World News In Brief

Rome, March 8.—(Reuters) —Criticism of Winston Churchill's Tuesday speech at Fulton, Mo., came from two opposite quarters in the Rome press today.

The Communist newspaper *Unità* alleged that Mr. Churchill was devoting his efforts to "dividing the democratic forces within each nation into irreconcilable blocs ready to launch themselves into a new fratricidal strife."

Gino Tomassini, who is considered to reflect the views of the Italian diplomatic service, said the speech had come "at least four years too late." He was writing in *Il Tempo*, non-party newspaper with the biggest circulation in Rome.

Ottawa, March 8.—(P) —Temporary increases in compensation to civil servants through war duties supplements may be continued under the authority of an order-in-council announced today.

Previous authority for the supplements expired December 31, 1945, but the order said continued existence of a national emergency arising from the war made it advisable for the purpose of controlling salaries to continue the payments.

Washington, March 8.—(P) —Senator George D. Aiken (Rep., Vt.), declared today the New England council's opposition to the proposed St. Lawrence seaway project "more nearly expressed desires of New England utility interests than those of industry, commerce, agriculture and national security."

His views were contained in a letter to Frederick H. Blackall, Jr., President of the Council.

The Vermont Senator urged the council's board of directors to reconsider their opposition "which they have taken contrary to the recommendations of the war, navy, commerce and agriculture departments and the Maritime Commission."

Completion of the seaway, he continued, will aid railroads, not hurt them, by furnishing them business during the winter. At present, he said, New England lines are busiest in spring and fall.

Quebec, March 8.—Dr. Charles Vézina, dean of the Faculty of Medicine of Laval University scored "the negligence of certain schools which persist in buying non-pasteurized milk," before a meeting of the St. Jean Baptiste Society. Dr. Vézina warned against the use of non-pasteurized milk which, he said, was a means of communicating various types of tuberculosis, scarlet fever, undulant and typhoid fevers and dysentery, all causes of many deaths among the younger generation. Deaths of ten young people last year in Quebec alone were caused directly by the consumption of impure milk, he said.

U.K. To Spend Billion In Canada In Next Two Years

Ottawa, March 8.—(P) —The Canadian and British parliaments will be called upon to ratify the agreements under which Canada undertook to loan \$1,250,000,000 to the United Kingdom, but it may be some time before such approval is sought.

The Canadian loan was made at the expectation that the United States Congress will ratify a \$3,750,000,000 loan to the United Kingdom. If Congress does not ratify the loan, the Canadian agreement will be "drastically revised," a Finance Department official said yesterday after announcement of the loan was made simultaneously in London and Ottawa.

It was believed likely that the British and Canadian parliaments will delay discussion on the agreements until Congress has taken some definite action on the American loan. The British Parliament is now in session and the Canadian Parliament opens March 14.

There was no immediate indication that there would be any strong opposition in either Britain or Canada to the agreements. Announcement of the loan was cheered in the British House and in Ottawa, John Bracken, leader of the official opposition, said the loan would prove to be good business for Canada.

Sir Wilfrid Eady, head of the British delegation which negotiated the loan, said that \$1,000,000,000 of the \$1,250,000,000 will be spent in Canada during the next two years and the balance might be carried over until 1948. There was no stipulation in the agree-

Await Russia's Reply To U.S. Demand Soviet Troops Leave Iran Immediately

Reply May Go Far Toward Determining Whether American-Russian Relations Improve or Continue to Grow Worse—Russian Embassy's Charge d'Affaires Makes First Diplomatic Call in Months on State Secretary Byrnes.

Washington, March 8.—(P) —Official Washington today anxiously awaited Russia's reply to a United States demand that Soviet troops leave Iran immediately.

Some officials believe the reply may go far toward determining whether American-Russian relations improve or continue to grow worse. There was no indication when it would arrive from Moscow.

Nikolai V. Novikov, charge d'affaires of the Russian Embassy, made his first diplomatic call in months on State Secretary Byrnes yesterday. Officials said later, however, that he did not discuss either of the two United States notes sent to Moscow Tuesday.

It was believed likely that the State Department would make public the second of those notes sometime today. It concerns reported Soviet removal of industrial equipment from Manchuria and proposals for Soviet-Chinese operation of Manchurian industries.

Declaring that the United States "cannot remain indifferent" to Russia's decision to keep troops in Iran, the note released last night said the Soviet action was contrary to:

The Roosevelt-Stalin declaration in Tehran December 1, 1943, in which the three governments pledged "maintenance of the independence, sovereignty and territorial integrity of Iran";

The British-Russian-Iranian treaty of Jan. 29, 1942, which pledged withdrawal of all foreign troops from Iran by six months after the end of the war—March 2, 1946.

Principles of the United Nations. The note expressed the "earnest hope" that Russia would "do its part" by withdrawing immediately all Soviet forces from the territory of Iran, to promote the international confidence which is so necessary for peaceful progress among the peoples of all nations."

It requested that it be "promptly advised" of the Soviet decision. Meanwhile, optimists pointed out two developments yesterday and expressed the hope that they were "straws in the wind." These are: 1—Russia's belated decision to send a delegation to the international monetary conference, which opens today on Wilmington Island, near Savannah, Ga.

2—The announcement that the United States, Russia and Britain had agreed on a plan for dividing up Germany's remaining merchant ships, while permitting the Reich to keep 200,000 gross tons of shipping—about one seventh of the total.

Ships totalling 1,189,000 gross tons and valued at \$80,000,000 are being divided equally among the three countries.

The United States and Britain agreed to provide from their shares "approximate amounts" for other Allied nations which suffered merchant marine losses during the war, while Russia will take care of the claims of Poland.

Major Bills Come Up For 2nd Reading

Main Measures Are Bills for Additional Five Million for Rural Credit Bureau and Loan for Housing.

Quebec, March 8.—(P) —The Quebec Legislative Council, sole Provincial Upper House in Canada, meets today to begin second reading of a number of Government bills given first reading during a brief sitting yesterday. Main measures are Agriculture Minister Barre's bill providing for an additional \$5,000,000 for the Rural Credit Bureau, and a bill by Hon. J. S. Bourque, Minister of Lands and Forests and of Hydraulic Resources, authorizing Quebec Hydro and Beauharnois Light, Heat and Power Company, to lend money to their employees for housing purposes.

Assembly members are enjoying another long weekend adjournment so as to have time to study Premier Duplessis' bill constituting a Department of Social Welfare and Youth. Andre Laurendeau, Provincial Leader of the Bloc Populaire, will resume debate on second reading of the bill Tuesday.

A resolution authorizing the Government to spend \$150,000 for establishment of the new department was adopted yesterday after Mr. Duplessis told the Assembly approval of the resolution would mean approval of the bill itself. Moreover, the bill will be amended by the Government itself before next week.

Three other Government bills were approved yesterday. Mr. Barre was authorized to spend \$250,000 in five years for establishment of a regional agricultural school at Sherbrooke. Mr. Bourque's bill authorizing expenditure of \$800,000 in ten years to help Laval University establish a forestry school in Quebec was also approved. Third reading was given Provincial Secretary Cote's bill amending the Professional Syndicates' Act, main purpose of which is to reduce from one year to three months the maximum period during which a syndicate is entitled to claim a fee from a member withdrawing from the association.

Black Market In Textiles Probed

Vancouver, March 8.—(P) —An alleged black market in textiles in Vancouver revealed last night is unofficially reported to be linked with the \$1,000,000 waterfront and dockyard textile theft disclosed in Halifax last week.

A Royal Canadian Mounted Police officer said nine Vancouver stores are involved but denied that a suspect or key man is being held incommunicado.

The officer, who did not wish his name to be disclosed, said a full report of the findings would not be made for at least two weeks and added that investigations are spreading to other British Columbia centres.

The cloth seized by the R.C.M.P. is reported valued at between \$40,000 and \$60,000. None of the suits or bolts of cloth bear the label of the Wartime Prices and Trade Board, required by regulations.

Quiet Returns To Old Delhi After Rioting

Known Casualties Resulting From Anti-British Demonstrations Reported as Three Killed and 14 Injured.

New Delhi, March 8.—(P) —Quiet prevailed in the city of Old Delhi today following anti-British riots which marked the end of a government-sponsored "Victory Week" celebration yesterday.

The district magistrate said the known casualties resulting from the rioting were three killed and 14 injured. Unofficial reports previous had stated the death toll at five or six and the property damage at \$3,000,000.

A curfew was clamped down on the Old City from 9 p. m. to 5.30 a. m., and the night passed without incident. Brig. Rudolph Vaughan military commander in the area, said a "considerable number" of British troops had been brought in as reinforcements. The troops, believed to number more than a full regiment, were distributed at strategic points throughout the city early today.

W. F. G. Liebailly, deputy commissioner of Delhi Province, estimated that approximately 20,000 persons were involved in the rioting yesterday. He said the curfew would be dispensed with tomorrow if conditions returned to normal.

Condemned To Die For Ajax Killing

Whitby, Ont., March 8.—(P) —Convicted of the murder of 23-year-old Mrs. Audrey Lyons at nearby Ajax, Ont., November 10, Lorne Cecil Harris, 21, an Ajax laborer, is to be hanged May 28.

Chief Justice J. C. McRuer of the Ontario Supreme Court imposed sentence late yesterday after a jury which had deliberated two and a half hours brought in the verdict. The trial had lasted 11 days.

As he left the dock, Harris looked around for his young wife, who disappeared as soon as court adjourned.

The jury presented a written submission to Chief Justice McRuer, who said he would consider it when court resumed. Harris, father of a three-year-old boy, was arrested the same day neighbors found the body of Mrs. Lyons, wife of an airman stationed in Newfoundland and the mother of two young children, in the bedroom of her little Ajax cottage.

Former Publisher Of "Hush" Passes

Toronto, March 8.—(P) —An outstanding authority in Canada on the law of libel, who left publishers in general indebted to him because he succeeded in establishing a precedent in libel cases, Strathearn Boyd Thomson, 64, died at suburban Thornhill, yesterday.

Former publisher of "Hush," Toronto weekly, from which he retired shortly before the war, Mr. Thomson was in the courts a number of times over articles published in his paper. It was in one of these actions that he was instrumental in establishing that once a person has sued for libel and been given judgment he cannot sue other persons for the same libellous publication.

Born in England, where he was a well-known athlete and won several boxing awards, Mr. Thomson was keenly interested in the breeding and showing of hunt-ter and race horses.

His widow and one son survive.

Sherbrooke Hospital Grant Is Approved By Government

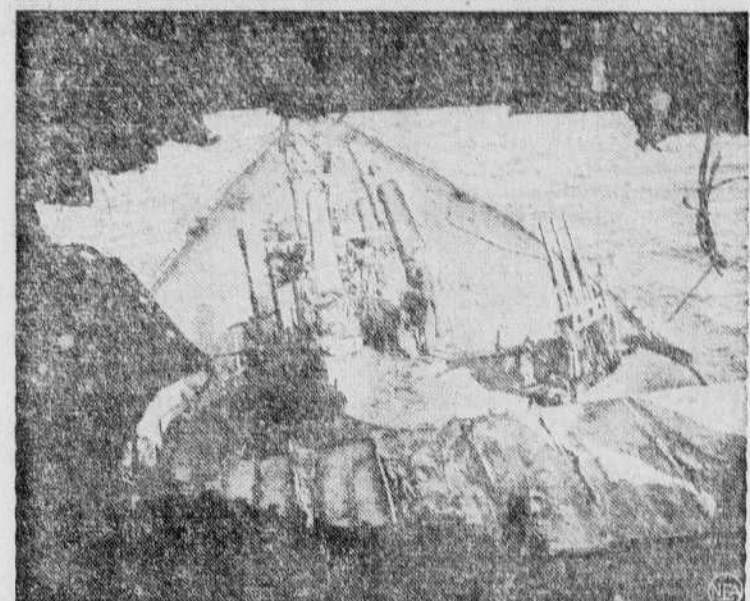

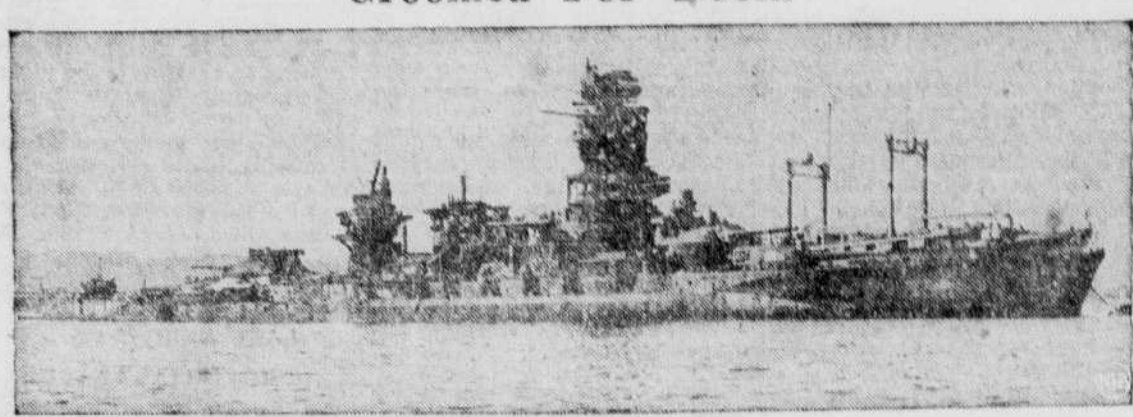

(Special to the Record)

Quebec, Que., March 8.—The \$400,000 grant to the Sherbrooke Hospital, which was first exclusively reported in the Sherbrooke Record two weeks ago, was officially approved by the Cabinet yesterday afternoon.

This approval was in line with a report to the Record by the Premier's Office last week, which said that the grant would come up for ratification in the Cabinet this week.

The new Sherbrooke Hospital, which will contain 150 beds, will be constructed in the North Ward at a cost of \$1,000,000, and will replace the existing structure

Groomed For Doom

Pictured above is the once-mighty 35,000-ton Nagato, now sole surviving battleship of Japan's imperial fleet, riding at anchor in Tokyo Bay while U.S. navy men recondition her bomb-smashed hull for the trip to Bikini Atoll, where she'll join the atom bomb "guinea pig" fleet.

At top left, jagged edges of great hole blasted in turret by bomb make a dramatic frame for view of foredeck where U.S. sailors are cleaning up debris around big guns.

At bottom, electrical machinist mates mark the huge anchor chain so they'll know how much to release in Bikini Atoll's lagoon where the ship will be blasted in atom tests next May.

Drew Asks Labor Purge Communists

Alberta House Studies Motion for \$20 Per Capita Payment by Ottawa for Next Five Years.

By The Canadian Press

A motion urging the Alberta Legislature to ask the federal government to make available to each provincial government a per capita amount of not less than \$20 for the next five years to enable them effectively to participate in a nationally-financed, Canada-wide five-year post-war rehabilitation is before the Alberta House.

Premier George Drew of Ontario demanded Ontario labor purge its ranks of Communists, in his address he crossed swords with the Progressive leader A. A. Macleod, when the latter applauded remarks attributed to Tim Buck, national Labor-Progressive leader, who the premier said was "working for a Soviet Canada."

In the Manitoba Legislature, Health Minister Ivan Schultz criticized a C.C.F. resolution seeking "increase of mothers' allowance payments."

Mr. Schultz said the resolution was a "sample of an opposition privilege to ignore hard and unworkable facts and to divert itself of any responsibility."

The Quebec Legislative Assembly approved a resolution authorizing the Quebec Government to spend \$150,000 out of the council's dated revenue fund of the province for the establishment of a department of social welfare and youth.

Establishment of a fishermen's loan board in British Columbia similar to the board in Nova Scotia was urged in the British Columbia Legislature by William H. Brett, C.C.F. member for Prince Rupert.

Defence Denies Knowledge Of Orders For Bigger GAF

Nuernberg, March 8.—(P) —Luftwaffe Gen. Karl Bodenschatz, former Hitler aide, opened Hermann Goering's legal fight for life today with testimony that the No. 2 Nazi had argued for peace from the Munich crisis to the eve of the Soviet invasion.

Bodenschatz—Goering's go-between with Hitler—said Goering had argued against the invasion of Russia on the ground it violated the principles laid down in "Mein Kampf" against a two-front war.

He said Goering also contended the attack on the Russians would give Britain a chance to re-vive her aircraft production.

Bodenschatz told of a meeting Goering held on German soil near the Danish border in August, 1939, with "six or eight Englishmen in the English government," at which he said he favored survival of the British Empire, pledged his influence to keep the peace and asked his foreign listeners to do the same in London.

Bodenschatz said Goering, as head of the Luftwaffe, lost grace with the fuhrer in 1943 because of Allied air successes in Germany "and never recaptured his influence, although he tried strenuously."

On cross-examination by Justice Robert H. Jackson, chief prosecutor for the United States, there was audible laughter in the court as Bodenschatz denied that he knew of any orders to increase the strength of the Luftwaffe after Munich.

Hint Gov't Move To End G.M. Strike

President Truman Expected to Act to Halt Threatened Railroad Strike Set for Next Monday.

New York, March 8.—(P) —Labor and management in two major United States labor disputes looked to Washington today for possible action.

With no indication of an early settlement of the long and costly General Motors dispute, Labor Secretary Schwelmbach hinted some sort of new government action toward ending the 108-day strike.

At the same time, proposals for a full Senate investigation into causes of labor disputes, including the G.M. walkout of 175,000 C.I.O. production workers, appeared headed for a Senate vote.

At in Washington, President Truman was expected to act to halt the threatened strike of nearly 300,000 locomotive engineers and trainmen, scheduled to start Monday against the country's major railroads in a dispute over wages and working conditions.

Mr. Schwelmbach said the federal seizure was not planned. Detroit negotiations were in an apparent deadlock, and it was planned to resume sessions with the principals.

A resolution for Senate investigation into the causes of labor disputes, was introduced by five Senators, and sent to the labor committee.

While appointment of a presidential fact-finding board to study the threatened railroad strike was awaited, announcement was made in Cleveland of a "rank-and-file" movement within the railroad brotherhoods. At the same time, A. P. Whitney, president of the Brotherhood of Trainmen, said Mr. Truman's appointment of a fact-finding panel would defer the impending walkout of the 215,000 members of his union and the 78,000 locomotive engineers long enough to "give the board the time allotted by the law." The White House yesterday announced the Board would be appointed "very soon."

Naming the panel, under terms of the National Railway Labor Act, would delay any strike from 20 to 60 days while the board members studied the issues—demands for wage increases averaging 25 per cent and 45 changes in working rules.

Wellington Roe, a writer who last week was dismissed by the B.R.T. president for what he termed "disloyalty and insubordination," announced formation of the national rank and file association for "democratic and intelligent representation" of the workers.

Elsewhere along the labor front, disputes continued to keep idle some 775,000 workers, the lowest total in more than a month. Another 17,300 strikers may return to work soon. The Western Electric Company and the Western Electric Employees' Association agreed on major points in dispute in 65-day strike which has tied up 21 plants in New York and northern New Jersey.

"The union membership will vote on accepting the terms providing 12.5 per cent (17.5-cent-hourly) wage increase for the strikers."

Vancouver Girl Is Found Dead

Vancouver, March 8.—(P) —Ruth Watson, 13-year-old former member of the Canadian Women's Army Corps, who disappeared last December 10 and returned eight days later with the explanation that she had been visiting friends in Prince Rupert, B.C., was found dead yesterday in the living room of her Kitsilano district home.

Police said the girl was lying down on two chesterfield cushions and a pillow. A gas fireplace was turned on full and papers were stuffed under the door.

At the time of the girl's disappearance last December, she left home early in the evening to meet a girl friend at a downtown intersection. When she failed to appear after an hour's wait the friend raised an alarm.

Police scoured the city and radioed stations and newspapers issued appeals for clues. Finally on December 18, she was found walking along an East Hastings street by a taxi driver and taken to her home.

He appeared confused when Justice Jackson questioned him about an assertion that Goering had been

Last U.K. Edition Of Maple Leaf Takes Final Long Look At England

London, March 8.—Headed "Last Look," 35 lines of type surrounded by pictures of English scenes from a pub to Thames bridges summed up in the final issue of the United Kingdom edition of the Maple Leaf the nostalgic impressions every Canadian soldier has had of England as he goes home.

This "remember" piece was unsigned but it was written by Capt. Jack Scott, assistant editor of the Canadian forces newspaper who before enlisting wrote a column in the Vancouver News-Herald.

This story caught the fancy of Canadians here and this is it:

We'll remember many things that mean England.

We'll remember the smoke curling from a thousand chimneys, all in a row, with a hedge-lined road where cottages stood with a thatched roof and casement windows, the wet chocolate mud on a certain parade square, the sound of Bren guns in the early morning across green, steaming fields, and the small pub with smoked beams and a barmaid who had two dimples in her chin.

We'll remember a bleak high-ceilinged railway station with the rain coming down outside, the grey stone castle on the hill over the town, the church spires that were always on the horizon, the

OSCARS FOR MILLAND AND "WEEK-END"

Joan Crawford Named Best Actress of 1945 for "Mildred Pierce" Role—Dunn, Revere Receive Other Awards.

By FRANKLIN K. ARTHUR

Hollywood, March 8.—(AP)—Ray Milland and Joan Crawford last night were the recipients of the Academy of Motion Picture Arts and Sciences' awarded for the best performances of an actor and actress in 1945.

The scene was Grauman's Chinese theatre, the audience 2,100 of Hollywood's elite. Thousands jammed the boulevard outside.

But eight miles away, Miss Crawford, whose unsung aid to the forgotten and needy of filmdom has made her a solid character in a make-believe world, danced around a sickbed.

Ray Milland

pictured in an inebriated moment called for by his role in award-winning movie "The Lost Weekend."

An attack of influenza had robbed her of the moment of glory of which every cinema actress dreams—stepping up to receive her Oscar.

They went to her home and there, while Joan sniffled and cried, handed her the statuette.

"Usually," she choked, a little ruefully, "I'm ready with the wisecracks. But I can't say anything. My tears speak for me."

She won the award for her dramatic portrayal of the spurned mother in "Mildred Pierce."

The 18th anniversary party was a night for veterans. Milland, Welsh-born, has been in Hollywood 13 years. And his performance as the pitiful drunk of "The Lost Weekend" sparked that picture to one of the greatest sweeps since "It Happened One Night" hit the screen in 1934.

For Paramount, "Week-end" won the selection as the best picture. For Billy Wilder it won the directorial award and a share of the palm for the best written screenplay with Charles Brackett.

Other major awards went to James Dunn for his superb job as the drunken father in "A Tree Grows in Brooklyn" and to the comparative newcomer to films, Anne Revere, who played a mother in "National Velvet." They were chosen for the best supporting performances of the year.

24 Nags Starters For Santa Anita

Aradica, Calif., March 8.—(AP)—No less than 24 horses were being mentioned as certain starters as trainers went to the entry box today for tomorrow's \$100,000 Santa Anita Handicap and the record of 20 in the 1935 'cap appears a cinch to be beaten. It costs \$500 to enter and \$500 more to start a steed.

But regardless of the ultimate number of starters, the ninth running of the mile and one-quarter handicap, richest race in the world, boils down to three main factors: First Fiddle; Mrs. A. L. Rice's front-running twosome of Sirde and Snow Boots; and somebody else.

First Fiddle, the Ed Mulrennan's great gray charger, is the probable 5-2 favorite. Now fourth on the all-time money-winning list with \$201,585, the Fiddle can jump to second by taking the winner's end of over \$100,000 (if 24 start). Second money, \$20,000 will put First Fiddle third, ahead of Sun Beau but behind Seabiscuit.

BOY SCOUT NEWS

ST. ANDREW'S SCOTCH TROOP

The Scotmen this week played host to the Fifth Sherbrooke Troop. A regular Scout meeting was held in which both troops participated. At the start of the meeting the troops were split up into four patrols. The meeting opened with flag break and Scout's silence. After the patrols were in their corners an inspection was held. Games played during the evening were "Push the Bottle" and "Find the Law." A highlight of the evening was the artificial campfire, which the Scouts built themselves. Skipper Earl Turner, Skipper of the Fifth Troop gave a short talk on the trip he made from England to Italy. David McIntyre received his Fireman's badge during the evening. Another feature of the evening was the new troop newspaper, the first issue of which was posted up after the meeting. A new Troop Leader was welcomed to the St. Andrew's Troop in the person of Earl Beane. Leaders present at the meeting were: Stan Loke, Skipper of the Scotsmen; Earl Turner, Skipper of the Fifth Troop; Ernest Trussler, A.S.M. Fifth. The Assistant District Commissioner also paid a visit to the troop during the evening. It was announced that the Scotch Troop has to date, sent over 200 comic books to England. This constitutes the troop's weekly good turn. Another visitor was Peter Blake, A.C.M., Lennoxville Park, who is helping the troop practice for their hobby show and display.

LOCAL ASSOCIATION MEETS FOR REGULAR MONTHLY MEETING

The members of the Local Association met in the Odd Fellows hall for the regular monthly meeting. The meeting was presided over by the President, Jim Wark, and the minutes were read by the secretary, Mrs. Elaine Barfield. This was Mrs. Barfield's last meeting with the Association as she is leaving to join her husband. Appreciation was expressed for the excellent work accomplished by the secretary during her term of office and regrets that she must leave. The question of getting together with other youth groups in the city was discussed. Appreciation was expressed for the publicity the Association received during Boy Scout Week. Other business was discussed and a motion was passed that a note of sympathy be sent to the family of the late W. E. Paton, who had been connected with scouting for many years and he was one of the first District Commissioners for Sherbrooke. At the time of his passing he was honorary patron. The meeting was then adjourned.

FIRST LENNOXVILLE TROOP

The Lennoxville Scouts met on Friday evening under their Scoutmaster, Sid Spawick, ably assisted by A.S.M. John McKinley. The meeting was carried out with the usual program of games and instruction. Nothing new has been heard of the proposed Rover Crew but it is understood that word was awaited from Headquarters in Ottawa. The Scouts have changed their meeting night from Thursday to Friday nights. No hockey games were played owing to soft ice.

ST. PATRICK'S IRISH TROOP

The St. Patrick's Irishmen held a skating party in lieu of their regular meeting on Friday. A very interesting time was had by all and the boys all stated that they had enjoyed themselves immensely.

ST. PETER'S TROOP

The Fifth Sherbrooke Troop wish to extend their thanks to the St. Andrew's Scotch Troop for the fine evening which was enjoyed by all at the last meeting.

KINGSEY FALLS

Mrs. Howard Frost entertained the Anglican Guild at her home with Miss Hazel Frost, the joint hostess. The president not being present, Mrs. Mamie Hastings conducted the meeting. Seven members answered the roll call and three visitors were present. The meeting closed with the singing of the National Anthem. Refreshments served at the close of a very pleasant afternoon.

Mr. and Mrs. Harold Buchanan and two children, of Richmond, spent the week-end with Mr. and Mrs. D. Buchanan.

Mr. and Mrs. Elwyn Bushey and Mr. and Mrs. D. M. Smith were week-end guests of Mr. and Mrs. J. M. Leckie, in Sherbrooke.

Master Ian Smith is spending a few days with his cousin, James Snaden, in Danville.

Mr. J. Atkinson, who has been ill is reported to be improved.

Mrs. D. Smith and little daughters, Nancy and Peggy, spent an afternoon in Danville.

Mrs. T. Searle, of Denison Mills, Mrs. Duncan Kerr, of Danville, and Mr. Irwin and Percy Atkinson were called here by their father Mr. Joseph Atkinson's illness.

Mrs. J. Smith visited her daughters, Mrs. P. Young and Mrs. D. Kerr, at Asbestos.

Rev. S. Forman, of St. Felix de Kingsey was calling on his parishioners.

BUGBEE BUSINESS COLLEGE NOTES

The annual Bugbee College "At Home" took place on Saturday evening, March 2nd. There was an almost full attendance of students and teachers, with a few outside friends of the College. Among the guests from a distance were Frank Wilson, the Misses Jewel Troit and Sylvia Corey, and Mrs. Fuller, all from Montreal and "Ted" Daley and John Creighton of the American Army. The main room, from which all furniture was removed, was artistically decorated with a false ceiling of crepe paper in Bugbee College colors: red, white and green. The walls were hung with group pictures of past graduating classes, and fragrant bouquets of evergreen enhanced the color scheme. The blackboards contained quotations from well known authors, in fancy writing while a scroll in brilliant colors containing the one word "Welcome" decorated the front board. In this setting, a program of proms, dances, instrumentals, etc., was carried out under the direction of the master of ceremonies, Garth Dean. Gramophone records provided suitable music for the dancing. Mrs. Martin, Mrs. Gordon and Miss McFadden provided music for proms and the like. The platform program consisted of an address of welcome by Thelma Soule; a piano solo by Mary Jean Farnsworth; a barbershop quartet by the "Four Musketeers" by Murray Johnston and Max Ferrell; a piano solo by Paul Newhall and another piano solo by Ian McMillan. A few remarks of appreciation to those who so kindly contributed to the evening's entertainment were made by Mr. McFadden and were responded to by an Academy representative, Maurice Janina. The reception committee consisted of Mr. and Mrs. McFadden, Miss Leola Childs, John Stewart, Dorothy Henderson and Murray Johnston with Thelma Soule distributing the prom cards. At 11:30, the Alma Mater and National Anthem were sung with Mrs. R. Johnston at the piano, and another B.B.C. "At Home" passed into history.

BOY SCOUT NEWS

ST. ANDREW'S SCOTCH TROOP

The Scotmen this week played host to the Fifth Sherbrooke Troop. A regular Scout meeting was held in which both troops participated. At the start of the meeting the troops were split up into four patrols. The meeting opened with flag break and Scout's silence. After the patrols were in their corners an inspection was held. Games played during the evening were "Push the Bottle" and "Find the Law." A highlight of the evening was the artificial campfire, which the Scouts built themselves. Skipper Earl Turner, Skipper of the Fifth Troop gave a short talk on the trip he made from England to Italy. David McIntyre received his Fireman's badge during the evening. Another feature of the evening was the new troop newspaper, the first issue of which was posted up after the meeting. A new Troop Leader was welcomed to the St. Andrew's Troop in the person of Earl Beane. Leaders present at the meeting were: Stan Loke, Skipper of the Scotsmen; Earl Turner, Skipper of the Fifth Troop; Ernest Trussler, A.S.M. Fifth. The Assistant District Commissioner also paid a visit to the troop during the evening. It was announced that the Scotch Troop has to date, sent over 200 comic books to England. This constitutes the troop's weekly good turn. Another visitor was Peter Blake, A.C.M., Lennoxville Park, who is helping the troop practice for their hobby show and display.

LOCAL ASSOCIATION MEETS FOR REGULAR MONTHLY MEETING

The members of the Local Association met in the Odd Fellows hall for the regular monthly meeting. The meeting was presided over by the President, Jim Wark, and the minutes were read by the secretary, Mrs. Elaine Barfield. This was Mrs. Barfield's last meeting with the Association as she is leaving to join her husband. Appreciation was expressed for the excellent work accomplished by the secretary during her term of office and regrets that she must leave. The question of getting together with other youth groups in the city was discussed. Appreciation was expressed for the publicity the Association received during Boy Scout Week. Other business was discussed and a motion was passed that a note of sympathy be sent to the family of the late W. E. Paton, who had been connected with scouting for many years and he was one of the first District Commissioners for Sherbrooke. At the time of his passing he was honorary patron. The meeting was then adjourned.

FIRST LENNOXVILLE TROOP

The Lennoxville Scouts met on Friday evening under their Scoutmaster, Sid Spawick, ably assisted by A.S.M. John McKinley. The meeting was carried out with the usual program of games and instruction. Nothing new has been heard of the proposed Rover Crew but it is understood that word was awaited from Headquarters in Ottawa. The Scouts have changed their meeting night from Thursday to Friday nights. No hockey games were played owing to soft ice.

ST. PATRICK'S IRISH TROOP

The St. Patrick's Irishmen held a skating party in lieu of their regular meeting on Friday. A very interesting time was had by all and the boys all stated that they had enjoyed themselves immensely.

ST. PETER'S TROOP

The Fifth Sherbrooke Troop wish to extend their thanks to the St. Andrew's Scotch Troop for the fine evening which was enjoyed by all at the last meeting.

KINGSEY FALLS

Mrs. Howard Frost entertained the Anglican Guild at her home with Miss Hazel Frost, the joint hostess. The president not being present, Mrs. Mamie Hastings conducted the meeting. Seven members answered the roll call and three visitors were present. The meeting closed with the singing of the National Anthem. Refreshments served at the close of a very pleasant afternoon.

Mr. and Mrs. Harold Buchanan and two children, of Richmond, spent the week-end with Mr. and Mrs. D. Buchanan.

Mr. and Mrs. Elwyn Bushey and Mr. and Mrs. D. M. Smith were week-end guests of Mr. and Mrs. J. M. Leckie, in Sherbrooke.

Master Ian Smith is spending a few days with his cousin, James Snaden, in Danville.

Mr. J. Atkinson, who has been ill is reported to be improved.

Mrs. D. Smith and little daughters, Nancy and Peggy, spent an afternoon in Danville.

Mrs. T. Searle, of Denison Mills, Mrs. Duncan Kerr, of Danville, and Mr. Irwin and Percy Atkinson were called here by their father Mr. Joseph Atkinson's illness.

Mrs. J. Smith visited her daughters, Mrs. P. Young and Mrs. D. Kerr, at Asbestos.

Rev. S. Forman, of St. Felix de Kingsey was calling on his parishioners.

Divinity Faculty Won Debate Opposing Spy Investigation

A unanimous decision of the three judges decided last night in favor of the Divinity faculty team which opposed the motion: "Resolved that the exposure of Soviet espionage in Canada was justified." Frank Gooch, Thomas Gibson and Sidney Irwin spoke for the winning team, while Hugh Banfill, Regina Northridge and Herbert Lloyd upheld the affirmative. Cyril C. Watson, vice-president of the Bishop's University Literary and Debating Society, was in the chair and D. H. Mills acted as time-keeper. The judges were George Wheeler, lecturer in the university's English department, George McIntosh, principal of the Assort Consolidated High School, and N. U. C. Gaudet of the teaching staff of the Sherbrooke High School.

The debate, the second in a series of three for the coveted Skinner Trophy, was a novelly interesting as it marked the first time that a co-ed was a member of a team contesting the cup. The event took place in Convocation Hall and the attendance was good.

Banfill, first speaker on last night's panel, explained the importance of stopping all leakages of valuable information to other nations and he accused the Soviet Union of having committed an act of "extreme and disgusting ungraciousness." He reminded his audience of all the necessary war materials that were sent to Russia and he asked if this understanding act was what we got in return.

Frank Gooch, leader of the opposition, charged the Dominion government with completely ignoring parliament by vesting sole authority to act in the matter in Mr. King and Louis St. Laurent. He then came to speak of the "nebulous kind of journalism" which enlarged the issue unnecessarily. In the opinion of this speaker the whole matter was a convenient way to divert the public interest from current failures of the government in the Dominion-provincial-municipal field and, as he pointed out, it becomes clear that Mr. King tried to cover up various

RADIO AUCTION BY Y'S MEN TO BE HELD IN FALL

Decision to postpone the proposed radio auction until fall, and the possibility of holding a soap box derby instead this spring, featured the monthly business meeting of the Sherbrooke Y's Men's Club, held at the Chateau Frontenac.

With vice-president Frank Simms presiding in the absence of president Vic Newton, the brief session was run through in rapid-fire order, with every member contributing his bit towards one of the most hilarious but none-the-less successful business meetings ever held by the club.

Due to the inability to get a definite date on which to hold the radio auction, the Y's Men decided to postpone this project until fall. In place of the event, it was suggested that the club sponsor a soap box derby for the youngsters of the city, during the latter part of May, and Murray Bradshaw and Andy Blatherwick were named to investigate this possibility.

A letter from Hugh Banfill, president of the Bishop's University Literary and Debating Society, was read, asking the Y's Men's Club to form a two-man debating team to oppose a similar team from Bishop's in a radio debate. Date and further details will be arranged. The club decided to undertake this offer, and Craig Bishop and Charlie Kench volunteered to form the Y's Men team.

As Wednesday, March 20 is the date for the annual Y.M.C.A. Father and Son Banquet, in which the club always participates, the regular meeting for that week will be allocated for that purpose, and members will attend in a group, each accompanied by their own son, or an underprivileged boy selected for the occasion.

Committee reports were presented by the following: Gerald Spafford for the Y's Men's Camp; Andy Blatherwick, activities; Ed Loomis, program; Jack McKnight, "Cheerful Earful," and Gordon Beerworth, publicity.

New members recently admitted to the club were named to committees by vice-president Simms as follows: Don Ives, Y.M.C.A. committee; Frank Jones, house committee; Craig Bishop, Dunc Campbell, Stan Morse, Pat O'Neill and Ed Bryant will act on the newly-created sick committee.

Fred Simpson, a former member of the club, was the only guest present. Seated at the head table with vice-president Simms were: Secretary Gordon Buchanan, Bill Richardson, Reg. Bishop and Gordon Beerworth.

NEGOTIATIONS AT SILK FIRM START MONDAY

Negotiations between management and employees at the Canadian Silk Products will begin on Monday, it was reported today. Employees at the plant returned to work this week after a fifteen-day strike, with negotiations slated for Thursday, March 7.

This date was postponed by the company in view of misleading statements issued by the committee representing the employees. Throughout the strike, two issues were confused: The first, the actual strike issue, demand for increased wages, and the second, earlier recommendations of a board of arbitration in reference to collective agreement pertaining to working conditions.

Only matter under consideration today is that of wages. As the strike was ruled illegal, the Minister of Labor, Hon. Antonio Barrette, advised employees to return to work so that negotiations might proceed.

Yesterday the committee representing the employees issued a statement correcting a communication published earlier in the week. The text follows:
 "Publication in the local newspapers of the governmental arbitration report of the Canadian Silk Products Inc., seems to have created a false impression among the general public. With a view to clarifying this situation we are giving certain supplementary explanations.

"The contents of the arbitration committee's report, which was in the majority, and which concedes or refuses certain items demanded by the employees, is non-executory. However, and as a general rule, the parties involved always agree to a majority report and advise the Minister of Labor within the fifteen days which follow receiving the report.

"For this reason, one must hope that the two parties accept the report, and if not, the same discord will continue to exist with no complete settlement at the Canadian Silk Products Inc."

Remains of Vet Go Back To Falaise

Bones Brought to Canada by Padre to Be Returned to Scene of Unknown Soldier's Death by Graves Commission.

Toronto, March 8. — The charred remains of an unknown soldier who died a fiery death in a tank near the Falaise Gap in Normandy are being returned for burial at the scene of his death, consigned to a return Atlantic journey by a firm policy of "fairness to all" laid down by the War Graves Commission.

The ashes, however, will remain on Canadian soil. The bones were found in a burned-out tank near the scene of the historic Canadian battle ground by an army chaplain, Hon. Maj. Robert Currie Creelman, padre of the 1st Hussars of London, Ont., who brought them to Canada in an urn in hopes he might build a memorial chapel and tomb in the soldier's memory.

He scattered the ashes on the property of the Presbyterian Church at nearby Weston, where he is minister, before the Canadian Government requested the remains for return overseas.

The strict policy that all Canadians killed overseas must be buried overseas was formulated by the Imperial War Graves Commission and accepted by Canada. It was felt that if some families were permitted to bring home the remains of a soldier, the Canadian War Graves Commission would be flooded with requests from bereaved parents for similar action.

KINGSEY FALLS

Master Kenneth Currie spent a week-end with his parents, in Montreal.

Mrs. J. Smith was an overnight guest of her daughter, Mrs. Harold Snoden, in Danville.

Miss Nora Stanton, R.N., and Miss Margaret Wheeler, R.N., are spending the week-end with Mr. and Mrs. W. H. Wheeler.

The final Red Cross box was packed at the home of Mrs. Robert Sells, who has held open house for the three years for this worthy cause. The box consisted of six men's suits of pajamas, ten pairs of men's underwear, and eight pairs of women's bloomers.

Guests of Mrs. Eunice Smith were her daughters, Mrs. Peter Young and Mrs. Douglas Kerr, of Asbestos, and their families. The regular monthly meeting of the Women's Association was held at the Johnston-Brown home one afternoon. There was a fair attendance of members and several visitors came in for the tea hour. The president, Mrs. Smith, presided and conducted the devotional period. At the conclusion of the business, the meeting closed with the Mizpah Benediction and supper was served by the hostesses.

Mrs. W. C. Sells is confined to the house with bad cold.

Nomination Papers For Mayor Office Filed By Ald. Bryant

 Nomination papers were filed at City Hall today in behalf of Alderman Guy Bryant, mayoral candidate, by his election agent, A. C. Skinner, and the required \$50 deposit made.

Mr. Bryant is contesting the mayoralty with Alderman J. D. Tremblay, who filed his nomination papers yesterday.

Signatures on Alderman Bryant's nomination papers were as follows:
 Wilfrid Gregoire, A. C. Skinner, C. O. Biron, J. K. Edwards, J. A. Archambault, A. D. Echenberg, Philibert Laguerre, M. T. Armitage, J. E. Levesque, C. Guy Bishop, D. J. Salls, L. W. Dixon, Dr. P. H. Bradley, A. Felteau, A. Bernard, McManamy, Elzear A. Bernard, Alex. C. Ross, Pamphile Biron, A. Munster, J. A. Lafort, Charles B. Howard, Eugene Lalonde, Dr. Lionel Darche, Colin Campbell, A. J. Packwood, Joseph Lemieux, J. Del. Wm. Desruisseaux, A. C. Stevens, A. Asselin, Alphonse Giguere, H. M. Thompson, Omer Theriault, Nap. Brault, J. Moore, J. H. Jacques, Leonidas Bachand, F. S. Rugg, Emilian Giguere, G. M. Wiggert, J. F. Leblond, J. R. Sangster, A. Picotte, J. Leopold Cote, A. Couture.

Decision of Alfred Brault to withdraw his papers as candidate for seat No. 2 in the East ward leaves only the office of chief magistrate to be contested in the March 26 elections.

Mr. Brault stated today that when he accepted nomination to the Council seat which would be vacant with expiration of the term of Alderman O. Deziel, he was under the impression that Ald. Deziel would not seek re-election, but that in view of subsequent events, he would not contest the East ward seat.

Of Ald. Deziel, Mr. Brault stated, "To my mind he has in the past been devoted to the cause of better civic administration and has given of his time and energy to this end. Ald. Deziel has ceded to the request of a great many of the East Sherbrooke electorate to stand for re-election and this is his right. As far as I am concerned, I already hold office in a great many social and business organizations and really feel that, although I have always done my utmost to serve my fellow-citizens, to take on an additional chore would overtax my energies."

In conclusion Mr. Brault said that he felt Ald. Deziel had more right, by virtue of experience, to a seat on the Council and gave assurance that Ald. Deziel would hold to the best traditions, to his duty and uphold with integrity the colors of a good alderman.

Nomination papers for Ald. J. D. Tremblay, who is contesting the mayoralty of the City of Sherbrooke with Ald. Guy Bryant, were received at the City Hall with the following signatures attached: Sylvio Rousseau, Felix Thibault, J. A. Durand, J. Boissard, R. Poulin, G. Briere, E. Ruel, W. Lamontagne, S. Leblond, Joseph Labrecque, J. D. Boly, Thomas Pednault, Omer Belleau, Amedee Mongeau and E. H. Lafleur.

Although Ald. Tremblay had previously stated that he would resign his Council seat at Monday night's meeting, he failed to do so, and when a reporter pointed out that this would necessitate a ward bye-election, Ald. Tremblay replied, "Evidently."

Ald. Tremblay's seat now only expires on nomination day, and Ald. Thibault, who has been nominated to fill the vacancy, cannot turn in his papers until after the main election.

SPIDER FISHING
 Natives of the Cook's Sea Islands catch fish in nets of silk spun by giant spiders. They also use balls of spider silk for bait fishing, with lines also made by spiders.

The policy was adopted as the only practicable one which would be fair to all concerned. The urn and the bones were turned over to Hon. Col. J. Logan Ven-Venetta of Ottawa, former principal Protestant chaplain, in the presence of Brigadier Churchill Mann, officer commanding Military District No. 2, on February 28.

Maj. Creelman, who still hopes to have a memorial on the church grounds where he scattered the ashes, said he "had no choice but to bow to the government's decision."

U.K. Workers Campaign For More Pay, Shorter Hours

By JOHN DAUPHINEE
 Canadian Press Staff Writer
 London, March 8. — (CP Cable) — Concentrated campaigns by British workers for more pay and shorter hours, despite wartime wage increases averaging 80 per cent in major industries, threaten to unsettle the country's post-war economy and Cabinet action is impending to avoid a general upward wage surge.

A Labor Ministry source indicated today no new compulsory wage control is intended but that a strong effort will be made to convince employers and employees that radical change in the wage structure would be dangerous during the reconversion period.

Herbert Morrison, Lord President of the Council, has said flatly in the House of Commons there will be no wage-fixing by the Government and wage adjustments will be left to existing negotiating bodies. But at the same time he added:
 "The government realizes the importance of seeing that wage settlements do not upset or thwart our economic structure and it is actively considering ways and means of meeting that situation."

The over-all labor shortage and removal of controls on most workers could result in a general upward trend in wages as employers sought to maintain or increase

TRINITY CHURCH SUNDAY SCHOOL OUTLINE PLANS

Plans for various spring activities were formed and committees named by the officers of Trinity Church Sunday School at their March staff meeting held in Wesley Hall under the chairmanship of superintendent Gordon Beerworth.

Next Friday, a St. Patrick's party will be held by the School. If sufficient snow is on hand, a sleigh drive will start the festivities, otherwise the scholars will meet for a hot baked bean supper followed by an evening of games and movies.

Other forthcoming activities include a sugar party and a spring entertainment to be sponsored by the Sunday School. Tentative arrangements were made for the observance of Easter and Mother's Day, both of which will be open seasons of the school.

An excellent treasurer's report was read by Sam McLean, showing the finances of the school to be in top shape, and Secretary Jack Wright reported that attendance for Anniversary Sunday, reached an all-time high of 116, with a total enrollment of 120.

Discussion of prizes for the current attendance contest, finishing on Easter Sunday, and arrangements for absence checks and birthday remembrances also occupied the attention of the members, and advance plans for the highlight of the year, the Sunday School picnic, terminating the 1945-46 sessions, were put underway, with more detailed study left for the next meeting.

Supplies for the various classes and departments were ordered, with suggestions made that new uniforms be ordered for closing off each class study book to be further identified by the class name, and name of the teacher.

Present were: Mr. and Mrs. Jack Wright, Mr. and Mrs. Andrew Blatherwick, Mrs. W. E. Hodge, Misses Mabel Robinson, Naomi Williams, Vera Drake and Doris Campbell, Charles Rublee, Sam McLean, Mrs. V. Hazle and Gordon Beerworth.

5TH BATTERY PARTY TO BE IN MONTREAL

A reunion of the 5th Westmount Field Battery will be held at the Craig Street Armoury, Montreal, of the 2nd Montreal Field Regiment, R.C.A., on Saturday, March 23, at 8 p.m., and all Eastern Townships members of the battery are invited to attend. Any E.T. members of regimental headquarters or the 73rd Battery, are also invited to be present.

The 5th Westmount Field Battery was mobilized in 1939 and proceeded overseas in the spring of 1940 as part of 2nd Divisional Artillery. When the battery was on active service many of the men were recruited from the Townships. John M. Cheval, 627 Dorchester Street West, Montreal, is organizing the reunion.

GIRL GUIDE NEWS

The Girl Guides of the 1st Sherbrooke, St. Patrick's and Lennoxville companies are earnestly studying for their Child Nurse badge, under the supervision of Mrs. N. S. Lathrop, who has kindly consented to instruct the Guides on this subject.

To facilitate matters, the three companies are holding joint meetings at the Trinity Church hall during the evening of this course.

Many of the 1st Sherbrooke Brownies have already passed several difficult tests towards earning their Golden Bar.

The progress of the St. Patrick's Brownies is favorable, as they continue to work diligently for their Brownie pin.

J. E. METIVIER PASSES ON IN HIS 82ND YEAR
 J. E. Metivier, in business here for over fifty years, passed away early this morning at the St. Vincent de Paul Hospital, where he had been confined for the past fifteen months, in his 82nd year.

Born at Nicolet, the son of the late Mr. and Mrs. J. B. Metivier, deceased received his education there before coming to Sherbrooke with his family in 1895. He was married to Anna Bergeron, of St. Agapit, who predeceased him in 1938.

Mr. Metivier is survived by five sons, Alphonse Metivier, J. A. Metivier, Henri Metivier, and Adolphe Metivier, of Sherbrooke, and Arthur Metivier, of Quebec City; four daughters, Miss Ida Metivier, R.N., Mrs. A. Trudeau, Miss Adrienne Metivier and Mrs. Germaine Caron, of Sherbrooke; a sister, Miss Amanda Metivier, of Manchester, N.H.; a brother, Joe Metivier, of Westley, R.I.; and several nieces, nephews and grandchildren.

Funeral services will take place at the Christ Roi Church on Monday morning, at 9:30, from the late residence, 85 Brooks Street.

Russia To Be Asked Make Stand Known

Delegates From 40 Countries Beginning Job of Transforming Projected Financial Bodies Into Working Organizations.

Savannah, March 8. — (AP) — Delegates to the international monetary conference opening here today will seek an early answer from Russia as to whether she intends to rejoin the original Bretton Woods monetary team now or sit out this meeting as an observer.

This was shown clearly on a tentative agenda as representative of more than forty countries converged on this city to begin the job of transforming the projected international bank and monetary fund into working organizations.

Most of the participants, including the Russians, as last-minute starters in the role of observers, were scheduled to arrive on a special train shortly before noon.

Only social preliminaries were on tap today with a full-dress planetary session to open tomorrow. The two institutions will seek to promote international trade, build up weak nations, and iron out some of the kinks in the present system of foreign exchange.

A membership committee would be charged directly with determining the nations about to participate. This would include a determination of which countries have ratified the Bretton Woods agreement either before or after the deadline of last January 1. Canada has ratified the agreement and is represented here by a delegation headed by Finance Minister Haley.

The answer given by the Soviet representatives will definitely affect the course of the conference.

As now set up, India is included in the financial "Big Five." These are the nations contributing the largest amounts to the fund and bank and as such they will be accorded permanent seats on the 12-nation executive boards of the two institutions. The other seven seats, in each group are elective.

J. OMER BEGIN DIES
 J. Omer Begin, well-known local citizen and native of Levis, Que., succumbed here yesterday to a heart attack.

Mr. Begin had been employed by Walter Blue & Company for many years and after travelling in haberdashery, was employed at J. M. Nault, Ltd. The funeral service will be held Monday morning at 9 o'clock.

OBITUARIES

MRS. H. PONTBRIAND, OF WATERLOO

Waterloo, March 8. — Mrs. Herminie Pontbriand, nee Albine L'Heureux, passed away at her home in Waterloo.

The deceased was twice married. First to Mr. Edmond St. Pierre, of St. Pie, who died many years after their marriage. Some years later she married Mr. Pontbriand, of Waterloo.

Surviving are her three sons, Rev. Father Bertrand St. Pierre, O.F.M., of Montreal; Rev. Father Armand St. Pierre, of Roxton Pond; and Rev. Father Paul St. Pierre, of Knowlton; also four daughters, Rose, Rev. Sister St. Edmond de Jesus, of the Order of the Presentation of Mary; Alice, Mrs. Napoleon Desmarais, of St. Pie; Bernadette, Mrs. George Gevry, of Waterloo; and Mary, Mrs. Joseph Champagne, of St. Joseph-du-Lac.

MR. ARTHUR WHITTAKER, OF KNOWLTON

Knowlton, March 8. — Mrs. Arthur Whittaker passed away at the residence of his daughter, Mrs. Dennis Taylor, on January 23, after nearly a quarter of a century in business here.

Born on December 25, 1869, in Nottingham, England, he was the eldest child of the late Matilda Kirk and John Whittaker.

The deceased came to Canada in 1911 and after some months in Western Canada, he settled in Hamilton, Ont., and was joined by his wife and daughter.

He returned to England in 1914 for a holiday, but at the outbreak of the First Great War he became engaged in war work at Southampton Docks and remained there until 1919, when he returned to Hamilton, Ont.

In January 1921, Mr. Whittaker and family came to Knowlton and purchased what was the "Old Drug Store" from Mrs. MacGowan and commenced business on September 1, of that year, continuing until shortly before his death. The deceased derived a great deal of pleasure out of photography which had been his life time hobby. At one time he was editor of a London Photographic Journal.

He had been in excellent health until only a few weeks prior to his death, when he was taken to his daughter's home where he was tenderly cared for.

The funeral service was held at St. Paul's Anglican Church, on January 25th, with the rector, Rev. K. C. Bolton, officiating. The choir rendered two favorite hymns, "Jesus The Very Thought of Thee" and "Abide With Me."

The bearers were Messrs. C. P. Thomson, A. L. Bullard, Edward Moore and S. C. Robson. Interment took place in the Knowlton Protestant Cemetery.

Besides his widow and daughter, the deceased is survived by three grandchildren, Colin, Sheila and Jack Taylor, of Knowlton; a sister and brother, Mary Whittaker and Thomas Whittaker, both of Kent, England.

Another brother, Herbert Whittaker, predeceased him many years ago.

The Doctor Says

ARE YOU FORGETFUL?
By William A. O'Brien, M.D.

When your wife gives you a letter to mail, do you carry it all day and then remember it for the first time when you see it in the evening? This is not necessarily a sign that you are growing old, as psychologists tell us our subconscious mind has a way of helping us forget unpleasant things. Your wife did not realize what a busy man you are or she wouldn't have bothered you with such a trifle, was the subconscious suggestion you received. You might deny this but the psychologists have a point.

All of us know people who have brilliant memories and others who are so forgetful that they cannot seem to remember anything. In spite of this, we believe that when we start to forget more easily, that we are getting old. There are many causes of forgetfulness, in addition to ageing changes in the body, such as fatigue, poor health, worry, inattention, carelessness and lack of interest.

If your memory is becoming progressively worse, it is advisable to check with your physician to see if anything is wrong generally. Or, a personality change may be responsible. Unfortunately, when our memories fail, we are not in the best position to realize that we need help, so the assistance of a member of our family or a friend is invaluable.

Bad Habit
In the absence of disease, poor memory might be just a bad habit. There are many ways of helping people who are forgetful, but most of those which are so extravagantly advertised are expensive ways of emphasizing a few simple principles. We remember the things which please us, and forget the things which displease us.

Developing a good memory is largely a matter of developing healthy attitudes. If we like people and like to be with them, we do not have too much trouble re-

THIS CURIOUS WORLD By William Ferguson

membering their names, but if we are indifferent to people, we have name difficulty.

Failing memory may be associated with ageing changes, but it does not necessarily occur even in advanced years. I know many people who are really old who still have good memories for past events and who still take an active interest in current events.

The mind ages more slowly than the body, according to the experts in adult education.

As we grow older, we lose the desire to learn rather than the ability to learn.

More Set in Ways

Another supposed characteristic of ageing is to become more set in our ways.

Some young people display this to a surprising degree, while many old people are pliable and agreeable. Demanding, egotistical, self-centered oldsters might have been that way all their lives.

Forgetfulness might be caused by day dreaming, commonly thought to be an exclusive practice of children, but which also affects adults. Forgetfulness may be a

minor complaint or a serious disorder.

Those of us who have always had poor memories would be easier to live with if we would improve our memories. On the other hand, many persons with brilliant memories have little else to recommend them.

NORTH HATLEY

Sunday, March 10, will be Youth Sunday at the First Universalist Church in North Hatley. At this time, members of the young peoples' group will take major parts in the service and provide a choir made up entirely of young voice. In charge of the service will be Miss Imogene Kezar, president of the local group. Also taking part will be Morris Perkins and Betty Lilley.

Miss Dorothy Taylor, of Sherbrooke, was a week-end guest at the home of Mr. and Mrs. Paige Kezar.

The annual World Day of Prayer will be observed in North Hatley on Friday, March 8, at 3 p.m. This year the women of the several

Success Marks Danville Players' Club Presentation, "The Red Lamp"

Danville, March 8. — Another success was scored by the Danville Players' Club, when under the able direction of Miss Phyllis Adams they presented their first comedy drama, "The Red Lamp," by Hilliard Booth, to audiences in Danville and Asbestos on February 26th and 28th respectively, with "A Bandit of the Mist" by the Danville school pupils as an added attraction.

"A Bandit of the Mist," a one act play describing the adventures of a group of young people stranded, was presented first. The cast included Rocky, played by Lois Lockwood; Polly, by Betty Lodge; Ruth, by Beverly Morrill; Bill, by Norman Lockwood; Larry, by El Perkins; with Bob Morgan, the bandit, played by Stanley McKeage.

A monologue, "Sy and I" by Mrs. Daisy Gibbs followed, humorously depicting a country girl's first visit to the city.

"The Red Lamp" a comedy in two acts showed the effect of a red lamp on the lives of six people.

Eunice Beer, cast as Matilda Deering a rich spinster who thinks money necessary for respectability, acted her role with her usual talent. Bert Barlow as her nephew, Harold Deering proved to a delighted audience that his performance in a comedy role is as outstanding as in tragedy. The part of Alice Deering, Aunt Matilda's niece, who has decided to outwit the plans of her aunt, was played by Marion Montgomery. Bill Worth a man-of-all-trade, who becomes involved in an intrigue in the Deering house, was ably played by Clarence Hill. Two new players completed the cast displaying unusual ability in their roles. Alfred Perkins acted the role of Archie Clarke, the young lawyer, whom Alice is determined to marry, while the part of Annie McGregor, maid in the Deering house, was played by Peggy Turnbull.

The plays, sponsored in Danville by the Danville School and in Asbestos by the Anglican Church Guild were assisted very materially by the presence of the Players' Club orchestra, three of whose members also rendered solos.

Refreshments were served after each performance which were much appreciated by the players.

Mr. Bert Barlow, president of the club, thanked all those who had assisted in making the evenings a success, especially the school pupils of the cast of "A Bandit of the Mist," those who provided refreshments, the orchestra, Mrs. Gibbs and his fellow players.

General Notes

The Danville Branch of the Canadian Red Cross Society held its last meeting on Saturday, March 2, when a large shipment was sent to headquarters in Montreal. In this was included a splendid donation from Mrs. Cecil Gallup. At the close of work, a vote of thanks was extended to the president, Mrs. Rose MacLeary, who has served faithfully and well for seven years. The group of workers have been very comfortably situated all these years in the Council Chamber. The sewing machines, must have been very much in the way many times, but no one complained. All this has been much appreciated by the workers.

The many friends of Mr. Howard Gale will be sorry to hear that he has been confined to his room for ten days. All hope that he will soon improve.

Mr. John Philbrick is home after taking treatments, in a military hospital.

WATERLOO

The annual meeting of the Waterloo Social Club was held one afternoon in the Library under the chairmanship of the president, Mrs. Dorothy Adam. The treasurer's report was presented by Jean Henry Bird and showed a very satisfactory balance on hand, Mrs. A.V. Beale gave the secretary's report, showing the distribution of clothing, food and fuel to the needy families of this district, as well as the toys at Christmas time. Special help has also been forthcoming from the Kiwanis Club, under the supervision of Rev. E. D. Mitchell. Nine regular meetings were held during the past season.

Miss Lucia Graves moved a hearty vote of thanks to the retiring president for her untiring efforts during her stay in office, Miss Graves, the chairman of the nominating committee, presented the slate of officers for the coming year, which was adopted and resulted in the following being elected: President, Mrs. Mammie McKergow; vice-president, Mrs. Margaret Schofield; secretary, Mrs. A. Victor Beale; and treasurer, Mrs. Henry Bird.

The P.W.A. met one afternoon in the Anglican Church, with the president, Mrs. David Hughes, in the chair. Rev. Sidney Wood gave a very interesting talk on the "Advance Appeal in the Anglican Church." The members completed a quilt during the afternoon, and the meeting closed with the serving of refreshments by the joint hostesses, Mrs. C. G. Hall and Mrs. Walter Hall.

The Women's Association of St. Paul's met at the "Parsonage," when Mrs. J. J. Irwin and Mrs. E. W. Bockus were the hostesses. The president, Mrs. Sidney McKergow, was in the chair for the business meeting. The variety table was introduced at which time all members are to furnish one small article for this table, to be sold at the meeting. This was very well patronized for the first endeavour and it is hoped that this will be worked up into something of interest. It is planned to hold a tea in order that the seats of the church may be recovered. At the conclusion of the meeting, refreshments were served by the joint hostesses to the large gathering that attended this meeting.

The Mission Band of St. Paul's met at the home of their leader,

Mrs. Sidney McKergow, who presided over the meeting, when the election of new officers was held. The president is to be Jean Maynes, the secretary, Juliette Tetreault, and the treasurer, Phyllis Cooper. The Bible story for the occasion was presented by Jean Maynes and Juliette Tetreault.

The C.G.I.T. Group, the "Mariners" met in the United Church, under the presidency of Eddy Smith. Agnes Fuller led in prayer and Barbara Quilliams read the Scripture lesson. It was decided to change the meeting night from Thursday to Wednesday. Plans were made to hold a stunt night in the spring. Rev. E. D. Mitchell gave a talk on Dr. Currie's work in Africa. The meeting concluded with the playing of games under the supervision of Miss Scott.

ST. ARMAND

The annual meeting of the St. Armand's Women's Institute was held at the home of Mrs. A. J. Garland. The "Club Woman's Creed" was repeated in unison followed by the roll call and the payment of fees. The minutes of the previous meeting were read and approved. Two donations were re-

ceived one from Mrs. George Krans and one from Mrs. Marion Russell. Mrs. Sager audited the books and found them to be correct. Reports of the various conveners were read. Mrs. Sager was appointed chairman for the election of officers. It was moved by Mrs. Lena Symington and seconded by Mrs. Garland that all officers and conveners be re-elected. This was carried after adjournment. Tea was served by the hostess.

PRODUCTION OF ASBESTOS UP IN PAST YEAR

A statistical bulletin on the mineral production of the Province of Quebec for the month of January, 1946, has just been issued by the Honorable Jonathan Robinson, Minister of Mines.

According to this report, production figures for asbestos, clay products, and cement have been much higher in January of the current year than for the same month in 1945. The recovery of gold during January shows a slight increase, whereas that of silver and lime is appreciably lower.

In relation to the preceding month, the output of asbestos and gold for January, 1946, has risen considerably, while for the same period that of silver, clay products, lime and cement has in general registered an important decline.

British Pullets For East Europe

London, March 8.—The United Kingdom ministry of agriculture is considering a scheme to send 2,000,000 day-old British pullets to Poland, Czechoslovakia and Yugoslavia to restore war-depleted stocks. U.N.R.R.A. has asked the British Chick Producers Association to supply chicks which would be of the best British stock, mostly Rhode Island Reds. The birds would be flown in planes with special temperature control.

FORTY ATTEND CLASSES ON FOWL RAISING

At least forty interested young folk attended the courses given last week at Granby by the Provincial Poultry Division in cooperation with the Federal Youth Training Plan.

President at the class opening on the eleventh instant were the Rev. Father T. Dubuc, Pastor of St. Eugene de Granby, A. St. Denis, District Agronomist, E. Breton, G. Caron and E. Lafleur, agronomists, and members of the Granby Co-operative, along with their manager, Mr. Meunier, and many others.

D. Desjardins, L. Sevigny and R. Pigeon, poultry instructors for the Provincial Department of Agriculture, and Louis J. Maltais, of the Federal Market Services, gave the lectures for the week.

Every phase of poultry raising was included in the course as well as the sales organization for poultry products. Special attention was given to the dressing of fowl for the market.

The recreational program which was given by the Provincial Cinematographic Service was much appreciated by all.

Why Canadians Don't Eat More Cheese

An interesting insight on the consumption of cheese in Canada was mentioned by D. M. Beattie, Associated Chief, Dairy Products, Dominion Department of Agriculture, in the course of an address in which he gave an over-all picture of the Canadian cheese industry, at the convention of the Manitoba Dairy Association, held recently in Winnipeg. In line with all other dairy products, said Mr. Beattie, the consumption of cheese in Canada had increased during the war years and was at present around 4½ pounds per person per year as compared with 3½ pounds for the year 1939. Even in the United Kingdom where cheese was rationed, the consumption had increased from 8 3/5 pounds per person per year in 1938 to around 11½ pounds at the present time. This upward trend in the United Kingdom had been the result of the necessity of cheese in the diet rather than one of supply.

The people of Canada were capable of consuming much more cheese than was used at present because there were many who consumed very little cheese or none at all. A factor which undoubtedly retarded cheddar cheese consumption was the handicapped retail merchandising as a result of lack of ease by which it could be offered for sale in an attractive package of a size suitable for consumers. It was known that proper maturing of cheese could be done only when the cheese was large or at least of a size large enough to be unsuitable for direct sale to the average consumer.

To cut large cheddar cheese for uniform packaging entailed a great deal of waste unless there was some means of disposing of scraps by processing. Even after overcoming the matter of cutting the cheese into sizes of uniform weight, the cheese must be wrapped in such a way as to overcome shrinkage. The development of mould in some of these packages caused complaints from customers besides involving a considerable cheese as such, and consequently, hampering the sale of cheddar cheese as such, and consequently, much of the increase in cheese consumption in Canada had been through the use of process cheese.

BRISK TRADING AT LOCAL MART THIS MORNING

The light touch of spring this morning made the Lansdowne Market the busiest and cheeriest that it has been since last fall.

Trade was brisker today than for any Friday for weeks past. There was practically no change whatsoever in prices.

Gladest note this morning was the abundance of spring flowers for sale. Cherry daffodils were selling for \$1.50 per dozen and potted hyacinths were being snapped up by eager customers.

Jamaica Ponders \$88,135,500 Plan

Kingston, Jamaica, B.W.I., March 8.—A plan calling for the expenditure over a 10-year period of \$19,585,000 (\$88,135,500) on social services, education, agricultural development and general economic improvement of the country was announced here recently.

The main objects are to increase the productive capacity of the country to meet the urgent need for improvement of the social and economic condition of the people and to prepare for further more ambitious advances in the future.

The plan will be financed from four sources as follows: allocations from colonial development and welfare £6,100,000; estimated surplus on basic island budget £4,655,000; loan £3,000,000; taxation £7,840,000. As a press conference, it was emphasized that the plan as it now stands sets out proposals and not decisions, and that it is not intended that it should be a rigid scheme.

Annual Flowers Very Attractive

(Experimental Farms News)

While it is true that flowering perennials make a splendid showing during the early spring and summer, annuals play a part all their own in both the small garden and large estate. Where no perennials are planted, they are a quickly available source of bloom, both for cut flowers and for show. Gaps in the perennial border may be temporarily filled in with annual flowers and the attractiveness of a border may be prolonged by the addition of some annual flowers which continue their blooming period past the time of year when most of the perennials with striking colors have completed flowering.

Most annuals are easy to grow. For best results the plants should be well grown in a greenhouse or hotbed, pricked off once into flats and then set outdoors early in June. By this method, it is possible to produce sturdy plants that will start to bloom soon after they are set out. It also makes it possible to get bloom from those types of annuals which require a long period of growth before blooming. Chief among the latter are snapdragons, the seeds of which are usually sown in late March. Many annual seeds may also be sown directly where they are to flower and a nice show of bloom secured late in the season.

At the Fredericton Experimental Station, states R. G. White, the growing of annuals has been carried on for many years with excellent results. In the process, many types have been evaluated until at the present time, the work has been confined to those types and varieties which experience has shown will under our conditions produce a blaze of color every year. Chief among these are numerous varieties of splendid snapdragons and a selected group of Pinks, drummonds, stocks, petunias, marigolds, calvinia and zinnias. Taking a lesser, but important, place are brachycome, cleome, clypeolus, centaurea, cosmos, balsam, pansies, salpiglossis, lobelia and a few others. Cleome is a newer introduction that will surprise anyone with its vigour and beauty and which continues to bloom right up until frost cuts it down. It would also appear that the actual labor required to produce and care for annuals, is but little costlier than for the care of a perennial border of the same size.

Aussie Brothers Start Gold Rush

Kalgoorlie, Australia, March 8.—This western Australian town is having its first real gold rush since the war started. The rush has followed a rich strike a few weeks ago by two brothers named Hill.

The Hills, inventors of a mobile-boring machine, took their gadget to the Kawnowna field. They put down two bores close to mines thought to have been worked out by Exeter and White Feather. One of the brothers, H. J. Hill, tested the old reefs by boring 62 feet.

They then sank a shaft to 12 feet and struck a reef about four feet wide which showed both fine and coarse gold. The two have now pegged out claims over about two miles of virtually virgin ground in the vicinity.

May Standardize British Voltage

London, March 8.—Steps to standardize electric voltage in Britain at 240 may be taken as the result of discussions between the Electricity Commissioners and the companies concerned.

Volts now range from 210 to 250 with the result that electrical equipment used in one part of the country or even in one district of a large city like London—is useless elsewhere.

Fuel Minister Shinwell said he approved a recommendation of the commissioners that the voltage be standardized. A statement by the commissioners said one advantage would be cheaper appliances which could be used anywhere.

Of 9,880, consumers, 7,723,000 already are being supplied at 240 volts but at voltages not more than 10 above or below.

MONTREAL LIVE STOCK MARKET

Montreal, March 8.—There were 1,274 cattle, 118 sheep and lambs, 4,806 hogs and 2,843 calves for sale on the two Montreal markets during the week ending March 7, 1946. In addition, 485 cattle, 598 sheep and lambs, 39 hogs and 25 calves were received on direct consignment to local plants and 401 cattle, 9 calves were handled on through billing to Canadian points.

Receipts continued to be light on both Montreal markets. Bulk of cattle offerings consisted of cows of common to good quality and selling at about steady prices; steers and heifers moved briskly at good prices. Sellers had no real choice veal calves on hand, mostly medium to medium good quality which sold at 50 cents lower in most of sales. Sheep did not change. Hogs had a slow start and dropped steadily to 50 cents lower practically all week.

There were no real choice steers offered, buyers paying 12 to 13½ for good quality; medium kinds, 11.50 to 12.50 and common 9 up. Heifers ranged from 8 to 11.50, the best ones 12. Good butcher cows made mostly 9.25 to 10, with a few a shade higher; medium quality 8.25 to 9.25 and common 7 to 8. Canners and cutters 5.50 and more. Good bulls sold as high as 10.50, some up to 11 and bologna bulls 7.50 up.

It was top price on veal calves. Medium kinds 15 to 15.50 and common veals 12.50 to 14.50, a few drinkers 10 to 12 and light grassers 9 to 9.50. Yearlings, 7.50 to 8.

There were a few lambs offered, mostly culls and bucks and selling from 9 to 11. Sheep 4 to 9. Hogs moved slowly and early sales were made at 18.75 for grade A with a few at 19, but practically all the balance sold at 18.50, some a shade higher. Sows were 18 to 18.25 dressed, a few 18.50.

GUARANTEED PRICE SET ON SUGAR BEETS

Hon. Laurent Beaulieu has announced that sugar beet growers would receive \$12 per ton of beets shipped to the St. Hyacinthe Refinery in 1946. Moreover, the Sugar Beet Administration Council has decided to grant premiums on production; they will be awarded according to the quantity shipped and deemed acceptable by the factory.

As explained by the Hon. Minister of Agriculture, the premiums are to encourage more production of sugar beets. Therefore every grower who delivers and has accepted by the factory a quantity of 50 tons of beets, will receive a beet-puller. If a grower delivers over 75 tons of beets, he shall have the choice of one of three machines: a beet-puller, a sower or a weeder worth from \$100 to \$160.

The Government intends doing its utmost to put the refinery on a self-supporting basis hence these extraordinary offers, but it cannot spend enormous sums of money to run such a prodigious plant on average crops of beets as produced in 1944.

The beet crop of 1946 will prove whether the farmers desire the refinery to stay in operation," was the concluding statement of the Hon. Minister.

AYER'S CLIFF

The annual meeting of the Women's Institute was held at the home of Mrs. Willard Rexford, Main Street, with Mrs. J. Arnold McVay as joint hostess, when a goodly number of members were present. The president, Mrs. R. G. McVay, presided and opened the meeting in the usual manner, after which she gave a report of the card party held in the Odd Fellows Hall for the benefit of the hot school lunches. Thanks were expressed to Mrs. Glen Little for her able assistance in making it a success and to the Odd Fellows who gave the use of their hall. The annual reports showed that excellent work had been accomplished in all departments and special mention was made of the work done by the War Services Committee, of Mrs. Martha J. Gibson, who had supervised the collection, packing and shipping of the many boxes of clothing for the National Clothing Drive, and the work of Mrs. McVay was also commended as she has taken the task of preparing the hot lunches daily for the outside school pupils. The nominating committee reported the following slate of officers and conveners: Joint presidents, Mrs. R. G. McVay and Mrs. Glen Little; first vice-president, Mrs. Murray Thompson; second vice-president, Mrs. J. A. McVay; secretary, Mrs. E. E. Crook; treasurer, Mrs. W. M. Robinson. Conveners: Agricultural, Mrs. W. D. Thompson; health, Mrs. Lynde Thompson; education, Mrs. H. Nelson Pierce; home economics, Mrs. J. A. McVay; national and international relations, Mrs. Willard Rexford; publicity, Mrs. H. N. Pierce. Following the election of officers, several told humorous stories and an interesting article from the Missionary Monthly read by Mrs. Pierce. Delicious refreshments were served and a delightful social hour was spent.

Mrs. Ida Demers, who is en route home from Barcon, Vt., where she was called by the illness and subsequent death of her sister, Mrs. Helen Trenholme is spending a time in town visiting at the home of her brother, Mr. Earl Tyler, and Mrs. Tyler and with Mr. and Mrs. Cecil Tyler and family and old friends.

Mrs. Ida Longeway, of Sherbrooke, is spending an indefinite time here at the home of Miss Lena Gustin.

Mrs. W. E. Hurd and her house guest, Mrs. F. O. Rand, were visitors in Sherbrooke.

Mr. Maurice Robinson, of Montreal, spent the week-end here with his parents, Mr. and Mrs. James B. Robinson.

Miss Audrey Howard, who has been stationed at St. Johns, has received her discharge from the W.A.A.C. and is here with her sister, Mrs. F. O. Robinson.

To the family of Mr. Charles R. Brown, recently of Beebe, but formerly of Brown's Hill the deepest sympathy is extended in its bereavement by his death, which occurred in the Sherbrooke Hospital, following a short illness. When his leg was amputated a week ago, it seemed that he was showing a great improvement but his heart proved too weak to stand the strain of recovery as he was eighty-seven years old. The funeral was held in Deulah United Church.

Miss Patricia Taylor, of North Hatley has been spending some time here with her sister, Mrs. John Saunum, Mr. Saunum and family.

Mr. and Mrs. J. E. Walker, Miss Ruth and Master Alfred Walker, Mrs. E. E. Walker, Mrs. C. J. Thompson and Miss Mildred Paul were visitors in Sherbrooke.

Bobby Morey Raps Home Four Goals In 7-2 Rout Of Sherbrooke Tribe

Overcoming a 1-0 deficit in the first period, Windsor Mills Paper Makers, led by Bobby Morey, came through with two goals in the second and four in the third to trounce the Sherbrooke Indians 7-2 in the first game of their three out of five series for the Eastern Townships Intermediate Hockey League championship at the Arena last night.

In direct contrast to the fast condition of the ice, play was extremely slow in the first period but the pace increased in tempo as the game progressed, especially in the second period when feelings began to run high and rough play was becoming prevalent. However, matters were soon brought under control by Referee Mathieu and Pergau who dished out four penalties in this frame, the only ones of the game.

After seven minutes of see-saw play, Emile Letarte caught Windsor's goalie, Longue, out of position after Gerry Perrault fed him a perfect pass-out from the corner which he immediately golfed into the open side of the net.

Five minutes later, Payette put Windsor in the scoring column with a close-in shot that eluded under Paul Duchesne before he could hit the ice to make the save. McLennan earned an assist on the play.

Going into the second session, the tempo increased with the visitors forcing a percentage of the play. Bobby Morey put the Windsorites one up after stealing the puck from Charest in front of the Sherbrooke net and flipping a high shot past Duchesne that had him slightly confused. Hardly before Duchesne could get settled again, Morey scored Windsor's third goal after taking Lacroix's rebound off Leroux and converting it into a tally with a short backhand shot.

At this point tempers were getting warm but penalties to Lavoie and Desilets, followed shortly by one to Lalonde, cooled things off. No change was made in the score as Sherbrooke took to the offensive and peppered the Windsor cage. Dionne was tagged with a penalty in the last minute of the period but the Indians could not score with a one-man advantage.

Hector Prefontaine put the Tribe back in the game again with a goal at the halfway point in the third canto after taking a perfect pass from Allen beside the Windsor cage, but Morey proceeded to put Sherbrooke out of the game

Sheik Abid Main Fight Attraction

Sheik Abid, by Toronto, out of Cairo (no relation to either Rudolf Valentino or the Sheik of Araby) will be featured in the main bout against Paul Lortie on the main card this Saturday evening at the Belvidere Street Armory. The fights are being promoted by the Veterans' Club of the Fusiliers de Sherbrooke (54th Regiment).

Abid, a weight-lifter before he was devoted to the grappling game, was once upon a time, so the story goes, amateur champ of Egypt. Later he dethroned Sheik Aziz (an old Egyptian word meaning assassin) Wamba. Saturday he will be fighting for the Sherbrooke world championship (Belvidere Street division). Paul Lortie, the bad-man type, hails from Montreal. It has not yet been decided if he has not yet been the villain role.

In the semi-finals Bob (Legs) Langevin, onetime inhabitant of Magog, comes to grips with Paul Duveen, late of the British Army, and Bob Lortie, brother of Paul, tangles with Mike Demitre, the growing Greek. The preliminary matches Rosario Lefebvre and Leo St. Francois, both E. T. huskies.

The main bout will be a two-out-of-three-falls affair with a time limit of 90 minutes, providing that one of the boys doesn't accidentally get hurt. The semi-final waltzes will also be two out of three, but with a 60-minute time limit. The preliminary will go 20 minutes.

TIGERS HERE SATURDAY

The current thaw has forced Victoriaville to move their home game against St. Hyacinthe on Saturday to the local Arena. Victoriaville has no artificial ice.

Tigers won the first game of their semi-final best-of-five round with Saints on Wednesday night at St. Hyacinthe by a 3-2 score.

Twin Champions

Pictured above in their favorite pose are Montreal's skiing twins, Rhona and Rhoda Wurtele (or is it Rhoda and Rhona?) who compete in the inter-zone ski meet at Mount Orford on Sunday. Together they have taken the first two positions in nearly all meets they have entered this winter.

Alta. Rink Wins Curling Crown

Saskatoon, March 8.—A veteran Alberta four skipped by Billy Rose won the Macdonald's Brier Tankard, emblematic of Canadian curling supremacy, here early today by besting a stubborn Northern Ontario rink from Kirkland Lake 8-6 in as thrilling a match as the roarin' game has seen in many a 'spiel.

In posting Alberta's fourth victory in 17 years of Brier bonspiel play, Rose and his men of Sedgewick—George Crooks, lead, Austin Smith, second and Barclay Swelin, third—took the hard road.

They wound up the regular nine-game round-robin play with seven victories and two defeats—enough to put them in a tie with the highly-favored Manitoba champions and Northern Ontario for the first place. They barely edged out Ontario 10-9 for the seventh win.

Displaying the most perfect curling of the bonspiel, they eliminated Manitoba 8-7 in the semi-final—revenge for one of their two defeats in regular play—and then triumphed in the final. With uncanny repetition Rose in those two games played knockout and draw shots dead on time after time.

S.H.S. DOWNS L.C.C.

Sherbrooke High School defeated Lower Canada College cagers 42-23 in an exhibition tilt yesterday afternoon on the S.H.S. floor. It was Lower Canada's first loss after a nine-game winning streak. Waidie, Martin and Fuller spearheaded the locals' attack and were a constant threat around the visitors' basket. John Boa led the Lower Canada squad, scoring eight points.

Both team began to roll from the very start and after only a minute of play had elapsed John Boa sent the visitors into the lead on a close-in shot. The local aggregation took to the offensive and led 13-6 at the end of the first quarter.

The fast pace was kept up in the second quarter with both teams fighting hard. The locals displayed a fine passing combination and continued to hold the lead. The half-time score was S.H.S. 17, L.C.C. 11.

S.H.S.: Waidie 16, Martin 10, Pautier 3, Fuller 10, Jackson 3, Bishop, Turnbull, Billings, Wilson, C. Ross, G. Ross.

L.C.C.: Boa 8, Davies, King 5, Lanenbey, Little 4, Martin 4, Pash-leigh 4, Pinard, Webster 2.

Canadian Sport Snapshots

By ALLAN NICKLESON Canadian Press Staff Writer

Toronto, March 8.—A guy who takes his sports-loving British wife to her first ice hockey game and expects to concentrate on the play is an insufferable optimist and a sucker for a left jab.

Pay heed you some 40,000 Canadian veterans who married Britain's cream-of-the-crop. Your bride may have absorbed partial knowledge of the Canadian way of life by attending classes back home, but brother, they didn't tell her about hockey.

This, then, is based on personal knowledge and recorded with difficulty—because of bashed ribs and complaining muscles. Babe Pratt was lucky. He wore pads and had to stop only a few mere males.

Things started quietly. Beyond a few inane questions, embarrassing because they could be heard bitter end.

Both Quebec Aces And Shawinigan Even Up Q.S.H.L. Semi-Final Rounds

Quebec, March 8.—Quebec Aces tonight evened their best-of-five semi-final Quebec Senior Hockey League play-off with Montreal Royals 1-1, defeating the Royals 4-2. The Aces claimed a 2-1 lead in the first period, and Royals tied the score mid-way in the third stanza, but Quebec moved ahead with two goals spaced a half-minute apart.

Aces made good use of a penalty to goalie Gerry McNeil—served by Gravel—as Neil Tremblay poked home the first goal of the game on a play with Bob Carragher. Ed Emberg lifted the Quebec squad into a 2-0 lead at the 6:41 mark with Renaud and Gruhn awarded assists.

Royals picked up speed during the second half of the frame and hit the scoring column as Gravel took Curry's pass at his own blue line and raced into beat Marois with a hard shot from five feet out.

After a scoreless second period, Galbraith raised Royals' hopes as he blazed home a hard shot at the 11:46 mark of the third to tie up the game.

Their joy was short lived however, as Phil Renaud, on a play with Bob Carragher and Neil Tremblay, beat McNeil with a trick shot to put Aces into the lead and score what proved to be the winning goal. Ron Nelson put the Aces in the bag for Quebec when he scored with Bob Carragher dishing up the assist, his third of the night.
