RUSSIAN FLEET IS NEAR SHANGHAI

The Indications Are That It Has Been Divided.

JAP TACTICS IN MANCHURIA

Oyama Shows Tendency to Give Way, Indicating He is Not Yet Ready.

Tsingtau, May 26.—The whole Russian fleet is assembled near Woosung, and the German squadron at Tsingtau is preparing for eventualities.

The report from Tsingtau the port of the German concession to Kiao Chou, Shauntung Peninsula, is in all probability a magnified version of the despatch from Shanghai yesterday, saying that it was credibly reported there that certain Russian vessels had arrived at the mouth of the Yangtse river yesterday afternoon. Both Woosung and Shanghai are situated on branches of the Yangtse river.

No news has been received from any other point tending to alter the facts cabled yesterday from Shanghai and there is no doubt that if the Russian fleet really had assembled off Woosung such important news would have been flashed from Shanghai which is only eleven miles south of that place.

STEAMERS HELD AT CHE FOO.

Che Foo, May 26—3 p.m.—All Japanese steamers arriving at this port to-day have been ordered held here pending further instructions.

NO NEWS OF A BATTLE

St. Petersburg, May 26.—1.15 p.m.—Nothing further has been heard here of the reported naval battle south of the Island of Formosa.

THE FLEET IS DIVIDED.

Shanghai, May 26 (Noon)—There are indications that Rear-Admiral Rojestvensky has divided his fleet. Seventeen vessels of the battle fleet anchored at Saddle Island last night. It is believed that they coaled there, and that from that point they will proceed north.

PLAN OF DIVERSION.

Tokio, May 26, 11 a.m. — It is believed here that the action of the Russians in sending some vessels to Shanghai is part of a diversion plan to draw off a portion of the Japanese fleet. It is thought that possibly the Russians intend to intern the slower craft, but the visit and withdrawal of the faster vessels is regarded to be without purpose, unless as a diversion. The whereabouts of Admiral Rojestvensky's fleet is not reported and opinion is divided as to whether it has entered the Pacific or returned to the lower Chinese coast.

The location of Admiral Togo's fleet continues to be secret. Popular feeling is undisturbed, and the Japanese public is confident that Admiral Togo is prepared to meet any situation.

THE LATEST FROM MANCHURIA.

Gunshu Pass (108 miles north of Tie Pass), Manchuria, May 26.—The Japanese tactics are puzzling. They give way at the slightest pressure against their centre on both the railway and the Mandarin road. The Chinese explain the retirement to trouble among the reserves, some of whom, they say, are almost in a state of revolt because the Government has not kept its promise to return them to Japan.

The retirement of the Japanese centre is interpreted by some of the Russian officers as a postponement of Field Marshal Oyama's offensive, because of the bad state of the roads, but this view is not shared by all the officers.

THE FINANCES OF JAPAN.

Tokio, May 26. — Baron Komura, Minister of Foreign Affairs; Baron Sone, Minister of Finance, and Baron Shibysawa addressed the Clearing House Association to-day. Baron Komura said that the financial capabilities of Japan had completely surprised the world. He was glad that Japan was showing a financial and productive ability, as well as strength on the battlefield. The war, he said, would last long, and he trusted much in the commercial ability of the nation after the war was ended. He expected, he said, further that the commercial interests would do their utmost to develop and extend commerce. He also expected the introduction of foreign capital, and he counselled his hearers to facilitate this introduction by inspiring foreign capitalists with confidence in the country.

Baron Sone thanked the financial and commercial interests for their great assistance in financing the war.

SENTENCED AT KISHINEFF.

Kishineff, May 26.—In an official investigation of one of the numerous cases of assault on Jews and students in the streets it has been decided that the assailants, including two members of the nobility and five burghers, "exceeded their rights" by stopping and beating passers-by. All of them were sentenced to short terms of imprisonment while the victim of the assault, who defended himself with a revolver, was fined $12.50.

MORE MONEY FOR EDUCATION.

St. Petersburg, May 26.—The Council of the Empire has increased the appropriation for public education by $625,000.

Private reports from Zhitomir, province of Volhynia, says the tension between the Jews and Christians is increasing, and that both sides are arming.

HELEN GOULD TAKES ACTION.

Charges That She Was Swindled Out of Two Million Dollars.

Special to The Montreal Star.

New York, May 26.—That Helen M. Gould was made the victim of a $2,000,000 swindle is one of to-day's revelations in connection with the collapse of the Merchants' Trust Company. The suit brought by Miss Gould in Richmond, Va., alleges that she was induced to take up the securities of the Virginia Passenger and Power Company, on which a loan of $1,500,000 had been obtained from the Merchants' Trust Company, and that she was induced to do this as the result of misrepresentations concerning the Virginia Company's earnings, and that the receipts of the companies, which are the consolidation of the Street Car and Lighting Companies, of Richmond, were padded.

It is alleged by the Goulds that Geo. E. Fisher, a promoter of the company, hired men to ride in cars all day, and thus raised the receipts. Frank J. Gould was interested with his sister in taking up these loans, and this gave the promoter a chance in exploiting the project to declare that the Goulds were back of the concern. It is said that Dr. John H. Munn, Goulds' family physician, and president of the United States Insurance Company, interested the Goulds in Fisher's traction project.

When the discovery was made that the Virginia Passenger and Traction Company was a financial fizzle, the Merchants' Trust Company had made a loan of $1,500,000 on its securities. This loan Miss Gould and her brother took up to save Dr. Munn, who had been their father's most intimate friend, and upon whom a lot of the same securities had been unloaded. It is this sum, with interest, that Gould charges Fisher with taking by unfair means.

Some Hope for a New Morgue.

When the Hygiene Committee meets to-day a report will be presented by a sub-committee on the establishment of a new morgue in the city. The report deals, at some length, with the question as to what proportion the Government, and what the city should bear of the cost of the erection of a fine modern morgue. Offers will be received from different parties to build morgues, on various plans.

the many points of superiority of THE BERLINER GRAM-O-PHONE before buying other talking machines which are not "just as good." The construction of the BERLINER GRAM-O-PHONE is far superior to that of any other make as regards materials, workmanship and design. The volume of sound reproduced by it is greater, and the new "Automatic Grand" Sound Box, which is now ready, gives a clearness and beauty to the reproductions never before attained.

THE BERLINER GRAM-O-PHONE is shown under an absolute guarantee for five years, which is the case with no other talking machine on the market.

NAVIGATION OF UPPER LAKES.

Every Indication of Best Season They Have Ever Seen.

"With anything like decent weather this should be one of the best seasons for navigation on the upper lakes that we have ever seen," remarked Capt. C. F. Nicholson, general passenger manager of the Northern Navigation Company.

"With the tide of emigration westward, comprising a considerable flow of settlers from the western and mid-western states, a considerable portion goes by water, and in addition the improvement of general conditions, the prosperity of both Canada and the United States, is favorable to our business."

Captain Nicholson stated that this year an innovation would take place in connection with the Harvesters' excursions to the West.

The same rate will be quoted to those harvesters desirous of taking advantage of the offer by way of the Grand Trunk Railway and the New York Central, as is by the railways throughout. By Grand Trunk Railway to Goderich thence to Port Arthur by steamer, and from there to Winnipeg via the Canadian Pacific Railway or Canadian Northern Railways.

Picture Exhibited Free of Charge.

Monday and Tuesday are the last two days on which the picture "The Light of the World" will be exhibited, and on those days there will be no charge for admission, as it is the Rt. Hon. Charles Booth's wish that every one should see this picture.

DOG SHOW CONTINUES TO MEET WITH POPULAR APPROVAL

Crowds of People Go to See the Exhibits—Judging Carried on in a Brisk Manner—A Big Black Poodle Escapes.

Crowds gathered at the Dog Show yesterday, and watched the judging, which has been going forward in a most brisk and businesslike way since the beginning.

Once in a while ladies exhibit their own dogs, and this always creates a great deal of interest, particularly when the dog is a good-sized one.

The dog that has its mistress near its kennel, is always certain of considerable attention, and last night the pictures presented in different spots by beauty and the beast were much admired.

The toys were judged last night and created a good deal of fun, and the collies, which are present in great numbers, were also judged.

There has been only one escape thus far. A big black poodle, which was too late for regular entry, but was brought in simply for exhibition purposes, ran away. His mistress valued him at about five hundred dollars, and he escaped because his collar was far too loose. However, after having a run about town seeing the sights, he was a stranger, he came back of his own accord to the great relief of the officials.

Results in the various classes follow:

This month's issue of Spalding's Athletic Library is entitled "How to Wrestle." The book is edited by Mr. F. R. Toombs, and is devoted principally to special poses and illustrations by Georges Hackenschmidt, the "Russian Lion." It shows the champion in many poses. It also contains a special article by Hackenschmidt on "Training," in which the champion gives good advice to beginners. The book also contains many full pages of poses by Geo. Bothner, Tom Jenkins and other famous wrestlers. It is without question the most complete and up-to-date book on wrestling that has ever been written. Besides showing accurately how to secure each hold and fall, the book also contains interesting articles on training, and the official rules for all styles of wrestling.

No More Salary Limit in the Eastern League

Mr. Kreitner, of Montreal, Moved It Be Abolished, and Others Voted With Him.

New York, May 26.—The eight clubs of the Eastern League are no longer required to limit their payrolls to $3,200 per month. The league has lifted the lid and has altogether done away with such a nuisance as a salary limit. Such was the action taken at the meeting of the Eastern League magnates at the Hotel Victoria. President Kreitner, of Montreal, moved that the existing rule be rescinded, and when the matter come to a vote his colleagues voted with him. Last year a committee of three—consisting of Manager George T. Stallings of Buffalo, Eugene F. Underhill of Rochester and then President Mack of the Toronto Club—was delegated to secure the views of Eastern League club owners and managers and draft an equitable rule for a salary limit. They decided for a salary limit of $3,200, and in their report to the Eastern League suggested that each club be limited to fourteen players from June 1st to September 1st. Furthermore, each club was compelled to furnish a bond of $5,000 as a guarantee that it would fulfil all the conditions of the new rule, with the alternative of a severe pecuniary penalty.

At the annual league meeting the report of the committee was adopted, with the single amendment permitting clubs to carry fifteen instead of fourteen players between June 1st and September 1st. The rule, therefore, permitted clubs to carry as many players as they pleased up to June 1st, on which date, however, they were expected to dispose of all material not available. The time limit of September 1st was fixed so as to allow clubs to try out young players during the last two or three weeks of the championship season.

Manager Stallings of Buffalo, though a member of the committee which drew up the new rule, declared that he was willing to bet from $100 down to $5 that no Eastern League club would live up to its provisions. At last Sunday's meeting it developed that the Rochester club was the only one to have filed the required bond of $5,000 with President Powers.

COST OF 1904 TEAMS.

During the season of 1904 Jersey City was credited with having a monthly payroll of something like $6,000, and Buffalo and Baltimore paid out each month an amount close to those figures. Even the tail-end Rochester club was costing its owners nearly $4,000 a month. Newark was supposed to have about the cheapest team on the circuit, but its monthly payroll was at no time below the $4,000 mark. The salary limit then was $2,400 a month, but it was always considered in the light of a joke and no club had the slightest intention of living up to its provisions. When the committee on salaries decided on a limit of $3,200 a month there were many who were sceptical as to its ever being religiously observed. Furthermore, it was openly intimated that few clubs would come forward with the $5,000 bond. On the other hand, there were those prominently identified with the Eastern League affairs, who hoped that the salary limit would be strictly observed, believing that it would be of utmost benefit to the league as a whole, by making the clubs more evenly matched. Manager Murray of the Jersey City Club did not hesitate to state at Sunday's meeting that the rule, had it been allowed to continue in force, would have been an excellent thing for all the clubs. It had enabled him to get together a good team, he said, at a considerably less expense to the club-owners than the season previous.

The new rule has served its purpose to some extent in that many players have submitted to big cuts in their salaries, in some cases being as high as $100 a month. Now that no rule exists, the clubs not only are not limited in the matter of salaries, but they are privileged to carry as many players during the season as they are willing to pay salaries to.

TORONTO WON FROM NEWARK.

Visitors Were Presented With Runs by Third Baseman O'Brien.

Special to The Montreal Star.

Toronto, Ont., May 26.—Toronto took the first from Newark yesterday, at Diamond Park. The visitors had no right to score as many runs as they did, O'Brien being responsible for two of them. The big third baseman fumbled a grounder from Gatins, and then threw it into the bleachers. Currie was in the box for the locals, and pitched a good game, although he allowed seven men to reach first on balls. Sullivan was behind the bat for the first time and caught a fair game. Toronto hit Hesterfer at the right time, when there were men on the bases. A small crowd attended the game, the races doubtless being responsible for the poor turn out. Toronto scored in the third. Rapp drew a base on balls. Harley singled. White sacrificed, Soffel flew out to left field and Rapp scored. Another run came in the fourth. O'Brien hit for three bases and scored on Curries long fly to centre. In the fifth two bases on balls, two singles and a two bagger netted two more runs. Newark scored in the second. Shea hit for two bases and scored when Hesterfer singled. In the eighth inning, when Newark had a man on base, O'Brien fumbled Gatin's hit and then threw into the bleachers. Two runs scored.

COMMENT

It is to be hoped that the winner of the ocean race will not "Hoch der Kaiser's Cup."

Jeffries made $33,000 in his theatrical tour last season. Yet there are some people still wondering why the heavyweight champion wanted to retire from the ring.

There are horsemen who believe that with a sweeter disposition Lou Dillon, 1.58 1-2, will be able to reduce her record against time this year. Budd

"YAMAGATA,"

The Jap wrestler, who has a Jiu Jitsu match with Tremblay at Sohmer Park Friday.

Doble has been working to this end all winter in far-away California. Here is another factor which enters into extreme speed. Every force must be working just right to break world's records.

All joking aside, the match between Sullivan and Mitchell, which has been agreed on for September, with both principals training faithfully, could be made an exhibition of boxing worth seeing. It would be interesting, if for nothing else, simply to show the advance that boxing, as a science, has made since these men were in their prime. But will they ever get so far as to meet?

Yesterday there appeared a letter from Mr. Allingham, who has always taken considerable interest in lacrosse. It is well worth perusing, and contains some profitable hints.

The writer of this letter suggested a double referee system for lacrosse long before the matter took concrete shape in the minds of the local lacrosse magnates.

LACROSSE

CHANGES ON SHAMROCK TEAM

Men Who are Likely to Fill Vacant Positions.

New faces will be seen on the Shamrock team to-morrow afternoon, when they play the Caps the opening game of the N. A. L. U. series on the St. Louis du Mile End grounds.

The places of Robinson, McIlwaine and Hoobin have to be filled, and it is also a question as to whether Brennan will play or not.

The likely candidates for the vacancies are Noonan, Hardigan, Tracy, Martin and Devine. They are all experienced intermediates and know the game thoroughly. There was a practice last evening and the usual large number of players were in uniform.

MR. JOE LALLY,

Who will act as referee in the opening match of the senior lacrosse season, on the Shamrock grounds.

Toronto Defeated Cornell.

Special to The Montreal Star.

Ithaca, N.Y., May 26. The Toronto University lacrosse team easily defeated the Cornell aggregation on Percy field yesterday afternoon, by the score of 8 to 1. The Canadians rolled up seven goals in the first half and the Ithaca's one. In the second half the visitors eased up and contented themselves with a single at the same time preventing Cornell from scoring. The Toronto forwards were invincible and their passing was the finest ever seen in this city.

Saturday's Fixtures.

LACROSSE.—Shamrocks vs. Capitals, on Shamrock grounds.

BASEBALL.—Montreal vs. Baltimore, on Montreal grounds.

GOLF.—Denniston (scratch medal), qualifying round, Royal Montreal Golf Club. Second Round, (president's cup), Victoria Golf and Country Club. Metropolitan at Westmount, vs. Westmount.

KENNEL.—Dog Show at the Victoria Rink.

AQUATICS.—Club races at the Royal St. Lawrence Yacht Club, 2 raters, Seawanhaka class, dinghies and handicap races.

ATHLETICS. — Montreal Harriers' track games on the M. A. A. A. grounds.

FOOTBALL.—Association games, M.A. A. A. vs. Point St. Charles; Westmount vs. C. P. R.; Outremont vs. Y.M.C.A.; Mountain Birds vs. Lachine.

THE GOLFERS

Byers Was Defeated.

New York, May 26.—Yesterday was a day of unexpected reverses for the most prominent players in the Metropolitan Golf Association's annual championship tournament on the links of the Foxhills' Golf Club.

In the first round of match play, Eben M. Byers, of Pittsburg, who won the match play round yesterday, was defeated by James Rhett, of the Crescent Athletic Club, Brooklyn. In the afternoon, Walter B. Travis was put out by Jerome D. Travers, who is practically a schoolboy, by 7 up and 6 to play. Dwight Partridge, of Garden City, the inter-scholastic champion, held his own against good players, so that two of the eight remaining for the chief honor are schoolboys, while the other six are somewhat more seasoned.

British Ladies Won Yesterday.

London, May 26.—The ladies' international golf match, arranged by the executive committee of the Ladies' Golf Union, between the British and American women players, was played at Cromer yesterday, and resulted in a British victory. Before the game began the number of competitors was changed to seven on each side, and the British won by 6 to 1. Miss Georgianna Bishop, the former American champion of Bridgeport, Conn., was the only American who won, defeating Miss Lottie Dod, the English champion.

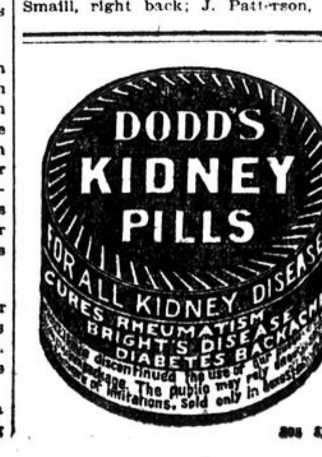
Freedman, left outside forward; reserves, M. Snowdon, Betty.



NINETEENTH BROOKLYN HANDICAP WAS EASILY WON BY DELHI

Thirty Thousand People Were Present, the Crowd Being Smaller Than Usual on Account of Increased Prices.

New York, May 26.—Following are the results of the Brooklyn Handicap:

First race, about 6 furlongs—Ivan the Terrible, 110; Lyne, 8 to 1, won; Bohemia, 99, Diggins, 20 to 1, second; Shotgun, 126, Odom, 9 to 1, third. Time, 1.10 2-5. Lady Amelia, Toscan, Irene Lindsay, Goldsmith, Stamping Ground, Workman, Ancestor, Tomcod and Campo also ran.

Second race, selling, 1 1-16 miles—Jacquin, 101, J. J. Walsh, 11 to 5, won; Jane Holly, 104, W. Knapp, 10 to 1, second; Conjurer, 111, Martin, 4 to 1, third. Time, 1.48. Northern Star, Ella Snyder, Go To Win, Wizard, Kehailan, Divination, Mabel Richardson, Priority, Orthodox, Tippocrates and The Veiled Lady also ran.

Third race, the Expectation stakes, 5 furlongs—Woolwich, 115, Odom, 10 to 1, won; First Water, 125, O'Neill, 9 to 20, second; Water King, 115, W. Davis, 20 to 1, third. Time, 1.02 1-5. Lancastrian, Quorum, McKittredge, Samson and Plebian also ran.

Fourth race, the Brooklyn Handicap, $20,000 purse, 1¼ miles—Delhi, 124, Burns, 3 to 1, won; Ostrich, 92, W. Knapp, Kopp, 10 to 1, 2; Graziallo, 108, Hildebrand, 7 to 1, third. Time, 2.06 2-5. Sir Brillar, Colonial Girl, Pasadena, Leonidas, Lord of the Vale, Broomstick, Proper and Dainty also ran.

Fifth race, selling, about 6 furlongs—Col. Ruppert, 106, Burns, 3 to 1, won; Little Woods, 98, L. Smith, 15 to 1, second; Jetsam, 108, Hildebrand, 10 to 1, third. Time, 1.10 3-5. King Cole, Sigllght, Vladivostok, Thirty-Third, Confessor, Aspasia, Water Mirror, Port Arthur, Graylad, Hannibal Boy, Lineroft, Pelham and Maid of Timbuctoo also ran.

Sixth race, 5 furlongs—Voorhees, 112, O'Neill, 4 to 1, won; Don Diego, 112, W. Davis, 3 to 1, second; Transmute, 109, Hildebrand, 16 to 5, third. Time, 1.02. Succeed, Vagabond, Flip-Flap, Remington, Sandy D., Adesse, Valencia, Sweet Heart, Miss Point, Eastin, How About You, and Cassini also ran.

Delhi, last year's champion "miler," carried the Keene colors to an easy victory. The speedy son of Ben Brush thereby enriched his owner in the sum of $16,000, while Ostrich, from the Boston Stable, captured second prize ($2,500), and Graziallo, the Columbia Stable's candidate, won third money, $1,500. About 30,000 persons were on the grounds, the attendance being less than the average on handicap day, because of the advance in prices at the gates.

Delhi was favorite, carrying thousands upon thousands of public money. As good as 4 to 1 could be had against his chances for a moment when the books opened, but the flood of wagers forced his price to 2 1-2 to 1 in a few minutes. Ostrich and Graziallo were heavily backed for second and third positions, so the general run of race-goers may be said to have profited as they seldom do in battles with the layers over the big handicaps.

The weather was ideal for the running of the nineteenth Brooklyn handicap. The original field was reduced to 11 contestants by the withdrawal of First Mason. Delhi, with Burns up, was cheered as he emerged from the paddock. So were the others, especially Proper and Dainty.

Colonial Girl drew the rail position, and when the barrier went up showed for a brief space in front. Delhi rushed to the fore under vigorous urging, and when the racers scurried past the judges' stand he held a commanding position. Graziallo, nicely handled by Hildebrand, worked into second place before Colonial Girl, while Lord of the Vale was fourth, with the others following. Proper and Dainty were away badly, and did not move up a particle from beginning to end.

The first mile was made in 1.41. None of the others had been able to get near the leader, and Burns cleverly held his place close to the rail. Graziallo galled slightly after the mile post was passed, and Colonial Girl tired rapidly. When the leaders straightened out into the stretch it seemed that Delhi would be overtaken, but no one got near enough to tell whether the brown colt was strong-hearted.

Seventy yards from home Ostrich came with a great rush on the outside. He had been running away back in seventh place but slowly closed in during the drive down the stretch, and in the final great effort, his rider, Willie Knapp, awoke to his opportunity. The leaders evidently were almost exhausted, and under a gruelling from the whip Ostrich ran up to them as though they had stopped. Half a dozen jumps from the finish he flashed between Delhi and Graziallo, and snatched from the latter the second section of the purse. Colonial Girl also weakened, and Sir Brillar finished stoutly in the fourth place.

Delhi's race, unpaced from start to finish, was creditable, the mile and a quarter being made in 2.06 2-5, or a fifth of a second better than the Picket's time last year.

The other races were good. There was a small play on the Bennington crack two-year-old, First Water, which went to his defeat before August Belmon's Woolwich in the third. This was because of a short price, 2 to 5. First Water came back after the race slightly lame, and a small stone probably caused his defeat. In the fifth race, Colonel Ruppert was the cause of much grief to the bookmakers. As good as 10 to 1 was offered against him. Friends of the stable were not long in getting their money down, and the tip spread so rapidly that the price was pounded down to 3 before post time, regardless of heavy play on every one of the 16 other starters in the race.

The Outremont Teams.

The Outremont team to play Y. M. C. A. on the Outremont grounds, Fletcher's Field, to-morrow will be as follows: Goal, Brighton; backs, Brown and Shoemaker; halves, Doyle, Pickering, W. Douglas; centre forward, J. Douglas; O. R. forward, Stuart; I. R. forward, T. Douglas; O. L. forward, McQuestion; I. L. forward, Barrons. Kick-off at 3.30.

The Outremont second team will play the Point seconds on the latter's grounds. The Outremont team will meet on Fletcher's Field at 2.15, where the team will be picked from the following: J. Johnston, R. Findlay, F. Ritchie, Chauvin, Scott, Paterson, Chard, Birse, Dick, Hemsworth, Jarvis, Barnes, Tait, Popham, Douglas.

CRICKET

Saturday's Test Match.

The following team will represent "B" division of the Montreal and District League, in the test match between A and B divisions, to be played Saturday:—

A. Hopkins (captain), and A. Redfern, of Montreal Woollen Mills; A. M. Fyfe and T. A. Dryden, of Victoria; G. Taylor, of Point St. Charles; E. Goodson, of Lachine; W. Baker and Wm. Baber, of Dominion Cotton Mills; K. Dowie, of Westmount II.; W. P. Briggs, of Mount Royal II.; S. Atkinson, of Osborne; spares C. S. Preston, H. Horsfall, E. Lewis.

The grounds on which the match is to be played have not yet been decided on.

THE TURF

GOOD RACING AT WOODBINE.

The Regulars Had Things to Themselves Yesterday.

Toronto, May 26.—The lull yesterday after the holiday crush at the Woodbine was decidedly grateful to the regulars, who had the game in their own hands. The attendance was a large one, but there was an absence of crowding. The weather was fine and much warmer, and the day was the most pleasant of the meeting. The six events were all well filled with good fields. The result was excellent racing under conditions that could scarcely be improved upon. The results:

First race, 5 furlongs, flash purse, for 3-year-olds and upwards—Collector Jessup, 116, Jones, 3 to 1 and even, won by a head; Caper Sauce, 105, H. Phillips, 3 to 1, second; Miss Morgan, 95, Romanelli, 7 to 2, even and 2 to 5, third. Time, 1.02. Preen, John Peters, Wadell II, Gemini, Polly Ann, Sleeping, and Mike Clancy also ran.

Second race, 4½ furlongs, Lorne purse, for maiden 2-year-olds—The Clown, 110, E. Walsh, 1 to 5 and 3 to 5, won by 3 lengths; Lady Huron, 108, Romanelli, 20 to 1, second; Ferroniere, 108, H. Horse Deal to Be Aired.

Windsor, Ont., May 26.—Arthur Brown, a well known horse dealer at Leamington, has been taken to Winnipeg under arrest in connection with a horse deal between himself and John Moys, a Winnipeg horseman. A feature of the case is the mysterious disappearance of the racer and noted ringer, Fred Wilton. Brown agreed to find a horse with a 2.06 record, for Moys, for $500. Brown claimed the horse died in Windsor as it was about to be shipped. He offered to refund all Moys had advanced, but the latter refused settlement until the matter is aired in court.

Apparently Moys believes that the horse that died here is not the one Brown bought for him and that Brown has secreted the horse, which is supposed to be Fred Wilton.

International Races in London.

In the International cycling races at the Crystal Palace, London, F. J. Kramer (American), won the mile (scratch) event, defeating Schilling, of Holland; Mayer, of Germany, and Friel, of France. Time, 2.12 3-5.

Later it was announced that Kramer had been disqualified for boring, and that Schilling had been awarded the race.

In the quarter-mile race, Mayer was first, Kramer second and Schilling third. Time, 36 3-5.

Kramer won the half-mile, Schilling was second, and Mayer third. Time, 1.02 3-5.

DEBATE FIXED FOR VOTE OF CENSURE

Mr. Balfour Asked Liberal Leader to Pledge Good Order.

BUT SIR HENRY REFUSED

Merely Expressing Belief Members Would Not Indulge in Disorder Unless Provoked.

London, May 26.—There was a further acrimonious discussion in the House of Commons yesterday afternoon, on the riotous scenes in the House on May 22, and a recurrence of the disorder at one time seemed so imminent owing to Premier Balfour's demand that Sir Henry Campbell-Bannerman (the Liberal leader) guarantee that there shall be no repetition of "such outrages on decency and fair-play," if he granted a day for the discussion of the proposed vote of censure.

Sir Henry hotly repudiated responsibility for the disorder, declaring that it was due to Mr. Balfour's departure from the invariable practice of replying immediately where his personal conduct as minister was impugned. Sir Henry refused the pledge demanded, and after a lively interchange of arguments the Liberal leader said he thought the members would not depart from the ordinary procedure unless provoked by Mr. Balfour. The Premier said he accepted this "somewhat grudging undertaking" and fixed May 30 for the debate on the vote of censure.

WILL SUBMIT NO PROPOSALS.

Answering Lord Hugh Cecil (leader of the Conservative Free Traders), who asked for information in the House of Commons regarding the attitude of the Premier on the subject of the Colonial conference, Mr. Balfour said the Government would not submit any proposals on the subject of Imperial preference to next year's Colonial conference.

BOSTON BANK CLOSES DOORS.

Seventy-one Other Banks and Trust Comp[illegible] are Creditors.

Boston, M[illegible] Seventy-one banks and trust co[illegible] most of them in Massachusett[illegible] ong the creditors of the bankin[illegible] Burnett, Cummings & Com[illegible] this city, which yesterday file[illegible] tary petition in bankruptcy wi[illegible] ities placed at $1,714,368. The [illegible] e stated to be uncertain. The [illegible] rs have been given to unders[illegible] they will not exceed $200,000.

Attorney G. T. [illegible] h counsel for the firm, said t[illegible] cause of the failure was the b[illegible] nd financing of the Concord & [illegible] Street Railway Company, th[illegible] boro, Wareham & Buzzard's [illegible] eet Railway, the Lowell & Bosto[illegible] et Railway, and the Bristol Coun[illegible] ilway. These roads were in thinly settled districts and were unable to make suitable connection with roads running to Boston. The four companies were placed in the hands of receivers, and their notes became valueless. The Massachusetts Securities Company's bonds which were secured by obligation of the railways, lost value and entailed losses upon the firm. Lawyer Auebach stated also that the buying of the Hampden Trust Company, of Springfield, and of the Taunton Safe Deposit & Trust Company, Taunton, both of which, unknown to the firm, were in serious financial straits, and which were placed in the hands of receivers, hastened the firm's embarrassment. The refusal of the extension of credit by banks then made a continuance in business impossible.

The secured creditors number 87, and the unsecured 81. There are 32 Massachusetts saving banks in the list of creditors, and 13 Massachusetts National banks. The largest unsecured claim is that of the Worcester Five Cent Saving Bank, Worcester, for $80,600.

The firm of Burnett, Cummings & Company is composed of Archie C. Burnett and Chas. C. Cummings second. The firm has been in business three and a half years, succeeding the firm of C. S. Cummings & Company.

CASHIER SHOT HIMSELF.

Stockton, Cal., May 26.—Consequent upon the fact that Cashier Kahn, of the Oakdale Bank, has shot himself, the directors of the institution, of which Thomas B. Dorsey is the president, have suspended business indefinitely. The state bank commissioners have been sent for. The condition of the cashier which is somewhat improved, is still precarious.

SERIOUS FIRE AT BRUSSELS.

Damage Done to Extent of Thirty-five Thousand Dollars.

Brussels, Ont., May 26.—A disastrous conflagration occurred yesterday afternoon. Shortly after three o'clock a fire started in the stables of the Queen's Hotel. The water pressure proved inadequate, and valuable time was lost before a line of hose was laid. The flames crossed the street to Walter's livery stables, and adjoining buildings, thence in a northerly direction towards Maitland River. Several buildings were destroyed including the stables of the American Hotel, Peter Scott's blacksmith shop, F. Adams', agricultural implements store, and Ross' grist mill, and adjacent buildings. The electric light power house was badly scorched. The wind increased and large pieces of burning timber were carried across the Maitland River, and the carriage factory of J. C. Cober & Son, caught, and with its contents, was consumed. The fire had burned itself out and was subdued at this point. Wingham and Listowell fire brigades arrived about 5 o'clock, and did good work. The loss is estimated at $35,000; insurance, unknown. The fire is supposed to have originated from the overturning of a tinsmith's lamp.

Ohio Republican Nominees.

Columbus, Ohio, May 26.—The Ohio Republicans, state convention yesterday unequivocally reaffirmed the Republican state and national platforms of 1904, and unanimously renominated Myron T. Herrick for governor. The remainder of the ticket was nominated as follows: Lieut.-governor, Gen. A. L. Harris; judge of the Supreme Court Wm. C. Davis, of Marion county; attorney-general, Wade Ellis, of Hamilton county; state treasurer, W. S. McKinnon, of Ashtabula county; member of the board of public works, Wm. Kirtley, of Defiance county.

INDIAN PLAGUE IS UNABATED

There Were 54,602 Deaths During Last Week Reported.

THE DEATH RATE INCREASING

The Total Number of Deaths for Year Promises to Exceed the Record.

London, May 26.—The Lancet prints advices from its correspondent in India to the effect that the plague epidemic there continues with unabated virulence. For the week ending April 22 there were 54,602 deaths, compared with 51,786 during the preceding week.

The mortality during the present year promises to exceed the record, which stands as follows: Total deaths for 1901, 273,679; 1902, 577,427; 1903, 851,263; 1904, 1,022,299, and to April 22, 1905, 630,968. It is doubtful if the figures tell the whole truth. Detailed figures show that the disease has spread throughout the country.

The Pasteur anti-plague serum has been extensively used in the present outbreak. Although it is impossible yet to give a definite opinion as to its efficacy, many reports show that it is valuable.

WILL ARISE FROM ITS ASHES.

Special to The Montreal Star.

Ste. Genevieve, Que., May 26.—Speaking at the close of the confirmation mass here, Archbishop Bruchesi advised the people of the parish to rebuild the convent, which was burned with such fatal results on Good Friday. The Archbishop pointed out to the people the necessary measures to be taken for the purpose, and a special committee has been appointed to consider the matter. It seems to be decided the convent will be rebuilt.

GOVERNOR-GENERAL'S TOUR.

His Excellency Visits Dog Show at Brantford, Ont.

Brantford, Ont., May 26.—The Governor-General arrived here yesterday and was met at the station by Mayor Waterous, and the aldermen; T. H. Preston, M.L.A.; W. F. Cockshutt, M.P., and other city representatives. There was a good turnout of citizens at the station. The party was escorted to carriages, and a drive was taken around the city. A halt was made at the Kerby House for lunch, after which the party proceeded to the Agricultural Park, where the Horse Show was being held. The show has had two fine days, and was in every respect a first class show. The display of horses was fine. In all classes competition was strong. The attendance on both days was very large.

Can Eat Anything Now.

How many Dyspeptics can say that?
Or perhaps you are dyspeptic and don't know it.

Have you any of these symptoms?

Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and souring of food, a painful load at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics, do not drink at meals, keep regular habits, and regulate the stomach and bowels with

BURDOCK BLOOD BITTERS,
Nature's specific for Dyspepsia.

Miss Laura Chicoine, Belle Anse, Que., says of its wonderful curative powers:— "Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

Suffered Intense Pain Around The Heart For Four Years.

Was Very Dizzy.

Four Boxes of

Milburn's Heart and Nerve Pills

Effected a Complete Cure.

They are a specific for all troubles arising from a weak condition of the heart or from the nervous system. For troubles such as Palpitation of the Heart, Sleeplessness, Nervousness, Faint or Dizzy Spells, Shortness of Breath, Starting in the Sleep; Cold, Clammy Hands or Feet, Brain Fag, etc., we would strongly advise the early use of Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many a life, and restoring strength to those who were weak, nervous, health-shattered invalids.

Mrs. E. Kilmer, Humberstone, Ont., writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25.

All dealers, or mailed direct on receipt of price.

FRIDAY, MAY 26, 1905.

THE WATER RATES.

The statement is made by Ald. R. Bullard that, before the present administration at the City Hall faces the electors again, the water rates will in all probability have been reduced.

A great majority of the members of Council certainly have many promises to redeem in the matter of lowering the water rates. At the last elections, not two per cent of those who went to the poles but promised that their first efforts in Council would be to plead eloquently for a reduction of those abnormal rates. But it is astounding the way these promises have been broken. A few weeks ago one member of the Council actually had the cowardice to ask that past promises be kept and the water rates be reduced; but when the motion was put to reduce the rates, it was snowed under contemptuously.

When it is stated that the city last year made over $500,000 clear profit on selling water it will be seen at a glance what excessive figures must necessarily be charged for the fluid. It has been pointed out in these columns already that there is scarcely a city on the Continent that charges anything like such high rates for water as does Montreal. In addition to this, Montreal follows out an astonishingly idiotic and useless custom of distraining everyone who cannot afford to pay the exorbitant rates. At the last civic elections, the fact was made public that over a third of the entire electorate had no right to vote because they had failed to pay the rates levied for water.

It is to be sincerely hoped the aldermen will use the few months that they are yet to be in office in making good their profuse promises in regard to lowering the price of water. Citizens are very weary of high water rates, and are also deadly weary of broken promises by aldermen.

PLAYGROUNDS FOR CHILDREN.

The inalienable right of childhood to fresh air, sunshine and space for play naturally recurs to the mind with the approach of the summer holidays and the opening of the school playgrounds. To the thousands of children who remain in Montreal during the warm months the school playground affords the one opportunity they have for real play. There is the Mountain, but unless some beneficient mortal should undertake their transportation to Mount Royal, many of the poorer children of Montreal will not visit that haven of picnickers as often as would be good for them. The parks and squares are green and inviting, but the little ones may not play there.

Last year the Playgrounds Committee had five playgrounds opened to the boys and as many to the girls, in different parts of the city. Each enclosure was supervised by a capable person, and thousands of children availed themselves of the opportunity to play. In the afternoons the mothers brought younger children and looked on at the games, enjoying needed air and rest.

The committee proposed to extend their work this season, but are already confronted with insufficient means to pay the supervisors' weekly salaries and meet the other expenses of last year. Ways and means of raising the necessary funds are now being discussed by the financial section of the committee, and it rests with the public whether the children will have roomy playgrounds under proper supervision or be compelled to amuse themselves in dusty streets and lanes.

WHITNEY'S FIRST SESSION.

Whitney's first session is finished, and Ontario is inclined to feel itself all over to discover if it has suffered any damage from its initial venture, in more than three decades, from under the guardianship of the local Liberals. Then there were those who feared that the impetuous Whitney would prove a reckless motorman, and that the staid old province of Ontario would find itself ditched some fine morning if it trusted him with car. But nothing serious has happened. Even Toronto still has its good opinion of itself on straight.

Toward the close of the session, Mr. Whitney has even displayed some of the signs of a courageous leader—a spectacle that our politics does not very often see. He entered a committee room in true Cromwellian style and ordered his henchmen to have nothing to do with a bill then before them which threatened to carry; and all of his henchmen obeyed except the irrespressible Beattie Nesbitt. It was a case, however, in which the young Premier was undoubtedly right; for what he objected to were the twin evils of rushing important legislation through the Legislature at the last moment, and the granting of perpetual franchises to electric railways.

Another good mark has been won by the Conservative Ministers in their treatment of the license system. Inevitably a lot of licenses had got into the wrong hands through the long years of one party rule; and the new Ministers have undertaken the delicate task of cleaning house with pluck and discretion. They have made some mistakes. There has been some local grumbling. It has been pointed out that most of these dispossessed "undesirables" were of the opposite political faith, which is not surprising when we recall that it was under a Liberal Government that they were able to get their licenses. But the general verdict is that the liquor-selling business in Ontario is in better hands for the change.

Toronto is naturally enthusiastic over the ambitious plans for its university which the Whitney Government have proposed. Certainly public money can be spent in few better ways than in strengthening the resources of education; though it is a question whether greater returns are not to be expected from the investment of the same amounts in primary education. Still there is a natural pride in a great university; and Ontario will be very likely to approve of the Government enthusiasm for that institution. One strong point in the scheme is that it is coupled with a promising provision for individual generosity—a force which has made McGill what it is.

The new Ministers have very properly felt that they were on trial. They were from the first under the disadvantage of having been pitchforked into their initial session without any time for preparation; but now they will have an opportunity to find their footing and realize their responsibilities. Just at present the people are favorably disposed toward them. They have an opportunity which has seldom come to a group of public men in provincial politics, for there are not many Cabinets—including to which the Conservatives of the country can look. But they may be very sure that the electorate which punished their predecessors with so much determination and severity will not condone wrong-doing nor public neglect on their part. The people of Ontario were never more awake to the necessity of insisting upon faithful service from their representatives, and they have a kindly and curious, but sternly critical, eye just now on the Whitney Administration.

Mayor Laporte, who a few days ago was criticising the press for criticising the conditions of the streets, has now been criticising them himself. He told the Road Committee that, while standing near Bonaventure station the other day, prominent citizens called his attention to large holes in the pavement, which were filled with muddy water that was generously splashed over pedestrians. It apparently makes a difference whose eyes behold the condition of the streets. However, we will not demand consistency of the Mayor. We are too pleased to see him voicing the sentiments of us all that it is a disgrace to Montreal to present a broken pavement as the first spectacle which meets the eyes of visitors when they alight from the railway trains. Let us at least have the decency to keep our front yard clean.

The French-Canadian newspapers of Quebec perform ill-service to their readers when they reproduce the shriekings of certain Ontario papers. It is not necessary every time a feather-weight scribbler in Ontario or Quebec, "cusses" his alleged intellect, that the ravings should be heralded in the respective provinces as "representative utterances," as "the traditional attitude." The game is an old one, and wearisome. Respectable newspapers, which, once upon a time, reproduced such writings as a curiosity, have abandoned doing so, because some people have no sense of appreciation for the quaint in journalism. Some readers do not differentiate between the printed word and the fact. The paper that deliberately reproduces the frothings of rabid writers is as much an enemy of Canadian unity as the journal that deliberately sows the seed of discord.

THIS DATE 30 YEARS AGO.

The coroner opened an enquiry before an intelligent jury at the General Hospital this morning, concerning the death of a man found lying on the Jacques Cartier wharf by the water police on the 23rd inst.

THE coroner at the time was the late Mr. J. Jones. He held the office for a very long time and was recognized as a very careful and able public official. He died in the eighties.

Major-General Smyth and Capt. Stapleton arrived in the city this morning from Ottawa, and leave this evening for a tour of inspection of Prince Edward Island.

THE late Sir Edward Selby Smyth, K.C.M.G., was appointed to the command of the Canadian militia on the 1st of October, 1874. He had an excellent military reputation and had seen plenty of fighting at the Cape and the East Indies. He was a popular commander with all ranks of the militia.

A meeting in the interests of Ald. Duhamel, the Liberal candidate for the eastern division, will be held this evening on St. James Square. Addresses will be delivered by Messrs. Holton, Penny, Lacoste and other leaders of the Liberal party.

THE late Mr. Duhamel, Q.C., was a very able and prominent member of the Montreal Bar, and one of the legal advisers of the Grand Trunk Railway. The Hon. Mr. Taillon, who was his opponent, was elected. The other gentlemen mentioned above have since paid the debt of nature.

THE PASSING HOUR

The advantage the dog show has over the horse show is that it does not carry a spring millinery exhibition as a side line.

The present price of radium, in fact, is almost high enough to bring a blush of shame to St. Catherine street real estate.

While hating to be conceited, Hon. Mr. Prefontaine must nevertheless feel like pointing with pride to the fact that his ice-breakers are still keeping the St. Lawrence remarkably free of ice.

One man has died from eating his straw hat. The man who has once acquired the breakfast food habit is liable to tackle almost anything.

The man who said he would plant the American flag on the North Pole has just died. This leaves Cap. Bernier absolutely without competition as a North Pole magic lantern lecturer.

The strain on the city water pump would be less severe if it manipulated more water and less real estate.

An Ontario man has received a Carnegie Hero Medal for a life-saving act, and there is now one coming to the Toronto man who read an editorial on the School Question and forgot to get excited.

Yesterday was an unusual day in the history of the United States. Nobody robbed a bank.

The Americans are still shooting up the Filipinos, and with decent kind of luck

expect to end the war there sometime within the next thousand years.

If the doctors prescribed a long sea trip in the direction of home, Rojestvensky might recover from that nervous prostration.

OUR EXPENSIVE GAS.

He was tired of the awful School Question, alas!
So he went to his room and blew out the gas.

He sank with a sigh the white pillow upon
And died with a smile—but the Meter clicked on

His breath ceased to come and his blood ceased to flow,
His heart ceased to work—but the Meter not so.

It clicked and it purred with an energy keen
As it spun round and round like a gambling machine.

It reeled cubic feet off with fiendish delight
And rattled and chuckled and squeaked through the night

Until the poor Landlord, discerning the smell,
Rushed up to the room with a heart-breaking yell.

"Kind fates!" cried the Landlord, suppressing a shriek,
"This is the third gas case we've had here this week

"I like to accommodate guests when I can,
I like to be kind to a desperate man.

"But how can I save me from ruin, O how,
When gas still continues a dollar per thou?"

The Landlord he pondered a moment in grief,
Deciding that death was his only relief.

"Let millionaires die through the Power Co.," he cried,
"But I can't afford such a swell suicide

"Farewell world of politics, grafters and debt!"
And he blew out his brains with a cheap cigarette.

The champion mean man is the one

who leaves broken-down umbrellas in his hallway for his friends to steal.

In a recent fire 73 lawn mowers were destroyed. No doubt Westmount is inclined to view this as a national calamity.

One paper estimates that 1,000,000 words were spoken on the School Question. The country in general probably spoke about 25 of that number, and Toronto the other 999,975.

The Czar says he will not remove Rojestvensky, but Togo is not making any promises.

One man was struck with an auto and lost his power of speech. Usually its just the other way.

HEREDITY.

The South American woman had spanked her little boy.
Smarting with pain, he shook his fist at her.
"You'll be sorry for this," he bellowed. "I'm going out to the back yard to start a revolution, right now."

Among the unaccountable mistakes of cashiers must be classed that of the cashier of the Goldfield, Nev., bank, who ran away and left $21 in the vaults.

IT'S HERE.

Last winter was a dreadful one
So filled with sleet and rain,
We thought we'd never see the sun
Emit much warmth again.
We thought the summer'd skip this year
And down our spirits dived;
But now we know that summer's near—
The straw hat has arrived.

The crocus in the early spring,
The foremost robin's song,
Aroused no hope. We feared, by jing,
That they might both be wrong!
But put to flight is every fear
And hope's again revived;
We're certain now that summer's near—
The straw hat has arrived.

MGR. BRUCHESI ON LOYALTY

His Grace Preaches Eloquent Sermon to Parishioners at Ste. Anne's.

WHAT WE OWE TO ENGLAND

"Enjoyment of British Liberty Under the Union Jack"—Sermon on Empire Day.

"To England, and particularly to our beloved Majesty, King Edward VII., we owe a lasting debt of gratitude for our enjoyment of British liberty under the Union Jack in this dear Canada of ours."

Rarely have the people of the parish of Ste. Anne de Bellevue listened with greater enthusiasm to a speaker as they did on Empire Day, when His Grace Archbishop Bruchesi, with burning eloquence, addressed them as above on their duties to the State and to their Sovereign Lord, the King.

His Grace laid special stress on the generous broadmindedness of His Majesty and the great wisdom of his laws and government, to which was due the free and untrammelled right they enjoyed in the practice of their religion, and he forcefully impressed his hearers with His Majesty's attachment to the Dominion, which was a jewel in the crown he wore.

He concluded his address with urgent solicitations for the prayers of his people that His Majesty may be spared to continue for many years to come the glorious reign which he had so well begun, and, "following the advice of the Apostle St. Paul," he said, "remember always that you owe to your Sovereign and his deputies the respect and submission which is due to them."

The Archbishop, who is on his parochial visits, during which he administers the rite of Confirmation, is accompanied by the Rev. Father Strubbe, C.SS.R. He was at St. Anne de Bellevue on Empire Day, when he delivered this patriotic address.

It is customary during these visits for him to address his people on some particular subject, most of the parishes on this occasion having been addressed on temperance, the education of children and the observance of the Sabbath. But, being at Ste. Anne's on Empire Day, His Grace took occasion to urge on its people loyalty to their King and country.

The bride wore her travelling costume of dark blue silk, with hat to match. Immediately after the ceremony Mr. and Mrs. Wright left for New York, en route to the West Indies.

THE GLOBE DIDN'T STICK.

(The Huntingdon Gleaner.)

The Toronto Globe, which differed from the Government on the educational clauses of the autonomy bills, has of late spoken plainly of its disapproval of its management of the finances. The expectation that it would lend its assistance to those in London and Oxford who condemn the educational clauses and are growing afraid of the financial situation, is not to be realized. "At this critical time" the defeat or even weakening of the Laurier administration is not to be thought of, and so the Globe backs the Government candidates. All the same, they may be beaten.

Rapid Circulation in the "Bison" Heater

The expansion of hot water in the heater causes circulation.
If the water heats at the bottom first, it cannot circulate till the water in the upper sections is also heated. Most heaters heat the bottom water first.
The "Bison" heats the water at the top first.
That is why it gets almost instantaneous circulation of hot water into the radiators—it is one of ten reasons why the "Bison" is the best heater.

LOST DAUPHIN OF FRANCE.

His History, Written by His Guardian, Has Been Found.

Los Angeles, Cal., May 26.—A bottle, having every appearance of having been in the sea a long time, was picked up at Ocean Park to-day, and was found to contain a note purporting to be from Wilbur A. Harris, a native of Pontiac, Mich., stating that on May 8, 1902, the whaler El Toro, out of Topolobampo, Mexico, was wrecked off a small island south by south-west of Tahiti. Harris further states that among the crew who were drowned was Lope Auittemenoz, who had in his possession a French manuscript handed down in his family, giving the complete history of the lost Dauphin of France, written by a man in whose charge Robespierre left him, and a French ornament set in diamonds. He asks that a professor of history of Yale University be notified and given directions for finding this historical treasure which he has buried.

KING'S DAUGHTERS' CRECHE.

The Summer Creche, which has been maintained for seven seasons, will reopen its work in the new permanent quarters at Cote des Neiges on Thursday June 1st. The committee will hold a reception and tea that afternoon from three to six o'clock.

There will be a sale of fancy-work and candy in aid of the Creche at the same time, for which contributions will be received by Miss Kinloch, the secretary, 160 Metcalfe street.

The work done by the Creche in past seasons has been particularly appreciated by the families benefitted. One workingman writes this year wishing the committee "good luck for many years to come," and encloses a contribution of three dollars from his limited earnings in appreciation of the good done his wife and children.

The removal to the new building at Cote des Neiges involves increased rental and expenses, and the committee are expectant that contributions toward its support will be correspondingly increased. Last year 1876 children were received at the Creche and enjoyed their stay; 845 adults visitors were also entertained. For rent and wages alone the sum of $500 was expended, and this, with the growth of the work, will increase this year.

Contributions will be received by the Treasurer Mrs. James Robinson, 727 Hutchison street, Annex, at Scarff's Drug Store or Miss Smith's Emporium, Windsor Block. Donations in kind, especially hammocks, garden tables, and chairs, are needed and may be sent to Mrs. S. N. Baylis, 262 University street.

VARIETY IN FOOD.

The importance of a continual change in diet cannot be too often impressed on the housewife. Physiologists say that the correct proportion of foodstuffs necessary to the human system can only be obtained from a number of different dishes. In normal health the body must have a certain amount of starchy foods, such as rice and similar things.

It must also have foods that contain a large amount of proteids, such as eggs, milk, cheese and meat. A variety of fresh vegetables and fruits is also necessary, especially in summer, because of the salts and acids they contain.

The Chinese cooly, whose principal article of diet is rice, must digest an enormous quantity in order to get the full amount of proteid needed, and consequently his digestive organs are badly overtaxed, while he gets altogether more starch than is necessary.

Some old-fashioned people still retain the idea that what one's appetite craves is just what one must not have, and what is delicious is always unwholesome. Sensible people, however, now believe the opposite is often the case. When a person tires of a certain food it is probably because his system does not need it, but requires something quite different. One's appetites are apt to be good judges in this matter. The animal selects the food which is best for him through what is known as instinct. Possibly man might be wisely governed in the same way. Those persons are usually well, mentally and physically, who enjoy their meals and yet do not think too much about them. When the different foods on the family table are dressed in new and attractive ways from time to time, and no one kind of dish is served too often, the appetite is not only quickened, but the digestive powers have easier work to do.

MEALS FOR IMMIGRANTS.

A much-needed charity is being organized in New York to aid the hundreds of immigrants arriving each week. A restaurant will be opened by a number of Hebrew physicians on the East Side, where meals will be served to immigrants of their own race or any other at a cost of four cents a meal.

Two meals will be served daily and it is estimated that about 500 immigrants will buy there the soup and meat and bread provided instead of munching crusts or bananas in their dismal lodgings. Dr. Abram Caspe, one of the organizers, has stated that they will be able to almost cover expenses at that price. He believes too that the possibility of living so cheaply will deter newly-arrived immigrants from working for almost nothing as they do now, displacing men who were paid twice as much.

A good deal is expected of this work, which, like many other charities, had its origin in one pathetic incident. It was this that roused the Hebrew physicians to found the People's Kitchen Association.

A Jewish immigrant boy landed in New York three months ago, with thousands of others, deposited his belongings in a room on the East Side and started out to seek his fortune. Morning after morning he tramped down the four flights of stairs to the street with the high hope that that day he would find work, and night after night he toiled up to his tiny hole under the roof, tired out from his fruitless search.

With no money coming in and with the constant demands of rent and food the little hoard that the young fellow had brought from the home country rapidly diminished until the pangs of hunger were added to the ache of loneliness and the disappointment in not finding work. Then came a morning on which he was too weak to start out on his daily search, and when, a couple of days later, the janitor climbed up to his little room, the boy was starving to death. Help on every hand was offered then, but it had come too late and the lad died.

Montreal has experienced more than once a large influx of poor immigrants without means or employment. Is there not in the Kitchen Association some suggestion of a means to meet such an experience again?

BLOUSE WAIST, 1916.

Blouse waists made with chemisettes of lace or in lingerie style are among the novel features of the season and are eminently attractive. This one combines a plain back with fronts that are tucked at the shoulders to yoke depth and includes sleeves of the latest cut with deep cuffs. As illustrated the material is royal blue taffeta with banding of silk and chemisette of cream colored lace over chiffon. All waisting materials are, however, appropriate, and tucked muslin is always attractive for the chemisette and collar.

The waist consists of the fitted lining, which can be used or omitted as preferred, fronts and back. The chemisette is arranged over the lining and under the edges of waist, which is closed invisible beneath the edge of the right front. The sleeves are made over fitted linings, which are faced to form the deep cuffs, and from which the cuffs are cut when the foundations are omitted.

The quantity of material required for the medium size is 3 3-4 yards 21, 3 1-4 yards 27 or 1 7-8 yards 44 inches wide, with 1-2 yard of all-over lace.

The pattern 4916 is cut in sizes for a 32, 34, 36, 38 and 40 inch bust measure.

A May Manton pattern of blouse waist No. 4916, in sizes from 32 to 40, will be mailed to any address outside the city by the Fashion Department of this paper on receipt of 10c. City readers must call at Star Branch office, corner Peel and St. Catherine street.

The Star's Pattern Department has been removed to the Star Branch Office, corner of Peel and St. Catherine streets, for patterns. No patterns will be supplied at the head office, St. James street.

GARMENT WORKERS AND GAS.

Condemn the "Twenty"—An Alien Labor Difficulty.

A mass meeting of garment workers was held last evening, in their headquarters, to protest against the action of a city wholesale clothing firm importing Americans to replace Canadian labor. It was claimed by the various speakers that the Alien Labor Law had been flagrantly violated in this particular case. In their speeches, Messrs. C. Harch and J. Schwartz advised the union to instruct one of its members to take an action against the firm in question for violation of the law. The president said that the union would do its best to have the men deported.

A resolution was passed protesting against the action of the twenty members of the City Council, who voted for the extension of the gas franchise. It was decided to fight every one of them at the polls when the proper time comes around.

The Conditions in Winnipeg.

Mr. R. A. Outhet, landscape architect, who returned last night from a business trip to Winnipeg, spoke of the beautifully boulevarded wide streets and the great number of fine buildings being erected, but in respect to the laying of sewers and water, the sewerage disposed, and the inspection of new buildings this work is getting beyond the management of the civic authorities owing to the rapid growth of the city.

The Stonemasons' Union.

There will be a general meeting of the Stonemasons' Union, on Monday evening, in St. Joseph's Hall, when matters in connection with the death of the late Joseph Cyr, for many years an active member of the organization, will be discussed.

Port Daniel, Que. — Angus McDonald died on Tuesday morning, aged 60.

THE TREASURER EXPLAINS.

Says New Taxes Will Not Interfere With Trade.

In answer to the Montreal Board of Trade's protest against the recent provincial tax placed on transfers of stocks and bonds, manufacturers' agents, etc., the Provincial Treasurer replied as follows:

"The object of the amendment to the law with respect to navigation companies was aimed particularly at tramp ships, which heretofore have not been reached by the law, and have paid no taxes whatever. The old law taxed navigation companies running regular lines of steamers, etc. As amended, the law includes every navigation company, steamship company, partnership or association owning, operating or running one or more steamships or vessels between any place in the province of Quebec and any other place in the province or in any other country, or any agent of such company, partnership or association. The amount of the tax is the same as heretofore.

"It never was intended to place a tax upon resident manufacturers' agents, etc. It was my inadvertence that the law officer left out the word "non-resident." The law only applies to non-resident commercial travellers representing foreign firms, who come to Canada, take orders for goods, and return home.

"The bill re tax on stock transfers was based upon two bills, one pr pared by three eminent Montreal counsel, and the bill which was recently passed by the New York Legislature. The amount of the tax mentioned in the bill was five cents on every $100. After consultation with Messrs. Knight, secretary-treasurer of the Canadian Bankers' Association, and A. A. Wilson, president of the Stock Exchange, the tax was fixed at two cents per $100, the same as mentioned in the New York bill.

"I am sure the action of the Government with respect to these bills will meet with general approval. Certainly we have no fear that they will in any way interfere with trade, or that the business of the province will suffer."

Lord Rosebery, who has a villa near Naples, has given that city a painting of Ferdinand II., who was King of the two Sicilies from 1830 to 1859.

A RECIPE.

Sause for Asparagus.—The simplest and one of the most satisfactory hot sauces to serve with asparagus is made by melting together one tablespoonful and a half each of butter and flour in a saucepan, adding gradually one cupful of the water in which the vegetable was boiled and three-quarters of a cupful of milk. When smooth and thick add salt and pepper to taste and simmer for two minutes. Two or more slices of toast may be laid on the serving platter, the asparagus arranged on this and a few spoonfuls of the sauce poured over, the remainder being passed separately.

"LEFTOVERS" OF LAMB.

One of the problems of the cook is always, "What shall I do with the leftovers?" Here are some ideas for reheating lamb in an appetizing way:

Lamb Croquettes.—Two cups finely chopped cooked lamb, one cup boiled rice, one tablespoon chopped parsley, one tablespoon lemon juice, two tablespoons flour, one cup cream, one tablespoon butter, salt and pepper to taste. Scald the milk; rub the butter and flour together until smooth, add to the scalded milk, and stir until it thickens. Mix the meat, rice, parsley and seasoning well together. Mix with the thickened milk and cool. When cool, form into cone-shaped croquettes, cover with egg and bread crumbs, and fry in smoking hot fat.

Curry of Lamb.—Two cups chopped cooked lamb, two tablespoons flour, two cups stock, one tablespoon orange juice, one-half teaspoon chopped mint, two tablespoons butter, one teaspoon curry powder, salt and pepper to taste. Brown the butter, add the curry powder, meat and mint, and cook ten minutes or until the meat is well heated and seasoned. Add the flour, stir until brown, add the stock and stir until the sauce has thickened. Season and serve in a rice boiler. In place of a rice boiler, one cup boiled rice and one of meat may be used, following the directions given above.

Pilaff of Lamb.—One-half cup rice, two cups cold chopped lamb, two tablespoons butter. Boil the rice in plenty of boiling, salted water twenty minutes or until tender. Drain and mix with the finely chopped meat, which should be seasoned with salt and pepper and a few drops of celery extract. Add the butter, melted, and when the meat is heated, turn the rice and meat into a greased tin mold. Place in the oven a few minutes, or until the pilaff keeps its form when turned out of the mold.

Mutton Scallop.—Two cups finely chopped cooked meat, one cup tomato sauce, one-half cup bread crumbs, one tablespoon butter. Melt the butter, add the bread crumbs, and stir until they are thoroughly greased; season the meat with salt, pepper, a drop or two of onion juice or other suitable seasoning. Fill a greased baking dish with alternate layers of the meat, sauce and bread crumbs, covering the top with the crumbs. Bake twenty minutes in a quick oven and serve.

THE WOMAN HEART.

She never said "I love you not," but when
She was all fearful that she loved too much;
She never took her hand from yours—but then
When most she craved its touch.

She never laughed at you but when she fain
Would be too tender. Never turned away
Save when each impulse urged her once again
To listen and to stay.

A woman's heart is like a witch's prayer—
To be read backward and its craft defied.
Ah! judge us not by those poor lies we dare,
But by the truths we hide.

Cycling Story from Ireland.

A funny cycling story comes from the West of Ireland. A gentleman riding a motor cycle was going through a village, when a dog, the property of two old ladies, ran out and made "an unprovoked assault on him," but got the worst of the encounter, though the cyclist was thrown off and badly hurt. The dog was carried to the residence of its owners, and in about half an hour a pathetic message came to the cyclist, who was laid up at an inn in the village: "Tell the man with the motor bicycle that the dog is dead." The irate cyclist sent back the discourteous reply: "Tell the ladies who owned the dog that the motor cyclist is still living."

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage —All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley.

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

THE CONDITION OF THE GAS QUESTION

Will Ald. St. Denis' Notice of Reconsideration Effect Offer?

ALD. COUTURE SAYS WILL NOT

Ald. St. Denis Does Not See Why it Should Not Have Its Effect.

Will the notice of motion of Ald. St. Denis, asking that the offer to the Gas Company in regard to the future price of gas, affect the offer which the Council sent the company on Monday? This question is agitating many of the city fathers at the present time and is causing much discussion.

Ald. St. Denis says that he gave the notice of motion because he had found out that his electors thought that as the company was asked to furnish gas on a sliding scale, at 90 cents and $1.00, they were being given by far too good a bargain. He could see no reason why his motion should not affect the offer, even though the Council on Monday instructed the city clerk that it must be forwarded to the company. It had to be remembered that the company's answer to the proposition would have to be discussed. A by-law on the offer would have to be framed, and then there would be plenty of time to consider the notice of motion asking that there be a reconsideraion of the offer to the company.

Ald. Couture, and other members of Council, however, argue that the notice of motion by Ald. St. Denis is not worth a moment's consideration. Ald. Couture said: "The fact is that a formal offer has been made to the company. For argument's sake let us say the company accepts the offer, then where will the notice of motion play any part? Even should it be decided to draft a by-law on the offer, such by-law would only deal with matters concerned with the offer. A majority of the Council have decided that the offer should be made. Ald. St. Denis has changed his mind in regard to it (he voted for it at one time), but his notice of reconsideration was made at so late a date that it means nothing. The company has a legal and final offer from the city and the time for reconsideration has past for good and all. I do not think the company will accept the offer; but should it decide, contrary to expectations, to do so, the notice of motion for reconsideration made by Ald. St. Denis will play no part whatever."

IDEAL RAILWAY TRAINS.

The Magnificent Service Given the Railway Delegates.

Mr. George W. Boyd, traffic manager of the Pennsylvania Railway, was in charge of the special train which, in three sections, left the city yesterday, conveying the delegates to the International Railway Congress, New York.

As these trains were not claimed by any one lines, but travelled over several systems during the course of the tour which immediately followed the sessions of the Congress, they may be taken as an example of what present day railwaying can accomplish. A few facts respecting them may consequently be not uninteresting.

Each train had state room, dining, and observation cars. They were heated by steam and lighted by electricity. Each had a barber shop, and a bath. A maid was assigned to each section. The last state room in the observation car of each section was used as a telephone booth, arrangements having been made to connect the train directly with its local and long distance wires, wherever a stop of any length was made, giving the delegates complimentary service. This was a feature which has never before been afforded except experimentally. It was on of the conveniences which greatly interested visitors from abroad.

In addition to this, telegraph service was maintained by special messengers. They met the trains, on their arrival at stopping places, to deliver and take despatches. Arrangements were also made for the delegates to receive their mail while on their travels. Letters were addressed to them in care of the special train and a porter went to the post office as soon as the train stopped at a station, and got the mail for the party.

On each train also was an interpreter and a stenographer, who was constantly on duty while the train was in motion. The plans for each member of the party were so systematized that his baggage was delivered at his hotel nnd put on board the train without any directions being given by him.

Whether the service on these trains was installed particularly with the view of showing the foreign representatives what railways can do on this continent, or for the purpose of making the trip of the visitors as enjoyable as money and thought could make it, is a matter of no importance, but the installation of all these conveniences and comforts for any purpose whatsoever, show what wonderful improvements have been made in train service in America during the last quarter of a century.

MR. HAYS IS NOT IN ANY DANGER

Absurd Rumor That He Could Be Deported as an "Alien."

GRAND TRUNK NOT WORRYING

Legal Department Firm in Belief They Can Hold on to Their President.

In railway legal circles it is not thought that Mr. Charles M. Hays is to put it in the vernacular, in any immediate danger of losing his job.

Some American papers take the view of the supposed enforcement of the alien labor law by the Canadian Government as scoring a point to us, and his friends are pleased to say, to any extent by those who know anything about the legal aspect of the case.

It is just as well to admit at the outset that the legal profession considers that the alien labor law, while a very strong, and at times extremely valuable piece of legislation, was not placed on the statute books to be abused, but merely as a protection, when necessary, against the inroads of undesirable foreigners.

That view has not always been accepted by the American immigration officials, who from time to time have found themselves in hot water through having intercepted some prominent Canadian who was anxious to spend a brief holiday in some centre of population across the line. The fact that Premier Laurier's attention was drawn to such a case in the House of Commons only the other day, and that Sir Wilfrid said that the would cause enquiries to be made at Washington, has doubtless suggested to the American railroader in question that it possibly might follow, and that, in such an event, Mr. Hays would be subject to deportation.

But even if the Canadian Government were anxious to get rid of Mr. Hays, the very alien labor law that it is suggested is to be invoked, with that object in view would stand in the way.

The Act of 1897 makes the system of encouraging the importation or immigration of foreigners into Canada unlawful and imposes a penalty for the violation by any person of the provision of the Act in that respect.

Section 6, which is the section dealing with deportation makes it very clear that the clause only applies for one year, so that as Mr. Hays has been in Canada to the enjoyment of his present emoluments and honors for several years, he may be considered as beyond the operations of the Act.

The clause in question, in its entirety, reads as follows: "The Attorney-General of Canada in case he shall be satisfied that the immigrant (or any one imported, as the first section of the Act sets forth) has been allowed to land in Canada contrary to the prohibition of the Act, may cause such immigrant, within the period of one year after landing or entry, to be taken into custody and returned to the country from whence he came at the expense of the owners of the importing vessel, or if he entered from an adjoining country, at the expense of the person previously contracting for his services."

An amendment adds: "At the expense of the person, party, company or corporation violating section one of this Act."

So that it will be seen that to attempt to deport Mr. Hays would be to stretch both the spirit and intention of the Act.

ROYAL MONTREAL LADY GOLFERS GO TO QUEBEC AFTER PLAYING MATCHES

The ladies of the Royal Montreal Golf Club are going to Quebec on Monday, playing there on Tuesday next.

They have been locally very busy with matches. The match for bells presented by Mrs. Whitehead, was won by Miss Norah Dawes, with Miss Greene second and Mrs. Clarendon Musson third.

The semi-finals for the Lady Drummond trophy resulted in a tie between Mrs. Clarendon Musson and Miss Muriel Hood which will be played off to-morrow morning. In the second division, for Mrs. Greenshields' prize, there was a three-cornered tie which will also be played off to-morrow morning.

Those tied are: Mrs. Cattle Robb, Mrs. Lansing Lewis and Miss Peck.

THE DOINGS OF JEWS IN WARSAW

Prominent Hebrew Citizen of Montreal on the Situation.

THE PRIDE OF RACE ASSERTED

Had Been Given No Police Protection and Had to Purge Community Themselves.

Despatches from Warsaw to-day bring news of a thoroughly-organized uprising on the part of the respectable Jewish element of that city against disreputable places frequented by the Jewish dudes. The police of the city, shielding these resorts of people (ex-convicts in a crusade of purification, destroying the dens and their furniture. Valuable jewelry taken from these places was smashed with axes before the approving crowds. There was no pillage, the people being solely intent upon the object of their crusade.

A prominent Hebrew citizen of Montreal said, when interviewed by the Star this morning on the subject of the Warsaw uprising: "This outbreak is as good an evidence as possible that the Jews are anxious always to purge themselves of their undesirable members. As you know, the laws throughout Russia treat the Jews as little better than slaves. They have no rights to speak of. They are herded within narrow limits and not allowed beyond those limits.

"In this instance they have been so driven to desperation by the laxity of the law to protect their best interests that the respectable Jews have literally taken the law in their own hands. Fortunately, even the officials of the autocratic Government have acknowledged their right, according to this despatch for they were practically abetted in their destruction by the police. A spirit of improvement in the condition of Russian Jews would seem to be indicated by recent emigration news from Russia however.

"Do you consider the uprising was excited by the traditional strife of the Jewish race in their standard of purity of life?"

"Yes, I should say it was. It is an instance of the old injustice of punishing the whole race of Jews for the sins of one or more. This Warsaw incident is an evidence that respectable Jews are as strongly opposed to black sheep among their own people as any nation can be.

"It is true that as a race we have had to suffer for the sins of the few, whenever one is blamed as a whole race. For instance, in some degree, the whole nation of Americans is tainted by the unscrupulous methods of the money market and manipulate trusts. What would Canadians say if all Canadians were dubbed corrupt because we have some corrupt men among us? It is just the same with the Jewish race, and this Warsaw incident proves that Jews are not tolerant of evil."

Saturday's Star.

NOTICE TO ADVERTISERS.

As is usual at this season of the year the demand for advertising space in the Star of Saturdays especially is embarrassing in its proportions, taxing the utmost facilities of the staff and plant to handle. The publishers will duly appreciate the co-operation of advertisers generally in dealing with these conditions, by preparing their advertising copy early and sending it in at least one full day ahead of the day of publication. This will assist in the better preparation and distribution, as well as afford the advertiser some surety of insertion which cannot be extended if the copy is held back to the last hour.

For the purpose of receiving copy, the Star Office, St. James street, and Star Branch Office, corner Peel and St. Catherine streets, will be open till nine o'clock this evening.

SALVATION OF B. C. MINES.

So Well Known Capitalists Characterizes Amalgamation.

A Montreal gentleman who has at different times been deeply interested in British Columbia mining ventures, and who has invested a great deal of money in them, stated to-day in discussing the project of merging the Le Roi, War Eagle, Centre Star and Trail Smelter, that such a reorganization should be the salvation of these properties.

He stated that the idea was to reduce the capital of the companies to something like one-quarter of their present face value, in other words, bring them down to a basis where they could start paying dividends and maintain the same.

"It is deplorable," said this gentleman, "to think that out of twenty-five millions or more precious metal taken out of the ground in British Columbia, the stockholders of the companies have received not over one million in dividends.

"The balance has gone mainly into excessive cost of production. Of course there is a difference between the mining on this continent and that in South Africa. There, low grade ores running very low in values are mined at a profit. First of all there was ample capital to develop the properties systematically and secondly, the wage bill, always a very large factor, is much less in that country. Kaffirs and Chinese work there for the equivalent of 50 cents per day, while in British Columbia, miners get all the way from $2.50 to $3.50 per day.

"On the other hand, the low grade propositions in the United States have been the ones to make the most money. Take the Homestake, for instance, for many years mining and crushing ore which runs $2.50 per ton and declaring substantial dividends. Then, again, there is the Treadwell, making fabulous sums out of ore which only runs $2.30 to the ton. Of course these are free milling propositions and stamps are the only thing required to bring out the precious metals while in British Columbia it is necessary to smelt the ore,—a more expensive process.

"Experts have made reports on all three of these British Columbia mines, and are reaching a basis so that consolidation may be effected.

"The saving all around by this consolidation will be large, and, as I said before, it is about the only thing which will save the reputation of British Columbia as a mining field and secure a return for those who put their money into the properties."

THE PURE MILK CRUSADE CONTINUES

The City Hygiene Committee Visiting Outside Milk Farms.

MILK STATIONS STARTED

The Pure Milk League Preparing for Active Work During the Summer.

Members of the Hygiene Committee yesterday visited Mr. Geo. Bogues' farm, at Longue Point. The object of the visit was to see whether or not farms supplying milk to the city were well kept and if the milk was sent to the city in a cleanly condition. The farm was found to be in good condition.

Efforts are to be made by the Hygiene Committee to have farms all over the Island of Montreal improved so that the milk supply to Montreal may be excellent in every way.

It was stated by the Medical Health officer to-day that undoubtedly one of the causes of so many infants dying in the city every summer was the fact that milk sold in stores was not what it ought to be. It might be that farms were not properly kept, at the same time he thought that when storekeepers bought milk and retailed it the fluid was not kept in the careful manner it ought to be.

During the coming summer, efforts would be put forth to see that stores retailing milk kept the fluid in clean receptacles and that it was also kept well iced and away from dust.

During the summer, pure milk stations will be opened in various wards of the city. These stations will be supplied with milk in bottles. The milk, before being bottled, will be put through processes that will make it perfectly pure and wholesome. There will be a special kind of milk that is to be given to infants.

To those who are absolutely poor this milk will be given gratis. To those of moderate means a small charge will be made.

Speaking of the intention of the city, and the Pure Milk League, to supply pure milk this summer, a member of the Hygiene Committee said to-day that the efforts of similar societies in the United States had done an immense amount of good and had saved many thousands of infant lives.

He was pleased that the corporation had voted the sum of $1,000 to aid in the good work that was about to take place. In the near future it was not unlikely that subscriptions would be asked from the public generally to carry on the work on a larger field.

PROBLEM FOR CONFERENCE OF 1906

Anglo-Canadian Steamship Service Question Suggested by Lyttelton.

STATEMENT BY MR. BALFOUR

Great Britain Will Be In No Way Bound by Conclusions of Conference.

Canadian Associated Press.

London, May 26.—Referring to the Colonial Conference meeting here in 1906, and to the enquiry the Daily News is confident that Sir Wilfrid Laurier and Hon. G. H. Lord Peter Minister of Australia, both desiring free trade as an economic policy, will think many times before risking their ministries to the vortex of the party politics of Great Britain.

PROBLEM FOR 1906 CONFERENCE.

Replying to Charles Devlin in the House of Commons, Colonial Secretary Lyttelton said he had seen no report of Earl Grey's speech advocating the Galway route for the transmission of mails and merchandise across the Atlantic, and thought the question of such service eminently suitable to the 1906 conference.

BRITAIN WILL NOT BE BOUND

Premier Balfour, replying to a question in regard to the matters to be discussed at the Colonial Conference, said that he had no control over the Colonial representatives or the Colonial Governments and nothing done by the conference can be binding on His Majesty's Government.

INDIANS IN TROUBLE.

LARGE NEW BUILDING FOR STANLEY STREET

Will Contain Many Different Halls and Rooms.

Arrangements to erect a $50,000 music hall upon the Roberts property on Stanley street at the rear of the Windsor Hotel, and facing Cypress St., have been completed by Mr. Frank H. Norman.

There will be three halls of different sizes in the building, and eleven dressing rooms, so as to accommodate different entertainments at the same time.

The main hall will have a sitting accommodation for 1,000 people, and will be convertible into a ball room, with polished floor, to accommodate 600 dancers.

There will be a promenade foyer, 12 feet wide by 100 feet long, beside the ball room, and another beside the balcony. A stage, 24 feet by 60 feet, will be equipped for all forms of entertainment.

A new feature, which will be appreciated, will be the ground floor lodge room. The dining room will accommodate 350 people at one sitting.

The top floor will be made into bachelor apartments, there being 34 rooms, en suite.

Mr. M. Rodden, of J. J. Browne & Son, is the architect, and he expects to have it completed by September 15th.

The Dominion line SS. Southwark, from Liverpool for Montreal, passed Fame Point at 9.25 this morning. She is due at Quebec on Saturday morning and in Montreal Sunday morning.

BIG SHOOTING TOURNAMENT IS ON

As Many as Seventy-Five Competitors Expected to Take Part To-morrow.

The Montreal Gun Club's three-day tournament commenced with about fifty competitors representing local clubs, Ottawa and points in the province.

Among those taking part is J. A. P. Elliot, who represents the Winchester Arms Company. He was the high scorer yesterday, finishing up the day with a total of 298, which was thirteen points better than the next highest. He had a clean sheet in one event, knocking over twenty-five without a slip. In all there were eleven events on the programme, and sixteen shot through them all. Craig and Dumont were the other high men their scores totalling up 295 and Upton came next with 290. The low scorer was Williams with 156.

This morning four events out of a list of twelve listed for the day were shot off and Dr. Gienson in the last one made a straight twenty-five.

In the merchandise competition yesterday, which is one of the side issues, Mr. Norman Candlish was the successful competitor.

The meeting is one of the largest ever held in Canada, and with a good day to-morrow it is expected that there will be as many as seventy-five competitors on hand.

Mrs. Leney and Miss Leney, 1229 Dorchester street, leave for England to-morrow morning.

London Expert Considers Government Control a Blight—Mr. Ethier to Testify.

Special to The Montreal Star.

Ottawa, May 26.—The special committee of the House on telephones this morning heard Theurt L. Webb, telephone expert and consulting engineer, of London, England. He has studied not only the telephone systems of Great Britain, but those of Continental Europe. In 1899, he said, the Imperial Parliament passed an act providing for municipal-owned telephones, and in all six such systems were established, of which five are to-day in operation, namely, in Glasgow, Portsmouth, Swansea, Hull and Brighton. The apparatus used was made in Norway or Germany, supplied through agencies in Great Britain. The scheme had not been a marked success. For instance, in Glasgow the cost of plant was twice the estimate, and the revenue one-half that expected.

DISAPPROVES MUNICIPAL SYSTEM.

The policy of municipal-owned telephones was not gaining ground in Great Britain.

In Glasgow, he said, there was no interchange of service between the municipal and the national systems. The second, or municipal system, added to the public cost, for it meant two services to be supported. Municipal systems had added 10,000 telephones to the public service at a cost of £2,000,000. In Glasgow the municipal plant was not so good as that of the National Service. The national service cost more, but it was superior in every way. In the countries of continental Europe there were practically the municipal telephone system. The central office was a Government monopoly. In Great Britain the Government telegraphs and telephone service was operated as a public loss.

PRAISED CANADIAN SERVICE.

The Canadian service said Mr. Webb was vastly superior to that of Continental Europe. For instance, in Europe in case of sending a long distance message call 4 by number, and the call had to be paid for although you might not get the person you wanted to speak to. Here the call was not charged if the call was not answered by the person desired.

In Mr. Webb's opinion Government control of telephone service was a blight on all progressive extension and all enterprising initiative. For instance, in Paris, France, the service belonged to the Government and was poor, and there seemed to be no way of stirring up those in control to improve it.

In Great Britain legislation restricting telephones had been restrictive in its effect. Private ownership tended to development.

At the next sitting Mr. Webb will be examined on rates prevailing in Europe.

Mr. L. J. Ethier, K.C., Montreal City Attorney, will be heard before the committee on Monday next, when he will present a statement embodying the views of Montreal City Council on the telephone question.

COMPLAINTS OF THE CARTERS

Deputation from Cartage Companies Will Make Protest.

The cartage companies still complain of the congestion on the harbor front.

The huge piles of building materials which block and will continue to block during the greater part of the present season the entrance to the piers, are undiminished in size and the carters have a difficult time in getting through and around them.

With several lines of freight cars upon the railway tracks, more than half the remaining space is blocked by building material, more than half of each of the larger piers occupied by the builders, and it is impossible for the cartage companies to do their work with any expedition. They are, however, charged the same demurrage as last year.

In all probability a deputation will wait upon the harbor commissioners and ask for relief in the near future.

DR. JAMES THORNBURN DEAD.

He Was With Queen's Own Rifles at Ridgeway.

Special to The Montreal Star.

Toronto, May 26.—Dr. James Thorburn, a physician of wide reputation, died at his residence in the city this morning in his 75th year. He was surgeon of the Queen's Own Rifles at Ridgeway in the Fenian raid. In 1895 he was elected president of the Ontario Medical Council. He was medical director of the North American Life Insurance Company, and president of the Imperial Loan and Investment Company of Canada.

The Strife Breeders.

To the Editor of the Montreal Star.

Sir,—The Soleil, of Quebec, reproduces the utterances of the Hamilton Spectator, and the Spectator of Hamilton reproduces the utterances of the Soleil, of Quebec. The sayings of both papers are incendiary and malevolent. Hamilton is a stronghold of Orangeism; Quebec a fortress of Roman Catholicism. The Spectator insults the Catholics especially the French Catholics; the Soleil shakes its fist at the "Zanatics" and "Orangistes." Some people have peculiar ideas respecting the building up of a united Canada. The "great minds" of the Soleil and the Spectator must be written down as most peculiar. If people had time to devote some attention to their cases, the result might be bad for the reputation of the editors. That two journals—supposed to mirror thought in two of the largest cities of the main provinces of Canada—should give themselves up to this disloyal work, is a sad reflection on Canadian unity.

INJUNCTION WAS GRANTED.

To Restrain Temporarily Mutualization of Equitable Society.

New York, May 26.—The motion of Franklin B. Lord, which sought to restrain directors of the Equitable Life Assurance Society from mutualizing the company, was granted to-day by Justice Maddox in the Supreme Court in Brooklyn. In granting the motion, Justice Maddox said, after reviewing the facts in the case: "The motion is therefore granted, but is limited to the filing and effectuation of such proposed amended charter, for it appears that such contemplated amendment has been adopted and executed by the board of directors."

The injunction against the mutualization of the society is to be in force only pending the trial of the action; which also involves the same question.

PRICE'S MILLS WERE BURNED

Fire at Amqui, Que., Does Over $25,000 Damage.

Special to The Montreal Star.

Amqui, Que., May 26.—Fire during the past night destroyed Price Bros. Company's mills here. The origin of the fire is not known at the moment, but as soon as it was discovered the men turned out and fought the blaze with great vigor but little hope of success. Three cars of freight standing on a siding were also destroyed. The damage is variously estimated at from $25,000 to $40,000. Two of the employes of Price Brothers, while engaged in fighting the fire were badly burned. The destruction of the mill is a great disaster to this place, as the mills were the leading industry of the parish.

ACCIDENT AT CRANBROOKE.

Names of Eleven Men Injured by Collapse of Station.

Special to the Montreal Star.

Vancouver, B.C., May 26.—The upper story of the C.P.R. station at Cranbrooke fell on Tuesday morning without any warning, and caught the men working beneath. A rescuing party was soon at work, and the injured were taken out and conveyed to the St. Eugene Hospital. Fortunately none were killed, but eleven were injured. The list is as follows: Donald McAllister, F. H. McKay, C. Borland, W. Small, J. A. MacDougall, J. Calswell, F. Williams, A. J. English, R. Bayne, W. O'Brien (foreman), E. D. Dowling. Small is the only one of the injured whose recovery is not assured. The cause of the accident is supposed to have been insufficient bracing.

THE GRAND TRUNK PACIFIC.

Mr. Morse Says That Tenders Will Soon Be Called for.

Special to The Montreal Star.

Toronto, Ont., May 26.—General Manager Morse, of the G. T. P. Railway, who is in the city with President Sir Charles Rivers-Wilson, stated to-day that tenders for the new line would be called for in a few weeks, as soon as the plans and specifications were returned to the Government. He would not say whether Port Simpson had been selected for the western terminus or not.

STOCKS KEPT DULL.

The stock market failed to show any life in the afternoon and kept extremely dull. Canadian Pacific held steady in New York around 144⅛, Detroit at 8 8½, and St. Paul at 172. Union Pacific was quoted at 119¼, and U. S. Steel pref. at 93. There was no fresh news.

Montreal Cotton sold higher in the local market, going to 116½. There seemed to be a good demand for it.

SENTENCE FOR ROSSEAU.

He Sent Infernal Machine to Pier of Steamer Umbria.

New York, May 26.—After he had made a long plea advocating his innocence, Gessler Rosseau, who was convicted of sending an infernal machine to the pier of the steamship Umbria, in May, 1903, to-day was sent to State prison for not less than three nor more than five years.

GREAT OCEAN YACHT RACE.

Schooner Atlantic Was Sighted by White Star Liner Cedric.

London, May 26.—4.55 p.m.—A Marconi wireless telegraph message from the White Star line steamer Cedric, which left New York May 19, says she sighted the schooner Atlantic at 7.49 p.m. Saturday, May 20. A fresh west northwest wind was then blowing, the weather was fine and clear and the sea moderate to rough. The Atlantic's average speed was figured out to have been 7.54 knots. The telegram adds that the Atlantic was then in about latitude 40 and longitude 60.

The above message confirms the despatch received May 22 from the steamer Noordam, which received the news by wireless telegraph from the Cedric.

New York, May 26.—The German racing yacht Hamburg led the Endymion and the Ailsa by 136 miles in the trans-Atlantic race for Emperor Williams cup on May 22. All three yachts were passed by the St. Louis on that day. The Ailsa was leading the Endymion by about two miles. This information was sent to the Associated Press by Marconi Wireless Telegraph from the St. Louis by the roundabout route. From the St. Louis it was given to the Campania, which gave it to the Marconi station at Siasconset and thence to New York.

The message follows:

"SS. St. Louis, May 24, via SS. Campania, via Marconi station, Siasconset, May 26:

"May 22nd, 1.36 p.m., G. M. T., latitude 39.57, longitude 55.24, Endymion and Ailsa, latter leading two miles, light south-east breeze; same day 7.50, G. M. T., latitude 39.59, longitude 52.25, Hamburg 136 miles ahead of Endymion and Ailsa, light variable winds.

STOCKS ARE AGAIN PAINFULLY QUIET

Fluctuations Narrow and News of Importance Is Scarce.

GOSSIP ON DETROIT RAILWAY

Richelieu Earnings Said to Be Better Than Last Season—Wall Street Barely Steady.

The markets were tame again to-day, and absolutely devoid of interest.

With the local market at a standstill, New York was quiet, but a shade better after the break just before yesterday's close.

There seemed to be no confidence expressed in the market, however, and the brokers seem to be pretty tired harping upon the many favorable features in the situation.

The market appears to ignore them completely, and just now seems to be tossing around like a ship without a rudder. New York will be closed next Tuesday, Decoration Day, and this, together with the tax, which goes into effect on July 1st, are considered to be rather depressing features.

There was another bank failure in the States to-day, while the Merchants Trust matter is turning out to be a rather unsavory affair. It is, no doubt, disturbing to the market that these institutions crumble down whenever the search light is turned upon. There have been so many disclosures of late that thinking people are wondering how many big institutions are hiding skeletons in the closet.

Detroit Railway held rather well to-day, and again sold at 89 in Wall Street. The dividend matter is undoubtedly exciting a good deal of interest, but the "Street" finds it difficult to make up its mind as to whether or not there will be a change. The recent earnings of the property have been good, with the net showing very fair increases over a year ago. The stock was only traded in to a small extent here, and prices were inclined to be a shade under New York.

Richelieu stock is quiet, in fact, practically neglected. The directors in the meantime are looking forward to a good summer's business, and express satisfaction at the fact that, in spite of the cool, wet weather, the earnings are so far a little ahead of a year ago. Where is the old Quebec boats used to take in only about $2,500 a trip it is expected that the Montreal will more than double that amount. Directors are also optimistic on the hotel business this year, and expect, from the present bookings, that both the Manoir Richelieu and the Tadousac Hotel will be well on the right side of the ledger.

Dominion Steel was a shade easier to-day, but there was no news of importance.

Power is also quiet, and the Gas question, although a matter of a good deal of importance to the company, is attracting little or no attention around the "Street."

Montreal Cotton again came in for a few scattered sales with the feeling slightly firmer. The negotiations between this company and the Textile interests have already been fully reported in these columns, the situation cannot be said to be radically altered in any way. The general impression appears to be that in spite of the strong opposition on the part of several of the Montreal directors, the company will eventually change hands on the basis previously mentioned.

Canadian Pacific opened ½ under last night's close in New York, at 143½, but on moderate sized dealings stiffened up a little and sold around one o'clock at 144¼.

"Canadian Pacific is selling about 10 points under its best price of the year, and this fact is attracting buying of the issue by people who are well informed regarding the intrinsic value of securities."—N. Y. Tribune.

Sales of the Canadian group to noon in Wall Street, together with the highest and lowest prices, were as follows:

Sales.		High.	Low.
1300	Can. Pacific	144½	143½
100	Twin City	110½	110½
200	Toledo	33½	33¼
200	Duluth com.	12½	12½
500	Detroit	89	88

The sales to noon in Wall Street to-day amounted to 319,000 shares.

Northern Securities opened in N. Y. at 160¼, went to 162, and at 12.30 were quoted at 161 to 162.

Mr. J. A. Mitchell, Montreal manager of Laidlaw and Co., returned to-day from a month's trip to England.

The London cable said: "So far as the securities markets of the world are concerned, the announcement of the death this morning of Baron Alphonse Rothschild has not caused a ripple. Gilt edge British investments are steady. American railway shares are hardening, owing to reassuring advices received from prominent banking interests on your side."

LAWSON'S "SMASH DAY."

The Wild Man of Boston Has a Brand New Scheme on.

T. W. Lawson.

As a stock market prophet, T. W. Lawson has about reached the end of his rope. Whenever he has seen the market going down, he has taken advantage of the occasion to send out his thunder over the wires, in the end taking credit upon himself for the break in prices. Late last week Lawson predicted that Monday and Tuesday of this week would be "Lawson Panic Days," but there was nothing doing.

Far from being discouraged, however, Lawson now announces his "Smash Day."

He is going to appoint a certain day upon which every bank depositor will rush to the bank and withdraw his money. In this way Lawson expects to hail the Standard Oil system to the ground and incidentally ruin all the principal banks.

From the standpoint of a stockholder or a bank depositor, Mr. Lawson is an extremely jovial person. He insists, however, that he takes himself seriously.

COL. COTTON EARNINGS.

Showing of the Concern Now Controlled by Canadians.

As exclusively announced in last night's Star, the profits of the Canadian Colored Cotton Company for the year amounted to $201,000. How this compares with the net profits of previous years is shown in the following:

1893	$357,576.03
1894	201,291.17
1895	246,906.06
1896	372,053.32
1897	147,876.32
1898	236,875.74
1899	333,877.45
1900	465,428.14
1901	728,334.67
1902	221,807.95
1903	225,909.78
1904	227,189.42
1905	201,000.00

The company has a paid-up capital of $2,700,000, and a bond issue amounting to $2,000,000. The concern is now absolutely controlled by Canadians.

TWENTY MILLION POUNDS.

Kaffir Shares Have Declined That Much Since December.

The latest monthly compilation of Kaffir values by African Commerce makes a still worse showing than the previous one. The market value of forty-five representative Kaffir shares (having an aggregate capital at face value of £33,-593,978) was £133,973,391 on the 9th instant, the making-up prices being the basis of the compilation, and that total compares as follows:

Market value 10th April	£143,837,710
Market value 10th March	142,379,444
Market value 7th February	145,178,006
Market value 10th January	153,881,109
Market value 12th December	154,509,049

Thus there has been a falling off since December of over £20,000,000, half of which occurred last month. Values are now back to about the level of last August.

AGAINST STOCK TAX.

Expected That Legal Opinion Will Prove Favorable to Brokers.

Messrs. R. Wilson-Smith and Co., stock brokers, who have taken strong ground against the new Quebec tax bill, gave out the following last evening:

"We have taken steps to obtain from Hon. A. W. Atwater, K.C., and formerly treasurer of the province, who is our solicitor, an opinion as to the constitutionality and legality of the act passed by the Legislature of the Province of Quebec, which imposes a tax upon the vendors of securities at the rate of two cents per $100 par value. We have reason to believe that this opinion will be that the act is illegal, as it imposes an indirect tax, and is an interference with trade and commerce."

TWIN CITY "RIGHTS."

The Stock Exchange Ruling on the Due Bills is Now Rescinded.

The committee on securities' ruling of May 15 that Twin City Rapid Transit Company carries due bills for "rights" is rescinded. Due bills delivered under said ruling must be returned.

The foregoing refers to "rights" entailed by the issue of new stock, which is not yet authorized by the stockholders of the company. The company is expected to issue $1,000,000 new stock at par.

BIG RAILROAD PROFITS.

Interesting Table Showing Combined Earnings of 27 Roads.

The Statist prints a table of the estimated profits of 27 of the leading railroads of the United States for the current fiscal year, exclusive of any further contraction or expansion in the net earnings in the closing months, the calculation being based on actual returns for the first nine months of the fiscal year. Following are the aggregate financial results, as figured out:

Estimated net profit year ending June 30	$245,483,000
Preferred stock dividends	34,741,000
Balance for common stock	$213,742,000
Common stock dividends	96,976,000
Surplus	$116,766,000

ROSSLAND MINING MERGER.

Agreement Likely Between Big Mines and C. P. R. Trail Smelter.

Toronto, Ont., May 26.—Arrangements are nearing completion which will materially affect the mining interests of Canada. The merger will include the Le Roi, War Eagle and Centre Star mining properties, with the C. P. R. smelter at Trail, B. C. Information to the above effect was given yesterday at the office of W. B. Blackstock, of the Le Roi and War Eagle mines, and it was stated that the final step before incorporation of the interests will take place at a meeting to be held in the city to-day of representatives of the properties mentioned. The new company, according to information, will have a capital of about $7,500,000, of which $1,500,000 will be cash for development purposes.

GRANBY CONSOLIDATED.

Granby Consolidated was a little easier in Boston to-day, and 200 shares sold at 5⅛. That figure was bid at one o'clock.

WHY SOME COTTON HOLDERS PROTEST

Montreal Cotton Shareholder Thinks Textile Offer Is Too Low.

SAYS CO. IS PROSPEROUS

And Thinks Shareholders Should Not Accept the Offer That Has Been Made.

Said a leading shareholder of the Montreal Cotton Company to-day:

The merging of the Montreal Cotton and Dominion Textile interests is being strongly objected to by a number of directors and shareholders of the former company, who complain that they are being unfairly treated by the syndicate, which is trying to secure control at a price far below the actual value of the property. Certainly if the company was in the position claimed for it at the meeting last year, the payment to the shareholders of $125 in second mortgage bonds and preference stock, which would likely only sell on the market at $85 to $90 for each new share, would seem to constitute a grievance.

The old stockholders, who have held the stock through good years and through times of stress, are prepared to continue to hold it as an investment, that must again soon become valuable.

A shareholder told me to-day that the Textile Syndicate must be becoming rather anxious, as it is reported they have made the three following propositions, which he believed to be correct:

1st—The president was asked to continue in the same capacity in the new company for three years.

2nd—The selling agents have been offered a three years' contract.

3rd—A few large holders have been offered a very substantial consideration.

He stated that a buying-up process all round appeared to be going on, and that if the president and principal selling agent, who hold about 800 shares, did not remain loyal to the shareholders whom they represented, it might influence ordinary investors who did not understand the strong financial position the company is in.

The Montreal Cotton Company's balance sheet for the six months ending June 30, 1904, is given below:

C. P. R. SHOWS DECREASE.

Second Decrease of the Month Is Shown by the Last Earnings.

The Canadian Pacific is out with another decrease this week, the second of the month, and the fourth of the year. It will be noticed, however, that the decreases when they do come are comparatively small, so that the road, on the whole, is doing about the same volume of business as it did a year ago. People on the "Street" will be interested in Hon. Thomas Greenway's estimate of future expenditures in the Canadian North-West.

"The Grand Trunk Pacific," he said, "will spend $150,000,000, the Canadian Pacific, in order to better its position, will spend about $100,000,000, and the Canadian Northern in the neighborhood of $50,000,000, and the most of this in the west."

Mr. Greenway commented on the fact of the expenditure of such an enormous sum as $300,000,000 in a country of but 6,000,000 people.

Montreal clearings for the week were $21,92.,117 against $14,882,919 the same week last year and $23,515,298 in 1903.

The city of Regina, N.W.T., will receive bids up to and including June 19 for $160,000 of waterworks, sewerage and electric light debentures. The debentures will be repayable in equal annual instalments over a period of fifty years, and will bear interest at 4½ per cent.

The London Standard says that the rates on the Suez Canal will be reduced January 1, 1906. This will mean a falling off in the revenue of the company of 10,000,000 francs a year. The company is now paying dividends of 28 per cent.

Calumet and Hecla has just paid another $1,000,000 in dividends, a total of $89,850,000 since 1889.

Electrical Development stock has reacted since the announcement was made that the Provincial Government would not allow the company to develop the added power for which they applied to the late Government, but little stock has come out on the decline. The work of erecting the transmission wires and perfecting the plant is proceeding smoothly and rapidly, and the directors see no reason to modify their expectations of beginning the transmission of power to Toronto in October.

It is understood that the Detroit United dividend will be declared on July 1st. Some traders are still under the impression that there will be an increase, although the majority on the local "Street" are inclined to believe that there will be no change.

DECREASE IN SURPLUS.

The Twin City's Showing for the Past Four Months.

Said a Montreal broker on the Twin City report: "The road is still showing the effects of its extremely conservative bookkeeping methods, and there is no doubt but that it could show a surplus increase under the old way of charging up expenditures."

The statement for the four months shows net earnings of $700,000, a gain of $16,336, and a surplus of $311,048, or a decrease of $15,193. The figures for April and the four months are:

WALL STREET IRREGULAR.

The Market There Was Quiet and Almost Featureless.

Special from the Montreal Star's Correspondent in Wall Street.

New York, May 26.—The market was very dull and showed very irregular price changes in the early dealings, with opening advances at about yesterday's closing figures exceeding the changes in the other direction. But the market had a drooping tone and lost most of the slight improvement made at the outset. American stocks were quoted at small and irregular changes in the London market, which seemed to be quite unaffected by the death of Baron Rothschild. Operations here for foreign account were, however, in too small volume to materially influence prices.

There was an utter dearth of news over night, and the moderate pressure upon United States Steel stocks seemed to be induced by yesterday's announcement respecting the dissolution of the steel rail pool; but as a matter of fact other stocks not concerned therewith showed losses equivalent to those in the steel stocks.

Other active feaures in the industrial quarter were American Smelters, Locomotive, and Amalgamated Copper. In the railway list, Union Pacific, Southern Pacific, St. Paul, Erie, Reading and Ontario Western furnished the bulk of tractions.

OPINIONS ON MARKET.

Brokers are Not Inclined to Take An Optimistic View.

J. S. Bache and Co.—Selling in Steels was for shorts. Harriman brokers bought Union Pacific. Think the market will continue irregular this afternoon; buy stocks on all dips.

J. B. Picken.—The failure in Boston and Cincinnati helped the bears, but it is well known that some big operators are heavily short yet.

Laidlaw and Co.—Sentiment favors some further recovery from present level before a bear movement could be successfully carried out.

E. and C. Randolph.—The Steel stocks are certainly for sale on all rallies in large quantities, and it looks to me as if large holders of securities were glad to get out of them whenever the market would permit.

Charles Head and Co.—The market is now extremely dull, with traders waiting for something to turn up.

WANT TO RE-OPEN CASE.

Dissatisfied with Ry. Commissioners' Agreement on Classification.

Special to The Montreal Star.

Toronto, May 26.—The transportation department of the Canadian Manufacturers' Association has lodged a complaint with the Board of Railway Commissioners in respect to the freight classification rule, and more particularly the classification of mixed carload shipments and the minimum charges attaching thereto. The manufacturers are not satisfied with the temporary agreement arrived at by the commission in June last, and desire to re-open the case with a view to permanent adjustment.

Trouble Over 20th Century Mining Co.

Toronto, May 26.—An application was made in Osgoode Hall yesterday morning by Mrs. Elizabeth Selby, holder of 154 shares, for the winding up of the Twentieth Century Mining Company, which was organized in 1901, with an authorized capital of $2,000,000. The company has gold lands in Algoma, and copper properties in Arizona. About half of the shareholders are in the United States, and the applicant claims that these are suing the company for the return of the money paid in, and that if they are successful it will be to the prejudice of the Canadian shareholders. At present the company has $30,000 in available cash.

ANOTHER SLUMP IN MAY CORN TO-DAY

Prices Dropped Over 7c in the Forenoon.

WHEAT MARKET ALSO EASY

Argentine Shipments Lighter and Weather Reports More Favorable.

From the Special Correspondent of the Montreal Star on the Chicago Board of Trade.

Chicago, Ill., May 26.—May wheat sold from 1.05 to 1.03⅞, and July from 90⅞ to 89½, compared with closings yesterday of 1.06 and 90⅞ respectively.

There was a weak opening on the improved weather in the North-West and the reports from Texas that under favorable conditions the harvest will be on in full force there in two weeks. The chief pressure was on the July, with many sellers of that month buying the September. Argentine shipments were much smaller than corresponding periods, and English cables were higher in consequence. The fact that Armour was a buyer of July on all the soft spots, and that he was doing this in a sub-rosa way, restricted the offerings.

Flour is reported as dull in all sections of the country. May corn sold from 60 off to 55¼ on private settlements.

Winnipeg, May 25.—The inspection of wheat was as follows:

	Cars
No. 1 hard	..
No. 1 northern	6
No. 2 northern	17
No. 3 northern	6
Other grades	14
No grade	..
Total	43
Last year	66

Chicago.—Weather map shows no rain in Kas., but conditions cloudy and temperature 48 to 52. There have been fairly heavy rains throughout Ia., Ky., Md., Ohio and Mo., with precipitation at several points, notably Columbus.

Argentine weather conditions favorable for farm work.

The Liverpool wheat market was firmer to-day, spot wheat closing at 7s 2d to 7s 3d for No. 1 northern Manitoba, and at 6s 7½d to 6s 8d for No. 3 northern Manitoba.

The option market was also firmer, July closing ⅛d up at 6s 10½d, September closing ⅜d up at 6s 8⅞d.

Chicago.—Wheat was rather easier this forenoon, May being 2½c lower than last night at noon at $1.03½, July being ¾c down at 90⅛c. May corn had a bad break, being 6½c lower at noon than last night at 56½c, and having been down to 55¼c. July was ⅛c down at 48⅞. May oats were ⅛c down at 31¼c, July being ⅛c down at 30½c.

Duluth was ½c down on May at $1.11, and ⅝c down on July at $1.11¾.

Minneapolis was 1c down on May at $1.09¾ and ½c down on September at 85⅛c.

Winnipeg was ½c down on May at 92c, and ⅝c down on July at 93⅛c.

LOCAL MARKET.—Receipts reported on the Board of Trade this morning were very light, being but 1300 bushels. The market at last shows signs of increased strength, and this morning merchants were no longer willing to accept prices which have ruled for the past month or so. Sales of about 10,000 bushels of No. 3 oats were made at 45c in store this forenoon, No. 2 being held for 45c. The demand was naturally light, as it usually is at this time of year, but the undertone was firm and there does not seem to be much likelihood of there being any decline till the new stock arrives next fall. Apparently there is little enough stock left in the country to supply consumption in the meantime.

FLOUR.—Owing to the advance in the price of wheat, one of the large Manitoba milling companies to-day announced an advance in the price of flour, to $5.30 and $5.60. Prices for Manitoba flour are now $5.10 to $5.30 per barrel for strong bakers', and $5.40 to $5.60 for patents. Ontario flour is $5.50 to $5.60 for winter wheat patents per bbl., and $5.15 to $5.25 for straight rollers, while bags are $2.45 to $2.55.

MILLFEED.—The market is dull but steady. Stocks are still light, however; prices show little change, $18 to $19 per ton for Manitoba bran in bags, and $20 to $21 for shorts. Ontario bran, in bulk, is $18.50 to $19, and shorts, $20 to $21 per ton, moullie being $24 to $28 per ton.

RAIL POOL DISSOLVED.

The Official Announcement Has Been Made in Pittsburg.

New York, May 26.—A special despatch from Pittsburg to the Journal of Commerce says: It was learned on responsible authority this evening (Wednesday) that the steel rail pool, a combination of six of the largest rail mills of the country, to make prices and allot tonnage, had been officially dissolved. The dissolution is likely to have very little bearing upon prices of steel rails for several months at least, as the tonnage of the mills practically for the entire year 1905 has been alloted, and any reduction in price of new business would mean a corresponding reduction on the old contracts. It is not reasonable to believe therefore that reductions in prices for early delivery will follow the formal, or nominal, termination of the agreement.

The official pool price has since 1901 been $28, and in that year the average price was $27.33, and in 1900 $32.29.

The dissolution of the pool follows the testimony of Judge Gary, chairman of the board of directors of the United States Steel Corporation and other steel men before the Senate committee that is investigating the railway rate situation. Judge Gary told the committee that in some instances the Steel Corporation sold its products cheaper abroad than in the United States. The last sale of steel rails in Canada was made at $6 per ton less than price in the United States. Judge Gary said products were sold abroad at cost or less in order to keep the mills running to their full capacity, and this cheapens the cost to the domestic buyer. Judge Gary asserted that the Steel Corporation was paid no rebates, and had no complaint to make regarding terminal charges of freight rates.

Ontario Lumber Market.

The lumber market has a most healthy appearance. The spring demand is developing as largely as was expected, and the outlook is for a very active season. Prices continue firm, with no decided tendency either to recede or advance, but it may be said that present conditions favor the seller on account of the extensive building operations in Toronto and to a lesser degree throughout the province. There is certain to be a very heavy consumption of lumber this year, and it would not be surprising if a shortage should develop in some classes. The mills are practically sold out of dry stock, and considerable of the new cut has been contracted for. Mill culls and the lower grades continue to occupy the strongest position, but hemlock is also exhibiting an exceptionally good tone. The manufacturers are realizing higher prices for their stock than ever before, and dealers who earlier in the season entered into contracts based on the prices then ruling are finding difficulty in purchasing the lumber at a price which will give them a margin of profit.

Most of the drives have commenced, but low water in the northern parts of the province promises to result disastrously unless there should be heavy rains in the near future. There is very little snow in the woods, and the rain-fall this spring has been exceptionally light. If any quantity of logs should be hung up, higher prices for white pine lumber may be expected.

Since writing the above, it is learned that rain has fallen north of Sudbury, and that the drives in that district are now moving satisfactorily.

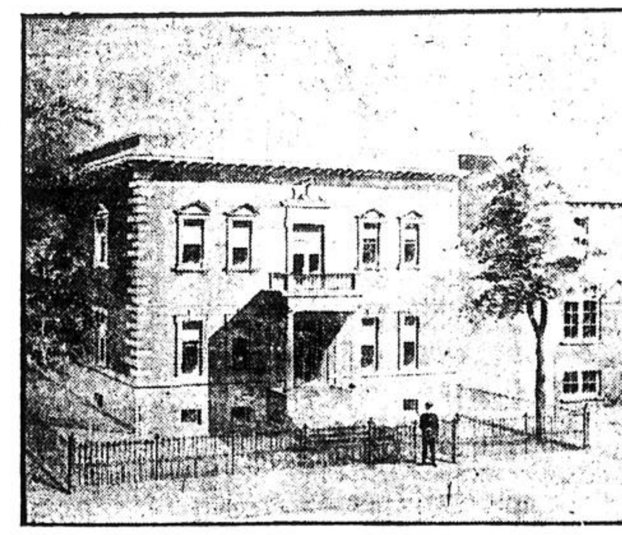
TELEPHONE CO. WILL ERECT FINE EXCHANGE BUILDING UP-TOWN

The Bell Telephone Company has decided to erect a new building on Mountain street upon the site recently purchased from Mr. A. A. Ayer, on the west side of the street, about half way between St. Catherine and Sherbrooke streets. The new building will supersede the company's present building on the corner of St. Catherine and Mountain streets, the requirements of the exchange having entirely outgrown the latter.

It will have a frontage of 56 feet and a depth of 114 feet, will be erected about 15 feet back from the street line, on the same line as the fronts of the adjacent residences. It will be two stories, with a high basement.

The general appearance of the facade, which will be Italian renaissance, will harmonize with the residential buildings in the vicinity; in fact, the building will suggest itself to the passer-by to be one of the residences on the street. At the same time, it is adaped to accommodate the special interior requirements.

This facade and the return on both sides will be of dark red pressed bricks, with almost white stone facings, trimmings, etc., and as well be seen from the illustration will present a harmonious and simple appearance.



THE TELEPHONE EXCHANGE BUILDING FOR MOUNTAIN STREET.

To the left of the main entrance will be a reception room, where the public will enter to use the telephone. This room, which will be furnished in accordance with the general character of the building, will contain magazines and writing materials, so that any one waiting till the person asked for comes to the other end of the line, may pass the time in comfort.

The other portion of this floor will be taken up with rooms for the batteries, distributing apparatus and other parts of the equipment in connection with the 10,000-line switchboard which will be installed, and with the operators' apartments. The switchboard itself will occupy the whole of the top floor, which will consist of one large, lofty hall, perfectly lighted and ventilated.

The basement, besides accommodating the usual furnace rooms, coal bins and storage rooms, will also contain a runway for the underground cables which contain the wires entering the building.

The lawn in the front and on the sides will be enclosed with a handsome iron fence.

It is probable that building operations will be commenced this year, and, if so, the new exchange will be in full running order next summer.

PRICES FOR GRASS BUTTER

Said to Be Higher—Eggs Firm and Cheese Easier.

BUTTER.—If the reports which came in at a late hour regarding the Huntingdon, Que., market this morning are reliable, dealers may look for higher prices than ever. It is stated that salted creamery sold at 19⅝c, and that somewhere about 20¼ to 20½c was paid for saltless. This need not cause a great deal of surprise, however, for the butter which is being purchased now is said to be full grass goods, of good quality, and this butter ought to certainly be worth much more than the present week's arrivals, which sold here at about 19c for finest salted. Apparently the local market is still steady at 19c for the finest makes of the latter, while good to fine quality may be had at about 18½ to 18¾c. There is every likelihood from present appearances that the full grass goods which will arrive next week will be held at fully ½c higher than these figures. It is not impossible that some of them will be stored here, but over and above that, there is a much better chance of exporting, though prices are said to be still too high for more than occasional trading.

Receipts reported on the Board of Trade this morning amounted to 5,504 packages.

EGGS.—The market holds about steady. There is no evidence whatever of the lower prices which were predicted for the end of this week. At the present time, however, merchants seem to have a little less difficulty supplying their customers than they had a few days since, but there is nothing in the way of accumulations as yet. The outlook continues firm, and it does not look as though much provision had been made as yet for the winter's supply. It is probable, however, that there will be lots of opportunity for this later on when the weather becomes hot and the quality of the stock begins to deteriorate. Meantime, wholesale lots of straight gathered stock are quoted at 16 to 16½c per dozen, smaller lots bringing 17 to 17½c, and selects 19c.

Receipts reported on the Board of Trade this morning amounted to 1496 cases.

CHEESE.—The market is gradually coming down in price. At yesterday's country boards the ruling price was 9¼c to a fraction higher, so that no one in the market here would pay as high prices as yesterday. Of course, it was a foregone conclusion that the market would have to decline, for it has been held for weeks past at higher than export prices. There was a fair amount of shipping to the other side, but the demand was by no means active, and it apparently only came from those who absolutely had to have the cheese. The cheese doubtless went into consumption on the other side to fill up holes and corners here and there where a line was wanted, which was cheaper than the old stock held over from last year. To-day dealers are quoting 9½c to 9⅝c for finest Ontario cheese here, Quebecs being quoted at about 9⅜c.

Receipts reported on the Board of Trade this morning amounted to 5724 boxes.

POTATOES.—The market holds firm under a good demand. Stock was sold on track at 55 to 60c for finest, per bag of 90 lbs., in carloads, and is being re-sold at about 60 to 65c on track, and in small loads, delivered into store, at about 70c per bag. This is, of course, for choicest stock, other grades ranging from 15 to 20c below, the latter figures being, however, for very poor stock.

HONEY.—The market is dull and steady, light strains offering in bulk at 6c in some cases, though 6 to 6½c is a better quotation. Dark is ½ to 1c lower.

BEANS.—Demand is fair, and the market high. Prices are firmer at $1.65 to $1.70, though very few sales are taking place at these figures. Inferior stock may be had as low at $1.50.

MAPLE PRODUCTS.—Demand is only fair, and alleged pure syrup sells at 6c per lb. in wood, or 7c in tins, other qualities bringing lower. Pure sugar sells about 8 to 9c per lb. to a fraction higher.

CHEESE BOARDS ARE EASIER.

Kingston, Ont., May 26.—The Frontenac cheese board had a registration of 872 white and 410 colored. The bids ran up to 9 1-4c, when 315 were sold to Lovell and Christmas.

THE CATHOLIC SCHOOL TEACHERS

The Semi-Annual Convention of the Association Opened.

FINANCES IN GOOD CONDITION

Papers Read by A. C. Miller, Rev. Principal Dubois, Mr. Robson and H. Scott.

The Catholic Teachers' Association **opened** its semi-annual convention in **the** Jacques Cartier Normal School **this morning** under the presidency of **Principal J. Perrault**, of the Montcalm **School.** The gathering was the largest **in the history** of the association. The **Catholic** School Commissioners were **represented** by Rev. Abbe Perrier, **Inspector Lippens**, Rev. Principal Du**bois, of the** Normal School, Principal **Ahern, of** Sarsfield School, Principal **Leblond,** of the Plateau Academy, **Principal** Leitch, of the Edward Mur**phy** School; Principal Desaulniers, of **the** Belmont School, Principal Pri**meau, of** the Olier School, Principal **Dore,** of the Champlain School, and **several** Brothers of Charity occupied **seats** in front.

The meeting was opened by Presi**dent** Perrault. He said a week ago **he** thought he heard the death knell **of the association**, but through the kind **and energetic** endeavors of Rev. Prin**cipal** Dubois, the danger was averted **and** the association owed him a debt **of gratitude.** He thanked Rev. Abbe **Perrier**, Catholic School Commissioner, **for honoring** the association by his pre**sence.** He concluded by remarking **what pleasure** it gave him to see, for **the first** time in the history of the **association**, representatives of the reli**gious** teaching orders taking part in **the** convention. It augured well for **the** future of education to notice the **lay** and religious teachers working **hand** in hand, in harmony and in **unity.**

Mr. A. C. Miller, treasurer of the as**sociation**, read the annual financial re**port**, showing the finances of the asso**ciation** to be in good standing.

Rev. Principal Dubois, of the Normal **School**, read a paper on "Sensibility **and the** Proper Culture of the Heart." **He** treated his subject from a psycho**logical** and pedagogical point of view. **He** defined sensibility, in itself, as the **faculty** to feel sensations and senti**ment.** The teacher should teach **those** under his care to have the mind **rule** over the heart and senses.

In the afternoon session Mr Robson, Paradis read a paper on the teaching **of** drawing in the primary schools and Mr. H. Scott on gymnastics in the school.

FUNERAL OF LATE F. B. WADE.

Remains Passed Through City To-day En Route to the East.

The remains of the late F. B. Wade, **the chairman** of the National Transcon**tinental** Railway Commission, reached **the city** this morning at 11.20 on the **C. A. R.**, and the Government car, the Ottawa, on which they were carried, **was at** once attached to the Halifax **express**, leaving the city on the Inter**colonial** at noon.

In the private that was placed at **the disposal** of the funeral party were **Messrs. Robert Reid**, a member of the **Commission; G. A. Wade**, a brother of **the deceased**; V. G. Paton, law part**ner** of the deceased; H. D. Lumsden, **chief** engineer of the commission; **M. J. Butler**, assistant chief engineer; **Alex. Johnston**, M.P.; A. K. McLean, **M.P.**; Accountant McGee and Private **Secretary** Collins.

There were also in the same car Mrs. Wade and her sister, Mrs. Patello, Mrs. Garnett, a daughter of the deceased, who is the wife of Lieut. Garnet, of the Royal Artillery, London, Eng., and who **only** arrived in the city this morning **from** the Old Country via New York.

The floral offerings were both numer**ous** and beautiful, and the condolences **received** were exceptionally numerous. **Among** these latter was a letter from **Lord Grey**, the Governor-General, and **cablegrams** from Lord Strathcona, the **High** Commissioner, and Lord Minto.

The funeral will take place at Bridge**water**, N.S., on Sunday.

SECRETARYSHIP OF POWER CO.

Rumor on Street That it May Go to Mr. Bauset.

It was stated, unofficially, to-day, **that** Mr. Rene Bauset, who for the last **decade** has been assistant city clerk, **and is** one of the most popular of the **city officials**, will take a position with **the Montreal** Light, Heat and Power **Company**, possibly that to be made **vacant** by the retirement of Mr. H. H. **Henshaw**, who leaves the M. L. H. & **P.** to become a director with the Allis, **Chalmers** Bullock, Ltd.

Every since the formation of the **Montreal**, Light, Heat and Power Com**pany**, Mr. Henshaw has held the posi**tion** of secretary. He was formerly sec**retary** of the Royal Electric and at the **time** of the amalgamation shifted from **one** company to the other.

Mr. Bauset was formerly a journal**ist**, and left that profession to take **the** position of Assistant City Clerk.

Floating School Board's Loan.

The Protestant School Commissioners, **to-day** got the City Treasurer's signa**ture** to a loan that the Commissioners **are** about to float for $200,000. By the **bonds** being signed by the Treasurer **for the city**, it makes them as valuable **as civic** bonds. The city deducts an**nually** a certain percentage from the **amount** it gives to the Protestant **School** Commissioners. By this cus**tom** the city is able to guarantee in**terest on certain** loans that the commis**sioners float.**

Miss Marier's Song Recital.

The pupils of Miss C. Marier will give **a song** recital on Monday, May 29, at **8.15 p.m.**, in Karn Hall. The pro**gramme**, which is quite a long one, **includes** selections from Gounod, Mas**senet, Grieg** and Chaminade. To each **programme** the names of the singers **are attached** by coupons. These the **audience** may utilize as ballots for the **most popular** singer, and prizes will **be awarded** to the two pupils receiving **the highest** number of votes. The con**cert** is under the patronage of Mayor **Laporte.**

Continued Activity in Building.

According to a report of the Build**ing Inspector**, no less than 710 build**ing permits** have issued up to date for **the current year.** This is 206 more **than for the** corresponding period of **1904. Yesterday** a permit was granted **for the erection** of the new Alexandra **Contagious Disease** Hospital. The hos**pital** will be built in the form of seven **pavilions.** Its cost will be $185,000.

BUSINESS CHANCES.

GENERAL STORE BUSINESS PROPOSItion. I offer for sale my business at Battleford, Saskatchewan. This well known business has been operated profitably for over twenty years; my sole reason for disposing of it is to enable me to devote my whole time and attention to the development of my Saskatoon business. Amount of stock around $30,000. The price of stock is cost laid down at Battleford, the real estate connected with the running of the store at valuation as in my books; if purchaser prefers an arrangement could be made for renting the premises. Terms half cash, balance three, six and nine months, secured notes, with eight per cent. interest. This is an opportunity that seldom occurs of securing a going concern of a profitable nature. Principals only dealt with. Intending purchasers producing credentials of their bona fides and ability to carry out the financial obligation will be given access to books. References, any wholesale firm in Winnipeg, Bradstreet's or Dun's agencies. James Clinkskill, Saskatoon, Saskatchewan. 118 18

A LARGE MANUFACTURING BUSINESS in active operation for the last thirty years, can be purchased for cash payment of $25,000 and balance arranged for on easy payments. Present sales amount to $600,000 per annum. Heirs of the estate prefer making sale on easy terms of payment rather than continue in business. This is an exceptional opportunity. Address Box 104, Montreal Star, Toronto. 120 6

FOR SALE — A FIRST CLASS DINING-room, centrally located, near Grand Trunk and Windsor stations, will be sold at a bargain to prompt purchaser; a gold mine to right party; good reasons for selling. Apply to 461 St. James st. 121 7

ENGLISH CATHOLICS IN MAISONNEUVE

Proposal to Have New Church for Maisonneuve and Hochelaga.

REV. FR. SHEA MAY BE PASTOR

Every Probability of a New and Prosperous Parish in the East End.

At a meeting of the English-speaking Catholic families of Hochelaga and Maisonneuve, held last evening the question of the new parish was discussed, and a committee was appointed to wait upon the Rev. Canon Martin, who represents the Archbishop in such affairs, and lay the whole matter before him.

There are already three to four hundred English-speaking families in the East end of the city, who, being comfortably situated, and able to support a resident priest, who would minister to their wants and bring them together for religious purposes.

There is likewise a prominent contractor who has offered to build a church on the easiest possible terms, so as to avoid the necessity of levying any tax upon the proprietors. In the meantime a central hall will be selected, and upon the decision of the church authorities it will be converted into a temporary chapel, where the people may conveniently worship and hold the parish meetings.

As the church authorities have recognized the great necessity of a church in this rapidly growing section of the city, there is every reason to believe that the matter pertaining to it will be pushed forward without delay. It is rumored that Rev. Father Shea will be appointed pastor, but when seen this morning he declined to discuss the matter.

JAPS WILL REFUND TAXES.

Inclined, However, to Question Decision of Hague Tribunal.

Special Cable From a Montreal Star Correspondent.

Tokio, May 26.—Reviewing the decision of the Hague Court against Japan in the matter of the house tax, the people of this city are inclined to hold that while technically the contention of the foreigners is right, according to the text of the treaty, the equity of the case is clearly on the side of Japan. Nevertheless the Government will abide by the decision and will refund the taxes already paid as promptly as possible.

MR. DEVLIN CAUSED SCENE.

By Question Regarding the Action of Irish Constables.

Canadian Associated Press.

London, May 26. Somewhat of a scene occurred in the House of Commons yesterday afternoon when Charles Devlin, M.P., asked the name of the constables who threw Mr. Higgins, J.P., over the stone wall at Carrowkeel, on April 30.

Hon. W. H. Long, the Irish Secretary, replied that Mr. Higgins was not thrown over the wall.

Mr. Devlin retorted, amidst Nationalist cheers, that he had seen the deed done, and it was a brutal exhibition.

Mr. Long replied that he had reason to believe that his information was correct.

The Deputy Speaker remarked that the question could be raised in committee of supply.

Mr. Devlin again rose, when Mr. Corbett rose with a question of order, amidst Nationalist cries of "Throw him over the front benches."

THE C. P. R. AND EDMONTON.

Special to The Montreal Star.

Edmonton, N. W. T., May 26.—The Canadian Pacific has filed plans in the land titles offices here of the extension of the Calgary and Edmonton Railway from its present terminal at Strathcona, across the North Saskatchewan into Edmonton. A terminal and site for a station has been reserved by the Hudson Bay Company, west of Ninetieth street, near the Canadian Northern Railway crossing of the Saskatchewan. This extension makes Edmonton the terminal of the Calgary and Edmonton Branch of the C. P. R. The opinion in this city is that this is the first move of the C. P. R., preparatory to the eventual extension of the system to the coast through one of the northern passes of the Rockies.

LACKS THE COAT OF ARMS.

This Will Be Added to Kingston Macdonald Monument on July 1.

Special to the Montreal Star.

Kingston, Ont., May 26.—It seems that the monument of Sir John A. Macdonald at the City park entrance lacks the coat of arms, purchased at a cost of $800 after its erection. This coat of arms, which includes that of the Macdonald family is in possession of Capt. John Gaskin. It is proposed that at the Dominion day celebration, there should be a ceremony at the monument and the coat of arms unveiled. Such a ceremony it is thought would be a most fitting honor to one of the fathers of Confederation on a day when the Canadian provinces are to be increased by two.

THE WEIGHING OF BUTTER AND CHEESE

Board of Trade Council Endorse the Suggested Changes.

REPORT TO BE SENT OTTAWA

The Outcome of Report from Commissioner Parmelee Who Made An Investigation.

The Council of the Montreal Board of Trade at its meeting yesterday endorsed the suggested changes of rules respecting the weighing of butter and cheese. Their report, which is as follows, will be communicated to Hon. Sydney Fisher, Minister of Agriculture:

"The board of examiners, to whom was referred by you the letter of the 20th of April, from the Hon. Mr. Fisher, minister of agriculture, respecting the rules for the weighing of butter and cheese, with a request for a report on the ministers desire that the rules be amended, so as to provide for gains being applied against losses in the average, begs to report as follows:—

"That the board first considered that portion of the minister's letter which relates to the report of Mr. W. G. Parmelee, the commissioner appointed by the Government to investigate the question of weighing butter and cheese in Montreal, and while such report chiefly concerns the Montreal Produce Merchants' Association, with which this board has no connection, there are two statements therein that demand notice from this board: 1. That the present rules are a source of great annoyance to factorymen; 2. the statement made on page 4 of the letter, that frequently not sufficient care is taken to note the overs.

"With regard to No. 1 your board communicated with the Montreal Produce Merchants' Association, requesting it to state if either the association or any of its members had received complaints from any of the cheese boards or any individuals with regard to said rules, since their adoption on the 10th of July, 1901. The association's reply, as follows, shows that no such complains have been received:

"With further reference to your letter of 29th ult., I beg to inform you that a special general meeting of this association was held yesterday, for the purpose of securing from the members the information required by the board of examiners.

"In the circular calling the meeting, the request of your board was set forth, and the members were asked to come prepared to state whether they had ever received any complaints regarding the rules governing weighing, since the adoption of said rules in 1901. Every member present at the meeting stated that since the adoption of the rules in question not a single complaint had been received, either from cheese boards or from individuals in the country, regarding the rules. The same statement holds good in so far as this association is concerned, no complaints ever having been received respecting the rules."

"With regard to No. 2, the rules are perfectly clear that all gains should be recorded on the certificate, and if the official weigher, measurer and gauger does not weigh according to these rules, any complaints of insufficient care being taken to note the overs should at once be reported to this board for investigation. It is only fair to the official weigher to state that up to the present time, no such complaints have been laid before this board although the rules have been in operation since 1901.

"Proceeding now to report specifically on the Minister's desire that the rules be amended, so as to provide for gains being applied against losses in the average, the board would report that before drafting these rules in 1901, it visited the different warehouses here, and saw the method of weighing cheese and butter, and the board was thereby strongly impressed with the importance of so framing the rules that they would have the effect of ensuring the accurate weighing of these articles by the manufacturer, and the marking by him of the correct weight on the boxes, and rule No. 2 was especially framed for that purpose.

"Prior to the adoption of these rules, there was more or less inaccuracy in the marking of weights on the boxes, but the board is assured that since these rules have been in operation such inaccuracies have been far less frequent, and it is a source of gratification to the board to know that the rules have accomplished the object of securing from the manufacturers the accurate weighing and marking of butter and cheese. In this connection it may be remarked that in Australia and New Zealand, it is a penal offence to mark incorrect weights on boxes of butter and cheese, which shows how important it is deemed in those colonies that cheese and butter manufacturers should be precise in marking the weights.

"The board, therefore, feels that it cannot recommend that rule 2 should be changed to meet the Minister's request, that it should provide for gains being applied against losses in the average; but in order that all possible protection should be given to the manufacturer in the event of the article weighing a pound under or over, the board suggests that rule 5 be amended to read as follows, and such amendment is herewith presented for your approval:

"'Not less than five packages of butter and cheese, nor more than 10 per cent. of each particular lot shall be weighed, except in the case of any discrepancies in the marked weights, in which case the whole parcel may be re-weighed at the request of either of the parties interested, but at the expense of the party making the request.'"

IRISH GUARDS BAND CONCERT.

First Two Performances in Canada Will Be Given Here In August

The famous "Irish Guards Band" will arrive in Montreal by the SS. Victorian on Saturday, August 26th. The management of the Arena has just completed arrangements which somewhat anticipates the "Industrial Exhibition," inasmuch as it gets the first concert given by the band on Canadian soil. The band is due in Toronto on Tuesday, August 29th, and will fill in its time between that and Saturday in Montreal, giving concerts at the Arena on Saturday and Monday, 26th and 28th. The "Irish Guards Band" is considered one of the finest Regimental Bands in the British service, and will, no doubt, meet with a great reception on its arrival here.

St. Ann's Young Men.

At the 8 o'clock mass in St. Ann's Church, next Sunday, the St. Ann's Young Men's Society will receive Holy Communion in accordance with the annual custom during the month of May, to honor the Blessed Virgin. At 7 o'clock in the evening there will be a sermon of especial interest to young men, followed by a procession and solemn benediction of the Blessed Sacrament.

LITTLE MONEY FOR PAVEMENTS

Finance Committee Have to Refuse Big Grants for Roads.

STREET WIDENING USES CASH

If Less Spent on Widening Streets Would Be More Money to Keep Up Repairs.

The Finance Committee met yesterday afternoon and voted over a quarter of a million dollars to various civic committees for works that are urgently needed.

The following shows exactly what each committee got:—Fire, $13,271; Markets, $8,000; Parks, 1,221; Incineration, $9,850; Water, $30,700; and Roads, $135,000, making a total of $198,000. The sum of $54,000 was also set aside for further street widenings that the city is bound to carry out, making a grand total of $253,000.

In regard to the money voted to the Road Department it was explained that but a small amount of it could be used for new pavements. This was regretted, but it was explained that so much had been spent this year on street widenings, etc., that but a comparatively small sum could be voted for paving streets. In its report the Road Committee asked for ten times as much as was given for works which were urgently needed.

In voting the money yesterday, members who attended the meeting of the Finance Committee said it would be better if the city did less street widening and spent more on the existing roads.

It was contended by Ald Sadler that the west end should get some paving done. He said Dorchester street west, needed paving in the worst way.

Ald. Payette — "There are many streets in my ward that need paving."

Ald. Vallieres—"The fact is there are streets all over the city that need paving in the very worst way. It is difficult to know what to do with the small amount we have on hand to do repairs and permanent road work. We cannot work reforms in our streets unless we have plenty of money. There is no use whatever for the Road Committee asking for huge sums when it knows the members of the Finance Committee have not got it on hand to vote."

Ald Sadler — "Well, I want to say that if there is any paving done this summer I hope Dorchester street, and other streets in the west end will get some done. I do not think the west end is being treated quite fairly in the matter of pavements."

It was finally decided that as much money as possible should be spent on pavements, but the amount will be very small.

When the requisition of the Water Committee was discussed, Ald. Carter brought out the fact that the city was not obliged to pay for more than one water service pipe, to each block of houses, and not one to each house, as is the present practice. He read the charter amendment, and the committee was of the opinion that the city attorneys should look into the matter.

For the present only half the amount needed for the service pipes was voted. It was cut down from $15,000 to $7,5000.

The money voted to the Fire Committee will be used in purchasing new horses, new fire aparatus, ladders, etc.

Building Laborers' Union.

A special meeting of Union No. 1 of Montreal, of the International Building Labors Protective Union of America will be held in St. Joseph Hall at 2 o'clock on Sunday afternoon.

As matters of the greatest importance to their craft will be brought up for their approval, every member is urgently requested to be present and to bring their cards. It is expected that the general Organizer of the International for the Dominion of Canada will be present.

No New Westmount Church.

The rumor that a new Catholic church was to be built at the corner of Greene avenue and St. Antoine street, Westmount, for the benefit of the English-speaking section of the people on the confines of Ste. Cunegonde and St. Henri, has been authoritatively stated to be without foundation.

TAKING POSSESSION OF CITY'S STREETS

Complaints About Great Northern Railway's Sidings.

WHO GAVE THEM PERMISSION?

Efforts Will Be Made to Have Contractors Repair St. James Street Near Windsor.

A complaint was made by Ald. Bastien at the meeting of the Road Committee yesterday afternoon to the effect that the Great Northern Railway Company was blocking streets in Hochelaga Ward without getting permission from the city. Sidings were being constructed on certain streets that were hindering traffic.

He said that the C.P.R. long ago would have got into trouble with the corporation had it been doing such things.

Ald. Lariviere said that to his knowledge the railroad company never came before the council for authorization. He could not understand how they had gained possession of streets. His attention had been drawn to the matter previously, and it was his intention to bring it before the committee, if Ald. Bastien had not spoken.

It was decided to consult the city attorneys and learn what right the company has to run its tracks across the streets of Hochelaga.

Mayor Laporte informed the committee that citizens were complaining of the filth that had been left on Fletcher's Field after the snow had melted away. A portion of the field had been used as a dump in the winter. He urged that the place be cleaned up at once.

It was promised the matter should be attended to without delay.

The Mayor also said he had received complaints about the bad state of the pavement on St. James street, near Windsor. He said this portion of the street was a disgrace. It was full of holes and collected mud when it rained.

The chairman said the fault of the street being in such a condition was the difficulty in getting a contractor to make the repairs. The matter, however, will be probed at once and the contractor made to do the repairing necessary.

CHAMBRE AND THE COUNCIL.

City Council's Resolution Laid on Table Indefinitely.

The Chambre de Commerce does not seem to be worrying more than is necessary over the cutting action of the City Council in laying the Chambre's protest against the gas resolution on the table. When the matter came up at yesterday's meeting, Mr. H. A. A. Brault merely remarked that this little exhibition of temper could not affect citizens who had done what they considered their duty to themselves and the community. Several other members, including Messrs. Bolvin, S. Lychance, and I. Prefontaine, spoke along the same lines, and finally the Council's resolution was ordered to be laid on the table indefinitely.

Hon. William Paterson wrote that the Chambre's request that ironwork and metal plates for trunks be admitted duty free would be referred to the Tariff Commission.

Hon. Lomer Gouin acknowledged receipt of a recommendation that a grant be given for an exhibition in Montreal, and declared that the matter would receive his serious attention.

When the nerves cry—

Look to the

Coffee

The cry may be in some one of many ways, Trembling, Sleepy in day time, (comes from stomach), Headache, Dyspepsia, Bowel Trouble, Heart Palpitation, Pains in various parts of the body, and even Piles, Diabetes, and weak eyes originate in a disordered nervous system brought on by coffee.

If you don't heed the "cry" (Nature's hint) you may be sure the trouble will get worse, and not better, until you either quit the coffee habit which is the cause, or you develop fixed organic disease that may carry you down.

It is the finest trade possible, to quit coffee and get well.

Health is the most exquisite fun on earth.

It's easy to quit coffee when you have choice, well made Postum Food Coffee, a delicious hot beverage with the deep seal brown of strong coffee that changes to a rich golden brown when cream is added. Then you have the crisp coffee "snap" and a flavor all its own. The nerves are relieved of the old hurt of the poisonous "Caffeine" of coffee and in its place you feed the system on strong food elements in Postum which quickly rebuild the worn out and exhausted nerve and brain cells destroyed by coffee.

These are facts!!! Prove them by 10 days trial.

Had to Pay at the Border.

Special to The Montreal Star.

Hamilton, Ont., May 26.—John Stevenson and Thomas Mair, the two men who were turned back at the border on Good Friday while on their way to visit friends in Buffalo, tried it again yesterday afternoon accompanied by William Davenport. Mair was allowed to pass the border without $2 being demanded of him, as he had come from Scotland since the enactment of the present law, and his $2 had been arranged for by the steamship company, but $7 had to be paid for Stevenson. The tax was paid under protest, and the matter will likely be brought to the attention of Parliament.

A Fire at Sturgeon Falls.

Minister of Interior Promises to Redress Indians' Wrongs—Auditor-General's Resignation.

Special to The Montreal Star.

Ottawa, May 26.—The Atlantic train this morning took to Lunenburg, N.S., where the burial will take place. The body was removed from the Russell House last night to one of the Government cars, which will convey it to the destination. There was no service, but colleagues of the deceased on the commission and some intimate friends will be present. A private car was placed on the train for the use of the funeral party, which includes Mrs. Wade, her daughter, Mrs. Pattillo; her daughter, Mrs. Bennet; Mr. G. A. Wade, brother, Commissioner Reid and Chief Engineer Lumsden, Mr. McGill, accountant; Mr. Collins, private secretary, and Mr. Paton, law partner of the deceased. Commissioner Haggard went as far as Montreal. There were many magnificent floral tributes, among them was a broken column from the staff of the Trans-Continental Commission, a large wreath from his colleagues, design in the form of a maple leaf from the Nova Scotia members of Parliament, an anchor from friends at Port Russell, a pillow from the family, a broken wheel from the Messrs. Mulligan, and flowers from many private friends. The funeral service will be held at the time of burial.

Carnegie Medal for Canadian.

London, May 26.—At the May meeting of the Carnegie Hero Fund Commission, Government hero, the board rooms

as to the existence of lobsters in Hudson Bay, nor had it received any information on the subject from private individuals.

Mr. A. C. Boyce was told that 4,800 acres of land have been leased to the Meadow Creek Ranching Company at two cents an acre per annum. The land is not fit for agricultural purposes. The application for the lease was made by John R. Craig. The company now has cattle on the land, but the Government is unable to say how many.

Mr. R. N. Walsh asked if the Government had the right to dispose of and grant titles to the islands in the St. Lawrence River opposite to the Indian Reserve of St. Regis. Hon. Frank Oliver replied that the islands were under the control of the Government and could be sold for the benefit of the Indians, but where Indians are in possession their permission to sell must be obtained.

CHARGES OF GRAFTING.

Mr. Cochrane, Muskoka, drew attention to a question put by him to a question put by him in Georgian Bay, that there was some question as to whether Indians in the Province or They were becoming importance for summer summer hotels, and at 4o be determined. Minister of the Interior, Islands belonged to the 56 surrendered them for benefit. The Government upon them accordingly sales were made from the market, decided to place one in the market, but on behalf of the Onprotested and afterwards made with the conditions, at prices ors.

It stated that an island for $140 to Mr. the member, whereleast $450. There that they were being hand way. He

thought that the proper plan would be to advertise the islands and then auction them.

Mr. R. L. Borden maintained that no good reason had been shown why the islands had been sold at a less price than could be obtained for them by auction.

Sir Wilfrid made no reply to this, but explained that the jurisdiction over the islands lay with the province, but the Dominion Government is acting as trustee in disposing of them.

SPECULATION IN LAND SCRIP.

Hon. G. E. Foster wanted to know whether the Government would produce certain papers relating to the issuing of scrip to half-breeds living in the United States. Some of these papers had been brought down, but not all, and those which had been produced put the matter in a bad light. The commission which investigated the matter in 1901 held that the claims of non-residents should not be recognized, but this decision was over-ridden by order-in-council in August, 1904, on the ground that non-residents were entitled to scrip and to refuse it was an interference with vested rights. Thereupon Mr. Cote, an official of the Interior Department, was appointed to look into them. He held no investigation, and made no enquiry among those concerned, but simply went over the evidence formerly presented in connection with the 388 rejected claims. Mr. Cote dealt with 375 of these, allowing 136, disallowing 170, and holding 69 in abeyance. Although the order-in-council reopening the matter was passed in August, it was not published in the Canada Gazette until October, after the work had been done. Formerly half-breeds were required to appear in person and locate their land, but in March, 1905, land agents received a letter from the department authorizing them to permit locations to be taken out by persons other than those to whom the scrip was issued. This record showed the handiwork of the grafter. A man representing himself to be an agent of the Dominion Government went to the half-breed settlement in North Dakota, but his real purpose was to obtain assignments of scrip at a low price, and this he succeeded in doing. When another man went there from Winnipeg the matter came out, through some men denying having assigned their scrip, and lawsuits taking place in consequence. The fact was that 32,640 acres of the public domain had been alienated, which was equal to about $200,000. The scrip issued to the half-breeds had not been of much use to them, as nineteen-twentieths of it fell into the hands of knowing speculators within a year of its issue. The change in the regulations had enabled a Minister, "bold, audacious and unscrupulous as he was," to make away with this $200,000 worth of the public domain. If Mr. Sifton had taken $200,000 from the till at Ottawa, over the head of the Auditor-General, there would have been something like a mild riot, though not on the Liberal side of the House.

THE MINISTER'S EXPLANATION.

Mr. Oliver replied that the principle of giving scrip to non-resident half-breeds had been adopted as a matter of justice. They were entitled to it by reason of their birth, and not by reason of their residence. The only ones refused were those who had gone to the States and assumed the status of Indians there. As to the departmental letter allowing location by others than those to whom the scrip was issued personally, Mr. Oliver admitted that it was an error made in the department. Such had not been the intention, but he did not see that it made much difference, as the cost of transportation involved was bound to come out of the half-breed in any event.

Mr. John Herron, of Alberta, said that there were a number of half-breeds who thought they had not been properly dealt with, and still had claims against the Government for lands.

Mr. Oliver replied that if injustice had been done in any case it would be righted, but the principles which he had set forth would be adhered to.

YUKON AND NEW PROVINCES.

Dr. Thompson, of the Yukon, said he had heard a rumor that the Yukon was to be added to one of the new provinces. He protested against such an arrangement and promised to call the attention of the House to it again at a later date.

The House then went into committee of supply, taking up the estimates of the Militia Department.

HALIFAX GARRISON.

Mr. R. L. Borden asked what foundation there was for the report that the Imperial troops were to remain at Halifax owing to the difficulty of enlisting a Canadian regiment.

Sir Frederick Borden replied that there was no difficulty in getting men for the infantry regiment, which would comprise two-thirds of the garrison. Men for the artillery and engineers were not so easy to obtain, but it was hoped that the difficulty would be overcome by enlisting time-expired men from the Imperial service and permission to do so had practically been secured. Four hundred infantry had already been secured, and General Lake expected to be in a position to take over Halifax and Esquimalt on July 1, or as soon thereafter as the Imperial troops vacated. The present force at Halifax is about 2,000 and at Esquimalt 300 to 400. Such a large force would not be needed at Halifax since it would no longer be a permanent naval base. Sir Frederick promised to make a statement in a few days as to the officers to be appointed to these garrisons.

The minister mentioned incidentally that about 35,000 men will be in camp this summer.

When the committee resumed at eight o'clock, votes for the Indians of the Maritime Provinces were discussed. These votes amount to $17,783. The Minister of the Interior admitted that with respect to a small vote of $600 for unforeseen expenses in connection with Indians in New Brunswick part was to meet expenses incurred during the previous year. The Opposition protested on the ground that money voted for a certain year could not be used to meet expenses of another year.

AUDITOR-GENERAL'S RESIGNATION.

During the discussion that arose, reference was made to the Auditor-General. Mr. Haughton Lennox, Conservative, of South Simcoe, said the Government might welcome the time when they would be able to get rid of the Auditor-General, but they would not be able to get rid of the public sentiment that was behind and supported that official. He complained of the refusal of the Government to amend the Audit Act. "This Government," said Mr. Lennox, "have time for everything but looking after the financial interests of the country."

Hon. W. S. Fielding, Minister of Finance, pointed out that although the Auditor-General tendered his resignation some time ago it was not accepted. That did not look as if the Government were anxious to get rid of that officer. As regards amending the Audit Act, the Government of Canada and not the Auditor-General must decide the policy of the country.

Mr. A. B. Ingram, Conservative, of East Elgin, wished to know if the Auditor-General was about to resign because amendments to the Audit Act were not made?

Mr. Lennox said it was rumored that unless the desired amendments were made the Auditor-General would leave the service on July 1.

Mr. Fielding said the matter of resignation rested with the Auditor-General himself. He had given his views to the public through the newspapers.

Then the committee returned to the Maritime Provinces Indian votes and passed them.

VOTES FOR WESTERN INDIANS.

Next came the votes for the Indians of Manitoba and the North-West Territories, amounting to $820,992, made up of such items as $141,365 for annuities, $162,521 for provisions, $309,402 for schools, $25,253 for live stock, $7,000 for surveys, etc.

Complaint was made that too high prices were paid for cattle which are lent to the Indians.

Mr. Wright, Conservative, of Muskoka, asked if the Indians in the winter did not slaughter the cattle and so provide themselves with meat.

The rule, said Mr. Oliver, was that in order to legally kill cattle the Indians must first obtain the permission of the Government agent. This matter was watched as carefully as possible.

The votes were all carried and then those for Indians in British Columbia were considered. They amounted to $167,290, the items being similar in their purpose to those of the Manitoba vote. All were carried.

For the Indians of the Yukon Territory there was voted the sum of $13,000—for relief and medical attendance $8,000 and to provide education $5,000.

General votes for salaries, travelling expenses, etc., amounting to $12,200 were carried. This completed the Indian votes in the main estimates, which amount to $1,151,785.

At 11.40 o'clock the committee rose and the House at once adjourned.

PARLIAMENTARY NOTES.

Sir William Mulock has given notice of a motion that when the House adjourns next Wednesday, it shall stand adjourned until the following Friday, Thursday, which is Ascension Day, is observed as a holiday in Quebec though not in the other provinces.

Mr. Morin (Dorchester), was informed that Louis Laflamme, postmaster at St. Marguerite, had been dismissed for making improper disposition of postage stamps, in order to inflate the revenue of his office, whereby he had obtained a larger salary than he was entitled to. The dismissal was entirely departmental, and not on the recommendation of any person outside of the department.

Trouble at Chicoutimi.

Special to The Montreal Star.

Chicoutimi, Que., May 26.—The Chicoutimi Pulp Company and the Town Council have been having serious disputes of late. The culmination came last night, when the Town Council met and adopted a resolution calling upon the company to employ Chicoutimi workingmen in preference to outsiders, otherwise the Council would annul the by-law exempting the company from taxation. The trouble between the company and the Council originated in the last municipal election, where the company's candidate was badly defeated in the ward where they have their mill.

POST FOR HON. S. N. PARENT.

Ex-Premier May Become Chairman of G. T. R. Construction Committee.

Special to the Montreal Star.

Toronto, Ont., May 26. — A Globe special from Quebec says: "It is rumored in inside political circles here that Hon. S. N. Parent, ex-Premier, will shortly become a member of the Government Railway Commission, in connection with the construction of the Grand Trunk Pacific Railway, with the possibility of being named chairman to fill the vacancy caused by the death of Mr. F. B. Wade. Hon. Mr. Parent was offered the chairmanship of the Government Railway Commission when it was first created, but did not take the post, as he preferred to take charge of the recent general election. His appointment at the present juncture would not only please his own countrymen, but the English-speaking population of the Province of Quebec."

ING ON OF WARSAW

Eight People Killed and One Hundred Injured Yesterday.

THE CAUSE OF THE TROUBLE

Conflict Between Respectable and Disreputable Elements of Jewish Community.

Warsaw, May 26. The disturbances continued all day yesterday, and were still in progress late last night. Eight persons have already been killed and 100 wounded 19 seriously. The damage to property has been considerable. There has been no pillaging, but the destruction of the furniture in the houses has been absolute.

The mob armed with axes, smashed the doors and windows, brought the furniture out on the streets, where they broke it into small pieces. The owners of the furniture, in attempting to save their belongings, were attacked, beaten, and even killed.

Late last night Cossacks fired on the crowd at two points, wounding four persons. The police did not interfere actively during the day.

The affair is a conflict between the respectable Jewish socialistic class and the disreputable Jewish element. One report is that the respectable Jews, tired of hearing the members of their race called opprobrious names resolved, as the police were receiving bribes for protecting disreputable houses and persons to take the matter into their own hands. Another report has it that Jewish roughs in the guise of members of the Bund, were levying blackmail upon shopkeepers. In any case, the Socialists seemingly determined on a crusade against the disreputable persons of their own race with the result that crowds of men and boys are now systematically ruining the disreputable houses.

REMARKABLE SCENES.

Extraordinary scenes were witnessed late last night when the crowds visited the better section of the city, and demolished apartments filled with costly effects. Wardrobes, pianos and mirrors were thrown out of the windows. The mob in the streets left open spaces for the falling articles and then completed the work of destruction. In one place a quantity of valuable jewellery was taken out and deliberately smashed with stones.

The affair was carefully organized. The leaders were supplied with the addresses of the owners of disreputable houses, and scarcely a single resort in Warsaw escaped destruction.

ERIVAN IS AFLAME.

St. Petersburg, May 26. — The most disquieting news regarding the internal situation and of the renewal of hostilities between Armenians and Mosslems in the Southern Caucasus has reached St. Petersburg.

Simultaneous with the assassination Wednesday of Prince Nakachidze, exgovernor of Baku, came information that the province of Erivan is aflame with strife. The villagers there are arming themselves with bombs and revolvers and gathering in hostile camps, paying no heed to the efforts of high officials of Church and State to restore peace. Several encounters already have occurred in which seven persons were killed and many wounded. Further bloodshed is feared, as the number of troops there is inadequate for the preservation of order. The Government is sending reinforcements.

At Gomel, where anti-Jewish riots occurred last year, a collision is reported between striking workmen and Cossacks, in which one workman was killed and several injured.

St. Petersburg May 26.—The Narodnydom, or People's Palace, a great building named after the Emperor Nicholas II., situated in the industrial quarter on the northerly side of the river Neva was on fire yesterday afternoon. The fire was extinguished after three hours. The central portion of the edifice was not damaged. The sections of it used for decorations, costumes and properties for theatrical and spectacular entertainments were destroyed. The losses are heavy, but there were no fatalities. The origin of the fire is unknown.

REACTIONARIES ON TOP.

London, May 26.—A despatch to the Times from St. Petersburg says it is reported that the reactionaries are again uppermost at Tsarkoe Selo. It is stated that M. Pobiedonostzeff, procurator-general of the Holy Synod, is about to receive an appointment which will place the destinies of the Empire, as well as those of the Church, in his hands. The reactionaries again proclaim their ability to annul any reforms that have been granted.

JURY DISAGREED AGAIN.

Another Failure to Convict Man Who Inspected the Slocum.

New York, May 26. — The jury in the case of Henry Lundberg, the former inspector of steamboats, charged with having failed to properly inspect the General Slocum prior to the burning of that vessel, entailing the loss of more than 1,000 lives, last night reported a disagreement after being out ten and a half hours. This is the third time a jury has disagreed after hearing the evidence against Lundberg, and it is said he now will be released on his own recognizance.

Prince Edward Island Deputation.

Special to the Montreal Star.

Ottawa, Ont., May 26. — A second Prince Edward Island deputation, consisting of Premier Peters, Hon. F. L. Hassard, Hon. Geo. Simpson, and Mr. Full, representing the Charlottetown Board of Trade, introduced by Mr. Hughes, M.P., waited upon the Prime Minister and Hon. W. S. Fielding yesterday afternoon and presented a memorial from the Legislature of the Island asking for the establishment of better communication between the province and the mainland, and the adjustment of various matters at issue between the Island and the Dominion. A second interview on these subjects takes place to-day.

PERE MARQUETTE OFFICIAL MUST GO

Alien Labor Laws of Canada Will Be Strictly Enforced.

WARRANTS ARE ABOUT READY

Col. Sherwood Will Leave Ottawa in Course of Few Days to Execute Them.

Special to The Montreal Star.

Ottawa, Ont., May 26. — The aliens imported from the United States to work on the Pere Marquette system in Canada will have to shake the dust of this country off their feet and return to their former homes. The warrants for the deportation of the various parties are almost ready to be placed in the hands of Col. Sherwood, Chief of the Dominion Police and it is probable that on Monday next Col. Sherwood will proceed from Ottawa to execute warrants against eight of those who are ordered for immediate deportation.

Seven days time is allowed the Railway company to fill the office of one engineer and twenty-four days to fill the offices of train despatcher and manager, at the expiration of which time these officials will be deported. Other officials mentioned by Judge Winchester in his report are to be deported forthwith, except one engineer in whose case seven days' notice is allowed.

The Pere Marquette Company tried hard not to have the law enforced.

On Tuesday, Mr. Robinson, barrister, of St. Thomas, called upon Sir William Mulock, Minister of Labor, urging in behalf of the Pere Marquette employees who are ordered for deportation, that the law be not enforced against them, and yesterday the railway company counsel, Mr. Cockburn, of Walkerville came to Ottawa and interviewed the Premier, the Minister of Justice and the Minister of Labor. All was to no effect, however, Judge Winchester's report having shown that the violations of the Alien Labor Law by the Pere Marquette Company had been particularly offensive to the dismissed railway employes.

WELCOMED BY BIG CROWD.

Canadian Soldiers for Halifax Garrison Arrived Last Evening.

Special to The Montreal Star.

Halifax, N.S., May 26. — Over two thousand persons were at the North Street Station and vicinity last evening to witness the arrival of the first detachment of Canadian soldiers who are to form part of the garrison at Halifax. The men under command of Lieut.-Col. Wadmore, came here from Fredericton on a special train, which pulled into the station shortly after eight o'clock. While no special hour had been fixed for the arrival of the train bearing the soldiers, the people of this city evidently evinced much interest in their coming, judging from the enormous crowd that had assembled.

The band of the 5th Royal Garrison Regiment was at the station, and as soon as the men disembarked and formed up in marching order they were played to their new quarters at the Glacis barracks.

The newcomers are warmly welcomed. Among those at the station were Col. Drury, commandant of the Maritime Command, Col. Irving, Lieut.-Col. Humphrey, Dr. Foster, who is to be one of the medical officers attached to the corps, and a number of militia officers. The detachment consisted of two companies of infantry, about 207 men. They wore khaki uniforms and their marching and appearance were very favorably commented upon.

Quebec, May 26. The nucleus of the new Canadian regiment for the garrisoning of the Citadel of Halifax left here for that place by a special train yesterday afternoon. Forty-three men from this depot formed the detachment, Lts. Hill and Papineau going in charge.

HAS ACCEPTED CHAIR AT KNOX

Rev. H. A. A. Kennedy, of Scotland, Will Succeed Late Dr. Caven.

Special to The Montreal Star.

Toronto, Ont., May 26.—A cable despatch from Scotland announced that the Rev. H. A. A. Kennedy, M.A., D.S.C., of Callander, Scotland, accepts the nomination to the chair of New Testament Literature and Exegesis in Knox College, made vacant by the death of Principal Caven in December last. Dr. Kennedy's nomination will be made by the board of managers, which meets on June 6, and the appointment by the General Assembly, which opens in Kingston on June 7.

Dr. Kennedy is a graduate of Edinburgh University and New College, and is regarded as exceptionally fit for the position to which he has been called.

MAY HAVE LARGE RESULTS.

Equitable Affair May Bring Federal Control of Insurance.

Special to the Montreal Star.

New York, May 26. — Indications are that the outcome of the Equitable affair will be the placing of all the insurance companies of the country under federal control. Although federal control is a step on the road to Government ownership, it may be brought about by men to whom Government ownership is the greatest bugaboo, Jacob H. Schiff, banker, is behind the movement for federal control. It has come out that he and his personal counsel, William Nelson Cromwell, who is on very friendly terms with the President, have had secret conferences in Washington with Mr. Roosevelt.

Mr. Schiff's purpose in having the Government intervene in the Equitable affair is to bring about an inquiry into life insurance business in general. Such an investigation, he thinks, would demonstrate that the evils disclosed in the Equitable's management also exist in other large insurance companies.

It is reported at Toronto that Postmaster Patterson will resign, and be succeeded by Mayor Urquhart.

ANOTHER BABY MURDERED.

Body of Child Found at Toronto Last Evening.

Special to The Montreal Star.

Toronto, May 26.—Another infant murder was brought to light last evening, when the body of a female child, which had been killed by being struck on the head with a hammer, was found in the water at the foot of York street. The body had been in the water for about a week.

CAPTAIN PERRY DROWNED.

Ottawa, May 26. — Captain Arthur Perry, of the Salvation Army Harmonia Revivalists, was drowned about noon yesterday while swimming in the Ottawa River just below Rockliffe. His body has not yet been recovered. The deceased came to Ottawa May 2, in charge of the Harmonia Revivalists, and was to leave the city next Tuesday. Being an expert swimmer, he asked Captain Oldfield, in charge of the Ottawa corps, to accompany him for a swim. The latter advised against the proposal, owing to the chilliness of the water, but consented to accompany Perry while he went in. After swimming for a time he swam around a clump of bushes and was lost to sight of Capt. Oldfield, who, calling, received no answer. Staff Captain Perry must have been seized with a cramp and sank without calling. Deceased was born in Yarmouth, N.S., was 36 years of age, and leaves a widow, who was with him in this city.

DEATHS REPORTED.

Waterloo, Que. — Mr. Hypolite Vaudry died of heart failure, aged 72.

London, Ont.—John Watson, a well-known Grand Trunk engineer, is dead, aged 46.

Paris.—William H. Gebhardt, of New York, died suddenly at the Hotel Meurice to-day while on his way to Venice to meet his family.

Peterboro', Ont.—Wilson Cowling, only son of Thomas Cowling, of Cavan Township, was fatally kicked by a horse which he was feeding in the stable. The animal's shoe splintered the boy's skull.

At Port Arthur, Ont., the jury at the assizes returned a verdict of guilty of manslaughter against Evert West and acquitted Vick Aho. West killed Vick Pothokas, a Greek in the coal section of Fort William on March 4th without provocation.

PHILADELPHIA'S GAS FIGHT.

Rumor That Mayor Weaver Will Be Impeached Is Unconfirmed.

Philadelphia, May 26. — The bitter feeling that has been engendered by the gas lease fight was intensified yesterday when Mayor Weaver practically ejected from the offices of the departments of public safety and public works his two former directors, and again installed the men appointed by him Tuesday. While the Mayor was ordering his old directors out of their offices, his attorneys appeared in the Supreme Court and obtained a special supersedeas suspending the temporary injunction granted to the old directors by the county court.

In the thick of the fight to-day came a story that the Mayor is to be impeached. For what particular offence was not clearly defined. One rumor had it that he would be brought before the City Council for his conduct of an election fraud case while he was district attorney, and another rumor had it that he was to be made to answer for some alleged lapses of duty while in his present position. All attempts to confirm the impeachment rumor failed.

The organization leaders say they continue to "stand pat" on the lease, and their ranks are solid. On the other hand, Mayor Weaver announced late yesterday that he had assurances that the vote in both council chambers when his veto is considered will be changed materially from that of last week. One council-man has publicly announced that he would change his vote. The situation is daily growing more tense. In all sections of the city the reform organizations and newspapers have aroused citizens to take a hand in the fight. The council-men who favor the gas lease are being swamped with protests, and delegations of neighbors are calling on them at their homes or places of business, or are talking to them on the streets. Many of them reply that they are for the lease so long as the "people's leader," as Commissioner Durham is called by the organization men, is for it.

School Teachers in Convention.

Ottawa, Ont., May 26.—The 300 teachers attending the United Congress Convention, travelled to Bowesville, eight miles distant, yesterday afternoon to visit a garden plot in connection with the Public School there. Addresses were delivered by Hon. Sidney Fisher, Dr. Clifton, F. Hodge, of Clark University, Worcester, and Prof. J. Robertson. Mr. Fisher said nature study wouldn't make farmers, but it would prove of incalculable benefit in getting the children back to nature's book. Prof. Hodge said the gathering was unique. In the United States a baseball match would be about the only thing that moulded them together. He eulogized nature study as a subject.

Last night, under the joint auspices of the convention and the Royal Society, Hon. Sydney Fisher delivered a lecture on Japan illustrated with stereoptican views.

Farmer Killed by a Cow.

Special to The Montreal Star.

Kingston, Ont., May 26—Cuthbert Summers, a farmer living two miles from Lansdowne, died from shocking injuries received by being dragged by a cow. He was leading the animal with a rope to a neighbor's. The rope became entangled about the man's feet and he was thrown to the ground and dragged first against a fence and then into a seeding machine.

REMAINS OF LATE F. B. WADE.

Scene at Station on Departure for Bridgewater, N.S.

Special to the Montreal Star.

Ottawa, Ont., May 26. — The remains of the late F. B. Wade, late chairman of the Trans-Continental Railway Commission, were forwarded by the 5.20 Canada Atlantic train this morning to Bridgewater, N.S., where the burial will take place. The body was removed from the Russell House last night to one of the Government cars, which will convey it to the destination. There was no service, but colleagues of the deceased on the commission and some intimate friends were present. A private car was placed on the train for the use of the funeral party, which includes Mrs. Wade, her sister, Mrs. Patillo; her daughter, Mrs. Barnet; Mr. G. A. Wade, brother; Commissioner Reid and Chief Engineer Lumsden, Mr. McGill, accountant; Mr. Collins, private secretary, and Mr. Paton, law partner of the deceased. Commissioner Young went as far as Montreal. There were many magnificent floral tributes. Among them was a broken column from the staff of the Trans-Continental Commission, a large wreath from his colleagues, design in the form of a maple leaf from the Nova Scotia members of Parliament, an anchor from friends at the Russell, a pillow from the family, a broken wheel from the Messrs. Mulligan, and flowers from many private friends. The funeral service will be held at the place of burial.

Carnegie Medal for Canadian.

Pittsburg, May 26.—At the May meeting of the Carnegie Hero Fund Commission, which was held in the board rooms of the Carnegie Steel Company, the initial awards were made. Nine cases were acted favorably upon by the commission, including that of Alexander Cameron, a painter, 27 years old, of Lindsay, Victoria County, Ont., Canada, who was awarded a silver medal for rescuing George H. Bryans, an 8-year-old school boy, from the flooded Scugog River on April 24th, 1904.

Since the establishment of the fund, on April 15, 1904, to May 15, 1905, a total of 407 cases have been received; of this 239 have been refused as not within the scope of the fund, 159 are awaiting investigation and 9 have been granted.

A Mill Burned at Athens.

Special to The Montreal Star.

Brockville, May 26.—Early this morning the Saunders mills at Athens, Ont., which has been in operation for 58 years, was burned to the ground. The fire is supposed to have started from the engine room, and when discovered it was impossible to save the building and valuable machinery, both of which are a complete loss. With great difficulty the residence of Mr. Bullis, the proprietor, and numerous piles of lumber and heading were saved. The mill was purchased by Bullis above five years ago from the J. B. Saunders estate. Since then he had gone to heavy expense in repairs and improvements, which will make the loss about $6000, covered by insurance to the extent of $2500.

Temperance League Will Meet.

Special to the Montreal Star.

Toronto, Ont., May 26. — The Canadian Temperance League will to-night consider a resolution regarding the proposal to cut off all licenses for New Ontario hotels, both summer and regular. The league will ask for a conference with the Provincial Secretary regarding the license for the summer hotel at Lake Temagami, urging that it would be a retrograde policy to issue it.

He Captured Three Bear Cubs.

Mr. Albert Laliberte, of 240 Iberville street, has in his possession a rather unique set of exhibits of natural history, in the shape of three bear cubs. Two is the usual bear's litter, but the three youngsters held by Mr. Laliberte were found by one Guimond, of Ste. Emelie, Lotbiniere county, and captured alive without any difficulty. They are in good condition and appear likely to retain their health and grow well.

ST. JOHN RIVER BONE OF CONTENTION

Special to The Montreal Star.

Washington, D.C., May 26.—The first meeting of the International Waterways Commission took place yesterday in the Department of War and Navy building. The commissioners on each side were all present as well as Secretary Cote.

The American section has no secretary as yet, but an engineer of the United States army will be appointed to the position. The Commission first called on Assistant Secretary of State Loomis, who received the Canadian representatives with great cordiality. The subject of the discussion was the scope of the work to be covered by the Commission. As matters stand at present the American section has instruction to limit the work to the investigation of questions relative to the great lakes and to rivers, the natural outlet of which is by the St. Lawrence to the Atlantic. The Attorney-General of the United States has given it as his final opinion that the words "including all of the waters of the lakes and rivers whose natural outlet is by the river St. Lawrence and the Atlantic Ocean," in the act of Congress of 1902, appointing the commission, means a limitation, and that Congress never intended to go beyond that in asking Great Britain to join in the appointment of the commission.

CHOATE'S INTERPRETATION.

Mr. Jos. H. Choate, the American ambassador in London, in transmitting to Lord Lansdowne on July 15, 1902, the request of his Government for the appointment of the joint commission, did not put such a narrow construction on the act of congress, as he stated that the "Duty of the Commissioner would be to investigate in general the waters adjacent to the boundary line."

This would cover not only the St. John river case, but also various other questions in which both countries are interested. It was under this impression that Mr. Chamberlain, then Secretary for the Colonies, transmitted the request of the United States Government to Canada and that the request was favorably considered by the Ottawa authorities. The general opinion among legal authorities here, including those directly connected with the commission on this side, is that Canada's contention is absolutely correct and that no lawyer or jurist with an unprejudiced mind can seriously arrive at a different conclusion.

POLITICS THE CAUSE.

But politics are at the bottom of the whole affair. Senator Hale, of Maine, is opposed to the investigation of the St. John's river affair by the present commission. He wants the thing to be dealt with by a special commission of his own, composed on the American side of local Maine politicians, and the authorities here are afraid of displeasing him. This is the whole thing in a nutshell.

Though the Attorney-General of the United States has given his final opinion limiting the scope of the commission, the question is still open, and will not finally be settled before acting Secretary of State Taft returns from Ohio, on Monday.

It is expected that a compromise will be arrived at and Canadas' contention will practically be supported. It is even said that it is the desire of Secretary Taft and President Roosevelt that the scope of the commission should be as broad as possible, in view of establishing it permanently later on.

Asking Writs of Habeas Corpus.

Two petitions for writs of habeas corpus were to-day presented by Mr. J. F. Dubreuil, on behalf of Louise Deschamps condemned by the Recorder for keeping a disorderly house, and Damase Pepin, condemned as frequenter of the same place. The petition alleges that there was no legal conviction, that the magistrate trying the case had no jurisdiction, and that various other irregularities existed in the proceedings. Mr. Justice Davidson ordered the issue of the writ addressed to Mr. C. A. Vallee, governor of the gaol, and made returnable this afternoon.

UNUSUAL ACTIVITY IN REAL ESTATE

Value of April Sales Almost Two Million Dollars.

SETTLING HOUSE PROBLEM

Building Going Rapidly Forward—Little Speculation, But Much Buying for Investment.

"Not for a long time has the volume of business been so great," says the Cradock Simpson Real Estate Record, speaking of the real estate situation in Montreal, "and while many rumors of pending transactions have to be taken with a grain of salt, there is no doubt but that the month makes an excellent showing for the closing month of the spring season, and if the usual summer dulness is at hand there is as yet no visible sign of it."

Most of the sales made are still for actual use, the speculative element being nearly altogether absent, so that with advancing rents and the conservative prices as a general thing now ruling, the real estate market is in a promising condition.

SUPPLYING HOUSING ACCOMMODATION.

There is a good deal of construction work in progress, and while the cost of building has delayed operations in some cases, builders generally are alive to the situation and hope before long to supply the demand for housing accommodation, which has been so marked of late.

Desirable building lots in the city are being picked up by degrees, and the suburban sections can hardly fail to benefit from the scarcity of houses in the central section. The continued activity in Westmount shows that being next door to Montreal is quite an advantage to that popular suburb.

Judging from the recent, but still unrecorded sales of St. Catherine street properties, notably two of the corners of Peel street, some capitalists are turning to real estate as a safe and permanent field of investment, and more purchases of an investment character may now be looked for.

Two hundred and forty-nine building permits were issued in April, and the stated aggregate cost of the work is $756,348. This includes 158 permits for new buildings, consisting of 129 houses, 342 tenements, 11 stores, 1 factory, 3 educational buildings, 1 church, and 26 sheds, to cost in all $658,001. There were 91 permits for alterations or repairs to 77 houses, 81 tenements, 32 stores, 3 factories, 1 educational building, 5 offices, 10 sheds and 3 stables; these alterations and repairs to cost $98,347.

RECORD OF APRIL SALES.

The sales recorded during the month of April in the undermentioned suburban municipalities amount to $423,112, and are as follows: Maisonneuve, $44,697; De Lorimier, $19,116; Town of St. Louis, $188,638; Petite Cote, $262; Outremont, $15,075; Cote des Neiges, $45,836; Notre Dame de Grace, $13,171; Montreal West, $900; Cote St. Paul, $10,507; Verdun, $27,352; St. Henry, $57,358; and St. Cunegonde, $200.

There were 258 real estate transfers in the city wards and town of Westmount recorded at the registry offices during the month of April, amounting to $1,758,429.

St. Andrew's Ward	14	$158,369
St. George's Ward	14	163,936
St. Joseph's Ward	7	27,033
St. Ann's Ward	15	137,150
West Ward	2	25,000
Centre Ward	2	475,841
St. James' Ward	3	8,500
Lafontaine Ward	12	55,255
St. Louis Ward	21	117,903
St. Lawrence Ward	13	136,210
Papineau Ward	10	34,355
St. Mary's Ward	11	31,033
St. Jean Baptiste Ward	9	23,600
St. Denis Ward	49	65,125
Duvernay Ward	19	42,485
St. Gabriel Ward	9	24,594
East Ward	1	1,900
Hochelaga Ward	13	22,485
Westmount	34	207,655
	258	$1,758,429

During the corresponding month of last year 209 transfers were recorded, amounting to $851,284.

RATES PAID ON MORTGAGE LOANS.

The real estate mortgage loans recorded during the month of April in the registration division of Montreal West amount to $1,488,987. Of this amount $1,250,000 was placed at 4 per cent.; $55,000 at 4 1-2 per cent.; $59,600 at 5 1-2 per cent.; $110,500 at 6 per cent.; $1,250 at 7 per cent., and $12,628 at a nominal rate.

In Montreal East the loans recorded amount to $193,532. Of this amount $105,282 was placed at 5 per cent., $10,000 at 5 1-2 per cent., $70,000 at 6 per cent., $6,650 at 7 per cent., $800 at 8 per cent., and $800 at a nominal rate.

In Hochelaga county the loans recorded amount to $268,548. Of this amount $3,500 was placed at 4 per cent., $5,000 at 4 1-2 per cent., $48,525 at 5 per cent., $70,550 at 5 1-2 per cent., $127,775 at 6 per cent., $3,618 at 7 per cent., $2,000 at 8 per cent., and $7,580 at a nominal rate.

One Body May Be Identified.

The identification of one of the bodies found floating in the river, at the Thompson Line wharf, yesterday morning, will likely be established before the inquest which will be held tomorrow at the morgue. So far the man is supposed to be William Allison, who was for many years a member of the Garrison Artillery and had seen service during the Fenian raid. He has been missing since the last Royal Scots' moonlight excursion last summer. His disappearance at the time was notified to the police but nothing more has been heard of him. He was blind in one eye and his height was 5 feet 5 inches, and in this regard the corpse corresponds exactly. He had no relatives in this city, and was a native of Scotland.

He is Suing His Landlord.

P. Giroux, barber, is seeking to recover $550 damages from M. Cousineau, his landlord. The plaintiff rented a barber shop from the defendant, but one Simard, another barber, refused to vacate the premises. Legal proceedings were taken by the defendant, but it was only last week that the plaintiff secured the premises, and he now seeks compensation for loss of business.

The City Cut Off Water Supply.

H. Somer and A. M. Rutenberg are proceeding against the city of Montreal, claiming $1,000 and $250 respectively for damages alleged to have been caused by the cutting off of the water supply by civic employes from their joint premises, for three days, without reason and despite their protest.

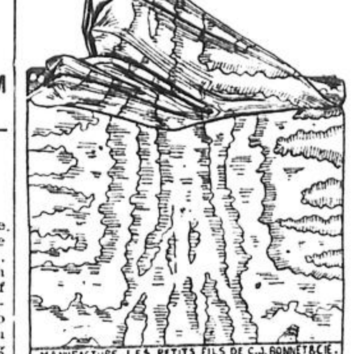
HAMILTON'S.

Important Announcement for Saturday.



C. J. Bonnet & Co.'s BLACK SILK at 59c Yard

This is positively the lowest price ever quoted for this world renowned maker's productions. Just the bare announcement of Bonnet Silks at 59c is enough to create great buying enthusiasm.

Bonnet Silks are and have been for years the silk standard of the world. They make only the higher grades, and on each and every piece of their silks you'll find their imprint, "Manufacture Les Petit Fils de C. J. Bonnet & Cie.," as shown in cut, which is a guarantee that the goods are their production and warranted as to quality and durability.

Our Paris agent, on a recent visit to Lyon, secured 500 yards of BONNET BLACK MOIRE VELOUR SILK, that under ordinary conditions could not be sold at less than $2 yard. These are the Silks we will place on sale TO-MORROW (SATURDAY) MORNING at 9 O'CLOCK sharp. "As we buy, so do we sell." We purchased these silks at little more than one-fourth their value, and will sell them to you on the same basis, which explains our being able to offer you

FIRE IN EAST END GAS WORKS.

Harbor Street Works the Scene of Dangerous Blaze.

A dangerous fire broke out at an early hour to-day in the gas works of the Montreal Light, Heat and Power Company, on Harbor street, but owing to the prompt response of all the stations in the East End, the blaze was held in check and quickly extinguished. The alarm was rung in from the private box at the works and as the firemen considered it a district in which a fire would require effective handling, Chief Benoit and Sub-Chief St. Pierre were amongst the first arrivals, to assume direction of the operations. The cause of the fire was supposed to be sparks from a near-by chimney.

The Allan line Royal Mail SS. Tunisian, from Liverpool and Moville, for Quebec and Montreal, passed Martin River at 5.30 a.m. to-day.

WEEK END NEWS.

Few things interest womankind more than dainty shirt waist suits, a considerable purchase of which has been made at a great reduction in price, by the dry goods firm of Messrs. Jas. A. Ogilvy & Sons, St. Catherine street west, corner of Mountain street. These and many other seasonable items including boys' clothing, will be found in their announcement on page 5 of this issue of the Star.

THE WEATHER

A nice, warm rain fell this morning just what the farmers have been anxious for.

The city folk, who are prone to think of themselves as the primary consideration of Providence, must for the moment submit to the inevitable.

If those who herd together in cities must live, it equally imperative that the farmers should grow their crops.

That being the case, the disagreeable nature of the weather to-day will be passed by in comparative silence.

It rained most of the morning in a perfunctory sort of a fashion, but it is agreeable to note that the Weather Man holds out promise of better things for to-night and to-morrow.

There will be good atmospheric conditions to-morrow.

Montreal Weather Statistics.

WAS A LITTLE LABOR STRIKE.

Some Harbor Commission Men Quit Work.

A gang of laborers employed by the Harbor Commissioners in connection with the stone crusher on the wharf struck work to-day, owing to their wages being made $1.50 instead of $1.75.

The men have been at work for the past eight or nine days under the impression that last week's rate of $1.75 would be paid again this year. But they were undeceived yesterday when, on receipt of their wages, they learned that the rate had been reduced by 25 cents. To further increase the difficulty, they say that three men are now employed filling boxes whereas four and five men used to do it. About the increase of work the men are not so dissatisfied as they are with the large reduction in their wages.

Mr. Kennedy, the engineer of the Harbor Commission, stated, on the other hand, that from three to four hundred men were employed on the works in question, and that a few of their number, who had been taken on this spring were dissatisfied with the rate of wages paid them, and they dropped out. "Since then," concluded Mr. Kennedy, "other men have been taken on, and the work is going on just as usual. It is simply that the malcontents have given place to other willing hands."

EX-MAYOR COCHRANE VERY ILL.

He Was Removed to Victoria Hospital Yesterday.

Ex-Mayor James Cochrane, M.L.A., for St. Lawrence division, is lying seriously ill at the Royal Victoria Hospital. He has been suffering for a couple of years from Bright's disease and diabetes, but his condition of late has grown steadily worse.

By order of Dr. Roddick and Dr. James Bell, who have been recently called in by Dr. Charles W. Vipond, Mr. Cochrane's family physician, the patient was yesterday removed to the hospital. Naturally the medical men are chary about giving any information as to the precise condition of their patient. The members of the family declare, however, that Mr. Cochrane's condition is very serious. He is unable to walk, and dangerous complications are feared at any moment.

BARON ROTHSCHILD OF PARIS IS DEAD

Was Head of Rothschild Banking House in French Capital.

IS SUCCEEDED BY BROTHER

The Late Baron Financed Big Indemnity Paid by France to Germany.

Paris, May 26—Baron Alphonse De Rothschild, head of the French branch of the banking house bearing the name of Rothschild, and governor of the Bank of France, died this morning at 1.30 from acute bronchitis aggravated by gout. The eminent financier had been sinking slowly for many days, but there was no apprehension that his death was imminent. He first took to his bed two weeks ago. Several rallies gave promise of his recovery. Two days ago the Baron began to fail rapidly, and his change assumed a disquieting form. Although he kept up an animated conversation with members of his family and the old servants, the patient became very weak and last night entered upon a comatose state and passed away peacefully this morning surrounded by his family.

GAVE LAVISHLY TO CHARITIES

The announcement of the Baron's death caused widespread regret, for, besides his position in the financial world, Baron Alphonse was known for his lavish charities, one of the latest being the gift of $2,000,000 for the erection of workingmen's homes.

The news of the Baron's death caused a deep impression among financiers generally. It was said that his death would probably momentarily influence the extensive interests in which the house is concerned, but that it would not have a lasting effect on the markets. The deceased will be succeeded as head of the Paris banking house by Baron Lambert De Rothschild, of Brussels, whose business capacity has earned him a world-wide reputation.

The burial of Baron Alphonse will be most simple according to the strict rule of the Rothschild family, including a plain coffin without mourning trifles. The funeral, the date of which has not yet been fixed, will be the occasion of a notable tribute of respect.

FINANCED INTERNATIONAL LOANS

A member of a French-American banking house said: "Baron Alphonse was the leading spirit of the Rothschilds in their relations with practically all the governments of Europe. Besides the colossal task of financing the indemnity which France paid to Germany after the Franco-German war of 1870-71, he otherwise carried on relations with other governments. In Italy these included both the Government and the Vatican finances. The house also has large interests in Spain, largely controls Austria's railway development, and held considerable parts of all the old Russian loan issues. But the house has not exercised a controlling influence in the new Russian loans. The large industrial interests of the house in Russia include the petroleum fields of Baku. The house has also had considerable dealings with American securities."

SKETCH OF LATE BARON

Baron Alphonse De Rothschild, who died to-day, was the second son of Baron James De Rothschild, having succeeded his brother, the late Baron Edmond James De Rothschild, as head of the Paris house. Baron Alphonse was born on February 1, 1827. He was a governor of the Bank of France, a member of the Academy of Fine Arts, a member of the French Institute, and a commander of the Legion of Honor. The deceased Baron leaves two children, Baron Edouard and Baroness Beatrix. He has two surviving brothers, Baron Gustav and Baron Edmond. Baron Gustav has a son, Robert, and two daughters, one of whom married Sir Edward Sassoon, a great friend of King Edward, and the other married Baron Lambert De Rothschild, of Brussels, who has long represented the Rothschild interests at that capital and who succeeds Baron Alphonse as head of the Paris banking house.

MARKETS LITTLE AFFECTED

Paris, May 26—Trading on the Bourse to-day opened without perceptible decline. The markets showed some hesitation but the announcement of the death of Baron Alphonse De Rothschild produced little effect upon values.

NEW PRESIDENT OF ROYAL SOCIETY

Dr. Alexander Johnson, of McGill University Elected in Ottawa.

MGR. BRUCHESI A FELLOW

The Society Concludes Its Session With a Banquet—List of Those Present.

Special to The Montreal Star.

Ottawa, May 26—The Royal Society of Canada concluded its meeting yesterday. An important change was made in the constitution. It was decided that important transactions of benefit to the public might, after being submitted to the section, be printed before being submitted to the general society.

The officers elected for the ensuing year are as follows: President, Dr. Alexander Johnson; vice-president, Dr. W. Saunders, of the experimental farm; treasurer, Dr. Fletcher; secretary, Dr. Dawson.

Mr. Alexander Johnson, the eminent educationalist, and the new president, is a native of Ireland, and received his education at Trinity College, Dublin. There he became proficient in his classics, mathematics and physics, and received a gold medal at the time of obtaining his B.A. This was quickly followed with M.A. and LL.D. He came to Canada in 1857 and became professor of mathematics and natural philosophy at McGill University. Besides this, he is vice-president, fellow of the university and dean of the faculty of arts. In 1881 the Marquis of Lorne appointed him a fellow of the Royal Society of Canada, after which he became president of its mathematics, physics and chemical section. Mr. Johnson has contributed valuable papers to the transactions of the Royal Society and the British Association for the Advance of Science. He was instrumental in the appointment of a committee which looked into the subject of tidal observation in the Gulf of St. Lawrence and the Atlantic coast of the Dominion, and continued to be the society's chairman and secretary for several years. In 1897 he was made vice-president of the mathematics and physics section of the British Association and in 1882 received the honorary degree of D.C.L. from Bishops College University, Lennoxville. Mr. Johnson is a member of the Church of England and has been twice a delegate to the church synod. In 1892 he represented McGill at the tercentenary festival of the University of Dublin.

THE SOCIETY DINNER.

An enjoyable supper was given at the Russell House last evening, when upwards of 100 fellows were present. Mr. Benjamin Sulte, retiring president of the society, occupied the chair, having Sir James Grant on his right, and Prof. Johnson, of McGill University, the president designate, on his left. Among others present were Lieut.-Col. Denison, Toronto; Dr. Dawson, King's printer, hon. secretary; Dr. Fletcher, hon. treasurer; Dr. Le Barnard, chancellor of Victoria University, Toronto; Rev. Dr. Bryce, Manitoba University; Pros. Baker and McLellan, Toronto University; Profs. Bovey and J. Clark Murray, McGill University; Dr. Bailey, New Brunswick University; Dr. A. M. Mackay, Dalhousie University; Prof. Fowler, Queen's University; George Murray, B.A., Dr. Girdwood and W. L. Lightfall, Montreal; Dr. Robert Bell, F.R.S., Dr. Ami, vice-chairman; L. M. Lambe, N. Barlow, Geological Survey; Dr. deCelles, librarian of Parliament; Capt. DeVille, surveyor-General; Dr. H. J. Morgan, W. W. Campbell, Prof. Prince, Col. Anderson, Prof. Shutt, Thomas Macfarlane, Ottawa; F. W. Wurtele, Quebec.

Mr. Suite, in appropriate terms, proposed the health of the King, which was received with musical honors. The only other toast was that of the Royal Society, proposed by Colonel Denison, and responded to by President Suite, Dr. Johnson, Dr. Dawson, Prof. Baker, Mr. Lighthall and Sir James Grant.

The proceedings came to a close with the singing of "Auld Lang Syne" and three enthusiastic cheers for the King. During the evening Messrs. Belleau, Lafontaine and Paradis entertained the company with some excellent songs.

MGR. BRUCHESI A FELLOW.

Archbishop Bruchesi and Mr. Errol Bouchette, of the federal library, have been elected fellows of the society.

DR. ALEX. JOHNSTON,

Of McGill University, who has been elected President of the Royal Society.

Assignment of Toronto Firm.

Special to the Montreal Star.

Toronto, Ont., May 26.—A. J. Stewart, Limited, confectioners, made an assignment yesterday to Eby, Blain and Company, and Mr. Stables, of Berlin. The largest creditors pressed for a winding-up order, and this application forced the firm to assign. The liabilities are placed at $65,000, with assets nominally the same.

WILL GET UP GAS DEMONSTRATIONS

Workingmen's Meetings in All Wards if Offer Accepted.

TO ASK ALDERMEN TO RETIRE

May Have Big Citizens' Demonstration at City Hall Like Philadelphia's.

At last night's meeting of the Workingmen's Educational and Reform Association, the gas question was further discussed. It was finally decided that, in the event of the Gas Company accepting the offer sent it by the twenty aldermen, the association will organize meetings of the electors in the wards represented by these members of the City Council and ask them to resign. The question of organizing a demonstration composed of workingmen and business men to march to the City Hall was also considered. It was urged by President Johnstone that the Montreal taxpayers should follow the example of the citizens of Philadelphia and demonstrate to the solid twenty that Montreal has a civic conscience that will not tolerate misrepresentation.

St. Lawrence Street Expropriation.

The city to-day presented a petition for the homologation in accordance with the report of the expropriation commissioners for St. Lawrence street, from Pine avenue to Mount Royal. The petition was continued for eight days, to allow the interested parties an opportunity to contest the report.

Mr. L. O. Grothe, one of the interested proprietors, has already filed a contestation of the report, on the ground that the commissioners have not granted him sufficient compensation for his property on St. Lawrence street, within the portion expropriated.
