HE TELLS OF REVERSES.

Captain Frazer Says That After Pretoria Was Taken the British Got Some Hard Knocks.

(Special to the Star.)

SHERBROOKE, August 23.—Captain C. K. Fraser, in command of Montreal Company, First Contingent, in a letter received this week, says:

SPRINGS, South Africa, July 16th.

Your news of the surrender of Pretoria was evidently a little premature, was it not? Where did that report originate, I wonder? From the newspaper accounts, there must have been a general jubilee all over Canada on Pretoria Day. Things have not been going on as smoothly as they might since the fall of Pretoria, and very little progress has been made. In fact we have had several slight reverses, the last one about four miles north of Pretoria where three companies or the Lincolns, three companies of the Greys and two guns were captured by the Boers. This sort of thing is rather discouraging, and has a bad moral effect, but I suppose we must expect a knock occasionally. I said in my last letter that the 19th Brigade had been reformed at Irene, and were to go east, but everything was changed at the last moment and they were sent to Krugersdrop, a few miles west of Johannesburg. They had a scrap there. From all accounts they were surprised and nearly lost their guns. The Gordons had an officer killed, a Captain Younger, who I knew very well, and had taken a great fancy to him. He was in charge of the armoured train when it was here just a few days before he was killed. We had a great time the other night at a Dutch dance. About ten of us went, and we simply owned the show. I don't think our Dutch friends appreciated the "gentlemen in khaki" to any great extent, and the girls could not dance a little bit, and are about as ugly as they are made.

You say that there was some tobacco sent me from the Army and Navy stores, but I have never received it, and I imagine that it was captured with the mails by De Wet, at Vredefort. He is probably enjoying my tobacco now, and also wearing my uniform. We are still having a pretty easy time of it here, and are very comfortable. Was sent on outpost again last night. We have several different posts, which require officers every night, and as we have only fifteen duty officers at present, the duty comes around every third night. Have not come across any Canadian Artillery or Strathcona's Horse yet, and have not heard anything about them for some time.

JEALOUS OF COLONIALS.

LONDON, August 23.—Sergeant Barnes, of the New South Wales Mounted Rifles, is in the city. In an interview with a representative of the Daily Chronicle, referring to Lord Roberts' colonial bodyguard on his entering Bloemfontein, he says: "I am afraid that then, as on other occasions, Tommy Atkins was somewhat jealous. There were times when the Australian and Canadian men had to band themselves together for mutual protection from the Imperial troops."

Children Cry for
CASTORIA.

DE WET'S FORCE IS DIMINISHING.

He Is Heading for the Orange Free State With Only Three Hundred Men.

GENERAL BULLER HAS ADVANCED

Yesterday He Was Within Fifteen Miles of Belfast — Met With Some Resistance.

LONDON, August 23.—Lord Roberts reports to the War Office, under date of Pretoria, August 22, as follows:

"Buller's division marched to Van Wycksvlei, 15 miles south of Belfast, yesterday. His casualties were twenty.

"Paget reports from Hammanskraal that Baden-Powell engaged Grobler's rear-guard all day yesterday. Grobler was driven back east of Pinaars River. Baden-Powell occupied the railway station of that name. During the fight Baden-Powell's advance and that of the enemy galloped into each other, the Rhodesians losing Col. Preckley and four men killed, and seven wounded. Many of the Boers were killed or wounded. They were at Cyferkuil this morning. Plumer and Hickman were closely pursuing them.

"It seems certain that De Wet, finding it hopeless to make his way eastward, has recrossed the Magaliesberg with a few wounded, with the intention of returning to the Orange River Colony. He is in a very different condition from that when he left Bethlehem with six or eight guns and 2,000 men. His guns have mostly been buried, and his personal following cannot be more than 300.

"It is stated that Steyn, with a small bodyguard, has crossed Pinaars River on his way to join Kruger at Machadodorp.

"The Boers yesterday blew up a portion of the railway at Koetzes Drift, five miles north of Newcastle, and damaged the rails at a point thirty miles south of Newcastle."

OOM PAUL'S LATEST.

LONDON, August 23.—President Kruger, according to a despatch from Lorenzo Marques, to the Daily Express, has issued a proclamation counter to the latest proclamation issued by Lord Roberts:

The Transvaal President says:

"It will help you nothing to lay down your arms or to leave the commandos. Every step homeword means a step nearer St. Helena."

THEY WANT HONEST OFFICIALS.

LONDON, August 23.—A despatch to the Standard from Durban, Natal, says that six thousand Uitlanders have registered there. A committee has addressed a protest to Sir Alfred Milner, governor of Cape Colony and High Commissioner in South Africa, against the appointment as officials in the Transvaal of persons whose character and antecedents merit the abhorrence of honest men. The committee says that such appointments will bring discredit upon the Administration, and amount to a public scandal.

FARMS FOR COLONIAL SOLDIERS.

CAPE TOWN, August 23.—The Chartered Company has decided to grant a hundred farms in Rhodesia, of 3,000 acres each, to members of the Yeomanry or Australasian and Canadian Volunteers who are bona fide settlers, and to distribute a quantity of breeding cattle among them. The conditions attaching to the offer are very light. The company will also pay such settlers a sum of £25 per annum as a retainer for their military services.

ADELAI'S ALLIES—THE BOERS.

SEDALIA, Mo., August 23.—Adelai E. Stevenson, Democratic nominee for vice-president, and A. M. Dockery, the candidate for governor, opened the Democratic campaign in Missouri yesterday before the largest audience that has ever assembled in this city. Mr. Stevenson's speech was devoted almost entirely to Imperialism, and was largely a repetition of his Indianapolis speech. During the course of it he referred to the Boers as "our allies in a foreign country."

NOT MISSING—BUT WOUNDED.

(Special to the Star.)

WINNIPEG, Man., August 23. — W. J. Robison, of this city, who for some time had been in doubt as to the fate of his son, who is fighting with the Strathcona Horse in South Africa, on account of the cable announcing him as missing, has received with much satisfaction a communication from Lieut.-Col. Steele, saying that Robison was only slightly wounded and not missing.

MAFEKING RELICS SOLD.

LONDON, August 23.—At a sale at Stevens' Covent Garden auction rooms yesterday, a set of Mafeking stamps brought thirty-eight guineas. The Mafeking monkey, "General Snyman," which was trained to ring a warning bell during the siege, was sold for forty guineas.

HOW ABOUT WALL PAPERS?

For three weeks now we've been advertising Wall Papers at just about one-third regular prices. As a matter of course we expected big trade. As a matter of fact we've had an avalanche of business, with orders coming in my mail from all over. We insist that no such values have ever been offered before in the retail history of Montreal, and we get no more at the prices when these are gone.

The special sale was intended to stimulate trade during the dull season, and give the store the biggest kind of an advertisement. It has been a big bounding success from the start and we help it along with these "extra specials" for Friday:

1000 rolls, Grounded Glimmer Papers, in Chocolates, Creams and Buffs, full 8 yards long, suitable for halls, dining-rooms, bedrooms and ceilings; were 7, 8 and 10c., Special for Friday, 3c.

Extra heavy Canadian and American Grounded, Glimmer and Gilts in Floral, Scroll and Conventional Designs, for parlour, dining-room and bedrooms; were 10, 15 and 20c. Special for Friday, 5c.

500 rolls, 21-inch Leather Embossed Papers, in rich dark Maroons, Green and Blues, up to date for libraries, halls and dining-rooms; were 40 and 50c. Special for Friday, 10c.

2000 rolls, 9 and 18-inch Borders and Friezes, in Floral and Scroll Designs, light and dark colours, suitable for tinted walls; regular price 25 and 40c. Special for Friday, 12 and 20c. roll.

This fact deserves emphasis. We can't afford to sell Wall Papers the year round at prices we're selling at now. It's easy to understand that something has got to be done to keep things active during August. Our plan has been to place large advance orders during the manufacturers' dull season and get the benefit of the lowest possible cash prices. That brings us very near the actual cost of Wall Paper, and puts us in a position to discount the trade right and left.

DEPARTURE OF INVALIDED CANADIANS FROM LIVERPOOL

London Times Correspondent Describes the Farewell Given Them.

MEN EXPRESSED THEMSELVES AS PLEASED WITH THE TREATMENT RECEIVED IN ENGLAND.

The Elder-Dempster Line steamship Lake Ontario, with the invalided Canadian soldiers on board, should reach Quebec some time to-morrow. The English mail, to hand to-day, brings the details of their departure. The London Times of the 15th inst. says:

A very enthusiastic farewell was given yesterday afternoon by a great crowd on Liverpool landing stage and piers to 120 Canadian soldiers invalided from South Africa and leaving for Canada in the Beaver Line steamship Lake Ontario. As the bronzed men lined up near the steamer the band of the 2nd Vol. Batt. King's Liverpool Regiment played "Soldiers of the Queen," while the crowd cheered lustily. On board the soldiers were greeted by the Lord Mayor of Liverpool and other gentlemen as well as by Lieut.-Col. Delamere, of the Queen's Own Rifles, Toronto, who, returning with the Canadian Bisley contingent, took command of the invalided troops for the voyage. Among the members of the team on board were Major F. S. Mackay, Major Thompson and Lieuts. Munro and Lamont.

A CORDIAL WELCOME.

The Lord Mayor, who was warmly cheered, extended a cordial welcome and bade a sincere God-speed to the invalided soldiers. He said he was delighted to be present and had delayed his holiday for that purpose. He thanked God that they had returned safe, but scarcely sound yet. One of the men, he was told, had been pierced by eleven bullets, and from what they knew of the bravery with which the Canadians rushed to the front he would not be surprised to hear that he was not the only bullet-riddled soldier. He was sorry that they had not given him the opportunity of entertaining them at the Town Hall; but could understand their hurry to get home. If they had remained a few days in Liverpool, every man, woman and child in the city would have given them a hearty reception. A very striking feature in connection with the war which would never be forgotten was the way it had consolidated our great Empire. (Cheers.) It must have gladdened the heart of the Queen to know that Britishers, wherever they were, were willing to shed their blood for the honour and glory of the English flag. (Cheers.) The colonies had shown themselves second to none, and in the picture galleries in the future, where there would doubtless be records of the brave deeds done during the war by the British soldiers, the colonials would be well represented. (Cheers.) Not one branch of the service had done braver deeds than the Canadians. They had been taught some useful lessons ,and despite depressions and disappointments they had fought successfully a justifiable war. (Cheers.) There were happy times in store for South Africa, and the Boers would find it better to be under the sway of Queen Victoria than under that of Mr. Kruger. (Cheers.)

INTERVIEWS WITH MEN.

The invalided men represented various sections at the front, but were mostly of the Royal Canadian Regiment, which was the first to go to South Africa, and has suffered so much that there are only about 300 remaining on active service out of an original 1,100. In conversation the men, generally, said that they considered the treatment in the field hospitals very rough, though it was only what they were prepared for when they volunteered for service. Some of the men had been on furlough in England for several months, and spoke in warm praise of their treatment while in England, particularly in London. They also desired to express gratitude for their reception on Monday by the Mayor of Canterbury. They regretted the complaints lately made by Canadian volunteers as to their treatment in Liverpool, as they were sure that if the local authorities had known of their arrival in time they would have been handsomely treated. The soldier referred to by the Lord Mayor as pierced by eleven bullets was Private Kennedy, of the Royal Canadian Regiment, a stalwart young fellow who appeared to be robust as well as in good spirits. It was at Paardeberg that he was a target for many rifles. The only complaint he made was that he was not allowed to return to the front when he came out of the hospital. As the steamship moved away the band played "Auld Lang Syne," and the enthusiastic cheers of the vast crowd were reciprocated by the soldiers on the ship.

PIONEER POSTAL CORPS.

OTTAWA, Ont., August 23.—Lieut. Ecclestone, in charge of the Canadian postal corps in South Africa, writing to Dr. Coulter, Deputy Postmaster General, states that Sergeant R. J. Johnston, of Winnipeg, a member of the postal staff, has been invalided to Netley after a severe attack of enteric fever. Murray, of the London division, has been detailed for duty with the Canadian Mounted Rifles and has rendered such good service that he has been recommended for promotion to the rank of sergeant-major. India has sent a postal contingent of four natives to South Africa to look after the India work. The Australian postal men quit sorting letters to get into the fighting line, with the result that they had to be replaced with another postal staff from Australia. The Canadian postal corps stands as the pioneer contingent from the colonies, and their good work is warmly commended.

CAPE COLONY TREASON BILL READ A SECOND TIME.

Passed Through the House of Assembly Without a Division.

IT FIXES THE RESPONSIBILITY AND FUTURE STATUS OF REBELLIOUS SUBJECTS.

CAPE TOWN, August 23.—In the House of Assembly yesterday the treason bill was sent to a second reading, without a division. On July 26 last the ministry of Sir John Gordon Sprigg introduced in the Cape House of Assembly the indemnity and special tribunals or treason bill. Its second reading was moved August 1, by Mr. Rose-Innes, attorney-general. The debate on this motion was very bitter, and occupied the attention of the House for five sittings.

Broadly described, the treason bill fixes the responsibility and future status of rebellious subjects of Queen Victoria in the colony of the Cape of Good Hope, although the question of compensation is left to another session, and the crux of the debate was the question whether indemnity should include amnesty.

ATTACKED CHAMBERLAIN'S POLICY.

The Afrikander Bund leaders availed themselves of the opportunity to attack Mr. Joseph Chamberlain's South African policy, especially as it affects the Cape Dutch, and to accuse Mr. Schreiner, himself a Dutchman, of "betraying the Dutch," and of violating implied, if not express pledges to the Bund. Messrs Schreiner and Solomon had voted with the Government majority on the first reading.

Mr. Rose-Innes, in moving the second reading, appealed to the members of the House to exercise common sense and self-restraint in dealing with the bill, remarking that if the colony emerged from the ordeal it would amply vindicate its rights to self-government. He characterized the punishment which it was proposed by the bill to mete out to the rebels as the "mildest imaginable," observing that the rank and file, if tried by the ordinary courts, would be liable to disfranchisement for life. He said that if the Afrikander party suffered, owing to the disfranchisement of rebels, no blame could be attached to the Imperialists.

Mr. Merriman, speaking for the Opposition, declared that the bill was an expression of Mr. Chamberlain's desire to establish an artificial majority to do his bidding, and to grind the whole race. He predicted that it would perpetuate strife, render a settlement impossible, and create new crimes. He said he had not the slightest doubt that the object of the bill was to wreak political vengeance on the Afrikander party.

A RIFT IN THE CLOUDS.

Mr. Schreiner, accepting Mr. Merriman's challenge, as a veiled censure of himself and his government, said he would support the treason bill, which showed wisdom and statesmanship, because it formed a rift in the clouds of the future. From his point of view it was a lenient measure.

His colleagues had failed to recognize that amnesty was a constitutional prerogative of the Imperial Government. When Mr. Chamberlain's reply was received to the ministerial minute, urging an amnesty—an act on the part of the Cape Government that implied no interference with the prerogative of the British Crown, and when it was found that this reply modified the first proposals, he (Mr. Schreiner) urged the summoning of a meeting of the Afrikander party. A majority of its members refused to accept the proposition of a five years' disfranchisement, whereupon he immediately resigned. He said he wished utterly to repudiate the charge that an Afrikander conspiracy had ever existed. If a conspiracy had existed, why was he not in it? Sympathy with the Boers was not disloyalty, providing that true allegiance was maintained.

BURNT TO DEATH.

Mrs. Felix Labelle's Tragic Fate at Her St. Rose Summer Residence.

UPSET LAMP IGNITED GARMENTS

Self-Closing Door Hindered Rescuers in Their Attempt to Save Her Life.

Mrs. Felix Labelle, wife of the senior member of the firm of Labelle and Payette, masons and contractors, of this city, met with a horrible accident at her summer residence, at Ste. Rose, last evening, and after great sufferings died at an early hour this morning. Her clothes were set on fire by a coal oil lamp which was upset. Mrs. Labelle, who was an invalid, was alone in the house with a young girl when the accident happened. The girl ran out for help and when she returned with the neighbours the door, which was a self-closing one, was found shut, and the rescuers had to break through a plate glass window to get into the house. When help reached the poor woman she was found terribly burnt, and she died at an early hour this morning. Ste. Rose is much excited over the sad event, and great sympathy is felt for Mr. Labelle. Previous to her marriage the deceased was a Miss Filiatrault. She leaves no children. Mr. Labelle reached home some time after the accident.

ANNUAL GUN PRACTICE.

Members of the 2nd Regiment Canadian Artillery Leave for Quebec.

About 115 men of the 2nd Regiment of Canadian Artillery left for Quebec last night en route for the Isle of Orleans, where they will perform their annual gun practice. A few more went down to-day. Lieut.-Col. Cole was in command, and the other officers were Major England, Captains Renouf, Motherwell, Semple and Lieuts. Lyman, Burnett, Wilson-Smith and Glass. The men will be quartered in the Citadel, going each day to the Island of Orleans for their firing practice. The guns used will be supplied by the permanent corps, and are 40-pounder R.B.L. guns. They will return by boat to-morrow night, reaching the city early Saturday morning.

The annual inspection of the regiment will be held by Lieut.-Col. W. H. Cotton on October 3, 4 and 5.

SUGGESTS SOME CHANGES.

Superintendent of Markets in His Report Points Out Necessary Reforms.

The Market Committee met yesterday afternoon and disposed of a quantity of routine business. Mr. Biron, superintendent of markets, submitted his report asking for a change of system in various markets. The report, as already stated, asked that farmers be made to pay their fees more promptly at Bonsecours market; that milch cows be not allowed to be on the market for days before they were milked, and that the police be instructed to be on the lookout for peddlers who did not pay their licenses. It was also the opinion of Mr. Biron that at times calves were sold that were unfit for food, and that the inspectors should be appointed to stop this abuse. The recommendations were left over for further consideration.

AMUSEMENT NOTES.

Next Monday the Academy of Music will open its season, and Mr. Sparrow and his manager, Mr. Edwards, promise a season of attractions even better than those given last year, which were better than Montreal had ever seen before. Though no formal announcement has yet been made, the management hint that they have some surprises in store for their patrons this season. Next week the attraction will be "Very Little Faust," a breezy musical comedy. Miss Kate Condon will play Mephisto and the comic work will be supplied by Mr. Otis Hartan.

The regular season of Her Majesty's Theatre will open on Monday next, when the John A. Grose Stock Company will be seen for the first time. The company has been in town for several weeks; it has been rehearsing daily, and Mr. Grose declares himself more than satisfied with it. He promises something far above expectations, so that naturally much interest centres around the initial performance. The company is composed of English actors and actresses, and they are consequently well suited to the opening play, "Tommy Atkins," which is of course a British military play.

Only five performances more are to be given by the Baldwin Stock Company, which has had so successful a season at Her Majesty's. To-night the company will be seen in "Little Lord Fauntleroy," which will be repeated on Friday night and Saturday afternoon and evening. "East Lynne" will be given at the matinee to-morrow afternoon.

The Black Patti Troubadours will return for a week's engagement at the Theatre Royal next week. The company is well known in this city, where it has filled more than one successful engagement, but this year it has been increased and new features have been added, so that the participants in the fun-making will have new vehicles for the conveyance of their efforts to please. The performance opens with a skit called "A Darktown Frolic on the Rialto," in which the entire company takes part, excepting Black Patti, the prima donna, who appears at the end. Following this coon conceit will come an olio of specialties, which includes turns by the Troubadours' male sextette; Al. and Cecil Watts, delightful duplex darkies; Mattie Phillips, queen of fantastic cake-walkers; Ida Forcen, the greatest buck and wing dancer, and many others.

CHINESE CABLES.

The Great North-Western Telegraph Company has been advised that a new cable has been opened for business between Che Foo and Taku, China. Also that the Tsinanfu-Pekin courier service is suspended, the couriers not having been able to arrive there. Telegrams have, however, been re-forwarded by telegraph from Tsinanfu, via Che Foo, and from there by best means possible.

ROLLING STOCK INJURED.

A collision, attended with considerable loss to rolling stock, occurred to a Grand Trunk freight train in the Point St. Charles yards on Tuesday night. The train had just cleared the Victoria bridge when the rear end broke loose from the front end, the two sections afterwards colliding with great force. Five or six cars were smashed and traffic was interrupted for some time.

RAILWAY NEWS.

Mr. H. D. Badgeley, of Chicago, assistant general passenger agent of the Chicago Great Western Railway, was in the city yesterday.

Mr. H. R. Charlton, of the Grand Trunk Advertising Bureau, left last night for Toronto, to superintend the installation of that company's exhibit at the exposition, which will open next Monday.

Mr. Herbert, superintendent of the eastern division of the Grand Trunk, will have for his guest to-morrow his brother, Mr. R. W. Herbert, of Pittsburg, Pa., where he is connected with the Times-Despatch.

Mr. J. E. Malone, city travelling passenger agent of the Grand Trunk, will leave Saturday night for Detroit, in charge of the Maine contingent of Knights of Pythias, who will attend the biennial encampment at Detroit.

Mr. D. O. Pease, city passenger agent of the Grand Trunk, will leave to-night for Portland, Me., to take charge of the special train which will be run via Montreal for the members of the Grand Army of the Republic, from Maine, who will attend the encampment at Chicago.

DEFINE THEIR POSITION.

Joint Committee of Brotherhood of Trainmen and Conductors Issue Statement.

C. P. R. OFFICIALS AFFIRM THAT MEN ARE AS WELL PAID AS CIRCUMSTANCES PERMIT.

A statement was issued yesterday by the joint committee of the Brotherhood of Trainmen and Railway Conductors bearing upon the trouble at present existing between the officials of the C. P. R. and the conductors and trainmen in their employ, and which has resulted in a demand for an increase in wages on the part of the former.

The chief controversy is over an increase of the present scale, entered into in May, 1898, by which trainmen are paid $1.87 per 100 miles, beginners or juniors, as they are known, receiving $1.43 per 100 miles. The men ask for a flat scale of two cents a mile for trainmen, three cents a mile for conductors, the abolition of the junior scale, and where over forty cars are hauled on a train a third brakeman is to be employed instead of two as under the present rule.

The statement given out by the committee is as follows:

"In May, 1898, the schedule now in force was drawn up, subject to sixty days' notice by either party. This we gave April 26, 1900, by presenting a new schedule of rules and rates. On July 31 last our divisional superintendents handed us a new schedule bearing the signature of Mr. J. W. Leonard, general superintendent, which was virtually a cut of about 10 per cent. below the rate under which we are now working. Action was immediately taken, and at a general meeting held at Toronto, August 6, it was decided to hold a conference with Mr. Leonard. We met August 7-8, and were given to understand that not only did the company object to the increase asked for in our new schedule, but thought it was paying us too much. This we consider unreasonable, in view of the fact that much extra work has been added. We did not receive any satisfaction at the conference, with the exception of the statement that no increase would be granted. We came to Montreal, and met Messrs. Tait and McNicoll, who gave us similar answers.

"One of the grounds on which we base our claim is the fact that the engineers and firemen received an increase, voluntary so far as they are concerned, for hauling larger trains. We are handling from 25 to 33 per cent. more freight since the introduction of heavier engines, thus increasing the earning capacity of the line.

"In regard to this being a move by the younger element, as stated, the committee positively declared that the older men are prepared to back them up in any action they may take. The members of the joint committee are all experienced railroad men and not one of them has had less than ten years' experience in the employ of the Canadian Pacific.

"The officials say they are willing to submit the case to arbitration as a fitting way of settling the difficulty, but this we refused, for the reason that it had never been found necessary before. Another thing is they consider themselves fully capable of dealing with their own affairs, and of which no outsider could be a judge without years of hard experience. The company has also stated that it was willing to rearrange the rates—that is to take off from some runs and pay the difference to others. This we consider an injustice, as we do not know of a single case among trainmen where any one is overpaid."

It is understood that the company has intimated that it cannot see its way clear to grant the demand, from the fact that the business outlook, especially in the North-West, is such as will not justify an increase at this juncture.

Another matter, the officials say, is that, taking all things into consideration its men are better paid than those on any railway in Canada. Its cars are fitted with the most approved equipment, thus lessening the danger and actual labour of years ago. This, it is argued, more than offsets the responsibility involved in the operation of heavier trains.

MISSOURI JOURNALISTS.

Party of Seventy-five Visited the City Yesterday.

A party of Missouri journalists reached the city last night on the steamers Bohemian and Toronto, and after a brief stop of an hour's duration left for Quebec by the Quebec boat. They will return to-morrow and spend a day in this city, going thence to Portland, and returning to St. Louis via Detroit and Chicago. There are seventy-five members of the Missouri Press Association in the party, which consists very largely of the weekly press of the state.

ASSESSORS' WORK ANOMALISTIC.

To the Editor of the Star:

Sir,—In to-day's Star, under the title "Assessors' Work," appears a card or news item in which it is stated "That the Assessors, after much arduous work, have completed assessing property in the city for the current year, and imposing regular business taxes." This is hardly correct, the Assessors do not impose the taxes. Their duties are to determine, according to law, the value of real property and to verify the annual value or rental of all such property. They impose these values, and are required by law to hear complains as to their estimates of same, which, according to their own admissions, are often unqualified impositions, as we read: "This year a great many complaints were heard by the Assessors from those dissatisfied with the valuations imposed," and in many cases they corrected their errors of values, the amount of the tax being modified ipso facto. It is an enigma to me, considering that the Assessors can only hear complaints, according to charter enactments, based upon an entry in one or other of the assessment rolls, after due notice of its or their completion has been advertised in the daily press. Considering that the valuation roll of immoveables is not yet completed, or required to be completed, before 1st September next, one is curious to learn how complaints could be formulated, or heard, reductions of valuations made, or rejected, legally, without observing these formalities.

LATE MR. COUSINEAU.

The funeral of the late Mr. Louis Cousineau, who was drowned at Fraserville, held at St. James Church, was very largely attended. The chief mourners were Mr. Narcisse Cousineau, brother of the deceased; Messrs. W. Lescarbeau, Alderic Pilon, B. Forget, Edmond Gauthier, Alfred Gauthier, and Elzear Provost.

ELECTED TRUSTEES.

At a meeting of the debenture holders of the Chambly Manufacturing Company yesterday afternoon, Mr. Rodolphe Forget and Mr. C. E. L. Porteous were elected trustees, in the place of Mr. H. S. Holt, who had resigned, and of the late Mr. Robert Cowens.

The Paris edition of the New York Times says over ninety applications for the decoration of the Legion of Honour have been made by the American commission, which is twice as many as made by any foreign commission.

WESTERN MEN WON.

New Westminster Champion Lacrosse Team Defeated Montreal Yesterday.

IT WAS A GOOD EXHIBITION.

Cornwall Is Ready to Face the Shamrocks Here on Saturday Afternoon.

A SMALL audience sat on the big stand at the M. A. A. A. grounds yesterday afternoon and saw the British Columbia Lacrosse Champions romp away from the Montrealers and finally win out by a score of five goals to two.

Exhibition lacrosse has never been a very popular amusement here, and this fact coupled with the threatening weather probably interfered with the attendance to a considerable extent. The gentlemen who have travelled so far to show us how they play the National Game in their section of our great country deserve encouragement, and their games ought to be well patronized. Then these people have something to show. They play a game that is not much different from what we do ourselves, but it is a different game from that which the Montreal Lacrosse Club expounds, hence the reason for the victory of the western aggregation.

The Montreal team was without the services of Arthur Moore on the defence, and Coldwell and Bruce Day were playing at centre and inside home respectively. Cameron took Moore's place. "Billy" Christmas was moved well in on the home and "Ernie" was left in the home field. This change did not work at all satisfactorily, and in the third game "Billy" Christmas was moved back to centre field and Porteous was placed at inside home. This was an improvement and the work of the home, which heretofore had not been of the very best, immediately picked up. Altogether Montreal had a good team and they played the game in their usual style.

The Western men lined up a solid, well built lot that created a favourable impression at first sight. Their work was good, their victory proves this, but there are several teams in Eastern Canada that ought to be able to defeat these western champions without any difficulty. However, it may be that the New Westminster boys were not forced to their limit yesterday and may have a lot of good lacrosse in reserve that may surprise the eastern men. The defence is strong and steady, but it is a defence that leaves many opportunities for a speedy home and looks as if it would scatter easily. The field is good and was always ready to relieve the defence and supply the home with the ball. The home is speedy and jumps right in on the poles, but there is one man who managed to spoil several nice pieces of play, but a tendency to slip out to the edge and find out where he was at. There is one nice stick handler who handles his 'crosse like Hoobin and his work was good at all stages. In the early part of the match the attack placed lops passes which were easily intercepted by "Billy" Murphy, but they soon awakened to this and sent in good low passes that proved very effective. Throughout the game they played with a confident air and took chances in sending the ball across the field. The men handle their sticks in a stiff manner and play their lacrosse somewhat as the Victorias of Winnipeg play hockey. They are all strong and muscular, but there is nothing finished about their work, and there is more strength than grace in their work. They bat the ball quite frequently instead of picking it up and passing. However, there is considerable judgment exhibited by the home in the disposition of the men, and an amount of back passing and fancy passes that is astonishing. From goal to inside home the men check with a vim. Their work in this line is very effective and they hold on after a man as long as there is any chance of getting the ball. One gentleman lambasted Taylor in a peculiar manner and received a respite of three minutes for his work. "Bob" Cheney and Christmas came together and took a few whacks at each other and were also sent to the fence. Outside of these two incidents the game was free from anything unusual and was played out in a friendly manner.

Mr. Harry Brophy acted as referee in a manner that showed he still retains his grip on the game and ought to see more active service.

CORNWALL IS CONFIDENT.

(Special to the Star.)

CORNWALL, Ont., August 23. — The Cornwalls will go down to Montreal on Saturday, confident that they will disperse the Shamrocks. They have only one more match after Saturday's, that with the Nationals on September 1, and they figure that these two wins will put them in second place. The fact that the Capitals shut the Shamrocks out on Saturday has not had the slightest effect on the heads of the local team. They have gone up against the men in green often enough to know what to expect when they set foot on the Shamrock soil. Yesterday evening they were out in full force. Yesterday afternoon the strongest junior team available were out under their new captain, Dick Mulcahy, who for five consecutive years piloted the Aberdeens to victory in every match they played. The game yesterday afternoon was hot from the start, the young blood mixing it up with their older opponents.

This afternoon the boys turned out to put on the finishing touches, and if the Shamrocks can down the aggregation that departs Saturday morning for Montreal, they will have a tough time in doing it.

CHANGES ON SHAMROCK TEAM.

There will be several changes on the Shamrock team and the twelve men who will line up against Cornwall will probably include several for whom the match will be their initial bow to senior ranks. Some of the players are laid up as a result of the game with the Capitals, and it is hardly probable that Johnny Currie will be able to play. The speedy centre man has been confined to his home as a result of the game and has not been able to turn out for practice. The home will have a shake up and several men will be tried out. There was a good attendance at practice last night and the Capital defeat does not appear to have disheartened the Shamrocks to any extent. They have taken their loss in a philosophical manner and will endeavour to win out their succeeding matches and secure as high a position as possible in the series. The Cornwall aggregation has a similar ambition, and having no desire to finish tailenders, will send down on Saturday their best material and try to wrest a win from the Shamrocks on the latter's own grounds.

SHOTS.

The visitors know how to check.

"Bob" Cheney has not lost his cunning.

The New Westminster team plays in Quebec on Saturday.

The crowd soon discovered Sharkey on the visiting team.

"Biscuits" created a favourable impression with the boys.

Dr. Irvine scored Montreal's first goal by batting the ball into empty nets.

Coldwell's work at centre was not particularly brilliant, and there was a big improvement when "Billy" Christmas went back to his own position.

IN THE AQUATIC WORLD.

ANNUAL YACHTING CRUISE.

Outing for the Royal St. Lawrence Yacht Club.

At a meeting of the Royal St. Lawrence Yacht Club the following arrangements were made for the Lake of Two Mountains Yachting Regatta and the annual cruise to Hudson and Carillon.

The club launch will leave Dorval headquarters promptly at nine o'clock Saturday morning with Lachine and Dorval yachts in tow and stop at Lakeside when the Bay yachts will be hitched on. The launch will then proceed to Angus' wharf, getting there prior to the arrival of the 1.30 train at Ste. Anne's. Crews are requested to join their respective boats at Mr. Angus' wharf, and not at the canal locks as heretofore. After the Lake of Two Mountains race the fleet will proceed by sail or tow to Hudson to enjoy the annual bonnet hop given there for the Lake St. Louis sailors, and on the following day the fleet will cruise to Carillon and tow back to headquarters Sunday night. Mr. James Paton has been asked to act as Fleet Captain. Every yacht will be charged a towage fee of two dollars for cruise and return.

None but yachts owned or chartered by club members will be entitled to be towed. Meals will be served aboard the club launch, and skippers will be held responsible for their crews meals to the extent of $1.00 per head.

The cruise which has now become an annual feature of the Yacht Club

WAS A GREAT SUCCESS

last year and should be even more so this year.

The final of the series races for the 17 and 22 foot classes which was postponed last Saturday will be sailed off at Beaurepaire Saturday, September 1st, after the race for the Beaurepaire Challenge Cup. The White Bear Club has sent in its formal challenge to the Royal St. Lawrence. This is the only challenge so far. The club expects, however, a challenge from the Bridgeport Yacht Club, who have already communicated verbally. The Yachtsmen, the English authority, has fallen in with the idea of an English challenge, and is urging some English club to challenge. So far no word has been received from England as to whether a challenge is likely or not. The Longueuil one-design knockabouts have been invited to join the yacht club cruise, and if they can arrange to be on hand at Lachine by 8 o'clock Saturday morning, the club launch will be sent down to tow them up, and will return with them to Lachine Sunday night. It is to be hoped the Longueuil sailors will be able to arrange to come up, as, apart from the novelty of the cruise, they will be enabled to test the speed of their craft against the 17-foot knockabouts of Lake St. Louis, in the cruising race at the Lake of Two Mountains regatta.

TO SAIL THE GENESEE.

ROCHESTER, N. Y., August 23.—Mr. Charles G. Davis, who sailed the Genesee to victory in her races with the Beaver, for the Canada's Cup, last August, has been invited, and undoubtedly will act as skipper of the Genesee in the races in which she will defend the Fisher Cup against the Royal Canadian Yacht Club's challenging next month.

MISCELLANEOUS SPORTING.

GETTING READY FOR FRIDAY.

Both Fitz and Sharkey Confident.

NEW YORK, August 23.—Bob Fitzsimmons is now in perfect physical condition, and is thinking seriously of letting up in his labours. Trainer George Dawson, however, is of the opinion that a little more exercise will not hurt the big Cornishman, and advises Fitz to keep on training until noon to-morrow. After to-day Bob will not do any further boxing. Fitz has been exceptionally cautious, and now uses a pad over the first knuckle of the left hand. This part is the one which Bob has to fear the most, because it caused him to postpone his first engagement with Gus Ruhlin at Tuckahoe.

The ex-champion took on both Jeff Thorne and Bob Armstrong for four rounds each yesterday. Then he had a bout with Prof. Atlas, and the pair wrestled for three-quarters of an hour. When this was over Fitz punched the bag and skipped the rope. A nap followed, and in the evening, after supper he took a run of about five miles. Bob's wind is a little bit defective. He says that this will be all right in about a day or so. Fitz spent a few hours yesterday at his blacksmith forge, which is situated in the yard of his cottage, and turned out several horseshoes.

Fitz will be looked after on Friday night by practically the same men who cared for him in his encounter with Gus Ruhlin. His seconds will be George Dawson, Bob Armstrong, and Jeff Thorne. Percy Williams, his manager and friend, will keep time for him. Fitz is not disturbed over the reports that Sharkey intends to rush him from the start. "I know a thing or two about this sort of boxing," said Fitz., "and Sharkey will realize this before we have gone many rounds. If he does as he says it will not be so hard for me to get at him, and one good solid blow will make him be careful, I assure you."

"Everybody seemed to be on the move at Sharkey's camp yesterday. The former tar is working like a Trojan. In his bouts with Matty Matthews he shows a great deal of speed. He hammers and rushes Matthews for keeps, but the latter stands the gaff like a veteran. Harry Peppers, the coloured heavyweight, is also with Sharkey. The pair go at it hot and swift and many a stiff punch is exchanged. Sharkey's road work consisted of a ten-mile run over the race track at Sheepshead Bay. When he returned he was rubbed down.

"I am taking good pains in learning how to avoid Fitz's noted 'shift,'" said Sharkey. "He will not be able to land that blow on me, I can tell you. I met him once before and I know his style very well. If Fitz meets me the way he did Ruhlin, why there will not be very much to it."

Sharkey will be handled by Tom O'Rourke, Jim Buckley, "Spike" Sullivan and Matty Matthews. His timekeeper will in all probability be his partner, Barney Reich.

Betting on the result is still slow. Fitz remains the favourite at 2 to 1. The Sharkey supporters are waiting for a better price. Speculation will no doubt begin in earnest as soon as the big racetrack men get back from Saratoga. Eddie Kennedy, Sam Fitzpatrick and Milton Roblee have small commissions to place on Fitz. They are willing to give 2 to 1.

BRIEF NOTES OF DOINGS.

On Saturday afternoon a team from the Excelsior Woollen Mills Company will play cricket with a team from the Elder-Dempster Company, on Delormier Park.

A meeting of the Montreal Football Association will be held in the M. A. A. A. rooms, Mansfield street, on Monday, the 27th, at 8.30, to complete arrangements for the fall series. Delegates are requested to attend.

When Bard Palmer took the pacer William H. Moody, he had a record of 2.19½. The gelding reduced his record to 2.12¼ at Old Orchard last week, and won one of the hardest races ever witnessed on the kite track.

WE LOST ONE MORE.

The Ball Game at Rochester Yesterday Went as Usual Against Us.

TORONTO NOW AT SYRACUSE.

The Other Canadian Team Is Still Ahead of Montreal in the List of Merit.

(Special to the Star.)

ROCHESTER, N.Y., August 23.

THE Dooley men were defeated again yesterday in a game that was long drawn out and rather tiresome. McPartlin was hit hard at times, but errors by Bonner and Greminger were the chief factors in Montreal run getting. Souders was hit hard, and listless playing by the Royals assisted the Champions in winning. Rochester was first to score, making two in the fourth inning on four hits and an error by Johnson, who let a throw in from left field get away from him. A base on balls, two infield outs and a single gave the locals another in the fifth, and in the sixth they added two more on a single, a triple and a long fly. It was in this inning that Johnson made the play of the game. Lush knocked a high pop-up and the Montreal second baseman got under it, juggled the ball, let it drop, snatched it before it touched the ground, juggled it again, and slipped to the ground, falling on his back, but managing to catch the ball before it touched the earth. With the score a tie Rochester made three runs in the eighth on three singles and two bad throws by Moran, who twice whipped the ball to second when there was no reason for doing so, and the base was not being covered. Montreal made her first run in the fifth when two singles and a fumble by Greminger let in two men. Another run was scored in the sixth on two singles, one a scratch and Bonner's fumble. Two singles and Raub's slashing triple scored two in the seventh, and after that Montreal was unable to get a man past second.

ON THE MASCOTTE PARK.

There will be a double header on the Mascotte grounds on Saturday afternoon. At one-thirty Mascotte II. and Lachine will meet to play for a valuable trophy, and at three o'clock the Potsdam, N.Y., team will play the Mascottes. The Potsdam team is a strong semi-professional aggregation, and will be able to give the Mascottes a good argument.

LINERS.

Only twelve players are batting over .300 in the Eastern League. The pitchers have certainly got the upper hand of the batsmen.

Unofficial figures place Bransfield, of Worcester, leading the league in batting, with an average of .346. Grey, of Toronto, is second, with .336 as his figures.

Sam Crawford, the former Canadian League outfielder, now with Cincinnati, leads the left fielders in the percentage of chances accepted. He has averaged 3.15 to a game, while Jesse Burkett comes next with 3.04, and that little grasshopper, Jimmy Siagle, is sixth.

The change in the management of the St. Louis Club did not cause much talk in baseball circles. For some time past it has been generally agreed that a shift was likely to occur for the reason that the team was fast losing games and money also. Tebeau could not stop either. McGraw, though not exactly friendly with the fans in the Mound City, will try to get the nine started in that gait, he always had the Orioles working. He has little chance to cut much of a figure the balance of the season.—Ex.

There were all kinds of changes in the Eastern League team makeups recently. Dickson, recently secured by Worcester to play in the infield, was released. He did not wish to be traded. Wrigley, of Syracuse, the fast infielder, goes to Worcester from Syracuse; the Stars get Eustace, formerly of Springfield; Kuhns, of Syracuse, goes to Toronto, in exchange for Clymer and Alloway. The latter is a good pitcher and will strengthen the Stars. Clymer has also been playing a fast game at short for Toronto.—Rochester Herald.

"Bill" Phillips, Cincinnati's crack pitcher, has a new wrinkle to stop "foxey" batters of the Thomas and McGraw stripe from fouling off good balls. He put it in practice yesterday, and as the reds won out it can be said to have worked successfully. Thomas was doing the act throughout the game, and in the eighth innings fouled off ten balls that would have retired him thrice over had he allowed them to pass. "Blonde Bill" called the Quaker down, the latter passed him the lie, and the pitcher came back with a crack on the jaw that put the fielder on the ground. It was forgotten after the game, and they both shook hands.—St. Louis Globe-Democrat.

Neither of the Canadian cities in the Eastern League circuit has a first division team this season, says the Sporting News. This is to be regretted as the patronage in both Montreal and Toronto has been so consistently good as to deserve better representation in the race. They are undergoing the disappointment that comes to every city which has a professional ball team. There has been more or less talk that the Eastern League will cut off its Canadian contingent at the close of this season, but the ironclad agreement between the eight clubs will prevent summary proceedings. That compact is for a term of five years including the present season, and each club is sure of its membership unless it wishes to retire.

FLY-CASTING CHAMPIONS.

CHICAGO, August 23.—In the last day's contests of the world's fly-casting tournament at Garfield Park Lagoon, A. E. Lowett, of San Francisco, won the long-distance contest with 105 feet. F. N. Peet, of Chicago, was second with 102 feet.

The contest in long distance and accuracy, was won by G. W. Salter, Chicago, with a cast of 103 1-2 feet. A. E. Lovett, of California, was a close second with 103 3-5 feet to his credit. The contests in distance and accuracy and in delicacy and accuracy between teams representing Chicago, San Francisco and Grand Rapids, resulted favourably to the Chicago team in both cases.

The best score in accuracy of bait casting was 98 2-5, made by Smith, a Chicago man. Peet of Chicago was second, with 92 2-5, and Lovett of California a close third. There were ten prizes in the event the tenth being won by the high score of 95 1-3 per cent.

RESULTS ON TURF AND TRACK

AMERICAN HARNESS RACING.

The Grand Circuit Meet at Readville Track.

BOSTON, August 23. — The feature of the Grand Circuit meet at the Readville track was the big Massachusetts stake, $10,000, the fifth renewal for 2.12 trotters, and Thomas W. Lawson's Boralma won in straight heats. Despite the fact that the gelding was noticeably lame in his off hind leg, he made a new mark for himself, as well as for the event, 2.09½. During the afternoon The Abbott trotted a half mile to waggon in 1.01¾; while Zembia, a Buffalo horse, was driven a mile to waggon by her owner in 2.12½, cutting a second and a half off her record.

2.12 class, trotting; the Massachusetts stakes, $10,000—Boralma won; Lord Derby second; Big Timber, third. Best time, 2.09½. Ellert, Minuet, Roster, Edna Cook, Maggie Anderson, Miss Whitney, Lady Geraldine, Paddy D., Woodford C. also started.

2.08 class, purse $1,500, pacing—Courier-Journal, won; Free Bond, second; Choral, third. Best time, 2.06¼. Dan Q., Bob Fitzsimmons, Flirt and Bellewood also started.

2.10 class, pacing; purse, $1,500—Dumont W., won; Mazet, second; Joe Pilot, third. Best time, 2.06½. Art Alco, Sphynx S., Cheslea, Norvin and Halma McEwen also started.

2.17 class, trotting; purse, $1,000 — Joe Watts won; Genevieve, second; Laverna, third. Best time, 2.13¾. Enoch Philip, Dr. L. Wasco, Winnifred, Louise, Wildwind, Ginter and Cello also started.

Special against time—The Abbott to beat 2.06¼, trotting. Time, 31¼; 1.03; 1.33¼; 2.05¾.

THE KICKERS IN SESSION.

But Contrary to Their Usual Custom Did Not Have Any Complaints.

SOME OF THE BEST SCORES MADE AT THE ONTARIO RIFLE RANGE MEETING.

LONG BRANCH RIFLE RANGES, Ont., August 23. — The semi-annual meeting of the O. R. A., commonly known as the "Kickers," took place yesterday afternoon. Nothing out of the ordinary transpired.

The following were elected to select the provincial eight for the London Merchants' Cup, in the annual D. R. A. matches: Major Mason, Major MacDonald, Lieut.-Col. Bruce, Captain Helmer and Lieut.-Col. Hughes. This is the same as last year, with the addition of Col. Hughes.

The same officers were elected to represent the Association on the council of the Dominion Rifle Association.

It was decided that the second stage of the Corporation Match, which was billed for Friday, be shot off to-day instead.

The shooting has been remarkably good and the weather, wind and light, could not be better.

SIR CHARLES TUPPER'S MARITIME TOUR

Leader of the Opposition Enthusiastically Received All Along the Line Yesterday — Extended a Warm Reception at Moncton Where He Delivered a Brief Address — He Will Speak at Amherst on Friday Night.

(Special Staff Correspondence.)

AMHERST, N.S., August 23.—Sir Charles Tupper, accompanied by Lady Tupper and their son, William, arrived here on the C.P.R. Halifax express last evening, the latter going on to Halifax.

Sir Charles was received at the station by a large deputation of leading citizens, and after being presented to those who had assembled to greet him, was driven to the home of Mr. Charles Hillson, with whom he will stay during his sojourn in Amherst.

To-day was devoted to consultations with party friends, and to-morrow he will attend the Liberal-Conservative convention to choose a candidate for Cumberland and address a public meeting in the Academy of Music in the evening.

From the hour Sir Charles left breakfast in the dining car yesterday morning until he reached Amherst, he was receiving party friends.

Delegations would board the train at most unexpected places and accompany him to some point further on in order to discuss the issue of the day and the forthcoming campaign.

MET BY MR. FOSTER.

Hon. George E. Foster met him some distance east of St. John and accompanied him to Salisbury, making arrangements for their meetings in New Brunswick at Moncton, St. John and Fredericton.

The former, it is understood, will take place on September 6 and the other two subsequently.

At St. John Sir Charles Tupper's car was besieged by callers. When the train arrived at Moncton the platform was seen to be thronged by leading citizens and people from the country surrounding.

After Sir Charles had been introduced to a number of those present he addressed the gathering, speaking from the rear platform of the Pullman.

His remarks were attentively listened to and the crowd cheered heartily when he announced that the Conservative leaders would soon have to leave the cool shades of Opposition to take up the reins of power.

There is no doubt of this, said Sir Charles, after gracefully returning thanks for the reception accorded him, and announced that Mr. Foster had arranged that he should speak in Moncton on September 6. He thought that we were on the eve of a general election.

"The time has rolled around quickly, more quickly, I think for us who were in the quiet, cool shades of Opposition, than for those on the treasury benches. I greatly fear, however, if I mistake not the signs of the times that we shall soon have to leave this comparative retirement to assume the duties and responsibilities of government." (Cheers.)

LIBERAL INABILITY TO RULE.

Sir Charles then showed that the Liberals had amply proven their inability to govern the country and pointed out that it was an historic fact that the Liberal-Consevative party as such had never been defeated by its opponents. On two occasions since Confederation, when it had lost power, it was owing to division in the ranks.

The party now presented a solid front to the country and it would achieve victory aided by the solid independent minded Liberals, who were disgusted by the present exhibition of incapacity, extravagance and violation of promises. Sir Charles was heartily cheered as the train moved out, and waved his acknowledgments.

Last night the Amherst band, after a concert on the square, serenaded Sir Charles at Mr. Hillson's residence, and he made a short speech in which he paid a touching reference to the loss the county and the Dominion had sustained through the death of Hon. A. R. Dickey.

A NOTABLE EVENT.

Details of the Blowing in of the Granby Smelter at Grand Forks.

(Special to the Star.)

GRAND FORKS, B. C., August 23.—The Granby smelter was blown in at 10.30 o'clock Tuesday morning. Two hours later the ore had become thoroughly fused and matte and slag commenced to pour from the furnace in a molten stream. The plant worked perfectly, and some 500 tons of ore were put through. Although the event marks an historic epoch in the history of the Boundary Country, there was no formal celebration. British and American flags flew in honour of the occasion. At the outset only one furnace will be utilized, but the other will be started next week. The ores now being treated are those of the Knob Hill, Old Ironsides and City of Paris mines. Among those present at the smelter were S. H. C. Miner, president of all the companies embraced in the Miner-Graves syndicate; Jay P. Graves, general manager; W. A. C. Flummerfelt, assistant general manager; W. G. Wooster, secretary of the smelter; H. N. Galer, assistant treasurer; A. B. Rodges, superintendent; Mayor Lloyd A. Manly and J. MacKinnon, of the Eastern Townships Bank.

GOING OUT OF POLITICS.

Announced in Toronto That John Ross Robertson Will Not Seek Re-election.

(Special to the Star)

TORONTO, Ont., August 23. — It is now definitely known that Mr. John Ross Robertson, who has sat for East Toronto as an independent Conservative for the past four years, will not seek Parliamentary honours again. The Conservatives of East Toronto are very anxious to see Mr. A. E. Kemp the president of the Board of Trade, as their representative in Parliament, and the utmost efforts will be made to induce him to accept the nomination.

NO MONEY FOR RIFLE CLUBS.

That is the Department's Decision for the Present Season at Least.

(Special to the Star.)

OTTAWA, August 23.—It is officially announced that the Militia Department will announce no policy this year with regard to rifle clubs. Apart from the difficulty of devising a policy, the department has come to this decision on the ground that no vote for extra rifles was given this year, and that the stock in hand being barely sufficient to meet the demands of the existing forces, it would be impossible to make any arrangements by which the rifle clubs would be supplied with arms.

SCOTTISH GATHERING OF CLANS

BELLEVILLE, Ont., August 23.—The Grand Scottish gathering of the Clans held here yesterday was in every way a big success both financially and numerically. The 48th Highlanders' band of Toronto were present and scored a big hit. The day was made the occasion of a big reunion of old Belleville folks and fully 6,000 visitors were in the city. The sports consisted of foot races, bicycle races and dancing and musical competitions. Sergeant Williams and Private Stewart gave sword, bayonet, quarter staff and single stick exhibitions. The Highlanders pulled off a tug of war with the Argyle Light Infanty, and were beaten in two straight pulls.

The extensive plant of the Maryland Telephone Construction Company at Baltimore, Md., was destroyed by fire Wednesday. The loss is estimated at $112,000.

REFUSE ALL SUBSTITUTES.

Insist on Your Dealer Supplying You with the Genuine

Putnam's Painless Corn and Wart Extractor.

Putnam's Painless Corn and Wart Extractor was, thirty years ago, the first and only remedy for the removal of corns and warts on the market. Since then hundreds of base, worthless, flesh-eating substitutes have followed it, and are to-day being palmed off on the public for the genuine "Putnam's."

Watch the unscrupulous dealer who would offer you "something just as good," "better," etc. It is not your interest or comfort he is considering, but the additional profit offered by harmful and often dangerous imitations.

Substitutes and imitations are never as good as the original article, and are always a source of dissatisfaction and sorrow, so be sure that you get "Putnam's" in the first instance, and enjoy the promptly satisfactory results that it alone can yield. Use only "Putnam's"; it is the best. Sold by all dealers in medicine, or sent by mail for 25c by N. C. Polson and Co., Kingston, Ont. 198*nty1

WOMAN'S INALIENABLE RIGHT.

American Court Holds That She May Cover Nature's Defects if She Choose.

WASHINGTON, August 22.—Mrs. Molly Belmont had her younger sister, Annie Sherman, arrested for disorderly conduct. When the case came up the plaintiff was asked what the disorder consisted, and she explained that in spite of her entreaties Annie had persisted in painting her face. She had obtained the warrant on this ground, and the official who had granted it had considered it sufficient cause for arrest.

The court decided that the decoration in question did not of itself constitute disorderly conduct, but was rather among the inalienable rights of woman, and Miss Sherman was discharged.

DAVIN ACCEPTS CHALLENGE.

He Will Meet the Minister of the Interior on Public Platforms.

(Special to the Star.)

WINNIPEG, Man., August 23.—A Regina despatch says: Mr. Davin has received a challenge to meet Hon. Clifford Sifton on the platform at Regina, Maple Creek and Moose Jaw, and he has accepted.

BULGARIA WILL GIVE IN.

LONDON, August 23.—Numerous despatches appear in the morning papers regarding the Bulgaria-Roumania situation, growing out of the demand of Roumania for the suppression of the Macedonian revolutionary committee, whose headquarters is at Sofia. What appears the most reliable summary of the latest developments comes from the Vienna correspondent of the Standard, who says: "The conviction prevails that the conflict between Roumania and Bulgaria has now lost much of its acuteness and that in the end Bulgaria will satisfy Roumanian demands."

ALD. LAPORTE ELECTED.

QUEBEC, August 23.—At yesterday's closing meeting of l'Alliance National, held here the following officers were elected: President, Ald. H. Laporte; first vice-president, Elz. Paquet; second vice-president, L. A. Lavalle; secretary, L. J. D. Papineau; treasurer, Alf. St. Cyr; chief medical adviser, Dr. Cyphiot; legal adviser, M. Beaudin, Q. C.; directors, M. Ledoux, E. H. Godin, C. Duquet, F. G. Crepeau, E. Ostigny; organizer, P. Bonhomme. The visitors were subsequently received by Lieut.-Governor Jette at Spencerwood.

NEGRO APPEALS TO ENGLAND.

NEW YORK, August 23.—Alfred A. Akins, a negro, has appealed to the British Consul-General for redress for having been beaten, he alleges, by roughs during the recent race riots here. He is a palace car porter, on the New York, New Haven and Hartford road. He makes affidavit that he was born in Jamaica, West Indies, and is a British subject. C. Clive Bayley, Acting British Consul-General, will investigate the case.

ANNUAL GEOLOGICAL REPORT.

(Special to the Star.)

OTTAWA, August 23.—The annual report of the Geological Survey for 1898 has just been issued. It shows that the grand total mineral production of Canada in 1898 amounted to $38,661,010. The production the previous year was $26,661,430. The value of metallic minerals was $21,705,854, and non-metallic, $16,655,156, the balance—$300,000—being the estimated value of products unspecified and unreported.

SEVERAL DUELLISTS KILLED.

LONDON, August 23.—The Rome correspondent of the Daily Mail says: "During the last few weeks duels have caused a perfect slaughter in Italy. As many as four duellists were killed in different towns last Saturday.

"During the last year 2,400 duels have been fought in Italy and 480 deaths have resulted. Most of these combats were between army officers, and based on the most trivial pretexts."

BORDEN'S VISIT TO ENGLAND.

(Special to the Star.)

QUEBEC, August 23.—The Soleil is authority for the statement that Dr. Borden is going to England to be knighted. Dr. Borden, as head of the militia department, will probably be selected for the honour as representing the Canadian militia. He will sail for England next Saturday.

THE NEW YEAR BOOK.

(Special to the Star.)

OTTAWA, August 23.—Mr. Geo. Johnson, Dominion Statistician, has issued the new edition of the Year Book. As usual it is a valuable addition to the library. Some of the facts demonstrated by the book are startling, especially those showing a serious increase in juvenile crime.

PREMIER STILL INDISPOSED.

(Special to the Star.)

QUEBEC, August 23.—Hon. Mr. Marchand was not well enough to come here yesterday as expected, and it is now said that he will arrive at the end of the week.

A Washington judge has decided that it is not a crime to use profanity when one is irritated by a complex transfer system, such as in use in Washington

BEFORE AND SINCE LIBERAL RULE.

Total expenditure in 1896, the last year of Conservative rule, $41,702,383; total expenditure in 1899, the last year of Liberal rule for which complete figures are to hand, $51,542.635; estimated expenditure for the current fiscal year $56,312,527.

FRUIT FOR THE NORTH-WEST.

Complaints come from Manitoba this year, as they did last year, that the fruit sent to the North-West from Ontario is badly packed. The Winnipeg Tribune points out that the distance from Western Ontario to Manitoba is not great as compared with the distances Florida, California, and Washington growers have to transport their fruit. Moreover, it says the facilities for transportation are excellent, as the Canadian Pacific Railway is ready and able to supply the most modern refrigerator cars for the service, if such are demanded by the Ontario shippers, and it thinks there is no good reason why the Ontario fruit should not arrive in Winnipeg in almost as good condition as when picked; yet it says the fact remains that carload after carload of apples, plums, peaches and pears arrive in Winnipeg unfit for consumption, and at best in a most unpresentable condition for the market. The Tribune gives interviews with a number of fruit dealers all of whom agree in saying that the Ontario fruit men are so careless in packing that their fruit is almost unsaleable when it reaches Manitoba. It compares a crate of California plums with a crate of Ontario plums. The California fruit arrived in Winnipeg after a journey of twelve days, clean, fresh, spotless and firm. The Ontario fruit was soft, mushy, scabby, decayed in spots, and altogether in a most unpresentable shape, although it only left the place of production in Ontario three days before. According to the fruit dealers the difference was due entirely to different methods of packing. The California fruit was packed in crates, having four trays, and each layer was separated from the next above by clean cardboard. The Ontario fruit was packed into the box like potatoes into a bin, quite regardless of the bruises and breakings sustained, and the result was that the skins were covered with a sweaty, greasy slime, and the whole mass was unfit for human food. The Tribune says a crate of Ontario peaches displayed was in even worse condition, and that the apples which arrive in barrels from Ontario are not in much better condition. A fruit dealer said: "We get apples from the Annapolis Valley in Nova Scotia, which put the Ontario fruit to shame, being clean, clear, round and spotless, simply because of the great care taken in growing, picking and shipping them."

It is undoubtedly true that not enough care is exercised in packing fruit. The fruit market of Manitoba and the North-West Territories is one that the fruit growers of the Eastern Provinces will do well to cultivate. Peaches, apples, plums, pears and grapes grown in South-Western Ontario are superior to those grown in California. The area in which peaches can be grown in Ontario is as large as some of the American States. Apples, plums and pears can be grown in nearly all the settled districts of Eastern Canada. Particularly fine apples and plums are grown in the province of Quebec. The Annapolis Valley of Nova Scotia is famous for its fruits. With such wide areas in the Eastern Provinces suitable for growing fruit, it should not be necessary for Manitoba and the North-West Territories to go to the United States for fruit. British Columbia might prove a rival of the Eastern Provinces in supplying fruit to the North-West, but it is probable that the rapidly growing towns and mining districts of British Columbia will consume all the fruit that can be produced in that province.

LIBERAL EXPENDITURES.

The burden placed upon the country by the Liberal Government is much greater than indicated by the annual expenditure. Take for example the year 1899, the last year for which complete returns are available. The total expenditure was $51,542,635, but the Liberal majority in Parliament committed the country to future expenditures which must be taken into consideration. The railway subsidies voted that year amounted to $6,540,000. These subsidies were not included in the expenditure because they did not have to be paid at once, but the country was made responsible for payment, and the money will have to come out of the pockets of the people in the near future. Then the deal with the Drummond County and Grand Trunk Railways involved the country in a very large future expenditure, for which the Liberals must be held accountable. For 99 years the country will have to pay the Grand Trunk Railway $140,000 a year in monthly instalments. Moreover, the Government is bound to pay a share of the cost of maintenance of the Grand Trunk Railway between St. Rosalie and Montreal, including the Victoria Bridge and the Montreal terminal facilities, and a share of the cost of extensions, improvements or double tracking where required on this section of the railway during that long period of 99 years.

THE TRAMP NUISANCE.

The old tomato can style of baggage, the unshaven faces and weather reddened visages of the "Wandering Willies" have been made familiar to the city comic paper readers of the United States, and the tramp has come to be looked upon as a harmless roving comedian, who begs for a living all day and spends the evening around a camp fire originating new funny sayings. To the suburban people, however, he has no humourous side. They know him as a low loafer and brutal thief, without a redeeming quality; too lazy to work, a prey upon the industry of others and a menace to the safety and well-being of the community.

Now that these wanderers—whose ranks are constantly being increased in the United States from the gaol deliveries and the professional criminal classes—have become strong enough and impudent enough to publish a paper as the official organ of the "hobo," decency is being stirred up to a serious grappling with what is becoming a grave problem. A good starter would be to request the funny papers to drop the tramp from their list of comic heroes, and the joke-writers to put their witticisms in the mouths of a less objectionable class.

In Canada we only see an occasional gang, but those who do visit us generally leave a train of burglaries, highway robberies and similar crimes to mark their path. It cannot be made too apparent that Canadians will only maintain the idle and vicious in gaols, and penitentiaries. A nuisance which has become so prevalent in the country adjoining ours is apt to spread over the line, like spring fashions, or potato bugs, and "Weary Walker" is a summer tourist we must not permit to enjoy the bracing atmosphere of Canada.

ORATORY BY MACHINE.

It is feared the new long distance phonograph will supersede the professional political orator, if it can do what is claimed for it. At Brighton, England, this marvellous machine has reproduced the ordinary human voice with a force to be heard ten miles away. Just fancy, Sir Wilfrid Laurier, in the seclusion of his back office, over an after dinner cigar, purring his soft sayings into enduring wax, and then, when he finds himself at his best, heaving a joyous smile or two at a picture machine. Then he goes peacefully to slumber and dreams of a Tarteless time, when there was no Sifton; when there was no Yukon to have scandals about, nor party emergency sown with crumbs of dog biscuit. While he is thus at rest, the picture machine and the phonograph will go out on their mission into the fertile plains of the North-West, and on the ceaseless soughing breeze will be borne the roar of his eloquence, and the clouds at night will glisten with the reflected benevolence of his smile. Then wondering farmers of Ontario will be dazzled, and the unwilling Tories will be forced to listen to the mighty rushing sound. The "Garden of the Gulf" will no longer have to put up with the lesser noise of a Davies; New Brunswick will have special freight cars provided by Mr. Blair to carry the machines, instead of the usual parlour cars to occasion unpleasant remarks; and the rock-bound coast of Nova Scotia will resound with notes as of a mighty silvern trumpet, and the fair Land of Evangeline will blossom anew beneath the warmth of the smile. Then in Quebec — well, Mr. Tarte will furnish the wax for the phonographs to do duty in Quebec, and the smile is all they will have of their leader in these parts.

The possibilities of this mighty engine for enabling people to chirp to each other ten miles apart, are vast, and may be expected to be shortly realized.

NO CASE AGAINST THE SENATE.

"Suppose the Liberals had been thwarted by the Senate in an effort to reduce taxation, that would have been a high-handed piece of business on the part of the Senate.

"Suppose they had tried to reduce the debt instead of increasing it and the Senate had stood in the way; then we should gladly have joined in a crusade against the Upper Chamber.

"Suppose Mr. Mulock had brought in a bill to conserve the independence of Parliament by making it impossible for a member of Parliament to get a Government office for himself until a year or two after he had resigned his seat. And suppose the Senate had thrown it out. Then would this journal join in the cry, 'Down with the Senate!'

"Suppose Sir Wilfrid Laurier had carried out his declared intention of making the Government law officers do all the Government legal work, instead of farming out a great deal of it among legal friends, and the Senate had stood in the way. Then we would admit that the Upper House deserved to be disciplined.

"Suppose a bill had passed the Commons decreeing that all public contracts should be let by public tender, and the Senate had amended it out of usefulness, then would the Senate become a menace to the public welfare.

"Suppose that Sir Richard Cartwright had introduced and passed a bill to reduce the number of Cabinet Ministers and the Senate had refused assent. Then would the living voice of the people be stifled by a dead hand and the country would have a taste of government by mortmain.

"But the Government has given the Senate no chance in the world to thwart the mandates given by the people in 1896, and the Senate has in no case opposed the public interest since 1896. Therefore the cry 'Down with the Senate!' will not work."—Kincardine Review.

Oom Paul in his proclamation to the burghers, urging them to keep on fighting, says: "Every step homewards means a step nearer St. Helena." He neglects to tell them it is he and not they who will thus see the island home looming up.

Chicago had an idea she had passed the two million mark and is deeply disappointed to find she only has 1,697,000 of a population, according to this year's census. There are upwards of eight hundred churches there, but judging from the reputation of the pork-famous centre, there is work for them all.

The anarchist plot to assassinate President McKinley does not appear to have gone much deeper than a desire of detectives to exaggerate their importance as a necessary attribute of royalty, whether elective or hereditary. The Bryanites are more anxious to slay him with the ballot than the regicides are with the bomb, but private detectives are paid by the day.

The persistence of Russia cannot but be admired. While Great Britain and the United States, Japan, Germany, France and Austria are talking about the future of China, and whether there should be partition, or a division of "spheres of influence," Russia has moved her fence many miles into the Chinese back yard, and is said to be gathering an army of 375,000 men to hold what she has and take what she can get.

The average paper in the adjoining republic has "fireworks and coffee" over the success of the "American arms" at Tien Tsin. Some even go so far as to also say "the Japanese deserve unstinted praise for splendid courage and efficiency in battle." There were some British and other troops there, too, but as no mention is made of them, they were probably behind somewhere cooking breakfast while the Yankees and Japs chased a few million Chinamen out of a walled city and over the prairie.

This is the way the New York Sun chides one whose life had not been grateful unto the guiding spirit of that new world luminary: "Gifted with a lean, acute, cynical intellect and an uncommon command of the English language, John James Ingalls went through his public life making enemies on every side. His hatred of humbug and cant, except when it was his own humbug and his own cant, was so fervid, and his powers of verbal excoriation were so remarkable, that his tongue kept him in hot water during much of his variegated career."

In Omaha a police judge had a number of milk vendors before him, charged with using chemicals to keep their milk from souring. The counsel of one who had used a chemical contended it was harmless, and asked the judge to try some of the milk as a test. The court at once consented, ordered a quart, drank it off and adjourned the case till next day, to decide according to the test. Next morning that judge was still too sick to appear and a substitute fined the milkmen $2 a head for using dangerous chemicals. The test can hardly be deemed convincing, however, as any Nebraska judge who drank, all at a gulp, a whole quart of anything stronger than beer was trifling with his health. Still a judge who will swallow a quart of embalmed milk to see if it will kill, deserves public thanks for his good intentions.

THIS DATE 30 YEARS AGO.

(From the Star Fyles of August, 1870.)

The will of the late Charles Dickens is published, his estate is valued at 80,000 pounds He left 8000 pounds to his sister-in-law, Georgina Hogarth, the income of 8000 pounds to his wife, and with a few minor bequests the rest of his estate to be divided among his children. He asked that his name be inscribed on his tomb in plain English letters, without "Mr." or "Esq."; asked his friends not to make him the subject of any monument, memorial or testimonial whatever; asked that no one attending his funeral should wear "scarf, cloak, black bow, long hat-band, or other such revolting absurdity." "I rest my claims to the remembrance of my country upon my published works, and to the remembrance of my friends upon their experience of me." A codicil left his interest in "All the Year Round" to his son Charles.

PRINCE OF WALES RODE IN EMPEROR'S AUTO.

Was Warmly Greeted by His Nephew at Cassel.

REVIEWED THE GUARD OF HONOUR AND GENERALS OF THE SUITE.

(Special to the Star.)

BERLIN, August 23. — The Prince of Wales arrived at Wilhelmshohe, Cassel, yesterday, at one o'clock. The Emperor, possibly by way of a compliment to the Prince, was driven to the railway station in an automobile, which had been sent to him by the War Office as a model. He enjoyed the ride, and was in excellent spirits when the Prince arrived, who also seemed in good health and spirits. They embraced and kissed, while the band played the British National Anthem. The Prince shook hands with the Generals of the suite and reviewed the guard of honour. The ceremony over, the Kaiser and his uncle proceeded to the beautiful castle. Here, after dinner, the celebrated fountains played. The weather was magnificent. In the evening the Emperor conducted the Prince back to the station. The streets of Cassel were crowded all day.

FORESTERS CONCLUDE WORK.

Officers Selected at Brockville Yesterday—Next Meeting Will be at Cornwall.

CORNWALL, August 23.— The High Court of Foresters for Eastern Ontario and Quebec closed a successful session yesterday. Cornwall was selected as the next place of meeting.

The report of the committee on constitution and laws evoked a spirited discussion. The committee endorsed the minority report of the committee laid over from last year, giving salaried officers in the employ of the court a voice and vote in its deliberations. The committee recommended the continuance of the bonding of officers. The representation of companion courts at High Court meetings was recommended.

The following officers were elected and the installation ceremony was conducted by the supreme secretary, H.C.R., A. W. Fraser, Ottawa; H.V.C.R., Dr. Herald, Kingston; H.S., G. L. Dickinson, Manotic; H.T., J. S. R. McCann, Kingston; H.P., Dr. Crain, Chrystler; H.C., H. Pratt, Ottawa; H. auditors, S. Lowe, Kingston; W. Rowan, Ottawa; high orator, Rev. Bro. W. H. A. French, Grafton; high organist, J. O. Simpson, Alexandria; H.J., Secretary W. Miller, Brockville; H.S., W. Bro. Dion, Ottawa; H.J.W., Dr. Fawlkner, Foxboro; H.S.B., M. D. Cline, Cornwall; H.J.B., A. Cochrane, Carleton Place; H. Con., J. A. Beatty, Pembroke; H. Mess., Bro. Eagleson, Ottawa; H. Marshall, Dr. Greer, Peterboro.

TRANSPORTS CHARTERED.

SEATTLE, Wash., August 23. — The Government has chartered from the British-American Steamship Line for use as transports between the Pacific Coast and the Philippines, the 3,000-ton steamers Inverness, Carlisle City and Ping Suey.

MONGOLIANS SHUT OUT.

(Special to the Star.)

VICTORIA, B.C., August 23. — The Legislature yesterday adopted a bill excluding Mongolians from employment on all railways, roads, etc., constructed under charters granted by the Assembly.

Special Notice.
When a Piano is Bought.

When one buys a good piano, it is more than a pleasure, it is a good investment. The reason of our large business is that we have always sold only good pianos. We are to-day selling pianos at $300 to $350 by such standard makers as Howard, Heintzman and Nordheimer, that are the envy and despair of our competitors. The reason we give customers a better piano for $300 than they can get elsewhere for $50 more is simply that we are the only firm in Canada paying spot cash for our pianos, and buying in carload quantities each month.

If you are in the market for a piano at any price, we can serve you with a better choice, and at lower terms than you can find anywhere else. Try us.

NOT JUST AS GOOD
Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.
1847 ROGERS BROS TRADE MARK
The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

NOTES OF THE NEWS.

Fire at Blyth, Ont., Wednesday, destroyed Livingston's saw mill, also the handles and hoop factory and electric light plant. The fire is supposed to have started in the engine room. There is some insurance, but the amount is not known.

Brockville people are sure there is a firebug in their city. Three alarms were sounded within twenty-four hours, but little damage was done. Two boys who have been arrested on suspicion are said to have made a confession.

The Conservative convention which met at Lachute on Saturday last, adjourned till September 8, when a candidate will be selected to contest the constituency of Argenteuil at the next general election.

The scale of the Shah's expenditures since he has been in Belgium is creating a sensation. It has been ascertained that at the hotel where he is staying in Ostend he is expending the sum of $5000 per day for living expenses.

Recent fatal accidents on the elevated roads in Brooklyn, attributable to the third rail electric system, has impelled Deputy Commissioner James J. Kirwin, of the Department of Public Buildings, Lighting and Supplies, to issue an order for the railroad companies either to make the system safe, no matter at what cost to the operating companies, or he would institute measures to prevent its use in that borough.

The next sailing of the Head Line from the other side will be the steamship Teelin Head, on Tuesday next.

The treasurer of the Catholic Sailors' Club acknowledges, with thanks, the receipt of £3 from Capt. Mendus, of the R. M. S. Dominion, proceeds of concert held on the passage to Montreal.

The International Navigation Company, of Brooklyn, was incorporated at Albany yesterday, with a capital of $200,000, to operate a line of steamers on Lakes Erie and Ontario and the Niagara river.

Those who took part in the Catholic Sailors' Club Concert last evening were Miss West Symonds, Miss Shea, and Messrs. Shea, J. Deegan, W. Hennessy, Charon, Richards, J. R. Orton, Watt, and Seamen F. Harnett, John Morrison, Nield, Eckstein, and James McLean. Miss C. Orton was the accompanist.

Special Notice.

The Bargains offered for sale at The Big Store to-morrow are good for all day, if they last so long. Make sure by getting here early.

DR. LESLIE ARRIVES

At Toronto With His Wife and Will Reach Montreal Tomorrow Morning.

BADLY INJURED BY BOXERS.

Must Undergo Operation—Mrs. Leslie Suffered Nervous Prostration, But Is Improved.

(Special to the Star.)

TORONTO, August 23. — Dr. Percy Leslie and Mrs. Leslie, of Montreal, formerly of the Presbyterian Mission at Honan, arrived in the city from China at 7.45 this morning. They were met by Mr. Leslie, of Montreal, a brother of the Doctor; Rev. R. P. MacKay, Rev. Mr. Winkle, and two or three friends. Except for a little lameness from the wound received in his leg during his terrible experiences in the attack made on the fleeing missionaries at Hsin Tien by the Chinese, Dr. Leslie says he was quite well.

Mrs. Leslie, too, said she was quite well. The doctor and his wife were driven to the Queen's Hotel, where they will rest for the day, leaving here to-night for Montreal.

In an interview with a Star representative, Dr. Leslie said that anti-foreign prejudices inherited from many generations was the cause of all trouble in China. The Chinese, as a whole, do not distinguish between European merchants and missionaries, but hate all Europeans indiscriminately, whether in propagation of the Gospel or of business was their aim. In the Honan district the rising was certainly not caused by any distinctively anti-Christian feeling, but merely from a deep-rooted detestation of the "foreign devils."

Dr. Leslie does not think that the Chinese discriminate between the various European nations, English, Russians or Germans, being simply looked upon as members of the same foreign power, which must be kept out of the Chinese Empire.

UPRISING NOT GENERALLY KNOWN.

The people, as a whole know nothing whatever of anything outside their immediate neighbourhood, and Dr. Leslie knows that many Chinamen never even heard of their defeat during the late war with Japan. Hence he considers that the idea of the United States to demand an indemnity for those massacred by the Boxers would have no effect upon the nation at large.

"I think that China needs a lesson now that can never be forgotten," said Dr. Leslie, "otherwise the real power of Europe will not be realized by the Chinese."

The doctor said that the Chinese Government had spent much time and money in increasing their armaments since the late Japanese war, and he himself had seen many new forts, well fortified by modern guns, bought in Germany and France in his travels down the Yang Tse.

OFFICERED BY EUROPEANS.

The army was in part officered by Europeans, or by men who had received training in modern warfare from European officers. The doctor gave as his reason for leaving the mission station the warning cable from Montreal, but stated that the missionaries had remained for two weeks after its reception, until an actual attack from the Boxers compelled them to leave.

The doctor himself was badly wounded, sustaining fifteen wounds altogether, of which the most serious are those on his right leg and right hand. The tendons of his hand were severed by a sword cut, and it is feared that the hand will remain useless, unless a difficult operation, which the doctor will undergo in Montreal, be successful.

Mrs. Leslie escaped without any wounds, but the shock has unstrung her nerves, causing temporary prostration, from which she has now recovered greatly, owing to the sea voyage.

FIRST MESSAGE FROM PEKIN.

NEW YORK, August 23.—The first cablegrams which have come to the mission boards in this city from Pekin since communication was cut off over two months ago, arrived yesterday. One of them was received by the Presbyterian Board of Foreign Missions. It came from the Rev. Dr. Wherry, of Pekin, and was dated Chefoo, where it is supposed to have been sent via Tien Tsin. It was as follows:

"Mackey, some converts marvellously saved. Property, mission, private, totally destroyed. Wire friends."

Robert E. Spear, one of the secretaries of the Board, commented on this as follows: "There is much doubt as to the meaning of the message. The most hopeful interpretation is that it refers to Pao Ting Fu, and that "some converts" may be a mistake for "Simcoxes." At any rate it is clear that all the regular missionaries of the Presbyterian Church at Pekin and Dr. Maud Mackey are safe, and that the property either in Pekin or Pao Ting Fu is destroyed."

The Rev. Dr. A. B. Leonard, of the Methodist Missionary Society, also received a cablegram from Pekin, as follows:

"Pekin relieved. All members mission safe, well."

This was signed by the Rev. George Davis and the Rev. F. D. Gamewell. There were 18 members of the Methodist Mission in Pekin during the siege.

MOVEMENT OF GERMAN TROOPS.

BERLIN, August 23.—The German Admiral at Taku wires under dates of August 20:

"Captain Hecht reached Ma Tu this morning and proceeded. The advance was difficult owing to the force of the current and the shallow water.

"The Madai battalion, after a very trying march, arrived at Yang Tsun August 18."

It is inferred from the foregoing that the telegraph lines between Taku and Ma Tu (near Tung Chow), are working.

TELEGRAPH LINE TO PEKIN.

WASHINGTON, August 23.—The Signal Office says there is reason to believe that the military telegraph line is now working into the Chinese capital. Some delays are expected at first as the line is simply an insulated wire laid on the ground, there being not enough timber in that region to erect it on poles, until lumber or iron poles are shipped in. It is thought there soon will be a direct and reliable line of wire from the War Department to General Chaffee's headquarters at Pekin.

SHANGHAI BANK NEGOTIATING A LOAN.

(Special to the Star.)

SHANGHAI, August 23.—The Hong Kong and Shanghai Bank is negotiating at Hankow to loan a million taels to the Governor, who promises to give Hsin Kon district as a pledge. This is a valuable mining district in Central China, and would give the British a mineral monopoly in the Yangtse Valley.

PEKIN MESSAGES VIA CHE FOO.

NEW YORK, August 23.—The Commercial Cable Company this morning issues this notice: We are advised that the courier service from Tsi Nan Fu having been cancelled, messages for Pekin can be forwarded via Chefoo without extra charge, at sender's risk.

DEATHS.

LABELLE—At Ste. Rose, Laval, on the 23rd of August, Mrs. M. R. Alma Filiatrault, wife of Felix Labelle, contractor (of Labelle and Payette). Funeral at Ste. Rose on Saturday, the 25th, at 9.30 a. m. Special train leaves Viger Station at 8.30 a.m. 198 2

A DESOLATE CITY.

Thousands View the Evidences of the Akron Mob's Fury.

CHIEF OF POLICE INSANE

As a Result of the Awful Events—The Negro in the County Gaol at Cleveland.

(See also Page Eight.)

AKRON, August 23.—Thousands of people came here to-day to see the ruins of the buildings destroyed by the mob last night. The City Hall had been totally ruined by dynamite and fire.

Guards are strung along Main street today to keep back the crowds of curiosity seekers.

The excitement has calmed down and the people of Akron are ruefully contemplating the smouldering evidences of the wild fury of the mob. It is not likely there will be any further trouble.

Only flame-scarred walls remain of the City Hall, and great heaps of ashes mark the site of Columbia Hall, which stood next to the city building.

Groups of firemen are pouring water into the smouldering ruins.

Chief of Police Harrison is reported insane over the awful events of last night. The last seen of Chief Harrison he was driving rapidly toward the south.

Nine companies of the Fourth Regiment arrived at 9.20 o'clock.

Mayor Young called a special meeting of the Council for ten o'clock.

LOUIS PECK IS SAFE.

CLEVELAND, Ohio, August 23.—Louis Peck, the Akron negro, whose life the Akron mob so eagerly sought last night, is locked up in the county gaol in this city. He was brought here from Akron last night by a deputy sheriff, together with William Howard, another negro, who had been a prisoner in the Akron gaol charged with some minor misdemeanour.

DR. MACKAY NEARLY DROWNED

Had to Cling to a Canoe for About Half an Hour.

(Special to the Star.)

CAP A L'AIGLE, Que., August 23.—Dr. A. B. Mackay, the popular and well-known pastor of Crescent Street Presbyterian Church, of Montreal, had a narrow escape from drowning on Tuesday afternoon. Having paddled out to his yacht, which was lying anchored in the river quite a distance from shore, to make some necessary preparations for a short trip, and having completed these, he was about to return to the shore, when in some manner he overturned the canoe and was thrown into the water, where he remained clinging to the overturned canoe, being unable to swim on account of the weight of his clothing and boots.

After about half an hour's suspense he was rescued by Mr. C. B. Lanctot, of Quebec, who is spending the summer here, and to-day is but little the worse for his wetting, owing, no doubt, to his robustness and fine physical strength.

M'FARLANE THE SAFE-BLOWER

Identified in Lawrence, Mass., Through Canadian Police Officers.

(Special to the Star.)

LAWRENCE, Mass., August 23.—A third member of the gang, who are in gaol here and of which Huddell and Brooks, the bank burglars and accused murderers are the stars, has been identified, thanks to a hint received from Chief McCaskill, of the Detective Service of Quebec. A circular describing the men in custody, and containing photographs, was sent to him, as to other police authorities, and immediately after, almost, he wrote a letter to City Marshall O'Sullivan advising the latter that according to his recollections the third man was Billy McFarlane, a well known safe cracker, and a man who had served time in Sing Sing, Dannemora and other prisons, and was wanted particularly for a job in Ottawa. He suggested that Mr. Powell, the chief of police of Ottawa, be communicated with. The city marshal wrote to the chief of the Ottawa police, and the latter positively identifies McFarlane by the description and picture.

GRAND LODGE IN SESSION.

The A. O. U. W. Delegates Welcomed by Halifax's Deputy Mayor This Morning.

(Special to the Star.)

HALIFAX, N. S., August 23—There was no business done at this morning's session at the Grand Lodge Ancient Order of United Workmen. A visit was made to the lodge by Deputy Mayor Hubley, Alderman MacIlreith and Rogers. The Deputy Mayor and Aldermen welcomed the Workmen to Halifax and expressed the hope that the Order would continue to flourish. Dr. Nolin, of Montreal, and Rev. Mr. Morrison delivered addresses in reply.

The members of the Grand Lodge and friends were given a sail about the harbour this morning.

FIRST MORMON POLYGAMIST.

CHICAGO, August 23. — A special to the Chronicle from Salt Lake City, Utah, says: Joseph B. Noble, father of the first polygamous child born after that tenet was introduced into the Mormon Church, was buried at Bountiful, Utah. The funeral services were attended by thirty of his children, eighty-four of his grand-children and a number of his great-grandchildren. Mr. Noble has had six wives, 47 children, of whom 33 are living, and 124 grand-children. He was a Massachusetts shoemaker when Brigham Young went to his native town in 1832 and converted him among several others.

MR. FORD ENTERS SUIT

Litigation Which Will Follow the Fire at the Theatre Francais.

IS MR. PHILLIPS RESPONSIBLE?

The Present Action Is for the Recovery of Thirty Thousand Dollars.

The long-promised litigation in connection with the destruction of the Theatre Francais by fire has been commenced and before all matters are squared up some very interesting developments are promised.

As a starter, Mr. Daniel Ford, who was the proprietor of the land and building, sues Mr. W. E. Phillips, erstwhile lessee and manager, for the sum of $30,247, which he claims he stands to lose through the burning of his building. He will produce evidence intended to show that it was through the carelessness of Mr. Phillips and his employes that the theatre caught fire, and that Mr. Phillips is financially responsible for any loss which may have been sustained by Mr. Ford.

Mr. Phillips has been served with the writ. Mr. Ford alleges that by a deed made on the 19th of April, 1899, he leased to Mr. Phillips for five years, from July 1st of that year, the Theatre Francais, and by that lease the plaintiff (Mr. Ford) bound himself to renew four hundred seats; put in a new floor, etc., all of which he did. The defendant took possession, according to arrangement and occupied the premises until February 26 of this year, when the building took fire and was totally destroyed

The defendant was to pay the plaintiff the sum of $500 per month. On February 27th, the day after the fire, the plaintiff protested the defendant, declaring that he would hold him responsible for all damages from the fire.

Thr claim of the plaintiff now is that the legal presumption is that the fire was caused by the fault of Mr. Phillips, who must repair the damage done by paying the actual financial loss sustained by Mr. Ford. Mr. Ford, in his declaration, claims that the night watchman was intoxicated before and during the fire; that he was not carrying his register of visits throughout the building, and that he and others smoked in the building on the night of the fire. This is a portion of the negligence which the plaintiff alleges.

Mr. Ford lays his damages as follows: The value of the building and contents was $60,647, and of this sum he was only able to recover $50,000 from the insurance companies, thus having a direct loss here of $10,647. It is next claimed that he can only command $1,800, a year instead of $6,000 a year, for the four years, and eight months following the fire. This amounts to a loss of $16,800, and with the $10,647 not paid by the insurance companies and interest thereon, brings the total amount sued for to $30,247.

Mr. Ford says that he has been careful to get ample proof of all that he alleges before entering suit.

Mr. Phillips was seen by a Star reporter, to whom he made the following statement: "Mr. Ford knows perfectly well that I took the greatest pains to protect the property, as I had many things of value stored there. I had a large quantity of scenery, manuscripts of plays and many personal effects, including clothes, pictures and a billiard table. I had not a cent of insurance and my loss was several thousand dollars. As far as the charges of carelessness are concerned, I have only to say that they are ridiculous. The watchman has already sworn that he was sober and attending to his business. I never allowed smoking in the theatre."

THE ROYAL CANADIAN ENTRY.

The Crack Riders Will Arrive Tomorrow for the Dunlop Trophy Race.

Mr. Harry Sims, the secretary of the Board of Trustees of the Dunlop Trophy, has received the entry of the Royal Canadians, and the latter announce that their team will be here to-morrow, and will be at home at the Grand Union Hotel ready to receive all their friends.

Everything is ready for the race. The 15 miles were measured off to-day, and the turn will be marked by a high sign set on a tripod, and large and plain enough to prevent the recurrence of the mistake that spoiled the race last year. Mr. "Billie" Bland, a gentleman of much experience in roadracing will be the principal judge at the turn.

SUICIDE—MENTALLY UNSOUND.

The coroner held an inquest this morning upon the remains of Henry Hughes an old man residing at Verdun, who committed suicide yesterday morning by hanging himself on the gallery of his dwelling. The unfortunate man was not in the full enjoyment of his mental faculties and a verdict in accordance with the facts was rendered. Mr. Hughes rose about five o'clock as usual and proceeded as he told his wife, to light the fire in the stove. Some time after Mrs. Hughes was startled by finding her husband hanging from the gallery.

MR. BAXTER'S CONDITION.

The Department of Justice has asked for the evidence of outside doctors upon the physical condition of James Baxter, now confined in the hospital at St. Vincent de Paul Penitentiary. One medical gentleman visited him yesterday and it is said that he will report in favour of his being liberated owing to ill health.

FOR TESTING MILK.

Dr. Demers, city veterinary surgeon, has for some time past been installing a plant at the City Hall for the testing of milk. The plant has now been completed and it is a most satisfactory one. In the future it will be in the power of the city to make the most absolute analysis of all milk that is sent to the city for sale.

THE REFORM CABMEN.

The cabmen belonging to the new Cabmen's Association of Montreal have received their badges, and in the future it will be easy to distinguish them from those who refuse to join the reform, inaugurated a few months ago.

LACHINE HORTICULTURAL SHOW

There will be a horticultural show at Lachine on August 30 and 31, the doors opening at 3 and 8 p.m. The formal opening of the show will take place on the evening of the 30th at 8 o'clock.

BODY FOUND AT CASCADES.

The coroner has been notified that the body of an unknown man, evidently a workman, has been found in the river, at Cascades Point. The coroner will go out to-morrow to investigate.

A. Harwood, son of the late Hon. Robert Harwood.

At St. Giles' Presbyterian Church, on Wednesday afternoon, the marriage took place of Mr. Alex. Thomas Ellis and Miss Louisa Vandette, eldest daughter of Mr. Luke Vandette, of this city, the Rev. J. Dobson officiating. The bride, who wore grey and white satin trimmed with lace, was attended by Miss Jessie Elder. Mr. Frank G. Ellis acted as best man. After the ceremony a reception was held at the residence of the bride's parents, and later Mr. and Mrs. Ellis left for the Muskoka lakes. The bride was the recipient of a very large number of handsome and valuable presents.

A wedding of great interest to Montrealers was solemnized in St. Paul's Church, Cardinal, yesterday, when Mrs. Charles G. Hope, formerly Miss Helen D. Benson, daughter of Mrs. Benson, of Cardinal, and sister of Mr. George F. Benson, of Montreal, was married to Mr. Fred, McC. Jowitt, of Leeds, England. The ceremony was performed by the Rev. Mr. McTeer. The bride was given away by her brother. Mr. and Mrs. Jowitt have left on an extended honeymoon, after which they will take up their residence in England. Among those who were present at the wedding were Mr. and Mrs. W. R. Miller, Mr. and Mrs. Geo. F. Benson, and Miss Grace M. Robertson, of Montreal; Miss Watson, of England, and Dr. and Mrs. Reid, of Cardinal.

The marriage of Dr. Frederick Fenton, of Toronto, son of the late Crown Attorney of York, to Miss Mary (Bab) Irving, took place at noon Tuesday at the residence of the bride's mother, Mrs. Irving, 446 Sherbourne, Toronto, Rev. Dr. McKay, of the Presbyterian church, Madoc, officiating. The house was artistically decorated with palms, ferns, pink and white asters and smilax. The bride wore a handsome costume of gray crepe de chene over white taffeta. The overdress was trimmed with an insertion of net appliqued with a silk cord. Her attendants were her nephew and niece, Miss Kathleen Irving and Master Stuart Wilson. Her travelling gown was of blue broadcloth, a box coat trimmed with brass buttons opening over a blouse of white taffeta. Her hat of navy blue chip was trimmed with chiffon. Dr. and Mrs. Fenton left later by the Montreal boat for a trip to the Saguenay, New Brunswick and Boston

TRADE OF THE PORT.

Export of Grain Two Million Bushels Lighter This Year Than Last.

INCREASE IN CHEESE SHIPMENTS

A Shortage in Tonnage and Better Freight Rates Features of Season.

Owing to a variety of causes, but principally for lack of shipping facilities, the port of Montreal is behind last year's record in the export of grain.

From the opening of navigation to the fifteenth of August, the wheat, corn and oats exported from the port of Montreal amounted to 15,368,097 bushels, as compared with 17,352,885 bushels for the same period last year. This difference of practically two million bushels is accounted for by the fact that the necessary vessels are not operating on the St. Lawrence route.

A grain man on the Board of Trade said this morning that there was no trouble getting the grain to export, but there was trouble, and plenty of it, in obtaining the necessary bottoms.

The exports of cheese from the port of Montreal, from the opening of navigation to the fifteenth of August, show a trifling increase for the present year, while butter shows a considerable decrease.

The exports for the season, up to August 15, as compiled by the Montreal Board of Trade are as follows:

	1900	1899
Wheat..	6,210,596 bus.	5,941,115 bus.
Corn..	5,932,236 bus	9,112,971 bus.
Oats..	3,225,265 bus.	2,298,799 bus.
Total... ..	15,368,097 bus.	17,352,885 bus.
Butter	13,872 pkgs.	215,052 pkgs.
Cheese.. ..	1,021,612 pkgs.	995,583 pkgs.
Total . .	1,155,484 pkgs.	1,210,635 pkgs.

The shortage of ocean tonnage is brought forcibly to mind when the statistics of the Harbour Board are consulted. From the opening of navigation to the 23rd of August the sea-going vessels entering the port of Montreal amounted to 421, as compared with 480 for the corresponding period last year. In 1898 the sea-going vessels entering the port of Montreal from the opening of navigation to the 15th of August was 536, but this, it must be remembered, was the record year of the port of Montreal, and away above the average of increase.

CAUSE OF THE DECREASE.

The war in South Africa has been perhaps the chief cause of this decrease of tonnage, but on the other hand there are lines which have heretofore made Montreal a port of entry, and which this year they have not touched. For instance, there is the Johnston Line. Last year they ran a regular line of vessels from this port but this year they have not had a steamship in the harbour. The Leyland Line has no Liverpool service this year, though they operate a Hamburg and Antwerp line. The Head Line is one of the steamship lines showing an increased tonnage, they having at least five more steamers than last year. Owing to a variety of reasons there is a shortage of steamships in the Allan, Dominion and other lines.

Taken all around, the freight business has during the season shown an increase of about twenty per cent. over last year, so that the steamships are certainly not losing money, even with the limited service. On grain, boxed meats, flour, etc., the increase is as stated, while the freight rate on lumber is about thirty per cent. higher than it was at this time last year.

A prominent steamship man stated this morning that at the old price it did not pay to take out an exclusive cargo of deals. They were taken to fill up with, and that was all. Now, however, the rate was such that a complete cargo could be taken with a good profit. It must be remembered, however, that the increase in freight rates did not represent all profit by any means. The cost of operating a steamship this year was considerably more than last. Coal, which is certainly no inconsiderable part of a vessel's expense, was double the price of twelve months ago, and then again labour was higher, and marine insurance no less.

THE LATE MRS. GRENIER.

Mrs. Jacques Grenier, wife of ex-Mayor Grenier, died to-day at her residence, 63 St. Denis street, at the age of 74 years and eight months. Her name before marriage was Miss Marie Louise Fernet. The funeral is to take place on Monday morning next at nine o'clock, to Notre Dame Church of which Mr. Grenier has been a warden, and is one of the leading parishioners. The deceased lady was of a very retiring disposition and during the long tenure of office of her husband as alderman and as mayor of the city she was very seldom seen at the City Hall except upon the occasion of his inauguration as mayor of the city or other great occasions. Mrs. Grenier was very charitable and did much good among the poor. She had kept up to the last many old customs of the ladies of Montreal of a former period and could be seen on market days down at the Bonsecours market attending to her duties as a good housekeeper, a custom which was observed by the ladies of a former period. Her death will be sincerely regretted by a large circle of friends.

TO CHOOSE GRAIN STANDARDS.

Names of Montrealers on Committee Appointed by Dominion Government.

The secretary of the Montreal Board of Trade has received from the Dominion Government a memorandum giving the names of the committee selected for the purpose of choosing wheat and other grain standards. The board, as usual, consists of twelve members, and Montreal is represented by Messrs. E. F. Craig, Alexander McFee, and Charles B. Esdaile. The duty of the board is choosing standards for all grain grown east of Port Arthur.

TO FATTEN POULTRY.

Prof. Robertson Establishes a Station at Lancaster, Ont.

Prof. Robertson, Commissioner of Agriculture, has during the present week established a station for the fattening of poultry for the British market on the farm of A. S. McBean, Lancaster, Ont. The primary object of the Government in establishing these and other stations is to demonstrate in a practical way that there is good profit in raising and fattening poultry for the British market.

INJURED AT ST. HENRI.

The Notre Dame Hospital ambulance was called this morning to St. Elizabeth street, St. Henri, for a young girl named Leontine Dubois, who was run over by a cart and had her right arm fractured. She was attended to at the hospital.

RAILWAY PERSONALS.

Mr. Frank Bowman, travelling passenger agent of the Chicago and Alton Railway, is in the city.

Mr. H. D. Badgley, travelling passenger agent of the Chicago and Western Railway, was a caller at the C. P. R. offices yesterday afternoon.

Mr. Robt. Kerr, traffic passenger manager of the C. P. R., is in Quebec.

Mr. C. E. E. Ussher, passenger agent of the C. P. R., leaves for Sault Ste. Marie this evening on business.

A VETERAN'S STORY.

George Lewis, of Shamokin, Pa., writes: "I am eighty years of age. One box cured me completely." 50 cents. Sold by B. E. McGale, 2123 Notre Dame and all druggists. 198-nty1

TO INCREASE TRADE.

A Barbadoes Sugar Exporter Thinks Montreal Has Great Opportunities.

IN WEST INDIES EXPORT TRADE.

Matter Discussed at a Conference With the Mayor This Morning.

Mayor Prefontaine was visited this morning by Mr. Joshua Baeza, a large sugar exporter of Barbadoes, West Indies. Mr. Baeza had been interviewing the members of the Chambre du Commerce in regard to increasing the exports to the West Indies from Montreal. He stated to the Mayor that fully one half of the sugar crop of Barbadoes was exported to Canada, but that the trade was crippled on account of vessels not being able to get return cargoes from this port. He could not see why this state of affairs should exist seeing that the imports into Barbadoes were chiefly of an agricultural nature. In order to get cargoes, vessels had to call at United States ports and take on cargoes of corn, oats, etc.

The chairman of the Finance Committee, Ald. Laporte, was with Mr. Baeza and introduced him to the Mayor and took the occasion to say that something should certainly be done to increase the exports from Canada to the West Indies. Personally he would use every effort to build up a larger export trade.

The Mayor was deeply interested in the matter and thought there was a bright business outlook for increased trade with Barbadoes.

EAGER TO DEFEND IRELAND.

An extraordinary scare, attributed to the naval manoeuvres, is reported by a Preston correspondent of the London Daily Telegraph to have occurred among the Irish harvesters in the Fylde district of Lancashire. It seems that rumours have prevailed among the peasantry on the seaboard of Ireland that the French were about to land troops in Erin. The appearance of the British warships off the coast during the manoeuvres was accepted as proof of the imminence of the invasion, and letters were received by several of the Irish harvesters in the Fylde district advising them to return. These passed from hand to hand, and soon a state of panic occurred. During the course of one night over 200 Irishmen left one district alone, and it has been ascertained the majority of them booked for Dublin. It is estimated that considerably over 1000 labourers have disappeared without giving their employers warning.

OTTAWA — A. Ker, of St. Catharines, died in a bedroom at the Butler House on Tuesday night, but his death was not discovered until Wednesday afternoon, when his room was entered by the servants. The coroner was summoned and decided that inquest was unnecessary.

SHOWERS RETARD SHIPMENTS OF WHEAT.

(From the Special Correspondent of the Star on the Chicago Board of Trade.)

CHICAGO, August 23. — There have been such widespread showers over the wheat sections that it is probable the movement of new wheat will be somewhat retarded, as threshing has been temporarily stopped in many places. In the North-West these rains are doing actual damage as well as delaying harvesting operations, and we believe the importance of the damage from this cause is being greatly under-estimated. The higher cables were accepted as being a reflection of our advance, though there was some talk of further unfavourable harvesting weather in England. Minneapolis reported the largest sales of flour yesterday of any for six months, with those large flour sales and with Chicago elevator people buying in the North-West for mixing purchases here, it looks as though the spring wheat would not go begging. Kansas City is the only point likely to get very heavy receipts, and so far everybody has been after the wheat there as soon as it came in sight. St. Louis is reporting higher country acceptances.

QUIET BUT STRONG.

Trading in the Stock Market Was Unusually Light But Prices Were Buoyant.

GAS WAS AGAIN A FEATURE.

Canadian Pacific Was Strong With the London Market Dull and Steady.

Five stocks in all and small trades at that constituted the business of the stock market this morning, and the volume was without doubt the smallest of the year. The feature of the market was the strength in Canadian Pacific, which sold at 90 to 89⅞. The London market was reported weak to-day, principally in English securities, while the American railway list maintained a remarkable degree of strength in view of the demoralization prevailing in other departments. Pacific was practically unchanged, being quoted abroad at 91½ to 91⅝. This morning's local close is therefore a quarter better than yesterday.

Gas was again a feature so far as strength was concerned, selling up to 187½, a betterment of 2⅜ over yesterday's close. This is an improvement of five points in a couple of days business. Montreal Telegraph sold at 165 and North Star mine at 95. A share of Molsons Bank completed the list.

Messrs. L. J. Forget and Co.'s London cable to-day quoted: Grand Trunk first 83½, second 53⅜, third 20½, Canadian Pacific 91½, Hudson Bay £21⅛, Anaconda £9⅛.

In Wall street no pronounced tendency was evident on the part of the stock prices in the opening dealings. Only a few issues were dealt in and these showed slight changes above and below last night.

The weekly statement of the Bank of England shows the following changes:

	Pounds.
Total reserves, increased	2,831,000
Circulation, decreased	334,000
Bullion, increased	2,369,110
Other securities, decreased	1,417,000
Other deposits, decreased..	911,000
Public deposits, increased..	2,282,000
Notes reserve, increased	2,804,000
Government securities, decreased	200,000

The proportion of the Bank of England's reserve to liability is 41.04 per cent. Last week it was 36.50 per cent.

Rate of discount unchanged at 4 per cent.

LONDON. — Closing: Consols for money, 98¼; do. for the account, 98¼; Atchison, 28; C. P. R., 91⅝; St. Paul, 116½; Illinois Central, 119½; Louisville, 73⅝; U. P. pfd., 78; New York Central, 132⅝; Erie, 11⅛; Pennsylvania, 68¼; Reading, 8⅜; Erie, first prefe.red, 34⅛; N. P. pfd., 73¼; G. T. R., 6½; Anaconda, 9⅛; Rand Mines, 39⅝. Bar silver steady, 28¼d per ounce. Money, 2 to 2½ per cent. The rate of discount in the open market for short bills is 3½ per cent.; do. three months' bills, 3½ to 3⅝ per cent.

One reason given in a cable yesterday for the decline in consols was on account of sales by the trades unions to provide money for a threatened big railway strike in England. Fears of a spread of the trouble weakened prices yesterday.

The weekly statement of the Bank of France shows the following changes:

	Francs.
Notes in circulation, decreased	48,625,000
Treasury accounts current, increased..	10,850,000
Gold in hand, increased..	14,200,000
Bills discounted, decreased	22,750,000
Silver in hand, increased..	2,875,000

The Special Correspondent of the Star in Wall Street wires regarding that market as follows:

The stock market opened dull and irregular. Dealings were fairly well distributed, however, all quarters of the market receiving a fair amount of attention. The London market was fractionally lower, but dealings there were unusually light. People's Gas was a conspicuous feature and at the opening renewed pressure was apparent in it, but the stock was fairly well supported at the decline, and a recovery ensued. Fluctuations in Sugar were narrow, although the stock was the most active feature of the dealings. Notably strong features were Southern Pacific, New Jersey Central and Union Pacific Common. The Granger shares were fairly active and steady. As de from Sugar the only feature of the Industrial quarter was American Steel and Wire, which was steady. Among specialties, there were active dealings in St. Louis and Southwestern issues, which advanced. Brooklyn Rapid Transit and the remainder of the Traction group were neglected.

The Governing Committee of the New York Stock Exchange has granted the request of the Stock Exchange members who voted that the Exchange be closed on September 1, the Saturday before Labour Day. The Cotton Exchange has already voted to close on that day, and all the other exchanges will probably take similar action.

CHAOS REIGNS AT PEKIN; SHANCHAI FEARS AN ATTACK.

Military Men Believe that Fifteen Thousand Troops are Urgently Needed to Protect the Yang Tse Valley from Boxer Attacks.

An Uprising at Hankow has been Temporarily put Down by Decapitation of Ringleaders in the Centre of the City.

Nothing Authentic has Come From Pekin Since August 17.—Sir Claude MacDonald, is Reported to be Ill.—McKinley Answers Earl Li.

FIFTEEN THOUSAND TROOPS NEEDED TO PROTECT SHANGHAI.

NEW YORK, August 23.—The executive committee of the American Asiatic Association have received the following cablegram from the American Association of China at Shanghai, and have forwarded it to the Secretary of State:

"Situation Yangtse valley increasingly critical; military estimate 15,000 troops needed effectively to protect Shanghai; urge Government immediately to send quota."

SIR CLAUDE MACDONALD ILL.

LONDON, August 23.—The Foreign Consuls at Shanghai not having received anything from Pekin later than August 17th, fear the Chinese troops are operating along the rear of the allies and cutting off their communication.

The blockade of press messages at the Che Foo telegraph office continues. But these in no way interfere with official despatches which are put ahead.

A belated despatch from Pekin, dated August 14, says Sir Claude MacDonald, the British Minister, is ill.

The German Government's reply to Li Hung Chang's peace negotiations proposition is that "owing to the lack of any properly accredited authority on the Chinese side," the Government of Germany cannot enter into any negotiations.

CHAOTIC CONDITIONS IN PEKIN

Chinese Army Fled and With Them Went All the Heads of the Government.

WASHINGTON, August 23.—The State Department authorizes the announcement of the receipt at an early hour on Wednesday morning through the consul at Che Foo, of a telegram from Mr. Conger, in the department cipher, to the following effect:

"PEKIN, August 19.

"Secretary of State, Washington:

"The entire city with the exception of the Imperial palace is occupied by Japanese, Russian, British, American and French. It is being apportioned into districts for police supervision. The Chinese army fled. The Imperial family and the court have gone westward, probably to Sian Fu, in the province of Shen Si. No representatives of the Chinese Government are in sight in Pekin, and the conditions are chaotic. The palace is expected to be taken immediately. Many missionaries have started for home, while others remain in charge of the Christian refugees, numbering about 1,000.

OTTAWA, August 23.—At the request of the Imperial Colonial authorities, a proclamation is being issued prohibiting the sale, or in any way supplying of arms or any munitions of war whatever to the Chinese.

HAS LI GONE TO PEKIN?

(Special to the Star.)

LONDON, August 23.—The Daily Telegraph's St. Petersburg correspondent says that a telegram received there from Shanghai states that Li Hung Chang has started for Pekin. He hopes to secure a favourable agreement between China and the allies for quelling the Boxers and revolted Government troops.

PRESIDENT McKINLEY IS FIRM.

WASHINGTON, August 23.—The American reply to Li Hung Chang's overtures for peace is chiefly characterized by its firm tone and its brevity. Its keynote is the President's attitude as laid down in the American note of July 3, and there is the strictest adherence to the points enunciated at that time. While the document is open to the construction of being a rejection of Li Hung Chang's proposition for immediate negotiation, yet it is stated by those who have read the answer with care and have had a part in its preparation, that rejection is probably too strong a term to apply to it. The United States places itself in the position of being ready at the proper time to take up peace negotiations. The Government of the United States is of the opinion that negotiations are impossible with a country which cannot prevent hostilities against the forces of the powers which were sent to the Chinese capital to save their envoys.

As long as attacks are made on the troops of this and other Governments, such as have followed the occupation of Pekin, and the attacks in the vicinity of Tien Tsin, it is deemed that the Chinese Government is either unwilling or unable to prevent the hostilities. It is stated, however, that the reply is a step in the direction of opening negotiations.

No question is raised as to the authority of Li Hung Chang to represent his Government, but it is said that his credentials, like those of all others who come together for the purpose of negotiating terms of peace, will be examined by the respective representatives, and the validity of the papers of each representative determined by that body. The United States, however, in communicating with Minister Wu recognizes him as the official representative of the Chinese Government.

CONGER'S MESSAGE WAS WELCOME.

The most important development of the day as to the actual conditions in Pekin came late in the afternoon, when the State Department made public a despatch from Minister Conger, dated at Pekin, only three days ago.

Mr. Conger's message was particularly welcome to officials in showing how completely the entire city is dominated by the allies. He states that it is occupied throughout, and that it is being districted for police supervision. This last measure shows the thoroughness with which the allies are applying the civil methods to the Chinese capital. Mr. Conger's statement that "The conditions are chaotic," was taken as another strong justification for the firm reply given to China to-day. He emphasizes the facts that the Chinese army has fled, the Imperial family and court have gone, and no representative of the Chinese Government is to be seen in Pekin.

Minister Conger makes no mention of his desire to come home, and it is stated officially that his Government has made no suggestion that he return to this country.

The military situation was of quite as much interest in the day's developments as was the diplomatic. Admiral Remey reported early in the morning, bringing the story of the Pekin operations up to the 16th in Pekin, and confirming the press report already printed of the death of the gallant Captain Reilly in the final assault on the outer walls of Pekin. Almost as important as the Pekin news was the statement that the Boxers are again concentrating around Tien Tsin, and last Sunday morning the Sixth Cavalry, with about 400 English and Japanese troops, had a lively brush with the Boxers eight miles outside of Tien Tsin, where about one hundred of the Chinese were killed and five Americans wounded. It was evident from Admiral Remey's account of this affair that while the Chinese are in force enough around Tien Tsin to make considerable show, they are evidently not in the humour hotly to contest an engagement. The casualty list in this fight seems to indicate a sudden and total rout.

DR. PERCY LESLIE'S INJURIES.

In His Escape to the Coast He Was Slashed and Clubbed by Boxers.

MRS. LESLIE, OF MONTREAL, SAVED HER WEDDING RING BY PLACING IT IN HER SHOE.

(Special to the Star.)

TORONTO, Ont., August 23.—Rev. R. P. MacKay, secretary of the Presbyterian Foreign Missions, has received from Rev. Robert Mitchell, of the Honan Mission, a letter giving the first account of the attack upon the missionaries at the gates of Hsin Tien while on the way to the sea coast. The letter says:

DR. PERCY LESLIE,
Of Montreal, Returns From China.

"About a hundred yards from the gate there was a rush made by about 100 men armed with swords, spears, clubs, etc., while the stones flew in a storm. The attack was made simultaneously, front and back, and the mules lashed to prevent escape. It was not an easy matter to escape from the carts with the women and children inside. Moreover, more than robbery was the interest of some. Though, Mr. Goforth continued shouting: 'Take the goods and don't strike,' they persistently attacked him at a distance from the cart, while one man said to Mr. Griffith: 'I want your goods, but I also want your life.'

"The result of the attack was that the ladies and children and Mr. Hood escaped with no injuries but bruises from stones and clubs. Mr. Griffith had a big gash in the palm of one hand, a cut across the fingers, of the other, and a gash in the forepart of his head.

"Mr. McKenzie got a sword cut on the head, a stone bruise on the nose and some other little wounds.

"Mr. Gororth was badly bruised with stones, several sword gashes on the left arm and a sword cut, about two inches long, on the back of the head. Another cut went through his hat just over his temple, but did not injure him. I believe he was also clubbed over the head.

"Dr. Leslie has fifteen wounds, the most serious are one in the instep, one on the right kneecap and one on the right wrist. The doctor fears his right hand will never be of much use again; some of the tendons are severed.

"They straggled out from the crowd, but parties outside relieved them of things on their person such as watches, pens, suspenders, shoes, belts, even overshirts, while Mrs. McKenzie was nearly choked in a man's eagerness to relieve her of her rings, etc., tied on a string about her neck.

"Mrs. Leslie saved her wedding ring by slipping it into her shoe."

The party was robbed later, but no further attempts to kill were made. Dr. Leslie, the most seriously injured of the missionaries, will reach Toronto to-night.

HIGH OFFICIALS BEHEADED.

WASHINGTON, August 23.—The Japanese legation has received a telegram, August 21, from the Foreign Office at Tokio giving the following despatch received yesterday from the Japanese acting consul general at Shanghai:

"A despatch received here from a Chinese official at Pao Ting Fu, says that, by the Empress Dowager's orders, Hsui Yung Yi, Li Shan and Lien Yuen were executed on the 11th, and Yung Lu, who was to have shared the same fate, is now in a gaol of the judicial department and that the Empress and the Emperor left Pekin on the 13th escorted by Tun Fu Shiang troops, for Wu Tai Shan, via Chuchow and Tse Ching Kwan. Kang Ye, it is further stated, has been appointed commander in chief of the Wu Wei army, while Princess Tuan and Chwang and Tsong Chi, Kang Yi and Hsui Tung have been ordered to remain at Pekin.

"Another telegram, dated the 16th, has been received here from Pao Ting Fu to the effect that though the Empress Dowager has left Pekin, the Emperor has decided to remain behind."

RUSSIA'S MIGHTY ARMY.

LONDON, August 23.—Three hundred and seventy-five thousand Russian troops are already in the Far East, or on the way there by land and sea, or under orders to embark. This statement is made by the Moscow correspondent of the Daily Graphic, who adds that mobilization is in progress all over European Russia, and that there are now at Odessa fourteen steamers chartered to take troops.

FEAR SALT SMUGGLERS.

LONDON, August 23.—A news agency despatch from Shanghai, dated Wednesday, August 22, says a consular report received from Soo Chow (80 miles west of Shanghai), says the Governor fears the city will be attacked by a force of salt smugglers.

ESCAPE OF EMPRESS DOWAGER PREVENTS A SPEEDY PEACE.

(Special to the Star.)

NEW YORK, August 23.—The London correspondent of the New York Tribune at an early hour this morning reviewed the situation in China as follows: The official Japanese report stating that the allies captured the Imperial City on the 16th of August only to find that the Empress Dowager, the Emperor and the chiefs of the Manchu party had escaped previously, has not caused much surprise here. It was hardly expected that the Empress and her councillors would allow themselves to be caught. The difficulties of the situation are generally regarded as increased by the escape of these important personages, since the allies will now have to discover or invent a de facto government for China, if they desire to begin negotiations.

The attitude of the British Foreign Office, however, at the present time, is one of expectation and deliberation. I believe it is not too much to say that they have no definite plans for a future settlement, but are awaiting to hear the reports of Sir Claude Macdonald, Sir Robert Hart and General Gaselee, by whose opinions they will be largely guided. General satisfaction is felt here at the close association of the British and American troops on the march and in the final assault. It is remembered that it was in China that the famous

"BLOOD IS THICKER THAN WATER"

saying was first uttered, and Admiral Seymour's interesting letter published yesterday is also hailed with delight.

The sudden death of Yuan Shi Kai, Governor of Shan Tung, in the midst of the present crisis, has naturally given rise to the suspicion of foul play. Chinese officials who have fallen out of favour, either with the court or the secret societies, are apt to disappear suddenly. Nothing, however, is known of the circumstances of Yuan Shi Kai's death to support this theory. For the last two or three months the Governor of Shan Tung has been the intermediary between the Pekin officials and the outer world. All the legation messages and the reports transmitted by Sheng to the foreign consuls at Shanghai have come through his office at Tsin Awau. He has played a somewhat ambiguous part, keeping up relations both with the foreigners and the reactionary party at Pekin. Recently he has shown a distinct tendency to join the moderate and reforming side, and so may have incurred the enmity of Prince Tuan and the violent faction.

SITUATION REVIEWED AT 6 A.M.

News from Pekin comes slowly and in fragments. It is tolerably certain, however, from such reports as have been received that relief for the foreigners in the legations came not a moment too soon. A German semi-official telegram from Taku states that on account of the great disorder the capital has been divided into various sections. The northern half of the Tartar City has been placed under the surveillance of the Japanese troops, while committees have been appointed by the Russians, Americans and French officers to maintain order in their respective sections.

There is no news of the whereabouts of the Empress Dowager. The Standard says it is a fact she fled from Pekin with the Emperor and the chief members of the Tsung Li Yamen before the arrival of the allied forces. This destroys all hope of bringing the crisis to a speedy conclusion by forcing terms upon the de facto government of the country. From Berlin it is announced that Germany does not recognize Li Hung Chang's authority to act as a representative of the Chinese Government.

An Express telegram from Vienna says that the large Russian force sent to Manchuria is being constantly increased by heavy drafts, and it is stated in Odessa that within six or seven weeks Russia will have 350,000 men in the Far East.

LI HUNG CHANG'S APPEAL AND PRESIDENT McKINLEY'S REPLY.

WASHINGTON, D. C., August 23.—The State Department this morning made public the following correspondence:

Chinese correspondence, August 21-22, 1900.

(Handed to Mr. Adee by Mr. Wu, August 20, 1900—10.15 a.m.)

Cablegram dated August 19, from Viceroy Li Hung Chang was transmitted by the Chinese minister in London and received by Mr. Wu on the night of the same day.

It was declaration of all of the ministers for foreign affairs of the great powers that the expedition of the allied troops was solely for the rescue of the ministers in Pekin.

Now, the allied troops having entered Pekin and found all the ministers safe, it seems proper that hostilities should at once cease and that negotiations should commence. I therefore request the United States Government to appoint an envoy with full powers or appoint the minister now in Pekin for the purpose, as he is necessarily acquainted with the affairs between Chinese and foreigners, and to inform me if the conference will take place in Pekin. After receipt of a definite reply I will at once proceed to the north. Please request the Secretary of State to lay the matter before his excellency the President. I await reply.

(Received at the Department of State, August 21, 1900—3.17 p).

Cable from viceroy Li Hung Chang dated August 21, 1900, and received by Minister on that day.

The Boxer rebels in Pekin have been dispersed, there will be positively no more fighting. Further military operations on the part of the powers are greatly to be deplored. Besides urging cessation of hostilities please confer with Secretary of State upon subject of withdrawal of troops and appointment of plenipotentiary to negotiate settlement of all other questions so as to preserve amicable relations. I await early reply.

PRESIDENT McKINLEY'S REPLY.

(Sent to the Chinese minister, August 22, 1900, 1.30 p.m.)

Memorandum in response to the Chinese minister's communication of cablegrams from Viceroy Earl Li Hung Chang, dated August 19 and 21, proposing the immediate cessation of hostilities and the appointment of an envoy to conduct negotiations, received at the Department of State, August 20 and 21, 1900.

While the condition set forth in the memorandum delivered to the Chinese minister, August 21, has not fulfilled, and the powers have been compelled to rescue their ministers by force of arms unaided by the Chinese Government, still this Government is ready to welcome any overtures for a truce, and invite the other powers to join, when security is established in the Chinese Capital and the Chinese Government shows its ability and willingness to make on its part an effective suspension of hostilities there and elsewhere in China. When this is done—and we hope it will be done promptly—the United States will be prepared to appoint a representative to join with the representatives of the other similarly interested powers and of the authoritative and responsible Government of the Chinese Empire to attain the ends declared in our circular to the powers of July 3, 1900.

DELCASSE'S STRATEGIC MOVE.

Concentration of French Troops at Tonquin Relieves an Awkward Situation.

(Special to the Star.)

PARIS, August 23. — The new plan for the concentration of French troops under Gen. Voyron in Tonquin is believed to have been brought about through the Government's desire not to allow an opportunity to certain persons to attack the Ministry for making the French general subservient to a German. Now that Pekin has fallen the French troops under Gen. Rey in China will answer for all purposes in that country. Meantime Gen. Voyron will be able to concentrate all the fresh troops in French territory very close to China, and will be in such a position as to be well able to direct the movements of his men according to the developments.

M. Delcasse, the Minister of Foreign Affairs, is highly complimented on all sides for having discovered this strategic outlet from an awkward situation. The new plan combines the maintenance by France of harmonious relations with the allies, while at the same time this country is accumulating an effective force on the spot ready to meet all eventualities.

The taking of this step by Government, however, shows the nervousness that is felt as to what these eventualities may be. The impassioned speeches of Emperor William, in which he suggested that desperate measures should be taken against China, have created a feeling of uneasiness lest France should be entrapped in a policy of adventure which she in no wise desires.

U. S. STOREHOUSES AT TAKU.

SEATTLE, Wash., August 23.—The United States Government will build, within the next four months, thirty large storehouses at Taku, China, for the accommodation of a vast commissary. Advertisements are now out for lumber.

PEKIN TOWERS IN SIGHT.

A Belated Despatch Tells of the Allies' Near Approach to Chinese Capital.

IN CAMP OUTSIDE PEKIN, August 14.—(Presumably) via Che Foo, August 21.—Morning of the fourteenth. Regiments of Japanese, Americans, British and Russians reconnoitering along the four roads toward Pekin yesterday were unopposed. They established lines five miles from Pekin before the east wall, whose towers are visible.

The remainder of the army is arriving. There are no signs of the Chinese in front of Pekin, but there was heavy firing there all night. Probably the Chinese are attacking the legations in a desperate effort to crush them before the city falls.

The heat is intense, and the marching soldiers suffer greatly.

The foregoing despatch was evidently written, and sent off several hours earlier than a despatch dated August 14, received in New York on Tuesday night, giving the story of the rescue and the joyful reception of the relief column.

McKINLEY THANKS CHAFFEE.

WASHINGTON, August 23.—The War Department has made public the following:

"Major-General Chaffee, Pekin, via Taku:

"The President joins me in congratulating you and the officers and men of your command on the brilliant achievement, in which the courage, fortitude and skill of the American forces in China, have played so honourable a part.

"With mourning for your fallen comrades, the whole country is proud and grateful for your great success.

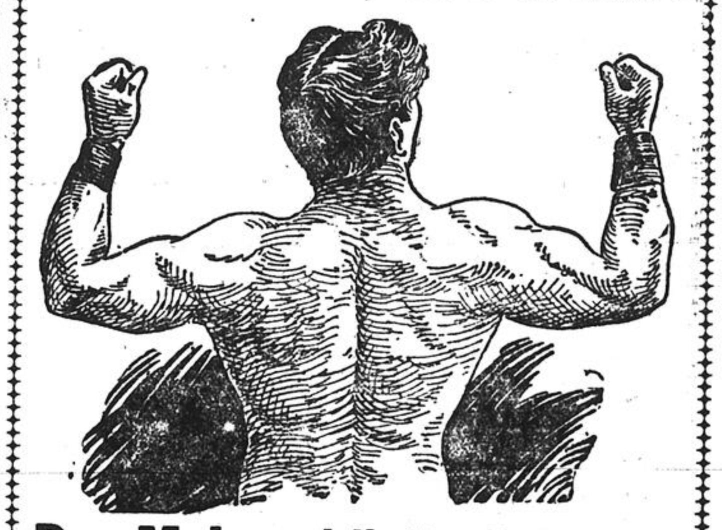
NO CURE, NO PAY.



Dr. McLaughlin's Offer to Weak Men. My Electric Belt is a positive cure for weak men. It gives the vitalizing power of electricity direct to all weak parts, developing the full, natural vigor of manhood. It removes all the effects of youthful errors and excesses for ever. I want every weak man, every man who is not the man he should be, to use it, and to tell his friends of its surprising effects.
Pay for It When Cured.
After you are cured you can pay me, and then the price will be only half what is asked for the old style belts, which have been blistering and burning the backs of their wearers for the last thirty years. My belt is three times as strong as any other belt sold, and is the only one that does not blister the flesh. Write for my 80 page book, with information. Address

PRINCE CHING'S DUPLICITY.

His Assurances That Legations Would Not be Fired Upon Raised False Hopes.

(Special to the Star.)

LONDON, August 23. — Beyond the official despatches and the reports of the rejection by the Washington and Berlin Government of Li Hung Chang's proposals, there is little fresh news concerning China.

A despatch to the Morning Post, dated Pekin, August 15, via Che Foo, August 22, says that the Tsung Li Yamen on August 12, requested a conference with the Ministers, with the view to bringing about peace, but the request was refused, as there was nobody on either side who was authorized to treat.

That night there was the longest fusilade of the siege, the firing lasting twelve hours. On August 13 the Tsung Li Yamen begged to be excused from holding a conference, saying the members were too busy. Later the board wrote they had forbidden further firing on the legations, and that they would courtmartial any one who disobeyed; but that evening there was the sharpest firing. Many shells fell in the legations.

Fifteen hundred Americans attacked the Imperial Palace on August 15, and captured the four courts. The American flag is flying on the Imperial granary.

The Imperial Bank has been looted.

AN UPRISING AT HANKOW.

Viceroy Decapitates Ringleaders, But More Trouble is Feared There.

PARIS, August 23.—The French Consul at Hankow wires that an attempt at an uprising occurred during the night of August 21. A band of Chinese tried to set fire to a house adjoining the customs bank, adjacent to the British Consulate, with the object of pillaging the bank and burning the European quarter. The Viceroy, however, took immediate steps and arrested the ringleaders, seizing at the same time the arms and documents, demonstrating the existence of a secret society and an organized plot. Two of the leading culprits were decapitated, their heads being subsequently exhibited in the centre of the Chinese town. Twenty others were imprisoned.

More trouble is feared when the flight of the Emperor to the west, if true, becomes known.

HEART AND SOUL OF CHINA.

Japanese Minister in London Says the Empress Dowager is Empire's Greatest Force.

LONDON, August 23. — The Daily Chronicle publishes an interview with the Japanese Minister in London, Kato Tallaki, which represents him as having said:

"The Empress is the heart and soul of China. So long as she lives, so long as she remains in China, whether the supreme power is taken from her or not, she will always be the greatest force, the one above all others to be reckoned with. The difficulty will be to get any one who can speak for her. I fear that the influence of Li Hung Chang is now of extremely little weight.

"The powers must come to a final understanding quickly. Riots, anarchy, bloodshed and misery throughout China will be the inevitable result of a policy that does not immediately disclose itself. The Government must be re-established."

The Japanese envoy expressed his approval of the reported American suggestion regarding a conference of the powers and said he believed that satisfactory pecuniary compensation could be secured if the resources of China were properly developed, despite the fact that her present revenues are pledged.

Field Marshal Count von Waldersee, according to the Daily Mail's correspondent, expresses the opinion that his labours in China will be of long duration, "as pacification will be a difficult undertaking."

THE CAPTURE OF PEKIN

Does Not Change Russian Plans of Operations in the Far East.

(Special to the Star.)

ODESSA, August 23. — The capture of Pekin will not make the slightest difference in the regular despatch of Russian troops to the Far East. The military authorities continue to charter extra troopships in every available quarter. Fifteen transports are now in Berthier, destined for the East. The suburban camps and city barracks are filled with troops arriving for embarkation. Troops from a number of the central and northern governments are arriving here on account of the congestion of military traffic on the Siberian railway.

HOLIDAYS AND OUR AUGUST SALE

will soon be over and preparation for school or college will soon be at hand. Mothers and guardians will do well to take advantage of the great clearing sale. Many useful articles suitable for Boy or Girl will be offered at ridiculous prices for the balance of this month. All goods are going up in price—will be higher this fall than ever. Labor and scarcity of raw material for manufacturing cost more. We can maintain the old prices, and prices lower than those of other stores, because of our foresight in ordering as far back as a year ago. There are two other reasons why we undersell competition. 1—Our unlimited cash system brings us in touch with mills and manufacturers offering goods at from 25 to 50 per cent. discount. 2—We sell for cash only—making no bad debts, and have only one price for all who come to this great and only family store in the Dominion.

BLOOD FLOWED AT AKRON, OHIO.

Mob Takes Possession of the City Because a Negro They Desired to Lynch

HAD BEEN SPIRITED AWAY.

Destroyed City Building, Fired Volley After Volley Into Officers—Four Dead.

AKRON, Ohio, August 23.—Between one and two o'clock yesterday morning Officer John Duffy arrested a coloured man who during the day confessed to having attempted to assault the six-year-old daughter of Mr. and Mrs. Theodore Maas, of Perkins Hill. The prisoner gave his name as Louis Peck, aged 40 years.

The story of his confession spread like wildfire through the city, and officers learned that an attempt would be made last night to lynch him. A large crowd gathered about the city prison at 7.30 o'clock and forced the doors. The prison was soon packed with the mob and the officers offered no resistance, as Peck, earlier in the evening, had been quietly taken away to Cleveland. Not finding the negro, the mob rushed across the street and forced open the doors of the county court-house. A start was made to tear off the iron doors of the treasury department, but the mob decided not to tackle the job and the thousands of men and boys then rushed back to the city prison crying for the blood of Peck.

The officers in the building appeared at the windows and began to shoot over the heads of the people. A man with a shotgun then fired at the officers. It is said several officers were wounded. The crowd then began to smash in the windows of the city buildings and the firing became general. Hundreds of shots were exchanged. Two people were instantly killed and another person is dying at the city hospital. Many were wounded. Shortly after midnight the mob broke into a hardware store and stole all the firearms and ammunition they could find, including guns, revolvers and rifles, and proceeded to the city building and opened fire on the defenders, and finally set fire to the Columbia Hall, which adjoins the city building.

MAYOR ASKS FOR TROOPS.

Wires Governor Nash That the Mob is in Control at Akron.

COLUMBUS, Ohio, August 23.—Governor Nash has received the following appeal from the Mayor of Akron, to quell the riot in the city:

AKRON, Ohio, August 23.
12.50 a.m.

His Excellency Governor Nash,
Columbus, Ohio:

Serious riot. City building attacked by a mob of several thousand. Three or four people killed; eight or ten seriously wounded. Have ordered out both local companies. They are unable to cope with the situation. Please sanction what I have done by wire and order one or two companies either from Cleveland or Canton to come to Akron at once. Call me by telephone. If you desire further information wire me at once.

(Signed) W. E. YOUNG,
Mayor.

Governor Nash came to the Executive Chamber in the Capital at 1.30 a.m. and immediately took steps to furnish the Akron authorities assistance. Col. Potter, of the Fourth Ohio, was ordered to hold his regiment in readiness to move on short notice, while the Colonel himself was summoned to a conference with the Governor.

CITY BUILDING DESTROYED.

Police Officers Flee for Their Lives and All the Prisoners are Released.

AKRON, Ohio, August 23.—At 1 o'clock this morning all the officers who had been penned up in the city building for two hours, escaped through a rear window and ran for their lives. The mob was still firing on the city building at that hour, and the militia had been called for. One fireman, whose name could not be learned, had been shot, probably fatally. The mob was making for the firemen and as fast as lines of hose were stretched the hose was cut.

At 1.45 a.m. dynamite was being used in front of the city building. The first charge smashed all the windows in the building, and did much other damage. All prisoners had been released from the city prison. The crowd threatened to destroy the city building with dynamite.

At 2.30 a.m. the mob ran away with the automobile patrol waggon. The city building is in ruins and it was feared the fire would spread to adjoining buildings.

3.30 a.m.—Everything was quiet about the ruins of the city building at this hour. In the destruction of the building the city has lost all the records of the city clerk and also the records of the city engineer. City Engineer Payne said that the loss in his department would be fully a half million. No militia is here yet. The automobile patron waggon had been run into the canal.

MILITIA REFUSED TO MUSTER.

Cleveland's Mayor Requested to Send Policemen to Fight Akron Rioters.

CLEVELAND, Ohio, August 23.—At one o'clock a.m. Mayor Young, of Akron, called up the Central Police Station in this city by telephone and made an urgent appeal for help. He requested that a squad of police and an officer be quickly sent from Cleveland to the aid of the Akron authorities. Mayor Young stated that the situation was extremely critical, as the mob had the Akron policemen penned up in a building and were about to set fire to it. The Mayor also said that he had called on the Eighth Regiment National Guard Company in Akron, but that the captain had absolutely refused to get his men out.

At 2 a.m. the Cleveland authorities were discussing the advisability of granting the request.

RIOTERS DISPERSE WITH DAWN.

AKRON, Ohio, August 23.—With the approach of dawn to-day the riotous mob which had held possession of this city throughout the night melted away, and when the sun arose the streets presented their usual appearance.

At six o'clock a company of the Eighth Ohio Regiment arrived on a special train from Canton and was at once marched to the scenes of the night's rioting. The militiamen were placed on guard duty around the county buildings, but found little to do.

CANADIANS SAW THE POPE.

OTTAWA, August 23. — Four priests of the Ottawa dioceso were among the Canadian pilgrims who were recently granted an audience by Pope Leo in Rome, Italy. Rev. Father Labelle, of Aylmer, who was one of them, in conversation, stated that the audience which the Pope granted the Canadians was certainly a most special favour. "On our arrival in Rome in the morning," said Rev. Father Labelle, "our desire to have an audience was in due course laid before Cardinal Satolli. The Cardinal spoke to the Pope about the matter. The Holy Father asked who were the pilgrims and how many in number. "Seventy-two Canadians," he was told. "Seventy-two Canadians are worth more than one hundred thousand Neapolitans," said His Holiness. "Let them come." The audience was accordingly granted us."

CANCER CURED IN YOUR HOME

without the necessity of an operation.

Everybody dreads the surgeon's knife. More especially is it so in the case of the cancer sufferer, as he can receive no assurance that operations will be of any avail to cure him. Next to the dread of the knife is the dread of the plaster, with its cruel and painful "drawing." Our remedy has superseded those tortures of by-gone days, and we are able to give you a pleasant, but effective, constitutional remedy, which will cure in the quiet of your home. It is a powerful antidote to the cancer poison, yet harmless to the most delicate system.

Our new book, "Cancer, its Cause and Cure," sent to any one interested on receipt of two stamps. Stott & Jury, Bowmanville, Ont. 198 *nty 1

IN THE STRATHCONA HORSE.

A Montreal Boy Describes How the Boers Get Off so Easily.

THE BRITISH ARE TOO LENIENT IN SPARING THEIR HORSES AND CATTLE.

The following letter has been received by a Montreal gentleman from his son in the Strathcona Horse:

TRANSVAAL,
Between Standerton and Greylingstadt,
July 15, 1900.

General Buller's Division,
Lord Dundonald's Brigade.

We have just pulled up after four days eastward chase of a Boer commando who has been blowing up bridges and committing other depredations on the railway. We were under fire every day until to-day, and it was quite exciting enough for me, as pom pom shells were bursting around and bullets whizzing plentifully, but I am all right still, and as either some of my chums or I "commandeer" chickens, ducks or geese from the farm-yards I shall like, rather than hate, the Boer gentleman so long as his shooting fails in its polite intentions. Their fowls are tender, and our rations are such that a meal by the fire before bed is a great boon. I have just had one.

You will have read of our losses by death and prisoners. They are small so far, but it is not nice going through an enemy's country and not being allowed to pillage a house from whence, probably, shots were but recently fired on our friends. Many here think the war is far from over, and as long as we go through the country on the present plan, the Boer will have the best of it. We pass their herds of cattle and sheep and scores of fowls without using any, but live chiefly on canned corned beef and hard biscuits which have to be transported by hundreds of oxen and mule waggons with Zulu drivers all guarded by Tommies.

The greatest disadvantage of this method of modern invasion is that the Boers can drop in behind us, go off for meals, return and pop at out outposts and scouts. When they gain some suitable position they mask their guns and men, and with the whole brigade behind them, wait for our advance guard to march up close, then they open fire and we see no Boers, no guns, but just hear the bullets whizzing. Then come our guns and pom-poms and they move on with their dead and wounded so that we do not know what damage is done, but our pom-pom is a great friend of the men, and it gives them confidence when we get into action, and it is the only one in Buller's army.

My horse is still pretty well, but all the horses have failed for want of hay and rest, etc.

A STRATHCONA GUNNER.

QUALITY and PRICE...

are what count in Furniture buying—

QUALITY—means the best material, made up in the latest design by first class makers.

PRICE—means in our case the lowest sum at which it is possible to buy quality.

Won't you come in and let us show you our stock before buying elsewhere? It will pay you.

RETURNING KLONDIKERS.

A Klondike party reached the city this morning, comprising Messrs. D. O. Landry, Onesi, Tremble, Thomas Fournier, E. Perrault, and Edmond Garait, all of whom hail from St. Hyacinthe. They are returning home after having spent the past year and a quarter in the gold fields. Judging by their description of the Klondike the place is by no means the mint of gold it was supposed to be. They say that they only met with partial success, and that their "finds" will not pay the expenses of their transportation and living during the time they have been away. The party are staying at the St. James hotel.

G. A. R. MEN COMING.

Twenty sleepers containing upwards of 1,000 members of the Grand Army of the Republic will arrive in the city to-morrow evening from Portland and other eastern points on the line of the Grand Trunk. At this point a few of the cars will be attached to the regular Chicago express, but the greater number will be made up into a special train. The veterans are on their way to the "windy city," to attend the annual Grand Army encampment. On their return they will probably spend some days in Montreal and Quebec. Mr. D. O. Pease, city passenger agent of the Grand Trunk left for Portland to-day to look after the transportation of the veterans.

THE PREMIER WAS HERE.

Sir Wilfrid Laurier arrived in town this morning, from Halifax and left again on the C. P. R. fast train for Ottawa.

A NEW YACHT CLUB

May Be Organized in Vicinity of Lakeside When Proposed Changes Are Made.

TO MOVE VALOIS BOATHOUSE.

The Entire Valois Boating Club Will Be Transferred to the Resort With the Fine New Pier.

"Montreal may shortly have two yacht clubs."

That was the statement made by a man prominent in aquatic circles to-day.

The new club would in all probability be the outgrowth of what was originally a mere boating organization, and the direct result of the wonderful increase in the number of fast sailing boats, which has characterized the aquatic history of the last two years or so.

The statement was the outcome of a talk about the great changes that are to take place in the life of the Valois Boating Club. For some time now, nearly all the members of the Valois Club have made their headquarters at Lakeside, and since the magnificent new pier was built at the latter place everything but the club-house has been virtually transferred there.

The last regatta was held off the new pier, the use of which was given free of charge to the committee of the Valois Boating Club, by the

BUILDERS OF THE STRUCTURE,

and its superiority over anything in that line which Valois can offer was so clear that it has been pretty well decided since then to transfer the Valois club-house bodily to Lakeside, and, if possible, plant it next to the Syndicate building.

The cost of this would amount to about fifteen hundred dollars.

All sorts of plans are being spoken of in connection with this removal, and they all point towards the idea mentioned, namely, another yacht club, with sleeping and eating accommodations. The cheapness of yachts, nowadays, has helped greatly to increase their number, and many of the men who for years have been part of the crews of the boats of others will during the next spring acquire the ownership of yachts themselves. Many of these people live further up the lake than the majority of the members of the Royal St. Lawrence Yacht Club, and the gentleman referred to thinks that from this element the new club, which expect to meet the older one in a spirit of the most friendly rivalry, will be formed.

It seems that the matter has been discussed in all seriousness.

THE WELCOME HOME.

Mayor and Military Authorities Will Officially Greet Returning Canadian Soldiers.

ONLY 5 OUT OF 110 COME HERE.

Lake Ontario To-day Passed Fame Point With all on Board Well.

Mr. Rene Bauset, the Mayor's secretary, who has been sent by His Worship to Quebec to interview the Mayor and military authorities of that city with regard to entertaining in this city the Canadian contingent which is returning to Canada, reported to the Mayor this morning that only five Montrealers would come to this city and that the remainder of the contingent would receive pay and disperse at Quebec. In all there would be one hundred and ten soldiers and officers.

After he had read the report of Mr. Bauset, the Mayor said he would communicate with the military authorities of this city and see what means should be taken to entertain the five returning volunteers to this city. Seeing the returning soldiers were going to disperse at Quebec, the Mayor could not see what could be done to give all the men an official welcome. He would be happy, however, to do what he could to do honour to those who had been fighting the country's battles in South Africa.

Messrs. Elder, Dempster & Co. received a telegram from Fame Point to-day that the Lake Ontario with the convalescent Canadian troops and a large list of passengers passed inward at 12.30 to-day. She is due at Rimouski between 2 and 3 o'clock to-morrow morning and at Quebec to-morrow afternoon about 3 p.m. Steamer reports all well.

RECEPTION FOR MISSIONARIES.

Dr. Percy Leslie and Wife Will Arrive Here To-mororw Morning.

Dr. Percy Leslie, accompanied by Mrs. Leslie, will reach the city to-morrow morning at 7.30 o'clock, by the regular G. T. R. express, on his return from China. They will be the guests of Mr. and Mrs. James A. Ogilvy, of Dorchester street west. A reception is being planned in Dr. Leslie's honour by the Presbyterian missionary societies of the city, and it will probably be held in Erskine Church during the coming week.

THE CATTLE MARKET.

Trading at the Eastern Abattoir was on the dull side this morning, and there was no diminution in the easy feeling which has prevailed for the past few weeks. This was especially the case in lambs, which, of course, are expected to get easier at this season. There was a light supply of choice beef, but prices ranged about the same from 4 to 4½c per pound. Medium beef sold at 3 to 3¾c, while the common grades were easy from 2 cents up. Sheep were quoted at 4 cents and lambs from 4 to 4½ cents per pound, and calves from $3 to $8.

THE TEA MARKET.

Yokohama Advices Say Teas Continue Their Upward Course.

CANADIAN IMPORTS TO DATE ARE NEARLY 2,000,000 POUNDS BEHIND.

Every indication points to a still further advance in Japan tea. A cable from Bernard and Company, Yokohama, received this morning says

"Prices continue their upward course."

It seems that up to this time the import of Japan teas in Canada is not over half of what it was last year. The latest statistics (July 31) from Japan, give the following figures of exports from that country into Canada:

From Yokohama.... .. .. 1,537,782 pounds
From Kobe ... ... 272,692 pounds

Total to date — —— —1,810,474 pounds

Decrease as compared with last year, 1,957,692 pounds.

The total export of teas to Canada from Japan last season amounted to 10,037,966 pounds.

The explanation of the shortness of Canada's importations of Japan teas is that prices remained high and also that the United States has been a heavy buyer; in fact, has practically taken up the first and second crop Japans.

THE WHEAT MARKET.

Strong in Liverpool and Steady in New York.

Harvesting in Manitoba Progressing Favourably—Fine Weather.

The Liverpool wheat market was strong to-day, Sept. closing ½d up, at 5s 11¼d; Dec. closing ½d up, at 6s 1½d.

Paris was rather easier to-day, the closing being 10 down from last night, at 20.10 for August and 21.40 for February.

Antwerp was stronger, No. 2 red winter closing ¼ up, at 16¾.

French weather was unsettled to-day.

English weather was splendid.

New York was rather easier this morning, Sept. being ⅛c down, at 78⅝c at one o'clock to-day.

LOCAL MARKET. — Old peas are not wanted any more, new ones being now offered at about 67c afloat. Rye is dull and quoted at about 56c, while new or old oats are quoted at 30 1-2c afloat. Manitoba wheat is dull and nominal at about 78c afloat, Fort William.

FLOUR. — The flour market continues quiet. We quote: Manitoba spring wheat patents, $4.70; winter wheat patents, $3.75 to $4; straight rollers, $3.60 to $3.65; in bags, $1.65 to $1.70; and Manitoba strong bakers', $4.10 to $4.35.

HAY.—Business is on the quiet side. No. 1, $9.50 to $10; No. 2, $8 to $8.25; clover, $7.50 per ton on track.

ROLLED OATS.—There is very little demand. Dealers are offering stock at $3.30 to $3.45 a barrel, or $1.60 to $1.67½ a bag, delivered at store.

FEED.—Quotations are: Ontario bran, in bulk, $14; shorts, $16; Manitoba bran, including bags, $15; shorts, $17; moullie, $18 to $24 per ton, including bags.

HARVESTING IN MANITOBA.

WINNIPEG, August 23. — Northern Pacific and Canadian Pacific Railways crop reports, published to-day, give favourable accounts of harvesting operations. The following excerpts from the reports indicate their general tenor

Roland—Wheat harvest practically completed; at least 90 per cent. of wheat is in the stock, and stacking operations will be in full swing during the course of the week. Weather favourable; chiefly hot, but calm. A two hours' rain on the 20th.

Rosebank—With the favourable weather of the past week cutting has gone ahead rapidly, and by the end of this week all the wheat in this district will be cut. Threshing will commence about the end of this week or the beginning of next. Oats and barley are doing well.

Miami—The past week has been very favourable for harvesting. Fully 80 per cent. of the wheat being now cut. Very little stacking is done yet, but if the weather continues favourable cutting and stacking will be finished by the end of this week.

Rounthwaite—Wheat cutting is general, about 5 per cent. of it being down. Cutting is heavy this year, on account of undergrowth of weeds and short grain. A considerable number of poorer fields will yield much less than was at first expected. Late crops still doing well on account of frequent rains during the past week. Haying progressing slowly, and is somewhat damaged by wet. Vegetables are doing splendidly. Some damage by hail is reported in the neighbouring territory, but no damage of any extent has been done in this vicinity.

Brandon—The weather has been extremely bad, with showers. Considerable damage has been done by hail. Farmers are very busy cutting when weather permits; it is rather backward harvest weather.

COUNTRY PRODUCE.

Cheese Market Is Undecided and Trade Is Dull.

Butter Market Is Firm—Good Demand for Eggs.

CHEESE. — The market continues dull and heavy. Prices are practically nominal at 11c for western, 10⅝c for Townships, and 10⅝c for Quebecs. The cheese in stock and arriving is nearly all costing more than these figures, but buyers do not want to pay more, and a number of sellers are offering to accept these figures. Country boards are declining, and yet it is difficult to say what course the market will take, buyers and sellers being apart and holding different views. Receipts were large to-day, being 20,307 boxes.

BUTTER.—The market is steady. Advices from England quote Danish unchanged. Some local merchants were a shade firmer in their ideas to-day, but quotations were unchanged at 21½c to 21¾c for finest and fancy. Receipts to-day were 2,565 packages.

EGGS. — Country holders are advancing their prices gradually owing to good demand from England. They are now asking 12c f.o.b., but dealers are not willing to pay it. Receipts to-day were 2,231 cases, half of which were for export.

Prices are about 11 to 11 1-2c for No. 2, 12 to 12 1-2c for straight gathered, 12 1-2c for straight candled, and 13c for No. 1 candled.

MAPLE PRODUCTS—Prices are nominal at 5 1-2 to 6c a pound in wood and 6 to 6 1-2c in tins. Sugar sells at 7 1-2 to 10c.

POTATOES—Quotations for new stock are now about 50c a bag.

HONEY—New crop honey is constantly arriving. White comb is quoted at 15c in sections; dark comb, at 10 to 12c; white extracted is 11 to 12c, and dark extracted, 8 1-2 to 10c.

POTASH—Trade is dull. Quotations are $4.75 for first pots, $4.20 for seconds, and first pearls, $5 to $5.25.

BEANS. — The market is dull, choice primes being offered at $1.60 in 50 bag lots.

THE PROVISION MARKET.

DRESSED HOGS—Abattoir dressed hogs are steady, selling at 8 1-4 to 8 1-2c per lb.

CANADA PORK—Heavy short cut mess $18.50 per bbl.; short cut family back pork, $18.50; heavy short-cut boneless mess, $19.50; short cut clear, heavy, $18 per bbl.; heavy flank, $19.

HAMS—Large hams, 11 1-2c; choice selected small, 13c; extra small, 12 1-2c; with bone out, rolled, 14c.

BACON—Breakfast boneless, 13c; Wiltshire sides, 13c; Windsor backs, 12c; green bone in, not smoked, 9c; long clear, 8c.

SAUSAGES—Pork links, Oxfords, Cambridges' farmers', and pork sausage meat, 7c lb.; smoked Saveloy links, and Brunswicks, 8c; bolognas, 7c.

LARD—Choice refined in 20 lb. pails, 8c; extra pure, in pails, 9c; finest kettle, pails 10c.

HATTERS ASSIGN.

The Canadian Cap Works Company and Bachman, the hatter, have assigned at the instance of C. Pierce and Co., with liabilities of about $3500. The chief creditors are C. Pierce and Co., $897; A. A. Allan and Co., $300; S. Brenner, $368; Fraser, Viger and Co., $393; M. Mains, $350.
