THE RUSSIAN POSITION BECOMES DESPERATE.

Kuropatkin May be Able to Extricate Only Remnant of His Great Army.

JAPS IN REAR OF MUKDEN.

Flanking Movement Extends Northward—Battle Continues With Great Slaughter—Story of Yesterday's Operations.

LATEST DESPATCHES FROM THE FRONT.

St. Petersburg, March 7.—(Special.)—All hope that Gen. Kuropatkin will be able to turn defeat into victory is rapidly vanishing.

The position of the Russian army has been growing increasingly desperate during the past 24 hours.

The gravest danger is from the Japanese left which has pushed north of the road to a point eight miles north of Mukden, where it has joined a flanking column from the west around the village which is located at this point.

The battle raged with terrible bitterness throughout yesterday.

It is rumored that Kuropatkin has already given orders to retreat and that he is gradually withdrawing the forces from the center, but experts think he must wait too long and that he must fight it out in his present position and that it is impossible for him to extricate more than the remnants of his army.

The War Office says the Japanese siege guns from Port Arthur with range of eight miles, are causing terrible punishment.

Nothing can stand up against them. Events took an unfavorable turn for the Russians last evening.

In a series of determined attacks the Japs ousted the Russians from an important position on the left centre of the eastern army.

The Japanese are also pressing the right center hard.

The Russians have been ordered to retake the position at any cost.

Losses are very heavy on both sides.

STORY OF YESTERDAY'S FIGHTING.

Mukden, March 7.—Fighting began yesterday morning as soon as the fog cleared, and up to the present time has been increasing in intensity.

The Russians gradually are forcing the Japanese northward and west and have taken Tomanche.

Fantziatun, Tineichin and two others. General Kaulbars and his staff are on advanced positions directing operations.

The Japanese artillery is pounding away furiously toward Ulmu.

Some shells from eight-inch field guns, charged with Shomose powder, are also exploding not far away and shrapnel is falling.

The attack by one regiment yesterday morning was a spectacular feat.

The regiment advanced as if in a parade, supported by two batteries and attacked and captured two villages successively.

The Japanese are said to be attacking Postiloff Hill.

Japanese prisoners are filling past towards the rear. They are ravenous with hunger.

They say they started with provisions for three days and were then ordered to make them last for six days.

They had not eaten since Sunday morning.

General Kuropatkin has ordered that they be fed, and they are eating as they march in.

The operation on Sunday the advance of the Japanese at Madzupu and Nianchiang were repulsed.

Russian losses were 1,500 killed or wounded.

The attack by a Japanese division west of Hushitai at first was successful, but Russian reserves checked the Japanese.

An attack by the Japanese on Elchanza was also repulsed.

Between Sandepas and Shakhe the Japanese seized the opportunity, while two Russian corps were changing front, to endeavor furiously to break the line.

nearly all the wounded. Yesterday's fighting was probably only preliminary shelling.

Night attacks on the centre and left flanks were repulsed. The Japanese left 2,000 dead in front of Gao Pass.

A GENERAL ATTACK.

Sakhetun, March 7.—According to reports just received the Japanese have advanced to attack along the whole line. Fighting has been in progress on the right flank of the Russian army near the imperial tombs, since morning but at this hour it is lessening, and the roar of artillery indicates that the fighting is sweeping further and further from Mukden.

Several regiments stationed near Postiloff and Xovgorod Hills Sunday night attacked and captured Japanese trenches, approaching under cover of darkness. The fighting was sharp, and the Japanese used hand grenades but finally were expelled at dawn.

The weather to-day is superb.

TOKIO IS CONFIDENT.

Tokio, March 7.—The position of the Russian centre makes surrender the only possible outcome of the battle now being waged.

Its retreat to the westward has been cut off, and it is impossible to withdraw to Tieling without leaving a rear guard as the Japanese preparations are complete to pursue the enemy once his line gives way.

This would mean the sacrifice of 300,000 men.

The Kokuin estimates that about 300,000 troops, the Asahis correspondent telegraphs from Hsianchang, under date of Saturday, says that the Russian force there was defeated at Tiarhei, Tienhoeng, at the end of February, has been driven by the Japanese to the hilly ground beyond Uling, where it was reinforced.

The Japanese continued their attack as the Russians were resting, but the latter seemed to be suffering from exhaustion of their march from the south.

It is not probable that they will be able to offer a long resistance.

The Jiji Shinbun describes the operations of Friday morning as the Japanese pushing forward on the west to within two miles of Mukden, as exceedingly quick and fierce.

It says that a strong force of cavalry is now needed at Sinimintung.

JAPANESE MOVES.

London, March 7.—A despatch from Tokio says it is reported that an advance guard of Gen. Nogi's Port Arthur veterans who compose the left arm on the Japanese army has captured and now holds a position on high ground only four miles south of Mukden.

It is said that the Russians are showing lack of co-ordination and co-operation in meeting the Japanese movements.

ADVICES FROM NEW CHWANG.

New Chwang, March 7.—It is reported here that the scouts of General Nogi's and General Kuroki's armies are already in touch behind Tie Pass.

There is every indication that the great Japanese movement for the envelopment of Mukden has so far met with overwhelming success, and that stronghold of the Russians will prove another Sedan.

In the last few days little has been heard from the fighting along the strongly fortified central positions, and it is believed that the Japanese centre is only required to hold its ground while the wings stretch far to the northward to encircle the Russian flanks or threaten the railway.

General Nogi's third army, from Port Arthur, has advanced far on the left wing and swept all before it.

Nogi's men are reveling in the field work, which they regard as child's play after the siege of Port Arthur.

FEELING IN ST. PETERSBURG.

St. Petersburg, March 7.—(3.15 a.m.)—According to correspondents with the Russian army, the tide of battle yesterday gradually was rolling back from the immediate vicinity of Mukden, operations up to noon having resulted in the capture of several villages, west and southwest of Mukden; but late in the afternoon the Japanese inaugurated a series of desperate attacks, the outcome of which is still not chronicled.

Gen. Kaulbars, who is considered to be the best of Gen. Kuropatkin's subordinates, has taken personal charge of the operations in

this field. The commander-in-chief is also devoting his attention to the fighting in the same locality.

The War Office estimates the number of wounded in the battle of Mukden at 12,000, including 234 officers, but makes no statement regarding the number of dead. This undoubtedly is a conservative estimate. The Japanese losses, according to the same source of information are estimated at 30,000.

The optimistic tone of the war correspondence is reflected in military circles here. It is considered that even if Gen. Kuropatkin has not delivered a crushing blow at the Japanese, he has at least insured the possibility of withdrawing which was greatly jeopardized by the operations of Generals Nogi and Kuroki. The result of Gen. Kuropatkin's reported counter-attack west of the railroad which if successful, would drive a wedge between the western army and the Japanese force on the Shakhe River is awaited with anxiety. It is felt that this is the opportunity which he missed at Liao Yang and which deprived the Russians of victory when it had been almost won.

THE VALLEY OF DEATH.

London, March 7.—A correspondent in a press despatch, thus describes the scene around Mukden:

"The road northward is crowded so far as the eye can reach by a continuous file of two-wheel Chinese carts, full of Russian wounded, the best testimony of the valor with which the army of the east, fighting continuously for a fortnight, has defended every inch of the ground over which it has been compelled by superior numbers to retire.

Each cart bears from three to five wounded men, whose exhaustion is almost too utter for them to feel pain. Scarcely a groan or cry is heard—not even the moans of the dying—only the dismal creak of the rude wheels and the thud of the ponies' hoofs are audible.

Most of the wounded have their heads covered with dirty overcoats, stiff with coagulated blood, hiding wan and dirty faces, distorted with pain, sunken eyes and expanded nostrils. Here and there is seen a cart with two wounded men between whom is a corpse, which with every jolt pounds against the helpless living comrades of the man whose death had sealed the distortion of unbearable agony.

"The valley in front of the Russian positions has become a valley of death. Corpses strew the debatable ground, from which neither side can remove its dead.

"Again and again the Japanese charged down the slope and up the hill. Again and again the Russians counter-attacked, trying to gain possession of 'The Hill with the tower.'

No quarter was asked for or given by either side. The enemy ceased only in death—the wounded, with breasts torn open by shrapnel or bayonet, essaying another shot with their last breath.

"Here sits a Japanese upon a stone, a moment's pause for resting, and stretched him out into eternity.

"There lie two foes with bayonets sheathed in each others' breasts: Corpses—corpses—corpses."

ADVICES FROM TOKIO.

Tokio, March 7.—Official bulletin from the War Department shows that the Russians continue to make a stubborn defence of their position in the direction of Hsienching, where several times the defences have been taken and re-taken, in the direction of the Shakhe river, detachments attacking the northern eminence of Piniultauo carried the first Russian position on Saturday.

On Sunday at dawn, the re-doubts northwest of Housunpaotse, were carried by assault, and at Luichwangtun, the Russians were cut off and driven into the castle of the old town, where they are now surrounded.

West of the railway three more Russian positions have been taken and the Japanese army is pressing its fighting line steadily towards Mukden.

The railroad station at Fuchiatun, near Shahopao, was set on fire. Fuchiatun is about 12 miles from Mukden, at the junction of the Manchurian and the new Russian military railway. The advance of the Japanese centre is a remarkable contrast with the slow progress on the right, where the Russians are evidently making the greatest efforts to defend Fushan.

WARNING DISASTER.

St. Petersburg, March 6.—Some of the newspapers, as if preparing for disaster, are impressing their readers with the fact that the Russian position in Manchuria is extremely serious.

The Novoe Vremya points out that the fighting is severer than it was at Liao Yang and says that the result depends on which side will be able to bring the greatest number of men into action at a critical hour.

If the Japanese have the greater number, Gen. Kuropatkin will inevitably re-

CITY COUNCIL MEETING.

Regular Monthly Meeting Held Last Night.

FINANCE COMMITTEE HAS SPECIAL REPORT — VALUATORS RE-APPOINTED — ANTI-LICENSE PETITION.

The regular monthly meeting of the City Council was held last evening. Mayor John Leonard, K.C., presided. Present: Councillors McManamy, Denault, Olivier, Farwell, McCrea, Cochrane, Thompson, Lanctot, Brault.

A letter was read from Mr. W. R. Webster, stating that he had purchased the property formerly owned by Mr. James Harkness on Meadow street in 1902, and requested that his name be put on the valuation roll as owner. Request was granted.

GORDON STREET PETITION.

Councillor Olivier presented a petition from 61 residents in the South Ward stating that it was necessary and desirable that the new Gordon street should be united with old Gordon street and requesting the City Council to proceed with the necessary expropriation of land, so that the prayer of the petition may be carried out.

The petition was referred to the Road Committee on motion of Councillor Olivier. Councillor Farwell seconded the motion. In doing so he said he would object to the city paying any of the cost of laying out this street.

Councillor McManamy said that when Wellington and Marquette streets were widened it was done at the expense of the whole city. To make this connecting link they would have to purchase or expropriate a piece of private property.

THE RIVERSIDE SYNDICATE.

Another petition was presented from the Riverside Syndicate re the width of the streets on their property in East Sherbrooke. It was pointed out that a clerical error had appeared in the original petition, as the important streets were 66 feet in width, and three of less important streets were 50 feet in width.

Mr. L. A. Bayley, secretary of the syndicate, appeared before the Council. Mr. Bayley pointed out that a year ago the question of the death of cheap lots for building purposes was discussed in the Board of Trade, and it was at one time thought that the City Council be approached to appropriate a certain amount for this purpose, but there was so much before the Council last year that it was not deemed advisable to approach the Council.

This syndicate was then formed, and so far as he (Mr. Bayley) was concerned, he thought that such a move was for the good of the city, and would be the means of increasing the revenue of the city.

The syndicate thought they were doing a good work, and that it was a step in the direction of relieving the dearth of houses which at present exists in the city.

Councillor McManamy was opposed to narrow streets in the city. They now had several streets which were almost impassable. The gentlemen who composed the syndicate were making a mistake in not having the streets widened. This was a speculation, and he thought it would be a wise policy on the part of the syndicate to widen the streets.

The matter was referred to the Road Committee to deal with the whole matter, and the widening of the continuation of Windsor street.

PETITION AGAINST NEW LICENSES.

The Mayor laid a petition before the Council signed by a large number of the citizens from Mrs. Hyndman, corresponding secretary of the W. C. T. U. The prayer of the petition sets forth that it is understood that requests had been made to the Council for additional licenses, and being strongly of opinion that they are not a necessity and would tend to lower the moral tone of the city, that the City Council do not grant any additional licenses.

Councillor McManamy moved and Councillor Olivier seconded, that the petition be referred to the Police Committee.

FINANCE REPORT.

Councillor Denault, chairman of the Finance Committee, presented the following report:

"Your Committee would recommend that the Secretary-Treasurer be and is hereby instructed to carry out the report of the Finance Committee adopted on the 12th March, 1905.

"Your Committee would also recommend that for the future in order to better regulate and ascertain the actual expenditure in each of the city departments;

"That any revenue that may hereafter be received for special services of any of the permanent employees of the city or for the use or for the loan of any of the city's machinery or appliances, or any revenue whatever that may be received for services rendered in any way, or from the receipts for any property or article sold or loaned by the officials or employees of the city.

"All monies or revenues received by

GREAT STRIKE IN NEW YORK.

Five Thousand Employees of the Transit Company Quit Work—Tie-Up of Elevated and Subway Car Lines.

New York, March 7.—(Special.)—The strike of 5,000 employees of the Inter-Borough Rapid Transit Company, which operates the Subway and Manhattan Elevated lines, this city, took effect at four o'clock, this morning, and was most complete in its early stage of any in the history of New York.

One motorman on the Ninth Avenue Elevated line refused to desert his position, but was the only case of dissatisfaction reported.

Crows of strike-breakers were hurried to the northern ends of the lines, but very few were found who understood manipulation of air brakes.

Pickets from strikers' ranks were posted everywhere outside the stations and warned persons who attempted to enter that the strike was on, and that it was unsafe to ride on the trains.

There was no disorder of any kind. At noon the Company claimed to have received 1500 applications, and that 150 of these had been taken on.

Before noon fair service had been established throughout the subway, but everything is at a standstill on the Elevated.

This strike was determined on at a meeting held last night in Harlem, of the Brotherhood of Locomotive Engineers and the Amalgamated Association of Street and Electric Railway Employees. This action followed the receipt from General Manager Frank Hedley, of the Inter-Borough Company late last night, of a letter declining to agree to the terms of an antedated demand made by the representatives of the men at a conference held with the employees of the Company, yesterday afternoon. It was nearly midnight when President Jencks, of the Brotherhood of Locomotive Engineers, announced that the men had voted unanimously to strike and that the strike had been ordered for 3 a.m., to be put into full operation at 4 a.m. About 5,000 employees of the subway and elevated systems are affected by the strike, which will tie up all traffic in Manhattan except on the surface trolley lines. The utter impossibility of the multitude of travellers in the upper part of the island reaching their places of business down town is one of the most serious features of the situation, and it is feared will be the cause of much disorder.

WHAT THE WEST WILL ACCEPT.

Clauses Which May be Substituted for Those in Autonomy Bill.

THE PREMIER'S STATEMENT.

Ottawa, March 7.—Mr. Borden in the House of Commons, yesterday afternoon, sought to discover if there is any justification for the reports that important changes are to be made in the autonomy bills in regard to the school clauses, and suggested that if such had been decided on it would be well that the Prime Minister should acquaint the House with their purport in order that they should be discussed with reasonable understanding.

In the connection, Mr. Borden deprecated the practice of discussing a bill on its first reading, when its clauses can only be understood by a few of the members. With this Sir Wilfrid Laurier did not agree altogether, pointing out that it was the custom in England for the minister who introduced an important measure to explain its purport, after which a delay is allowed for the country to consider its meaning. This was the course, he maintained, which had been followed in this case. As to giving notice of intended amendments, the Prime Minister said it was open to the party who introduced a bill to change it at any time. He was not prepared to say if any changes would be made in the bills; but if any were made the usual practice would be followed. This means that the amendments will be proposed when the bill is before the committee of the whole, with only the usual notice. The Prime Minister's words go to confirm the report that a school clause acceptable to the western members has been agreed on and will replace those now in the bill. A number of petitions praying that no action be taken by Parliament to restrict the new provinces' control of their educational affairs were presented yesterday, some of them by Liberal members.

CONSIDERED BY CABINET, BUT NO DECISION YET REACHED.

Ottawa, March 7.—The clauses drawn up by the Northwest members to be substituted for those in the Autonomy Bills which deal with the system of education in the Northwest were considered by the Government at the Cabinet Council Monday, and while no definite decision was reached, it is believed the new provisions will ultimately be adopted. If they are inserted in the act they will have the support of Mr. Sifton and every Northwest member on the Liberal side, although not the solution they would have preferred. The new provisions are such that no follower of the Government could have any serious ground of objection to them. The Northwest men think that the clauses which have been drafted in substitution best meet the necessities of the case. The language is clear and unmistakable, and the points at issue are unclouded by any legal phraseology.

That the Western men will accept any other solution of the difficulty is open to grave doubt. The clauses proposed in substitution are as follows:

"In and for the Province the Legislature may exclusively make laws in relation to education, subject and according to the following provisions:

1.—Nothing in any such law shall prejudicially affect any right or privilege with respect to Separate Schools which any class of persons have at the date of the passing of this Act, under the terms of chapters 29, 30, and 31 of the ordinances of the Northwest Territories passed in the year 1901.

2.—An appeal shall lie to the Governor-General in Council from any Act or decision of any Provincial authority affecting any right or privilege of the Protestant or Roman Catholic minority of the King's subjects in relation thereto.

3.—In case any such Provincial law, as from time to time seems to the Governor-General in Council requisite for the due execution of the provisions of this section is not made, or in any case any decision of the Governor-General in Council on any appeal under this section is not duly executed by the proper Provincial authority in that behalf, then and in every such case, and as far only as the circumstances of each case require, the Parliament of Canada may make remedial laws for the due execution of the provisions of this section and of any decision of the Governor-General in Council under this section.

The first of the clauses given above is the distinctive and significant one. The others are the remedial clauses from the Constitution.

IN THE QUEBEC LEGISLATURE.

Brief Session Yesterday Disappointed Crowded Galleries.

ACCOUNTS SHOW SURPLUS FOR PAST YEAR.

Quebec, March 7.—To the great disappointment of hundreds of spectators, yesterday afternoon's sitting of the Legislative Assembly, only lasted about ten minutes and adjourned until this afternoon. It was rumored that something unusual was going to happen, but with the exception of some explanations given by Hon. Mr. Monet, the time of the sitting was taken up with the presentation of a number of petitions. When this part of the proceedings was over, Hon. Mr. Monet rose and read extracts from the Star of Saturday last regarding an interview held with a correspondent, and remarked that he had not stated that he would support Mr. Leblanc's accusations. What he did say to the correspondent was that there was only one accusation brought forward in a regular manner, that was the charge of an alleged understanding between the Premier and three ex-ministers to the effect that no investigation would be held, and that he would support Hon. Mr. Leblanc's demand for an investigation, but not his accusations.

A SURPLUS.

Quebec, March 7.—The public accounts for the year ended June 30th, 1904, show receipts of \$5,192,232 and expenditures of \$4,967,576, leaving a balance of \$224,656. Compared with the previous year the receipts show an increase of \$274,470, and the expenditure an increase of \$246,928.

LORNE.

March 7. — It is with profound regret that we have to report the death of Mrs. Edward Leroux, formerly Maggie Walsh, which took place at her home here, Wednesday afternoon, March 1st, of spinal meningitis, at the age of 27 years. The funeral service was conducted at the house by the Rev. Mr. Pollock, of Danville; in interment at Lorne cemetery, Friday afternoon. The very large number who attended testified to the high esteem in which the deceased lady was held. The family and bereaved husband and two little children have the sympathy of all in their affliction.

Mr. H. S. George and Miss Rhoda Adams came from Grand Mere, Thursday, to attend the funeral of Mrs. Leroux.

Mr. and Mrs. Davitt and Mrs. Jas. Smith, of Richmond, were the guests of Mr. W. Smith, Saturday.

ROCK ISLAND AND DERBY LINE

March 7. — Mrs. Pulister is reported seriously ill. The "Storey Family," who are holding forth in Oddfellows' Hall, are drawing good crowds. Some of the young people gave a social dance in Foster's Hall, at Derby Line, last evening, and all reported a pleasant time.

Mrs. D. W. Davis entertained several of her friends at "Redholme," on Saturday evening very pleasantly. Mr. A. B. Nelson, who has been seriously ill, is reported some better. A telegram was received by Mr. William Spalding, conveying the news that his sister, Mrs. Orritt, of Chicago, was seriously ill.

Mrs. Emery is drilling the children of the Universalist Sunday School, and they intend giving a concert in the hall very soon. Miss Colby entertained the Woman's Reading Club, the gentlemen being invited in, last Thursday evening, at "Carrolcroft." A very interesting programme was given and a thorough social time enjoyed, at the close of which very dainty and delicious refreshments were served.

THE KAISER'S TABLE HABITS. According to a writer in one of the most courtly of Berlin journals, the Kaiser is very fond of vegetables. "I have so many gardens," he is reported to have said to the Kaiserin, "that surely you can let me have fresh vegetables every day." He likes German beefsteak, that is, chopped meat and onions fried. This he eats with mashed potatoes. It is, in fact, his favorite dish. His Majesty can't stand oysters since he was made ill once by some large molasses oyster. Fish must never be absent from his table, and he always eats quantities of it. "It is good for the brain," he says, "as it contains plenty of phosphorus." His early breakfast is at eight o'clock, and then he enjoys plenty of toast and butter, prepared in the English fashion. His beloved sweets are pancakes, with lemon juice and sugar over them. He eats rapidly and does little talking while at meals, but after a hearty repast he enjoys half an hour of ease, familiar talk, and a strong cigar. He never indulges in a siesta, no matter how hot the weather or how heavy the luncheon.

COATICOOK

March 7. — Mr. John Parker, B.A., Inspector of Superior Schools, is the guest of Dr. R. McHarg, Elm street. The Rev. Dr. Hunter was greeted with large and attentive audiences on Sunday last. Though upwards of 70 years of age, the venerable doctor preaches with all the vigor of a young man. To-night, in the Lecture Room of the Church, he will deliver his lecture, on "The Science of Character." At the close, the Young Ladies' Circle, under whose auspices the lecture is being given, will serve refreshments.

Mr. and Mrs. F. J. Bishop, who with their children, have been confined through illness, to the house, are now recovering. The Ladies' Mission Circle of the Baptist Church, will meet with Mrs. Walter Lovell, on Thursday afternoon. Mrs. E. F. Tomkins will entertain the Ladies' Aid of the Methodist Church, on Thursday afternoon. Gentlemen invited to tea in the evening.

A family council was held yesterday, at the residence of the late John W. Corliss. A part of those interested wished to have an adviser appointed, while the remainder desired a counsellor. The matter was left in abeyance. The former were represented by Mr. W. L. Shurtleff, K.C.; the latter, by Messrs. Hackett, St. Pierre and Corrett.

Mrs. O'Neil (nee Gertrude Davies) who came here to attend her husband's funeral, left today for Boston, Mass. Mr. Robinson and Miss Robinson, of Moe's River, who have been visiting with their sister, Mrs. Wallace, returned home, yesterday.

A most enjoyable social was held under the auspices of the Baptist Church, at the home of Deacon C. A. Baldwin, last evening. Two large sleigh loads (18 in one and 16 in the other) together with neighbors and friends formed the company. The evening passed in games and other pastimes; refreshments were served, and altogether a most pleasant time was spent. The sleigh drive back and forth was not the least enjoyable part of the function.

ASBESTOS. March 7. — Mrs. Hyslop returned to Asbestos on Tuesday, for a short rest, as she has been suffering from a severe cold.

Mrs. George Goodenough, of Wotton, is staying with Mr. Ed. Gale, for a week, to assist in caring for the sick. Mrs. Chas. Nutting, of Pinnacle, and her little granddaughter, Bernice, has been calling on her friends there, this week.

Mr. Ed. Gale was called to St. Cyr last week, owing to the serious illness of his mother. But little hope is entertained of her recovery. Last week, Mr. Fred Walley invited a number of his friends to help him celebrate his 18th birthday, by indulging in a "sugar social." A pleasant evening was spent by all.

Mr. Herbert Goodenough and sister, Eva, have returned from a trip to South Ham, where they were visiting relatives. Mr. Jas. Gale, Jr., had the misfortune to lose the sight of one eye, last week, having been struck with a piece of wood while chopping.

Mr. Frank Pharo spent Friday in Sherbrooke. Mr. Vizeanu, an old gentleman, 84 years of age, died last week, after a short illness. Interment from the R. C. Church. Gladys Morrill, the little six-year-old daughter of Mr. Symon Morrill, had an almost miraculous escape from serious injury, on Wednesday, March 1st, she being knocked down and run over by a wood team. Fortunately, the little one escaped with few bruises, but a bad fright for the onlookers.

GRANDEVILLE. March 7. — Mr. Rodney Scott, of Chateaugay, N.Y., was visiting relatives here last week.

Miss Anna Mae Somerville, of St. Johnsbury, visited her uncle, Mr. Geo. Somerville, at North Derby, Vt., recently.

Mr. and Mrs. John O'Leary returned on Thursday from a two weeks' visit in Boston.

Messrs. Hiram Tryon and Lucius Rowell, of Magog, were here visiting relatives last week.

Mrs. Hanson, of North Derby, Vt., who is upwards of 100 years of age, who broke her leg a few weeks ago, is gaining and symptoms are favorable for her recovery.

EAST ANGLUS. March 7. — The educational sermons in connection with the Methodist church were preached here Sunday by the Rev. Mr. Mick, of Burg.

The services were well attended. Mr. Mick is a speaker of rare ability and was listened to very attentively at both services. A pleasant feature of the evening service was a solo by Mr. Mick. We hope to have Mr. Mick with us again in the near future.

Mrs. Alex. Burns and Mrs. Riley entertained the Ladies' Aid and their friends on Thursday evening last. About sixty were present. A very pleasant evening was spent in singing, music and games. Oysters and other good things were served by Mrs. Burns and Mrs. Riley. At a late hour the social evening was brought to a close by singing the "National Anthem."

IN RETROSPECT. (From the Baltimore American.) Russia will continue to advance because she sees victory ahead. But then, Russia is progressing crab fashion, which may account for some of her visions.

WATERLOO.

March 7. — Mr. R. G. Donald, of Sutton, is spending a few days in town the guest of Mrs. C. E. Tenoy. Mr. and Mrs. R. E. Scott, of West Ely, were in town Friday calling on friends.

COWANSVILLE.

March 7. — Mr. Clinton Soles, of the E. T. Bank boys from our town, has been transferred to Rock Island branch, from Mansville, where he won the respect of all and left amid general regrets.

Mr. David A. Bowker, C.P.R. locomotive engineer, now off duty on account of his recent painful duty, was called to Mansville, Saturday, to attend the funeral of Mrs. Lyman Perkins, a relative of Mr. Bowker's.

Your correspondent is in receipt of a copy of "The Daily Mining Gazette," and of the "Copper County Evening News," both printed at Calumet, Michigan, U.S.A., and both agreeing that Willie McCabe is the best shot at any angle, on their hockey team, champion of the United States professional league. In his first match he made twenty shots on the opponents' goal, and "all true and merrily." This is the opinion we had of Willie when he played on our team, and all are glad he is adding fresh Western laurels to his Eastern lot. The Calumets have won 18 and lost only four games this season. The next team to them, Portage Lake, has only won 11 and lost 6.

Messrs. Byron M. Shepard, of Knowlton; William A. Rockwell, of Turkey Hill; C. Copland, of Sutton Junction; P. A. Bouvier, of Farnham, and S. Sargeant, of Mansville, were all in town, Saturday.

An Out-of-Doors Revival.

This winter has witnessed a noticeable revival in out-of-door sports. Despite the extreme cold, that has prevailed, throughout with scarcely any abatement, skating, snow-shoeing, tobogganing and other forms of open-air exercise have grown immensely in popularity. Sherbrooke has contributed its full share to the widespread revival. Not in many years have skating, snow-shoeing and the like engaged the attention of young and old in Sherbrooke, to the extent that they have, this winter. It might be difficult to put one's finger on the correct reason for this return to nature, but it is not necessary to search out any reason. It is sufficient to accept the fact as we find it. And it is a fact burdened with the most hopeful significance for the physical well-being of the community. There is not much danger of our getting too little of the fresh air and the open during the summer months, but it is the decided tendency to cling too closely to the house during the winter. Averse to breasting the rigors of zero weather or colder, we cling to our homes by day, and it is usually indoor functions, parties, dances, and such like, that we attend at night, if we venture out. The effect on the health of a winter season thus spent cannot but be harmful, while on the other hand, there is nothing more invigorating or health-giving to mind and body than a lively skate or a tramp on snow-shoes across the fields, when one has to hustle continually to keep warm.

WINDSOR MILLS

March 7. — Mr. F. Matty, of the firm of Belanger & Matty, dry goods dealers of this town, have sold their stock to Eug. Fortier, of Sherbrooke, he taking immediate possession. Mr. Matty has returned to his old position with T. Belanger, of Sherbrooke; is in town visiting relatives.

Dr. Camirand, of Sherbrooke, was in town yesterday, being called to hold council in the case of Mrs. H. Lamontagne, who is very ill.

Miss Amanda Gauthier has returned to Sherbrooke, after spending five weeks with her sister here, Mrs. H. H. Bourque.

MAGOG

March 7. — Mr. Jas. Campbell spent Sunday visiting friends in East Bolton.

Mr. A. Desmarais, of Farnham, was in town the guest of Miss Anna Daragon.

Mr. Emile Audet, of Sherbrooke, is visiting his parents for a few days.

Mr. and Mrs. J. J. Burbeck and Miss Charlotte Burbeck spent Sunday at Way's Mills, visiting relatives.

There will be a social at Mr. Frank Rexford's, near Magog Lake, on the evening of the 17th of March.

COOKSHIRE

March 7.—The school flag floated over the Academy at half-mast on Saturday and Sunday out of respect to the late Miss Alice Bracken, whose sad and sudden death occurred at the home of her sister, Mrs. (Dr.) Johnston, Friday night. A short service was held at the house Saturday evening conducted by Rev. Mr. Tanner, of Sawyerville, assisted by Rev. Mr. Robertson, after which the body was taken to Angus, followed by a number of the townspeople, and from thence by Q.C.R. to Kinnear's Mills, her home, for interment. Beautiful floral tributes were sent by many loving friends, among them being: A cross from the Academy pupils; cut flowers from her classmates; a wreath from Mr. and Mrs. H. B. Speer; cut flowers from Mr. and Mrs. Ayton Cromwell, Rev. and Mrs. A. H. Robertson, Miss Edith Hodge, Mr. and Mrs. E. J. Planche.

—Mrs. C. A. Macrae has been confined to the house for the past week suffering from an attack of la grippe.

The carnival and ladies' hockey match held in the rink on Thursday evening was a great success. The hockey match, which was a 40 minute game, resulted in 1 score for Brantons to 0 for Strathconsas. The costumes of the skaters were very good and a very enjoyable evening was spent.

Mr. Farnham, of Martinville, conducted the services in the Methodist church on Sunday.

It is understood that Mr. E. J. Planche has sold his property on Main street, known as the Chronicle block, to Mr. L. E. Charbonnel, and has purchased from Mr. Moses DesRochers his residence on Railroad street.

The last assembly of the season was held in Victoria Hall, on Friday night when there was a very large attendance, there being quite a number from Angus, Sawyerville, Bury and other surrounding places.

Mrs. H. B. Speer returned on Saturday from Montreal.

Miss Mooney, who has been visiting Mrs. F. E. Osogood on Saturday, returned to Scotstown on Saturday.

During the Lenten season a celebration of the holy communion will be held in St. Peter's church every Sunday morning. A mid-week service will be held every Wednesday at 7.30 p.m., and next Wednesday being Ash Wednesday, there will be service at 11 a.m., as well as at 7.30.

CASTLEBAR.

March 7. — Miss Rhoda Adams has returned home from Grand Mere, where she has been the guest of Mrs. L. George, for the past three weeks.

Death seems to be very busy in our midst lately, taking both old and young. There have been three funerals in the past week.

Sugaring has evidently been thought of this spring, for one man has been seen by your correspondent buying spouts and nails.

The death of Mrs. Ed. Leroux occurred on Wednesday, March 1st. The funeral took place Friday p.m., conducted by the Rev. A. F. Pollock, pastor of the Congregational Church. Interment at Lorne Cemetery. She leaves to mourn their loss, a husband, two small children, a mother, and a host of friends, who have the deepest sympathy of the community in their very sad bereavement.

Mr. and Mrs. Scott George and son, Douglas, of Grand Mere, came to attend the funeral of Mrs. Ed. Leroux.

The roads in the country are very good again, and the teamsters are getting anxious for fear of them breaking up.

Mrs. Ida Boyd's many friends are glad to know she is able to ride out.

Miss Nora E. Lay, teacher of Castlebar school, received recently a bonus of \$24.00, for being a successful teacher, in the year of 1904.

COMPTON

March 7.—A contract to erect a new house for Mr. McDowell on the same site as the one recently destroyed has been entered into by the Parson Bros., of Moe's River. The structure will be an up-to-date one in every particular, and ready for occupancy in the early part of August.

The many friends of Mrs. Hadlock will be pleased to learn that there is a marked improvement in her condition and that her recovery is confidently expected.

Mr. J. M. LeMoine, of the Model Farm, has been confined to the house for several days with illness.

Mrs. Geo. Harkness, of Sherbrooke, has been spending the past week with her brother, Mr. B. Blossom, "Maple Hill."

We are sorry to hear of the illness of Miss Clara Brewster, who has been confined to the house for several days.

The Misses Cora and Grace Rowell and Mr. Arthur Rowell, of Sherbrooke, former residents of Compton, have been spending a few days here with friends.

Mr. and Mrs. Lakeman, have both been suffering from severe attacks of la grippe.

We are glad to report that the case of diphtheria in the house of Mr. F. Lalumiere, is a mild one, and, owing to strict precautions being taken a spread of the disease is not expected.

The R. C. school has been closed down for one week. Miss Sanfacon will take advantage of the unexpected holiday to visit friends in Coaticook.

Mr. P. Ryan and Miss Ryan, who have been living in Waterville since the loss of their home here by fire, are now staying in Compton.

News reached here on Saturday of the death in Montreal of Mr. Lockhart, father of Mrs. Samuel Cottingham, of this place. Mr. and Mrs. Cottingham are in Montreal to attend the funeral, which is being held today.

MINTON.

March 7. — Mr. Lewis Magoon, of North Hatley, is visiting friends here.

Mr. and Mrs. Robert Dean spent Thursday at Ayer's Cliff.

Miss Maud Slack is at present visiting her cousin, Miss Lizzie Slack, at Ayer's Cliff.

The many friends of Mr. Garland Conner will be pleased to hear of his recovery from his recent illness.

Rev. J. A. McNeil has been confined to the house a couple of days owing to a bad cold.

At the Third Quarterly Official Board meeting of the Methodist Church, held on Wednesday evening last, a unanimous invitation was extended to the present pastor to remain a second year.

Miss A. Bean, of Waterville Model School, was obliged to return home on account of illness during the past week.

Whilst some are spending their time heralding an early spring, we are reminded of the fact that there is considerable of the temperature of the Frigid zone in the atmosphere.

LAKE MEGANTIC.

March 7.—The largest load that was ever hauled into this town by two horses was placed in Mr. Brankley's lumber yard one day last week, five and a half cords of four foot pulpwood, which would weigh about ten tons. It was hauled four and a half miles by two horses driven by Geo. Melver. Three miles was up a heavy grade.

Miss Rachel McDonald is home from Boston.

Mrs. Allan McLeod, of Echo Vale, returned from Boston last week.

Mr. J. E. Smith is home from Stanstead, where he has been attending college, but intends returning there for the June exams.

Miss K. J. McLeod, of Echo Vale, left last week for Boston.

Mr. C. E. Vickers has been quite ill with congestion of the brain, but is a little better now.

Mr. C. A. McLeod, of the Boston American, arrived home Saturday evening on a visit to his parents, Mr. and Mrs. Allan McLeod, Echo Vale.

LISGAR.

March 7. — Mrs. Mrs. Chisholm, from Montreal, is visiting her parents, Mr. and Mrs. J. Mitchell, Sr., for a week.

Miss Ethel Lyster is again confined to her bed with a severe attack of la grippe.

Mrs. W. H. Hughes is very sick, also her little daughter, Gladys, who is suffering with pneumonia.

Mr. Leonard Porter, of Montreal, spent Sunday with his parents, Mr. and Mrs. Jas. Porter.

DANVILLE

March 7. — Miss Walbridge was in Montreal to spend Sunday.

Miss Orr, of Lennoxville, is in town, the guest of Miss Lizzie Planche.

The hockey match at the rink, Saturday evening, between the Danville and Waterville teams, was well patronized, and resulted in a score of 4 to 5, in favor of Waterville. The match was refereed by Dr. W. G. Boulton-house.

Mr. Will Brady was in town for over Sunday, the guest of his parents.

FLANDERS.

March 7.—On Saturday evening friends and neighbors to the number of about sixty gathered at the home of Mr. Benjamin Farnsworth, where a very pleasant evening was spent in social chat, games and music. Mr. C. D. French, of Cookshire, contributed no small share to the entertainment. After a plentiful supper of oysters and other good things, Mr. J. S. Sawyer, on behalf of those present, presented Mr. and Mrs. Farnsworth with a nice clock as a small token of the esteem in which they are held and a souvenir of the neighborhood in which they have always lived. Mr. Farnsworth in a few words thanked the donors and said they should always prize the gift for the spirit in which it was given. Mr. and Mrs. Farnsworth are about to remove to Coaticook.

Mrs. Rufus LeBourveau and little son Arthur is suffering from la grippe.

Mr. Edward McCafferty's youngest son is quite sick at present.

Mr. and Mrs. H. E. Nourse have returned to their home in Woodsville, N.H.

Miss Irene Nourse, of Eaton Corner, is visiting her grandfather, Mr. J. Nourse.

WHY SUGAR IS DEAR.
A good deal of discussion has taken place about the connection between the present enhanced price of sugar and the Anti-Bounty Convention; but it is now generally recognized that the moving force in the increase is the shortage in the best crop, coupled with an enlarged demand for the purpose of consumption in Europe. The statistics of production, etc., which show the extent of the shortage will, however, be of interest.

On October 1, 1903, the visible supply of sugar of all kinds was 1,879,021 tons and the best crop of the season 1902-4, yielded 5,861,908 tons, the cane crop, 4,123,800 tons, and the American beet crop 210,000 tons—making a total supply for the season of 12,377,726 tons. The total supply for the season 1904-5 is estimated at no more than 10,917,532 tons, arrived at as follows: Visible supply on October 1 last, 1,431,532 tons; estimated best crop of 1904-5, 4,085,000 tons; cane crop, 1,910,000 tons. Deducting the visible supply on October 1 last from the total supply of the 1904-5 season, it will be seen that the consumption of that season was 10,913,257 tons—25,725 tons more than the estimated total supply of 1904-5.

"Paradise Lost," at the Art Hall, to-night, is likely to be greeted by a large audience. There has been a good sale of seats. Prof. Clark has demonstrated by this production, the fact that Sherbrooke possesses musical talent of which any city might well be proud.

The last dance of the season given by the Leap Year Left-overs, which took place on Thursday evening in the Art Hall, was one of the most enjoyable of the series. Music was furnished by Prof. Bourgeois's Orchestra, and about seventy young people danced till midnight.

The remains of the late Mrs. Bean, London street, were conveyed to North Hatley to-day for interment. A service was held at nine o'clock by the Rev. William Shearer, and the remains were followed to the Union Depot by a large number of friends. Quite a number went up on the ten o'clock train, which conveyed the remains to North Hatley.

Mrs. A. Norvege Worthington was a guest on Thursday at a very large tea given at the Russell by Mrs. E. C. Whitney, in honor of Mrs. Chas. Warfield, of Texas. Among the other guests were Lady Laurier, Lady Strong, Lady Davies, Mrs. R. L. Borden, Madame Dandurand, etc. Dr. and Mrs. Worthington also attended a supper party at the Russell cafe, after the theatricals given by Mr. Pottinger

Miss Marguerite Sherrill, who has been spending some time with Mrs. A. F. Foss, Lennoxville, and Miss Morey, Sherbrooke, left for her home in New York, this morning.

Among the Townships people registered in town are: Mr. W. H. Staey, Dudswell Centre; Mr. F. W. Gilbert, Bishop's Crossing; Mr. L. E. Chrequette, Farnham; Mr. A. Ducharme, Magog; Mr. J. H. Barker, Line Ridge; Mr. A. P. Blue, Eustis; Mrs. Boyle, Miss Boyle, Victoriaville; Mr. M. H. Cummings, Mr. C. C. Hopkins, Coaticook; Mrs. E. Westman, Marbleton; Mr. E. M. Drew, Dixville; Mr. S. H. Botterill, Cookshire.

Mrs. J. A. Penoyer gave a delightful tobogganing party for Miss Vina McKay, of Gould, Miss Emily Bradford, and Miss Eva Odell, the assistants at her recent tea. The party, which numbered about eighteen, tramped on snowshoes to Ross' Hill, and spent a couple of hours in the winter sport. Mrs. Herbert Irwin and Mrs. R. N. Robins were the chaperons. On returning to Mrs. Penoyer's house, Melrose street, an appetizing and most acceptable supper was served, and afterwards dancing began, and was kept up till quite late.

The last tea of the season before Lent was given yesterday by Madame L. E. Dastous, at her residence, Portland avenue. A very large number of guests were present during the afternoon, including both the French and English friends of the hostess, who is equally at home in either circle. Madame Dastous received in a gown of heliotrope crepe de chine, with trimming of white embroidery and black velvet. She was assisted by her sister, Mrs. B. A. Dugal, who wore pale blue silk, with yoke and bertha of tucked and frilled chiffon, and Miss Gracias Dastous, whose gown was of white organdy with satin ribbon and lace collar. In the tea room quantities of pink carnations were effectively arranged, while the tea table was decorated with a lace centre piece over pink, with a border of smilax, a tall cut glass vase of exquisite pink roses and many pink shaded candles. Madame Panneton poured coffee in a costume of ivory white voila with violet hat, and Mrs. R. N. Robins presided over the tea, wearing a white dress, and hat of white cheville and lace. Madame Pelletier served ices, in becoming cream silk gown and white picture hat. The girls assisting were, the Misses Dussault, Hunt, Nita Hunt, Mitchell, Griffith, who were all in white frocks, and pretty hats. An orchestra stationed on the landing of the stairs, played softly during the reception, which was most successful.

To-day is the Mardi Gras of the Latin races and Shrove Tuesday, or as it is called Pancake Tuesday from the time-honored English custom of serving the pancake on that day. High carnival will be held to-night in Italy, especially in Rome and in New Orleans, where the day is marked by great festivity, gorgeous parades and wondrously with a ball at which a King of the Carnival is crowned and will reveal held till at the stroke of midnight a sudden silence falls, and the austere season of Lent begins. Even in the cold and snow of a Canadian winter carnival night is more or less observed, and in Quebec and other Canadian cities the merry French and more sober English indulge in all possible gaiety before Lent. To-morrow will be Ash Wednesday, "Mercredi des Cendres," and for six weeks among Roman Catholics, and to a greater or less extent among Anglican church people, all festivities will be suspended and church-going take the place of parties. This evening at six o'clock the three great bells of the cathedral will toll solemnly to remind the faithful that the period for performing their Easter duties is about to begin.

FUNERAL OF THE LATE EDOUARD CHOQUETTE.

The funeral of the late Edouard Choquette took place, this morning, from his late residence, on Gillespie street, to St. Michael's Cathedral. There was a large attendance, and representatives of the St. Joseph Society, of Farnham were present. The late Mr. Choquette being the last charter member of that Society in Farnham, and in which he took a deep interest until his removal to Sherbrooke, three years ago.

The mourners were the five sons of the deceased, Rev. Father Choquette, parish priest, Lake Megantic; J. Adelaire, Alphonse, Mastai and Wilfrid Choquette, all of Sherbrooke, and three brothers of the deceased: Edmond and Louis Choquette, of Holyoke, and Isaac Choquette, of Ivesville; also, L. E. and W. Choquette, Farnham, and J. E. Choquette, Three Rivers.

The bearers were: Messrs. Joseph Codere, L. A. Codere, Wm. Brault, A. Darche, P. Boucher, J. Durocher, Pallbearers: Messrs. T. Belanger, A. Gailbois, M. Pare, S. Robitaille, A. D. Lacroix, A. Audet, Mr. L. H. Olivier were director.

The Rev. Father Choquette officiated at the service in the Cathedral. At the conclusion of the ceremony the interment took place at St. Michael's cemetery.

HORRIBLE CRUELITIES TOWARDS RIOTING STUDENTS.

St. Petersburg, March 7. — Mail advices which have just arrived here give details of the student riots at Tomsk, Western Siberia. Feb. 26th, preceding the closing of the university and technological institute. They represent it as a horrible affair, in which students were herded, shot and slashed by the infantry, Cossacks and police. Nine students were killed and twenty-eight were seriously wounded. Over a hundred young men and women were taken to the police station, where they were stripped of their clothes and some of them were beaten into insensibility with sticks of wood. The women were dragged about by the hair amid cries from the police of, "There is the wretched liberty you want." So shameful was the action of the police that the whole fifth division was bound over by the court on the charge of brutality.

SWEDEN AND NORWAY MAY GO TO WAR.

NORWEGIAN PARTY IS BOUND TO BRING ABOUT SEPARATION.

Berlin, March 7.—Latest reports from Norway are causing considerable anxiety here, for it is recognized that the ministerial crisis is only the transition stage of a national crisis, which may end in civil war between Norway and Sweden.

There seems no doubt that the Norwegian party is determined to bring about a separation between Norway and Sweden, by force of arms if necessary. There is little chance of the Swedish fleet is in position to blockade Norway and bring the commercial life of the country to a standstill in twenty-four hours.

Dr. Comeau, of Farnham, was in town Friday attending the funeral of the late E. Choquette.

LIVERPOOL STREET RESIDENT NOW IN A SERIOUS CONDITION.

Adelard Laflamme, of 29 Liverpool street, is lying in a critical condition in the Sacred Heart Hospital, and grave doubts are entertained of his recovery as a result of a fall down stairs at his home on Saturday evening. The unfortunate man was ascending the stairs and had just about reached the top when he slipped and fell to the bottom. When assistance was rendered it was found he was unconscious. Dr. Rioux was summoned and found that Laflamme was suffering from a fractured skull. He

Gaynor and Greene Refused Bail

NO DIFFERENT TREATMENT THAT GIVEN OTHER OWNERS.

Montreal, March 7.—Messrs. Gaynor and Greene were refused bail at Lafontaine yesterday, and in the common jail.

After bail was refused an appeal was made by Mr. Taschereau, and he had the prisoners taken to City Hall, instead of sending them to the common jail. Mr. Donald Macnamas was adamant on this point. He urged that once bail had been refused, the law alternative but the common jail would hesitate to accept responsibility as departing rule might entail. Judge agreed with this argument, the common jail they were hearing was fixed for Tuesday.

GROWTH NORTHWARDS.

MUCH INTEREST ATTACHES TO CANADA'S DEVELOPMENT.

After an absence of a year and fifty-one days, the steamer Neptune returned from its expedition to Hudson's Bay on Oct. 1, 1904, and its officers' report has now been made public by the Government. The vessel was despatched by the Department of Marine and Fisheries for the purpose of gathering information about this great northern sea and its coasts and carried a competent and well-equipped staff of scientists. Much interesting and valuable information has been acquired, but will not be available for some time, as only the preliminary report has thus far been made.

Traveled Nearly 11,000 Miles.

The Neptune steamed the nearly 11,000 miles, 1,800 miles of the distance being through ice-floes, and this is believed to be the greatest ice-mileage ever made by a vessel in one season. More than 2,000 miles of surveys were made, and 1,175 miles of log and compass surveys of coasts previously un-surveyed. The western coast of Hudson's Bay was geologically examined, while similar explorations were made on Southampton Island and Ungava Bay. Large collections of fossils, birds, fish and animals have been brought home, the manners, customs, physique and numbers of the Esquimaux noted wherever the vessel touched shore, and a series of careful astronomical and meteorological observations made. In addition to this scientific data, the officials of the Neptune, in the name of the Canadian Government, took possession of several islands hitherto un-claimed, and also kept a sharp lookout for violations of the Customs laws, which have hitherto been practically known in these northern latitudes.

Our Growth Toward the North.

In view of recent events in our country's development, an especial interest attaches to that great northern country tributary to Hudson's Bay. Our growth for the past few years has been toward the north, and our future growth must be in the same direction. In Quebec some new railway lines are following the compass; in Manitoba, Mackenzie & Mann are heading for James Bay, while our own Temiskaming Road is pointing in the same way. In the far west, we have only to note the boom north of Edmonton, and some years ago the discovery of the rich Dauphin District in Manitoba, to prove the general statement that our growth is ever northward. Regions at one time supposed to be inhabited only by the musk ox and the Arctic fox are now under cultivation, and are offering solid compensation for severe climatic conditions.

Shall Manitoba Have a Port?

In view of these developments, it is inspiring to recall a speech made in the Dominion Parliament in 1884, by Mr. Royal, then member for Provencher. Mr. Royal, referring to a previous occasion, when, as a Manitoba member, he had interviewed Sir John Macdonald upon the northern frontier of that Province, said: "I made mention that Manitoba might be some day a maritime Province." At that time, the prediction was received with incredulity, as indeed it might be in certain quarters to-day, not many of us realizing that this Province extends thus far north, and fewer still being aware that the Churchills farther south than Edinburgh. Can the Straits of Hudson's Bay be successfully navigated at certain suitable periods of the year? Upon the answer to this question depends the answer to the great question, "Shall Manitoba be a maritime Province in the sense that Nova Scotia is?" By the Premier's announcement, when introducing the bills to erect Saskatchewan and Alberta into Provinces, that a conference would be held to determine the ownership of the land north of these new Provinces, Manitoba, Ontario and Quebec to Hudson's Bay, the question is enlarged to now include these five central Provinces of Canada.

The Problem of the Straits.

Hudson's Bay itself is not frozen over in the winter, but the straits, which separate it from the Atlantic Ocean, are. Moreover, they are impassable for eight months in the year. Confirmation of this fact was not needed from the observers on the Neptune. Previous explorations of Lieut. Gordon, who visited the bay three times as commissioner for the Dominion Government, had settled this question. According to Lieut. Gordon, suitable vessels can pass in and out of Hudson's Bay from July to the first week in October, having probably twelve clear weeks before the straits are blocked. Earlier and later, the passage, if not absolutely impassable, is attended with so many dangers and delays as to make it quite impracticable for commercial purposes, where economy of time and fuel is essential. In exceptional years the straits may be navigable before the first of July, and remain open until the last week in October.

A New Route for Western Crops.

What, then, gives to these speculations practical value? The belief, held very strongly by some people, is that from a port on Hudson's Bay will yet be shipped the vast crops of Manitoba and Western Canada. The long overland haul from the west to the eastern seaboard it is which cuts the farmers' profits to the bone, and enriches correspondingly the transcontinental railroads. It was as a protest against freight rates of the C. P. R., that Hudson's Bay was first explored, with a view of determining the feasibility of a northern outlet for the grain. Could such a route be found, it was estimated that a saving of 15c to 20c a bushel would be effected. It is this hope which is inspiring the northern-bound railways, for it is obvious that they will reap a golden harvest if the prophecy of Mr. Royal is realized in their time. Of the solving of this problem, it is not needful to speak.

Mr. T. B. Rider, Fitch Bay, is in town to-day.

CHURCH ENTERTAINMENT AT LENNOXVILLE WAS VERY SUCCESSFUL.

Rev. Father Martin, of Lennoxville, points out that the account in Friday's issue of the entertainment given under the auspices of the Ladies of St. Anthony's parish, Lennoxville, did not do justice to all those who took part therein. He acknowledges with great pleasure that Misses C. Arguin, and Miss Duford, Lennoxville; Misses M. J. Lanctot, and G. Arguin, Sherbrooke, and Mrs. H. Murphy, Capelton, contributed much to the success of the entertainment and their talents he highly appreciates; but he does not forget the thrilling piano duets by Mrs. Dr. Foss and Mrs. E. Smith, and the sweet vocal duets by Miss Smiley and Miss Kennedy. Besides Mr. V. Richard, of St. Charles Seminary, and Mr. Sevigny entertained the auditors with two recitations, both gentlemen proving themselves to be well versed in the art of diction. Miss C. Arguin's song, accompanied by Mrs. Smith on the piano and Mr. R. Smith on the violin was much enjoyed. The net proceeds of the concert, supper and entertainment amounted to \$510. The great success which crowned this undertaking is an additional proof of the good feeling existing among all classes and creeds of the citizens of Lennoxville. Father Martin wishes to express his most cordial thanks to all those who in any way have contributed in bringing about this happy issue. Mrs. J. Sevigny, Mrs. E. Smith, and the two candidates, Miss H. Breton and Mr. A. Blondin deserve a special mention.

WINTER ROADS IN HATLEY TOWNSHIP.

Hatley Township is progressive in the matter of winter road construction. Councillor Alex. Kezar, in view of the discussion which has recently taken place, offers the following information. He says: "We, in the Township of Hatley, have learned that by using four-horse rollers on main roads, and two-horse rollers on branch roads, the work can be done to better advantage than by trying to run four-horse rollers on all roads; that is, you can secure men and horses to run two-horse rollers, when it would be impossible to run the four, and there is but little difference in the results. Of course, towards spring when the roads are breaking up, the plow comes in all right. Knowing that a word to the wise is sufficient, I trust that 'Farmer John,' and all other farmers, instead of digging through the snow, will conclude to roll over it."

THE DESIRE OF WALL STREET.

(From the Wall Street Journal.) "Export of lambs from Victoria, Australia," is reported by the American consul at that place. This report should be of interest to the leading operators in the Stock Exchange. What Wall Street earnestly desires is an import movement of lambs.

Just Fruit.

There's no "medicine" in "Fruitatives"—no drugs—no poisons. "Fruitatives" are the curative principles of fruit juices, compressed into tablets. It's the secret process of preparing them, that makes "Fruitatives" so much more effective than the fresh fruit.

RUSSIA'S HOME TROUBLES. Open Revolt in Western Caucasus.

EMPERIAL FAMILY VIEW THE SITUATION WITH ALARM. London, March 7.—The St. Petersburg correspondent of the Standard says that 130,000 Mongolians, Ossetians and other landless mountaineers in western Caucasus are reported to be in open rebellion. Katis is the centre of a most formidable uprising. Bloody conflicts have broken out again at various points.

PESSIMISM REIGNS. St. Petersburg, March 7.—All the members of the Imperial family are aware of the "disastrous situation" in Manchuria, and their pessimism is greater than ever. It is in the interest of the treasury that M. Kokotvoff, minister of finance, is acting as proponent for the reformist imperial decorations, fearing the effect upon the income if the disaffection is increased. Representatives of the great foreign financiers believe that the powerful combination of Berlin bankers, on which Russia relied, has lost faith in China's chances, and the Government is accordingly preparing ground for a loan in France.

THEY WENT TO COMMON JAIL. Gaynor and Greene Are Refused Bail—NO DIFFERENT TREATMENT FROM THAT GIVEN OTHER PRISONERS.

Montreal, March 7.—Messrs. Gaynor and Greene were refused bail by Judge Labontaire yesterday, and are now in the common jail. After bail was refused an effort was made by Mr. Tschering, their counsel, to have the prisoners kept in custody in the detectives' quarters at the City Hall, instead of sending them to jail. Mr. Donald Macmaster, K. C., was adamant on this point, however, and urged that once bail had been refused a prisoner, the law offered no alternative but the common jail, and he would hesitate to incur such responsibility as departing from this rule might entail. Judge Labontaire agreed with this argument and, to the common jail they went. Their hearing was fixed for Tuesday, March 7.

Mrs. T. M. Craig and little son, Douglas, left for Granby, this afternoon, to visit her sister-in-law, Mrs. Sargue, for a week.

AMUSEMENTS.

"Nothing of the sort has been produced here as beautifully since the days of Augustin Daly," is what the New York Herald said of "Pretty Peggy" in a lengthy criticism of that play the morning after it was first produced at the Herald Square Theatre. "Pretty Peggy" which is by Francis Aymar Mathews, is this season being presented for the first time in the west and south and will be the attraction at the Clement Theatre Thursday next. The entire original production is carried, it is said, and Miss Jane Corcoran, who is starring in the title role, is supported by a very large company, including Andrew Robson and a number of other players of almost equal prominence.

CARNIVAL AT COMPTON.
(From an occasional correspondent.)
Compton, March 6. — One of the most successful events of the season was the Fancy Dress Carnival which took place on the Converse Rink, Friday evening.

The Waterville Band was in attendance, and a most enthusiastic number of spectators were present to witness the grand march and the Maypole, which were the principal features of the evening.

The former was gracefully led by Miss Fraser and Mr. C. Saunders, who were followed by about fifteen couples.

The Maypole, which was performed by twelve pupils of the Model School, was very prettily executed, the six girls being daintily gowned in white flowing robes, with red girdles, while the boys' costumes consisted of white trousers, red sweaters and tams. The effect produced by the colors displayed, which were those of the school, was most striking.

The applause which followed the above performance proved that both were thoroughly enjoyed by those present.

The prize given for the best costume and skater, was won by Miss Fraser, Principal of the Model School, who was dressed as Poudre. Very attractive costumes were also worn by Miss A. Pomeroy, who represented, "Mrs. Wiggs of the Cabbage Patch," and Miss Emma Craig, who was attired as a "Widow of Forty."

The following is a list of those who took part in the Maypole: Misses Craig, Moore, Ives, Smith, Reynolds, and H. Moore, and Messrs. McDowell, St. Laurent, Robertson, Craig (W.), Pomeroy, and Craig (R.)

After the Band program was completed, the skaters in the school Maypole were very hospitably entertained by Dr. and Mrs. Rume, at their residence, where an enjoyable evening was brought to a close by indulging in dainty refreshments, which far surpassed the nectar and ambrosia of the gods.

THE WATER COMMITTEE.

Councillor Olivier, chairman of the Water Department, presented an agreement which it was proposed to enter into between the city and the Silver Spring Brewery. The rate to be charged is at the rate of 5 cents per 1,000 gallons, and the city does not hold itself responsible for the supply of water through any accident or unforeseen circumstances.

COUNCILLOR McCREA PRO-MAYOR.
Councillor McManamy moved, and Councillor Olivier seconded that Councillor McCrea be pro-mayor for the next three months. Carried.

VALUATORS APPOINTED.
Councillor McManamy moved, and Councillor Thompson seconded that the same valuers, Messrs. Bryant, Hyrd and Millier, be re-elected for the ensuing year. Carried.

Councillor Denault stated that he understood that Mr. P. Hackett, one of the auditors, did not desire to be re-elected and he proposed that Mr. Hargrave be appointed to do the work and that he be given \$150. Carried.

FIRE PROTECTION.

Councillor Olivier referred to the notice which had been received by the Secretary of the Fire Underwriters Association, and said he would like to ask the Secretary to refer to the resolution passed on the 14th of February, 1901, in connection with the care of the hydrants. That resolution was to the effect that the hydrants should be in the care of the Water Department from the 20th of April to the 20th of October, and at that time after a joint inspection, the hydrants were to be taken care of by the fire department.

Councillor Olivier read a letter sent by Mr. Tremblay to the Chief of Police in October stating that the hydrants were in good shape and pointed out those that would require to be pumped out.

Councillor Farwell—Have you any report that there was a joint inspection?

Councillor Olivier—I have no report of that.

Councillor Thompson—Who is looking after the hydrants today?

Councillor Lanctot said that he understood the Fire Department had made an inspection of the hydrants and found them all right. The matter was left with the Mayor to see the Chief and enquire if the hydrants had been taken over in October by the Fire Department and a joint inspection made.

THE BOURGET CASE.

The Mayor drew the attention of the Council to the case of Bourget vs. the city, whereby the latter was condemned to pay damages to the amount of \$100 for false arrest. He had consulted the City Attorney, who thought the case should be carried to the Court of Appeal.

The majority of the Councillors thought that it would be better to settle the case, and not go any further with the case. This was agreed to.

SPECIAL LIGHT COMMITTEE.

The following Special Light Committee was appointed: Councillors Lanctot, McCrea, Denault, Thompson and McManamy.

The Council then adjourned.

Continued from page 1.

any department of the city from any of the sources above mentioned shall be directly paid into the general funds of the city.

"Your committee would call the attention of this Council to the importance of clause 13 of the City Charter, which reads as follows, viz.: '13. The Secretary-Treasurer is forbidden to pay out of the reserve fund any money warrant upon the order of any of the members of the Council before the observance of the formality here prescribed in the preceding article.

"He is also forbidden to dispose of any surplus over the amount of any appropriation without a special authorization from the Council. And would recommend that in the future that the above section of the City Charter be strictly observed by the City Treasurer."

Carried on motion of Councillor Denault, seconded by Councillor McManamy.

COMMITTEE OF PUBLIC INSTRUCTION WILL TAKE WEEK TO ARRANGE PRELIMINARY DETAILS.

Montreal, March 7. — The Protestant Committee of Public Instruction is zealously guarding the secret of the extent of Sir William Macdonald's plan to aid in elementary education in the Province of Quebec. All that any of the members of the committee will say is that Sir William's generosity far surpasses anything they had looked for, and that the scope of the scheme is so great that it will take time and very earnest effort to arrange it.

"His plan will mark an epoch in education in this province and will be historic in Canadian educational annals," said one member of the committee. "The scale on which Sir William Macdonald has planned his aid is so vast, that it almost took our breath away, when the plan was unfolded."

The committee met on Saturday morning, at the Windsor, in conference with Prof. Robertson, who was there to explain Sir William's idea to them. Prof. Robertson afterwards declined to discuss what had been done, or to indicate in any way what form Sir William's gift would take, and the members of the committee were likewise pledged to secrecy. All that the Rev. Dr. Shaw, chairman, would say was that another meeting would be held March 13th, when the details of the plan would have been arranged sufficiently for presentation to the council, and an announcement to the public might then be expected.

It is understood that features of Sir William's gift will be encouragement to the better training of teachers, help for school consolidation and aid to those outlying schools which, by their location, cannot be consolidated. Dr. Parmalee, secretary of the committee, mentioned previous to the meeting that there were 300 schools which came under the operation of the poor municipalities fund. Many of them were situated in the cups of the hills and could not be consolidated, but what little help the department had given them had had such a stimulating effect, that a larger measure of assistance would be of incalculable benefit.

Those present at Saturday's conference were the Rev. Dr. Shaw, Dr. Parmalee, the Rev. Dr. Rexford, the Rev. Dr. Barclay, Ald. Ames, M.P., Dr. Peterson, Dr. Robins and Hon. J. C. McCorkill.

CORRESPONDENCE.

NOT GRAMMAR SCHOOL TEAM.
Dear Sir,—On the faith of an ill-informed correspondent, you publish in your paper a few days ago, under the head of "Brigham," that the Dufferin Grammar School boys were beaten in a hockey match at Cowansville, which, "under the headmastership of Rev. R. D. Mills," nothing of the kind would have occurred—"they always came out ahead."

But for this last sentence, I would have kept quiet, but as I think this last sentence could be prejudicial to my school, I beg to state that our boys did not play at all this winter—not even at Cowansville—not because they were afraid to be beaten, far from it; or because the new management was not as good as of old—the present headmaster, a straight man, being a former President of the N. W. T. Normal School Athletic Association, but for the simple reason that we had not enough good players to get a regular hockey team.

In fact, it is the village boys—not connected with D.G.S.—who "did not score one point," at Cowansville.

Hoping, from you, a rectification, and thanking you in advance, I remain, Dear Sir,

Yours truly,
A. DOUGADOS, B.A., Principal.
Brigham, P.Q., March 6th, 1905.

HOW RUSSIA MAKES MADMEN.

Dr. E. J. Dillon, in Harper's Magazine for March, says:

Madness is one of the spectres that grin athwart the dim twilight of the granite cells at the lonely prisoner. But sometimes madmen are set free. One such case was that of a suspect priest, named Peter Zolotnitsky. Having joined a non-conformist sect, he was sent to the monastery prison of Suzdal, two days before Christmas, 1865. Alexander II. was then Czar, and the tendencies of his government were, on the whole, humane.

But liberty of conscience has never been granted even by the most enlightened Emperor of Muscovy. Alexander II. vanished from the scene, and his son ascended the throne as Alexander III. An amnesty was granted to criminals, new measures were adopted, and new men appointed, but the lot of the priest Zolotnitsky was not alleviated. He was left in his stone cell, cold, hungry, lonely, forgotten. In the fullness of time Alexander III. was called to his last account, and Nicholas II. donned the crowns of Muscovy, Kazan, and all the Russias, a new amnesty was proclaimed. But for the priest Zolotnitsky and his fellow-prisoners the short days and long nights lost nothing of their sameness. His world "was still narrowed down to the limits of his cell. In time the compass of his mind shrank to fit the proportion to his wretchedness, and he

THE BANQUET TO MR. BORDEN.

Montreal, March 7.—The banquet tendered the Conservative leader on Saturday evening under the auspices of the Club Lafontaine, was an eminently successful function, and the attendance of public men from outside the province, as well as a large representation of Montreal Conservatives, proved once more that the French wing of the party is quite as enthusiastic in support of Mr. Borden as his most ardent friends in the English-speaking provinces.

The club's large and beautifully decorated dining hall, capable of seating more than 200 guests, was filled to overflowing.

CUPID IN CO-EDUCATION.

(From the Baltimore Herald.)
Co-education is receiving some attention in these days. It has become necessary to put in force stringent regulations at the Stanford University in California, the Chicago University and in the South Dakota University. Education has increased. Educators have been unable to devise any means to eliminate Cupid in any school which the sexes are taught together. It has been claimed that in the University of Michigan at Ann Arbor, the pursuit of knowledge is so absorbing that love is not recognized in the curriculum, but denouncements from Michigan are not decreasing. The success of the little god depends somewhat on the looks of the material he has to deal with, but he has been found that he has made as high marks as the majority who get sheep skins.

THE COST OF DELAY.

The longer Russia delays opening peace negotiations, the larger grows the Japanese indemnity.

FOR ELEMENTARY EDUCATION.

Sir Wm. Macdonald's Plan on Vast Scale.

COMMITTEE OF PUBLIC INSTRUCTION WILL TAKE WEEK TO ARRANGE PRELIMINARY DETAILS.

Montreal, March 7. — The Protestant Committee of Public Instruction is zealously guarding the secret of the extent of Sir William Macdonald's plan to aid in elementary education in the Province of Quebec. All that any of the members of the committee will say is that Sir William's generosity far surpasses anything they had looked for, and that the scope of the scheme is so great that it will take time and very earnest effort to arrange it.

"His plan will mark an epoch in education in this province and will be historic in Canadian educational annals," said one member of the committee. "The scale on which Sir William Macdonald has planned his aid is so vast, that it almost took our breath away, when the plan was unfolded."

The committee met on Saturday morning, at the Windsor, in conference with Prof. Robertson, who was there to explain Sir William's idea to them. Prof. Robertson afterwards declined to discuss what had been done, or to indicate in any way what form Sir William's gift would take, and the members of the committee were likewise pledged to secrecy. All that the Rev. Dr. Shaw, chairman, would say was that another meeting would be held March 13th, when the details of the plan would have been arranged sufficiently for presentation to the council, and an announcement to the public might then be expected.

It is understood that features of Sir William's gift will be encouragement to the better training of teachers, help for school consolidation and aid to those outlying schools which, by their location, cannot be consolidated. Dr. Parmalee, secretary of the committee, mentioned previous to the meeting that there were 300 schools which came under the operation of the poor municipalities fund. Many of them were situated in the cups of the hills and could not be consolidated, but what little help the department had given them had had such a stimulating effect, that a larger measure of assistance would be of incalculable benefit.

Those present at Saturday's conference were the Rev. Dr. Shaw, Dr. Parmalee, the Rev. Dr. Rexford, the Rev. Dr. Barclay, Ald. Ames, M.P., Dr. Peterson, Dr. Robins and Hon. J. C. McCorkill.
