THE LATE PTE. R. B. HODGES, HATLEY

DIED IN MILITARY HOSPITAL IN FRANCE FROM EFFECTS OF POISONOUS GASES.

Hatley, May 20.—(Special)—The horrors and realities of war were brought forcibly and painfully close to the residents of this place and vicinity when the report reached here from Ottawa on May 5, as previously reported, of the death of Pte. Ray B. Hodges, from the effects of poisonous gases. Every heart was filled with sympathy for the members of the family which had been so sorely afflicted. The late Pte. Hodges was one of Hatley's own boys, the third son of Mr. and Mrs. E. A. Hodges (Myra Bowen) and the younger of their two sons, who accompanied the Hatley Squadron of the 25th Stanstead Dragoons to Valcartier, there becoming incorporated with the 48th Highlanders, Toronto, afterwards proceeding to Salisbury Plain. When war was first proclaimed upon August 1, these young men announced their firm intention of enlisting in the service of their king, and country, should volunteers be called. Upon Saturday, August 15, with the other volunteers of the squadron, they said good-bye to their family, and friends, and left the quiet farm, where they had spent their short lives, filled with youthful ardor and enthusiasm, little recking the dangers, and hardships to be met, if they might be allowed to serve.

While in training at Valcartier they were visited by their parents and eldest sister, who made them farewell visits on September 5, just eight months previous to the receipt of the sad news. The late Pte. Hodges was born upon the home farm near this village on July 11, 1895, and had therefore not quite completed his 20th year, but though young, as men reckon time, he had already won a good report, and has achieved renown, from his readiness "to serve," which is the watchword of the day and hour. He was one of Hatley's most estimable and exemplary young men, and his loss under such painful circumstances is all the more keenly felt by a large circle of relatives and friends. Letters of condolence and sympathy have been received from the King and Queen, from Lord Kitchener and from the Militia Department, Ottawa. The following comforting letter has also been received from the sister in charge at headquarters:

"Dear Mrs. Hodges: I am very sorry to have to inform you of the death of your son, 27348, Pte. Hodges, 15 Can. Exp. Force. He was brought in here (Charing Station, Gen. Headquarters, Brit. Exped. Force) very ill indeed, suffering from asphyxiation by gas fumes. Everything possible was done for him by the surgeons and nurses; no effort was spared by us. It is indeed sad that your son should have lost his life by such means. You will, I am sure, feel his loss very much, but you must be proud of him for having given his life so bravely for the honor of the Old Country. You will, too, be glad to know that your son received every care and attention from us. With our sincere sympathy, believe me, yours truly, Katherine Matthews, Sister-in-Charge."

Much anxiety was felt by Mr. and Mrs. Hodges in regard to their son, Pte. Ben Hodges, from whom they have had no word since the receipt of a letter dated April 17.

SPECIAL MEETING OF MUNICIPAL COUNCIL HELD TO DISCUSS APPOINTMENT OF ROAD SUPERINTENDENT

Scotstown, May 20.—(Special)—At a special meeting of the Town Council held on Monday evening, the following were present: Mayor Gifford, Councillors R. D. Farley, A. Boisvert, W. Taylor, A. M. McKenzie, W. F. Bowman, F. G. Roy, and S. Boy, Secretary Treasurer. There was also quite a large representation of the taxpayers present. The object of the meeting was to take action upon the resignation handed in by Mr. R. A. Scott, as Road Superintendent, and, if necessary, to appoint another in his place. It seemed to be the consensus of opinion that Mr. Scott should reconsider his decision in regard to his resignation as he had been engaged in the work since the Government grant had been given. Mr. Scott appeared before the Council and stated that if they wished it he would be willing to take charge of the making of any new road, this year, but could not undertake the supervision of repairs, etc., to the roads that were made before the macadam roads built under his supervision had been made. It was then decided that someone should be appointed to take up the other work at once. In this connection a letter was read from Mr. John Parsons applying for the position. The application was favorably considered but was referred to the road committee for final arrangements to be made and should these be satisfactory Mr. Parsons was to start work at once in his new position.

Several other important matters were discussed but they could not be officially acted upon at this meeting as it was ruled that only the matter for which the meeting was called could be discussed at this time.

The next meeting of the Council will be on Wednesday, June 2nd when matters of importance will be brought up.

CULTIVATING MORE LAND

The Patriotism and Production Campaign carried on by the Government a few months ago has begun to bear fruit in this district now that it is possible to get on the land again. There are a number of people in the vicinity who are making use of land that had never been cultivated before, and some of those who were in the habit of cultivating their land to a certain extent have increased the amount of ground under seed and taking it all in all there should be a greatly increased production of things that will be very necessary in the world at large, from this section this year, if the weather is at all favorable. Not only is the land being more cultivated, but some of the citizens are going in for chicken raising on a scale much greater than in former years, thus also carrying out one of the suggestions made by Mr. Fixter upon his visit here in the interests of the Patriotism and Production propaganda.

RAISING MORE WHEAT

There is what will no doubt be a very fine field of wheat planted by Mr. C. A. Nodding, near Mr. Chas. Boisvert's property and with any sort of luck at all this three acres ought to produce one of the best stands of wheat ever seen in this section of the country. Wheat raising has not been indulged in so much in this section during the past few years as was the case formerly, one reason being given for this lack is that the ground requires much more preparation than for some other crops, but it is hoped that for this year, at least, a large number of these who have land under cultivation will follow Mr. Nodding's example and grow wheat.

MILK OF HUMAN KINDNESS

Those who have interested themselves in the case of Mr. Frank Haskell, who met with a great loss by fire recently, report that the response to their applications has been of a very generous nature. A number of his neighbors are doing a great deal to help him in his present trouble and very recently four farmers went up to his farm and put in all his crop for him, a thing that will be of the utmost assistance to Mr. Haskell. Other very generous acts have been recorded in connection with this case which go to show that this section is one in which a great deal of the "milk of human kindness" exists. Mr. Haskell has been by no means idle himself and has done all in his power to show that he is worthy of the confidence and respect of the community in which he lives.

HUNTINGVILLE

Mr. and Mrs. J. Herring entertained a number of friends in honor of their youngest son's birthday. The evening was pleasantly passed in playing cards and dancing. At midnight refreshments were served after which the young man was bounced, then dancing was again taken up, until the early hours of the morning. Miss Pearl Herring's birthday being on the same day she was the recipient of many useful and valuable presents.

Mr. and Mrs. W. Bell, Waterville, the guests of Mrs. Bell's parents, Mr. and Mrs. H. Fairbrother, Sunday; Miss M. Ball Sunday in Coaticook, the guest of friends; Mr. and Mrs. E. J. Hunting to Hatley Sunday the guests of Mr. L. Reid, Mrs. Hunting's parents.

Grow Corns If You Will But don't keep them

One can't well avoid corns in these days of dainty shoes. But it's folly to keep them, pare them and doctor them.

A chemist has invented a way to end corns quickly. It is known as Blue-jay. Attach it and the corn pain stops at once. Then a bit of wax—called B & B wax—loosens the corn very gently. In two days the whole corn disappears without any pain or soreness.

It seems magical. After a Blue-jay plaster is applied, the shoe can't hurt the corn. After 48 hours there is no corn to hurt.

Folks have proved this on some 70 million corns. They are removing in this way a million corns a month.

That's why corns are not so common as they used to be. Blue-jay plasters came—folks found them out—and half the corns that grow today are quickly ended by them.

HOW TO GET RID OF DANDRUFF

This Home Made Mixture Removes Dandruff And Stops The Hair From Falling Out.

The following simple recipe which can be mixed at home, or put up by any druggist will quickly remove dandruff and stop the hair from falling out.

To a half pint of water add 1 oz. of bay rum, 1 small box of Oris Compound, and 1 oz. of glycerine. These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, and then once every other week until the mixture is used. A half pint should be enough to rid the hair of dandruff and kill the dandruff germs. It stops the hair from falling out, and relieves itching and scalp disease.

Although it is not a dye, it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy.

LETTERS TO THE EDITOR

PATRONEZ THE COWANSVILLE DAIRY BOARD.

Editor Record.
Sir:—I would like a little space in your paper by writing a few lines in regard to the Cowansville Dairy Board, and I am going to address this letter to the farmers of the Eastern Townships, because I consider the heading of this article very important to each and every farmer. No doubt a good many of you read a short time ago an article written by the President of the Board, saying unless the Board received more patronage it would have to close or adjourn. Do you realize what that means, and did you ever consider what you would do with your butter and cheese?

I was at the meeting of the Board last Saturday, May 15, and saw the butter sold. Only a little over seven hundred boxes were boarded, when there should have been double or treble that amount. What was the result? If the President called the bid once, I bet he did nearly one hundred times, and then adjourned the Board for ten minutes without selling a box. What was the cause? I think the principal cause is that so many factories have contracted their goods, governed by the Cowansville Board price, that the buyers, knowing they had factories contracted, also knowing it was to their interest to allow the bidding to drag and try to keep the price down if possible, did not bid as briskly or perhaps as high as they would if every factory in the Eastern Townships sold their goods on the Board, as they should. Here is the strong point I wish to place before you. Every factory that contracts their goods are not only injuring their own patronage, but are injuring the patronage of every factory selling on the Board. If the buyers had to come to Cowansville, knowing they could not contract one pound of butter or cheese, but had to bid for it, you would see keener competition than was seen there last Saturday, and the President would not have to beg the buyers to buy our goods, as he did.

I do not blame the buyers for wanting to contract all the factories they can and get the butter as cheap as they can. It shows shrewdness on their part. It also proves they are awake and not sleeping, as I am afraid the majority of the farmers and creamery men are, to be so easily taken in. Mr. Farmer, you want to wake up, or some morning you will wake up and find that one of the greatest calamities has fallen upon you that could possibly fall upon any farming community, one that may mean the loss of thousands of dollars to the farmers of the Eastern Townships, and that is the closing of the Cowansville Dairy Board, and no one to blame but yourselves. We need the Board more this year than last, from the present condition of the two markets, the Canadian and the American. From quotations in a Montreal paper last Saturday and the price butter sold for on the Board, our market is quite a little higher than the American market, and has been all the spring. Our pay for the first half of April was 36 cents per pound of butter fat, netting the patrons over \$1.30 per hundred for their milk. I know of an American factory paying 32 1/2 cents per pound butter fat, netting their patrons \$1.10 per hundred for their milk. It looks as though from present conditions our market is going to be the net all summer, and if more factories go on to cheese, that heretofore made butter, you will likely see higher prices for butter, and in order to obtain those high prices we must have a place to board and sell our goods, and that means that each and every farmer should do all in their power to keep the Cowansville Dairy Board open.

I am afraid there is a tendency among the farmers and creamery men to believe that if they are getting the highest price on the Board by not boarding their goods, that is all they need expect. They are saving their Board fees, which is a loss to the Board, still they are reaping the benefit, they are also saving the expense of a salesman. Well, I claim they are wrong if that is the impression they have, and as I said before, if every factory would board their goods and be compelled to take the price that other factories ask, I feel that we would get better prices for our goods, and Mr. Farmer, it is up to you to insist that your butter or cheese be sold on the Cowansville Board. Supposing we could only get 1-2 or even 1-4 cent per pound more. Do you realize what that means to a factory making one hundred boxes per week? It means \$38 at 1-2 or \$14 at 1-4 cent per pound. Your Board fee, I think, is \$10 per year, and your salesman \$3 or \$4 a trip. Do you not think it would pay you to sell your butter on the Board if you could get fifteen or more dollars a week? I think it is worth trying, if not for any other purpose than to show the buyers we are awake.

At our annual meeting it is always voted that we sell our Cowansville Board, and I think that one of the most important subjects to be discussed at our annual creamery meetings should be the disposal of our butter or cheese so as to secure the highest price possible, and I honestly believe that if every farmer

SHERBROOKE BOYS ESCAPE

Corpl. H. Leather and Pte. McRobbie Were on Steamer Christine Sunk Below Quebec

LADS HAVE BEEN ACTING AS SIGNALLERS AT VARIOUS STATIONS SINCE THE WAR BEGAN.

Two Sherbrooke boys had narrow escapes when the Government steamer Christine was rammed and sunk off the Island of Orleans on Tuesday evening.

Telegrams addressed to their parents in this city were received yesterday from Corporal H. Leather and Private McRobbie, who were signallers on board the vessel, stating they were safe but had lost everything. Leather and McRobbie belonged to the signal corps of the 53rd regiment and volunteered for service soon after the outbreak of the war. They have been variously stationed at Quebec, Halifax and the Isle of Orleans.

a painful injury to her spine. She was motoring with her brother-in-law Mr. Brodie, and when turning out of Sherbrooke street, the automobile was struck by a street car, and Mrs. Salls was thrown violently to the pavement. She was taken at once to the Western Hospital, and her condition was so grave, that when Mr. Salls arrived from St. Sabin, Monday, there seemed little hope. Since then, however, there has been improvement and it is believed she will eventually recover.

Mr. and Mrs. Salls left Sherbrooke a short time ago for Montreal, their son, Mr. Howard Salls, intending to enter McGill in the fall.

SHERBROOKE RESIDENT HAS BROTHER-IN-LAW KILLED AT FRONT.

Mr. A. Gioveti, 10 Elm street, has received word that his brother-in-law, Lance-Corp. J. J. Mayle, of Cambridge, England, had been killed at the front. The Cambridge Chronicle, in reporting the death, under the heading "A Gallant Death," says:

"Lance-Corp. J. J. Mayle, of the 1st Cambs., was doing duty as a stretcher-bearer with the Battalion at the front. He was killed on April 17 while making arrangements with respect to the removal of wounded. His son, who is in the Durham Light Infantry, has gone to the front this week. Writing 'in the field' on April 23 to Mrs. Mayle, Major E. T. Saint says: 'It is very great regret that I am writing to tell you of the death of your husband. He was killed while going to make arrangements for moving a wounded man, to the very great regret of the whole Company. I sincerely hope that it will be some consolation to you in your grief to know that he died a gallant death in the service of his country, and that you have the deep and sincere sympathy of all his comrades.'"

QUEBEC DISTRICT MEETING

REPRESENTATIVES TO CONFERENCE APPOINTED AT MEETING HELD IN SHERBROOKE.

The ministerial session of the Quebec District meeting of the Methodist Church convened in Sherbrooke, last Wednesday. There were present Revs. Jas. Pletts, chairman, T. F. Perry, J. Sells, W. A. Hamilton, C. Huxtable, G. A. McIntosh, J. B. Hicks, A. Bishop, H. Mick, E. deGruchy, J. B. Howe, G. O. Tredinnick, G. H. Ford, Wm. Adams, L. B. Roy, W. T. Smith, W. J. Westaway, G. A. Sisco and S. L. Troop.

Rev. H. Mick was appointed Secretary. The regular business of the district was gone into with thoroughness and detail. In the evening a public meeting was held in Wesley Hall at which Rev. G. H. Ford gave an inspiring address. The meeting was helpful throughout.

On Thursday at 9.15 a.m., the joint session opened with the following laymen also present: H. W. Fowler, T. McCrea, J. A. Planche, G. Goodenough, R. Dean, W. T. Oughtred, G. F. Mooney, J. R. Andrews and W. A. Hyndman.

Rev. A. Bishop and J. Carleton were appointed to audit the schedules—the former being subsequently appointed statistical secretary.

Reports were read and the work reviewed in all departments throughout the district and were found to be in a very gratifying condition.

Rev. G. A. McIntosh was elected to represent the District on the Stationing Committee, and W. A. Hamilton as alternative.

The following laymen were elected members of Conference: C. H. Thorne, C. C. Brown, B. C. Howard, P. C. Duboyce, H. C. McFadden, Wm. Stevens, R. Dean, H. A. Worby, William Dunsmore, J. R. Andrews, J. A. Planche, W. F. Rankin, A. S. Farnsworth, W. H. Lambly, Wm. Rick, C. W. Cate, W. R. Reed and G. F. Mooney.

An important resolution bearing on the possible censure of theatres and the closer censorship of moving picture shows was sent forward to Conference with the unanimous support of the District meeting.

In considering means to promote the work a devout and animated discussion took place, some speakers emphasizing the need of strength of character, vigor of mind and powers in speech by leaders of the Church, while others laid stress upon the indispensable complement of a devout life, personal experience and faith in God. The discussion was brought to an end by a few crisp and suggestive remarks by the chairman, Rev. Jas. Pletts.

A hearty vote of thanks was tendered to the people of Sherbrooke, who so cordially entertained the delegates.

SHERBROOKE BOY SCOUTS. Mr. Peter Dennis, Scoutmaster of No. 2 Troop, Sherbrooke Boy Scouts visited the Central School last week and gave a talk on the Scout Movement, its aims and object, its work and advantages.

The young Scoutmaster illustrated his remarks by drawings on the blackboard and was listened to with great attention. The result will probably be a substantial addition to the Scout ranks.

ADMITTED FAIRNESS OF TRIAL, BUT COULD NO LONGER STAND THE STRAIN.

London, May 20.—(Special)—Anton Kuepferlo, who claimed to be an American, and who has been on trial charged with giving military information to the enemies of Great Britain, committed suicide last night in Brixton Prison. He is reported to have hanged himself.

Warden Cook, in court to-day, produced the slate on which the prisoner had written his message. His communication runs as follows: "To whom it may concern: My name is Kuepferlo, and I was born in Rastatt, in Baden. I am a soldier with a rank I do not desire to mention. I can say I have had a fair trial in the United Kingdom, but I am unable longer to stand the strain, and I take the law in my own hands. I have fought many a battle, and death is the only savior for me. I would prefer death by shooting, but I do not wish to ascend the scaffold, as (here the prisoner drew a Masonic sign) and I hope the Almighty Architect of this universe will lead me in the unknown land. I am not dying as a spy, but as a soldier. I stood my fate as a man, but I cannot be a liar and perjure myself."

Quebec, May 20.—None of the bodies of the seven victims of the steamer Christine have been recovered as yet, and it is generally supposed that they are imprisoned in the sunken vessel was plunged to the bottom so quickly that there was but very little chance to escape. A diligent search is being prosecuted.

It is understood that the Marine Department will at once engage divers for the work of recovering the corpses. As the Christine lies in only thirty feet of water and her masts are showing above the water level, it is expected that she will be raised without difficulty.

Captain Kennedy, whose leg was fractured, is doing well.

BETTER FEELING NOW PREVAILS IN BRITAIN

London, May 20.—(Special)—The wave of depression which has been sweeping England for the past few days, following the receipt of war news regarded as unfavorable, was checked today by the definite announcement of the decision of the Government to form a coalition cabinet, together with better news from the eastern front.

It is believed here that the Russian advance near Shavli, in Courland, where the lines of the forces of Emperor Nicholas have been straightened out will do much to counteract the effect of the Austro-German advance in the vicinity of Przemysl across the river San.

PTE. O. AUGER TELLS OF BATTLE

Was Wounded in Great Fight Which Took Place at Langmarcke

FORMER MEMBER OF THE 54TH REGIMENT, SHERRBROOKE, HAS EXCITING TIME WHEN RETIRING TO HOSPITAL.

Mr. A. Auger, 12 Oliver St., Sherrbrooke has received a letter from his son Oliva, who went to the front with the 54th regiment. It was on April 29. The writer says: I am at the hospital wounded in the calf of the left leg by a bullet which went right through it. I was wounded on the morning of April 25th and as the Germans were bombarding, I was unable to leave the

DIRECTORS HAVE TO PAY NOTE

Canadian Bank of Commerce Wins Suit Against Wotton Company

MR. J. A. D'ARCHE, SHERRBROOKE, ALSO SUCCESSFUL IN ACTION FOR PAYMENT OF LOAN.

Mr. Justice Hutchinson rendered judgment in the Superior Court in several cases which had recently been heard before him. The Canadian Bank of Commerce vs. Dr. Thibault and others. The circumstances of the case are briefly as follows: One, O. Vilandre, who some years ago was an active business man at Asbestos, organized two companies, one a general store under the name of the Vilandre Company, and the other for the purpose of manufacturing chairs, toys, etc., under the name of the Wotton Chair and Toy Company. Both of these companies were incorporated.

Vilandre was appointed treasurer and financial manager of each company and they had intimate business connections with each other. The Wotton Company finally were in need of money and the company made a note for \$6,000, which was endorsed by all the directors, about twelve or fifteen in number. Vilandre took this note to the bank and asked to have it discounted, but the bank refused to do so as the company had virtually exhausted its credit. This was on Oct. 13th, 1912.

On Oct. 31st, thirteen days afterwards, Vilandre went again to the bank with a note of the Vilandre company for \$4,800 and asked to have it discounted, offering as security for payment the note of the other company for \$6,000. The bank discounted the note for \$4,800. The collateral note of \$6,000 was afterwards divided into three notes written from the hospital at Asbestos of \$2,000 each, and was finally divided into two notes of \$4,000 and \$2,000 respectively. Both companies having gone into insolvency, action is now taken on the said two notes given as collateral for the payment of \$4,800, which was endorsed by the directors of the Wotton company and it is these directors who are now sued. Unfortunately for the defendants the man who organized these two companies and obtained the advance from the bank of \$4,800 has left the country and his evidence could not be produced.

The defendants keenly contested both actions and raised several legal grounds, but judgment went against them in each case, and they were held liable not only for the payment of the \$4,800 for which their notes were given as security, but for the full amount of the notes they endorsed inasmuch as the Vilandre company had previously to these transactions, entered into an agreement with the bank under which any collateral security given the bank by the Vilandre company should be retained by the bank to meet any unpaid balance due by the said company.

The two cases are practically the same but two actions were taken inasmuch as there were more defendants in one case than in the other.

D'ARCHE VS. KENNEDY.

D'Arche vs. Kennedy. In this case, the plaintiff, Mr. J. A. D'Arche, Sherrbrooke, took an action against Angus Kennedy, of Montreal, for the sum of \$4,000 and interest. The defendant contested the action on the ground that the power of attorney which he had given his cousin, J. D. Kennedy, to sell and otherwise dispose of a property that the defendant had bought, on which the plaintiff held a mortgage, did not give him any power to bind defendant to pay this sum and although the property in question might be liable, it was contended plaintiff had no personal action against the defendant, Angus Kennedy.

The Court made a careful examination of the terms of the power of attorney and came to the conclusion that the attorney, J. D. Kennedy, had authority to bind defendant for the payment of this sum of money, and judgment, therefore, went against the defendant for the amount demanded.

trench at the time, so I stayed there until upon when another terrible bombardment was commenced by the Germans who hurled shells in front of our trenches weighing from 1500 to 1800 lbs. We were lucky, as not one of these shells fell in our trenches but all the trenches on our right were destroyed. The Germans were advancing within half a mile of us and the shells began to fall again—poisonous shells this time—so we retreated. Being wounded I was unable to move with the others but did not care to stay and be made prisoner so I started off on one leg and seeing that I was not going fast enough and the Germans were all the time advancing. I managed to use both legs and got along a little more quickly. On my way I met my brother Wilfrid who was well. He advised me to go right ahead, but we were far enough out of the reach of the shells. However, I continued my journey until I reached a hospital where my wounds were attended to.

At present I am in the Rouen hospital. I can assure you war is no fun with all the bullets and shells bursting around. A man is lucky when he gets nothing more than I did. I wrote to Wilfrid four days ago. I will not forget you and I hope the war will soon end.

WILFRID AUGER ALSO INJURED. A letter from his other son, Wilfrid, has just been received by Mr. Auger, saying that he was wounded in the head by a stray bullet behind the trenches and was in hospital for eight days. He says he is now in perfect health and confirms the news of his brother's wound and removal to an hospital but does not know where.

The big-game guide, says Representative Madden of Illinois, in the Washington Star, is a stoic. Illustrating his point, the representative tells the following story: A guide returned to his village after an extensive hunt with an urban sportsman. He met a fellow-guide and the following conversation took place: "I see yer back, Hank?" "Yep." "How did yer trip turn out?" "Pretty fair." "Did the city feller have any luck?" "Some." "Remember the laughing hyena?" demanded the owner, angrily. "What the deuce are you driving at?" "Only this, Mr. Smith, he ain't got nothing to laugh at this morning."

NEGLECTED HIS FAMILY

J. B. Boisvert Fined \$50 on Second Charge of Refusing to Support Wife and Children

CASE OF ASSAULT BY JUVENILE. FELL THROUGH IN CROSS EXAMINATION

Before Judge Mulvena in the District Magistrate's Court this morning, John A. Boisvert was convicted on a charge of neglecting and refusing to support his wife and children. Accused is a day laborer and the evidence showed that he had been arrested in January, 1914, on a similar charge, when he was allowed to go upon his promise to report once a week to the Chief of Police and to pay over his earnings to his wife.

Defendant is the father of nine children, eight of whom are under 16. Accused admitted the previous charge and was now sentenced to pay a fine of \$50 or three months in jail.

AUTO CASE SETTLED

In the case of J. B. Reard vs. Oscar Gosselin of Lennoxville on a charge of obtaining an auto valued at \$500 by false pretences. The arrest had been followed by a writ of replevin in the Civil courts of the automobile and at the hearing the complainant stated that the matter had been satisfactorily settled and that he had no evidence to offer. The accused was therefore discharged.

JUVENILE DISCHARGED

Felix Gosselin of St. Gerard de Weedon vs. M. E. Magnan, a juvenile aged 14 years on a charge of having committed an assault causing bodily harm to complainant's wife by pushing her and causing her to fall upon the stove in the kitchen, causing her internal injuries. Accused pleaded "not guilty." The evidence was very lengthy and the Court discharged the accused holding that the complainant's wife having admitted in cross-examination that she did not know whether she had been pushed intentionally or by accident, disposed of the essence of the offence which is the intent.
