TOWN OF HAMPSTEAD

A Township adjoining Notre Dame de Grace ward of the City of Montreal, from which it is separated on the south by Cote St. Luke Road, and on the east by Macdonald av No 83 car (Windsor-Snowdon) on week days up to 7 p.m. and No. 41 car (Park Avenue-Snowdon) after 7 p.m. on week days and Sundays, give a 12 minute service, and more frequently during rush hours. Queen Mary road is the stopping point for Hampstead, which lies three blocks west along Queen Mary road. The Snowdon junction stop on the Cartierville line lies five blocks east of Hampstead. Queen Mary road leads right into the township.

Hampstead is a beautifully laid out garden Township, and has very rigid building restrictions. All houses must be of solid construction, with gabled roofs. Lots vary in size from 5,000 to 8,000 sq. feet, thus ensuring that each house has ample front lawn and garden space. The roads are laid out on gently curving lines and are paved with asphalt. Queen Mary road is a beautiful curved boulevard with a central garden space along the whole length. All the roads have been planted out in maple and elm trees.

Water is supplied to the town by the Montreal Water and Power Co. and is metered to the residents.

The Hampstead Golf Club, which has a splendid course of 18 holes, lies north along Finchley road, and about seven minutes' walk from the car stop on Queen Mary road.

The Sun Life Tennis Club is situated on Cote St. Luke road, adjoining the township. Many of the residents of Hampstead are members of this club, which allows a certain proportion of the membership outside of employees of the Sun Life Insurance Co.

LACHINE

A City on the St. Lawrence and on the Island of Montreal (Seignior of Montreal), county of Jacques-Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Its works are very numerous and thousands of men are employed yearly.

In winter months it is greatly frequented by pleasure parties, while in summer, thousands of tourists pass through Lachine to run the Lachine Rapids, also cross the St. Lawrence River on the ferry for Malone N. Y., Ogdensburg N. Y., etc.

Regattas and other sporting events take place every summer and are largely patronized by visitors. Lachine is now provided with up-to-date hospitals where surgical and ordinary cases are attended to by a skilful staff of surgeons and physicians. They are known as the Lachine General Hospital and St. Joseph Hospital. They are provided with automobile ambulances that attend all emergency cases.

The leading citizens of the city have provided a Board of Trade where all important business matters are discussed. There are four banks, viz., la Banque Provinciale, la Banque Canadienne Nationale, the Bank of Montreal and the Royal Bank of Canada.

The Canadian National Railways run several trains daily to Montreal. Montreal Tramways have also a line of electric cars running from the City of Montreal to the western limits of the City of Lachine, in twenty minutes. Cars are running at ten-minute intervals from 6.20 a.m. to 8.20 a.m. and from

4.20 p.m. to 7.40 p.m. The Montreal Tramways Company has entered lately into contract with the City of Lachine for putting an autobus service running at 10 minutes intervals for 18 hours a day, from Lachine to Montreal and vice-versa. The tariff charged by the Company for riding with the autobus is absolutely the same as that charged for the tramways. The above Company has extended its line from Stoney Point to the western limits of the City of Lachine comprising a distance of one mile. The Lachine United Church has been rebuilt and enlarged. New granolithic sidewalks have been laid on mostly all streets, and tar has been laid on St. Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts.

The Great North Western Telegraph Co. have offices here. There are three post-office branches, also the Bell Telephone Co. The City is lighted by electricity, and has a fire alarm system and a complete system of waterworks and drainage. There are, besides the convent, a first class commercial college, two Catholic academies and three Protestant academies.

Distant from Montreal City Hall, nine miles. Mail three times daily. The City of Lachine is inviting manufacturers to ask for all facilities and advantages offered by Lachine, Que. Population 16,274.

LA SALLE.

A town on the North Shore of the River
 St Lawrence, situated between Verdun and
 the City of Lachine, directly connect-
 ed with Montreal West and Ville St Pierre
 on the north, and by the celebrated Lift
 Bridge at Lachine, the largest of its kind
 in the world.

The part of the town located on the
 riverside is exclusively residential and is
 the home of many wealthy Montrealers.
 There are some beautiful farms which are
 all well cultivated. There are also several
 dairies which supply cream, milk and butter
 to the City. The northern boundary on the
 Lachine Canal is an ideal location for
 manufacturers, several large plants being
 now in operation.

The Federal Government has a branch of
 its Savings Bank. There are also a Post
 Office Branch and a Royal Bank Branch;
 three Catholic churches, two Catholic
 schools and one Protestant school,
 telephone and telegraph communication with
 the City of Montreal.

The town of LaSalle is a beautiful sum-
 mer resort and was formerly the Parish
 of Lachine. It has fine views of Lake St
 Louis, Lachine Rapids, and the Nuns
 Island as well as Laprairie, Caughnawaga
 or the Indian Village and the western part
 of the City of Montreal. The population is
 about 1850.

The Town Hall is located at No. 13
 Strathyre av. Council meets on second
 Wednesday of each month. Fire and police
 departments are located at Town Hall.
 The C. P. R., N. Y. C. and Delaware &
 Hudson R. R. Co., supply service, "High-
 lands" being Railway name of town.

MONTREAL SOUTH

A Town on the south shore of the River St. Lawrence adjoining Longueuil, on the Quebec, Montreal and Southern Counties Railway, and one mile from St. Lambert Station.

The Montreal & Southern Counties Electric Railway passes through the Town, giving the residents a 20-minute service communication with Montreal.

There are three churches, Catholic, United and Anglican, a Town Hall and two schools, including the English High School of Montreal South and Longueuil.

MONTREAL WEST

(Incorporated as a Town, 1897).

This beautiful suburb is so easy of access that it is in great favor for residential building. Trains connect with the City at almost all hours both by the Canadian Pacific and Canadian National railways, while the Upper LaLachine and Sherbrooke Boulevard roads afford delightful drives. The Montreal Tramways Co cuts through the lower part of the Town affording a 20-minute service with the city, and also enters the Town by the Sherbrooke Boulevard with a 6 minute service. There is also a frequent motor bus service between Montreal West and Lachine operated by the Montreal Tramways Company. It has three churches: Church of England, Presbyterian and United, public and high schools and a post office, postal delivery twice a day. There are drains, water, electric light and Bell Telephone. TOWN OF MOUNT ROYAL

THE MODEL CITY

Eight minutes from the heart of Montreal via the electrically-operated Tunnel of the Canadian National Railways, lying on the northwest slope of Mount Royal and adjoining the cities of Montreal and Outremont.

The Town is conveniently reached by automobile from Outremont by following the Cote St. Catherine road to Rockland avenue, crossing the Canadian Pacific Railway tracks. The Town of Mount Royal's territory commences at this point. To the westward it can be reached by the Cote des Neiges rd which is the continuation of Guy street.

Tramways—The Cartierville Branch of Montreal Tramways crosses directly through the Town. A twenty-minute service to Mount Royal connects with the Bleury street car at the corner of Park av. and Atlantic av., Montreal.

Water Supply—Water consumed in the Town of Mount Royal is supplied by the Montreal Water & Power Company and is metered to the residents at twenty-five cents per 1000 gallons.

Sewers—All streets in the developed portion are laid with the most modern domestic sewage system.

Streets—All streets are at least sixty-six feet wide, and the main boulevards, Graham Blvd. and Laird Blvd. are eighty feet wide. The main thoroughfares are concrete and tarvia macadam. Special attention is given to the roads in winter months, so that at all times they are kept open and free from snow by the most modern caterpillar tractor equipment.

Building Restrictions.—All residences are placed 15 feet back from the street line and must be either detached or semi-detached, must be well built on stone or concrete foundation with substantial walls. All residences constructed to date are roofed with slate and are of high-grade construction. No stores or flats are permitted in the residential section, but arrangements are made to take care of these on the main arteries of the Town. Outside stairs are not permitted.

Education—For Protestant and Catholic School purposes the territory of the Town of Mount Royal has been erected into a separate school district. The School Commissioners have built one unit of a fire-proof two-story and basement school, built of brick and re-inforced concrete. The classes are conducted by teachers of high scholastic degree. The Catholic education is taken care of by a new Catholic school modern in every detail.

Police—The Town is well policed by an efficient and experienced police department, assisted by a motorcycle patrol.

Taxes—The taxes are lower than in other well-developed adjacent municipalities.

Recreation—Ample parks and playgrounds have been provided and there are tennis courts and a bowling green. As a healthful, convenient residential district easy access by either motor street car or by the especially quick service of the Tunnel, the Town of Mount Royal offers unusual inducements to those who wish to live in a quiet, well-planned and well-managed residential section where their investments are safe-guarded by the best of restrictions and surroundings. Population 1800.

Mayor—T. S. Darling.
 Aldermen—H. S. Adlington, Frank Townsend, D. Campbell, J. Brunet, C. M. Bartram.

Sec.-Treasurer—A. L. Mackenzie.
 Engineer—Walter MacNeil.
 Police Dept.—Capt. Daniel Meade.
 Board of School Commissioners—W. C. Scott, J. MacKeen, C. W. Stanley, A. Gilchrist, James Kerr.

ST. LAMBERT.

A city on the south shore of the St. Lawrence directly opposite Montreal, two miles from the centre of the city, in the county of Chambly, district of Montreal, with a population of 6,000 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & Southern Counties Railway Co., making 50 trips each way; fare single, 20c; return 30c; ten trips \$1.00, 50 trips, \$3.50. There is also an excellent train service by the Canadian National Railways with over twenty-five trains each way daily. The Victoria Jubilee Railway Bridge with driveway for vehicles spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Can. National for points south, east and west; Central Vermont for New York and Boston; Rutland Railroad for New York; Quebec, Montreal & Southern Railway for Sorel; and the Montreal Southern Counties Electric Railway. Distance to Longueuil, the county seat, three miles; communication by electric railway. There are five churches, United, Episcopal, Roman Catholic, Presbyterian and Baptist with resident ministers and cure. There is a High School with two additional elementary schools conducted by the Protestant School Commissioners affiliated with McGill University with a staff of twenty-one teachers, including several University graduates.

The Roman Catholic Commissioners' school for girls and convent are conducted by the sisters of the Holy names of Jesus and Mary with a competent staff of fifteen teachers, and St. Michael's Academy for boys with a staff of sixteen teachers of the Clercs de St. Viateur. The Academy was erected at a cost of over \$80,000 and the girls' school at a cost of \$67,000, both having the very latest equipment. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal and in addition to boating there is a large assembly hall for entertainments, also a six rink bowling green and tennis courts for use of members which are the centre of social activity. The well-known Country Club Golf Links adjoin St. Lambert. The residents are mostly employed in the City of Montreal and select it for a suburban home from its favorable situation and excellent means of communication at all seasons only sixteen minutes from Montreal. A walk along the river bank gives the City a fine promenade of over 9,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. A bathing beach with an instructor and dressing booths is provided during summer months. St. Lambert is an up-to-date residential City and is being rapidly built up, and is already a very important suburban point. The City owns an efficient system of water, drainage, electric light and filtration plant. It has telegraph and telephone service and fire and police protection. Mail delivery twice daily. WESTMOUNT, CITY OF

The City of Westmount is beautifully situated on the western slope of Mount Royal, and from the upper level a magnificent view of the St. Lawrence River, Lake St. Louis and surrounding country is obtained. The city is almost exclusively residential and may be designated a "city of homes." Available properties for building sites are rapidly being occupied. During the past year building operations were carried on to the extent of \$3,560,797.00. The city is governed by a mayor and five aldermen, elected for a term of two years by the city at large. The city manager form of government has been in vogue for 15 years, and the city's progress is evidence of the wisdom of the adoption of this system of government.

The finances of the city are in a very sound state and bonds issued command high prices and are considered as securities of the highest class.

The police and fire forces are maintained at a high standard of efficiency.

The building by-laws are stringent and closely applied, and fire losses are very low.

The streets are well paved and kept in good condition, and in the winter months, with the use of up-to-date equipment, the roadways are kept clear of snow and in splendid shape for motor traffic.

The city owns and operates in a very efficient manner an electric light and power station and garbage destructor plant.

Park spaces owned by the city cover an area of about 57 acres. Three greenhouses are maintained. A flower clock has proved to be a novel attraction.

Twelve municipal tennis courts are in great demand during the summer months and every facility is given for the enjoyment of winter sports.

The city owns a free public library. During the year, 96,550 volumes were circulated for home use. The reading-room contains a splendid selection of the best magazines, and the reference library is constantly appealed to as a source of information on all subjects.

The Victoria Hall as a community centre is continually in use for church, charitable, educational, fraternal, municipal, political and social activities.

Public education is provided by the school commissioners of Westmount and the school commission of St. Leon de Westmount. In addition there are numerous private schools.

The city is supplied with filtered water under contract with the Montreal Water & Power Company and a 98 per cent. efficiency is required. The water is regularly tested and reported upon by the Provincial Board of Health, to assure that a maximum of purity is maintained. Population about 25,000.
