

PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

LACHINE

A City on the St. Lawrence and on the island of Montreal (Seigniorie of Montreal) county of Jacques Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centers of the Province of Quebec. Its works are very numerous and thousands of men are employed yearly.

In winter months it is greatly frequented by pleasure parties, while in summer, thousands of tourists pass through Lachine to run the Lachine Rapids, also cross the St. Lawrence River on the ferry for Malone N. Y., Ogdensburg N. Y., etc.

Regattas and other sporting events take place every summer and are largely patronized by visitors. Lachine is now provided with up-to-date hospitals where surgical and ordinary cases are attended to by a skilful staff of surgeons and physicians. They are known as the Lachine General Hospital and St. Joseph Hospital. They are provided with automobile ambulances that attend all emergency cases.

The leading citizens of the city have provided a Board of Trade where all important business matters are discussed. There are four banks, viz., la Banque Provinciale, la Banque Canadienne Nationale, the Bank of Montreal and the Royal Bank of Canada.

The Canadian National Railways run several trains daily to Montreal. Montreal Trams have a line of electric cars running from the City of Montreal to the western limits of the City of Lachine, in twenty minutes. Cars are ten-minute intervals from 6.20 a.m. to 8.20 a.m. and from 4.20 p.m. to 7.40 p.m. The Montreal Trams Company has entered lately into contract with the City of Lachine for putting an autobus service running at 10 minutes intervals for 18 hours a day from Montreal to Lachine and vice-versa. The tariff charged by the Company for riding with the autobus is absolutely the same as that charged for the trams. The Company has extended its line from Stoney Point to the western limits of the City of Lachine comprising a distance of one mile. The United Church has been rebuilt and enlarged. New granolithic sidewalks have been laid on mostly all streets, and tar has been laid on St. Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts.

The Great North Western Telegraph Co. have offices here. There are three post-office branches, also the Bell Telephone Co. The City of Lachine has electricity, and has a fire alarm system and a complete system of waterworks and drainage. There are, besides the convent, first class commercial colleges, two Catholic academies and three Protestant academies.

Distances from Montreal City Hall, nine miles. Mail three times daily. The City of Lachine is inviting manufacturers to ask for all facilities and advantages offered by Lachine, Que. Population 16,374.

LA SALLE.
A town on the North Shore of the River
St Lawrence, situated between Verdun and
the City of Lachine, directly connect-
ing with Montreal and Ville St Pierre,
on the north, and by the celebrated Lift
Bridge at Lachine, the largest of its kind
in the world.
The north of the town located on the
riverside is exclusively residential and is
the home of many wealthy Montrealers.
There are some beautiful farms which are
all well cultivated. There are also several
dairies which supply cream, milk and butter
to the City. The northern boundary on the
Lachine Canal is also the location for
manufacturers, several large plants being
now in operation.
The Government has a branch of
its Savings Bank. There are also a Post
Office Branch; two Catholic churches, two
Catholic schools and one Protestant school,
telephone and telegraph communication with
the City of Montreal.
The town of LaSalle is a beautiful sum-
mer resort and was formerly the Parish
of Lachine. It has fine views of Lake St
Louis, Lachine Rapids and the Nuns
Island as well as Laprairie, Caughnawaga
or the Indian Village and is also part of
the City of Montreal. The population is
about 1500.
The Town Hall is located at No. 13
Strathyre av., Council meets on second
Wednesday of each month. Fire and police
departments are located at Town Hall.
The Hon. J. N. Belanger, M.P., and
Hudson R. E. Co., supply service. "High-
lands" being Railway name of town.
Town Council: Louis Chatelet, mayor.
Alfred Edmond Dumas, Albert
Boivin, J. H. Dixon, Jules Picotte, E. X.
Belanger, Duncan Monette, Recorder and
Clerk; Stanislas Lafleur, Chief of Police
and Roadmaster; W. Larente, J. Rene Roy,
town eng.

MONTREAL WEST

(Incorporated as a Town, 1897).

This beautiful suburb is so easy of access that it is in great favor for residential building. Trains connect with the City at almost all hours both by the Montreal and Pacific Canadian National railways, while the Upper LaSalle and Sherbrooke Boulevard roads afford delightful drives. The town is well cut into the lower part of the Town affording a 20-minute service with the city, and thus is so near to the city as to be reached by the Sherbrooke Boulevard with a 5 minute service. There is also a frequent motor bus service between Montreal, West and LaSalle, operated by the Montreal Tramways Company. It has three churches: Church of England, Presbyterian and United. High school and Public School. Post Office. Postal delivery twice a day. There are drains, water, electric light and Bell Telephone. Population 2374.

CORPORATION OF MONTREAL WEST

OUTREMTONT

(Incorporated in 1875.)

A city situated near the west end of Mount Royal Park, forming part of the parish of Montreal, county of Hochelaga. It is bounded on the East and North by Laurier Ward, on the West by Notre-Dame de Grace ward, and on the South by Mount Royal Ward. Two routes of electric car service are provided by the Montreal Tramways Co. (Laurier Av., St. Catherine Rd. and Bellingham Rd. for southern section; Bernard Av., Queen's Av. and Van Horne St. for northern section). A five minute service is provided on each route. Electric cars going around the mountain to St. Laurent, and Carle-ville, pass through the city. The city contains five very fine schools, two Roman Catholic, one Protestant and Catholic (Lajoie School) three Protestant (Strathcona Academy, Alf Joyce and Guy Drummond Public Schools) and three large convents. City Hall and the Outremont Curling, Tennis and Bowling Clubs. A municipal plant lights the city with electric light. It has an ample water supply, a thorough system of drainage, and an efficient police and fire brigade is maintained. The city has many industries. Building operations have been carried on extensively during the past few years. Easy access to the city from Montreal, two miles. Population 22,500.

ST. LAMBERT.

A city on the south shore of the St. Lawrence directly opposite Montreal, two miles from the centre of the city, in the county of Champlain, district of Montreal, with a population of 6,000 and growing rapidly. It is an important railway centre, with an important railway to Montreal operated by the Montreal & Southern Counties Railway Co., making 50 trips each way; fare single, 20c; return bus tickets, 35c. There is also an excellent train service by the Canadian National Railways with over 120 trains each way daily. The Victoria Jubilee Railway Bridge with driveway for vehicles spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Can. National for points South, East and West; Central Vermont for New York and Boston; Rutland Railroad for New York; Quebec, Montreal & Southern Railway for Sorel; and the Montreal Southern Counties Electric Railway. Distance to Longueuil, the county seat, three miles; to Stambridge, the electric railway, there are five churches, United, Episcopal, Roman Catholic, Presbyterian and Baptist with resident ministers and cure. There is a High School with two additional elementary schools conducted by the Protestant School Committee affiliated with McGill University with a staff of twenty-one teachers, including several University graduates.

LOVELL'S DIRECTORY OF ST. LAMBERT

1567

The Roman Catholic Commissioners' school for girls and convent are conducted by the sisters of the Holy names of Jesus and Mary with a competent staff of fifteen teachers, and St. Michael's Academy for boys with a staff of sixteen teachers of the Clercs de St. Viateur. The Academy was erected at a cost of over \$80,000 and the girls school at a cost of \$67,000, both having the very latest equipment. There is excellent housing on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal and in addition to boating there is a large assembly hall for entertainments, also a six rink bowling green and tennis courts for use of members which are the centre of social activity. The well known Country Club Golf Links adjoin St. Lambert. The residents are mostly employed in the City of Montreal and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with Montreal. A walk along the river bank gives the City a fine promenade and in 9,000 ft. a temple from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. A bathing beach with an instructor and lifeguard is also provided during summer months. St. Lambert is an up to date residential city and is being rapidly built up, and is already a very important suburban point. The City owns an efficient system of water, drainage, electric light and filtration plant. There is also fire and police protection. Mail delivery twice daily. The G.N.W. Tel. Co. has an office and the Bell Telephone Co. have an Exchange.

WESTMOUNT, CITY OF

FORMERLY COTE ST. ANTOINE

The City of Westmount is beautifully situated on the western slope of Mount Royal, and from the upper level a magnificent view of the River St. Lawrence, Lake St. Louis and surrounding country is obtained. The City is almost exclusively residential and may be designated a "city of homes." Available properties for building sites are rapidly being occupied. During the past year building operations were carried on to the extent of \$3,754,487.00. The city is governed by a mayor and five aldermen, elected for a term of two years by the city at large. The city manager form of government has been in vogue for 14 years, and the city's progress is evidence of the wisdom of the adoption of this system of government.

The finances of the city are in a very sound state and bonds issued command high prices and are considered as securities of the highest class.

The police and fire forces are maintained at a high standard of efficiency.

The building by-laws are stringent and closely applied, and fire losses are very low.

The streets are well paved and kept in good condition, and in the winter months, with the use of up-to-date equipment, the roadways are kept clear of snow and in splendid shape for motor traffic.

The City owns and operates in a very efficient manner an electric light and power station and garbage destructor plant.

Park spaces owned by the city cover an area of about 47 acres. Three greenhouses are maintained. A flower clock installed last year has proved to be a novel attraction.

Twelve municipal tennis courts are in great demand during the summer months and every facility is given for the enjoyment of winter sports.

The city owns a free public library. During the year, 93,097 volumes were circulated for home use. The reading-room contains a splendid selection of the best

magazines, and the reference library is constantly appealed to as a source of information on all subjects.

The Victoria Hall as a community centre is continually in use for church, charitable, educational, fraternal, municipal, political and social activities.

Public education is provided by the school commissioners of Westmount and the school commission of St. Leon de Westmount. In addition there are numerous private schools.

The City is supplied with filtered water under contract with the Montreal Water & Power Company and a 98 per cent. efficiency is required. The water is regularly tested and reported upon by the Provincial Board of Health, to assure that a maximum of purity is maintained. Population about 25,000.
