Sixty-First Year

69 Frenchmen Killed, 11 Missing As Algerians Launch Offensive

ALGIERS — (AP) — The French announced today Algerian rebels have launched a major new offensive. The French admitted 69 of their men killed and 11 missing in four days of fighting — more than they have lost all winter.

Rebel losses were about 157 dead, a ratio far below the usual French claim.

The French said they had 79 wounded.

French units have fought six pitched battles since Feb. 23, most of them in Eastern Algeria. France charges the rebels are getting support from across the Tunisian frontier.

French officials speculated the offensive was timed to coincide with the French-Tunisian crisis to direct attention to the Algerian rebellion. Conversely, widespread publicity in France of the upsurge might urge ruling French circles to push on with the Algerian war.

SOLDIERS AMBUSHED

The latest pitched battle was reported by headquarters Tuesday night. That was near Tenes in Western Algeria where soldiers of the 22nd Infantry Regiment fell into an ambush and lost 24 dead and eight missing.

The six latest battles were all

against large numbers of rebel troops, an indication that the National Liberation Front (FLN) is again committing its forces in a show of strength.

The office of the French resident minister in Algeria, Robert Lacoste, charged Tuesday that recent rebel captives had been newly trained in Tunisia, some by Egyptian and Syrian instructors.

The rebellion has also brought terrorism to France. Some 30,000 police in France are being used to put down attacks which have cost 750 lives since August—mainly in fights between rival nationalist Algerians.

DAIRY QUEEN — Marie Reine Verville, 29, of Arthabaska poses with a cow after winning the title of Quebec's Dairy Queen at the Sixth National Salon of Agriculture here. Her prizes included a milk stool.

Pineau Hits U.S. Policy In Mid-East

PARIS (AP) — A sweeping attack by Foreign Minister Christian Pineau on American policy in the Arab world was seen today as additional evidence that France will not be pushed into any compromise with Tunisia.

Pineau's blast Tuesday night was one more indication of the difficulties facing United States diplomat Robert Murphy and a British colleague named by their governments to exert "good offices" to bring France and her former North African protectorate back together.

Tunisian President Habib Bourguiba said in Tunis after his first conference with Murphy that any French-Tunisian settlement must take the Algerian rebellion into account. The French already have said flatly that the only Algerian angle they will discuss is how to cut off Tunisian aid to the rebels.

The French parliament's upper house, after hearing Pineau's attack on U.S. actions, voted 271 to 14 for a resolution that "resumption of normal relations with Tunisia should have nothing to do with the Algerian situation." The Communists were the only opponents.

DISCUSS ALL PROBLEMS

Murphy, in traditional diplomatic fashion, said in Tunis he and Bourguiba had discussed "all problems" and "have made a step forward." He did not elaborate.

Press Should Record And Mold Opinion

OTTAWA (CP) — Postmaster-General William Hamilton Tuesday night told a group of weekly newspaper editors the press should be both a recorder of events and a moulder of opinions.

"As I see it, it will always be the function—no, the duty—of the press in Canada to be among the leaders of public opinion," he said at the semi-annual meeting of the Canadian Weekly Newspapers Association's board of directors.

"Obviously, this same press should never in any way forget its primary role as the recorder and reporter of events so that the public may have the facts on every issue of importance, but in addition to this, when the press has an opinion on an issue it has a responsibility to put forward that opinion, to support it and to defend it and thus to give leadership in the community which it serves."

To Alter Policy

NEW YORK (AP) — Trade sources said Tuesday General Electric Company has decided to abandon "fair trade," a practice by which a manufacturer sets minimum store prices. GE is the largest electrical manufacturer in the U.S. with annual sales of more than \$4,000,000,000. GE has been fair trading its small appliances, ranging from electric irons to toasters, and skillets.

PM HINTS MOVE TO HIKE SOCIAL SECURITY HELP

London To Moscow Flights Arranged For This Summer

MOSCOW (Reuters) — British European Airways and the Soviet state airline, Aeroflot, signed an agreement here today providing for direct London-Moscow flights starting this summer.

The 25-page document was signed by Lord Douglas for BEA and Marshal Pavel F. Zhigarev, Aeroflot chief.

Afterward Lord Douglas and Zhigarev, with British and Soviet officials, toasted the agreement in Russian champagne.

Douglas said a Russian delegation will fly to London next month to complete arrangements for the service.

British officials said that initially Aeroflot will use the two-engine TU-104 jet. After this initial period the Russians are expected to change to their four-engine turboprop IL-18.

BEA will use four-engine turboprop Viscounts.

Castro Asks End To War

NEW YORK (CP) — The New York Times says in a Havana dispatch that rebel leader Fidel Castro has sent president Fulgencio Batista a proposal to end what the dispatch calls "Cuba's worsening civil war."

The story, by Homer Bigart, says Castro demands the withdrawal of all government military forces from Oriente, Cuba's easternmost and richest province which has been a Castro stronghold for 15 months.

Upon withdrawal of the government forces, the dispatch adds, Castro would agree to general elections under Batista provided these are supervised by the Organization of American States, a pan-American union of which the United States is a member.

Bigart filed the dispatch after interviewing Castro last week "in a squalid hut deep in the Sierra."

Farm And Education Studied

Farm and education questions cropped up in provincial legislatures Tuesday.

In the Manitoba legislature, Education Minister Wallace Miller of the Liberal-Progressive government agreed with a CCF resolution calling for more federal and provincial government aid to university students.

In the Alberta House, Nick Dusenki (CCF-Willington) proposed in a resolution that the Social Credit government seek federal aid to relieve the "financial crisis" in education.

In the Ontario legislature, supporters of the Progressive Conservative government voted on opposing sides as a bill allowing Queen's University of Kingston to expropriate some adjoining land was approved. The university needs the land of 11 homeowners for new construction.

Agriculture Minister C. E. Shuttlesworth proposed in the Manitoba legislature that a committee be set up to investigate the possibility of setting up a joint federal-provincial crop-insurance program. No action was taken.

Highways Minister G. I. Smith of the Nova Scotia Progressive Conservative government told the legislature irregularities have turned up throughout the province in highways department payrolls.

Mr. Smith said the irregularities, now under investigation, came to light since late 1956 when his government took office.

In the New Brunswick legislature, where a Progressive Conservative government holds office, the House discussed unemployment problems.

Bus Falls In Well

BOMBAY (AP) — Police reports said Tuesday that 39 persons were killed when a bus plunged off a road into a deep well in Andhra state. Unofficial reports had said 64 of the 70 people on the bus were killed in the accident Monday night.

Cult Of The Beautiful

NEW YORK (AP) — Cosmetic surgery today has become a booming branch of medicine—and three out of four patients are women.

"This is because women in our culture are expected to be beautiful," said Dr. Robert A. Franklyn, a specialist in the field, "whereas men are expected only to be talented and good providers."

Dr. Franklyn estimated there are 250,000 plastic (or cosmetic) surgery operations a year in the United States. He breaks them down as follows: Nose operations, 70 per cent; face lifting, 15 per cent; breast operations, 10 per cent; others, 5 per cent.

But the amazing development to Dr. Franklyn is that women now look to surgeons to provide them with the fuller bosom nature denied them.

"In another few years, if our present bosom culture continues," he remarked, "breast operations will make up 50 per cent of all cosmetic surgery."

CAUSED BY STYLE CHANGES — "Formerly, the objective in

Macmillan Is On The Wagon For Lenten Fast

LONDON (Reuters) — Prime Minister Macmillan has foregone all alcoholic drinks during the Lenten fast, his aides said Tuesday. Normally a moderate imbibor, Macmillan is confining himself to fruit juice and ginger ale at receptions during Lent.

Dief To Talk In Rimouski

Prime Minister Diefenbaker — Leaves Montreal by air in morning for Rimouski, Que. Speaks in Rimouski at night and then leaves by train for Moncton, N.B.

Lester B. Pearson — Leaves Vancouver by air in morning for Edmonton. Speaks at Stony Plain, Alta., at noon, and in Edmonton in the afternoon and evening.

M. J. Coldwell — Speaks at a night meeting at Kimberley, B.C.

Sol Low — Speaks at a night meeting at Viking, Alta.

Britons Shiver, Flounder Through Waist-High Snow

LONDON (Reuters) — Shivering Britons floundered through waist-high drifts today as one of the worst winter storms in 40 years spread havoc throughout the country.

Scores of towns were isolated by snowdrifts up to 15 feet deep as the storm continued into its third day. Some communities were short of food as snow-clearing equipment battled to reach them.

Motor organizations reported "chaos everywhere," with more than 100 main roads blocked and thousands of cars abandoned. Trains were hopelessly behind schedule, some arriving as much as 11 hours late in London on runs from Scotland.

Several airlines cancelled flights out of London and planes which did take off had to be delayed for de-icing. Scotland and the north of England bore the brunt of the storm, but almost every part of the British Isles got a share of the snowfall.

Hundreds of children slept in their schools when their buses were unable to get through to take them home.

POWER LINES WRECKED — Telephone and power lines were wrecked down and a 92-year-old woman was killed near Dover when wind toppled her chimney through her roof.

Two ambulance attendants carried a 22-year-old woman a mile through deep snow to hospital just before she had twins.

Views Conservative Chances At Elections As A Majority Win

HULL, Que. — (CP) — Prime Minister Diefenbaker, speaking optimistically of Progressive Conservative election chances March 31, has hinted at speedy action to broaden Canada's social security system.

"I believe it will not be very long before we will be in a position to introduce in the new Parliament a contributory social security system," he said here Tuesday night.

He said, too, he has found everywhere "a groundswell of feeling" that his Conservative government should be returned with a majority mandate because it had carried out its promises and deserves a chance to implement its larger program of national development.

Mr. Diefenbaker flies today to Rimouski for his third campaign speech in Quebec province before a three-day swing east to Charlottetown, Sydney, N.S., and Saint John, N.B.

Last month he appointed Dr. Robert F. Clark, University of British Columbia economist, to make a study of the United States social security program.

NEEDS SOME CHANGES — The prime minister told his Hull audience of some 850 persons that some features of the American plan would have to be altered before it could be fitted on top of the present Canadian program of \$55 monthly pensions, paid to all at 70.

He detailed the payments which he said are made under the U.S. plan to those on average incomes: Between \$88.50 and \$98.50 a month for single workers retiring at age 65; \$132.80 a month for a husband and wife retiring at age 65; death benefits of \$253; disability payments starting at age 50.

He said these payments, made without a means test, are financed wholly by contributions from employers, employees and the self-employed. The cost per person was less than the present Canadian plan.

The Hull audience took up less than one-quarter of the seats in the big new arena in this city of 40,000 population across the Ottawa river from the capital. A few of them sat on chilly chairs set up on boards on top of the ice surface.

KEEPS COAT ON — The 62-year-old prime minister, following the lead of most of those present, kept his overcoat on throughout his 45-minute speech.

He hinted at a possible extension of the period in which supplementary winter unemployment insurance benefits are paid.

In the last Parliament the period was lengthened by two

Continued On Page 7

Cancer Grants

TORONTO (CP) — The National Cancer Institute of Canada Tuesday announced grants totalling \$833,098 for the support of 82 cancer research projects, including the salaries of 10 scientists devoting all their time to cancer research. Other grants went towards the training of 13 research fellows. The association said the grants will support work in almost all branches of cancer research.

SPACE VOLUNTEER — Sue Evans, a professional harpist known in private life as Mrs. Robert Stivers of New York City, wants to be the first woman to orbit the earth. Sue said in Palm Springs, Calif., that she had written to Dr. James R. Killian Jr., science adviser to the President, about her space ambitions. For her qualifications she said she was very small, 5' 1" and 102 pounds.

Winnipeg Fire

WINNIPEG (CP) — A spectacular three-alarm fire destroyed three buildings and menaced others early Tuesday in the centre of Winnipeg's downtown warehouse area. In about three hours the wind-fanned \$250,000 fire had demolished the six-story Wilson Furniture Limited warehouse, an adjoining two-storey building and part of the warehouse's west wall collapsed and flattened a service station.

Today's Chuckle

The nice thing about raising a large family is that at least one of them may not turn out like the rest.

Show Business

By BOB THOMAS

HOLLYWOOD (AP) — What happens to a Cinderella boy after the ball is over? In the case of Kuldip Singh, the story may well have a happy ending, though there have been moments when he may have doubted it.

Singh is the handsome, 23-year-old native of Kashmir who made a big splash in the entertainment world a year ago. The setup was perfect for one of those success stories with which Hollywood abounds.

Born in India, Kuldip left his native land at an early age and lived throughout South America and the Caribbean with his family. His father had a travelling job. As a boy, Kuldip always wanted to be a doctor. He entered the United States to study medicine, and his main problem was money.

WANTED MONEY

"I wanted to get on the Groucho Marx program, not to perform, but to make some money," he recalled. "So I called the office one day and asked about my chances. The girl was so intrigued by my accent that she asked me to come in to see them."

He went on the show and made a big hit with the audience, even singing a ballad, though he had never sung in public before. He made only \$50 in the quiz, but

his first realization of the impact of his appearance was a phone call from 20th Century-Fox, which wanted him to return for a film test.

He was offered a contract starting at \$450 a week, but he was signed up by a big agency which turned down the offer. Bigger things were in store, he was told.

He was signed to appear with George Gobel and voluntarily to check his status. He was told he would have to leave the country and re-enter with a work permit. The news was released with a rash of bad publicity.

"Reporters called up to ask why I was being deported," he said. "It was even doubted that I was a native of India. One report said that I actually came from Brooklyn!"

Kuldip went over the border to Mexico and returned with a work permit granted alien performers. But the first impetus of his fame was waning.

IN DOLDRUMS

"For three months, I didn't do anything, not a thing. I got lost in a big agency and missed out on jobs because no one was pushing me."

During this period he thought of returning to the study of medicine, but he decided not to give up. He did what all actors do when they want action in their careers: change agents.

His career surged back with a Matinee Theatre performance which drew the second biggest mail response in the TV show's history. He did another matinee last Friday. On April 18 he stars as the son of Aladdin in Land of Green Ginger for the Shirley Temple storybook.

With his career prospering again, he has given up his ideas of being a doctor and wants a lifetime in show business.

EAST FARNHAM —

Mr. and Mrs. Leslie Barker and family of Lacolle spent a weekend in town with relatives and friends.

Mrs. Clarkson Sr. is seriously ill at the home of her son, Mr. Cecil Clarkson, following a paralytic stroke.

Mrs. Romeo Lacroix is a patient in the Sherbrooke Hospital under treatment.

COOKSHIRE O.E.S. OFFICERS — The newly installed officers of Cookshire Chapter, No. 46, Order of the Eastern Star, are seen above, from the left: Seated, Brother Raymond MacLeod, A.P.; Sister Marjorie Hurley, A.M.; Sister Barbara Vogell, W. M.; Brother Frederick Robinson, W. P. Back row: Sister Doris Pope, Organist; Sister Mary Ashe, Chaplain; Sister Joyce Maskell, Warder; Sister Marcia Farnsworth, Electa; Brother Joseph Vogell, Sentinel; Sister Mary Heatherington, secretary; Sister Edith Waldron, treasurer; Sister Gloria Hodgins, conductress.

OBITUARIES

MYRON HUNTINGTON, OF ROCK ISLAND

ROCK ISLAND — Myron Huntington passed away at the Hotel Dieu Hospital in Sherbrooke on Thursday, February 13, after a lingering illness.

The funeral was held the following Saturday afternoon at 2:30 o'clock, Rev. T. W. Tyson, pastor of St. Andrew's Church officiated. Before and after the service recordings of favorite medleys were played.

The bearers were Homer Smith, E. J. Curtis, Harold Waite, of Stanstead, Harold Rever, William Rever and Ernest Rabidos, of Rock Island.

Interment took place in the Ayer's Cliff cemetery. Born at North Hatley on October 12, 1897, Myron Huntington was the son of Charles and Matilda (Ford) Huntington. He received his education at the North Hatley school.

On November 8, 1930, he was united in marriage to Alice Dunn, of Brown's Hill, and they lived on a farm in the Boynton area until about 14 years ago, when, owing to failing health of Mr. Huntington, they sold the farm and came to the Boundary.

Since October of last year, Mr. Huntington has been confined to his bed. During his many years of ill health he was given every care by his devoted wife.

The many beautiful floral pieces surrounding the casket at the funeral home were silent tributes of the respect to a good neighbor. The deceased was a member of Tomifobia Odd Fellows Lodge.

He is survived by his widow; a sister, Mrs. Alice Ross, of Spencerville, Ont., nephew and nieces.

Among those attending the funeral were: Mr. John Ross and Miss Dorothy Ross, Glen Sutton; Mrs. Freeman Stone, Coaticook; Mr. and Mrs. Norman Luce, Moe's River; Mr. and Mrs. C. Waide, Rock Island; Miss Jennie Dunn and Mrs. Douglas Martin, Brown's Hill; Mr. Robert Stone, Compton, Mr. and Mrs. Arthur Poitras, Derby Line, and friends of the Border communities.

MRS. E. E. BRESEE, OF SUTTON

SUTTON — The death occurred on Wednesday evening, January 22nd, 1958, at the Courville Rest Home, South Stukely, of Esther Elizabeth Best, wife of the late Leslie Slade Bresee. She was in her 86th year.

Mrs. Bresee was born in Sutton, on August 2nd, 1872, and lived the most of her life here. She was married to the late Leslie Slade Bresee on May 10th, 1892, and of this union were born five sons and six daughters, ten of whom are still living. She leaves to mourn her loss five sons and five daughters and many grandchildren and great-grandchildren.

The funeral service was held at Grace Church, Sutton, on Saturday, January 25th, at 1:30 p.m., Rev. J. M. Brett officiating. The bearers were three sons, Homer and Lyle, of Sutton, and Oscar, of Montreal; two son-in-laws, Lawrence O'Brien,

of Richford, Vt., and Henry B. Demers of Montreal; and a grandson, Norman Demers, of Montreal.

Among those present were: Mrs. M. Prevost, Mr. and Mrs. H. B. Demers, Mr. and Mrs. Dan Baxter, Mrs. Paul Morrow, Mrs. Annie Bresee, Mr. and Mrs. Norman Demers, all of Montreal; Mr. and Mrs. Russell Braley, of Baie d'Urfe; Mr. and Mrs. Lawrence O'Brien, Richford; Mr. and Mrs. Ed Brunger, Cowansville; Mr. W. Bresee, Magog; Mr. Asa Shepard, East Farnham; Mr. Charles Shepard, Sherbrooke; Mr. and Mrs. Bertie Smith, Abbott's Corner; Mr. and Mrs. L. Page, Knowlton; Mr. Fenton Lathrop, Sherbrooke; Mr. Clifford Dean, Phillipsburg; Mr. and Mrs. R. Williams of Montreal.

MRS. DIMMITT SMITH, OF SUTTON

SUTTON — After a few months' illness Mrs. Bertha Evelyn Ford Smith passed away January 27th, 1958, at the home of her niece, Mrs. John Robinson. Mrs. Smith was born June 10th, 1878, at Sutton, daughter of the late Mr. and Mrs. Stewart Scofield. She received her education at the Sutton High School. On June 6, 1903, she received her B.N. when she graduated from the City County Hospital, San Francisco, California. On September 4, 1907, she was united in marriage to Ernest Ford and they lived here in the house on Main Street, now owned by Mr. Thomas Vincent.

After the death of Mr. Ford in 1911 Mrs. Ford went to California to reside and later married Dimmitt Smith, who died February 11, 1951. After spending some time with relatives, Mrs. Smith returned to Sutton in June, 1954. She spent some time with a niece in Danville, friends in Knowlton, and the last remaining months with her niece here, where she was tenderly cared for by Mrs. Robinson and family and Mrs. Bennett of Danville.

Mrs. Smith was a member and a Past Noble Grand of Golden Rule Rebekah Lodge, No. 20, a member of Grace Anglican Church, and a life member of the National Women's Christian Temperance Union, having joined the Sutton W.C.T.U. in 1911.

The funeral was held Wednesday afternoon, January 29th, from the Hastings Funeral Parlor to Grace Anglican church, Rev. J. M. Brett officiating.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on "nerves"—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better.

The floral offerings showed the high esteem held for Mrs. Smith. Bearers were John Robinson, Norman Ling, Edgar Lawrence, Robert Hill, Alton Greeley, Ray Eastman. Burial was in the Anglican cemetery in the Scofield family lot beside her first husband.

Left to mourn her loss are a brother, Perley Scofield, of San Jose, California; four nieces, Mrs. John (Grace) Robinson, of Sutton, Mrs. Gordon (Alla) Bennett, of Danville, Mrs. Della Brown, of Guerneville, Calif., and Mrs. Merle Thorpe, of California; a nephew, Stewart Hoskins, of Sutton; a cousin, Mrs. Nellie Yates, of Dunham, and several grand-nieces and nephews.

J. H. COTE, OF RICHMOND.

RICHMOND — This community was saddened by the death of one of its prominent and well known residents, J. H. Cote, who passed away at his home here after a lengthy illness at the age of 78 years.

The deceased came to Richmond in 1936 and was for some time registrar for the County of Richmond, having come from Asbestos where he had followed his profession as notary. He retired eight years ago owing to ill health.

Mr. Cote was born at Baie du-Febvre in 1880 and received his education at the Seminary at Nicolet and at the University of Laval. On two occasions he was a candidate for the Conservatives. At one time he was mayor of Asbestos and secretary of the municipality.

Surviving are his wife and two

daughters, Rev. Sisters Marie des Anges, of St. Felix de Kingsey, and Aline des Anges, of St. Camille de Wolf. A son predeceased him a few years ago. He also leaves a sister, Rev. Sister Stanislas des Anges, of the Congregation of the Assumption, Bonnyville, Alta. Two brothers, Antonio Cote of Baie-du-Febvre, Alfred Cote of Montreal, and a large number of other relatives.

The funeral service was held on Friday morning, February 21st, at St. Bibiane Church, Richmond. Interment was in St. Bibiane's Cemetery.

FORDYCE —

Mr. Douglas Stevenson of Bishop's University, spent the weekend at his home here.

Mr. and Mrs. Morgan and family of St. Lambert, and Mr. and Mrs. Ross Martin of Montreal were recent guests of Mr. and Mrs. L. A. Martin.

Miss Joyce Fulford has been quite ill with an attack of grippe. Mr. George Bouchard was home from Foster for the weekend.

DUNHAM —

Miss Elizabeth Martin of the teaching staff at Rosemere School, spent the long weekend at her home here.

Mr. and Mrs. Byron Hall of Burlington, Vt., spent the weekend with Mr. and Mrs. R. S. Selby.

Mr. and Mrs. Gordon McElroy and sons, Billy and Tommy, of Magog and Miss Alice McElroy

of Sherbrooke, were guests over the weekend of Mr. and Mrs. W. S. McElroy.

Mrs. Prime is a surgical patient in the B.M.P. Hospital at Sweetsburg.

Aldermen Unanimous On Parking Space Need, Divided Over Cost

Sherbrooke aldermen are agreed that additional downtown projects are essential to the commercial growth of the city and its future expansion. But they are not unanimous upon the best methods of financing the various schemes advanced by Town Planner LeHaye.

Some feel that the parking facilities should be provided at the general expense of the city, with

the difference between the revenues and expenditures coming out of the general funds. Others maintain that at least part of the deficit should be covered by a special tax in the businesses of the area affected, claiming that these merchants would be the chief beneficiaries from improved parking facilities and therefore should make some contribution to the cost.

In an effort to determine the views of the parties most affected by the proposals, the Council has called a special meeting of Sherbrooke merchants to be held at the city hall on Monday evening at eight. The various projects will be explained to the merchants, along with statements on the estimated cost, revenues and expenditures and alternative proposals for financing the plans.

During the course of a discussion on the parking situation Monday evening, some of the aldermen expressed their views.

"If we don't do this now, we are going to hurt Sherbrooke's future immeasurably," Ald. Everett Nicol said. "Commerce will leave the downtown area. Even if it costs the City some money every year, it would still be a good thing. It would keep the people buying from the merchants here."

Mayor Nadeau maintained "If we are convinced it's going to pay, let us tell the people of Sherbrooke."

Ald. J. Jeanson noted that the City had been studying plans for years. "For years we have been dragging behind."

Ald. Carl Camirand said "we had to wait a long time before we had parking meters."

The question of whether only the businessmen downtown should vote on the subject or the city as a whole was introduced when Ald. Nicol maintained that everyone "should participate."

He was supported by Ald. Antonin Pinard who maintained "I don't think that the responsibilities should be absorbed by proprietors in the Centre Ward."

Ald. Marcel Savard said it was "for people all over."

The Mayor then suggested that the businessmen be asked to attend the meeting next Monday evening.

"It is up to them to decide upon it or have it submitted to the public."

MAPLE GROVE — A social evening sponsored by the members of the Ladies' Guild was held in the Parish Hall. Cards and crokinole were played at several tables after lunch was served. Proceeds amounted to \$22. Card prizes were awarded to Miss Olive Annesley, Mrs. William Dinning, and Mrs. Byron Bennett. Mr. L. Annesley and Mr. Girard Fortier won for the men. Ladies' crokinole were won by the Misses Joan Dinning and Charlotte Coleman; men's by Glen Dinning and Eddie Amadon and Willard Bennett.

Mr. B. G. Dinning spent a few days recently in Ottawa.

Mr. and Mrs. D. Annesley and children of Thetford Mines were recent guests of Mr. and Mrs. F. N. Gill.

Mr. and Mrs. B. G. Dinning and daughter, Miss Joan, spent a weekend in Sherbrooke where Mrs. Dinning attended the O.E.S. School of Instruction. They also visited friends in East Angus.

Mr. Willard Annesley of Inverness is spending some time with his sister, Mrs. F. N. Gill, and Mr. Gill.

Miss Charlotte Coleman of Thetford Mines was a weekend guest of Miss Joan Dinning.

Mr. J. A. McCammon of Thetford Mines visited Mr. Byron Bennett. Friends are pleased that his condition has improved.

Mr. and Mrs. Wm. Dinning and daughter Mary were guests of the C. J. Wrights in Thetford Mines.

JUNIOR PCs NAME OFFICERS — Shown following the organization meeting of the Sherbrooke County Young Conservative Association last night are, from left, seated: Guy Crepeau, president of the Sherbrooke PC Association; Maurice Allard, candidate, and Claude Badeau, junior group president; Standing, Guy Bureau and William Larkin, vice-presidents, and Andre Charest, treasurer. Missing from the picture is Fernand Drapeau, secretary. (Record Photo by Gerry Lemay).

Claude Badeau Heads Junior PCs

Ottawa U. Won't Join Walkout

OTTAWA (CP) — Students of the University of Ottawa will have no part of a proposed student walkout at six Quebec universities over Premier Duplessis' education grants policies.

President Fernand Grenier of the University of Ottawa students' federation said student presidents from six Quebec universities met with him during the weekend to ask that University of Ottawa students join 21,000 students who propose to walk out of classes early in March.

He said in an interview that he told the visitors students here cannot participate "because of the university's geographic location."

Fewer than half the university's 1,300 full-time students are from Quebec province. Some courses at the university are taught in French and some in English.

Grenier said the Quebec student presidents told him Mr. Duplessis had refused to meet with them to discuss a request, forwarded to him by letter, for provincial grants both to universities and to individual students.

DOESN'T KNOW LENGTH — He did not know how long the proposed walkout was to last.

Student presidents here for the meeting were Tony Ketchum of Bishop's University, Lennoxville; Albert Gobeil, University of Sherbrooke; George Hooper, University of Montreal, Louis Donolo, McGill University, Montreal; Claude Gohier, Sir George Williams College, Montreal; Steve Lachapelle, Laval University, Quebec City.

Claude Badeau was named president of the Sherbrooke County Young Conservative Association at an organization meeting held at the Social Club last night. William Larkin and Guy Bureau were elected vice-presidents, Fernand Drapeau, secretary, and Andre Charest, treasurer. Other members chosen for the executive were Jacques Brisson, Claude Richer, Pierre Sylvestre, Guy Larkin, Bernard Codere, Claude Bedard, Jean M. Donahue, Guy Fiset, Raymond Leclerc, Normand Laliberte and Fernand Garon.

The meeting was presided over by Guy Crepeau, president of the Sherbrooke County Progressive Conservative Association, and also heard a short address by Maurice Allard, candidate in the March 31 general elections.

Mr. Allard complimented the newly-elected officers and praised the enthusiasm, hope and hard work which the organization could contribute to the party cause in Sherbrooke, especially in the present election campaign.

The candidate declared that the time is ripe for a revolt in the Province of Quebec and that the population is becoming convinced that the Conservative party alone will protect the rights of all individuals.

COOKSHIRE — The Woman's Missionary Society met at the home of Mrs. E. C. James. Mrs. Dickson led the devotional period and the study on Japan was in the hands of Mrs. J. W. Robinson and Mrs. C. Cooper.

St. Margaret's Guild and W. A. met at the home of Miss E. Woolley. The president, Mrs. H. Matthews, was in the chair. The St. Guild donated \$100 towards the insurance on the church property. Mrs. Charlie Rolfe and Mrs. Matthews have donated material to be made up into doll's clothes. The next meeting will be held at the Rectory.

Musical Four Make History

LONDON (AP) — The four Goossens — members of a most remarkable musical family — made history here recently by appearing together as virtuosi in the same work.

Elder brother Sir Eugene wrote it specially for the family. He called it Concert Piece for Two Harps, Oboe, English Horn and Orchestra.

The 64-year-old composer-conductor conducted the piece in Chelsea Town Hall. Sisters Marie and Sidonie played the harps and 60-year-old brother Leon the oboe and the English horn.

All four are familiar figures to London's musical public. Sir Eugene frequently conducts at the Royal Festival Hall. Leon is one of the more popular soloists on the British concert scene. Sidonie plays the harp in the BBC Symphony and Marie is harpist with the London Symphony.

But this was the first time they had all appeared together as conductor and soloists—and the first time they had played together in one of Sir Eugene's own compositions. In the front row sat the quartet's 91-year-old father, Eugene Goossens, once famous in Britain as the conductor of the Carl Rosa Opera Company.

The critics were not overwhelmed by the composition. The Times, for instance, described it as "more a piece of occasion than an immortal masterpiece, but very good fun." The Daily Telegraph said it was "a clever occasional piece, difficult enough to display the full Goossens virtuosity."

Sir Eugene, who came home from Australia 18 months ago after nine years of conducting there, has spent much of his career abroad.

Space Age Developments Outlined To Rotarians

R. A. Dunn, vice-president of sales of the Canadian Liquid Air Company Ltd., illustrating his talk to the regular meeting of the Rotary Club last night with slides, declared that welding would play an integral role in space ship construction.

"A new age has arrived—the space age. Certainly our children will see more of it. But without welding such scientific achievements as the satellites could not have been without welding."

"Liquid oxygen as well has made a tremendous contribution to rocket development." He said that modern rockets are propelled

by a fuel made up of liquid oxygen and kerosene with perhaps a finely divided solid fuel mixed in.

He said the welding industry was moving ahead with the use of known products, as well as experiments with new techniques and products.

Mr. Dunn remarked that the federal government's recent announcement that it would strictly enforce the explosives act was not an accident. He said it was because of the increased curiosity on the part of youths in developing their own rockets.

"Modern rockets are not toys," he said. There are instruments divided into multi-stages, usually three or four, he said, and might stand as high as six stories. It takes 300,000 pounds of thrust to get the rockets off the ground. The rockets weigh around 150,000 tons he said.

Mr. Dunn was introduced by Alex Davidson and thanked by George Davidson.

Newsprint Production May Double

OTTAWA (CP) — Canadian newsprint production, now almost half the total world output, may more than double to 12,500,000 tons a year by 1980.

That is the forecast contained in a special report on forest industries prepared for the Gordon royal commission on Canada's economic prospects.

The report, issued today, estimated that world newsprint demand on Canadian newsprint mills will rise from 6,180,000 tons in 1955 to 12,500,000 in 1980.

Most of the present Canadian output—5,025,000 tons — goes to the United States which in 1955 needed a total of 6,420,000 tons. By 1980, the report forecast, Canada would supply some 7,620,000 tons out of a total American demand of 10,450,000 tons.

The report noted a changing pattern in Canada's newsprint exports during the 1950-55 period and forecast that it will continue.

U.S. MARKET DROPS — In the five-year period the American market dropped from 96 to 76 per cent of total Canadian exports. Meanwhile, overseas markets took a larger share of Canadian sales, mainly due to a greater ability to buy and a rapidly expanding demand.

By 1980, the report estimated, shipments to the U.S. may rise by about 50 per cent from the present level, while exports overseas may jump by as much as 400 per cent.

It estimated that Canada's newsprint industry will be able to meet the increased demand, but it may have to start using commercially - accessible hardwood stands for pulpwood.

While the U.S. would take only about 2,600,000 tons of Canada's production increase of 6,400,000, a large bulk — 3,380,000 tons — would go to overseas markets. Overseas shipments now amount to a mere 725,000 tons annually.

Requirements of Canadian newspapers would more than double from 430,000 tons in 1955 to 965,000 in 1980.

EARLY VISIT — BELLE ISLAND, N.B. (CP) — Four Canada geese alighted for a short stay here before heading northwest, the first time residents recalled seeing them in January. It was believed the mild winter is allowing the birds to wander at will.

Stanstead County Plowman's Assoc., Elects Officers

AYER'S CLIFF — The annual meeting of the Stanstead County Plowman's Association was held at the County building with the president, Stanley Whitcomb, in the chair.

Reports of the secretary and treasurer, Frank Woodward, showed the Association to have completed a very successful year.

The following officers were elected: President, Stanley Whitcomb; 1st vice-president, Douglas Johnston; 2nd vice-president, Ray Conner, North Hatley; secretary-treasurer, Frank Woodward.

Directors: Dale Miller, Hatley; Wilfred Raymond, Massawippi; R. G. McHarg and Nelson Viens, Ayer's Cliff; Ray Conner, Frank Woodward and Gordon Pocock, North Hatley; H. Inglis and J.P. Verpaelt, Magog and Kateville; Cecil Wells, Ralph Ashman, Way's Mills; Turner Hunter, Barnston; Douglas Johnston, Rock Island and Stanstead; E. R. Embury and W. E. Hatch, Tomfofia; R. R. Bacheider, Beebe; Nelson Partington, Georgeville; Gordon Cass, Libbytown.

The annual meeting adjourned, and a directors' meeting was held. Gordon Cass and Stanley Whitcomb were named and agreed to meet with the County Council at Ayer's Cliff next meeting to discuss the autumn plowing match.

The date of October 4 was set for the annual plowing match. It was suggested it be held in the Barnston district. Ralph Ashman, Cecil Wells and Turner Hunter to make inquiries as to a suitable field and report at the next meeting which will be held at the County building in Ayer's Cliff on June 12th.

Retiring Express Official Entered Rail Service Here

TORONTO — Express handling has been streamlined a long way from the horse-and-buggy days of 49 years ago when J. J. Quinn became a parcel room clerk. Now, on the eve of going on pension, the general superintendent here of Canadian National Express can recall half a century's progress in parcel shipping.

It has not been confined to packages either. Express bills covering everything from horses to heavily-guarded secret wartime shipments have gone out under his signature. Their total value represents as many millions of dollars as there are miles of CNR track.

Mr. Quinn is a native of Bedford, Que. He began his railway career in 1909 with the Grand Trunk Railway at Sherbrooke, Que., transferred to the Canadian Express Company in 1913, and three years later became cashier.

With the formation of the Canadian National Express in 1923, Mr. Quinn became chief clerk. After five years in this post he moved to Saint John, N. B., as agent. In 1937 he returned to Montreal as traffic supervisor, later serving as special representative and acting general agent.

He was made assistant superintendent, eastern division, in 1944, and superintendent two years later. In 1950 he was appointed superintendent, south-western Ontario division, with headquarters in Toronto, and in 1951 became general superintendent, central district, extending from Brockville to the Lakehead.

For 40 years Mr. Quinn has been a member of the Masonic Order. He belongs to the Traffic Club of Montreal, Toronto Railway Club, Transportation Club, Toronto Board of Trade, and Kiwanis. Pension will give him plenty of time for gardening and his life-long favourite - fishing.

His friends and associates will gather to farewell him in Toronto March 1.

WATERLOO —

Miss Marylin McKergow who is attending Macdonald College, Ste. Anne de Bellevue, spent a weekend with her parents, Mr. and Mrs. Roger McKergow, and brothers, Roy and John.

Mr. Walton Smith of Vankleek Hill, Ont., is spending a few days a guest of his parents, Mr. and Mrs. Howard Smith, Court St.

Miss Elaine Sherrer of Dunkin has been a guest for a few days of her sister, Mrs. J. Bailey, Mr. and Miss Kay Bailey.

Mr. and Mrs. Brandrick and daughter, Margaret of North Sherbrooke, were recent guests of Miss Nettie Galbraith at the home of Mr. and Mrs. Clarence Hannah, Western Avenue, and Mrs. S. J. Irwin, Foster Square.

Mr. and Mrs. William Merritt of Chalk River, Ont., visited Mrs. Merritt's mother, Mrs. Copping, Mr. Copping and brother, while spending a few days in the Eastern Townships on a skiing trip.

Mrs. Kathryn Esson R.N., of Montreal spent a weekend with Mrs. E. McKenna and Miss Marjorie McKenna and also called at the homes of Mrs. M. N. Boright and Mrs. Gordon Kittell in Granby.

Roland Codere Is President Of Hotel Dieu

Roland Codere was elected president of the Hotel Dieu of Sherbrooke at the annual meeting of the Hospital corporation. A. Pigeon was named vice-president, Arcadius Denis, secretary, Narcisse Amiraault, treasurer, Albert Charpentier, administrator, and Dr. Leo Blais, executive member.

The annual report of the administrator showed that 13,305 patients had entered the hospital during the year for a total of 107,435 days. The outclinic had been attended by 7,139 patients and there had been 23,428 individual visits. Thus the facilities of the hospital had been used by 43,872 patients during 1957. There had been 2,665 deliveries during the year.

Mr. Charpentier reported that the number of beds in the institution had been increased from 340 to 425 during the year and that the staff consisted of 243 trained personnel and 212 others. There were 42 regular doctors and 35 visiting doctors on the staff.

A pre-natal clinic had been opened in May to give instruction in new delivery methods and 120 persons had taken advantage of this course. Dental and radio isotope clinics had been established during the year, the latter being the only one of its kind in Sherbrooke.

Mr. Charpentier reported that 718,501 meals had been served during the year, or an average of 2,000 per day, and that 51.5 per cent of all revenues had been paid out in salaries.

St. Pat's Group To Meet This Evening

Final plans for the Annual Tag Day in aid of the St. Pat's Old Boys camp, will be submitted to the regular dinner meeting of the St. Patrick's Academy Old Boys Association, scheduled for this evening at the Hotel Sherbrooke, beginning at 6 p.m.

President Sylvester Parker reports that as in the past years the Tag Day will be held over the March 15th week-end.

BRIEFLETS

The 51st edition of the Sherbrooke Record Annual Review will be published on March 15th. Additional copies may be reserved by writing or phoning the Circulation Dept. LO. 9-3636. Copies mailed 10 cents per copy.

Worth The Trouble

Canada enjoys freedom of speech, freedom of religious belief, freedom of the press and numerous other advantages unknown to less fortunate countries. The liberties are guaranteed because Canadians themselves choose the men and the parties which govern.

Canadians will have a chance to exercise one power they possess, the right to vote, on March 31. And the vote of the most humble citizen is as powerful as that of the millionaire.

According to a recent opinion poll, about 50 per cent of Canadian voters are unable to give an accurate description of the Liberal or Conservative party. Some 70 per cent are ignorant of the principles and platforms of the

CCF and the Social Credit parties (though there may be some excuse for confusion in the latter case). Many do not know what the letters CCF stand for (Co-operative Commonwealth Federation).

The right to vote, like other good things which are free, is not fully appreciated. Before an election many are enthusiastic, but when the day arrives, they vote carelessly or indifferently. Many have only a hazy idea of what the candidates they vote for will do for the country — if anything. But as we have an opportunity to exercise our precious franchise only every few years, it is certainly worth the trouble to make an effort to understand what we are voting for.

Two Kinds Of Giant

People in many quarters of the globe feel squeezed in the cold war between the two giants — the United States and the Soviet Union. Their concern is to escape involvement if they can.

As they look upon this immense struggle, surprising numbers find the United States at major fault.

They criticize America for promoting and supporting military defense pacts like NATO and SEATO. They assail the U.S. for allegedly concentrating too heavily upon military preparedness through armaments.

They charge America with endangering present and future generations of humanity by continuing to test nuclear weapons.

They say Americans either have no foreign policy worth the name or they have one that is so rigid it bars them from bending properly in negotiations with the Soviet Union. In many places where Americans have tried to help other lands with money or technical aid or both, they are accused of arrogance, economic imperialism, and the like. Toting up the catalogue of charges, one would almost think they were

the true villains in the picture, that all the urge to peace and good will and orderly living was on the other side.

America is not perfect. And its foreign policy, under the leadership of John Foster Dulles, is sometimes difficult to follow and frustrating for its allies. But if those who are so critical stopped to consider, they would realize that if one significant fact could be altered, there would be no need for NATO or SEATO or billion-dollar defense expenditures or nuclear tests.

The fact is the undisputed aim of the Kremlin to conquer the world by one means or another. If the only Soviet aim were to live at peace with the world, as a nation unto itself, willing to co-operate with the other major powers in solving world problems, 95 per cent of the things people criticize the Americans for would not exist.

It was not the West which started the cold war. In fact one of the reasons for America's sometimes confused foreign policy stems from the reluctance of so many Americans to become involved in foreign affairs. But it is the men in the Kremlin whose aim is world conquest.

Steadfast

Another of those incidents that make one proud of being human happened recently. It was in Tennessee and it concerned two little girls.

Pamela Harmon, 13, and Dorothea Miller, 11, were walking across a railway trestle when the younger girl's foot was caught. A train was coming. Pamela, very human, scampered twice towards a water barrel where she could have pulled herself out of danger. But she returned to put her arms around Dorothea and as the train struck, says the story, the two fell as one body into the river 75 feet below.

A few years ago, in another southern state, it was a man walking on the track with his wife and a woman companion. As a locomotive approached the wife's foot was caught in a 'frog' and all her efforts and her husband's failed to free it. The man waved the

other woman aside and put his arms around his wife. One does not have to be sentimental to wonder if her terror left room for the great glow.

And Mrs. Isidore Strauss — her story has been told often. A grey, elderly woman standing on the deck of the sinking Titanic. Crew members tried to push her into a life-boat but she turned and slipped her hand into her husband's: "Do you think I would leave you now — after all these years?"

Nothing very wonderful, some may say; only a steadfast woman and there are millions.

Fortunately, there are. There is, too, that very gallant company of men and women, composed not only of the heroic in a great emergency but of those who are steadfast, without fanfare or self-applause over the long, long, gruelling stretch.

DUCK ASSURES MAKING CONTRACT

Try to find a good bid with the South hand after East overcalls North's one club bid with one spade. There just isn't any.

South decided on the overbid of two no-trump and North raised to three.

West opened the king of spades and South let it hold. At this point in the proceedings a heart shift might have caused South's downfall but it would take a better man than this West to make that play. Particularly as East had signaled a come-on with the jack of spades.

South won the spade continuation and now it did not matter which minor suit he chose to go after. Actually he tried the diamond and West won with his ace. Now West led a heart and South went right up with dummy's ace. He could not afford the luxury of a finesse.

The ace of clubs was knocked out next and East could take his

rest of his spade suit. It all made no difference because South had two spades, one heart and three tricks in each minor suit for a total of nine.

If South had made the mistake of taking the first spade he could king of hearts or establish the

So Great He Cast Two Shadows

Three Ds Of China

Discipline, Drabness, Dedication

Editor's note: The editor of Reuters, Walton A. Cole, has just returned to London from a round-the-world trip including 12 days in Communist China where he travelled nearly 4,000 miles. Cole, who preserved in shorthand notes a record of the sights he saw and the people he met, wrote a series of articles, of which the following is one.

By WALTON A. COLE
 (Copyright, 1958, by Reuters)
 LONDON (Reuters) — Discipline, drabness and dedication are the three Ds dominating the memories of my recent travels within the new China.

Perhaps these impressions are the more vivid by contrast with those seemingly happy-go-lucky lands of Southeast Asia, ablaze with their peacock plumes of color, through which my route of entry lay.

And on my return journey by way of a gay, Westernized Tokyo, the China scenes kept crowding in on me: The stereotyped citizens in winter garb of blue denim, the intensity and industriousness from nursery school to factory.

There were the shiny scrubbed female faces framed with hair as straight as string; the clinically clean streets almost devoid of motor traffic; giant billboards proclaiming national slogans.

There was superbly prepared food in hotels and restaurants where cooking, not decor, was paramount. Courtesy prevailed everywhere.

China has a population of 650,000,000 which officials in charge of a state campaign for practising birth control estimate will reach 800,000,000 by 1972. How then can a single central government succeed in guiding the thinking and providing the daily bread and work of such a diversified nation?

It does so through a structure of committees that seek to represent the viewpoint of every sectional interest engaged in the national effort ranging from former capitalists such as textile mill owners to those who used to belong to the Kuomintang.

These committees reach even housewives in city tenement blocks and peasants on collective farms. They exercise control and provide a two-way channel of information over which the public attitude is piped back to the policy makers — the Communist party.

Political education — and education — is the constant theme. The child in the kindergarten learns to love country and Communist party and chairman Mao Tse-tung. Old men in study groups learn every change in the party line and "wash" their own brains so that they may have "correct thoughts."

In school and university, in factory and village, everyone learns the political doctrine and philosophy which will form the basis of his life and provide "correct" answers and analyses for every question.

Co-operative working and communal living in huge, block-like barracks mean that supervision of the individual is effective. "Free time" as an individual is virtually unheard of. The city worker may say goodbye to his colleagues when the day's work is done — but is likely to meet them again that evening in the communal dining-hall and residence.

But unless hundreds of people I saw in staff recreation rooms and canteens were acting, they are content and happy in this communal life.

In 12 days in China, I saw only a fragment of the country, but in 4,000 miles of travel I did visit main cities like Shanghai, Peking, Wuhan and Canton, and talked with scores of people: High government officials, newspaper men, factory workers, housewives, peasants, even the last remnants of the capitalist class.

No doubt many of the people I interviewed gave me "correct" answers. But in themselves they are revelations of government thought and policy.

There are stated to be some rumbles of discontent, particularly among city workers pressed to volunteer on the farms.

Some officials and intellectuals — it should be stressed that an in-

tellectual in China is anyone with an elementary school education — have undoubtedly interpreted too freely chairman Mao's invitation to "let one hundred flowers blossom and one hundred schools of thought contend."

Some peasants, too, may be skeptical of the benefits of government control through co-operatives, particularly if they own rich land, good implements and have sons and daughters who have stayed at home to help work the good earth.

The impact of the new China on me was that there now is a Mao dynasty similar to Ming and that this leader's dynasty is solidly based.

The Western visitor to China could criticize many aspects of the regime just as the Chinese

Communist is ever ready to criticize the capitalist society if his philosophy is challenged in conversation.

One notes the determination to push through at all costs ambitious prestige building and industrial projects seemingly regardless of their true place in the economy, the ceaseless supervision of the individual, the scorn of so much relating to the past, and blind faith in the correctness of policy decisions.

What does the new China demand of the rest of the world? The answer is: Equality and complete reciprocity. One high official told me: "China believes in coexistence, the main points of which policy are non-intervention in the internal affairs of another country, equality and mutual co-operation."

It is relevant to note that in travelling through Southeast Asia, I found China was regarded by Asians I spoke to as another Asian country rather than as a Communist nation.

My own introduction to China was when I crossed the border bridge from Hong Kong New Territories on the China mainland to catch the train for Canton. The state tourist service immediately took over — porters were organized, formalities attended to.

The air trip to Peking in the state air line, which claims a seven-year accident-free record (it does little night flying and abandons a flight if visibility is poor at destination) was organized on the same efficient basis.

The aircraft was Russian-built and my fellow-passengers, indistinguishable from the crew in their blue peaked caps and tunics, included a 'model peasant' on his way to some exhibition with a great bamboo coop full of clucking hens. Refreshment was limited to flasks of piping-hot green tea, or water.

Communist simplicity has not come to be Chinese kitchen and dining out, whether in restaurant, hotel or canteen is on no Spartan scale. The Chinese chef still provides the succulent, varied dishes for which the country is famed.

A visitor, seeking to satisfy Western whims, may be confronted with strange substitutes, as I was when I requested breakfast marmalade and was impassively served with a heaping bowl of caviar.

There is no tipping, which is regarded as insulting. Nowhere in hotel or restaurant was there ever any hint, direct or indirect, for 'baksheesh.' Nor did reward the capable chauffeur who drove

Matter of FACT

Most of the stars in the Milky Way are so far away that they cannot be seen as separate stars without a telescope. Alpha Centauri, the bright star nearest the earth, is so far away that anyone travelling at the speed of light — 186,000 miles a second or 6,000,000,000 miles a year — would take more than four years to reach it. At the same speed it would take 100,000 years to go from one edge of the Milky Way to the other.

BREATH TEST LAW.
 (Winnipeg Tribune.)

Last week the Saskatchewan Court of Appeal handed down a two-part decision on the controversial breath-test legislation which has been in effect in that province.

The court ruled that results of the tests may not be used in court against the drivers.

The breath-analyzer law is now of little use other than to harry and browbeat motorists.

The legislation should be repealed, not only because it sanctions an unwarranted invasion of the privacy of the individual, but because the tests are not accepted as accurate or scientific by medical authorities.

me hundreds of miles. But he was a very welcome guest at an official farewell dinner attended by many officials and dignitaries.

There is no bargaining in the markets or bazaars. Everything, even antiques, is marked with the state-fixed price and, to prevent the loss of national treasures, nothing over 80 years old may be exported.

I found the pedicab men form a last citadel of free enterprise. They still haggle over fares and are prepared to be "undignified" and take tips by keeping the change.

Father knows (he learned from watching Mother) that the quickest thing to swish grease and stains from the range, refrigerator and sink is Javex.

And Mom knows at least twenty other ways Javex makes housework easier, helps keep things white, bright, sweet, clean and sanitary.

St. Augustine's Church At Danville Reviews Improvements Of Past Year

DANVILLE — The annual vestry meeting of St. Augustine's Anglican Church was held in the Parish Hall, Rev. Peter Kingston presiding. Minutes were read by the vestry clerk, Mrs. D. Carmichael. Reports of the various organizations were read.

The following officers were elected: Minister's warden, Henry Lockwood; people's warden, Harold Laxson; envelope secretary, John Philbrick; head sidesman, E. L. Gilbert; auditor, Arthur Lockwood.

The past year was a historic one for St. Augustine's Church. The Parish Hall was built and opened with a parish supper on November 17th. The west wall of the church had been entirely rebuilt and the interior was painted throughout, the wood panelling varnished and the floor covered with a linoleum. Douglas MacDonald had given an aisle carpet in memory of his mother.

There had been 130 services, 84 services of Holy Communion, plus 12 private celebrations for the sick. There were nine baptisms, three burials and two marriages. At December 31, 1957, there were 97 families, 372 individuals, representing an increase of 30. Leaders for children's work were needed.

Tribute was paid to the work of the wardens, Henry Lockwood and Harold Laxson, and to Fred Molson, chairman of the building committee and E. L. Gilbert. The rector commended the

services of these men, as well as the choir, the organist and the Sunday School teachers, who contributed so much to the work of the Church.

EVENING ASSOCIATION MEETING
The Women's Evening Association of Trinity United Church held its regular meeting in the church hall with the president, Mrs. Lorne Ames, in the chair. The minutes were read by the secretary, Mrs. Roy Carson and the treasurer's report by Mrs. Roy LeDrew. Mrs. John Gawn conducted the worship service.

Plans were made to hold a food sale on March 14th at 3:00 p.m., in the church hall. It was also decided to have an auction sale in early June.

Refreshments were served by the hostesses, Mrs. C. D. Borror, Jr., Mrs. Norman Brown and Mrs. Howard Bowring.

GENERAL NOTES
Mrs. Wilfred Bellevue was visiting her sister, Mrs. Philip Gagnon, and Mr. Gagnon, Richmond. She was also calling on Mrs. Frank Perkins.

Mr. Donald Beattie of Lysander, spent a week-end as the guest of his brother-in-law and sister, Mr. and Mrs. Barney Gillan, and young son.

Mr. Ronald Gibbs of Bishop's University, Lennoxville, spent the week-end at his home here.

Mrs. Norman Brown is spending a few days in Coaticook caring for her mother, Mrs. Iva

McCoy, who is ill. Friends of Misses Dorothy Healy, Peggy Smith, Messrs. T. Wallace and Russell Nutbrown will regret to learn that they are patients in the Canadian Johns-Manville Company Hospital, Asbestos.

Mrs. Alfred Raymond entertained the Grove Street Bridge at her home. First prize was won by Mrs. Georgia Riddle and second by Mrs. Archie Bishop.

Mrs. Steve Perkins of New London, is the guest of Mr. and Mrs. William Howse.

Friends of Mrs. Francis Smith will be pleased to know that she is making a speedy recovery at her home here after undergoing surgery at the Sherbrooke Hospital.

Mr. and Mrs. William Howse spent a week-end in Waterville as guests of Mr. and Mrs. Errol Bellevue.

Friends of Jiggs Batstone will be pleased to know that he has recovered from his illness.

Miss Betty Samson, student nurse of Verdun Protestant Hospital, spent a few days with her parents, Mr. and Mrs. Douglas Samson.

The St. Andrew's Guild met at the home of Mrs. Gordon Millar. The president, Mrs. G. Heath conducted the meeting. Plans were made for an Easter tea. The next meeting is to be held at the home of Mrs. John Andrews.

Mrs. Edward Dugan and two children, Billy and Carolyn, have returned home to Springfield, Mass., after spending the past two weeks as the guest of her parents, Mr. and Mrs. William Howse.

Mr. and Mrs. Elmer Coyle of Cap-de-la-Madeleine attended the funeral of Mr. Coyle's mother,

Mrs. Nellie Coyle. They also visited Mrs. Coyle's sister, Mrs. Ernest Frost, and Mr. Frost.

Mrs. Jerry Morin of Sherbrooke was visiting Mr. and Mrs. Tom Williams.

Misses Barbara and Beverley Lodge accompanied by Mr. Jim Bell spent a week-end in Whitefield, N.H., and Gilman, Vt., as guests of Mrs. Joy Holbrook and Mrs. Barbara.

Mrs. Fred Park has returned from the St. Vincent de Paul Hospital, Sherbrooke, and is convalescing at her home here.

A group of four girls and two leaders from Trinity United Canadian Girls in Training attended the Quebec C.G.I.T. Conference at Wesley United Church in Montreal recently. The delegates were Miss Beverley Barrett, Miss Dorothy Carson, Miss Margaret McCoy, and Miss Carole Smith. Leaders, Mrs. John Gawn and Mrs. Noel MacNevin.

Six New Members Join Waterloo Woman's Assoc.

WATERLOO — At the regular meeting of St. Paul's W.A. held at the parsonage, six new members were welcomed into the group.

A short skit was presented by Mrs. Lowry, Mrs. Tetrault and Mrs. Arnott showing how to greet a prospective member, and how not to which was much enjoyed. Mrs. Roland Cummings, president was in the chair and the devotionals was given by Mrs. Charlotte Norris.

The minutes were read by the secretary, Mrs. J. Black, and several bills ordered paid. New tables have been purchased for the church hall.

It was decided to have a food sale in the Southern Canada Co. building on March 7th. Mrs. S. Wayne, Clark Hill had kindly consented to be in charge of the sale of cards.

Mrs. Cummings thanked Mrs. Boomhour for having the meeting. Mrs. Bailey offered to have the next meeting at her home.

The hostesses were Mrs. Bird, Mrs. Daine and Mrs. Black.

GENERAL NOTES
Mrs. Walter Arnott was in Montreal and visited Mrs. Lord who is still a patient in the Royal Victoria Hospital.

Dr. and Mrs. M. O. Katz spent a weekend in Montreal and while there attended several functions. Mrs. Luella Parsons of Montreal is spending an indefinite time with Mrs. David Hughes who is ill at her home on Giroux St.

SPY'S DIET — These are the nuts, bolts and screws that were removed from the stomach of convicted Russian spy Jack Soble at Bellevue Hospital in New York after he swallowed more than a pound and a half of the hardware in an apparent suicide attempt at Lewisburg Federal Penitentiary in Pennsylvania. Soble's condition is listed as "not critical."

Old King Coal Fights Back Against Tough Competition

By SANDY CAMPBELL
Canadian Press Staff Writer

GLACE BAY, N.S. (CP) — Here in the heart of Eastern Canada's coalfields old king coal has taken the offensive in the battle for markets against oil, gas, electricity and United States coal.

The Dominion Coal Company has developed and installed automatic miners and other refinements which are beginning to bolster its prestige. Production rose from 2.12 tons-per-man-shift in 1952 to 2.91 in 1957, and was running slightly over three tons for the first month this year.

The company — a subsidiary of Dominion Steel and Coal Corporation which itself joined A. V. Roe (Canada) Limited last fall — operates seven collieries in this area. Another Dosco subsidiary, Old Sydney Collieries Ltd. operates two pits on the north side of Sydney harbor. Two other corporation mines are on the Nova Scotia mainland, at Springhill and Thorburn.

Interviewed in his office at Sydney, 20 miles from here, Mr. Gordon said the industry's position now is "better than it has been for a good many years." Big and dynamic, Mr. Gordon was born 58 years ago at Leven, Fifeshire, Scotland. His family moved to Canada when he was seven, his father becoming controller of the Dominion Coal Company. The general manager has been connected with coal mining all his life, and divides his time between his office and the collieries.

"We had daily outputs last year which were the highest since 1940," he said. "We are pioneers in submarine coal mining, and here in the world's largest submarine coalfield our mines are on the whole as highly mechanized and efficient as any in the world."

SEEK MARKETS
Mr. Gordon declared: "Last year we sold every pound of the more than 5,000,000 tons we produced. Whether we do as well this year depends to a great extent on the state of industry in general."

"Canadian industry is our biggest customer, and our sales hinge on its need for coal." Company salesmen however are already scouring Europe for markets in case Canadian industry cannot absorb all this year's production. They are trying to expand markets to which Cape Breton coal has been shipped for the past few years.

Some of the workings here reach as far as six miles out under the ocean. One pit is 2,700 feet below the Atlantic's floor. The depth makes room-and-pillar mining methods mostly impossible, and the distances from the coal face to the pithead push up costs.

SHOWING RESULTS
A mechanization program started in 1948 now is beginning to show results. Automatic min-

ers, conveyor belts and — somewhat ironically — diesel locomotives are the big items in the program. The dieselization of CNR trains took away an estimated annual market for 750,000 tons of coal. Now diesels are helping cut mining costs.

Assistant General Manager Doney watched with satisfaction as a mechanical miner worked in No. 18 colliery at New Victoria, 10 miles from here. In a 16-second cycle the miner bit into the coal face, stripped off an 18-inch layer and spewed 1½ tons of coal onto a conveyor belt.

The belt carried the coal to a hopper where it was metered into three-ton aluminum rail cars. A diesel locomotive hauled the "trip" of cars to the foot of the main slope. From there they were hauled to the surface by a steel cable, overturned in the "tipples" and the coal was screened and chuted into waiting CNR coal cars for the trip to markets.

LONG EXPERIENCE
The minimum of handling was the cause of Mr. Doney's satisfaction.

The 52-year-old Yorkshireman has been Mr. Gordon's assistant since 1949, shortly after the mechanization program got underway. Before that he was an area production manager for the

National Coal Board, which took over Britain's mines in 1947.

The number of coal miners in Nova Scotia has declined to 10,000 from 13,500 in 1940. Mechanization and closure of at least seven mines caused the decrease.

However the company says its "go-slow" policy of installing labor-saving machinery, plus the fact it has hired a minimum of permanent employees since 1955, has avoided mass layoffs.

Steve Dolhanty, vice-president of District 26 United Mine Workers of America (Ind.) said: "Although this will probably be denied, there is a dangerously high annual turnover of 7½ per cent among mine employees."

A miner himself until elected to the district executive in 1950, Mr. Dolhanty, 50, said most of those leaving the mines were young men seeking "more security elsewhere." Many join the armed forces.

Before 1950, most of the coal in the province was produced by the "cut, shoot and handload" method. Last year, less than 38 per cent was shovelled.

The proposed \$30,000,000 Maritime thermal power system

promised a new market for coal.

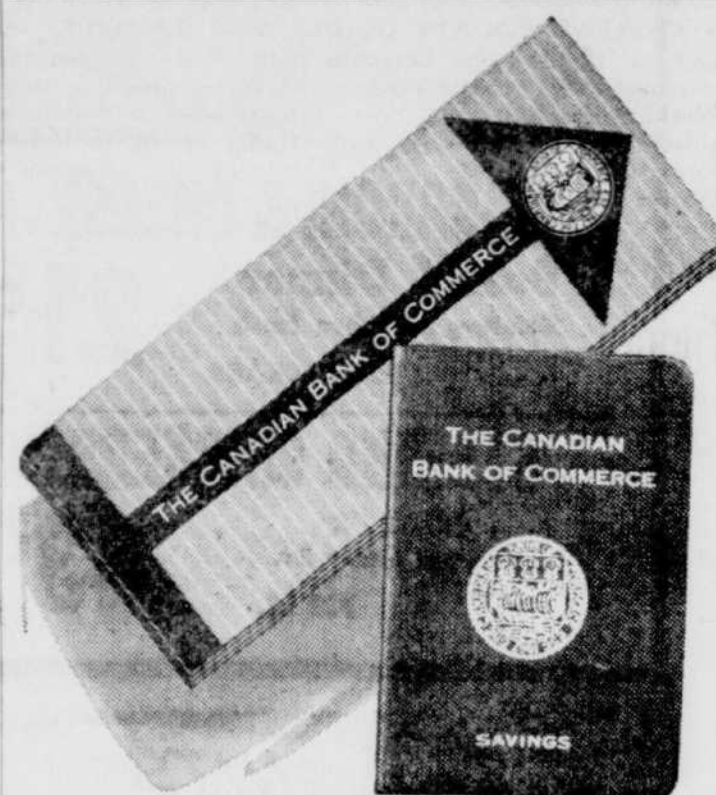

How big a market, depends on the amount of power generated, which in turn depends on the demand.

"It will be a considerable help to the coal industry when everything proposed goes into effect," said Mr. Gordon, "and we will put ourselves into a position to supply all the coal needed."

The Job of Getting a Job

14 words in a classified ad got one young man a job. A carrier pigeon worked for another.

W. I. Meels At Miller Home In Sutton

SUTTON — The Women's Institute met at the home of Mrs. H. Miller with Mrs. M. Moffat as co-hostess. The first vice-president, Mrs. M. Vincent, presided in the absence of the president and Mrs. O. H. Baker acted as secretary in the absence of Mrs. L. Bresee.

Roll call was answered by payment of birthday money, which netted \$4.67. Treasurer's report showed a good bank balance. Standing committees' report were Mrs. Reid, that she had ordered garden seeds; Mrs. Hunt had

sent a parcel of cotton to Mont- and Mrs. Flanagan reported on Red Cross work.

The nominating committee includes Mrs. N. R. Russell, Mrs. L. Reid, Mrs. P. Patten. The program committee comprises Mrs. W. Westover, Mrs. L. Bresee and Mrs. D. Seaman. Auditors are Mrs. M. Lewis and Mrs. C. Griggs.

Cards were signed by all present and sent to a sick member and a shut-in member. The March meeting will be held at the home of Mrs. H. Miller on the 5th, with Mrs. M. Lewis as hostess. The surprise package was won by Mrs. M. Moffat.

The program for the evening was a reading by Mrs. Griggs of her own composition entitled "My Winter Garden." Mrs. Griggs also gave two piano selections of her own composing, which were greatly enjoyed.

Meeting closed and an hour was spent in playing Pirate Bingo. A Valentine lunch was served by the hostess, which included a lighted birthday cake in honor of Mrs. Henry Hoyt, who was celebrating her birthday that day. Birthday greetings were sung to Mrs. Hoyt.

REBEKAH LODGE MEETING
Golden Rule Rebekah Lodge held a regular meeting with Sisters Hilda Arnett N.G., and Connie Sherrer V.G., with their staff of officers presiding.

The minutes and correspondence were read and the financial report was given. Committees on the card party and the sale of Christmas cards handed in their proceeds. Voting took place on three candidates.

For the good of the order an impressive memorial service was held and the charter draped in loving memory of second Past Nobel Grand the late Sister Bertha Ford Smith. Practice was held and lodge closed in ritual form.

GENERAL NOTES
Mrs. Lucy Aseline entertained at two tables of 500. Prizes were won by Mrs. Cedric Patten, Mrs.

Homer Bates and Mrs. James Flanagan. Lunch was served by the hostess.

The Women's Auxiliary No. 138 held a bridge and 500 card party in their hall. Cards were played at five tables. Prizes in 500 were won by Mrs. Homer Bresee, Mrs. Harley Lahue, Mrs. Gordon Meyer, Messrs. Norman Larose and Frank Sevigny. Prizes in bridge were won by Mrs. Dorothy Eastman and Mrs. James Cowan, gentlemen's first by Mr. Jack Westover. The door prize went to Mrs. Dorothy Eastman.

WATERVILLE —

The February meeting of the Friendly Christmas Club was held at the home of Mrs. Raymond Fowler. Cards were played at three tables. The prizes were won by Mrs. Kenneth Spafford and Miss Laura Holtham. The travelling prize was won by Mrs. Russel Kezar. Refreshments were served by the hostess assisted by her daughters, Margaret, Judy and Diane. The March meeting will be held at the home of Mrs. V. Holtham.

They Go Into The Tumble Dryer

The first automatic wash, dry and wear fashions are here. All three designs shown here can be laundered in a machine washer, put through the dryer and be ready to wear, smooth and wrinkle-free, in about an hour. For the outdoor life, these separates (left) in dacron and cotton are ideal. Pullover top is double-banded at the neckline, teamed with fisherman pants. Classic dress (center) in dacron and rayon has graceful, durably pleated skirt and removable, flat white collar. Suit (right) is cut with straight jacket and slim skirt. The fabric is dacron and orlon.

NEW YORK (NEA)—Fashions that are really ready-to-wear, without ironing, an hour after they're put into the automatic washer, have arrived.

They must go through tumble drying, of course. And they emerge from it with knife pleats smoothly in place and collars, pockets, cuffs and trimmings glossy.

The secret lies in man-made fibers coupled with special construction techniques. These automatic wash and wear fashions include tailored suits, dresses, knitwear and sportswear. There are plain, patterned and nubby fabrics, all of them containing half orlon or dacron fibers. The orlon and dacron are blended with rayon or cotton or with each other to get fashions that can take machine action.

Knitted fashions for summer will be a real boon to girls who dislike staying over a hot iron on a hot day. They launder perfectly and stay true to the original size.

Over half of the home dryers in use at the end of this year will be able to handle the automatic wash and wear fashions. And the new models coming up will be equipped with a specific setting for garments in man-made fibers.

Printed Pattern

9127
by Marian Martin

SWEET DREAMS

Sweet for sleep — our Printed Pattern makes a complete slumber wardrobe—easiest sewing. Nightie comes in 3 lengths (with bloomers for shortie style), 2 necklines, 2 sleeve versions.

Printed Pattern 9127: Misses' Sizes 10, 12, 14, 16, 18, 20. Size 16 dress-length gown, 4 1/4 yards 35-inch. Embroidery transfer.

Printed directions on each pattern part. Easier, accurate.

Send 40 cents in coins for this pattern (stamps cannot be accepted) to Sherbrooke Daily Record, Household Arts Dept., Sherbrooke, Que. Print plainly name, address, pattern number.

IRON HILL

Mr. Charles Welch who suffered a severe accident was given a wood chopping "Bee" when about 20 cords of wood was put in the shed.

Mr. Lance Hadlock has been very ill and under doctor's care. Mrs. Grace Mathewson of Pointe Claire spent the week-end with her father, Mr. E. P. Beard.

Mr. Gesner Rumsby returned to St. Lambert having spent the week-end with his parents.

Mr. Delmar Hadlock received the news that his brother, Mr. Austin Hadlock, of Richmond, Vt., passed away very suddenly.

Mr. Allan Hayes has returned home after visiting friends and relatives in Scotstown, Waterloo, and Granby.

News has been received of the death of Mr. William Blaney in the B.M.P. Hospital on Thursday morning. Mr. Blaney has been residing in Sweetsburg with his daughter, Mrs. William Clark. He had been in failing health for about two years.

Mrs. Wallace Hunt has arrived home accompanied by her small son Stuart, who has been a patient in the Children's Memorial Hospital in Montreal.

Women's Groups

ST. PETER'S W.A.

The February meeting of St. Peter's W.A. was held in the Memorial Hall with Mrs. G. Howes presiding. Mrs. G. Marston and Mrs. R. D. Mawhood conducted the devotion period. Correspondence was read from Dr. Constance Jackson and Miss Betty Giovetti, and an invitation to an "At Home" at Grace Chapel on March 3 was extended to the members.

Following routine reports, Mrs. Rus Neville conducted the educational program.

Refreshments were served by Mrs. Newton Munkittrick, Mrs. B. C. Westgate, Mrs. F. W. Dawson, and Mrs. L. G. Dwyer.

PHILATHEA GROUP

The Philathea Group of the Lennoxville United Church met in Douglas Hall, Queen St., with the president, Mrs. Harold Robertson, presiding.

Plans were finalized for the annual sugar social on March 7 to be held in the Scott Hall. Crokinole and various games will be played, for which prizes will be awarded, followed by coffee, doughnuts and sugar on snow.

The members were invited to hold the March meeting at the Parsonage and an invitation was accepted to attend an open house meeting at Grace Chapel on March 3.

Members from this group assisted at the World Day Prayer held recently at Grace Chapel.

Other dates announced were the annual June sale on June 11 and the fall supper, September 13.

Wool was distributed by the fancy work committee and business of the afternoon was concluded.

Lunch was served by Mrs. R. A. Pariseau, Mrs. W. H. Stanford, Miss E. Davidson and Mrs. G. M. Sutherland. Spring flowers were attractively arranged on the lace covered tea table.

EARLY COOKERS

J. Sharp was one of the earliest users of gas cookers when he constructed gas ovens in England in 1835 for baking.

Shrimp Curry Hawaiian

Served with the traditional accompaniments of chutney, chopped hard cooked egg, almonds and raisins. You'll love the creamy smoothness of the curry sauce

1 2/3 cups evaporated milk,
1 1/2 cups desiccated coconut,
2 teaspoons minced candied ginger,
2 small cans shrimp, drained,
1/4 cup butter, 1 tablespoon
minced onion, 1 tablespoon flour,
1/2 teaspoon salt, 1/4 teaspoon
monosodium glutamate (optional),
1 teaspoon curry powder, 1
tablespoon lemon juice.

Heat evaporated milk in saucepan almost to boiling. Remove from heat, add coconut, mix and let stand half an hour. Strain milk through a clean cloth, twisting to remove all milk from coconut. Save milk for use in sauce. Discard coconut for it will be dry and all its flavor extracted. Soak enough whole candied ginger in hot water to remove sugar, pat dry with paper towel, then mince. Rinse shrimp with cold water. Melt butter in saucepan over low heat. Add onion and

cook gently until onion is transparent. Blend in flour, salt, monosodium glutamate, curry powder and ginger. Stir in evaporated milk. Cook over low heat, stirring constantly until thickened. Add shrimp and heat just until shrimp are heated through. Stir in lemon juice just before serving. Serve over hot cooked rice. Makes 4 servings.

BOLTON CENTRE

Mr. and Mrs. Frederick Royea of Cowansville were recent visitors of Mr. and Mrs. Thorpe Manson.

The Valentine dance held in the Town Hall sponsored by the Ladies Guild of St. Patrick's Church was a great success. Music was furnished by Messrs. Thomas Croteau, Russell Marsh and Ross Elston. Mr. Albert Willey called for the square dances. A quilt made by the Ladies Guild was raffled off and was won by Thorpe Manson. Proceeds for the evening amounted to \$66.05. Next Guild meeting will be held in the club-room on Thursday, February 27 at 2.00 p.m.

Recent guests at the home of Mr. and Mrs. Earle Paige were Mr. and Mrs. John Hurlbut of Magog.

WARM SWIMMERS

LONDON (CP)—Swimmers in the English Channel can expect two hazards next summer—basking sharks and poisonous Portuguese jellyfish. Fishermen report growing numbers of both and say hardly a day goes by without one of them being sighted.

Personals

Mrs. T. C. Hurn, Walton ave., has returned from Montreal where she spent a few days with her daughter and son-in-law, Mr. and Mrs. J. P. Smallwood.

Friends of Mrs. Reginald Dewing, will be pleased to know that she has returned to her home on Denault St., after being a patient in the Sherbrooke Hospital for the past three weeks.

Friends of Mrs. Henry Woolferton will be pleased to hear she has returned to her home on Fairmount St., after being a patient in the Sherbrooke Hospital for the past month.

Friends of Miss Mary Skinner, a bride-of-the-week, who have entertained in her honor are Miss Jan Hovey and Miss Pat Young, who entertained at a miscellaneous shower, and Mrs. Donald Williams, at a canister shower, prior to Miss Skinner's departure from Montreal.

Mrs. Frederick Diamond was hostess at a kitchen shower and Mrs. Hawley Griffith held a coffee party and dish towel shower, while Mrs. Gordon LeBaron entertained the bride-to-be and her friends at afternoon tea.

Mrs. Edgar Walker, Prospect St., Lennoxville, is a patient in the Sherbrooke Hospital, where she has undergone surgery.

BRIGHT LIGHTS

BRANTFORD, Ont. (CP)—Terrace Hill Street here boasts four styles of lighting and three types of street lights in six blocks. It is an experiment towards a major street lighting program planned by the city.

Ruth Millett

Poor Dad Pays and Pays... And Just Winds Up Sunk

Poor Papa. He doesn't seem to be able to catch his breath. Just as soon as he provides his family with the "necessities" of modern living, new necessities stare him in the face.

Once a family could get by on one car. Now more and more families have to have two. And even two may not be enough if there are teenagers in the family. Many a driveway in front of a suburban home looks like a parking lot even when there aren't any visitors.

Once a man thought he was doing well to be able to meet the payments on one home for the family. Now it is becoming more and more "the thing" for a family to also have a "little summer place" where they can spend their weekends getting away from the fine big house on which Papa is making payments.

Backyard Country Club
Then the kids started campaigning for a swimming pool in the backyard, and more and more Papas are having to sink their money in them.

Boats, too, are becoming musts in many families. After all, what good is the little weekend place if the family doesn't have a boat to get around in?

Household gadgets also are becoming necessities so fast it's hard for Papa to keep up with them. Once a woman felt lucky just to have a washing machine. Later it had to be a fully automatic one. Now if she doesn't have a dryer to sit beside the

washer she feels underprivileged. Where is it all going to end, this fast-increasing number of "necessities?"

Well, in some families it is going to end with having all the necessities for "good living" except one — a Papa.

Because even the strongest, healthiest Papas can't go on forever trying to keep up with demands. Some day the strain gets to be too much — and Mama and the kids have to start figuring how to reduce the number of necessities to get along on Papa's life insurance.

MANNERS MAKE FRIENDS

If Junior, who is old enough to know better, misbehaves when you have friends to the point of making any conversation impossible, remove Junior from the room, by force if necessary. That is much better than apologizing to your friends for not being able to talk.

It's better for the guests—and better, in the long run, for Junior.

Municipal Committees Are Named At Meeting Of Coaticook Town Council

COATICOOK — The new Town Council, meeting for the first time since the recent municipal election, assembled in the Council Room at the Town Hall, with Mayor Roger Cameron presiding. Present were Aldermen Denis Marcoux, Olivia Beaudin, Leonard Akhurst, Joseph Cloutier, Hector De Labryere and Berard Couillard, the remaining members, Charles Audet, was out of town on a business trip.

Joseph Cloutier was named as pro-mayor for the next three months. More than 75 citizens, both men and women, turned out to observe the new council in action.

Mayor Cameron named the municipal committees as follows: Finance and Administration, C.E. Audet, chairman, Gerard Couillard and O. Beaudin; Electricity, Leonard Akhurst, chairman, Olivia Beaudin and Charles Audet; Waterworks, Gerard Couillard, chairman, Hector De Labryere and Denis Marcoux; Security, Olivia Beaudin, chairman, C. E. Audet and Denis Marcoux.

Roads: Joseph Cloutier, chairman, L. Akhurst and Gerard Couillard; Social Welfare: Hector De Labryere, chairman, Denis Marcoux and Joseph Cloutier; Recreation and Community Services: Denis Marcoux, chairman, Leonard Akhurst and Hector De Labryere.

There are seven committees, which works out so that each council member serves as chairman of one committee and is a member of two other committees. Charles Audet and Leonard Akhurst retained the chairmanship of the two committees they headed in the previous Council, Finance and Electricity.

Marcel Benoit, of the electrical department, pointed out that the trees on the town streets had not been trimmed for some time and could give the department considerable trouble if this work is not performed. Estimates of the cost of pruning are to be obtained.

The Belding-Corticelli firm informed the council that the dates of July 11th to 29th had been selected for the annual vacation period. It is expected that other firms of the Town will follow suit, as in past years, and give employees vacations during the same period.

The Proprietors League requested information as to what steps had been taken concerning the renewal or termination of the contract of the police chief but Councillor Couillard stated that nothing had been decided on this matter.

The question of renting an unused room in the Town Hall was again raised and the authorities in Ottawa are to be contacted to see if the local detachment of the Royal Canadian Mounted Police could make use of this location.

The matter of renaming several of the town streets was again brought up in the form of a protest letter from the St. Jean Baptist Society concerning the recent request to rename "Bachand" to the original name of "Union".

A delegation from St. Edmond Parish was present and under the

presented a request for assistance in paying for the services of an spokesman of Denis Dupuis verser for the recently formed recreation center. More than 200 persons nightly enjoy the facilities of the center, where provision has been made for many and varied types of entertainment.

The matter of allowing the town fire equipment to leave the confines of the town to fight fires outside the limits was again raised. Mayor Cameron said the council was torn between the difficult decisions of having to refuse aid to outside home owners or leaving the Town itself without adequate protection when the trucks are fighting fires in the country. He urged that a study be made of the possibility of purchasing additional fire-fighting equipment.

A request for assistance from the Chamber of Commerce, in regard to a publicity folder to be distributed at the Sportsman's Show in Montreal in March, was met with a donation of \$150.

A committee is to study the

matter of a recreation center for the elderly persons of the town.

Mayor Cameron expressed his thanks to the many citizens who had attended the meeting and congratulated them on their interest in the affairs of the community. It was learned that the acoustics made it difficult for all present to hear everything that took place and steps are to be taken to remedy this problem, possibly the use of a public address system.

POLICE AND FIRE REPORT
The annual report of the Coaticook Police and Fire Department was presented at the meeting of the Town Council, winning a vote of appreciation for Chief Gerard Groleau and Alderman Armand Robitaille, chairman of the Security Committee.

Mayor Cameron stated that few towns could boast of the excellent public protection record established by the local force, and that the report showed that juvenile delinquency, theft and traffic violations had been kept to a minimum. The Fire Department had also established an enviable reputation for protection of property.

The report showed the following totals for 1957 as compared to figures for 1956, the first figures in each group being the totals for last year as compared to the previous 12 months:

Police calls, 813-777; summons issued, 41-38; arrests, 211-305; arrests under warrant, 1-10; auto accidents, major, 51-54, minor, 91-93; injured, 11-19; killed, 1-0; accidents, 5-9; lost animals, 95-79; danger spots reported, 76-33; lost children, 12-14; merchandise unattended, 2-10; protection requested, 12-14; doors found unlocked, 153-206; investigations, 649-675; complaints, 14-30; general reports, 237-349; minor thefts, 33-27; auto thefts, 14-6; bicycle thefts, 19-12.

Building permits totaling 126 were issued and two were refused; residential buildings valued at \$85,000 were constructed; public buildings \$104,600 and industrial buildings \$37,134.

The Fire Department reported the following comparisons for

last year as against the year previous: Fire calls, 128-123, calls without alarm, 34-26; chimney fires, 39-94, a reduction brought about by the chimney-cleaning program. The brigade spent 88 hours fighting various fires. Members of the brigade who attended the most fires were Roland Mongeau, Arthur Lahaie, Marcel Poulin, Adeodat Ross and Achille Hebert.

GENERAL NOTES
The W.M.S. Feb. meeting of the Sisco Memorial United Church group will be held at the home of Mrs. Allan Grady

on February 25th at 3 p.m. Miss Betty Beerworth was a guest of honor at a birthday party on Saturday afternoon on the occasion of her 11th birthday.

Mr. Robert McAlpine was in Montreal to attend a performance of the Ice Follies.

Mr. McKeen, school supervisor was at the local school and was accompanied by Mr. Orson Wheeler, well-known Canadian artist, who gave an interesting and informative talk to the children and showed them many samples of art and sculpture.

WATERVILLE —

The St. John's Guild met in the Jubilee Hall following an Ash Wednesday Service in St. John's Church. The meeting was opened with prayer led by the rector, Rev. C. James Fisk. Following a short business session, the rector continued the discussion series on the book, Prescription for Anxiety, by Leslie B. Weatherhead. The chapter for discussion was headed "How the Body reflects the Mind's Anxiety". Refreshments were served by the hostess, Mrs. E. Bauer, bringing a full evening to a close.

The February meeting of The Jolly Christmas Club was held at the home of Mrs. William Bell. First and second prizes for Bingo went to Mrs. O. Wolfe and Mrs. C. Charron. The March meeting will be entertained by Miss Shirley May Hill at the home of Mrs. Gordon Knowlton.

Mrs. Carl Ball celebrated her 80th birthday on St. Valentine's Day and relatives and friends who dropped in for afternoon tea with her were: Mr. and Mrs. J. R. Ball of North Hatley; Mrs. Lockland Stalker and son, granddaughter and great grandson; of Kingsbury; Mrs. Ceylon Ball, Mrs. Eddie Ball and two sons, Mrs. Raymond Fowler and three daughters, Mrs. Arthur Corey and son, granddaughter and great grandson, Miss Pat Ball, Mr. and Mrs. Stuart H. Ball and Mrs. R. Reed. Mrs. Florence Pettit had prepared the refreshments which included a special birthday cake. Mrs. Ball was the recipient of a lovely potted chrysanthemum, as well as birthday cards from many unable to attend.

45 KING WEST — SHERBROOKE

To Choose The Commons Is Our Fundamental Right

OTTAWA (CP) — Canadians will be exercising one of their fundamental constitutional rights March 31 when they elect a new House of Commons for the 24th time since Confederation.

The British North America Act of 1867, basis of the Canadian constitution, requires a new Parliament to be elected at least once every five years.

Although few Parliaments have lasted the full five years, this will be the first time that two elections have occurred in less than 10 months. The last election was June 10, 1957.

HEADED BY QUEEN

Constitutionally, Parliament consists of the Queen, represented by the Governor-General, the Commons, and the Senate. The 265 members of the Commons are elected. Senators — a maximum 102 — are appointed for life on the prime minister's recommendation.

By custom, the leader of the

majority of members elected to the Commons is called by the Governor-General to form a new administration. That leader becomes prime minister, at a salary of \$37,000 a year including \$10,000 as an MP.

Although there now are three parties in the Commons opposition, there is only one recognized "leader of Her Majesty's loyal opposition." He is the head of the largest party in opposition and receives a total \$27,000 a year—the same amount as do cabinet ministers.

Despite the fact that Parliament was dissolved on Feb. 1, all Commons members continue to receive their \$10,000 annual pay up to March 30. Winners in the election will start to receive their pay immediately.

The \$10,000 consists of a taxable \$8,000 parliamentary indemnity and a \$2,000 tax-free expense allowance.

Each Commons member has

one vote in deciding the affairs of the nation. But there are wide differences in the number of persons each represents.

York — Scarborough constituency had a population of 167,310 persons at the 1956 census and 75,183 persons voted there last year. But Ile-de-la-Madeleine in the Gulf of St. Lawrence had 11,556 population and only 4,648 votes cast.

These are the extreme departures from the general rule of representation by population under which Commons representation is decided after each decennial census. The last redistribution of constituency boundaries was made in 1952 after the 1951 census. The next change will not be carried out until after 1961.

The constitution specifies there shall be 261 Commons seats from the provinces, plus one each from the Yukon and Mackenzie river districts for a total 263.

EXCEEDED BY TWO

However, present Commons membership is 265 because of a proviso that representation from any province can decline by no more than 15 per cent at each redistribution. In 1952, Saskatchewan membership would have fallen from 29 to 15 under a strict division by population, but the 15-per-cent rule left it with 17 members.

There is another exception to the rule of setting provincial representation according to population. It provides that no province shall have fewer seats in the Commons than it has in the Senate.

Prince Edward Island, on a population basis, now would be entitled to two Commons seats. But it retains four seats, because the constitution fixes its representation in the senate at four.

The same provision, at the next redistribution, will keep New Brunswick's Commons membership from falling below its present 10—the number of Senate seats it holds.

SEATS BY PROVINCES

Present Commons distribution by provinces: Newfoundland 7; Prince Edward Island 4; Nova Scotia 12; New Brunswick 10; Quebec 75; Ontario 85; Manitoba 14; Saskatchewan 17; Alberta 17;

DENNIS THE MENACE

By Hank Ketcham

"THANKS FOR THE WATER, DAD! THIS OL' PLANT WAS LOOKIN' KINDA DROOPY."

British Columbia 22; Yukon 1, Mackenzie River 1.

Every 10 years, after the provincial representation is decided, the business of dividing up constituencies within each province is left to the Commons.

There have been some moves to turn the job over to an independent commission, but little has come of the attempts.

In dividing up constituencies within provinces, the population rule is not strictly applied. Urban ridings generally have larger populations than rural ones. There is also considerable reluctance to make any great changes in established constituency boundaries.

Thus while the vote ranges between 10,000 and 20,000 in most ridings, there are about two dozen where the total of counted votes exceeds 30,000.

WEST BROME —

Mr. Gordon Durkee is confined to his room with tonsillitis. The card club met with Mrs. Adrien Bisailow when cards were played at three tables.

The prize winners were Mrs. Ernest Chamberlin and Mrs. J. Darbe.

Mr. Casper Scott is ill and confined to his room.

Mr. and Mrs. Royce Dustin and son Brady, spent the week end in Ayer's Cliff. Mr. Dustin returned on Sunday evening.

Mrs. John Beerworth and son of Brome Centre spent a few days with her sister-in-law, Mrs. Robert Edwards and Mr. Edwards.

LYSANDER —

Mrs. Ivan McCrea has returned home after spending some time with Mrs. Andrew Smith of Inverness.

Mr. Gordon Longmoore received word of the death of his sister, Mrs. Andrew McElreavy of Fort William, Ont.

Miss Carol Beattie is spending some time with Mr. and Mrs. Lawrence Lennon at Inverness.

Mrs. Babe Beattie and Miss Carol Beattie and Mr. Gillen were week-end guests of relatives in Danville.

Scotstown Women's Institute Votes \$10 To Canadian Red Cross Campaign

SCOTSTOWN — The February meeting of the Women's Institute was held at the home of Mrs. K. R. MacLeod, Albert St., with Mrs. Percy Sherman as co-hostess. The president, Mrs. P. Boy, presided.

Several cards, thank you notes, and business letters were read. Mrs. W. A. Ladd volunteered to act as chairman for the Red Cross campaign. The sum of \$10 was voted to be given to the Red Cross.

An invitation from Mrs. Eric MacManis to hold the June picnic meeting at her cottages at Mirror Lake, was accepted. Mrs. Helen Hall and Mrs. B. Atkin were appointed nominating committee to bring in the slate of officers.

Several members read items of interest for the different departments. As the meeting was in charge of the Welfare and Health committee several articles on health were read.

Parcels of cotton were received for the making of cancer pads which will take place next meeting. Federated News and New Hand books were given to the members and annual report forms to the conveners.

The March meeting will be held at the home of Mrs. W. A. Ladd.

Refreshments were served by the hostess assisted by Mrs. Hall.

ST. PAUL'S W.M.S. MEETS
Mrs. Alex MacDonald and Mrs. Kenneth A. MacDonald were hostesses to the Women's Missionary Society of St. Paul's Presbyterian Church at the latter's home. Three members of the Milan Auxiliary were present.

Mrs. Boy presided and Mrs. L. D. MacIver, Mrs. K. M. Smith and Mrs. D. D. MacLeod had charge of the study period which was "God's Creative Hour in Japan". The supply allocation of money, quilt and knitted articles was received from Mrs. Boy, Presbyterian Supply Secretary, and accepted.

Mrs. Henry Moulard of Milan expressed thanks for the invitation and Mrs. George MacDonald of Milan gave the closing prayer.

W.M.S. MEETING
The February meeting of St. Andrew's Women's Missionary Society was held at the home

of Mrs. Roy Waldron. Members were pleased to have Mrs. Della Bowman, a former resident here and now of Sherbrooke, present at the meeting. Mrs. MacDonald welcomed her and thanked her for the generous donations she has given during the past years.

The worship service was conducted by the president, the Theme being, "Looking to Christ and Not to Ourselves". Mrs. MacKenzie read a letter from Mrs. Donald MacLean of Sherbrooke, Presbyterian treasurer and an item from the G.B.A. Leaflet. Mrs. Waldron reported she had a few articles for the Church Relief bales.

Mrs. Mayhew reported she has written to Miss Isabelle E. Miller R.N., of Rennie's Mill Camp, Hong Kong, thanking her for the interesting letter she sent to the W.A. and W.M.S. members. The letter has been passed around so each member could read it. Mrs. Ladd reported visiting the sick and shut-in members.

Mrs. Blanch MacLeod received the offering and it was dedicated by Mrs. MacDonald. Several articles were brought in for "The Drop in the Bucket" and all were sold. Mrs. MacKenzie reviewed the 54th chapter of the Study Book.

GENERAL NOTES
Mrs. W. Walker and little Miss Barbara Walker have returned home from Montreal where they spent a few days guests of Mrs. Walker's mother, Mrs. M. Leslie. Mr. Billy Wannacott is spending

ing a holiday in Montreal with his aunt, Mrs. N. Frain. Miss Margaret MacDonald and Miss Shirley Robidas of Montreal spent the week-end at their respective homes here.

Messrs. Alan and Alvin MacAuley of Dorval spent the week-end at their home here. The three Cookshire High School Hockey teams visited the Scotstown High School teams here on Saturday, the scores being Midgets 7-0 in favour of the home team, Intermediates 2 all and girls 3-1 in favour of the Scotstown team.

Mrs. Frank Ingham of Lennoxville was a guest of her mother, Mrs. Neil MacIver. Friends of Mr. Norman Knowlson will be pleased to know he has returned home from the Sherbrooke Hospital where he underwent surgery.

Thetford Ladies Observe World Day Of Prayer

THETFORD MINES — The World Day of Prayer Service was held in the United Church, attended by the joint women's congregations of both the United Church and St. John the Divine Anglican Church.

There was not a very large turnout at the service, which was unfortunate as a great deal

of time and thought had been put in to the preparation of this service; this year the work being done by the churchwomen of Australia.

The theme of the service was "The Bread of Life" and the service was conducted by Mrs. H. McHarg, president of the United Church W.A.-W.M.S. Responsive reading of prayers was led by Mrs. Norman Bradley and Mrs. C. Motherwell of St. John's Women's Club; by Mrs. D. McCann and Mrs. A. McMurray of St. John's Senior W.A. and by Mrs. P. Kennedy and Mrs. L. Taylor of the United Church W.A.-W.M.S.

Mrs. D. Scott presided at the organ while Mrs. K. Little and Mrs. C. Motherwell took up the collection.

Mrs. McHarg in her brief message spoken in conjunction with the service, continued the theme, pointing out that in some countries women made their church contributions in actual handbills of the "Bread of Life"; in Asia, it being rice.

She noted that our "Bread of Life" in the form of money contributions was used throughout the world in many ways, some-

times for feeding the body but more often than not in feeding the minds of the many knowledge-hungry peoples of the world.

C.W.L. MEETING

The Thetford Mines sub-division of the Catholic Women's League held its monthly meeting with the president, Mrs. W. J. Johnson, opening the meeting with League prayers, assisted by Mrs. R. Smith, vice-president.

Minutes were read by Mrs. Atto and the treasurer, Mrs. Lenouette, gave her report. Mrs. Johnson announced that there should be a one-week retreat starting February 23rd with Mass each morning at 9 a.m., Father Kelly, of Montreal, conducting the retreat.

Mrs. M. Senie reported on the Cancer Pad group, stating that 20 hours of work had been done by the group in making cancer pads for the Cancer Society of Quebec. Those ladies participating in this work included Mrs. M. Messal, Mrs. J. P. Roberge, Mrs. W. J. Johnson, Mrs. J. Dickinson and Mrs. G. Robinson.

Mrs. J. Dickinson had nothing to report on hospital visiting this

Prayer Service At Windsor Is Well Attended

WINDSOR MILLS — The Woman's World Day of Prayer service held in St. George's Anglican Church was well attended by women of the churches, St. George's, Christ Church Brompton and St. Andrew's United.

The program prepared by the Inter-Church Council was followed with a number of women from each church taking part. The highlight of the service was the address given by Mrs. Chapman of Ottawa, mother Rev. W. D. Chapman, incumbent of St. George's. Her message was inspiring and devotional and helped the ladies present to realize something of the deeper meaning of service. Mrs. W. D. Chapman was the leader and discharged her duties well.

General Notes
The Woman's Missionary Society

month.
Refreshments were served by Mrs. M. Messal, Mrs. E. O'Brien and Mrs. D. MacLean.

ty of St. Andrew's United served a fruit salad tea and the Woman's Institute held a sale of home cooking at the Canada Paper club house on Tuesday afternoon, catering to the ladies who were curing and playing bridge.

The W. A. of St. Andrew's held its meeting in the church hall on Wednesday evening.

Miss Sally McLenahan who is teaching at Maniwaki was at home for the weekend. Mr. A. Adey, and Mr. Jacques Morin of the same place were guests of Mr. and Mrs. E. McLenahan.

Mrs. A. Philip accompanied her husband on a business trip to the U. S. A., returning home on Thursday evening.

SHERBROOKE DAILY RECORD, WED., FEB. 25, 1958 13

LYSANDER — Recent guests at the McCrea home were Mr. and Mrs. Francis Campbell of Montreal, Mr. and Mrs. Lincoln Egan and two daughters of Ste. Agathe and Mrs. Harry Campbell of Inverness.
Miss Leona Patterson was an

overnight guest of Mr. and Mrs. Frank Ross.

CLEVELAND — Mrs. Ralph Fowler accompanied Messrs. Isaac and Harry Morrill of Asbestos, to Sherbrooke and called on Mrs. Morrill in the Sherbrooke Hospital.

Miracle Cushion Holds False Teeth Tight

Eases Sore Gums
Snug & brand Denture Cushions are a triumph of science, a sensational new plan to re-lining that gets rid of the annoyance and irritation of loose, badly fitting false teeth. Snug eases sore, irritated gums due to loose fitting dentures. Applied in a few minutes, makes the loosest plates stay firmly in place—gives perfect comfort. Eat anything—talk, laugh—plates "stay put". Harmless to gums or dentures.
Snug re-liners can last from 2 to 6 months. Plays soft and pliable—does not harden and ruin plate. Pains right out when replacement is needed. No daily bother with adhesives. Get Snug brand Denture Cushions today! 2 liners for upper or lower plates \$1.50. Money back if not satisfied. At all drug stores.

Now from Monarch...

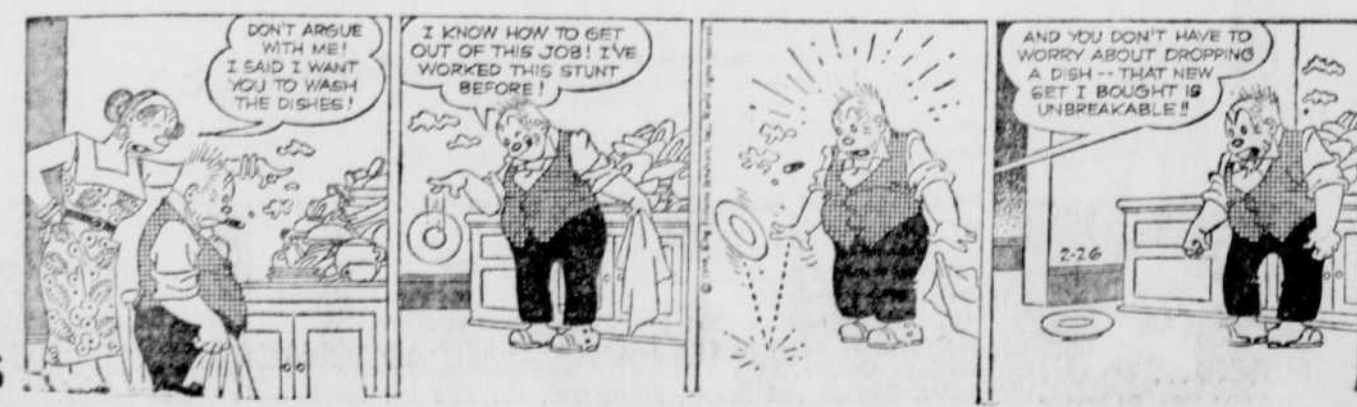

Apple chunks a-plenty! Monarch Apple Pudding has Grandmother's kind of homey, old-time goodness. It's a feather-light pudding with the natural goodness of juicy Canadian apple chunks, delicately sweetened . . . spiced with just enough tangy cinnamon to enhance the full, rich flavour of the hot fruit sauce!

Self-saucing magic!

All Monarch Puddings make their own luscious hot sauce while baking! And they're so quick and easy to serve. Delight your family with a Monarch Self-Saucing Pudding soon—they'll love them all, Sponge or Fruit!

MAGGIE and JIGGS

Magog Edges Sherbrooke 2-1, Asbestos - Drummondville Post Victories

If NHL Names All-Star Coach Then Phil Watson Would Be A Strong Contender For This Season's Honors

If the National Hockey League chose an all-star coach, Philipe Henri Watson of New York Rangers would be a strong contender for this season's honors.

The former Ranger center's solid abilities have frequently been obscured by his fiery outbursts against players who don't meet his high competitive standards, but King Clancy, general manager of Toronto Maple Leafs, summed up many observers' feelings recently when he said:

"Watson's been doing a wonderful job. He's taken a bunch of castoffs and players nobody wanted and turned them into a second-place team."

Perhaps it is not fair to Watson or his coaching technique to say his public castigations of players has overshadowed his ability, since his knife-edged tongue may have been the most important factor in moving Rangers out of the NHL doldrums.

When the 44-year-old French-Irish coach took over the coaching duties at Madison Square Garden at the beginning of the 1955-56 season Rangers hadn't been in the playoffs since 1950.

HAVE BEEN THERE SINCE

With many of the same players and no genuine stars except Andy Bathgate, Watson has got them there every season since.

In his outspoken way Watson, whose fluent speech is still enriched by the French-Canadian accent he grew up with in Montreal, begins each season by telling his team, and each player, exactly what he expects.

And who betide the man who falls short of that level.

To the team he says: "Win this many games; this number on the road, this number at home, and we'll make the playoffs."

To his forwards he says: "You scored this many goals last season. I expect this many more this season."

NEEDLING COMES NEXT

Then he sets out to cajole, encourage or whip them into attaining the goals he has set.

When Watson took over, the Rangers had a tradition of playing pretty pattern - passing hockey, saving their shots until they'd picked their spots.

He vowed he would change them into the sort of player he was, the kind that stayed nearly 13 seasons in the NHL, all except one with New York, on sheer scrappiness and dogged determination.

He was never great—his best season was 1941-42 when he was picked as second all-star centre—but he could lift a team by its own bootstraps.

He has done the same for the Rangers, though ironically his highest scorers are Bathgate and Camille Henry, noted for graceful play and accurate shooting.

Tonight Rangers are host to last-place Chicago Black Hawks.

Bishop's Win Back Skinner-Nadeau Trophy Edging Sherbrooke University 5-4 Last Night In Hard-Hitting Tilt

A spirited, cheering throng of spectators from the University of Sherbrooke watched their green and gold team go down to defeat last night at the hands of the Bishop's University Hockey Gaiters in an annual game played between the two teams for the Skinner-Nadeau Trophy.

Judy LeBaron, Bishop's Winter Carnival Queen, dropped the first puck to open the fast, cleanly-played hockey game which saw Bishop's come out on top by a 5-4 score. Nine penalties were handed out in the spirited match, six to the Sherbrooke team and three to the Gaiters.

The first period began sluggishly with both teams cautiously feeling each other out. Bishop's opened the scoring at 9:05 on a goal by Clarke from 5 feet out. The Sherbrooke netminder looked weak in covering the shot. Jones and Jolley were given assists. Sherbrooke opened a strong attack in a more wide open brand of play but the Gaiters scored again in a wild pile-up in front of the Sherbrooke net involving several players. Reibmayr was at tributed with the goal while assistants went to Adams and Jones.

Sherbrooke University banged home their first goal of the evening at 15:37 when Demers handed out a perfect pass to Nadeau in front of the Bishop's net and Nadeau made no mistake on the shot which beat Sinclair cleanly. A minor fistfight outbreak occurred in front of the Sherbrooke net between Parenteau of Sher-

brooke and MacDonald of Bishop's towards the end of the frame.

Goulet opened the scoring in the middle period at 0:37 on a shot from 30 feet out. Sinclair was partially screened on the drive. Adams put the Gaiters ahead again at 5:42 on a pass from Stevenson. Nadeau and Demers combined again to tie the game at 3:3 and Adams of Bishop's rounded out the scoring of the second period at 13:57 making the score 4-3 in favour of the purple team. Sherbrooke had a territorial edge in play during the middle period and outshot Bishop's 9-7.

Sherbrooke University's queen faced off the puck to open a hard-driving, crowd-pleasing last period of play which saw Bishop's take control of the puck for the greater part of the frame. The Gaiters seemed to tire slightly but their passing and shooting was smoother and more accurate. Major netted Sherbrooke's fourth and last goal at 6:41 from 25 feet out. Bishop's goalie, Sinclair, got a piece of the puck and then it dribbled in behind the goalmouth.

At 14:18 Gauthier and Clark were thumped off for high-sticking followed by Gagne of Sherbrooke who received a slashing penalty at 15:00. Five seconds later Chris Reibmayr scored the winning goal unassisted as Bishop's took advantage of their extra man. Reibmayr, consistent scorer for the Gaiters, has netted points this year at the rate of nearly a goal a game. The University of Sherbrooke applied considerable pressure in the last 5 minutes but were thwarted by a strong Gaiter defense and some brilliant goaling by Sinclair. Sherbrooke pulled their goalie in the last minute of play to give the game an exciting finish before the noisy, cheering group of Frenchmen.

Dr. Langford, Biology Department head at Bishop's University, congratulated the Gaiters in the dressing room after the game. "I've watched our boys play many games in this rink and I've never watched a more enjoyable game," he said. "You really put your hearts into it," he added before the happy team members.

Bishop's was beaten 5-2 by Sherbrooke in last year's game. Bishop's captain, Dexter Jolley was presented with the trophy.

Whitby Dunlops Complain About Poor Opposition

STOCKHOLM (CP)—The Whitby team which will represent Canada in the world hockey championships complained Monday about the lack of opposition it has been getting from Swedish teams.

Whitby defeated Norrköping 9-1 Sunday after battering Vasteras 17-0 Saturday. Officials of the team said the Canadians had expected more competition in order to reach peak form.

The championships start Friday in Oslo. Eight nations, including Canada, the United States, Sweden and Russia, are entered.

COP DARTS DOUBLES TITLE—The above photo shows Jean Paul Perrault presenting his trophy to Bunny Sample, fourth from left, and Paul Denault for winning the E. T. Doubles championships. In the picture, left to right, are players and officials of the tournament, J. P. Vermette, J. Briceault, G. Bouchard, Bunny Sample, Mrs. J. Reil, Mr. Perrault, J. E. Lebeau, P. Denault, H. Fortier and P. Poulin.

Burke Mt. Trophy Race To Be Held On March 15.

The Burke Mt. Trophy Race, sponsored by the Lyndon Outing Club, will be held on the Wilderness Ski Trail at Burke Mt. on Saturday, March 15. This USEASA sanctioned Slalom and Downhill event is open to Class C and Unclassified Men and Women as well as Juniors, Class III-III and IV.

The winner in the Combined will be awarded the Darling Inn Trophy. A new trophy has been donated this year by the Darling Inn in Lyndonville. This is a rotating trophy with a replica award for permanent possession. Entries close on Wednesday, March 12.

The Burke Mt. trails have an accumulation of sixty inches plus of snow and excellent Spring skiing is in prospect. The mile long pomalift on the North slopes operates daily and six miles of trails make the area one of the best in New England for Spring Skiing.

Yvon Durelle To Attend Special Dinner In Ottawa

OTTAWA (CP)—Yvon Durelle of Baie Ste. Anne, N. B. Canadian light heavyweight boxing champion, will be among prominent sports personalities attending a sports dinner here Thursday.

The occasion will be the annual sports dinner of the Canadian Travelers Association to name the outstanding athlete of 1957 in Ottawa district.

Speakers will include former boxers Arney Ross and Jimmy McLarnin.

Henri Richard Is Bargain At \$150,000—Patrick

NEW YORK (CP)—General manager Murray (Muzz) Patrick of New York Rangers says the Rangers would consider Montreal star Henri Richard a bargain at \$150,000 to \$200,000.

Patrick is quoted in the current issue of the Saturday Evening Post as saying he would bid that much for Henri if the Canadiens were to put all their players on the auction block.

At that figure, Henri would be the best buy in the league. Patrick told Dave Anderson, author of the article, Fury on Ice, a report on the exploits of Henri and his brother Rocket Richard.

"He's a kid, so he's got at least 10 years ahead of him," Patrick said of Henri. "And we know he's tough. Oh, he'll come up with injuries, like any hockey player, but he's not the brittle type."

Canada's World Hockey Contenders, Whitby Dunlops, Roll To Another Big Score Walloping Sweden 18-2

STOCKHOLM (CP)—Canada's world hockey contenders rolled up another big score over a Swedish team Tuesday night in a warmup for the international tournament starting in Oslo Friday when they defeated a provincial Swedish combination 18-2.

The game, played in a heavy snowstorm on an outdoor rink, Tranaas Stadium, was marked by an exchange of goals after the Whitby team had rolled up a 12-0 lead.

Canada's Roy Edwards went into the nets for the Swedes and got ample opportunity to show his real ability and please the crowd.

In the Canadian goal was Sweden's Laga Jaegerholm.

Sweden got both its goals while Edwards and Jaegerholm were exchanged.

Bob Atterley was top scorer for the Canadians with seven, playing coach Sid Smith had three and Jack McKenzie and Conny Broden each got two. Single goals went to Harry Sindén, Charlie Burns, Frank Bonello and Bus Gagnon.

In 14 exhibition games in Britain and the Continent, the Whitby club now has scored 158 goals to 17 against.

Another record was the crowd of 5,250 at the Tranaas Stadium—the biggest hockey game ever in Sweden's Southern Smaland province.

Amherst Ramblers Wallop Shearwater 9-2 To Win In Straight Games; Meet New Glasgow Rangers In Cup Playoffs

Amherst Ramblers routed Shearwater Flyers 9-2 Tuesday night to win in straight games the best of seven series for the right to meet New Glasgow Rangers in Allan Cup playoffs.

The Ramblers Monday completed a sweep of their best-of-nine round with Halifax Wolverines. No date has been set for the start of the Amherst-New Glasgow series, the winner of which will advance against Ottawa district champions.

Two goal performances by Gerry Boss, Ron Gaudet, Eddie Belliveau and Bob Furdz highlighted the Amherst attack. Lou Kiley got the other goal. Ron Parker scored both Shearwater markers.

After two periods of scoreless hockey, Amqui Beavers came alive to score four goals and beat Campbellton Tigers 4-1 in the second of a seven-game Quebec-New Brunswick Senior League semi-final. Amqui leads the round 2-0.

Norm Bellevance scored three times for the winners, Roger Le-

clerc getting the other. The lone Tiger goal went to Roger Leblanc. At Rimouski, the hometown Maple Leafs tripped Matane Red Rocks to take a 3-0 lead in the league's other semi-final.

Sydney Millionaires, cellar team during the regular Cape Breton League schedule, nipped Glace Bay Miners 5-4 for a 2-1 in their best-of-five semi-final.

Robert McNeil's goal, the only one in the third period, gave Sydney the win. Others went to Bernie McDonald with two, Timmie Hines and John McLeod.

Miners' goals were picked up by Ron Donovan, Greg McIntosh, Ron McDougall and Naise Batten.

At Bathurst, host Papermakers nudged Miramichi Beavers 3-1 in a rescheduled New Brunswick North Shore League game. It was Bathurst's 24th win of the season, giving it a 12-point lead over second-place Fredericton.

In opening playoff games of the Truro District Loop, Bible Hill downed Debert 7-3 and Hildon thumped Shubenacadie 6-3.

Lightweight Champion Joe Brown Unperturbed By Safety Precautions As He Prepares To Fight Echevarria

HAVANA (AP)—Lightweight champion Joe Brown, an old pro and a U.S. Navy veteran of seven Pacific invasions, wasn't perturbed today as large forces of police guarded the new \$2,000,000 sports palace where he fights Cuba's Orlando Echevarria tonight.

Brown, Echevarria and other fighters on the inaugural program for the 18,000-seat arena, also were protected by special police details.

The cops vowed there would be no repetition of the Fongio incident. Juan Manuel Fongio, Argentina's famed auto racing champion, was kidnapped by Fidel Castro's rebels on the eve of the Gran Premio race. Fongio was released unharmed Tuesday.

"I haven't received any threats and I don't expect any," said the 32-year-old champion from New Orleans. "Anyway, there's plenty of police around and I am being watched all of the time."

Brown, unbeaten in his last 15 fights over last 2½ years, was a 5-to-1 choice to beat the Cuban lightweight ruler in the non-title 10-round.

The fight will be telecast via special facilities into the United States for the weekly Wednesday night TV hook-up.

Echevarria, 27-year-old south-

paw, has a 47-19-4 record including 30 knockouts. Brown has a 68-14-9 record. He also has scored 30 knockouts.

Just in case something does happen, the International Boxing Club has a substitute bout lined up in the U.S. for the TV show, it was learned today.

IL Ball Clubs To Play 144 Pre-Season Games

MONTREAL (CP)—International League clubs will play 164 baseball games in spring training before their regular season starts April 16, league president Frank Shaughnessy announced today.

All clubs will train in Florida except Havana Sugar Kings who will train in the town of Trinidad, Cuba.

Rochester and Toronto open the first camps March 10, with Red Wings players going to Daytona Beach and the Maple Leafs to Fort Pierce.

Montreal Royals will play 28 grapefruit league games, most scheduled by an IL club.

Chics And Cats Post Victories In Quebec Loop

Chicoutimi Saguenéens and Shawinigan Cataracts reasserted their mastery over the rest of the Quebec Hockey League Tuesday night.

The second-place Cataracts, getting three goals and an assist from veteran Jean Paul Denis, plastered the lowly Trois-Rivières Lions 5-1.

The win increased Shawinigan's points to 60, but left the Cataracts seven points behind league-leading Chicoutimi as the Saguenéens dropped Quebec Aces 5-2 with Fern Perreault scoring twice for the winners.

Single goal-scorers were Dick Wray and Gene Mekikoff for Shawinigan; Danny Belisle for Trois-Rivières; Michel Harvey, Bob Courcy and Jackie Leclair for Chicoutimi, and Bob Sabourin and Jean Marie Cossette for Quebec.

The loss left the Aces third with 51 points, one up on the idle Montreal Royals. The Lions have 44 points.

John Urses Signs With Edmonton

EDMONTON (CP)—John Urses, 20-year-old native of Salt Lake City and a centre with the University of Utah last year, has signed with Edmonton Eskimos for the 1956 Western Football Conference season, the club announced Tuesday.

Urses, 200 pounds and six-feet, one inch is the first new import player signed this year by the Eskis.

TUESDAY'S FIGHTS

Houston—Paul Jorgensen, 130, Houston, outpointed Gil Cadillac, 126, San Francisco, 10.

London—Willie Pastrano, 187½, New Orleans, outpointed Brian London, 204½, England, 10.

Miami Beach, Fla.—Larry Boardman, 139¾, Marlborough, Conn., stopped Lulu Perez, 134¾, Brooklyn, 6.

FALSE ALARMS

MONTREAL (CP)—Montreal fire department answered 15,675 false alarms last year, compared with 14,503 in 1956. Fire Director Raymond Pare said false alarms disorganize assignment patterns, and could have "dreadful consequences."

Meteors Down Victoriaville 5-2 As Rockets Dump Braves 5-1; G. Goyette Notches Winner For Aces In Hard Duel

Magog Aces, Asbestos Meteors and Drummondville Rockets posted victories last night in their playoff tilts in the Massawippi Valley Hockey League. Tomorrow evening the playoffs will continue with the teams moving back to their original starting points.

The Meteors and the Rockets moved into a commanding lead in their quarter-finals and are favored to wrap up their series tomorrow on their home ice. The Piliquin squad posted a 5-1 verdict over Richmond while the Meteors came through with a 5-2 win over Victoriaville to take a 2-0 advantage in their best-of-five events.

At Magog the Aces came through with a close one when they managed to eke out a 2-1 win over the front-running Beavers of Sherbrooke to even their best-of-nine affair at a game each. The teams meet tomorrow evening at the local Arena in the third fixture of the series.

It was another hard-hitting battle with a total of fifteen minors being called with two majors, to Bob Bedard and Marcel Vaillancourt for fighting, while Frankie Reid was tagged with a misconduct for voicing his opinion too strongly.

G. Charbonneau opened the scoring when he batted home the rubber unassisted to give the Aces a 1-0 lead just after the half-way mark of the opening period. The parade to the sinbin commenced early but nothing happened when the teams were short-handed.

The Beavers had Marcel Benoit and Beaudoin in the cooler with overlapping penalties but their mates held the fort until they returned. In the middle session it was the same thing with Emond in the cooler for holding Thibault and Parr got the thumb for roughing leaving the Beavers two men short.

This time it proved costly to Magog because Bob Bedard teamed up with Frankie Reid to notch the Beavers' first and only tally of the evening. This was short-lived as George Goyette came up with what proved to be the winning marker less than a minute later on a gangling play.

In the final period the teams battled the whole way and although five penalties were dish-ed out nothing serious happened. Five were called while the home club drew three and the visitors two.

The Rockets held the upper hand the whole way and completely outplayed the Braves in all departments. Six hundred fans turned out to see the tilt which could be the last one of the season if the Braves lose tomorrow evening in Drummondville.

M. Boivin opened the scoring

Cal Abrams To Retire, Says Manager Schaffer

TORONTO (CP)—General manager Rudie Schaffer of Toronto Maple Leafs of the International League said he learned Monday that veteran outfielder Cal Abrams, acquired during the Leafs' pennant drive last August, has announced his retirement.

Schaffer said he has received signed contracts from veteran left-hand pitcher Johnny Schmitz and Harold Byruss, a rookie right-hander who had a 17-8 record with Winnipeg in the Northern League last season.

Cal Abrams To Retire, Says Manager Schaffer

Schaffer said he has received signed contracts from veteran left-hand pitcher Johnny Schmitz and Harold Byruss, a rookie right-hander who had a 17-8 record with Winnipeg

B. C. S. Abenakies Dump SHS Twice To Knock Them Out Of Midget Race For Eastern Townships Championship

Sherbrooke High School Midgets were eliminated for the Eastern Townships Midget championship when they lost two consecutive games to the B. C. S. Abenakies by the scores of 3-0 and 7-1. Both games of the two-game total point series were played on B. C. S. ice.

In the first game of the series the first and second periods were scoreless. With five minutes of the final B.C.S. had a hot streak, scoring two goals in less than a minute. Freeborough and Burke capitalized by picking up a goal each. With less than three minutes remaining, Ayre scored an unassisted goal for B. C. S. to give them a 3-0 win.

The second game was fast and furious with both teams having ample scoring opportunities but B. C. S. made the best of it. MacPherson started the scoring in the first period for B. C. S.

Sherbrooke's star goalie, Eddie Anderson, was injured in the first period but remained in the nets for the remainder of the period. After the game Anderson had to be taken to the hospital and required several stitches to mend the deep cut acquired in making a save.

Sherbrooke's only goal was scored by Peter Claman after three minutes of play in the second period. B. C. S. bounced right back on goals by Burke and Roger Abbott to lead at the end of the second period 3-1. In the final period B. C. S. went on a scoring spurge scoring four goals before the final whistle to win the game 7-1 and the series by a score of 10-1.

Despite his injury Anderson of

S. H. S. made many fine saves. Rowat, a substitute goalie turned in a fine performance. Throughout the series eleven penalties were dished out with Sherbrooke High picking up eight and B.C.S. three.

S.H.S.—E. Anderson, R. Kirby, C. Matthews, D. Covey, D. Bacon, B. Ross, S. Sanderson, P. Watson, B.C.S. Rowat, Ayre, Carroll, Burke, Jones, MacPherson, Langley, A. Jessop, Lewis, Freeborough, Finch, Crosbie, Abbott.

FRIDAY		
First Period		
1—B.C.S.—MacPherson	9:11	
Penalties: Covey, Carroll.		
Second Period

3—B.C.E. Ayre	12:07	

Willie Pastrano Of New Orleans Wins Nod Over England's Brian London

LONDON (AP) — Willie Pastrano of New Orleans won a decision over England's Brian London Tuesday night in a 10-round heavyweight fight.

Referee Bill Williams, who in England is the sole judge, was booed by the 10,600 in sold-out Harringay Arena in raising the American's arm.

Pastrano, a fancy boxer with little punch, appeared to be heading straight for a tremendous upset at the hands of the wild swinging Englishman.

But with a darting, flesh cutting left jab the American evened the count in the late rounds. Pastrano weighed 187½ pounds, London 204½.

The Associated Press score card gave the Englishman six rounds, Pastrano four.

When the referee raised Pas-

trano's hand the big crowd booed for five minutes after the fight.

The decision was a complete reversal of what usually happens in close fights in Britain—usually the Briton gets the benefit of the doubt.

COACHED BY DAD

London, coached by his father, former British champion Jack London, went in swinging and charging every round. Pastrano covered up and back-peddled. Not until about the fourth round could Pastrano get his left working enough to force London back.

Late in the fight, the American began operating in his favorite way—like a tiger circling his foe and going in for a quick slashing bite before pulling out again.

Pastrano racked up his 45th victory. He has lost five.

Richmond Stages Minor Hockey Day

The above photos were taken Sunday afternoon when the Richmond Minor Hockey Association staged a special day to celebrate the official opening of the Richmond Minor Hockey Leagues. In the top picture are members of the Maple Leafs who beat the Mosquitos 4-1. Standing in the rear are coaches Gerard Girard and Oscar Thibault. The players are, C. Beaubien, G. Bourbeau, R. Dion, Billie Doyle, Jacques St. Jean, D. St. Pierre, B. Boutler, A. Thibault, B. Fleury, J. Labonte, L. Gauvin and R. Purcell.

The lower photo shows the Pee-Wees whites who won their game against the Canadiens 1-0. Coaches Rolland Bissonnette and Luc Tremblay are in the rear. The players are, Nelson Michaud, Eric Skillen, Gary Fuller, Jacques, Mercure, Chris Annett, Billy Fraser, Jean-Pierre Roberge, Rene Thibault, Gilles Vallieres, Terry Lancaster, Yvon Poirier and Lionel Lafrance.

Los Angeles Dodgers May Come Up With Interchangeable Pitching Staff, Says Manager Wali Alston

By WHITNEY MARTIN
VERO BEACH, Fla. (AP)—The Los Angeles Dodgers, who promise to have an interchangeable in-

field, could come up with an interchangeable pitching staff, too. That is, any one of the men slated to be relievers is capable of starting games; that faltering starters could wind up in the bullpen is taken for granted.

"My relief situation depends entirely on how the men considered as starters, such as Don Newcombe, Carl Erskine and others, perform," Manager Walter Alston said after Tuesday's busy workout under a hot sun.

"If any of them falter, I wouldn't hesitate to pull Ed Roebuck, Clem Labine or Don Besant from the bullpen and start him. All have started games, and are capable in that role."

"I also consider Jackie Collum as a reliever. I think he's a pretty good little guy in spots. In the middle of a game a left-handed reliever might do all right."

"It's been mentioned we could use a left-handed reliever. Well, as long as Labine has his two good pitches he takes the place of a left-hander. He has that overhand curve and a sinker fast ball."

HOW ABOUT KOUFAX?

There promises to be plenty of fast ball pitching from the Dodger mound staff. Alston was asked how he rated Sandy Koufax in that department.

"I will say I believe Koufax is as fast as any pitcher in the league," Alston said.

"Faster than Don Drysdale, or Stan Williams?" Alston was asked. William is a tall, right hander from St. Paul who has been burning the ball over in workouts. Alston refused to be concerned.

"I'll never make comparisons among my pitchers," he said. "They all are fast. Some pitchers fool you with the big motion. Others are what you might call sneaky fast. That is, they don't give you the big motion but with their wrist snap they get plenty of speed on the ball. I'd say Danny McDevitt could be called sneaky fast."

Sydney Ekes Out Glace Bay

SYDNEY (CP) — Robert McNeil poked the puck into Glace Bay Miners' net in the third period here Tuesday night to give Sydney Millionaires a 5-4 victory and a 2-1 lead in the best-of-nine series for the right to meet Northside Combines in the Cape Breton Senior Hockey League finals.

McNeil's goal, the only one of the third period, came after Bernie McDonald scored two and Timmie Hines and John McLeod added singles for Mills. Miners goals were scored by Ron Donovan, Greg McIntosh, Tom McDougall and Naime Batten.

Andy Pafko Signs With Milwaukee

MILWAUKEE (AP) — Veteran Andy Pafko, handyman of the Milwaukee Braves, celebrated his 37th birthday Tuesday by signing a contract for his 16th season in the major leagues.

The hard - swinging outfielder, who can also play the infield when necessary, came to terms with Braves general manager John Quinn at Bradenton, Fla. Although regular spring training isn't scheduled until March 1, Pafko reported for preliminary conditioning.

Middleweight Champion Basilio Changes Plans And Will Return To Syracuse To Finish His Training

MIAMI BEACH, Fla. (AP)—Middleweight champion Carmen Basilio changed plans Tuesday and announced he is going back to Syracuse to finish training for his March 25 title defence against Sugar Ray Robinson.

"Warm" weather along with homesickness has changed things," said co-managers Joe Netto and John DeJohn. "We're afraid he'll lose too much weight if we stay. Carmen also has been homesick; he misses his wife (Kay) and his nephews."

"We're glad Carmen was able to get in all his roadwork. He's way ahead of his schedule. He's boxed 50 rounds while training here and will go at least 50 more."

"In Syracuse we have our own gym. We'll hold secret session, open only to the press, daily. Down here Carmen was trying too hard because of the people watching him. He'd get all keyed up and nervous, especially when he made mistakes."

Basilio, who was to train here until two weeks before the title

Sugar Ray Boxes Two Hard Rounds

GREENWOOD LAKE, N.Y. (AP)—Sugar Ray Robinson boxed two rounds Tuesday in preparation for his March 25 middleweight championship bout with titleholder Carmen Basilio.

Robinson concentrated on body punching against sparring partners Irish Bobby Lee and Lee Williams. The workout, scheduled for three rounds, was shortened by Robinson's handlers who said the former kingpin "looked better" than at any time since he started training for the return match.

Jacques Marcotte Won't See Action Tomorrow, Hit In Face By Rebound; Coach Reay Was Going To Use Him

TORONTO (CP) — Goaltender Jacques Marcotte, picked up Sunday by Toronto Maple Leafs of the National Hockey League, will not be able to play against Montreal Canadiens Thursday night as the result of an injury in practice Tuesday.

Marcotte was hit under the right eye by a puck shot by Frank Mahovlich in the Leafs' practice. Coach Billy Reay cancelled plans to use Marcotte in place of Ed Chadwick, Leafs' regular goalie for the last two seasons.

Marcotte, 23, was obtained by Leafs from New York Rangers for \$5,000 and Toronto junior player Billy Kennedy.

Monday Reay said he planned to play Marcotte Thursday "even though I've never seen him in my life."

"We've got to make changes," he said. "In our last 11 games, we've won only three and tied one so we can't stand pat."

A rebound shot by Mahovlich struck Marcotte in the face as he tried to regain his skates after sprawling to stop the first shot. The eye closed before he got to the bench. The gash required stitches to close it at the hospital.
