## WESTMOUNT HONORS WARRIOR DEAD

### Thousands Attend Commemoration Rites At Soldiers' Memorial

**Air Chief Marshal Sir Frederick Bowhill Takes Salute After Troops Pay Tribute to Heroic Dead**

Westmount is resolved that the epic of her sons of 1914-1918, in France and Flanders where the bodies of many of her best manhood paved the roads to victory, will not pass from the hearts and minds of the people of this city, as well demonstrated last Sunday afternoon by the presence of thousands of citizens at the Soldiers' Memorial, where a Commemoration Service was held in place of the regular Remembrance Day one—cancelled this year because of the labor exigencies of the war.

Presiding at the ceremony was His Worship Mayor Walter A. Merrill, K.C., and taking part in the service was the 2nd (R) Battalion, Royal Montreal Regiment (M.G.), commanded by Lt. Col. H. G. Brewer, M.C., who paraded to the memorial headed by the R.M.R. No. 14 Branch of the Canadian Legion and a guard of honor supplied by the Veterans' Company under the command of Major H. Armstrong, V.D. Among the other units parading were a detachment of No. 1 Westmount Squadron Air Cadets Canada, under the command of Squadron Leader H. P. Hilsley, the Westmount Squadron Corps of Imperia Frontiersmen, under the command of Captain Walter Grossmith, St. Willibrod's drum and bugle band under Bandmaster Patrick Keleher, and the Westmount Chapter of St. John Ambulance Association in charge of James H. Smith.

At the beginning of the service, the Veterans' Guard was inspected by Brig-General E. de B. Panet, C.M.G., D.S.O., E.D. Following the inspection, the religious service was conducted by Lt.-Col. Harold S. Laws, V.D., chaplain of the Royal Montreal Regiment, the congregation singing the hymn, "God of Our Fathers, Known of Old."

Colonel Laws then read the Scripture lesson from the Book of Revelations and from II Corinthians, and led the prayer. In his prayer of Commemoration, Colonel Laws referred to the sense of gratitude of all for the sacrifices of those who gave their lives in the Great War.

Continuing, Colonel Laws said, "Almighty God, with whom the souls of the faithful departed do live in joy and felicity, we remember before Thee, with thankful hearts, the Citizens of Westmount and men of this Regiment, who gave their lives in the Great War. We thank Thee for their ready response to the call of their Country; for their cheerfulness and courage in the midst of suffering and danger; for their steadfastness and self-sacrifice in the hour of death. Grant unto them, O Lord, joy and peace and greater opportunities of service in the new life to which Thou hast called them. And we pray Thee, O Lord, that the offering of their lives may not have been in vain; that we and all Thy people may hear the call to nobler living which sounds in our ears from the graves of those who died that we might live; that we may dedicate our lives anew to the work of bringing in Thy kingdom upon earth; so that out of these years of sin and misery and loss, there may arise a better world, through Jesus Christ our Lord."

At the close of the religious services that ended with the congregational singing of "Abide With Me," led by Lieutenant Q. J. Gwyn of the Royal Montreal Regiment, wreaths were laid on the monument in the following order: City of Westmount, The Royal Montreal Regiment in memory of fallen comrades—Lt.-Col. H. G. Brewer, in memory of fallen comrades from the 14th B'n R.M.R., the Commanding Officer and Officers of the 58th Westmount Rifles of Canada, from all ranks of the Royal Montreal Regiment (M.G.), the Ladies' Committee of the R.M.R. in remembrance, No. 1 Westmount Squadron Air Cadets Canada, Westmount Women's Club, from

### WESTMOUNT WENT OVER ITS LOAN OBJECTIVE AT NOON LAST SATURDAY

**More Subscriptions Than Ever Received for Victory Loan**

Westmount, with more subscribers than ever before for a Victory Loan, went over its retail objective at noon last Saturday, November 7, the closing day of the campaign.

When sales fell behind temporarily last week, C. E. McKenna, organizer, continued to express the fullest confidence in the outcome, and said that Westmount would see it through as the Empire does.

This confidence was fully justified on Saturday afternoon and evening, when additional subscriptions poured in bringing the final figures to a very satisfactory total.

This was all the more heartening when it is remembered that many subscribed through their place of employment, banks, and trust companies, but despite all obstacles, the direct sales were higher in numbers than ever before.

Mr. McKenna said the appeal in last week's Examiner to all justified on Saturday afternoon

### "LEST WE FORGET": Great War Dead Honored

Thoughts of sons and other relatives, who have lost their lives in the present conflict, mingled with memories of those other heroes who died in the 1914-18 war in the minds of Westmount residents when they gathered yesterday at an impressive memorial service in front of the Westmount War Memorial. In this picture, taken just after the service, are, from left to right, Lady Bowhill, Air Chief Marshal Sir Frederick Bowhill, officer commanding R.A.F. Ferry Command; Walter Merrill, K.C., Mayor of Westmount; Lt.-Col. H. G. Brewer, M.C., O.C. 2nd (R) Battalion, R.M.E.; Brig-Gen. E. deB. Panet, D.O.C. M.D. No. 4, Col. Paul Grenier, E.D., commander, and Major Hugh Mitchell, brigade major, 34th Reserve Brigade Group. In top hat behind General Panet is Lt.-Col. F. W. Fisher, V.D., honorary lieutenant-colonel of R.M.R.

### Major the Rev. Charles Beaudin Guest Speaker Gives Brilliant Address

**Y.M.C.A. TO OPEN PUSH FOR FUNDS IN COMING WEEK**

**\$130,000 Sought in Montreal Metropolitan Drive—Local Activities Cited**

The Westmount division of the Montreal Y.M.C.A. campaign for one hundred and thirty thousand dollars, to carry on the work of the Y. M. C. A. for youth in Montreal starts next Monday. In addition to the regular home front work, the work of the Montreal Y.M.C.A. in its branch buildings include an immense amount of work for the men of the Navy, Army, Air Force and Merchant Marine.

Westmount Branch of the Y has been a busy and popular recreation centre for the men of the Forces since the day war started. Westmount citizens have entertained the soldiers of the Westmount Athletic Grounds and armmen of the Wireless School on many happy occasions. For more than three years the Westmount girls have entertained men of the Forces every Saturday night at exceptionally fine dances. Sunday teas and dinners have also been put on by the various girl groups and Westmount Women's Club. Headquarters for hospitality to service men has been the Westmount Y.M.C.A. Statistics show that this branch has had an aggregate attendance of over 250,000 service men since the start of hostilities.

A team headed by Mrs. Harold Mills is taking part in the Women's division of the Westmount campaign.

The regular work of the Y for boys and young men has carried on much as usual. With over 300 former members on active service the strain on its depleted leadership has been severe. The blind boys of the Montreal Association for the Blind have been coming to this building for their gym and swimming activities for the past 16 years, and continue to enjoy these privileges. The deaf boys

we should recall the past, that we may learn the necessary lessons of the future."

Major Beaudin, growing reminiscent, said, "those of you who are of my age and time can recall the events which marked the period between 1914 and 1918. In the course of those four years millions of soldiers had faced one another, had fought, suffered and killed one another. Amongst those who had gone across, some had done so voluntarily and freely. Others in Canada as well as in the United States and other countries of the world, had been conscripted. Thus it was that we saw thousands of our young men, the flower of our manhood, depart from the river banks of the St. Lawrence. They were in good health and held hopes for a brilliant future. The volunteers departed with a smile on their lips. Inspired by an ardent patriotism, they were anxious to face the enemy and destroy his power. Remember what happened then. They left Canada in the midst of a cheering population. They paraded in our streets their rifles bedecked with flowers and lustily singing Tipperary and other war songs. They left full of hope. They were anxious to go. They fretted lest they should not get across in time. Everybody was persuaded the war would last just about six months. Our boys wanted to be there for the hour of triumph. Unfortunately events turned out to be altogether different."

"Months followed months; years followed years. Death, the all-powerful master of the day, lurked on every side. It was not enough to protect oneself against the bayonet charges or infantry advances. New war machines were devised and used in unknown ways and manners. Asphyxiating gas unknown until then; liquid fires, previously known, but the use of which was considered under the dignity of civilized peoples; heavy artillery

### Hockey League Meetings To Plan for Next Season

A meeting of the intermediate section of the Westmount Municipal Hockey League will be held tomorrow evening, Nov. 12th in the office at the Greenhouse, starting at 8.00 p.m.

Three teams have signified their intentions of playing in the loop, all of them service teams. The three clubs are the No. 3 Training Command, the Ordnance Corps from the Westmount Barracks and the No. 1 Wireless School.

The No. 3 Training Command team played in the loop last year when it was amalgamated with Verdun but the other two teams are newcomers.

Up till the present time no success has been met with in the effort to get together a civilian team from Westmount. Ten or so of the players on the Westmount team of last year are now in the Armed Forces, mostly the Air Force.

The league will be affiliated with the Q.A.H.A. in the intermediate C class, which is for outdoor rinks.

**Hockey Minor**

The first meeting of the bantam, midget and juvenile sections of the Westmount Municipal Hockey League will take place this Monday evening, Nov. 16th, at Victoria Hall, starting at 8.00 p.m.

Team managers and representatives of prospective teams are asked to attend this meeting so that some line can be gathered on the number of teams expected to operate this year.

The juvenile section is for players not having reached their 18th birthday by November 1st,

## ARE YOU A HOME OWNER?

Local home owners will all be interested in the outcome of the movement now afoot to alleviate the realty tax burden. There is a point in constantly increasing taxation beyond which the tax receipts begin to decline, instead of continuing up. Economists call it "the law of diminishing returns" and it applies to practically all sources of revenue, from customs tariff receipts to proceeds from the sale of cheese. As far as the realty tax revenue is concerned, it simply means that when taxes reach a certain point people are discouraged from building or buying their own homes. Tax revenue expectations are not fulfilled, and the collectors are forced to search elsewhere for revenue. We seem to have reached that state now. As a matter of fact under our present scale of taxation home owners have little or no advantage over renters financially, and a lot more responsibility to bear. Home ownership should really be made to mean what it implies rather than merely the assumption of responsibilities for the tax collector's benefit. To have many private homes in a city is to have a stable source of income not only for the neighbourhood merchants and other business men, but for the city as well, both directly and indirectly. There is a lot to be gained

from encouraging home ownership, and it is to be hoped the present move will result in a substantial reduction in the tax burden of the home owner.

## ON THE RECORD

Detractors of Britain are not to be found in official Washington. Recently a circular published by the American Government set out in detail some of the salient features of Britain's part in this war. It reported: "Britain's armies have fought ten campaigns and garrisoned strategic bases such as Iceland, Malta, Gibraltar, India and the Middle East. Britain's fighting forces have suffered 183,500 casualties, 71 percent of all the Empire's dead and wounded. Britain's navy, with fewer than 600 ships at sea, has sunk 5,520,000 tons of enemy merchant shipping and convoyed 100,000 United Nations' ships with loss of only one-half of one percent of those convoys. Britain's air force fought and won the greatest air battle in history; its coastal command has flown more than 50,000,000 miles."

"Our boys offer to give their lives. We are only asked to loan our money."

That is an excerpt from a Victory Loan speech. It was uttered recently. It was said during the Second and the First Victory Loan campaigns. It will likely be repeated in the Loan period next year. How many of us understand that those boys offer their lives because we ask them to do that!

Each one of us has had a share in the decision to fight the Germans, and to send our young men over to do the job.

The men at Dieppe knew it. They stole themselves to jump out of boats onto the bullet-swept beaches because they felt we expected them to do their best for Canada.

If all of us back here in Canada fully realized that fact, how we would hasten to increase our purchases of Victory Loan Bonds!

## Westmount Baptist Church

The church will have two visiting Ministers next Sunday. Rev. Harry R. Pike, Chaplain at Halifax with the Royal Canadian Navy, in the morning; and in the evening Rev. Wm. J. Baxter of Olivet Baptist church, Verdun, will preach while Mr. Pike visits his former parishioners at Verdun.

The week-day activities will be in accord with the usual program—singing groups on Thursday morning and afternoon, and the week-night devotional services on Thursday evening at 8 o'clock—the B.Y.P.U. assembling in the church parlor and the congregational Assembly meeting in the lower hall.

An additional feature this week is the city-wide "Open-Board" Box Lunch meeting for the Baptist women of the city and their friends, to hear Miss Janet Robinson, a veteran Baptist missionary in India. On account of wartime conditions each woman is expected to bring her own supplies of tea and sugar.

Dr. Johnston's condition is reported as satisfactory, though he suffered one or two set-backs to his progress toward recovery. His physicians deem visiting to be inadvisable.

## WESTMOUNT PARK CHURCH NOTES

The minister of Westmount Park Church believing that many people are searching for permanent anchors and connections, has planned a series of Sunday evening sermons. Mr. Goth, beginning on Sunday next will preach a series of sermons entitled "Design for Living." These sermons will be vital, practical, and helpful. They will answer some of the questions which our young people especially are facing. Let us be honest. Something has gone wrong. We are in a jam. What light and encouragement does the Christian gospel throw upon our modern dilemma? Is Christianity relevant for such a time as this? What standards and beliefs are needed if we are to measure up to the demands of these times? These questions are being asked. Come to Westmount Park Church on Sunday evening. Hear the first sermon on "The Curse of Mediocrity."

## The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in this office not later than Wednesday, and the names of the winners will be published in Thursday's issue. A convenient coupon will be found elsewhere in the paper. ## THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.  
In Which Subjects of General Interest Are Discussed  
The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

From this experience I learned that a teacher can propagandize indefinitely for the status quo, but it is much harder to teach both sides of controversial issues. From it, I learned also that if we would have people live together in a democracy we must train them in their formative years as definitely as Hitler trains his Nazi Jugend to live under dictatorship.

One day one of my classes and I were discussing the most influential men of history. After my pupils' answers, I began to ponder their choices; Caesar, Alexander, Napoleon, Foch. I wondered why Jesus, Socrates, Buddha and Confucius were unmentioned. In order to answer my own question, I counted the pages given to Napoleon in Elson's World History. They totalled forty-four. Four lines were given to Jesus of Nazareth; Confucius and Buddha received even less mention.

Perhaps some day, in future textbooks, the teachers of the world will be given the space and emphasis now given to the warriors, the creators will be lauded instead of the destroyers. When that day comes, the world we all look forward to will not be so far away.

Jesus was a great teacher. He shared his life with everyone. His pupils revolutionized the world. All teachers worthy of the name likewise share their lives with their pupils. If our pupils do not revolutionize the world, it will be because we, their teachers, failed. —Kermit Eby, Executive Secretary of the Chicago Federation of Teachers.

The following headline appeared in the Halifax, N.S., Mail: WATER MAIN BREAKS, MILK DELIVERY LATE

The thesis of Professor John U. Nef (in his book "The United States and Civilization", University of Chicago Press), is that in this day, when "the conception that guided Western civilization in Europe and America since the Renaissance is exhausted, the United States is faced with a choice of ends. "We can continue to regard it as the main objective of private and public life to make ourselves and the public rich in material goods. Or we can regard material wealth as a means, important for the contribution it makes to physical health and to the sense of well-being, but valuable only insofar as, through the improvement of physical health and comfort, it contributes to the dignity of man—insofar as it increases the esteem in which faith, righteousness, wisdom and beauty are held by our people. If we follow the latter course we shall have to find an honorable place for genuine religious leaders, for true philosophers, and true artists—if and when they appear. . . . The present disposition to judge every man by his income, by the administrative position he receives, cannot prevail. In holds, or by the publicity he places of those standards, there will have to be a revival in a new form of the standards associated with the teachings of Christ and the greatest philosophers and artists of history."

Gandhi in an article in his weekly Harijan paid a high tribute to the British for their powers of endurance under trial.

Nehru, the Indian leader, recently said: "Destiny is bringing India and China together again. Many people in India think in terms of a larger federation of which China and India will be members. Our full sympathies are with the Chinese people, and we would welcome all help to them. We know we have to resist all aggressors by the best means and cannot submit to any domination. We must co-operate in resisting Japanese aggression."

Rubble from bombed homes and buildings in Bristol, England, was used as fill, in constructing the East River Drive, New York. A bronze plaque has been erected to mark the area, the words inscribed are: BRISTOL BASIN Beneath this East River Drive of the City of New York lie stones, bricks and rubble from the bombed City of Bristol in England. . . . Drought here in ballast from overseas, these fragments that once were homes shall testify while men love freedom to the resolution and fortitude of the people of Britain. . . . They saw their homes struck down without warning. . . . It was not their homes but their valor that kept them free. And broad-based under all

## ST. ANDREW'S CHURCH NOTES

"Mr. and Mrs. Miniver in Every-day Life" will be Rev. Dr. Kerr's topic Sunday morning in St. Andrew's Church. In this sermon he will show the tendency today to glorify the commonplace, and to accept Jesus' estimate of the lowly and the humble. The wars of today are not won by the Generals so much as by the resourcefulness and courage of the unknown private. As the basis for his sermon, Dr. Kerr will select one of the least-known characters of the New Testament, and, nevertheless, be

measured up to the stature of the heroic. In the evening Mr. A. Leonard Griffith, B.A., will give another of his fascinating sermons that make such an appeal to the young folks, and to the older ones as well. At the close of the evening service the Alpha Omega Society has planned one of its most interesting meetings. Last Sunday there were fifty young folks assembled for an Information Quiz, and even more are expected next Sunday for a full-dress discussion of the topic "Should Young Folks Marry in War-time, when the Young Man is Leaving for Overseas?" All young folks attending the evening service are welcome at this after-meeting.

Many men in uniform are attending with evident enjoyment. The men of St. Andrew's have just published a brochure containing a description of the various meetings for the season. The next meeting will probably exceed all recent records of attendance, when Dr. A. D. Campbell will give an illustrated lecture, entitled "The Family Album—hormones, diet and environment." This lecture will deal with recent researches in connection with the glands. Over twenty medical men, all members of St. Andrew's, will be invited to attend as head-table guests. The president, Mr. Lorne Reed, will preside.

# Juryless Art Exhibition Held at Victoria Hall Arouses Much Interest

## Paintings Show Technics and Treatment, Various Subjects Chosen by The Artists

To those whose duty it is to see that the educational authorities face up to the question what is to be done with the leisure time of the people in the post-war and, for that matter, the war-time period, we would seriously commend, among other activities, the work of the Independent Art Association, Inc., and other similar organizations.

We publish below a terse criticism of the outstanding features of the juryless exhibition now being held in Victoria Hall and we feel sure the citizens of Westmount will give more than passing notice to this showing of paintings under the auspices of the Independent Art Association, Inc.

It is hardly necessary to emphasize what whole-hearted support and appreciation of our citizens would mean to this organization that has done so much for the cause of art since its foundation eleven years ago.

And it is well to recall that apart from sentiment, quite as a matter of simple realistic fact, art outlasts all other forms of human endeavour.

The paintings now on view in the exhibition show many different technics and treatment, also various subjects chosen by the artists exhibiting. A particularly fine composition is the scene of a "New England Village" by Wilfred M. Barnes, A.R.C.A.

The finely toned and clear atmosphere of John Humphreys' water-colours are remarkably good. The one piece of sculpture by Orson Wheeler, A.R.C.A., S.S.C., is an excellent portrait of Archdeacon Scott. Paul Billing, the President of the Association, shows a scene of a Swiss village; besides a richly coloured flower piece, Arthur Earnshaw of Sherbrooke, P.Q., is represented by a red autumnal scene of the St. Francis Valley, and a wayside shrine. A striking pastel, is of a winter Laurentian landscape by K. Sefton Fortune. Stanley B. Wilson depicts from his usual media and shows a softly coloured landscape in oils. A good piece of workmanship is shown in the carved wood bracket by George Hurst of Dixie. Bertha Wood of Toronto, Ont., sent an attractive arrangement of lilies in pastel. Of the two good portraits by Betty Galbraith-Cornell, the one in oils is particularly noticeable. Mary E. Mullally has an excellent arrangement of flowers, rich in tone and a pleasing composition, who also exhibits scenes of Metis and Murray Bay. I. Malamud has colourful autumn pictures of the Laurentians. Margaret Thompson's yellow tea roses are interestingly arranged and the scenes of Lake Memphremagog show the distinct colouring of that district.

The bright plumage of the Mexican Macaw is shown in a pastel by Nesta Lou, who also exhibits two portraits and a landscape. Corporal Malcolm MacKinnon, formerly of Vancouver, submits a large canvas of "Lake Superior." Bertha Mac-

G. Smith shows besides landscapes a large composition of Zinnias. Ann Allan's "Tulips" have well blended tones of grey and rose. Kathleen Liebleich shows watercolours of Piedmont. Edith Glen has four flower studies in oils and pastels, the "Cyclamen" were especially noted. Evelyn Cunningham shows a similar technic in both her sea and landscapes, the flower study has a more simpler treatment. Among Maude Morton's oils, is one of King George VI Park. The other exhibitors are Violet Pick, Laurette Shearer, Larno M. Babbage, Alan S. Morrison, Olive Gregor-Pearse. The Exhibition will remain open daily from 1.30 to 10 p.m. (except Sundays) until Saturday, November 21st.

As a challenge to all who passed by a large poster was affixed to the front wall of St. Andrew's United Church, just in rear of the saluting base, where Air Chief Marshal Sir Frederick Bowhill took the salute, and bearing the caption, Armistice Day. Underneath were written the following arresting words in large block letters: "If there breathe on earth a slave, are you truly free and brave?"

The poster is one of a striking series issued by the Community Pulpit of Boston.

## Lost And Found At City Parks

The following articles have been found in the Westmount parks and may be claimed at the comfort station in those parks upon proper identification.

Westmount Park—One child's brown woollen mitten.

King George Park—Gordon Stephen of 655 Victoria Avenue, left his windbreaker, size 34, in the comfort station at King George Park about six weeks ago; when he came to get it back, the windbreaker had been taken by somebody by mistake and a windbreaker size 28 left instead. Whoever made the mistake could rectify it by bringing back the size 34 windbreaker and exchanging it for their own.

## Busy Week-end For Boys' Brigade

The boys of the 1st Westmount Company who undertook to sell poppies on Saturday for the Canadian Legion, arose very early and set to work on the down-town streets. By early afternoon many of the boys had sold several boxes full and were still ready to carry on. The time spent on this work will be counted toward their National Service Badge.

Sunday morning, the Company and their band were invited to lead the 3rd Company in their Annual Enrolment Service to Temple Baptist Church, Outremont, and set out early in the morning, conducting a long route march prior to service, which was conducted by the Chaplain, Rev. Chas. G. Smith. Following the service, the boys were the guests of Mrs. George Upham for dinner.

Sunday afternoon, the band was asked to officiate in the Town of Mount Royal Memorial Service and led the parade to the Recreation Centre, where all organizations of the community participated. Following this service, the boys took a brief route march through the town and dismissed. Colors were carried by the Official Color Party, Lieut. Alexander Upham, the King's Colour; Lance Cpl. Geof. Camp, the B. B. Colour, and the Escort consisted of Lance Cpl. Alan Keith, Ptes. Manley Burries and Edwin Ellis. Captain J. Howard Richardson was Officer Commanding on both occasions.

The unit will meet as usual this week and will commence a signalling class. The first aid groups under Alex G. Anderson and Alex Upham are progressing most favorably. Many new boys are enlisting in the band and it is hoped additional instruments will be available shortly.

The Company band will lead a short parade Sunday to Tyndale House, the home of the 6th Company, marking a special enrolment ceremony of this Company. Bible Class will be resumed on Sunday afternoon at 2 p.m.

## Rev. Charles Beaudin . . .

(Continued from Page One)

with a shooting range of forty or fifty miles; submarines which attacked non-combatant vessels, all were part of the military technique of our enemies. As a result, we had to count our dead by the hundreds and the thousands. And so we had to forward replacement troops.

"Remember that, in the course of the last war, we also knew of successes similar to those of the last few days, successes which we were unable to capitalize. We knew then, as we know today, of wranglings and misunderstandings, of reverses following closely upon glorious victories. And so the past must serve as a lesson for the present. History always repeats itself under one form or another. Our one saving factor now as it was in the past lies in our unity of purpose, our unity of command, our unity of national responsibility, our equal share in rights and sacrifices."

Major Beaudin then gave a kaleidoscopic picture of the highlight events of the past twenty years, and said that he had not the least doubt but that the enemy had spent their strength. We have come to the turning point. It is merely a question of weeks, months perhaps. We hold victory in our hands. But let us remember and let us profit by past experience. For this time we must not lose the peace.

In conclusion, Major Beaudin said the dead of this and the last war cry out to us from their graves, they convey to us a message to remember their sufferings and their sacrifices. And that we must ever bear in mind that these men died for the defence of human liberty and a form of democratic government.

Major Beaudin was introduced by Albert A. Boire who paid a tribute to the speaker. Mr. Boire said that Major Beaudin was the son of the late Hon. Mr. Justice Beaudin and had been educated at Mount St. Louis College, the Montreal Seminary, the University of the Propaganda at Rome. Mr. Boire said also that Major Beaudin for many years has taken a keen interest in all labour and military matters.

Exemplifying the fine fraternal spirit of Rotary, the Rev. R. Gordon Burgoyne, a Protestant minister, moved the vote of thanks to the speaker.

J. H. Colton, a past president and chairman of the Rotary Educational Committee, was chairman of the meeting, and invited

## Archie Callard, chairman of the Westmount Rotary Club's war services work, to address the gathering.

Mr. Callard in a brief address made an appeal on behalf of the Women's Naval Auxiliary, which is doing so much for the men of the Merchant Marine.

Mr. Callard said that Mrs. Walkley, of the Women's Naval Auxiliary, whose son a Lieutenant in His Majesty's Canadian Navy, has given his life in the service of his country, informed him that merchantmen are in dire need of clothing of all kinds, in fact, everything that men wear. When a ship is torpedoed, these men lose all their possessions and he understands that a number of them have experienced this as many as seven times and yet go back to sea uncomplainingly. To those men all credit is due for the magnificent way in which the sealanes have been kept open with troops and essential supplies delivered overseas with so little loss.

Continuing, Mr. Callard requested all who have anything which would be of use, such as overcoats, suits, sweaters, underwear, shoes, etc., to deliver same to his office, 4104 St. Catherine St. W., or directly to Mrs. Walkley, Room 11, Dominion Square Building, indicating on the parcel the name and mentioning that you are a member of the Rotary Club of Westmount.

Not the least feature of the day's proceedings was the singing of "Onward Christian Soldiers" by a quartette composed of P. J. McAndrews, S. B. Cuthbert, J. Newman Pierce and Cecil T. Medlar, with Percy French as piano accompanist.

The right hand of Rotarian fellowship was extended to G. C. Hammond, a new member of the club. He was introduced by Cecil T. Medlar and welcomed by the chairman of the meeting, J. H. Colton.

J. D. Johnson, a consul of the United States, who was a visiting guest, was introduced by Cecil T. Medlar and two high school students, Terry Rogers and John Heney, from St. Leo's Academy, who were the club's guests yesterday, were introduced by William Moxley. J. W. Howat introduced visiting Rotarians.

Herb Wilhelm, chairman of the Crippled Children's Committee gave a brief talk on the work of the committee.

At the head table with J. H. Colton, chairman of the meeting were Major Beaudin, A. A. Boire, P. C. Whitaker, president of the club, Very Rev. Canon Gilbert Oliver, G. C. Hammond and Gordon Brownlee.

residents of the city to lend their support to the Loan campaign was of invaluable assistance.

Not the least feature of the campaign was the showing of the Robinson Oil Burning Systems, where 95 per cent of the employees are French-Canadian. These employees subscribed 100 per cent numerically and reached 128 1/2 per cent of their objective.

Downing Bourassa, general manager and well known sports radio announcer, said the credit for this success should go to Henri Laliberte, plant superintendent; Armand Bolleau, foreman of the precision department, and William Vandette, foreman of the machine shop.

It is universally conceded it is due in very large measure to the indefatigable efforts of the members of the Westmount Citizens' Committee, as well as the Westmount unit committee.

Following are the names of the Citizens' Committee: His Worship Mayor Walter A. Merrill, K.C., F. C. Whitaker, Aime Geoffrion, K.C., George Hogg, Samuel Bronfman, George C. McDonald, C.A., and C. E. McKenna.

## Melville Presbyterian Church Notes

On Sunday Melville Presbyterian Church will observe the fifty-seventh anniversary of its regularly constituted congregational life. Previous to 1885 a very large and active Sunday school had been organized among the children of the Presbyterian families who had settled in the Cote St. Antoine district as it was then. On the 17th of November, 1885 the Presbytery of Montreal established the congregation and the members chose the name of Melville in memory of one of the great leaders of the Scottish Reformation. An interesting fact in connection with the present building is that Melville avenue is called after the church and not the church as is almost universal practice where churches have chosen place names.

The Every - Person - Cauvass, which the Presbyterian church in Canada has recommended, will take place during the coming week. A number of the young women and men of the congregation are assisting in the canvass.

There will be a special service on Sunday, November 29th in memory of St. Andrew and of the need of friendship and brotherhood in our present widely changed religious and social life.

The wedding was quietly solemnized by Dr. Harry J. Stern in his study, Temple Emanu-El, Westmount, on Saturday at six o'clock. The couple will reside in Granby.

**Cameron-Horner**  
The marriage of Cary, daughter of the late Frank Wyeth Horner and of Mrs. Horner, to the Reverend Angus de Mille Cameron, minister of the Church of the Messiah, son of the late James L. Cameron and of Mrs. Cameron, of Saint John, N.B., took place on Monday evening in the Church of the Messias, the Reverend Sidney Snow, D.D., of Meadeville, Ill., officiating, assisted by the Reverend Thomas Lamont, of Erskine and American United Church. Mr. Frederick Newnam played the wedding music, and the church was decorated with yellow and white chrysanthemums.

The bride, who was given away by her brother, Mr. Howden R. Horner, was gowned in white satin modelled on simple lines, with a full skirt falling into a train. Her veil of French net, which reached beyond the hem of her train, was held by a tiara of seed pearls, and she carried white carnations and bouvardia.

Miss Florence Cameron, sister of the bridegroom, of Saint John, N.B., was maid-of-honor; Mrs. Howden R. Horner, sister-in-law of the bride, and Miss Anna Thompson, were bridal attendants, all three being gowned alike in frocks of sapphire blue velvet. They wore headpieces of matching tulle and carried bouquets of

## EVERYTHING CONSIDERED

by GERALDINE BRIETZCKE

The child is father of the man, and the schoolgirl is mother of the woman; and one of the most intriguing mental pastimes we know is the comparing of our former schoolday friends with their adult selves.

Do you remember Olga? Dumb as they come, and rather pitiful in her denseness. She used to stand beside her desk and gulp, and look vaguely around the room with her pale-lashed slanting eyes, and we used to suffer with her, because she never did know the bodies of water across Canada from east to west. Well, she may not have known the bodies of water, but she certainly knows clothes now!

Jean is doing now? Earning a higher salary than the whole bunch of us; and smarter and more attractive and interesting than the whole bunch of us, too. I wonder if she sometimes laughs up her sleeve when she remembers the days when she was an ugly duckling in an ugly pond?

Dr. Jack Mazur, of New York City, was best man. Ushers were Dr. Saul Biller, of Boston, brother of bridegroom; Dr. Irving Bunkin, of New York; Dr. Morris Lief, of Chicago; Mr. Alvin B. Jacobs, brother of bride; Mr. Albert Lasky, and Mr. Ben G. Phillips, of West Newton, Boston.

Given in marriage by her father, the bride wore a white satin gown fashioned with a sweetheart neckline, a finger tip veil and carried a white Bible with orchid and bouvardia streamers. She was attended by her sister, Mrs. Morris Lief, of Chicago, as matron of honor. The latter wore a dress in one of the new blue shades of velvet and taffeta combined, a feather headress to match and carried a nosegay.

Large chrysanthemums, pom-poms, greenery, bouvardia and palms made a special bower where the bridal couple received after the ceremony. The couple will spend their honeymoon in New York state. The bride wore for travelling a green woollen suit, and Persian lambskin coat and hat, with accessories of green. They will reside in Westchester County, N.Y.

## Rooms Registry At Y.W.C.A. Asks Householders' Help

The Rooms Registry of the Montreal Y.W.C.A., 1124 Dorchester street west, is seeking to help industrial workers, soldiers, their wives and children to find suitable living accommodation here at reasonable rates. The need for such accommodation is urgent, the registry emphasizes, and appeals to householders to assist in this war service.

Industrial workers coming to the city for work in war industries, both in plants and offices, usually draw ordinary salaries and cannot afford high room rents; many of these people have left good homes in other cities, the registry points out, and should be able to have equally good accommodation here, which, through high room rentals, is at the moment denied them. Soldiers and their wives are not in receipt of high salaries either, but a great number of men of the armed forces are stationed here for some weeks at a time and are anxious for their wives and children to join them.

Privileges "Misunderstood"

The words "kitchen privileges" seem to be generally misunderstood, the registry states. In the majority of cases, such privileges would only include the chance to heat a can of soup or make some toast. As most office and plant workers have their main meal at noon, and therefore only need light suppers; they would not be cooking large dinners in the kitchen of the householder.

Any householders who wish to assist in this war service by opening their homes to members of Canada's fighting forces, and to the people who come here to work on war production, are asked to contact the Rooms Registry at the Montreal Young Women's Christian Association.

Clear telephone lines for ALL-OUT PRODUCTION

Your telephone is part of a vast interlocking system now carrying an abnormal wartime load. Don't let needless delays hold up messages on which production efficiency may depend.

**OTHER "WARTIME TELEPHONE TACTICS"**

- 1 SPEAK distinctly, directly into the mouthpiece.
- 2 ANSWER promptly when the bell rings.
- 3 BE BRIEF. Clear your line for the next call.
- 4 USE OFF-PEAK hours for your Long Distance Calls.

These things may look trivial, but over 5,000,000 daily telephone calls, they are very important.

At York Theatre

Kay Kyser is a firm believer in the fact that "variety is the spice of life," and he demands plenty of it in his film productions.

Novelty in the story plot, unique and unusual settings, action-packed and striking twists in the comedy situations are some of the things for which the "Ol' Professor" strives in his pictures.

While Kyser always plays himself in his films, he has succeeded in taking on other characters here and there throughout the action, thus furnishing the variety, even in his own role, for which he is a stickler.

"My Favorite Spy," the current starring vehicle for the nationally famous orchestra leader, brings Kyser to the screen in the role of a popular maestro who is drafted into undercover work for the government, a distinct contrast to his previous screen roles.

In all his pictures, Kyser also has insisted that the musical numbers be as much a part of the story and plot as the dialogue, and this has been accomplished again in "My Favorite Spy."

I.O.D.E. RECEIVES INSISTENT DEMANDS FOR USED BOOKS

The collection and distribution of good used books and magazines is a specific work of the I.O.D.E., and so insistent is the demand of the armed forces for books that plans are now under way for the speed-up of book collections and the raising of \$50,000 for the purchase of new books for uniformed men and women.

Books have been sent to military camps, the navy, merchant marine, corvettes and minesweepers on the high seas, and requests are continually coming in from chaplains and recreational directors for more books.

Mrs. Wm. C. Hodgson, Camp Libraries Convener for M.D. 4 of the Provincial Chapter of Quebec, I.O.D.E., is making an urgent appeal to every I.O.D.E. chapter to step up their own collections, and asking citizens generally to turn into I.O.D.E. headquarters, Room 1003 Mount Royal Hotel, all suitable books, fiction or non-fiction, as well as magazines of recent date. French books and magazines are urgently needed, as so many French Canadian boys are in these camps.

At The Kent

A truly great modern love story has been magnificently brought to the screen by Darryl F. Zanuck in his production of 20th Century-Fox's "This Above All" which opened at the Kent Theatre yesterday.

With all the power and emotional impact inherent in the famous Eric Knight novel carefully preserved for its movie audience, "This Above All" bids fair to take its place among the screen epics of the decade.

Its stars, Tyrone Power and Joan Fontaine, in the principal roles of Clive Briggs and Prudence Cathaway, are admirably suited to their parts, and both of them bring to the screen all of the romance and beauty which made the novel such a best-seller.

Featured in the cast of the film are Thomas Mitchell, Henry Stephenson, Nigel Bruce, Gladys Cooper, Philip Merivale, Sara Allgood and Alexander Knox. Anatole Litvak directed the film from a screenplay written by R. C. Sherriff.

For what has been justly hailed as the great love story of our generation, don't miss "This Above All."

As an added attraction we are also showing "It Happened in Flatbush," an enjoyable story about the Brooklyn Dodgers, starring Lloyd Nolan.

Robert Taylor and an intrepid crew soar through the air to high adventure, power-dive to supreme thrills, and give audiences every moment of excitement aviation can produce in "Flight Command," dramatic story of naval aviation filmed with the cooperation of the United States

Navy, and coming Saturday to the Kent Theatre.

# RED WINGS DEFEAT DRAGONS IN FIRST CHAMPIONSHIP TILT IN MUNICIPAL RUGBY LEAGUE

### Juniors in Six-Man Section Winding up Season in Strong Fashion — Eagles and University School Also Bow Before Maclanders' Outfit

George McLanders' Red Wings have proved to be the surprise package of the junior section in the Westmount Municipal Six Man Rugby League. The Red Wings ended up their schedule in a triple tie for third place with the Hurricanes and Eagles.

After eliminating the Hurricanes with ease, the Red Wings knocked the Eagles out of the picture last Wednesday afternoon when they defeated them 23-0. This win meant a sudden death game with the second place University School to see which team would meet the first place Dragons for the championship.

The Red Wings upset the favoured University School squad 16-6 on Friday afternoon at Westmount Park. The University School team were short-handed for the game but their winning combination of Mickey Darling and Bruce Schofield were on hand.

The final series between the Red Wings and the Dragons started on Saturday morning with the Red Wings turning in their fourth successive triumph, winning a close game 11-9. The second game of the series was to be played on Tuesday but wet weather forced a postponement until yesterday. In the event the Dragons win this game the third and final game of the series will be played at 10.00 a.m. on Saturday morning at King George Park.

The Red Wings came from behind a 9-6 deficit in their game with the Dragons to push over a touchdown in the latter part of the second half to win out 11-6. Keith Wray accounted for the major score when he gathered in

# ATHLETES' HANDBOOK PUBLISHED

Just off the press comes a very important book "Athletes Handbook" published by the National Council of the Y.M.C.A. This 250 page manual contains rules and tips on all kinds of sports, archery, badminton, baseball, football, hockey, wrestling, to mention only a few.

Official regulations, description of equipment, tips on playing organization, are printed in a narrow compass, which makes it the most complete book of this kind yet published.

Copies can be secured at the regular news stands, and more information can be obtained at the Notre Dame de Grace Y.M.C.A. Mr. Merle Harding, national secretary for physical education, has been the editor but there are almost thirty contributors.

ally ended up with them losing the ball in an attempt to gain yards on a third down. Finally Earl MacDonald booted a drop-kick over the bar to send his team ahead 9-6.

This set-back seemed to spur on the Red Wings for they inaugurated a series of short forays and end runs that eventually brought the ball down to the Dragons' 10 yards line from which point Waterston tossed the pay-off pass to Keith Wray.

The game, which was played on a very slippery field, showed some good rugby with McLanders, Andy Blair, Waterston, Wray, Dennis Skinner and Dave Glassford shining for the winners while the two McDonalds, Earl and Donald, Ken Black, Bourassa, Bob Lundy and Bob Harwood were the best for the Dragons.

Two first half touchdowns, one of which was converted, proved the winning margin for the Red Wings in their victory over the University School on Friday afternoon.

Harold Young and George McLanders accounted for the two important tries. Young scored his first, when he tallied on a running play from twenty yards out while McLanders intercepted a University forward pass to run unheeded to his opponent's goal-line thirty yards away. Waterston converted this one by tossing a forward pass to Hank Bustos.

The Red Wings held their 11-0 lead until the second half when the University School team made a comeback featuring some of the tricky passing and running which they showed in their early league games. The Mickey Darling-Bruce Schofield duo started to make their presence felt with long passes and finally Darling broke away for long run down the side-line that accounted for a major score. Darling converted his own touch with a drop-kick which made the score read 11-6.

The Red Wings hit back, however, and took a 16-6 lead when Johnnie Waterston went over for a touchdown on an end run from fifteen yards out. The third touchdown finished the University School and they made very few threatening moves from then on.

The University team was short-handed for the game with but five men turning up and although they put up a courageous battle, the failure of the Schofield-Darling combination to click was the real reason for their loss.

All the Red Wing team showed good efforts in this game and were particularly effective in battling down dangerous forward passes.

The Red Wings had very little trouble eliminating the Eagles from the playdowns, running up a 23-0 score. Andy Blair was the high scorer for the winners in this game accounting for 11 points while George McLanders and Dennis Skinner tallied six apiece.

The senior section title in the league will be decided this week when the Beavers and the Panthers meet in a two out of three game series for the championship. The first game of the series will take place this afternoon with the second scheduled for Saturday morning at 11.00 a.m. Both games are to be played at King George Park.

The Beavers and Panthers were tied for first place when the league folded up after most of the players went harvesting. Rather than go through a prolonged procedure of deciding the championship, these two teams will meet in this series with the winner being declared the titlist.

# Cricket Club Reviews 1942 Season Activities

The following is the annual report of the secretary of Westmount Cricket Club:

This year we opened our season on May 2nd, the earliest on record, with a game against the No. 12 Manning Depot at LaChine. The nets were in use for the first time on May 14th, as was the case last year a match was played before any practices.

Other games were arranged on the following three (3) Saturdays in May against Air Force teams, the League schedule opening on May 30th with a game against Verdun.

During the season twenty-seven (27) practices were held from May 14th to September

3rd with an average turn-out of eight (8).

Twenty (20) matches were scheduled, of which thirteen (13) were won, four (4) lost, two (2) drawn and one (1) was abandoned owing to a tremendous downfall occurring shortly after midday, precipitating the field into a miniature lake. Last year sixteen (16) matches were played, nine (9) being won, three (3) drawn and four (4) lost.

We were knocked out in the final round of the Davidson Cup and as in 1941, most of the players seemed to suffer from stage fright. It was a great pity when the collapse in the batting occurred after the

fall of the first wicket, as it was a perfect day and a large crowd had turned out to witness the game. In the league championship we finished tied for first place.

The club has lost since the commencement of the war, the following fourteen (14) players to the Armed Forces:

A. R. W. G. Robinson Bert Ward, Bill Edge, J. Churchill-Smith, P. Landry, W. Morrow, A. C. Sweeting, K. M. Pentecost, J. Harvie, J. Youngman, Dick Collier, M. Davies, J. Davies, L. G. H. Spooner, and of these, we regret the loss of L. G. H. Spooner, who was killed during the past summer in England. We also extend our sympathy to W. A. Edge, whose father, Captain W. A. Edge, went down with his ship while serving with the British Navy.

New members welcomed to the club this year include: B. de B. Darwent, B. R. B.

Magee, L. G. Gunn, H. Maynard, J. H. Robert, G. Meston and J. Wright, all of whom have shown great keenness and helped considerably in bringing the Club to its final standing.

It was not possible to do very much with the Juniors this year due to the fact that they practically all left town after school closed, but it hoped with some of the larger school boys taking positions during the holidays, to have better luck next year.

I should like to express our thanks to the Honorary Members and Associate Members for their valued support which, if possible, is even more appreciated in these strenuous times, also to Mr. Kearney for his usual very capable scoring, and to Mr. Bowle for umpiring. We are very much indebted to the City of Westmount for the use of the grounds; to Mr. Anderson, superintendent of parks and playgrounds and his staff for the

excellent wickets, and their operation and interest in the Club at all times. Next year we hope to beat all records and turn out at the end of April, and we are looking forward to two (2) employees of the city joining the club.

As in the past two years, the ladies' committee again served tea and refreshments between the innings, this in spite of the rationing. This particular part of the game is always very much looked forward to and it is again our pleasure to thank them for their kindness and hard work.

Canadian salmon and sea herring fishermen responded in a big way to Britain's food needs in 1941, and as a result the packs of canned salmon and canned sea herring for the calendar year set a new high for Dominion production.

# Y's Chats

Next week for the Preps, Juniors and Intermediates, there will be a supper meeting and this will be followed by a Quiz program. It will start at 6.00 p.m., right after the junior swim. This will be a program of fun and friendship. There will be prizes offered for the Quiz program winners.

**Guest Week**  
All this week is being featured as guest week at the Y and members are taking the opportunity of introducing their friends to the Y's program. Many are using the free passes offered last week in the Examiner, and are having a fine time swimming, playing ping-pong and other games in the back room and of course taking a part in the gym program and Friday night activities.

**Floor Hockey Results**  
Tuesday afternoon saw three teams of Juniors fight out three hard fought floor hockey games. In the first game, team A overcame team B by the score of 2 to 1. Andre Sawyer scored one

point and Jack O'Connor, the other.  
In the second game, team A and team C tied up the score by one all. Andre Sawyer scored again for team A and Boyd Adams tallied one for C.  
In the third game, team C came out on top by defeating team B by the score of 2 to 1. Mary Greenbaum and Boyd Adams scored for the winners, and Boy Young for the losers.  
The league will continue next Tuesday.

**Moonlight Dip**  
Thirty-five boys took part in a moonlight swim in the pool last Friday. After an hour swim in the pool the boys gathered around the fireplace for cocoa and cake. Before very long, however, they were sitting or lying on the big carpet, listening very intently to stories that were being told.

Interesting program such as this is being carried on every Friday evening for all members, and judging by the large numbers attending, the boys are enjoying themselves very much.
