PRESIDENT OF MEXICO HAS RESIGNED.

Deputies in Chamber Were Awed When Letter Was Read.

THERE WAS NO SERIOUS DISTURBANCE AS NEWS SPREAD AMONG THE PEOPLE.

Mexico City, May 26.—President Porfirio Diaz, in a letter read by the President of the Chamber of Deputies yesterday afternoon, resigned the presidency of the Republic of Mexico, and at 4.54 o'clock the acceptance of the resignation by the deputies was announced. Vice-President Ramon Corral's resignation was also accepted, and Minister of Foreign Affairs Francisco Leon de la Barra was chosen provisional president to serve until a general election can be held.

Everyone had expected an uproar when the announcement should be made, but within the Chamber the words announcing the event were followed by silence. The deputies seemed awed by what had taken place.

In the streets, black with people, the news that Diaz was no longer the President was the signal for wild shouting and demonstrations. There was no violence or destruction of property. On the motion to accept the President's resignation, 167 deputies voted aye, while no expression was made by Benito Juarez, a descendant of President Juarez, and Concepcion del Valle. As their names were called all other legislators rose and bowed their affirmation.

In similar fashion the resignation of Vice-President Corral, now in France, was unanimously accepted, and similarly Senor de la Barra, recently ambassador to Washington, was chosen provisional president. Senor de la Barra will take the oath of office at noon to-morrow in the yellow parlor of the National Palace.

Of scarcely less popular interest than the resignation was the resumption of military control of the federal district by Aldred Robles Dominguez, Madero's personal representative, insuring the handling of popular demonstrations by a leader of the new regime.

The President's letter of resignation read as follows:

"Sir—The Mexican people, who generously have covered me with honors, who proclaimed me as their leader during the international war, who patriotically assisted me in all works undertaken to develop industry and the commerce of the republic, establish its credit, gain for it an honorable position in the concert of nations; that same people, sir, has revolted in armed military hands, stating that my presence in the exercise of the supreme executive power is the cause of this insurrection.

"I do not know of any fact imputable to me which would have caused this social phenomenon, but permitting, though not admitting, that I may be unwittingly culpable, such a possibility makes me the least able to reason out and decide my own culpability. Therefore, respecting as I have always respected the will of the people, and in accordance with article 82 of the federal constitution, I come before the supreme representatives of the nation in order to resign, unreservedly, the office of constitutional President of the republic, with which the national vote honored me, which I do with all the more reason since, in order to continue in office,

PARLIAMENT WILL BE DISSOLVED.

Ottawa Report States This Will Happen on Sir Wilfrid's Return.

REPORT HAS IT THAT ELECTIONS WILL TAKE PLACE IN AUGUST OR SEPTEMBER.

Montreal, May 26.—An Ottawa despatch to the Gazette says: "Parliament will be dissolved as soon as Sir Wilfrid Laurier returns from England. That is the word which has been whispered into the Opposition camp, and from such a reliable source did it come that all the Conservative members have been wired to be ready at a moment's notice and to get the preliminaries, such as conventions and nominations, disposed of without delay. While, of course, nothing is certain in politics, everything points to the seventh Parliament being brought to an untimely grave by the beginning of July. The Opposition leaders are firmly convinced that an appeal will be made to the people some time in August, or, at the latest, the first week of September, and as they have been preparing for such a move for some time, the fight will come with the Conservatives not only ready, but eager for the encounter.

Now the carefully guarded secret of the Liberals has leaked out, many mysterious hints which not only Sir Wilfrid Laurier, but his colleagues allowed to drop before the adjournment, take on a new significance. Laurier pleaded hard for sufficient supply to carry on the Government until October 1, but Mr. Borden was determined to bring the Opposition to a head. If sufficient would be doing enough if sufficient was voted to last until September 1, and the Premier had to give in.

The new turn of events has put a fresh complexion on the political situation. At the final caucus of the Liberals before he went to London, Sir Wilfrid Laurier told his followers to be prepared for eventualities, as did Mr. Brodeur the French-Canadian Liberals.

Dissolution and an appeal to the country without another effort to pass the reciprocity agreement or bring in a redistribution bill, it is claimed by the Liberals, would be carrying the fight into the Opposition's country, and place the onus of partly disfranchising the West on the shoulders of the Conservatives.

A hurry up call has gone out to every Conservative member, and from now on the Opposition will work night and day. That the decision to thrust all precedent aside was made in cold blood and plans were carefully laid before Laurier's departure for England is now assured. A whirlwind campaign by Laurier, with particular attention being paid to Ontario, is looked for as soon as he returns, while on the other hand Mr. Borden will, in addition to his western tour, hold meetings in the East.

Mr. Pugsley leaves for New Brunswick. Mr. Fielding is making preparations to go to Nova Scotia, and Rodolphe Lemieux is getting ready to unleash a flood of oratory upon the people of Quebec.

The facts, therefore, as they appear today are these:—Parliament is likely to be dissolved before July 18, and Sir Wilfrid Laurier will take the plunge in late August or early September.

THE SITUATION IN PORTUGAL.

Provisional Government Preparing to Suppress Monarchical Outbreak

OFFICIAL STATEMENT SAYS THAT IT IS BELIEVED GOVERNMENT IS IN NO DANGER.

Lisbon, May 26.—An official note issued by the Portuguese Government yesterday declares that the northern frontier is absolutely secure, the garrisons of the border provinces having been strengthened by troops entirely faithful to the republic.

The cruiser Sao Rafael has been ordered to the mouth of the Tagus River to transmit wireless telegraph messages from the cruiser Adamaster stationed off Oporto, in the event of outbreaks in the northern provinces.

Hundreds of armed carabinieri patrolled the streets of Lisbon throughout Wednesday night, prepared to stifle any monarchical manifestations. Political arrests in the capital continue. They include a number of soldiers, and two priests who refused to accept the Church and State separation law.

The garrisons in the province of Entre Minho e Douro, which includes Braga and Oporto, have been reinforced, the note says, by artillery and a regiment of infantry.

Several regiments have been distributed among the principal cities of the province of Tras os Montes, among them being the 10th infantry which was sent to Braganca, the capital of the province, and the 13th infantry and several squadrons of the 6th Cavalry, which were ordered to Villa Real and Chaves.

The provisional Government considers that the troops now in the north are ample to maintain order. The official statement in conclusion says: "Though the Government does not believe all of the reports current of a monarchical revolt, nevertheless all necessary measures have been taken for the defence of the republic, which the Government considers in no danger."

GREVOLA PAID THE PENALTY.

Was First Italian To Be Executed In Province Of Quebec.

COLLAPSED AT LAST AND HAD TO BE CARRIED TO SCAFOLD.

Montreal, May 26.—(Special)—D. Francesco Grevola, twenty years old, paid the penalty at 8 o'clock this morning, at the Montreal jail, for the murder of Giuseppe Chino. He was the first Italian to be hanged in the Province of Quebec.

Grevola, or Giuseppe Grenora, his real name, as the hour of death approached, became pitifully hysterical, and at last had to be carried bodily up to the scaffold and supported while the rope was adjusted and the last offices of the Church carried out. He utterly collapsed at the last. One hundred policemen guarded the vicinity of the jail to guard against any unseemly incident, and all passed off smoothly.

PRESIDENT TAFT SENDS A MESSAGE.

Hopes Canada Will be Prosperous and Fly British Flag.

GENERAL ASSEMBLY OF CHURCH OF SCOTLAND GREET MESSAGE WITH APPLAUSE.

Edinburgh, May 26.—Loud and long applause welcomed the message received from President Taft on the subject of Anglo-American arbitration, which was delivered to the General Assembly of the Church of Scotland here yesterday, by Rev. Dr. J. A. MacDonald of Toronto.

President Taft's message voiced his well-known enthusiasm in favor of a practically unlimited arbitration treaty, and added: "Say to the Assembly that it is my one desire that Canada shall continue to prosper, flying the British flag and sharing with us the responsibility for North American civilization."

A motion hailing with satisfaction the proposed arbitration treaty between Great Britain and the United States was adopted.

EX-KING MANUEL BECOMING ANGLICIZED

IS NOW LEADING THE LIFE OF AN ENGLISH GENTLEMAN.

London, May 26.—Dom Manuel, the former King of Portugal, who lost his throne last year, is fast becoming Anglicized. The young King, after a short stay with his uncle, the Duke of Orleans, at the beautiful English countryhouse, Wood Norton, took up his residence with his mother, Queen Amelie, at Richmond, and around the exiles there has grown up a small colony of Portuguese Royalists. While Manuel naturally spends much of his time with his countrymen, his pleasures are largely those of an Englishman. His friends, however, say he never expresses a desire to return to Lisbon, and it is known that the Marquis de Soveral has advised the Royalists not to take part in any intrigues, but to wait quietly for the time when the Portuguese people want the King to return, which in his opinion is inevitable.

Manuel has not taken up studies at one of the universities, as was announced he would do. Instead, it is now said that after the Coronation, which he will attend "unofficially," as a guest of King George, he will make a world tour.

DEPOPULATION OF SCOTLAND.

RECENT CENSUS SHOWS A DECREASE IN MANY PARTS OF COUNTRY.

Montreal, May 26.—Mr. J. V. Gillespie, Canadian Pacific agent at Glasgow, who is returning from Vancouver, where he took a party of immigrants from the Ionian, stated that the depopulation of Scotland had now reached serious proportions as the census taken immediately previous to his departure revealed a notable decrease in practically every part of the country.

"The worst of it is," said Mr. Gillespie, "that it is our farming and domestic classes which are being drained away to Canada and Australia; servants now are expensive and hard to get, while in a few years they will have practically disappeared from the Scotch cities. In the same way the farm lands are attracted to cities and from there to one or other of the two great overseas Dominions, so that there will soon be none left to till the soil."

"The chief trouble is the land ownership; a farmer can work all his life but he can never hope to own his farm under the present system. Of course the owners who have invested their money in land are complaining about the new tax, and it is hard on them, no doubt, but so far as I can see the only remedy is to go on with it as the small holdings system has been tried and failed. A man cannot earn his living on a small holding."

ASKS COURT TO GRANT ALLOWANCE.

Case For Damages For Husbands Death Enters Third Court.

MRS. BOISILLARD CLAIMS \$1,875 AS DAMAGED FOR THE DEATH OF HER HUSBAND.

In the Superior Court this morning Mr. E. Rioux, advocate, made an application for an alimentary allowance to Mrs. Boisillard. It will be remembered that the husband of the plaintiff was killed while at work unloading pulpwood for Mr. F. N. McCrea, in the Boston & Maine yard at Sherbrooke.

She took an action against Mr. F. N. McCrea for \$1,875 as damages for the death of her husband. The Superior Court dismissed the action on the ground that the deceased was working for the Montreal Pulp and Paper Co., and not Mr. F. N. McCrea. The case was then taken to the Court of Review and that Court reversed the first judgment and condemned the defendant McCrea to pay plaintiff the amount sued for with costs.

Now Mr. F. Campbell on behalf of the defendant, McCrea, has entered the case for hearing before the Court of Appeals.

CLAIMS DAMAGES FOR FALSE ARREST.

A Asselin Says He Was Taken Into Custody Without A Warrant

HE ALSO FURTHER ALLEGES THAT HE WAS KEPT PRISONER WITHOUT A COMMITMENT.

An action has been entered in the Superior Court by A. Asselin, of Sherbrooke, against Chief Davidson, Sub-Chief Couture and Mr. L. H. Guay. The amount sued for is \$1,500, which is the amount of damages he is alleged to have suffered through being falsely arrested. He contends that he was arrested without a warrant and kept in jail for three days without being given an opportunity to plead, and also, that it was not until the end of the second day that a commitment was sent up to the jail.

LONDON SEASON IS VERY DULL

HIGH TERMS ASKED KEEP AWAY MANY VISITORS.

London, May 26.—What has become of the 100,000 Americans who were supposed to be coming over for the Coronation? Is a question causing a great deal of uneasiness in the West End of London.

It is only two months since London was flooded with optimistic stories regarding a coming record invasion, while hotel managers and those with houses or flats to let boasted of the extravagant terms on which they would allow the Americans to become guests and temporary owners.

Today the self-same persons would give anything to be able to retract their flamboyant utterances, for truth to tell, many Americans have taken warning and are leaving London out of their itinerary or have announced their intention of cutting short their stay here, while not a few have cancelled their reservations entirely.

Although the principal West End hotels are affected by this turn of events—as witness the present state of things—many of them being almost, half empty—the greatest sufferers undoubtedly will be the hundreds of smaller hotels around London, to say nothing of the thousands of boarding-houses which had expected to accommodate American visitors.

The season so far has been a disappointment. This is freely admitted on all sides.

FEDERATION OF BRITISH EMPIRE.

SCHEME PROPOSED BY SIR JOS. WARD HAS BEEN TURNED DOWN.

London, May 26.—The Imperial Conference, which is holding its sessions at the Foreign Office, yesterday turned down the proposal of Sir Joseph Ward, the premier of New Zealand, favoring the constitution of an Imperial Council of State with representatives of all the self-governing dominions to act in an advisory capacity to the Imperial Government. Sir Joseph's proposal met with no support, and was withdrawn after a debate lasting two days. The first step in the direction of the federation of the British Empire was thus postponed.

Montreal, May 26.—A Conservative local member for one of the counties surrounding Montreal is authority for the statement that a huge fund of \$2,000,000 will be available to defeat reciprocity, and that this immense amount could be gathered together within two weeks' notice. Of course, it is openly stated that the subscribers to this "electoral fund" are wealthy manufacturers that the new agreement will hit.

Chicago, Ill., May 26.—(Special)—An unusually large crowd flocked to the American League grounds this afternoon to witness the baseball game played by the Chicago and Philadelphia teams for the benefit of the family of the late Fire Marshal James Horan, who lost his life in the stockyards fire last winter. Mrs. Denison is the author of more than sixty novels, many of which attained wide popularity. When she began to write the sentimental novel was all the rage, and from the first her work was successful. Among her contemporaries were Mrs. Southworth, Mary J. Holmes and Amy Randolph. These and several others now forgotten formed a galaxy of writers who made fame and fortune for the dime novel publishers as well as for themselves.

'NEW MINISTER' WAS GOOD. Coaticook, May 26.—(Special)—The musical comedy, "The New Minister" was given to a Coaticook audience Wednesday evening. It is putting it very mildly to say that the audience was pleased. There has seldom been a better entertainment than this given in the town. It is to the credit of Waterville that it has the talent which makes such an entertainment possible by the people. The comedy has already been referred to in detail by the Record and the description of the various parts and how they were taken was not overdrawn. The acting was good, the singing was good, and the orchestra was good. It was funny. It was comedy. But it was clean. The leading play houses often put on entertainments less worthy of patronage than this. The Congregational

Ladies' Aid Society, under whose auspices the play was first undertaken, is to be congratulated. So are all the people who took part.

CARELESS SHOOTING. Sutton, May 26.—(Special)—Home careless hunter on Victoria Day while gaming in Mr. N. J. Sweet's sugar bush fired a rifle shot, the bullet of which passed by the head of Mrs. J. B. Chariand, Jr., and buried itself in the house. Mrs. Chariand was sitting on the porch at the time and she was much shocked at the close call to death, while her dog that lay near as well as a young colt that were close to the line of the bullet took fright and scampered away for dear life. Persons shooting long range rifles in among the settlements like this should always figure out about where the bullet will land, or else they may kill some of their neighbors.

BARGE WENT DOWN. Magog, May 26.—(Special)—While the two Bergeron Bros. of Messrs. Bergeron & Sons were towing a barge loaded with 1500 brick and other material of a like nature it suddenly sprung a leak and went down so quickly that the man on board did not have time to save even his pipe and tobacco, but had to swim to the launch. Mr. Bergeron who was running the launch in the meantime had to do considerable hustling to get his boat free so that it would not be sunk along with the barge as the spot where this peculiar accident took place is not far from Eagle's Cliff, where Mr. E. D. Smith has his summer cottage, the water in this vicinity being from 80 to 100 feet deep. It is very improbable that the barge will ever be recovered as it will be

ST. FRANCIS DISTRICT LOCAL HAPPENINGS.

Daily Reports From Correspondents Of What Is Going On.

KIEKDALE.

Dr. Moffatt of Richmond, accompanied by Mr. John Armstrong of Melbourne, drove down here last Sunday in the former's new auto.

Mr. Fred Wear of Ulverton has just returned from a business trip to Melbourne Ridge, he reports that there is considerable snow in that section.

Miss Nellie Noble was the guest of her sister, Mrs. McDougall in Melbourne last Sunday.

Mr. James Bothwell manager of R. D. and Y. Mutual Fire Insurance Co., Richmond, has purchased the James Mooney property in the village of Ulverton. The property consists of a large two storey frame house, fitted up with store and office, shed kitchen as well as dwelling house, a large verandah, nice park-like grounds in front, with gravel driveway. The trees were planted by the late Jos. Mains of Melbourne, who at one time kept a country store in the building. In the rear are cattle barns and carriage house, also a fine spring of

water on the premises. In all the property comprised ten acres of land. The price paid was \$1,350. The house was built in 1847 by the late Thos. Tait, of Melbourne, father of Sir Melbourne Tait. It has also the distinction of having the first death from Asiatic cholera, a man named Carpenter dying there in the same year the house was built. It is rumored that Mr. Bothwell intends to transform the house into an up-to-date summer hotel, with a large auto connecting with the Montreal trains at Richmond. This will make Ulverton a lively place in the summer months, and will give the jaded city people a country outing with home comforts in one of the most beautiful of the St. Francis Valley.

The following additional sums have been subscribed and paid in for the site for the Church Hall: Mrs. Wm. Stevens, \$5; Mrs. Richard Woodburn \$4; Rev. W. A. Adcock \$5. Total \$14. This completed the sum of \$55, previously subscribed, for the payment of the land, and legal expenses necessary. The deed of the land from Mr. Cunningham to the church authorities represented by the rector, Rev. Mr. Adcock and the church wardens, Messrs. W. Akerman

and C. N. Lyster was given Saturday.

Miss Lyle Duffy was the guest of Mr. and Mrs. Nathan Montgomery, Saturday.

Mr. Willie Enair of Sherbrooke, who has been on a visit to his parents, Mr. and Mrs. Zador Enair returned home Sunday.

Mr. Wm. Noble had the misfortune to lose a valuable horse recently. While plowing, one of the animals, a young colt, suddenly drew back and bolted behind the other horse. In this manner the reins became entangled across the colt's breast, thus rendering them useless, in this manner the horses dashed across the field down a steep declivity towards the barn, dragging the plough. Fortunately, Mr. Noble, who had the reins around his waist, managed to get free of them before he was pulled off his feet. In going down the field the horses ran over a stone pile, demolishing the plough and instantly breaking the leg of the other horse. The colt was not scratched. It was necessary to kill the horse, which was a fine large animal weighing over 1200, 7 years old valued at \$200.00 which is a bad loss at this time of the year.

DELAY IN PARIS TO MADRID RACE.

Only One Of The Contestants Is Expected To Finish.

EVENT PROVED MOST SEVERE AEROPLANE TEST EVER EXPERIENCED.

Madrid, May 26.—With the exception of the crossing of the Alps by George Chauvey on September 23, 1910, a feat which ended in his death, the third stage of the aviation race from Paris to Madrid for the Petit Parisien prize of \$20,000, and \$10,000 additional offered by the Spanish aviation clubs, proved to be the most severe test the aeroplane yet has been subjected to, and two or three contestants, it would now appear, have been forced to abandon the flight.

From an early hour King Alfonso and other members of the royal family, the rank and file of the capital, and 50,000 persons, brought from all parts by fourteen special trains, thronged the aerodrome at Getafe. They waited patiently throughout the long day, cheering impartially all announcements relating to the progress of the aviators, their breakdowns and their attempts to reascend.

When finally at sundown it was learned that the indomitable Vedrine had been temporarily beaten by the natural obstacles of the route and accidents to his machine, the spectators were too tired to express their disappointment, and dispersed after watching the evolutions of a military aeroplane.

From the latest despatches reaching the committee in charge, it appears that Vedrine alone is likely to finish.

Gilbert landed at Olazagutia, about forty miles from San Sebastian, but when he attempted to make a fresh start his machine was capsized and partly wrecked, although the aviator was not hurt.

Garros is stalled in a mountainous spot near Andoain, six miles from San Sebastian. The nature of the ground makes a restart practically impossible, and it is understood that Garros has abandoned the contest.

The race started on Sunday with a disaster, when the French Minister of War was killed and Premier Monis badly injured by a falling aeroplane.

King Alfonso expressed great enthusiasm over the race. To one of the members of the committee he said: "It is magnificent and astounding. Never would I have believed that the frail aeroplane could traverse 'Tolosa, Viteria, Burgos and Valladolid' which nature has placed in the way. The magnitude of the difficulties I am well acquainted with, and even yesterday I believed them insurmountable. I confess that I even thought the promoters of the race foolhardy."

VEDRINE COMPLETES FLIGHT

LATE MRS. JAMES SEIVERIGHT.

The funeral of the late Mrs. James Seiveright took place from her late residence on Tuesday afternoon. The funeral service was conducted by Rev. J. C. Nicholson, of St. Andrew's Church, of which deceased had been a staunch supporter and member for many years.

The bearers were Messrs. J. Farquhar, Wm. Johnson, G. M. Robins, J. T. Reid, W. H. Fuller and Hy. Bartlett. The interment took place at Elmwood Cemetery.

The late Mrs. Seiveright's maiden name was Connon. She was born April 24th, 1824, and in 1862 married James Seiveright, who predeceased her. She leaves four sons, Robert, James, William and George, all of whom are well known in this city.

To describe the character of deceased only one word is required, and that is, Christian. Her life was spent in the service of her God, with whom she will ever enjoy the reward of her faithfulness.

IMPORTANT

By-Law Number 135 of the City of Sherbrooke, Sec. 8, as amended, provides that no person shall keep or permit to be kept in any business place, dwelling house, yard or outbuildings, in said City, any loose hay, straw, shavings, or other combustible material, under a penalty of not less than \$2.00 and more than \$25, with costs, and imprisonment in default. At this particular season every thing of a combustible nature being so very dry, therefore dangerous for fire, every proprietor or occupant must see that their premises comply with the requirements of the by-law, or take the consequences. As proceedings will be taken without further notice, and without delay, neglect on the part of our citizens in this respect may be the cause of a conflagration. It has been the cause in other places.

FINANCIAL AND MARKET NEWS.

MONTREAL LIVE STOCK MARKET

THERE WAS NO IMPORTANT CHANGE IN CONDITION OF MARKET.

Montreal, May 26.—At the Canadian Pacific Live Stock Market the offerings of live stock were: 600 cattle, 350 sheep and lambs, 1,000 hogs and 1,300 calves. There was no important change in the condition of the market for cattle, prices being firmly maintained at the advance noted early in the week owing to the continued good demand for local consumption and the fact that supplies were none too plentiful especially of the top grades. The trade was fairly active throughout the day and sales of choice steers were made at 6½c, good at 6c to 6½c, fairly good at 5½c to 6c, fair at 5c to 5½c, and common at 4½c to 5c per lb. The demand for cows was fair at from 3½c to 5c and bulls sold at 3½c to 5c per lb., as to quality.

The market for hogs was weaker and prices declined 25c to 35c per 100 lbs., which was due principally to the increased offerings. At the above reduction the demand however, was good from packers and an active trade was done with sales of selected lots at \$6.50 per 100 lbs., weighed off cars.

and lambs a weaker feeling developed in the market and prices scored a sharp decline, sales of the former being made at \$4.00 to \$5.00 each and the latter at \$3.00 to \$4.00 each. A fairly good trade was done in calves of which supplies continue plentiful and prices rule steady at from \$2.00 to \$6.00 each as to size and quality.

E. T. LIVE STOCK

SHIPMENT FROM SUTTON. Sutton, May 26.—(Special)—The live stock shipment of Messrs. Curley and Moffatt the present week to Montreal consisted of 50 hogs and 25 calves, the latter going at \$3 to \$5 per head. The buyers are almost discouraged at recent large losses on hogs from tuberculosis. The shipment the previous week had three hogs condemned from that cause, which caused the buyers a loss of upwards of \$11, as well as all the profits they should have made on the shipment. This seems a hard burden to the shippers as it is in most cases impossible to tell which farmer's hogs are condemned. The animals are taken in in a hurry as a rule and it can easily be seen that it is hard

to keep track of the sellers of each separate hog. These losses have been frequent of late and no wonder dealers feel blue and get discouraged. The buyers feel that they should not lose these diseased animals, they feel it would be but right if the Government stepped in to bear these losses, or would devise some means whereby the purchasers would not be deprived from their just profits in the arduous work of handling these hogs.

This would seem to be a chance for the Minister of Agriculture to come to the mutual aid of both farmers and shippers by devising ways and means to secure more satisfaction in the hog industry.

BUTTER SHIPMENTS TO MONTREAL.

Magog, May 26.—(Special)—The Magog Creamery made quite a large shipment of butter on Wednesday of this week to Montreal, there being 100 boxes in the shipment. The Mount Orford Creamery also shipped 30 boxes each box weighing 56 pounds. Both the above factories are having a good run this year so far, and everything points to a successful season, although butter has sold a little lower so far this year than last. The above consignments brought 22c per pound.

NEW YORK MARKET. (Supplied by F. B. McCurdy & Co.)

Americans in London active in sympathy with yesterday's New York break closing irregular and weak.

The Wall Street Market recovered somewhat over night, opening stronger with Standard issues in better demand fractionally stronger. This strength continues and although yesterday's bears are again in evidence, their aggressive attack is not so pronounced.

The United States Steel Corporation have met the cut made by the Republican Steel Co., and it is feared that this steel war may further extend to rails, should the open market idea spread.

The general bullish feeling continues and authorities still advise purchase of all standard stocks on all reactions.

MONTREAL MARKET.

Dominion Iron Pfd. which for some days has shown exceptional strength, sold this morning at 105½.

Toronto Railway was slightly stronger at 134½, while Scotia and Cement issues were quiet. Unner buying by the insiders.

Montreal Power showed considerable strength and was in good demand with little offerings.

The wheat market followed yesterday's rise and prices all around are stronger and high.

SLUMP IN PRICE OF CORONATION SEATS.

EXHIBITANT FIGURES ASKED BY LONDONERS SCARED OFF BUYERS.

London, May 26.—There is a slump in Coronation prices. Without doubt seats and windows are at present too expensive, and in consequence, despite the reports of agents, the demand for them is not so brisk as it should be.

Instead of the abnormal rush of bookings by the transatlantic liners that was expected owing to the Coronation, the traffic up to the present has not exceeded that of the average season. Similarly, advices received from Paris and other Continental capitals reflect the danger of boycott.

No matter how many persons desire to see the great events of Coronation week, it is beginning to dawn on London that they refuse to pay outrageously for the privilege.

MAGOG.

A detachment of Zouaves came to Magog from Coaticook on Sunday last by automobile and by train and attended service at St. Patrick's Church here. In the afternoon they called on Rev. F. X. Brasseur who held a short interview. The music was furnished by their own bugle corps assisted by St. Charles Band. The party returned to Coaticook in the evening.

Dr. Dube of Montreal, recently had an 18 h.p. engine installed in a new hull here by Mr. A. C. Lytle of Eastman. The Doctor is having a cottage built at the upper end of Sargent's Bay, and it was a load of bricks for this cottage that went down with Messrs. Bergeron's barge on Tuesday.

The steamer Anthesis took an excursion party from Magog to Newport on Empire Day, giving them six hours in Newport. She also took a party of excursionists from Stanstead College through the lake returning to Newport at night for the excursionists at this end of the lake.

**Cataphoresis as a Big Factor
in the Cure of Diseases**

CATAPHORESIS means the process
 of introducing medicines into the body
 by the aid of electricity. Thus, when a
 suitable medicine is applied properly up-
 on a selected pole of a battery, said
 pole being placed over the diseased tis-
 sue, to be treated, be it a tumor, a
 growth, an ulcer, diseased bone, etc.,
 etc., the medicine is then decomposed or
 broken up into its elements, and having
 a stronger affinity for one or the other
 pole, it is repelled or attracted, as the
 case may be.
 A perfect demonstration of the exact-
 ness of CATAPHORESIS can be seen,
 daily, at the undersigned's residence.
 The treatments of the Eyes, Ears,
 Nose and Throat profit by those new el-
 ectric discoveries.

FALSE ALARM AT RICHMOND.

Richmond, May 26.—(Special)—The
 fire alarm was sent in this morning
 at two o'clock from box 34. The fire
 alarm answered immediately, and
 quite a crowd gathered, but it proved
 to be a false alarm. If the party
 who rung in the alarm could be
 found the chief of the fire department
 would make it interesting for him.
 The fine for such an offence is \$50.

WILL OBSERVE CORONATION.

Granby, May 26.—(Special)—There
 was a fair attendance at the meeting
 held in the Council Room to discuss
 a suitable way of observing Corona-
 tion Day, June 22nd. A number of
 expressions of opinion were advanced
 as to the best method of commemora-
 ting this event, among other sugges-
 tions a treat for the children in the
 Park was advocated. Although as
 one gentleman observed, not having
 the gift of multiplying the loaves and
 fishes, this might be a serious under-
 taking, seeing that there are in all
 probability upwards of two thousand
 children in the town. After some dis-
 cussion a committee of business men
 of the town was appointed to decide
 what would be done in commemora-
 tion.

GRANBY HIGH SCHOOL CONCERT

Granby, May 26.—(Special)—The
 concert given in the assembly hall of
 the High School by the Glee Club,
 under the direction of Mr. R. T.
 Cowell, was a decided success, and
 showed not only careful training but
 musical talent among the pupils. The
 hall was tastefully decorated with
 flags and bunting, and the pro-
 gramme without exception was excel-
 lent. Special mention might be made
 of the Gypsy Chorus, in which the
 picturesque costumes and camp fire
 added to the general effect, also, the
 boys' chorus, "Johnny Smoker," and
 the vocal solos and instrumental
 duets were exceptionally well render-
 ed. The following is the programme:
 Chorus, "The Village Chorister,"
 Glee Club. Duette Instrumental, Misses
 Florence Bowker and Gladys Sav-
 age. Recitation, Alton Parker. Girls'
 chorus, "Posy." Song, Lloyd Rous-
 seau. Hunting song, Minstrel Boy.
 Glee Club. Admirals' Broom. Glee
 Club. Boys' chorus, Johnny Smoker.
 Soldiers' chorus. Glee Club. Solo,
 "Cherry Ripe." Miss F. L. Mitchell.
 Gypsy chorus, Glee Club, and solo,
 Miss F. Mitchell. Reading, Principal
 Adams. Patriotic chorus, "O Cana-
 da." National anthem. The pro-
 ceeds will go towards the High
 School Library funds.

MARRIAGES.

MILLS — STRATTON.
 Sawyerville, May 26.—(Special)—
 The marriage of Miss Alice Almada
 Stratton of Sawyerville to Mr. Em-
 erson Mills, of Three Lakes, Megan-
 tie, took place at the Mission Hall
 on Wednesday evening, May 24. The
 ceremony was performed by the Rev.
 H. S. Laws.

WILSON—TAYLOR.

On the afternoon of Victoria Day
 a very quiet wedding took place at
 the residence of Mr. and Mrs. Harold
 Morgan, Frontenac street, when Mrs.
 Florence Taylor was married to Mr.
 Allan R. Wilson, of this city.
 The ceremony was performed by the
 Rev. W. T. G. Brown, pastor of the
 Methodist Church, in the presence of
 a few intimate friends. The bride, who
 was unattended, was becomingly at-
 tressed in a dark navy blue broadcloth
 tailored costume, with coat and
 blouse to match, and shaded blue
 fancy straw hat trimmed with velvet
 and blue flowers. At the close of the
 ceremony a light luncheon was served,
 the table in the dining room being
 adorned with flowers and the wedding
 cake, while the other rooms were de-
 corated with white and purple vio-
 lets. Mr. and Mrs. Wilson left by
 the C.P.R. for Montreal, New York,
 Boston and Lowell, at which latter
 place they will visit relatives.
 The bride was the recipient of a
 large number of gifts, and a very
 valuable and handsome clock was
 presented to Mr. Wilson by his em-
 ployees.
 Those present included Mr. and Mrs.
 Harold Morgan, Mr. and Mrs. Archie
 Williams, Rev. W. T. G. Brown and
 Mrs. Brown, Mrs. E. C. Enright, Mr.
 A. A. Hodge (Cookshire), uncle of
 the bride.

**POPULATION OF
ENGLAND AND WALES.**

PEOPLE ARE MOVING AWAY
 FROM THE MORE CROWDED
 CENTRES.

London, May 26.—Provisional fig-
 ures returned by the census officers
 give the population of England and
 Wales this year as 36,975,269 com-
 pared with 32,527,843 in 1901. While
 most of the cities and counties show
 an increase, there are many cases,
 particularly in Wales, where there
 has been an actual decrease.
 Greater London's population has
 increased to 7,252,963 from 6,581,402
 in 1901. This increase is entirely in
 what is known as the outer ring,
 showing the people are moving from
 the more crowded centres. In fact,
 many of the old metropolitan bor-
 oughs and the city of London proper
 have lost their population to the
 suburbs.
 The county of London, including the
 city of London and the boroughs im-
 mediately about it, shows a decrease
 from 4,536,257 in 1901 to 4,522,961
 in 1911.

TROUT BROOK.

Arrivals and departures: Mr. Henry
 Thurber, to Derby, Vt.; Mr. Joseph

 ing her sister, Mrs. Curtis Stev-
 ens.
 Mrs. Wm. Wilson is on the sick

**KING'S CHAMPION
THREW CHALLENGE.**

LAST TIME THIS WAS DONE WAS
 AT THE CORONATION OF
 GEORGE IV.

London, May 25.—At the Corona-
 tion of George IV. there was held for
 the last time the banquet at West-
 minster Hall, at which the King's
 champion threw down the challenge.

Just before the second course of the
 banquet the champion entered on
 horse back clad in full armor. The
 herald then proclaimed the cham-
 pion's challenge in the following high
 sounding words:

"If any person of what degree so-
 ever, high or low, shall deny or gain-
 say our Sovereign Lord King George
 the Fourth, of the United Kingdom
 of Great Britain and Ireland, Defend-
 er of the Faith, son and next heir
 to our Sovereign Lord King George
 the Third, the last King deceased, to
 be right heir to the Imperial
 Crown of the United Kingdom, or
 that he ought not to enjoy the same,
 here is his champion, who saith that
 he lieth and is a false traitor; being
 ready in person to combat with him,
 and in this quarrel will adventure his
 life on what day soever shall be ap-
 pointed."

Then the champion threw down his
 gauntlet, which, after a decent inter-
 val, was handed back to him by the
 herald. This ceremony was again re-
 peated the gage being thrown twice
 in the midst of the hall, and once on
 the steps of the throne.
 His Majesty and the champion then
 drank each other's healths, the
 champion receiving the King's cup.
 An effigy of this relic of the past is
 to be seen at Windsor Castle.

 SPECIAL MEETING OF
 CONGREGATION.

Fitch Bay, May 26.—(Special)—
 It is not often that the quiet little
 village of Fitch Bay is the scene of
 such ministerial activity as has been
 the case the past two days, the oc-
 casion being the ordination and in-
 stallation to the ministry of the
 Congregational Church of Rev. R.
 Wilson Carr, who graduated this year
 with honors from the Congrega-
 tional College, Montreal. Among those
 present were: Prof. W. H. Warriner,

 Messrs. Hugh Fedley, Montreal; G.
 Ellery Read, Sherbrooke; J. G. Hind-
 ley, Rock Island; Churchill Moore,

 J. J. Hutchinson, Lyndonville, Vt.,
 and local clergy, with Mr. J. M. Mac-
 Kendrick, a college friend of Mr.
 Carr. The ordination of Rev. R. Wil-
 son Carr took place in the Congrega-
 tional Church. A large attendance
 was present and the Congregational
 Churches in the district were well re-
 presented. The Moderator of the Que-
 bec Association, Rev. Churchill
 Moore, Ayer's Cliff, took the Chair
 at eight o'clock. The Scribe, Rev.
 I. W. Pierce, of Waterville, read the
 minutes of the Council convened in
 the afternoon pursuant to letters
 missive to examine the candidate and
 if deemed expedient to proceed to or-
 dain him to the ministry, and install
 him to the Pastorate. The candidate
 having answered the questions satisfac-
 torily the Council proceeded to the
 ordination. It was a privilege to
 have the genial and popular Rev.
 Hugh Fedley, B.A., of Montreal, to
 preach the sermon, which he did in
 his usual effective and forceful man-
 ner, ennobling the work and oppor-
 tunity of the country Pastor. At the
 conclusion of his sermon, Rev. J. J.
 Hutchinson, of Lyndonville, Vt., of-
 fered the ordination prayer, and the
 charge to the candidate in which he
 urged the newly ordained minister to
 give himself wholly to a thorough
 ministry. A pleasant feature in the
 service was the reading of a letter
 by Prof. Warriner embodying greet-
 ings from Rev. Dr. Burford Hooke,
 of the Colonial Missionary Society,
 a friend of Mr. Carr. The Rev. G.
 Ellery Read, of Sherbrooke, address-
 ed the people and anticipated that
 they would be in full sympathy with
 the minister and co-operate with
 him in any new methods or plans
 which he would seek to lead them.

The Rev. J. G. Hindley, M.A., B.
 D. of Rock Island, in his usual
 bright, happy and characteristic man-
 ner, tendered the right hand of fel-
 lowship and handed the new minister
 a certificate of ordination signed by
 all the members of the Council.

During the service a beautiful solo:
 "My Task" was very sympathetically
 rendered by Mrs. J. H. Rider, and
 the choir also sang, "The Lord is
 My Light." The Congregation was
 dismissed with the benediction by the
 newly ordained minister. The service
 was one that will long live in the
 memory of those present and is a
 happy augury for the future of the
 Church.

**DEDICATION OF MEMORIAL WIN-
 DOW.**
 An interesting gathering took place
 Tuesday afternoon in the Congrega-
 tional Church, the occasion being the
 unveiling and dedicating of a memori-
 al window, placed in the Church to
 the memory of the Rev. L. P. Adams,
 the founder, and for 34 years Pastor
 of the Church. The Chair was occu-
 pied by the newly ordained minister,
 Rev. R. W. Carr, and he was accom-
 panied on the platform by two for-
 mer Pastors, Rev. G. Ellery Read,
 now of Sherbrooke, and Rev. J. J.
 Hutchinson, of Lyndonville, Vt.,
 also Rev. Churchill Moore, of Ayer's
 Cliff. A short biographical local
 sketch of Rev. L. P. Adams, was
 given by Rev. Moore, after which
 on behalf of the subscribers Rev. J. J.
 Hutchinson, in a neat speech, pre-
 sented the window, and it was ac-
 cepted in a graceful way on behalf
 of the Church by Rev. Mr. Carr.
 The dedicatory sermon was preached
 by the Rev. Mr. Read, Sherbrooke,
 who chose for his text Heb. XI 3,
 "He Went Out Not Knowing Whither
 He Went." A solo by Mrs. J. J.
 Hutchinson and the anthem by the
 Choir, "Somewhere 'Tis Always
 Morning" helped to brighten the pro-
 ceedings and make the occasion a
 memorable one.

**MADAME LOUISE COTÉ
AN EXAMPLE TO FOLLOW**

Mrs. Louise Côté, of l'Isle Verte, has taken
St. Michel's Wine for several years
 and is completely cured

If everybody could understand how essential is the
 use of a good and well tried tonic for the maintenance as
 well as for the conquest of health, anemia and consump-
 tion would not every year claim thousands of victims.
 We are living in a period of extreme activity. We are
 using our strength without counting the cost: the most
 elementary prudence counsels us to rebuild our strength
 and to repair the constant losses sustained by our organ-
 ism, to enrich our blood, impoverished through the extra-
 vagant system of living that we are following, from the
 beginning to the end of the year, whether we are at
 work or amusing ourselves. There are also illnesses to
 which we pay a more or less tribute; all persons
 recuperating strength after an illness should use
ST. MICHEL'S WINE, the marvellous tonic which is
 also a powerful restorer. It stimulates the organic action
 of the body, it renews the energy, it tonifies the nerves and
 rebuilds the muscular system by rendering the food easily
 assimilable. The appetite is restored, as if by magic,
 and strength returns. From one end of the country to
 the other the marvellous effects of **ST. MICHEL'S**
WINE are vouched for by persons who have been res-
 tored to health and have had their lives saved by its use.

The testimonial of Mrs. Louise Côté, of l'Isle
 Verte, is taken from many thousands which we have
 already published.

RAISED SCHOOL FLAG.

The lawn of Orford School No. 1 was the scene Tuesday afternoon, May 23, of an interesting event, the "Raising of the Flag" for the first time. This fine two and a half yard flag had been obtained from the Montreal Witness, in return for subscriptions sent in by the teacher, from pupils and parents. Through the kindly interest of the manager, Mr. Hiram McLeod and Mr. W. P. Berwick, a pole had been placed in position; the furnishings or equipments being given by the teacher, Miss Webb who had previously presented her pupils with a portrait, framed, of our King George V., to hang in the school room, where all might enjoy the possession of it. Parents and friends met with the school in honor of the occasion and to witness the flag floating for the first time above the school-house, thus showing the loyalty and patriotism which reigns in the hearts of Canadians. In passing it would be unfair not to mention the improvements in the yard, where pupils and teachers had worked so faithfully cleaning and planting trees and shrubs. After the raising of the flag, it being the closing day of school, all repaired to a grove not far distant to enjoy a real picnic "neath the maple tree." Here a pleasant afternoon was spent, followed by a delicious lunch served by the ladies. Threatening clouds and thunder caused the gathering to break up rather hurriedly, omitting the open-air programme which had been prepared. As a souvenir of the Flag Day each pupil received a small flag, with his report, a printed form showing marks and standing for each month during term, as well as for the final examinations. These reports were novel and dainty, each tied with a bright ribbon. The pupils presented their teacher with a handsome ebony brush, silver-mounted comb and a belt pin. In a few sincere words Miss Webb expressed her gratitude, saying she had enjoyed teaching the two terms in the school, and was sorry to be leaving. She would often think of the Orford scholars.

The parents, through one of their number, expressed their thanks to Miss Webb, and said that they fully appreciated her work and were sorry that she would not be with them next year.

RESULT WAS THAT CANADIAN BATTLE SCENE WAS PLACED ON PROGRAMME.

Ottawa, May 26.—The Hon. Mr. Fisher not receiving information about the reported withdrawal of the Chateaugay pageants at the Festival of Empire, cabled Lord Strathcona as follows:

Ottawa, Ont., May 17, 1911. "Dominion, London—Was fully convinced you did not participate in the action of festival committee in omitting Battle Chateaugay from list of pageants. Referring to newspaper report that representation was omitted from the list of pageants at Festival of Empire for fear of offending Americans, there has been much comment in house of commons and strong disapproval expressed. Canadians fully convinced no reason to believe the tableaux would have suggested effect, as Americans themselves frequently celebrate battles with British and could not take any exception to this, or feel hurt; while Canadians consider that incident is one involving much pride in our history and a significant success of our people in a period of formation of national character, and which is emblematic of our patriotism and national devotion to British institutions. Am convinced Canadians generally would view with much gratification the inclusion of this tableaux at the festival. Note this morning newspaper report of interview with Lascelles, which if true does not satisfy people here.

"(Sgd). FISHER." Yesterday the minister received the following reply from Lord Strathcona:

London, May 18, 1911. "Your yesterday's cable—Honorary Secretary Festival of Empire verbally assures me that Battle Chateaugay scene will be produced.

"(Sgd). DOMINION."

THIRD COURT OF KING GEORGE

SIMILAR IN BRILLIANCE TO THOSE THAT HAVE PRECEDED.

London, May 25.—King George's third court, held last night, was similar in brilliance to those that have preceded it.

The King appeared in the uniform of an Admiral of the British Navy, while the Queen wore a gown of apricot satin with a white satin train embroidered with gold.

The Baroness Greville, who is a sister of the late Cecil Grace, the aviator killed recently, appeared in a mourning jetted gown with a train of oxidized silver. She wore a diamond tiara. Mrs. Whitelaw Reid, the wife of the American ambassador, wore a mauve satin gown with velvet train. Her ornaments were pearls. Mrs. Reid presented several Americans.

AMUSEMENTS

MADAME SHERRY.

That the theatregoers of this city appreciate the opportunity afforded them to see and hear "Madame Sherry" so soon after its phenomenal hit in New York was made evident yesterday morning by the line of prospective seat purchasers which faced the box-office. It appears that the engagement of "Madame Sherry" at the Clement Theatre will break some local records for theatre attendance.

Almost from the very day after the first American production of this gay French Vaudeville in Chicago last April, the seductive score of the piece, particularly its theme song, "Every Little Movement," has been played, hummed and whistled from coast to coast, while Chicago and New York have since then been convulsed with the unique comedy and delighted with the refreshing charm and ingenuity of "Madame Sherry." A special orchestra, in addition to the regular musicians of this theatre are required for the rendition of the irresistible Hoschna score.

(Continued from Page 1.)

One thing is certain, the Opposition leaders have such faith in the accuracy of their information that they are making as definite preparations for the fray as if the date of the elections was announced. EXPECT CROP TO BE RECORD BREAKER.

VICE-PRESIDENT WHYTE, OF C. P. R. SAYS IT WILL BE 200,000,000 BUSHELS.

Toronto, May 26.—According to Mr. William Whyte, Vice-President of the Canadian Pacific Railway, Winnipeg, who arrived in the city, given favorable weather conditions and estimating the yield of 20 bushels to the acre, this season's crop in the three Prairie Provinces will approximate two hundred millions of bushels of grain.

Mr. Whyte said that the increase in acreage under crop this spring was about twenty-five per cent., and this gain was principally in Saskatchewan. He estimated the area under crop as follows: Saskatchewan, 6,600,000 acres; Alberta, 5,000,000 to 1,000,000; and Manitoba, 3,000,000.

The weather conditions so far were favorable for the growing crops. Moisture was plentiful and it was not too hot. It snowed in Alberta yesterday but this would help the grain in its present state.

Mr. Whyte left for Montreal to attend the meeting of the Imperial Bank, of which he is a director.
