HONOR CARTOONIST — A plaque is unveiled at Mackenzie House, Toronto, in honor of the late J. W. Bengough, first Canadian cartoonist to gain an international reputation. For almost 20 years he published "Grip," a humorous political weekly. Elven J. Bengough of McMaster University, Hamilton, a nephew of the cartoonist, unveils the plaque. Others, from left, are: T. Wilbur Best, president of William Lyon Mackenzie Homestead Foundation; Dr. Lorne Pierce, and Prof. Fred Landon of University of Western Ontario. Dr. Landon, chairman of the National Historic Sites Board, said Bengough, who lived from 1851 to 1923, "tried to prove, in a country not much given to humor, that humor was a good thing." (CP Photo)

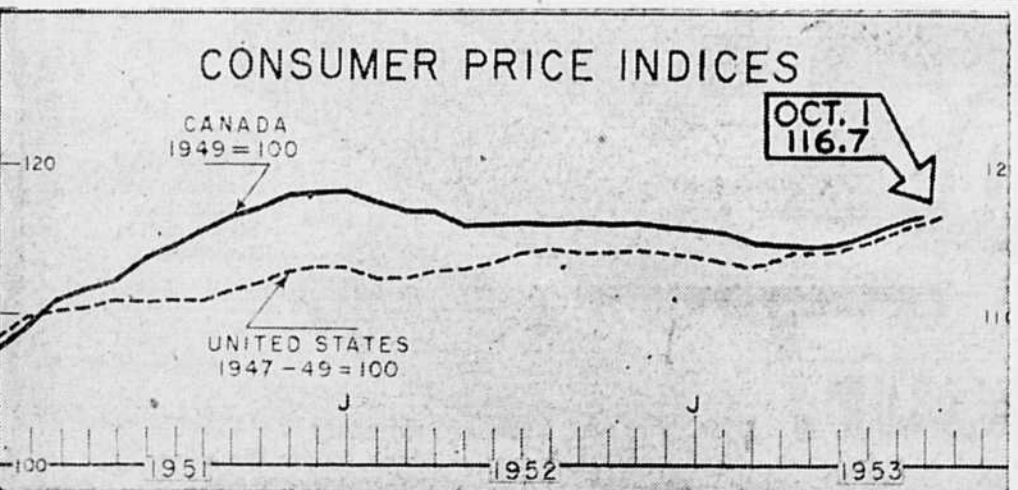

EAGER BEAVER — This unusual picture, taken by George Phillips, noted bush pilot and superintendent of Ontario's Algonquin Park, shows a determined beaver carrying a tree branch across a road in the park, where animals roam free to delight visitors. Beavers sometimes cause road floods with their dams. (CP Photo)

CANADA'S AIR DIVISION—Canada's air contribution to NATO is a complete jet fighter division, the first in Canada's history. The four wings in the division are at North Luffenham, Eng.; Gros Tenquin, France, Zweibruecken, and Baden-Sollingen, both in Germany. The Canadians would feel the main burden in the event of an invasion of Western Europe. This map shows the location of the wings, some of which are only a few minutes jet flying time from Russian-built MiG's. (CP from National Defence)

YEARNING FOR LEARNING — More than 700 Iraq citizens storm the U.S. Information Agency building in Baghdad to get one of 200 seats in the English classes taught by 12 American teachers three hours each week. The teachers, who work without pay, are wives of American personnel attached to the agency and embassy.

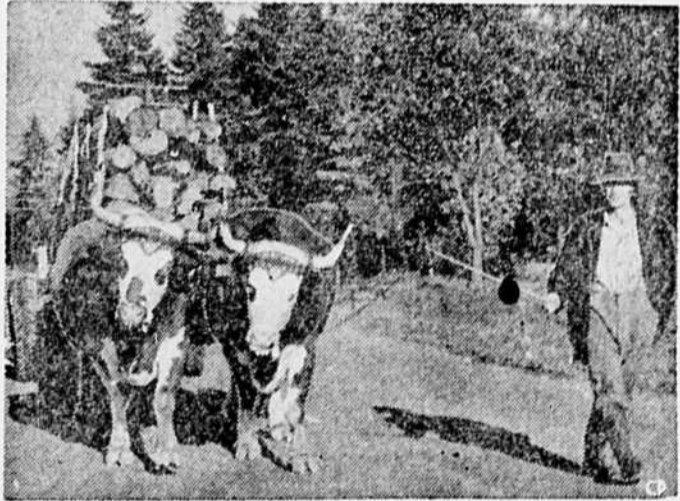

LIVING COSTS RISE—The consumer price index, a barometer of living costs, rose by one-half point during September to 116.7 from 116.2, the bureau of statistics reports. It was the fifth consecutive monthly jump, powered by higher food costs and price jumps for rent. The peak of 118.2 was reached in December, 1951, with 1949 prices equalling 100. The dotted line shows the United States consumer index which advanced to a record high of 115.2 in mid-September of the 1947-49 average. These indices measure percentage changes in each country but should not be used to compare actual levels of prices between the two countries. (CP Photo)

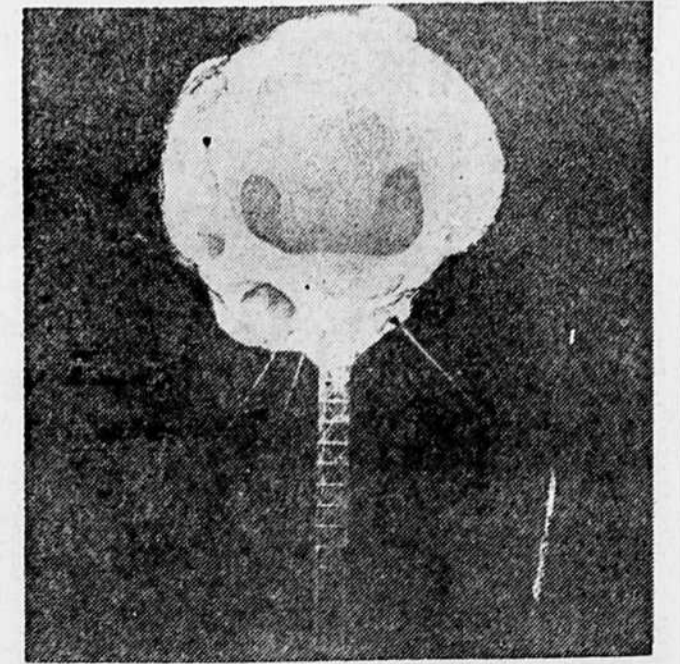

ATTENDS CONCERT—Queen Elizabeth, wearing a crinoline-type evening gown with the ribbon of the Order of the Garter, attends a special concert given by Australian and New Zealand artists at the Royal Festival hall in London. The concert was a farewell gesture to the Queen and the Duke of Edinburgh (second from right) before their departure on the commonwealth tour. (CP from U.K. Information)

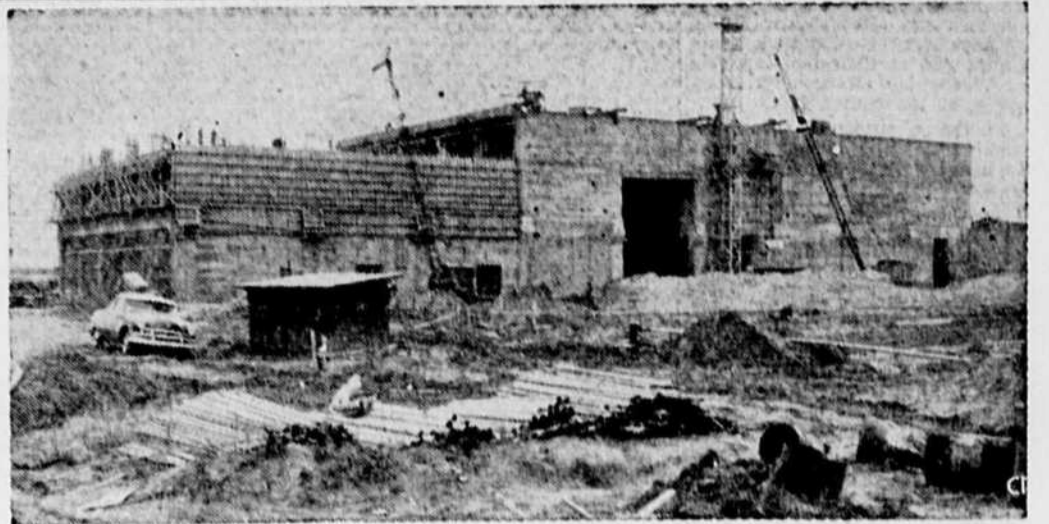

LIKES RAW WHALE MEAT—Five-year-old Augusta Omarlik, a Labrador Eskimo in a Montreal hospital, finally gets what she wants most—raw whale meat. A restaurant specializing in sea food sent along the "delicacy" when it was announced the youngster, suffering from a digestive tract ailment, asked for it. The whale meat arrived as the little Eskimo was enjoying a Halloween party. (CP Photo)

WHO'S IN A HURRY?—Jet speed and atomic power may be all right for some but on a country road in a peaceful Maritime farming district a yoke of oxen still is a familiar sight. This team is on a Nova Scotia highway. (CP Photo)

ATOMIC ACTION "FROZEN" — Recorded by a camera in a few millionths of a second, the fiery ball from a nuclear device disintegrates a steel tower shortly after detonation at the Atomic Energy Commission's Nevada proving ground. Equipped with an electronic shutter, the super-speed camera used in taking the picture, was developed by a Boston optical firm.

BUILD AIR WEAPONS RANGE—The RCAF is building a new air weapons firing range at Grand Centre, northeast of Edmonton. It is expected to be ready by the summer of 1954. This is one of the 45 major buildings to be located at the base. It is the centre part of a huge cantilever hanger to house officer personnel. (CP from National Defence)

'SCREENING' NIPPON'S NEW NAVY—Flagship Ume lays a dense smoke screen during the first maneuvers of Japan's embryo navy, frigates of the First and Second Fleets of the Japanese Coastal Safety Force. The naval exercises were held on Mutsu Bay in northern Japan.

WINTRY WEATHER HITS — Two Edmonton youngsters enjoy the first snow of the season which blanketed northern Alberta. Snowfalls and cold weather hit many parts of Canada, after a long, mild fall. (CP Photo)

RIOTERS TOSS BOMB AT POLICE — A bomb, thrown by rioters in Trieste, explodes outside the building where civil police are barricaded. American and British troops have been called out to help quell future demonstrations. At least ten persons have been killed and many more injured. (NEA Radio Telephoto)

RIOTERS GET THE WATER TREATMENT — Police use a high pressure water truck to disperse rioting students in Trieste. Stone-throwing Italian students roamed the streets for five hours, taxing all the resources of the police who resorted to using water hoses and tear gas. United States and British troops were called out to help quell the rioting, the first time they have been called on to restore order in Trieste during eight years of occupation. "Custom-made" Coffee New Breakfast Vogue

Marvellous 100% Real Coffee Made "Strong, Medium or Mild" Right in the Cup

At breakfast you could always get your toast light or dark—your bacon medium or well-done—your eggs, 2, 3 or 4-minute boiled. But your coffee? Well, you just got coffee!

The coffee might be too strong for you—it tasted bitter. Or too mild for you—if it tasted weak. But if you were in the minority—too bad! After all, one pot of coffee can't satisfy everybody's taste.

But then came the revolution—the "Coffee Revolution"! Now the most forgotten "little man" can get just the cup of coffee he likes! Seriously, though, it's the women who make the coffee who brought on the revolution! It was they who discovered the wonderful new Instant Chase & Sanborn, and started serving it for breakfast.

First of all, here's 100% real coffee that really tastes like it. Chase & Sanborn scientists saw to that! They took on the job of producing an "instant" worthy of Chase & Sanborn's 100-year-old coffee reputation. They never relaxed till they had succeeded in extracting from the finest coffee beans the color and texture—the rich robust flavor and aroma of freshly ground coffee.

Next, housewives decided that this definitely superior "instant" plainly belongs whenever and wherever coffee is served. And then, everybody caught on to the other important benefit. Cups of Instant Chase & Sanborn can be "custom-made" to each person's taste. Goodbye to the old one-pot handicap!

Farewell to Grounds

For the housewife, Instant Chase & Sanborn means the end of that dreadful after-meal chore of scouring a stained coffee pot and disposing of coffee grounds. Here is the modern, dainty, trouble-free way of serving fine coffee.

Budgeters are excited about the savings on Instant Chase & Sanborn too. The regular size jar makes about the same number of cups as a pound of regular ground coffee. Yet it sells up to 40¢ less than a pound of regular coffee.

THIS REALLY IS MY COFFEE!

New Instant Chase & Sanborn is 100% real coffee—and tastes like it. Rousing, rich-flavored coffee—ready with its magical lift the moment you add the hot water.

It's your kind of coffee—made by people with nearly 100 years of coffee experience.

One sip and you'll agree—it's so good you'll make it your regular coffee!

Now!...the Flavor and Aroma of Freshly Ground Coffee Instantly!

Armistice Day Observances At Boundary Held

Rock Island, Nov. 12 — The thirty-fifth anniversary of Remembrance Day was observed at the Boundary over the week-end by Stanstead Frontier Branch, No. 5, of the Canadian Legion and Foster Cosby Post, No. 73, of the American Legion.

On Saturday evening the Ladies Auxiliary of the Stanstead Frontier Branch served a chicken-pie dinner to approximately 85 veterans of three wars, World Wars I and II and the Korean war, at Stanstead South United church hall in Rock Island.

Seated at the head table, which was appropriately decorated with the international flags, the Canadian Legion crest, flanked with gold colored candles in silver holders, and poppies, were Comrade G. J. Couture, president of the Stanstead Frontier Branch; Comrade Raymond Petelle, Commander of Foster Cosby Post; Col. Alexander Miller, guest speaker, of Barre, Vt.; Col. William Burke, Comrade C. R. Darby, both of Foster Cosby Post; Rev. E. G. Tenneson, Pastor of Stanstead South church; Rev. Father A. Fortin, of St. Edward's church, Derby Line;

Lt.-Col. Louis Roberge, M.P.; Comrade Robert Meekren, Comrade O. LePoidevin, Comrade E. Struthers and Comrade Rev. Frank Stanton, all members of the Stanstead Frontier Branch; Laurence Tilton and J. D. Furguson.

Before the dinner Grace was asked by Rev. Mr. Tenneson. Comrade Couture acted as master of ceremonies and called upon the comrades for two minutes silence in remembrance of those whom had paid the supreme sacrifice. Comrade LePoidevin proposed the toast to Queen Elizabeth and the President of the United States.

Serving in the dining room were Comrades Geneva Lyons, Flora Grouau, Aldora Watson, F. Ricard, Joyce Jarvis, assisted by Miss Joyce Hatch, Miss Evelyn Rollins, Mrs. Gordon Laberee and Miss Betty Laberee, Comrade Ivy Hatch acted as chairman in the dining room, while Comrade Mary Brewer was chairman of the kitchen. Those assisting in the kitchen were Comrades: M. Kenrick, Aileen Arbery, Ada Curtis, Lillian Clark, Adelaide Laberee, Ruby Laberee, Cora Walsh, Ruth Putney, Mary McKeage, Florence Sevrigh and Mabel Crawford. Comrades Ruth Putney and Mary McKeage were joint chairmen of the dinner committee.

Over coffee, Comrade Couture introduced the guests at the head table and an old time friend of Foster Cosby Post, Comrade Ralph Corrane, who responded briefly. Remarks were made by Lt.-Col. Roberge and by Comrade Darby, Immediate Past Commander of Foster Cosby Post, saying how much these annual banquets held each year for the past 35 years meant to the Comrades of Foster Cosby Post.

Comrade LePoidevin, vice-president of Stanstead Frontier Branch and chairman of the annual poppy campaign, reported that while all results of the sales were not in, every indication was that all towns of the Border Villages had "gone over the top". This, he said, was

Thanks were extended to Comrades George Johnson and Ada Curtis of Stanstead, to Comrades Doug Putney and Ruby Laberee of Rock Island, Comrades Gordon Laberee and Mrs. Laberee and A. Hallsall of Beebe for organizing the girls in selling the poppies. These young ladies did a grand job, Comrade LePoidevin stated, and he referred to them as the "infantry, like the infantry of the

army, lots of walking to accomplish their goal, and he expressed thanks for their interest in the poppy work.

Comrade Struthers presented both Laurence Tilton and J. D. Furguson with honorary membership cards to Stanstead Frontier Branch. In doing so he explained how these members are chosen.

Comrade Petelle called the ladies from the kitchen and thanked them for the fine dinner served so efficiently, which left nothing to be desired, and they were given hearty applause by the comrades. He then introduced Comrade Sue Farrow, a member of the armed forces which served in England and now a resident of Holland, Vt., and Col. Burke, a member of Foster Cosby Post and Deputy Collector of Customs at the Derby Line port.

Col. Burke introduced the guest speaker, Col. Miller, who was born in Scotland, educated in Montreal, and served the Canadian army in World War I and during World War II served the American army as a member of the finance corps and was for a time attached to the American embassy in London, England, as funding officer. Following the war he was appointed commissioner of banking and insurance for the State of Vermont.

Col. Miller, stated that this gathering of international comrades of those which served in England and now in many places the younger veterans were not replacing those of War I in keeping alive the memory of those whom have paid the sacrifice that we might have the freedom we so much enjoy. As a member of the official family of the Governor of Vermont, Col. Miller brought greetings and the good wishes of his excellency, Gov. Lee E. Emerson.

The speaker said he would not make a speech at this gathering as he felt these reunions should be kept at times in a lighter vein. Past comrades, said the speaker, who made the sacrifice and those who have passed on will be happy to know we can laugh for the sacrifice they made.

Col. Miller was attired in Scotch kilts and in a very pleasing voice and manner entertained the comrades by singing Scotch songs of the late Harry Lauder, with a humorous story between the songs. The speaker was thanked by Comrade Couture and the banquet concluded by singing the Canadian and American anthems.

Veterans then assembled at the Rock Island armory, where they enjoyed a smoker and reminisced of the days gone by.

Sunday morning memorial wreaths or crosses were placed on the Veterans graves at Mount St. Mary's, Crystal Lake, Beebe, Marlinton and Graniteville cemeteries. At Dufferin Heights Col. Miller placed the wreath at the base of the memorial and again at the memorial gates at Stanstead College. The wreaths were made by Comrade Ada Curtis and Comrade George Mann of Stanstead Frontier Branch.

The memorial service took place at the Haskell Opera House, with the veterans parading from Stanstead College to Rock Island over to Derby Line then to the Opera House.

On the stage were Rev. F. Mitchell of Christ Church, and Rev. McKinley Rose of Centenary church, both in Stanstead, Rev. E. Tenneson of Stanstead South church, Rock Island, Rev. Carl Nelson, of the Universalist church, and Rev. Father Fortin, of St. Edward's Parish, both of Derby Line, and Rev. Peter Farrell of Beebe United church. Each participated in the service. The choir was made up of choirs from the Boundary churches, and were led by the Stanstead College orchestra which played prelude and postlude music, being under the direction of Mr. Lynch, head of the Eastern Townships Conservatory of music.

The Last Post was sounded by Frank Lefleche, student at Stanstead College, following the "Great Silence" and roll call of Canadian comrades by Comrade Couture and the American comrades by Comrade Dalton Downing.

Col. Miller was the guest speaker, and again brought greetings from Governor Lee E. Emerson of Vermont. He said he felt it an honor to be here on the International Border, joining others in commemorating the services and sacrifices of the soldiery of the respective countries who fought side by side as allies, in three wars during the last 36 years.

"The international aspects of this gathering could well be an example and an inspiration to other countries of the world," said Col. Miller. "Our primary purpose here to day is to honor those brave souls who made the supreme sacrifice in order that we might live in freedom. Those men and women

National Night Observed By B. & P. W. Club

The observance of "National Night" was a feature of the regular monthly meeting of the Business and Professional Women's Club held at the MacKinnon Memorial Building on Monday, November 9.

A brief business meeting preceded the special program with Miss Bessie Milford, the president in the chair. Further plans were discussed and volunteers secured to assist with the work which has been allotted to the Club by the Canadian Cancer Society.

Arrangements were made to forward a Christmas remembrance to the Business and Professional Women's Club in Poole, England.

A letter was read from Mrs. Margaret Campbell, president of the Canadian Federation, regarding the new government post as director of the Women's Bureau, which is now open for applicants.

Following the adjournment of the business meeting, Miss Esther Farnsworth, chairman of the program committee, presented the evening's program. Mrs. Amy B. Hilton of Montreal, who has recently returned from abroad, where she attended the Coronation, and proceeded to Stockholm, Sweden, to be present at the International Congress of Business and Professional Women's Clubs, was the guest speaker.

Mrs. Hilton told of her experiences in London at the time of the Coronation, and commented on the high regard in which Canadian visitors are held. She then gave a brief and most interesting resume of the congress, speaking especially of the scenic beauties of Sweden and of the gracious hospitality shown the delegates.

Mrs. Hilton stated she had the honor, shared by a number of the delegates, of being received by Her Majesty Queen Louise of Denmark. She pointed out that the business and deliberations of the congress are available for study in the Club's magazine, "The Business and Professional Woman". She further mentioned that the Canadian Clubs are honored in having Miss Margaret Clay, of Victoria, B.C., elected as a vice-president of International Federation for the coming year.

Mrs. Hilton spoke informally on the part she had been privileged to play in the organization of the Sherbrooke Club in 1934, and reminisced on various events at that time.

The speaker was introduced by Miss Leslie Fales, who has been a member since the club's organization, and thanked by Miss Marjorie Morr. The program closed with the singing of the National Anthem.

An informal social time followed when refreshments were served, the tea table being arranged with gold color chrysanthemums and green candles. Tea and coffee were poured by Miss Ina Cobleigh and Mrs. T. Chapman, both charter members.

Arrangements for the refreshments were carried out by Mrs. Philip Mathias and Mrs. J. E. Johnson and a number of the members assisted in serving.

An appropriate design which gave the impression of stained glass windows, lending warmth and tone to the scene.

Mrs. George F. Chapman, president, received the guests. Mrs. G. Reid Moe acted as cashier, assisted by Mrs. Munster.

The cafeteria was convoked by Mrs. W. G. Hunter, with the assistance of Mrs. George Parsons and Mrs. Bruce Millar. The arrangement of the tables was in charge of Mrs. Earl Sears and Mrs. M. Fritz.

Miss Gertrude Fox and Mrs. Earl Peabody convoked the apron and fancy work table, laden with attractive stock at the start, as was the children's wear table, under the supervision of Miss Luvia Wootton, Mrs. Walter Readshaw and Mrs. Guy Bishop.

Mrs. Frank Clark was in charge of plants, and Mrs. James Corfield and Mrs. H. Potts, of home cooked food. The cloak room was looked after by Miss Doris Giroux, Mrs. Harold Saunders and Miss Ursula McColeman.

MR. AND MRS. W. N. HORN

Way's Mills, Nov. 12.—On October 20th, 1903, at the home of Mr. and Mrs. E. J. Gilbert, their daughter, Mary Seeley and William Norman Horn were united in the bonds of holy matrimony by Rev. Isaac Wilkinson, Friday evening, October 23rd, two hundred relatives, friends and neighbors gathered at the Union Progressive Hall in Way's Mills to honor this popular couple and assist them in celebrating their 50th wedding anniversary.

Of those present only Mrs. J. G. Converse, sister of the groom, and Mrs. Fred D. Gilbert had been guests fifty years ago.

The arrangements for this happy gathering were in the hands of the Way's Mills Women's Association, of which Mrs. Horn has long been a valued member, ably assisted by the ladies of the community.

On the arrival of the bride and groom of 50 years ago, Mrs. W. B. Holmes presented them with a corsage and boutonniere, after which flash pictures were taken.

To the strains of the Wedding March played by Mrs. P. M. Standish, Mr. and Mrs. Horn were escorted by Mr. and Mrs. Malcolm Gilbert, Mrs. John Converse and Mrs. Dudley Hodgson to the upper hall and waiting guests.

They were followed by Mr. and Mrs. John MacKinnon, Mr. and Mrs. Turner Hunter, Mrs. Freeman Sutton and Mrs. Harry Buckland, clad in the garb of yesterday.

A short program followed with Mr. Malcolm Gilbert acting as master of ceremonies. Mr. and Mrs. Leslie Call and Mr. Garth Call were enjoyed in an instrumental trio. Mr. Stewart MacKinnon sang two solos, "In Your Blue Bonnet and Gingham Gown" and "As the Years Roll By," with Mrs. Freeman Sutton at the piano.

Three little grandnieces of Mr. Horn, Bonnie, Leslie and Nancy Lyford, sang "Put On Your Old Grey Bonnet" and "Side by Side." They were accompanied by Mrs. P. M. Standish, Mr. Jack Gledhill.

The Ladies' Guild of St. John's Anglican Church met at the home of Mr. and Mrs. A. H. Ladd with twenty-four members and visitors present. The president, Mrs. G. Johnston was in the chair and the Lord's Prayer was repeated in unison. The secretary, Mrs. J. C. Soles read the minutes of the previous meeting. At the business meeting the bills were ordered to be paid. The next meeting will be held at "Millbrook Farm" with Mrs. H. P. Jackson for the hostess, on Wednesday, December 2nd.

The Municipal Council of the Township of Bromere met in regular session with Councillors Gordon Marsh, Walter Williams, Joseph Lefebvre, George Johnston, George Duquette and H. P. Belcher, secretary-treasurer, present under the presidency of Mayor Errol Marsh.

The Municipal Council of the Village of Bromere met with Councillors Cecil Sturtevant, Henry Daigneault, Hugh Jackson, R. V. Mason and the secretary-treasurer, H. P. Belcher, present under the presidency of Mayor Vollen Hastings. Business was transacted and bills were ordered paid. Arrangements were made for the maintenance of winter roads.

Mr. and Mrs. William Chapman and Mrs. William Chapman, Sr., spent an evening at the home of Mrs. Frances Kirkpatrick, at Sutton Junction. Word has been received by Mr. and Mrs. W. H. Patch of the safe arrival of their daughter, Mrs. Gerald Wright at Miami, Fla., who made the trip by plane. Mrs. William Barnes spent an afternoon at the home of Mr. and Mrs. B. O. Mitchell, at Owens Corner. Friends of Mr. J. T. Johnston are pleased to learn that she is improving after her operation at the B.M.P.H. Hospital, in Sweetburg. Barbara Brent's BUYS AND WHYS

MONTREAL, November 12th—Care-free cooking and certain triumph... is the happy lot of a woman who owns one of the new GURNEY Gas Ranges. Her work is care-free because the designers of this beautifully constructed stove have taken infinite pains to think of everything that could make cooking easier and more successful. Ask your dealer to show you the "Even-Heat" oven—which automatically keeps the heat at the temperature you need—on the sides, the top, the bottom and even the corners! Look at the automatic clock... the interior oven light... the glass panel door. But this is only the beginning—the more you know about Gurney stoves the more enthusiastic you'll be!

Prescription for hands: use three times a day after washing dishes! JERGENS LOTION... is the world's best-known beauty routine for lovely hands — and is more important than ever now, with the new detergents. For these same detergents tend to take away the natural oils and youthful softness of your hands while they're cutting into grease and grime so swiftly. Jergens Lotion contains two ingredients which doctors recommend for softening. It doesn't just "coat" your hands — Jergens penetrates deeply and helps to replace the precious softening moisture your hands need. Costs just 15c, 37c, 65c and \$1.15.

Wonders Will Never Cease... and here's a new one to dazzle you — NEW INSTANT CHASE & SANBORN COFFEE. All the flavor, color, body and heart-cheering lift of coffee at its 100% best... can now be spooned into your cup... ready in an instant! Across the country thousands of families have done away with the bothersome details of making coffee the old-fashioned way — and use Instant Chase & Sanborn's coffee. You'll find that it's coffee at its best!

Want A Wonderful Recipe To Save Work?... guaranteed to keep your sinks sparkling clean and do it without a lot of rubbing! Mix equal parts of BIG FIVE odorless JAVEL POWDER... and BIG 5 CLEANSER! Sprinkle in the sink. Let it stand a minute or two—then clean in the usual way with a damp cloth—and rinse. Presto! Your sink will be gleaming white and sparkling. Its not a magician's trick—it's the water-softening qualities of Big Five Odorless Javel Powder which, when mixed with Big 5 Cleanser, increases the latter's grease-cutting action. Golden Wedding Was Celebrated By Mr. And Mrs. H. A. Smith Of Birchton

Birchton, Nov. 12. — An "At Home" was held on October 24 for Mr. and Mrs. Hollis Smith to mark their golden wedding anniversary which fell on October 21. Arrangements were made by their daughter, Pearl, Mrs. Wendall Damon, assisted by Mr. and Mrs. Raymond Stevenson, Mrs. Emma Cass and Mr. and Mrs. Roscoe Stevenson, nieces and nephews, for an "At Home" to which friends and neighbors and relatives were all welcome during the afternoon and evening. The bride and groom of fifty years received congratulations in the same room, also the same cor-

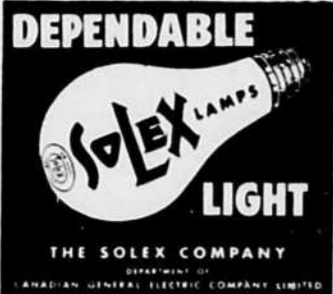

ner, under an arch of evergreen with white snowballs and yellow fall flowers, the bride being gowned in Queen Elizabeth blue with a corsage of yellow roses. Mr. and Mrs. Smith were married October 21, 1903, by the Rev. M. Lindsay Wright, pastor of the Birchton United Church. Mrs. Wendall Damon, daughter, received the guests and also had charge of the "golden" guest book, recording the signatures of friends new and old, all united in extending to the bride and groom many more years of continued health and happiness. Gifts were received from many to testify to the esteem in which they are held by acquaintances and friends. Among these were a beautiful trillium lamp from their Bulwer friends, an occasional chair from their Birchton friends, a beautiful dinner set from nephews and nieces of Mrs. Smith, besides cheques, money and other remem-

brances; also cut flowers, yellow and white mums, a gift of Mrs. Smith's niece, Miss Hazel Gallop, R.N., of Sherbrooke. The table, covered with a lovely linen and lace cloth, was centered with a beautiful three-storey wedding cake, decorated in gold and white, with the names of "Hollis" and "Myrtle" on either side, also "50" in gold on the other sides, and tall white tapers in brass holders. The cake was a gift of their daughter, Pearl, Mrs. Wendall Damon, Mr. Damon and daughter, Ann. A buffet luncheon was served almost continually during the afternoon and evening, with Mrs. Emma Cass, of Southwick, Mass., Mrs. Jessie Colby, of Lennoxville, and Miss Hazel Gallop, R.N., of Sherbrooke, pouring. bird's nest soup

Bird watching in the Orient is a mercenary pursuit, and it is done chiefly in caves. Here, Chinese searchers find thousands of nests, about the size and shape of half a teacup, built by certain species of swifts from a gelatin substance secreted from glands in the bird's mouth. These nests are eagerly sought by Chinese epicures as the chief ingredient of a soup which is flavored with the gravy of a fowl. The nests are collected after the young birds begin to fly, and are then cleansed and dried in a long, tedious process.

Chinese gourmets are so eager for this delicacy that they pay as much as \$25 a pound for it. At one time the business ran into millions of dollars a year. The Canadian swift doesn't build its nest in exactly the same way. There is, however, a Canadian swallow which provides epicures with just as great a taste treat. It's the swallow that comes with every sip of Molson's. The Molson "swallow" first became popular in Montreal in 1786. Since then it has spread over the entire Province of Quebec, and is the most popular swallow in large stretches of adjacent territory. Bird watchers and others will instantly recognize it by its distinctive green coat; when tilted it reveals a rich amber coloring, and it has a snow-white head. It is a friendly bird, and instantly answers to the well-known call, "Make Mine Molson's".

Marlene Dietrich Playing Blindfold Played Same Film Type For 23 Years

By CYNTHIA LOWRY
New York (AP) — In 1930, a woman named Marlene Dietrich became a film star overnight playing the role of Lola-Lola, a nightclub singer in a German-made film, *The Blue Angel*. With minor changes, she has been playing the same role ever since. She ignores television. She has never been in a Broadway show. She hasn't even made a movie for a couple of years. Yet in spite of the peculiar limitations of her career, Miss Dietrich has steadily grown into a legend. Right now, the hard-working Miss Dietrich is adding some new strings to her bow. On Dec. 15 she will start a three-week engagement in Las Vegas at a reputed \$20,000 a week. She has written a piece, without the help of a ghost, she vows, called *How To Be Loved*, for a woman's magazine. And she is busily engaged on a book.

VETERAN RADIO STAR
She's a veteran radio star, playing a nightclub entertainer, of course. Currently, she is Diane La Volte her own choice of name once a week in a series called *Time For Love*. She plays a singer of husky songs in a different murky nightclub in a different world capital of intrigue each week. A Dietrich who is heard but not seen is a dreadful waste, some say. It isn't that she's such a great actress. Some of her most ardent admirers concede she's scarcely an actress at all. But there's a quality about Miss Dietrich fascinating to watch. She has a spectacular, slim figure, legs as famous as Mistinguette's and more shapely, and good bones which make her a photographer's delight. She is remarkable in another way, too: A great beauty who takes no particular pains to hide the fact she was born uncomfortably close to the turn of the century. She is maternally boastful about the TV success of her pretty blonde daughter, Maria Riva. She's the doting grandmother of two small boys and bored stiff with talk about being a "glamorous grandmother."

MARRIED SIEBER
She was married once, to Rudolf Sieber in 1924 when he was an assistant casting director and she a neophyte movie actress in Ber-

points on top. I can tell them from the black pieces." Although Jim can hold his own with most of the club's sighted players, he doubts if he will ever be able to defeat the game's top notchers. "It's my personal view that a blind player can never compete successfully with a sighted player of the same calibre," he says. "But I'm going to find out. I love the game."

GREAT LAKE
Lake Superior, largest body of fresh water in the world, covers an area of 31,810 square miles.

STANBRIDGE EAST
The Guild of St. James' Church met with Mrs. Harold Blinn. In reporting the collectors for the Bible Society the name of Bruce Miller was omitted. The garage of Mr. M. A. Brown caught fire but with lots of help from neighbours was put out with very little damage done. Mr. and Mrs. Lakeman and grandson, and Mrs. Fred King, all of Richmond, Vt., were Sunday callers at the home of Mr. and Mrs. Earl Blinn and Mrs. Ida Hawkins.

DAVID ROGER MCCLURE OF COWANSVILLE
Cowansville, Nov. 12. — David Roger McClure, age 50 years, husband of Mary Elizabeth Henderson, died in Cowansville, on November 2, 1953. Mr. McClure was born in Lachute, Que., on August 2, 1931, and came to live in Cowansville in 1918. A member and staunch supporter of Emmanuel United Church in Cowansville. His interest was felt through his connection with the work of the young people's groups. For the past twenty years he was engaged in farming, first with his father the late James McClure, and later with his brothers, John, of Cowansville, and Carswell, presently of Steep Falls, Me. Mr. McClure had for years been identified and dearly loved by the many people he has served through his milk delivery route both in Cowansville and Sweetsburg. A ready smile and devotion to those he served so well are cause for deep regret at his passing. He is survived by his wife, Mary Elizabeth; and his twin daughters, Molly and Anna, age 8 years. He was a kind and thoughtful husband and father.

FUNNY BUSINESS By Hershberger

You can hear the difference! Take two sheets of any ordinary tissue, grasp between thumb and forefinger and rub together. Hear that scratchy sound? That means this tissue is far from soft. You can actually hear its harshness.

Now listen to New White Swan! Because it's "Surface Softened" you can scarcely hear it. Just a mere whisper that seems to say, "so soft, so soft" . . . and proves that New White Swan is so much softer . . . a better buy than ever!

Mr. Pile Sufferer

How can you expect anything worthwhile if the internal cause of piles is not treated? The New Pylone Treatment being a liquid (taken by mouth) is the only way to reach those small folds in the lower intestine. Irritation, sore or swellings are readily reached with liquid Pylone. One bottle is all you need to show you the results we claim or the price refunded at once. At all modern druggists.

Roll out the carpet!

UP NORTH, moose have the habit of using snowplowed railway lines as their personal promenades. OK until they come to a bridge; then Mr. Moose is likely to get caught between the ties, break his legs and otherwise gum things up. So the railways lay what they call "moose carpets" of aluminum between the rails and over the ties at spots where His Lordship may need safe footing.

It just goes to show how aluminum's combination of lightness, strength and resistance to weather comes in handy in the most unlikely places... And to explain why, in 1954, our aluminum capacity will be boosted to over a billion pounds a year. Aluminum Company of Canada, Ltd. (Alcan).

Whales' Teeth Very Important To Fijians

Suva, Fiji — Fijian officials by scouring the world for supplies have managed to ease the gravest shortage facing this South Pacific British colony. They have augmented the depleted supply of whale's teeth.

One official, in Britain for the Coronation, had a great windfall. A Scottish firm offered to sell several hundred whale's teeth. The offer was eagerly accepted.

Another Fijian official on a visit to New Zealand patiently searched museums and other collections for spare supplies. He returned with 33 whale's teeth.

The teeth are highly treasured in Fiji because they play an essential part in traditional ceremonies and customs, especially those connected with birth, marriage and death. Once they were used also as currency.

WENT FOR SOUVENIRS

Down the years visitors have bought many as souvenirs, especially during the war when American servicemen bought so many that the supply was gravely depleted. It has not been possible to obtain sufficient from natural sources to replenish stocks.

This caused serious difficulties to the natives in carrying out their traditional ceremonies. Even with the new supplies there is still a shortage.

For the last five years export of whale's teeth without a permit has been prohibited. Now a total ban on export has been imposed, with one exception. This is the whale's tooth, the finest to be found in the islands, which will be presented to the Queen on her visit at the end of the year.

The Doctor Says

SHINGLES IS A DISEASE WHICH CAUSES SKIN INFLAMMATION

By Edmnd P. Jordan, M.D.

There is nothing particularly new to be said about shingles, or herpes zoster as it is also known, but Mrs. E. and others have asked for another discussion of its cause and treatment.

Herpes is a painful, acute inflammation accompanied by char-

Premature Baby Toted In Pocket To Medical Aid

Cochrane, Ont. — An Indian walked into a doctor's office recently with a baby in his pocket. The child, born prematurely, weighed only two pounds nine ounces at birth.

It needed appendix and hernia operations. The doctor brought it to Lady Minto Hospital here, where emergency transfusions, special feeding and several operations saved its life.

The case was all in a day's work for the hospital, which is seeking to raise \$100,000 for a proposed 41-bed extension. It has been ministering to residents of 90,000 square miles of northern Ontario since 1915.

If the money is raised by public contribution, federal and provincial governments will grant an additional \$250,000. This will make possible the extension to provide a new maternity ward, an outpatient's department, larger kitchen facilities and an X-ray department.

W. C. T. U. Meets At Huntingville

Huntingville, Nov. 12 — The monthly meeting of Huntingville W.C.T.U., postponed one day, was held November 5, at the home of Mrs. C. Spaulding, with Mrs. A. Brown, assistant hostess.

The meeting, presided over by Mrs. W. A. Henderson, was opened with the usual devotional period.

A sunshine box was planned for a shut-in child. Twelve completed comfort bags for sailors were recently sent to the Sailor's Institute, Montreal, for distribution.

Mrs. E. J. Harrison gave a detailed report on the recently held chicken-pie supper, the proceeds of which were very gratifying.

Mrs. B. S. Ingham brought greetings to the Union from Mrs. A. Day, of Bowmanville, Ont., whom she visited recently. It was decided to donate some cups and saucers for use in the Community Hall.

Mrs. McWhinnie, provincial president, is expected to be a guest at the Christmas meeting. Members are requested to bring articles for the sale.

The temperance essay contest is now in progress under the guidance of Miss R. Stevenson, Lennoxville branch.

The meeting adjourned by repeating the Mizpah. Refreshments were served by the hostesses and a social period enjoyed.

Most Pressing Indian Problem Said Still Food

Calgary — A woman who has spent 41 years in India as an educationist says India's most pressing problem still is food.

Mrs. A. A. Scott of Toronto, wife of the moderator of the United Church of Canada, believes the question of whether India ever turns Communist depends on the ability of the Indian government to solve the food problem.

Most of India's peoples are vegetarians, and there is great suffering when grain is scarce and vegetable prices climb beyond reach of the ordinary people.

Women Conservative

On the part played by women in the Republic of India, Mrs. Scott noted that more women than men turned up at the polls when India held its first independent election in 1947.

Women are the most conservative members of the country. In the college with which Mrs. Scott and her husband were associated there are 120 women students.

Mrs. Scott says the opinion of the Indian man is that an educated woman makes a better wife than an uneducated one. Marriages in India are still "arranged" but young men now want wives who have been to school, and they want to have a look at their prospective brides. No more taking them sight unseen.

The caste system has died out greatly in the last 41 years, Mrs. Scott reports. There is little distinction in the schools but there is still a certain amount of friction in the smaller villages and towns.

been used for shingles with greater or lesser degrees of success. Among the more recent methods is the use of X-rays.

When herpes appears on the forehead, it can move down into the eye and this can be a most serious and painful condition. Some antibiotics may turn out to be of real value in treatment, especially if given early in the course of the disease.

In long-lasting nerve pain following shingles, nerve surgery may offer the only means of bringing relief. Those who have neuralgia after an acute attack are in a bad way.

WEST KEITH

Mrs. George Judge and children, Bessie and Brian, of North Hatley, were guests of Mr. and Mrs. Howard Berwick.

Mr. and Mrs. Lloyd Pehlemann and Mr. Gus Olson made a trip to Ohio, where they were guests of Mr. and Mrs. Kenneth MacLeod. They returned here by Kingston, Ont., where they visited Mr. and Mrs. Edward Pehlemann.

Mr. and Mrs. Wilbert Buchanan, Mr. and Mrs. Raymond Morrison and Mrs. Daniel Pehlemann attended the banquet and official opening of the Pope Memorial High School at Bury.

Mrs. A. Pehlemann and Miss Nancy Pehlemann spent a few days at the home of Mr. and Mrs. E. J. Weir in Bishopton.

Mr. and Mrs. Howard Berwick and family and Mr. Carl Pehlemann were calling on Mr. and Mrs. Charles Berwick in Bishopton.

Radio-Active Gold Used In Montreal As Cancer Weapon

Montreal. — Radio-active gold, obtained from the Institute of Nuclear Research, at Oak Ridge, Tenn., now is being used by a Montreal hospital to treat certain types of cancer.

First shipment of the treated gold was used to treat cancer patients who accumulated excess amounts of fluids on the chest and abdomen.

Owing to precision required, and limited space in the hospital's radiology department, the number of patients treated to date with the radio-active gold has been small.

Patients must be exposed to radiations a few hours after arrival of the substance.

The speedy treatment is necessary because the radio-active power of the gold diminishes by one-half every 2.7 days. Coupled with this, physical changes in the metal tends to change its molecular structure, transforming the gold into mercury.

Construction of a new hospital wing, now in progress, will provide one floor for the radiology department, in charge of Dr. I. Sedlesky.

Dr. Sedlesky was the only representative of a Canadian hospital to attend an advanced course in the use of radio-active isotopes held by the Institute of Nuclear Studies.
