FEDERAL AND PROVINCIAL EFFORT MADE TO RELIEVE UNEMPLOYMENT

Meeting Today of Employment Service Council of Canada Has Somewhat Put into Background All Political Gossip and Activities—President of Council Advocates Widening of Employment by Initiation of Large Public and Industrial Work Which Otherwise Would Be Left Over Until a Later Date.

OTTAWA, Ont., Aug. 21.—For the hour political gossip is overshadowed by a meeting today of the Employment Service Council of Canada, bringing together Federal and Provincial authorities in a common effort to alleviate unemployment. The president, J. Clark Reilly, advocates the widening of employment by the initiation of large public and industrial work which otherwise would be left over until a later date.

Another proposal that may be aired is the dividing up on a more even basis of the available hours of work among the available workers. A leading industrialist at present at the conference put it this way last night to the Canadian Press. "I see," he said, "that Mr. Heaps at Vancouver is advocating the six-hour and larger wages, with the specific object that a shorter day will absorb the labor surplus. Unfortunately anything of the kind is not immediately practical, even if one were to admit it. Anything of the sort could only be done by legislation. I believe," he went on, "something practical could be done at once by a re-adjustment of working days per week in such industries as our railways, so that men who now work a full week, often with overtime added, will work but five, or even four days a week, thus providing work for men now laid off in those trades. That could be brought about by the co-operation of employer and employees."

The meeting, which was called together by Senator G. D. Robertson, Minister of Labor, opened with a statement by the Minister summarizing the unemployment situation in Canada. Hon. S. F. Tolmie, Premier of British Columbia, attended as representative of the Pacific Coast province. Other Provincial Governments were represented and the Trade and Labor Congress of Canada, the Canadian Railway Brotherhood, the Canadian Manufacturers' Association, the Canadian Council of Agriculture, Returned Soldiers' Organizations and other bodies representative of employers or employed in Canada sent delegates. It is anticipated that the meeting will last at least two days.

ADDITIONAL HALF MILLION WILL BE SPENT BY QUEBEC

QUEBEC, Aug. 21.—An additional \$500,000 will be spent by the Department of Highways immediately as an unemployment relief measure, it was announced following a meeting of the Provincial Cabinet yesterday. The delegates to the conference to be held at Ottawa today were named at the meeting and will be Hon. J. N. Francoeur, Minister of Public Works and Labor, his deputy J. Y. Guyon, Col. J. L. Boulanger, Deputy Minister of Roads, and J. Payette, of the Provincial Employment Bureau.

It was stated that the matter of the pending bye-elections was not discussed. Four seats are vacant in the Provincial House and will be filled before the next session of the Legislature, Premier L. A. Taschereau has stated.

BRITISH YACHTSMAN SAILS TO DEFEND SIX METER CUP

SOUTHAMPTON, Eng., August 21.—K. Preston, well known British yachtsman, sailed on the *Majestic* yesterday for New York to defend the British American cup for six meter yachts with his boat, *Prudence*. The *Prudence* was built by the *Felma* owned by F. A. Richards, E. Parker's *Fintira* and Stewart Black's *Coral*, also will aid in the defense of the cup over the sixteen mile course in a series of seven races.

THE WEATHER

FAIR TODAY AND FRIDAY
Pressure continues high over Eastern Canada and low to the northwest of the Western Provinces, while an area of low pressure centered off the South Atlantic coast is moving northward. Local showers and thunderstorms have occurred in many parts of the West, but from the Great Lakes eastward the weather has been for the most part fair.

Forecast: Moderate north-easterly winds; fair today and Friday; not much change in temperature.

Northern New England: Partly cloudy tonight and Friday; not much change in temperature; moderate northerly winds.

Temperature yesterday: Maximum 73, minimum 50.

Same day last year: Maximum 64, minimum 53.

COMMERCIAL APPLE CROP ESTIMATED BELOW NORMAL

Canadian Pears, Peaches, Plums and Grapes This Year Expected to Exceed 1929 Figures.

OTTAWA, Ont., Aug. 21.—Canada's commercial apple crop for this season has been estimated at 2,990,100 barrels by the Department of Agriculture. This expectation is 75.8 per cent of the 1929 crop and 93.9 per cent of the past five-year average. Pears, peaches, plums and grapes are expected to surpass figures for 1929, the estimated increases ranging from eleven per cent for pears to thirty-one per cent for plums.

MILLION ADDED WEEKLY TO NEW YORK MILK COST

Racketeering Results in Increase of Five to Eleven Cents a Quart in Loose Milk Price.

NEW YORK, N.Y., Aug. 21.—Consumers today drank their milk with the knowledge that it was costing them about \$1,155,000 a week more than it should because of racketeering. Estimates of the increased cost was made by Health Department officials based on testimony at the Attorney-General's investigation of food profiteering.

Grocers told investigators that before the increased prices went into effect it was possible to obtain loose milk for five cents a quart. Now the price is eleven cents. Based on the estimated daily consumption of 2,750,000 quarts of loose milk, officials placed the increased cost at \$1,155,000 a day.

FEDERAL CABINET HELD SESSION

OTTAWA, Aug. 21.—Departmental matters were discussed at the 21st sitting of the Cabinet Council, Sir George Perley, acting Prime Minister, had no announcement to make following the meeting.

FINE WEATHER DREW CROWD TO RICHMOND FAIR

Closing Day of Annual Exhibition Yesterday Saw Largest Number in Many Years Enter Grounds.

RICHMOND, Que., August 21.—The chronic grouch who volubly declares that it always rains on the days of the Richmond Fair will have to add in the future at least a minor chord of optimism to his usual cry of desolation.

The yachting, which was owned by Lieutenant Colonel John N. Diggle, had been taking part in regattas of the Royal Yacht Squadron along the south coast.

While identity of the victims was not revealed in first dispatches, it was reported that the owner was among those lost when the yacht was wrecked.

Signals were received here in the night that the vessel was in distress and a lifeboat went out from Fowey.

The life saving crew was unable to approach the vessel, however, and a lifeline was shot over the yacht.

Heavy seas subsequently caused the yacht to change her position, making her if anything more inaccessible to the life savers.

Two coastguardsmen bravely descended the face of the overhanging cliff and reported that they distinctly heard the screaming of a woman, apparently imprisoned in the cabin.

ESTABLISHMENT OF NEW FIRMS AT COATICOOK

Important Business Transaction Took Place at Coaticook Yesterday, When Three Firms Were Bought Over by Amalgamated American Firm.

COATICOOK, Que., Aug. 21.—Through the untiring efforts and arduous work on the part of the Industrial Committee, which includes Messrs. Arthur Bouchard, secretary-treasurer of the town, and Elwin E. Akhurst, prominent citizen of Coaticook, an important business deal was transacted here yesterday which will give Coaticook a prominent place on the map of the industrial towns of the Eastern Townships, bring a wave of prosperity in its wake and boost it in many ways to a high extent.

The deal in question concerns the purchasing of the manufacturing plant of P. Baldwin and Sons, Limited, Compton street, the Walter Blue Company, Water street, and the Sleeper Akhurst Company, Limited, Water street, by the Massey and Parker Toy Manufacturing Company Limited, the Brown Package Company and the Alaska Freezer Company Limited, known under the firm name of Mason and Parker Manufacturing Company Limited, of Winchendon, Mass., for the purpose of manufacturing toys, ice cream freezers and containers.

The price of the transaction has not been made public, but the deal is the most important recorded in Coaticook in many years and involves a very high sum. The amalgamation of these firms, and their establishment in Coaticook, means a lot to the town, as the new industry intends to take possession at once and in a renovated plant, begin the manufacturing of toys and various goods. It is estimated that at first there will be employed over fifty hands, with the intention of gradually increasing the staff to three hundred and fifty men.

INSPECTORS OF SCHOOLS HAVE BEEN NAMED

Regional Inspectors to Work Under Quebec Catholic Committee Appointed Yesterday—Are All District Inspectors With Wide Experience.

QUEBEC, Aug. 21.—So as to improve the supervision of education in the Catholic schools of the province, Hon. Athanase David, provincial secretary, announced yesterday that he had appointed regional inspectors to have a number of regional inspectors appointed under the control of the Catholic Committee of Public Instruction.

Up to now, stated Hon. Mr. David, the system of education only provided for general inspection. It was difficult to get good results from such a system in view of the constant growth of the needs of schools. He regards the appointment today of ten inspectors, eight of whom are for districts outside of Montreal, and two for that city, as a very good move.

These inspectors were already in the educational system, being district inspectors, and are men of wide experience, in each district. The new inspectors are for each district: Ottawa, Rodolphe Maltais; District of Montreal, J. Hebert; St. Maurice, J. A. Paquin; Quebec, Saguenay, J. E. Berly; Eastern Townships, J. E. Lamare; Chaudiere, L. O. Page; Part of Chaudiere Valley and lower St. Lawrence, M. J. E. Litalien; Part of lower St. Lawrence and Gaspé, M. Paul Hubert; Montreal east, A. B. Charbonneau; Montreal west, J. R. Cote. The orders in council signed by the Lieutenant-Governor today provide for salaries of \$3,200.

STATE HEALTH INSURANCE FOR BRITISH COLUMBIANS

Special Interest Being Taken in Forthcoming Report of Special Royal Commission on State Health.

VICTORIA, B. C., August 21.—Legislation calling for a compulsory form of state health insurance will be placed before the B. C. Legislature at its next session, according to reports current at the Parliament Buildings.

Although the Royal Commission on State Health and Maternity Benefit has not yet completed its labors, which have taken its members to all parts of the province, it is expected that hearings will conclude and a final report will be ready before the session opens. The report will contain comprehensive recommendations to the Legislature on which to frame legislation.

CAR PLUNGED OVER INCLINE AT COATICOOK

Seven American Tourists Victims of Accident Yesterday, When Their Car Pitched Over Forty-Foot Embankment—One Girl Seriously Injured.

COATICOOK, QUE., August 21.—A serious accident, which might have had fatal consequences, occurred here yesterday, shortly after twelve o'clock, when a car, containing seven American tourists, namely, Mr. and Mrs. Otten and son, of New York City; the Misses Ethel and Elizabeth Rooney, of Lawrence, Mass., and Mr. and Mrs. O'Callaghan, of Boston, Mass., pitched over a forty-foot embankment in front of Maurais' Garage, Compton street, known as the old Bench Factory Hill.

The cause of the accident has been attributed to the skidding of the car across the wet road. The ill-fated car overturned twice, as it plunged down the steep embankment, and one of the seven occupants received serious injuries. Miss Ethel Rooney is the one who suffered most from the accident, receiving a severe bruise on the back of the head and serious internal injuries, the exact nature of which are not known.

Lefebvre's ambulance of Coaticook was called to the scene, and the victims, who were all suffering from severe shakings, rushed to Nurse Pate's Private Hospital, Elm street, where Dr. Verreunne was summoned.

The car was a new 1931 model Nash sedan, six cylinder, and damages to the extent of a \$1,000 were estimated by Mr. Otten.

Miss Rooney's condition as reported this morning is considered very serious.

MANY MATTERS ATTENDED TO AT CONVENTION

Election of Supreme Directors and Presentation of Awards Marked Sessions of Fourteenth Annual Convention of Knights of Columbus.

BOSTON, Mass., Aug. 21.—The election of supreme directors and the presentation of awards marked the sessions of the fourteenth annual convention of the Knights of Columbus here yesterday.

Five supreme directors of the organization were either elected to office or re-elected to posts now held. They were Daniel A. Tobin, of Brooklyn, N.Y., re-elected; William J. Guste, of New Orleans, re-elected; Francis Fanteaux, of Montreal, state deputy; John Heavey, of Asheville, S.C., state deputy; and James H. Carroll, of Lewiston, Me., past state deputy.

Four awards were also announced by Supreme Knight Martin Canady for various achievements of merit. A diamond ring was awarded to State Deputy H. A. McNeill, of Brandon, Manitoba, for the best jurisdiction. A gold watch and a free trip to the 1931 convention was donated to Grand Knight Alfred E. Mallette, of Cochrane, Ontario for the best council.

The Supreme Knight also named the eighth district of Iowa and the third district of Manitoba as the two best in the entire organization. Gold watches were presented to District Deputy William E. Smith, of Carroll, Iowa, and to District Deputy S. Barker, of the Pas, Manitoba.

MARION TERRY DIED TODAY AT LONDON HOME

Popular English Stage Star Had Reached Age of Seventy-Three Years at Time of Death.

LONDON, Aug. 21.—Marion Terry, last of the four famous Terry sisters, who for years were leading figures on the English stage, died today in her home in London at the age of seventy-three. While her career was always overshadowed to a great extent by that of her celebrated sister, Ellen, who died two years ago, she was greatly beloved by British playgoers and, in the fifty years she was on the stage, played in a large number of successes.

The other two sisters were Kate and Florence.

Hon. Arthur Sauve, New Postmaster-General, Declares Protection and Rationalization Prime Needs of Canadian Industry—Promises Agricultural Policy to Render Justice to All Parts of Dominion.

YESTERDAY SAW CLOSE OF FAIR AT COOKSHIRE

Great Interest Taken in Final Programme of Compton County Agricultural Society No. 1.

COOKSHIRE, Que., August 21.—Weather conditions were much more favorable for the third and "get-away" day of the annual Fair of the Compton County Agricultural Society No. 1, and a good crowd, unusually large for a final day, passed through the gates. On the whole this year's fair will compare favorably with the best of former years, both in attendance and the quantity and quality of the exhibits in the various departments.

A feature worthy of special mention was an exhibit of specimens, vegetables, grains, grasses, and flowers from the Experimental Station at Lennoxville, very attractively displayed in the Main Hall. It was not shown for competition purposes, but rather educational in its design, to show the possibilities of right selection of seed adapted to this region and proper cultivation. One of the mottoes accompanying the exhibit and which ought to hang in the home of every farmer read: "Successful farming is the result of choosing high yielding varieties, correct methods of handling live stock, proper cultivation of soil, intelligent use of manure and fertilizer."

Following are the results of the two well contested harness races: 2:22 trot and pace, purse, \$200.—Vancouver (Brochu) 1 1 2 1 General Sisco (Briere) 3 3 1 2 Tipple G. (Deregon) 2 2 3 3 Time: 2:23, 2:24, 2:23, 2:26 1/2. Free for all, purse \$200.—Star Pet (Chute) 1 1 1 1 Birdie Harvester (Deregon) 2 2 2 2 Miss Pet (Chute) 3 3 3 3 Time: 2:19 1/2, 2:21 1/2, 2:22 1/2.

An event that stirred the spectators to a high pitch of excitement was a "quick hitch" contest with two entrants. They were drawn up in front of the stand, horses unhitched from the buggies, harnesses removed and at a given signal they started to replace harnesses, hitch to buggies, jump in and make one circuit of the track. It was a case of hop, skip, jump and run and was (Continued on Page 11.)

RESULTS OF STANSTEAD CROP AND FARM COMPETITIONS ANNOUNCED

Stanstead County Agricultural Society Officials Complete Judging of Field Crops in Five Townships of County—Keen Competition This Year for the Many Prizes Offered—Competition Held in Connection With Annual Fair, Which Opened Today.

EIGHTY-FIFTH FAIR OPENS AT AYER'S CLIFF

Heavy Entries in Live Stock Classes Reported from Stanstead County Fair—Excellent Weather for Inauguration.

AYER'S CLIFF, Que., Aug. 21.—For eighty-five years the annual exhibition of the Stanstead County Agricultural Association, held at Ayer's Cliff, has proved the centre of attraction for the people of the county, and, in later years, when many former residents of the district moved to other parts of Canada and the United States, it has served in the nature of an "Old Home Week," hundreds coming from great distances to renew their friendships of former days.

Judging from the large numbers present at the official opening of the 1890 fair today, this year will prove no exception to this custom. From an early hour this morning automobiles from all parts of the county and surrounding districts, with many from outside the province of Quebec, passed through the gates of this, the oldest fair in the province and one of the most venerable in Canada.

During the past few years a large increase has been noted annually in both the quantity and quality of the live stock exhibited. (Continued on Page 11.)

AYER'S CLIFF, Aug. 21.— Judging has just been completed in the annual farm crops competition conducted by the Stanstead County agricultural Society and the prize winners were announced today by Secretary, Mr. H. G. Curtis. Competition was keen for the many prizes offered. The results are as follows:

YOUNG MOTHERS
should know

THOUSANDS of vital questions concerning your baby's care are bound to arise. Baby's Welfare tells you the answers. It was written for the use of every young mother by a thoroughly experienced physician. It is not technical, nor does it take the place of your own doctor's advice. It is just a simple practical treatise in every day language. You cannot afford to be without it. Write for your copy to-day and save yourself endless worry.

Baby's food is of first consideration. Nurse him if possible. If you cannot, use Eagle Brand, endorsed by thousands of mothers, recommended by thousands of doctors. It is absolutely pure and safe and exceedingly digestible.

LIFE-SAVING DISPLAYED AT AQUATIC MEET

Importance of Life-Saving Stressed at First Demonstration of Its Kind in the World—Large Crowd Attended Miniature Regatta Last Evening.

The great importance of life saving was brought home to the minds of the three hundred odd spectators that wended their way last evening to the shores of the Magog River to watch the exhibition in connection with the Sherbrooke Canoe Club's annual regatta. The miniature aquatic display, which was the conclusion of the programme run off on Saturday, August 20, stressed the vital role life saving plays in every sport, and more especially in water activities. To be able to save one's fellow man who happens to be in dire need of help and to do this efficiently and quickly was the purpose behind the splendid trophy offered for the life saving race by the Teco store through the courtesy of Mr. H. G. Scraffield. This is the first time that an event of this kind has ever been held, and it was the unanimous opinion of last evening's speakers that the event would spread throughout Canada, with Sherbrooke claiming the honor of being the first to inaugurate this practice. The life saving event received added impetus through the efforts of Mr. Hector DeMers, a former record holder a quarter of a century ago. Mr. DeMers, since his arrival in the city, has taken a keen interest in this section of aquatic sports, and his efforts were crowned with a fine degree of success last evening.

Eight couples entered the race, which was won by the Elford-Paton combination. Among the other teams entered were George Banks, Vincent Stracchino, Charles McCullough, Mike Farrell, Miss Alice Grailon, Miss Kathleen Walker, and R. Roadwee.

In presenting the trophy to the winner, at the club house, later in the evening, Mr. Scraffield remarked that in the near future he hoped that Sherbrooke would be affiliated with the Royal Life Saving Society, and that instructors from that organization would come to the city and hold demonstrations.

In congratulating Mr. Elford, Mr. Scraffield, who himself is a member of the Canadian Life Saving Society, expressed the hope that if a branch of the society is located in Sherbrooke, Mr. Elford would be one of the premier members.

Mr. DeMers, who was the sponsor of the race and to whom goes the full credit of the success achieved, was called upon to say a few words when he presented the trophy to Mr. Elford. Mr. DeMers stressed the great need of every one knowing the elementary rules of life saving, and told how much more secure the waters would be with the knowledge that their children, while swimming, were under the watchful eye of a life saving expert.

The other events of the evening included the diving competition between Hector DeMers and Mike Farrell, who won the competition in the regatta. DeMers duplicated all of Farrell's feats and showed gracefulness and accuracy in all his performances. Loud applause echoed across the water as he dove through the water with scarcely a ripple to mark the spot he struck.

In the final reckoning, the judges decided that Farrell was a shade better on the diving from the high board, but that DeMers had the same advantage on the lower board. The event was thus a tie and the horse shoe offered to the winner was given to them jointly.

The Sherbrooke ladies' war canoeists were unable to repeat their feat of the regatta, and the Lake Park crew, under the direction of Mr. Frank Norcross, defeated the recent winners by approximately a boat length. The race was evenly contested and the winning crew was composed of the following ladies: Miss Jeanette Bregent, Mrs. Frank Norcross, Misses R. Leslie, P. Genest, M. Forest, M. Lacombe, M. Pearson, Sunny Wilson, E. Tremblay, B. Kermis, Marcel Bregent, A. Hyndman, F. Bachand, and Eileen Barlow.

After being runners up in the men's war canoe race for several years, Bob Richardson and his Sherbrooke Canoe Club crew vindicated themselves last evening by taking a close race from the Rand crew, which won this event on the day of the regatta. After trailing for the greater part of the race, the winning crew spurred near the finishing line and overcame the Rand's lead to win by a small margin. The issue of the race was in doubt from the firing of the starting gun, and only the finishing finish of the victorious crew gave them their victory. The winning crew consisted of Bob Richardson, coxswain, S. Dunbar, R. Leslie, F. Parker, A. Mooney, H. Shields, S. Parker, L. Landry, W. Johnson, R. Mooney, E. Kennedy, M. Parsons, E. Coswell, G. Banks and F. Norcross.

Several exciting bouts were witnessed in the tilting, which was won by Messrs. George Banks and Russell Harper. Five teams were entered in this event, Bank and Harper defeating Don Watson and Vinny Stracchino in the final.

Other cups and medals were presented, Miss Jeanette Bregent winning a medal for second place in the ladies' swimming race; the cup for the junior aggregate going to Francis Parker, and a splendid trophy for men's singles to Mr. L. E. Levesque.

The officials in charge of last evening's events were Messrs. C. O. Chamberlain, physical instructor at the "Y," Bill Peak, J. P. Watson, Glen Sampson, Pete Couture, Dick Hawkins, H. G. Scraffield and D. Irwin.

After the distribution of prizes, more than twenty-five couples entered the dance.

SCOUT ASSOCIATION EXECUTIVE TO MEET THIS EVENING

A meeting of the executive of the Sherbrooke Association of Boy Scouts has been called for this evening at the offices of the Page-Sanger Printing Company at eight thirty o'clock. All members of the executive are requested to attend, and delegates from the units not affiliated with the Association are also asked to be on hand. Several important matters are on the agenda.

Chief among this evening's session, chief among which is the drawing up of the final arrangements for the financial drive to be undertaken shortly.

VOTING ON FILTRATION BY-LAW

The polls were opened in each ward of the city at nine o'clock this morning in connection with the filtration by-law, which is to be either accepted or rejected by the rate-payers.

This morning the voting was rather light in several polls, although this did not mean a light vote on the by-law, as the larger number of voters generally cast their ballots during the afternoon.

This by-law involves an expenditure of \$265,000, and there is a feeling in certain quarters, not excepting the City Council, that the project may be rejected simply because the City aldermen have not given the public sufficient information regarding the proposed filtration plant.

AGED MAN WAS KNOCKED DOWN BY MOTOR CAR

Mr. Jos. Lacourse, of the Sacred Heart Hospital, Escaped Practically Uninjured Yesterday Afternoon When He Was Hit by Car on Belvidere Street.

Mr. Joseph Lacourse, an aged resident of the Sacred Heart Hospital, miraculously escaped serious injury yesterday afternoon when he was struck by a car in front of No. 4 Fire Station and knocked to the ground.

Mr. Lacourse was crossing the street when a car driven by Mr. Alphons McDonald, of North Hatley, and headed for North Hatley, struck him and inflicted bad bruises to the right side of his face. It was at first thought that the condition of the victim, who is said to be in the neighborhood of seventy years of age, was serious, and he was rushed to the St. Vincent de Paul Hospital by Jalbert's ambulance, where his cuts and bruises were treated. His condition is not reported as serious.

LENNOXVILLE

FUNERAL OF MRS. ALEX SANDERS

Early on Monday morning there passed away a well-known resident of Lennoxville, Mrs. Alex Sanders, after many months of failing health and gradually increasing weakness.

Mrs. Sanders was a daughter of the late Jeremiah Hyndman and Maria Hall, of Milby, and had lived the whole of her life, with the exception of short periods, in Milby and in Lennoxville. She is survived by her husband, Mr. Alex Sanders; a brother, Mr. W. A. Hyndman, of Lennoxville; and one sister, Mrs. Josephine Young, of Terre Haute, Ind.

The funeral service was held at the family residence on Church street yesterday afternoon, Rev. F. R. Matthews, pastor of the United Church, officiating. Following the service, the remains were interred in Malvern Cemetery.

The bearers were Messrs. C. J. Lane, James Farwell, W. J. Marlin, G. G. McCurdy, James McLeod and E. A. Burton.

Among the many who attended the funeral were Mr. and Mrs. Morton Cleveland, of Richmond; Mr. and Mrs. James Gemmel, of Ives Hill; Mrs. Thomas Sanders, of Sherbrooke; as well as many other relatives and friends. A large quantity of beautiful floral designs were on the casket, expressive of the sympathy of friends and neighbors.

Mrs. Sanders was a faithful and devoted member of the United Church, and among its most regular attendants when health permitted. She was a member of the Ladies' Aid and the Women's Missionary Society, doing her full quota of work in both, living a conscientious and exemplary life in every respect.

GENERAL NOTES

Guests at the home of Mrs. Riches, Park avenue, during the past week, included Mrs. A. Rivard and her daughter, Miss Eliene Rivard, of Claremont, Montreal; Miss Florence

Seaward and Miss Eva Seaward, of Sherbrooke; Mrs. William Skinner, Mr. Wells Bean, of Sherbrooke; Mr. Frank Beattie, of Sherbrooke; Mrs. Learned and Miss Margaret Learned, of Copper Cliff, Ont.; Mr. and Mrs. Ronald Learned and their son, Douglas, the latter being among those who attended the Flower Show held in Lennoxville last week.

Rev. and Mrs. Norman McLeod, and their two children, who have been spending a month's vacation in Lennoxville with Mr. and Mrs. James McLeod, left today on their return trip to their home in Alberta.

TAKE THE TRAIN FOR THE FAIR AT AYER'S CLIFF

The Q.C.R. is the direct route to the Ayer's Cliff Fair, where Stanstead County folks will gather to welcome all other counties to their annual exhibition, and where for three days a mighty good time will be had by all.

The earliest train for Ayer's Cliff leaves Sherbrooke at 9.20 daylight time, arriving just after the dew is off the grass, and one may return at 9.17 daylight on the evening train, giving a full day at what will be a real, genuine county fair in one of the finest ridings in the Dominion of Canada.

As one citizen of Stanstead said, "Everyone will be there, including John Hackett." The home-coming train at night is the return of the famous "four-fifteen," the outgoing train for the lake and river residents.

It took years to develop and make Electricity a power in the country. And when 'twas well done we all wonder why did not some one think of it sooner.

WHICH DO YOU PREFER?

Ontario has its spectacular Niagara Falls, which has now been electrically developed to capacity without utterly destroying the most magnificent water spectacle in North America. Beyond that there are a few fine power sites along the rivers which empty into Lakes Huron and Superior.

Whilst Quebec has no Niagara it has a larger series of power-producing rivers scattered all through the province, and the activity of this production is shown in the investment in one year of \$63,000,000 in this province as against \$3,300,000 expended for the same purpose in Ontario during a like period.

This investment in plant and facilities should be still greater in Quebec Province with the projects now under construction. It should be an incentive to a larger industrial expansion within the province.

Under privately-owned construction the cost per hour horse-power for Quebec was \$17.25 for installation whilst the cost in Ontario, under the hydro-power of the provincially owned plants, was \$29.80, whilst the average price per kilowatt hour received was forty-seven cents in Quebec and seventy-nine cents in Ontario.

It is hard for the public ownership advocates to explain away figures like these, but the fact remains that in setting its policy against extravagant public operation of utilities the Quebec Government is both saving the people's money and encouraging further development.

Again, this advantage to Quebec is made despite the fact that the water powers of this province are mostly low head, while the more costly Ontario has the advantage of a prodigious high fall. Quebec is the more sparsely populated province.

The Provincial Treasuries of the Quebec municipalities receive over a million dollars in taxes, whilst the Ontario power pays nothing.

Quebec generated in 1928 a total of 7,682,475,000 kilowatts against Ontario's 6,064,031,000. Ontario, wider government ownership, required 6,654 employees, whilst the Quebec corporation handled their larger business with 3,912 employees.

This does not bespeak any greater efficiency of the Quebec men, but it does show one angle of our contention that public ownership of utilities is an expensive folly.

Each employee in Quebec stands for double the production of kilowatt hours compared with the Ontario employee, with 1,962,000 to 912,000.

These are Dominion Government figures from the Department of Trade and Commerce, and cannot be contradicted or disproven.

AVAUNT, YE WHO DO NOT UNDERSTAND

That wily South African Premier, General Hertzog, who fought so stoutly against Britain in the Boer War, and who was speedily forgiven by the doughty Britishers on the defeat of the Boers, does not understand the British temperament yet. He has announced that he will go to the Imperial Conference again with the determination to secure the right of secession from the British Empire.

When he meets that sturdy loyalist and royalist from Canada, Hon. Richard Bennett, and his cohort of able men, there will be a different atmosphere in the conference chamber to that which brought forth the name of "lazy fugacities" to the sacred ties and traditions which bind Canada to the Mother of Empires.

We may think of Canada in terms of Empire, and throw out our chest at our freedom and independence, but when one of our smaller brothers in the Commonwealth may whisper of secession, we will join in the spanking of the crathur.

The so-called Irish Republic is having its usual succession of Donnybrook Fairs, though they say it now as gunmen rather than with the good old blackthorn shillaly.

But we think of our heroes of the South African war in hallowed silence, and should the little Dutchman from Africa mistake our trait of trusting everybody and of forgetting injury to be founded in fear and timidity it means that he has not studied the history and the characteristics of the Britons.

Here in Canada we Britons and Britons, from the Isles of Britain and from the shores of Brittany mistrust the men who talk glibly of the right of secession. Quebec administered a rebuke to the Quebec ministers who flirted with Hertzog at the last Imperial Conference.

When we have all freedom and protection from without we are not going to encourage any further trifling with the tie that binds us to the greatest Empire in the History of the World—an Empire founded on love and forbearance to the conquered, and conducted on equality for all residents of the Dominion.

MAY YOU LIVE LONG, BUT CHIEFLY HAPPILY.

You can live to be a hundred if you take care of yourself is the belief of the Centenarian Club, and they assert that when a man is past sixty years of age he can give to the world a fund of wisdom founded on experience. For three score years he has been gathering knowledge.

In the olden days the average man over sixty,

as he lived his life with understanding, became one of the "Wise Men of the East." They were men who had a store of lore, and who were able to impart that knowledge to the people.

We have passed by the era when the accumulation of money was looked upon as a badge of wisdom. Many a farmer would rather win the world's prize for wheat than change places with John D. Rockefeller.

With an increasing knowledge of dietetics, and with a deeper wisdom in our physicians and doctors the average span of life is increasing. Many men of eighty years are active and energetic, whereas in the last century men of that age who were still active were very rare.

After all, living one's life as we see fit, dieting or banqueting, eating sparingly or heartily, that which holds us to the line in the healthy love of doing what we are doing each day. There must be a serious determination to do something worth while, not just merely to have a good time. One cannot over-indulge, during youth or old-age, without paying some penalty.

Longevity comes from the spirit within rather than from the physique. One man may ascribe his venerable age to abstemious habits, to abstention from tobacco, from liquor, from meats, or from some other fancy, when along comes another man who is much older and who boasts that he drinks and eats all three, and has also the fancy notions.

THE WELCOME THAT AWAITS.

It goes without saying that the merchants of Sherbrooke will put their heart into the welcome which will be accorded to visitors to the Fair.

All stores will be open all week, and some of them every evening.

To those of our out-of-town readers who wish to shop early in the morning we offer a free checking of parcels, but it would be well to know that this office closes at six o'clock every evening. Yet should anyone wish to go to the grand stand of an evening and then proceed home we will keep the office open so that they may safely get their parcels.

We want our subscribers to feel free to make use of this office in any way they may desire, for Exhibition Week in Sherbrooke is surely a welcome week.

Colonel Harry Blue says that 1930 will be a year of higher records in every department of the Fair. We have had many letters and messages from Montrealers who say they are coming for a few days. In that city we have exactly 400 paid subscribers, and this betokens a continuous interest in the Eastern City of their memory dear.

Let everybody come, and see just what a glad welcome they can gain in Sherbrooke during the week of the Fair.

EDITOR'S NOTE BOOK.

Once again has the Marconi wireless and its S.O.S. call demonstrated the life-saving Italian genius as a man of his century. The scene was in the far-off Southern Seas, near the islands discovered by Captain Cook, the English explorer. Exactly 317 precious lives were saved from the sinking British steamship Tahiti when the "sparks" on the steamship Ventura heard the call and rushed across the ocean for many miles on hearing the distress signal. The rescuing vessel arrived just a short time before the big passenger boat bound from Australia and New Zealand to San Francisco.

With falling revenues in 1930 the directors of the Canadian Pacific Railway are not downhearted. All summer long 12,000 extra men have been given employment in construction, maintenance and improvements, extending from Coast to Coast. These men, whenever possible are recruited as near as possible to the scene of the work and are kept steadily employed until each job is finished. So that President Beatty both shows and tells of his faith in the great future of Canada—just around the corner of the new Cabinet in the House of Commons.

FRONT WINDOW MUSINGS

Just when there was a dim hope of cutting down wheat acreage, this new fad had to reduce golf acreage instead.

A man can be a gentleman without being a Christian; but he can't be a Christian without being a gentleman.

When you make a mistake, you're dumb; when the surgeon makes one, the family feels consoled because it hired such a high-priced man.

You may notice that "alienated affection" usually is alienated by a man who has money enough to justify suit.

Of course the farmer can be a specialist. He can put on a white coat and insist that you need onions because that's all he's got.

The advantage in having a pet dog instead of a baby is that your friends do not suspect some secret trait of evil if it turns out wrong.

But why go to Europe? Right in the United States there are some of the world's most expert tourist trimmers.

NO PLACE FOR GOLF.

You cannot swear in Manx, even if you want to, according to the Archbishop of the Isle of Man, for there are no swear words in the Manx language. No wonder the Isle has produced so few golf champions—Border Cities Star.

THE SOVIET SPECTRE.

Slowly and with a certain inevitability, the picture of Soviet Russia versus the world is unfolding. Under the Soviet system, as has long been foreseen, Russia can export a number of staple products and sell them in other countries at a price far below the cost of capitalistic production. We are witnessing the preliminary skirmishing in what may develop into the most stupendous trade war in all history.—Philadelphia Public Ledger.

ACADIANS NOW IN STATES ON JOURNEY HOME

Direct Descendants of Expelled Acadians Paying Short Visit to Ancient Village of Grand Pre.

GRAND PRE, N.S., Aug. 21.—The ancient willows of Grand Pre, which were full grown trees when the French Acadians of this historic village were torn from their homes and scattered abroad in 1755, today again offered shade to the Norman capped and kilted maids as in the days made immortal in Longfellow's poem Evangeline.

A party of fifty direct descendants of the Acadians of Grand Pre, mainly from Louisiana, are here to celebrate the hundred and seventy-fifth anniversary of the deportation of their forebears from the land of Evangeline.

The tour of the visitors, from the time of their arrival in Nova Scotia at Yarmouth, has been one of color and enthusiasm. In the vicinity of Yarmouth they were greeted by descendants of those Acadians who, after the expulsion, found their way back to Nova Scotia, but did not reach the scene of their original habitations. All along the Bay of Fundy shore from Yarmouth to Annapolis the visitors were given constant reminders that they were among their own kinsfolk.

Church Point, Digby, Major's Point, and Annapolis Royal, all alive with memories of the French pioneers, were stopping places for the visitors and at all points thousands of people lined the way to greet them. At Major's Point, near Digby, they visited the shrine over the graves of the first Acadians to return after the expulsion.

The party will spend today at Grand Pre where the scene of the Acadian village has been turned into a beautiful park. The Willows, Evangeline's Well and the Memorial Church, are the chief features of the site at present. The party is headed by Dudley J. LeBlond, Lafayette, Louisiana, president of the Louisiana Acadian Association.

ENGLISH MAYORS MAKING TRIP THROUGH DOMINION

MONTREAL, Aug. 21.—Canadian cities are welcoming the mayors of three English towns who have just arrived to make a tour of the Dominion under the auspices of the British Empire League. Mayor Herbert J. Baker of Ealing, and Mrs. Baker, Mayor Fred Lee, of Coventry, and his son, Mayor F. J. Lock of Hackney, and Council C. J. Keoch are in the party, which landed at Quebec from the Ascania. After being welcomed civilly to Quebec and seeing the city and St. Anne de Beaupre, the party reached Montreal last evening. Friday the travellers will go to Ottawa, which they will leave Saturday night for Toronto and Niagara Falls by the Canadian National. Instead of returning to Montreal, Mayor and Mrs. Baker will travel to Vancouver by way of Regina and Jasper. They will be in Regina during Friday and Saturday, August 29th and 30th, and will be in Jasper Sunday to remain until the following afternoon. On the way east they will make short stops at Edmonton and Winnipeg. Mayor Lee and his son will go from Toronto to Chicago and then to Springfield.

NEWLY ELECTED MEMBER FETED AT COWANSVILLE

Dr. F. H. Pickel and Mrs. Pickel Guests of Honor at Luncheon Given by Conservative Ladies of Missisquoi.

COWANSVILLE, Que., August 21.—On Saturday, August 16th, Dr. F. H. Pickel and Mrs. Pickel were guests of honor at a very enjoyable luncheon at the New Ottawa Hotel, arranged by Madame F.X.L. Giroux and a committee of ladies, representing the Conservative ladies of Missisquoi County. Covers were laid for one hundred and twenty-seven and a bountiful menu was provided by the hotel management to which ample justice was done. The tables were very prettily decorated with cut flowers. An orchestra was in attendance and vocal selections were also contributed and enjoyed.

After the toast to the King, Mr. Harold Lynch, of Sherbrooke, proposed the toast to "Our Country," which was responded to by Hon. J. Fred Durelleau, recently appointed Minister of Marine. The toast to the guest of her banquet was proposed by Mr. A. J. E. Leonard and replied to by the newly-elected member. In his remarks, Dr. Pickel thanked the lady voters of Brome-Missisquoi for their interest in the elections and claimed that it was their vote that had gained his victory. Mr. J. H. Rainville, of Montreal, provincial organizer of the Conservative party, replied to the toast to the Conservative party, which was proposed by Dr. Boulay, of Sutton, president of the Brome County Conservative Association. In a short discourse Mr. Rainville stressed the great role that the Conservative ladies throughout the country had played in the Conservative victory and exhorted them to continue their interest in the politics of the country.

Madame Giroux presided in a most charming manner and introduced the speakers, who included Dr. Pickel, J. H. Rainville, Hon. A. Durelleau, Minister of Marine, Mr. W. H. Lynch, K.C., of Sherbrooke; Mr. Tetsuaki, M.P., of Sherbrooke; Dr. Boulay, of Sutton; Mr. J. E. Leonard, K.C., of Sweetburg. Beautiful bouquets of flowers were presented to Mrs. Pickel by Mary Gordon Johnston, to Madame Durelleau by Gabrielle Giroux, to Madame Rainville, by Francis Ingalls. Madame Giroux was also presented with flowers.

The event was a decided success and reflected great credit on those in charge, who desired to honor the newly-elected member for Brome-Missisquoi, who is so well and favorably known in his counties.

General Notes.
Miss Nina Nesbitt entertained at bridge on Wednesday, August 13th, in honor of her cousins, Mrs. Clinton C. Taylor (nee Jennie Kyle), of Terre Haute, Indiana, Miss Katherine Dunn, and Miss Georgia Dunn, of Waukegan, Ill. Cards were played at three tables, the first prize going to Mrs. J. H. Doak and second to Miss Katherine Dunn. Refreshments were served at the end of the game.

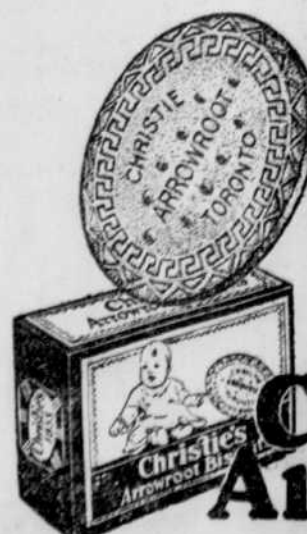

Mrs. George Boright spent the week-end in Westmont, the guest of Mrs. Guy Boright.

Mr. Charles Drake, of Montreal, is a guest of Mr. and Mrs. B. Lodge. The Cowansville Golf Club is indeed proud to claim as a citizen.

SOCIAL AND PERSONAL

Mr. J. R. Munro, Clough avenue, Lennoxville, left this morning to visit friends and relatives in Peterboro, Ontario.

Mrs. J. H. Wilkinson, of Montreal, and son Albert, are at present the guests of Mrs. Sidney Hansford, Fulton Avenue.

Mr. and Mrs. Phillip Emerson and family, of Dalton, Mass., are visiting relatives and friends in Sherbrooke for a short time.

Miss Ida Hovey, who has spent the past six weeks visiting relatives in Sherbrooke, has returned to her home in Springfield, Mass.

Mr. Charles Hovey, of New York, is a guest of Mr. and Mrs. P. S. Rugg at Woodland Bay. Miss Laura Rugg is also a guest at the same cottage.

On Sept. 9th, 1930, the marriage will take place of Josette St. Pierre, daughter of the late Mr. and Mrs. Geo. St. Pierre, to Mr. Ulric Leger, son of Mr. and Mrs. P. Leger, of Montreal. No cards.

Miss Marion Morrill and Miss Isabel Morrill, Prospect street, left by motor yesterday for Boston, Mass., where they will spend a few days the guests of relatives.

Miss Jean Mitchell, nurse-in-training at the Toronto Hospital for Sick Children, who has spent her holidays at her home on High street, has returned to Toronto, accompanied by Miss Margaret Mitchell.

The many friends of Mr. Edgar I. Jameson, Stoke Road, will regret to hear that he is a patient in the St. Vincent de Paul Hospital, where he recently underwent an operation for appendicitis. Latest reports state that Mr. Jameson is progressing favorably.

Among the recent guests at the home of Mrs. E. R. Conner, Queen Street, were her mother, Mrs. John Reid, of Drummondville, Mr. and Mrs. Robert Reid and family, and Miss Etta Mitchell, of Lonsdale, R. L. and Mrs. J. R. Coogler, of Brookfield, Florida.

Mr. and Mrs. John L. Coupland, of Sheffield Mountain, announce the engagement of their only daughter, Mildred May, to Mr. Chauncey Franklin Hawke, of Granby, eldest son of Mr. and Mrs. Percival V. Hawke, of East Farnham. The marriage will take place on September 13.

Mrs. B. C. Howard, "Howardene", has been entertaining a house party for the past few days. The guests, including Dr. and Mrs. Edward Styles, Mr. and Mrs. Harry Derrick and Miss Derrick, of Concord, N.H.; Dr. and Mrs. T. Styles, Mr. and Mrs. Leonard Goff and Miss Goff, of St. Johnsbury, Vt., left yesterday after a very delightful visit.

Twelve members of the Sherbrooke Country Club and from North Hatley were guests of Mr. C. H. Stevens at the Windsor golf course on Sunday afternoon last. The course is now in excellent condition, the weather was ideal, and a very enjoyable afternoon was spent playing golf. Mixed four ball matches were played and after the game Mr. Stevens entertained his guests at dinner at the "Chateau".

Mr. Neil Dinning, of Montreal, formerly on the staff of the old Eastern Townships Bank, and latterly with the Canadian Bank of Commerce, having been sojourning for the summer at the Dinning cottage on Little Lake, Mr. Neil Dinning and Mr. and Mrs. Fergus Dinning and family return to their home in Montreal West, on Wolseley avenue, this week. "We were very interested in Sherbrooke," said Mr. Dinning, as he directed a change in the address of the Record which goes over to his home and family.

Mr. J. Walter M. Vernon, of Brock avenue, Montreal West, and his wife, people in Sherbrooke and Compton will remember as one of the outstanding farmers, stock breeders, and exhibitors in the counties a score of years ago, returned to his home yesterday after spending a happy vacation visiting his old friends. Mr. Vernon was one of the founders of Canada's Great Eastern Exhibition at Sherbrooke, and his name appears on the original list of subscribers. He was a strong exponent of the Herefords, the best beef animal of them all, and his animals won many a prize in those olden, golden days of the cattle and dairy industry. He still takes a deep interest in Sherbrooke and is "one of the four hundred" paid subscribers in Montreal of the Record.

The I.O.E. will be one of the first of the women's organizations in Sherbrooke to resume work after the summer's respite from regular meetings. The Duke of Wellington and King George Fifth Chapters are uniting in a big effort early in September, when they will present a treat for lovers of music, and the terpsichorean art in "Tulip Time," an operetta with tuneful music and pretty costumes. Staged under the direction of Mrs. Albert Adams, assisted by Miss Cynthia Adams, who will be in charge of the dances, with the charming Mrs. Bachand-Dupuis in the title role and the inimitable Dr. Charpentier, of Montreal, as baritone and comedian. This operetta promises an evening of pleasure for those who appreciate graceful dancing, delightful music and acting by amateurs.

MARRIAGES

GILBERT—DOWNES
BISHOP'S CROSSING, Que., Aug. 21.—A very pretty wedding was solemnized in the United Church, at Bishop's Crossing, on August 21st, at four o'clock, when Miss Mabel Irene Downes, only daughter of Mr. and Mrs. H. W. Downes, of Bishop's Crossing, was united in marriage to Mr. Maurice S. Gilbert, of Hartford, Conn., only son of the late Clarence A. Gilbert, of Bishop's Crossing, and Mrs. C. Conrad, of Hartford, Conn. The Rev. Peter Pollitt officiated.

The church was beautifully decorated by friends of the bride, with an archway of flowers and ferns, and cut flowers and potted plants, beneath which the bride party stood. The entire center pews, which were reserved for the invited guests, were decorated with flowers and white ribbon.

The bride entered the church on the arm of her father, to the strains of "Lohengrin's" bridal chorus, played by Miss Florence Bishop. The bride wore a dress, Princess style, of ivory bridal satin, with long flowing veil, arranged in cap effect, of silk net edged with lace, which was carried by little Miss Thelma Evans, also other accessories to match. She carried an arm bouquet of white roses, sweet peas and ferns, with shower of sweet peas. Her only ornament was a hand-pierced Platinum brooch, set with a single ruby, the gift of the groom.

Miss Lora Joyce acted as bridesmaid and wore a dress of cameo pink georgette over pink silk, with trimming of white lace, and white hat, shoes and stockings. She carried an arm bouquet of mauve and white sweet peas.

The groom was supported by Mr. Jackson B. MacAulay, of Limoilou, Que., as best man. The ushers were Messrs. Herbert Downes and Stuart Joyce, and the Misses Flossie Oldfield, Irene Jenkinson and Doreen Gilbert, assisting as waiters. The five storey prettily decorated wedding cake occupied the centre of the bride's table. Supper was served to nearly one hundred invited guests.

The bride's gift to the groom was a gold signet ring, and to the bridesmaid and organist, neck chains with hand-carved ivory pendants, and to the little flower girl a string of pearl beads. The groom's gift to the bride was a five-dollar gold piece in a neat case, and to the ushers, gold pen knives.

The presents were both numerous and beautiful consisting of silver, china, cut glass, linen and money. After a brief trip to Sherbrooke and Quebec City, the bride travelled in a Monet blue dress and hat, with grey coat, shoes and stockings, the happy couple left for their future home at 322 Park Terrace, Hartford, Conn., accompanied by the best wishes of a host of friends and relatives for a long, happy and prosperous married life.

CHOINIERE—GOYER
SWEETSBURG, Aug. 21.—A very pretty wedding was solemnized at the Church of Ste. Rose de Lima on Tuesday morning, August 21st, at eight o'clock, when Miss Aline Goyer, daughter of Mr. and Mrs. G. Goyer, of this place, became the bride of Mr. J. M. Edmond Choiniere, son of Mr. and Mrs. A. Choiniere, who reside near East Farnham. The bride was becomingly gowned in green crepe with hat to correspond and wore grey squirrel fur and grey slippers. She carried a shower bouquet of pale rose colored carnations. She was the recipient of a beautiful pearl rosary, the gift of the groom.

During the ceremony, Miss Cecile Boisvert, rendered a solo, "Ave Maria." Mrs. Arthur Tanner played the wedding music and accompanied Miss Boisvert.

Following the ceremony, a luncheon was served at the home of the bride's parents, after which Mr. and Mrs. Choiniere left, amid showers of confetti and accompanied by the best wishes of their many friends, for a honeymoon trip by motor to Quebec City and other places of interest. Upon their return they will reside at Adamsville. The bride was the recipient of many useful and costly gifts.

UNEMPLOYMENT DISCUSSED BY CITY COUNCIL

Questionnaire Sent to City Officials by Hon. G. D. Robertson, Minister of Labor, Discussed Yesterday, and Reply Forwarded This Morning.

Yesterday afternoon members of the City Council met as a committee of the whole, when the only matter under discussion was unemployment.

Several days ago the Sherbrooke Council received from the Hon. G. D. Robertson, Minister of Labor, a questionnaire referring to local unemployment conditions.

Yesterday this questionnaire was discussed and the following reply drawn up and forwarded this morning to the Hon. Mr. Robertson: Hon. G. D. Robertson, Minister of Labor, Ottawa, Ont.

Dear Sir: "In reply to your telegram of August 12th regarding the labor situation would say that we have made a very careful inquiry from labor organizations, contractors, factories, the clergy, charitable organizations and others and find that about 20% or 1,010 persons are without work in Sherbrooke at present. In addition there are a large number who are working reduced hours and are having a hard time."

"We are very apprehensive about the coming winter, which we expect will be the hardest in our history. We anticipate that on a money earned basis unemployment here will reach close to fifty per cent of normal."

"We wish to place ourselves on record as opposed to any form of unemployment assurance and in favor of public works being undertaken during the winter months, even at an increased cost. We would suggest that sufficient protection be given Canadian industries to enable Canadian factories and Canadian workmen to manufacture the requirements of the Canadian consumer. We would urge that the Government undertake public works in our city without delay and in particular suggest the following:

1. "Immediate removal of British Preferential Tariff on goods manufactured in Canada.

2. "Decrease flow of immigration.

3. "Building of railway underpasses. (a) On the main highway between Sherbrooke and Ascot Corner, very dangerous; (b) On the main highway between Lennoxville and Sherbrooke, very dangerous.

4. "Build a central post office in Sherbrooke and Government building containing government offices.

5. "Build viaduct under Q. C. R. tracks, Galt street, Sherbrooke.

6. "Make loan to the city of \$500,000 for public works, this amount to be repaid by the city at the rate of \$25,000 a year for a period of twenty years, interest and sinking fund included in the above payment, or make a direct money contribution of forty-five thousand dollars to take care of the additional cost of doing considerable municipal work this winter which ordinarily we would do in the summer. The details of this proposed work are as follows:

Additional cost if built Cost in winter

Incinerator \$55,000 \$3,000

Filtration Plant 265,000 15,000

Water Dept. 80,000 12,000

Sewers 180,000 15,000

Total: \$580,000 \$45,000

"We would have to have a law passed by-law passed for some of these projects but feel sure that they will carry if the Government will come to our assistance to the extent mentioned above."

"Trusting that the figures which we have submitted will be helpful and that we may have an early and favorable reply, I have the honor to remain,

"Sincerely yours, (Signed) A. C. SKINNER, Mayor."

Lacroix, all of Sweetburg; Mr. and Mrs. A. Senay and sons, Mrs. A. Tanner, Mr. and Mrs. R. F. Roy, Mr. and Mrs. F. Robert and others, of Cowansville.

DESCENDENTS OF ACADIANS MET YESTERDAY

One Hundred and Seventy-Fifth Anniversary of Expulsion Which Took Place in Days of Evangeline Is Recalled.

GRAND PRE, N. S., August 21.—Here by the shore of the Basin of Minas some hundreds of the descendants of Acadians gathered yesterday, under ideal weather conditions, to mark the 175th anniversary of the expulsion of their forebears. Today they were returning to their new homes in the neighboring province of New Brunswick, in Quebec and in the United States, as far distant as Louisiana. On this day 175 years ago the French Acadians left the shores of Nova Scotia, their hearts filled with bitterness and despair, while the smoke from their burning homes clouded the skies. Today their descendants departed filled with friendliness and admiration for the country that has welcomed back those of the expelled Acadians who were able to return, and made a shrine on the ruins of the village of Grand Pre.

"If there be any enemy today let us bury it beneath the shadow of this cross," declared Hon. A. T. LeBlond, of the Supreme Court of New Brunswick, striking the keynote of the spirit manifested at the gathering, when dedicating the shrine and museum that has been erected on the site of the little church of St. Charles, that figured so tragically in the expulsion of the Acadians.

Prominent among those taking part in the ceremonies and leading the various delegations, were Hon. Dudley LeBlond, Lafayette, L.A., Hon. John C. Chase, Deputy Governor of Massachusetts, Lt.-Gov. J. C. T. of Nova Scotia, Hon. J. B. Baxter, Premier of New Brunswick; Hon. Henri Coursier, Charge d'Affaires of the French Legation in Ottawa; Commander J. B. de Maisonneuve, of the French Cruiser Albatros, which provided a guard of honor; Dr. J. C. Webster, Shediac, N.B.; and many others.

Today the Louisiana group, including the party of girls wearing the normal caps and kilts of Evangeline's day made familiar in Longfellow's poem, descriptive of the expulsion, were guests of the Nova Scotia Government in Halifax.

UNITED MINE WORKERS CONVENTION ENDS IN OUTBREAK OF RIOTING

Method of Electing Sub-District Officials Cause of Trouble at Pennsylvania Meeting.

LANSFORD, Pa., Aug. 21.—With a storm of protest at the action, President Thomas Kelley adjourned the sub-district convention of the United Mine Workers late yesterday, refusing to entertain motions to provide the means of electing sub-district officials.

President Kelley ruled that various methods proposed were unconstitutional, insisting that his report adopted on the first day of the convention provided that a new election be held on specified date later in the month. This position was

attacked by many delegates, and so unruly did the convention become that a threat of police interference did not have effect.

A meeting of the delegates was held after the adjournment and it was decided that all local unions shall retain all dues and assessments in the local treasuries until the present trouble over the selection of officers is settled.

GORE

Divine service was conducted here on Sunday last by Rev. A. J. Oakley, at which the infant daughter of Mr. Albert Cutler was baptized, receiving the name Gertrude Alice.

On August 31st, the service will be at the home of Mr. R. F. Woodburn's.

Mr. and Mrs. Chas. Parker and son Master Elton, spent the weekend here, the guest of relatives.

BOY SCOUT NEWS

EIGHTH PACK MEETING HELD LAST EVENING.

Eightth Pack met as usual in headquarters at seven o'clock last night with C. M. Semple in charge. Mr. Taylor Waddell consented to act as assistant cubmaster and was acclaimed as "baloo" of the pack.

After the customary opening exercises, the boys lined up and proceeded to a pretty brook near the city where a camp fire soon blazed cheerily and water was brought to a boil. The dish de luxe was golden bantam corn on the cob, which was very much enjoyed by all. After pack yell and closing ceremonies the pack accorded "Akela's" three buzzes for the excellent corn feed, and a hearty send-off as he will be absent on vacation for two weeks during which time acting assistant Cubmaster Waddell will be in charge of the pack.

POCKET RADIO SETS STUDIED FOR POLICEMEN

Brighton Chief Constable Has Plans for Bettering Police Efficiency Against Escaping Bandits.

LONDON, Aug. 21.—Experiments are now being carried out at Brighton by Charles Griffin, chief constable of the town, which, if successful, are expected to result in policemen being equipped with miniature receiving sets to enable them to keep in touch with headquarters while on patrol. Mr. Griffin is chairman of the Chief Constables' Association and a member of the special committee of police chiefs, motor car and wireless experts who are meeting in London to consider the whole problem.

As a result of the Brighton experiments it is hoped it will be impossible for motor bandits to escape after making their raids. The need of finding some means for checking the activity of motor bandits is seen in the fact that three daring raids of this nature were made in London.

An official, giving details of the wireless sets proposed for the police, said they weigh no more than a policeman's electric torch and could be carried in the breast pocket. The range is sufficient to allow messages to be picked up in any part of the city if the broadcasting station is near the centre of the city. Codes would be used to prevent unauthorized persons from listening in.

NEW WORLD'S EGG-LAYING RECORD MADE

Twenty-Five Thousand in One Second, 690,000,000 in One Year, Is Claim for One Oyster.

NEW YORK, Aug. 21.—The world's egg-laying record, 25,000 in one second, 115,000,000 in seventy minutes, 690,000,000 in a year, all by one female oyster.

It was cited by Dr. P. S. Galtsoff, of the United States Bureau of Fisheries, as a mere commonplace in the life of an oyster. Even the poorest layers, he said, set down an average of 15,000,000 eggs in about an hour, or 90,000,000 a year. One purpose of the meeting was to learn why so few of these myriad oysters reach dining tables.

One reason is that other epicures besides humans like their oysters. The starfish for instance. But remedy for starfish destruction has been found, Miss Louise Palmer, of the United States Bureau of Fisheries, said. It is a copper sulphate dragged in bags over the oyster beds at the beginning of flood tide. She said as little as 15 ounces of 2,000 gallons of water kills adult starfish in a few minutes.

Brighton experiments. It has been a pioneer in the use of wireless for the prevention and detection of crime. A powerful transmitting station and receiving apparatus has been in use for years at Scotland Yard and has proved invaluable in enabling the flying squad of detectives patrolling in vans and cars to be directed to any part of London without delay.

YOUNG BRITISH PLAYER SCORED NOTABLE VICTORY

FOREST HILLS, N.Y., Aug. 21.—Eight feminine tennis players stood today within striking distance of the National Women's singles crown which only one can win.

Betty Nuthall, nineteen-year-old Briton star, still retained her place as the most logical contender for the title relinquished by Mrs. Helen Wills Moody. As evidence of the kind of tennis she is playing, the sturdy British girl displayed a 6-0, 6-3, victory over Edith Cross, America's third ranking woman player, achieved in the third round yesterday.

NOTED SCULLER TO MAKE HAMILTON HIS FUTURE HOME

HAMILTON, Ont., Aug. 21.—It has been officially announced that

Bob Pearce, the burly Australian sculler, who won the world's championship at the Olympic games in Holland in 1928, will become a resident of this city, and that his father, a former champion, who is responsible for his son's development into a world beater, will also make Hamilton his home and coach the crews and individual members of the Leander Boat Club.

GREAT INTEREST BEING TAKEN IN WOMEN'S TEN MILE SWIMMING RACE

TORONTO, Ont., Aug. 21.—Toronto is agog with speculation as to the winner of the women's ten mile swim for the championship of the world today, opening day of the Canadian National Exhibition.

Ethel Hertle, blonde swimmer from the Bronx, was acclaimed the winner in 1928. A year ago she had other interests, and the day after the swim she married Prem Gary. Today she returns to professional swimming as Ethel Hertle Gary. For months she has been training in a secluded section of the Adirondacks under the care of Clarabelle Barrett, famous coach who brought her to victory two years ago.

Another favorite is Ruth Tower Corsan, formerly of Denver, but now married and living in Toronto. In 1928 she suddenly jumped into fame by placing third, while last year she swam a close second to the victorious Martha Norelius, now Mrs. Joe Wright. Mrs. Corsan, who has an exceptionally powerful physique, has never failed to place among the prize winners. The cold water today will be in her favor, according to reports.

THREE LEADERS SUCCUMBED TO THEIR RIVALS

However, Brooklyn Was Only Club to Lose Ground in National League Pennant Chase, Dropping Two Games to Cincinnati.

NEW YORK, Aug. 21.—While the National League pennant race goes merrily on without getting very near to a decision, the Philadelphia fans are about ready to hear the news that the Athletics have clinched the American League title for another year. It may be a good many days before that news arrives, but in the eyes of the A's supporters, it is certain.

One thing is certain now, that it will require an amazing winning streak on the part of the Washington Senators or the New York Yankees, combined with a wholly unexpected slump on the part of the A's to keep the world's champions from capturing another American League flag. After yesterday's ten to six victory over Detroit, the Athletics had only thirty-one games left to play and a margin of eight and a half games over Washington. If Philadelphia slumps so far as to lose half of its remaining contests, winding up the season with ninety-eight victories and fifty-six defeats, Washington must win twenty-five of its remaining thirty-four games to tie while the Yankees, now ten games behind, could lose only seven of thirty-three games.

The Senators continued their chase yesterday by trouncing the St. Louis Browns by fourteen to four, scoring a ten run burst in the fifth inning, which went a long way toward avenging the indignities suffered in St. Louis. But Washington's eighteen hit assault brought no gain while the Athletics were giving Bob Grove his usual backing. Grove did some ragged hurling as he won his eighth straight game and his twenty-first victory of the season, but he was presented with a seven-run lead before the Tigers started to score. The other American League clubs had a day of scheduled idleness.

The leaders of the National League were joined in grief yesterday as all three succumbed to their rivals of lower rank in the standings. But Brooklyn was the only club which lost ground. The Robins moved into Cincinnati for a doubleheader with the Lumber Reds, who had lost seven straight games twenty out of twenty-five previous games. But much to their surprise, Cincinnati pitching proved better than Brooklyn's two close duels, both being decided by two to one scores.

Young Benny Trey gave Brooklyn just five hits as he bested old Adolfo Luque in the first clash, while Ray Kolp was equally successful against Ray Phelps in the second, although he allowed twice the number of hits. Red Lucas brought him success by driving in the deciding tally with a pinch double in the ninth.

The last place Phillies evidently were destined to win their twelfth game with the champion Chicago Cubs, although it required three days of effort to give them a ten to eight decision. The game, which started in an eleven inning tie in the second half of Saturday's doubleheader and failed to come to a decision in a sixteen inning second clash Tuesday, finally was played off yesterday and Phillie homers were triumphant. Five four-baggers played the important part in deciding the dispute, although the Phillies gave away four runs in the first inning and were outthrust by seventeen to thirteen.

A single homer and a wild pitch by Fred Fitzsimmons were about enough for the St. Louis Cardinals as they downed the New York Giants by five to four. Pinch batsman George Fisher made a four-base clout for three runs, while a wild heave by the Giant pitcher allowed the tying run to score.

Out of the pennant race, Pittsburgh gained a triumph of its own by shutting out the Boston Braves by five to nothing, and passed the 500 mark for the first time since June 4th.

GREAT BRITAIN SWEEPED EMPIRE GAME SCHEDULE

Varied Programme Planned for Fifth Day of Sports Event at Hamilton Today Includes Rowing, Wrestling, Boxing and Track Events.

HAMILTON, Ont., Aug. 21.—Hamilton awoke this morning to face a crowded programme of sport. Diversification graced the offering on the fifth day of the British Empire games, and from breakfast till bed-time the sport-wise chased hither and yon in a vain effort to see it all. Even those who can take their sport or leave it, refused to leave it.

The turn of the sport wheel flashed a kaleidoscopic panorama than ran the gamut from rowing to wrestling, bowling to boxing, yachting to field and track, with a full distance marathon tossed into the giddy whirl.

At the same hour, the oarsmen from every quarter of the globe take to their shells, the Empire rowing contingents will resume their trundling at the Roselawn Club in Scenic Gage Park. Crowding all competitors for total honors in all divisions, rinks, doubles and singles, England now is marked as "the team to beat."

The Empire marathon, over this regulation distance of twenty-six miles, 385 yards, is billed for 1:30 in the afternoon and as the troupe of runners swing from their initial turns around the cinder track at the Civic Stadium out into King street, the second athletic spectacle for field and track championship will get under way.

Nine events are programmed. Percy Williams, "World's fastest human," will compete in the 100 yards' dash, and despite a strong contending field from Canada and other parts of the Empire, Percy today ruled a heavy favorite to capture the title. Sprint numbers feature the track card today in addition to the final of the 880 yards, the heats for which were run at the opening of the games last Saturday.

The one distance race is the three mile affair in which is entered W. J. Savidan, powerful New Zealand runner who captured the Empire title over the six mile journey on opening day.

The international yachting struggle on Hamilton Bay is continued from the past two days. As a nightcap to a day of continuous sport, the boxers and wrestlers are putting on their second show of the week in the drive toward Empire championships.

England today stands prominently among winners in every department of the British Empire games. Beginning with new initial success on opening day when the Mother Country's athletes captured five of the nine field, track and swimming titles. Her trundlers have taken commanding leads in the competitions for bowling laurels. She has won the senior eight in rowing and she has had further wins at swimming.

Four of the seven semi-finals on the boxing card were won by Englishmen, three at the expense of Canadians, while a fifth Englishman will carry on into one of the finals of the wrestling schedule. Two wrestling finals were settled last night and Canadian boys captured both titles. J. Trifunov, of Regina, Sask., wears the crown in the 123 pound class, after a decision in one round and a fall in the second over Joe Reid, of England. From Montreal comes the other champion, Howie Thomas, who scored a decision over Harold Angus, of England. The high lights of the boxing card were provided by H. Mizler's knockout victory over Tommy Holitt, of Scotland, and the narrow margin by which D. C. Gallagher, Australian middleweight champion, scored his 44th consecutive triumph by defeating E. Pierce, of South Africa. England's trundlers had field day at Gage Park. Opening in the morning with an overwhelming defeat of South Africa in the doubles, the Old Country rinks went into action in the afternoon and their quarter disposed of South Africa by twenty-two to twenty. To make it a perfect day, R. Colquhoun scored the single victory of the day for England, defeating A. S. Reid, Canada's representative from Vancouver, twenty-one to twenty. Reid has yet to win in the singles and has been defeated twice by single shots.

Yachting honors yesterday found Canadian boats taking their share of international events. Vreda, of the Royal Hamilton Yacht Club, scored a win in one of the major sailing attractions while the Huskie, of Watertown, N.Y., won her class race.

Perpetuation of the British Empire games took definite form yesterday when a committee was named to outline a basis of organization. They will make their initial report on Friday and it is generally believed the four-year plan, along the lines of the Olympic, will be recommended.

NATIONALS AND OLD BOYS TIED IN ROUGH GAME

Final Goal for Nationals Scored Three Minutes After Regular Playing Time as Result of Referee's Failure to Call Time Out—Langis Got Two Goals.

The over-confidence which comes as the result of too many victories and the inability to absorb the bitter dregs of defeat in a sportsmanlike manner was manifested at the Parade Grounds near the end of the lacrosse game last evening when the Nationals were losing a hard-fought struggle to a team composed of the Old Boys. The final result of the game was a two-all tie, when the Nationals scored their deadlocking goal three minutes after the regular playing time.

This peculiar situation was the result of a discussion about midway through the final chucker, when Kennedy and Lemay became embroiled in a scrap. The referee failed to assert his authority sufficiently, with the result that soon all the players and many spectators were mixed up in the impromptu debate. The referee failed to call "time out" and the final period lasted about twenty-five minutes.

The score at the end of the regular playing time was two to one in favor of the old timers, but when the players left the field the official score was deadlocked at two scores apiece. The laxity of the referee accounts for the unfortunate situation which arose, more so than the players themselves. Instead of penalizing for minor fouls, play went on with the result that the minors flamed into majors, and the climax was reached when the Kennedy-Lemay fracas started. Doubtless fault may be found on both sides, but when one considers the sportsmanship displayed by the Old Boys in accepting an offer to play they should be treated in a better manner than the reception they received last evening.

As the game proceeded in the first session it became evident that the Nationals were not going to duplicate their performance of the first meeting of these two squads in such an easy manner. Throughout the first period the difference between both teams was very slight, the goal-tending of the two rival goalies being a feature. Hard luck on both sides prevented any scores being made, and heavy body checks on both sides slowed up the play considerably. The old timers' front line was running smoothly, but found their match in the Nationals' defense: Langis, Authier, Slattery and Kennedy bothered Thibault with some wicked shots, while Lepensee was harassed by fast shots from the sticks of Gordon, Ball, Gosselin and Lacharite. The teams left the field with the score sheet bare. The first period was free of penalties, but an undertone of roughness was making its appearance.

Shortly after the second chucker had got under way, Langis obtained the ball from far out, and his shot gave Thibault absolutely no opportunity to save. The Old Boys were one man short at the time. Shortly afterwards, a Ball-to-Gosselin sally almost resulted in deadlocking the count, but the latter was bodied out of position as he was about to shoot. Play hovered in the National territory for a considerable length of time. Langis continued his spectacular playing and, working his way through the defense, came in on Thibault and scored goal number two. This was the signal for the rough playing to begin, and from then on there was a steady procession to the penalty bench. The difference in the lacrosse played when the Old Boys were in their prime and the present-day style was clearly manifested, and perhaps accounted for several of the enforced rests. Eddie Wolfe was penalized, and while he was in the "cooler" the Nationals took advantage and drew up one goal behind the Old Boys. Martineau's shot from far out was blocked by Lepensee, but evaded his stick and bulged the twine. This concluded the scoring for this session and the teams started the final fifteen minutes with the Old Boys still holding a slender lead.

Matters came to a head in the final canto when Kennedy and Lemay started a scrap. Who struck the first blow was discussed for a long time before the referee finally sent both men to the penalty bench. At this stage the Nationals started to leave the field, but upon persuasion decided to continue the game. The regular playing time was up

ENTERPRISE IS A FAVORITE TO DEFEND TROPHY

Smallest of Four Candidates for Honor of Defending America's Cup Defeated the Weetamoo Yesterday.

NEWPORT, R.I., Aug. 21.—Enterprise, smallest of the four candidates for the honor of defending the America's cup, went to the starting line today for the second of the official trial races a prime favorite. Her victory yesterday over Weetamoo moved her into first place, on

two minutes after the fight, but play continued with darkness descending rapidly on the field. Three minutes later Gosselin fed Gordon into the deadlocking score. This evening matters and the teams left the field without a winner being declared.

Langis, with the two goals scored by his team to his credit, was perhaps the most effective man on the field. His wings, Slattery, Authier, Kennedy and Pergau, offered him excellent support and kept the National forwards well bottled up. O'Bready, O'Donnell, O'Keefe, Wolfe and Morin formed a stone wall defense through which the Nationals found considerable difficulty in penetrating, while Lepensee was in rare form to hold the wicked shots propelled his way from outside the defense. Gordon, Martineau, Gosselin and Begin were the pick of the Nationals, while the remainder of the team played effective lacrosse, but detracted from their worth by rough tactics.

The line-ups were:
Old Boys—Lepensee, O'Bready, O'Donnell, O'Keefe, Morin, Wolfe, Langis, Kennedy, Slattery, Authier and Pergau.

Nationals—Thibault, Dufour, Barrette, Lussier, Begin, Lemay, Ball, Lacharite, Gosselin, Martineau, Gordon, Lussier, Fournier and Desruisseaux.

paper at least, on a basis of all competition to date.

Yankes, the Boston and only non-New York contender, sailed by Charles Francis Adams, Secretary of the navy, dropped. Whirlwind astern yesterday, but that was generally expected. A split mainsail finally forced Whirlwind out of the race, but she was already beaten. The Boston boat remains, in the estimation of observers, the best heavy weather boat of the fleet, but heavy weather has seldom been the order of the day.

Weetamoo, the Morgan-Nichols candidate, sailed by George Nichols, son-in-law of the noted financier, found himself rated in second place today for the first time since competition between the four sloops opened.

Accompanied by Sir Thomas Lip-ton's steam yacht, Erin, and the Shamrock V crew's barge, Killarney the Shamrock was expected to reach here some time this evening from New London. A mooring has been put down for her in Brenton's Cove, so she will find herself close beside the four American boats, one of which she will meet in the International classic opening on September 13th.

CRICKET

MATCH HELD UP BY RAIN

LONDON, Aug. 21.—Play in the cricket test match between England and Australia could not proceed today owing to heavy rain. The match is being played to a finish, and will be resumed when weather conditions permits. As the test stands at present Australia would appear to be in a very strong position. They were 290 runs ahead of England after the first innings were completed yesterday, and England had lost Jack Jobbs' wicket in their second visit to the wickets and had put on only 24 runs. Scores in the match are: Australia, 695; England, 405 and 24 runs for one wicket.

A triumph of his inventive genius... the shock absorbing razor blade...

Henry J. Gaisman, inventor of Probak's autostrop device, Autostrop and Probak safety razors and the shock-absorbing Probak double-edge blades.

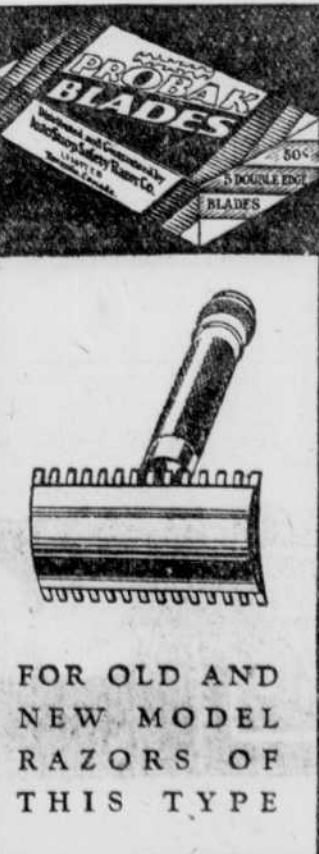

HENRY J. GAISMAN—famous safety razor and blade authority—presents to shavers his latest and greatest invention—the shock-absorbing Probak blade. Now your double-edge blade can be as keen when clamped in your razor as it is in the package. Bending shocks and strains are absorbed—banished—by butterfly channeling in duo-tempered steel. Distortion never reaches the shaving edges. Discover the amazing difference Probak makes in shaving speed and comfort—see how it glides over your face with a light butterfly touch—wiping off wiry hairs as if by magic. Buy a package of guaranteed Probak blades. Use two in your double-edge razor (old or new model). If every Probak shave isn't quicker, cooler, smoother—return the package and your dealer will refund every cent—\$1 for 10, 50c for 5.

REMEDIES FOR UNEMPLOYMENT ARE STRESSED

Tariff for Protection, Not for Revenue, Six-Hour Day, Five-Day Week, and Unemployment Insurance Worked Out on a National Basis to Suit Canada's Needs, Recommended.

MONTREAL, Que., Aug. 21.—Tariff for protection, not for revenue; a six-hour day, five-day week; and unemployment insurance worked out on a national basis to suit Canada's needs, are the things necessary to aid Canadian workers, Tom Moore, president of the Trades and Labor Congress of Canada, stated in an interview here.

"Labor in the past has not been at all satisfied with the way the tariff has been handled," Mr. Moore said. "What I believe we shall now act under the Bennett

Government is a tariff for protection," Mr. Moore felt that the coming special session of Parliament would help to focus the attention of the people upon the questions of tariff and unemployment. He agreed with U. A. Heaps, Winnipeg member of Parliament, that the League of Nations would eventually have to take up the question of unemployment which was a world problem.

In regard to unemployment insurance, Mr. Moore said that Canada would not be able to copy Great Britain's plan, but would have to work out her own. He would oppose it being made a provincial matter. "We fought to have the old age pensions a national affair, for once you make labor establish a definite domicile, you prevent him from travelling to take a job somewhere else."

Mr. Moore paid tribute to the new Minister of Labor, Hon. Gordon Robertson, and his predecessor, Hon. Peter Heenan.

NOT VERY MANY PRICE CHANGES THIS MORNING

Trading Was Rather Quiet During First Half Hour on Montreal Stock Exchange.

MONTREAL, August 21.—Price changes were few at the opening of the Montreal Stock Exchange this morning. Trading was quiet. International Nickel lost 1/2 at 21 1/2, while St. Lawrence Paper eased 1/2 at 8 1/2. McColl-Frontenac gained 1/2 at 16 1/2, the lone gain of the early trading.

Alberta Grain, Canada Power and Paper, Brompton Paper, Bell Telephone, Canadian Cement, Dominion Bridge, Dryden Paper, Montreal Power, Power Corporation, Shawinigan Power, Dominion Textile and Steel of Canada were all unchanged from yesterday's close.

STOCKS WERE STEADY TO FIRM ON WALL STREET

NEW YORK, August 21.—Stocks in the main were steady to firm at the opening of today's market. U. S. Steel, Radio, General Electric, International Telephone, Montgomery Ward, Dupont, Kroger and National Dairy rose 1/2 to 1/2. American Tobacco "B" mounted 1/2 and Case one point.

On the other hand, American Smelting and Southern Pacific each lost a point and Gillette 1/2.

ACTUAL TERMS OF AGREEMENT ARE PUBLISHED

All-India National Congress Advance Five Points, Upon Acceptance of Which They Are Willing to Call Off Boycott of European-Managed Cotton Mills.

INDIA, Aug. 21.—Leaders of the All-India National Congress today published the terms on which they are prepared to call off the boycott of European-managed cotton mills. Meanwhile all attempts to penetrate the secrecy surrounding Mahatma Gandhi's conditions for abandonment of the entire campaign of civil disobedience have failed, although many rumors are current.

The European managed mills, numbering twenty-four, have suffered severely from the boycott and trade depression, but the Nationalist terms are so drastic it is not thought they will be accepted. The first of the conditions is that seven per cent of the capital of each mill be Indian; second, that two-thirds of the directors be Indian and recruitment of staffs be restricted to Indians; third, that stores bought for mills be as far as possible Indian; fourth, that banking and insurance be placed with Indian firms; fifth and last, that nobody connected with the Mill Owners' Association shall conduct propaganda hostile to the Nationalist movement, or undertake activities on behalf of the Government.

The last stipulation is intended as a bar to European members of the staffs enrolling as auxiliary military forces which are sometimes called to assist the police. One firm is said to have accepted the terms, but a general adherence is not expected.

SPORTING NOTES

ROSS TOOK PREMIER HONORS

ST. CATHARINES, Ont., Aug. 21.—Taking the lead right at the start and holding it all the distance, Clarence A. Ross, of Brooklyn, yesterday won the three-mile championship swimming race put on by the Canadian National Railways at Lakeside Park, Port Dalhousie. The result was never in doubt.

Ross reached the finish about sixty yards ahead of Frank Pritchard, of Buffalo, doing the three miles in one hour, twenty-seven minutes and twenty-five seconds. Mervin Nelson, of Port Dodge, Iowa, was third, and Samuel Shields, of Miami, Florida, fourth. The course was rough when the race started, making it difficult for the dozen starters, but the water calmed down and was comparatively calm at the finish. Ross got \$200 for winning.

KAYSER SQUAD DEFEATED

WATERVILLE, Aug. 21.—Playing in Waterville on Saturday afternoon, the Julius Kayser baseball squad from Sherbrooke administered a fourteen to seven defeat to the local nine. Excellent pitching on the part of Marcoux, for the Kayser, who struck out nine men, and heavy hitting by the other members of the visiting outfit, played the principal part in the victory of the Sherbrooke boys. Marcoux himself scored four runs. Waite, Fortier and McHarg got two batters.

These teams will meet again next Saturday afternoon at the Sherbrooke Ball park at two o'clock.

DISCOVERIES PROVE TRUTH OF HOLY WRIT

American Excavators Find Evidence of Truth of Abraham and Lot Stories in Bible.

JERUSALEM, Aug. 21.—Discoveries by the joint American expedition at Kirjath Sopher conclusively prove biblical stories and fix the date of Abraham's time. Dr. Melvin Grove Kyle, director of the joint expedition of the Xenia Theological Seminary and the American School of Oriental Research of Jerusalem, asserted here yesterday. Assisted by a staff of ten archaeologists, including many Americans and 110 native workmen, the expedition uncovered a mound containing ten distinct cities, one above the other, linking Abraham's arrival in Canaan from Chaldea to the period of Nebuchadnezzar, who raided Canaan.

"These excavations give the world in a remarkable way a history of the culture in Palestine that it is possible to read alongside biblical history as the supreme test of its trustworthiness," said Dr. Kyle. "Only real events leave anything which can be dug out of the ground."

"The fortress at Tell Beit Mirsim, thirteen miles directly southwest of Hebron, which is the ancient Kirjath Sopher, proves to be

WILLINGDONS SPENT DAY IN PRETTY LAKE DISTRICT

CANOE LAKE, Ont., August 21.—The Governor-General and Viscountess Willingdon yesterday paid this Algonquin Park lake district a visit, inspecting the Taylor Statten Camps and showing particular interest in the memorial to Tom Thomson, noted Canadian painter, who was drowned here many years ago.

a mound of ten cities, each separated by burned levels. The ten cities represented only five civilizations."

Dr. Kyle said civil wars accounted for the destruction of the cities. At Kirjath Sopher the expedition found this year in the first city exactly the same kind of early bronze pottery as that discovered in cities of the Jordan plain which proves a contemporaneous civilization. At the beginning of the present century Professor Macalister found similar pottery pieces at Gezer. In the same layer of debris Professor Macalister found Egyptian remains from the twelfth and thirteenth dynasties, similar to the Kirjath Sopher finds, which have been accurately dated in early nineteenth century B.C. Therefore Abraham and Lot came to Canaan from Chaldea in the late twelfth century or early in the nineteenth century B.C.

Dr. Kyle said it was possible to confirm that the Abraham and Lot story was true, because he found a house such as that described in the Scriptural narrative of Lot and the angels, with a strong door capable of resisting onslaughts of a mob.

Mr. Jones had just returned from the office and was introduced to the new nurse, who was astonishingly pretty.

"She is sensible and scientific, too," said Mrs. Jones, "and she says she will allow no one to kiss the baby while she is near."

"No one would want to," replied Mr. Jones.

"Indeed!" snapped the fond mother.

"I mean, not while she is near," faltered the father, endeavoring to make things better.

The nurse did not stay long.—Exchange.

BARNES OPTICAL SERVICE

We are featuring an exceptionally strong inner lined shell frame for children.

GLASSES

\$6.50 COMPLETE

Authorities claim today thousands of school children are suffering from imperfect vision—surely the greatest handicap any child can have. They are always behind in their studies. Simply because they cannot see to read clearly, their books or even their blackboard. Even slight defects will hamper them, cause undue strain, result in nervousness and take the pep out of their work. A scientific eye examination will disclose the defects, and perfect fitting glasses will correct them. Come here for complete service at the one standard price.

Oculists' Prescriptions Filled at Same Price.
