SOVIET DEFENCES STRENGTHEN AROUND MOSCOW

Attackers Lose Sixty Per Cent Of Effectives

Russian Forces Claim that Defences of City, Strengthened by Civilian Labor, Are Virtually Impregnable—Germans Reported to Have Opened New Fighting Front North of Moscow as War Bitterness Grows.

London, Oct. 29.—(C)—Development of a new theatre of battle before Moscow coincided today with Russian estimates that the Germans had lost sixty per cent of their effectives sent into action against the city's defences in the past few days.

The Soviet capital, guarded by troops under no-retreat orders and ringed by fortifications growing daily under civilian labor, was flatly reported in Russian military dispatches to be impregnable.

At the same time, however, Red army men were reported to be mining Rostov in recognition of the possibility of defeat in the bitter fighting for that Southern stronghold.

Volokolamsk, a cotton mill town seventy-two miles by railroad Northwest of Moscow, was identified by the Soviet Information Bureau as a centre of fighting yesterday.

This action—between the older combat zones of Kalinin and Mozhaisk—came as Russian dispatches said the invaders were entrenching and preparing tank traps in some areas of the Moscow sector, essentially defensive work, in an effort to consolidate earlier advances.

German attacks were declared officially to have been beaten off by Red army forces "with heavy losses for the enemy," and a Moscow radio spokesman said Soviet troops were counter-attacking.

Crossings of the Nara and Oka rivers South of the capital "are being firmly held by the Red army," the radio said.

Numerous air attacks upon Moscow yesterday and last night were acknowledged, but it was declared that dwellings rather than military objectives were damaged.

"On Oct. 27 our air formations operating on the Western front destroyed forty-two German tanks, eighty-six armored cars, 430 trucks with military supplies, several staff buses and more than twenty field guns," said a communique broadcast from Moscow. "Two regiments of infantry (perhaps 4,000 men) were dispersed and partly annihilated."

Aside from Volokolamsk, the communique said the principal fighting yesterday was in the directions of Mozhaisk, fifty-seven miles West of Moscow, Maloyaroslavets, sixty-five miles Southwest, and Kharkov, the Donets Basin manufacturing centre which Germans claimed Saturday.

The same zones were mentioned as the scenes of overnight combat in the mid-day communique broadcast by the Moscow radio twelve hours later.

"During the night of October 28," it said, "our troops fought the enemy in the directions of Mozhaisk, Maloyaroslavets, Volokolamsk and Kharkov."

COUNT CIANO RETURNING FROM VISIT ALONG EASTERN FRONT

Berlin, Oct. 29.—(AP)—Italian Foreign Minister Ciano is returning to Italy today after a tour of the Eastern front during which he saw Hitler at his headquarters, D.N.B., Nazi propaganda agency, said today.

The agency said Ciano and German Foreign Minister Ribbentrop had a lengthy exchange of views.

A CHANGE

Philadelphia, Oct. 29.—(AP)—Word was passed along the waterfront today to cut out quarterdeck language when calling the Maritime Exchange for shipping information. Sweet-voiced girls have taken over the telephone switchboard because male operators traditionally employed for a quarter-century, have left for better jobs.

PATTULLO HAS NO COMMENT ON FUTURE PLANS

Future of British Columbia Liberal Government in "the Hands of the Gods," Premier Declares.

Winnipeg, Oct. 29.—(C)—Premier T. D. Pattullo of British Columbia said in an interview here last night the future of his Liberal Government is in "the hands of the gods."

He refused to comment on the possibility of a Coalition Government in British Columbia, but said:

"The King Government must go on in orderly fashion and that's what I'll try to do."

Mr. Pattullo is en route to Ottawa where he will discuss with Dominion authorities the transfer of the income tax field to the Dominion for the duration of the war.

After last Tuesday's election in British Columbia, the Liberal party was left with twenty-one seats in the Legislature, compared with thirty-one held in the last House, while the C.C.F. won fourteen seats, the Conservatives twelve and Labor one.

Conservative Leader R. L. Maitland proposed that all three parties join in a Union Government, a proposal rejected by the C.C.F. leader, Harold Winch. The C.C.F. leader proposed that the Liberals and Conservatives form a Coalition Government. Mr. Pattullo has been silent on all proposals.

Ukraine, Once-Rich Grain Area, Yields Little To Nazi Hordes

By ERNEST FISCHER
(Associated Press Staff Writer)

With the German Army at Odessa, Oct. 21. — (delayed) — (AP) — Hitler's farm experts, following hard on the heels of his invading army, already have begun the task of converting to German use the huge Ukrainian farmlands West of the Dnieper River—but from present indications Europe's so-called "breadbasket" will be empty this winter.

In normal times this conquered area, roughly half the size of British Columbia, produced millions of tons of wheat annually, much of which found an outlet through Odessa.

In the aftermath of war, however, the bulk of the wheat acreage is lying idle and not even a fishing smack is navigating out of this once-busy Black Sea port.

Midway in a 2,500-mile tour of the area between Kiev and Odessa it becomes obvious that many difficulties must be overcome before this agricultural region can start feeding Europe again.

In the first place, work animals and tractors taken for war purposes, as well as other livestock and implements destroyed or removed under Stalin's scorched-earth policy, must be replaced.

At present the great plains of the Ukraine present an unpromising vista of wheat stubble waiting to be turned under.

Whether Germany can begin a comeback for this section before the ground freezes remains to be seen. Just now, with the snow flying in the Northern Ukraine, it looks like a tremendous task to prepare the soil before winter.

To handle the job many "sonderfuehrers" — special leaders — have been trained in Germany. No matter how well-trained he may be, however, the German farm boy, accustomed to the Reich's miniature farms, still must adapt himself to the task of supervising thousands of acres of Russian wheatland.

Two of these leaders are supposed to supervise fifty-four of the Russian collective farm units in other words a total of about 180,000 acres.

At Stawischtische, about one hundred miles South of Kiev, I talked with a leader who had taken charge in that area only ten days before.

As an example of the conditions he found, he said that about one hundred families in one farm unit had only ten milk cows between them.

This kolchos, however, still had about ninety head of horses, and with these, plus whatever motorized equipment can be spared by Germany's war economy, the hundred families must work their 3,300 acres.

The peasants are getting along the best they can.

TRADING PACTS ARRANGED WITH FOUR NATIONS

Canadian Minister of Trade and Commerce Optimistic Over Possibilities of South American Trade.

Ottawa, Oct. 29.—(C)—Trade Minister MacKinnon settled down today to the normal routine of his department after a ten-week tour which resulted in signing of new trade agreements between Canada and four major South American countries.

In addition to the agreements signed with Ecuador, Chile, Argentina and Brazil, Mr. MacKinnon told a press conference yesterday, understandings had been reached with Peru and Uruguay which probably would lead to a more final arrangement later on.

Mr. MacKinnon and the four other members of his party travelled 18,000 miles in a mission which he said "exceeded all expectations." He suggested it should be followed as soon as possible by another to Mexico and Central America.

The four agreements are not expected to show major results immediately but they lay a foundation for future extension of business, he said. Nearly $40,000,000 annually was involved in trade exchanges between Canada and the four nations, with the existing balance of trade favoring South America.

Mr. MacKinnon said Peru does not wish to sign a trade agreement immediately. Instead, a declaration

JAPANESE AMBASSADOR IN CONFERENCE WITH RUSSIAN COMMISSAR

Kuibyshev, Russia, Oct. 28.—(Delayed)—(AP)—Japanese Ambassador Yoshitsugu Tatekawa conferred last night with Andrei Y. Vishinsky, Soviet Vice-Commissar for Foreign Affairs, diplomatic quarters said today.

The subject of their conversation was not disclosed.

NOTED FINANCE LEADER BECOMES MEMBER OF JAP PRIVY COUNCIL

Tokyo, Oct. 29.—(AP)—Seihin Ikeda, a powerful figure in the Japanese financial world and a former Minister of Finance, was named a member of the Privy Council with Imperial sanction today on the recommendation of Premier Gen. Hideki Tojo.

Ikeda, a Harvard graduate, is a former Governor of the Bank of Japan and former directing head of the vast Mitsui interests. He served as Minister of Finance in the Konoye Cabinet in 1938.

Washington, Oct. 29.—(AP)—A conference today between C.I.O.'s John L. Lewis and Myron C. Taylor, former Board Chairman of United States Steel, held the decision on immediate re-opening of strike-bound captive coal mines.

The meeting had a last-chance quality, for President Roosevelt was considering action and Congress, angry and impatient, seemed ready to take drastic steps of its own to eliminate time-consuming industrial walkouts.

In Congressional eyes the captive mine dispute was rapidly becoming a symbol of the whole problem of work stoppages affecting defence, and the pressure for action increased with the overnight threat of a general strike of airplane factory workers in five Eastern States.

The general strike threat arose from the protracted C.I.O. dispute with Air Associates, Inc., at Bendix, N.J. Richard Frankensteen, National Director of the C.I.O. union involved, telegraphed President Roosevelt that unless the controversy could be settled to the Union's satisfaction by Thursday, he had no recourse but to use the economic strength of the Union to protect its members.

The sole issue in the captive mines dispute was the United Mine Workers' demand for a union shop in the coal shafts which the steel companies operate to obtain fuel for their blast furnaces. Under a union shop provision, each employee would have to become a member of the Union after a period of probation. The dispute directly affects 93,000, claimed to be ninety-five per cent organized by U.M.W., whose strike became effective Monday in captive mines in Pennsylvania, West Virginia, Kentucky and Alabama.

The Steel Corporation told the National Defence Mediation Board yesterday it was willing to accept the Board's recent offer to decide the dispute—an offer which contained the proviso that both parties to the dispute must agree in advance to accept the Board's decision as final.

But from the Weirton Steel Company and the Wheeling Steel Corporation, whose interests likewise are affected, notified the Board that they preferred another alternative—that the dispute be settled by a joint board made up of miners and operators.

U.S. Steel's action, however, was taken as an advance hint that Taylor would present some such settlement proposal to Lewis, and that prospect dimmed the conference's chances for success from the outset.

Lewis already has assailed the Mediation Board's handling of the captive mine controversy, and it

Canada Must Create Strong Offensive Army, Hanson Says

Super-Trained Manpower First and Main Suggestion Offered by Opposition Leader for Increasing Aid to Great Britain —Urges Adoption of Strong Government Attitude to Labor and Industry.

SHOOTING INCIDENT DECLARED ACCIDENT

Buenos Aires, Oct. 29.—(AP)—Departure of acting President Ramon Castillo by train for the interior last night was attended by a pistol shot which caused a momentary panic at the station, but police said it was a harmless accident.

Officers of the Argentine capital reported the pistol was discharged in the air during an altercation between two men on the platform when one sought to hit the other with the weapon.

Castillo went on to Olavarria, South of Buenos Aires, to inaugurate an agricultural congress today.

MORE ARRESTS IN FRANCE

Abbeville, Occupied France, Oct. 29.—(AP)—Arrest of twenty-eight persons in the Vimeu and Ponthieu regions near here was disclosed today in an announcement which claimed all "leading Communists" in the area now are in custody.

Toronto, Oct. 29.—(C)—Warning that Canada can and must supply more manpower for offensive warfare in Europe or any other theatre of war was voiced last night by Hon. R. B. Hanson, Conservative House leader, in his first public address since his return from a recent twenty-three-day fact-finding tour of Great Britain.

Speaking to members and guests of the Young Men's section of the Toronto Board of Trade, Mr. Hanson said that "super-trained manpower is my first and main suggestion" to Canada if the country is to achieve total war effort.

"We can learn much with respect to the handling of labor problems," he said. "We can supply much-needed equipment, but, taken in all, the biggest and best contribution Canada can make is the provision, training and complete equipment of manpower and still more manpower if, as and when the supreme effort comes, as it will. Otherwise Canada will have failed to do her full part."

Mr. Hanson said he and his colleagues left for England at their own expense after feeling "frustrated" during the previous parliamentary session during which they were "told in glowing terms what was proposed to be done, but with respect to important matters we were not told anything more than was conveyed to the general public . . ."

Reviewing his stay in Britain, Mr. Hanson told of his visits to Canadian airmen and soldiers and of his talks with British Parliamentary and military leaders, including Prime Minister Churchill. He found the people of Britain "simply marvellous" and with the watchword "no surrender."

Canadian troops, he said, had attained a high degree of efficiency and had a high morale, but there was a certain amount of resentment at the enforced inactivity.

"As a result of my investigations, I think it fair to say that these troops left Canada more poorly equipped than any troops which ever left our shores. Today, as a result of the equipment supplied by Britain and the equipment since received from Canada, they are among the best equipped troops in England and are ready to give a good account of themselves whenever and wherever called upon . . ."

"All strikes, all lockouts are definitely banned for the duration," he added. "What an object lesson for Canada! No travelling delegates from the C.I.O. in England. Labor leaders in England have accepted the task of helping to govern the country and win the war as part of their job. Mr. (Labor Minister) Bevin . . . acts and speaks with authority.'

"No timid government policy

JAPANESE ARMY SPEEDS PLANS IN INDO-CHINA

Hanoi, French Indo-China, Oct. 29.—(AP)—The tempo of Japanese military activity recently has been accelerated throughout Indo-China and observers in many parts of the colony agreed today that some major development seems to be in prospect.

However, these informed quarters were divided over the possible scene of operations. Some expressed belief an attempt would be made to drive into the South China province of Yunnan to sever the Burma Road.

They quoted reports that Gen. Lung Yun, Governor of Yunnan, is preparing to abandon Chiang Kai-Shek and join the Japanese-controlled Nanking Government.

Others said the Japanese seem to be chiefly interested in the Thailand-Indo-China border situation.

Censorship prevented detailed description of the Japanese preparations. The army now is engaged in manoeuvres in Cambodia, the Western part of Indo-China, and this correspondent, travelling through that area recently, heard machine guns chattering day and night.

Japanese troops were seen operating in all parts of the sparsely-settled territory. Weather and terrain conditions were unfavorable as heavy rains flooded large areas but within a few month the dry season will change them.

A highly-qualified informant said that Thailand, whose frontier adjoins Cambodia, is keeping heavy contingents of troops on the border.

Travellers coming North by ship reported little activity in Indo-China's Eastern ports, not even at the much - discussed Camranh Bay, where the Japanese had been expected to establish a naval base.

This indicated that Saigon in the South and Haipong in the North remain Japan's chief ports of entry.

OWNERSHIP OF REUTERS GIVEN BROADER BASIS

London, Oct. 29.—(C)—Ownership of Reuters, principal British newsgathering agency with correspondents throughout the world, was broadened today by Government approval of a deal designed to make the organization the property of "the British peo ers as a whole."

Specifically, a Government announcement said, one-half the capital of the agency has been purchased by the Newspaper Proprietors' Association from the Press Association, formerly the sole owners.

The Newspaper Proprietors' Association is the trade association of London newspapers and the Press Association a co-operative of provincial newspapers.

The two Associations, the announcement said, have entered into a common partnership under a trust agreement and have undertaken to ensure:

1—"That Reuters shall at no time pass into the hands of any one interest, group or faction."

2—"That its integrity, independence and freedom from bias shall at all times be fully preserved."

Sir Roderick Jones, former Reuters Chairman, declared the arrangement would give Reuters "the sound understructure of a great news agency—ownership by the press of its country," an ideal which he said was exemplified in the United States by The Associated Press.

Announcement of the Government's approval of the new ownership plan came as the climax to a lengthy debate in the House of Commons last Thursday in which Minister of Information Brendan Bracken rejected a proposal to nationalize Reuters and supported newspaper ownership of the agency as against either private ownership or Government trusteeship. Since Reuters supplies news to the Government-owned British Broadcastng Corporaton, the Government is one of its leading customers.

Liberals Retain Huge Lead In Nova Scotia Legislature

Government Candidates Successful in Twenty-Three of Thirty Seats in Nova Scotia Legislature—Opposition Leader Defeated as Party Returns but Four Members—C.C.F. Captures Three Seats.

Halifax, Oct. 29.—(C)—Assured of office for another five years, Nova Scotia's Liberal Government emerged today from the Province's war-time general election with its command of the Legislature unshaken and its forces but slightly depleted from the ponderous group it led to victory four years ago.

In gaining twenty-three of the thirty House seats in yesterday's balloting, Premier A. S. MacMillan's administration fell off by two from the Liberal total of 1937 but held to the House majority it enjoyed at dissolution. At the same time, it effected the personal defeat of L. W. Fraser, the thirty-nine-year-old lawyer who sought the Premiership at the head of the Conservatives.

The Opposition, on the basis of unofficial but near-complete civilian returns and partial results from the light soldier vote, will consist of four Conservatives and three Co-operative Commonwealth Federation members. The Conservatives lost two seats—including Mr. Fraser's—and gained one and the C.C.F. gained two.

Contesting a Nova Scotia general election for the first time, the C.C.F. sprang a major upset in industrial Cape Breton East by toppling Hon. L. D. Currie, Minister of Mines and Labor who had represented the riding since 1933. D. N. Brodie, a business man making his debut to Provincial politics, rolled up a plurality of 2,173 for the second highest in the Province, on the basis of available returns.

The remainder of the Cabinet came through without trouble, Agriculture Minister J. A. McDonald apparently amassed the greatest majority of any candidate, defeating Raymond Crosby in Kings by 2,686 ballots.

Premier MacMillan, a member of the Legislature for fifteen years, coasted home comfortably again in Hants. His plurality over N. D. Blanchard was 1,292.

The sixty-nine-year-old Premier was left with a Legislature of one more member than his party had at dissolution. The standing then was Liberals, twenty-two; Conservatives five and C.C.F., one, with two vacant. However, his majority over the combined opposition remains unchanged.

The Premier, in a statement issued last night, declared the Government now felt it had "the confidence of the great majority of the people of this province and their support in dealing with the common problems that are bound to arise." Nothing would be left undone to further the war cause.

Mr. Fraser did not comment immediately.

The election marked Mr. MacMil-

AIRMAN CHARGED IN SLAYING OF FAMILY

Winnipeg, Oct. 29.—(C)—A coroner's jury last night named Sgt Gerald H. McMurray, 35, the slayer of his 19-year-old wife and two young children in their home here last week-end.

Sgt. and Mrs. McMurray and the children, William, two years old, and Marie, ten months old, were found shot to death in an upstairs bedroom. A .22 calibre rifle was found in the room.

A friend of the family, Miss Sheila Sutherland, testified at the inquest before Dr. H. M. Speechly, provincial coroner that last week McMurray had "threatened to shoot them all."

McMurray was attached to No. 2 Manning Pool of the Royal Canadian Air Force at Brandon Man. He joined the R.C.A.F. six months ago.

Huge British Bombers Penetrate Far Into German Industrial Area

London, Oct. 29.— (C) —Fighting their way through a Northerly gale, big four-motored British bombers penetrated far into Germany during the night and attacked objectives in the South and Southwest, the Air Ministry announced today.

At the same time, smaller R.A.F. planes blasted docks at Cherbourg on the German-occupied French coast and also attacked Nazi airdromes in Northern France, a communique said.

The Ministry's News Service declared that American-built havocs participated in the sweeps over France. No planes were lost in any of these operations.

One airdrome near Abbeville was bombed three times in two hours with high explosive and incendiary bombs, it said.

German air force night operations against Britain were on a small scale and restricted to points in Southwest England.

"Some damage was caused," a Government communique said, "and from one place a small number of casualties has been reported. One enemy aircraft was destroyed."

SICILY AGAIN ATTACKED

Rome, Oct. 29.—(AP)—British air raiders swept over Sicily again last night, concentrating their attack on Comiso, the Italian high command said today.

The Italians acknowledged that British planes also had attacked Bengasi, Libya, and said their own aircraft had bombed the British Mediterranean base of Malta. One British raider was reported shot down over Bengasi.

GERMAN CLAIMS

Berlin, Oct. 29.— (AP) —A German spokesman claimed today that fourteen ships totalling 47,000 tons were sunk by German submarines in a six-day pursuit of a heavily, loaded convoy travelling from Gibraltar to Britain.

They added that a British destroyer—one of the warships guarding the merchantmen—also was sent to the bottom by a torpedo.

Almost the entire convoy was destroyed, these sources claimed.

STILL SUFFER WAR DAMAGE

Vichy, Oct. 29.—(AP)—The Official Journal today listed 64 towns in Northern France, including Amiens and Abbeville, as still unable to house their residents adequately because of war damages.

WAR BULLETINS

Rome — Stefani said today that fliers claimed to have seen a mile-long patch of oil in the Mediterranean where an Italian plane torpedoed a British cruiser last Saturday, indicating to them that the cruiser sank.

The high command Sunday had claimed only that the cruiser was damaged.

Canberra — Treasurer J. B. Chifley introduced today in Parliament a record Australian budget of £325,000,000 ($1,153,750,000), which included £217,000,000 for war purposes.

Heavier taxation for individuals and companies was proposed.

Berlin — A dispatch from Zagreb, in partitioned Yugoslavia, said today the Croatian Government had decreed state acquisition of all Jewish fortunes for revival of the national economy.

Declares Amendments Real Move For Maintaining U. S. Neutrality

Washington, Oct. 29.—(AP)—Senator Tom Connally (Dem.-Texas) struck back today at critics of President Roosevelt's foreign policies, labelling as "unwarranted" their charges that the President was seeking to involve the United States in an undeclared war through revision of the Neutrality Act.

[illegible] answer to those charges, the Texan told reporters, was the [illegible] the United States was not at war.

"If the President had really wanted ot involve this country in war, he could easily have done so a year ago," insisted Connally, who is Chairman of the Foreign Relations Committee and floor manager of the pending bill to permit the arming of merchant ships and lift the ban against their entering belligerent ports.

But Senator Hiram Johnson (Rep.-California) expressed the opinion that the President's bluntly-worded Navy Day speech had aroused new opposition to the bill, and Senator Burton Wheeler (Dem.-Montana) said a poll indicated at least forty Senators would vote against broadening the House-approved ship arming measure to end present neutrality restrictions on ship movements.

Connally remained confident, however, that the administration could muster a minimum of fifty-two votes, three more than a majority, for the broader legislation now pending.

Senator Robert Taft (Rep.-Ohio) charged in the Senate yesterday the President's speech Monday night disclosed that he had "tricked" the American people and already had done what he could to "plunge this nation into a shooting war."

But Connally retorted that Taft's charges were "unwarranted" by the facts as he saw them.

Another who championed the President's position was Senator Claude Pepper (Dem.-Florida) who told his colleagues yesterday that if the "present desperate effort to save America's peace" should fail, he knew of "nothing else to which we can resort, other than a naval war."

Senator Worth Clark (Dem.-Idaho) an opponent of the administration's foreign policies, jumped up to ask Pepper if he was prepared to "vote for a constitutional declaration of war" to defeat Hitler.

"Yes, I would." Pepper replied, adding that he first wanted to give

SEARCHING FOR CLAY ON POWER PROJECT SITE

Survey Being Made in Case Need to Provide Work for Municipal Unemployed Becomes Acute this Winter.

Just in case the need to provide work for the unemployed may become acute this winter, City Engineer Armand Crepeau and Gas and Electricity Department Superintendent Gaston Masse today began a survey of the land around Two Miles Falls to discover whether or not there is any clay in that vicinity which could be used in the construction of the retaining wall which must be erected before the city proceeds with the building of the power dam.

The retaining wall, which when completed will cost approximately $94,000, will serve to form a basin for the water required to develop the 10,000 horse-power which it is expected the plant will provide when it is completed.

The retaining wall will be 1,425 feet long, 240 feet wide at the base and twenty feet wide at the top. The height of the wall will be 65 feet at the river bank and will be graduated as the slope of the bank mounts.

The centre of the retaining wall must be made of impermeable clay and it is to discover whether or not such clay can be found in the vicinity of the site of the wall that the two city officials are conducting their survey today.

As the municipality owns considerable land around that district, it is hoped that the required clay may be found on city land so as to avoid the necessity of having to purchase it from neighboring farms. The city officials also want to find the clay as near as possible to the site of operations to reduce transportation costs.

The city also owns considerable land on the other side of the river and should the clay be discovered there it is planned to bring it across the river in buckets on a tow-line.

The decision to make the survey does not mean that the city intends to proceed with the construction of the retaining wall this year but simply that the engineers wish to know for certain where the clay can be obtained in case of an emergency and that the survey must be made before a heavy snowfall covers the ground.

The city has definitely decided to postpone construction of the power development itself until after the war but Mayor Labrecque said that work on the retaining wall might be started if other work could not be found for the city's unemployed this winter.

There are approximately eighty unemployed on the city relief rolls at the present time.

As Rotarians Review Successful Fair

Photo by Record Photographer.

Members of the Rotary Club were hosts last night to the many Sherbrooke citizens who worked with them to put the ninth Rotary Fair over the top at the Belvidere Street Armory last week.

In the top picture the Fair officials and others are shown at the headtable at the New Sherbrooke Hotel. Shown seated, from left to right, are Rotarian B. N. Holtham, Joint Fair Treasurer Armand Labergo, Philippe Juneau, President of the Lions Club, General Fair Chairman Willard G. Cross, President Albert Munster, Vice-President E. E. Goodenough, Joint Fair Chairman R. L. Curphey, Inspector Percy Donahue, of the local Police and Fire Department, and Club Treasurer Emilien Gingras.

In the lower picture are shown, left, Miss Helen Blain, and Miss Sheila Foley, the "Kandy Kuties," who performed yeoman service at the candy booth, attracting hundreds by their pulchritude as well as their salesmanship.

BOND ISSUE AT EAST ANGUS IS SOLD FOR 98.77

Purchased by Syndicate of Savard, Hodgson and Banque Canadienne Nationale.

East Angus, Oct. 29.—A decided improvement in the financial status of this municipality was reflected yesterday when a $90,000 bond issue was purchased by the syndicate of Savard, Hodgson and the Banque Canadienne Nationale, represented by L. R. Hebert in the Eastern Townships, for 98.77.

Mayor J. E. Palmer today expressed great satisfaction at the price which was obtained. The financial position of the town of East Angus has been steadily improving, he said, and obligations amounting to about $160,000 have been redeemed since 1932 and the sinking fund reserve increased by $40,000 to $80,000.

The new bond issue, which carries 4 per cent interest and matures in series from 1942 to 1962, will be used to redeem the oustanding debentures of a $105,000 5 per cent issue put out in 1931. This latter was a 30-year serial issue callable after ten years.

Other firms tendering on the $90,000 issue were Dominion Securities at 96.53 and Beaubien and Leclerc at 96.10.

DONATIONS ACKNOWLEDGED

YOUTH SENTENCED FOR SHOP-LIFTING

Pleading guilty to a series of charges of shop-lifting from several local stores, a Sherbrooke youth was today sentenced to one year in jail by Judge J. H. Lemay.

For some unstated reason, the hearing was held in camera and Clerk of the Court Hertel O'Bready and officials of the Sherbrooke Police Department refused to divulge the name of the accused.

In the South, weary armies were reported to be locked in battle from ten to fifteen miles West of Rostov, a key to the Don river estuary and possible pivot point for Nazi drives North or East into the heart of Russia or South into the Caucasus.

The Russians are realistically facing the possibility of a forced withdrawal, dispatches to London said, and already have mined the Rostelmash armament works and other buildings, preparing to leave the city a smoking ruin.

Germans and their allies are believed to be struggling to reach the Donets river throughout its length before disclosing their ultimate strategical aims. Observers here said that Astrakhan, a Volga delta port which is a depot for British-American supplies shipped by the Caspian Sea from Iran, might be an objective. It is four hundred miles East of Rostov as the bomber flies.

Liberals Retain

Ian's first appearance at the polls at the head of his party, just as it was Mr. Fraser's. Highways Minister from 1933, on, Mr. MacMillan took over the Government when Premier Angus L. Macdonald went to Ottawa in 1940 as Navy Minister.

His youthful opponent stepped into the vacant Conservative leadership a year ago, before he had ever entered the House. Subsequently, he received an acclamation in Cumberland, where he was defeated yesterday.

The Conservative leader's personal defeat in the hitherto Conservative double riding of Cumberland provided something of a surprise. The constituency divided to elect a Liberal and a Conservative, with Mr. Fraser running third.

But the real surprise of the fight was the showing made by the small C.C.F. group in electing three of their six candidates. All three were returned in the highly-industrialized steel and coal areas of Cape Breton.

Besides Brodie's decisive win in Mines Minister Currie's home town of Glace Bay, Don MacDonald, a co-operative store manager, took the Liberal Cape Breton South seat away from Capt. George Morrison of the Active Army, who in 1937 defeated Hon. G. S. Harrington, Conservative leader and former Premier.

Douglas Macdonald, original C.C.F. member of the Legislature, held Cape Breton Centre. He was first returned at a by-election in 1939. Macdonald is a Sub-district Board Member of the United Mine Workers of America.

The Conservatives won their seats in Colchester, Pictou and Cumberland, all double-seat ridings. F. M. Blois, senior party member in the House, and George Dickey held Colchester; A. B. Smith retained his Cumberland seat, and E. G. Irish won one of the Pictou seats from the Liberals.

The two former Conservative seats lost by the party—Queens and Cumberland—went to the Liberals. Two of the Liberal losses went to the C.C.F. and the other to the Conservatives.

The decision in Queens, however, was close, with an upset possible on arrival of full servicemen's returns and a recount likely in any event. Returns available early today gave Harry D. Madden, Liberal, an edge of only nineteen over J. J. Cameron, the Conservative member of the last House.

Narrow majorities were indicated for the Liberals in Richmond and Shelburne, but there appeared little prospect the uniformed vote would overthrow them. However, recounts were possible.

The eligible soldier vote totalled 2,755. The servicemen stationed within the Province voted near their station, and the results were transmitted to their home ridings. Available returns from twenty of the thirty-one military polling places showed a total of 1,291 votes split this way: Liberal 645, Conservatives 525, C.C.F. 121.

QUESTION OF LEADERSHIP DISCUSSED

Halifax, Oct. 29.—(C)—The Conservative group in the Nova Scotia legislature was without a leader today and the Liberal cabinet had lost its Minister of Mines and Labor as the result of yesterday's general election ballotting.

L. W. Fraser, the thirty-nine-year-old Opposition chief, was beaten in Cumberland as four other members of his party got into the House. Hon. L. D. Currie, the Mines and Labor Minister, lost out to a Co-operative Commonwealth Federation candidate in Cape Breton East.

F. M. Blois, the Opposition's financial critic, was expected to take over the job of Conservative floor leader until such time as Mr. Fraser might enter the House again, but there was no indication as to who might succeed Mr. Currie in the cabinet.

For the last four administrations, the Mines Minister has been chosen from among the representatives of coal mining constituencies. Here are the Liberals elected yesterday in ridings where this industry is an important factor:

Pictou — Attorney-General J. H. MacQuarrie.

Inverness—Alex MacKinnon like Mr. Currie a lawyer. Member of the House since last year.

Cape Breton North—Alex O'Handley, lawyer, new member.

Cumberland—K. J. Cochrane, lumberman, new member.

In addition, there was M. A. Patterson in Cape Breton West. Though only a small area of his riding is devoted to mining, he lives in the nearby steel centre of Sydney. Crown Prosecutor for Cape Breton county, he has been a member of the House four years.

Parley Will

seemed unlikely that he would consent to entrust the dispute to the Board again for a decision which would be binding upon the Union and management.

The C.I.O. chieftain, who thrice has disregarded requests from President Roosevelt to send the miners back to work, was expected to issue a formal answer to Mr. Roosevelt's final appeal after his discussions with Taylor.

President Roosevelt let his press conference know yesterday that he had under consideration new legislation designed to cope with defence strikes in general, but he avoided direct comment on the captive coal mine stoppage.

In the Senate, meanwhile, Senator Harry Byrd (Dem., Virginia) told reporters that he was conferring with several other Senators and Representatives Howard Smith (Dem., Virginia) in an effort to work out a measure which would be satisfactory to all and which could be offered as an amendment to the pending Neutrality Revision Bill.

In that connection, he said that a proposal by Senator Josiah Bailey (Dem., North Carolina) to impose prison sentences and fines on defence strikers and their leaders when strikes were called with intent to impede defence production was receiving consideration.

Chairman Tom Connally (Democrat, Texas), of the Senate Foreign Relations Committee, denounced Lewis bitterly and said he would support legislation which would permit the Government to take over and operate any defence plant closed by a strike, including units supplying raw materials for defence production.

A threatened general strike of aircraft factory workers, growing out of the Air Associates dispute at Bendix, N.J., would affect plants in New York, New Jersey, Pennsylvania Maryland and Connecticut.

A walkout in a Michigan machine gun factory highlighted labor developments aside from the captive coal mine dispute. A welder's strike appeared to be spreading along the Pacific Coast, and a walkout was threatened at a Lackawanna, N.Y., steel Mill.

Production stopped early today at the $5,800,000 machine gun plant of the Kelsey-Hayes Wheel Company in Plymouth, Mich., a Detroit suburb, when night shift workers left the building. Only last night a scheduled walkout at the plant had been called off by the C.I.O. United Automobile Workers, pending resumption of wage negotiations today.

The Company's Plymouth plant employs 1,500 persons in the manufacture of machine guns for military planes. The workers were reported to be demanding that male employees be raised from $1 to $1.05 an hour, and that women workers be removed from machine jobs. The women currently are paid eighty-five cents an hour, a state labor official said.

C.I.O. members' demand for a "satisfactory wage agreement" led to the threat of a strike at Bethlehem Steel Company's Lackawanna, N.Y., plant. The exact terms of the union's wage demands were not made public. The plant employs 14,000 and has a huge backlog of defence orders.

"methods short of war a fair trial."

Leaders sought to keep the debate moving at a faster pace today, hoping to arrive at a final vote on the measure the middle of next week by keeping the Senate at work longer hours.

Yesterday afternoon both sides ran out of speakers who were prepared to take the floor, and Connally arose to remonstrate with his colleagues and to advise them that he would insist on an early vote unless they were ready to talk when the opportunity arose.

there. No appeasement, either for the employer or the employed."

Canada needed a labor policy "which all may understand" and "the primary principle should be laid down that nothing should be allowed to interfere with war or other production," and "if attaining that objective it becomes necessary to eject from this country certain paid emissaries from abroad . . ."

The spirit of the British people is summed up "in the last words which Mr. Churchill said to us: 'Better to die than be conquered'."

"But we shall not be conquered," the Conservative leader added. "No false peace, no compromise, nothing but the goal of freedom for themselves, their children, and their children's children."

of intent was arranged which he thought would result in a satisfactory agreement ultimately being reached. Foreign exchange matters provided a problem in Uruguay but an understanding was reached and incorporated in a signed memorandum.

The Minister spoke warmly of the reception received in all the Latin American republics.

"The rank and file. . . are overwhelmingly with the Allies and we saw nothing of the other side," he said. "In our discussions we saw no trace of unfriendliness. There has been a marked change in recent months in the increasing warmth of feeling for the cause of the democracies."

He said some South Americans thought Canada should take a more active part in Hemisphere affairs. Admiration for Canada's role in the war was most evident on the East Coast "where the people are best informed of what we are doing."

Other members of the Canadian mission were L. D. Wilgress, Deputy Trade Minister; Yves Lamontagne, Commercial Relations Service Officer for the Department; Escott Reid, External Affairs Department; and A. C. L. Adams, Mr. MacKinnon's Secretary.

COUNTRY AND DAIRY PRODUCTS PRICES

Montreal, Oct. 29.—Dealings in local produce were steady with little variation from previous levels. Packing houses reported supplies little more than sufficient for inquiry. Government source quotes for large lot graded eggs remained at 50 cents for A-large and 48 cents for A-medium. Small lots to retailers were unchanged with 54 to 55 cents paid for A-large and 52 to 53 cents for A-medium. On the open butter market No. 1 pasteurized was a shade firmer at 32⅞ cents. Potato supplies were liberal and demand moderate, while prices were unsettled.

Ald. Thibault Would Place 150 Municipal Workers On Three-Weeks-A-Month Basis

Finance Committee Chairman Submits Proposal to Council on Grounds There Is No Work to Keep Members of Roads and Waterworks Departments Bury—Plan Expected to Meet Stiff Opposition.

Approximately one hundred and fifty employees of the City of Sherbrooke, the majority of them attached to the Roads and Waterworks Departments, will soon be forced to accept only three weeks' work a month if a plan put forward by Finance Committee Chairman Eugene Thibault is adopted, it was learned at City Hall today.

Should the Finance Committee Chairman's proposal go through it will mark the first time in the history of Sherbrooke that regular or permanent employees are forced to accept part-time employment.

With the exception of the explanation that "there is no work for them to do" officials at City Hall could not give any reason for a change in conditions this year as compared with former seasons when the men were kept on all season.

At the present time the men are engaged on odd jobs around the city but no projects of any importance are being carried out.

In some measure the lengthy delay experienced by the Council in preparing the list of public works projects which only received the Aldermen's approval last week is responsible for the present situation, but even had the list been sanctioned two months ago final legislation would have been obtained only about this time.

Because approximately ninety per cent of the public works included in the draft of the resolution adopted by the Council sitting as a Committee of the Whole consist of street and sidewalk paving it is impossible to carry on this work during the winter months.

With the public works programme expected to be ready by January, it is possible, however, that some of the projects, such as the digging of ditches for sewers and levelling, may be carried out during the winter months. As far as the digging of ditches is concerned it is in some cases cheaper to do this work in the winter as there is no need for the erection of supporting panels.

Even though it is sponsored by the Finance Committee Chairman, who usually wins his point before the local Council, the resolution which he brought before the Committee of the Whole is expected to meet stiff opposition from other members of the Council who are strongly opposed to any move which would reduce the earnings of the city workers.

It is also expected that the workers who are members of the National Catholic Union and who have signed a collective labor agreement with the city will also fight for the maintenance of existing conditions.

Ald. A. C. Ross said he could see no reason for the move and was confident that work could be found to employ these workers all-year-round. "These are men who have been with the city for several years and it is not very pleasant for them to have to get out now and try to find a job which will give them full-time employment," said Ald. Ross.

"After all the City of Sherbrooke is not broke yet and I think we can afford to keep on a permanent staff of men and find plenty for them to do," Ald. Ross added.

It is understood that Ald. J. O. Chartier and several other members of the Council share the views expressed by Ald. Ross and are ready to defend the city workers against the Finance Committee Chairman's resolution.

Bingo Boys Finally Turn Tables

Photo by Record Photographer.

For the first time in the history of the Fair the Bingo booth topped the Superfine stand in receipts, an event which called for celebration on the part of Rotarian Cliff Bryant's boys, and for that reason the Bingo team is given the top position in the picture shown above, much to the dismay of the Superfine crew. As a matter of fact Rotarian Walter Mutchler's Superfine gang still think a recount will put them ahead.

Members of the Bingo bunch, shown from left to right, are Gaston DeBlois, Junior Greenland, Les Hooks, Walter Irwin, Howard Kennedy, Evans Joslin, Rotarian Gerald Wiggett, Rotarian Roland Badger, Rotarian Cliff Bryant, Rotarian Alfred Fontaine, William Davis, Douglas Brundage, Vernon Murphy, Harry Blain, Jean Prefontaine and Leonard O'Donnell.

In the lower picture, those seated are, from left to right, Misses Emily Von Berg, Doris Robinson, Kay Walker, Florence Clark, Jessie Wootten, Annette Chagnon, Diane Delorme and Rena McGinty. In the rear row, left to right, Rotarian Walter Sutherland, Rotarian Walter Mutchler, Jack Ward, Miss Evelyn Davies, Miss Pauline St. Pierre, Roger Martin, Rotarian Emilien Gingras, Miss Pearl Ward, Albert Lougheed, Miss Margaret Fitzgerald, H. Terrey, Rotarian Forest Keene and Rotarian Francis Hoye.

Net Proceeds Of Rotary Fair Announced At $3,984.65; Far Ahead Of Revenue Last Year

Sum of $2,263 Realized at Booths and Games and $1,721 Netted from Sale of Raffle Tickets—Workers at Fair Entertained by Members of Rotary Club at Banquet Last Evening.

Far surpassing those of last year, net proceeds of the ninth Rotary Fair were announced as $3,984.65 by the Fair Treasurer, R. L. Curphey, at last night's meeting in the New Sherbrooke House, at which all who had worked at the Belvidere Street Armory last Thursday, Friday and Saturday were guests of the Rotarians.

Of this figure of $3,984.65, Rotarian Curphey disclosed, $2,263.44 was realized at the booths and games of the Fair, and $1,721.21 was netted from the sale of raffle tickets.

There was no raffle in connection with last year's Fair, when total proceeds were $1,941. This year's figure of $2,263.44 for the actual booths and games was much higher than the total for last year, and with the raffle proceeds added the final total was $2,043.65 better than last year.

Last night's meeting was marked by the spirit of jollity and friendship that did so much to put the Fair over the top on the three nights and Saturday afternoon of last week, and there was much good-natured joking between the members of the bingo and Superfine staffs at each other's expense.

Expressing to the non-Rotarians who had helped the sincere appreciation of the Rotary Club, President Albert Munster said that without their assistance the Fair could not have been carried on so successfully.

The General Chairman of the Fair, Rotarian Willard Cross, thanked the city for furnishing electricity free of charge at the Armory, and the Police Department, represented by Inspector Percy Donahue, who was seated at the head table, for its fine co-operation in maintaining order in the Armory. Rotarian Cross pointed out that the undertaking was a remarkable success in view of unexpected opposition encountered and adverse weather conditions, and added his thanks to those of the President to the volunteer ladies and men who had come to the assistance of the Rotarians.

President Munster extended his thanks and those of the Rotarians to Rotarians Cross and Curphey for their excellent contributions to the success of the Fair.

Rotarian Thomas Keeley led a sing-song with Rotarian Wright Gibson and Gilbert Dufour providing piano and violin accompaniment. Those at the head table were President Munster, Rotarians W. G. Cross, R. L. Curphey, Gerald Wiggett, Emilien Gingras, E. E. Goodenough, Armand Laberge, B. N. Holtham, Bert Williams and D. J. Salls, Philippe Juneau, President of the Lions Club, and Inspector Percy Donahue.

President Munster extended thanks to Mr. Juneau for the good wishes for the success of the Fair extended by his organization to the Rotary Club.

LOCAL PEOPLE TO ENTERTAIN SOLDIERS HERE

Home Hospitality League Formed Under Auspices of Auxiliary War Services—Dances Planned.

The Auxiliary War Services, who have been carrying on extensive activities in behalf of the soldiers stationed at the Exhibition Grounds and at the Lord Sherbrooke Training Centre since shortly after the outbreak of war, have arranged to hold a series of dances in the William Street Armory for the members of the 16/22 Saskatchewan Horse Regiment, and 300 of the boys will attend the first dance Saturday night.

A new movement has been started under the auspices of the group, under the name Home Hospitality League, by which members of the Saskatchewan unit will be entertained at meals or during evenings at the homes of local residents.

Miss Marjorie Haley, General Secretary of the Y.W.C.A., heads the committee administering the affairs of the League, and those wishing to entertain one or more soldiers should get in contact with her by calling 472 or 2151.

The following have agreed to entertain soldiers: Mr. and Mrs. Walter Sutherland, Mr. and Mrs. Clifford Bryant, Ald. and Mrs. Guy Bryant, Mr. and Mrs. R. L. Bishop, Mr. and Mrs. George E. Ewing, Mr. and Mrs. J. H. Blue, Mr and Mrs. H. B. Ford, Miss M. Hall, Mr. and Mrs. R. Havard, Mr. and Mrs. Walter Kinkead, Mrs. W. E. Loomis, Mrs. A. E. Rowell, Mr and Mrs. Frank Thompson, Dr. and Mrs. A. E. Tomkins, Mrs. Andrew Sangster, Mrs. H. Goodhue, Mr. and Mrs. P. H. Skelton, Mr. and Mrs. Fred Rugg, Mrs. W. B. McCaw, Dr. and Mrs. S. Marcus, Mr. and Mrs. G. H. Carr, Mr. and Mrs. G. Parsons and Miss M. McIver.

CITY REFUSES REQUEST FROM LOCAL MILITIA

Authorities Claim Placing of Roads Department Shack at Corner of Wellington and King for Recruiting Purposes Would Be Unsightly.

A request by local military authorities for the use of one of the Roads Department's moveable huts for recruiting headquarters at the intersection of King and Wellington streets during the winter months has been refused by the City Council, it was learned at City Hall today.

Since early last summer the militia has maintained a tent set up on the grass plot on King Street, just above Wellington, but with the approach of the winter months these accommodations are not warm enough for the soldiers stationed there to take applications from men wishing to join up for active service.

It was decided to ask the municipal authorities for the loan of one of the city's Roads Department huts which the militia intended to set up in place of the tent. These huts are equipped with a stove and can be made comfortable even during the coldest days of winter.

In refusing the request, the city authorities pointed out that the municipality desired to do everything in its power to aid the recruiting campaign but the Councillors felt that the Roads Department work shack would be an eyesore if it were set up at the busiest intersection of the city all winter.

It was suggested that the authorities obtain permanent headquarters in some vacant store for the winter and that signs could be erected directing would-be candidates to the proper place.

TO SHOW TOURIST PICTURES

Two motion pictures prepared by the Provincial Government Tourist Bureau showing the many winter tourist attractions of the Province will be shown at St. Jean Baptiste Hall tomorrow night at eight o'clock under the auspices of the Sherbrooke Information Bureau, it was announced today by Jean Joncas, the Director. No admission will be charged.

These two pictures, one English and one French, have been shown in theatres throughout Canada and the United States and have received favorable comment from critics everywhere.

C. H. MESSIAH PASSES AWAY IN 60TH YEAR

Stanstead, October 29.—Victim of a stroke yesterday morning, C. H. Massiah, 59, owner for the past three years of "The Fields," a large farm here, died at about one-thirty o'clock yesterday afternoon. Although not in the best of health, Mr. Massiah had been active, and his death came as a great surprise.

Living in Lachute as a boy, Mr. Massiah later moved to Montreal, where he had been in several businesses, insurance, real estate and brokerage. Three years ago he took up residence at "The Fields," a 430-acre farm.

Mr. Massiah's wife died about thirteen years ago. Surviving the deceased are two brothers, Wilfred, of Ottawa, and Herbert, of Montreal.

Funeral services will be held tomorrow afternoon in Montreal, and burial will be made in the family lot at Lachute.

ANOTHER ROOSEVELT WARNING

Strong indication that the United States administration plans immediate action to prevent strikes in defence and defence supply industries was contained in the Navy Day address by President Roosevelt to the people of the United States. Dealing inferentially with the strike which has closed, Mr. Roosevelt issued a definite challenge to John L. Lewis, the mine workers' leader, when he declared:

"Our nation will and must speak from every assembly line. Yes, from every coal mine—from the all-inclusive whole of our vast industrial machine . . . . our output must be multiplied.

"It cannot be hampered by the selfish obstruction of a small but dangerous minority of industrial managers who hold out for extra profits or 'Business as usual.'

"It cannot be hampered by the selfish obstruction of a small but dangerous minority of labor leaders who are a menace—for labor as a whole knows that small minority is a menace to the true cause of labor itself, as well to the nation as a whole."

The warning of the President was well-timed, coming as it did when the United States coal industry was partially tied up by one of the most unreasonable strikes ever called—one to force a closed shop in the captive coal mines, those mines whose entire output is taken by the larger steel producing companies. This in turn has resulted in the curtailment of production of steel vitally required in the defence industry. Shortly after the address by the President, a motion was introduced into the United States Senate to make strikes in the defence industries acts of sabotage and judging from the present feeling in the country, it is likely that the measure will receive general approval. Another suggestion is that the closed shop be declared illegal with the result that the present unreasonable attitude on the part of certain labor leaders may result in the defeat of the very objective they seek to obtain.

In the realm of foreign affairs, the President was even more specific. His statement that "The shooting has started" should make it clear to Hitler that all aid to the Allies is apparently no longer to be qualified by the phrase "short of war." Roosevelt's logical position must further be related to his now famous statement "Convoys mean shooting and shooting means war." If "Shooting means war" and "The shooting has started" then war has started as far as the United States is concerned.

That, however, is the cold logic of a more complicated situation. Important in President Roosevelt's address was his direct call for legislation to permit American ships to enter belligerent ports and the Senate is now debating a measure repealing the chief provisions of the Neutrality Act and it is expected that Congress will act soon to re-establish freedom of the seas for American ships, so they may go to belligerent ports, under the escort of the United States navy, if necessary.

London is obviously elated by the speech and President Roosevelt's fresh pledge must have had a pleasant sound to all Britons. His statement, "Very simply and very bluntly—we are pledged to pull our own oar in the destruction of Hitlerism" must have been as gratifying to London as it was disturbing to Berlin.

The disclosure by Mr. Roosevelt of Nazi plans to wipe out religions will not surprise those familiar with the history of the Nazi attitude toward all faiths and creeds. His revelation that the United States Government has obtained a "secret map" revealing Nazi plans to carve Central and South America into five vassal states will have profound repercussions as there is little doubt that Mr. Roosevelt will not keep the information secret from Latin-America and will acquaint these countries in detail with the fate preserved for them should Hitler prevail.

Finally, the President's firm address, coming at a moment when Russia reports a deteriorating morale in the German armies on the Eastern front, and bad weather has bogged them down, perhaps will increase their doubt as to whether the war in the East can be concluded "according to German plans" as claimed in Berlin.

THE JAPANESE FOOD SITUATION

So great has the food problem of Japan become that the nation is turning a large part of its silk-producing mulberry orchards into grain fields and drastically cutting production of rice wine, tobacco and tea. To help grapple with the fuel problem, Japan is calling upon her fisheries to replace powered-craft with sailing ships.

The Minister whose job it is to see that 75,000,000 Japanese get enough to eat, Hiroyasu Ino, Minister of Agriculture, has outlined the problem in the semi-official magazine Shuho. The Government is trying, according to Ino, not only to ensure adequate day-to-day supplies but also to build up big surpluses near the larger cities as a precaution against traffic breakdowns and other problems created by air raids and other emergencies.

Ino said there were shortages in various essential foods due partly to the great drought of 1939 in Western Japan and subnormal crops in 1940 and 1941, and partly to the dislocation of Japanese foreign trade arising from the freezing restrictions imposed by the United States, the British Empire and the Netherlands East Indies.

The Government has announced subsidies of about twenty dollars an acre for the conversion of mulberry acreage and similar bounties for tea, tobacco and peppermint fields. The plowing up of mulberry orchards means an epochal change in Japanese agricultural life. For decades the mulberry trees, whose leaves are fed to silkworms, were the basis of Japan's most important foreign trade industry.

Twenty years ago raw silk exports, nearly all to the United States, amounted to nearly $250,000,000, more than one million persons depended on silk crops and some two million acres were in mulberries. Silk exports to the United States have fallen off heavily in the past ten years and since the reciprocal freezing of assets, Japanese raw silk exports have virtually disappeared.

Ino disclosed that the 1941 rice crop is about 3.5 per cent below normal and barley, wheat and other grains some seven per cent. Hitherto Japan has been using about 11,000,000 bushels of rice a year for making sake, the national alcoholic drink, but this is to be cut nearly twenty-five per cent the Minister said.

Japanese fisheries—employing some 1,500,000 persons and 300,000 boats—produce an important portion of the national food supply and to increase their production, Ino said the Government was urging "the use of sailing ships in place of motorships and use of substitute fuels."

SWISS INDUSTRY LOSING INDEPENDENCE

Landlocked Switzerland is rapidly losing the measure of economic independence she enjoyed, despite the war, before the collapse of France, the London Economist said in a review of the Swiss trade and economic situation.

"Outwardly, there is hardly any change in the 'war economy' that was organized in Switzerland at the beginning of the war," The Economist said.

"Then, large stocks of foodstuffs and raw materials prevented serious difficulties; but now these stocks are disappearing, and industrial self-sufficiency is not possible in a mountainous country without coal, iron or metal resources."

Swiss industry was caught between two fears. On the one hand the elaborate organization of the 'war economy' was thought to be a menace to private industry; on the other hand, without it German economic penetration would find no obstacle.

"If Germany decided to end Swiss industrial activity or to put pressure on the country, the suspension of sales of coal and iron and steel manufactures would be sufficient," The Economist said.

JUSTIFIED INTERVENTION

Le Soleil, Quebec

In wartime the intervention of the State in the question is as legitimate as the taxation of personal revenues or the limitation of profits. If, therefore, the Government enters into this path—which the Prime Minister knows better than the majority of sociologists—it will have an opportunity to correct the error committed by the majority of the workers' Unions which demand uniformity of wages, according to occupation, without any family allocations. The leaders have always thought that such demand would do more harm than good to those who have children who would have, they think, more difficulty in finding and keeping work. If that objection is founded on an exact knowledge of human selfishness, the Government has a means of getting around the obstacle without risking embarrassing either employers or employees. In fact, it has instituted a tax on wages which no worker escapes, except those who earn less than the minimum fixed by law. This tax can be applied with a system of graduated exemptions so that it will fall as lightly as possible on parents having a larger number of mouths to feed than the average Canadian family. It is when the labor supply is barely sufficient to meet the needs of national industry that such an innovation can be tried in Canada with a chance of success.

PRESS COMMENTS

YES, ADOLF IS ANNOYED

Ottawa Journal

So now Hitler, harassed and disillusioned, says flatly that the Russians are not human beings, but animals and beasts. That is because they are defending their homeland against as brutal an aggressor as the world ever has seen. As Hitler sees it, the German invading Russia is a hero and a gentleman, and if a bit given to torture and burglary those things can be credited to his enthusiasm. But the Russian soldier, defending his home, his women and children, his right to live the sort of life he likes, is a thug and a beast, and Hitler just doesn't like him at all. But that isn't the way the free world sees it. Valor today is the word for Russia.

WATCH SOUTH AMERICA!

Toronto Star

Those who think that Hitler would be contented with less than world domination must surely be enlightened by what is being attempted in South America—in South America which is the natural base for attacks upon North America, and which is most readily reached from Dakar and other West African points. In a number of South American republics plots have recently been dicovered and dealt with. The Nazi endeavors will not end with these disclosures, however. Insidious underground attempts to gain control may still be expected.

MR. HEPBURN AND TAXATION

Ottawa Citizen

If Mr. Hepburn doesn't get what he wants in lieu of provincial income-tax he is liable to start something in another direction. He may stop paying the 1-mill subsidy to the municipalities and start jacking up taxes elsewhere. In brief, what is to be lost on the swings will be made up on the merry-go-rounds, and the sum total of taxation will not be effected. The change will be welcomed, however, to the extent that it reduces the complexity of a taxpayer's life.

A CHANGING WORLD

The Northern Miner

Anyone contemplating the figures of war expenditure must feel that the whole financial situations in civilized countries will end utterly changed with the close of the conflict. The stupendous sums are beyond all imaginings of two or three years ago, and gazing upon the colossal facts of the moment the average man is dazed.

Read this from Washington's latest Federal Reserve bulletin: "Funds authorized to be spent on the defense programme in this country now exceed sixty billion dollars, including outlays by the Government and its agencies for the Army and Navy, defence plant and equipment, merchant ships, housing, and lend-lease aid to foreign countries, and also expenditures on account of British Government orders previously placed. Appropriation of an additional six billion dollars for lend-lease aid has been recommended to Congress. Of the total programme authorized to date about thirteen billion dollars has been spent, and expenditures are now at the rate of about 1.4 billion dollars a month. The rate of monthly expenditures will continue to expand considerably as the programme gains momentum."

We have no corresponding figures for Canada, as this country does not work on the same kind of programme basis, yet we do know that the total value of contracts and commitments made by the Canadian Ministry of Supply in domestic and British account stands at $2,578,000,000, and we can guess that our total Canadian "programme" is on a larger scale than the American, population considered, and envisages spending six or seven billions.

These are but samples. Britain is prepared to impoverish itself completely rather than submit. Countries which have submitted find themselves reduced to exhaustion and pitiful penury.

During the Great War the expenditures of that period were as enormously frightening as those of today. The world survived, and to many it proved a better world. The world will again survive, after the adjustments have been made. People will simply have to accustom themselves to bigger figures. Alongside the bigger quantities of debt and currency the gold supply of the world will not seem huge. Everyone will have to reorient himself to new monetary and financial charts.

TIME TO TAKE STOCK

Toronto Globe and Mail

When the national registration was taken in 1940 it was regarded by the people as the initial step in allotment of the population to places in the war effort according to aptitude and need, an objective which would conform with the serious character of the picture now painted by the Prime Minister. So far little evidence of this purpose is apparent. On the other hand, the interview given Canadian newspaper men in England a few days ago by Lieutenant-General McNaughton impresses with the urgency of such action. He emphasized the importance of having accurate knowledge of man-power and resources, declaring it the duty of the Canadian Government to find out how many men should be in the armed services and how many in the production of equipment. The position comes directly to this: The country's man-power, or its other resources, cannot be used most effectively on a voluntary basis. Mr. King declares home defence can no longer be considered of prior importance. The commander of the Canadian Corps declares it the Government's duty to say how many men are required in the armed forces.

BUSINESS OF CHANGING NAMES

Brockville Recorder and Times

Now it is revealed that Mr. Lozovsky, the Russian vice-commissar for Foreign Affairs who is a one-man information bureau in Moscow, was born "Soloman Abranovitch Dridzo." Evidently one has to change one's name under a dictatorship in order to gain prominence, for both Hitler and Stalin are masquerading under false labels.

McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority

"ABOVE PAR" BIDS ON THIS CONTRACT START ARGUMENTS

Here is a hand Waldemar von Zedtwitz gave me that came in for a great deal of comment the other day at the Cavendish Club. To get the most out of his hand, look at South first, covering up the other three hands. Then go through the bidding. Now look at the North and South hands keeping East and West covered. You will note that East and West can make five hearts easily.

Von Zedtwitz said some experts criticized his opening bid of one diamond. Certainly his double of two no trump should not be subject to criticism. When East got to three hearts, Von Zedtwitz passed and the hand could have been passed out at three hearts if North had not made the mistake of doubling. Von Zedtwitz's bid of four clubs was passed by West, and North's worst mistake was the four no trump bid.

Of course, four no trump took a terrific beating, and the hand caused a lot of discussion. I have always said that it is difficult to criticize your partner for any bid on which the results would have been better than par. Every bid Von Zedtwitz made on this hand would have given him well above par.

Against four no trump, East opened the three top hearts. South discarded one club and two spades. West let go a diamond. Now, had East led a fourth heart, declarer could have won eight tricks—but East led the king of spades. North won and led a diamond, but then he lost three spades and the ace of diamonds, besides three hearts, being set four.

TESTED RECIPES

APPLES PLENTIFUL, NUTRITIOUS AND CHEAP

BY MRS. GAYNOR MADDOX

Our apple crop is prodigious. That means nutritious food at moderate cost. Plan to use them in your menus in many different delicious ways.

Be sure to buy the apple that suits your needs. If you aren't quite sure, take home a sample before you invest in a large quantity. Use little or no water in cooking. The apple itself is over 80 per cent water, and much of this cooks out. Avoid overcooking.

APPLE SAUCE

To get apple sauce that is juicy, cook them in a covered pan until just soft, press through a colander, sweeten to taste, and add a few grains of salt. Add a little spice if you like it.

For cabbage and apple casserole put alternate layers of sliced tart apples and shredded cabbage in a greased baking dish. Season each layer with salt and a little fat and a sprinkling of sugar for apples. Over last layer, put buttered bread crumbs. Cover and bake in moderate oven for about 45 minutes — or until cabbage and apples are tender. Then remove the cover to brown the crumbs.

Fried apples can be a tasty accompaniment to the main meat dish. Cook them slowly in fat that doesn't burn too easily, sprinkling about one-fourth cup sugar to every 2 quarts of diced apples. Put a lid on the skillet and leave it on until apples are tender. Then take the lid off, turn apples over gently and let them brown. Serve on a platter with strips of bacon, slices of ham or salt pork, or sausage.

TOMORROW'S MENU

BREAKFAST: Grapefruit juice, rolled oats, toast, coffee, milk.

LUNCHEON: Cabbage and apple casserole, rye bread, chocolate cup custard, tea, milk.

DINNER: Pork pie with biscuit crust, baked potatoes, green beans, celery, apple tarts with whipped cream, spices and nuts, coffee, milk.

CARROTS AND APPLES

Fry carrots and apples in much the same way. Slice apples about one-fourth inch thick. It doesn't matter whether they are peeled or unpeeled. Cut carrots lengthwise into thin slices. Put all together in a single layer in heavy frying pan. Cover tightly and cook until brown, turn, brown on other side. Just before they finish cooking, sprinkle with a little salt and sugar.

Apple tarts may be made up quickly by baking tart shells on inverted muffin pans, then filling them with well-seasoned apple sauce. A spoonful of whipped cream atop each tart adds eye appeal as well as taste appeal. And for something extra special — sprinkle whipped cream with cinnamon, nutmeg, chopped nuts, or candied ginger root.

A Sweater worn day after day without a wash keeps Beaux away

Here's how to keep woolens dainty . . . new-looking

Want lots of dates? Then *never* risk daintiness by wearing a sweater day after day without washing it. Wool carries perspiration odor . . . it's *never* safe to take a chance!

Dip sweaters in Lux often — to keep them fresh, to protect your own daintiness! A dip in Lux and horrid odor vanishes. And Lux keeps wool soft and fluffy, colors bright. Sweaters dipped regularly in Lux keep in shape, stay *new-looking* far longer.

SEE HOW QUICK LUX DOES THE TRICK

1. Whip up rich suds with fast-dissolving Lux and *lukewarm* water.
2. Squeeze garment gently through suds. Do not stretch or twist.
3. Pin into shape and dry flat, away from heat.

MIND YOUR MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1—Should hotel guests talk in low voices so as not to disturb those in neighboring rooms?

2—Should a hotel guest keep his radio tuned low?

3—Does a thoughtful person leave his hotel room, when he is to be gone from it for hours, with all the lights turned on,

4—Should an unmarried woman signing a hotel register write "Mary Jones",

5—Should a man signing a hotel, register for himself and his wife write "John Jones and Wife"?

What would you do if—

You are stopping at a hotel and on your floor there is a noisy party gong far into the night—

(a) Go to the room where the party is, knock on the door and complain of the noise?

(b) Make your complaint to the management?

ANSWERS

1—Yes.
2—Yes.
3—No.
4—No. "Miss Mary Jones."
5—No. "Mr. and Mrs. John Jones."

Better "What Would You Do" solution—(b).

Mrs. Hawley Griffith and Mrs. Gerald Burt were hostesses at the tea hour yesterday afternoon at the close of the regular meeting of the Church Union Group at the MacKinnon Memorial. Mrs. Colin L. Campbell, President, was in the chair and business consisted chiefly in making final arrangements for the tea to be held at her residence on Friday, October 31. Miss Marjorie Haley briefly explained the object of the Hospitality League, formed with the kindly intention of entertaining soldiers stationed in Sherbrooke at private homes. The meeting unanimously agreed to co-operate and support the League in its hospitable endeavors. The Corresponding Secretary, Miss Bessie Bryce, was requested to write a letter of thanks to Mr. C. R. Holt for a generous donation of two bags of flour to be used as door prizes at the tea at Mrs. Campbell's on Friday afternoon. During the pleasant social hour which followed, the hostesses served tea informally.

SCALLOPED FROCK IS PRACTICAL

MARIAN MARTIN
Pattern 9777

Designed for your daytime hours —Pattern 9777 by Marian Martin! Whether you choose it in smart crepe for street wear or in a brisk cotton to don at home for daily tasks, it will serve you well and fashionably! See how the original button-over yoke is repeated by the button trimming on the scalloped side skirt sections. Four darts at either side of the bodice and gathers above the skirt sections assure you just enough fullness over the bosom. Contrast is very effective used on the sleeves, yoke and entire back bodice. There are two other sleeve lengths to choose from — three-quarter and long. Order this pattern now; it is easy to make with the Sew Chart!

Pattern 9777 may be ordered only in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 requires 3⅛ yards 35 inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

CREDIT FATHER WITH AN ASSIST WHEN HIS SON PITCHES WOO

BY RUTH MILLETT

It sounds like an entirely new idea—a son's having his dad do his proposing for him, as happened in Kansas City recently when a navy ensign, sent to Iceland on patrol duty, wrote and asked his pop to pop the question to his girl back home. (The girl, by the way, said "Yes.")

But actually didn't his father go just one short step further than most fathers go in helping their sons land a girl?

The average young man of "courting age" today has to do his wooing with dad's pocketbook.

It's dad's car that takes the girl for those romantic rides in the moonlight.

It's dad's money that buys her that thrilling corsage on the night of a dance.

It's dad's cash that pays the cover charge when the girl is taken out for a really big evening.

It's dad's hard-earned money that buys her birthday and Christmas gifts—perhaps even a diamond ring.

And it's dad's check that pays for the clothes in which the young man looks so irresistibly handsome.

So the average dad has more to do with winning the girl his son picks out than most sons—or dads either, for that matter—ever realize.

And actually pleading the boy's case for him, as this ensign's father did so obligingly, is not going very far beyond what most dads do to help their sons get the wives they want.

However, if you talked to the dad in this John Alden case, he might not agree. For he found his job so difficult that he had to call in his wife to help him put the proposal across. And that being so, you can bet he thinks no father ever was called on to do half as much for a son as he.

Ready To Help At Any Time

When accident or emergency happens and medical help is needed the Victorian Order of Nurses can always be depended upon. Many Sherbrooke homes realize the value of having a V.O.N. branch within its community. To continue this work, the majority of it being free, the citizens must co-operate. The annual Thrift Shop sponsored by the V. O. N. is operated for this purpose. Visit it in Plymouth Church Hall today and tomorrow.

WOMEN'S CLUBS

ST. PETER'S W.A.

After attending the Litany service in St. Peter's Church yesterday afternoon, members of the Women's Auxiliary met in the Parish Hall to dispose of regular monthly business and discuss plans for the future.

Mrs. P. M. Robins, President, was in the chair, and the minutes as read by Mrs. L. A. Darey, Secretary, and the financial statement presented by Mrs. T. V. Vear, Treasurer, were adopted.

Correspondence was read by Mrs. W. Marchant, Correspondnig Secretary, and afterwards the collectors for pledges gave their reports.

Discussion ensued regarding a letter from the Right Rev. Philip Carrington, Lord Bishop of Quebec, who advised securing as special speaker at a missionary meeting the Rev. Mr. Watts, formerly in Japan, now with the M.S.C.C., in Toronto.

It was decided to act upon His Lordship's suggestion and to hold an open meeting in St. Peter's Church Hall on Wednesday evening, November 12.

Mrs. F. Wood kindly consented to convene a tea for the Little Helpers on Tuesday, November 4, for which Mrs. H. Wootten will take charge of the entertainment.

It was decided to change the hour for the regular W.A. meetings to 2:30 instead of 3 p.m. as heretofore.

Miss Gladys Hale and Miss Ruby Hunt were named conveners to form a girls' branch, and Mrs. A. J. Bell was appointed to take charge of the Dorcas Branch for the remainder of the year.

WAR AUXILIARY

Monday evening's meeting of the Daughters of England War Auxiliary at the President's home, 42 Wolfe Street, was a largely attended and very busy gathering, nine Christmas boxes for Overseas being packed ready for mailing.

Mrs. Hamel presided and in conjunction with the opening devotions, the President included sympathy for Mr. and Mrs. Gifford, to whom all hearts go out in this their hour of trial.

Letters from Overseas were read and also one from Mrs. W. Le Couteur, of Windsor Mills, who in answer to the Auxiliary's request sent in the names of three lonely soldiers.

After completing nine boxes ready for shipment, the President stated that six more boxes would be ready in ten days' time.

Further, Mrs. Hamel said she was glad to announce that Col. Norse, who is a patient in the Military Hospital at Ste. Anne de Bellevue, is now progressing favorably.

Members of the Auxiliary were happy at having Mrs. William Cotterell, one of their most faithful coworkers, with them once more, and were touched by the evidence of her continued interest in the work, when she handed in a layette, which she had worked upon during her illness, and which with the assistance of a few members was finished at the meeting and done up ready for the Red Cross.

The President extended special thanks for donations to Mrs. W. Wright, Mr. James Hall, Mr. Charles Moss, Compton, and Mrs. Arthur Mouldy. She also voiced the appreciation of all to the kind friend who donated the beautiful cushion, which was sold for three dollars, the money to be used to pay mailing expenses on the Christmas parcels for Overseas.

After announcing that the next meeting would be held at her home, Mrs. Hamel thanked all members for their support and co-operation, which alone made it possible for the Auxiliary to achieve such good work for the boys Overseas.

Refreshments were served by Mrs. C. Moss, of Compton, hostess for the evening, who was assisted in her pleasant hospitable duties by Mrs. George Strickland.

The evening closed with the singing of God Save the King.

MARRIAGES

SMITH—MOORE

The marriage was solemnized at St. Patrick's Church on Saturday morning of Miss Marielle Moore, daughter of Georges F. Moore and the late Mrs. Moore, to Mr. Gordon Smith, of Montreal, son of Mr. and Mrs. Frank Smith, of Sherbrooke.

The ceremony was performed by Rev. Father Charles Emile Pepin, curate of St. Patrick's Church. The bride was given away by her father and the best man was the bridegroom's father.

The Misses Paulette Dion and Irene Roy sang during the ceremony, with Mrs. Maurice Shea presiding at the organ. An informal reception was held at the Chateau Frontenac, after which the bride and groom left on a wedding trip to Niagara. Upon their return they will reside in Montreal.

LAPALME—McLAUGHLIN

Cowansville, Oct. 29.—The marriage of Anne Rita, youngest daughter of Mr. and Mrs. J. A. McLaughlin, of Cowansville, and Pte. Emile Lapalme, son of Mr. and Mrs. Arthur Lapalme, of Cowansville, were married at St. Therese Church on Saturday morning, October 25. Rev. J. V. Davignon officiated.

The bride was very becomingly gowned in a beige colored suit with fox furs, brown hat and other accessories to match. She carried a bouquet of red roses.

The witness for the bride was her brother, Mr. Irving McLaughlin, and Mr. Arthur Lapalme witnessed for his son.

A wedding breakfast was served at the home of the bride's parents, and on Sunday the bridal party were entertained at dinner by Mr. and Mrs. McLaughlin.

The bride received many beautiful presents. All join in wishing the young couple much happiness. Pte. Lapalme is stationed at Petawawa with the R.C.A.

MACDONALD—SCOTT

Scotstown, Oct. 29.—A wedding of unusual interest was solemnized on Saturday, October 11, 1941, at three-thirty o'clock, when Helen Margaret, daughter of Mr. and Mrs. Robert A. Scott, of Scotstown, was united in marriage to Q.M.S. Lorne Malcolm Macdonald, of the Royal Rifles of Canada, only son of Mr. and Mrs. John Macdonald, of Scotstown.

The marriage took place at "Ardintoul," Moffat Lake, the beautiful summer home of Mrs. S. J. Scott, aunt of the bride, and the ceremony was performed by Rev. C. J. Gustafson, of St. Andrew's United Church, brilliant autumn foliage, with tall standards of bronze and yellow "mums," forming an artistic background for the bridal party. Mr. John P. MacLeod, of Sherbrooke, rendered appropriate wedding music, continuing a soft accompaniment throughout the ceremony, and also accompanied Mr. A. A. MacKenzie, who sang "O Promise Me," during the signing of the register.

The bride, who was given in marriage by her father, looked charming in a smartly-styled street ensemble of Mineral blue wool, the dress and hip-length jacket being effectively trimmed with trapunto embroidery. Her corsage was of white carnations and she wore a close-fitting handmade hat of shirred black felt, with tiny veil, and ostrich tips in shades of fuchsia and blue.

Miss Hope Scott, of River Bend, sister of the bride, as bridesmaid, wore a chic afternoon dress of sheer wool in Monterey rose, with black accessories. She wore a shoulder corsage of Johanna Hill roses and a small black hat, with veil.

Mrs. Scott, mother of the bride, wore a becoming dress of Victory crepe, in sky line blue, trimmed with braid in matching shade, and wore a corsage of Talisman roses. Her pancake hat was of black felt, with velvet trim in shades of blue.

Mrs. Macdonald, the groom's mother, wore an attractive dress of wing blue crepe charmette, with beaded trim, and a corsage of Templar roses. She wore a large black hat, and black accessories.

Mrs. Henry Fraser, of Inverness, great-aunt of the groom, was becomingly gowned in black silk crepe, with a collar of fine hand-made lace, and wore a small hat of black felt.

Mrs. J. W. McQuay, of Cedar Rapids, Iowa, aunt of the groom, was smartly dressed in black matelasse crepe with jewelled clips at neck and girdle. She wore a small black felt hat, with quills and veil.

The groom was accompanied by Mr. Thomas G. Stokes, of Bury, brother-in-law of the bride, as best man.

Lunch was served a la buffet, the bride's table being charmingly arranged with low bowls of flowers in pale shades, and was centred with a three-tiered wedding cake, beautifully decorated and topped with a tiny vase of white flowers. On either side were cut glass candelabra with lighted white candles. The following young friends of the bride assisted in serving the guests: Wilma Scott, Betty Ladd, Elaine Scott, Lois MacKenzie, Dorothy Ladd, Robert Smith, Douglas Thorp, Hubert Scott and Ian Thorp.

Mr. and Mrs. Macdonald left on a motor trip to the Laurentians, a travelling coat of Harris tweed and black accessories completing the bride's ensemble.

Guests present from out of town included Mrs. Henry Fraser, of Inverness, Mrs. J.W. McQuay, of Cedar Rapids, Iowa, Mrs. W. J. Johnston, Mrs. M. S. Macdonald, Mr. and Mrs. Stewart Macdonald and Mrs. Sidney McHarg, of Sherbrooke, Mr. and Mrs. Thomas G. Stokes and Master Robert Stokes, of Bury, Miss Hope Scott, of River Bend, Miss Roberta Scott of Ste. Anne de Bellevue, Mr. and Mrs. Hugh Scott and Miss Patsy Scott, of Westmount, and Mr. and Mrs. Harry Thorp, Mr. Douglas Thorp, Mr. Ian Thorp, Mr. and Mrs. Don Dow, Mr. and Mrs. William Richards, Mrs. Grant Scott and Mrs. Robert Scott of Montreal.

Count Calories to Have Fashionably Slim Figure

Diet Reduces 2 Pounds A Week

When you're decidedly fat, the smartest dress can do little for you —often you look FATTER!

Only diet can restore the lovely figure of youth; and on a scientific low-calory diet you can lose 2 pounds a week and perhaps improve your health, too.

The idea is to eat your fill, but only of low-calory foods like Swiss steak (200 calories a serving) and lemon jelly (150 in ¾ cup). Eating high-calory dishes like beef hash (400 a cup) and lemon meringue pie (300) you quickly exceed the reducer's calory allowance and gain weight.

As many low-calory foods have lots of vitamins, the slimmer you get the peppier you feel—the more radiant, smooth-skinned you look! Spinach has only 40 calories a cup, whole wheat bread 50 a slice.

You'll feel so encouraged after a week or two, you won't be tempted by such a bulge-maker as hot chocolate (300 a cup). You'll happily sip tea and lemon (no calories).

To know which foods are the reducer's friends see the calory chart in our 32-page booklet. Has 42 tasty low-calory menus, 3-day liquid diet to start reducing; "get-fat" menus, too.

Send 15c in coins for your copy of "The New Way To a Youthful Figure" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address, and the name of booklet.

Newsy Notes From Scotstown

The October meeting of St. Andrew's Mission Band was held in the Church Hall with Mrs. Fraser Mayhew as hostess, and an attendance of twenty. The meeting was conducted by the President, Dorothy Ladd, who also directed the devotional period. Mrs. A. A. MacKenzie gave a short talk relevant to temperance and the Leader, Mrs. J. B. FINNS REPORT POOR PROGRESS

Helsinki, Oct. 29.—(AP)—Acknowledging that the Russians still possess bases on Finnish territory, the newspaper Uusi Suomi said today that Finland had not yet won a military victory sufficient "to entitle us to prepare with any feeling of security to end our defensive fight against the Soviet.

The papers contended the Finns could not agree with Britain's "fantastic theory that pure defence absolutely involves not crossing our own boundary line but leaving our home area and its population inside the range of hostilities and exposed to devastation by the enemy."

Nowhere, Uusi Suomi claimed, have Finnish troops penetrated into territory not inhabited by the Finns themselves "since antiquity."

LAYMAN'S DAY ADDRESS GIVEN AT COATICOOK

Service Conducted by Dr. W. L. Shurtleff Assisted by W. W. Peirce and P. J. Hauver.

Coaticook, Que., Oct. 28.—Senator Charles B. Howard, of Sherbrooke, gave a most impressive address at a special Laymen's Day service in the United Church. His theme was "What the Church Stands For," and he spoke with deep conviction.

Dr. W. L. Shurtleff conducted the service, assisted by W. W. Peirce and P. J. Hauver. The singing was led by a men's choir of fourteen voices, who rendered as a chorus the hymn, "We've a Story to Tell to the Nations."

Senator Howard said that it was really a compliment to the higher values for which the church stands, that Hitler had found it necessary to attempt to destroy the church in Germany before launching on his murderous conquests. The church and the Christian home were obstacles in the way of "the man who has the least scruples of any man in public life anywhere in the world today."

The church stands for God, said the speaker. He remarked on the notable fact that in all the principal speeches of Churchill and of Roosevelt during the past two years there has been some acknowledgment of God.

The church stands for man, said Mr. Howard, for the rights of the individual man. Democracy believes in the individual man because it is essentially based on Christianity. When Churchill and Roosevelt met in mid-Atlantic for conference recently they first joined in common worship to God and then prepared their eight-point charter of human liberties that point in the same direction as the ideals of Christianity for mankind. He believed these eight points would prove to be a second Magna Carta.

Senator Howard stressed the value to a nation of the people's habit of church attendance, and he spoke with concern of the drift away from public worship. He appealed for the homes of today to realize the value of the tradition of worship. He referred to the new movement being launched in Canada, "The Sword of the Spirit" movement, which aims to intensify the spiritual side of what the church stands for.

Rev. Roy P. Stafford, the minister, thanked the speaker and closed the service with the benediction.

Eighty - Three Teaches Fourteen

As the younger generation in Britain took their places in the Navy, Air Force and Army, the jobs they had been doing in factory and office were taken over by those unable to take an active part in the fighting ranks. Immediately the older generation, sitting quietly by their firesides in retirement after spending their lives in offices and workshops, volunteered to put their skill at the service of their country. Teaching this young girl of fourteen is eighty-three year old Mrs. Cottrill, who was making weapons in the South African War in 1899 and again in the war of 1914. Her great skill and many years of experience make her an invaluable part of Britain's war effort today.

Mr. and Mrs. O. Lapalme spent two days in Abbotsford, guests of Mr. and Mrs. Frank Judge.

The many friends of Mrs. Sarah MacDonald will be pleased to know that she is making satisfactory progress after her recent operation in the Sherbrooke Hospital.

Miss Lena Prangley, of Lennoxville, is spending three weeks with her parents, Mr. and Mrs. C. P. Prangley.

Mrs. May Olson has returned to Sherbrooke after spending two weeks with Mr. and Mrs. A. C. Prangley.

Mr. and Mrs. Gordon MacLeay and children, Gordon, Kenneth and Jean, have returned to Dorchester, Mass., after spending a few days the guests of Mrs. M. C. MacLeay and family.

Mr. and Mrs. Howard Thornton of Rock Hill, Conn., Mrs. Mervyn Smith, Mrs. James MacCammon, of Darien, Conn., and Mrs. Blanche Cooke, of Brookbury, were dinner guests of Mrs. Rand and Mrs. MacLeod.

Sgt. Oswald Clark and his bride spent a few days' leave with his parents, Mr. and Mrs. Reuben Clark. Mrs. Clark before her marriage was Miss Elsa Pollock, of St. John's, Newfoundland.

Mrs. O. Clark is spending a few months with Mr. and Mrs. R. Clark.

Week-end guests at the same home were Rfm. Gerald Lachance, Miss A. C. Clark, and Mr. B. Harrison, of Eaton's Corner, and Mrs. Hattie Harvey, of Eustis.

The home of Mr. and Mrs. Reuben Clark was the scene of a very pleasant surprise party on the occasion of Mrs. Clark's birthday. Mrs. Clark was completely taken by surprise on returning home to find sixty-five friends and neighbors at her home. The evening was spent in dancing, cards and singing. Lunch was served at midnight. Mrs. Clark received some lovely gifts for which she thanked her friends.

Mrs. C. J. Buckley, Lyndonville, Vt., is the guest of her sister, Mrs. M. Morrison and Mr. Morrison.

Miss Jean Morrison, a student at Macdonald College, spent the week-end at her home here.

Pte. A. Patterson, R.C.E., Valcartier, was a week-end guest at the same home.

MEXICO BISHOP OPTIMISTIC ON CHURCH PEACE

Archbishop Confident that Religious Freedom Will Be Restored Under President Camacho.

Mexico City, Oct. 29.—(AP)—Confidence that religious peace will return to Mexico during President Manuel Avila Camacho's administration is expressed by Archbishop Lius Martinez, head of the Catholic Church in Mexico.

The Archbishop, a smiling figure in his black robe and red skull cap, talked easily and with quick wit in a interview yesterday at his residence on the delicate adjustment the church is making to end a period of conflict.

Under Avila Camacho—the first President in years to declare publicly, "I am a believer"—the church has received a new measure of freedom, Archbishop Martinez said, adding:

"President Avila Camacho, who on repeated occasions has said he will govern for all, has notably eased the situation of the Catholic Church in Mexico.

"It is natural that slow progress should be made in resolving various aspects of the religious problems, because the evolution of peoples, like all vital phenomena, is realized with smoothness and slowness, and by that manner its solidity and efficacy are assured.

"Having, as we do have, good will on all sides, I have hope that religious peace will come."

The warmth of official encouragement and the extent of freedom now enjoyed by the church, which counts most Mexicans among its members, contrasts sharply with the situation that confronted Martinez when he became Archbishop in 1937.

A recurrence of open hostility to the church had made the position of the Hierarchy difficult. Priests had suffered physical assault, even had been slain, and Masses had been broken up with force.

Feeling was intense. Many Catholics demanded that the new Primate pursue a policy of strong opposition to the Government. The Archbishop, a man of great tact and amiability, chose moderation instead. Soon the clergy were going about their tasks unabused.

The scope of the change was emphasized by the brilliant High Pontificial Mass celebrated October 12th in the Basilica of Guadalupe, Shrine of Mexico's patron saint, and attended by thousands of distinguished laity. For the first time in nearly half a century a guard of honor of the Mexican Army was present.

Monsignor Martinez said the church is using its influence for Pan-American unity in the present world crisis.

"The Catholic faith and the love of the Holy Virgin of Guadalupe constitute solid and efficacious bonds to achieve the desired unity of America," the Archbishop stated.

GREAT BRITAIN GREETS SYRIAN INDEPENDENCE

London, Oct. 29.—(AP)—Great Britain formally recognized today the independence of Syria.

An authoritative source said a telegram "of congratulation and good wishes" sent by King George to the President of the Independent Syrian Republic, Shiek Tajjeline el Hassani, constituted formal recognition.

The Free French authorities in Syria proclaimed the independence of the country September 16. They thus observed their pledge made when the invasion of the country was begun June 8. In this pledge the Free French were joined by Britain.

Authoritative British sources indicated Britain would welcome similar recognition from other interested states, including the United States, and added that appointment of a British Minister and advisers to the new Syrian Government was being considered.

HE HAS RIGHT TO SPEAK

Beverley Baxter is more Canadian than he is British, and surely as a member of the Commonwealth family, all fighting together for our preservation, he had a right to speak his mind to Canadians. In some quarters his advice was called an impertinence, but if he had offered syrupy nothings instead of criticism those same people would have hailed him as fine, sensible fellow—and a good Canadian.

Rock Island and Derby Line

The winners of the magazine selling contest between the Freshmen and Juniors and the Sophomores and Seniors of Derby Academy are the Freshmen and Juniors. The total amount collected was $172. The profit for the school is $65. A party was given recently for the winning team by the Sophomores and Seniors. The boys of the Agricultural department would like to get in touch with farmers who have machinery to repair as they would like to do the work. Anyone having poultry needing culling can arrange with the class to do this also, which will give them good practice. The older boys in Agriculture would be interested in starting a junior herd testing association. They would charge a small fee for testing each cow's milk and figuring out the profit for the month. This could be of great service to local farmers if interest was shown in the programme and help the boys taking this course.

The members of the Phoebe Hinman and Abenaki Girl Scouts of Derby Line and Derby, Vt., serenaded Miss Martha Hopkinson recently in honor of her birthday. Miss Hopkinson is a loyal supporter of the Girl Scouts, and is a direct descendant of Phoebe Stoddard Hinman, wife of Judge Timothy Hinman, Derby's first settler, who took up permanent residence in April 1795.

Mrs. Gertrude Laythe, formerly of Spencer Corsets, Limited, Rock Island, who has been visiting relatives and friends in New Hampshire and Derby, Vt., is spending some time with Mr. and Mrs. Carl Bruce in Derby Line.

Miss Linda Pellerin, who has been visiting her sister, Mrs. Nettie Smith in Newport, Vt., has returned to her home on Caswell Avenue, Derby Line, Vt.

Mrs. Donald Holden, of Rock Island, who underwent an appendectomy at the Orleans County Memorial Hospital in Newport, Vt., is gaining nicely.

Mrs. Roy Clark, of Lennoxville, motored to Derby Line, Vt., on Tuesday, October 21, where she was the guest of friends for the day.

Mr. and Mrs. Maynard Schoff, of Plymouth, N.H., motored to Derby Line, Vt., on Tuesday, October 21, where they were overnight guests of friends.

Mrs. Charles Bennett, of Newport, Vt., formerly of Derby Line, Vt., has presented the Derby Academy Alumni Association with a valuable book, which belonged to Mrs. Bennett's father, the late Charles Carpenter, a life long resident of Derby Line. The book is entitled "Record of Conventions in the New Hampshire Grants for the Independence of Vermont, 1776-1777. The records are produced in facsimile from manuscripts in the library of Congress, written and attested by Jonas Fay, clerk of the conventions, along with other documents and explanatory statements. The book was compiled and arranged by the Hon. Redfield Proctor in Washington, D.C., in 1904. On the front page is written: "To Charles Carpenter from your old Schoolmate of sixty years ago, Redfield Proctor, April 12, 1904. The book included warrants for the various conventions held in Arlington in the year 1775. The book will be kept in the filing cabinet in the Alumni room and exhibited yearly at Commencement. It may be seen at any time upon application to Mary E. Cofran, keeper of Derby Academy Records. Mrs. Bennett also presented the Academy with an essay read before the Derby Academy Lyceum on January 19, 1852 on the subject "Time" closely written in the specimen handwriting of the period. The Academy has also received original signatures of Charles Carpenter, Bettie N. Carpenter, Charles Bennett, Mrs. Kate Carpanter Bennett and Mrs. Lilla Carpenter Clark, all of Derby Line, to be placed in the Centennial Book. An original poem, "My Christmas Gift," written at Charleston, Vt., December 25, 1867 by Charles Carpenter, has also been added to the collection.

Mr. Chester Laythe, of Chester, Vt., was a recent guest of his parents, Mr and Mrs. L. H. Laythe in Derby Line.

Mr. and Mrs. L. H. Laythe motored to Meredith, N.H., recently and were accompanied by Mrs. F. S. Laythe and Miss Kathleen Laythe, who will remain with Mrs. Laythe's son-in-law and daughter, Mr. and Mrs. R. D. Hanson and family for the winter months. Mr. and Mrs. Laythe returned to Derby Line on Sunday.

Mrs. Charles Watherston, of Rock Island, is spending a few days in Montreal with relatives and friends.

Mrs. Lydia Goodwin and daughter, Lucille are visiting relatives and friends in Littleton, N.H., and Newtonville, Mass., before leaving for Florida for the winter months.

Fifty friends enjoyed the hospitality of the Universalist Parish on Friday evening, October 17, when the newly modernized and re-decorated parsonage was opened to the public, and opportunity given to meet Rev. Clifford Stetson and family socially. The affair was entirely informal, and no programme was provided other than the recalling of many anecdotes about the house in its earlier days. Letters were read from Mrs. Frank Hawes, of Hartford, Connecticut, and Mrs. Conklin who is now in Oak Park, Illinois. Among those present were Miss Jessie Colby, and Mrs. Margaret Haskell, whose memories led back into the early days, and Miss Edith MacGregor, who was for twenty-eight years a resident of the house.

In view of the long record of friendly hospitality and the new repairs and equipment, enabling that record to be carried forward for many more years, Mr. Stetson suggested that the house henceforth be known as "Friendly House."

Refreshments of punch and cookies were served by the Ladies' Society, assisted by the girls of the choir.

Several groups in the Universalist Church are trying to live up to the challenge of their name by reaching out in friendly service to those in far places. The Uneedus Club is sending a Christmas box to Sgt. Gerald MacKay in England. Mrs. Ruth Gaffield is in charge, and members of the choir are assisting. The Ladies' Society is packing a box to send to Miss Ruth Downing and Miss Martha Stacy in Tokyo, Japan. Miss Kittie Flint is receiving the articles for sending. Those wishing to cooperate should see these chairmen at once. The Church School is preparing for the International Friendship Offering, which this year goes to the starving Chinese refugee children. It is the belief of those in charge of these projects that this extension of our horizons, this sharing of ourselves with others, is a vital and necessary part of the Christian Life.

Rev. Clifford Stetson and Edwin Earle, of Derby Line, and George Miller, of Baldwinsville, Mass., spent three days recently on the Northern section of "The Long Trail." Taking the Trail at Eden Notch on the Southern slope of Belvidere Mountain, they journeyed North over Belvidere, Tillotson, Haystack, Splatterfoot, Sugar Loaf (Hazen's Notch), Domey's Dome and Jay Peak, staying overnight in the Hazen's Notch and Jay Camps. These trails and camps are maintained by the Green Mountain Club, and for the most part are in excellent repair. The distance covered by the hikers was about twenty-two miles, and they report a pleasant outing in spite of one full day of rain. While still in the amateur class, all three men have had more or less experience in mountain trailing. Mr. Miller has covered most of the higher peaks in New England, and knows practically every foot of Mt. Monadnock in New Hampshire. Mr. Earle has climbed in the California mountains and elsewhere, while Mr. Stetson has three ascents of Mt. Fuji in Japan to his credit, as well as other mountains in Japan and several peaks in the Adirondacks.

Rev. Charles Stewart, of Stanstead, Rev. Arthur Lovelace, of Beebe and Rev. Clifford Stetson, of Derby Line, attended the monthly meeting of the Stanstead-Newport and Vicinity Ministers' Association in Irasbury, Vt., last Monday. A paper, "Humor In The Bible" was read by Mr. Stetson, and a brief business meeting held. A delicious and bountiful chicken supper was served by the ladies of the church to the sixteen members present. Rev. Mr. Stewart is president of the group.

Rev. Robert Lewis Weis, of North Hatley, was the speaker at the Universalist Church in Derby Line on Sunday morning, October 26 and spoke on the subject, "Rising to our Responsibilities." Sunday School was held at noon. The Church School is preparing for the International Friendship Offering on November 2. It will be sent this year for Chinese refugee children. Any gifts will be welcome.

Members of the Women's Society of the Universalist Church, Derby Line, were entertained at the home of Mrs. L. H. Laythe on Thursday afternoon, October 23, when sewing was done on articles for the Red Cross Society. A goodly amount was accomplished after which a short business session, light refreshments were served by the hostess.

Mrs. James Perron, who has been visiting her son-in-law and daughter, Mr. and Mrs. Wilfred Chabot in Milford, N.H., and her son and daughter-in-law, Mr. and Mrs. Clarence Perron in Brattleboro, Vt., has returned to her home in Derby Line.

Carl Bruce has finished work at the H. W. Demick Corner Garage in Derby, Vt., and has gone to work in the Butterfield shops in Derby Line. Mr. and Mrs. Bruce have moved from the Demick tenement in Derby to the Butterfield and Company bungalow on Main Street, Derby Line, recently vacated by Mr. and Mrs. Dugan, of the local U.S. Customs Patrol, who has been transferred.

Mrs. Roy Harrison, of Rock Island, Mr. and Mrs. Frank Haselton and Mrs. Avis Muir, of Beebe, and Mrs. Charles Waide, of Stanstead, attended the recent Rebekah district meeting in Lennoxville.

Mr. and Mrs. Howard Major are moving from the Parker tenement in Derby to the apartment recently vacated by Mr. and Mrs. Carl Bruce.

Mrs. E. L. Bishop, who has been spending a week at the home of her daughter, Mrs. Roy Harrison, in Rock Island, has returned to her home in Bishopton.

A large number attended the Mother and Daughter banquet sponsored by the Tuxis Class at the First Baptist Church in Newport, Vt., on Monday evening, October 20, when Mrs. Clifford McLure, of Derby, Vt., formerly a social worker in Milwaukee, Wis., whose work has always been with girls, and who is at present leader of a Girl Scout Group of students of Derby Line and Derby, Vt., spoke briefly on "Having Fun with Your Daughter." The climactic treat of the evening was the fascinating sketch of the English novel, "Lorna Doone," given by Miss Amy Stone, of North Hatley., Art Director at Stanstead College, who illustrated her remarks with a collection of lantern slides she herself had made and colored of English countryside scenes, English moors and the home of Lorna Doone.

George Seguin has concluded his engagement as janitor of the Federal building on Main Street, Rock Island after filling that position for twelve years. He is succeeded by Henry Bolduc, of Rock Island.

One hundred and fifty-four members and friends from Derby Line, Stanstead, Derby Vt., and surrounding towns attended the all-day session of the Home Demonstration groups at the Municipal building in Orleans, Vt., held on Tuesday, October 21. The meeting was opened by Mrs. Fletcher Niles, of Derby, Vt., who acted as presiding officer for the day's activities. Eighteen groups responding to the roll call with mention of some outstanding achnevement in their year's programme. Arthur Thomas Lister Hickson, formerly of Oldfield School, Dorset County, England, now of Stanstead College brought an interesting message to the group of the home and family life of England and how it is being affected by the war. He stressed the fact that English people are preserving the family unit by sending their children to places of safety so that they may later return to build up their own homes after the war is over. The Derby Homemakers, under the direction of Mrs. Gladys Vincent put on an interesting skit on Nutrition, entitled "National Defense." After several exhibits a delicious luncheon was served by the ladies of the Methodist Church in Orleans, Vt.

Miss Ivy Blake, of Canterbury, Quebec, was a recent business visitor in Rock Island.

Mr. E. Carey, of Rock Island, was a recent guest of his parents, Mr. and Mrs. J. E. Carey in Waterville.

Mrs. Nellie Powers, of Derby Line, was a recent guest of Mr. and Mrs. Warren Brown in North Newport, Vt.

Miss Mildred Blake, of Rock Island, was a guest of her mother, Mrs. C. C. Blake in Magoon's Point.

Miss Margaret Bell and friend, from Lyndonville, were guests of Mr. and Mrs. Hugh Bell, Derby Line.

Mr. and Mrs. Kenneth Barlow, of Rock Island, were guests of Mr. and Mrs. James Cote in North Hatley.

Messrs. Arthur Woodard and Jimmie Gagnon, of Rock Island, were recent week-end guests at their home in North Hatley.

Mrs. James Perron, Derby Line, was a recent guest of Mr. and Mrs. Joseph Dalpe in Greenfield, Mass. Mrs. Dalpe was the former Miss Camelia Perron, of Derby Line.

Mr. and Mrs. Walter Derusha and daughter, Dorothy, of Johnson, Vt., are now living in Derby Line, Mr. Derusha having secured employment at the Butterfield plant.

Miss Minnie Aldrich, who has been spending a few days in Dunham, with her sister, Mrs. Myra Gilbert, has returned to her home in Derby Line.

Clark Labbee, who has been spending some time with his grandparents, Mr. and Mrs. Frank Clark, in Rock Island, has returned to his home in Newport, Vt.

Miss Iva Blake, of Canterbury, was a recent caller on friends in Rock Island.

Mrs. Effie Gray, who is working in Ridgefield, Conn., is spending a few days in Holland Center with relatives.

Biggest Mass Christening Ever Held in Canada!

Four corvettes and four minesweepers christened in one great ceremony at Sorel, Que., shipyards

Mrs. Pierre F. Casgrain, wife of the Secretary of State, launched H.M.C.S. "La Malbaie", a corvette, at Marine Industries shipyards, Sorel, P.Q., on Saturday, October 25th, thus inaugurating the largest mass christening of war vessels ever held in Canada. Four minesweepers and four corvettes were blessed and given the names of "Esquimalt," "Brockville," "Transcona," "Trois Rivieres," "Regina," "Calgary," "Fredericton" and "La Malbaie."

Plants at Sorel will soon, in addition to war vessels, be building cargo vessels in a new shipyard under construction

In the course of his remarks to the large group of officials and dignitaries assembled for the ceremonies, J. Edouard Simard, Marine Industries official said: "I would like to pay my tribute to our French-Canadian workmen. This shipyard is manned and officered practically 100% by French-Canadians. Our men are loyal and keen, and I and my fellow directors are proud of their record. This is a small community . . . we cannot draw skilled labour from a large city or other shipyards."

HATLEY

A meeting of the Guild was held in the Guild Hall with a good attendance.

The A.Y.P.A. held their meeting in the evening. Plans concerning the play which they are preparing were discussed.

Mrs. Edna Ride has moved to her home in Ayer's Cliff which she purchased several months ago.

Mrs. Maude Howe, who has spent the summer with Mr. and Mrs. Herbert Webster, is now at the home of Mr. and Mrs. George Macdonald for an indefinite length of time.

Mr. Bill Ride spent Saturday at North Hatley assisting Mr. J. McKay, and spent the week-end with his brother, Mr. Tom Ride and Mrs. Ride at Bulwer.

The condition of Mrs. T. J. Little remains about the same. A very little improvement at times is noticed. Her many friends join in wishing her a speedy recovery.

Mr. and Mrs. Fred Hall, of Compton, recently spent an evenining at the home of Mr. and Mrs. O. W. Moulton.

Mr. Howard Ayer, Murdo Parker and Dale Miller accompanied Mr. Archie Moulton to Knowlton to attend the Convention of Young Peoples' Unions.

A very good programme was given at the annual school opening recently, which showed the careful training of the pupils by the two teachers, Mrs. Hugh McClary, Principal and Miss Audrey MacCallum, primary.

Miss Margaret Moulton, of Sherbrooke, and Mr. Charles Moulton, of Rock Island, spent a recent week-end with their parents, Mr. and Mrs. C. W. Moulton.

Miss Dorothy Emery, of Sherbrooke, was in town to attend the school opening.

The nancy Branch of the Women's Institute held their monthly meeting at the home of Mrs. H. B. Whitcomb, with Mrs. Hugh McClary, Second Vice-President, in charge.

Mr. and Mrs. Harry Pitman, of Barre, Vt., were recent guests of Mr. and Mrs. H. H. Brown.

SCOUTS' BINGO EARNS $35 FOR SOLDIERS' FUND

Lake Megantic Catholic Scouts Turn Money Over to Buy Gifts for Men on Active Service.

Lake Megantic, Oct. 29.—Six young Lake Megantic lads, most of them Catholic Boy Scouts, collected $35 last week in a Bingo which they conducted, and turned the money over to Mrs. G. M. Stearns to be spent so that every man and boy from Lake Megantic in the active forces will receive a gift.

The boys, whose average age is fifteen, are the same group who held a Bingo last year and gave the entire proceeds to the Red Cross in Megantic. They worked hard in the organization and operation of this year's event and deserve a lot of credit.

They are Gaston and Robert Brulotte, Gaston Huot, Jules and Denis Provost and Henri Choquette.

Mrs. Stearns says that wool is to be purchased with the money, and that a pair of socks will be sent to everyone from Lake Megantic on active service.

Mother, This Home-Mixed Cough Relief Is Splendid

Saves Real Money. No Cooking. Real Results.

To get really surprising relief from coughs due to colds, you can easily prepare a medicine, right in your own kitchen. It's very easy—anyone can do it—needs no cooking, and tastes so good that children take it willingly. But you'll say it's hard to beat, for quick results.

First, make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Then get 2½ ounces of Pinex from any druggist, and pour it into a 16 ounce bottle. Then add your syrup. This gives you 16 ounces of really splendid cough syrup—about 4 times as much for your money. It never spoils, and lasts a family a long time.

And for real, quick relief, it is actually splendid. It works in three ways—loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.

Pinex is a special compound of proven ingredients, in concentrated form, well known for prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

For this purpose, Canadians are purchasing an average of two million dollars of life insurance a week from the London Life.

Where it is necessary to create an estate for the protection of dependents, and the family budget has been greatly reduced by war obligations, life insurance provides the only solution for most people.

If you want to know why Canadians are turning to this Company in such large numbers, ask one of our representatives to show you how present day conditions are met by the London Life plans of insurance.

COWANSVILLE PIANO RECITAL MUCH ENJOYED

Rev. Charles Dawes, of Moulinette, Ontario, Entertains Members of Young People's Groups in Emmanuel Church.

Cowansville, Oct. 29.—A musical treat of the highest order was enjoyed by members of the A.Y.P.A., the Y.P.U. and their friends in the parlors of Emmanuel Church, when Rev. Charles Dawes, of Moulinette, Ont., gave a piano recital.

Mr. Dawes is a musician of exceptional ability and gave selections from the works of Johann Strauss, Philip Sousa, Bach and others. Between each selection interesting facts concerning the composer and the type and history of the music were given.

Mr. Dawes also gave a word picture of a Southern negro gathering and the singing of spirituals, which was very inspiring and in which all took part. Mr. Dawes plays entirely from memory.

Mr. David McClure, on behalf of the gathering, heartily thanked Mr. Dawes. Refreshments were served.

General Notes.

It was with deep regret that news was received here that Mr. Harry Pibus, son of the late Mr. Luther Pibus, Knowlton, and Mrs. Pibus, of Magog, who went Overseas with the R.C.A.F., was reported missing. Mr. Pibus was married shortly before going Overseas and sincere sympathy is extended the bereaved family. He was a graduate of Bishop's University and was engaged to teach in Lachute High School when he enlisted.

Rev. C. Dawes was a guest of Mr. and Mrs. L. Lewis during his stay here.

Another "Blanket Drive" is being conducted by the Red Cross Society. Blankets or money for blankets will be thankfully received.

Messrs. William and Russell Craigie, of Valleyfield, were guests of their parents, Mr. and Mrs. W. Craigie.

Mr. and Mrs. Fred Cassidy and Miss Joyce Cassidy, accompanied by Miss Alice Cassidy, of Richford, Vt., attended the marriage of the former's niece, Miss Watt, and Mr. Hartly, at Pointe Claire on Saturday last. The party were joined by Miss Janet Cassidy in Montreal.

Major A. J. Dunn and Pte. George Stowe, of the 24th-75th R.C.A., Sussex, N.B., were among those who spent the week-end with their families here.

Pte. Gordon Brown, who has been transferred from Petawawa Camp to Farnham, spent the week-end at his home here.

At the Sunday evening service in Trinity Church, Rev. J. Peacock voiced an appeal to parents not to be satisfied with supplying their children with material possessions or even mental equipment but to give time and thought to their spiritual development to meet and overcome the temptations of life.

The A.Y.P.A. and Y.P.U. held a special meeting and social hour in the Church Hall in honor of the birthday of Rev. J. Peacock. All joined in wishing him many happy returns of the day. Refreshments were served.

The C.G.I.T. held an enjoyable Hallowe'en party in the parlor of the United Church. The hall was tastefully decorated with emblems of the season. Members and their guests were fantastically dressed and the choice for best costume was divided between Anita Stowe and Tannis Hauver. The latter drew the prize. A very pleasant evening was spent playing games, after which refreshments were served.

FREEDOM FROM MONEY BARONS IS DEMANDED

Currency Reform Convention at Winnipeg Submits Own Policies for Winning War on Hitlerism.

Winnipeg, Oct. 29.—(C)—Constitutional and organization problems yesterday occupied delegates attending the second day's sessions of the "Democratic Monetary Reform" National Convention here.

The meetings were closed to the press but a statement issued by convention officials said delegates who came from five Canadian provinces at the call of New Democracy Members of Parliament had approved a resolution recommending that a "national organization be formed for the purpose of mobilizing the sovereign will of the people to secure the results they want under a monetary system administered in accordance with the principles of true democracy."

The resolution was passed Monday shortly after the start of the three-day conference. Also approved on the opening day was a ten-point programme termed the "objectives of the association."

Endorsed in the Programme were establishment of responsible and effective democratic government in Canada as the basis of post-war reconstruction, opposition to attempts to weaken the democratic sovereignty and democratic institutions by means of increased centralization of power, liberation from "the yoke" of the present financial system, effective parliamentary control over the issue of all currency and credit and assurance of social justice and preservation of democratic rights after the war.

Delegates pledged loyalty to the Crown and passed a resolution declaring their deliberations "will result in the formation of a policy which, when adopted, will enable full use to be made of our total manpower, and resources, in the prosecution of the war, without, at the same time, crippling the people's effort by increasing taxation and prices."

In an address to the convention, L. D. Byrne of Edmonton, technical adviser to the Social Credit Board of Alberta, said world-ills were the result of "international money power" directed to the subjection of all people to a financial dictatorship.

"There is plenty of evidence pointing to the fact that the forces controlled by the international money power are determined to make that the pattern of the world after the war," he said. "They call it the new order."

INVERNESS

The Past Grand Master of the I.O.O.F., of the Province of Quebec, Brother Doddridge, and Brother W. W. McBain, of Quebec, with delegates from the I.O.O.F. Lodges of Kinnear's Mills, and Thetford Mines attended the District meeting of I.O. O.F. District No. 15, held in the I.O. O.F. Lodge No. 51, Inverness. Brother George Davidson, D.D.G.M., presided at the meeting and gave the address of welcome. A number of Grand Lodge officers were present. Brother George Moyle, G.M. gave an interesting address. A delicious chicken dinner was served by the ladies of the Inverness Women's Institute. Speeches were given by Brother Rev. Seeley, and Brother Dr. Daneau, Thetford Mines. ● Here is a new kind of life insurance that is giving thousands of Canadians who could not easily afford other types of insurance, the financial protection they need ... security now and a guaranteed income in later life.

The plan works like this: you choose any policy that suits your needs, but instead of paying the first year's premium, you pay for one month only. For example, at age 30, the premium on a $5,000 Double Protection life policy is only $6.15. As a service to you, the company will accept your checks, one for each month of the year, all post-dated.

This system enables you to meet the extra demands upon your income—for war-time taxes and war-savings certificates—without letting your insurance program suffer. North American Life's monthly Budget Plan is the safe, modern, easy way to financial independence. Send the coupon for free Budget Memo Booklet and folder telling how you can have the extra protection you need for as little as $5 a month.

By-Law No. 613

ARTICLE 1

"If a customer has been using electricity or/ and gas for a period less than one year, the charge for the connection will be two dollars ($2.00). This charge shall not be exacted from customers moving from one house to another within the city limits."

EXPLANATION OF THE BY-LAW:

1. The charge of $2.00 is to cover the cost of installing and disconnecting the meter at the customer's premises when the customer uses one or both services less than one year.

Since very few customers use the electric service less than one year, this by-law applies mostly to the customers who use the gas service only during the summer months.

2. This charge is not exacted from customers moving from one house to another within the city limits in as much as they use one of the services or both for a period not less than one year.

3. This charge is not exacted from customers leaving the city permanently.

4. This charge is payable when the customer makes the application for disconnection of the service.

OBITUARIES

MRS. CLARA JENKINS, STANSTEAD.

Stanstead, Oct. 29. — Relatives, friends and neighbors in large numbers attended the funeral service in Centenary United Church for Mrs. Clara Jenkins on Friday afternoon, October 24.

Beautiful floral tributes testified to the high esteem in which Mrs. Jenkins was held.

Reverend C. M. Stewart, Pastor of the church officiated, assisted by Rev. Mr. Rice, of Fitch Bay. Mr. Stewart read selections from the Epistle to the Romans, and also gave a few brief remarks with special reference to the long, useful life and the firm Christian character of Mrs. Jenkins, who was a Past President of the International W.C.T.U. and of the Women's Missionary Society of Centenary United Church, Stanstead, and who was always ready to assist in every good cause in the community.

The hymns, "The Lord Is My Shepherd" and "Hark! Hark My Soul," were sung by the choir and congregation. Messrs. Arthur Curtis, John Tilton and E. Millette acted as bearers.

Relatives present were two sons, Mr. C. R. Jenkins and Mrs. Jenkins, and Mr. Lee Jenkins and Mrs. Jenkins, Mr. and Mrs. Willard Jenkins and son, Kenneth, and Mr. and Mrs. Albert Farrow.

Members of the staff of the Bell Telephone and of the C. R Jenkins Factory were also present at this service.

RADIO STARS TO BE HEARD THIS EVENING

Dennis King, singing and dramatic star of the stage and screen, and Margaret Speaks, singing star of one of the best known musical programmes on the big chains, will combine talents tonight in a broadcast from Toronto—the weekly War Savings "All-Star Variety Show" carried on the C.B.C. chain, starting at 8 p.m. Both these top-ranking entertainers have come to Canada to offer their services as a voluntary and gratuitous contribution to Canada's "War Weapons Drive."

Dennis King will "M.C." the programme, and he may be heard in a short dramatic sketch. Many will have pleasant memories of his stellar performances in "I Married An Angel" and "The Vagabond King."

Margaret Speaks was born to music. She is a niece of Oley Speaks, composer of "The Road To Mandalay," "Sylvia," "Morning," and others. Tonight, she is expected to sing at least one of her uncle's numbers. She began her singing career at the age of three, when she sang at a church entertainment. When only twelve years old she became a church soloist, and has been enchanting audiences ever since. While still in her 'teens, she frequently "subbed" for the conductor of the women's glee club in her university.

MEMBERSHIP OF AYER'S CLIFF W.A. INCREASES

Mrs. Leslie Austin, Mrs. Arnold Goode and Mrs. Harold Waite Join Organization—Another Rummage Sale Planned.

Ayer's Cliff, Oct. 29.—Mrs. Leslie Austin, Mrs. Arnold Goode and Mrs. Harold Waite were welcomed as new members of the Junior Women's Association held with eleven others present at the home of Mrs. Sam Astbury on Maple Avenue.

Several important business matters were disposed of during the business session conducted by the President, Mrs. Willard Rexford. The report from the rummage sale was that $14.30 had been taken in, but as considerable goods remained unsold it was decided to hold another sale, with Mrs. Sidney Baldwin, Mrs. S. R. True, Mrs. Sanderson, Miss Irene Orcutt and Mrs. Elsie Standish in charge.

As a good used stove has been purchased for the kitchen at the church hall it was decided to give the old stove to the Red Cross for salvage.

The opportunity of having the Beebe play in November was presented to the members, who were unanimously in favor. The advertising committee named was Mrs. R. G. McHarg, while Mrs. Sidney Baldwin and Miss Gladys Dustin are in charge of obtaining the necessary stage furnishings and Mrs. Astbury, Mrs. True and Mrs. Howard Keeler are in charge of the refreshments.

Plans for a Christmas sale and tea were discussed and Mrs. Astbury, Mrs. Little and Mrs. Baldwin were named as the committee in charge of the sale table. The senior ladies had contacted the junior ladies regarding the stove at the Parsonage, and they agreed to go fifty-fifty and purchase the desired stove.

A very enjoyable social hour was spent, when refreshments were served by the hostess, assisted by Mrs. True, Mrs. Baldwin and Mrs. Little.

FLAMES RAZE COTTAGE

The cottage occupied by Mr. and Mrs. N. Claude Whitcomb and children at Upper Bacon's Bay was destroyed by fire early Sunday morning. Mrs. Whitcomb was awakened by the smell of smoke and immediately roused her husband. Mr. Whitcomb was unable to find anything wrong, but when the smell grew stronger finally located fire around the chimney.

With his two children, Mr. Whitcomb drove to Ayer's Cliff for help, but the cottage was almost a total loss. The damage was partially covered by insurance.

The Whitcombs had been in residance at the cottage while awaiting completion of their new home on Lower Main Street. They are staying at present with Mrs. Whitcomb's brother-in-law and sister, Mr. and Mrs. Everett Slack.

QUEBEC LAW IS LECTURE TOPIC AT BURY W.I.

Rev. Mr. Rowe Outlines Various Aspects of Women's Rights in this Province.

Bury, Oct. 29.—The regular meeting of the Women's Institute was held at the home of Mrs. Eddie Stokes with Mrs. Herbert Keynes as joint-hostess. The meeting was in charge of the President, Mrs. Parsons, who opened it by repeating the Institute Creed, Lord's Prayer and prayer for soldiers, sailors and airmen. The minutes of the previous meeting were read by the Secretary, Mrs. Provis and approved. Correspondence was read and disposed of. Report of the school fair dinner was given and all bills were paid for the month of September. The President asked for salvage articles to be sent to Mrs. Annie Dougherty's shop. The Secretary was asked to write the Woollen Mills at Waterville regarding plans and details for shipment of woollen rags.

The President spoke on the different subjects brought up at the semi-annual convention which was attended by Mrs. Parsons, Mrs. Provis and Mrs. Stokes. The Self-Denial Fund was discussed and also the Queen's Canadian Fund. Red Cross work was to be reported to Mrs. P. Boy, Scotstown every three months. Democracy was urged to be taught in our schools. Mrs. Parsons also announced that the request for an English nurse on the Health Unit had been granted and a Registered Nurse had been placed on the staff from Compton. Several members contributed towards the Mobile Kitchen Fund and also joined the A.C.W.W.

A request for seeds both vegetable and flowers to be sent to England will be held in the form of a shower at the November meeting at the home of Mrs. McClintock. The members were asked to send greetings to Overseas memoers, Names of these members may be obtained from the Secretary, Mrs. Provis. Several donations were given in money and articles to be sent Overseas. Suggestions were given toward holding the Women's Exchange next year.

Mrs. McRae reported that 120 cans of fruit had been canned and shipped to the Red Cross, Montreal. A hearty vote of thanks was given Mrs. McRae and Mrs. Greenlay for their work. A child's quilt has been made and given to a needy baby girl. Another quilt is in the making for a needy family.

The programme was in charge of Mrs. McLeod on "Laws Affecting Women." She introduced the Rev. Mr. Rowe as the guest speaker. He gave a splendid address on laws in the home life and in Quebec, the French law, the law of parents, education regarding laws, marriage laws and rights of women in Quebec, marriage contracts, and the law regarding insurance policyholders and how it affected women's rights in the Province. The making of wills and women's vote in Quebec were also discussed. Mrs. Parsons, on behalf of the members, thanked Mr. Rowe for his splendid address which was enjoyed by all present.

Miss Palmer announced that she was in hopes of opening up the library this winter. Roll call was answered by nine members and nine visitors. A the close of the meeting a delicious lunch was served by the hostesses, Mrs. Stokes and Mrs. Keynes, assisted by Mrs. Pheleman.

WARNS AGAINST INFLATION OF FARM PRICES

Expert Declares that Readjustment Troubles After the War Would Offset Advantage of High Prices.

Toronto, Oct. 29.—(CP)—Dr. J. F. Booth, Associate Director of Marketing in the Federal Agricultural Department, said yesterday interpretation of records leads to the conclusion that inflationary prices during past wars have been distinctly harmful to agriculture.

In each instance, Dr. Booth said in an address to the National Dairy Council convention, the temporary gain from higher prices was more than offset by a protracted and violent period of readjustment.

"This should not be interpreted as justification for the maintenance of prices in any group of products at a level that is out of line with wages, costs and prices in general," he said.

"The prices of farm products were for some years considerably below a reasonable exchange basis. Substantial improvement has been made during the past year, but a number of products are still out of line.

"This relationship should be considered in any programme of general price stabilization but, assuming a reasonable ratio of exchange rates, farmers have every reason to join with others in support of a general programme of price stabilization."

With the reduction of Britain's food reserves and elimination of nearby supplies, the demand for Canadian food products had increased, and production was rising.

Such gains in output raised the question whether the experiences with wheat surpluses after the First Great War would be duplicated in bacon after the present conflict.

"The problem before the several boards (in charge of handling food supplies for Britain) is that of securing the supplies and getting them Overseas. But they also face the challenge of so proceeding towards their objective that a minimum of problems will be encountered when peace is restored."

After the war many soldiers would desire to return to the land and many industrial workers might find it necessary to do so also. Questions of land settlement arising out of immigration were also to be expected, with the possibility of a major movement of Europeans to the New World.

"Farmers have, at times, expressed opposition to immigration but this opposition originated in the belief that too much emphasis was placed on immigration as a means of expanding agricultural settlement at a time of difficulties in finding markets for the products already being produced," Dr. Booth said.

"There should be no opposition from farmers to a policy that involved the admission of immigrants representing various occupations in somewhat the same proportion as such occupations now are represented in the Canadian population."

BRITAIN HAILS LATEST SPEECH OF ROOSEVELT

United States Seen at Battle Stations as Result of Declaration of Roosevelt Last Evening.

London, Oct. 29.— (CP) —"Still slowly perhaps, but inexorably, the United States moves toward war," the Evening Star said yesterday in comment upon President Roosevelt's Navy Day speech.

British authorities refused direct comment, but made no effort to hide smiles of satisfaction at the President's expressions.

His declaration that "the shooting has started" was spread in streamers by the Daily Express and Daily Mail, and late editions of evening newspapers explained the significance of the utterances editorially.

Lord Bevaerbrook's Standard, an evening tabloid, said:

"President Roosevelt has acted. These are deeds, not words. . . . He challenges our enemy. His nation does not yet finally defy Nazi ambition to conquer earth. It has defied her ambition to rule oceans . . .

"If not all America, at least the American Navy equipped by the President's foresight is ready for war. It it at grips with Nazi Germany on the Atlantic now and soon its zone of operations may be extended to these shores."

The Star said the speech was well-timed to spike Axis efforts to exert pressure at the moment that Congress was debating whether to use the United States' only real weapon, the Navy.

"The speech amounted to a tremendous offensive against Hitler," the Star said in an editorial headed simply "Shooting."

It said the President was not distracted from "concentrating on the enemy who matters most" by "Tojo's bluster," a reference to the new Premier of Japan, Gen. Hideki Tojo.

The Mail placed under the main headline across four columns as a sub-heading Admiral Farragut's statement, quoted by the President, "Damn the torpedoes—full speed ahead."

No other morning papers carried the story, because of the late hour at which the address was delivered, and there was no editorial comment.

The three afternoon newspapers, the Evening News, the Star and the Evening Standard played the speech at top positions, and carried the full text.

"U.S.A. at battle stations," was the News' headline.

DUTTON HEADS PRACTICALLY NEW OUTFIT

Fiery Red Had To Line Up Raft Of New Talent

All Five of Last Year's Outstanding Rookies Lost Through War Services Boards Regulations — Charlie Conacher Retires—Hooley Smith and Harvey Jackson Outside Fold —Freddie Thurrier Counted on for Great Performance.

Winnipeg, Oct. 29.—(CP)—Managing New York Americans' National Hockey League club has been no bed of roses for Mervyn (Red) Dutton but each year the Calgary fireball takes the bad breaks in stride and comes up fighting.

A year ago old age caught up with half Dutton's team and the retirement epidemic forced him to rebuild drastically. Dutton promptly came up with five promising youngsters, Goalie Charlie Rayner, Defenceman Pete Slobodian and Forwards Bill Benson, Bus Wycherley and Norm Larson.

The club finished sixth in the standings but Red counted on that year's experience to ripen the youngsters and make Americans a contender. This fall the Manitoba and Saskatchewan War Services Boards refused passport authority to all hockey players of military age and Dutton lost all five of last year's rookies and, in addition, had to pass up services of Garth Bush, Regina amateur on whom he had counted as a defence stop-gap.

And, as if fate had not been sufficiently unkind, Defenceman Charlie Conacher retired. Americans' veteran utility man, Hooley Smith, failed to report at training camp at Port Arthur and Dutton could not come to terms with the ageing but still effective left winger, Harvey Jackson.

Dutton was definitely annoyed but far from beaten. He came up immediately with an 18-year-old "kid line," cashed in on an agreement with Springfield Indians of the American League, from whom he obtained four players, and signed Mel Hill, formerly of Boston Bruins.

"I think deals I have in view for Americans will put them in the playoffs," Dutton predicted as the club left here for Detroit where it opens the N.H.L. campaign November 2 against Red Wings.

Dutton brought up centres Pete Kelly and Fred Thurrier from Springfield Indians and also took two amateur rookies training at the Springfield camp at Port Arthur.

The amateurs, Jimmy Peters, right winger, and Ken Mosdell, a centre, both starred last season with Montreal Royals, Eastern Canada junior champions. These two, with Harry Watson, left wing ace from Saskatchewan junior Quakers, form Americans' "kid line" scheduled to see action in the N.H.L. next week.

Dutton revealed that he has signed eleven players, including the kid line, and has three player-deals on fire. Other changes planned for the Americans, who defeated their intra-city rivals, the Rangers, 2-1 and battled to a 1-1 draw in two exhibition games at Winnipeg last weekend, were not disclosed.

Thurrier, 24-year-old youth from Granby, who bagged 67 points in 61 American League games last season, sparked Americans' attack in the exhibitions, scoring both goals in the first game and starting the play for the one slammed home by Benson in the second encounter.

A smart stickhandler who packs a wicked shot, Thurrier will pivot for Hill and an unnamed left winger. The left wing lane was left vacant when Jackson failed to come to terms with Dutton during the pre-season training season.

Until Dutton feels Murray Armstrong is ready to undergo heavy duty at centre ice he said Kelly will pivot Lorne Carr and Buzz Boll. Armstrong is recovering from a back injury.

Three of Americans' defencemen of last season are back, Pat Egan, Wilf Field and Andy Branigan and Slobodian's spot will be taken by Tommy (Cowboy) Anderson, a veteran who was scheduled for the utility job this season.

As for a custodian, neither Dutton nor Coach Art Chapman seemed to have a worry about Earl Robertson, returning to American's lineup after a short stay with Springfield last season. At Springfield he showed he was at peak form.

Robertson gave way to the acrobatic Rayner last season but with Rayner absent now Earl is expected to make a come-back in the big time.

Next year's P.G.A. tournament likely will go to Detroit's Grosse Isle Club. The motor executive who put up the dough for the Ryder Cup exhibition is willing to back it for $20,000 . . . With Billy Soose retiring as middleweight champ, Mike Jacobs is trying to signal Al Hostak to take Billy's place against Ken Overlin . . . Tommy Harmon and his broadcasting partner haven't been speaking to each other lately. They work alternate quarters of the Michigan games from separate booths . . . Del Bissonnette, one-time Dodger and Montreal ball player, may get to manage the Hartford Eastern League club next season as a reward for his good work with the Braves' Pony League farm at Bradford, Pa.

PASSPORT MESS SURMOUNTED IN NATIONAL LOOP

National Hockey League Officials Look Forward to Fastest-Growing Sport's Most Successful Season.

New York, Oct. 29.—That passport business was a terrific headache, but the fog finally lifted, and National Hockey League officials now look forward to the fastest-growing sport's most successful season.

The war many feared would wreck the glistening game actually will boom it. Every other sport has benefited by the defense programme.

Last season, the 168 games of the regular National League schedule played to 1,522,272 paid admissions.

With an average of seventy dates each season from November until late March, Madison Square Garden attracts in the neighborhood of 750,000 customers to games featuring New York's professional Rangers and Americans and amateur Rovers.

Two minor loops—Eastern American League and mid-Western American Association — have expanded, Washington coming into the A. L., and two Texas entries, Dallas and Fort Worth, augmenting the A. A. The A. L. is now a 10-club circuit, with Washington, Providence, New Haven, Springfield, Philadelphia, Pittsburgh, Buffalo, Cleveland, Hershey and Indianapolis. The A.A. embraces eight clubs—Dallas, Fort Worth, Kansas City, St. Louis, Tulsa, Omaha, Minneapolis and St. Paul.

The Eastern Amateur League also continues to grow. Johnstown, Pa., comes in this year, boosting the number of clubs to seven, the others being New York, Boston, Atlantic City, Baltimore, Washington and River Vale, N.J.

The big-time circuit, the N.H.L., remains with seven clubs—the Rangers and Americans of New York, the Boston Bruins, Detroit Red Wings, Chicago Black Hawks and the Canadian entries, Toronto Maple Leafs and Montreal Canadiens.

Hockey made amazing progress in the United States, especially when you consider that it is not a native sport and that the majority of the professionals are Canadians. The sport has no student or alumni bodies from which to draw, yet it became a regular fixture on the calendars of all the country's outstanding arenas.

Hockey is the only game on the Madison Square Garden calendar that has never shown any red ink on the ledgers. All other sports have had vicissitudinal times in the House that Tex built, with fat and lean years. But hockey, season after season has gone on showing a steady profit.

National League opens November 1st, the Rangers meeting the Maple Leafs in Toronto and the Red Wings engaging Les Canadiens in Montreal. The New York schedule gets under way November 13th, with the Americans hosts to the Black Hawks.

Getting by strictly on its merits, hockey has become almost as popular with the American public as baseball is in summer and football in the fall.

A New York paper calls Georgie Abrams a "leading fiddleweight contender" . . . Has he been playing second fiddle that long?.

American Hockey League Opens New Season With Two Fixtures Tonight

New York, Oct. 29.—(CP)—An expanded American Hockey League opens a new season tonight. The circuit, now with a membership of 10 clubs and a list of "name" coaches, is expected to do better in the matter of attendances than even last year when the A.H.L. catered to more than 1,500,000 fans and drew some $1,000,000 at the gate.

Ching Johnson will pilot Washington Ulines, new addition to the A.H.L. this year, while Cooney Weiland takes over Hershey Bears. With Johnson piloting the team, and occasionally taking the ice himself, the Ulines are expected to be a threat in their first season.

A third new coach this season is Danny Cox, who comes from Seattle, Cox takes over Philadelphia Rockets, successors to last year's Ramblers. A new club with new backing and new players, Philadelphia is an uncertain factor in this year's campaign.

The opening curtain tonight goes up on Bill Cook's Cleveland Barons, starting the defence of their 1940-41 league championship at Pittsburgh, and Providence Reds taking on the Eagles at New Haven. Two games will be played Thursday night and by Sunday night the entire league will be in action.

League-President Maurice Podoliff said Sunday that Divisional Board rulings in Canada concerning hockey players of military age leaving Canada may cost the A.H.L. "anywhere from 15 to 18 players," but that all teams would have full rosters to start the season. The losses are expected to be made up by the addition of players from amateur ranks not subject to the rulings.

Indianapolis and Springfield were hardest hit by the Board rulings while Philadelphia for a time found itself in a difficult situation because of the general scarcity of players. In addition to the Canadian developments, formation of two new clubs in the American Association, Dallas and Fort Worth, took many idle players off the hockey market.

Among last year's regulars, Indianapolis has lost Eddie Bruneteau, brother of Modere, of Detroit Red Wings, and Archie Wilder, forwards, and Jack Keating, who expects to enter the United States Army in the near future.

Among Springfield Indians, Billy Woodward, centre; Fred Hunt, right winger, and Jack Thomson, who was with Seattle last season, all are having passport troubles.

Each club plays a three-game home-and-home series with its nine rivals and an extra game with one of them so as to complete its 56-game schedule.

Washington will join the league's Eastern Division — Philadelphia, Providence, Springfield, and New Haven—while the western division remains the same as last season, Buffalo, Cleveland, Hershey, Pittsburgh and Indianapolis.

CANADA SOLVES MANY PROBLEMS OF HIGH FLYING

R.C.A.F. Medical Director Reports Success with Oxygen Supply for Operations at 30,000 Feet.

By J. A. McCOOK
(Canadian Press Staff Writer)

Ottawa, Oct| 29.—(CP)—Canadian officials, noting the statement of a United States scientist that solution of aviation medicine problems might determine the outcome of the war, said that Empire experts working in Canada had already overcome major difficulties in high-altitude, high-speed flying.

In a recent address, Dr. John F. Fulton, of Yale University, spoke of the need of dealing with several problems in aviation including high altitude cold, the "bends" and acceleration of blood circulation.

Ottawa officials said that the progress of science in dealing with such problems had been outlined in detail by Air Commodore R. W. Ryan, head of the Royal Canadian Air Force medical services, in testimony before a sub group of the House of Commons committee on war expenditures.

Air Commodore Ryan said the major problem in modern military flying was oxygen supply for men in machines with a ceiling of 40,000 feet.

"A pilot does not require careful watching in the air at 30,000 feet. . . . The air gunner is the man who requires to move about the machine a lot and therefore he is expending energy and therefore he requires a better supply of oxygen."

Air Commodore Ryan said air force experts worked in close association with the Canadian National Research Council and the National Research Council of the United States.

"We have succeeded, we think, in producing an ideal mask and the ideal oxygen supply," Air Commodore Ryan said. . . . The difficulty with the oxygen mask is to incorporate a microphone into it, through which the pilot and other members of the crew can speak and pick up messages from the ground and other machines. The great problem as far as that was concerned was the freezing of the microphone at 30,000 feet.

"We have tested the microphone and the mask at 35,000 and 40,000 feet and at a temperature of minus 60 degrees Fahrenheit, and we have found it is going to be satisfactory."

Air Commodore Ryan said the amount of oxygen required at 15,000 feet was small compared to that needed at 35,000 feet. Members of the air crew had to regulate the flow and this distracted their attention from the work on hand.

"So we had to get the work done quickly and develop an automatic flow regulator which we have now produced," Air Commodore Ryan said. "That means that as the machine climbs higher the flow increases automatically."

Study had been conducted on the effect on high altitudes and extreme cold on the efficiency of men in airplanes. "By practical experiment we gradually found the answer and through means of properly heated air craft, on which we are working now, and properly heated clothing with the right texture, we think we have, if we have not increased the efficiency, at any rate prevented the deterioration of it at high altitudes."

Scientists had found the "bends" suffered by pilots at high altitude due to the release of bubbles of nitrogen in the tissues from the blood could be overcome to a certain extent by having members of the plane crew breathe oxygen on the ground for half-an-hour before going in the air, at the same time doing exercise.

Air Commodore Ryan said the man with low blood pressure, in keeping with health under ordinary circumstances, was the first to be air sick and the first to show a tendency to "blacking out" at high speeds.

GRAY SETS UP NEW MARKS IN CHURCH LEAGUE

STAR SIGHT

Although we apparently can see countless stars, the naked eye is capable of viewing only about five or six thousand, and not all of these at any one time. Only persons with exceptional sight can see stars of the sixth magnitude.

Pastor Spoils Al Delaney's Dream Of Being White Hope

Canadian Heavyweight Champion Shows Anything but Championship Form in Toronto Ring—Takes Perhaps Worst Beating of Fistic Career—Bout Stopped in Sixth, with Four Rounds to Go.

Toronto, Oct. 29.—(CP)—Any hope Al Delaney may have had about being a Canadian "white hope" for Joe Louis' heavyweight boxing crown, was just a bursted bubble today.

The 25-year-old Windsor, Ont., fighter, listed in the record books as Canadian champion, showed anything but championship form last night as he took the worst beating of his fistic career from Bob Pastor of New York. The bout was stopped in the sixth round with four rounds to go.

It was Pastor all the way. He came came out cautiously at the opening bell and after feeling the Canadian champion out started an offensive that kept Delaney backpedalling throughout the remainder of the fight.

Delaney went down for a four and two counts of nine in the fifth round and was flat on his back when the round ended. He went down again at 1:26 of the sixth round and Referee Sammy Luftspring didn't even bother to start a count.

A crowd of about 6,000 saw the fight. Pastor, at 182 3-4 pounds, was 15 pounds less than Delaney.

MADE HONORARY EXECUTIVE OF HOCKEY GROUP

A. W. Reid Honored by Quebec Amateur Hockey Association at Montreal Meeting —Successor to Be Chosen.

Montreal, October 29.—Resignation of Albert W. Reid as Vice-President of the Quebec Amateur Hockey Association was submitted last night at a meeting of the Association held in the Queen's Hotel.

In recognition of Mr. Reid's very successful tenure of office as representative of the Eastern Townships for a long period of years the Association passed a regulation giving all members of the executive called up in service with His Majesty's Government an honorary membership.

Mr. Reid is on special duty in Ottawa. His successor is to be chosen here and then appointed at a meeting of the executive of the Association.

SPORT FLASHES

Pete Reiser is a favorite to get the Chicago Baseball Writers' most valuable rookie award.

Freddie Apostoli, who was making a nice comeback, will be on the shelf three months with a busted mitt.

Jimmy Orlando, hockey's bad man last season, is sporting a handsome moustache this fall and Manager Jack Adams of the Red Wings offered him $50 to keep it long enough for the gal spectators to get a look.

Quote, unquote:

Phil Rizzuto: "Being built close to the ground has advantages for a shortstop and it makes it tough on some pitchers to get the ball down to my height and over the plate. There's no kidding that I can't silence with a base hit."

Application blanks for membership in the National Association of Semi-Pro Umpires include a question about the ump's vision. One guy from Kansas wrote: "One doctor says okay but 10,000 fans say I'm blind."

REMEMBER WHEN?

Sarnia Imperials clinched their third Ontario Football Rugby Union championship nine years ago today with a 37-0 win over St. Michael's Colleg. The Imperials disbanded after outbreak of the war.

THIS WAR TAUGHT ME

There's No Better GENEVA than Melchers GOLD CROSS

"BEFORE the war, I thought I had to buy imported gins to get a good Geneva. But when Holland Gin imports were stopped I discovered a Canadian Geneva with a genuine Hollands flavor—Melchers Gold Cross! And wanting to know the secret of this full-flavored Canadian Geneva, I found out that it's made from an original Hollands formula . . . that only choice Canadian grains are used . . . and that every drop is distilled four times over in Melchers own modern distillery for top quality, purity and flavor. Believe me, I'm buying Melchers from here on. Try it — you'll like it, too!

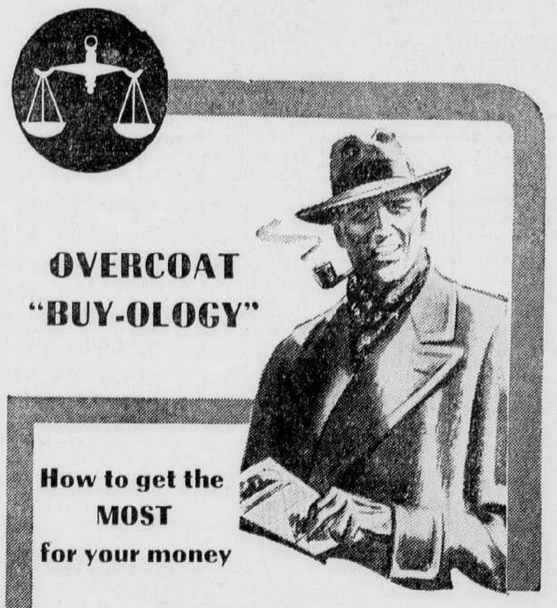

There is no substitute for quality — Buy Canadian-made goods — they're better.
