## \$320,300 WAS RAISED IN ALL

### Successful Termination of the Y. M. C. A. Building Campaign in Montreal Last Night.

(Special to Chronicle.)

Montreal, June 22.—The Y. M. C. A. \$300,000 building campaign closed to-day with a rush of subscriptions, which brought the total to \$320,300, well over the amount required. Great interest was taken in the last day of the work, as nearly \$32,000 was still required when the last figures were given out yesterday, and there was some doubt as to whether the last day's work would be sufficient to raise this amount. When the final results, however, were given out this evening, it was shown that the last day's work had netted slightly over \$31,000, making the sum required for a handsome margin. This included a subscription of \$10,000 from Robert Ford, an anonymous donation of \$2,500, and several other thousand dollar subscriptions, including one from Mr. C. M. Hays, general manager of the Grand Trunk. In addition to this a subscription of \$5,000 was received from the late David Yule, who very shortly before his fatal seizure, a few days ago, had bequeathed this amount to the Y. M. C. A. for its work amongst foreign young men. The successful issue of the campaign was celebrated with a big meeting at the headquarters, and at the conclusion of the meeting, Mr. C. S. Ward, the International Secretary, who has been the moving spirit in the effort, was presented with a handsome set of gold studs by the leaders in the movement.

## WELLMAN'S DASH TO POLE

Christiana, June 22.—Walter Wellman and the other members of the expedition that is to make an attempt to reach the North Pole by balloon, left here this afternoon for Tromsø, on their way to Spitzbergen, where it is supposed to make the start.

## TRAIN HELD UP

Winnipeg, June 22.—The Vancouver train, No. 97, was held up by six bandits at Duck's last night, but the bandits got nothing. They had mistaken it for No. 5 carrying ninety silver bars of seventy pounds each to the coast. The bandits made their escape in a boat, which was waiting. A large posse is in pursuit.

## ROOSEVELT FAMILY

### GOING TO EUROPE

New York, June 22.—Mrs. Theodore Roosevelt and three of the Roosevelt children, Miss Ethel, Archie, and Quentin will leave New York, June 26th, on board the White Star line steamer Celtic for Gibraltar and Naples to pass the summer on the Continent. The Roosevelt party will spend a month with Mrs. Carver, Mrs. Roosevelt's sister, at her villa, near Rome, afterwards going to France on a trip planned especially for Miss Ethel's benefit. Mrs. Roosevelt and her children will sail for America about November 1st having abandoned the previously arranged plan of remaining in Europe through next winter and journeying up the Nile in the spring to meet Colonel Roosevelt.

## LOAN TO CHINA

New York, June 22.—It is understood in financial circles interested in the loan of \$27,500,000 to China for the construction of the Herkoy-Szechuen railroad, that America, while assisting on her right to participate in this loan, has offered, in order to make matters easy for the other powers concerned, Great Britain, France and Germany, to accept 20 per cent. of the loan, as her share. Furthermore, America has waived her right, under the convention with China, to appoint an engineer or auditor of the line.

## GERMAN REICHTAG DISSOLUTION

Berlin, June 22.—In the lobbies of the Reichstag the dissolution of parliament was freely spoken of to-day as increasingly possible. It is apparent that the government cannot have its entire scheme of proposed taxation accepted; the conservatives and clericals are determined to defeat the inheritance tax. Dissolution can take place only on joint action by the emperor and the federal council. The proposal to impose a yearly tax on bonds and stocks was adopted by 203 votes against 155. The tax is to be calculated on the basis of the average quotation for the preceding year and the rate of interest on this amount which the current dividend yields. The tax will then be deducted by the companies from the dividends before payment.

## Word's Phosphodine

The Great English Remedy. Tons and thousands of the whole nervous system, makes new blood in old veins. Cures Nervous Debility, Mental and Physical Weakness, General Exhaustion, and all the symptoms of a weak and nervous system. Sold by all druggists or mailed in plain paper on receipt of price. No sample needed. The Word Medical Co., Toronto, Ont.

## GERMAN POLITICAL SITUATION CONFUSED NEXT MEETING WILL BE IN ITALY

### Resignation of Chancellor or Dissolution of the Reichstag Among the Possibilities.

Berlin, June 22.—The political situation for the crown is extremely confused by to-day's events. The Reichstag's adoption of a quotation tax, which Chancellor Von Buelow declared the government would never accept, and the Finance Committee's rejection of an inheritance tax, which he declared to be an essential part of the central scheme of finance reform, leaves the Chancellor's position extremely precarious. Many politicians now think that the Chancellor will be compelled to resign, unless he has the courage to dissolve the Reichstag and appeal to the country. The latter solution, however, is regarded as practically out of the question since Prince Von Buelow would have to make a fight against the conservatives, who are accounted the traditional pillars of the throne. The opinion, therefore, of nine-tenths of those conversant with the situation favors resignation. It is also believed that Chancellor Von Buelow's retirement would be followed by the resignation of Herr Syllow, Secretary of the Imperial Treasury, and Baron von Rheinbaben, Prussian Minister of Finance, who are equally committed with the Chancellor to the inheritance tax and against the quotation tax. In the meantime the outlook for financial reform is exceedingly gloomy. The inheritance tax will come up for the second reading on Thursday before a full house, where its adoption is expected, notwithstanding its rejection to-day by the committee. But the Conservatives and Clericals declare that if it is adopted they will refuse further co-operation. It is also uncertain what attitude the federal council finally will take on the quotation tax and therefore the government's difficulties multiply.

## EARL GREY BOOMING CADETS

### Offers a Challenge Shield to City, Town or Municipality Having the Largest Percentage

Ottawa, June 22.—A challenge shield will be given by the Governor-General to that town or city with five thousand inhabitants or over, or that recognized country in any of the provinces not having within its county boundaries a town of five thousand inhabitants, which can show the greatest proportion of cadets in its municipal (or county) population on the 24th May, 1910. The term "Cadets" to be defined by the Militia Council, also the methods for ascertaining to population. The shield will be held by that cadet corps of the winning city or town, or county, which upon inspection by the district officer commanding, or other selected military officers, shows the greatest proficiency in military drill and rifle shooting.

## TAKING PRECAUTIONS

Toronto, June 22.—Owing to a case of smallpox, for which the steamer Virginia was held in quarantine at Grossa Isle and the fact that a second class passenger contracted the disease after reaching Toronto, Dr. C. A. Hodgett, Secretary of the Provincial Board of Health, secured from the Immigration Department at Ottawa the names and destinations of all passengers coming to Ontario. The local health officers at the various points in question have been notified to take all necessary precautions.

## BATTLING NELSON'S VICTORY

Oklahoma City, Ok., June 22.—Battling Nelson got the decision over Jack Clifford in the fifth round of a fifteen round bout to-night. Referee David Porteous stopped the fight when Clifford had been knocked down by a heavy jab in the stomach. He said he feared Clifford would be hurt and the police would interfere. Clifford rose after the count of five, however, and demanded that the fight continue. The abrupt ending of the match angered the crowd of about 4,000 persons, who hissed and jeered the fighters.

Boston, June 22.—Sandy Ferguson, of Chelsea, was given the decision over Joe Jeannette, colored, of New York, after twelve rounds of uninteresting boxing at the Armory Athletic Club to-night.

Niagara Falls, N.Y., June 22.—Eddie Kelly, the Buffalo newsboy, was given the decision over Eddie Stanton, of California, at the beginning of the 3rd round of what was scheduled for a 10-round bout here to-night. Stanton was given a bad drubbing in the first two rounds and deliberately fouled in the third and put an end to the fight.

The man who minds his own business gets skinned neither by his general manager nor by the public as a busybody.

### International Council of Women Had to Take Two Ballots to Decide.

Toronto, June 22.—With a garden party beside the cool shores of Lake Simcoe, at the beautiful summer home of Lady Edgar, in prospect, International Council of Women rushed their business along and practically cleared their agenda paper. The unfinished business, including a discussion on immigration, questions and consideration of the social problems commonly known as the "White Slave" traffic, was postponed to a special session, which will be held at the University on Friday night. To-morrow the delegates will visit Niagara Falls, and on Saturday they will have an opportunity of inspecting the Ontario Agricultural College at Guelph. The greater part of the meeting was occupied with the reception of reports from various National Councils. One item of interest is that the Danish Government is paying the expenses of two of the delegates from Denmark to the International Council of Women, an example, the ladies thought, might very well be followed by other governments. The women of Greece, while wanting more independence, have taken several practical steps, one of which is to form an ambulance corps ready to follow the defenders of their country to the battlefield.

They have also taken an active share in the work of prison reform, and have succeeded in having women's prisons established, in which there are no male wardens. Baroness Gripenburg, in her report on conditions in Finland, reported that twenty-one women are members of the Finnish parliament, of whom nine are wives of workmen. She expressed regret that now that the franchise had been granted, succeeding elections showed a decrease in its exercise.

Official sanction was given to the meeting to be held in Massey Hall on Sunday evening, when Mrs. May W. Sewell will give an address on the educational aspects of the peace and arbitration questions.

It took two ballots to decide the place of meeting of the next International Council, Italy finally getting the decision. The Executive Council will meet in Sweden in 1911 and in the Netherlands in 1913.

On behalf of the Executive Lady Aberdeen moved.—"That the National Council should during the period of 1909-14 devote a large share of their attention to questions concerning children, and should hold special discussions on such questions at the next quinquennial meeting of the International Council of Women." The resolution was seconded by the Marchess Bourbon and carried without discussion.

Mrs. Ogilvie Gordon moved that a standing committee on education should be formed and National Councils, who had not already an educational section, should be recommended to follow a similar course. She added a rider in favor of the scientific and practical teaching of domestic subjects to girls of educational information and employment business in connection with the schools. Frau Hainisch seconded the motion, and it was adopted unanimously. Mrs. Gordon being enthusiastically elected convener of the new section.

The Council reaffirmed the resolutions passed at the various public meetings in favor of establishment of a section of public health, the need of women to serve on public bodies, and the granting of the franchise to women.

Mrs. May Wright Sewell brought forward the following resolution in the interest of the promotion of peace and arbitration:—"The International Council of Women urges all National Councils to promote the use of such text books and reading books in schools as will present historical facts with the least possible bias, and to endeavor to arouse a living interest in the modern methods of peaceably settling international difficulties." Some of the delegates did not think this resolution needed, but doubters were silenced when Mrs. Sewell pointed out the great differences between English and American histories with regard to the revolutionary period. The resolution was adopted, as was that proposed by Dr. Skoglund for the protection of birds.

Some amusement was caused when Mrs. Edwin Gray, Great Britain, in whose headgear two large feathers were prominent, seconded the last named resolution, saying that ladies should be careful what they wore in their hats.

A resolution by Froken Buch, Denmark, for the use of a neutral language for official purposes in connection with the Council was snuffed under. Froken Buch also urged that the bureau of the postal union should be asked to reduce postage and introduce some simple form for "answers prepaid" and with this she was more fortunate, the Council adopting the resolution by a large majority. The remainder of the agenda was postponed until Friday.

## POWERFUL STORY OF NEW CANADA BY SIR GILBERT PARKER

"The Guest That Tarried" by Sir Gilbert Parker, weaves a story around a brave community, at work on the immense acreage of the North. The bewildered Methodist Minister, the sudden, unexpected millionaire are a few of the characters that contribute life to this little community drama. June 26th issue Collier's now on sale.

## Corns? Have You Any?

If so, you want to try Putnam's Corn Extractor; it is not a cheap acid salve, but a genuine cure that does remove corns in twenty-four hours. Be sure you get "Putnam's."

### Cambridge Sausage

On Wednesday we will have on sale 600 lbs. of delicious Cambridge Sausage. We receive this fresh every Wednesday, sweet and juicy. Market Price 15c a lb. Our Price, per lb. 11c

## \$500.00 in Cash Will Be Given Away

FOR the purpose of making our Customer's Deposit Account Department better known, and to encourage those who have never tried it to open an account at once, we will give away \$500.00 in CASH to new depositors, on condition that not less than \$4.50 is deposited. Every Customer opening a New Customer's Deposit Account by June 30th and July 12th, 1909, will be given a chance to participate. This is the great offer we have ever made in connection with our Customer's Deposit Account Department, and will doubtless be the means of starting thousands of Quebecers on the Royal Road to Independence.

**The Plan**  
Every NEW depositor will be given credit for the sum of FIFTY CENTS, on condition that not less than \$4.50 is deposited to make up the sum of \$5.00, with the understanding that this balance must be left at least one month.

**The Advantages**  
of shopping with a Customer's Deposit Account are numerous. You do not carry any money. No waiting for change at the counter. No payment of C.O.D.s to drivers. No need of carrying a purse. Five per cent interest on your money.

**5 Per Cent Interest**  
will be paid on your daily balance, compounded half yearly. This makes a Customer's Deposit Account one of the best investments you can possibly make. Your money works for you at a high rate of interest day and night.

**Withdrawals**  
You may withdraw your money any time during business hours. No notice required. When withdrawing money simply sign a check for this amount, and the money will be handed over to you immediately. Open an account NOW!

## THERE IS NO DISPUTING THE FACT

that **CLAIRE-FONTAINE** natural mineral water is a pure, wholesome and satisfying drink. Everybody in the family can drink it, Father, Mother and the Children. Sage, Alcohol, Water, Perfume.  
We believe doctors endorse this formula, or we would not put it up.  
**Does not Color the Hair**  
J. C. Ayer Company, Lowell, Mass.

### The Quebec Chronicle

QUEBEC, JUNE 23, 1909.

#### SETTLED.

"Our morning contemporary can't understand what interest a person in Westmount can take in Quebec's civic affairs to attack Ald. Messervey. This alderman evidently thought a few weeks ago that Montrealers had more interest in Quebec affairs than Quebecers, as, at a meeting of the Quebec Civic Finance Committee, when that body was discussing the circulation of the two papers as to their merits for Quebec city advertising, one of Ald. Messervey's chief contentions for favoring the morning paper was that he was able to purchase a copy in Montreal once, and could not purchase a copy of the Telegraph."

That settled it. According to Alderman Messervey's experience. The Quebec Telegraph is as much a rarity in Montreal as the Solan goose or the Dodo. That being so, how should Montreal, to say nothing of Westmount, know anything about our confre's woes. The Chronicle said nothing about them, nor any other paper so far as we can learn, and thought the Telegraph howled loud enough, it is scarcely likely that it howled loud enough to be heard in Westmount. Our confre, to put it charitably, seems to have hallucinations.

#### THE BANQUET TO HON. MR. PUGSLEY

Hon. Mr. Pugsley has been banqueted by the Quebec Board of Trade, and in return made a few remarks which are well worthy of notice. He began by remarking that he had had that day an opportunity of visiting the port of Quebec, and that, notwithstanding all that had been said, he was forced to admit that it possessed all the necessary advantages, and from that he went on to say that in future Sir Wilfrid Laurier and his colleagues would devote a great deal of their attention to Quebec as he considered that this port was the natural terminal port for all the railway and trans-Atlantic lines. That is all very nice, so far as it goes; being a guest of Quebec, Hon. Mr. Pugsley could do nothing else but to pat Quebec on the back as cordially as possible, but how his utterances will be taken in Montreal is a horse of another color, that is, if we take them to be sincere. It is quite a new light that has broken on "Sir Wilfrid Laurier and his colleagues" if they now see in Quebec the natural terminal port for all railway and trans-Atlantic lines, and have at last awoke to the fact that it is "absolutely necessary that this port should be equipped so as to meet all the requirements which will be felt here in the next few months." Henceforth, we are told, the Dominion Government will devote a great deal of its attention to the port of Quebec, which is a tacit admission that up to the period when the Harbor Commissioners sharpened Hon. Mr. Pugsley's perception Sir Wilfrid Laurier and his colleagues had regarded Quebec as a quantite negligible, which is a lamentable fact.

When Hon. Mr. Pugsley says that he is free to confess that notwithstanding all reports to the contrary the port of Quebec possesses all the necessary advantages, he must mean the advantages for which it is indebted to nature, and not to the Harbor Commissioners or the Dominion Government. It is a very long way off from possessing all the advantages supplied by art and skill. This very year, if we are correctly informed, and we have no reason to doubt our information, cargoes of coal have been taken up to Montreal, because the facilities for unloading there are so much superior to anything we have here that the saving in time more than counterbalances that lost on the voyage and return between Quebec and Montreal, and is in point of fact equivalent to the securing of an extra trip during the season. If this be true, it is very evident that the natural facilities of Quebec have not been properly

## GLORIA Cigarettes

Sweet & Mild  
5c

utilized up to the present moment, and we note with satisfaction the implied promise of Hon. Mr. Pugsley that the Dominion Government will henceforth pay more attention to the needs of this port, though it would have been a great deal more satisfactory if it had already done so.

Sir George Garneau spoke of the importance of a new dry dock and the necessity of dredging the River St. Charles. The latter the Dominion Government may be reasonably asked to do, as to the former it is become tolerably apparent after years of talk that the Dominion Government has not the slightest intention of doing more in that direction than it has already done, and that if Quebec is ever to have a good dry dock she must engage the services of private enterprise. The necessity of such an equipment admits of no dispute, and it is really of more importance to the Dominion generally and the trade of the St. Lawrence route than it is even to local interests; it is so important, indeed, that no time should be lost in securing it.

#### THE ACCIDENT TO THE CAMPANA

The Ottawa Citizen, commenting on the recent accident to the Campana, and recognizing that it is one of those incidents which tend to bring the St. Lawrence route into undeserved bad repute, says:—

"Thus early in the opening of navigation on the St. Lawrence we find a passenger steamer has been run on a reef and sunk. These are the sort of instances that give the St. Lawrence route a bad name. In this case, as in many others, the pilot was at fault. He was a newly licensed pilot, and he had managed to get the steamer two miles out of her course when the accident occurred. The best ship channel in the world would get a bad name with pilots of that description. The Marine Department authorities, before licensing a pilot, should at least take the precaution to have him understand that he is required to pilot a vessel where there is water, not overland. This oversight on the part of the department has been responsible for fifty per cent of the accidents on the St. Lawrence route in the past. Buoys that go adrift, and lights that go out, have been responsible for a large proportion of the remainder. There is a good channel in the St. Lawrence, but if steamships are not kept in the channel by competent pilots, aided by proper lights and buoys, it has been abundantly demonstrated that ocean liners, not being alligator boats, cannot travel across country with any degree of success."

#### ANOTHER LESSON OF THE WIRELESS

When a warship, rammed by a steamer of peace, fills and quickly sinks without the loss of a man, it surely adds to the debt owing the inventor of the wireless when that agency is the means of salvation. Since Jack Binns sent the Baltic's C. Q. D. alarm the attention of the world has been closely fixed on all similar messages of the air, and this news from England comes as a fitting chapter in the triumphs of this great invention. Perhaps the praise-inspiring way the jacks of the Sappho, sunk Saturday night by the Wilson liner of the same name, went at their drills, as if it were not a matter of last resort, had no little to do with the great saving of life. But to the inventors who have perfected the wonderful system of sending signals in time of greatest need is due the chief credit for the fortunate outcome. Just why the liner left so hurried in the fog is not yet stated, but the tugs from Dungeness answered the aerial call for aid and did what men of the sea seem always prepared to do.

In this age of inspiring invention it is worth while sometimes to sit back and think over the things, like wireless, that we of this generation have accepted too much as a matter of course.

#### CANADA'S NAVAL POLICY.

Canada's only admiral, if we except Admiral Dan McGillicuddy, has taken occasion to announce in advance of the Imperial Conference that the idea of this country investing its money to supply reinforcements of Dreadnoughts, which would be available to assist the British navy should war occur, is childish. In the first place it does not seem to be wise or politic that the naval adviser of the Ministers who are going to Britain to consult on the question of Imperial defence should pronounce such a sweeping opinion at variance with the views of some of the most distinguished naval authorities of the Empire, in advance of the conference. Careful people usually desire to have all the facts before them on an important question before they give out opinions for publication. Admiral Kingmill announces in advance that in his opinion the idea that Canada should put its money into Dreadnoughts is childish, and that the proper thing for this country to do is to enter upon an extensive naval programme which will have as its object the creation of a fleet of smaller vessels. The question is not a technical one, but a matter

of common sense, in which the lay opinion carries about as much force as the professional. It all turns on the question as to whether Britain could hold the sea under any conceivable circumstances if her Dreadnought fleet were defeated by the enemy. If it is admitted that Britain could not do so, then the suggestion that Canada should be ready to supply a contingent of Dreadnoughts in case of war is not childish. On the contrary it is the best extract of sound sense. For Canada to maintain a large monoum fleet of small vessels would be about as useful as if, instead of land regiments of full grown men, she maintained a militia composed exclusively of school boy cadets. Such a policy would be childish in more senses than one. In case of a land war Britain might ask Canada to contribute ten thousand drilled men, and Canada would have to reply that she was very sorry that she had no drilled men in stock, but would be very glad to furnish the Empire with ten thousand drilled school boys. In the same way, should the naval supremacy of Britain be threatened and Britain asked Canada to reinforce her battleship fleet, Canada would have to reply that she was very sorry that she had no battleships, but she could supply a large flotilla of revenue cutters, gunboats and fourteenth-class cruisers, the whole lot of which could not knock the paint off a single Dreadnought of the enemy. —Ottawa Citizen.

#### ANOTHER ADDITION TO THE EMPIRE

Those who carp at the growth of the British Empire will find further reason for complaint owing to the fact that another addition has been made to the area over which the flag flies. A small British expedition has just returned from the territory north of Nigeria, to which country it was sent owing to the maltreatment of the people by certain ruling tribes. It reports that human sacrifice is practised by the natives, and that cannibalism prevails. By Col. Trenchard, the leader of the expedition, the chiefs were called together, and the intimation was made to them that the barbarities must cease.

The instructions to this effect have been well received, but not so enthusiastic as to render it probable that the reform will be observed without supervision from outside. It has, therefore, been found necessary to assume authority in the territory, and as a result 5,000 square miles have been annexed. Thus the British Empire grows. It is not an unworthy desire to occupy new territory that extends the boundaries and multiplies the responsibilities of the world-wide influence over which the King reigns. It is not conquest, or the policy of humiliating other nations, and taking from them the wealth they have acquired, that causes the Empire to spread. British Imperialism is not founded upon greed either of territory or of gold. It is not the Imperialism of Greece or of Rome, or Persia or of modern Russia. The Empire extends of necessity, and the necessity that forces its growth is that of the people who are admitted to its protection. The benefits of civilization, of settled government, and of personal liberty are wanted by races now strangers to these blessings, and it is only by giving them British rule that their needs can be met.

The Empire grows, not as a machine for enslaving, but as an agency for the extension of freedom. There are those who say that it is jingoistic to welcome the expansion, and even more jingoistic to assume that the British Empire is worthy of defence. But jingoism has no need to be ashamed of a movement which contributes to the welfare of millions of our fellow-creatures, of a governing influence which is universally admitted to be the greatest of all agencies for the promotion of peace, progress and prosperity.—Mail and Empire.

#### LACK OF BLOOD

Is What Causes Headaches, Dizziness and Heart Palpitation.

On the blood depends the welfare of the whole body. Where good blood exists disease is unknown, but where the blood is poor and watery disease quickly seizes hold of the body—it is then headaches, backaches, dizziness, heart palpitation and other serious ailments make themselves felt. Good blood can always be obtained through the use of Dr. Williams' Pink Pills for Pale People. They actually make good, rich blood and thus restore lost strength and banish disease. Mr. Herbert Hanson, Brewer, Mills, N.B., says:—"I cannot praise Dr. Williams' Pink Pills too highly. I was troubled with headaches, dizziness and loss of strength, and had a hacking cough which I feared would lead to consumption. I tried a number of medicines without benefit, but was finally persuaded to try Dr. Williams' Pink Pills. I did so and used these Pills for several months with remarkable results. They helped me so much that I now strongly recommend them to all other sufferers."

The experience of Mr. Hanson is that of thousands of others who have found health and strength through Dr. Williams' Pink Pills after other medicines had failed. It is through their power in making good blood that these Pills cure such troubles as weakness, indigestion, rheumatism, heart palpitation, neuralgia, nervous troubles and the distressing ills of girlhood and womanhood. Dr. Williams' Pink Pills for Pale People are sold by all dealers in medicine or direct by mail from The Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.

## SUMMER SORES

When troubled with sunburn, blisters, insect stings, sore feet, or heat rashes, apply Zam-Buk!  
Surprising how quickly it eases the smarting and stinging! Cures sores on young babies due to chafing.

YOUNG PRINCE HERMANN'S BILLS

Family Started Him in Army with Allowance of \$10,000, Now Owes \$1,250,000.

New York, June 22.—A lively account of a young German noble's wild career is given in the American by the Paris correspondent of that newspaper; the despatch says that this career, which is that of Prince Hermann of Saxe Weimar and Eisenach, has met with a temporary check, inasmuch as the youth is now in a sanitarium, but that he vows that he is soon coming to the United States to marry the richest heiress he can find on this side of the Atlantic.

No one in Paris for the last few months has led a more variegated life. His horses, his gaming, his entertainments and his truly royal gifts to the notorious Mademoiselle Wanda, his debts and his money shifts were the talk of the town. The Prince was born on the last day of 1886, and consequently is now in his twenty-second year. He was placed in the Prussian Guards of Berlin with the rank of lieutenant, and his family gave him an allowance of \$10,000.

STARTED A RACING STABLE.

On that modest income the Prince tried to keep up a racing stable, with the result that before a year was over his family, his mother and the Grand Duke Ernest had to pay off his debts of \$200,000. Prince Hermann was then sent in disgrace to a small country garrison, where his rank enabled him to borrow money from all the officers of the regiment. These debts are still unpaid and have been the cause of many hardships.

The Prince, bored of provincial life, found a sly method of escaping from military service. Procuring a quantity of bullock's blood from a slaughter house he made use of it to persuade the regimental doctor he was suffering from a hemorrhage, and the doctor gave him an 18 months' leave of absence. Then began his career in

and the exact amount payable in Austria, Belgium, Denmark, France, Germany, Great Britain, Holland, Italy, Norway, Russia, Sweden and Switzerland is stated on the face of each cheque, while in other countries they are payable at current rates.

The cheques and all information regarding them may be obtained at every office of the Bank.

Quebec Branch, 127 St. Peter St. W. H. DUNSFORD Manager.

Paris and Vienna which startled even the most reckless of royal spendthrifts and profligates. Debts piled up. He borrowed money right and left. In Paris alone, the American correspondent is informed by the solicitors in the case, his debts amount to \$900,000.

DECLARED A BANKRUPT.

The Grand Duke's family had him declared a bankrupt, though no publicity was given to the proceedings, so being a bankrupt and having worked the continent, Prince Hermann departed to London. His one possession was a letter from the Grand Duke of Saxe Weimar promising to pay him \$16,000 on October 4th. By showing this freely he got a number of prominent people to back his paper, on which he secured money from the money lenders.

His family learned that he even had duplicated the Duke's guarantee in order to have copies to show possible lenders. In this way Prince Hermann ran up his total indebtedness to \$1,250,000. Just in time his family intervened and through the German Embassy had him seized and taken out of the country. Ten minutes after he was smuggled out of his rooms the London police arrived to arrest him.

His family at once had him declared insane, and he is now confined in the sanitarium near Frankfurt.

CLOSING LETTER.

By Private Wire. Neuville Belleau & Co., 93 St. Peter Street, Quebec. Phone 946.

New York, June 22.—London prices showed little change this morning, but London was credited with selling between forty and fifty thousand shares of stocks. Commission houses generally had buying orders and the shorts soon caught the drift of the market and ran to cover; the result was an advance of a point or two throughout the list. Later in the day dullness set in and gradually prices reacted, selling off rapidly in the afternoon. The close was at a fair recovery from the lowest. Coppers were depressed by the large production for May, over 110,000,000 pounds, the greatest on record. Union Pacific advanced three points to over par on rumors in which we place but little faith on retirement of pfd. shares. New York Central was strong on the rumors of rights to be given to the stockholders. Mr. Harriman's health was reported to be about the same as heretofore. He is not a well man nor is he considered critically ill. It is stated that Congress will adjourn July 15th, which is devoutly to be hoped. The American Hide & Leather directors declared no dividend on the preferred stock. Chesapeake & Ohio and Atchison were about the best supported stocks on the list. The weather in the Atchison district is said to be helping the crops rapidly. We look for a continuance of the present traders' market for some time to come for the crop uncertainties will tend to cause scares and we would prefer not to recommend purchases except on weak spots and sales on rallies.

THEO. HAMEL'S NEW YORK CLOSING LETTER.

New York, June 22.—For a time in the last hour the market continued to sag off with Amramated under pronounced pressure which forced its price below 78, making it show an extreme decline of near two points from the highest. Other stocks receded moderately with a little aggressive selling noticed in Reading, but in the final

Attorney for Plaintiff,

**EARNINGS OF CORPORATIONS**

**Proposed Tax Discussed at Important Meeting at White House Last Evening.**

Washington, June 22.—Details of the proposed measure for the taxation of net earnings of corporations were arranged to-night at the most important conference that has been held at the White House since Mr. Taft assumed the Presidency. There were present as the President's guests at dinner Attorney-General Wickersham and Senator Root, who are charged with the task of drafting the measure; Secretary of State Knox, Senators Aldrich, Burrows, Penrose, Hale, Cullom, Flint, Smoot, McCumber and Lodge, constituting the Republican membership of the Senate Finance Committee; Speaker Cannon, Representative Payne, Chairman of the House Committee on Ways and Means, and Representative John Dwight, of New York, the Republican whip of the House.

The statement set down to dinner in the State dining room at eight o'clock. No business was discussed at the dinner, but for two hours afterward the corporation tax measure, which had been prepared in the form of an amendment to the tariff bill, was viewed from every angle. Many changes from the form in which it was presented were suggested and not a few of these were declared to be wise. The result was that the carefully prepared copy was given to each member of the party by Attorney-General Wickersham and were returned to him at the end of the conference.

President Taft himself suggested that the copies should not be taken by the members of the party until the amendment had been perfected. All agreed not to make the form of the amendment public until it is ready to be introduced in the Senate as a Finance Committee amendment to the tariff bill. The terms of the measure as finally agreed upon, although not yet whipped into form, provide that all corporations having capital stock and organized for profit shall pay a tax of two per cent upon their net earnings. Corporations coming within that designation will be compelled to make returns to specially named agents of the Bureau of Internal Revenue of the Treasury Department, giving the amount of their gross receipts, capital stock, bonded indebtedness and all other debts. Separated from these returns the corporations will be compelled to report the amount of their net receipts, after deducting their general and ordinary running expenses, interest on bonds up to the amount of the capital stock of the corporation, interest on notes and other forms of tangible indebtedness, and any actual loss that may have been incurred in business, which loss was not made up by insurance salvage or other form of return.

The amendment will define in the broadest possible way the character of losses which may be deducted from the net earnings upon which the tax is to be collected. These losses will include bad accounts of a mercantile corporation, losses upon securities held by bankers, uncollectable notes and all other forms of bad debts which are usually charged to profit and loss accounts. As has been stated before the two per cent will apply to all corporations organized for profit, but each corporation will be allowed a five thousand dollar exemption which means that the tax will not be collected except upon earnings in excess of \$5,000.

Estimates given to-night place the probable amount that would be raised by the proposed two per cent tax on net earnings of corporations, after taking into consideration all of the exemptions stated, at from \$26,000,000 to \$30,000,000.

**TWENTY HEAT PROSTRATIONS**

**Yesterday Was a Seizing Hot Day in New York City and Many People Suffered.**

New York, June 22.—It was sizzling hot to-day—90 in the shade at noon and humid. Nearly everybody suffered, the east side fairly pained and thousands went to Coney Island and nearby beaches.

According to weather bureau records, to-day was the hottest June 22nd on record here. Some thermometers registered as high as 91 at 3 p.m. with humidity at 47. Toward evening, however, the clouds gathered, and a few rain drops fell, and as dusk came a fresh breeze pushed down the mercury and gave relief.

More than twenty heat prostrations occurred during the day in the greater city and at least two suicides were indirectly caused by the high temperature. Herbert Van Name, a passenger conductor from Binghamton, N. Y., whose train reached Jersey City last night, cut his throat early to-day, and Peter Sien, out of work and irritated by the heat, hanged himself in a basement.

**MORE STARTLING EVIDENCE**

Montreal, June 22.—At the Royal Commission this afternoon Captain Naud, who has been connected with the Fire Brigade since 1877, made the rather sensational declaration under oath that on one occasion Sub-Chief Dubois had asked him for \$50 in order to obtain a promotion.

**SOLDIER SOON 103 YEARS OLD**

Wilmington, Del., June 22.—Captain Joseph Downing, survivor of four wars, hopes to celebrate his one hundred and third birthday on July 4. He served in the Creek-Seminole War of 1832, the Mexican War, the Crimean War of 1855, 1856 and 1857, and in the Civil War.

"I always felt that whenever a war broke out men ought to go and get it over with just as soon as possible," said Downing, "for war preys alike on life and property."

Captain Downing is a native of Philadelphia, but he makes his home at Little Creek, Del., where he lives on his pension of \$30 a month from the United States Government for service in the Civil War. He is able to do odd chores and is fond of fishing. He has a sister in Philadelphia, 20 years his junior. She is his only living relative.

After his 70 days in the Seminole War in Florida, fighting the Indians under submission, Downing entered the Mexican War, where he served on the steamboat Anderson, under Captain John King. The Anderson conveyed supply ships and met the American troops at coast towns with supplies and arms, but was often fired at and in hot engagements.

In the Crimean War Downing's assignment was on the Golden Gate, a transport, and the work of this ship kept its men under hot fire.

Downing enlisted from Philadelphia in the Civil War. His term began July 27, 1861, and extended three years and nine days. Most of his time was served as master-at-arms on the Yankee.

**POWERFUL STORY OF NEW CANADA BY SIR GILBERT PARKER.**

"The Guest That Tarried" by Sir Gilbert Parker, weaves a story around a brave community, at work on the immense acreage of the north. The wise but over-worked Doctor, the bewilderment of the Minister, the sudden unexpected millionaire are a few of the characters that constitute life in this little community drama. June 22nd issue of the Chronicle.

**MAUD ADAMS IN JOAN OF ARC**

**Two Thousand People Assist in Open Air Presentation of Schiller's Masterpiece.**

Cambridge, Mass., June 22.—The experiment of producing Schiller's Maid of Orleans, beneath starry skies with close approach to the historic details, surrounding the bright figure of the fifteenth century was carried out with considerable success to-night in the extensive area of the Harvard Stadium by Miss Maud Adams and a company numbering about 2,000 persons. The performance was undertaken for the benefit of the museum. More than 15,000 people massed tier above tier saw what was intended to be a nearer approach to the German poet's idea of "Joan of Arc" and the eventual scenes of her brief career, than Schiller's drama itself is to the accepted facts, surrounding the French Donny.

The historic perspective was skillfully maintained throughout, from the little pastoral scene in Johannes father's home with the flocks of sheep and actual trees of the forest, to the splendor of the French court, the clash of the English and French arms, the coronation pageant and the death scene in the cathedral. The scale upon which the scenery was prepared was consistent with the proportions of the Adelphi Theatre. A special electric light plant had been installed to supply the hundreds of brilliant lights needed, a great cathedral was erected, back ground contrasted and a realistic forest created. Miss Adams received an ovation at the conclusion.

**BEAUTY PARLORS' SCIENTIFIC RIVAL**

**London Hospital Enters into Competition—Complexions Transformed.**

London, June 22.—The beauty parlors of London have a serious and scientific rival in the inoculating department at St. Mary's Hospital. Here complexions are being renovated and revived by the latest scientific treatment.

The injection of a few millions of disease germs into the tissues of the shoulder or flank can transform a sluggish, blotchy complexion to a normal healthy skin, according to a doctor at the hospital. The best results are obtained in the cases of muddy, sallow complexion due to sluggish action of the skin glands.

The disease here is caused by a recently discovered germ named the acne bacillus. In other cases where the skin is tender and painful another germ, the staphylococcus, is usually found as well. The treatment consists of injecting under the skin vaccines composed of one or both of these two bacilli, according to the symptoms of the case.

The ordinary patient seeking treatment for a bad complexion will receive in his first dose about 125,000,000 of staphylococci, with perhaps 5,000,000 of the acne bacilli. The vaccines are manufactured in the laboratory and are supplied in glass bulbs, each holding about a teaspoonful. One of these bulbs is sufficient for three or four doses and contains over 500,000,000 of the bacilli.

Where the new treatment has a great advantage over the beauty parlors' complexion cure is in the time required to accomplish results. A tiny patch of skin on the shoulder or flank is washed and sterilized and the vaccine injected with a hypodermic syringe. The whole treatment takes only a minute or two and the patient has only to go home and await results.

**INDIAN SINGER IN SAENGERFEST**

New York, June 22.—Behind a canvas scene which eliminated the eye as a factor in the judgment, ten sensitive ears listened critically to-night to the final and most important competition of the Saengerfest at Madison Square Garden. It was a sort of vocal derby event of a four days' festival which has brought thousands of German-Americans together here from almost every city in the east. The "Stakes" in to-night's event were not only royal but imperial, for the trophy for which five glee clubs sang, was offered by William, King of Prussia and Emperor of Germany. Though the competitors were mainly German, there was an odd exception in the case of the Concordia Society of Wilkesbarre, Pa., which includes Hungarians, Welshmen, Irishmen and one full-blooded Sioux Indian. The latter, L. L. Bishop, is a graduate of the Carlisle Indian School and a baritone. He, with the Irish and Welsh members of the Society, joined with those of German tongue in a German song. This delegation won the event three years ago. The other competitors were the Kreuzer quartette, of New York, the Junger Maennerchor, of Philadelphia, the Germania, of Newark and the Arion, of Baltimore. Each club sang "Warming Verdien Rhein." The winner of this event and several other prize contests will be announced to-morrow.

**REIGN OF TALL GIRLS.**

At Its Height Now, But the Small Girl's Turn is Coming.

Brigades of exceptionally tall girls practically rule hospitality all over the country, declares the English Lady's Pictorial. They need not be pretty or intelligent for they are expected to do nothing except to talk.

A tall girl season now means that every hostess must endeavor to produce a predominating impression of tallness at her parties. Tall dinners and tall dances become a social ambition; small men find themselves suddenly useful as an effective means of creating a contrast when semi-Amazonians must be entertained.

There is no limit which can be regarded as reasonable when once the craze for tallness commences, yet at the moment when with that mysterious facility of the feminine nature tall girls seem to be looming up in all directions the edict goes forth that her reign is over and the little woman is in the ascendant.

Men would seem to have rather ingeniously guarded against fashions in height by becoming almost uniformly of medium stature. The present predilection of smaller men need not be taken seriously; from every point of view moderation in inches has been found satisfactory, now that we never know from one year to another whether women are going to be ridiculously small or abnormally tall.

**OLD "METHODIST" CHURCH.**

The one hundredth birthday of the White Chapel, at Hallowell Mills, two miles below Picton, Ont., was fittingly marked a few days ago, June 5th, when the Bay of Quinte Conference of the Methodist Church advanced to visit the historic structure, now the oldest Methodist Chapel in use for church purposes in the Dominion of Canada. The Methodist meeting house at Adolphustown is really the oldest in Canada, having been built in 1793, but it has passed into other hands, and is being used for worldly purposes, while the White Chapel has stood throughout a century maintaining standing and dignity as a place solely for worship.

It is a prosaic type of architecture, this old whitewashed chapel, that represents the toil and sacrifice of the United Empire Loyalists—with its four square walls and pavilion roof, of heavy frame timber, like which none is seen nowadays. The interior is quaintly old-fashioned, the box-like pulpit, crowned overhead with the "sounding-board," characteristic of the olden days. The straight pine benches, almost Puritanical in their lack of physical comfort, and suggesting days even more remote and prim than crinolines and poke bonnets. Then, too, the balcony is odd, with its almost perpendicular floor, taking one back forcibly to church building in Canada in its primitive state. There in the corner is the old melodeon, now almost timeless, and the box stove used the first winter the chapel was in commission.

The old paper containing the list of subscriptions to the fund for the erection of this building, the names of the trustees and the agreement made between them to carry on their undertaking, is dated June, 1809, hence it was deemed to celebrate the centennial of their enterprise now. The text of the paper may be crudely composed, but it is sincere and determined in thought.

The building of this chapel represents marked tenacity of spirit on the part of these early settlers. Stephen Conger gave the site and much of the lumber. A few of the zealous workers gave money—others grain and timber. One, indeed, gave a cow as his contribution, and another one pound sterling, as he said, "by way of a turn" thus the required funds for the building's erection were forthcoming.

No regular preacher cared for the flock here, but being on the Bay of Quinte circuit, the chapel was visited fortnightly by circuit missionaries. These men endured arduous hardships, traveling from place to place, marrying, burying and christening. It is said that a Methodist preacher was a great curiosity to many, and all were anxious to see the phenomenon, some indeed questioning how he looked or what he was like. An oddly constituted character was Rev. Langham, a Church of England clergyman, who occasionally preached at the White Chapel. He would marry only in the church, and before 11 a.m. If the happy couple failed to appear before the distance traveled, sure disappointment awaited them. In recompense for his services he asked but for three coppers for his clerk, taking no fee whatever for himself. Darius Dunham, Elder Ryan, Elder Case, Nathas Bangs and many another father of Canadian Methodism have all been heard in the historic building.

**PLAIN TALK**

No one need fear Nature except those who abuse her. If you would get good health from Nature, you must furnish right food for Nature. Thoughtful folks know this.

**Grape-Nuts**

brings the joy of perfect health.

It is started on the road to digestion by the cooking in the factory and nourishes.

**TO EMBELLISH PARIS.**

Paris, June 22.—Within the next few days the municipality of Paris will probably vote a sum of \$160,000,000 for the embellishment of the city. The committee has agreed upon this amount and the Council is expected to ratify its decision. The greater part of this sum is to be raised by a loan. Among the items of proposed expenditure are \$16,000,000 for new schools, \$25,000,000 for water supply and drainage, \$5,500,000 for slaughter houses, \$1,000,000 for repairs to existing schools, \$5,000,000 for municipal buildings, \$1,000,000 for the Bois de Boulogne, \$3,000,000 for opening up new public squares and children's playgrounds, about \$12,000,000 for the upkeep and cleaning of streets, and a sum not yet settled for building new swimming baths. Finally something like \$90,000,000 will remain for the actual embellishment of the city; that is to say, for the opening up and laying of new streets, avenues and boulevards. This great scheme of city improvement is to extend over forty years.

**OLD COMMON SENSE**

Change Food When You Feel Out of Sorts.

"A great deal depends upon yourself and the kind of food you eat," the wise old doctor said to a man who came to him sick with stomach trouble and sick headache once or twice a week, and who had been taking pills and different medicines for three or four years.

He was induced to stop eating any sort of fried food or meat for breakfast, and was put on Grape-Nuts and cream, leaving off all medicines.

In a few days he began to get better and now he has entirely recovered and writes that he is in better health than he had been before in twenty years. This man is 55 years old, and says he feels "like a new man all the time."

"There's a Reason."

## IN AND ABOUT TOWN

### DROWNED WHILE DRIVING LOGS

Fatal Accident Reported from St. Alban, Portneuf County—Coroner's Inquests.

Coroner Jolicoeur was informed yesterday of a drowning accident from St. Alban, Portneuf County, a man named Octave Sevard having met with his death while floating logs at the top of Riviere a Pierre. The body will be brought down to St. Alban, where the Coroner will hold an inquest on Thursday morning. The victim of the accident was a man of about 46 years of age.

Coroner Jolicoeur held an inquest yesterday at St. Casimir upon the body of the young man Rivard, who met his death in the River St. Anne, when a verdict of accidentally drowned was returned.

The Coroner will this morning hold an inquest upon the body of Justin Guay, who drowned dead on the beach at St. Gregoire, Montmorency, on Monday.

### HIGH SCHOOL BOYS' SHOOTING

Competition Took Place Yesterday Morning—Remarkably Good Shooting Done During Year.

The Quebec High School boys' shooting competition took place yesterday morning in the Citadel trench. The winner in Class I, E. M. Crawford, put on a score of 40 out of a possible 50. S. Goodnoh, last year's champion, came out with 39. In Class II, P. Jack won the medal with a score of 36 and H. Moore the second prize with 33. In Class III, the prize winners were P. Cook and J. Hall.

Some remarkably good shooting has been done by the boys this year, reflecting great credit on their instructor, Q.M. Sgt.-Inst. Hagans. The prizes were kindly donated by Col. W. M. Macpherson and Lt.-Col. R. E. W. Turner, V.C., D.S.O.

### FOR GASPE, ETC.

The steamer Gaspeien, Captain Blouin, sailing this afternoon, for Baie des Chaleurs ports, will call at all ports as far down as Gaspe Basin, usually touched at by the steamer Campana. Read advertisement in another column.

### RECORDER'S COURT.

Four prisoners appeared before the Recorder yesterday. All were charged with drunkenness. They were fined in sums ranging from \$2 and costs or two days' jail to \$5 and costs or fifteen days. A number of dog owners and traders were fined for failing to take out licenses.

Drink Beauport Lager. It is the best.

### SUNDAY SCHOOL PICNICS.

The teachers and pupils of Trinity Church Sunday School will hold their annual picnic at Montmorency Falls on Saturday next.

Chalmers' Church Sunday School will also hold its annual picnic at the same place on the same day. In both cases, weather permitting.

Special sale this week in Straw and Panama Hats, 25c. up to \$10.00.  
FAGUY, LEPINAY & FRERE.

### PILGRIMAGE FROM MAINE.

A large excursion of French-Canadians from points in Maine arrived here yesterday. When the excursion left Portland there were about 800 passengers, but about half disembarked at their native parishes en route. Most of the four hundred who arrived here yesterday morning left for St. Anne de Beauport.

A man well dressed is a man that buys his clothing or his hat at FAGUY, LEPINAY & FRERE.

### NOTICE.

City of Quebec Permanent Consolidated 7 per cent. Stock.

The permanent consolidated stock of the City of Quebec, bearing 7 per cent. interest, which Messrs. Labreque, Belanger & Labreque are offering for sale on Friday morning next at 11 o'clock, will be sold by lots of \$1,000 each at par. The total to be sold is 96 shares, representing at par, \$96,000.

Try the Beauport Brewing Co's Royal Stout. It's fine.

### CORRECTION.

In the report of the banquet, tendered to Hon. Mr. Pugsley on Monday evening, it was stated in these columns that the Minister of Public Works had declared that in future most of their time to Quebec. What the Minister of Public Works did say was that the Government would give a great deal more time in future to this port. Hon. Mr. Pugsley did not state that the Quebec bridge would be constructed in the fall of 1911 or spring of 1912, but what he did say was that the Transcontinental would be completed about that time.

### CHANGE OF OFFICE

Messrs. Bedard, Chalouit & Prevost, advocates, have removed their office to No. 2 Cook street, next building to City Hall, and formerly occupied by the Revenue and Archives Departments.

### ST. JEAN BAPTISTE DAY CELEBRATION

An Imposing Procession Will be Held Tomorrow Morning—Mass at St. Roch Church.

St. Jean Baptiste Day, the National festival of the French-Canadians, promises to be celebrated in Quebec tomorrow in a more than usually impressive and enthusiastic manner. Preparations have been under way for some time past, and under the energetic direction of the various committees the day's programme of rejoicing has assumed such proportions as to leave no doubt as to the success which it rightly deserves.

The celebration will begin with an imposing procession, in which no less than one hundred and sixty national societies, mutual benefit associations, workmen's unions, benevolent societies, military guards, clubs, etc., will take part. This procession will assemble to-morrow morning at 7.30 o'clock at the corner of St. John and De Salaberry streets, and the parade will march off at 8.15.

The route of the procession will be via the following streets:—St. John, Palais, St. Nicholas, St. Paul, St. Joseph, Crown, St. Francis, Bedard, St. Agnes, Avenue Bigonette, St. Germain, St. Ignace, St. Sauveur, Montcalm, Bayard, Chateauguay, Boulevard Langelier, St. Joseph of the parish church of St. Roch.

The mass will take place at 11 a.m., when the sermon of the day will be preached by the Rev. Father Lortie, of the Quebec Seminary. De Werner's mass will be rendered and an elaborate musical programme has been prepared, which will include solos by a number of well-known vocalists.

At the conclusion of the mass the President-General of the St. Jean Baptiste Society of Quebec will present the homage of the French-Canadians of Quebec to His Grace Archbishop Begin. His Honor the Lieut.-Governor and His Worship the Mayor.

During the afternoon there will be races and games on the Exhibition grounds.

### BANQUET TO OPPOSITION LEADER

Many Quebecers Will Attend Demonstration in Honor of Mr. J. M. Tellier.

Mr. Tellier, leader of the local Opposition in the Provincial Legislature, will be the guest at a banquet to be given by his friends at Joliette on Thursday, 1st of July next, and judging from present appearances the banquet will be one of the most popular ever given in this Province. A large number of Quebecers, so far, have given in their names as subscribers and all others who have not yet done so should send in their names at the latest, to-morrow, to Mr. D. O. Lesperance, Hochelaga Building, Quebec, or telephone to 1227, or secure their tickets at L'Evenement office. The price of the admission to the banquet is \$2.50 and the return passage on the train \$3.90. It is to be hoped that a large number of Quebecers will attend the banquet.

ENGLISH MESH.  
Go to J. H. Mullin and get \$1.00 Mesh Underwear and keep clean and cool. Also see his 40c. underwear and his advt.

TELLIER BANQUET.  
It is stated that Hon. Jean Prevost will attend the banquet to be tendered to Mr. Tellier, the Conservative leader, on July 1st.

THE BULMER CASE.  
Chief Justice Langelier presided in the Superior Court yesterday morning and rendered judgment in the Bulmer "habeas corpus" case, deciding that as the child who had now reached the age of reason had not been retained by its mother against its will, and as the choice of the child was to go with its mother the court decided that the latter would retain her.

### RESCUED FROM THE DEEP

London, June 22.—The Barolo Museum in Tunis has just been enriched by a collection of antique marbles rescued from the deep.  
Sponge fishers operating between Stax and Susa, about two and a half miles off shore, returned to port with the news that their divers had found on the bottom of the sea a strange ship, through the burst sides of which they caught sight of men of giant stature reclining inside the vessel. The French authorities immediately took steps to raise the vessel and recover its contents.

It turned out to be an old Grecian sailing ship, 130 feet long by 30 wide, laden with large Corinthian and Doric marble columns and statuary, evidently intended for a temple or a palace. Among the statues are an exceedingly fine Eros, eight feet high, a Bacchus, a Hermes and a number of fauns.  
Fortunately the marbles had been to a large extent silted over with sand, and thus protected had remained in an excellent state of preservation. The party exposed for centuries to the action of the sea water presented the appearance of a sponge filled with all manner of marine animalcules.

The man who takes his punishment gracefully and profits by it is slated for the hero class or something equally good.

## QUESTION OF NEW CATTLE MARKET

Discussed at Meeting of the Civic Finance Committee Last Evening.

A special meeting of the Civic Finance Committee was held last evening to consider the question of removing the present cattle market at the Palais to a more convenient site in St. Malo, on the border of the River St. Charles, and which was purchased and paid for some time ago. Ald. Gauvreau, in the absence of Ald. Picard, presided, and among those present were His Worship the Mayor of Quebec, and Aldermen Drouin, Verret, Collier, Samson, members of the committee, and Aldermen St. Pierre, Fiset, Panet, Cummings and Plamondon. Mr. Baillarge, the civic engineer, was also present, and gave full particulars as to cost and maintenance of the cattle park.

Mr. Baillarge, in company with several members of the Butcher's Association had visited the locality and every one had expressed an opinion that the site chosen, was the best, and would give entire satisfaction to butchers and cattle dealers. The butchers wanted the city to lay concrete floors and if the city decided to do so, the cost of erecting a new market, including the money already paid out, would be \$45,000.

All the aldermen present were in favor of a change, but money was necessary and there were no funds just at present to undertake these works. The plans of the improvements, prepared by the Civic Engineer, included the erection of several buildings for all cattle, sheep, etc.

The question of the removal of the civic hospital to this site was also considered, but Ald. Fiset suggested that the civic hospital, if removed, be constructed on the western side of Victoria Park, which was a most healthy site for intimates and which would at the same time be removed from the cattle market. The cost upon the city to meet the change of removing the cattle market, would be in the neighborhood of \$60,000 and the question was how to meet this increase.

His Worship remarked that the city had several properties to dispose of which would help to pay for the improvements.

Ald. Verret was of opinion that a temporary loan could be made to meet the expenses.

City Engineer Baillarge in answer to Mayor Garneau stated that the city possessed 308,000 feet of land in that section, but that 75,000 feet would be sufficient to carry out the construction of a new cattle market.

As the question of ways and means was taken up by several aldermen, Mayor Garneau remarked, that one building which would soon be demolished, was the Jacques Cartier Market, situated between St. Joseph, Crown and Notre-Dame des Anges streets. This site had been spoken of for several years past as the most advantageous, and if the Committee decided to dispose of the market the better way was to sell it at auction or by tenders, an upset price to be put on the property. A report will be forwarded to the Market Committee requesting the latter to suggest a change in the cattle market and to dispose of same.

The question of certain changes on the Corporation property at the Palais was again brought before the Committee. As Ald. Samson remarked, the present police station on St. Paul street was in a disgraceful condition and this station, as well as the fire station, should be removed to the site now occupied by Messrs. Antoine Fiset and others at the corner of St. Roch, St. Paul and Des Fosses streets, as the latter would receive this week instructions to move out.

The City Engineer was instructed to make a plan of building lots owned by the city and which would be disposed of. These properties are situated between St. Roch, Des Fosses and St. Paul streets.

As a result of the meeting, it was decided to ask the Market Committee to sell the Jacques Cartier market place by auction or by tender and to get the City Engineer to prepare plans of the property situated on the north side of the street.

### EVERY CONSUMPTIVE FIRST SUFFERS FROM CATARRH

Just a slight matter at first, and because slight neglected; but the seed sown brings forth a dangerous harvest. Consumption, which is the harvest of death. Better spend a few moments each day inhaling Catarrhoxone, an aromatic antiseptic that relieves at once, clears the nasal passages, and restores lost sense of taste and smell. The immediate effect of Catarrhoxone is magical, so prompt and efficient cure is certain and permanent if you use Catarrhoxone for bronchitis, chest weakness, throat irritation, deafness or catarrh. The dollar outfit of Catarrhoxone lasts two months and is invariably cured. Small size 50c. all dealers or The Catarrhoxone Co., Kingston, Ont.

### POWERFUL STORY OF NEW CANADA BY SIR GILBERT PARKER.

"The Guest That Tarried" by Sir Gilbert Parker, weaves a story around a brave community, at work on the immense acreage of the North. Arthur Bourret

The Featherweight Champion of the World

has obtained marked benefit from the daily use of the peerless tonic

Vin St-Michel

which has developed in him a strength and power admired by all. Arthur Bourret stands 4 feet 10 1/2 inches in height; he measures 47 inches across the shoulders and 36 inches across the chest; his weight is 114 pounds.

Our illustration shows him holding between his teeth a ladder on the top of which stands a man weighing over 150 pounds. This is certainly not a commonplace performance.

Should you be in need of a tonic or restorative, do as I do, use VIN ST-MICHEL and you will derive from its daily use Strength, Courage and Power.

VIN ST-MICHEL is taken in doses of a wine glass full before each meal and often when required.

BOIVIN, WILSON & CO., GENERAL AGENTS, MONTREAL.

EASTERN DRUG CO., Agents for the United States, BOSTON, MASS.

SHOE POLISH

Stays Shined. Dust won't dull it. Rain won't spot it. Dampproof and waterproof. Keeps out moisture. Softens and preserves the leather. Just put it on, rub two or three times with a brush or cloth and a brilliant and lasting shine results. No substitutes even half as good.

HIGH SCHOOL SPORTS DAY

Interesting Series of Contests Held on the Q. A. A. Grounds Yesterday Afternoon.

There was ideal weather for the annual sports of the Boys' High School, which took place on the Q.A.A. grounds yesterday afternoon, and which proved to be a great success. There was a well-selected programme of events, the entries in each were numerous, and all of them were keenly contested.

At the conclusion of the sports the prizes were presented by Mrs. Young, wife of the esteemed Rector of the School. Among the prizes presented were those won in the three-mile road race held on June 12th, and which were awarded as follows:—1st, G. M. Taylor; 2nd, G. Carey; 3rd, E. Langton.

The prize-winners at yesterday's sports were as follows:—

100 yards (10 and under)—1st, C. Wheeler; 2nd, F. Pym; 3rd, K. Parke.

Wheelbarrow race—1st, Carruthers and Kinnear; 2nd, Langton and Langford; 3rd, Elliott and Sanford.

100 yards flat (open)—1st, Langford; 2nd, Elliott; 3rd, Taylor. Time, 11 4/5 secs.

High jump (15 and under)—1st, H. Moore; 2nd, Fraser; 3rd, J. D. Laurie. Height, 4 feet, 5 inches.

Putting the weight (open)—1st, Rosen; 2nd, Eliasoph; 3rd, Herzberg. Distance, 22 feet, 11 inches.

220 yards (13 and under)—1st, Lindsay; 2nd, G. Parke; 3rd, L. Middleton.

Three-legged race—1st, Carruthers and Andrews; 2nd, Elliott and Langford; 3rd, Crawford and Moore.

220 yards (open)—1st, Elliott; 2nd, Taylor; 3rd, Langford. Time, 28 1/2 secs.

100 yards (13 and under)—1st, G. Parke; 2nd, Lindsay; 3rd, Middleton. Time, 13 4/5 secs.

Broad jump (open)—1st, Carruthers; 2nd, Carey; 3rd, Andrews. Distance, 13 feet, 6 in.

Bicycle race (1 mile)—1st, H. Andrews; 2nd, G. Carey; 3rd, Rosen. Time, 3 m., 10 sec.

220 yards (15 and under)—1st, Fraser; 2nd, Bigonette; Time, 30 sec.

440 yards (open)—1st, Taylor; 2nd, Elliott; 3rd, Langford. Time, 2 min., 31 sec.

Three-legged race (12 and under)—1st, Parke brothers; 2nd, Clark brothers.

Consolation—1st, Goodnoh; 2nd, Cream; 3rd, Jones.

Old boys' race (4 mile)—1st, J. Middleton; 2nd, Bisset.

The committee in charge of the races consisted of K. Holloway, M. Dunsford, J. Kinnear, H. M. Bradley, G. M. Taylor, H. Craig, J. Crawford, J. E. Eliasoph.

AFTERNOON OF SPORTS

The sports of the Quebec Harrier Club on the Q.A.A. on Saturday next, 26th inst., at 2 p.m., will be open to all members of the Quebec District Harrier League. Entry fees will be 25c. for senior men and 15c. for juniors. Entries close with the Secretary at the Q.A.A. not later than 9 p.m. Wednesday, 23rd inst. There will be beautiful prizes and medals for the winners. The programme will include:—100 yards senior, 220 yards senior, 440 yards junior, 1 mile relay race for cup given by Alderman Lockwell, 5 mile race on the track for cup by Ald. A. Paquet, throwing 16 and 28 pound weights. Besides this programme there will be a 15 mile bicycle road race, starting and finishing at the Q.A.A. Admission will be 25c.

HOW WOOD WON FROM HOLMER

Further details of the 15-mile race at Halifax between Abbie Wood, of Montreal, and Hans Holmer, of Quebec, in which the former won by two laps, give the time of the race at 1:26.39. Governor Fraser fired the pistol which sent the two men on their long run. Wood immediately jumped into the lead and gradually gained throughout the race. He lapped Holmer early in the fourth mile, and went on increasing his lead till at the end of the eighth mile he was again at Holmer's heels. The position he maintained till the beginning of the last lap. Holmer tried to get away from the speedy Wood, but instead of succeeding in this the Montreal runner forged ahead, making a fine spurt, and crossed the line a winner by a little more than two laps.

The first mile was done in fast time for a long race—4 mins., 57 seconds. The spectators numbered about 1,000, which was much less than was expected. The runners take 60 per cent. of the gate receipts.

CAPS DOWN AND OUT AND OTTAWA WAILS

Lacrosse Due to Die a Natural Death in Ottawa—Losing Team Gets No Support.

The poor showing which the Capital lacrosse team has made in the N.L.U. this year is responsible for an agitation for the reorganization of the club, which is now being waged by many local sports. Many think that the time has come for a change, and that unless something is done immediately lacrosse will die a natural death in Ottawa. Saturday's match was witnessed by less than a thousand people, half of whom would have stayed away had they known Capitals were due for such a licking. Now that Capitals are practically out of the running, people are asking themselves what is to be done. Lack of training and condition is said to have caused Saturday's defeat, but the general opinion is that many of the veterans have about outlived their usefulness. A meeting of the Capital lacrosse executive has been called for Wednesday evening, when the question of strengthening the team will be brought up. There are few good juniors, and it looks as though the club's only recourse would be to seek elsewhere for men.

It is also said on good authority that the Ottawa Electric Coy. is prepared to buy up the Capital franchise in the N.L.U. and manage the team independent of the present organization, having headquarters on the new grounds, Ottawa West. Powers has refused to play again, and it looks as though the Caps would have to plow through the present season with the same sadly disjointed team which represented them Saturday. They play their next game against Shamrocks in Ottawa on Dominion Day.

YESTERDAY'S BASEBALL

- (Eastern.) At Baltimore:— Baltimore, 1; Montreal, 7. At Newark:— Toronto, 7; Newark, 5. At Providence:— Providence, 4; Buffalo, 2. (American.) At Philadelphia:— Philadelphia, 6; Washington, 1. At Detroit:— Detroit, 1; St. Louis, 0. At Chicago:— (First game)—Chicago, 2; Cleveland, 3. (Second game)—Chicago, 0; Cleveland, 2. At Boston:— New York, 6; Boston, 9.

JOHNSON AFTER KAUFMAN

Boston, June 22—Jack Johnson, the heavyweight champion, has called off his match with Tony Ross at Pittsburgh and will go from Boston to the Pacific Coast. Johnson is anxious to clinch a match with Al Kaufman before Stanley Ketchell accepts his terms, according to a statement issued to night.

ASSOCIATION FOOTBALL

There will be a League game between the R.C.R. and Chateau on the Q.A.A. grounds this afternoon. The R.C.R. team will be selected from the following:—Sgt. Massey, Cpl. Brown, Cpl. Massey, L.-Cpl. Thompson, Bug-Tingman, Ptes. Aspden, T. Aspden, J. Hextall, Sarazin, Duncan, Lexmond, Jolicouer, Muxlow.

The two R.C.G.A. teams will also play this afternoon. Positions of all teams up to time of playing is as follows:—Empress, 9 points; R.C.A., 8 points; Quebec, 7 points; R.C.G.A. I., 7 points; R.C.G.A. II., 4 points; Chateau, 3 points.

CIBOT WON AT THREE RIVERS

On the exposition grounds track at Three Rivers on Sunday afternoon, Cibot, the Frenchman, won a 15-mile race in one hour 34 minutes 45 seconds. The second man was Orpheus, also of France; Beaudet of Victoria, gave up before the end of the race. Orpheus and Cibot are now both in Quebec, and will likely remain here until a race is arranged with Hans Holmer.

YACHTING AT KIEL

Kiel, June 22—Yachting week at Kiel began to-day with competitions between the gigs, cutters and pinnaces from the various German warships gathered here. The first race of the big class yachts will be held Friday, when Emperor William's new Meteor, designed and built by Germans, will take part.

American interest centers chiefly in the Sanderklasse races, the first of which will take place next Thursday. The three boats making the most points in four races will represent the German yacht clubs in the contests to be held near Boston next September under the auspices of the Western Yacht Club.

MEMBER OF RACING CREW ARRESTED

New York, June 22—Geo. J. Reynolds, a member of the crew of the motor boat Ilys, of Philadelphia, which took part in their recent race to Bermuda and back, was arrested to-day on a charge of homicide. Reynolds is charged with causing the death of Chas. A. Schultz, quarter-master of the Ilys, who was accidentally shot in the hip while he and Reynolds were shooting a revolver at bottles during their stay in Bermuda. Schultz died of lockjaw in a Brooklyn hospital last night.

QUEBECERS AT GOLF CHAMPIONSHIPS

Quebec will be represented at the Canadian golf championship matches in Toronto by Mr. E. Garneau and Mr. H. S. McCreery, of the local club.

SPORTING GOSSIP OF OLD COUNTRY

Will England Redeem the Ashes? Wotton's Great Riding—Football Earnings

It may be a trifle early in the season to sum up a side, but all indications suggest that the Australian cricketers now touring in England are nearly as good—if not quite so good—as former eleven which have either defended or captured the Ashes. Excuses are forthcoming for the early defeats of every tour, for it can hardly be expected that an eleven can find their form immediately upon arrival. Against Surrey and the M. C. C. the Australians played like a county eleven of average strength, and they were beaten on their merits in the first test match at Edgbaston, for the luck was nearly as even as one could expect it to be in a game of cricket. At Lords, however, the wicket, a different tale had to be told and when they passed the score of an hundred in the first inning and the Englishmen in the first, they showed ultimately won, they clearly showed that they are a great batting team and can fight to the last. Now, one must wait till the two elevens battle again at Leeds, starting on July 1. The extraordinary victory which England gained in the first of the test matches was the cause of an outburst of enthusiasm, such as is not often seen. Doubtless there are thousands rejoicing that the motherland took the first successful step towards regaining the world's championship at a sport which is peculiarly British. The South Africans were beaten when they were last in England, but the M. C. C. team which visited the colony under A. O. Jones, lost four test matches out of five, so that the colonialists are holders of the laurels. The triumph at Birmingham encourages the hope that fresh lustre may be shed upon English players. There is satisfaction in the fact, however, no matter what the outcome may be, that not since July, 1905, when the Australians were defeated at Manchester by an innings and 80 runs, have the men of the motherland won in such decisive fashion. That year England thrice scored over 400 runs in an innings against the cricketers of the Commonwealth.

It has been consistently stated that His Majesty has leased Minoru during his racing career, but such is not the case. Sporting Life is authority for the statement that the lease of Minoru and other colts obtained from Colonel Hall Walker expires at the end of next year, the terms of the agreement being until the end of their four-year-old season. Minoru has been backed at 5 to 2 for the St. Leger, odds which seem none too liberal, considering that there are so many possessing such chances of development. There are the fillies also, and William, the Fourth, Bayardo and Valens, are likely to make great improvement. The former will go to Paris for the Grand Prix and will occupy the same box as Spearmint did before he won the race three years ago.

The little jockey, Frank Wotton, leads the other jockeys, having to his record nearly twice as many wins as Danny Maher and C. Trigg, who follow him. The boy's earnings as a jockey last year amounted to \$20,000, after all his heavy expenses had been paid and he rode for his father's stable without any fee whatever. The money is being invested in the joint names of the boy and his mother, so that when he grows into a bank account will be in fifteen last December, and he won his first race when he was old. At the present time, his actual riding weight, of course with a very light saddle, is 6 st. 6 lbs. Next year, it is stated, it is his father's intention to get him engagements from certain leading owners.

The Football association balance sheet, which has been awaited for some time, has been published, and presents some features of exceptional interest. The popularity of the cup is almost phenomenal. The 5 per cent. levy from matches in the four rounds of the competition proper yielded the record sum of roughly \$14,000, and there was a net gain on the semifinals and final of \$45,000. Estimates show that the public paid over \$340,000 to see the cup ties. The lucky finalists will get about \$15,000 each.

In a very interesting brochure entitled "W. G.'s Little Book" which has just been published, the old famous cricketer pertinently remarks that batting tactics in general in modern cricket suffer chiefly from lack of attack. The master of the game speaks from an unrivalled experience, and there can be no doubt that he is correct. It would have done the veteran good had he seen the hurricane hitting of the Australian Cotter in the game with Leicester. It was one of the finest hitting performances ever seen. The Colonial scored 35 runs in ten minutes and only received thirteen balls. He played the last ball of the over for 4 and then scored 0, 6, 6, 0, 2, 1 off King. The Astill's over produced 0, 4, 6, 2, 4, and then the batter got too much under the ball—which happened to be the last of the over and was out.

AMERICAN PLAYER HURT

morrow in the contest for the Americas to have played for England tomorrow in the content for the American Polo Club, has strained his back and will not be able to participate in the game. He will be replaced by Lord Woodhouse. The Meadowbrook (Long Island) players have invited Capt. Miller to umpire for them. Major MacLaren will umpire for the English team.

Terminus Hotel. The question of a "terminus" is the principal topic of conversation just now, and among the principal improvements spoken of to be made in Quebec, are those in connection with the establishment recently acquired by Mr. Hubert Bernier, (better known among his numerous friends under the name of Pete Bernier), No. 193 St. Andrew street, opposite the Quebec & Lake St. J. bus station and in the most commercial centre of the city. Mr. Bernier ex-proprietor of the Victoria Hotel, Levis, has made a number of important improvements to his hotel which has been refurbished, painted inside and outside, with large parlors, dining rooms, first class kitchen, the best of cigars and liquors and punctual attendance. A handsome verandah, for the convenience of guests, has been erected, facing St. Paul street, and 20 rooms have been newly furnished. Travellers and others will find all comforts at "Pete" Bernier's, who has as many friends as he has acquaintances. HUBERT BERNIER, Proprietor. June 14, 1909.

**Woman's Needless Suffering**  
Full of Aches, Frightful Back Pains, Pale and Nervous.  
With the use of Dr. Hamilton's Pills, a Wife and Mother Saved from Death.  
A few years ago doctors considered that only back pain and bladder disorders were traceable to the kidneys; but to-day science proves that many of the most fatal and dreaded diseases have their source in irregular kidney action.  
Such was the case with Mrs. Anna A. Rodrigues, a well known resident of Valencia—read her experience:—  
"For a long time I suffered with failing strength and nagging headaches. My condition grew steadily worse, my limbs became bloated and shaky. I was sallow and thin, felt rheumatic pains, dizziness and chills. I unfortunately didn't suspect my kidneys and as nearly dead when I discovered the true cause of my sufferings. I read so much about the wonderful health and strength that comes to all who use Dr. Hamilton's Pills that I felt sure they would help me. Such blessings of health and comfort I got from Dr. Hamilton's Pills I can't describe. They speedily put me right and their steady use keeps me active, energetic, strong and happy. I strongly urge others to regulate and tone their system with Dr. Hamilton's Pills of Mandrake and Butterbur."  
For perfect health use Dr. Hamilton's Pills frequently—avoid all food which seems to distress and take as much exercise as possible.  
No greater medicine exists than Dr. Hamilton's Pills for the cure of indigestion, constipation, flatulence, liver, bladder and kidney trouble. Refuse substitutes for Dr. Hamilton's Pills, 25c. per box, or five boxes for \$1.00 at all dealers or The Catarhozone Company, Kingston, Ont.

**THE EGYPTIAN'S SECRET**  
The Egyptians of Pharaoh's time were a wonderful people. The pyramids for instance, our modern buildings to shame. Where such huge blocks of stone were carved—how they were moved and put in place—are mysteries to modern minds.  
The Egyptians were skilled physicians, too. We know that they used fruit juices in treating many diseases. Some years ago a physician in Ottawa discovered a method of combining the juices of apples, oranges, figs and prunes, by which the most remarkable results have been obtained.  
Whether "Fruit-a-tives" (these combined fruit juices in tablet form) are re-discovery of the prescriptions of the ancient Egyptians, will probably never be known.  
Certainly, the ancients never had a more effective remedy than "Fruit-a-tives" for all Stomach, Liver, Kidney and Bowel Troubles. "Fruit-a-tives" are sold by dealers at 50c. a box, 6 for \$2.50, or trial box 25c.—or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

**Forecast of Weather.**
