# SELECT GRAMMAR SCHOOL,

CONDUCTED BY

REV. J. A. DEVINE, A.M.,

*King's College and University, Aberdeen.*

## No. 59 GERMAN (near Dorchester) STREET.

THE course of Study pursued in this School embraces the ordinary branches required for Mercantile Pursuits, as well as the higher departments of Classical and Mathematical Learning.

The immediate province of Education being the formation of suitable Moral and Intellectual Habits, rather than the mere memorial accumulation of facts, due attention is paid, both in the classification of the Pupils, and in the direction of their Studies, to this primary object.

It is deemed necessary to recommend, on all fitting occasions, the fear of God and the love of our neighbour, as the only safe foundation on which learning can rest. Parents and other Guardians of Youth are respectfully invited to visit the School, as, by inspecting the ordinary daily routine of the Classes, a better opportunity of testing the merits of the system of teaching, and the actual proficiency of the Pupils, is obtained, than by *Stated Exhibitions*, at which a correct estimate of comparative merit can with difficulty be formed.
