Its Attractions as a Summer Resort.

LTHOUGH there are many summer resorts in the Province with accommodation for a greater number of people than in Knowlton, there is no place on this Continent more deservedly popular among those few who in the past have spent their holiday season here, than is Knowlton. Beautifully situated on the shores of Brome Lake, with good railway accommodation, bass fishing of the best in the Province, fine bracing mountain air, fine roads, scenery that rivals that of Scotland, there is no doubt but that in a few years Knowlton will take the place it deserves as one of the finest inland summer resorts on this Continent. It has two good hotels and eight first-class boarding houses, and during the past summer those have all been full. Knowlton is the *chef-lieu* of the County, and it is here that the County Circuit Court is held, and the Registry Office for the County is here.

During the month of September the Brome Agricultural and Horticultural Societies hold their annual exhibitions on their fair grounds here. One of the great attractions of this place is "Foster Park," owned by S. W. Foster, Esq., and to which the public are always welcome.

TO THE MEMBERS OF THE

AGRICULTURAL SOCIETY

AND FRUIT GROWERS ASSOCIATION

OF THE COUNTY OF BROME.

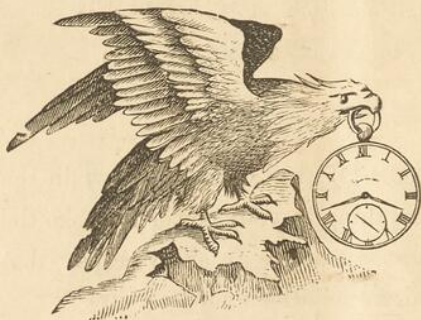

The Officers and Directors of the Societies entertain the hope that you may do everything in your power to make the coming exhibitions the most attractive in every respect that can be expected from county exhibitions such as ours.

We are essentially an agricultural county, therefore it is not expected that a great display of manufactured articles by machinery will be exhibited. On the contrary, we can and must make a good display of agricultural products, cattle, and home-made goods. We have done it in the past, and, should we fail to do it again, it would be a disgrace to us. We have no reason to believe that such will be the case, but we fear that many of you will refrain from exhibiting many things worthy of exhibition for the simple reason that you will fear that "some one will have something better than yourself." Do not be afraid; bring everything you can, and show to those coming from a distance that Brome County is still progressing.

Your officers are in hopes that arrangements will be made to make a county exhibit at the exhibition at Sherbrooke of all the articles having obtained a prize here. In that case, competent persons will be named to take charge of and return them to their respective owners after the exhibition.
