

STADACONA

A village in Quebec County, on the River St. Charles, and connected with the City by "Bickell Bridge," very recently constructed by the gentleman whose name it bears. Although this village is outside the limits of the City, it may be considered a suburb of Quebec, possessing most of its advantages without being subject to its burdens. The population consist of about 100 families, containing some 500 souls, mostly of the working class, who gain their livelihood in the adjoining ship yard owned by J. & I. Samson; there is likewise a steam saw mill which is not now in operation. The Riverside Worsted Co., which is now in operation, no doubt adds greatly to the prosperity of the place. Hare Point, on the City side, has two ship yards, viz: Messrs. W. H. Baldwin and Narcisse Rosa. It is to be hoped that in the good time that is now coming, when manufactures of all sorts will take the place of the now languishing industry of ship building, Stadacona will rank as one of the most populous of our suburbs. It is in every way suitable for the establishment of manufactories. On the heights above the river St. Charles is a fine level plateau, exceedingly well adapted for Villas, and overlooking the extensive valley of the St. Charles, with a fine view of the Parishes of St. Foye, Lorette and St. Ambroise, on one side, and on the other bounded by the pretty little river "Lairet" having a splendid view of the City and Port of Quebec. Distant from Quebec about 1 mile.
