CANADIAN REPORTS.

SIR JOHN NOT A MILLIONAIRE.

TORONTO'S OPINION OF A CLERGYMAN.

Drowning of the Gaspe Mail Courier.

A MURDERER HANGED IN BRITISH COLUMBIA.

(Per C. P. Telegraph Line.)

QUEBEC.

GASPÉ, Jan. 9—The mail courier from Perce to Gaspe broke through the ice at Douglastown river while crossing by a short road, about 5.30 this morning, and was carried under the ice by the stream before assistance could reach him. The mails and horse are said to have been taken out of the water, but the horse died shortly after getting on the ice. A bridge at Douglastown and other rivers is badly needed.

JOLIETTE, Jan. 9—Mayor Ed. Guilbault, ex-M.P., Conservative, and Hilaire Neveu, Liberal, were placed in nomination here today for the House of Commons, there was no speech making. A large meeting of both parties will be held here on Saturday.

ST. JOHNS, Jan. 9—The hearing of evidence and argument on the application made before Judge Charland, at St. Johns, by Romuald Morrisette, for a writ of *habeas corpus* to secure the control of his minor daughter, Alexandrine Morrisette, now a resident at Grande Ligne Mission, was concluded yesterday afternoon. The case was taken *en delibere*, His Honor intimating that he would render his decision at the end of the week.

SHERBROOKE, Que., January 9—Tracklaying on the Hereford Branch railway was completed yesterday between the village of Cookshire and the international boundary, a total distance of 35½ miles. The difficulties which arose by the default of the contractors, Shirley & Corbett, and which thereby transferred the completion of the road to the hands of the directors themselves, served only to stimulate these gentlemen to added exertions, and they determined that the road would be pushed through to the boundary, if at all possible, by the new year. The weather remained open and enabled them to some extent to recover the ground lost by the strikes of the navvies, and W. B. Ives, M.P., with D. Williams, engineer, and the other gentlemen actively engaged in the road, have now the satisfaction of opening the road for freight traffic. The Hereford railway passes through an entirely new district and connects at Paquetteville with the Upper Coos railway running to North Stratford, N.H., on the Grand Trunk railway.

MONTREAL, Jan. 9.—Louis Lesage, Superintendent of the Montreal Water-Works, died this morning at his residence, Verdun. He had been ill for a considerable time owing to paralysis, but was able to be out as late as the week before last.

John Bensen, who killed his wife, Bridget Doyle, was brought before the Deputy Clerk of the Crown this morning and pleaded not guilty to the charge of murder. He was fully committed to stand his trial at the coming term of the Court of Queen's Bench.

ONTARIO.

OTTAWA, Jan. 9—*La Patrie*, of Montreal, stated editorially yesterday that it was "informed on good authority" that Sir John A. Macdonald showed his love for Canada by investing one million and a half dollars in United States securities, and that Sir Adolphe Caron has eight hundred thousand dollars invested in a similar manner. Notwithstanding the "good authority" of *La Patrie*, there is not one word of truth in the story. On being shown the paragraph to-day, Sir John laughed and said that unfortunately for him he had not a million and a half invested in the United States or anywhere else.

An area of sixty-five acres in the central experimental farm will be laid out next spring as a botanical garden and a great deal of other work done. A large number of young forest trees from Russia, France, and other countries have been received and planted.

A deputation of Dominion land surveyors has asked Mr. Dewdney to authorize a geodetic survey, on the basis of that adopted in the United States, for the purpose of accurately defining the coast line on our inland waters as well as those of the Atlantic coast.

The Department of Agriculture has issued a small pamphlet describing a visit of the Ottawa Field Naturalists club to the experimental farm last summer.

George S. Mayes, of St. John, N.B., has entered suit against the Government in the Exchequer Court for $4,500 in connection with a contract for building a railway bridge across the St. John River two years ago. Mayes claims that part of the timber to be used had to be obtained in South Carolina, and it was agreed that it should be inspected by Government officers before shipment, but that owing to delay in sending the inspector he was put to considerable extra expense.

The cablegram that Sir George Baden Powell has been appointed by the Imperial Government as plenipotentiary to Washington and Ottawa on behalf of the British Government in the fisheries question is not credited in official circles here, as the home Government never takes such action without consulting the Dominion authorities. The impression here is that nothing can be done in the fisheries matter until after President Harrison comes into power in the United States.

Sheriff Hathaway, of Montana, to whom the warrant for the extradition of Godin, the half-breed murderer, now in jail at Regina, was addressed, having been defeated in the last election, the Department of Justice has issued another warrant addressed to the new sheriff.

It is understood that Captain James Dick, inspector of hulls and steamboats at Toronto, has been retired from the public service. It is probable that his successor will make his headquarters at Kingston.

Sir John Thompson left for Montreal yesterday afternoon to place one of his daughters in a convent at Sault au Recollet.

Rev. E. P. Crawford of Brockville, grand foreman, A.O.U.W., is at present in the city and the guest of Mr. D. W. McDonell, Sergeant-at-Arms, House of Commons.

It is understood that Mr. A. T. Freed, of Hamilton, one of the members of the Labor Commission which is soon to meet in this city to complete its report, is about to be appointed chairman in place of the late Judge Armstrong.

Mr. L. Monghow, manager of the King Tye Co., and Chinese agent for the Canadian Pacific Steamship line at Victoria, B.C., is in the city on business with the Minister of Customs. He is deeply impressed with the idea that trade relations between China and the Dominion will be greatly developed in the course of a short time.

TORONTO, Jany. 9—An exciting chase after an escaped prisoner occurred yesterday afternoon. At the Police Court, in the forenoon, a young man named Wallace Ross was arraigned on suspicion of being one of the parties who broke into a store. When he was placed in the "Black Maria" he was handcuffed to another prisoner, but while *en route* to the jail he slipped his handcuffs, and when the door of the vehicle was opened at the jail steps he made a sudden bolt. Constable Veitch, who had charge of the prisoners, at once drew his revolver and taking careful aim at the fugitive, fired. The young man continued his flight and a second bullet came unpleasantly near to his head, and a third flew wide of the mark. The alarm was given and Ross finally turned on to Oak street, where Turnkey Reed caught up with him and overpowered him.

Rev. T. W. Jeffrey was last night presented with a handsome address and $1,000 at a public meeting held in Association Hall, over which the Mayor presided. Ten thousand citizens were present. Mr. Jeffrey declared that no one living could lay a charge against him and prove it. Mr. Jeffrey has taken action against the parties concerned to recover the first instalment of a thousand dollars allowed him by the trustees of the church, who now claim that his action in appealing to the public has forfeited his right to the money.

KINGSTON, Jan. 9—Telegraphic communication was secured westward at a late hour yesterday. The ice storm extended from Belleville to Cornwall. The damage in the west was not severe beyond Napanee. Trees have been much damaged, maples and poplars suffering most severely, orchards were considerably affected. From Kingston eastward the severity of the storm was most felt. The whole section of country from here to Morrisburg has been sadly wrecked, and many thousands of dollars in damage done. Northward, the storm extended to Sharbot Lake, but its severity was not felt much beyond Harrow Smith. The G. N. W. Company has a big force of men at work putting up new wires westward, so that Toronto can be connected. It is hopeless to secure Montreal direct for a few days, as the wires are all gone. The general opinion is that no such storm ever visited this section before.

The following, signed by Bishop Cleary's secretary, appears in the local papers:—"Permit me to inform the public through you that a person in the garb of a priest, professing to be a pastor in the apostolic vicariate of Pontiac with six hundred families for his congregation, is moving about this city and the adjacent country, carrying with him priestly vestments and other requisites for the celebration of Mass. The Bishop does not know this man nor is his name or that of the mission to which he says he belongs registered in the ecclesiastical directory for the vicariate of Pontiac. He is believed to be a barber from Montreal."

NIAGARA FALLS, Jan. 9—On last Friday evening, about nine o'clock, a large mass of rock fell from the precipice of the Horseshoe or Canadian falls, and on Saturday night, at ten o'clock, another mass broke away. In both cases the noise made by the tumbling rock alarmed the residents in the vicinity on the Canadian side. The massive stone building known as the Table Rock house was jarred to such a degree that the doors were thrown open and the occupants who had retired jumped out of bed, greatly excited by the unusual noise and vibration of the building, resembling severe shocks of earthquake. The same sensation was experienced at the residence of the Gate-keeper Whistler on Cedar Island and also half a mile up the river, where Gardner McCameron lives. The effect of these displacements on the contour of the falls is quite marked, the change being from that of angle at the vortex to the original horseshoe shape.

BRITISH COLUMBIA.

NEW WESTMINSTER, Jan. 9—Wm. H. Jones was hanged in this city at eight o'clock this morning. Jones was convicted at the November assizes of the murder of S. Durant, a Frenchman, whom he thought to be too intimate with an Indian woman who had been living with him. During a drunken spree a quarrel ensued, ending in Jones shooting Durant, from the effects of which the latter died a few hours afterwards. Jones died penitent, declaring his willingness to die, but claiming that he was drunk at the time the crime was committed.

A committee of Wellington miners waited upon Mr. Dunsmuir at his office in this city this afternoon and held a long interview. The alleged grievances were submitted, but simmered down to nothing and the chief point at issue seemed to be whether all the miners would be taken back. Mr. Dunsmuir stated that all could go to work except the ring leaders in the agitation, these would not be taken back. The committee and manager Bryden returned to Wellington by special train this evening. They will submit the terms to the meeting to-night.

MANITOBA.

WINNIPEG, Jan. 9.—The Government organ here says:—Track laying on the Portage extension was resumed to-day. The Government are doing the work themselves without the aid of the contractor. Operations have not been commenced upon a very extensive scale. A gang commenced to-day to build for five hundred yards from the point where the detour was commenced, to the point where the dump crosses the C. P. R., where the dead engines are lying. A demand has been made by the Government upon the C.P.R. to put in the two diamonds as ordered by the Railway Committee, but the company has not yet complied. An effort will be made to push on the work with all possible speed. A member of the Government says the Portagers need not be surprised if they hear the sound of the engine whistle long before they hear the cawing of the crows.

At the annual meeting of the Winnipeg Grain Exchange to-day, Mr. S. Pink was elected President, Bawlf, Vice-President; Bell, Secretary, and the following Council:—Hastings, Mitchell, Atkinson, Thompson, Crome, G. McBean, Plewes, McMillan, D. H. McBean, Patterson and Nairn. The Exchange held a banquet this evening.

It is stated that from the extraordinary large number of ties contracted for by the C. P. R., it is apparent that the Company contemplate completing the Regina and Long Lake branch, or purpose going in largely for branch line extensions in the province.

A Buffalo was shot south of Swift Current the other day. It is supposed to have strayed from a small herd in Montana.

The Liberals meet to-morrow to discuss the Provencher situation.

There was a good fall of snow to-day. Galt coal has fallen to $3.

Alderman Currie was elected Chairman of the Health Committee.

NOVA SCOTIA.

HALIFAX, Jan. 9—Captain Brown, of the American brigantine "Atalaya," which was lost near Renews, Newfoundland, arrived here yesterday. His ship left Rouen on October 27, bound for Philadelphia with a cargo of oil casks. On the morning of the 28th December the ship struck about twenty feet from shore. A boat was launched and manned by the mate and one of the crew for the purpose of taking a life line ashore, but as they were about to start two of the crew jumped into the boat and upset her and the four were drowned. There then remained on board the captain and his son, who acted as second mate, and two negroes. The captain's son tried to swim ashore with a line, but had to be pulled on board again. Shortly after the ship went to pieces and the captain was the only one who saved his life. He reached a house near by, where he rested and found he was in the vicinity of Renews. He speaks highly of the kindness of the southern shore people, and blames the cowardice of the two men who jumped into the boat for the loss of life.

AN OLD ENGLISH COUNTRY SEAT BURNED.

LONDON, Jan. 7—Wilbury House, the country seat near Salisbury of the Hon. Percy Seawen Wyndham, M.P., brother of Lord Leconfield, was destroyed by fire last night. The children of the Countess Echo, Mr. Wyndham's daughter, who were in the house were rescued in their nightgowns. Lord Stanbridge directed the firemen in their efforts to extinguish the flames. The pictures and plate were saved. The loss is $500,000.

What the Czar and Czarina Read.

The Emperor of Russia has decorated several French authors, and has thereby offended the Germans, some of whose principal writers would also have been decorated, no doubt, but for the fact that neither the Emperor nor the Empress ever reads German. His Majesty's favourite authors are Dumas pere, Balzac, Paul de Kock, and Edmund About; while the Empress likes Prosper Mérimée, Victor Hugo, and Octave Feuillet; and she also reads many English works, preferring those of Dickens, Scott, Marryat, Thackeray, and Wilkie Collins. They are both particularly fond of Lever's novels, and "Ten Thousand a Year" and "Valentine Vox" are constantly taken up by them, and "Vivian Grey," and "Henrietta Temple" are also favourites.—*London World.*

The Nicaragua Canal.

The Nicaragua Canal bill has passed at last both Houses of Congress, though some House amendments to the Senate bill have yet to be settled before the bill goes to the President. As the bill simply incorporates an American company to construct a ship canal across Nicaragua without the United States assuming any pecuniary responsibility in the matter, there is no reason on the score of public policy why the proposed company should not have received the American charter its promoters desired long ago. The collapsing condition of the Panama scheme makes it extremely desirable that the Nicaragua bill shall become a law without further delay.

"It is becoming quite a common thing," a Chicago stenographer tells a reporter, "for persons who have much writing to do to teach the left hand the art. It is a great rest when the left hand becomes schooled, and there is a great deal of fun in the tuition."

London Gossip.

LONDON, Jan. 9—The welcome to Mr. Chamberlain and his wife at Birmingham yesterday was purely a party demonstration. It does not appear that a single Gladstonian was present. Mrs. Chamberlain is well received in English society, and is considered clever and agreeable. People here compare her manner favorably with the unknown shyness of most English girls of the same age. Mr. Chamberlain's remarks on America again directed attention to the vacancy in the Washington Mission. The *Star* says: "Lord Salisbury's action, we suppose, is what such fiery patriots as Ashmead Bartlett would call a dignified reply to Mr. Cleveland's dismissal of Lord Sackville. A more contemptible plea could not be imagined. Why our concerns in the United States should suffer because Lord Sackville blundered nobody but our spirited Foreign Minister can imagine."

Clement Scott intends to publish a pamphlet of letters from W. S. Gilbert about his criticism in the *Telegraph* of Mr. Gilbert's new play "Brantinghame Hall." Mr. Gilbert accuses him of truckling to him and then turning round and abusing him because Mr. Scott formerly praised "The wicked world." Mr. Gilbert persists, in spite of much ridicule, in an action for libel against Mr. Scott for saying that he had written to the editor of the *Telegraph* demanding Mr. Scott's dismissal, whereas he only wrote saying that Mr. Scott was unfit for his post.

Mr. Wheatcley, the eminent antiquarian, is engaged on a book describing the most remarkable bookbinding in the British museum, many of which are reproduced in photogravure. It will be published in New York and Paris, but the author believes so little interest is felt in the subject in London, that he will not publish it here.

M. Paul du Cailla will shortly publish an important work on Northern Antiquities with 1200 illustrations.

Queen Victoria goes to Villa Laroche, Fociedil Biarritz, in March.

The Crown Prince of Austria is coming to England next June, on a visit to the Prince of Wales.

Mr. Gladstone has decided not to discuss the Roman question. His decision causes the Vatican authorities great disappointment.

The Queen of Spain has offered the Pope an asylum in Madrid, if he decides to leave Rome.

A branch of the Primrose League has been established at Hawarden.

The *Times'* list of proprietors, as supplied to Mr. Parnell's counsel by order of the Scottish Court, comprises ninety-nine names.

A WARNING TO OTHERS.

A Toronto Belle Marries a Scamp and Dies in Want in a Strange Land.

ST. PAUL, Minn., January 7—In a second storey room of a tenement in East Seventh street a costly ebony coffin rested this morning. It contained the body of a young woman, whose name inscribed on the silver plate was Teresa Camilla Mason, aged twenty-four. The story of the girl's life and death is a remarkably sad one, as told by her sister, who sat weeping at the coffin's side.

Miss Mason was the youngest daughter of the late John Mason, a prominent and wealthy citizen of Toronto, Ont., and her death resulted from pulmonary consumption, hastened by want. Reared in wealth and luxury, the petted child of indulgent parents and one of the belles of Toronto, her life promised to be fraught with happiness and sunshine. She eloped with James Anderson, a wild young man, whose attentions were violently opposed by her parents. After her marriage with this man she was disinherited, disowned and cast adrift. Anderson proved a worthless fellow, who gave most of his time to wine and cards. They went to Jamestown, D.T., where a baby boy came to them. At this juncture the husband deserted the unhappy girl, who was cared for by kind Jamestown people, and when well enough to travel was presented with a ticket to St. Paul.

In this city she secured work as a seamstress and eked out a livelihood for herself and child for a time, but her frail constitution was a mark for consumption, and she took to her bed in the dark and dreary room in which she died. She suffered pangs of hunger and disease, and only the near approach of death broke her proud spirit and induced her to apply for public succor. Half an hour before she passed away she exacted from her sister a promise that her body should be removed to Ontario and buried beside her father.

Telegrams have been received from Toronto ordering the body to be shipped there and asking the Poor board to spare no expense in the funeral.

JEREMIAH O'DONOVAN ROSSA.

Paraded in His True Colors by the "Catholic News."

NEW YORK, Jan. 6—Jeremiah O'Donovan Rossa sat in front of a little desk on the top floor at 25 Beekman street. There was nothing on the desk except a tired piece of blotting paper, some ink-stained scraps of note paper, several layers of dust and Rossa's elbows. "Is it true," dynamite's champion was asked, "that you have sued Herman Ridder, of the *Catholic News*, for $100,000 for defamation of character?" Rossa said it was quite true. The article complained of calls Patrick Ford "Padrone Ford," says John Devoy has got tired of freeing Ireland, accuses ex-Judge Morrison, of Arizona, of cheek and ignorance, and in this respectful way reaches for Rossa:—"The man who would incite a gang of ruffian's to desecrate his first wife's grave out of spite for her respectable relatives; the man who dared not collect in an insurance policy on the life of his second wife, who in his own office refused his starving son ten cents—asked for God's sake to buy a sandwich—and the man who allowed that son to die in a charity hospital and be buried in Potter's field in New York—such a man is a splendid specimen of an Irishman, and of course he shouts for Harrison and protection, and is deeply concerned for the welfare of the United States. If a steamship company had to place him in the Tombs for defrauding servant girls by taking their money and giving them bogus passage certificates to bring relatives from Ireland of course it was the English Government that did it, and not his dishonesty. Of course, also, it was England that induced him to give secret credentials to the wretch, Jim McDermott, to betray and sell men into penal servitude in British prisons. And, of course, it was England that induced him to pocket and 'protect' for his individual benefit $2,000 given him to send to the worse than widowed and orphaned dependents of the men whom he and McDermott consigned to a living grave."

The writer also picks up Professor Mezzeroff, alias Rogers, and says that he and Rossa are working up a sort of sawdust swindle by begging money to "blow up England." Rossa says the article is all lies.

Mr. Herman Riddler, of the *Catholic News* said:—"We were rather mild on Rossa in that article. Every statement made in it can be proven by us by documentary evidence. We will defend the suit if it ever comes to trial."

A Fire Put Out With Wine.

It is not often that a fire is put out with wine. This was done last week at Kreuzmach on the occasion of a fire which broke out at night in the house of a large wine merchant, soon enveloping the whole building. Some sixty hogsheads of wine in the store could not only not be saved but burst, and their contents ran into the ditch in the garden behind the house. Here the firemen placed their engines, with which they poured streams of wine upon a burning building, and succeeded in getting the fire under control. The fumes of the wine were so strong that the firemen had to be repeatedly relieved.—Paris *Register.*

Doing the Deacon.

"Can you tell me," inquired the anxious-looking man of the bank cashier, "if there is any way of disposing of plugged nickels?"

"Certainly," replied the cashier facetiously. "You can drop them into the contribution box at church. Any deacon will take them. He can't well help himself."

"Yes, sir," said the anxious-looking man; "I know that. I'm a church deacon. I have half a bushel of them I would like to dispose of."—*Chicago Tribune.*

ONE of the reasons why *Scott's Emulsion* has such a large sale is, because it is the best. Dr. W. H. Cameron, Halifax, N.S., says: "I have prescribed *Scott's Emulsion of Cod Liver Oil with Hypophosphites*, for the past two years, and found it more agreeable to the stomach and have better results from its use than any other preparations of the kind I have ever used." QUEBEC, THURSDAY, JAN. 10, 1889.

THE OPENING OF THE LEGISLATURE.

The Legislature met yesterday afternoon. There was the usual display in and about Parliament House, and the number of ladies and gentlemen present was large and influential. The members of the House of Assembly and Legislative Councillors mustered in great force. The speech from the Throne was read by Mr. Justice BOSSE, owing to the continued indisposition of the Lieutenant-Governor. Everybody present regretted the absence of our able and esteemed Chief Magistrate. The form of procedure observed at the opening, was much the same, of course, as if His Honor, the Head of the State, was in his place on the dais, but the knowledge that Mr. ANGERS was not at his post through serious illness threw a damper on the proceedings which was felt as keenly by Judge BOSSE himself, as by the Chief Ministers of State, and the audience present. On all sides the hope was expressed, that the Lieutenant-Governor would soon be able to resume his duties, and appear on our streets again, recuperated in health and physically strong.

The speech was principally remarkable for what it did not contain. The programme offered by the Crown to the assembled wisdom of the country, is very meagre. No measure of paramount importance is promised, and from what we hear among the members of Parliament, there will be very few private bills presented at this session of the Legislature. The session, therefore, will not be a long one. There will be some displays of oratory of course, on both sides of the House, and we are told that a few votes of want of confidence in the Government, will be submitted by the Opposition. But these will be introduced solely for use in the constituencies at the next general election, and the aim will be to discredit the National wing of the Government supporters, in counties where, a few years ago, Conservative members were returned to Parliament. The Government has strengthened itself very much since it assumed office, but this fact is more due to the utter helplessness, and weakness of the Opposition party managers in Quebec, rather than to anything that it has itself done on its own account. This is unfortunate, of course, but brains are not given to every politician, and bumptiousness and vanity cannot be considered as statesmanship. So, we suppose, the Government will not encounter much difficulty in carrying full sail from opening day to the close of the session.

Elsewhere, our readers will find a full account of what took place yesterday. We have made the usual arrangements for reliable and ample reports of the proceedings of the Legislature, during the session, and these, we trust, will meet the wishes of our citizens.

NOTES AND NEWS.

LOCAL AND OTHERWISE.

HERE AND ELSEWHERE.

Personal Intelligence.

Senator and Mrs. Carvel, of Charlottetown, P.E.I., were in town yesterday.

Lady and Miss Caron have arrived in town from Ottawa, and are at O'Hare's, The Cape.

M. Leon Florestan.

On next Tuesday evening, our citizens will have the opportunity of hearing M. Leon Florestan, of Paris, France, in one of his charming entertainments, at Morrin College. He appears in our city, for the first time, under distinguished patronage, and he is endorsed by some of the most eminent men and women in the country. His entertainment includes reading in costume, from Racine, Shakespeare and other authors. M. Florestan speaks English and French with equal fluency, and his reputation as an actor and reader is deservedly high. His audience promises to be very select.

Hon. Mr. Chapleau.

The Secretary of State, writing from Paris to a friend, says he is improving in health every day. Dr. Guyon greeted him with the remark, "Why you look as strong as a horse." The doctor further assured him there was no hurry about receiving treatment. Mr. Chapleau is enjoying himself. He says visitors have been flocking to see him. He fears that if he remains much longer in Paris he will be besieged like Gen. Boulanger. Madame Chapleau is well, and has established herself as a great favorite in the English-speaking colony. A Parisian paper speaks of her as "a gracious personification of the Anglo-French alliance."

Wit in the Pulpit.

Although an extreme gravity of demeanour is generally considered essential to the proper conduct of religious services, numberless examples are on record in which the occupant of a pulpit has thought it not inconsistent with his position to indulge in outbursts of wit, or to give free rein to his sense of humour. In some instances, of course, this has been done deliberately, for the purpose of more thoroughly engaging the attention of the congregation; but the effects have been occasionally somewhat startling. Sydney Smith was once preaching to a congregation in Edinburgh, made up almost exclusive of ladies. He chose for his text the words, "O that men would therefore praise the Lord," laying special stress on the word *men*, and looking significantly around the church.

The Rev. Dr. Howard, rector of St. George's, Southwark, and chaplain to Princess Augusta, was so fond of good living that he ran considerably into debt with many of the tradesmen in his parish. It was in their special interests that he one day preached from the text, "Have patience and I will pay you all." He spoke at great length on the virtues of patience, and then proceeded, "I now come to the second part of my discourse, which is 'And I will pay you all;' but that I shall defer to a future occasion."

It is not often, perhaps, that a preacher is placed in the position of the Rev. Patrick Stewart, who, on spreading out the manuscript of his sermon before him on the pulpit, found that the first page or two had been eaten away. "My brethren," he said, nothing disconcerted, "I find that the mice have made free with the beginning of my sermon, so that I cannot tell you where the text is; but we'll just begin where the mice have left off, and we'll find out the text as we go along."

Decidedly caustic was the remark made by a clergyman who was stopped one Sunday by the loud talking that was going on among his congregation. A woman rose from the side of the church where those of her sex sat apart from the men, and called out, "Your reverence, the talking is not among us." "So much the better," answered the preacher; "it will be the sooner over!"

Dean Ramsay tells of a northern minister who saw that a young man in the gallery, in taking out his pocket handkerchief, pulled out, at the same time, a pack of cards, which flew all about. "Eh, mon," exclaimed the minister, "your psalm-buik has been ill-bund!"

It is related that Lord Magheramorne, best known as Sir James McGarel Hogg, soon after his elevation to the peerage went to dine at the house of an old friend, where he was well known under his old name, but he announced himself to Jeames as "Lord Magheramorne." "Lord ——— what?" said the startled domestic. "Lord Magheramorne," said he, with emphasis. Jeames shook his head. He did not venture to make a second enquiry, but despaired of attempting to render the uncouth collection of gutturals. What was he to do? The visitor was advancing to the drawing room. Jeames hesitated a moment, then boldly flung open the door and proclaimed, to the consternation of every one, "The late Sir James Hogg!"

An urgent appeal. "If you care for me as you say you do, bring me a tube of Cucumber and Rose Jelly for my poor chapped hands," it will cure them and it is not much to ask, is it? Druggists keep it, Wm. A. Dyer & Co., Montreal. 13

THE HOUSE OPENED.

A BRILLIANT CEREMONY.

THE SPEECH FROM THE THRONE.

The usual ceremonial attended the opening of the third session of the Legislature of the Province of Quebec in this city, yesterday, but the scene in the Parliament House was more brilliant than any which has been witnessed on a similar occasion for some time past.

His Honor the Lieutenant-Governor, whose enforced absence through illness was matter of general regret, had sent his state carriage to the residence of the Hon. Mr. Justice Bossé, Administrator, to drive him to and from the Parliament House. Arrived at the main entrance to the latter, His Honor the Administrator was received with a general salute from a detachment of "B" Battery, drawn up directly opposite to it, the band playing "God Save the Queen," while the Citadel guns also boomed out the usual salute. His Honor was attended by Capt. Sheppard and Lieut. Lessard, A. D. C.'s to the Lieutenant-Governor, and by Mr. Taché, Private Secretary, and was met within the entrance by the Premier and several of his colleagues and escorted to the chamber of the President of the Legislative Council and thence to the Throne, surrounded by a brilliant military staff, amongst others there being present Lt.-Col. Duchesnay, D.A.G., Lt.-Col. Taschereau, Brigade Major, Lt.-Col. Turnbull, Lt.-Col. Miller, Major Short, Major Prower, Surgeon Russell, Capt. Montizambert, Captain Rutherford, Capt. Dunbar, Capt. Peters, Capt. Morgan, Lieut. Morgan, Lieut. Imlah, Lieut. Clint, Lieutenant Mailloux and many others. The Ministers present on either side the Throne were Hon. Messrs. Mercier, Rhodes, Garneau, Sheyhn, Ross and Gagnon.

The scene in the Council Chamber was brilliant in the extreme. Despite the disagreeable weather, an unusually large number of ladies were present, and both floor and galleries were fairly packed with spectators drawn for the most part from the elite of Quebec society. His Honor's dignity of appearance and manner was freely commented upon, and so was the brilliancy of the military staff and the splendor of the ladies' costumes.

His Eminence Cardinal Taschereau was present for the first time since his elevation to the dignity of a Prince of the Church, and was accompanied by Mgr. Legare, V.G., as prelate. Mgr. Tetu and Canons Richardson and Von Iffland were also present.

To the right of the Throne sat the ladies of the Administrator's party, Mrs. Bossé, Mrs. Casault, Mrs. Routhier, and Miss Bossé. The other ladies and gentlemen accorded official seats on the floor of the House were Madame Duhamel, Miss Marchand, ex-Lieutenant-Governor and Mrs. Masson, Madame Caron, Senator and Mrs. Carvel, P.E.I., Senator Pelletier, the Consuls-General for Spain, France and Belgium, Judge and Mrs. Chauveau, Mrs. T. Duchesnay, the Deputy Ministers of the Province and others.

Having ascended the Throne His Honor the Administrator caused the members of the Assembly to be summoned, and these having appeared, headed by their Speaker, in response to the summons of the Gentleman Usher of the Black Rod, His Honor was pleased to open the session by reading the following

SPEECH FROM THE THRONE:

Honorable Gentlemen of the Legislative Council,
Gentlemen of the Legislative Assembly.

I am certain that I but give expression to your sentiments and those of the people of this Province, in stating that we regret the absence, on this occasion, through illness, of the head of the Executive and that we all sincerely desire to see him soon restored to health and to the office which he so worthily fills.

Reasons of a special nature have delayed the conversion of the consolidated debt of the Province authorized by you last session, but my Government still expects to carry out this financial transaction, which will enable it to devote large sums of money towards promoting the interests of Public Instruction, Agriculture and Colonization.

The act amending the law respecting district magistrates, assented to on the 12th July last, having been disallowed by the Federal authorities without their having appointed the additional judges ordered by this Legislature, my Government was compelled to put into force, in the city of Montreal, the old laws respecting district magistrates, with a view of stopping the ever-increasing accumulation of judicial business in the metropolis of the country. You will be again asked to enact the same law with certain modifications rendered necessary by circumstances, so as to put an end to the difficulties in the administration of Justice in Montreal and to assert the rights of this Legislature. The correspondence in connection with the disavowal will be submitted to you.

The Federal Government having raised doubts as to the right of this Province to the ownership of a certain portion of the Crown Lands called "beach lots," my Government deemed it necessary to protest energetically against such an encroachment, which, if successful, would be disastrous in its results. The memorandum sent to the Federal authorities on this subject will be submitted to you, together with the other documents connected therewith.

The Federal authorities having been consulted by my Government, have informed it that they had under consideration the question of disallowing the act of last session, confirming the settlement made in connection with the property known as the Jesuits' Estates, and, consequently, the carrying out of the principal provisions of that act has remained and will remain suspended until the expiration of the delay within which the disavowal might take place.

In accordance with the desire of this Legislature, the Department of Agriculture and Colonization has been entrusted to a practical agriculturalist, which will, I trust, assure the signal success of these two great national undertakings, and you have doubtless learnt, with pleasure, that, by this arrangement, an important department is confided to a representative of the minority in this Province in the person of a member from the Eastern Townships. You will be called upon to consider the advisability of conferring special and honorary rewards for agricultural merit so as to excite a noble and legitimate emulation amongst our farming population.

The Revised Statutes of this Province came into force by proclamation on the first of January instant, and the distribution is being made with all dued iligence.

Efficient measures have been taken to ensure the collection of the moneys due to the Province and to enforce compliance with the License Act.

As a result of the new appropriations which you voted to railway companies, the work of construction on a certain number of these roads has been energetically carried on and I have much pleasure in informing you that some of them have been completed and are already in full operation. The aid granted last session to the Quebec Railway Bridge Company was, by Order-in-Council, placed at the disposal of the promoters of that important undertaking, under the terms and conditions imposed by law.

My Government endeavored, under the authority of the act fifty-one and fifty-two Victoria, chapter twelve, to appoint arbitrators to whom would have been referred such of the questions which the Government of Ontario and Quebec would have mutually agreed to submit. After certain interviews and correspondence, the two Governments could not agree, my Government insisting upon submitting only the questions connected with the school lands fund and the Government of Ontario insisting upon adding others. There is, however, reason to hope that the difficulty will be settled shortly, to the satisfaction of both Provinces.

Gentlemen of the Legislative Assembly.

The public accounts for the fiscal year ended the 30th June last, will be laid before you without delay, as well as the suplementary estimates for this year and the estimates for the fiscal year 1889 90.

You will observe with satisfaction that the hope expressed with reference to there being a considerable surplus for the past year (1887-88), has been realized, and that every possible economy has been observed in the ordinary expenditure.

Honorable Gentlemen of the Legislative Council,
Gentlemen of the Legislative Assembly.

In order to carry out the promise made last session, a bill will be submitted to you for as equitable a settlement as possible, of the question of the exemption from taxes of certain property held for religious, educational or charitable purposes.

You will be called upon to consider amendments to the act passed in 1885 respecting lunatic asylums, in accordance with some of the recommendations contained in the report of the commission appointed to study that important question, and with a view of removing the feeling of uneasiness caused by that act.

Several other bills will also be submitted to you, amongst others, in connection with the Quebec Controverted Elections Act, the Mining Act and the License Act.

I have every confidence that you will give all the necessary attention to these important matters and I pray Divine Providence to bless your labors.

After the Administrator had retired, Messrs. Larochelle and Marcil in the Legislative Council and Col. Rhodes and Mr. Tourigny in the Assembly were introduced and took their seats, the new Minister of Agriculture being introduced by Mr. Mercier and Mr. Owen Murphy amid loud applause.

After the adoption of the usual routine motions both Houses adjourned.

The Speech from the Throne will be taken into consideration to-day.

The address in reply to the Speech from the Throne will be proposed in the Assembly by Mr. Boyer, M.P.P., and seconded by Dr. De Grosbois, M.P.P.

In the Legislative Council, Hon. Dr. Marcil will move the address and Hon. Mr. Ward will second it.

Quebec Skating Rink.

LAST NIGHT'S CARNIVAL.

Last night afforded proof of the interest that is taken in the Rink this season, and the scene witnessed there surpassed what it has been for a long time. The Rink was well decorated with flags. The Cavalry Band in full uniform played a splendid programme and everyone was in the best of spirits. As the gong sounded, a long line of ladies filed out from the dressing room and up along one side and met the gentlemen at the upper end of the Rink, skating down the centre together, which afforded a very pretty sight for the spectators who were quite numerous. The variety and brightness of the costumes was a marked feature, as was the absence of the ordinary snow-shoers and sailors. Bluebeard and Mother Bunch showed the spectators what waltzing on ice was, the Duchess of Devonshire look well, Night glided prettily about, Sweet Lollypops made many an eye turn upon her, Lady Bird was well gotten up, whilst the German Peasant really looked lovely. The Chessking was one of the best gotten up dresses. The Admiral appeared as usual but was worn by a commanding figure, Fishwife displayed a pretty face. A Spanish Lady, though she made her first appearance, commanded attention. A Young Pastry Cook again appeared with his cakes, and the Turkish Lady had a very pretty face which goes a long way, making a dress look well. Bopeep and Grace Darling was well gotten up and did credit to the characters. The Venetian courtier was one of the most exact and most handsome dresses at the Rink and it was easily seen that no trouble or expense had been spared. There were two Indians whose costumes were well worthy of note and it would be well for all to remember these two dresses, in order to see on the 16th instant, when there will be an Indian war dance at the Rink by the real Huron Indians, whether they are better than the real costume. Kate Hardcastle was also a well-gotten up dress. The Poudree who led the ladies, showed she was no novice on skates, and can always be detected no matter what her costume may be. The Albanian looked well. Autrefois looked charming as she glided through the throng of skaters, with her usual grace. The red and black devils displayed a good deal of ingenuity in their get up, and instead of being noisy and troublesome as usual, were quiet and no doubt did more damage among the fair sex than those of former years. The Pack of Cards was one of the good dresses and very true to its character. "Let Her Go Murphy" was in good type and carried off the character to perfection. Housemaids were there and a simple dress helped greatly to make the *coup d'œil* pretty. Martha Washington was deserving of a word of praise, while the Standard Bearer was good. The Lady of the Time of Queen Elizabeth, was very characteristic, and the Pompadour Shepherdess looked very pretty and shot about the ice as though she were quite at home on skates. If the city police were all of such build as the one on ice last night, criminals would fair badly in Quebec. The Japanese Lady was one of the good dresses and she certainly added greatly to the appearance of the Rink. Abagil Penegrim wore an excellent costume. Incroyable was certainly what her name said; she again wore one of the costumes that greatly assisted in making last night's carnival a success. Follow-the-Drum was an original idea, and the lady wearing the character has always done her duty by the Rink in putting herself to no end of trouble in getting up good costumes. Miss Dora Brown as "Our Navy" wore a very beautiful and striking costume, in which the Union Jack figured with fine effect. Miss Emily Brown appeared as the Duchess of Devonshire and gave the impression that she had stepped out of Gainsborough's frame. Miss F. Brown, Sweet Girl Graduate looked exceedingly well. Miss Wade made a very pretty Flower Girl and Stanley Wade and James Bowen appeared as Clowns. A Marguerite was excellent and was much admired. Old Mother Hubbard looked as though she had *not* lost her dog and appeared cheerful and happy. Noblemen of the 16th and 19th centuries were there in full fig. Tennis players evidently thought the weather had called for them to come out of winter quarters. A Comet shot about the ice in lively style. The dress of a Poudree being a good one was worn by several, but all got it up so well that it could be worn by quite a number and still not be monotonous. In conclusion, we must say that our young friends of the Skating Association have every reason to feel satisfied with the result of last evening. Had the weather been a little more favorable, no doubt the rink would have been packed to the doors. We trust to see the fancy ball of the 9th of January, 1889 repeated before the season ends. We give herewith the official list of those who skated:—

OFFICE OF THE CHERRIER DIRECTORY PUBLISHING COMPANY

J. H. LEWIS. A. B. CHERRIER. W. G. LEWIS.

THIRTY-THIRD EDITION —OF— CHERRIER'S QUEBEC CITY DIRECTORY —FOR— 1889-1890.

THE CHERRIER DIRECTORY PUBLISHING COMPANY TAKES PLEASURE in stating that it will at once resume its work of compilation in connection with the Quebec Directory, which, as usual, will be published at the end of May or beginning of June.

Like all such publications of good standing, Cherrier's Quebec Directory, since its first issue in 1858, has had to contend against more or less vexatious and uncalled for Directory schemes, all of which, however, it has had but little trouble to overcome. These various attempts were made respectively in the years 1871, 1874 and 1876, and were invariably attended with the results known to every one.

It seems that a fourth venture is now being tried, and it is therefore our duty to warn our subscribers and the citizens of Quebec as we have reasons to believe that this, like all such past publications, should it materialize, will prove a failure.

A competent directory publisher is not formed at a moment's notice, and to become a proficient member of the community, requires an amount of knowledge only to be acquired after many years of arduous and patient labor. This we think to have accomplished unquestionably. We now ask : *What can you expect from inexperienced hands?*

It might also be well to here state that this last attempt at an unwarranted opposition was being carried on whilst we were hard at work in a foreign country and hundreds of miles away from our Home Office.

In the spring of 1888 our Mr. Cherrier desirous of establishing a permanent Directory business and extending his field of operations, set to work forming a company the members of which are gentlemen of the highest business competency and standing. Having secured a legitimate ground in the city of Lincoln, capital of the State of Nebraska, and the Quebec Directory being issued and partially secured in advance—for reasons which are now obvious—work was at once resumed in the above thriving city, and the results of six months' labour has just been placed before its Lincoln patrons. The C. D. P. Co., is proud to say that this work has received the most flattering comments from the press generally, and the heartiest endorsation from the public, as press notices which will be published in a few days will go to show.

Copies of this Lincoln Directory, a book of 575 pages, can now be seen at our branch office at Messrs. Dawson & Co., and likewise at the newspaper offices of the *Canadien*, the CHRONICLE and the *Electeur*.

We had acquired partial knowledge of what is now taking place before our departure for other fields of labor, and hence our reason for securing last spring our subscribers in advance. This we shall continue to do in the future,—with the good will of our patrons—whenever we may have cause to suspect that any such proceedings are being carried on to injure our business and the interests of our numerous, old-time and honored patrons.

We are now in the field and give all the assurance that as in the past THIRTY-TWO years, we have ever laboured to publish a Directory worthy the name and the patronage bestowed upon it, so shall we continue to do in the future, with the hope that our long experience in matters pertaining to directories will enable us to accomplish still more to further the interests of our citizens, interests which are also those of

Mail Steamers.

POLYNESIAN.—The Allan Line R.M.S. "Polynesian," Captain H. Wylie, sails from Halifax for Liverpool, on Saturday next, with mails and passengers. Her mails close at the Quebec Post Office to-morrow morning.

SARMATIAN—The Allan R. M. S. "Sarmatian," Captain Wm Richardson, is the next steamer to arrive at Halifax from Liverpool, with mails and passengers

Allan Line.

NOVA SCOTIAN—The mail ss "Nova Scotian." Captain Hughes, from Liverpool for Baltimore, via St. John's, Nfld and Halifax, arrived at the latter port at 12.40 p.m on Monday, and sailed at 5.30 p.m. Tuesday.

A FAST TRIP.—The Dominion line steamer "Vancouver," from Liverpool with the weekly mails, was signalled off the harbor about ten o'clock Saturday morning, and arrived up to the city at one o'clock. It was, however, almost three before she was docked at the deep water terminus, she being obliged to wait until the "Oregon," lying at the wharf, moved out. Notwithstanding the fact that heavy head gales were experienced during the voyage, the "Vancouver" made the fastest trip of the season, being only eight and a half days from Moville. She brought 22 cabin, 8 intermediate and 50 steerage passengers. The steamer had a large quantity of cargo on board, only a small portion of which was landed here, the rest being taken to Portland, Maine, and sent to its destination in Canada, by the Grand Trunk Railway.—Halifax *Chronicle*, January 7.

CHANGED FLAGS.—Bark 'Columbia" (formerly British bark "Sarah E Cann"), which sailed from Sheerness December 29 for Philadelphia, to load for the Continent, had been purchased by Norwegian parties.

HEAVY WEATHER—Halifax, N.S., Jany. 8.—The steamers "Glendower," which arrived to-night from Hamburg, and the 'Rialto," from London, experienced very severe weather. A seaman on the "Glendower" named Gorgenson was dashed against the bulwarks and received injuries from which he died shortly afterwards. One of the "Glendower's" boats was smashed and the ship slightly damaged.

RETURNED.—Mr. Adam Pouliot, pilot, who was carried to Liverpool on board the ss "Oregon," being unable to land at Father Point, has returned to Quebec.

FIRES.—Yesterday morning about half-past seven o'clock fire was discovered in the old kitchen of the Quebec Seminary, adjoining the dormitory of the workingmen. An alarm was sounded from box 9 on the Seminary building, and before the last peal of the bell had rung out the reel from No. 1 Station was on hand, followed in quick succession by the rest of the brigade. A stream of water was soon playing on the flames, which were extinguished in a few minutes. As the fire was on the ground floor, which is built of stone, as well as the walls and ceiling, only the articles in the room were burned, which will not amount to much. The origin of the fire is unknown, but is supposed to have been caused by the accidental igniting of coal oil.——Mr. Ernst, of the CHRONICLE Office, was going home about three o'clock yesterday morning when he discovered smoke issuing from the boot and shoe shop of Mr. Z. Jouvin, St. Joseph street. He alarmed the firemen, who promptly subdued the flames. The damages will not exceed $60, and are covered by insurance.

That Explained It.

"Mrs. Graham," said the young man, "I have traced to you the story that I have been divorced fourteen times and arrested seventeen for cruelty to my wife, and I would like an explanation." "Mr. Bailey, I am certainly astounded. The only story I have told about you lately is what you informed me last Thursday—that you had just been engaged." "May I ask you where you mentioned that?" "Why, certainly ; it was at the Friday afternoon sewing circle."—*Time.*

ST. BRIDGET'S ASYLUM.—The Superioress of St. Bridget's Asylum begs to offer her most heartfelt thanks to Mr. E. Lenoon, flour merchant, for a barrel of flour and a ham, and to Mr. G. Romeril, confectioner, for four large sweet cakes for the little orphans.

Medical aid was at once procured and the fracture reduced. Parents should be very careful about their children sleighing at the present, as the heavy sleet and rain have rendered the ice extremely dangerous. One medical gentleman reports that he has been called within the last three or four days to attend on no less than six children with broken limbs, caused by sliding.

Merchants doing business in St. John street will be put to a great deal of inconvenience and loss by having to remove their stock incident by the widening of the street. Messrs. ACCIDENT.—Shortly after eleven o'clock last night, a horse attached to a large covered cariole, took fright at a fall of snow from a roof near the foot of Mountain Hill, and rushing swiftly around the corner of Sault-au-Matelot street, horse and cariole capsized. The occupants of the sleigh, besides the carter, whose name is Siméon Tardif, were a lady and gentleman, and their cries attracted the attention of the employees of the CHRONICLE, who quickly went to their assistance and after some difficulty extricated the imprisoned occupants of the over turned sleigh—not hurt, but badly shaken. The carter meanwhile was attending to his fallen horse, and having loosened the harness endeavored to raise him. The unlucky carter, however, did not take sufficient precaution, for the horse made a bolt when he got on his feet, and but for the tenacity of one of our employees, who had hold of his head, would have got away. Notwithstanding, Tardif was knocked down and one of his legs broken near the ankle. He was conveyed to his home and the horse properly secured. The sleigh was badly damaged.

NOTES BY MR. DRESSEL.

(a) This continuation, which has come into favor quite lately, yields a strong attack.

(b) Not good; P—K 5 seems preferable with the probable continuation. 8 Kt tks P, Kt tks Kt; 9 P tks Kt, Kt P tks P; 10 Q—Q 4, P tks B; 11 Q tks Kt, P—Q 4, with an even game.

(c) Kt—K 4 at once was the right move, Black now gets a hopelessly cramped game.

(d) Kt—B 5 was no better. White would reply B—Q 4, followed by 17 P—Q Kt 3.

(e) Clear waste of time; but his position was desperate.

(f) After Q tks Q. 22 Kt tks Q. B—B 3 (best); 23 Kt tks B, P tks Kt; 24 R tks P. White wins quickly, as Black cannot prevent B—K 3, followed by B—R 6. (If 24...... K—Kt 2; 25 B—Q 4, K—Kt; 26 B—K 3, and wins.)

(g) Decisive; Herr Riemann plays the finish finely.

(h) Of course if B—Kt 4, 25 R tks Kt wins at once.

For tournament play this game has certainly been lively enough, but the management of the defence is hardly a fair sample of Herr Minckwitz's usual judgment and style.—EDITOR—*Boston Post.*

The best anodyne and expectorant for the cure of cold and coughs and all throat, lung, and bronchial troubles, is, undoubtedly, Ayer's Cherry Pectoral. Ask your druggist for it and, at the same time, for Ayer's Almanac, which is free to all.

A Yarmouth (N. S.) paper is responsible for the following:—"A respectable gentleman went to the cars one day to see his favorite daughter off. Securing her a seat, he passed out of the cars and went round to her window to say a parting word. While he was passing out the daughter left her seat to speak to a friend, and at the same time a grim old maid took the seat and moved up to the window. Unaware of the important change inside, he hurriedly put his face up to the window and said, 'One more kiss, sweet pet!' In another instant the point of a cotton umbrella was thrust from the window, followed by the pious injunction, 'Scat, you grey-headed wretch!' He scatted."

An Affecting Poem.

Richard E. Burton is the author of the poem, "The City of the Dead." It is as follows:

They do neither plight nor wed
In the city of the dead,
In the city where they sleep away the hours;
But they lie, while o'er them range
Winter blight and summer change,
And a hundred happy whisperings of flowers.
No, they neither wed nor plight,
And the day is like the night,
For their vision is of other kind than ours.

They do neither sing nor sigh
In the burg of by and by,
Where the streets have grasses growing cool and long;
But they rest within their bed,
Leaving all their thoughts unsaid,
Deeming silence better far than sob or song.
No, they neither sigh nor sing,
Though the robin be a-wing,
Though the leaves of autumn march a million strong.

There is only rest and peace
In the city of surcease
From the failings and the wailings 'neath the sun;
And the wings of the swift years
Beat but gently o'er the biers,
Making music to the sleepers, every one.
There is only peace and rest;
But to them it seemeth best,
For they lie at ease, and know that life is done.

Literary & Historical Society of Quebec.

ANNUAL GENERAL MEETING YESTERDAY.

The annual general meeting of the Literary & Historical Society of Quebec was held yesterday, Wednesday, morning, 9th January, in the library of the society, at 10 o'clock. There was a good attendance of members. After reading the minutes of the last monthly meeting, the Council Secretary, A. Robertson, Esq., submitted the annual report of the society, for the past year:—

ANNUAL REPORT.

QUEBEC, January 9th, 1889.

The President and Council of the Literary and Historical Society of Quebec beg to present at this annual meeting of the society, their reports and accounts for the past year. It is a matter for congratulation that we are able to state, that through the liberality of the Premier of the Province and his colleagues, the Government and Legislature of Quebec have restored to the society an annual grant, to enable us to print transactions, and rare manuscripts, and to otherwise prosecute our labours according to the aims of the society. Up to 1884 the amount yearly granted us was $750. In that year it was discontinued, however, and owing to losses in membership, non-payment of subscriptions, &c, the financial position of the society became somewhat crippled. Last year, the present Government granted us $500, and we have reason to believe that that sum, if not more will be annually placed in the estimates for our benefit. By means of that grant we have been enabled to place in the printers hands the manuscript of a volume of transactions, which will be published early during the present winter. We have also added to the library a large number of volumes.

For several years past, the Quebec Government has demanded certain original manuscripts relating to the early history of the country, which have been in the possession of the society for a great many years. The committee appointed by the society to confer with the Government, on the subject, satisfied themselves that the claim of the Government was legal, and that the society was the custodian and not the owner of the papers in question. Accordingly, the librarian handed over to the Provincial Secretary all the volumes of original manuscripts, and manuscript copies from the Paris and London archives, as described in his report, which is here appended.

During the year 1888, seventeen new members were elected, and fourteen withdrew from the society. Of the latter three resigned, seven left the city, and four died. The council regrets exceedingly the sad loss which the society sustains in the deaths of Jean B. Dion, Roderick McLeod, for many years a talented and zealous office-bearer, the Hon Senator James G. Ross, and the Count de Premio Real, late Consul-General for Spain at this port.

We have an active membership of 190.

His Excellency, the Rt. Hon. the Lord Stanley, Governor-General of Canada, was elected patron and honorary member of the society. The following letter of acceptance was received.

CITADEL, QUEBEC, Sept. 29, 1888.

DEAR DR. STEWART,

In answer to the invitation contained in your letter of yesterday's date, I am desired by His Excellency the Governor-General to say that it will give him much pleasure to become Patron and Honorary Member of the Literary and Historical Society.

Yours very truly,
CHARLES COLVILLE, Capt.,
Governor-General's Secretary.
GEO. STEWART, JR., ESQ, D.C.L.,
Quebec.

Last May, Mr. W. C. H. Wood, attended the annual general meeting of the Royal Society of Canada, at Ottawa, as delegate from this society, where he presented a report of our proceedings, and took part in the sessions of that learned body.

The opening lecture of our annual course was delivered on the evening of Thursday, 12th January, by W. A. Ashe, Esq., F.R.A.S, on "Popular Superstitions." The second lecture was by Major Prower, on Tuesday evening, January 24th, subject, "The Briton in English History." The third lecture was by F. C. Wurtele, Esq., on Friday evening, 3rd February, subject, "Our Library." The fourth lecture was by J. M. LeMoine, Esq, F.R.S.C., on Thursday evening, 16th February, subject, "Heroines of New France." The fifth lecture was by W. C. H. Wood, Esq., on Wednesday evening, 7th March, subject, "Darwinism and Evolution." The sixth lecture was by Napoleon Legendre, Esq., F.R.S.C., on Wednesday evening, 21st March, subject, "La Legende d'un Peuple," par Louis Frechette. The seventh lecture was on Tuesday evening, 3rd April, by Faucher de St. Maurice, Esq., F.R.S.C., subject, "Halifax, Cap Breton, Louisbourg, St. Pierre et Miquelon." The eighth lecture was on Friday evening, 12th April, by Dr. Harper, F.E.I.S., on "Champlain's Tomb," and the ninth lecture was on Tuesday evening, 1st May, by Rev. Dean Norman, D.D., D.C.L., on "Shakespeare a Study." The lectures were well attended. A course for the present year has been arranged, Rev. Dr. Norman opening the course on Thursday evening, December 13th, with "A Study of the Merchant of Venice, with readings from the play."

GEORGE STEWART, JR,
President.

A. ROBERTSON,
Council Secretary.

The report of the Librarian was then read by Mr. Wurtele:

The Librarian has to report that 1,839 volumes were issued during the past year to members of the society, but 136 of these books are still out over the time specified by the rules. There have been 451 accessions to the library, of these 109 bound volumes have been purchased; and the remainder, consisting of 76 bound and 269 paper covered books and pamphlets were received in exchange from other societies, and donations from the following gentlemen: Justin Winsor, G. W. Fairchild, Montague Chamberlain, G. W. Dawson, D-S., F.G.S., Charles Baillairge, James M. LeMoine, Esq., also the Treasurer and Engineer of the city of Quebec, and the late W. R. Baldwin, Esq., also the Dominion and Provincial Governments.

Through the kindness of the Marquis of Dufferin and Ava, late Viceroy of India, your society has been placed in communication with the Surveyor-General and the Directors of the Geological and Archaeological Surveys of India, and has received as complete a series of their valuable reports and memoirs as could be obtained.

By order of the Council the Librarian delivered to the Hon. C. E Gagnon, Provincial Secretary, the following manuscript documents, requisitioned by the Government, and a detailed account of the transactions has been placed on record in the minutes of the society, viz:—10 volumes of original manuscripts being: Two vols. Matieres Criminelles 1682-1746; one vol. Matieres de Police et Voiries, 1683 to 1756; one vol. Matieres de Police, 1695 to 1758; six vols. Matieres Civiles, 1665 to 1759: twenty-eight vols, manuscript copies which are mentioned on page 1,448 in the Parliamentary library catalogue of the year 1858, viz: 17 vols. manuscript copy from the Paris archives, detailed on pages 1451 to 1498; 5 vols. manuscript copy of memoirs, &c., detailed on page 1613; 6 vols. manuscript copy from the London archives detailed on page 1622; 3 vols. manuscript copy, badly damaged by fire, viz: One vol. Cahier d'Intendance; one vol. Table des Ordonnances, resolutions, avertissements, proclamations rendus par le Conseil du Canada, 1764 to 1775, and one volume Registres des Insinuations des Cahiers d'Intendance.

Complete sets of the books of George Eliot, Matthew Arnold, Emerson, J. Russell Lowell, Oliver Wendell Holmes and Nathaniel Hawthorne, are included in the purchases of the year, but the works of Sir Walter Scott, Dickens, Thackeray and Bulwer Lytton are still in a most dilapidated and irreparable condition, but it was deemed more advisable to purchase the works of authors that were not on our shelves than to renew these old ones, but the incoming council may see their way to procure the much needed sets of these favorite authors.

F. C. WURTELE,
Librarian.

OPINIONS OF THE PEOPLE.

(*To the Editor of the Morning Chronicle.*)

SIR,—In your issue of the 7th inst., the Rev. E. I. Rexford protests against the publication of his name in the list of speakers during the Week of Prayer. His protest is couched in the form of a letter addressed to W. Brown, Esq., Secretary of the Evangelical Alliance; and this letter he gives to the public without allowing Mr. Brown any opportunity to explain or correct the mistake. There was certainly no need for this hasty rushing into print. But since Mr. Rexford has made the matter public, I would like to add a word of explanation.

When Mr. Rexford's name was proposed, I, as a member of the Evangelical Alliance, undertook to see him and secure his consent. Being suddenly called away to Montreal, I was unable to do so, and before I returned it was taken for granted that Mr. Rexford would be willing to take part in the services during the Week of Prayer. This was done in the case of others, I believe, besides Mr. Rexford, who, it appears, seems aggrieved because it was imagined that he being an Evangelical clergyman, might be counted on as being in sympathy with the Evangelical Alliance.

I am sorry that his name should have been used without authority, but cannot help thinking that the mistake might easily have been rectified without resorting to unnecessary publicity.

Yours truly,
ALFRED BAREHAM,
President of the Evangelical Alliance
Quebec.
Quebec, Jan. 8th, 1889.

GENERAL INTELLIGENCE.

WISE AND OTHERWISE.

What Everybody Should Know.

1888 always looked a little lob-sided, 1889 is much more symmetrical.

Corns cause intolerable pain. Holloway's Corn Cure removes the trouble. Try it and see what an amount of pain is saved. d&w

There are 30,000 colored children in Maryland deprived of public educational facilities.

The superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children. Purchase a bottle and give it a trial. d&w

On the principle that the thicker the veil the prettier it makes the girl look, Boston girls are said to have adopted the Hadiog veil with enthusiasm.

A Sure Basis of Popularity.—Merit, apparent to a "cloud of witnesses," upon which the popularity of *Dr. Thomas' Eclectric Oil* is founded. Throat and lung complaints, pain soreness, stiffness, swellings, burns and ailments of various other kinds, yield to the action of this speedy and safe remedy.

A Michigan woman practised with a revolver until she could hit a suspended button at eight paces. Then there came a burglar into the house, early one morning, and she sent a bullet pinging through her husband's left ear.

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickle's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.

According to *The Fiji Shimpo* there are twenty cotton factories now in operation in Japan, with a total of 82,680 spindles. There are also twenty factories in process of establishment or extension, with an estimated capacity of 180,680 spindles.

Holloway's Pills and Ointment are remedies which should invariably be taken by travellers in search of health, pleasure or business. Many deleterious influences are constantly at work in foreign climes, tending to deteriorate the health; these and the altered conditions of life will entail on those who travel the necessity of carefully attending to early symptoms of disease, and they will find the use of these remedies to be highly necessary, the action of the Pills being purifying and strengthening and of great service in cases of fever, ague, and all inflammatory diseases, whilst the Ointment is a sovereign cure in cases of piles, bad legs, bad breasts, wounds and ulcers. Holloway's remedies do not deteriorate by change of climate.

"I know I've got a vein of poetry in me, sir," confidently asserted the young man to the editor, "and all I want is a chance to bring it out. What would you suggest, sir?" "I think you had better see a doctor and have it lanced."

A Cough, Cold, or Sore Throat requires immediate attention, as neglect oftentimes results in some incurable Lung Disease. Brown's BRONCHIAL TROCHES are a simple remedy, containing nothing injurious, and will give immediate relief. 25 cts. a box.

RACKED BY INNUMERABLE PANGS, restless by day, sleepless at night, rising unrefreshed in the morning, without appetite, and pestered by varying and perplexing symptoms, the dyspeptic takes indeed a gloomy view of human existence. For him the zest of life seems gone. Heartburn, oppression at the pit of the stomach and the attendant annoyances of constipation and biliousness, combine to render him utterly wretched. But there is, if he will but take advantage of it, a reliable source of relief from all this misery. NORTHROP & LYMAN'S VEGETABLE DISCOVERY and DYSPEPTIC CURE is, as its name imports, a botanic preparation, free from mineral poison, and an all sufficient remedy for indigestion in its most obstinate form. It not only enriches the blood by enabling the digestive organs to convert the food received into nutriment, but depurates it by increasing the action of the bowels and kidneys, the natural outlets for its impurities. But while it relaxes the bowels, it never does so violently and with pain, like a drastic cathartic. It aids, but never forces, Nature, invigorating as well as purifying and regulating the system. It thoroughly removes those diseased humours which tend to irritate the blood, purifies the urinary secretion, and promotes a flow of healthy bile into the natural channel, besides expelling it from the circulation. Experience has proved that this standard medicine is a thorough remedy for dyspepsia, biliousness, costiveness, kidney complaints, scrofula, erysipelas, salt rheum, lumbago and all impurities of the blood. Price, $1.00. Sample Bottle, 10 cents. Ask for NORTHROP & LYMAN'S Vegetable Discovery and Dyspeptic Cure. The wrapper bears a *fac-simile* of their signature Sold by all medicine dealers.
