RUSSIAN SUCCESSES IN CARPATHIANS CONTINUES

Three Fortified Austrian Positions Were Broken Down, and Pursuit Resulted in Capture of 25,000 Prisoners. Russians Beyond Doubt Masters of Germans in the East. From Sea to the Dnieper Heavy Artillery Duels Took Place, and French Made Considerable Advance.

FRENCH OFFICIAL STATEMENT.
Paris, Feb. 8.—(Special)—The report on the progress of the war given out this afternoon by the French War Office is as follows:

"From the sea to the Dnieper there was an artillery duel of considerable violence in the vicinity of Ouhinchy, to the west of La Bassée.

"To the southwest of Oranienburg, we were successful in a surprise attack on a German trench which had been blown up by one of our mines. The defenders of this position were either killed or taken prisoners.

"On the Aisne front and in Champagne yesterday saw an intermittent bombardment. The accuracy of our artillery fire was evidenced at several places.

"To the west of Hill 191 north of Massiges our batteries checked an attempted attack on the part of the enemy.

"In the Argonne a German attack in the direction of Fontaine Madame was repulsed.

"At Bagatelle a violent infantry engagement was started by the Germans and has been going on since yesterday morning. According to latest reports all our positions are being maintained.

"On the rest of the front there is nothing to report."

RUSSIAN SUCCESSES IN CARPATHIANS CONTINUE.

Petrograd, February 8.—(Special)—Hard fighting continues in the Carpathians with successes of considerable importance for the Russian troops, according to an official communication issued here to-day.

2,500 AUSTRIANS CAPTURED.

A pursuit of the Austrians after their resistance had been broken at three fortified positions near Mezolaborce is said to have resulted in the capture of more than 2,500 prisoners. The capture of additional troops after a retreat north of Uzok Pass also is recorded, while it is stated Austrian attacks were repulsed at other mountain passes.

MINOR RUSSIAN VICTORIES.

Minor Russian victories are claimed in East Prussia and Northern Poland.

TEXT OF COMMUNICATION.

"On the right bank of the Vistula some skirmishes favorable to us have taken place. On a broad front near the village of Nadroz, Cossacks attacked a squadron of the enemy, supported by infantry, capturing twenty hussars.

"Our cavalry at three o'clock in the morning dislodged by a bayonet attack the Germans from the villages of Podlesie and Prondysky, capturing a small quantity of arms, ammunition and wire.

"An important encounter took place on the road from Sierpiec to Rypin, where we delivered a successful night attack in the vicinity of the village of Urszulow.

"On the left bank of the Vistula, on the Bzura and Rawa rivers, cannonading continued on February 5, but neither adversary undertook active operations. In the region of the village of Kamiony we began an offensive and made some little progress in spite of an obstinate resistance by the enemy.

"Our artillery successfully bombarded a column of Germans who were moving in the direction of Boli-mow from Zemlary. The infantry

was compelled to flee, abandoning their artillery upon the highway.

"In the Carpathians hard fighting continues. Our troops broke down the enemy's resistance at three fortified positions near Mezolaborce and pursued the retreating enemy several versts, taking two cannon, five machine guns, and capturing the commandant of the third Honveds, 47 officers and 2,516 men.

"North of Uzok Pass, near Lutowski, the enemy was forced to retreat. Our troops occupied his trenches, taking three machine guns and many prisoners.

"The attacks of the enemy who crossed the Toukholka and Beskid Passes on February 5 were repulsed with heavy losses for the enemy, who was forced into a precipitate retreat.

BRESLAU IN ACTION AGAIN.

"On the Black Sea our torpedo boat destroyers have bombarded Choppa. The cruiser Breslau, which has arrived at Batum, fired twenty shots without result at our destroyers manoeuvring in these waters. After two shots from the fortress the Breslau steamed away."

TWO EMPERORS AT THE FRONT

BOTH ARMIES CONTENTING FOR POSITIONS WHICH PROTECT WARSAW FROM INVADERS.

London, Feb. 8.—With the German and Russian Emperors as eye-witnesses, the armies of Russia and Germany are still contending for the positions which protect the Polish capital of Warsaw from the invaders. The Russian Emperor has been at Russian headquarters for several days, and the German Emperor has joined his generals and has actually visited some of the troops in their trenches.

Nothing has been disclosed as to the progress of the battle, which, when the last reports were received, was raging with unabated fury. The Russians, according to Saturday's official statement, had strengthened their positions on the western bank of the Bzura river, which they had crossed near its mouth, and captured another German vantage point. They also captured a long line of German trenches near Barjimow, which has been the centre of the most desperate fighting.

BIG BATTLE IN EAST PRUSSIA.
In East Prussia another big battle is developing, the Germans having sent reinforcements apparently from their Bzura front to that region.

In the Carpathians, while their right is advancing, the Russians are only able to report that their left has checked the Austro-German offensive.

With regard to all this fighting the German official report simply says: "No essential events have taken place."

BRITISH CLEAR ENEMY FROM YSER

BRITISH CLEAR ENEMY FROM YSER — DETERMINED OFFENSIVE IS NOW CONTINGENT UPON THE ALLIES.

London, Feb. 8.—A despatch to the Chronicle from Northern France states that as a result of the strenuous fighting, which occupied forty-eight hours, the British force has cleared the enemy from the arm of the Yser. This territory has been stubbornly held by the Germans, and around it have been waged some of the fiercest struggles of the war. Recent communications have indicated that the British, who are in strength in this vicinity, have been preparing for a special move.

The news that this long-contested area has at last been cleared of the enemy is particularly welcome, and affords fresh evidence of the fact that a determined offensive is in contemplation, and has even been commenced, by the forces under Sir John French.

ALLIES STILL BOMBARD THE DARDANELLES.

London, Feb. 8.—Four torpedo-boats of the Allies have bombarded the Turkish forts in the Dardanelles, according to an Athens despatch to the Exchange Telegraph Company. One hundred and seventy-four shells were discharged and two ammunition depots were set on fire.

GOEBEN HURT BEYOND REPAIR.
London, Feb. 7.—English refugees arriving here from Constantinople declare that the former German cruiser Goeben, now owned by Turkey, was so badly damaged by striking a Turkish mine that it will be impossible to repair her at Constantinople.

GERMANS FAIL TO OPEN WAY

Could Not Make a Gap in Russian Forces to Cut Through to Warsaw

NO SLACKENING OF ACTIVITIES IN THE CARPATHIANS WHERE STRUGGLE CONTINUES FOR PASSES.

London, Feb. 8.—(Special)—The German attack in central Poland thus far has failed to make a gap in the Russian lines which would open the way to Warsaw, and apparently the only result of the battle has been heavy loss on both sides.

RUSSIAN POSITIONS CAPTURED.

Petrograd has announced the capture of several Russian positions, but the general alignment of the opposing armies has not been changed materially. Minor victories there and in northern Poland are reported by the Russian War Office to-day.

STRUGGLING FOR MASTERY OF PASSES.

There is no slackening of activity in the Carpathians where the Austrians, assisted by German reinforcements, are struggling with the Russians for the mastery of the mountain passes which give access to northern Hungary.

35,000 PRISONERS CAPTURED.

Important successes for the Russians in several engagements are announced officially at Petrograd. It is said that Austrian attacks were broken down, and that in addition to inflicting heavy losses on their opponents there the Russians captured 35,000 prisoners.

BATTLE BETWEEN AUSTRIANS AND ROUMANIANS.

A private despatch from Nish, Serbia, describes a battle between Rumanian and Austrian troops, which is said to have resulted from an invasion by the Austrian troops of Rumania. This was in the direction of an important strategic position which controls the only Serbian position on the Danube for permitting communication with Rumania. According to this despatch the Austrians were defeated and driven back. There is no confirmation, however, of the Nish report.

FOOD SUPPLY GETTING LOW

Flour Supply of Over 55 Pounds is Being Confiscated in Germany

ORDER HAS BEEN ISSUED FOR ALL RESIDENTS TO MAKE KNOWN QUANTITY IN THEIR POSSESSION

Berlin, February 8, via London.—The Federal Council has adopted a regulation giving municipalities power to require all residents to make known the amounts of flour in their possession and to expropriate all amounts over 25 kilograms (55 pounds) in the possession of individuals.

Uniform bread has been ordered for the Kingdom of Wurtemberg and orders have been issued that no pastry may be baked in which rye or wheat flour is used.

Cards entitling the holder to bread will be issued in Greater Berlin. Cards will be sent to the heads of households in a quantity corresponding to the number of persons in the family. Bread may be purchased anywhere in the Greater city upon presentation of these cards.

FRENCHMAN PUNCHED EYES OF THE KAISER

Amsterdam, Feb. 8.—(Special)—Hanover newspapers received here state that a French war prisoner named Lecuyer has been condemned to two years imprisonment following his conviction on a charge that he committed a crime against the sovereign by destroying the eyes in a portrait of Emperor William.

ATTEMPTS TO DYNAMITE POLITICIANS

The Hague, via London, February 8.—(Special)—Additional disorders are reported from Prague, where the arrest of Czech students and journalists is said to have irritated the population.

Five attempts to kill prominent politicians in Bohemia with dynamite bombs are reported to have been made since February 1.

LUSITANIA FLEW NEUTRAL FLAG

On Entering The Irish Sea on Way to Liverpool Stars and Stripes Were Hoisted

CAPTAIN SAYS HE HAD PERFECT RIGHT TO DO SO FOR PROTECTION OF PASSENGERS AND MAILS.

London, February 8.—The British steamer Lusitania, of the Cunard Line, which sailed from New York January 30th and arrived at Liverpool Saturday afternoon, flew the American flag from the time she passed Queenstown until she entered the Mersey. This is vouched for by American passengers who crossed on her.

The Lusitania received a wireless message from the SS. Baltic, of the White Star Line, that two submarines had been sighted from that vessel.

The captain of the Lusitania, in reply to a question put by one of the passengers, declared that he had a right to fly the flag of a neutral country for the protection of neutral passengers and mails which his ship was carrying.

After being delayed by heavy storms, which raised seas deck-high and injured several passengers, the Lusitania arrived at Queenstown late Friday. She cruised off the Irish coast for two hours, and, without picking up a pilot, as is usually done, proceeded for Liverpool at full speed, arriving at the Mersey channel at daybreak with the Stars and Stripes still flying.

WAS ADMIRALTY'S ORDER.

London, February 8.—The use of the American flag by the British steamer Lusitania, of the Cunard Line, in its voyage across the Irish Sea, has aroused great interest. From stories told by passengers on the Lusitania it would appear that the captain of the liner received his instructions to hoist the Stars and Stripes from the British Admiralty. Already he had been warned of the presence in those waters of German submarines.

U. S. VESSELS NOT IN DANGER

Germany's Official Note to Washington Modifies Piratical Decree Re Shipping

WILL NOT MOLEST SHIPS CARRYING FOOD TO CIVILIANS OF HOSTILE COUNTRIES

Washington, D. C., Feb. 8.—Germany's announcement that the decree placing the waters around the British Isles in the war zone will not result in the injuring or seizure of American vessels laden with foodstuffs for the civilian population of enemy countries is, of course, an attempt to stem the tide of criticism raised here and elsewhere. The piratical proclamation as it appeared in the Berlin despatches and accepted and commented by the German press is further modified in the official text reaching Washington so as to exclude the eastern part of the North Sea and the Dutch coast from the "war zone." The statement says that no change in Germany's attitude toward neutral shipping is involved, and that so far as neutral shipping is concerned the German declaration will serve merely as a warning of the risks involved in navigating those waters. The wireless report of the official admiralty proclamation said:

"Shipping northward around the Shetland Islands, in the eastern basin of the North Sea and in a strip of at least thirty nautical miles in breadth along the Dutch coast is endangered in the same way."

The text of the same as received from Ambassador Gerard, says: "Navigation routes around Shetland Islands, in the eastern part of the North Sea, and for thirty miles along the Dutch coast are not open to the danger zone." The part warning neutrals of danger of being "accidentally" hurt owing to possible mistakes due to British use of neutral flags stands, however.

JACK JOHNSON ON WAY TO FIGHT

SAYS HE IS IN GOOD CONDITION TO MEET JESS WILLARD AT JUAREZ ON MARCH 6.

Barbados, B. W. I., Feb. 8.—(Special)—Jack Johnson, the pugilist, arrived here to-day from Buenos Ayres. He weighs 245 pounds and declares he is in good condition. Johnson said he would attempt to charter a steamer to take him to Vera Cruz, as no other means is available to take him to Juarez, Mexico, in time for his fight with Jess Willard on March 6.

PART PLAYED BY GERMAN NAVY

President of Navy League Says Ships Will Only be Used in Event of Victory

FLEET COMPARED TO ANGLO-FRENCH-RUSSIAN IS PERHAPS ONE TO FOUR.

Berlin, via London, Feb. 8.—Grand Admiral Von Koester, president of the German Navy League, in an address at Kiel University yesterday, discussed the considerations governing the part that is to be played by the German navy in the present war. He declared that the relative strength of the German fleet compared to the Anglo-French-Russian fleet is perhaps one to four. The British, he added, perhaps estimated German lust for battles so highly that they had said to themselves, "Some day they will come out and we will be able to assume battle in a situation favorable to us."

"We are full of the firmest confidence in our fleet," said Admiral Von Koester, "but we know that a sea battle means death or victory and that a destroyed fleet cannot be replaced in the course of the war, even if it lasted for years. We must, therefore, under all conditions, be cautious in our procedure and allow ourselves to be incited to no deed which might eventuate in our defeat."

"For what would be the situation if a sea battle took place to-morrow in which each one of our ships took a hostile ship to the bottom with it, and perhaps some others? Then we should be without a fleet, and England could proceed gradually in its attacks against our coasts. Our coast from Emden to Memel would be most severely threatened. Landing attempts, if they were sufficiently well prepared, could succeed at places most uncomfortable for us."

"Our fleet must protect us under all conditions and may accept battle only when it can reckon on victory." In conclusion, Admiral Von Koester said the fact that Admiral Fisher, the British First Sea Lord, had not changed the plans that were being pursued by Prince Louis of Battenberg, the former First Sea Lord, "can be taken as showing England's intention to dictate terms of peace eventually with its fleet."

TURN DOWN BELGIAN OFFER

Owners of Wilhelmina Won't Let Cargo go to Relief Commission

AMERICAN STEAMER IS ON WAY FROM NEW YORK TO HAMBURG WITH FOOD SUPPLIES

London, February 8.—The owners of the cargo of the American steamer Wilhelmina, on the way from New York to Hamburg with food supplies for Germany, have intimated to the commission for the relief of Belgium that its offer for the purchase of the cargo will not be considered.

The commission for the relief of Belgium desired to acquire the cargo of the Wilhelmina owing to a shortage in the food supply for the suffering Belgians. A friend of the commission placed at its disposal a sufficient sum of money to buy the cargo, with the object of diverting it to Rotterdam. The offer provided for a fair profit for the Wilhelmina's owners and charterers.

GERMANS REHEARSING FOR RETREAT

Rotterdam, February 8.—The Tyd says that rehearsals of a German retreat have been carried out on a big scale at Salvate, near the Dutch frontier. Friday evening all the church bells rang and no civilians were allowed near the frontier. Then followed a test of how quickly everything could be got in order for a possible withdrawal.

Within half an hour everything was ready, the soldiers had their kits packed, and the Belgian horses, carts and other vehicles, which had been temporarily requisitioned, were standing in the market square. Two companies of soldiers actually marched away in the direction of Ghent.

NAVAL LOSSES OF GERMANY

NUMBER ABOUT 15,000 AND THIS DOES NOT INCLUDE THOSE ON THE BLUCHER

London, February 8.—A Copenhagen despatch to the Daily Mail says: The German naval lists of casualties, numbered sixteen and seventeen, contain the names respectively of 1,178 and 1,089 officers and men killed, wounded or missing, bringing the grand total of the seventeen lists to about 15,000. These do not include the losses in the sinking of the Blucher.

RECRUITING HAS OPENED

Twenty Men Offered Themselves For 5th Mounted Rifles This Forenoon

CAPTAIN GILL, OFFICER IN CHARGE AT 53RD. ARMOURY IS WELL PLEASED WITH START MADE

Recruiting in Sherbrooke for the Fifth Mounted Rifles has commenced in earnest. Nearly twenty men presented themselves at the 53rd Armoury this morning. The medical examination of these is taking place this afternoon and it is expected that fourteen or fifteen will come up to requirements.

Captain Gill, the recruiting officer, states that he is very well satisfied with the way recruiting has started in Sherbrooke and that a good type of men are offering themselves.

From all reports it looks as though the raising of the required number of men will proceed satisfactorily and expeditiously.

ONE HUNDRED FROM MONTREAL

One hundred recruits for the new cavalry regiment will reach Sherbrooke about the middle of the week. These men have been recruited in Montreal. It is expected that about one hundred more will come from the Montreal district and that the balance of four hundred will be recruited in the Eastern Townships.

BUILDINGS NEARLY READY.

It is expected that the buildings for the men will be ready in the course of the next few days. A large staff of men are employed and the work is being rushed so as to accommodate the recruits as soon as possible.

Lieut. M. L. Tindall has been appointed supply officer of the camp.

RECRUITING OFFICE OPENS AT DANVILLE.

Danville, Feb. 8.—(Special)—Major J. R. MacLeod has received the appointment of recruiting officer for this district for the 5th Canadian Mounted Infantry. His district comprises the towns of Danville, Richmond, Windsor Mills, South Durham and Victoriaville. He will commence his duties to-day.

ULSTER LEADER PASSES AWAY

Marquis of Londonderry Succumbs to an Attack of Pneumonia After Short Illness

WAS SUCCESSFUL MEMBER OF THE BRITISH BAR AND ONE OF GREAT NOBLEMEN OF UNITED KINGDOM.

London, February 8.—(Special)—The Marquis of Londonderry died to-day of pneumonia.

The Marquis of Londonderry was one of the foremost leaders of the Ulster movement, and was one of the most successful members of the British Bar. He was one of the great noblemen of the United Kingdom, being a Knight of the Garter and an Aide-de-Camp to the King.

Lord Londonderry traced his descent from Sir Piers Tempest, who fought at Agincourt, through a family distinguished in English history, and had himself led an active political life.

AUSTRIANS MAKE ATTACK ON ROUMANIANS

Paris, Feb. 8.—(Special)—Austrian troops have violated the Rumanian frontier near Turnseverin, the Journal is informed in a despatch from its Nish correspondent.

The Austrians are reported to have opened fire on frontier guards, who attempted to oppose their passage, and a furious fight followed.

Strong reinforcements came to the help of the Rumanians, and after a three hours struggle the Austrians are reported to have been driven back across the line with a considerable number of wounded.

THE WEATHER

Fresh to strong northwesterly winds, mostly fair and colder; local snow flurries.

MEGANTIC MURDER CASE

Attorney-General's Moves to Probe Ethel Vintinner's Death

DETECTIVE EXPECTED ON THE SCENE TO TAKE UP THE WORK OF INVESTIGATION.

Lake Megantic, Feb. 8.—(Special)—The Attorney-General's Department has made a move in connection with the murder of Ethel Vintinner near this place a week ago last Friday.

Much indignation has been felt at the seeming indifference of the authorities in connection with the investigation of this crime.

A number of prominent citizens of this place and at Bury took the matter up with the Attorney-General's Department at Quebec, and in response to this petition it is understood that a detective from the Provincial Bureau in Montreal may be on the scene to-morrow.

It is understood that the Provincial Detective will see Coroner Bachand in Sherbrooke, and go over the details of the case as laid before him at the inquest.

It is stated here that there are certain parties in this place who are in a position to tell more than they have up to the present.

Bury, February 8.—(Special)—A telegram was received here on Saturday from the Attorney-General's department, Quebec, in answer to a message from certain citizens asking that the Ethel Vintinner murder case be investigated. The reply was to the effect that the department had only heard of the murder on Friday, the 5th, and that an officer would be sent immediately to investigate.

So far, nothing has been heard as to the reopening of the inquest. The body of the murdered woman is still lying at the undertaking rooms awaiting further instructions as to the disposition of the body.

BERLIN HAS NOT MUCH TO REPORT

CLAIM TO HAVE CAPTURED FORTIFIED POSITIONS IN THE ARGONNE.

Berlin, via London, Feb. 8.—(Special)—The War Department this afternoon gave out an official statement on the progress of the fighting which reads:

"Fighting for our positions south of the Canal and southwest of La-Bassée continues. Part of the short trench taken by the enemy has been recaptured."

"In the Argonne we took from our opponents a portion of their fortified positions. Otherwise, there has been no change of importance in this region."

POPE LEADS IN PLEA FOR PEACE

SCENE OF IMPRESSIVE SOLEMNITY WITNESSED AT ST. PETER'S, IN ROME.

Rome, Feb. 8.—There was an impressive scene in St. Peter's yesterday afternoon when Pope Benedict intoned his prayer for peace. The great edifice was thronged with worshippers when the Pontiff, surrounded by twenty-two cardinals, mounted to the Papal altar. Standing between the four richly gilded spiral columns of the Bernini canopy, Pope Benedict intoned the prayer, which was repeated by the kneeling multitude, whose voices echoed throughout the great temple. The prayer was to the "God of all mercies, King of peace."

The Pope on arriving and departing was accorded an ovation. As he was leaving after the ceremony there were many cries of "Long live the Pope," and "Give us peace."

BRITISH ARMY AT HOME AND ABROAD IS OVER 3,000,000.

HATLEY.

A social evening was held at the Vestry of the Methodist Church, at the usual time, by the members of the Young People's Christian Endeavor Society. Refreshments were served and games and a guessing contest contributed to the enjoyment of the evening. Rev. F. Williams and Miss Oliver were the first prize winners in the guessing contest, while Misses Madge Hunter and Rose Young shared the consolation prize. A pleasing feature of the evening's programme was a duet, "Where the Sugar Maples Grow," rendered by Miss Madge Hunter and Master Glennis Parker.

The regular fortnightly meeting of St. James Guild was held as usual in the Guild Hall, several gentlemen coming in at the tea hour, which was followed by a social evening.

Invitations have been issued for the marriage of Mr. Leslie MacKay to Miss Mabel Jones, of Gould, Que.

On Wednesday evening last the friends and neighbors of Mr. Rupert MacLeod to the number of about 25 gathered and gave him a surprise party. The evening was spent in games, dancing and social conversation. During the evening refreshments were served by the ladies after which Mr. Doherty, on behalf of those present, presented Mr. MacLeod with half a dozen chairs, for which he thanked those present, assuring them their kindness was much appreciated. At a late hour all dispersed to their respective homes, all voting a very pleasant evening.

SCOTSTOWN.

A well attended meeting of the Ladies' Aid was held at Mrs. A. G. Sherman's on Wednesday. After the usual opening exercises the treasurer reported having received an order, consisting of tray cloths, table runners, pin cushions, Berlin wool, etc. It was agreed owing to the local friends of the Red Cross Society holding their meetings every week (and as this work is very urgent) for the Ladies' Aid to meet every four weeks during the winter months, but decided to hold the parlor socials every two weeks. Mrs. N. G. Scott has kindly offered her home for the next which takes place on Wednesday, Feb. 10th, at 8 o'clock. The hostesses on this occasion are Mrs. N. G. Scott, Mrs. H. Lax, Mrs. Angus McKenzie, and Mrs. John McDonald.

TORTURE OF SCIATICA CURED QUICK! "NERVILINE" A SUCCESS EVERY TIME

STOPS THE PAIN QUICK—ACTS LIKE MAGIC—IS HARMLESS AND PLEASANT.

Sciatica is the most severe pain man can suffer. The great sciatic nerve is deeply placed, and you can reach it only by a pain remedy, as penetrating and powerful as NERVILINE.

The glory of Nerviline is in its strength—in its marvelous power of penetrating deeply. In severe pains, such as sciatica and neuralgia, NERVILINE demonstrates its superiority over every other remedy.

Extraordinary pains, such as rheumatic or sciatic, can be overcome only by a remedy as extraordinary as Nerviline. In many lands it has

shown itself to be the best for little pains, best for big pains, and best for all pains.

When one has acute rheumatic pains, stiff joints or a stiff neck don't experiment—seek a remedy that cures. Like lightning in rapidity, as sure as fate in its certainty of relief, Nerviline can never be surpassed for the removal of pain, no matter what advance science may make. It is perfection in its line.

LETTERS TO THE EDITOR

ORIGIN OF "LA CHINE," A SCOTCH NAME.

To the Daily Record:

Sir, - I have heard Sir Wilfrid Laurier say that he reckoned some of his best friends among the Scotch. No wonder! Amongst them are to be found many of the best friends of Canada and things Canadian. If proof of this assertion is needed, here is another instance:
A few days ago before a hundred Scottish members of the Canadian Society of Montreal, assembled in St. Andrew's Home, "the names of many distinguished fellow countrymen, interwoven with romantic facts that can be read in the story of Canada's upbuilding," there was a sketch drawn by Dr. John McNaughton, of McGill, on the subject: "To what extent Canada owed her present status among the present countries of the world." The speaker evoked the memory of half a dozen Scotchmen "whose names stand out in the history of the Dominion." His subject was: "The contribution of the Montreal Scot to the making of Canada."
Dr. McNaughton paid a high tribute to the Scots who had gone to fight, mentioning particularly Mr. Greenfield, who has gone to serve in France with the foreign legion.

Sir John A. Macdonald was termed the greatest statesman Canada had known, while Alexander MacKenzie had perhaps been the most honest. The latter had never allowed himself to be called "sir," and had been stiff as a ramrod and honest to the heart's core. The following is extracted from the account given of the lecture:
"The speaker turned to the development of the Northwest Territory, where the wheat which fed the British

INDOORS FROM 8 TO 5
often weakens even a strong constitution as shown in nervous symptoms, languor and repeated colds.
SCOTT'S EMULSION is helping thousands every day its rare oil-food enriches the blood, aids the lungs—it is a strength-sustaining tonic free from harmful drugs.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"PAPE'S DIAPEPSIN" ENDS ALL STOMACH DISTRESS IN FIVE MINUTES.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour feelings, no belching of undigested food, mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

CLEANS THE LITTLE LIVER AND BOWELS AND THEY GET WELL QUICK.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When croup, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know little given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

Empire was grown, showing that Scotsmen had not only played the most prominent part in opening up this territory, but that they had also made the Union possible. They had secured the St. Lawrence and opened up the waterways, and, with a determination that could not be conquered, had opened up the trail, while of these pioneers Montreal claimed a goodly number, what was the old Scotchman but for the latter the heritage was a posthumous honor, for it had been bestowed only after the great statesman's death on his widow in recognition of Sir John's services to the Empire. These three were Scotsmen.

"There had been but three Canadians honored with a peerage—Lord Strathcona, Lord Mount Stephen and Sir John A. Macdonald—but for the latter the peerage was a posthumous honor, for it had been bestowed only after the great statesman's death on his widow in recognition of Sir John's services to the Empire. These three were Scotsmen.

"The development of Montreal, Dr. McNaughton continued, had been a series of victories over geography. When the C.P.R. had been launched the people of the city said it would not pay for gale grease, yet through the determination of a Montrealer the enterprise had succeeded. The building of the great bridge across the St. Lawrence at Montreal and the dredging of the river were also accredited to Scottish enterprise. The speaker referred to Alexander MacKenzie as the Columbus of the fur trade, having opened up new fields where the most valuable skins were to be obtained. MacKenzie had been the first to reach the Pacific Coast of Canada by the overland route, making his start from Lachine, the name being given this place in decision, for the explorer might just as well attempt to walk to China as to reach his goal, contemporaries had thought, and yet the overland route was the short way to China, and now Canada was the great land bridge between the two oceans."

LATE MRS. P. H. SKELTON, LENNOXVILLE.

The mortal remains of the late Mrs. Philip H. Skelton, whose sad death occurred early Sunday morning at her home in Lennoxville, were taken to Montreal yesterday afternoon, accompanied by Mr. Philip Skelton, husband of deceased, and Mr. and Mrs. Skelton, Sr.

Mrs. and Miss Shephard, who have spent the winter in Lennoxville to be near their daughter and sister, left for Montreal last evening. A short but touching service was performed at the house by the Rev. R. W. E. Wright, Rector of St. George's Church, and favorite hymns of deceased were sung.

The funeral takes place to-day in Montreal. The late Mrs. Skelton's death came very unexpectedly as she had been in excellent health until she was suddenly seized with an attack of acute peritonitis. Mr. and Mrs. Skelton came from Montreal about a year ago when Mr. Skelton took a position as civil engineer at the Canadian Rand Co.

Deceased has a brother serving at the front at the present time.

PARKS AND REAL ESTATE REPORT

Value of City's Property as Entered on Valuation Roll is \$471,300

COMMITTEE HAS BALANCE OF \$568.27 LEFT OVER FROM 1914 APPROPRIATIONS

The report of the Parks and Real Estate Committee of the Sherbrooke City Council, as submitted at the last meeting by Alderman Edwards and unanimously adopted, is as follows:—

REPORT OF PARKS AND REAL ESTATE COMMITTEES 1914

The operations of the Parks Committee have been carried on with diligence and economy during the past year and we are pleased to report a substantial credit balance of \$568.27 from appropriation placed at the disposal of the department at the beginning of the year.

The detail of expenditure is as follows:—

Appropriations	\$1811.00
Salaries.....	\$984.46
Supplies.....	116.43
Repairs to horse mowers.....	36.49
Repairs to pavilions.....	55.53
Installing drinking fountains.....	26.37
Hauling cordwood from Park.....	23.45
	\$1242.73

Credit balance 568.27

A force consisting of three men and one horse was employed from April until the end of September, the work of the department being discontinued one month earlier than usual, as it was evident that very few people made use of the parks after October 1st. The different parks were kept as attractive as possible and the pavilions kept in good repair. During a wind storm in the fall, a huge tree fell on top of the band stand in Victoria Park doing considerable damage, but this has since been repaired.

Two drinking fountains supplied by the W.C.T.U. of this city were installed by the department during the year, one in front of the Metropolitan building, King Street, and the other near the entrance to the C. P. R. station. This contribution to the City by the ladies is very much appreciated.

A decided change was made last year in the method of dealing with the large quantity of cordwood saved in Victoria Park every year. Herebefore, the wood had been sold by the park ranger by the load for a very small sum, yielding very little revenue for the city.

This year all the wood was saved and at the first snow fall, when the city teams were not busy, it was hauled to the fire stations, sawed up and distributed to the poor. The city has thus been saved the expense of buying many cords of wood.

Your committee would impress on the Council the fact that one of the most valuable assets we have is our system of parks throughout the city and we today realize that great credit is due our predecessors in the Council for their foresight in providing so many breathing places for our citizens, and we earnestly recommend that steps be taken this year to obtain further suitable sites to provide for the needs of a growing city.

In regard to the real estate department, your committee has made occasional inspections of all the city's

Sherbrooke was the twilight recital given Saturday afternoon by Mr. Frank L. Stone, under the auspices of the Junior Ladies' Aid, and provided an exceedingly pleasant way of spending a quiet hour. Mr. Stone is a thorough musician, and as such gave a splendid interpretation of a well-chosen programme, the Gull-mant numbers being particularly fine. Good orchestral effects were especially noticeable, as well as the excellent use of the solo stops, with which the instrument is well equipped, the chimes being used to good advantage in the Godard "Berceuse."

Mrs. F. H. Bradley, soprano, was the soloist, and thoroughly satisfied her hearers in her rendering of Allitt's "Like as the Hart."

The collection taken at the close was very satisfactory. The programme was as follows: The Overture to Stradella (Flotow). Adagio and Scherzo from C. Minor Sonata (Gulmunt). Serenade (Wolstenholme). Prayer (Lamare). Song, "Like as the Hart" (Allitt).

(a) Caprice, (b) Marche Religieuse (Gulmunt). Berceuse from Jocelyn (Godard).

SHERBROOKE W.C.T.U.

The monthly meeting of the W.C.T.U. was held Friday at the residence of Mrs. Davey. Mrs. S. A. Jones presided.

The report of Mrs. Jones and Mrs. Ewing, the committee appointed to make some arrangements to provide shelter and a temporary home for stranded women in the city, was presented.

The City Council had been approached in the matter and every consideration was promised. The subject had been referred to the Finance Committee as the question of expense was naturally to be thought of.

The committee had been in consultation with Captain Parsons, of the Salvation Army, and should the project be carried out, his active co-operation was assured.

The plan of work for the year was brought forward and fully discussed. It was decided to hold a parlor social next month for the W.C.T.U. work.

Mrs. George Armitage contributed a delightful vocal solo, accompanied by Mrs. Hyndman, adding to the pleasure of the afternoon. The flower collection was taken up and the meeting closed with the Mizpah benediction.

SURRENDER BRITISH CONSUL**Incident Between Italy and Turkey Over Forcible Seizure Now at End**

GEORGE ALEXANDER RICHARDSON WAS TAKEN FROM THE ITALIAN CONSULATE AT HODEIDA

Paris, February 8.—The incident between Italy and Turkey growing out of the forcible seizure by the Turks of George Alexander Richardson, British consul at Hodeida, Arabia, while he was a refugee in the Italian consulate at Hodeida, probably was ended yesterday, according to a despatch to the Havas Agency from Massowa.

Mr. Richardson was brought yesterday before the Italian consulate in Hodeida, says the despatch. The Italian flag was flying over the building and the Turkish authorities rendered honors to it. Mr. Richardson then left on the auxiliary cruiser Empress of India.

The correspondent adds that cordial relations now exist between the Italian consulate and the local authorities of Hodeida.

GERMAN CRUISERS NOW UNDER REPAIRS

Rotterdam, Feb. 8.—The Derflinger and the Seydlitz, two of the German battle cruisers engaged in the recent North Sea fight, are now in the docks at Hamburg. The Kaiser, who went there especially to see the damage done to the vessels, gave orders that the Derflinger must be got ready for sea again in six weeks. For this purpose 1,500 men are now working on her day and night. The damage to the Seydlitz is so extensive that it will take ten weeks to repair her.

Apparently to keep up the enthusiasm in the Fatherland in the meantime the German illustrated papers publish a drawing of the suppositious torpedoing of the Lion by a German destroyer at fifteen yards range.

SHACKLETON DELAYED BY ICE

Message Says That Explorer Sees no Chance of Getting Through This Winter

ALL REPORTS SHOW THAT ICE IS FURTHER SOUTH THAN IT HAS BEEN FOR YEARS.

London, Feb. 8.—The Daily Chronicle publishes a message from Sir Ernest Shackleton, dated South Georgia, November 30, sketching his plans for crossing the Antarctic Continent. He says that all reports show that the ice is further south than it has been for years, which means that the pack has not broken up. He therefore sees no chance of getting through this season.

"The ice," he says, "is so bad that you must not look for us until about the beginning of March, 1916. The Endurance will return as far as South Georgia also about that time to do some scientific work, and then go to Buenos Aires."

Shackleton will take Crean, Maitson Hurley and Macklin with him, when he tries to cross the continent, Hurley to take moving pictures on the journey.

A set of through meridian posts has been erected at South Georgia to enable whalers and other steamers, which visit the island, to correct their temperatures. They were badly needed.

Shackleton expects to sail from South Georgia in December and ought, with luck, he says in his message, get a landing about the end of the month.

The cross-continent party will be ready to start on Nov. 1st next, he said, "and we ought to cross in four months and be met on the other side in February."

Shackleton concludes: "So far for my hopes. What God may arrange no one can tell. Things have not worked well so far, as ice conditions are so bad, but that is a matter which it is impossible to foretell from year to year."

SHERBROOKE PARENTS AND EMPLOYERS CENSURED FOR NOT EXERCISING MORE SUPERVISION OVER JUVENILE

Sweetsburg, Feb. 8.—(Special)—Judge Mulvena held a term of the Criminal Court here on Friday.

In the case of the King vs. George H. Westover of Bolton, the defendant, who had been committed for trial on a charge of perjury upon the evidence given in a civil case before the Superior Court at Bedford, asked for a speedy trial and pleaded not guilty.

The trial was fixed for February 19th and the witnesses assigned for that day.

The Court adjourned until the 19th instant, other cases not being ready.

SHERBROOKE CASES

Joseph Albert Gendron, a juvenile aged 15, was convicted by Judge Mulvena at Sherbrooke, of theft from his employer of divers small sums of money which he had used in taking his friends to the moving pictures. The Court, although finding him guilty, blamed both parents for not exercising more supervision over the youngster and his employer for exposing him to temptation in the collection of small sums of money. The employer consented to take the boy back and he was allowed to go on suspended sentence instead of being sent to the Reform School.

CONVICTED UNDER VAGRANT ACT

Rose Anna Martel, wife of Joseph Cayer, Blanche Cayer and Joseph Cayer were convicted of serious offences under the Vagrant Act. The hearing of the complaints, which were laid by Chief Hebert, took up the whole day, a large number of witnesses having been called. The female defendants were each fined \$25 or three months in jail, and sentence was reserved in the case of Joseph Cayer on grounds stated by the Court.

CLOSE GAME AT STADIUM.
The return match between Y. M. C. A. and Canadian Bank of Commerce resulted in a draw, score 2 all.

Shortly after the face-off Thompson in an end-to-end rush drove the rubber past the Y's defence, which was the only goal scored in the first period. In the early stages of the second session the forwards of the Y.M.C.A. in a sudden burst of speed notched two goals in quick succession. This, however, was quickly remedied and the score was soon two all. From this time until the final going neither side succeeded in finding the nets.

Mrs. J. S. W. Jencks, the Regent, presided, and declared the meeting open, after the usual salute to the flag.

The minutes of the last meeting and of the last annual meeting, were read by the secretary, also communications from the National Executive.

ELECTION OF OFFICERS

The principal business of the meeting was the election of officers which resulted as follows: Hon. Regent, Mrs. Andrew Paton; Hon. Vice-Regent, Mrs. R. A. Parroek (Lennoxville); Regent, Mrs. Sylvester W. Jencks; Vice-Regents, Mrs. George L. Hurme (Sherbrooke), and Mrs. R. W. E. Wright (Lennoxville); Standard Bearer, Mrs. H. R. Fraser; Secretary, Miss Alice Hargrave; Treasurer, Mrs. James F. Morrell; Educational Committee, Miss Sylvia Bennetts and Miss Eleanor Lomas; Mrs. Arthur Ward, "The Grange" was appointed Secretary Treasurer for Lennoxville.

NAVY MEN ACKNOWLEDGE GIFTS OF COMFORTS

The reading of the following letters addressed to the Daughters of the Empire were read by Mrs. Fraser and speak for themselves.

"H. M. S. Defence: Dear Ladies—Just a line or two to acknowledge the receipt of the beautiful gift parcel of winter clothing, which I have received from your Society, and I can assure you that I feel more than thankful for such a practical and useful present.

"Not very long ago, our ship was in a very hot climate, and now we are in a very cold one, so you may guess we feel the change in temperature, and warm clothing is quite a luxury, so I hope you will accept my heartiest thanks, and I trust before long we may be instrumental in bringing this fearful war to a victorious finish. Yours sincerely, E. Whittell."

"January 18th, 1915, H. M. S. Defence—To the Daughters of the Empire—Please accept very many thanks for kind gift, presented by the Chaplain from the Daughters of the Empire. (Signed) H. E. Phillips."

The meeting closed with the National Anthem, and tea was hospitably served by Mrs. Fraser.

SAILOR RETURNS BOW OF RED.

Miss Ruth Robertson, Goodhue St., Sherbrooke, a young girl, has just received the following letter from a sailor who had been given the muffer she had knitted. The muffer was prettily tied up with red ribbon and the recipient returned one of the pretty bows and no doubt will keep the other as a souvenir. The letter was handed to Miss Mary Wilson, who forwarded the navy donations, and was thought by her quite worthy of publication. Only four weeks elapsed from the time the article was sent until it was actually in use.

"H. M. S. Defence, 17-1-15
"Dear Miss Robertson—Please excuse the liberty I am taking in writing to you, but I felt I must write to someone to thank them for the warm clothing that has been given to all of us.

"Most of ours came from Canada, that much I knew, but that isn't much information for anyone who wants to write, so as soon as I spotted your name on the muffer (which, by the way, has a lovely warm look about it) I thought I would write and thank you, and through you anyone who has thought of 'us lads' at sea. We are rather late in getting it, as we have only lately returned to England after about 16 months in a more or less tropical climate, and so we appreciate it fully. Thanking you again and hoping you will forgive the liberty I remain, Yours very sincerely, Claude Tucker, Ldg. Telg."

GIFTS FROM U. S.

The work committee of the Sherbrooke Patriotic Association gratefully acknowledge khaki mufflers from Miss McKinnon, Boston and Miss Alice Ravenel, Charleston, South Carolina.

ALLOWANCES FOR WIVES OF SOLDIERS

The following report appearing in the Press and which is confirmed in a letter received by the local secretary of the Canadian Patriotic Fund should receive wide attention, particularly as recruiting is again going on in this city.

"Ottawa, January 31.—In view of the fact that a considerable number of Canadian volunteers for overseas service have married since enlisting, and have applied for a separation allowance, and that others are applying for permission to marry and to have their wives placed on the separation allowance list, an Order-in-Council has been passed requiring all who are making such application to marry within twenty days from January 30th. In the case of men enlisting in the future, they can only obtain permission to marry and secure the separation allowance for their wives if they make application when enlisting and marry within twenty days after receiving permission.

"The Government does not wish to unduly increase the large amount that will have to be paid out for separation allowances, but desires to give consideration to marriage promises made before enlistment."

CASES BEFORE CRIMINAL COURT

Bolton Man Pleaded Not Guilty at Sweetsburg to Charge of Perjury

TWO BROTHERS WERE PLAIN-TIFFS AND OBJECTED TO PAYING UPKEEP OF WATERCOURSE.

Sweetsburg, Feb. 8.—(Special)—During the term just closed of the Superior Court, a much-contested case about a municipal watercourse was decided by His Lordship Mr. Justice Lynch.

RUEL VS. CORPORATION OF ST. ALPHONSE.

The two plaintiffs are brothers and they both own some land in the parish of St. Alphonse of Granby, in the county of Shefford. The council of this municipality, having received complaints touching the bad drainage of a certain natural watercourse, which one of the plaintiffs was obstructing, appointed a special superintendent to examine the lay of the land, hear the interested parties, and make a process-verbal, if necessary.

By his report this officer recommended that a watercourse, following the natural fall and course of the water, be municipalized and maintained by a certain number of land-owners, in a proportionate manner.

The plaintiffs objected upon two grounds: first, because the watercourse ought not to pass on their land, but follow the road ditches; secondly, because they ought not to contribute to the maintenance of the watercourse, seeing they did not shed any water therein.

The Court sustained them in this last pretension, but not upon the first point, and the costs are divided, the corporation paying the larger share.

THE WHITMAN CASE.

Mr. Levi Whitman, of Knowlton, by judgment recovers his farm, which he had rented to one Langevin, of Montreal; the latter, by his representative, receives some remuneration by agreement.

A NEW K. C.

Mr. W. H. Lynch, recently appointed King's Counsel, was publicly proclaimed as such at the opening of the Court, and received the congratulations of the Bench and Bar.

CLOTHING FOR REFUGEES IN BRITAIN

Eastman, February 6.—(Special)—The ladies of Eastman have forwarded to Lady Williams Taylor, Montreal, Que., President of the Queen Mary Needlework Guild in Canada, a box of clothing consisting of quilts and pillows, mittens, infants wear, dresses for children, flannelette underclothing, men's flannel shirts, woolen stockings, etc., for distribution among the poor and the refugees in England.

to give consideration to marriage promises made before enlistment.

THE REGULATION

The Order-in-Council states that "these applications have hitherto been refused on the ground that the separation allowance was intended to provide for families of married men who had enlisted as such, and whose families would otherwise be in want or become a heavy burden on the Patriotic Fund, and that it was not the Government's intention to encourage the men to marry after enlistment, as that would increase the already heavy expenditure under separation allowance and in case of a soldier's death would necessitate placing his widow on the pension list."

"As, however, the applications hitherto received are from men who had prior to the enlistment given a promise to marry, the Minister recommends that, in consideration of this and the sudden call for volunteers, permission to marry be granted provided the application has the recommendation of the officer commanding the corps in which the man is serving and that the marriage takes place within twenty days after the publication of this order; and that as regards applications of this kind, from men enlisting hereafter, permission be granted only to those who apply at the time of the enlistment and that if not married within twenty days thereafter, permission be cancelled."

WORKING FOR SOLDIERS AT WAY'S MILLS.

Way's Mills, Feb. 8.—(Special)—A meeting of the Union Progressive Society was held in the Hall on Thursday. A fine dinner was served after which the ladies worked until dark on garments for the soldiers. Although this place has no patriotic society a great deal of work has been done for the soldiers. As the place already has so many societies it was decided to carry on patriotic work under the auspices of the Union Progressive Society. The amount of work already done by Way's Mills' ladies is as follows: 13 pairs socks, 9 pyjamas, 8 night shirts, 5 bed jackets, 2 caps, 3 wristlets, 5 hot water bottle covers.
