CHURCHILL WARNS OF GREAT SACRIFICES AHEAD

Says Submarine Peril Defeated

British Premier Declares Next Year "May Surpass Tragedies of Waterloo and Gettysburg"—Does Not Believe Nazi Defeat Will Come Before 1944.

By E. C. DANIEL, Associated Press Staff Writer.

London, Nov. 9. — (AP) — Prime Minister Churchill gravely proclaimed the "impending ruin" of Germany today, but with all the force of his leadership and language warned that in his belief the Nazis' defeat could not come before 1944.

He said solemnly that the campaigns of next year may surpass the tragedies of Waterloo and Gettysburg, that "unless some happy event occurs, on which we have no right to count, 1944 will see the greatest sacrifice of the British and United States armies."

The valiant and brilliant Russian offensives have wrecked the German war machine and inflicted wounds "that may well prove fatal," he declared.

The Prime Minister said the back of the Nazi submarine warfare has been broken, and that the devastating air war upon the Reich has "been one of the prime forces in the impending ruin of the Hitler regime."

In an address to the world, Mr. Churchill said:

"I am myself proceeding on the assumption that the campaign of 1944 in Europe will be the most severe and most costly to the Allies yet fought."

"We must strain every nerve for its successful accomplishment. This is no time for relaxation."

Hitler still has 400 divisions, promises a desperate struggle and "cannot exclude the possibility of new forms of attack upon this island," Mr. Churchill warned in his address at the inaugural luncheon of the new Lord Mayor of London, Sir Frank Newson-Smith.

He repeated later in his address that "the year 1944 will see the greatest sacrifice of life of the British and American armies."

"This year 1944 is also election year in the United States," Mr. Churchill said, "I am sure I speak for all those of both sides of the Atlantic when I say that I hope we can preserve that goodwill throughout the English-speaking world and aid our armies."

Mr. Churchill again expressed hope for a meeting of himself, President Roosevelt and Premier Stalin of Russia.

Mr. Churchill began speaking at 2.45 p.m., 9.45 a.m. E.D.T.—10.45 a.m. A.D.T.

Mr. Churchill recalled at the beginning of his address that in 1940 at the height of the blitz he pledged Britain would never give up the fight to liberate peoples from the Nazi yoke.

He recalled also he told a similar gathering that Britain would join the United States in war on Japan. "There is nothing wrong with that," he said amid cheers.

In the last year, he observed, there have been an unbroken series of Allied victories and the back of the U-boat campaign "has been broken."

He said the aerial campaign against Germany might well be the precursors of victory in the European struggle.

"In all these struggles on land, sea and in the air Great Britain has had the honor to bear the largest share—and pay the largest price," the Prime Minister declared.

His reference to the American troops' part in the Pacific campaign and Gen. Douglas MacArthur's role

HITLER WARNS DEFEATISTS TO BE LIQUIDATED

Indicates German Loyalty Will Be Preserved Even if It Takes the Headsman's Axe to Do It.

London, Nov. 9. — (AP) — Adolf Hitler's address yesterday on the 20th anniversary of his abortive Munich Beer Hall Putsch was generally interpreted here today as an attempt to stir the German people to a final effort and bolster morale sagging under reverses in Russia and Allied bombings.

Press commentators noted that the Führer, while voicing as usual his own confidence in victory, acknowledged that there were some inside Germany who believed defeat to be inevitable. He warned that those who lost their nerve would be liquidated, prompting the Daily Sketch to say editorially:

"Nothing that anyone could say could more damningly condemn Hitler's wicked dictatorship than his own words—that German loyalty will be preserved even if it takes the headsman's axe to do it."

The general theme of the speech, coming in the midst of a great military crisis, was that "this time there must be no 1918 betrayal of the German Army."

Hitler conceded that the German people are being called upon to bear a heavy load, but he told them that "whatever sacrifices we have to bear now they are not to be compared with what we would have to bear if we lost this war."

"I know that I demand the apparent impossible from the battlefield," he asserted, "but the almost impossible must force a decision in our favor."

The Berlin radio said Hitler spoke from a Munich beer cellar, flanked by Reichsmarschal Hermann Wilhelm Goering and Gestapo Chief Heinrich Himmler. Occasional bursts of applause could be heard on the broadcast.

BBC engineers in London said the broadcast apparently was made from a recording.

SOVIET ARMY SURGES BEYOND MAKAROV

Russians Roll Into Kiev

In one of its greatest triumphs of the war, Soviet Gen. Nikolai F. Vatutin's 1st Ukraine Army made a daring flanking maneuver and captured Kiev, capital of the Ukraine and Russia's third largest city, from the Germans, who had held it since September, 1941. The radiophoto above, flashed to the U. S. from Moscow, shows Soviet tanks rolling along Kiev's Kreshchatik Street.

DESTROY GERMAN WEATHER BASE NEAR GREENLAND

Washington, Nov. 9. — (AP) — Destruction of a German radio and weather base on an island off the coast of Greenland was reported by Frank Knox, United States Navy Secretary, today.

The small but well constructed base, Knox said, indicated a plan to maintain it permanently. It included a radio station, power house, emergency generator and machine gun emplacements and food supplies. A small supply ship anchored in the harbor had telephone communications with all principal shore points.

WIFE OF GOVERNOR EDITS NEWSPAPER

Arco, Idaho, Nov. 9. — (AP) — Mrs. C. A. Bottolfsen, wife of Idaho's Governor, still helps edit the Governor's weekly newspaper, the Arco Advertiser. She has just completed two full-time weeks on the job in this small central Idaho community. The regular editor wanted a vacation and the Governor couldn't find a substitute.

LABOR CODE TO BE DECIDED ON BY PROVINCES

Programme Would Provide for Compulsory Collective Bargaining and Arbitration in War Industries.

Ottawa, Nov. 9. — (AP) — The Federal Labor Department hoped today to gain Provincial endorsement for a legislative programme to provide for compulsory collective bargaining and arbitration in war industries.

At meetings held yesterday the Provinces expressed what a Government spokesman described as "general agreement" with the principles of the legislation. A committee was appointed to draft more detailed recommendations and report to a third meeting of Dominion and Provincial officials today.

Labor Minister Mitchell presided at the first meeting yesterday morning and outlined the broad terms of the programme. Provincial representatives had been provided before the conference with copies of the majority and minority reports of the National War Labor Board, on which the legislation is based.

At yesterday afternoon's meeting there was general discussion on various phases of the programme, which the Federal Department hopes will curb jurisdiction disputes and remove some of the conflict between labor and management.

Enforcement of the new code, which would consolidate a number of existing orders and regulations and provide penalty clauses for infringement by either unions or management, would be in the hands of a National Labor Relations

SECOND FRONT HELD PROBABLE BEFORE SPRING

Moscow Conference Increases Speculation of Invasion of Western Europe—Allied Troops Preparing to Press New Attack.

By JUDSON O'QUINN, Associated Press Staff Writer. London, Nov. 9. — (AP) — With British, American and Canadian troops girding swiftly for an invasion of Western Europe, the impression prevailed in London today that the hour for the second front promised by Marshal Joseph Stalin had been advanced materially as a result of the close military co-operation envisaged at the Moscow Conference.

Should the blow from the West fall in the immediate future, German forces reeling under the Soviet offensive would find themselves confronted with another grand assault while still fully engaged against the Red Army.

Considering the Russians' past winter successes, their drive may not pause until spring. Since the spring pause in Russia for the past two years has been a long one—beginning about April and ending in June when the ground hardens after the rains—an Allied attack during that period would lack the advantage of simultaneous pressure from the East.

Consequently, the most favorable time for an invasion of the greatest advantage to all three powers would seem to be before the spring lull, or after—and scarcely anyone here believes it will be that late.

Nazi news broadcasts have been suggesting an early Allied hop across the Channel into France from Southern England, where the Germans said an invasion fleet and troops were being assembled. Stalin's promise that the second front is near could mean that Berlin is right and an invasion is imminent—more schedules contemplated.

If an invasion from the West is

JAPS FRANTIC IN EFFORT TO SAVE RABAU

U.S. Marines Strive to Expand Empress Augusta Bay Positions on West-Central Coast of Bougainville.

Southwest Pacific Allied Headquarters, Nov. 9. — (AP) — Phosphorous bombs, which look when they first burst like tentacle octopi, then shoot forth smoke and flame, have been added to Rabaul's defenses by the Japanese, desperate for ways to prevent that key base from being bombed out of the war. But the Allied campaign moves ahead.

Headquarters, in listing losses of 63 Japanese planes within the past 48 hours, reported that 35 were wiped out Sunday at Rabaul by American bombers and fighters which bored through the bombs, 50 Zeros and a heavy curtain of anti-aircraft fire.

The heavy bombers exploded 84 tons of bombs accurately among dispersal bays and installations of the Rabaul airbase, blowing up nine enemy bombers and three fighters on the ground and shooting down 13 Zeros. The fighters, at a loss of five of their own force, shot down 10 other Zeros. Eight other Japanese planes probably were destroyed.

While United States Marines strove in torrential rain to expand their Empress Augusta Bay positions on the West-central coast of Bougainville, new craters were reported today by headquarters to have been blasted in that island's already inoperative airfields.

"Twelve Japanese divebombers moved against Allied ships off the beachhead but the attack was broken up by anti-aircraft batteries which downed five."

Enemy raids were attempted against an Allied airfield in the Markham Valley of New Guinea and Australian positions on the coast.

Kiev Break-Through Expanded By Russians To Eighty-Mile Front: British Reach Sangro River Area

8th Army Troops Occupied Torino Near Mouth of Sangro and Also Captured Nearby Town of Paglieta.

Algiers, Nov. 9. — (AP) — The British 8th Army had reached the area of the Sangro river along which the Nazis are expected to make their next stand on the Adriatic flank of the Italian front, it was announced today.

Units of Gen. Sir Bernard Montgomery's Army, advancing nearly seven miles, established themselves on positions overlooking the Sangro.

The 5th Army, which is driving for the port of Gaeta, 70 miles from Rome, made small gains in operations hampered by heavy rains.

Light bombers attacked Durazzo Harbor in Albania, scoring a direct hit on a warehouse.

German prisoners disclosed that the Nazi command planned to establish a "winter line" across Italy anchored on the Tyrrhenian Sea at the Garigliano river and on the Adriatic at the Sangro.

The 8th Army occupied Torino near the mouth of the Sangro and also took the nearby town of Paglieta. Both are in high ground dominating the river.

The Allies gained ground also in the central sector where the 8th Army's left wing, made up for some weeks by the Canadian 1st Division, has linked up with the American right wing of the 5th Army.

In pushing on into mountainous country from captured Isernia the Allies have taken Fomelli, five miles West of Isernia; Pescocostanzo, eight miles Northeast of Isernia, and are threatening Avezzano, fifteen miles Northwest of Isernia. The Germans announced during the week-end they were evacuating Agnone.

In the Mignano area, on a main inland highway to Rome near the West Coast, 5th Army forces smashed a German formation as it was about to launch a counter-attack.

Photographs taken during yesterday's big American raid on the Fiat ball bearing factory at Turin showed today that every building of the plant was demolished or damaged and made it plain that the establishment has gone out of business.

Durazzo in Albania was attacked on Sunday night, while last night

NANCY MARIGNY TESTIFIES FOR DEFENCE CASE

Nineteen-Year-Old Daughter of Sir Harry Oakes Will Be Last Witness to Support Husband's Defence Cause.

By E. V. W. JONES, Associated Press Staff Writer. Nassau, Bahamas, Nov. 9. — (AP) — Nancy Oakes de Marigny waited eagerly today for her turn to enter the witness box at the trial of her husband, Alfred, charged with the murder of her father, and testify to her complete faith in her husband's innocence.

The 19-year-old daughter of the wealthy Canadian mine-owner, Sir Harry Oakes, will complete the defence case.

But before Nancy testified, Godfrey Higgs, chief defence counsel, planned to call Leonard Keller, the criminologist who perfected a lie detector and is an authority on handwriting and fingerprints.

Keller flew to Nassau several weeks ago and examined the physical evidence in the slaying, then went back to the United States for exhaustive laboratory tests.

He is expected to give further support to the defence contention that a fingerprint offered by the Crown as one of de Marigny's taken from a bedspread in the room where Sir Harry was slain, was faked.

That theory received support from Capt. Maurice B. O'Neill, of the New Orleans Identification Bureau, who stated positively that the print in evidence—exhibit J—did not come from the screen.

This was a direct contradiction of the testimony of Capt. James O. Barker, of the Miami Identification Bureau, a Crown witness.

Thirty-Four Nations Sign Relief Pact

Washington, Nov. 9. — (AP) — President Roosevelt climaxed the signing of a United Nations relief agreement today with the declaration that it, coupled with the recent Moscow documents, shows that "We mean business in this war in a political and humanitarian sense just as surely as we mean business in a military sense."

"It is one more strong link joining the United Nations in facing problems of mutual need and interest," he said at the conclusion of a White House ceremony in which representatives of forty-three countries, including Canada, joined with the United States in creating the United Nations Relief and Rehabilitation Administration to feed, clothe, and revive war-stricken countries.

The President faced representatives of the other United Nations and those associated with them, as well as the French National Committee of Liberation, who had affixed their signatures to the document, pledging each to food and clothe the millions oppressed by the Axis and, as Mr. Roosevelt put it, to build for the future "a world of decency and security and peace."

Hon. Leighton McCarthy, Canadian Minister in Washington, signed for the Dominion.

Representatives of the forty-four countries will journey to Atlantic City, N.J., tomorrow for discussions on policies and practical means of accomplishing their stupendous relief task.

"The sufferings of the little men and women who have been ground under the Axis heel," the President said, "can be relieved only if we utilize the productive power of all the world to balance the want of all the world."

"In the U.N.R.R.A. we have devised a mechanism, based on the processes of true democracy, which can go far toward accomplishment of such an objective in the days and months of desperate emergency which will follow the overthrow of the Axis."

Mr. Roosevelt said responsibility for alleviating the suffering and misery occasioned by the German and Japanese campaigns of plunder and destruction "must be assumed not by any individual nation, but by all the united and associated nations acting together."

"No one country," he added, "could—or should—attempt to bear the burden of meeting the vast relief needs—either in money or in supplies."

The signing started at noon and thirty minutes later came Mr. Roosevelt's fifteen-minute address pointing up the historic precedent-making agreement holding forth to conquered peoples a promise of speedy rehabilitation as soon as their lands are freed.

Second Soviet Spearhead Striking Southwest of Fastav Reported Within 140 Miles of Rumanian Border.

London, Nov. 9. — (AP) — Two Russian armies commanded by Gen. Nikolai F. Vatutin, conqueror of Kiev, today were advancing westward toward the Polish and Rumanian frontiers on the heels of the shattered remnants of twelve Nazi divisions—about 180,000 men—driven from the Ukrainian capital in a four-day battle which ended last Saturday.

One Red army force was reported surging forward beyond Makarov, 28 miles West of Kiev, to within 50 miles of Zhitomir, key junction on one of the two last North-South railways available to the Germans toward the Polish border, 65 miles away.

A second Soviet spearhead was striking Southwest of Fastav, and a Russian communiqué said it was within 140 miles of the Rumanian frontier.

GERMANS EVACUATED FROM CRIMEA. Stockholm, Nov. 9. — (AP) — A Berne dispatch to the Swedish newspaper Svenska Dagbladet said today that some contingents of German soldiers already had been evacuated by sea from the Crimea to Rumania and that hundreds of Black Sea coastal ships and Danube river boats were assembled to try to rescue the trapped Sixth German Army.

The dispatch quoted some of first evacuated German soldiers as saying that Russian pressure was growing very great in the Kerch Peninsula as well as in the Perekop zone and that Soviet air attacks were increasing daily.

frontier. This drive apparently was aimed at enveloping the Germans still fighting in the area between the Dnieper River and the Black Sea.

(The German-controlled Paris radio said the Russian army had launched an assault on the Perekop Isthmus leading into the Crimea and that strong Red army forces were being used to smash the German Crimea garrison.)

Another Russian army operating far to the North in the Nevel sector was said in a Moscow broadcast to be at the gates of Polotsk, rail junction on the Vitebsk-Riga railway and only 20 miles from the Polish border.

Stockholm dispatches said the Germans were evacuating civilians from the 110-mile-wide area between Lake Imlen in Russia and Lake Peipus on the Estonian border a possible prelude to a forced German withdrawal from the Leningrad front.

A German communiqué yesterday admitted Nazi forces were engaged in a "defensive struggle against major enemy forces" in the Nevel sector.

The Kiev break-through was expanded to an 80-mile-long front with the capture yesterday of Gornatal-pol, 45 miles North of Kiev and 10 miles West of the Dnieper. Here the Russians were pinning German forces.

When we left Rome by automobile on our journey North the last train from Rome had returned to the Capital a few days earlier without reaching Florence after being bombed 18 hours following its departure.

We travelled on unfrequented roads so as not to be stopped or become involved in German military transport, where bombing danger is

Victory-Through-Air-Power Theory Getting Acid Test Against Germany

By GEORGE ZIELKE, Washington, Nov. 9. — (AP) — The victory-through-air-power theory is getting an acid test against Germany with a definite deadline—a time limit after which, if the effort fails, a ground invasion of Western Europe will go forward.

The actual timetable is, of course, a military secret.

But the deadline is the invasion date which was communicated to the Russians, Gen. H. H. Arnold, Commander of U.S. Air Forces, and Air Chief Marshal Sir Arthur T. Harris, head of the R.A.F. Bomber Command, have until that time to try to force Germany's surrender by use of air power alone.

Sir Arthur Harris in a speech last week promised ninety Nazi war centres would be shattered.

The theory here is that if forty per cent of Germany's productive capacity is knocked out, she must quit.

NORTH HATLEY TO REMEMBER ITS WAR DEAD

Adhering to the belief that the "right day at the right time" is the only proper occasion to commemorate the fallen heroes of the last war, citizens of North Hatley will gather at beautiful Memorial Park on Thursday morning, to hold a special Remembrance Day Service.

This year, North Hatley will commemorate the 25th anniversary of Armistice, always held on the same date, at the actual hour of the signing of this now famous pact. In addition to the ceremony of Remembrance this year, citizens of that lakeside community will have a double reason for turning out en masse, for they will also celebrate a Day of Thanksgiving for the overwhelming success of the Fifth Victory Loan in the North Hatley district.

Highlighting the day's events will be the attendance of the noted Band of the Sherbrooke (Rotary) No. 67 Squadron, of the Air Cadets, while the address will be delivered by Rev. Fred Williams of Sherbrooke, one of the Eastern Townships best-known speakers.

The programme is scheduled to get under way at 10:45 a. m., so that the two minutes silence will be observed at "the eleventh hour." Canadian Legion members of North Hatley Branch will have charge of the ceremonies.

not immediately possible, the chance still exists, however, that the Russian offensive and Allied Middle East forces may yet close a pincer on the Balkans. A Soviet drive to the Rumanian border would permit the three Allies with an unparalleled opportunity to pinch off Hitler's Southeast salient quickly, join forces across a 500-mile front along the Black Sea and drive the Germans back into Germany.

A dispatch from Istanbul said today Germany was reported to be reorganizing her Aegean Command and bolstering Southeastern European defenses. It added Field Marshal Maximilian von Weichs, Commander of the armies in Southeastern Europe, was said to have inspected coastal defenses, giving particular attention to the Salonika area in Greece.

brought applause. Russian valor and generalship and science have wrecked the Nazi war machine, he asserted, and inflicted wounds "that may well prove mortal."

"We and our American allies have done our best to bring our forces across the seas and put them into action against the enemy."

"But the outstanding triumph of this year has been the Russian advance, liberating so much of Russian soil from the foul invader," he said. This, too, brought a roll of applause.

"The air attacks on Germany have been one of the prime forces in the impending ruin of the Hitler regime."

"We all have been cheered by the results of the Moscow conference and we look forward to welcoming back in the next week or so our Foreign Secretary (Anthony Eden) from his successful mission."

He called U.S. Secretary of State Cordell Hull "that gallant American eagle."

Referring to his 1942 speech on the same occasion, Mr. Churchill said:

"Last year, in 1942, I thought it right to say I did not consider it any part of my duty to liquidate the British Empire. I do not conceal from you now that I hold the same opinion today."

Mr. Churchill described the main Allied task that of "beating down into dust" the Hitler regime.

"The campaign of 1944 in Europe will be the most severe and costly in life that we have ever experienced," he said, "this is no time for relaxation and rest."

He said Hitler and his retinue are

PARTISANS IN GREAT VICTORY OVER GERMANS

Several Nazi Garrisons in Croatian Province Wiped Out in Offensive Action by Patriot Units.

London, Nov. 9.—(C)—Several German garrisons holding strong-points in the Croatian Province of Zagorje North of Zagreb have been wiped out by Yugoslav partisan forces and other patriot units are continuing offensive operations in Serbia, Montenegro and Dalmatia, a communiqué of the Yugoslav Liberation Army said today.

The communiqué, broadcast by the Free Yugoslav Radio, said that partisan troops were steadily pushing the Germans back in a fight for Peljesac peninsula on the Adriatic Sea. Indecisive action was reported in Bosnia and some portions of Croatia.

Meanwhile Gen. Maitland Wilson, British Commander-in-Chief in the Middle East, said he had learned that certain Yugoslav guerrilla groups were "helping the Germans in their vain attempts to subdue the forces of liberation," and warned that they would be regarded as "traitors to their own people and enemies of the United Nations."

Wilson said he heard that "certain men are dishonoring the name of Chetnik and helping the Germans." These men are shamefully betraying the cause of their country and adding to this shame by claiming their actions have British approval.

Wilson did not mention Gen. Draja Mihailovic, Minister of War in the Yugoslav Government and commander of patriot forces with which the Chetniks have hitherto been identified.

Col. Emile Levesque Lauds Work Of Auxiliary Services Among Soldiers

Lt.-Col. Emile Levesque, O.C. of the Valleyfield Training Centre, who recently returned from Overseas, told members of the Lions Club last night that the work being done by the Auxiliary Services was deserving of high praise. He said that every camp had its huts, represented by the Y.M.C.A., the Knights of Columbus and the Salvation Army, and that these did not compete against one another but worked together in such a way that complete recreational facilities could be given the men in the camps. If one camp took care of the recreation, dances and social activities, another organized a library, installed the telephone and telegraph systems and furnished paper and ink for the writing of letters.

Speaking of the people who operate these huts, Col. Levesque said that they work tirelessly in trying to meet the requirements of the men and he added that as far as he could see these men and women deserved as much rest and attention on their leaves as any of the others. These places of refuge for the men on off-duty hours are also assisted by the people of Britain who leave their names so that when a man goes on leave he has a place to stay and he has to do it cheerfully, and the services will see that he gets there.

Describing the impressions which he had on first arriving in the Old Country, Col. Levesque said that it was not what he had anticipated, and he had expected to see the shores and as a matter of fact the whole island bristling with defences. On arriving on the other side after an uneventful crossing he said that he found England much as he had left it in 1937, except that there were a few bomb scars. He said that the people were not changed a bit and that their spirits were high.

"I visited many of the camps in the country and I met many officers and men from all the Allied countries. A great friendship exists between all the members of the Allied armed forces and they are impatiently waiting for the zero hour to come so that they can get a crack at the Germans."

Speaking of the physical condition of these men and particularly of our own Canadian fighting forces, he said that they were unexcelled. He said that these men go through manoeuvres in one day that many would seem impossible in a week. Thirty mile a day route marches in the worst time of the year under the worst conditions, crawling through mud and with live bullets whistling over their heads is only a sample of what these men are undergoing, let alone the toughening up exercises and the assault courses that they are put through. As a result of all this training they are all equipped for the big fight and nothing that the Germans can bring forth will frighten them, and nothing short of a direct hit will stop their advance. The morale of the men from this country, who are working so hard, is better than that of any of the other troops, and while all the men admit that they are lonesome and want to return home they add that they will not leave until the job has been finished.

Brace Malcolm, the Field Secretary of the Lions Club, was also present at the meeting and congratulated the members of the club on the fine work that they were doing. He said that he was proud to be called the father of such an active club. He told the members that they were now a tried and tested part of the great organization. A minute's silence was also observed in respect to Lucien Gingues, a member of the club who was accidentally killed last week.

Col. Levesque was introduced to the club by Albert Charpentier and was thanked by Judge Dalmé.

During the meeting an invitation for all Lions and their wives to attend the Catholic Charities drive dinner today was read by President Cecil Dunn.

THIRTY-FIVE DONORS ATTEND BLOOD CLINIC

Thirty-five donors were present at the clinic held by the Red Cross at their headquarters on Dufferin Avenue yesterday. This number still does not meet with the requirements of the officials at the bank but since the clinics are being held at shorter intervals the decrease in the numbers of donors is being made up in this fashion.

Nineteen helpers were on hand for yesterday's clinic and four doctors were also in attendance. Among those who assisted were Mrs. J. R. Vincent, Mrs. G. Bryant, Mrs. T. Saunders, Mrs. H. S. Ellis, Mrs. D. O'Keefe, Mrs. C. Campbell, Mrs. H. MacCallum, Mrs. G. Burt, Miss A. Armstrong, Mrs. C. Wright, Miss P. C. Ives, Mrs. A. C. Stevens, Mrs. D. Stevenson, Miss V. Dorché, Mrs. J. Byrd, Mrs. S. Jameson and Mrs. W. Varney. The doctors who were present for the session were S. Marcus, H. S. Ellis, H. Einbinder and A. C. Hill.

Among the donors present were: B. Matly, H. Davidson, A. McClinton and W. Cote, Lennoxville; L. E. Marcotte; Gaston LeDoux; Irwin Greenleaf, and Charles Hess, Windsor Mills; S. B. Stewart; J. Rives and C. Reed, North Hatley; Harry Williams; Mrs. T. E. Palmer, Sawyerville; Clifford Beaudreau; Mrs. N. Wood, K. Johnston and Ruth Weston, Bawber; Mrs. N. Grandin; Alice Byrne, Richmond; Miss B. Record Will Give Prize Of Ten Dollars Each Night To The Person Capturing Him

The Sherbrooke Record "Mystery Man" will be back at this year's Rotary Fair. For several years this mysterious Personage added interest to the Fair activities, but the past couple of years he has been conspicuous by his absence. This year, as a result of popular demands, he will be back in full force and for three nights will roam among the throngs at the Belvidere Street Armory.

From eight to eleven o'clock on the nights of Thursday, Friday and Saturday, November 18th, 19th and 20th, he will defy capture. Freely he will walk among the people and will definitely be at the Fair during the announced hours. He will not participate in the Saturday afternoon activities.

Each night he will give a ten dollar bill to his captor.

The rules are simple, but must be strictly adhered to. The procedure is this: Have a copy of that day's issue of the Sherbrooke Record prominently displayed in your hand; challenge the person suspected of being the "Mystery Man" with this term: "You are the Sherbrooke Record 'Mystery Man'." Say nothing further. Do not ask if he is the "Mystery Man," but make the definite challenge using the exact words "You are the Sherbrooke Record Mystery Man." If the proper person has been challenged he will immediately admit that he is the "Mystery Man" and will take his captor to the Fair Treasurer who will hand out the ten dollar prize. In the event of the "Mystery Man" eluding capture the ten dollars will be given to the Fair.

The "Mystery Man" can be any age over eighteen and the contest is open to all Fair visitors with the exception of employees of the Sherbrooke Record or members of their immediate families.

MANY ITEMS OF BUSINESS AT W.A. MEETING

The November meeting of the Women's Association of the United Church was held at the Parsonage on Church Street. "The Church is one Foundation" was chosen as the opening hymn, following which a thanksgiving prayer as published in the "Observer" was read.

Mrs. R. S. Lipsey presided and the secretary, Mrs. W. J. Lane, read the minutes of the previous meeting which were duly approved. The financial report was given by the Treasurer, Mrs. A. E. Abercrombie.

Plans were completed for a rummage sale to be held in November, also for the Christmas supper and sale in December.

Following the business session the meeting took the form of a social hour when a Quiz, conducted by Mrs. N. D. McLeod, proved most interesting. Two humorous readings were given by Mrs. DesRuisseaux and were much appreciated following a delightful time of social intercourse. Refreshments were served by a committee of Mrs. N. D. McLeod, Mrs. W. A. Henderson, Mrs. A. E. Abercrombie and Mrs. W. A. Hyndman, assisted by several other members.

Three-Star "V" Flag Presented To Hall Machineries For Loan Drive

A three-star "V" flag—the highest award of the 5th Victory Loan campaign—earned as a result of ninety-seven out of a hundred employees subscribing \$11,400 on a \$6,500 quota, was presented to employees of the Hall Machineries, Ltd., at a ceremony last night at the plant. The presentation was made by D. J. Salls and Louis J. Codere, Joint Chairmen of the Sherbrooke County National War Finance Committee, to Miss Hilda Wood and Melite Gautreau who accepted the pennant on behalf of the workers.

Miller Hall, General Manager of the firm, opened the ceremony by expressing his appreciation on behalf of the company to employees in supporting the Fifth Victory Loan drive. "All of you have made an excellent investment by subscribing to the loan and by doing so supported your country," he praised the splendid record which was established by Howard J. Moffatt, Chairman of the plant drive, and the four plant canvassers, Mrs. Mildred Wheeler, George Heath, Arthur Milnes and Richard Mead, for their untiring efforts.

The ceremony was then turned over to George Hall, plant Manager, who also extolled the planning and detailing methods of securing subscriptions by Mr. Moffatt and his assistants. "The success in the shop is due to the work of Mr. Moffatt, who planned the drive, selected the canvassers and made all necessary reports," said George Hall.

He felicitated the canvassers and added that the results were attained through the whole-hearted cooperation of the employees. Mr. Hall then called upon Mr. Moffatt, who came to the platform which was adorned with flags for the occasion.

Mr. Moffatt said that the results of the Fifth Victory Loan subscriptions have followed the usual upward trend of endeavor evidenced throughout the present war by the management and employees of the company. "This company in 1940 with 35 employees accepted its first contract to produce munitions," stated Mr. Moffatt. "We have produced munitions steadily since that date, and today have one hundred employees, 75 per cent of whom are directly engaged on war work."

"The employees' subscriptions to the Victory Loans have paralleled this upward trend, as shown by records, tabled by Mr. Moffatt."

Second Victory Loan (March, 1942), total employees, 71; number of subscribers, 34; percentage, 48; objective, \$2,975, amount raised \$9,050, percentage 305.

Third Victory Loan (October, 1942), total employees, 89; number of subscribers, 64; percentage, 71; objective, \$3,750, amount raised \$6,900, percentage 184.

Fourth Victory Loan (April, 1943) total employees, 107; number of subscribers, 83; percentage, 77; objective, \$6,900, amount raised \$8,900, percentage 129.

In the Fifth Loan, there were 97 out of a hundred employees who purchased bonds, which resulted in an oversubscription of 75 per cent on a quota of \$6,500, or \$11,400.

Speaking in French and English, F. Robichaud, Victory Loan official, lauded and thanked the employees for their contribution to the war effort. "Three weeks ago I was here at the opening of the plant drive and mentioned that you would attain 90 per cent of your goal, but you have bettered my guess and raised it to 97 per cent."

Mr. Codere also spoke briefly in French, being followed by Mr. Salls. The latter speaker said that although Sherbrooke had a quota of \$1,600,000 in general sales, it had reached \$1,900,000 (at the end of yesterday's returns) and explained that sporadic returns would bring the general subscriptions close to the two-million-dollar mark.

"You should all feel proud to have contributed to these results," Mr. Salls said. However, he warned the employees to "hang on to those bonds." "By all means don't sell them and you'll find that you have made a marvellous investment," he added.

A fifty-dollar Bond raffled by the company was won by J. F. S. McCaw, the name being drawn by Mr. Salls. Mr. Gautreau was the winner of a five-dollar War Savings Certificate.

A. L. Kidd, another member of the National War Finance Committee, was on the platform, along with the others.

GOOD SEASON REPORTED BY MUSIC GROUP

The annual general meeting of the L'Union Musicale and its two affiliated organizations, L'Alliance Francaise and La Societe des Amis de Marie Chapdelaine, was held last night at the association's headquarters on Marquette Street. These bilingual associations have as their purpose the furthering of cultural and musical endeavour in this district.

At the beginning of the business session, Leonidas Bachand, a prominent member of L'Union Musicale, reported a comparatively good season for the Society. Although the war had necessarily interfered with the operation of this, as well as every other organization, he was confident that it was now going through its worst period of trial and that next year would see an improvement.

After the minutes of the previous meeting were read and approved, the members heard an encouraging financial report. The Association is supervising the musical education of a fairly large class, composed entirely of girls and after the war it is hoped that a number of boys will join the class.

The election of officers was the next item on the agenda, and with the exception of the office of treasurer, the same office-holders were re-elected, as follows: President, Mrs. L. E. Codere; Vice-President, Mrs. F. H. Bradley; Second Vice-President, Charles-Emile Bachand; Third Vice-President, Mr. Justice C. White; Fourth Vice-President, Leonidas Bachand; Secretary, Miss Ezlantine Bernier; Assistant Secretary, Miss Marie Berthe Dion; Treasurer, Eugene Tanguay; Auditor, Charles Emile Belanger; Stage Manager, Jacques Landry.

The new executive members are: L. P. Robidoux, E. Lefebvre, L. O'Neill, and L. N. Audet.

The directors of the L'Union Musicale are as follows: Miss Stella Beaud, Mrs. A. Brunelle, Miss M. A. Couture, G. Duberger, Dr. and Mrs. A. N. Dupuis, Dr. F. O. Call, J. K. Flaherty, Prof. H. H. H. Greer, M.A., L.L.D., A. Rogor, A. Belanger, J. Ouellet, Mrs. J. R. Boisvert, Mrs. L. O'Neill, E. Germain, W. Gibson, R. Genest, and Quevillon.

L'Alliance Francaise will have the following officers for the coming year: President, Leonidas Bachand; Vice-President, Prof. J. D. Dufour; Second Vice-President, C. E. Bachand; Third Vice-President, L. P. Robidoux; Fourth Vice-President, E. Germain; Secretary, Miss E. Bernier; Treasurer, E. A. Tanguay; and Auditor, C. E. Belanger.

The new officers of La Societe des Amis de Marie Chapdelaine are: President, L. P. Robidoux, and Secretary, L. O'Neill.

CLASSON MILLS GET V-FLAG AT PRESENTATION

D. J. Salls and Louis Codere, Joint Chairmen of the Sherbrooke County National War Finance Committee today awarded a three-star "V" pennant to employees of the Classon Knitting Mills, who subscribed \$7,800 on a quota of \$3,100, or an over-subscription of 150 per cent.

The employees of this firm registered highest percentage of any plant in the city, according to Victory Loan officials of the Fifth War Loan campaign.

They said that more than ninety per cent of the employees invested in bonds, which qualified for the highest award of the drive, coupled with the surpassing of the goal.

The presentation ceremony was held at the plant.

CHARITY DRIVE IS ENCOURAGED BY D. J. SALLS

"One of the many things that the war has taught us in that the old saying 'it is more blessed to give than to receive' is really true, and Sherbrooke enjoys a wonderful reputation for her very generous response to all demands for war services, but as an important part of our war effort, we must keep the home fires burning, and this is exactly what the success of this campaign will help to do."

These words were spoken by D. J. Salls in support of the Catholic Federated Charities Campaign which was officially opened on Sunday.

In his address Mr. Salls pointed out that the objective set by the Federated Charities this year is \$78,000 which is equivalent to the amount collected last year. He said that the success of the Home Services Campaign and the Fifth Victory Loan was sufficient proof that the money was available to support all worthy causes in this community.

The speaker went on to say that these charitable institutions were taking the step forward to try to make Canada better after the war and that if all they needed was a little financial assistance surely the public could come to their aid.

In closing Mr. Salls said that while no one enjoyed having to make appeals for funds, it was nevertheless something that had to be done and he concluded by asking the English-speaking population of the district to be as generous as possible when approached.

MARRIAGES

HAMILTON-HALL

Among late autumn's prettiest weddings, and an event of wide-spread interest, was the marriage of Marion Jane, daughter of Mr. and Mrs. Edward M. Hall, of Sherbrooke, to Mr. Frank Alexander Hamilton, of Winnipeg, Man., son of Mr. and Mrs. John A. Hamilton, of Winterville, Alta., which took place at the residence of the bride's aunt, 107 Prospect Street, at four o'clock on Saturday afternoon, November 6th, the Reverend G. Eilery Read, D.D., Pastor Emeritus of Plymouth Church, officiating.

Varied chrysanthemums, the season's loveliest flowers, were used to decorate the already attractive living room, where the ceremony took place, tall standards filled with the same colorful blooms forming an ideal background for the bridal party.

Miss Alice Campbell played the wedding marches, presiding at an antique and very handsome melodeon, a much cherished family heirloom.

The bride was given in marriage by her father and looked very lovely in a graceful floor length gown of Heaven blue crepe fashioned on

Princess lines with a sweetheart neckline and long sleeves ending in points over the hands, the waist and hem lines being scalloped.

Her veil of matching tulle was caught at either side with pink Delight roses and she carried a shower bouquet of the same flowers with bouvardia.

Her only ornament was a necklace of pearls.

Mrs. Leonard Gillam, as matron of honor, was her sister's only attendant, and was wearing a slipper length frock of powder blue crepe with bracelet length sleeves.

She wore Happy Day roses in her hair and carried an arm bouquet fashioned of the same fragrant blooms.

Flying Officer John M. Whitley, R.C.A.F., Bagotville, acted as best man.

Mrs. Hall, the bride's mother, was becomingly gowned in black crepe, the bodice having an inset yoke of turquoise. A black hat and accessories, and a corsage of Johanna Hill roses completed the chic ensemble.

Miss H. W. Morse, aunt of the bride, wore a black crepe dress with a matching hat, and a corsage of dark red roses.

Miss Sara Hall was also wearing a black crepe dress, trimmed with embroidery of blue beads, a black hat with tulle trim and a corsage of yellow roses.

Miss Eva Hall wore a smart two-piece ensemble of caramel crepe, self braided in a darker tone, a seal brown hat and accessories, and a corsage of Talsman roses.

An informal reception followed the ceremony, and later delectable refreshments were served in a buffet in the candlelit dining room where a three-tiered wedding cake, topped with Sweetheart roses, centered the bride's table which was charmingly done with white baby mums in small silver vases and lighted white candles in silver candlesticks.

White candles in silver candelabra were artistically arranged on either side of a silver buffet filled with white mums on the buffet.

Later the bride and groom left for Montreal and Toronto on route for Winnipeg where they will reside, the bride travelling in a two-piece dress of coolie-green crepe, under a top coat of brown tweed, and

wearing a small brown hat with veil, matching accessories and a corsage of pink Delight roses.

The bride was given in marriage by her brother and wore a street length dress of light blue crepe, with matching accessories.

Miss Norma Evans acted as bridesmaid and she wore an air-force blue silk crepe dress, with navy accessories.

The best man was Sgt. Air Gunner Alden Peacock, R. C. A. F., also of Halifax, N. S.

Robinson and the late Mr. Robinson, of Lower Ireland, Rev. Adey officiating.

The bride, who was given in marriage by her father, wore a street-length dress of King blue sheer crepe with navy accessories and carried a beautiful bouquet of budalita.

The bridesmaid, Miss Marjorie Nugent, sister of the bride, was her only attendant.

Mr. Bernard Robinson, cousin of the groom, acted as best man.

Following the ceremony, the bride and groom with intimate friends went to the bride's home, where a buffet lunch was served. The dining room was prettily decorated for the occasion with the wedding cake in the centre of the table.

Tired, Stinging Eyes Brighten in Dark Room

RISE STEVENS: Clear-eyed.

BY ALICIA HART

With so many more women doing close work, my mailbag contains more and more letters telling how tired and stinging their eyes are at the end of the day, and asking what to do about it.

Rest and exercise are the best cures. On your lunch hour, for instance, take five minutes out to rest your eyes—in a dark room, if possible. Otherwise, turn your back to the light and keep them closed just a bit longer.

"One of the simplest exercises, and most effective in relieving eyes tired from close focusing, is rolling them," says opera and screen star RISE STEVENS, whose own bright and expressive orbs attest to its effectiveness.

Rise, who will next appear with Bing Crosby in "Going My Way," recommends that you do the exercise in a softly lighted room and use a coin to complete the round.

"Holding the coin in front and slightly above your head, slowly complete a circle with it, following its movement with your eyes. Continue around five times. "Then," the star adds, "close your eyes for several seconds, and repeat the exercise in reverse."

FITCH BAY

A jolly Halloween party and supper was held in the Community Hall when a large crowd was present to enjoy a bountiful supper and an evening of games.

of this project for many years, and it was with great regret that her resignation was accepted. Mrs. Hume stressed the need for new books to carry on this work. Mrs. Calvin Boland was nominated as Hospital Library Convener. The Library will be looked after for the month of November by Mrs. M. W. Mitchell and Mrs. J. A. Donald.

The Regent announced that a wreath had been ordered to be placed on the Cenotaph at the regular service held there.

A request was made for clothing for the Lawrence Colony, particularly for a 14-year-old girl, and for boys from six to ten years of age. It was moved that \$10 be voted to be used for Christmas cheer at the Colony and Mrs. Harbert offered to see if she could collect any toys to be sent at the same time.

All books for the fur raffle that have been completely sold, or books which have not been touched are to be turned in immediately, and all other books and money to be returned to Mrs. Donald by November 20.

The name of Mrs. W. R. Fritzsche was proposed for election and accepted.

At the conclusion of the meeting light refreshments were served by the hostesses, Mrs. Donald and Mrs. Tomkins.

An interesting address was delivered by Rev. D. J. Munn, Pastor of the Church, while Miss Irene Salls read a prayer and Mrs. Beerwort read the scripture lesson. Congregational hymns and an anthem by the choir constituted the musical programme. About fifty-two persons were in attendance and a pleasant evening was enjoyed by all.

Mr. and Mrs. Leslie Davis, of Hartford, Conn., Mr. and Mrs. Watson Miller, of Clarenceville East, and Mr. and Mrs. Marshall Young and Mrs. Alex Derick were dinner guests of Mr. and Mrs. Leon Derick.

Pte. Kenneth G. Lewis, who has been overseas for more than a year, has just been made a corporal in England.

Miss Deryl Monaghan, of Granby High School, was a guest of her parents, Mr. and Mrs. Hugh Monaghan.

Mrs. W. F. Lee, of Sweetsburg, visited at the home of her daughter, Mrs. Herbert Miller. She was accompanied by her son, Guy, of the R.C.M.P., of Brandon, Alta.

Mrs. Harold Derick, of Montreal, was in town one afternoon. She returned to the city in the evening, being conveyed as far as St. Johns by Mrs. D. J. Munn.

Mr. Earl Curtis, his wife and two daughters, of New Haven, Conn., spent several days at the Curtis home on South Street.

Mrs. Weesie Salls and daughter, Irene, have moved from their former residence into the house lately occupied by Mr. and Mrs. Wilfred Vosburg.

Mr. O. M. Derby, who was confined to the house for several days with a severe cold is now feeling much better and is able to be outdoors again.

Miss Alva Struthers, who has been visiting friends in the Eastern Townships, has returned to her home in the village.

Mr. Edward Mosher has received his second call-up for military examination in Canada.

Sgt. Jean Perreault, who is on a leave of absence is a visitor at the home of his parents, Mr. and Mrs. John Perreault.

Miss Myrtle Greene, who has spent a few weeks in Knowlton and

Bedford as a guest of Mrs. Z. A. Chrysler and of her daughter, Miss Henrietta Chrysler, has returned to her home in the village.

Mrs. Kenneth Lewis and his sister, Miss Alma Brown, both of Montreal, were guests of their friends in Clarenceville.

Mr. Robert Henderson, a recent pastor of the Clarenceville Baptist Church, is the leader of the "Loya Opposition," in the Ontario Olds Boys' Parliament, which is to meet in Kitchener, Ont., during the last week in December.

Mr. and Mrs. Marshall Young celebrated their sixty-first wedding anniversary on Monday, October 18. The celebration took place in their own home and was attended by Mr. and Mrs. Herbert Chilton, Mr. and Mrs. Leon Derick and Mr. George Collins. Heartly congratulations and best wishes are tendered to the happy couple.

There were no Halloween pranks performed in the village this year owing to the fact that the Council provided a free dance for the young people instead. The dance was well attended and quiet prevailed throughout the town and surrounding country.

Mother Not to Blame for the Children's Colds

Despite all the mother can do the kiddies will run out of doors not properly wrapped up; have on too much clothing; get overheated and cool off too suddenly; get their feet wet; kick off the bed clothes, and do a dozen things the mother cannot help.

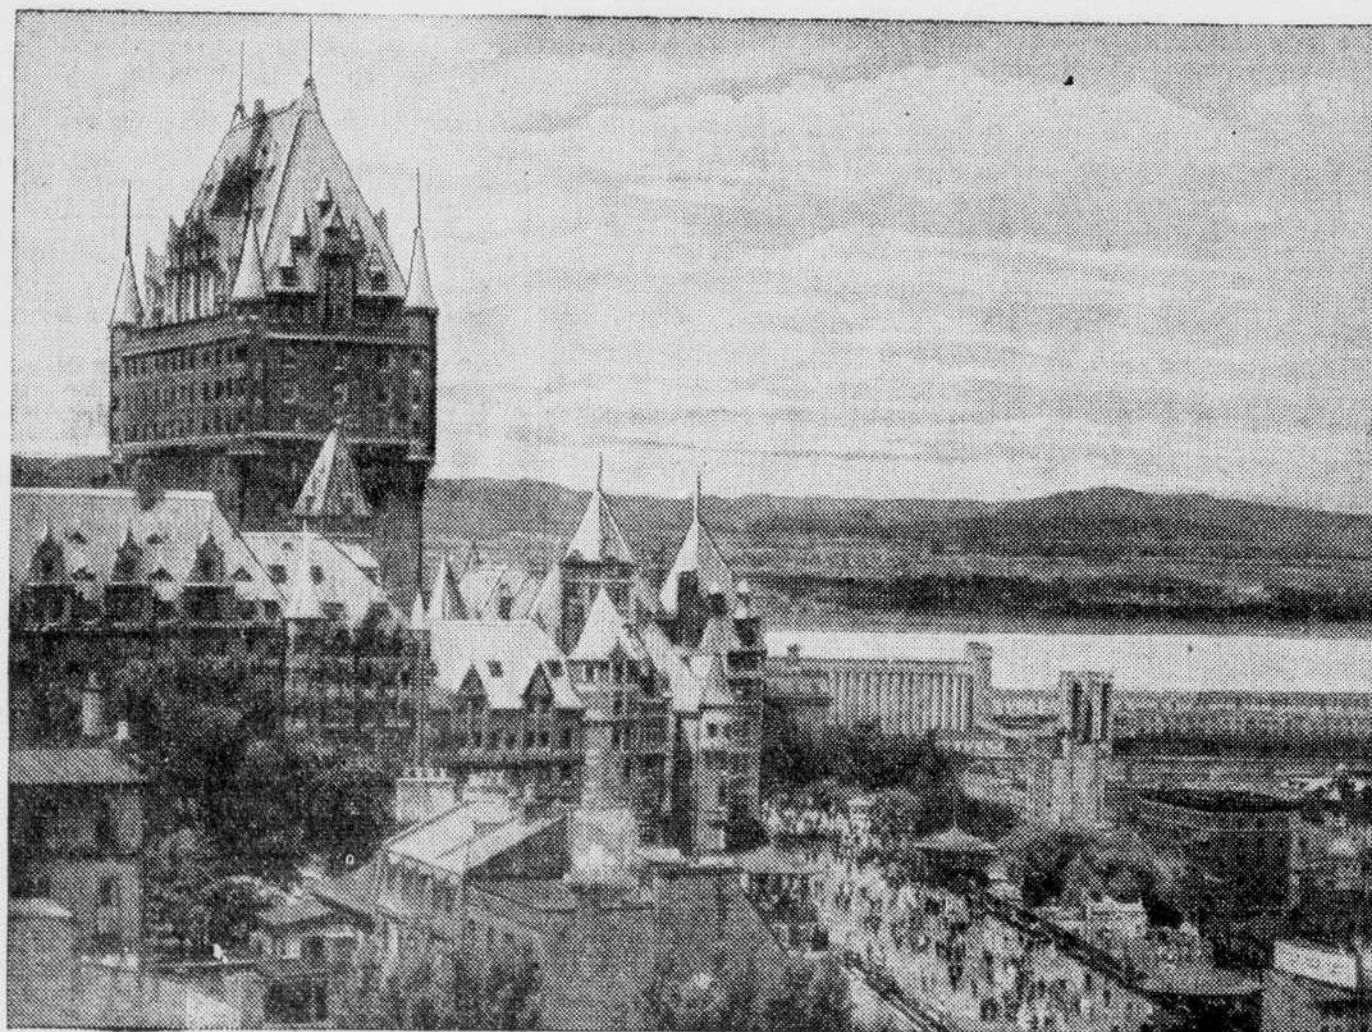

Half the battle in treating children's colds is to give them something they will like; something they will take without any fuss, and this the mother will find in Dr. Wood's Norway Fine Syrup, a remedy used by Canadian mothers, for the past 43 years.

Price 35c a bottle; the large family size, about 3 times as much, 60c, at all drug counters.

QUEBEC PRODUCES FOR WAR

Chateau Frontenac and Terrace.

Quebec can well be proud of its tremendous war effort. Every day in ever increasing quantities, materials for war surge from the production lines of Quebec's many war plants.

Every worker, in mine and factory, field and office, pledges not only his or her unceasing labour, but also, the purchase of Victory Bonds to help pay for the materials needed to help our fighting men.

QUEBEC CITY—DOES IT'S SHARE!

Quebec City... is producing for War! Towering in majesty over the vast Saint Lawrence, Quebec City, while remembering the glories of its past, is vividly aware of its importance to the future. Along its historical streets, past centuries-old houses, stream armoured cars and marching troops and the thousands of tons of war goods—produced in Quebec City—for allied fronts all over the world.

Wherever our boys fight, there will be found the products fashioned by the citizens of Quebec City—such vital war materials as cargo ships and corvettes... tank and aeroplane parts... guns and ammunition... medical supplies... precision machine tools... uniforms, footwear, textiles of all kinds—and these are just a few of the war goods produced on the shores of the Saint Lawrence to help arm, clothe and feed our fighting men.

Quebec City... pays her way! In the last Victory Loans, the people of Quebec City subscribed the magnificent total of \$47,694,100—a grand tribute to the future and freedom of Canada, from people who devote not only their whole time and energy to the production of the materials needed to Speed the Victory, but who, also, willingly assume their share of war's cost.

It was fitting that Quebec City, where people who once fought each other and now live side by side, should have been selected for the historic Quebec Conference. Here, in Quebec City, met two famous champions of freedom—Churchill and Roosevelt—to plan the downfall of our common enemy. Thus, to Quebec's already honoured record is added the Quebec Conference—meeting place of democracy on the march to the Victory and Peace, to which the people of Quebec City have contributed in so large a measure.

Published that neighbours may know of each other's contributions to our common War Effort

'PERSONALITY' IS THEME OF TALK TO MAGOG CLUB

Mrs. G. M. Charland, of Sherbrooke, Gives Interesting Address to Fifty Women Present at Gathering Held in Home of Mrs. E. Sewell.

Magog, Nov. 9.—Mrs. Charland was the guest speaker at the Community School, and her subject was "Personality." She and her husband collaborated in writing the new book, "Facts and Fancies."

In her address, she referred to it when mentioning the value and uses of the soy bean. She believed that diet and personality were very much related. She stated that if one maintained plenty of iron iodine and Vitamin B in his diet that nervous disorders and nervous reactions would be in control. She described life here as a training school for a larger and fuller life in the hereafter. When we have burdens or emotional crises that seem too difficult for us to cope with, we can find an outlet in making ourselves busy at something which requires our whole attention. It eases the nervous tension. We must each find our individual outlet.

After her address, the audience was given opportunity to ask questions, which Mrs. Charland graciously answered.

Rev. P. Mattheus, as chairman, thanked the speaker for her interesting address.

General Notes
The last meeting of the 1925 Club was entertained by Mrs. E. Dewell at her home on Main Street. There were about thirty ladies present, and Mrs. Whalley conducted the meeting.

Plans were made for the annual Christmas sale, and work was distributed to members for sewing. During the evening Mrs. E. Swoger, on behalf of the Club, presented Mrs. Fred Paley with a lovely pair of gloves as a farewell gift as Mrs. Paley is leaving Magog to make her home in Montreal for the duration. Mrs. Paley thanked her friends for their lovely gift and expressed the hope that her name would continue to be on the roll in the Club. The meeting concluded with the serving of refreshments by the hostess.

Fredric March and Betty Field in "Victory," starting tomorrow at the New Premier Theatre.

At The New Premier

One of the greatest novels written comes to the screen at the New Premier Theatre tomorrow in "Victory," Joseph Conrad's stirring tale of adventure and romance.

In the starring roles, Fredric March and Betty Field give their best performances. March, as Heyst, who hides from the world by fears, and Miss Field, as Alma, whose love helps him conquer his fears, are brilliant. Both penetrate to the very essence of the characters Conrad created.

The same strange atmosphere that pervaded the book, the odd characters, the hair-raising adventures, the supposedly beautiful love scenes, are all here in this picture which Paramount has brought us.

The story, of course, is set in the enchanting Java Sea, and the picture has captured all the qualities of the locale that Conrad intended. The handsome Swede, Heyst (Fredric March), cynical and disillusioned, prepares to retreat from the world to his lonely island, Sambaran, when he meets Alma, the pianist in a

W/O2 Dennis J. Veasey, son of Mr. and Mrs. E. H. Veasey, Laurier Avenue, who is a prisoner-of-war in Germany, is shown at extreme right in the second row in the above picture, which was sent from Germany to his parents.

A former student of St. Patrick's Academy, W/O Veasey enlisted in the R.C.A.F. as a wireless air gunner in September, 1940, when he was just eighteen years of age. Prior to enlisting he was an employee of the Canadian Silk Products, Limited. Leaving Montreal on November 6th, of the same year, he proceeded to Brandon, Man., and was in training at Medicine Hat, Calgary, and Macdonald Bombing and Gunnery School. He graduated as a Sgt. Wireless Air Gunner in October, 1941, and proceeded Overseas the following month. In 1942, he was promoted to the rank of Flight Sergeant and later Warrant Officer. THE FUNDS of the depositor are the first concern of Canada's Chartered Banks.

Canada's Chartered Banks are the proud custodians of more than 4,350,000 savings deposit accounts. These accounts, averaging \$391, represent the work and thrift of you

and your neighbours—of heads of businesses and heads of families.

Naturally, the first concern of these depositors is that their money, or any part of it, shall be available when called for. That is the banks' first concern, too. The Bank Act specifies the types of transactions in which the

Chartered Banks of Canada may engage. But it is the banks' responsibility to analyze the assets and prospects of the intending borrower. They must be such as would satisfy you if you were asked to lend your money.

Funds deposited with the Chartered Banks form the basis for loans to individuals, businesses, institutions and Government. Your savings thus help to sustain business activity and the general welfare of the nation.

EDUCATIONAL ADVANTAGES IN THE EASTERN TOWNSHIPS

NATIONAL EDUCATION WEEK

"EDUCATION FOR VICTORY"

Wartime Training For Post-War Living

NOVEMBER 7 - 13

Education Week Is Observed Among Schools In Townships

Fortunate indeed is the Eastern Townships in being able to boast of so many splendid schools, equipped to give the ultimate in educational advantages to the children of its respective communities. Few can realize, without visiting the schools and actually seeing the accomplishments and innumerable facilities that the various school boards have provided that the schools of this section of Canada really lead the way to educational success in the Dominion.

To permit the parents and friends to see for themselves just how the schools of the Eastern Townships are leading the way for better learning, the Provincial Association of Protestant Teachers is this week co-operating with the Dominion Association in the observance of National Education Week. This is an annual feature in which the work in the various classrooms is open to public inspection, and enables the parents to actually see their children at work, and acquaint themselves with educational standards of the present day.

Canadian youth is being prepared to meet life's problems and prepare for victory. Never before in history have the great leaders throughout the world realized the extent of the power and vast importance of education.

The armed services have a growing educational scheme to prepare men not only for the army, navy and air force, but for a place of usefulness after the war has been won. School authorities everywhere have been urged to make changes for the good of education. Various educational survey committees have been studying existing systems and making recommendations for their improvement. The Province of Quebec has for the first time made education compulsory for children to the age of fourteen.

Everywhere great emphasis is being given to the education and guidance of youth. The world has been rudely shocked at Hitler's ability to develop, in so short a time, an evil Germany through the absolute control of the education of its youth. This same power in youth exists still everywhere. It is up to the educationalists of today to make the best use of this opportunity and direct this power away from evil along the path of good, to develop to the best of their ability the citizens who can assume the responsibility of carrying out the spirit of the four freedoms when peace returns to a war-weary world.

Those who are concerned with education at this time must arouse even greater interest in their children's education during "National Education Week." The Education Week Committee have completed plans to aid in every way possible the observance of this week. All schools have prepared special Education Week programmes, and will cordially welcome all who wish to visit the classrooms during the present week.

Even those who are past school age, or are unable to attend school for one reason or another, are offered special opportunities at this time through the medium of special correspondence courses which enable them to equip themselves for a post-war career.

What do YOU want — A JOB or a CAREER?

Canadian industry is providing jobs for thousands upon thousands of men—but only a few will succeed in building these war-time jobs into successful, life-time careers. Who are they? We can tell you. They are the men who are using their leisure time now to acquire the specialized training which will fit them for key positions later on.

During the past half-century, four million men and women have had the benefit of the specialized training supplied by I.C.S. Faculties. From the 100,000 students who are today enrolled in the I.C.S. will come many of tomorrow's leaders.

If you can read and write and are willing to study, I.C.S. can help you to success and higher earnings. Reasonable terms for tuition fees may be arranged and expert vocational guidance is available on request.

HILLCREST SKI SCHOOL NEAR COMPLETION

Officials Announced Opening At Meeting Held Last Night

It was announced at the first general meeting last night, that the Hillcrest Ski Club would operate a Ski School at the Brault Farm this year. The club has leased the farm for ten years and a ski tow has been erected and many other improvements made. The object of the school is to teach the ski-minded people of Sherbrooke something about skiing so that there will be no accidents due to ignorance of the basic points of skiing. Connected with the school at the farm, the Hillcrest officials have also organized a "Dry Ski School," believed to be the first in Canada. Courses in this school will all be held inside. There the pupil will learn such things as—what equipment to use, the different positions to assume in skiing and will be given a sound basic knowledge of the finer points of this popular winter sport. The halls of two of Sherbrooke's schools have been leased by the club for the purpose of these instructions—the St. Jean Baptiste Academy and the Sacred Heart School.

Qualified instructors will be on hand to teach the novices all about skiing. The officials of the Hillcrest Club believe it better to teach the pupils inside before they actually go

out onto the slopes. Instruction will be given all through the season at the Brault Farm. These courses will be of a more advanced nature. The Dry Ski School is scheduled to begin early next week and the lesson will consist of the proper equipment to use.

The Hillcrest Ski Club has improved the trails immeasurably at the newly-leased Brault Farm. Lights for night skiing have been installed and a clubhouse will be built on the grounds in the near future. Six new tracks have been cleared, three on each side of the trail tow. The club will organize "Trail Nights," to be held regularly throughout the season.

The official inauguration of the new Ski School will be on the sixth of January when civil and religious dignitaries will officiate at the ceremony.

Members of the Hillcrest Ski Club automatically become members of the school and are entitled to all the privileges of the school. During the month of January, the officials of the club will hold a "Learn To Ski" week. Also planned for the season are several meets and competitions. There will also be a Ski Patrol formed to look after the safety of the skiers. The members of the patrol will all be instructed in First Aid and Dr. J. A. Dion has been elected as Patrol Physician. Anyone in the city may ski on the club grounds but there will be a charge for the use of the ski tow. Members of the club or school, and their families, will receive reduced rates.

Three honorary directors were appointed at last night's meeting. These men have all taken a great interest in the club and the club takes this way of showing its appreciation. The new directors are Gaston Masse, Alfred Brault and Alphonse Gauthier.

Two new cups will be competed for this year—a cup for Class "B" skiers, and a cup for the veterans. These cups were donated by J. S. Mitchell and A. C. Skinner.

Arrangements for better transportation will be made this year for those who wish to go to the Hillcrest Ski Club at Eustis.

President Georges Sylvestre mentioned in his report that thirty-four members of the club were now in the armed forces of Canada and that one had made the supreme sacrifice on the field of honor—PO. Sam Levitt.

The officials of the club are as follows: Honorary President, A. Noél; President, Georges Sylvestre; 1st Vice-President, Jack Dannehy; Vice-President, Jack Dannehy; Secretary-Treasurer, J. A. Lusignan.

Directors: Dr. L. Darche, Allen Mooney, Dr. G. Bertrand, A. Pearson, A. Morissette, H. Mooney, A. Schiller, R. J. A. Dion, G. A. Deslongchamps and Alfred Darche.

The Technical Advisor is Erich Schiller. Instructors: E. Schiller and Allan Mooney. Activities Committee: President, Jack Dannehy; Captain, A. Mooney; Ladies' Captain, Claire Duchesne. First Aid and Ski Patrol: President, E. Schiller; J. A. Lusignan, A. Pearson, E. Marquis, Claire Duchesne and Dr. J. A. Dion. Publicists: Don McMahon and Gilles Desroches.

LEAFS REMAIN UNDEFEATED IN FIVE-PIN LOOP

The Maple Leafs of the Y.M.C.A. Five Pin Bowling League maintained their lead in the league when they were successful in defeating the Carnation Milk in a closely contested match played on "Y" alleys. The Maple Leafs had the edge in all three strings and J. Grime was successful in taking both the high single and the high three string with a score of 689. The total pinfall for the Maple Leafs was 3021 as against 2494 for the Carnation. The victory on Friday night now placed the Leafs up front with fifteen wins in as many starts for a perfect score.

In the other match bowled on Friday night the Philip Carey defeated St. Pat's by taking two of the three strings played. R. Olivier took the high single on the St. Pat's team with a score of 236, while the high total of 568. The Philip Carey team are now tied for fifth place with the Commandos with seven wins and eight losses. They now have an average of 456.

Canadian Sport Snapshots

By CHARLES EDWARDS, Canadian Press Staff Writer.

Toronto, Nov. 9.—New York hockey writers are ribbing the weak rangers. Dank Parker says Frank Boucher's return may be the forerunner of a trend in hockey and adds, "This is a warning to Lester Patrick to get on those shin pads and brush up on his skating. He may be in there himself before the season warms up." ... Before Don Grosso returned to Detroit Red Wings he applied for army enlistment in Toronto but didn't pass his medical. However, Grosso asked the army doctors their opinion of his physical ability to play hockey and they gave him the okay.

First Shots: The fund to establish a hockey Hall of Fame in Kingston, Ont., is on its way. When Boston Bruins played that 9-9 exhibition tie with Frontenacs in Kingston last Wednesday, the get of \$2,098 was the highest in history here. Bruins donated their entire one-third share to the Hall of Fame fund.

Vic Copps of the Timmins Press figures results of this year's professional hockey trials indicate Northern Ontario's Porcupine District will be an important incubator of hockey talent. He quotes Fred Cox, Detroit Red Wings scout, as saying the Porcupine District will be watched closely in future by the big league clubs. This year the Porcupine contributed Eric Prentice to Toronto Leafs, George DeHoff to Detroit's farm club, Indianapolis, Freddy Belanger to the Buffalo Bisons junior team at Brantford, Bill Curick and Dave Robertson to the Detroit junior farm at Galt.

Incidentally: Warren Stevens, former Syracuse University of Toronto football team for years, is taking an R.C.A.F. assignment at Ottawa. It is understood he will work in connection with the new duty fitness programme. Doug Vaughan of the

Windsor Star notes Toronto Hurricanes have been ribbing Joe Krol, Hamilton halfback, and recalls that when Krol was playing in Windsor an opponent charged him with being afraid to tackle. "On the next play Krol hit an enemy ball carrier so hard they both didn't get up for several minutes ... two plays later Krol ran 47 yards for a touchdown."

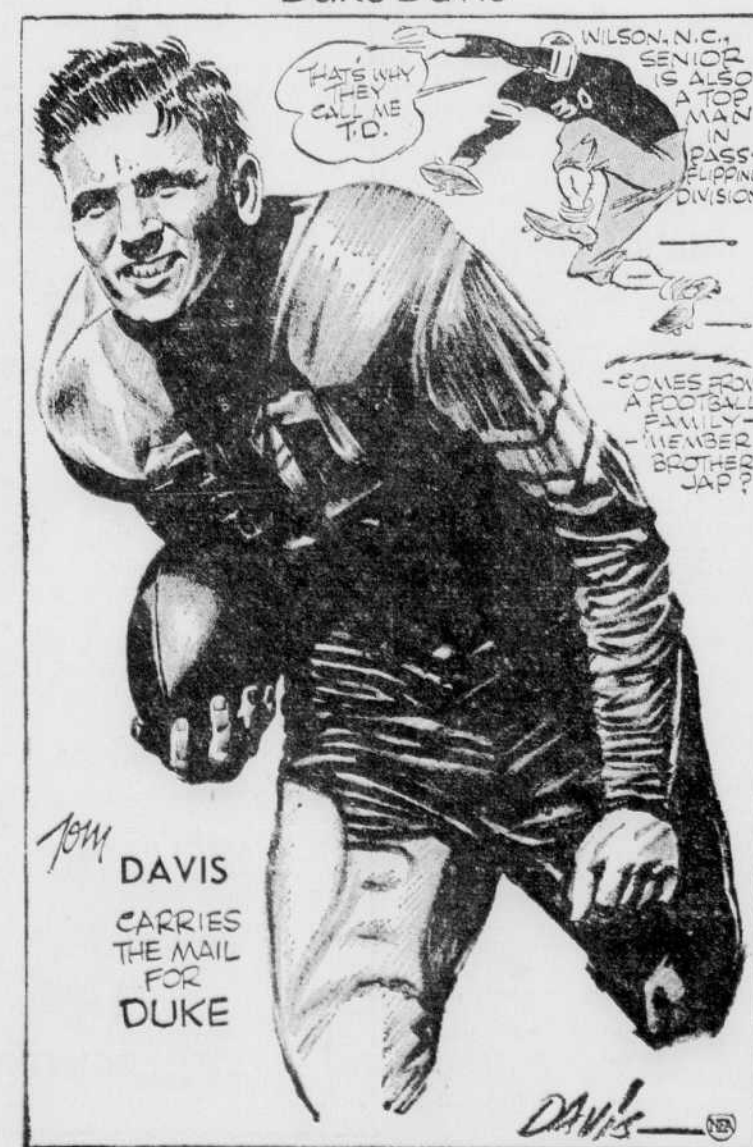

JUNIOR "B" LOOP MEETS TONIGHT

The third meeting of the Sherbrooke Junior "B" Hockey League will be held tonight at the Continental at 7.30 o'clock. It is expected that the meeting will decide for certain whether there will be a circuit or not.

A team from the West Ward has applied for entry into the loop, bringing the number of clubs to four. At last week's assembly, Roger Gauthier, of the Aces, last year's juvenile champions, said that he would not enter a team into the league unless there were three other clubs also in the loop. With the entry of the West Ward, it is expected that Gauthier will announce the participation of his team tonight.

The other teams in the circuit are: Bishop's University and the Pariseau club. The league promises to be a good one, if ever it can get started. For the player strength of the city seems to be evenly distributed among the teams. Any persons who are interested in entering a team in the loop are urged to be present at the meeting tonight.

MONTREAL ARMY WILL WITHDRAW FROM Q.S.H.L.

Montreal, Nov. 8.—A special meeting of the Quebec Senior Hockey League will be held tomorrow night to consider the withdrawal of the Montreal Army entry, and the future of the loop, it was reported here tonight.

Col. Lucien Lacroix, President of the Army club, today wrote George M. Slater, President of the Q.S.H.L., that "We are compelled to withdraw our entry from the Quebec Senior Hockey League due to lack of players."

Meanwhile, answering a report his club might also have to withdraw due to a tightening of army regulations in regard to soldier-players in the higher medical categories, Clarence Markell, President of the Cornwall Army club, said his team hoped to continue to operate.

There was also a rumor that Ottawa Commandos were being shorn of their army players and were having a tough time icing a civilian squad.

Royal Canadian Air Force, Montreal Army club, and Quebec Aces have all signified their intention of continuing competition.

DETROIT WINGS ABANDON USUAL DEFENCE PLAY

By The Canadian Press

There is nothing solid in this strangest of all National Hockey League seasons. Some word now about Detroit Red Wings have discarded their familiar tight-knit defensive system in favor of a more swashbuckling pattern of attack. Statistics support this information. In three games to date, the world champions have counted 19 goals—a total exceeded only by the Toronto Maple Leafs, who have accumulated in five contests.

Manager Jack Adams has lost such defensive bulwarks as Jack Stewart, Jimmy Orlando, Johnny Mowers; in rebuilding new parts have been grafted on, players who bring a new offensive spirit long alien to a club regarded as skillful exponents of cagey, close-checking play. Newcomers include Pat Egan, Detroit's \$15,000 investment who only recently was discharged from the Canadian Army; Gordon Sherrett, Bernie Ruelle, Tony Bukvich, Frank Boucher and Bill Quackenbush, who played defence for Wings in two or three games last season.

Detroit, in action fewer times so far than any team except Boston Bruins, opens a week of heavy activity Thursday at Toronto, moving to Montreal Saturday and playing the Canadiens a return engagement in Detroit Sunday. The other Thursday night game matches Boston against Black Hawks in Chicago. No games are scheduled Tuesday.

Victory against Leafs Thursday would lift the undefeated Detroit club into a first-place tie with Canadiens and Leafs, who share first place with seven points. Boston is in fourth place, two points behind Detroit and one in front of Chicago.

FORMER INDIANS TO COMPETE IN JUNIOR LEAGUE

It was learned today that two former Sherbrooke Indians players, Gerard Plamondon and Roger Bedard, would be lining up with the Montreal Junior Canadiens this season.

Gerald Plamondon, a local boy, played with the Indians two years ago and last year went to Montreal to play with the Cherrier team. Bedard, a Granby product, finished out last season with the Boston Olympics of the Eastern Amateur League.

Both these boys, neither of them over twenty years old, will swing into action tonight, when the Canadiens, last year's provincial titlists, play against the Royals.

These two players are among the best amateur talent the Eastern Townships has turned out in recent years.

The millions of workers now engaged in war industries and the millions of young men now serving in the armed forces will need jobs. We dare not and we must not offer them bread lines.—A. F. of L. President William Green.

New York, Nov. 9.—(AP)—Spurgeon (Spud) Chandler, the big righthander who won 20 regular-season games for the New York Yankees and then won two World Series games, has won the poll to determine the American League's most valuable player for 1943.

Receiving 12 of 24 first-place votes and a point total of 246 of a possible 336, Chandler led Luke Appling, Chicago White Sox shortstop and league batting champion, by 31 points, with Appling providing the only serious competition.

The choice was made by a committee of 24 members of the Baseball Writers' Association, each committee member voting for ten men in order of preference. Each first-place vote was good for 14 points, second place nine, third eight, and so on.

The remaining 12 first-place votes were divided among five players, with Appling getting five, Rudy York of the Tigers and Bob Johnson of the Washington Senators one each, Bill Johnson of the Yankees three, and Bill Dickey of the Yankees two.

Appling was the only player to be mentioned among the ten choices by every voter. Chandler missed out by one, and York was on the lists of 20 of the scribes.

In all, 38 players were mentioned, with the Yankees topping the list with eight nominees. Detroit, Washington, Cleveland and Boston each had five players named, Philadelphia four, and St. Louis and Chicago three each.

The 34-year-old Chandler, just finished his seventh and best year with the Yankees. He came up from Newark in 1937 to pitch in 12 games. However, until this year he had been dogged by bad luck, an arm operation and a fractured ankle being among his misfortunes.

Bring The Home Front News To The Battlefront!

Many of us have a son, a daughter, a brother, a husband, a sweetheart, or a friend on Active Duty.
