

THIS STORM WAS LIKE A TORNADO.

Swept Over Townships at Midnight—Fire Broke Out in Lumber Yards at Bromptonville But in This Case the Wind Worked With the Fire Fighters.

The summer of 1908 seems destined to be noted for the severity of its thunder storms. The storm of two weeks ago was one of the worst ever recorded in this section of country, lightning striking in dozens of places. Yesterday was very warm, temperature mounting into the nineties. The evening was sultry. The natural result was a midnight storm. The feature of this was not the downpour of rain or the lightning, so far as Sherbrooke and vicinity was concerned, but the high wind which reached the velocity of a hurricane. From west to east this miniature tornado tore across the country, shaking houses and blowing down a good many trees. Lightning was vivid, but so far as the city is concerned, was somewhat distant. Little or no damage resulted from the storm in this vicinity, but it was, nevertheless, one of the most strenuous demonstrations of the power of the elements which has occurred in a long time. LUMBER BURNED AT BROMPTONVILLE. When the wind was at its height, about one a.m., fire broke out in the lumber yards of the Tobin Mfg. Company, at Bromptonville. The result was that about 500,000 feet of sawn lumber, 4,000 ties, 3,000 cedar posts and 500 cedar telephone poles were destroyed. The yard contains about 2 1/2 million feet, so that the fire, destructive as it was, did not seriously disturb the company's lumber supply. It was a time when the hurricane favored the owners of the threatened property. It was blowing directly towards the river. It swept clean from west to east the portion of the yard in which it occurred, but the company's fire fighters assisted by citizens, had little difficulty in preventing the spread of the flames, north or south. The wind aided them, it would have been impossible to have fought a fire against a wind like that which prevailed this morning. The cause of the fire is believed by the company to be due to a spark from a passing train. Two trains met at the Bromptonville station shortly before the outbreak of the fire. Lightning at the time of the outbreak was not particularly severe and there appeared to be no reason to believe that the lumber was fired by a thunderbolt. The loss, it is understood, is pretty well covered by insurance. The insurance on the whole lumber yard amounted to \$28,000, carried in companies represented by Mr. F. J. Alger. The fire was discovered at 1 o'clock by Mayor Lambert, who gave the alarm. The engine from which sparks may have caused the blaze, passed here at 12.10 o'clock.

Found injured beside the track. His arm cut off and skull fractured. Vermont man picked up between Abercorn and Richmond. Sutton, June 20.—(Special.)—A man was found yesterday beside the C.P.R. track between Abercorn and Richmond very badly injured. One arm was cut off and his head was badly hurt, skull being fractured. He was unconscious. His name, from papers on him, appears to be Golden, of Montgomery. There are two theories, one is that he fell from a passing train and the other is that possibly being intoxicated he lay down beside the track and was struck by train. He was taken to Richmond. There is said to be slight chance of his recovery.

FOUND INJURED BESIDE THE TRACK.

His Arm Cut off and Skull Fractured. VERMONT MAN PICKED UP BETWEEN ABERCORN AND RICHMOND. Sutton, June 20.—(Special.)—A man was found yesterday beside the C.P.R. track between Abercorn and Richmond very badly injured. One arm was cut off and his head was badly hurt, skull being fractured. He was unconscious. His name, from papers on him, appears to be Golden, of Montgomery. There are two theories, one is that he fell from a passing train and the other is that possibly being intoxicated he lay down beside the track and was struck by train. He was taken to Richmond. There is said to be slight chance of his recovery.

HEROISM OF POOR CRIPPLE.

Mias Legs, One Arm and Several Fingers But Saved Two Lives. JOSEPH GILLEGAN, OF NEW YORK, RESCUED TWO BOYS FROM DROWNING IN GRAVEL PIT. POND. New York, June 20.—(Special.)—With stumps for legs, a stump for his right arm and his left hand minus several fingers, Joseph Gillegan, eighteen year old, swam to the rescue of two boys in a gravel pit pond at Morris Plains, N.J., and saved their lives. Alexander Patterson and Augustus Monahan, both 12 years old, were in an old boat on the pond which is near the Lackawanna Railroad tracks at Morris Plains.

MINING ACCIDENT AT FERNIE, B. C.

Displacement of Strata Caused Death of Three Men. THE QUICK ACCUMULATION OF GAS PREVENTED RESCUE WORK. Fernie, B. C., June 20.—(Special.)—A serious accident happened last night caused by the displacement of strata in No. 12 mine at Coal Creek, which caused the death of three men, viz., George Neath, George Rudolph, both married men, and Steve Kocay, a Slav. The slip occurred in section 6 at the bottom and squeezed to the top, stopping air from going in. Gas quickly accumulated, preventing rescue work.

SIR G. PARKES M. P. IN MONTREAL.

Expects Woman's Suffrage in Old Country in Few Years. DOES NOT THINK GENERAL ELECTION WILL OCCUR THERE FOR TWO YEARS. Montreal, June 20.—(Special.)—Sir Gilbert Parkes, M.P., arrived here last night to Belleville to visit his mother, who is very ill. His stay in Canada will be brief. Speaking on political affairs in the old country he said he expected to see women's suffrage within a very few years. He does not expect another general election for at least two years yet.

NEXT CONVENTION IN SHERBROOKE.

Three Rivers Health Conference Adjourns. MAYOR DR. RACHAND, OF SHERBROOKE, IS ELECTED PRESIDENT. Mayor Dr. L. C. Rachand and Dr. P. Pelletier, M.L.A., have returned from Three Rivers, where they attended the health convention, the Mayor representing the city. The next meeting will be held in Sherbrooke. Mayor Rachand was honored by being elected President for the coming year's convention. Mr. Dore is Secretary. The attendance at the convention consisted largely of municipal officers and officials and problems of public health were discussed.

WINDSOR MILLS.

Services in St. George's Church on Sunday next will be Holy Communion at 8 o'clock. Morning prayer at 11 o'clock a. m.; Evening prayer at 7 o'clock p. m. The Oddfellows picnic and dance held on Wednesday evening at the home of T. Ward, was very largely attended. The music was provided by Gale's Orchestra of Sherbrooke. Mrs. E. W. Leonard left on Friday morning for a few days visit in Montreal. On her return she will be accompanied by her sons, Wilfred and Edgar, who are coming home from college for the summer holidays. Mr. Jas. Mackinnon, general manager of the Eastern Townships Bank, attended the meeting of the Canadian Bankers' Association held at Toronto this week. Mr. R. T. Heneker, who was in Lennoxville attending convention, has returned to Ste. Anne de Bellevue, where he has his summer home. Miss Minnie Smith has left town for a visit to friends in Newport, R.I. Mrs. S. McKee is in town for a few days on a visit.

CIRCUS MEN ARE HERE TO-DAY.

Billing City and Vicinity for Cole Bros Show. WILL BE IN SHERBROOKE ON FRIDAY, JULY 3RD - LOTS OF ADVERTISING MATTER. "Hully gee, Mag, what der yer know 'bout dis? De circus is comin'!" "Ah heat it, Jimmy. I knowed dat early dis mornin' for I seed der posters car by der depo'. You're a slow 'un." The speakers were typical children of the street, and the thrill that went through their little bodies as they gazed with wonder and admiration at the many colored posters that announced the coming and wonder of the "Cole Brothers World Famed Shows," was shared by many others, but probably not voiced so ungrammatically, but no more expressively, "Jimmy" and "Mag" watch the work of the bill posters as they unfolded and put in place sheet after sheet of circus wonders, and when "Jimmy" so far forgot himself as he saw a picture of a huge elephant standing on his head, as to say: "Bet dat ain't in der show," was severely reprimanded by "Mag" for daring to think that any piece of circus paper portrayed anything but the truth. Cole Brothers' Show is coming to Sherbrooke on Friday, July 3rd. The bill posters, lithographers and programmers got busy this morning. They are all busy to-day billing the city and country towns within a radius of several miles of this city. When the day's work is completed they say over 10,000 sheets of paper will have been posted or placed in windows, and each sheet measures 21 by 42 inches, it is a nice little example for scholars to figure it if it were all posted on one place, how large a space would be required to hold it. Besides this paper, 25,000 pieces of advertising paper will be distributed. One week from to-day another car will be here. This will be the excursion car that does all the billing along the railroads, repairs what damage may have been done to the work of the car here to-day, and brightens up what has already been done. From then until the show comes in on July 3rd, advertising agents and bill posters will be in evidence frequently. In all there are over 100 men ahead of the Cole Brothers Show.

NEXT WEEK'S BIG CELEBRATION.

Review of Programme Which Has Been Prepared. TWO DAYS FULL OF INTERESTING EVENTS—BIG GATHERING EXPECTED. Plans are well advanced for the big celebration in Sherbrooke next week in connection with the 50th anniversary of the St. Jean Baptiste Society. The programme as now decided upon may be summarized as follows: WEDNESDAY. 9 a.m.—Pontifical mass at Racine Park. Sermon by Rev. Father Landre, S.J., of Montreal. 11.30 a.m.—The grand national procession, composed of members of St. Jean Baptiste Societies of the Eastern Townships, sister societies, all bands assembled in the city for the musical festival, allegorical cars, citizens, etc. 2 p.m.—Band festival at the Exhibition Grounds, 300 musicians participating, also programme of horse races, sports, etc. 7.30 p.m.—Mass meeting at the Stadium. Features of the programme will be addresses by Hon. Thomas Chagnon, Legislative Councillor, and Hon. Boucher de la Bruere, honorary president, and first secretary of the society, also a recitation of a poem especially written for the occasion by Mr. J. A. Poisson, the Canadian poet, of Arthabaska. THURSDAY. 10.30 a.m.—Departure of excursion to Little Lake, where the day will be spent, returning at 5.45 p.m. 7.30 p.m.—Presentation at Clement Theatre of "Les Bourgeois," a three-act comedy, by talented amateurs. This great celebration by the French-Canadian citizens of Sherbrooke and the Townships has been many months in preparation, and on the eve of the eventful week, it gives promise to come up to the sanguine anticipations of its organizers.

AT MONT NOTRE DAME CONVENT.

Yesterday afternoon, Mont Notre Dame, of the Convent of the Congregation, Grove street, was in fête, the occasion being the annual distribution of prizes and the closing exercises of the institution for the year. The large beautiful music room was accented with many seats for the visitors, which were all occupied by interested parents and friends, and adorned with palms, and busts of famous musicians. Mgr. Paul Laroque presided and on his entrance was received with great ceremony by the Rev. Mother Superior, Rev. Sister St. Alda and the other reverend ladies of the staff with Rev. Mere Ste. Aglae, Provincial of the Order from Mont St. Louis, Montreal, who is making her annual visitation to the community houses. The Bishop was accompanied by Mgr. H. O. Chailfoux, Rev. Abbes Charest, Gagnon, Beaudry, Darche, Chasse and Blanchard, who were conducted to special seats. The programme opened with a piano overture (Thome) for four pianos, performed by Misses Jeanne Beauchesne, M.-Rose Bourgoing, Laura Cantin and Yvonne Codere. The graduating class, Misses C. Denault, Jeanne Beauchesne, M.-Rose Bourgoing, Laura Cantin and Blanche Alice Cote, received their diplomas and crowns. Miss Norine McManus read an address in English and Miss C. Fenault, a Farewell to Mont Notre Dame, in French. Prizes were presented to the intermediate classes and undergraduates by Mgr. Laroque, Mgr. Chailfoux, the Abbe Charest, and by the parents of the pupils who were present, and crowns for good conduct were placed upon the heads of a large number of pupils by Mgr. Laroque, the girls kneeling very prettily before the reverend Head of the Church. The prizes given by the Bishop to the graduates were presented, and those offered by Mgr. Guertin, Bishop of Manchester, were given to the winners, Misses Eva Stenson, Loretta Steele, Misses Brodeur and Huard. The prize-giving was interspersed with musical selections, Beethoven's "Hymn to Night" and "Serenade to the Virgin," (Schubert being sung by the Chorus) and a piano solo, "Hark, Hark," by the Lark (Schubert), contributed by Miss Marie-Rose Bourgoing. The graduating pupils gave a recitation by Mgr. de Laval, in very beautiful French and the proceedings terminated with an address from Mgr. Laroque, in which he congratulated the Rev. Mother Superior on the successful year, alluding to the presence of the Rev. Mother Provincial on this occasion and spoke of the good fortune of the young French girls of Sherbrooke in receiving an education at Mont Notre Dame. Addressing the graduating class, he urged them to be faithful to all their duties, to their church, their parents, and their homes, and bestowed upon them all his paternal benediction with hearty wishes for a happy vacation. The National Anthem was played, and the pleasing function came to an end.

MILLIONS OF CATERPILLARS.

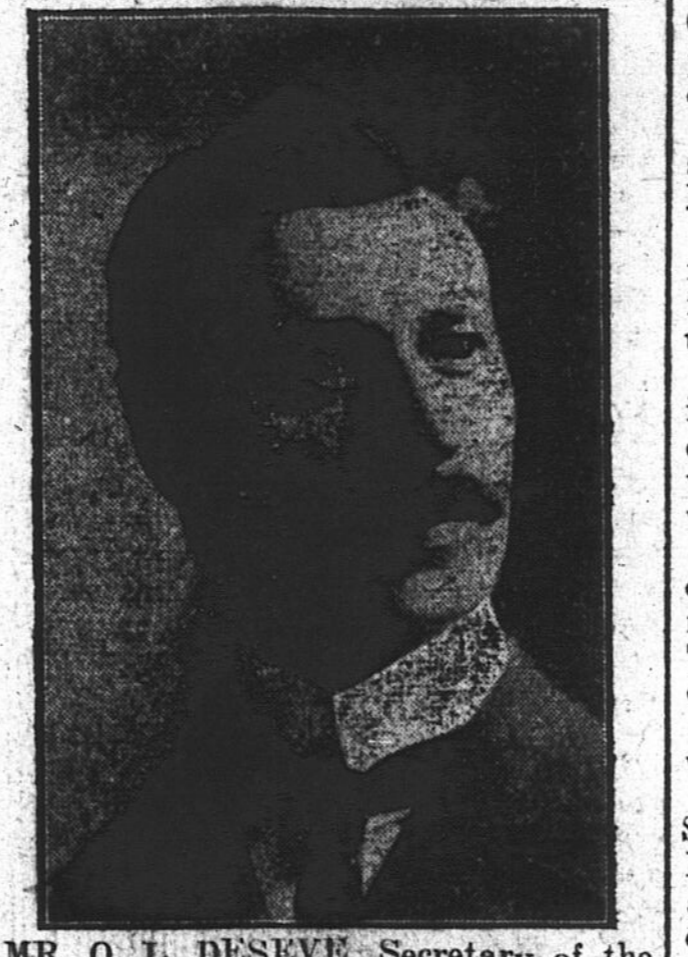

Create Tremendous Havoc in Parts of New Brunswick. HEAVY FREIGHT TRAINS WERE BLOCKED AND CREW HAD TO TURN OUT AND SHOVEL TRACKS. St. John, N.B., June 20.—Caterpillars are creating havoc in some sections of the province. A regular army of them is reported from York county, between Tracy and Cork station, on the line between Fredericton Junction and McAdam. On Thursday evening the pests started to cross the tracks, and a heavy freight train that came along and rushed on them was soon stalled. Three times in a distance of not greater than a mile the train was stopped by the pests. The train crew were forced to use shovels to clear the track. They reported there were millions of caterpillars and that they had eaten almost every green thing in sight and had wrought particular havoc to poplar trees. More than an hour was spent in getting the train past the spot, and it was only by shovelling the caterpillars off the line and piling up gravel that the train men succeeded in overcoming the difficulty.

BROME COUNTY FAIR PRIZE LIST.

The first of the Eastern Townships Agricultural Associations to issue its prize list catalogue is that of Brome County. It announces the fall fair to take place Tuesday, Wednesday and Thursday, Sept. 8, 9 and 10. The Brome County Horticultural show will be held on the same dates. The catalogue shows that the society is still going ahead and is this year offering a list of premiums which cannot fail to attract a fine exhibition. It announces the annual exhibition at Brome, Tuesday, Wednesday and Thursday. THE WEATHER LOCAL FORECAST: Moderate westerly winds, fair and very warm, but some local thunderstorms.

AT ST. CHARLES SEMINARY.

Annual Gathering for Distribution of Prizes. A CONTEST IN ORATORY, THE AUDIENCE BEATING THE JUDGES. The annual distribution of prizes and closing exercises of St. Charles Seminary took place last evening and in spite of the heat the large hall was crowded to the doors. Mgr. Paul Laroque presided and occupied the seat of honor, surrounded by the clergy of the Palace, the Seminary and victors while many of the leading French and English citizens were present. The overture, "The Eve of a Great Day," was played with spirit by the College Band, and was followed by the presentation of prizes to the students of the Business Course. Mr. A. Ouimet performed a piano solo of great excellence, "Polka de la Rome" (Raffi). The graduating class of the Business Course then received their diplomas and the prizes were presented to the students in Classics. A competition in Oratory was most interesting as the victor was to be decided by the ballots of the audience, who listened to the young orators with close attention. Those taking part were Victor Vincent, who recited "Conscience"; Leonidas Faucher, "For the Flag"; J. Thibault, "The Assassin"; and Taurerde Beaugregard, "Barbazan." Mr. Beaugregard was declared the winner amid great applause. The prizes to the students in the Special Course were presented and Mgr. Laroque then made a brief address. He spoke in terms of high commendation of the faithfulness and attention to their studies of the pupils as evidenced by the long prize list, and emphasized the great advantages to be derived from attendance at St. Charles Seminary. Boys were trained there to take a good position in every walk of life, and many St. Charles men had attained distinction in the professions. Above all they were well grounded in religion and were dutiful sons of the Church. He congratulated the Rev. Superior and the professors on the good results of the year, and concluded his kindly and paternal remarks by wishing all a happy and profitable holiday. The evening was brought to a pleasant close by a fine rendering of the chorus, "Le Sherbrookiens," the words by the Rev. E. J. Auclair, and "God Save the King."

MR. O. L. DESÈVE, Secretary of the St. Jean Baptiste Society, Sherbrooke.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

ROAD IMPROVED. Kirkdale, June 20.—(Special.)—The famous Gore Road, has been put in shape for another season, Mr. Wesley Lyster, in a practical manner in the limited time allowed him, has made a good job. It is to be regretted that more money was not voted by Councillor Gee that the sum of \$50 was allowed this year. All trust that next season the appropriation will be the worst piece of road in Melbourne. It is largely due to the activity of the adequate. PLANT MAY CLOSE DOWN. Magog, June 20.—(Special.)—The cotton industry is still quiet and the Dominion Textile Factory here is running on short time. It is reported about town that the plant will close down for two weeks. GOVERNMENT BUILDING STARTED. Magog, June 20.—(Special.)—Work has begun on the new Government building here, Post Office, Customs and Army, and is being pushed rapidly forward. The excavation is almost completed. LARGE SHIPMENT OF HIDES. Waterloo, June 20.—(Special.)—Mr. Marcus C. Martin has just completed the loading of four cars of green salted dairy and horse hides, making shipments to New York, Sault Ste. Marie and Acton, the value of which amounts to in round numbers about \$19,000. ADOPTED MONEY TAX. Kirkdale, June 20.—(Special.)—The Ulverton Council adopted the money tax system in lieu of the old statute labor system. In consequence Mr. Albert Smith, a thoroughly competent man, was appointed Road Superintendent, and the widening of the main road from Mr. Bogie's to the Melbourne Town Line was commenced. The road is now nearing completion and in every way it is up-to-date. It is 27 feet wide, with 15 inch ditches, and is warranted to carry a 40 h.p. automobile without upsetting. BANK CIRCULATION. MR. FIELDING'S BILL PASSED IN THE HOUSE OF COMMONS WITHOUT AMENDMENT. Ottawa, June 20.—Another good day's progress in the house has to be recorded, and although the mercury in the thermometer hanging in the chamber, early yesterday climbed to the dizzy height of 90 and hovered in that vicinity for the rest of the afternoon and evening, headway was made with the business of Parliament. The chief discussion ranged over Mr. Fielding's bill to enable banks to increase their circulation to the amount of 15 p. c. of their paid up capital and reserve at the season of the year when money is required for moving the crops. The main criticism was the lack of security and the bad habit of tinkering with the Bank Act. The bill passed, however, without amendment. COMMUNISTIC KITCHENS. (From the Cleveland Plain Dealer.) Two New York women are trying to solve a serious domestic problem by opening what they call a communistic kitchen. The kitchen is on the West Side, a tenement-house district, and at present is designed to supply its patrons a dinner only. This meat will be carried to the home of the purchaser and there put where it will do the most good. At the opening recently, two courses were provided, a meat pie and ice cream, the supply of each being ample for one person. For the pie, which contained not only meat but vegetables, seven cents was charged, and for the ice cream three cents. Of course, the scheme is not a money-making one, the food being sold at as low a price as possible, and the philanthropic ladies hope to make it so popular that similar kitchens will be established in every tenement house, where the number of patrons would be sufficient to make it self-supporting. The projectors believe that the kitchen will not only save the laboring class time, but it will provide better food than that to which the patrons are ordinarily accustomed. Communistic kitchens have been tried before and have usually failed. The principle was all right, but this didn't avail when the management was poor. The novelty helped them for a while, and then poor cooking, or poor materials, or poor financing wrecked the scheme. But these New York women are starting in an unpretentious way, learning to creep before they attempt to run, and it may be possible that they have inaugurated a philanthropic device that will possess enduring value. Rev. W. H. Warriner, D.D., of Montreal, will address the Men's Meeting of the Young Men's Christian Association to-morrow afternoon, at 4 o'clock. His subject will be "Conversion." All men are invited. THE LADY'S POCKET. (From Young Woman.) For many years the lady's pocket has been impossible to find in a hurry. An aged person required the help of her daughter to reach it; but this became unendurable—the worm turned at last and the hand-bag was invented. It is decidedly an improvement as to convenience—the thief also is of the same opinion. An ad-reader doesn't find very many uninteresting ads. Look over the ads in this issue and mark those that have some bearing on the things you expect to buy in the near future. It's an interesting experiment.

DEATH OF MR. GEO. OLDS.

FORMER GENERAL TRAFFIC MANAGER OF CANADIAN PACIFIC RAILWAY PASSES AWAY. Montreal, June 20.—In railway circles all over the continent regret will be expressed at the death of Mr. Geo. Olds, who, up to the time of his retirement as general traffic manager of the Canadian Pacific Railway, at the close of the year 1895, was one of the best known railroad men on the northern part of the American hemisphere. Mr. Olds' wife died a year ago, and from the bereavement she suffered he never seemed to recover, and he passed away yesterday at his residence, 740 Sherbrooke street west. THE RACE FOR BATTLESHIPS. (From the New York Evening Post, Ind't.) The report that the British Admiralty is planning to go as "one better" by building a monster battleship of 21,000 tons within the next eighteen months is far from incredible. It illustrates the folly of this or any other country trying to surpass England in the race for naval power. Our own new ships of 20,000 tons are supposed to be better all-round vessels than the Dreadnought; but no sooner have we resolved on them than England surpasses her Dreadnought with the St. Vincent of 19,250 tons, to be at sea two years before ours just authorized by Congress. As if this were not enough, she must needs jump ahead again and plan her 21,000 ton vessel, and be ready for sea about the time the Florida and Utah are launched. Moreover, as if adding insult to injury, she proposes to mount 13.5 inch guns and to use gasoline engines. There is really something very unfair about this. England has shown us the way with submarines, torpedoes, scout cruisers, turbine engines and high-speed destroyers. It looks like cruelty to animals—the laboring class follows so rapidly in her footsteps. Why cannot she stick to one type of ship and let us catch up with her? There was a time when the Admiralty was just as slow to move and to adopt new ideas as our own bureau chiefs. It even repeated error after error with the same solid satisfaction of our own unsurpassed chief constructor, Capps. But now—why will they not let a bureaucrat sphy in peace? ENGLISH JUSTICE. (From the Van Norden Magazine.) It is only a century since the death penalty was inflicted in England for theft not exceeding the value of a sheep. Now, some of the London journals are making a merciless exposure of magistrates throughout the kingdom who keep up the tradition by sentencing petty thieves to jail, while inflicting only trifling fines upon wife beaters and even more brutal offenders. In one police court one defendant was fined 10s. 6d. for knocking his wife down in the street because she refused to give him money for drink, and another was sentenced to sixty days imprisonment for damaging growing potatoes and stealing two footballs. For cruelty to a horse, beating his wife, who was ill, with fist and hammer and leaving her with nothing to eat, one man was fined 10s., while another, charged with stealing a pair of socks valued at 6 d., got fourteen days hard labor. It would not be difficult to make up a list of similar cases from American police courts, yet the tendency in America is rather towards a higher estimate of the value of human life.

GOLD AT BOTTOM OF LAKE MEGANTIC.

Syndicate Propose to Begin Dredging Operations. HAVING MINING RIGHTS TO 1,000 ACRES OF BED OF LAKE. Recent explorations and discoveries have aroused keen interest among mining men in the Lake Megantic region, as a gold producing district. A syndicate, composed for the most part of Eastern Townships men, now have under way a most interesting project. It is none other than the institution of dredging operations in the bed of Lake Megantic and the washing of the lake sand for the yellow metal. Mining rights to a thousand acres of the bed of Lake Megantic have been obtained, and it is said a dredge will shortly be installed. While mining of this nature is novel in this part of the country, it is not new to the mining world in general. Millions of dollars worth of gold have been taken from river and lake beds in California and elsewhere. The Lake Megantic soil has been tested and it is said with extremely satisfactory results. The dredge work is so rapid and so simple that the sand need not be extremely rich in order to produce profitable returns. PROSPECTS AT MARSBORO MINES. It is Reported That a Valuable Vein Has Been Struck. SAID TO YIELD SEVEN DOLLARS TO TON—BOARDING HOUSE ERECTED FOR THE MEN. Megantic, June 20.—(Special.)—Work at the Marsboro gold fields is progressing. An engine has been installed and steam was started Thursday. It is reported that a very promising vein has been struck, which gives the value of seven dollars to the ton. A boarding house has been erected for the men employed at the mining and the prospects are very bright. THE MARRIAGE CEREMONY. (From Melbourne Table Talk.) Marriage in a church is the best after all. This is really something in the holy cloister calm, the dim religious light—something chastening and solemnizing which must tend to make the marriage vow more impressive—and heaven knows it needs every possible aid to permanency in these kaleidoscopic days of hasty union.

THE WATHER LOCAL FORECAST.

Moderate westerly winds, fair and very warm, but some local thunderstorms.

Comparison Courted

In our Dyeing and Laundry Departments. We do all our Dyeing on the premises. Goods finished in two or three days.

IMPERIAL LAUNDRY & STEAM DYE WORKS, 6 WATER ST., SHERBROOKE. Bell 'phone 10. People's 223

PHOTOGRAPHS!

If you want the BEST JOHNSTON'S Studio is the place to get them. Amateur work given special attention.

Geo. Johnston, 148 Wellington Street.

BARNSTON.

The Government exams commenced at the Model School on Monday and closed on Friday. Rev. F. E. Miller was deputy examiner.

Rev. Dr. J. G. Brown, of Toronto, occupied the pulpit of the Baptist church here on Sunday morning, June 14th, and at Way's Mills in the afternoon. Subject, "Foreign Missions."

Messrs. Edward A. and Charles J. Cushing are away on a trip to Vermont and New Hampshire. They intend to visit the birth place and the early home of their mother at Peacham, Vt., and also attend the one hundred and thirty-ninth commencement of Dartmouth College, at Hanover, N.H., at which university Mr. E. A. Cushing graduated in 1868.

Mrs. Paige Thornton pleasantly entertained the Ladies' Aid of the Methodist church on Wednesday afternoon. The rooms were well filled.

Mr. and Mrs. Hall and a few friends have left for their cottage at Elmwood Park for a two weeks' stay.

Mrs. Lewis Hall has returned from Boston for a few weeks' visit. At present she is with her aged mother, Mrs. James Corliss, who is very ill.

Rev. Dr. Brown, while in town was the guest of Rev. and Mrs. Miller.

Miss Dorothy Parsons is home from King's Hall, where she passed examinations.

Mr. and Mrs. J. Leavitt and little daughter, of Morgan, also Miss Ida Foscock, were recent guests of Mr. and Mrs. M. Martin.

Mrs. C. N. Remick is recovering from her recent illness and intends leaving soon for her western trip.

Mr. and Mrs. H. McCutcheon were in town on Wednesday. They are nicely settled now in their cottage at Lake Lyster for the summer.

ALMOST GIVEN UP

"FRUIT-A-TIVES" SAVED HIS LIFE. Mr. Dingwall was Superintendent of St. Andrew's Sunday School in Williamstown for nine years and License Commissioner for Glenarry and Tax Collector for Charlottetown for fourteen years continuously. Read how strongly Mr. Dingwall comes out in favor of "Fruit-a-tives."

Williamstown, Ont., April 5th, 1907.

I have much pleasure in testifying to the almost marvellous benefit I have derived from taking "Fruit-a-tives." I was a life long sufferer from Chronic Constipation and the only medicine I ever secured to do me any real good was "Fruit-a-tives." This medicine cured me when everything else failed. Also, last spring, I had a severe attack of bladder trouble with kidney trouble, and "Fruit-a-tives" cured these complaints for me, when the physician attending me had practically given me up. I am now over eighty years of age and I can strongly recommend "Fruit-a-tives" for Chronic Constipation and bladder and kidney trouble. This medicine is mild like fruit, is easy to take, but most effective in action.

(Sgd.) JAMES DINGWALL. "Fruit-a-tives" or "Fruit Liver Tablets" are sold by dealers at 50c a box - 6 for \$2.50 - or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

MISUSE OF TELEPHONE.

(From the Gentlewoman.) Will there soon be a reaction against the ever ubiquitous telephone? It strikes me there may, because I hear on all sides complaints of its misuse, especially by the young members of the community. A lady of note, who is very good natured in having girls to stay with her in town, was found complaining bitterly the other day because she never got near the instrument herself because her young guests were exchanging confidences all day long with their girl friends as to their frocks and young men.

STOUT HEARTS AND PURE SOULS.

(From the Revue des Deux Mondes.) Men will realize one day that of all national manufacturers that of stout hearts and pure souls is the one that will pay best in the long run.

HAD TWO WIVES

JOHN WALKER OF WINDSOR IN CUSTODY AT HUDDERSFIELD, ENG. Huddersfield, Eng., June 17.—John Walker, who posed as a doctor from Windsor, Ont., is charged here with the larceny of £95 from a woman whom he married in October of last year. He disappeared after the marriage, and was found at Bristol, living with another woman, to whom he had been married. He was remanded pending an investigation here and in Canada. Other and more serious charges are expected.

RICHMOND.

Rev. W. W. McCune of Montreal will conduct the services in Chalmers' Presbyterian Church on Sunday June 21st and the following Sunday. Mr. W. H. Keenan, proprietor of the St. Jacob's Hotel, is improving his hostelry by building a wing and painting his house, when completed this will add greatly to the appearance of the Hotel.

Miss Ina Jamieson, who has spent the past nine months visiting relatives here and in different parts of Quebec and Ontario, left on Wednesday for her home near Aberdeen, Scotland.

The members of St. Patrick's Society are requested to meet at the Brother's School Hall at 9.30 a. m. on Sunday June 21st, to attend Mass in a body and take part in procession.

Dr. Lyster and son of Hull, Que. are visiting the Doctor's sister, Mrs. C. Wilcox, of "Lyster's."

The Government examinations finished on Friday at St. Francis College. Rev. G. H. Craik acted as Deputy Examiner.

Miss Jennie M. Stewart, daughter of Mr. A. Stewart, has taken a model School Diploma at McDonald College.

Mr. David E. Taylor will sail next Thursday for Yorkshire, England, where he will visit relatives.

Mr. Arthur Barrie has rented "The Pines" at Tremholmeville from Davis Bros. and his family have taken possession for the summer months.

The proposed road race open to the Eastern Townships, to take place in Sherbrooke on or about September 1st, promises to interest the townspeople, and it is expected that Richmond will have several competitors in the race. Now is the time, boys, to organize a Harrier Club and get into training.

BEAUTY OF THE ELASTIC STEP.

(From the Naples Mattino.) The only women in Europe who can walk are the mountaineers, but all Eastern women have a graceful and elastic step. If our women realized the extraordinary beauty proper movements they would carefully study the Easterners' gait.

FROZEN TRUTH.

The man that keeps cool generally keeps everything else, says the Sydney Lone Hand.

valuable. He started to work, but the miners' strike of last summer caused a cessation of work. Superintendent, formerly of the La Rose, has since been put in charge of the operations and two shafts are being sunk.

Typical high grade ore, and by this is meant high-grade ore typical of Cobalt camp, has been encountered in these shafts and these shafts will be continued to depth, and by cross-cuts and drifts a vast amount of underground exploration work will be done, and in this way the rich veins already encountered on the surface and blind veins which abound in this section of the camp will be opened up and developed.

As a result the many rich veins now being worked at depth on the adjoining mines named, and which are known to run into this property, will be encountered and developed. Immediate attention will be paid to the veins definitely developed by the O'Brien, Nipissing, La Rose and West of Way.

Then this company also has an acreage extending on the other side of the T. & N.O. Ry., where the Nipissing and Temiskaming & Hudson Bay Co. are working rich veins.

The emphatic statement of a well-known engineer who has examined the property is that there is "no partially developed ground in the Cobalt district better situated or has greater promise."

A comparison of the capitalization of Chambers-Ferland with other Cobalt propositions, including the biggest dividend-payers, taking into consideration the company's superior location and large acreage, cannot fail to impress the careful investor.

on the directorate of this new company are Messrs. William C. Chambers, Arthur Ferland, William B. Russell, R. K. Russell and R. A. Galbraith, the original owners of the property and of the Nipissing. Mr. Jeffrey is the superintendent.

AN INTERESTING WOOD PULP REPORT.

Gives Idea of What Uncle Sam is Using.

IMPORTED 25 P. C. MORE LAST YEAR THAN THE YEAR PREVIOUS.

Washington, June 20th.—(Special)—A preliminary report of the consumption of pulpwood and the amount of pulp manufactured last year has just been issued by the Bureau of the Census. The advance statement is made from the statistics collected by the Census Bureau in co-operation with the United States Forest Service.

Many of the figures bring out interesting facts which show the rapid growth of the paper making and allied industries during the last decade. Nearly four million cords of wood, in exact numbers 3,962,660 cords, were used in the United States in the manufacture of paper pulp last year just twice as much as was used in 1899, the first year for which detailed figures were available. More than two and one half million tons of pulp were produced. The pulp mills used 300,000 more cords of wood in 1907 than in the previous year.

The amount of spruce used was 68 per cent of the total consumption of pulpwood, or 2,700,000 cords. The increased price of spruce has turned the attention of paper manufacturers to a number of other woods, hemlock ranking next, with 576,000 cords, or 14 per cent of the total consumption. More than 9 per cent was poplar, and the remainder consisted of relatively small amounts of pine, cottonwood, balsam and other woods.

There was a marked increase last year in the importation of spruce, which has always been the most popular wood for pulp. For a number of years pulp manufacturers of this country have been heavily importing spruce from Canada, since the available supply of this wood in the northern and New England states, where most of the pulp mills are located, is not equal to the demand. Figures show that the amount of this valuable pulpwood brought into this country was more than two and one half times as great in 1907 as in 1906. In 1907 the importations were larger than ever before, being 25 per cent greater than in 1906. The spruce imports last year amounted to more than one third of the consumption of spruce pulpwood. Only a slightly greater amount of domestic spruce was used than in 1906.

Large quantities of hemlock were used by the Wisconsin pulp mills, and the report shows that the Beaver State now ranks third in pulp production, New York and Maine ranking first and second, respectively. Poplar has been used for a long time in the manufacture of high grade paper but the supply of this wood is limited and the consumption of it has not increased rapidly.

Wood pulp is usually made by either one of two general processes, mechanical or chemical. In the mechanical process the wood, after being cut into suitable sizes and barked, is held against revolving grinders in a stream of water and is reduced to pulp. In the chemical process the barked wood is reduced to chips and cooked in large digesters with chemicals which destroy the cementing material of the fibers and leave practically pure cellulose. This is then washed and screened to render it suitable for paper making. The chemicals ordinarily used are either sulphite of lime or caustic soda. A little over half of the pulp manufactured last year was made by the sulphite process and about one-third by the mechanical process, the remainder being produced by the soda process. Much of the mechanical pulp or ground wood as it is commonly called, is used in the making of newspaper. It is never used alone in making white paper but always mixed with some sulphite fiber to give the paper strength. A cord of wood ordinarily yields about one ton of mechanical pulp or about one half ton of chemical pulp.

KIRKDALE.

Among those home from the holidays are: Messrs. William and Willis Adcock, from Bishop's College, Lennoxville; Misses Grace Pye and Sylvia Bartlett, from St. Francis College, Richmond; Mr. A. Kerr, from Montreal; Mr. and Mrs. Lockhead, of Montreal, the guests of Mrs. Stewart.

SUTTON JUNCTION.

Mrs. L. Scott entertained the Ladies' Aid from here at her home in Scottsboro Friday, June 19th.

Mr. and Mrs. Ogden Sweet gave a family dinner party to about sixty on Friday.

Mrs. N. A. Meyer and son, Rean, of Granby, came Thursday night to spend some time with relatives here.

Mrs. A. W. Westover is in Troy, Vt., for a short visit.

Mr. Hoarely, of Berkshire, is visiting his daughter, Mrs. Edw. Smith.

Mr. and Mrs. Garret Safford were at Bolton Springs for a few days this week.

WILSON'S MILLS.

Recent arrivals include: Miss Laura Sutor, of St. Johnsbury, Vt., the guest of her parents, Mr. and Mrs. George Sutor; Mr. Allan Gillanders, of Vancouver, B.C., calling on friends; Mrs. D. M. McAuley of Weston, Que., guest of her brother, Mr. S. Anderson.

Departures include: Mr. Robt. Anderson and Mr. J. McVee to the Northwest, where they will spend the summer; Miss A. Kellart, of Leeds. Sympathy is extended to Mr. A. Payseur and family on the death of his daughter, Mrs. Benton, which took place at her home in Beauce, on the 16th inst.

COATCOOK. The Ladies of St. Stephen's Guild will hold a garden party, on the lawn at Mrs. E. Lovell's Monday evening, June 22, when they will sell ice cream and cake. One of the features of the evening will be a table of hand embroidered neckwear and belts, which they will dispose of at reasonable prices. The band has kindly consented to play. The sale will take place in the Guild Hall if the weather is unfavorable.

Arrivals: Mr. McKee, of Lake St. Johns, the guest of his parents, Mr. and Mrs. G. W. McKee, Child street; Miss Dorothy and Miss Madge Carr, from the New England States, spending the summer with their grand parents, Mr. and Mrs. C. P. Carr; Mr. and Mrs. B. D. Crane, home from Montreal; Miss Grace Armitage, of Sherbrooke, the guest of Mr. and Mrs. E. F. Tomkins.

Departures: Mr. R. H. Gooley to Toronto, on business. The 24th annual convention of the Compton, Wolfe and Lake Megantic Co. W. C. T. U. will be held in Scottsboro, Thursday, June 25th. Morning, afternoon and evening sessions, to which the public is cordially invited. At the evening meeting will be held a social affair, to be delivered by Mrs. Mary E. Sanderson, Provincial President, and by Rev. E. Richardson Kelly, of Cookshire, Ministers of the district cordially invited to attend. Mrs. G. B. Cleveland, Johnville, is President, and Miss Sarah Cairns, Sawyerville is Secretary.

The slight trouble of looking for the name "Salada" on a package of tea is well repaid by the satisfaction you have in drinking it.

MOE'S RIVER. Mr. A. E. White, B.A., will occupy the pulpit at Moe's River Baptist church on Sunday morning, June 21. The pastor will speak in the evening and special music will be rendered. All are cordially invited.

Mr. Harry Young and wife are rejoicing over a beautiful baby boy, born June 17th. Mother and son are doing well.

Mr. Frank Harran, who was taken down a week ago with spinal trouble, is slowly recovering.

The new school will want into active operation last Wednesday and is turning out bed mattresses of good quality.

Mr. Henry Draper has returned from a visit to Vermont, where he and his wife have been visiting their daughter, Mrs. James Howe.

Miss McLeod, of Montreal, is visiting at the Baptist parsonage.

FREILIGHSBURG. The following are the results of examinations of Freilighsburg Model School, Elementary Dept., in order of standing: Kenneth L. Grange 90; George Holden 89.2-11; Clyde Shepard 88; Nettie Caspey 88.3-11; Lillian Martin 85.2-11; Olive Leavitt 83.3-5; Eva Morse 87.7-11; Olga Stimehour 81.5-11; Grace Paquette 85; 6-11; Tommy Shepard 77.7-11; Jessie Ducharme 71.8-9; Richard Spencer 69.1-11; Mildred Spencer 67.1-10; Gerald Martin 62.3-10.

The prize-winners are Kenneth L. Grange (silver medal), Nettie Caspey, George Holden and Clyde Shepard (prizes of books).

The teachers who have aided conducted the school are Miss Jessie A. McMillan, Principal; Miss M. Georgia Guillet, Elementary Dept.; Miss Frances C. Barnum, Primary Dept.

Coatcook House—Popular home for Travelers.—L. Kilburn, Prop.

NORTH COATCOOK. Mr. Michael Lebel has sold his house. Price received \$800.

Mr. and Mrs. Scrutton left for their former home in England last Wednesday.

Mr. B. C. Flint, of New York, and Mrs. McCoy, of East Hatley, have been guests of Mr. W. Hood's.

Mr. and Mrs. Rudd left last Thursday for Alberta, N.W.T.

Mrs. R. Betts is not improving, but seems to be failing slowly.

Gobalt's Latest Big Flotation The Chambers-Ferland Mining Co.

Capitalization of \$2,500,000.00 Par Value of Shares \$1.00-300,000 Shares in Treasury

Of all the Gobalt flotations, past and present, none has excited greater public interest than that of the Chambers-Ferland Mining Co. Surrounded as it is by or adjacent to such famous producers as the La Rose, Nipissing and O'Brien, and having an identical formation with these properties the future of the Chambers-Ferland is assured.

The La Rose, as a glance at the accompanying map will disclose, does not surround the Chambers-Ferland, but is surrounded by the Chambers-Ferland. It is known that the La Rose has an enormous one-body blocked out. The La Rose veins are in the heart of the Chambers-Ferland and will undoubtedly be picked up in this company's workings.

The Nipissing, is one of the camp's greatest producers and the O'Brien shipped last year over one million dollars' worth of ore. The Province of Ontario received a quarter of a million dollars of this by reason of its royalty. In expectation of receiving similar returns and by reason of the known richness of the 124 acres of the Chambers-Ferland Co., the government of Ontario retains a 25 per cent. interest in the property.

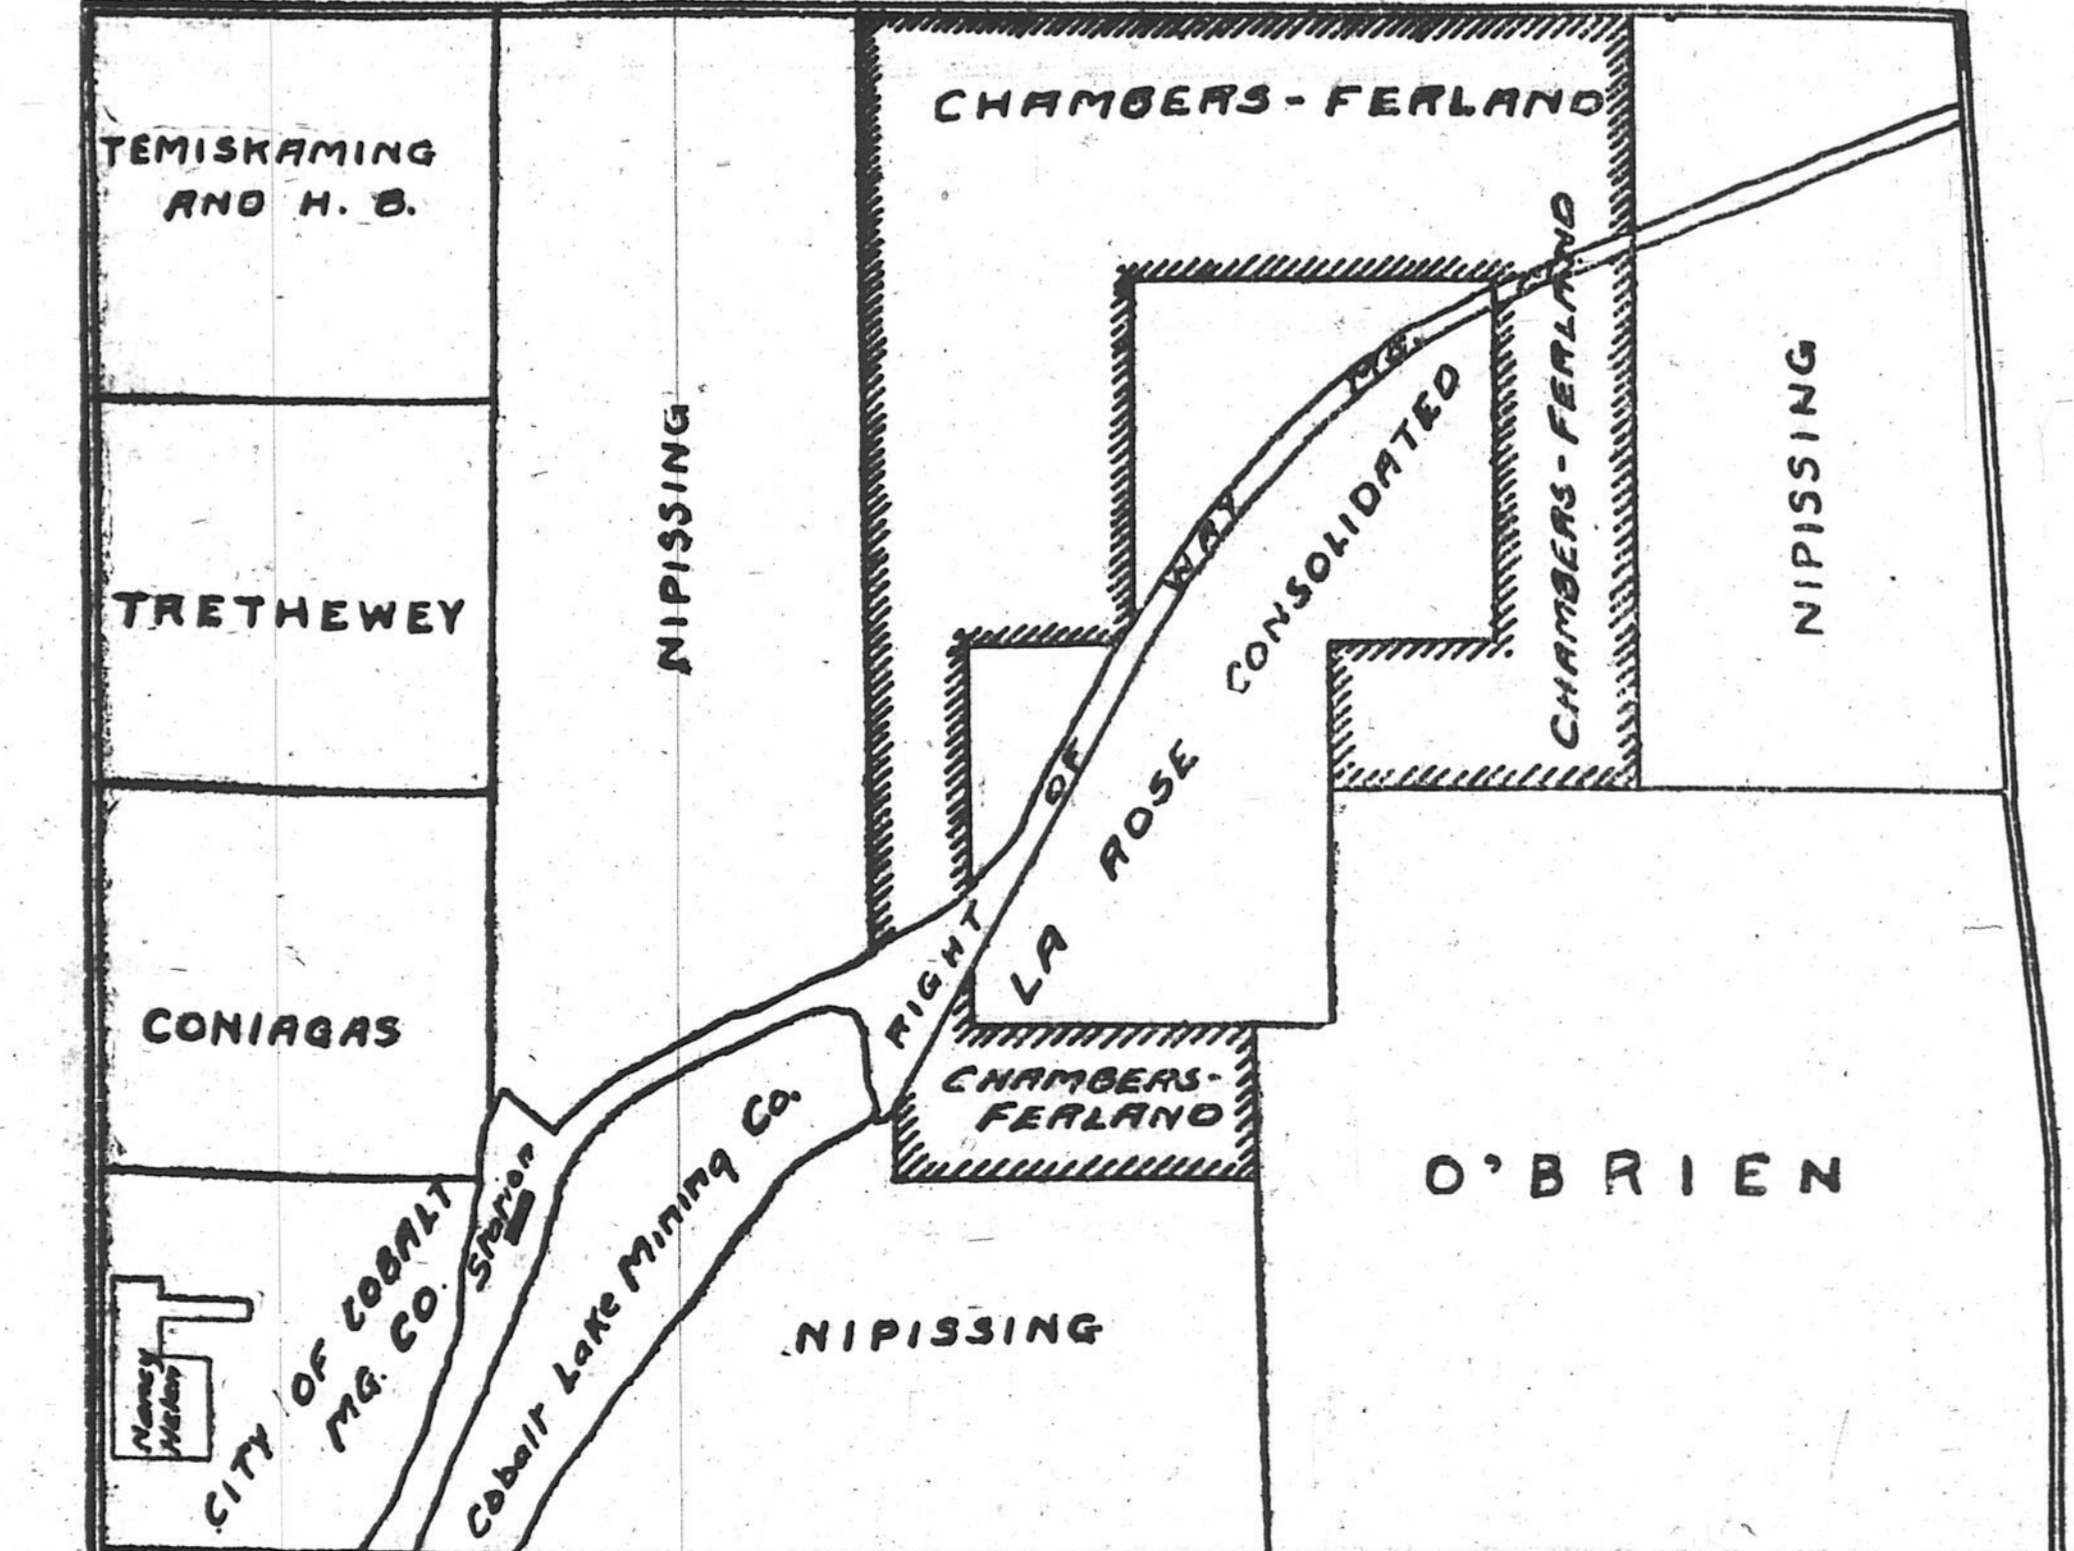

In considering the property under review in this article, it must be remembered that this is the balance of the acreage that was staked in the early days, when the entire Gobalt district was open to the syndicates after whom this company is named. This syndicate sold the Nipissing property. The O'Brien Mine, as is well known, is owned by Messrs. M. J. O'Brien and J. B. O'Brien and the 124 acres now owned by the Chambers-Ferland Mining Co. remained.

In the section of this acreage the syndicate certainly made no mistake. To the east, south and west lie the rich O'Brien and Nipissing veins and the most valuable part of the Right of Way lies adjacent.

The O'Brien, Nipissing and La Rose are the camp's heaviest shippers and are probably the highest producers of silver in the world.

A rich vein was located on one end of the property, near the main traveled road, leading down into the Kerr Lake section, and rich ore was taken out and sacked several months ago. The open cut can be seen from the road. Then followed differences with the government, all of which have been settled.

Last year W. H. Linney, formerly superintendent of the Nipissing, was secured, as his familiarity with the Nipissing veins would have been very

ROCK ISLAND. Mr. Lee Hopkins, who met with quite a serious accident on Wednesday, is progressing as well as can be expected. It is feared that it will be some time before he will be able to continue his work on the "Spur."

LETTERS TO THE EDITOR. DANGEROUS TO HORSES. Editor of Record:—Dear Sir,—Some few weeks ago attention was called by the writer to the dangerous condition of the crossing at the head of Meadow street and up to the present time nothing has been done about it.

GOING TO A FIRE IN A MISSOURI TOWN. (From the Wayne County Journal.) When the editor starts to run to a fire at night and runs into a tree in the middle of the walk, and boards fly up and bruise his shins, comes to a sudden stop off from eight to ten inches which sends him sprawling into a pond of water and mud where a sidewalk ought to be, stumbles over a sudden rise in the walk, falls and smashes his nose on a broken board, and then sprains his ankle by stepping in a hole where a board isn't, he begins to wake up and takes interest.

FARMS WANTED. I will sell your farm or residence quickly and satisfactorily. No sale, no charge. References. Norman Binmore, 91 St. John St. MONTREAL.

BRASS BAND INSTRUMENTS.

We have in stock ready for immediate delivery the largest assortment of Brass Band Instruments ever shown in this city. These are the well known Jerome-Thibouville-Lamy instruments of Paris, and we import them direct, thus saving extra duty and any middle profit.

You will find our prices lower than any other firm in Canada for goods of equal merit.

Extra supply of cornets and slide trombones in our present stock, and a splendid line of clarionets.

Leaders of Brass Bands are invited to inspect these goods and learn our prices.

If you cannot call, write us for anything you need for your band this summer.

H. G. WILSON & SONS

EXPRESS PREPAID

Until August 1st we offer to send prepaid, to any point in the Eastern Townships any goods that you may buy here. This applies to local or mail orders whether bought for cash or on approved credit.

If you have any Wedding Gifts to send this spring it will pay you to take advantage of this offer.

Mail orders receive prompt attention.

A. C. SKINNER,
Jeweller and Optician.

Fred Drew; Vice-Councillor, Sister A. Hatcher; Chaplain, Bro. Yates; Recording Secretary, Sister Jameson; Financial Secretary, Sister Mrs. George Phelps; Auditors, Bro. H. Bartlett and Bro. McLean; Herald, Bro. McLean; Guard Sister A. Yates; Sentinel, Bro. Geo. Phelps.

Cole Bros. circus is to be in Sherbrooke on Friday, July 3rd. Advertising car No. 2 is in town to-day.

MONTREAL BELLES IN EDINBURGH.

(From the Edinburgh Evening Mail.) The Kentucky belles have scarcely been forgotten ere in their footsteps come a troupe of sirens from Montreal who are devastating Europe and the Old Country at the expense of the Montreal Herald. The fair "Heralds" are of the same class as their predecessors—typists, etc.—but it is evident that with the gallant Canadian voters utilitarian considerations have not weighed so severely as was the case in Kentucky, and the result is that the Dominion is represented by as charming a bevy as could well be imagined. They are in most cases beauties of the dusky type, and their charms are rather heightened than otherwise by the quaint, languid drawl of speech employed. The champions are at present staying in the Carlton Hotel, Edinburgh, in the course of a tour of England, Scotland, Ireland and France.

ST. ANDREW'S CHURCH. (PRESBYTERIAN.)

REV. C. W. NICOL, Minister.

SUNDAY, JUNE 21ST.

11 a.m.—Topic—"A Human Clock," a sermon to the children.

7 p.m.—Topic—"Heart Gardens," or the "Society of Religion."

Social and religious services at all services to defray cost of Individual Convention Cup.

WEDNESDAY, JUNE 22ND.

8 p.m.—Pre-Communion Service, followed by short Congregational meeting.

THURSDAY, JUNE 23RD.

3 p.m.—Ladies' Aid Society meets with Miss McLeod, Queen street.

FRIDAY, JUNE 24TH.

4—W. F. M. S. at home of Mr. James Davidson, Queen street.

7.30—Y. P. S. C. E. closing service.

Band at Stadium to-night.

Miss E. J. Kemper, of the Sherbrooke High School, left this morning for her home in New Carlisle, Gaspe, where she will spend the holidays.

Miss F. Eleanor Robinson, of Windsor Mills, was the guest on Thursday of the Rev. F. G. and Mrs. Vial for convocation at Bishop's College.

The following Bands will take part in the festival on the Exhibition grounds, Wednesday, June 24th: St. Hyacinthe, Three Rivers, St. Johns, C.O.F. Band, Sherbrooke, Windsor Mills Cornet Band and the Harmony Band. Other bands from the Townships are expected.

Messrs. J. Trudeau and D. W. Stenson have returned from Brompton Lake. They report a wet time and a small catch.

Rev. Dr. Warriner will preach at both services at Plymouth church tomorrow. While here, he will be the guest of Mrs. Tuck, Bellevue avenue.

The Sunday evening services at St. Andrew's Church will be held during the hot summer months in the cool, airy lecture hall, where comfort may add to the value of the services.

Mr. A. Morrier, analyst for the Chicoutimi Pulp Company, sailed the 12th ult., for London, Manchester and Paris on board the "Empress of Britain" to test the pulp for said company. He will proceed to every port where the company have done business heretofore and expects to return to Chicoutimi in December.

Miss Alice Armitage, who is attending the School of Household Science at the Madonald College, Ste. Anne de Bellevue, has returned home, having passed successfully in all the subjects of the year.

Mrs. A. L. Parker, of Sherbrooke; Mrs. Kerr, Boston; Miss Alberta Woodward, and Miss Nellie Waterhouse, are the guests of Mrs. W. S. Dresser, at North Hatley, where Mr. Dresser has a cottage.

Mr. and Mrs. R. H. Gooley, of Coaticook, passed through town yesterday en route to Toronto, where Mr. Gooley will attend the annual convention of Building Inspectors in session next week.

Mrs. Fred. T. Enright and little daughter, Freda, of Montreal, have spent the week in town, the guests of Mr. and Mrs. A. G. Campbell, Queen street.

Messrs. A. J. Dunsmore, G. A. Quimby, J. T. Weeks and A. W. Dunsmore, of New Haven Conn., came in from Megantic where they have been on a fishing trip yesterday, on their way home.

Messrs. E. C. Hale and T. J. Parkes have returned from Bromo Lake where they were bass fishing, having had very good fortune.

Mr. E. O. Grundy, General Freight and Passenger Agent of the Q.C.R., attended the meeting of the New England Passenger Association at Isle Perrot, rgis week.

Mr. W. S. Hopkins, of the Y. M. C. A., is in North Hatley to-day, choosing a site for the annual Y. M. C. A. camp.

The marriage will take place of Miss Antonia Turgeon and Mr. Oliver Dion, of East Sherbrooke, on July 14th.

Miss Clara Webster returned home last night from Outremont Convent, Montreal, for the holidays.

Mrs. C. Manley and family arrived on the Empress of Britain from England to join Mr. Manley, who has been in this country for some time. Mr. David Manley, who has been a member of the South African Constabulary for some years, has also decided to make his home in Canada, and is one of the party.

Mr. R. O. Stevenson, of the International Correspondence School, has gone to Quebec for a few days.

Mr. Ellis Davis, from Springfield, Mass., has been in the city for a brief visit to his parents, Mr. and Mrs. Charles Davis, Bluff street.

GRAND TRUNK CHANGE OF TIME.

Make Yourself Comfortable

There is no reason why you should not thoroughly enjoy yourself at home. The doctors say, live out of doors, as much as possible. Get all the benefit of the best climate in the world.

"She can look out, but you can't look in!"

TRADE MARK Vudor PATENTED PORCH SHADES

USE VUDOR PORCH SHADES

Five Big Reasons Why VUDOR PORCH SHADES are needed

You need Vudor Porch Shades to get the most out of your porch.

To make it a spot where you can rest or work on the hottest days—outdoors, yet free from the sun's glare and heat.

You can do this with Vudor Porch Shades; you can add to the house another room, cool and shady, where you may enjoy every refreshing breeze, in secluded comfort.

Vudor Porch Shades are very durable, and will last many seasons.

Another good feature about them is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in.

In other words, you have complete privacy, and can use the porch or verandah the same as an inside room, with infinitely more comfort on hot days.

Your choice of two colors—dark green or mottled cream and olive. Sizes 4, 6, 8, 10 ft. wide by 7-6 feet long. PRICE, \$2.50 up.

BAMBOO SHADES

Same sizes—\$1.00, \$1.50, \$2.00, \$2.50. Mail, phone or telegraph your orders in at once for prompt delivery.

EDWARDS FURNITURE CO.

LONDON'S FOGGY ASSET. (From the London Nation.) We like to astonish foreign visitors with an experience of "a real London fog," and when we are informed that Paris sometimes suffers quite as heavily, we feel patriotically indignant at this mean theft of our supremacy. This fact that our fog has become a sort of sentimental asset contributes something to our refusal to seek a remedy.

2 in 1 SHOE POLISH

The Perfect Dressing for Ladies' Shoes. Preserves the finest leather and gives a brilliant polish that will not rub off or soil the daintiest garments. No dealer careful of his reputation will say anything else is as good. At all Dealers 10c. and 25c. tins

Joore SHIRTS

The comfort and fit of a shirt depend largely upon the way the neck-band is cut. Each neck-band in Joore Shirts is cut out separately, not in lots.

It's this care in the cutting of the neck-band that makes the collar fit equally well whether the shirt be made with a soft or stiff bosom.

The great objection to most Neglige Shirts is that the collar never fits properly. Many men, for this reason, have become disgusted with soft-bosomed shirts.

No trouble of this kind is ever experienced with a Joore Shirt.

Brantford Asphalt

Roofing

Instead of animal fat, greases, oils, tar, sterine pitch and kindred refuse from packing houses, soap factories, etc., which are used as the basis of the mixtures employed for coating ordinary roofings,

Brantford Asphalt Roofing is not merely coated (as are most roofings), but every fibre of the wool felt, used as the foundation of Brantford Roofings, is thoroughly saturated with this wear-defying asphaltum.

The result of this combination is a roofing which is noteworthy for its extraordinary lasting features—that will longest withstand rain, snow, heat, frost, acids, and alkali—that is somewhat better than any other roofing investment you can make.

THE ERA OF WOMAN?

(From P. T. O.)
"If I were a man" is surely a very necessary cry these days. The epoch of the man is past; the twentieth century is the era of the woman. There is with a few very slight exceptions, nothing that a woman, as a woman, cannot do, and do every bit as well as if she were a man.

ABOUT SPANISH WOMEN.

(From the Glasgow News)
Spanish women are not the personification of Southern passion, as we have been taught by "Carmen" and romance to believe; they are physically and mentally superior to Spanish men, capable of passion, but far more difficult to woo than Northern women.

Brings It
Furnace Facts

WOULD-YOU-LIKE-TO-READ-THE-STORY OF THE FURNACE?
—Just how correct principles say it should be constructed?
—Just why no other plan of construction will do?
—Just wherein lies its ability to be easy on fuel, quick in action, simple in operation?
The story is briefly told in a little booklet called "Furnace Facts." It's not an advertisement. No furnace name is mentioned, and you can read the whole story in 5 minutes.

To the party contemplating purchasing a furnace it points out the snags and pitfalls, and shows exactly what to demand of an architect, contractor or dealer, in furnace construction and installation.

Half a century's test has proved it a thoroughly satisfactory and reliable, and at the same time a most economical Baking Powder.

F. L. BEAN & CO., MONTREAL.

Dairying For Profit

Any farmer who owns three or four cows cannot afford to be without a cream separator. The absence of its use means not only a loss of butter fat, but also an increase in the labor of handling the milk. In addition, when separated by any of the gravity methods, skim-milk loses practically all of its feeding value.

—It is no longer a question whether a cream separator will be a good investment, but the question is: Which Separator will best meet the requirements. The best way to be satisfied in this particular is to see the separator. The Bluebell and Dairymaid are the simplest, lightest running and most practical cream separators on the market. They skim close and are easy to clean. No matter whether the milk is warm or cold, you get better results with one of these cream harvesters than you can with any other, or in any other way.

A Bluebell or Dairymaid cream harvester gets practically all the butter fat, and produces sweet, clean cream from which there is no trouble to make the finest butter. And if the cream is sold, it will command the highest market price.

The Dairymaid is chain-drive and the Bluebell is gear-drive. Each machine is made in four sizes.

Ask the local dealer for further particulars concerning these Separators, or write the nearest branch house for catalogue and other advertising matter.

WORLD'S CHAMPION POLE VAULTER WILL NOT GO TO OLYMPIC GAMES.
New York, June 18.—W. E. Dray, world's champion pole vaulter, of Yale, says that he will not go to London to compete in the Olympic games next month, but will retire in favor of Gilbert, of the same college, who made a new world's record of 12 feet 2 1/2 inches in the trouts at Philadelphia a week ago.

Dray's announcement came Tuesday following his remarkable vault of 12 feet 2 1/2 inches, made at Danbury, Conn., Saturday. This record jump is almost beyond belief, as it is three inches better than the record broken by Gilbert at Philadelphia, and which was supposed to be the limit in this branch of athletics. Besides the new record, that of 11 feet 6 inches made by Bruno Soderstrom, the Swedish champion at the New York A. C. games Sunday, sinks into insignificance, although at the bar Soderstrom is one of the prettiest jumpers that ever tread a pole.

CIRCUIT COURT JUDGMENTS AT STANSTEAD.

Stanstead, June 20.—(Special)—The following judgments were rendered by His Lordship, Mr. Justice Hutchinson, at the June term of the Circuit Court, at Stanstead:
Borland vs. Penn.—The Court condemns the Defendant to pay the Plaintiff the sum of \$24.00 with interest thereon from the 18th May, 1908; doth declare the seizure and attachment made in this cause to be good and valid, and Orders the goods and chattels seized in this cause to be sold according to their sufficiency to satisfy the demands, and both Order said Defendant to vacate the leased premises within eight days from the date of a service of this judgment upon him, the whole with costs of suit.

Goodhue vs. Forget.—Motion, (Exception Declinatory) maintained with costs against Plaintiff. Writ ordered to be sent to the Circuit Court, Quebec, in the case of Ottawa, at Papineauville, P. Q.

Hovey vs. Rickard & Ravie, Garnishee.—Seizure declared tenant. Judgment against the garnishee in accordance with his declaration herein filed, with costs against the Defendant.
Hovey vs. Drew, et al, and Malouin, Garnishee.—Seizure declared tenant. Judgment against the garnishee in accordance with his declaration herein filed, with costs against the Defendant.
Taylor, Plaintiff vs. Taylor, Defendant, and Taylor, Opponent.—Judgment against the Defendant for \$14.00, with costs as in Action of that name.

Standard Manufacturing Co., Plaintiff, and Boston Last Company, Garnishee, Judgment against the Garnishee, upon their default, for the amount of the debt, interest and costs of suit.
Jenkins, Plaintiff, vs. Harrison, Defendant, and D. G. Harrison, Garnishee.—Judgment against the Garnishee, upon their default to appear and plead in this cause, for the amount of the debt, interest and costs of suit.
Tiehurst, Plaintiff, vs. Merrill, Defendant, and Hocking, Garnishee.—Judgment against the Garnishee, upon their default to appear and file a plea in this cause, for the amount of the debt, interest and costs of suit.

Millette vs. Trudeau.—Judgment for \$23.85 with interest from 26th November, 1907, until paid and costs of suit.
Avery vs. Smith.—Judgment for \$20.62 with interest from 6th May, 1906, until paid and costs of suit.
Perry vs. Getty, and Eastern Town Bank, Garnishee.—Judgment against the garnishee in accordance with the declaration herein filed, with costs against the Defendant.
Maurer vs. Landerville.—Judgment for \$26.25, with interest from 11th May, 1908, until paid and costs of suit.
Martin vs. Parker.—Judgment for \$21.70, with interest from the 4th April, 1908, until paid and costs of suit.
Hovey vs. House.—Discontinue upon payment of costs by Defendant.

WATERLOO.
The many friends of Mr. John T. Bouche will be grieved to learn that the doctor entertains very little hopes of his recovery, and the remainder of his family, who are now absent in Massachusetts and New York have been summoned to his bedside.

Arrivals include: Miss Clara Sevey and Miss Richardson, of Granby, in town, the guests of Miss Lucia Graves; Mr. and Mrs. W. H. Peters of South Stukely, to attend the graduating exercises for the Maple Wood Convent, in which their daughter takes a prominent part. She received the gold medal.

Mr. Harman Butler is far from being as well as his many friends would wish him to be. He has been suffering for some months past with Diabetes, which has kept him confined to the house most of the time.

Messrs. Roberts and Savage will ship live stock to Montreal Tuesday next week. Mr. S. S. Porter, their local agent, at this point, is very busily engaged this week buying his district.

ENGLISH ATHLETICS.
(G. K. Chesterton, in the Illustrated London News)
The typical English feeling, the psychological fact which foreigners feel about us, is our embarrassment, our shyness, in the presence of anything earnest and pompous.

MARKET IN MONTREAL.

CHEESE.

DEMAND FROM THE OTHER SIDE HAS BEEN DISAPPOINTING.
Montreal, June 19.
The demand from the other side has been disappointing, and would seem to indicate that for some reason the consumption of cheese in the British markets was below the average of former years. A shipper remarked that "another day's exportation of cheese to the other side was carried over, and this with the new season's output was the cause of dull markets in England."

A point has been made to the effect that the choicest quality of Cheshire cheese is selling in England at 66c to 62c per 120 lbs. whilst finest Ontario's are held at 55c to 56c per 112 lbs., which shows that Canadian cheese is held at 38c to 40c per 112 lbs. higher than the best Cheshire, supporting the prices for the two descriptions were for the same date. But, as a well posted exporter remarked, "finest Western Canadian cheese has frequently brought a higher figure than Cheshire."

There appeared to be more disposition on the part of exporters to sell Thursday morning, several good sized lines of Western, changing hands at 11c to 11c and 11c, with sales of Eastern at 11c to 11c.

BUTTER.

PRICES OF FINEST CREAMERY FALLEN OFF SINCE SATURDAY LAST.

Montreal, June 19.
Although 23c was paid at Cowansville on Saturday last, 22c was the highest price obtainable Thursday in this market for round lots of finest Townships creamery, and Thursday a Montreal buyer picked up 80 boxes at the Townships at 22 1/2 c. o. b. He was offered several other lots at 22c f. o. b., but refused them, as he could not place them for export, and there is no place offering for the local trade to take care of. Several agencies were on the market for North-Western account, but the limits were too low to effect business, as 22c was all that could be paid for a car load, and 21c for another car load. Notwithstanding that 22c was paid in some parts of the country on Wednesday a dealer here informed us that 22c was all that shippers would pay him for spot goods.

GRAIN MARKET.

Montreal, June 19.
FEED WHEAT—The market is quiet. No. 2 being quoted at 67c to 67 1/2c and feed wheat 70c to 71c in store.
CORN—The market is firm. No. 2 yellow at 70c to 71c in store. No. 3 do 70c.

BARLEY—The market is quiet and easy. No. 1 Quebec being quoted at 40c to 40 1/2c, No. 3 at 47c. No. 4 at 46c and No. 5 at 45c. Manitoba selected 47c.

PEAS—The market is quiet and firm. No. 2 being very scarce. We quote boiling reported sold at \$1.10. A lot of 500 bushels reported sold at \$1.10.

BUCKWHEAT—The market is nominal at 57c in store for No. 2.

RYE—The market is quiet. No. 2 being quoted nominally at 54c to 55c in store.

MAIL—Market quiet and steady at 96c to 1.05 per bush.

HOG MARKET.

Montreal, June 19.
The market for live hogs during the choice stock selling at \$6.50 to \$6.75 per hundred pounds. The demand for about dressed hogs for the city trade is fair, but the price is not coming in from the country. Prices of dressed hogs are unchanged, sales being made at \$9.50 to \$9.75 per hundred pounds.

AN IMPORTANT ANNOUNCEMENT.

The passenger department of the Grand Trunk Railway has just made an important announcement in connection with the movement of passengers from Eastern Canada to Montreal, commencing June 14th, and daily thereafter, the agents of the Grand Trunk in Ontario, Quebec, and all connecting lines, will be able to issue all classes of tickets from Eastern to Western Canada, Chicago, St. Paul and Minneapolis at the lowest current fares by any route.

The Grand Trunk Railway have a double track to Chicago from Montreal, Toronto, Hamilton, Port Huron, Sarnia, London and other principal stations in Ontario and Quebec, and maintains a superior train service, including the famous "Inter-city" service, which is expected to be a national line, it is expected that many passengers will prefer to travel by way of Chicago, in addition to this advantage, the Grand Trunk now offers the choice of seven connecting lines between Chicago, St. Paul and Minneapolis, while the agents of St. Paul and Minneapolis, a choice of three connecting lines will be available. Many Canadian travelers and relatives residing at Chicago, St. Paul, Minneapolis and other large American cities passed through by the new routes, who will doubtless appreciate the opportunity thus afforded of a brief visit at the stations in such cities.

All arrangements have been completed so that the baggage of passengers will be carried through the United States in bond without requiring any special attention on the part of passengers, and there will be no detention or inspection of such passengers at any point in the United States.

While through cars will not at present be operated beyond Chicago, it is believed that many passengers making so great a journey will much prefer the comfortable transfer into the Grand Trunk and St. Paul into freshly ventilated clean cars. The connecting lines from Chicago are credited with running some of the finest limited and other passenger trains on the American continent.

Another feature of the new route is the electric lighted St. Clair Tunnel which has now been completed, and all trains are handled by electric locomotives. It will be interesting to note in the past heard or imagined that under the former methods of handling trains through the tunnel there was occasion for a disagreeable odor from engine gases, to know that now under the new electrical equipment and its operation the odor of gases and smoke are entirely eliminated and that the inside of the Tunnel is as bright as day.

BURY.

Mr. L. A. Dufresne, C.E., and Land Surveyor, has been looking over the different routes in the Eastern Townships. He says that great praise is due to Mr. Vincent, on the Hard Wood Hill, for an splendid piece of road which this gentleman recently built.

Miss Lottie Ward has returned to New York, after a brief visit to relatives here.

Mrs. Percy Webster is visiting at Mrs. Wall's.

Mrs. Allen Batley and Miss Mattie Batley, from Lancaster, are visiting friends in town.

The fishermen, who returned last week after an absence of four days, report a splendid catch.

Mr. and Mrs. Farley, of Scottstown, were the guests of Mr. and Mrs. C. Ward, recently.

Miss Georgie Coats has been quite ill for several days.

On Sunday the Odd Fellows held their annual parade at St. Paul's church.

The Rev. Mr. Washer preached a very appropriate sermon from the text "Am I My Brother's Keeper?"

The school closes next week, Friday 25th.

TEA AND COFFEE.

(From the London Graphic)
A writer in a contemporary mentions that good tea, the cultured bacon and thin bread and butter are rare luxuries in America. Good coffee is common, but not tea. However, tea is drunk in Australia. Some people now, I notice, take tea after lunch or dinner, as others do coffee. Tea and coffee thirty years ago were always served after dinner; most of the guests took tea, and some even bread and butter, as well.

SUMMER IN LONDON'S WEST END.

(Mr. T. P. O'Connor, in P. T. O.)
I find an exaltation in a drive even in a four-wheeler through the West End of London at this season of the year which is like a copious draught of sparkling wine. There is intoxication in the very air. And a constant stream of motor-cars, with their splendid harness—to which is now added the glory of the splendid and powerful motor-engines—on a false sense that there is nothing but opulence, splendor, ease of fortune, and ease of heart in the city.

THE STIMULUS OF SEX RIVALRY.

(From the Rome Tribune)
In the free competition with the other sex woman will occupy the place in life for which she is best fitted. By taking this position she will help to elevate man, the wife of husband, because the best way to bring about the survival of the fittest is to promote rivalry between the two sexes in the struggle for existence.

COW TESTING.

SOME RECENT RESULTS AT DIXVILLE AND ELSEWHERE - REMARKABLE YIELD IN ONTARIO.

Some recent results of monthly tests in associations organized by the staff of the dairy and cold storage commissioner are:
May 10th, Victoria, B.C.—43 cows averaged 708 lbs. milk, 4.2 test, 30.2 lb. fat.

AN INJUDICIOUS SELECTION.

"Well, dear?"
"Does th' Bible honestly say that we gotta love our enemies?"
"Yes."
"Ge!"
"Wha's the matter?"
"—I wish I'd 'a' picked some diff'rent enemies." (Cleveland Leader.)

FINE WORK WITH ROSS RIFLE.

GREEN MEN SHOOT WELL DESPITE STIFF BREEZE.

Niagara Camp, Ont., June 20.—Despite the few hours' sleep they had been able to snatch, the 5,000 odd officers and men of the militia in camp, were up and doing Wednesday at reveille. The cavalry were last to arrive and get settled in camp, arriving about 5.30 a.m.

A CHANCE.

Chappie. "Have a cigarette, old man?"
Sapleigh. "No; I don't smoke fool-killers."
Chappie. "Well, I don't blame you for refusing to take chances." (Chicago Daily News.)

KINGS BY NECESSITY.

Crowned or uncrowned, a king of necessity there must be; and if society were to start at scratch tomorrow morning, a king it would have to select for its ruler.

DAILY NEWS FROM TOWNSHIPS

(Continued from page one.)

MARRIAGES.

WILSON-DRAPER.
The Standard of St. Catharines, Ont., June 16, thus reports the marriage of Mr. Richard Wilson, formerly of Sherbrooke:
"A very pretty wedding took place this morning at the manse, 105 King street, when Miss Esther Louise, daughter of Mr. and Mrs. Wm. Draper, was united in marriage to Mr. Richard Wilson by the Rev. D. B. McDonald. After the ceremony the newly married couple drove to the residence of the bride's parents, where a dainty breakfast was served, after which they left on the 10 a.m. train for Hamilton, there taking the boat for Montreal and other points. The bride's travelling suit was brown voile over taffeta with hat to match.

ANDERSON-GRICE.

Richard, Vt., June 20.—(Special.)—A pretty June wedding took place here on Wednesday, the contracting parties being Mr. Thomas W. Anderson, of Brooklyn, N.Y., and Miss Muriel E. Grice, eldest daughter of Mr. and Mrs. J. W. Grice, of this town. The bride was given in marriage to the groom by the Rev. Mr. J. H. Myers, pastor of the Methodist church here. The bride's dress was of white tulle, and she carried a bouquet of white roses. The ceremony took place under an arch of daisies and ferns. The bridesmaid was Miss Lena Flanigan, of this village, and the maid-of-honor was Miss Bertha Bliss, of Brooklyn, N.Y. The groomsmen were Arthur G. Collins, of Richmond, and William F. Oberer, of Brooklyn. There were many beautiful presents. The groom's present to the bride was a locket and chain of gold. To the bridesmaid and maid-of-honor he gave solid gold bracelets, while the groomsmen were given solid gold watches. The groom received from the bride a large party of friends, between fifty and sixty, sat down to refreshments. Among out of town friends in attendance were Mr. Thomas A. Chabot, of St. Catharines; Mr. Fred. Shaw, of Montreal; Messrs. William Oberer and Edson Hope, of Newport; Mr. Derby and Mr. Eugene Dingman, and wife, of South Bolton, and several others from a distance.

GRIGGS - PURDY.

South Stukely, June 20.—(Special.)—A quiet wedding, at which only the immediate relatives were present, took place Wednesday evening, June 17th, when Miss Sadie Purdy, formerly of Boston, Mass., was married to Mr. E. Griggs, Sr. The Rev. John Garvin officiated. Mr. Griggs has been a resident of this place for a number of years and is a foreman on the C.P.R. bridges. The community wish them all happiness and prosperity.

SUTTON.

Miss Clara Vien went to Mansville on Wednesday, where she has a position to work.
Mr. John J. Coma will move on July 1, from Mr. A. Robinson's house on the racing park grounds, into Mr. Hector Charland's house near this village.
Messrs. Wm. Jacquays and John Hawkins, went to Bromo Lake on Thursday for a fishing outing.
Mr. Jos. White and family, who were recently reported ill at Farnham, are, it is pleasing to note, much improved in health.
Mrs. A. E. Jenne has been to Abercorn to assist her husband's parents, Mr. and Mrs. Wm. Jenne, to pack up their goods, as they go to Wilmington, Mass., on Monday to reside with their daughter, Mrs. Henry Cutter. Mr. and Mrs. Jenne are old and well-known residents of this town.
Miss Daisy Theakston, who has been one of our teachers here for the past two or three years, left Thursday noon to join her parents, Rev. J. Theakston and wife in West Stukely, Mass.
Mr. Geo. Boright is having a barn erected on the Banville farm to replace the barns blown down by the late heavy rain. The main barn is 30 x 40 ft. with a lean-to 20 x 40 ft. Hiram Mills has a force of men rushing to completion in time for the coming hay-cutting.
The Ladies' Aid of Grace Church met on Wednesday evening at the home of Mrs. R. W. Wainwright. The company were received by Mrs. O'Reagan's daughters, Mrs. E. B. Sheppard, Mrs. E. Eastman, and Mrs. O'Reagan being in Quebec at the present time.
A lawn social will be held on the parsonage grounds of Grace Church on Friday evening next.
The home of Mrs. R. W. Wainwright, formerly Mrs. Audette of Glen Ironville, is now the home of Mrs. R. Wainwright. She now resides with her youngest daughter, Miss Mary Wainwright.
Arrivals and departures include: Mr. Geo. Boright, from Montreal on Thursday; Mr. Wm. C. Clark, from Farnham, here for a few days visiting friends; and Mr. S. Sturkley, from Farnham, who is interested in northeastern Vermont.
Mr. P. Rapier of Montreal, here on Thursday.
Mr. John Comer, from Farnham, here on Thursday.
Mr. Wm. C. Clark, from Farnham, here on Thursday.
Mr. S. Sturkley, from Farnham, here on Thursday.
Mr. Frank Fay is moving one of his barns to a more convenient location, for a few days to the north of town.
It is pleasing to note that Mrs. Sutton, formerly Mrs. Audette of Glen Ironville, is now the home of Mrs. R. Wainwright. She now resides with her youngest daughter, Miss Mary Wainwright.

THE TERCENTENARY

Quebec Will Have the Most Spectacular Historical Pageant Ever Held in America.

THE TENTED CITY.

A Great Hotel Under Canvas With All Modern Conveniences and Comforts at Moderate Prices.
Quebec, June 20. The great rush to reserve accommodation in Quebec for the Tercentenary Celebration has naturally created some anxiety about providing for all the visitors expected.
At the request of the Mayor a committee of private citizens has taken the matter in hand, and the result is—The Tented City—which has already made preparations for 3500 guests.
There are tents of three sizes. Tents of Class "A," holding twelve comfortably will be rented at \$150 for the twelve days. Class "B" will hold five, or four comfortably, will rent for \$75, and Class "C" to hold three beds or two comfortably at \$60. Separate beds can be had for any number of days at \$2 per day in Classes "B" and "C" and \$1.50 per day in Class "A." Meals will be served to the guests at 50 cents each in three dining tents capable of seating 1500 people at once and under the management of an efficient caterer. There are five big lavatory tents with good drainage and water supply and the most modern sanitary appliances. The Tented City is situated on the battlefield itself near the Grand Stand and with a fine view of the three great naval squadrons in the St. Lawrence. Reservations should be applied for at once to Mr. R. A. Wiggins, Vice-President Tented City Co., Quebec. Application forms and programme sent on request.

NATIONAL CHINESE COSTUMES.

(From the Shanghai Mercury.)
Regulations regarding the national costume of both officials and ordinary people have been duly compiled and there are nine different grades of costumes.

SUPREME COURT I. O. F.

SUPREME CHIEF RANGER VINDICATED BY TUESDAY'S MEETING.

Toronto, June 19.—Though the Supreme Court of the Independent Order of Foresters held their three sessions yesterday in the Temple Building, it was not until last night that any excitement developed. It seems that the delegates were pledged to more than ordinary secrecy, but some of the general trend of the discussion leaked out. In the words of one representative, what really happened was "a complete vindication of the supreme chief ranger, Elliott G. Stevenson, with reference to any rumors of charges which may have been made against him."
"Mr. Stevenson made a speech," said another delegate, "in which he traced every bit of his connection with our society. He explained fully everything that has been said against him and he exposed the conspirators who have been trying to do the order harm."
When seen himself, Mr. Stevenson would say nothing for publication.
Following the meeting came rumors of other changes with regard to the elections, which take place to-day. Mr. Rogers, chief organizer for Central Ontario, was being urged to run for the supreme treasurer-ship, the office now held by Mr. Harry A. Collins. It was also stated definitely that Mr. E. J. Hearn would contest the same office. Another rumor was to the effect that Mr. W. H. Hunter would not again be a candidate for the office of supreme counsellor. For the latter position the candidature of Mr. John G. H. Myers has developed strongly of late.

ITALIANS HELD CARS.

ARMED STRIKERS COWED THE WORKMEN AND DEPRIVED OFFICIALS TO EJECT.

Toronto, June 20.—Defending themselves with revolvers and dirks to retain possession of the cars in which they had been riding, some fifty-five Italian laborers yesterday defied the officials of the Canadian Pacific Railway to eject them from their cars, and were discharged for refusing to work.

SUTTON.

Miss Clara Vien went to Mansville on Wednesday, where she has a position to work.
Mr. John J. Coma will move on July 1, from Mr. A. Robinson's house on the racing park grounds, into Mr. Hector Charland's house near this village.
Messrs. Wm. Jacquays and John Hawkins, went to Bromo Lake on Thursday for a fishing outing.
Mr. Jos. White and family, who were recently reported ill at Farnham, are, it is pleasing to note, much improved in health.
Mrs. A. E. Jenne has been to Abercorn to assist her husband's parents, Mr. and Mrs. Wm. Jenne, to pack up their goods, as they go to Wilmington, Mass., on Monday to reside with their daughter, Mrs. Henry Cutter. Mr. and Mrs. Jenne are old and well-known residents of this town.
Miss Daisy Theakston, who has been one of our teachers here for the past two or three years, left Thursday noon to join her parents, Rev. J. Theakston and wife in West Stukely, Mass.
Mr. Geo. Boright is having a barn erected on the Banville farm to replace the barns blown down by the late heavy rain. The main barn is 30 x 40 ft. with a lean-to 20 x 40 ft. Hiram Mills has a force of men rushing to completion in time for the coming hay-cutting.
The Ladies' Aid of Grace Church met on Wednesday evening at the home of Mrs. R. W. Wainwright. The company were received by Mrs. O'Reagan's daughters, Mrs. E. B. Sheppard, Mrs. E. Eastman, and Mrs. O'Reagan being in Quebec at the present time.
A lawn social will be held on the parsonage grounds of Grace Church on Friday evening next.
The home of Mrs. R. W. Wainwright, formerly Mrs. Audette of Glen Ironville, is now the home of Mrs. R. Wainwright. She now resides with her youngest daughter, Miss Mary Wainwright.

TO IMMORTALIZE A FASHION.

(From the Atlantic Monthly.)
A skirt, a blouse, a slipper, set in a beautiful setting, is the fashion of the moment. I long for the flery of our century to go down the centuries in smiles, exordia and metaphors; and by its very imagery to suggest to less splendid ages all the beauty and luxury of ours.

WINDOW GARDENS.

(From the British Australasian.)
Among the valuable lessons which Australian visitors might learn in England is the use of flower window gardens, such as beautifying shops and houses, large and small in a hundred parts of London. Occasionally one sees a window ledge similarly adorned in Melbourne or Sydney, but the art of window gardening is not practised to a hundredth of the extent in this country.

THE BAFFLING BOG.

(From the Field.)
They who uphold the doctrine of utility in all natural phenomena may well take pause at the color variations of the cockoo's eggs. It is difficult to suggest any purpose in them. Resemblance of the egg to those of the bird whose nest it serves no protective purpose. The diet theory, if ever seriously entertained, has been dismissed as untenable, and the mystery still remains.

WORSE THAN TIPPING.

(From the London Tatler.)
The trend of the times makes itself felt in the matter of presents and parting gifts. In the days of our grandmothers these tokens of affection were now and then made up of a shilling or two, or a few cents, or a small gift, but with a stern simplicity. But we have changed all that, and the up-to-date presents mean a deadly drain on our bank balances. The tipping tax has been enough, but the burden of countless presents can give it points and a beating.

EASTMAN.

The home of Mr. and Mrs. J. A. Royston was the scene of a very pleasant event on Monday, June 15th, when about 40 of the young folks assembled on Miss Egan's birthday. She was presented with quite a number of presents, and an envelope well filled with bills. Ice cream and cake was served at twelve. Dancing was indulged in till the morning. Messrs. Burbank and Brien rendered some very choice music. All went home after having a good jolly time.

DUNHAM.

The home meeting of the Association of Mothers will meet at the Capri on on the 26th inst. Mrs. Goddard furnishes the subject for thought; and after discussion, Mrs. Goddard cordially invited. The last meeting of these helpful gatherings was held at the home of Mrs. Goddard, who served tea in honor of Mrs. Hodson, who is soon to move to her new home in Phillipsburg. The association gets that energetic home maker.
Mrs. H. L. Whitcomb and Miss Whitcomb are in Boston on a business trip. Mrs. S. Sweet entertained the Ladies' Aid of the Methodist church recently.

THE EARTH.

(From the Scientific American.)
The discussion of observations on rainfall made first by Sir John Murray and later by Bruckner and Fritzsche presents an estimation to be made of the mean rainfall on continents, which is to be about thirty inches per year. The rainfall on the ocean is more difficult to measure, but it has been estimated by Sphaer, and Fritzsche, taking account of all the known facts, estimates the mean annual rainfall for the entire surface of the earth at about 31 inches. Making use of this number, it is easy to calculate that the total rainfall amounts to 44 million of cubic miles of water, or 175 thousand million tons per hour, 833 million tons per minute, or 15 million tons per second.

TO TEST RACE TRACK LAWS

CASES TO BE TRIED IN NEW YORK JUNE 22.

New York, June 19.—With betting on the races halted by the presence of the police, only a scant two thousand of the faithful made their way to ravesend race track Monday to witness the running of the events. The rain drove the crowd into the grand stands, where it listlessly watched the races and made no open attempt to make any wagers. The police patrolled the betting ring and kept everything moving, and a squad of bluecoats was stationed in the club house with instructions to arrest anyone tempting to make a bet. Nobody was arrested, however. But two favorites were able to land the money in the sloppy going—Melissa in the Astoria stakes and Juggler in a mile and a quarter selling event.
By tacit agreement between the Jockey Club, the authorities of Kings County and the police, no step of a sensational nature will be taken previous to the court proceedings on June 22, when the cases of fourteen men arrested on Friday and Saturday will come up for examination. Further arrests for the purpose of bringing test cases will not follow unless radical changes are made in the programme mapped out Monday. The stewards of the Jockey Club met at the headquarters in the Windsor Arcade, Fifth avenue and Forty-sixth street, and conferred with their counsel, Joseph S. Auerbach. It was his opinion that they had discussed the provisions of the anti-betting bills and that the proceedings would not be made public.

PARIS TO OWN THE EIFFEL TOWER.

(From the Scientific American.)
Next January the Eiffel Tower will become the property of Paris, in accordance with an agreement entered into in 1889 with its contractor and architect, M. Eiffel, that the big steel structure should belong to the city after twenty years. M. Eiffel deposited a bond of \$200,000 to bind the agreement, and this money will now go to his heirs. What Paris will do with the tower is a problem. Admission fees and the sublet contracts to the restaurant hardly pay one percent of the capital invested. It took eleven years for M. Eiffel to recoup his expenses, notwithstanding the great exposition of 1889, which brought thousands of visitors to the tower. The entrance fee is now only twenty cents, hardly enough to cover the cost of running the huge elevators and the city will have to devise some scheme to make the tower pay. There is now a subsidy paid yearly by the French Government on account of the wireless connections established there, but this is so small that it is not worth considering. It is generally believed that the tower will prove a white elephant in the hands of the municipality.

TO IMMORTALIZE A FASHION.

(From the Atlantic Monthly.)
A skirt, a blouse, a slipper, set in a beautiful setting, is the fashion of the moment. I long for the flery of our century to go down the centuries in smiles, exordia and metaphors; and by its very imagery to suggest to less splendid ages all the beauty and luxury of ours.

WINDOW GARDENS.

(From the British Australasian.)
Among the valuable lessons which Australian visitors might learn in England is the use of flower window gardens, such as beautifying shops and houses, large and small in a hundred parts of London. Occasionally one sees a window ledge similarly adorned in Melbourne or Sydney, but the art of window gardening is not practised to a hundredth of the extent in this country.

THE BAFFLING BOG.

(From the Field.)
They who uphold the doctrine of utility in all natural phenomena may well take pause at the color variations of the cockoo's eggs. It is difficult to suggest any purpose in them. Resemblance of the egg to those of the bird whose nest it serves no protective purpose. The diet theory, if ever seriously entertained, has been dismissed as untenable, and the mystery still remains.

WORSE THAN TIPPING.

(From the London Tatler.)
The trend of the times makes itself felt in the matter of presents and parting gifts. In the days of our grandmothers these tokens of affection were now and then made up of a shilling or two, or a few cents, or a small gift, but with a stern simplicity. But we have changed all that, and the up-to-date presents mean a deadly drain on our bank balances. The tipping tax has been enough, but the burden of countless presents can give it points and a beating.

EASTMAN.

The home of Mr. and Mrs. J. A. Royston was the scene of a very pleasant event on Monday, June 15th, when about 40 of the young folks assembled on Miss Egan's birthday. She was presented with quite a number of presents, and an envelope well filled with bills. Ice cream and cake was served at twelve. Dancing was indulged in till the morning. Messrs. Burbank and Brien rendered some very choice music. All went home after having a good jolly time.

DUNHAM.

The home meeting of the Association of Mothers will meet at the Capri on on the 26th inst. Mrs. Goddard furnishes the subject for thought; and after discussion, Mrs. Goddard cordially invited. The last meeting of these helpful gatherings was held at the home of Mrs. Goddard, who served tea in honor of Mrs. Hodson, who is soon to move to her new home in Phillipsburg. The association gets that energetic home maker.

On Some Occasions You Could Afford to Pay One Dollar a Word FOR Want Advertising
WANT ADVERTISING SPACE is about the lowest-priced thing of value you can buy in this city. This phase of the matter probably never occurred to you.
But think it over. Suppose that the rate for want advertising in this newspaper were one dollar a word! A prohibitive rate, you say? Perhaps, for some classes of business.
But, if you were compelled to sell real estate, a dollar a word for an ad., would still be a profit-returning rate for you if it found the Best Market for your property. It would be a cheap rate for a Situation Wanted ad., if it found twice as good a job for you as you ever had. It would be a profitable way to secure a tenant for vacant property.
In fact, perhaps half of the want ads. would pay the Advertiser at a dollar a word—and a great many of them would be paid for at that rate if this newspaper charged that rate.
The purpose of this comparison is not to announce any advance in the want advertising rates—but to bring to your mind the fact that the want adv. space, as now sold, is a genuine "bargain."

Jas. A. Ogilvy & Sons.
Corner St. Catherine and Mountain Streets MONTREAL.
The Largest Exclusive Dry Goods Store in Canada
Gloves
A very complete selection in this department. Here are some items of extra value:
Lace and Silk Gloves, 12 and 16 button length. PRICES—75c., \$1.00 and \$1.50.
