Thirty-Eighth Year.

LAST DAY OF SHERBROOKE FAIR WAS USHERED IN THIS MORNING

Attendance Yesterday Again Surpasses that of Last Year, and Fair on the Whole Has Been Acclaimed Fine Success—Exhibitors and directors Held Dinner Last Night, when Mayor Bradley Made Contribution of City's Grant of \$4,000 to E.T.A.A.—Children Admitted Free to Grounds Again Today.

Canada's Great Eastern Exhibition today is drawing to a close. This evening the curtain will be rung down on the final performance of an exhibition which has excelled by far any ever held in this district in the fifty years' history of the Eastern Townships Agricultural Association, which sponsors the Sherbrooke Exhibition.

Children are being admitted free to the grounds again today and are being especially privileged in the midway area. In spite of the fact that this is the last day of the fair, the programme is still an elaborate one and the activities throughout the grounds will continue until late this evening.

The fair has "gone over big." There has been more evidence of co-operation among the exhibitors than in previous years, and at the same time there has been keener competition. Visitors acclaimed the exhibits in many departments better than seen at previous fairs. The Shorthorn and Jersey cattle were the finest ever exhibited at a fair in this province, according to the judges.

At five o'clock yesterday afternoon, 5,133 people had passed through the main gate, compared with 4,188 for the afternoon and evening of the corresponding day last year.

A serious automobile accident occurred to a party of exhibition visitors who were returning to Magog early this morning, when their car left the highway at Crawford's Corner and plunged down an embankment. The driver of the car, John Lamb Frood, of Montreal, was killed, and several people were injured.

Another accident occurred yesterday afternoon, this time on the race track, when George Rediker, of this city, was thrown from his rig and sustained injuries, the extent of which had not been determined by Sherbrooke Hospital authorities this morning.

The night before last, it was rain that marred the grand-stand performance. Last night, Ernie Young's Revue met with another slight setback, when something went wrong with the electrical apparatus and the entire grand-stand area was plunged into darkness. However, the announcer made the best of the situation—and within a few minutes the large audience was jollily singing "Alouette." The lights were off for about half an hour, but as soon as they had begun to function again the performance was resumed.

The exhibitors were tendered a dinner in the arena building. It was a friendly get-together for the directors and the men who worked hand-in-hand this year to make the Jubilee year a record one. Charles B. Howard, M.P., president, thought that there had been a noticeable change this year in the public sentiment towards the Sherbrooke Fair. The directors had received strong support from the citizens generally. Mr. Howard said—from industrial concerns, and to all of these, on behalf of the E.T.A.A., he extended sincere thanks.

Another speaker from the Livestock Branch of the Province of Quebec, commented upon the fine work carried on by the Boys' Club, and said that if these young breeders continued their efforts the fair could not but improve from year to year.

The suggestion was advanced by R. G. Davidson that each county in the Eastern Townships have a representative on the board of directors of the Eastern Townships' Agricultural Association.

One minute's silence was observed when J. H. Blue, past president of the Association, recalled that the late Grant Hall, vice-president of the Canadian Pacific Railway, whose death occurred this week, had been a regular attendant at the fair, and always followed the activities of the Association with keen interest. A vacant chair at the head table and a wreath were tangible evidence of the esteem in which Mr. Hall was held and the warm place he occupied in the hearts of the directors and organizers of Canada's Great Eastern Exhibition.

Dr. F. H. Bradley, Mayor of Sherbrooke, said that he was proud to be present upon the occasion of the fiftieth anniversary of the Sherbrooke Fair. He tendered to Mr. Howard, a cheque for \$4,000—the city's annual grant to the E.T.A.A.

A few words were spoken by a number of the exhibitors, while several acts were staged for the benefit of the gathering by members of the Conklin Show.

Harness racing enthusiasts yesterday were offered a bargain bill, no less than four events being completed. Two of these were events postponed from the day before, a 224 pace and a 2:17 trot and pace. The remainder were the day's regular.

DEBT ADJUSTMENT ACT IS PUT INTO PRACTICE TODAY

Designed to Give Debt-Ridden Farmer Opportunity of Making Arrangements and Adjustments with His Creditors.

Ottawa, Aug. 31.—Today the farmers' Debt Adjustment Act becomes effective in the provinces of Manitoba, Saskatchewan and Alberta. Passed at the last session of Parliament, the legislation is designed to give to the debt-ridden farmer an opportunity of making arrangements and adjustments with his creditors which will permit him to stay on the land. Designed more particularly to meet a situation which has developed in Western Canada, the legislation will also become effective in the other provinces as soon as the necessary machinery to carry out its provisions has been established.

BRITISH COLUMBIA WAGE RULES TO BE MAINTAINED

Door-to-Door Salesmen and Drug-gists to Be Brought within Scope of Minimum Wage Law.

Victoria, Aug. 31.—British Columbia's Board of Industrial Relations today re-affirmed its position with regard to minimum wages and extended a government order to include door-to-door salesmen and certified pharmacy clerks.

British Columbia's new wage act calling for a minimum of \$12.75 a week for youths will not be changed, Hon. G. S. Pearson, Minister of Labor, told a group of retail merchants here last night. The merchants sought an amendment to the act in respect to delivery boys.

Mr. Pearson was firm in his appeal for co-operation from employers and stated the Board planned to extend operations of the act to include drug store employees. For certified clerks, apprentices and Licentiate of Pharmacy a week of fifty-two hours will be allowed, instead of the sixty and in some cases seventy-two hours due to Sunday employment.

Minimum wages in the mercantile industry are set at \$15 a week. The Minister made clear the act applied to all classes of workers, including the door-to-door canvasser.

AVIATOR ENDS SLOW JOURNEY FROM BRITAIN

John Grierson, Surveying Possibilities of Northern Air Line, Lands in Ottawa.

Ottawa, August 31.—John Grierson, British aviator, rested here today after an east to west trans-Atlantic flight which carried him across Iceland, Greenland and Canada's far northern regions. In the early afternoon yesterday he nosed his gypsy motoplane to a perfect landing on the Ottawa river finishing a journey begun at Rochester, England, more than a month ago.

The flight, undertaken by the tall, slender flier with a view to surveying a possible air-mail route from the United Kingdom to Canada, was not devoid of discomfort, mishap and delay. But today Grierson, a guest of the officers of the Royal Canadian Air Force at the Ottawa air station, was enjoying the relaxation and comforts of civilization again. He will rest up in Ottawa for three or four days, and then go on to New York where Mrs. Grierson will join him.

Due to the uncertainty surrounding his time of arrival, only two officers of the National Defence Department were at the air station when his bright-red plane appeared in the western sky. Wing-Commander A. E. Godfrey, D.F.C., officer commanding the air station, and Wing-Commander G. O. Johnson, of the Royal Canadian Air Force headquarters staff, were first to greet the flier.

The last stage of the journey, from East Main on the coast of James Bay was accomplished today by Grierson in approximately 5 1/2 hours. At East Main he was the guest last night of Flying Officer E. A. McNab, of the R.C.A.F., who is in charge of two planes engaged in aerial photography there. When he took off for Ottawa, he was favored by northerly and westerly winds, but found conditions rather bumpy. He flew by compass on the last leg of his journey.

YOUNG LAD'S SURPRISE PROVED FATAL. Benedict, Neb., Aug. 31.—Arthur Clayton, Jr., aged eight, yelled to his brother, John, five, that he had a surprise.

It was a surprise for both of them—a shotgun that they didn't know was loaded. When Arthur pulled the trigger, the charge killed John.

guards who managed to hold off the attackers for almost two hours. Once in possession of the train the bandits ransacked the first and second class compartments after relieving its passengers of their money and other valuables.

A relief train brought survivors and wounded to Harbin.

WALKS EIGHTEEN MILES FOR A POSTAGE STAMP

Raton, N.M., Aug. 31.—Some months ago Mrs. Hattie Klottz, seventy-eight years of age, walked three miles to the home of a neighbor to borrow a three cent stamp, then walked back to her home.

A few weeks later she again walked the six miles to pay back two cents and recently made the six mile round trip on foot for a third time to pay back the last penny.

NEW EVIDENCE IN SMUGGLING CASE SOUGHT

New Jersey Bootleggers Alleged to Have Smuggled Thousands of Gallons of Alcohol into Canada at Tax Loss Estimated by Government at \$1,700,000.

Newark, N.J., Aug. 31.—Having examined fifteen witnesses, Canadian officials today sought new evidence in the alleged plot whereby New Jersey bootleggers smuggled thousands of gallons of alcohol into Canada at a tax loss estimated by the Dominion Government at \$1,700,000.

Hearing of the witnesses was completed yesterday before Richard M. Glassner, Newark attorney specially commissioned by the Canadian Courts.

Corporal James A. Churchman, of the Royal Canadian Mounted Police, remained in Newark to piece together further details of the complicated plot in which, he said, tank cars purported to be carrying oil, but actually filled with alcohol, were used for the illegal shipments.

Jean J. Penverne, Crown counsel who examined the witnesses before Glassner, made ready to return to Montreal with a report of the proceedings.

At yesterday's hearing it was alleged that the headquarters of the alleged smuggling ring was an office in a Newark building where the tenant, whose name, the renting agent and building superintendent agree, was Joseph Friedman, remained last March.

Penverne said the Acme Corporation which directed the loading of the tank cars at a lonely siding of the little Rahway Valley Railway at Kenilworth. Witnesses testified that frequent telephone calls were made between the shipping point and the Acme office.

Pittsburgh, Aug. 31.—Ernest Gonzenbach, Swiss tree expert, asserted today that cosmic rays cause cancer and that these same rays produce cankers on trees.

He declared that this was recognized four thousand years ago by the Chinese philosopher, Hwang-Hu-Tsu, who forbade his subjects to build homes where the "earth demons" existed.

The speaker further asserted that cosmic rays direct the growth of trees, bending them in line with the direction of the rays. He sought to demonstrate this with the use of the old-time divining rod. Many of those attending the opening session of the conference, differed with the theory.

UNSUCCESSFUL ATTEMPT MADE TO ROB BANK AT GRANBY YESTERDAY

Three Bandits Entered Granby Branch of Banque Canadienne Nationale Yesterday Afternoon, but Met with Unexpected Resistance and Escaped without Obtaining Any Money—Bank Manager, Armand Thibodeau, Injured During Melee with Member of Trio Who Injured His Private Office—Police Believe Hold-Up Was Staged by Amateur Gunmen.

Granby, August 31.—This usually peaceful city today had assumed its name to the fast-growing list of Eastern Townships centres which have been the scenes of bank hold-ups and post office robberies during the past few weeks. Yesterday afternoon three bandits attempted to rob the local branch of the Banque Canadienne Nationale but were frustrated when the manager, Armand Thibodeau, showed resistance and a number of customers in the bank at the time created sufficient disturbance to frighten the trio away. Today provincial and local police are scouring the countryside in an effort to trace the machine which bore the robbers away from the site of their unsuccessful bid. The authorities believe that the car is an automobile stolen in Verbin yesterday morning, but as yet have no substantial proof to support this theory.

Events transpired so rapidly that detectives were confronted with a difficult task as they sought clues. No coherent story could be immediately obtained from the manager, whose presence of mind in battling with the thugs who entered his private office resulted in painful although not serious injuries, while the bank's clients were in such a state of excitement that nothing valuable could be ascertained at the moment. From the few clues which could be gleaned investigators released the belief that the hold-up had been the work of amateurs.

The drama occurred after two o'clock yesterday afternoon. Three men entered the building and a fourth remained at the wheel of an automobile whose motor was running. Two members of the trio approached the teller, Rene Morin, and ordered him to hand over the funds in his till, while the third entered Mr. Thibodeau's office, where Paul Provost, K.C., was in conference with the manager. The customers in the bank were ordered to lay down on the floor and complied with the orders of the bandits.

Indications of a scuffle in the manager's office attracted one of the gangsters guarding Morin. The sound of a shot caused a second member to go to the aid of his companion and in the interval Morin dropped to his knees in his agony and armed himself with a revolver. Morin fired three shots at random and the thugs took flight.

At the sound of the first shot a lady customer, who was accompanied by two children, screamed and the two youngsters began to cry. Unnerved the bandits took to their heels and after firing a parting shot through the bank window sped off in the direction of Cowansville. The police was immediately summoned and Chief of Police John Dunn sent a warning to surrounding towns after appraising the Provincial Police office in Montreal of what had occurred.

Medical attention was necessary for Mr. Thibodeau. Two doctors were rushed to the bank and a priest was summoned. A medical examination revealed that there was a wound over the manager's right ear, but it was not learned whether this injury was caused by a bullet or resulted from the melee which Thibodeau's action precipitated. He was given Continued on Page 2.

NO EXPENSIVE TROUSSEAU FOR ROYAL WEDDING

Owing to Financial Difficulties, Princess Marina of Greece Must Limit the Trousseau for Her Wedding to Prince George to Modest Proportions.

Bohinsko Lake, Yugoslavia, Aug. 31.—Gracious Princess Marina of Greece must limit the trousseau for her wedding to Prince George to modest proportions, informed circles said today.

Marina's parents are almost as poor as the proverbial church mouse. This was cited as further evidence that the match is a "love" one.

Prince Nikola, Princess Marina's father, has been without an income since his brother, the late King Constantine, lost the Greek throne twenty years ago.

The Princess's mother has given Marina her old pre-war wedding gown to wear when she goes to the altar with Prince George in Westminster Abbey this winter. This nuptial, although considered gorgeous in the days of Czar Nicholas in the brilliant court at Petrograd will require considerable alteration to make it fit Princess Marina, who is taller and more slender than her mother.

Like Princess Marina's father, her mother, who was the Grand Duchess Helen Vladimirovna of Russia, has no regular income of her own. Friends believe the family has been helped considerably in the past by Prince Christopher of Greece, Princess Marina's uncle, who inherited some of the Leeds tin plate millions and who is now living in Rome. He is the widow of the late Mrs. William B. Leeds.

Soon after leaving here early in September Princess Marina, accompanied by her mother, will go to Paris to purchase a few inexpensive dresses for her honeymoon.

PROMINENT GOVERNMENT OFFICIAL PASSES AWAY

George E. McIntosh, Fruit Commissioner at Ottawa, Had Been Seriously Ill for Only Few Days.

Ottawa, Aug. 31.—One of the best known officials of the Dominion Government service died last night in the person of George E. McIntosh, fruit commissioner for the Department of Agriculture. While he had not been in good health for some time, death came suddenly after only a few days of serious illness.

In his death the country loses a man who had exceptional qualifications for the work which he was called upon to do. A training which included not only orchard work but also covered the whole field of organization and marketing of fruit. Mr. McIntosh dealt with the problems which arose in the branch which he directed.

NEW AIRLINER SHORTENS TRIP TO SOUTH AMERICA

Nineteen-Ton Flying Boat to Make Journey from Miami to Buenos Aires in Five Days.

Miami, Fla., Aug. 31.—The rich South American trade markets were brought days nearer the United States yesterday as the Brazilian Clipper new airliner, bridged the inter-continental gap of 1,900 miles in the daylight hours.

Leaving Port of Spain, Trinidad, at 4:10 a.m., E.S.T., the nineteen-ton flying boat, powered by four motors, followed the circle of Caribbean islands to Miami, alighting on Biscayne Bay at 5:14 p.m.

The airliner brought home a party of newspaper executives who, flying southward on the Clipper's maiden journey, visited South America's eastern shore to increase personal knowledge of what southern neighbors are doing.

Snipping two days in schedule service from the airline journey to Buenos Aires, the Clipper will wing over the 7,398 miles between Miami and the Argentine capital in five days, and the 5,930 miles to Rio de Janeiro in four days, a day's saving.

GREAT BRITAIN ANSWERS REICH DEBT DEMANDS

Claims that Improvement of German Trade with Britain Makes Payment of Debts Easier.

London, August 31.—A demand by Hjalmar Schacht, German Minister of Economics, that the Reich be accorded a full moratorium on foreign debts drew from the Foreign Office today trade statistics indicating it is becoming easier for Germany to pay Great Britain.

The Foreign Office did not deny that Germany's transfer problem is becoming more difficult as far as other creditors are concerned.

"Our figures show that Germany's trade balance is increasing, and that the transfer problems of the Reich, as they touch Great Britain, should be easier," a Government spokesman said.

Great Britain's imports from Germany, the statistics indicated, were valued at \$12,565,000 in February, \$13,495,000 in March, \$12,675,000 in June and \$12,870,000 in July. The value of the value of United Kingdom exports to Germany was \$6,535,000 in February, \$8,080,000 in March, \$5,505,000 in June and \$5,375,000 in July.

Imports which were re-exported to Germany totaled \$6,970,000 in February, \$6,210,000 in March, \$3,480,000 in June and \$2,185,000 in July.

Political quarters here were convinced that Schacht's policy has the full approval of Chancellor Hitler. In these circles it was contended that Germany has herself to blame for her inability to pay because of her expenditures for armaments, her restrictions on imports and the boycott resulting from the Reich's anti-Jewish policies.

WORLD BANK PREPARES PROTEST

Basel, Switzerland, August 31.—Officials of the Bank for International Settlements today began drafting a stiff protest to Germany against yesterday's speech of Dr. Hjalmar Schacht, acting Minister of Economics and President of the Reichsbank, in which he proposed an absolute moratorium.

Austrian officials considered his speech "a virtual declaration of the bankruptcy of the Reich."

AGREEMENT STILL HELD UNLIKELY AS TEXTILE UNION CALLS STRIKE

Walk-Out of 425,000 Cotton Mill Employees Ordered for Midnight Tomorrow—Leading Manufacturers and Union Chiefs Unable to Reach Compromise—Feared Trouble May Extend to Silk, Woollen and Rayon Manufacturers—Government to Launch Inquiry.

Washington, August 31.—A walk-out of cotton textile workers throughout United States is scheduled to begin tomorrow night.

Violence already has echoed the strike call. Employees of the Payne mill, in Macon, Ga., struck yesterday and before midnight two officials of the plant had been clubbed and five persons arrested. Pickets, armed with clubs, marched outside the mill fence; company guards, carrying firearms, patrolled inside the gate.

An estimated 425,000 workers in the cotton textile trade will be affected by the general strike, another 500,000 employees in affiliated fields such as silk, rayon and wool have orders to "stand by," Francis J. Gorman, strike committee chairman, predicts they will join the walk-out.

About 300,000 mill hands are members of the United Textile Workers of America, which says that their average weekly wage is only \$10.86. The manufacturers' organization, the Cotton Textile Institute, disputes this, saying the industry has granted bigger wage increases under the N.R.A. than any other line.

The N.R.A. is a center of the fight. The union demands, under the Industrial Recovery Act, the right to represent labor in collective bargaining. The operators say they cannot see where it is representative.

The Union asks: A thirty-hour week with the forty-hour pay, an end to the "stretch-out" of the individual worker's duties, collective bargaining recognition, and cessation of discrimination against union members. Charging it would repudiate the N.R.A. as the code-making authority, the manufacturers refuse to arbitrate the strike demands. They say they cannot increase costs and remain in business.

From Maine to Alabama the 1,281 cotton mills extend, with scattered plants in inland states. The Carolinas, Georgia, Alabama, Massachusetts and Rhode Island have from 20,000 to 92,000 workers each, the union figures show.

In the background, but vitally affected, are the families of the workers, the grocer who must carry their accounts to the breaking point, the landlord who wonders how he will handle his overcharges. The U.T.W. places the cotton workers and their dependents at 1,250,000.

Many of them remember only too clearly the bloodshed of past strikes. But the only word Government negotiators had for them after yesterday's negotiations was that no "substantial progress" had been made toward a settlement.

The Government did, however, appear ready to launch a neutral inquiry into the issues behind the strike as all hope of averting the giant walk-out vanished.

Still striving for a quick peace, Chairman Lloyd Garrison, of the National Industrial Relations Board, "Supreme Court" of labor disputes—had in mind the appointment of a committee of three to explore the conflict impartially and perhaps recommend a solution.

After flashing the order for the cotton struggle to begin at 11.30 p.m., tomorrow, union leaders conferred again late yesterday with Garrison.

Still at a later hour—did George A. Sloan, head of the Cotton Textile Institute, who has declined to attend a "round table" with union leaders. Yesterday's conferences came to naught.

Sloan, who disclosed he intended to go back to New York, was asked whether he hoped the strike could be avoided.

"I suppose," he said, "that every citizen in America is hopeful the strike won't take place." Prospects for direct intervention by President Roosevelt appeared to have faded, although it is known he is watching the conflict carefully.

His eyes bloodshot from lack of sleep, Gorman was told that some sections of the cotton mill area stretching from Maine to Alabama fear violence.

"There won't be any violence," he said sharply, "unless the employers start something with their hired thugs, masquerading as private detectives."

The whole labor union movement—which has been regaining its powers after losing much of its potency in the nation's worst depression—is watching the conflict with their hired spread conflict with interest. In a sense it was regarded as a "show-down" fraught with importance for the future trend of capital-labor relations.

THE WEATHER

UNSETTLED WITH SHOWERS.

High pressure covers eastern Canada and the Atlantic states while pressure is low to the immediate west of the Great Lakes, and a shallow area is passing northeastward across Newfoundland. Moderate to heavy rains have occurred in some parts of the Maritimes Provinces and Eastern Quebec. The weather has been unsettled with showers in most parts of the West and in the Lake Superior District. It has been cool in Eastern Canada with decidedly high pressure and cool weather in the Western Provinces.

Forecast: Moderate winds; fair, Saturday, moderate to fresh southeast to south winds; becoming unsettled with showers.

Northern New England: Fair and continued cool tonight; Saturday, fair and slightly warmer. Maximum, 68; minimum, 45.

Temperature yesterday: Maximum, 68; minimum, 45.

Same day last year: Maximum, 75; minimum, 42.

WAR DECLARED ON FASCISM BY BRITISH LABOR

Manifesto Issued Today by General Council of the Trades Union Congress Threw Whole Weight of British Labor into the Fight.

London, Aug. 31.—British Labor today declared war on Fascism. A manifesto issued by the general council of the Trades Union Congress threw the whole weight of British organized labor into the fight.

"Born out of the post-war confusion and despair," the manifesto declared, "the Fascist party in Italy and the Nazi party in Germany have used their powers to suppress by violence all other parties.

"Murder, torture and exile were their weapons. They have filled the world with the horror of their deeds. Concentrating the power of the state in the leader of the party, a servile obedience has been exacted from every citizen.

"Freedom of thought, of action, of the press, of association have all been swept away. The spirit of war and the creed of blood have been glorified. Peace and all its agencies are treated with contempt.

"The middle class in Germany—professional men, clerical workers—all find their salaries reduced to starvation limits when they are fortunate enough to find work. Their standard of life is continually sinking.

"Fascism brings in its train nothing but oppression and suffering. The labor movement is determined to fight Fascism until it has been crushed once and for all.

"Each affiliated organization, every lover of democracy and freedom, is called upon to make all possible efforts to achieve this object, and strengthen the hands of the labor movement in the campaign to ensure the victory of democracy and socialism over the forces of dictatorship and reaction."

Sporadic street fights continue with over-zealous British Fascists. Two of them were fined at Greenwich today as a sequel to a conflict with a crowd at Lewisham.

A Blacksmith was seriously injured in a Chelsea street attack last night.

UNSUCCESSFUL ATTEMPT MADE TO ROB BANK AT GRANBY YESTERDAY

Continued From Page One. first aid and last evening told detectives what he knew of the affair.

From eye-witnesses it was learned that the bandits had drawn their firearms when they were carried away by the counter force.

Line-up behind the counter were H. Senecal, the accountant, T. Dubois and A. Dasler, other members of the staff, while the customers kept under surveillance were A. J. Lemieux, secretary-treasurer of the Elston Club, and Armand Fortin, proprietor of a local store.

Rene Marion, a store manager, and Mrs. J. Robert and two children.

This morning one of the bank employees told detectives he had recognized one of the bandits as a visitor to the bank earlier in the day.

According to the clerk's story one member of the trio had presented himself at the teller's cage and asked for the change of a ten-dollar American note into Canadian money.

The men were described as dark and swarthy, while the gangster who assisted Mr. Thibodeau was claimed to be very tall.

When news of the attempted hold-up circulated throughout the city a local young man contributed the information that as he returned from Cowansville he had noticed a vehicle containing four men travelling at a high rate of speed towards Cowansville.

Although witnesses differed as to the exact license number it was learned from good authority by the Record today that the plates contained the Quebec license 24400.

YOUNG MAN RECOVERING FROM PECULIAR ACCIDENT

Granby August 31.—Gerald Choquette, twenty-four years of age, was stated to be in a favorable condition this morning and recovering from injuries he received while at work in the Bienville and Freres meat market here Wednesday night.

Choquette was standing on a barrel to hang meat on a hook. In some manner the barrel tipped and Choquette's sweater became caught on the hook. He succeeded in extricating himself from his painful position and Dr. J. M. Dube was called.

Examination revealed that one of Choquette's lungs had been slightly punctured by the sharp point of the hook. Rather than move him to his home before his injuries could be better determined, Dr. Dube placed his patient in the living quarters which composed part of the meat market until last night when he was taken to his home on St. Antoine street.

Today the Record learned that unless complications set in Choquette would recover from his injuries.

MONTREAL PREPARED TO RECEIVE FRENCH GROUP

Busy Programme Drawn Up for Official Delegations of France, Great Britain and United States to Cartier Celebrations.

Montreal, Aug. 31.—Montreal's second largest French-speaking city in the world—was ready today to show it was also the metropolis of Canada to the official delegations of France, Great Britain and the United States to the Jacques Cartier quatercentenary celebrations.

The main item on the programme was the civic luncheon in the chateau on Mount Royal which Jacques Cartier in his journals described as a "mountain the slopes of which are fertile and cultivated and from which one can see a long way."

An address of welcome was to be delivered by Mayor Camille Houde and responses made probably by Pierre-Etienne Flandin, French Minister of Public Works and leader of the official delegation representing the Doumergue Government, one of the two representatives of the government of Great Britain, Admiral of Fleet Sir Roger Keyes or Rt. Hon. H. A. L. Fisher, and Hon. Henry Cockburn of Canada and Warren Delano Robbins, United States Minister to Canada.

Sight-seeing trips have been arranged and a fete de nuit was to be staged at Lafontaine Park to be featured by a concert of Canadian song leaders. Lawyers in the French party will attend a French civil law congress at the court house and journalists in the same group were scheduled to visit various newspaper offices.

Under the plan, as approved by the Federal cabinet, the Board may cover its expenses by assessments against fruit exporters. Under the Dominion Marketing Act, penalties were provided for contravention of an order of a local board, such as the Fruit Export Board.

The provinces of Nova Scotia, Ontario and British Columbia will be affected by the export board, which will be prevented from selling heavy purchases of apples and pears. During the last two years, the average annual export total of apples and pears was 2,000,000 barrels.

It is anticipated that over-supplies and shortages of Canadian fruit on the United Kingdom market will be prevented and that better prices will be obtained by the export trade. It also will attempt to raise the general standard of Canadian fruit exported. The main purpose of the board will be to regulate the flow of fruit to the export demand.

Outstanding men in Canada's public life will take part in the ceremonies at the funeral in St. George's Church, in full view of the officers who spent the last years of his life in the service of the railroad. Pall-bearers will be Sir Herbert Holt, senior C.P.R. director; Sir Charles Gordon, W. A. Black; Brig.-Gen. F. S. Meighen; J. W. Hobbs; Lord Shaughnessy and J. E. Meredith, K.C., all of Montreal, and Hon. Henry Cockburn of Brantford, Ont. Sir Herbert Holt will represent E. W. Beatty, president of the railroad, who is now in Western Canada.

Interment will be in Mount Royal Cemetery.

PROMINENT MEN TO ATTEND OBSEQUIES OF GRANT HALL

Sir Herbert Holt, Who Will Act as Pall-Bearer, Will Also Represent E. W. Beatty Who Is Now in Western Canada.

Montreal, Aug. 31.—Men prominent in all walks of life were ready today to turn out to pay tribute to Grant Hall, senior vice-president and director of the Canadian Pacific Railway, who died in hospital on Wednesday morning after an outstanding career in the railroad industry in Canada.

Outstanding men in Canada's public life will take part in the ceremonies at the funeral in St. George's Church, in full view of the officers who spent the last years of his life in the service of the railroad. Pall-bearers will be Sir Herbert Holt, senior C.P.R. director; Sir Charles Gordon, W. A. Black; Brig.-Gen. F. S. Meighen; J. W. Hobbs; Lord Shaughnessy and J. E. Meredith, K.C., all of Montreal, and Hon. Henry Cockburn of Brantford, Ont. Sir Herbert Holt will represent E. W. Beatty, president of the railroad, who is now in Western Canada.

Interment will be in Mount Royal Cemetery.

WOMAN KILLED IN UPSET OF LARGE MOTOR TRUCK

Wolfville, N.S., August 31.—One woman was killed and another critically injured early today when a truck, returning with thirty-one passengers from the Nova Scotia Exhibition at Halifax, overturned on the main road at Lower Wolfville.

Mrs. Avery Bentley, of Peregau, an instantaneous death from the injuries she sustained when the truck overturned on the main road at Lower Wolfville.

Mrs. Bentley was the last of a triumvirate associated in the theatrical business for many years. The other two were A. L. Erlangre and Florenz Ziegfeld.

She was born in Hartford, Conn., on May 30th, 1868. The son of a clergyman. At an early age he went to work for a Hartford newspaper and later worked in Washington, Chicago and New York before entering the theatrical business as an associate to the late Charles Frohman.

His last production was "New Faces," a last season revue which was made up of virtually unknown talent.

BOLIVIAN SENATOR ASKS NEUTRALS TO INTERVENE

Representative of One South American Disputant Country Believes Argentina, Brazil and Uruguay Can Enter Negotiations "Honorably and Skillfully."

Buenos Aires, Aug. 31.—A move for peace in the protracted Chaco warfare was hailed by neutral sources today, but rifles continued to crack in the disputed jungle.

The latest proposal for halting the strife came from a Bolivian source. Senator Jaime Mendoza, addressing the Senate on international affairs, urged that Argentina, Brazil and Uruguay intervene "honorably and skillfully" to end the war.

Senator Mendoza defended the principles for which his country went to war and said she has "clear moral rights to access to the Paraguay river."

Neighbors of the belligerents have long been interested in schemes to halt the war, but efforts from these sources and from the League of Nations have been fruitless thus far.

POLICEMAN'S SORROW SOON CHANGED.

Pittsburgh, Aug. 31.—At first Patrolman John Shaughnessy felt sorry for Mrs. Mary Magenbeck as he entered her confectionery store to tell her that her husband, William, had been arrested on a lottery charge.

Then he noticed two "numbers" books peeping from her dress pocket. Mrs. Magenbeck joined her husband in the South Side police station.

HIGHER WAGES DEMANDED BY WELSH COAL WORKERS

London, August 31.—Labor leaders said today 140,000 coal miners in Wales would walk out the night of September 30th, unless given increased wages.

Oliver Harris, secretary of the South Wales Miners' Federation, served notice on employers that the present wage agreement ends on that date.

It was generally feared a new agreement will be difficult to negotiate and the Government is keeping a close watch, prepared to intervene to prevent a shutdown of the mines. Closing of the mines would put Great Britain's coal export trade in danger.

APPLE EXPORT CONTROL BOARD MEMBERS NAMED

Ottawa Man Named as Chairman of Body to Regulate Sales of Canadian Apples and Pears on Export Markets.

Ottawa, Aug. 31.—Export of fresh apples and pears has been placed under a control board, it was announced today by Minister of Agriculture, Robert Weir. The board will regulate the flow and quality of fruits to foreign markets under authority of the new Marketing Act.

The following were appointed to the board: F. Burrows, Ottawa, export fruit exporters; Manning Ellis, Port Williams, N.S.; V. B. Leonard, Clarence, N.S.; P. W. Hodgetts, Toronto, and O. W. Hembling, Oshawa, B.C. Its head office will be in Ottawa.

The powers of the export board will be to regulate the export of apples and pears to any country and it may prohibit shipment of any quantity, size or quality of fruit. All fruit growers may be registered by the board and all exporters will be required to obtain a license.

Export licenses may be obtained from the board at its agencies at Kentville, N.S.; Toronto and Kelowna, B.C.

Under the plan, as approved by the Federal cabinet, the Board may cover its expenses by assessments against fruit exporters. Under the Dominion Marketing Act, penalties were provided for contravention of an order of a local board, such as the Fruit Export Board.

The provinces of Nova Scotia, Ontario and British Columbia will be affected by the export board, which will be prevented from selling heavy purchases of apples and pears. During the last two years, the average annual export total of apples and pears was 2,000,000 barrels.

It is anticipated that over-supplies and shortages of Canadian fruit on the United Kingdom market will be prevented and that better prices will be obtained by the export trade. It also will attempt to raise the general standard of Canadian fruit exported. The main purpose of the board will be to regulate the flow of fruit to the export demand.

POPULAR FIGURE REMOVED FROM THEATRICAL WORLD

Charles B. Dillingham, Noted Theatrical Producer, Died Last Night at Age of Sixty-Six Years.

New York, Aug. 31.—Broadway mourned today one of its leading figures—Charles B. Dillingham, who died last night after being seriously ill since Sunday. He suffered a general break-down several weeks ago. He was sixty-six years of age.

Dillingham, who produced more than two hundred shows was known principally for his musical productions, and among the most spectacular were those he presented at the Hippodrome.

The best of his productions, however, were presented at the Globe Theatre, which he built in 1910. There were times, however, when he had as many as a half dozen shows on Broadway at the same time.

Dillingham was the last of a triumvirate associated in the theatrical business for many years. The other two were A. L. Erlangre and Florenz Ziegfeld.

He was born in Hartford, Conn., on May 30th, 1868. The son of a clergyman. At an early age he went to work for a Hartford newspaper and later worked in Washington, Chicago and New York before entering the theatrical business as an associate to the late Charles Frohman.

His last production was "New Faces," a last season revue which was made up of virtually unknown talent.

ARREST YOUNG WOMAN IN MONTREAL STRIKE RIOTS

Montreal, August 31.—A young woman was arrested as a women's garment trade strike picket clashed with anti-strike pickets and private police outside a factory building here today. A charge of disturbing the peace will be laid against the young woman, whose name was not given. Police would not say whether she was a striker or a non-union worker.

The skirmish was sharp and brief, with police halting the fight almost immediately. It was the first outbreak of violence since Wednesday as 3,500 strikers continued their walk-out campaign for better conditions and higher pay.

Though approximately twenty-five anti-strike pickets were reported back on the job as twenty-three manufacturing firms reached settlements with their employees, the remainder are still maintaining pickets.

The labor situation was further complicated today as five hundred members of the cap makers union picketed allegedly due workers before they went on strike.

CLUMSY LETTER SENT TO MRS. ROOSEVELT DEMANDED PAYMENT OF \$168,000 FOR SAFETY OF HER GRANDCHILDREN.

New York, Aug. 31.—A clumsy letter threatening harm to President Roosevelt and his grandchildren has put Benjamin Franklin Varn, thirty-three years old, in jail on a charge of violating the Lindbergh Law.

The letter was addressed to Mrs. Roosevelt at the White House. It said that unless she paid \$168,000, "Buzzie" and "Statie" Dall, children of the President's daughter, Mrs. Anna Roosevelt Dall, and the baby of Elliott Roosevelt would be kidnapped, and that injury would be inflicted on the President.

President and Mrs. Roosevelt never saw the letter, but United States secret service men did, and they started a hunt for Varn, that led to Varn's arrest last night.

The letter writer included in the kidnap note a telephone number where he could be reached. It was that of the William Sloane House branch of the Y.M.C.A. in New York where Varn had been living and where he was arrested.

Varn, who was held for arraignment today, described himself as a former machinist in the naval aviation corps and said he was a resident of Charleston, S.C. He was described as a member of a prominent Charleston family. He is unmarried.

The threatening letter was signed "By Order of Zangara." It was written by Zangara who shot at Mr. Roosevelt in Miami in February 1933, but who hit Mayor Anton Cermak, of Chicago, instead, causing his death.

The letter specified that the \$168,000 be furnished in denominations of \$1, \$5, \$10, \$20 and \$100 and said that Mrs. Roosevelt would be informed by telephone when and how to deliver it. It was understood the letter threatened that the President's grandchildren would be done bodily harm after they were kidnapped, if the money were not paid.

It also said that if Mrs. Roosevelt failed to "string along" with the "gang," the President would be harmed.

The President and Mrs. Roosevelt at Hyde Park expressed surprise when informed of the threatening letter and Varn's arrest. Mr. H. McHenry, presidential secretary, said they felt no concern and urged that the prisoner be given careful attention.

LAST DAY OF SHERBROOKE FAIR WAS UsherED IN THIS MORNING

Continued From Page One. program was a 2:19 trot and pace and a classified race. In the first two events, Montreal horses carried off the honors. Cruickston Queen, won three straight heats in the 2:24. In the 2:17, Emma Lou, driven by George Rediker, won the cup, taking two of the three heats.

Ernie Spafford, of East Brantford, was awarded the summary prizes in both the 2:19 and the classified, his trotter, Doris Gratton, coming in first in all three heats of the 2:19 and Miss Phylla ranking two, three, one respectively in the classified race to end up first in the summary.

An unfortunate accident in the final heat marred the 2:19 trot and pace, when Lady Scott, owned by Guy Tillotson, of Coaticook, Bessie L. Direct, and Calumet Annabelle were principals in a mix-up in which George Rediker, driving Lady Scott, received serious injury. He was later removed to the Sherbrooke Hospital. The extent of his injuries were not ascertained this morning.

Three exhibition flat races were held, Step Pretty, ridden by F. Butler, ranking first in the five furlong event with a time of 1:18. In the six furlong event, Perfect Star, P. Duford, covered the distance in one minute. Fair Althea, R. Feeny, won the steepchase.

able settlement reached between company heads and representatives of the Garment Makers' Union. The strike produced several clashes between strikers and police who refused to quit their jobs with police and firemen called in to settle the disputes.

J. L. Cohen, Toronto lawyer and counsel for Posluns Brothers who control the two firms, announced the agreement which calls for immediate return to Toronto of the Superior Cloak Company. The Superior firm will resume operations at its Toronto plant and the Popular Cloak Company will operate in Guelph. No announcement was made regarding wage changes.

YOUNGER GERMAN WOMEN ORDERED BACK TO HOMES

Decree Ordering Women to Vacate Positions Designed to Reduce Official Figure of Number of Male Unemployed.

Berlin, August 31.—Fighting for favorable unemployment figures, the Government last night ordered German's younger women back to the homes and kitchens.

A decree, designed to make places for older workers, transferred male and female workers less than twenty-five years old to the so-called "voluntary" labor service, an auxiliary of the land service. Young women ousted from their jobs were advised they might find new occupations in homes or kitchens.

The decree, signed by the president of the State Unemployment Insurance Department, who is virtually Germany's labor market dictator, placed the younger workers at the orders of the insurance office to leave their well-paid jobs and find new work at small pay in the "voluntary" or the land service.

Exceptions were youths who have served one year with the "voluntary" service, stream troopers, members of the Hitler Youth, married and married men supporting families.

Persons under twenty-five will be allowed to get jobs if they secure permission of the employment insurance office, or if they apply for two years apprenticeship.

The measure enables the Government to fill vacant positions with hitherto unemployed older workers, thus cutting down the official figure of those unemployed.

GERMANY SEES ONLY OUTCOME TO SAAR VOTE

Continued from page one. Saar Commission, headed by the British colonel, Geoffrey G. Knox.

The meeting of the Saar residents have complained bitterly of French coercion to send their children to French schools. Saar coal miners have been incensed at dismissals by their French masters for attending some Nazi function or other.

The prevailing impression in Germany is that France wishes to have the Saar, holding it as a wedge into German territory, to further an alleged scheme to make the Rhine River the border as far north as Cologne. The French claim that 50,000 of their soldiers have been conceded by Germany.

AGREEMENT STILL HELD UNLIKELY AS TEXTILE UNION CALLS STRIKE

Continued from Page One. ters reported the workers do not want to strike, in several others they got a head start. At Macon, Georgia, one thousand or more walked out yesterday.

What part the United Textile Workers' long-time Communist foes, the National Textile Workers, would attempt to play in the strike remains something of a mystery. So far nothing much has been heard of this left-wing union here, although in previous strikes it was sought to build influence.

"We have instructed our people," Gorman said, "to orderly at all times, not to associate with Communists and to stamp out Communist uprisings when they occur."

Gorman said all union demands could easily be met if the manufacturers "would add four cents to the price of a \$1.50 shirt."

Another phase of the situation was the announced intention of the Industrial Needleworkers' Union to picket allegedly due workers before they went on strike.

DECLINES WERE GENERALLY LIGHT TODAY AT MONTREAL

Montreal, Aug. 31.—Trading declined along during the first two hours of the session today on the Montreal Stock Exchange, nearly every stock making an appearance casing a minor fraction.

Brazilian Tractor was off 1-4 at 10 1-2 and National Breweries declined 1-4 at 28 1-2. International Nickel was the only stock to display anything like rallying tendencies, advancing 1-8 at 24 3-4 after a week opening at 24 1-2. Canadian Industrial Alcohol "A" held steady at eight while the "B" issue was down 1-8 at 7. Montreal Power and Dominion Bridge were each 1-4 lower, the former at 33 1-4 and the latter at 31 1-2.

Royal Bank advanced two points to 153. Stocks to remain unchanged included B. C. Power "A", National Steel Car, Power Corporation and Banque Canadienne Nationale.

UNITED STATES DOLLAR SOARED UPWARDS TODAY

Closed at \$4.98 3/4 to the Pound in London, Highest Point Reached Since President Roosevelt Devalued Currency.

London, Aug. 31.—The United States dollar, soaring without interruptions throughout the day, gained 3-12 cents to the pound today to close at \$4.98 3-4 to the pound, the highest quotation since President Roosevelt devalued the dollar in terms of gold last February.

A natural trade demand supplemented by other buying—some of which was from New York—caused the steady appreciation with only temporary setbacks for profit taking and the close was at the highest point of the day.

The French franc made another record, reaching 74.50 to the pound, although it reacted slightly to close at 74.55 compared to yesterday's close of 75.06.

The weakness of the pound did not perturb the market as it was pointed out that the strength of gilt-edged securities on the Stock Exchange indicated that the currency situation was regarded undisturbedly.

BRINGING UP FATHER

IT'S LIVER THAT MAKES YOU FEEL SO WRETCHED

Wake Up Your Liver Bile and Get A New Lease of Life. No Calomel Is Necessary.

For you to feel healthy and happy, your liver must pour two pounds of liquid bile into your bowels, every day of your life.

Without that bile, trouble starts promptly. Your food just won't digest the way it should and you feel miserable. Food decays inside you and your entire system is undermined by it.

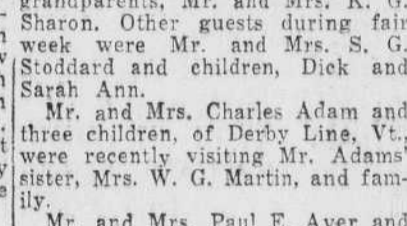

How can you expect to clear up a condition like this completely by taking mere bowel-movers like salts, mineral water, oil, laxative candy or chewing gum, or roughage? They can't wake up your liver bile.

Buy yourself a box of old reliable Calomel. Buy yourself a box of old reliable Calomel. Buy yourself a box of old reliable Calomel.

Don't waste your money on substitutes. Be sure to ask for Carter's name on the red label. Look for the name, Carter's, on the red label. '50c at all druggists.

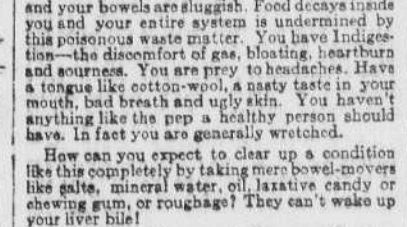

STOP THAT HEAD ACHING

Why suffer headache, or any other pain, when ZUTOO TABLETS, taken when you feel it coming on, will give relief in 20 minutes. Harmless and reliable. Used by thousands.

WHEN YOUR DAUGHTER COMES TO WOMANHOOD

Most girls in their teens need a tonic and regulator. Give your daughter Lydia E. Pinkham's Vegetable Compound for the next few months. Teach her how to guard her health at this critical time. When she is a happy, healthy wife and mother she will thank you.

Face Disfigured with Pimples. Lasted 3 Months. Cuticura Healed.

"I had been bothered for quite a long time with red pimples breaking out over my face and body, the skin being sore and red. The pimples were itchy and bothersome, causing me to scratch, leaving my face disfigured with blotches.

"This trouble lasted about three months and I used several remedies, but without relief. Then I read about Cuticura Soap and Ointment and sent for a free sample. I bought more and after 1 1/2 weeks used two cakes of Cuticura Soap and one box of Cuticura Ointment I was healed."

(Signed) Mrs. Severin Lajoie, Box 266, Grand Falls, N. B.

Sample each Soap, Ointment and Talcum free. Address Canadian Depot: Lyman Agencies, Limited, 288 St. Paul Street, W., Montreal.

WHAT'S WRONG?—THE ANSWER.

- Grenville Kleiser. Too many nostrums, Too many cooks, Too many dreamers, Too many crooks, Too many shirkers, Too many shams, Too many tipsters, Too many lambs, Too many talkers, Too many scribers, Too many scoffers, Too many bribes, Too many critics, Too many flaws, Too many taxes, Too many laws.

THE GOOD, CLEAN OUTDOORS OF THE OPEN SPACES.

With a pretty turn of the pen "Joe" Howe, the Nova Scotia orator and statesman, would return to his plow and become more virile in phrasing in his newspaper, the Nova Scotian, than when he tarried too long on the North-West Arm. Mr. Howe lived as far out of Halifax as does Walter Armitage out of Sherbrooke, and from that distance he was able to have a clear look at himself.

Why does Nova Scotia loiter in the path of progress? They are men of fine physique, of open countenance and square dealing—lovable and likable men—but they even allow their banks to love them and leave them, whilst their moneyed men move away to Toronto or Montreal, or London, to become financial or political leaders in other climes.

The why? Just the inertia which comes from the germ of public ownership of the leaning on a railway which was built with other people's money, and for which they did not have to earn or save a dollar.

The allure of the city for the boy on the farm usually wears out in the years of adolescence. Who would prefer the smoke and grime, the soot-filled air which hangs like a pall about Mount Royal, to the rarefied, pure air of the hilly country?

Duty calls to the many, but when a head office moves to the city there departs from it an air of distinction, and the staff become as the small toads in a big puddle.

There is no glamour in living within the centre of a huddled mob where rows upon rows of houses elbow themselves one against the other as in the days when it was a task to get down to the job. Yet there are some people who prefer the slums of New York to the free, clean, ventilated streets of the suburbs. It depends upon how they hold their heads and wear their chests.

HIDING IN A HAY STACK.

With a good hay crop in some places, and with very sparse gathering in others the price of hay has gone up at least \$3 per ton as compared with last year. But this government is determined that our farmers shall not advantage by the drought in the United States for they have practically placed an embargo on the freedom of sale by export. A special issue of the Canada Gazette states:

"No person shall export any hay or straw without a license, or any hay or straw in excess of quantity permitted by his license or otherwise than as permitted by such license."

Would that not jar you! The farmers are going to have a touch of that government interference in business which they may have applauded when it is applied to the city bug.

For each export license they must pony up cash for a license from some one of the fifty odd thousand government inspectors who prattle about dipping their noses into the feed bag.

Our opinion is that it is a mighty dangerous experiment to put binder twine on the freedom of the farmers as they perspire in raising themselves from the slough of depression.

However, they still have that freedom—to freely perspire over hard work.

Knowing the farmers' viewpoint, it would be well for the bureaucrats to consult the Editor before making any other forays on farm produce, even to the hay or the straw stack. First thing we know they will want to dip into our oat bins.

SURVIVORS OF THE LEGIONS OF THE KING.

Before me each day there sits the photographs of the veterans of the South African War who survive in and around this English corner of Quebec. Mention was made oftentimes in the corner known as Thirty Years Ago.

These old-timers are all hale and hearty, even

as chirpy as are those eminent veterans of the Fenian Raid, William Hale and H. W. Edwards. Once each year the company gather at the Magog House and dine and wine with each other, with absent companions and departed comrades, whilst Mine Host Ingram gives thought to the best that he has.

It is not generally known, but the last surviving warrior of the Waterloo campaign passed away in Sherbrooke. Gordon Rothney, B.A., travelling in England, sends a clipping from the Aberdeen Press and Journal which recites:

"The last survivor of Waterloo was Lieutenant Maurice Shea. He died at Sherbrooke, Quebec, on February 20th, 1892, aged ninety-eight."

There are still survivors of the Freeman War noted in the record, William Wilkie Freeman, 104 years, lives in Adelaide, South Australia. He is the holder of the Baltic medal. Of the ten only one officer survives, Col. Fitzroy Maclean, K.C.M.G., who is 100 years of age.

There are fifteen survivors of the soldiers who fought in the Indian Mutiny.

Not long since we published an act of heroism by Maurice Shea in Canada before his death.

JACK FROST FIGURES IN THE RESULTS.

Australia has regained the world championship at cricket, and won the test matches played in England, the home of cricket. England won the world championship at tennis, and is not downhearted.

Golfers in the United States have again and again captured premier honours in England and Scotland, the homes of golf.

Are they downhearted? Never.

In both golf and cricket there is a winter hiatus in England just as there is in Canada, for we ourselves have only reached the higher strata of prowess since we adopted indoor games of a similarity during the winter months.

In both the United States and Australia they can play outdoor games all the year round, games where practice makes perfect.

EDITOR'S NOTE BOOK.

Being proud of the prowess we had in our youth is no shame to any man. That may be why we mingled in the private affairs of our venerable friend, Lieutenant Edwards, of Ayer's Cliff, who had many other attributes than being a perennial winner of silver cups, of money prizes, of badges and of rifles—the shooting things which thrilled us in our Robinson Crusoe reading days—of our disillusion of Swiss Family Robinson, where they had so much providential luck that we emerged or became sadly awakened to the fact that there was no Santa Claus.

Wherever a Tory officeholder is found in Ontario Mr. Hepburn is after him with a sharp stick. The virulence of partisan hatred is akin to a family row, which is even worse than a religious difference. Shortsighted are the politicians who indulge in office removals for purely partisan reasons, for they make more enemies than they gain. Morally such dismissals are despicable. Politically they are foolish and imbecilic.

In the Province of Quebec, in not one single county constituency, has Mr. Cahan, the Secretary of State at Ottawa, appointed an English Returning Officer—no, not one. Some of his appointees are notoriously incompetent, inconsequential and without the executive skill required in the simple matters of election organization.

By all the demagogic tricks of putting anathema on the brows of the industrious, the mayor of a city may collect bouquets from those who just dote on that sort of thing. Ten years from now, if the ratepayers adopt his mad ideas, they will be building snowball edifices of him.

The Right Hon. Arthur Meighen said that the Hydro-Power investigation in Toronto was merely the Grit vengeance for the Beauharnois revelations. Yet some people will refuse to learn not to touch the live wire.

DRIVER KILLED, FIVE HURT IN AUTO SMASH-UP

John Lamb Froot, of Montreal,
Met Tragic Death Early This
Morning, when Automobile
Plunged Over Embankment at
Crawford's Corner Near City
Limits on Montreal Road.

John Lamb Froot, thirty years
old, of Montreal, was instantly killed
and several persons were injured
when the automobile in which
they were returning to Magog from
the Sherbrooke Fair at three o'clock
this morning failed to make the
curve at Crawford's Corner, a short
distance outside the city limits on
the Montreal road and plunged
down an embankment.

The automobile, swerving off the
highway, scared off six fence posts,
a telegraph pole and tore the limb
off a tree before plunging down a
thirty foot embankment and land-
ing in a brook below. In some
miraculous manner, the car did not
invert. The front of the vehicle
was severely smashed and the
hood top was found fifty feet from
where the car came to a standstill.

Three people are confined to the
Sherbrooke Hospital. They are
James Ray, of Magog, suffering
from cuts and bruises; Omer Lauzon,
of Magog, injured in the back and
Mrs. Stephen Bankley, of Magog,
probably fractured wrist. Mr.
Bankley and Norman Kennedy,
the latter of Granby, were less seriously
injured and allowed to leave
the hospital after their cuts and
bruises had been treated.

Froot was chauffeur for Howard
Murray, who has a summer residence
on the Georgeville Road near
Magog and who resides at 51 Bel-
videre Road, Westmount, Montreal.

Froot, according to information
obtained by local police this morning,
took Mr. Murray's car without
permission, and with his friends
drove to Sherbrooke to attend the
Fair. They started for Magog at
about three o'clock this morning.
The night was foggy, and Froot ap-
parently failed to see the curve at
Crawford's Corner. The car struck
the shoulder of the road, moved
down the fence pickets snapped the
telegraph pole and then ripped off
the limb of a tree before careening
down the thirty foot embankment.

Leonidas Bachand, district cor-
oner, will hold an inquest this after-
noon.

CLARENCEVILLE

A very enjoyable card party was
held at the home of Mr. and Mrs.
Aubrey Hunter under the auspices
of St. George's Guild. Five hun-
dred was played at ten tables with
the following prize winners: Mrs.

Graham Macfie and Mr. Miles
Derick. Refreshments were served
by members of the Guild.

Mrs. Willis Hewson and two chil-
dren, of Trenton, Ont., are guests
of Mr. and Mrs. Henry Hewson.
Miss Margaret Hewson, of Lacelle,
is also a guest of Mr. and Mrs.
Hewson.

WISE COUNSEL WAS GIVEN BY JOHN HACKETT

Popular Member of Parliament
for Stanstead Was Guest-
Speaker at Luncheon Tendered
Young Breeders at Exhibition
Grounds.

"To live, to exist, to make one's
self felt, one must strive. Men
perish not through hardships, but
through soft living," declared John
T. Hackett, Member of Parliament
for Stanstead, addressing a gather-
ing of smart young breeders at a
luncheon held in the Arena building
of the Exhibition yesterday after-
noon.

Canada, Mr. Hackett admitted,
was still in the throes of a so-called
"great depression," but he felt con-
fident the country would emerge
from the dark clouds of this depres-
sion a better country, possessed of a
stronger faith—"of that faith which
makes a nation great."

The members of the Boys' Calf
Clubs who took part in the Provin-
cial Judging Competition were the
guests of the Sherbrooke Rotary
Club yesterday afternoon, and at
the close of the meeting the prizes
won in the various competitions
were announced and distributed by
Stephane Bolly, president of the Calf
Club Committee.

The three teams, which will take
part in the inter-provincial judging
competition at the Toronto Exhibi-
tion in the fall, are as follows: beef
cattle, Edgar Mulligan and George
Stephens, of the Quyon Club, Pon-
tiac-Hull division; dairy cattle, Wil-
frid Hadlock and Hermin Hadlock,
of the Iron Hill Club, Bromo district,
and in the swine, Julien Hardy and
Sorel Richard, of the St. Basile
Club, Portneuf section.

R. G. Davidson presided over the
luncheon.

It was an inspiring address which
Mr. Hackett delivered to the young
breeders—youngsters who have car-
ried on an important phase of the
agricultural activities of the Sher-
brooke Fair this year, and who will
one day be responsible for the
agricultural industry of this provin-
ce.

The message which Mr. Hackett
had to deliver was essentially for the
benefit of breeders. It was addressed
directly to them. It contained a
wealth of sound logic. "In these days
when a steady stream of criticism is
being directed at our institutions, it
would be well for you to remember
some of the difficulties which our
country has overcome and by which
coming made possible our being here.

"We all know that times are hard,
money is scarce and not available,
and many of the comforts and lux-
uries of life have been snatched from
us. Over us is a phase of the
fatigue of weariness and sometimes
of despair.

"However," Mr. Hackett contin-
ued, "in spite of this so-called de-
pression, the general condition of
the country throughout the world is
better today than it was in the
beginning of the century. Are there
fewer people in our country today than
there was ten years ago? No. We
are all here. Is there any dreadful
malady in Canada today, striking
down vigorous youth and man? Are
we in peril of war, of being over-
run by an oppressor? Is there, in
this country of ours, any great
number of people going hungry and
insufficiently clothed? Do you see
any great reason, when one deals
with the essential things, to make
one feel depressed and dejected? I,
for one, do not see any such
reason."

"Ask the farmer of today if he
wants to go back twenty years,
when there were no good roads,
when the automobile was practically
unknown, when agricultural imple-
ments were not in use. Ask the
man on the farm, who has modern
conveniences, if he would prefer to
go back to the days of yore. They
will tell you, no."

Four hundred years ago coura-
geous adventurers came and discover-
ed Canada. They redeemed this
country from the wilderness. They
put up with climatic conditions that
were rigid, terrible. They confronted
enemies, trials and tribulations in-
numerable. Can our hardships today
be compared with theirs?"

Depressions, Mr. Hackett said,
were "episodes in life given to man
to test his faith." There was nothing
so vital to humanity as faith. "And
now we are called upon not only to
show our faith in God, but to show
our faith in our country, Canada,
and in ourselves. I am as sure as I
can possibly be, that a race of men
and women possessed of a strong
faith will emerge from this depres-
sion. Within a few years this coun-
try will be 'rediscovered,' as it was
discovered four hundred years ago.
Our faith is being strengthened and
revived, and the country is relying
on you," Mr. Hackett said, strik-
ing his final note, "you, the young
breeders, the boys who will one day
head the agricultural industry of
Canada, that the sacrifices of those
who came before us may not have
been in vain."

The prizes were then presented to
the boys, who were highly gratified
with the welcome given to them by
the President and Directors of the
Fair.

FLYING WITH LINDBERGH DEPICTED BY HIS WIFE

Travel Article Deals with Humo-
rous Aids of Famous Couple's
Many Exploits.

Washington, August 31. — Mrs.
Anne Morrow Lindbergh, tempo-
rarily turned author, has undertaken
in gay, intimate paragraphs to de-
scribe her famous husband.

The aloof Charles Lindbergh em-
erges as a friendly person, when
pen-pictured by his wife in her first
travel article. In it she re-enacts
their last summer swing by air
around the north Atlantic.

In snatches, Anne depicts whole
incidents. Lindy, by mistake, landed
at an out-of-the-way point, other
than the one for which he aimed.
A lonely Greenlander asks as a
favor that Lindbergh carry a letter
for him, and adds to Anne when
the favor is granted: "It is too bad
that I did not think to send a goose
by the flier."

Halfway across the fearsome
Greenland ice-cap, Lindy hands
back a note of comfort to his wife:
"Every five minutes we save a
day's walk."

A foreword by Charles lets you
in on the full meaning of this joke
the Lindberghs, in emergency
equipment, had prepared to walk
halfway across that ice-cap if ne-
cessary.

When the air-ace spends five
hours going the 40 miles between
Amsterdam and Rotterdam, his wife
remembers it as a fine chance to
poke a little fun, as follows:
"We were trying to reach Geneva
through what I considered a very
thick fog, but which my husband
said 'wasn't bad at all.' Perhaps it
wasn't bad. I only knew we spent
a great deal of time circling small
ponds under the mist. I thought
we were about to make a forced
landing, but my husband said he
was looking at castles."

HONORS ARE CONFERRED ON OFFICIALS OF PROVINCE

R. A. Benoit, Registrar of Quebec
Legislative Council, Named
Chevalier of French Legion of
Honor.

Quebec, Aug. 31.—R. A. Benoit,
registrar of the Quebec Legislative
Council, was today named a chev-
alier of the French Legion of Honor
by Pierre-Etienne Flandin, French
Minister of Public Works and In-
terior, in the presence of the
Minister of Agriculture, and the
Jacques Cartier celebrations.

Several other honors were con-
ferred on Province of Quebec of-
ficials by Mr. Flandin before he de-
parted for Three Rivers and Mont-
real with the French delegation.
Hon. Adolphe Godbout, Provincial
Minister of Agriculture, was nam-
ed commander of the Merite Agri-
cole, while Dr. Alfred Morisset,
registrar of the Quebec Executive
Council, was made an officer of the
French Academy.

Other appointments were Dr. Ar-

of Honor, Philippe Roy, Canadian
Minister to Paris, officer of the
Merite Agricole, Maurice Hebert,
officer of Public Instruction, and
Joseph Barnard, editor-in-chief of
l'Evenement officer of Public In-
struction.

Earlier in the day Mr. Flandin
awarded the grand cross of the
Legion of Honor to Hon. L. A. Tas-
chereau, Prime Minister of Quebec.
Cardinal J. M. R. Villeneuve, Arch-
bishop of Quebec, was awarded the
grand cross earlier in the week,
while on Monday Henri Gagnon,
resident of the Canadian Press and
managing director of the news-
paper Le Soleil, was made an of-
ficer of the Legion of Honor.

MISS F. BRADLEY PICKED TO WIN QUEBEC TITLE

Sherbrooke Ladies' Singles Champion Conceded Excellent Chance to Capture Provincial Junior Women's Tennis Championship This Afternoon in Montreal.

Montreal, August 31.—Local pre-dominance in minor provincial tennis circles appeared at an end today following the impressive exhibition given by two Eastern Townships contenders in competition this week. Today a Sherbrooke girl, Miss Frederica Bradley, and a Sutton youth, Alfred "Buddy" McKay, had reached the final round in the junior women's and boys' singles events, respectively, and appeared destined to carry two titles away from Montreal.

Miss Bradley, a tall, strongly-built athlete, pounded out an smashing 6-0, 6-1 victory over Miss Kay Clifford, of Westmount, yesterday. On her march to the finals, Miss Bradley did not drop a single set and in the six sets she has played with three opponents has lost but eight games, winning three of these sets at love and two others with but the loss of only one game.

The Sherbrooke municipal title-holder is conceded an excellent chance of winning the provincial crown this afternoon when she meets Miss Rosette Renshaw, petite fifteen year old Stratford Tennis Club entry. Miss Renshaw, also a finalist in the girls' singles final, blasted her way into the other final berth with a 6-3, 8-6 win over Miss Betsy Cooper, of Mount Royal.

McKay, a protégé of "Bill" Crocker and the former Davis Cup player's doubles partner in the 1933 Eastern Townships tournament, and Ross Benjamin, of Lachine, are finalists in the boys' singles competition. McKay scored a 4-6, 6-4, 6-0 victory over Sandy Campbell, of Loyola, yesterday and Benjamin eliminated R.N. Watt II, eleven-year-old Mount Royal youngster, whose brother and father, Laird and R. N. Watt, hold the United States father and son championship. Benjamin won by scores of 6-4, 6-4.

George Robinson, of Westward, and Roger Durivage, of Verdun, rival sixteen year olds who hold more promise than any other players of their age in the Dominion will meet this afternoon for the first time this season when they face each other at the Outremont Tennis Club in the final of the provincial junior men's championship Robinson won last year.

In addition to being their first engagement of the year, the match will also be the first between the two since Robinson defeated the Verdun youngster last August in the final of the provincial boys' crown. This year Robinson has developed into the outstanding junior player of the country, while Durivage captured the Dominion boys' title at Toronto in a tournament that Robinson was ineligible to enter. The Westward youth captured the Eastern Canada, Ontario and Dominion junior crowns in July and in two weeks ago added the Western Canada title, to his string with a victory at Winnipeg.

Robinson progressed to the final yesterday with the loss of only eight games in five sets. In a delayed quarter-final match played in the morning, he swept aside J. Amiot, of Ste. Anne, in a semi-final, by 6-1, 6-4 and he was not extended in defeating hockey Paul Cosky, of Canadien, by 6-1, 6-3, in a match in which Cosky's greatest bid came in the third set when he held Robinson to three-all.

Durivage had more difficulty in hurdling his semi-final round opposition. The smiling Verdun youngster faced strapping Jacques Carignan, of Lachine, and was forced to apply all his court craft and stroking ability before winning out by 6-1, 6-4, 7-5. Carignan displayed a booming service and hard-hitting back-court game but he was unable to equal Durivage's all-round stroking and clever play at the net.

PERRY AND WILDE WILL PLAY IN MONTREAL

Montreal, August 31.—Fred Perry, England's ace tennis player, and Frank H. D. Wilde, his partner in the recent United States national doubles championships, will play against a team of picked Canadian stars here on September 10. The two English net stars will be accompanied by two or three leading United States players or by three of the English women players at present in the United States, the Province of Quebec Lawn Tennis Association announced today.

PROSPECT OF ALL-BRITISH LADIES' FINAL

Rye, N.Y., August 31.—The possibility of an all-British ladies' singles final loomed today following victories of three English girls in quarter-final matches of the eastern grass court tennis championship tournament. Facing the foreign threat is a home American, Baroness Maud Levi, of Minden, Nev., who clashes with Katherine Stammers today, while in the other semi-final contest Betty Nuthall is pitted against Freda James in an all-English match.

Miss Stammers eliminated Jane Sharp, of Pasadena, Calif., yesterday by scores of 6-3, 6-1; Miss Nuthall scored a 6-2, 6-1 victory over Theodora Smith, of Oakland, Calif., and Miss James trounced Norma Taubele, of New York, by a count of 6-0, 7-5.

Davis Cup team-mates only a few weeks ago, Frank Shields and George Lotz found themselves on opposite sides in the semi-final round of the men's singles competition.

Lotz owed his presence to his ability to whip Berkeley Bell, the former Texan. The Chicago veter-

YANKEE HURLER RECORDED 23RD MOUND VICTORY

Vernon Gomez Limited Washington to Five Hits Yesterday to Become Leading Pitcher of Both Major Leagues—Detroit Came from Behind to Humble Cleveland.

So long as they have the not-so-gooey Vernon Gomez on the job it seems certain the New York Yankees won't let themselves be counted out of the American League pennant race until the last possible moment.

On the records of games won and lost, Gomez is rated as the leading pitcher of both major leagues with twenty-three triumphs against three losses. His latest achievement was to record victory number twenty-three yesterday with a five-hit nothing performance that carried the Yanks through to an eight to two victory over the Washington Senators. That put him one up on his nearest major league rival, "Dizzy" Dean, of the St. Louis Cardinals, who has won twenty-two games.

The only way in which Gomez failed yesterday was that he couldn't make his club gain an edge. Detroit Tigers, who came from behind in the usual manner to pound out a six to one decision over Cleveland in the only other major league contest.

Detroit had a stiff struggle for six innings as Monte Pearson gave only four hits and Earl Averill smacked his twenty-second homer to put Cleveland ahead in the fourth frame. But from that point on the Tigers began to make it look easy. They bunched three timely blows with a sacrifice, an intentional pass and an infield out to take the lead at two to one in the seventh chapter and added four more tallies, driving Pearson to cover, in the eighth stanza.

The other four American League clubs and the entire National League had an open date following the end of the east-west series. For the senior circuit it prepared the water and added four more tallies, driving Pearson to cover, in the eighth stanza.

Final arrangements are being made this week-end for the Sherbrooke Country Club ladies' field day next Tuesday. The competition is open to all lady members and the committee in charge of the event is hopeful that an exceptionally large number of ladies will participate. This feature is one of the final competitions of the ladies' schedule.

HUOT WON CANADIAN OPEN TITLE

Montreal, August 31.—Julius Huot, Kent Golf Club, Quebec, professional, today has two championships to his credit. Yesterday afternoon the "Little Napoleon" of Canadian professional golf annexed the national open title to add the Dominion laurels to the prestige he gained here last week when he led much the same field of professionals and the pick of local amateurs in the Quebec open tournament.

Huot posted a 72-hole aggregate of 279 to lead his nearest rival, Lex Robson, of Toronto, by six strokes. Tied with the Toronto pro when the final round was started yesterday morning, Huot produced eighteen-hole cards of seventy and sixty-eight, while Robson faltered in the afternoon round and needed a seventy-three after recording a seventy in the morning to finish with 285.

an, known as a great doubles player, metopped up Bell for the eighth consecutive time in the quarter-final by 6-1, 6-3. Shields, meanwhile, was trouncing Clifford Sutter, twice winner of the eastern grass court title, by 6-0, 6-4.

The other semi-final engagement brought together two of the game's younger generation, Frankie Parker, of Spring Lake, N.J., and Gene Mako, of Los Angeles, intercollegiate and junior champion. Mako blasted his way past J. Gilbert Hall, of South Orange, N.J., in the only major surprise of the day. Hall was beaten by scores of 6-4, 7-5 after creating a sensation on Wednesday by eliminating the second seeded player, Lester Stoenen.

Parker was in complete control of his match with Jack Tidball, of Los Angeles, and scored a convincing 6-1, 6-3 triumph.

GRANBY LADIES DOWNED LOCAL GOLF PLAYERS

Friendly Inter-Club Competition at Granby Yesterday Afternoon Resulted in Five-Point Victory for Home Team Over Sherbrooke Country Club Squad.

Granby, Aug. 31.—The attempted bank hold-up which terrorized local citizens yesterday afternoon did not affect the lady members of the Granby Golf Club nor their friendly opponents, a visiting delegation from the Sherbrooke Country Club. The brand of golf the local ladies played almost led one to believe that bank robberies were a usual occurrence in this peaceful little centre. They posted scores which bettered Sherbrooke aggregates in five of the eight matches played and emerged with a fourteen and a half to nine and a half victory. Two Sherbrooke ladies, the Misses Margaret Cross and Alexandra Newton, scored victories for their club in the friendly competition, while Mrs. Philip M. Robins gained a division of points with her opponent, Miss M. Fuller.

Before the match started the visitors were guests of the local ladies at luncheon at the Windsor Hotel, and after the contest refreshments were served in the club house. Ideal weather made the afternoon's play most agreeable and very satisfactory from a Granby viewpoint.

LARGE ENTRY EXPECTED FOR LADIES' FIELD DAY

Final arrangements are being made this week-end for the Sherbrooke Country Club ladies' field day next Tuesday. This feature is one of the final competitions of the ladies' schedule.

GEHRIG WITHIN ONE POINT OF "BIG SIX" LEADERSHIP

While Lou Gehrig lifted his batting average three points yesterday and stopped just one short of tying Paul Waner for the "Big Six" lead, his American League rivals skidded into a three-way tie for fourth place in the sextette as the two who played both last ground, Gehrig hit three times in four attempts. Heinie Manush lost two points, with no hits in four times up, and Charlie Gehringer dropped two marks with one blow in five tries. This pair slipped into a tie with the idle Al Simmons for the third American League berth. All three National League entries were idle.

The standing to date follows:

ALBANY PRACTICALLY ASSURED OF LAST PLAY-OFF BERTH

Despite the loss of four out of five games with Newark, the Albany Senators appeared today to have virtually sewed up the fourth and last qualifying berth for the International League play-offs.

While the Senators were dropping both ends of a doubleheader with Newark, their chief rival, Buffalo, was bowing to the Rochester Red Wings for the third consecutive time and the net result was to leave Buffalo two and a half games away from fourth place. Albany now only ten games to play, all with the two tail-end clubs, Baltimore and Syracuse, while Buffalo's twelve remaining engagements take the Bisons against Montreal in four games at Montreal; against Toronto in four games at Toronto, and against Rochester in four games at home.

In stretching their lead over Rochester to three and a half games Newark tossed Albany by eleven to nothing and by seven to six scores.

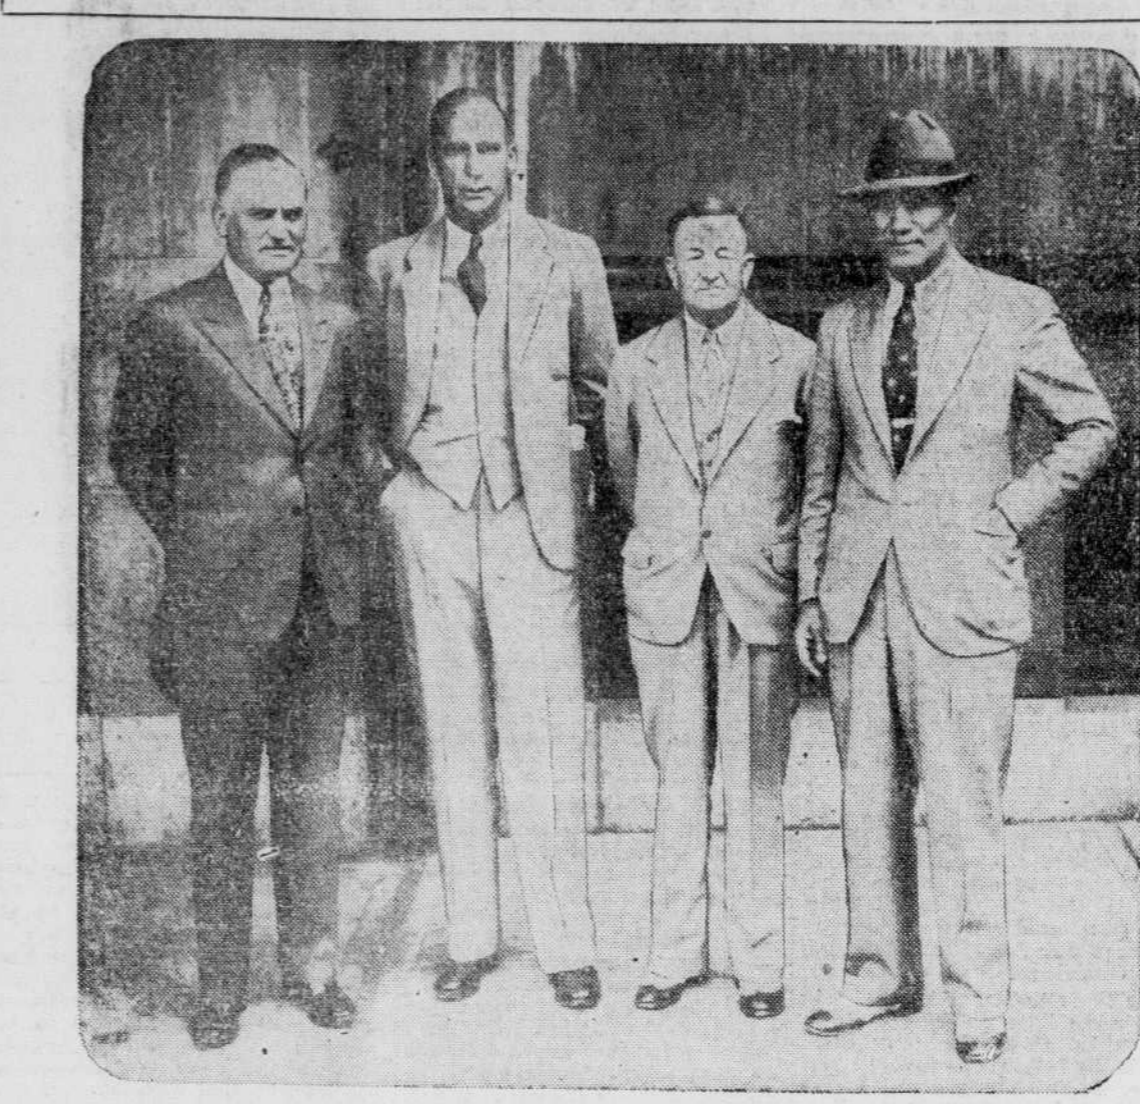

Home runs by Ival Goodman and Johnny Mize featured a ten-hit attack and gave Rochester its victory over Buffalo by a nine to six count. Jim Winford and Ray Harrell gave Buffalo only six hits but issued ten passes.

Syracuse earned two decisions over the Baltimore Orioles. The Chiefs won the first game by nine to three with Tim McKeithan nailing effectively, and captured the second contest by nine to eight, after spotting the Orioles seven runs in the first two innings.

YESTERDAY'S STARS

Outstanding figures in yesterday's major league games were: Billy Bogell, Tigers. Hit a homer and two singles, scoring two runs and batting in two ladies in triumph over the Indians.

A QUARTETTE OF NOTABLE "SPORTS"

A benefit lacrosse match in Toronto recently in aid of the families of firemen killed in the oil company disaster brought together some of the veterans of the game. From left to right—above are Leo Dandurand, head of the Canadian hockey team; Lionel Conacher, noted all-around athlete; Gene Gauthier, the daredevil of the old Nationale team of Montreal, and "Newsy" Lalonde, star of the ice and lacrosse field.

COATICOOK DUO ATTAINED SEMI-FINALS BERTH

Charlie Audet and Albert Gosselin Triumphed Over Strong Sherbrooke Partnership Yesterday to Advance in Men's Doubles Event — Play Well Advanced in All Events.

Despite the inclement weather which handicapped play in the Eastern Townships tennis championships tournament and retarded activities an entire day, the committee in charge of the annual classic has arranged matches in order that a number of final-round contests will be played on Sunday. Competition has narrowed down sufficiently in the two men's events, which attracted the largest number of entries, to assure semi-final games tomorrow afternoon.

Five players are still in the running for the Sherbrooke Record trophy, emblematic of men's singles supremacy. Billy Hammond, who provided the major upset of the tournament by defeating "Bill" Beck, the finalist against "Bill" Crocker last year, reached one of the semi-final berths yesterday afternoon by scoring a straight set victory over Tom Bolly, who had gained the quarter-finals by sweep of two defeats. Hammond will clash with Armand Ledoux late tomorrow afternoon in one semi-final engagement.

In the upper section of the draw Johnny Hibbard advanced a step by registering a two-set conquest over the last out-of-town entry, Charlie Audet, of Coaticook. Hibbard met "Mac" Dunsmore, who defeated him in the recent city tournament, this afternoon and the survivor will face Bob Dunsmore in the other semi-final encounter tomorrow afternoon.

Audet and his Coaticook partner, Albert Gosselin, a seeded pair in men's doubles, lived up to their ranking yesterday when they took the measure of a strong local combination, Paul Courcheene and Rena Robert. The Coaticook tandem snowed more co-ordination than their opponents who were playing together for the first time this summer and walked out a straight set verdict.

At the Country Club, 5 o'clock, Court No. 1: R. Dunsmore will play winner of M. Dunsmore vs. J. Hibbard; 6 o'clock, court No. 2: W. Beck and C. Gosselin vs. C. E. Audet and A. Gosselin.

At St. Francis, 2:30 o'clock: A. Ledoux and P. Biron will play winners of Hibbard brothers vs. Courcheene brothers; 5:30 o'clock, Ledoux vs. W. Hammond.

PLUCKY ONTARIO WOMAN AVERTS DOUBLE TRAGEDY

Bancroft, Ont., Aug. 31.—Silk stockings—hastily stripped from her own legs, a scarf, a broken oar, and two sturdy arms backed by plenty of grit and determination were all combined by Miss C. Folcard, of Picton, plucky employee of the Ontario Mothers' Allowances Commission, to effect the thrilling rescue of Dr. F. Hopkins and George Bradshaw, two Illinois tourist-holiday-makers from the storm-tossed waters of Pudas Lake.

Dr. Hopkins and Bradshaw were fishing from a canoe when they had a strike and when one of the fishermen shifted position to work his reel the small craft overturned. The strong wind drove the canoe out of their reach as they floundered in the water, but Miss Folcard saw their plight as she was driving along the road on shore in her auto.

Dr. Hopkins was nearing exhaustion in holding up the unconscious Bradshaw when Miss Folcard reached them in the ancient punt. The woman fashioned a rope by tearing her hosiery off and using her neck scarf. Bradshaw was fastened to the rear of the punt and the woman managed to haul the doctor aboard.

With the broken oar she managed to make shore in the rough waters, partially resuscitated Bradshaw and then started a fire with driftwood while the doctor was recovering from his experience. Miss Folcard and Dr. Hopkins succeeded in bringing Bradshaw to consciousness.

In the final with the survivors of this match between Miss Frederica Bradley and "Bill" Beck against Miss Gertrude Joyal and Majella Charest.

The detailed results of yesterday's games are: Men's singles: J. Hibbard defeated C. E. Audet, Coaticook, 6-1, 6-3; W. Hammond defeated T. Bolly, 4 0, 6-4.

Men's doubles: C. E. Audet and A. Gosselin, Coaticook, defeated P. Courcheene and R. Robert, 6-3, 4-6, 6-4.

Mixed doubles: Miss A. Tremblay and A. Ledoux defeated Mrs. W. Buddell and D. Price, 6-4, 5-7, 6-1.

The matches scheduled for tomorrow afternoon are: At the Country Club, 5 o'clock, Court No. 1: R. Dunsmore will play winner of M. Dunsmore vs. J. Hibbard; 6 o'clock, court No. 2: W. Beck and C. Gosselin vs. C. E. Audet and A. Gosselin.

RAINBOW HOLDS BIG LEAD OVER BOSTON YANKEE

Vanderbilt Entry in Final Trials to Select an America's Cup Defender Credited with Two Triumphs and One Defeat in Competition with Boston Craft.

Newport, R.I., August 31.—The Rainbow entered the home stretch of the final trials to select an America's Cup defender today with her sail locker enriched through the sporting instincts of Frederick Prince, owner of the Westmore, eliminated from the trials last week. Prince offered the use of Westmore's canvas to both the surviving defense candidates, the Rainbow and the Yankee of Boston.

Harold S. Vanderbilt, managing owner of the Rainbow, promptly accepted several pieces of canvas including a big Genoa jib from Westmore's wardrobe. The Rainbow, although constructed this year, has been competing without a new main sail. She has been using the canvas employed by the Enterprise, successful defender of 1930, to a large extent although she is known as the boat supported by "seventeen millionaires."

Among her owners are the Vanderbilts, Harold S., Frederick K., William K., and Alfred Gwynne, and J. P. Morgan, Edward S. Harkness, George F. Baker, George Roosevelt, Joseph F. Day, Walter P. Chrysler, Ogden Mills, Marshall Field and Alfred P. Sloan, Jr.

The Yankee's afterguard did not avail itself of Prince's offer although she was financed with the utmost difficulty and did not receive adequate financial support until she had piled up an imposing string of victories. It has been said of the Boston boat that she came to Newport with a shoe string for a main sheet.

If there is a sailing breeze, the Rainbow and the Yankee are expected to cross the starting line today in their fourth meeting of the final trials. The Rainbow, as a result of her victory yesterday by a margin of two minutes and twenty-one seconds, was credited with two triumphs and one defeat in final trial competition with the Yankee, sailed by Charles Francis Adams, former United States Navy Secretary. The Yankee still has a wide edge on the basis of the earlier series.

wood Hughes, who graduated only recently from sports promoter to general manager of the Canadian National Exhibition, went back to straight promoting today in an effort to settle something or other about the Bobby Pearce-Bill Miller sculling title race. One of the biggest attractions of his show, the sculling race went temporarily off the cards yesterday when Miller was told by his doctor he would not be able to get into a shell for the rest of the week. The big Philadelphian, former United States amateur champion, took a severe cold following a tumble into Lake Ontario. So it appeared on the surface that the race merely would be postponed from today until some day next week when Miller was recovered. But Pearce put an ear into the troubled waters last night and intimated he would race today or not at all. The great Australian, refraining from making any public appearance, was reported to have told Mr. Hughes there had better be an opponent ready for him today or the Pearce crown would go back on the Pearce shelf and remain there. Bobby said he had trained himself to reach perfection on this day of defense. Chardon, O., Aug. 31.—Drought or no drought, the Hoover brothers in Troy township have just dug up 428 bushels of Irish cobbler from a single acre. It's their bid for the northern Ohio potato championship.
