sermon dealt with "Higher Criticism," which, Dr. Whitney explained, meant the examination of the authorship and composition of the Bible, while "Lower Criticism" referred only to the text. Amongst other things, the preacher pointed out that moderate and careful study of these books may change our views of the Old Testament, but cannot trench on revelation. God has given us the power to study and we have a right to know. It can only result in a deeper knowledge of the Creator and His dealings with man. If we cannot use the same methods in studying the documents of our religion which we use in studying those of the Greeks or Egyptians, we shall end by knowing less of the history of the Jews than we do of the Classics.

After mentioning with regret the lack of "moderation displayed by some controversialists on this subject, and urging the necessity of founding the Bible not always solely for the benefit of simple minds, Dr. Whitney concluded by admitting that to teach in religious matters was a grave responsibility, but one which God gave us the power to bear.

The whole sermon was marked by a liberal view of religion quite unfettered by sectarianism. The great learning of the preacher was brought to bear on the subject with consummate skill. The address will probably be circulated in pamphlet form before long.

CONGREGATIONS OF JOHNSVILLE AND SANDHILL MAKE PRESENTATION.

Johnville, June 22.—(Special).—A very large meeting was held last night in Johnville church to bid farewell to Rev. J. W. Wayman, who is about to leave this parish for a new field of labor.

Addresses were given by Rev. Mr. Robertson, of Cookshire; Rev. Mr. Wright, of Stanstead, and Mr. Jos. Shaw, of Johnville.

A presentation of \$75 was made to Mr. Wayman on behalf of the congregations of Johnville and Sand Hill.

Mr. Wayman made a fitting reply and expressed regret at leaving.

CASTLEBAR.

June 22.—Mr. and Mrs. Stephen Olney spent three days last week visiting friends and old neighbors at Castlebar, and stopped Thursday night at Mr. and Mrs. E. M. Leuts.

Mr. Orin Olney is still in a very critical condition.

Mr. and Mrs. S. A. Olney took a trip to Kingsley Falls on Friday.

Mr. Ed. Fowler's many friends are very glad, indeed, to see him out again.

Mrs. Sidney Shaw and children spent a few days at her mother's and sister's last week.

Can't Sleep?

Here's a prescription that never fails to bring sound, refreshing sleep: Every morning, before breakfast, take a foaming glass of ABBEYS SALT. Take it faithfully—give it a fair chance—and it won't be long before you "sleep like a babe" and feel "a hundred per cent. better" in every way.

Abbey's, being a granular salt, contains no alcohol; liquid preparations may.

who lately occupied the premises, have
taken offices in the house of Miss
Crack.

The Y.W.C.T.U. held its regular
meeting Monday afternoon in the Fos-
ter Temperance hall. They were
chiefly occupied with the arranging
and sending off of cut flowers to the
hospitals in Montreal. This work is
to be carried on during the summer
in compliance with the wishes of the
various committees in Montreal.

The Union Quarterly Gospel Tem-
perance meeting is to be held next
Sunday evening in the Foster hall.
The choir of the various churches are
desired to meet on Friday evening at

MELBOURNE.

June 22. — Mr. Wm. Snider, of
Boston, Mass., was the guest of Mr.
Ernest Pierce, last Saturday.

Sunday was Children's Day in the
Congregational Church. The pro-
gramme, which included a recitation by
Master Clarence Denbow, was well re-
ceived by the school. The Superintendent,
Mr. A. McDonald, presented
prizes for regular attendance, to Mas-
ter Clarence Kelly and Miss Bessie
Jones. The pastor, Rev. R. J. Watt,
preached a very appropriate sermon to
the children.

Fishermen are experiencing great
difficulty in catching the finny tribe,
but the usual fish stories are as plen-
tiful as ever.

Mr. Walter Lyster and bride, of
Montreal, spent a portion of their
wedding trip, which included Three
Rivers and Quebec, at the residence of
the former's mother, Mrs. W. G. Lys-
ter, "The Notch," Kirkdale, leaving
for their home in Montreal, Monday.

Miss S. Pye, of Ulverton, was the
guest of her cousin, Miss Adele Atkin-
son, Sunday.

Messrs. Church and Bonner are busy
preparing to erect a saw mill at Gore.
They have bought considerable timber
cuts in the vicinity.

The hay crop will only be a fair one
this year. The hot, dry weather the

Although Dr. Cotton's demise was
hourly expected, his many friends in
this locality hoped against hope that
his splendid strength and physique
would carry him past the crisis. In
the death of the doctor we have a
sad example of a man taken away in
the noon of his life, and that as the
result of an endeavor to spare the
life of another poor suffering mortal.

We are glad to report that Mrs. Geo.
Cutter is now convalescent.

Mrs. S. Parsons, of Maple Creek,

nexionist.

The proudest man in town is Mr.

On Wednesday there arrived in the
world a new citizen, who is the son of
this gentleman. He is a heavy-
weight, tipping the scales at twelve
pounds. Mr. Noyes now wears the
smile that won't come off, and is
dubbed "Sunny Jim." We under-
stand Sir Wilfrid Laurier is holding
open Lord Dundonald's position for
him, if the Hon. Senator Baker's con-
sent can be obtained.

A FORMER BRITISH COLUMBIAN.

Wherever things "are doing" there
you find a man from British Colum-
bia. A Tokio correspondent of The
Victoria Colonist points out that the
man in charge of the repairs to
Russia's "Jame ducks" at Port Ar-
thur is a former British Columbian.
He is Mr. John Gilchrist, formerly
engineer on one of the Empress liners
running between Hong Kong and
Vancouver and Victoria. Mr. Gil-
christ left the service a few years
ago and went to work for the Hong
Kong & Whampoa Dock Company.
Then he returned to Clydesdale, but
he heard "the east-a-calling" again
and went out to work as engineer at
the Whampoa docks. Thence he went
to Dalny, where he was when the
war commenced. By orders of Vice-
roy Alexieff he proceeded to the dock
at Port Arthur, when the doings of
the ships of Admiral Togo filled that
port with vessels for the dock. He
was given a large salary, and placed
in charge of the repair work. He
got together all the engineers he
could find in the vicinity and with a
large force of Chinese coolies has
been working night and day.

When Building Was Cheap.

In the days when "The Grange"
was built, houses were not dear in
Toronto. That was in 1817. Any-
one who has seen "The Grange" will
have noted that this colonial fac-
simile of an English manorial es-
tablishment is not only large, but
well and solidly built. A visit to
the interior tells the same story, and
reveals a sort of architecture which
would have delighted the soul of an
Anglo-Saxon king. In that rambling
manor, with its pannelled walls and
dark, lofty ceilings, and heavy car-
ved balustrades, are carrels of wal-
nut and oak; timber enough, if sold
for furniture, to build ten large, up-
to-date houses in Toronto, even at
the present extravagant cost of
building. The walls are solid, and
the masonry in good condition. The
outside pillars are of stone. The
building—now the oldest brick house
in Toronto—looks as though it
might easily stand another half cen-
tury. Yet, according to Mr. Gold-
win Smith, the present occupant of
"The Grange," this remarkable
building was put up for the fabulous
sum of \$4,000!

Miss Kate Lockwood and Mr. Chas.
Richards, both of Montreal, were uni-
ted in marriage at the home of Mr.
and Mrs. Ernest G. Gifford, Shipton,
on Thursday evening last, at 7
o'clock. The ceremony was per-
formed by Rev. M. G. Nelson, pastor of
the Advent church, Danville, in the
presence of about forty guests. Miss
Annie Jarvis acted as bridesmaid and
Mr. James Lockwood, Richmond, sup-
ported the groom. The bride (who is
a sister of Mrs. Ernest Gifford) re-
ceived many lovely presents. Mr. and
Mrs. Richards will reside in Montreal.

The marriage of Miss Mary Emma, daughter of the late Capt. John Woodward, to Mr. Joseph A. Kerr, of Boston, Mass., is announced to take place at the homestead, East Sherbrooke, on Tuesday, 28th inst.

Mr. J. O. Carrier, who has been employed as stenographer in the office of Mr. L. E. Dastous, for the last year, leaves this week to take a similar position with the American Asbestos Company at Black Lake.

The resolution of the two Boards of School Commissioners, in which the school rates were levied at 5 mills, was presented to the Council last evening, and a resolution passed levying the same on the real estate in the city.

An ice cream social was given in the lecture hall of St. Andrew's church last evening under the auspices of the Young Ladies' Aid. There was a fair attendance considering the other attractions. Vocal solos were rendered by Miss Bertha Edwards, the Misses Mundell, Miss Ethel Macdonald, and selections on the piano by Miss Macdonald and Miss Alger. At the conclusion of the programme ice cream was served by the young ladies.

On Sunday afternoon Mr. H. Bourassa, M.P. for Lebel, accompanied by Dr. P. Pelletier, M.P.P., paid a visit to Bishop LaRocque and the priests at the Seminary, and Rev. Father Laporte, East Sherbrooke. Mr. Bourassa left on Monday morning to attend to his parliamentary duties at Ottawa, and before leaving expressed himself as being very much pleased with the progress that was being made in the metropolis of the Eastern Townships.

A social and entertainment was held last evening in Unity Lodge rooms under the auspices of Princess Robekah Lodge. There was a very good attendance. Grand Master P. L. Baldwin acted as chairman. The items of the programme were: Instrumental solo, Miss Nutt; song, Mr. Guelph Armitage; recitation, Mr. H. H. Morency; and a pictorial review of the life of Napoleon by Mr. V. E. Morrill. The scenes illustrating Napoleon's ca-

reer were thrown on to a screen by stereopticon and electric light. This was in charge of Mr. J. R. Sangster and excellent results were obtained. The singing of the National Anthem brought this part of the programme to a close. Strawberries and cream, cake, etc., were then served by the ladies, bringing to a close a very successful evening.

The whole question of laying a granolithic sidewalk on the east side of Wellington street, will come up before the Council at its next meeting. It was expected that the matter would have been dealt with last evening, but being a special meeting for a particular purpose, the report could not be dealt with. During the conversation last evening at the Council meeting on the question it was pointed out that the city was in a peculiar position in regard to the sidewalk in question. The chairman of the Road Committee stated that from Fletcher's corner to the Whiting block the proprietors on the east side of Wellington street owned from three to six feet of the land on which the sidewalk was now placed. The whole question of ownership, it was thought, should be dealt with before the work of laying the sidewalk was begun, so as to save any trouble in the future.

One of the pleasant social events of the year, popularly known as "The Boys' Dance," came off very successfully last evening at Bishop's College School, with a large attendance, both from Lennoxville, Sherbrooke and neighboring towns. Bishop Williams' Hall was appropriately decorated for the occasion, the lights being shaded in red, while adjoining class rooms were arranged for sitting-out places, and the lawn of the Headmaster's house was illuminated with Chinese lanterns, and was a favorite resort during the evening. The guests were received by Mrs. Bidwell, in white brocade and chiffon; Mrs. Hudspeth, in a black lace gown, and Miss Jeffrey, who wore black voile and silk. Mrs. Dunn, wife of the Bishop of Quebec, wore a handsome mauve costume; Mrs. Whitney was in white net over white satin, with black flowers. A number of other pretty gowns were noticed, the greater number being of the light summery order, of muslin or lace, very pretty and fetching. The music was furnished by Hubbard's orchestra, and included the newest "Two Steps," and waltzes, three extras being added to the long programme, which perfectly suited the young people. A light supper was served in the dining hall, and it was long after midnight before the party broke up. The Stewards were the following: Mr. C. V. Dicken, Hon. Sec., C. H. Carter, J. De Lotbiniere, A. McNaughton, J. Jephson and W. Irving.

WEDDING BELLS.

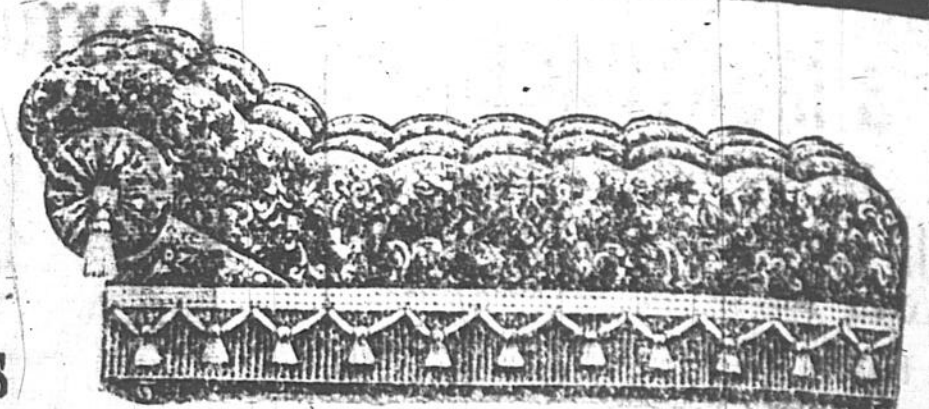

WRIGHT—HOGAN.

A quiet but exceedingly pretty wedding took place at the home of the bride's parents, 181 Argyle street, Toronto, Ont., on Wednesday evening, May 18th, when their daughter, Mrs. R. H. Hogan, late of Sherbrooke, was united in marriage to Mr. William H. Wright, late of Bristol, England. The ceremony was performed by the Rev. Lawrence E. Skeay, Rector of St. Ann's Church. Only immediate friends were present. The bride looked charming in a handsome gown of ivory white silk with berthe and trimming of point lace, large white picture hat, and tulle veil, and carried a shower bouquet of bridal roses. The bride was attended by Miss Martin, of Orangeville, and Miss Street, of Toronto. The best man was Mr. Mayes, of Toronto. A reception was held after the ceremony.

ANDERSON—ORR.

Souza Dadsell, June 22.—(Special).—A very pretty wedding took place on Wednesday evening, June 15th, at the home of the bride's parents, Mr. and Mrs. E. F. Orr, of South Dadsell, Que., the contracting parties being Mr. Frank Anderson, of Lime Ridge, and Miss Pearl Elora Orr, eldest daughter of Mr. E. F. Orr. A number of relatives and intimate friends of the bride to the number of about twenty-five gathered for the occasion. The parlor, where the ceremony took place was well illuminated and prettily decorated with ferns, maple leaves and flowers. At the appointed time the strains of the wedding march pealed forth and the bride party entered the room, the bride leaning upon her father's arm, looking pretty in her exquisite wedding gown of white silk and filmy tulle veil confined with a coronet of orange blossoms. The bouquet was orange blossoms, tied with white satin. The maid-of-honor, Miss Flossie Orr, cousin of the bride, wore a pretty frock of white. Her bouquet was pink flowers tied with white ribbon. The bridesmaid, Miss Gladys Orr, was becomingly dressed in white over pink, and carried a bouquet of pink flowers. The groom was supported by Mr. Lewis Orr, the bride's brother. The ceremony was performed by the Rev. Mr. Davis, of Cookshire, assisted by Rev. Mr. Pulcher, of East Angus. After the usual congratulations were over the company gathered in the dining room and partook of an excellent supper, the table being tastefully decorated with a centre piece of white flowers and foliage, while the glittering wedding cake occupied a conspicuous position. Mr. and Mrs. Anderson left for their wedding journey to Quebec and other points of interest by the Q.C.R., and on their return will reside at Lime Ridge. The wedding presents were very beautiful, among them being a lovely gold chain and locket, glassware, China, silver, linen and a beautiful Bible.

EDWARDS FURNITURE CO

WATERLOO.

June 22.—Mr. Redfield Ingalls, of Montreal, was in town Monday visiting old friends.

Dr. Tittmore is spending a few weeks with his brother, Mr. George Tittmore, of this place.

The Garnet and Grays succeeded in defeating the Granby nine last Saturday in a friendly game of baseball. Both teams showed up well and a fine game was witnessed. The score at the finish was 7 to 3.

The H. Price Webber Company left here yesterday afternoon for Granby, where they will show the remainder of the week. During their stay here the hall has been filled to the doors every night.

Mr. Edward Gaboriau and his son, Solime, who have been visiting their brother and uncle, Mr. Nazaire Gaboriau, for the past few days, left this afternoon for their home in Sandy Hill, N.Y.

A large party of our local sports went in a body to Lawrenceville last Sunday to witness the baseball game between the Lawrenceville nine and the "Reds" of Magog.

It is yet a matter of speculation as to whether the 13th Scottish Dragoons will leave for camp at Laprairie next week. The orders to go have not been countermanded yet, but none of the uniforms nor saddles have arrived from the stores, although they were shipped some time ago.

DON'T WORRY—JUST EAT.

Clark's delicious Pork and Beans, plain, or with Chili or Tomato Sauce, are ready to serve. Heat, if required. Then eat—that's all. W. Clark, Mr., Montreal.

GRANBY.

June 22.—On Monday afternoon an accident occurred near the Irwin bridge, which would in all probability have proved fatal but for the timely assistance of Mr. Thos. Arrow-Smith. Belmont, the 4-year-old son of Mr. Perry Jollander, while playing on the river bank, fell into the water, just above the bridge. Mrs. Jollander on going to the door, saw him in the water and called to Mr. Arrow-Smith, who promptly hastened to the spot and rescued the child.

Miss Edna Seale, who has been in training for a nurse, at the Rhode Island Hospital, Providence, R. I., is in Granby spending her summer holidays with her aunt, Mrs. Moses Parker.

A very tastefully arranged wedding took place Tuesday, at 1:30 p.m., in the Methodist Church, when Mr. W. G. Morton, of Cranbrook, B.C., and Miss Myra E. Bradford, of Granby, Que., were united in marriage. Mr. S. B. Conley, the pastor of the Church, officiated at the ceremony. Miss Amy Mock, niece of the bride, acted as maid of honor, and Misses Lilian and Olive Bradford as bridesmaids. Mr. Herman Farnsworth attended the groom. Mr. and Mrs. Morton left on the afternoon train for their new home in Cranbrook, accompanied by the good wishes of their many friends.

Tree Nursery at Guelph.

Considerable progress has been made with the tree nursery at the Ontario Agricultural College. Hon. John Dryden stated recently that in the spring of 1906 he expected they would be in a position to distribute to the farmers of the Province at least 200,000 trees of various classes.

"We have during the past ten days transplanted about 50,000 two-year-old evergreens—pine, Norway spruce, larch, etc.—and we have sown enough seed to give us 30,000 more," said Mr. Dryden. "We have also gathered up enough acorns for at least 100,000 red and white oak trees, a variety of commercial timber which cannot be very well transplanted, but which grows somewhat rapidly from seed. Besides these we have several other varieties, such as maple, beech, birch, ash, and so on."

The trees are planted apart from two to four inches one way, and from twelve to fourteen inches the other way.

THE LATE MR. S. A. HYATT.

FOR MANY YEARS AN ENTHUSIASTIC ADVOCATE OF THE TEMPERANCE CAUSE.

Waterville, June 22.—(Special)—The late Mr. Sewall A. Hyatt, who was accidentally killed on the morning of June 16th, as reported in the Record of that date, was well and favorably known here as an honest, upright man, a kind neighbor and a good citizen. He was a man of strong temperance principles, and adhered to those principles from his early youth to the day of his death. He joined the first temperance organization ever held in Waterville, which was known as the British American Order of Good Templars, about forty years ago. The name was changed later to the Independent Order of Good Templars. During all this time Mr. Hyatt was a prominent member. About the year 1878, assisted by Rev. Mr. James, of Hallowville, he started a Lodge at Milby, named "Grace Darling," but notwithstanding his most earnest efforts, the Lodge went down, and they gave up the charter. Mr. Hyatt then returned to Waterville and joined the R. T. of T., which had just started here, and became a charter member, and belonged to it to the day of his death. He filled all the offices belonging to the different Orders with honor and credit to himself and the organizations to which he belonged.

Mr. Hyatt was born in the year 1841, on a farm at Milby, and always lived there up to about three or four years ago, when he retired and moved to Hallowville, where the remainder of his life was spent.

He leaves a widow and four grown-up sons to mourn over the loss of a kind and loving husband, and a devoted and indulgent father, and who have the sincere sympathy of a large circle of friends.

COATCOOK

June 22.—Mr. C. W. Ford has returned from Lennoxville and will continue to edit the Coatcook items.

The three children of Mr. Brennan, of North Coatcook, are sick with the measles.

The Rev. C. S. Deeprose left yesterday for Elmwood Park to prepare his cottage for the reception of the family. The latter will leave on Thursday and will spend about six weeks at the lakes.

Miss Molly Lovell has received the silver medal awarded by the Eastern Townships Bank for the pupil passing first in Grade II. Academy in June, 1903. The medal is a beauty.

To encourage freedom of speech, Mr. W. L. Shurtleff, K.C., offered a prize in each department of the Academy for extemporaneous speech-making and English composition. Regular debates have been held, besides definite periods have been set aside for the work. Miss Maud Walker, of Stanstead, and Miss Sadie Pocock, of Hallowville, have won first and second prizes respectively.

Every one is in a state of high expectancy over the coming celebration on July 1st. Without doubt it will be the best of its kind, and the only difficulty the committee will experience will be to crowd the programme into one short day. It is confidently hoped that all our merchants and traders will show a little town patriotism and contribute something to the parade. This contribution would help the town and perhaps the trader, too. A little ingenuity and enthusiasm, coupled with labor would in a short time produce a respectable looking vehicle which would serve as purposes of advertising. A little hunting in the windows of our stores with a few flags floating from the staffs of private houses would add to the interest. The town will be full of people, and an excellent opportunity will be realized for advertising. The citizens must take hold and not depend on the committee alone. We sincerely trust that the police force may be adequate to prevent all lawlessness. We shall not only be visited by the respectable and law-abiding, but by the dead beat and pick-pocket as well.

A despicable attempt was made on the night of the 21st, by some sneak, to set fire to the photo salon, of Mr. C. L. Pollard. A barrel filled with bonfire, saturated with kerosene oil, was placed under one end and set on fire, but was discovered before much damage was done, only burning through the end.

The Rev. Mr. Williams held service in the Olivet Baptist Church, Montreal on Sunday, June 19th, and the Rev. L. Gilmour, of Montreal, officiated in the Baptist Church here.

Mrs. Col. Thompson has gone on a two weeks' vacation to St. Julie, Que. and Hallowville.

Mrs. F. G. Roe and little son from Montreal, arrived on the noon train, yesterday.

CITY NEWS

Mr. and Mrs. William Farwell, Mrs. E. Wain Farwell, Miss Reid, Sherbrooke; Mr. R. T. Heneker and Miss Heneker, Montreal, were in Compton yesterday to attend the closing of King's Hall.

The choir of St. George's church, Lennoxville, together with a few friends met in the church hall on Friday evening in response to the invitation of Mrs. Macdougall, Mrs. Wiggott and Mrs. Martin, to bid farewell to Miss Verity as their organist. Songs and recitations were rendered, after which a most recherche repast was partaken of. Dr. Whitney, in speaking of Miss Verity's ability as an organist, said it was not to be wondered at, she being from Yorkshire. He never knew any person except one coming from that county in England who could not sing, and that one was himself. Miss Verity had led the choir faithfully and well for seven years, and no one knew better than a choir how dependent they were for the success of their music on their organist, and as music is one of the greatest features in a church service, the church wardens also had cause for thankfulness when that post was ably filled. After singing the national anthem, and cheers for Miss Verity, the company bid adieu to their hostesses, thus bringing a very pleasant evening to a close.

CIRCUS IS COMING.

WILD BEASTS, SENSATIONAL FEATURES, FINE HORSES, GREAT ACTS, CLOWNS AND COLISEUM RACES GALORE, WILL BE HERE.

Forepaugh and Sells Brothers Circus will be in Sherbrooke, on Wednesday, July 20th.

In their wild beast, areneic and hippodramatic departments the management of the great Adam Forepaugh and Sells Brothers enormous Shows United, having reached the limit of transportation facilities, now appear to have concentrated their resources, research and enterprise upon the production of especially great and novel features, to such extent that feature hunting has apparently become a gigantic task with them. The proof of this is found in the unprecedented popularity they have attained at Madison Square Garden, New York City, and wherever their own metropolis of tents has been pitched. Nothing at home worth exhibiting seems to have escaped their eyes and their announcements indicate how thoroughly they have ransacked all foreign fields in search of genuine thrillers and originalities. Their collection of wild beasts has always been conspicuous for colossal completeness, and among other big things they have added to it an Arctic assemblage of full fourteen living Polar Bears, a greater number of those only North Pole discoveries than even any seeker of the same has ever seen at any one time. They have lured from the gay capital of France its most popular equestrian feature, La Famille Lecussou, whose combined equestrian and park-brake bareback and acrobatic novelties will doubtless amaze all beholders here, as they did there, and which are the only absolutely new equestrian performances seen in any arena for over fifty years. Another areneic European celebrity, who for the first time visits this country, is Mons. Hubert, his original equestrian acts including leaping from the ground to a horse's back while holding a sulky on high by its thills, and balancing a park cart on his chin. From abroad also come to us for the first time the Szarvasi Frenzy Troupe of Hungarian Magyars, whose dances, acrobatic feats and tribal melodies are described as both intensely thrilling and interesting. The four merry Martineks, who have set all Europe laughing from ear to ear, have been added to the whole comic circus of all-conquering clowns, which feature this great show was the first to introduce. At the head of all home features unquestionably stands the world-famous Aurora Zouaves, aptly described by the New York Journal as "a huge red-legged centipede, whose celerity and precision have astounded the military world." It is universally admitted among army experts that, in both manoeuvres and manual, they eclipse anything ever known.

MANY WILL BE ORDAINED.

The retreat of the ecclesiastics of the Seminary of St. Charles began yesterday morning and will close on the 26th. The special preacher of the occasion will be the Rev. Father Richard, of the Sulpician Order, Montreal.

At the close of the retreat of the eleven ecclesiastics who are in the Seminary, the following will be ordained: To the priesthood—Rev. Mr. Baundy at La Patrie, his native place.

To the diaconate, Rev. Mr. Marcotte.

Sub-diaconate, Messrs. Bouillette and Courtemanche.

SLOCUM DISASTER.

EVIDENCE OF A STARTLING NATURE AT CORONER'S INQUIRY.

New York, June 22. — Evidence of a startling nature which, doubtless, will have an important bearing on the ultimate result of the coroner's enquiry into the General Slocum disaster was forthcoming at the inquest, yesterday.

Perhaps the most unexpected incident was the continued refusal to answer questions of Henry Lundberg, a United States steamboat inspector, who was supposed to have inspected the life preservers and the hull of the ill-fated steamer. His refusal was based on the ground that an answer might tend to incriminate him, and he acted on the advice of his counsel.

Vin St. Michel.

The Ravages of La Grippe

The baneful effects of Grippe linger long after the disease has spent itself. There is no gain in strength. There is no pleasure in eating. The nerves are "unstrung." Mind and body seem enfeebled and depressed.

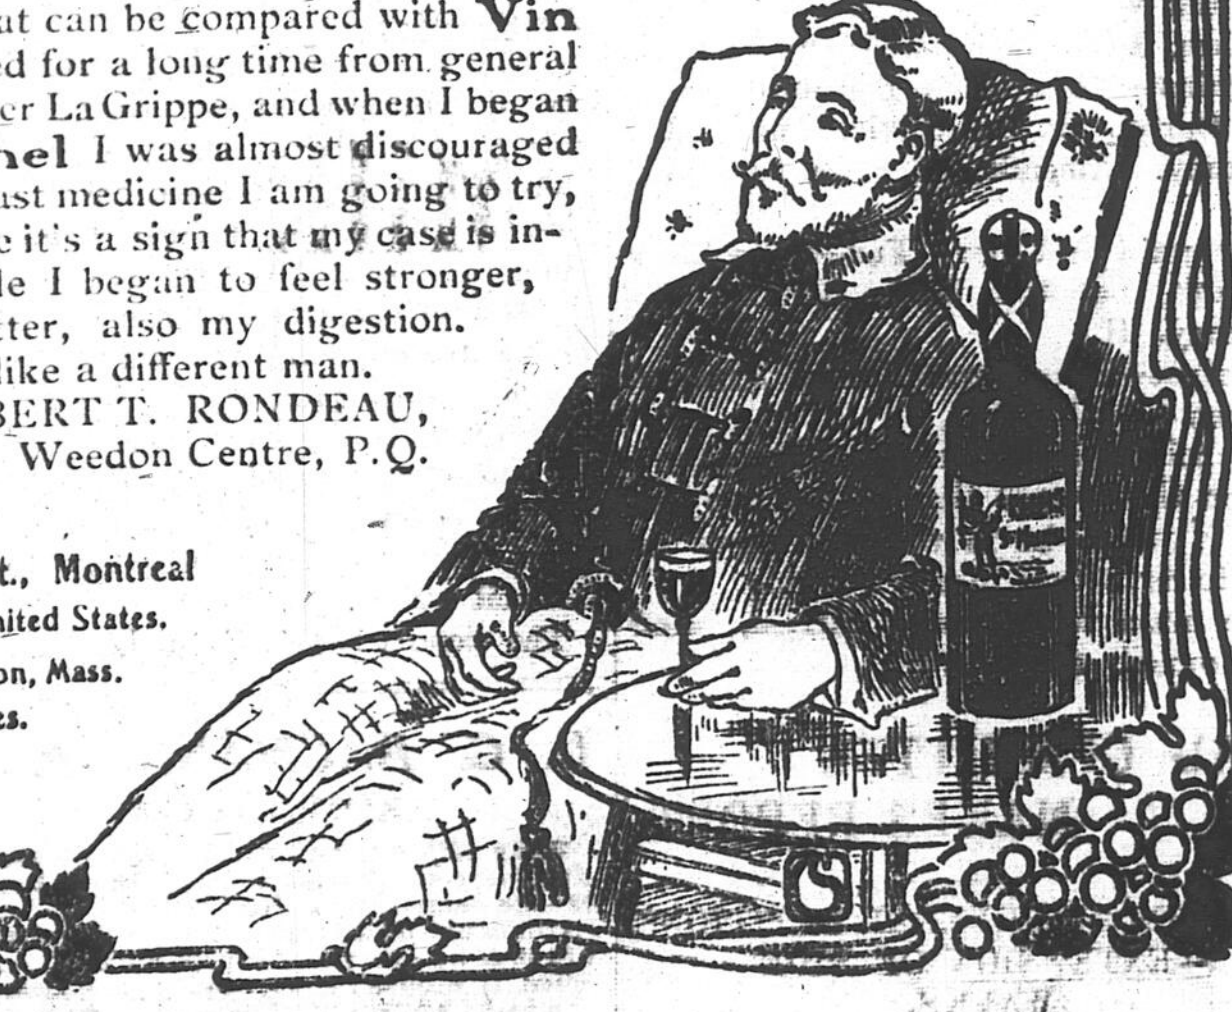

Vin St. Michel makes recovery rapid and complete. It overcomes weakness, gives strength to dormant muscles, purifies and enriches the blood, assists digestion, arouses the whole system to vigorous action.

Vin St. Michel is a famous French tonic wine—rich in strength building qualities—and containing all the elements to make pure rich blood. A wine glass full before meals quickly dispels the ravages of Grippe.

There is no tonic that can be compared with Vin St. Michel. I suffered for a long time from general debility and weakness after La Grippe, and when I began taking Vin St. Michel I was almost discouraged and said, "This is the last medicine I am going to try, and if it does not cure me it's a sign that my case is incurable." After 1 bottle I began to feel stronger, my appetite became better, also my digestion. This wine made me feel like a different man.

THE GROUSE.

Clever Bird Which Has a Hundred Tricks of Defence With Which to Fool Its Foes.

The grouse has a hundred tricks of defence. It will sometimes lie still until the hunter is within a yard of it, then soar straight upward in his front, towering like a woodcock. Again it will rise forty yards away, and the sound of its wings is his only notice of its presence. It will cower upon a branch under which he passes, and his cap will not be more than a foot below it as he goes, and, though it has seen him approaching, it will remain quiescent in frightful fear until his back is turned. It will flush then, and when he has slewed himself hurriedly around he will catch only a glimpse of a broad brown wing far away. Wounded and falling in the open, it will be found—if it is found at all—with the telltale speckles of its breast against the trunk of some brown tree, against which its feathers are indistinguishable, and the black ruff about the neck of the male will be laid against the darkest part of the bark. Often it will double like a fox. Often as man draws near it will spring noiselessly into some spruce and hide until he passes, dropping then to the ground and continuing its feeding. Often, too, it will decline to take wing, though unhurt, and will run fast for a half mile—so fast that the most expert woodsman will be unable to keep pace with it. This it will do only on leafy ground and never when snow would betray its tracks.—Outing.

IS A SURE CURE

NEW LIGHT BY-LAW FOR RATEPAYERS.

(Continued from page one.)

which would represent if capitalized an additional sum of at least \$70,000, that if this was done the City would necessarily have to enter into competition with the present Company and could not expect to do more than light the city and take a small proportion of the other business until the present Company was crushed out, and in the meantime the City Plant would necessarily have to be operated at a heavy loss.

That if the present Company's plant was purchased by the City it would mean loss in municipal and sewer taxes under present valuation of \$2,187.50 and in school taxes \$875, which would have to be taken into account in accounting.

That if the Basin Power were developed, the taxes payable to Westbury on the basis the City are now paying would amount to \$1500 at least, which would of course increase the expenses that amount.

That it is certain either the City or Company's Plant would eventually have to cease doing business, as there would not be enough for both, thereby unnecessarily causing heavy loss of capital, which could be advantageously employed in developing industries in the City.

And whereas an offer was made the City by the Sherbrooke Light, Heat and Power Company on the 30th January last in the following terms, viz.:

"The Company proposes an arrangement with the City under which in consideration of the Company obtaining a contract for fifteen years for lighting the City, the Company would reduce the present open flat rate for domestic purposes from \$6 to \$5 for 16 c.p. lights, and would share with the City all net profits over and above operating and administration expenses, cost of maintenance, renewals and extensions, depreciation, interest and four per cent. dividend to shareholders."

That subsequently a Committee of the Council consisting of the Mayor, Councillors Jenckes and Farwell met the Directors of the Company when they agreed to modify this offer.

That under an arrangement on these lines it would accomplish all that could be expected under municipal ownership as the City could not borrow money now, even as low as 4 per cent. and would be obliged to make provision for the same work the Company stipulated for, and in addition, take all risk of loss or disaster which the past year has shown is not inconsiderable. Therefore, instead of adopting the main motion, that a committee be appointed consisting of the Mayor, Councillor McManamy, Deneault, Jenckes, Royer, McCrea and Farwell, to negotiate with the Sherbrooke Light, Heat & Power Company for a contract on the lines of their offer of 30th January last."

Councillor Jenckes seconded.

DISCUSSION.

Councillor McManamy said it was amusing to hear Councillor Farwell talk of his position at Quebec, especially a man that had rolled so many logs through Parliament, and then say that he had been taken advantage of in the Legislative Assembly. Unfortunately for Councillor Farwell he had a bad case, and it was still worse represented by him. Councillor Farwell talked the Legislative Assembly asleep. He took up the whole time allotted talking on everything but the question at issue, and finally wound up his remarks by proposing that the city be given the ballot. Councillor McManamy thought that Councillor Farwell must have had remorse of conscience when he proposed that. The bill passed unanimously, and now Councillor Farwell had gone back to his old position.

Councillor Farwell said he wished to correct Councillor McManamy. When he agreed to the ballot he had not considered the question of valuation of property.

Councillor McManamy thought that Councillor Farwell had been converted, and was agreeable to give the poor man the same opportunities as the rich man, but he had changed around again and wanted dollars to count. Councillor Farwell had stated that many had voted for the by-law who were compelled to do so. Well, they now proposed to give these people an opportunity of voting without being dragged to vote as before.

Councillor Farwell is talking for and against the Company, just as it suits him. A short time ago he said that \$50,000 would be required to improve the plant of the Company. To-night he said they had 1700 horse power, and about three months ago he said it was 900. He (Councillor McManamy) was prepared to stand by the by-law, for he believed the great majority of the ratepayers were in favor of municipal ownership.

Councillor Lanctot said that he believed that if \$200,000 was invested in an electric light plant it would be a good thing for the city. He had made a great deal of enquiries and he had been informed that the city would reap more from the electric light than the water.

Some cross-firing took place between Councillor Farwell and Councillor Lanctot as to the information they had on the subject of the profit to be derived from electric light.

Councillor McCrea enquired how much capacity the company had at present and it was stated about 1050 horse power.

Councillor Farwell again warned the Council about taking up this question, and spoke of the loss sustained on the St. Francis by the breaking of a dam, and also at Farnham and Orilla, all of which might happen to them if they put in a power at Westbury.

Councillor McManamy said the citizens generally would be gratified with Councillor Farwell's many objections

right the chairman of Road Committee, Councillor McManamy, presented the following report dealing with a number of petitions for repairs and improvements:

With regard to the petition of Messrs. Siméon & Dion for a granolithic sidewalk in front of their new block on King street, the committee recommended that the city pay one-half the cost of putting in the said walk.

That the application of the Street Railway for two turnouts, one on Melbourne street opposite the house of Andrew Steele, and one on Alexander street, opposite the rear end of the Clouthier lot, be granted.

That the stone sidewalk on Prospect street be continued from the Lothrop house to N. Dinning's property.

That the plank sidewalk on Second street, North Ward, be replaced by a cinder walk.

That a new wooden railing be placed on both sides of the north end of the upper Magog bridge, and that a drain pipe be placed to carry off the surface water on the said bridge.

That the work now going on on Quebec street be continued from Liverpool street and up to the level of Quebec street, and that all the projecting rock be removed from the said hill, and that a stone sidewalk be placed on the east side of Quebec street to accommodate the residents on the south end of said street.

That a stone sidewalk be placed on the east side of Peel street, from Market street to the property of Geo. Armstrong.

That a stone sidewalk be placed on St. Jacques street, on the west side of St. Pierre street, on the south side of the C.P.R. line, on the south side of Aberdeen avenue from Alexander street to Wellington street, on Wellington street from opposite the Neil house to opposite the Olivier property, on Wellington street from near foot of Ball street to Aberdeen avenue, on the east side of the Morkill road, on the east side of Murray street from the Siméon property to City Council street.

The report was adopted.
