## France Gives De Gaulle Overwhelming Backing Worst Setback For Reds

### Six-Month Record Of Government Gets First Byelection Test

OTTAWA (CP)—The six-month record of the Progressive Conservative government received its first byelection test today in the Quebec constituency of Montmagny-Ilelet and in Ontario's Grenville-Dundas riding.

The Ontario seat has been Conservative since it was created in 1924 and the Quebec seat Liberal since its formation in 1953.

Voting began at 9 a.m. EDT and went to end at 7 p.m.

The byelections come six months after Prime Minister Diefenbaker led his party to the largest Commons majority in Canadian history March 31, taking 208 seats including 50 of the 75 in traditionally Liberal Quebec.

In Grenville-Dundas, Progressive Conservative Mrs. Jean Casselman, 38, is bidding to become the third woman member of the present Commons. A Clair Casselman, her late husband, was first elected in 1921 as a Conservative and represented the constituency from its inception in 1924 to his death last May 11 in a record 11 general election triumphs.

ST. PAUL, Que. — Finance Minister Fleming Sunday asked the voters of Montmagny-Ilelet federal constituency to endorse the 15-month record of the Progressive Conservative government including its "scrupulous respect for the constitutional guarantees of the French language and culture."

The overall record is one "not equaled in any similar period of time in Canada's history," he asserted in addresses at St. Paul and Montmagny on the eve of byelection balloting today.

Mr. Fleming said that the riding, Liberal since it was formed 25 years ago, has another chance to align itself with the majority of Quebec voters and Canada.

Fifty of Quebec's 75 seats were part of the Conservative total of 203 recorded March 31.

He threw an 18-point list of charges at the previous Liberal governments as evidence of their lack of foresight, vision and planning. Then Mr. Fleming, who speaks fluent French, ticked off these points as indications of government success:

**TAXES CUT**  
Parliament has been transformed, taxes cut and civil service.

PARIS — (AP) — Premier de Gaulle has won his fight. Returns from the most sweeping referendum in French history today gave him a resounding personal triumph and a strong constitution for a new Fifth Republic.

The Fifth Republic will be proclaimed in the official journal next Sunday. And France will enter into a new, more powerful system of government so daring that many Frenchmen gasped at the conception while they voted their approval by a landslide Sunday.

Voters of continental France approved the new constitution by a margin of almost 4 to 1.

Complete official tabulations in France showed 17,666,828 "yes" votes and 4,624,475 "no" votes. There was a record turnout of 84.9 per cent of the registered voters. Counting all those who went to the polls, including some who cast blank ballots, the new constitution was approved by 78.5 per cent.

**ONE EXCEPTION**  
With one exception — French Guinea in West Africa — the overseas lands of the erstwhile French empire also backed the constitution to the hilt. This set them up with France on the world political stage as a "French community," a sort of global confederation, with commonwealth status and even independence waiting in the wings.

Even the "no" vote of independence-minded Guinea, on a steamy stretch of the West African coast made little impression in the general massive outpouring of approval that exceeded even the most optimistic estimates.

The landslide raised the prospect that de Gaulle, the 67-year-old wartime hero who became premier after a rightist uprising last May, can almost write his own ticket.

De Gaulle's dramatic victory was the worst electoral black eye the Communists have suffered in postwar France. The Communists formed the largest bloc campaigning against de Gaulle's constitution. They said it would open the way to dictatorship.

**DECISIVE BLOW**  
Gaulist leaders hailed the results as a decisive blow at the Reds, who had the biggest single vote bloc—148 deputies—in the 596-seat National Assembly.

Approval of the constitution automatically rejects the old assembly. De Gaulle now has four months of near-dictatorial powers in which he will write a new election law to set a new assembly.

The new constitution makes no provision for the future of Algeria and a heavy yes vote there was simply an expression of confidence in de Gaulle personally.

Early returns from Algeria gave 280,654 votes for the constitution and 6,459 against.

This was clouded, however, by the fact most of the Arabs and Berbers who make up nine-tenths of Algeria's 10,000,000 people are illiterate and were under pressure from the French army to vote yes.

### Constitution For Republic At A Glance

- PARIS (AP) — Gen. Charles de Gaulle's constitution for a Fifth Republic provides for:
1. A much stronger president, elected for seven years by an enlarged electoral body. He could "take measures demanded by the circumstances" in case of grave emergencies. He may also dissolve Parliament in case of a conflict with the government.
  2. A premier appointed by the president, but responsible to parliament.
  3. A two-house parliament with its prerogatives and ability to unseat the premier sharply trimmed.
  4. A "community of nations" including most French overseas territories which approved the constitution and desire to join.
  5. French possessions which reject the constitution get immediate freedom, de Gaulle has promised.
  6. A constitutional council to interpret the constitution in somewhat the same fashion as the U.S. Supreme Court.
  7. The constitution makes no specific provisions for rebelling Algeria, but de Gaulle is to spell out Algeria's future after Sunday's referendum.

### Hurricane Blacks Out Sydney

SYDNEY (CP)—All power in this city of some 32,000 was cut off today and most streets were blocked by fallen trees in the wake of Hurricane Helene's 80-mile-an-hour winds.

There were no injuries. The Cape Breton Post was not publishing. Some restaurants opened at 9 a.m. but could serve only cold sandwiches and soft drinks. Linemen were out in force but there was no indication when power would be restored.

The entire Cape Breton Island was linked by one telephone line. Trees were the biggest problem for city work crews. One tree smashed through a house. Several others pushed in store plate glass windows. Firemen were called to check minor fires in a home and machine shop. Both firemen and police patrolled the business district.

**REMAIN INDOORS**  
Canadian Press correspondent Ian MacNeil called the storm "the worst I've ever seen." Most people were "staying indoors." There were no reports of damage in other parts of Cape Breton.

Helene's winds were gradually diminishing as she pushed onward into the Atlantic.

The worst of the storm passed the Halifax area earlier. There was no serious damage.

The storm winds reached 70 miles an hour in gusts at Shearwater naval air base, near Halifax. Elsewhere in the province, winds kept generally to the forecast 30-40 mile an hour range, out into the Atlantic.

## Chiang Threatens Air Raids

TAIPEI — (AP) — President Chiang Kai-shek said today his Nationalist air force will bomb the Communist guns ringing Quemoy when and if the "crucial moment arises." He added he felt the United States would back him if that time came.

Chiang said this would be when the lives of the 130,000 troops and civilians on the outpost fortress are in danger either from the effects of the Communist artillery blockade or other military action.

"When the crucial moment arises I feel the United States will not fall back on its promises to help," he stated. "But the crucial moment has not yet arisen."

"But we will act on our own regardless (of the U.S. attitude) when it comes a question of life and death."

### 16,000 Out Of Schools In South

By THE ASSOCIATED PRESS  
More than 16,000 youngsters were unable to attend public schools in Arkansas and Virginia today, bringing home to pupils and parents alike the full impact of the long and troubled struggle over integration.

The first wholesale closing of schools in Norfolk, Virginia's largest city, affected 10,000 children. At Little Rock, Ark., an estimated 3,400 were out while 2,750 were affected by the earlier shutdown of Front Royal, Va., high and a high school and elementary school at Charlottesville, Va.

In some instances, particularly in Virginia, makeshift classes are being held in homes and rented buildings. But the overall picture in portions of the two states was grim from the viewpoint of an adequate education.

Elsewhere in the Deep South, hundreds of thousands of children continued to go to school in segregated classrooms while integrated classes were held in some states farther north.

NO OBLIGATIONS  
He emphasized Nationalist China is under no obligations to the United States that would prevent it from taking action it feels necessary for its own defence.

Chiang spoke at his first open news conference since Feb. 7, 1955.

He also made these points:

1. Nationalist China is following a policy of restraint in the face of "heavy losses" by Quemoy's civilians and soldiers.
2. It might agree to a United Nations debate on the Formosa crisis under certain conditions.
3. The Red artillery blockade has been rendered temporarily ineffective by air drops and sea supply efforts.
4. There will never be any need for U.S. ground troops to help defend Quemoy.

Although Chiang said the Red blockade was now ineffective, correspondents on Quemoy said the 5,700 civilians on neighboring Little Quemoy are beginning to run short of food and medicines. Two-thirds of their homes are reported destroyed.

food supplies to the offshore islands to the point where the people and the defenders were facing famine, and if ammunition supplies were cut to the point where the garrison did not have enough reserves to cope with an invasion.

Chiang said China would agree to a UN debate if the hostilities spread and there is evidence the Soviet Union is behind the aggression.

The question of neutralizing Quemoy or Matsu, the other anchor of Nationalist China's island outpost line off the coast of Red China, would not be discussed if any negotiations either by his government or the United States, he stated.

"Without Quemoy and Matsu there would be no Taiwan (Formosa)," he added. "They are our shield. They are purely defensive. If Quemoy and Matsu were not there, the fighting would have already spread deeper into the Formosa Straits and perhaps elsewhere in Asia."

**CIRCUMSTANCES**  
Earlier, Rear Admiral Liu Hsiang-tu, chief Nationalist military spokesman, spelled out the circumstances under which Chiang's air force would bomb Red gun positions on the mainland.

These were: If the Reds cut off

### Known Dead 540 In Japan

TOKYO (AP) — Relief workers recovered the bodies of 200 more victims of typhoon Ida today from the mud and debris of ravaged Izu Peninsula, 70 miles southwest of Tokyo.

This brought the number of known dead reported by the national police to 540 in the week-end storm.

## Britain's Labor Party Ponders Low Fortunes

SCARBOROUGH, England (CP)—Britain's Labor party today opened a conference designed to set its course for a general election that likely will precede its next annual gathering.

Delegates gathered at a time when Labor's fortunes are at an unexpectedly low ebb.

Labor has taken two Conservative seats in byelections in which both Suez and Britain's unpromising financial position obviously played a part. But Suez was history and the economic picture had brightened.

**DISPUTES REVIVED**  
As the party's prospects faded, old factional disputes were revived. Its left wing, badly disor-

ganized by loss of Aneurin Bevan's leadership, a year ago, was renewing its assaults on Hugh Gaitskell's leadership for his failure to hew the line on doctrinaire socialist principles.

Temporarily at least, the rebels appeared united under the banner of Mrs. Barbara Castle, the party's vice-chairman, who appears certain to be elected chairman for the coming year.

On the eve of the conference, two strong voices condemned the party's mounting disharmony. Gaitskell himself appealed to delegates to get down to the business of winning the next election.

"Let us after this week stop arguing amongst ourselves about the merits of our policy and concentrate on putting it across," he told a rally.

A similar note was sounded a few hours earlier by Bevan. The old rebel, who rejected overtures to oppose Mrs. Castle for the chairmanship, formally buried his differences with Gaitskell and called on his former allies to do likewise. He said the question of leadership had been settled and gossip must stop.

### Grounded Carrier Was Only Testing

HALIFAX (CP)—Navy phone operators had a busy time Saturday as breathless callers passed the information the aircraft carrier Bonaventure was aground in St. Margaret's Bay and tilting badly.

The Bonnie, according to the navy, did have a pronounced list but wasn't aground. It was all part of forced tilting or stability tests that followed the carrier's recent drydocking.

### Book About Romance

## Margaret, Peter 'Pledged Love'

LONDON—(Reuters)—A book to be published here today claims that Princess Margaret has pledged "undying love" for Group Capt. Peter Townsend and has told him that she will never marry anyone else.

The author, Norman Barrymaine, a political journalist, is a friend of the 43-year-old airman whose frustrated romance with Queen Elizabeth's sister has made world headlines for years.

In the book, The Story of Peter Townsend, he says the princess made her pledge as the lovers parted on the evening of Oct. 31, 1955. Then she published her decision not to marry him because of her duty to the church and Commonwealth.

**DEEPLY IN LOVE**  
Barrymaine says the princess and Townsend still are deeply in love and are anxious that their

love and friendship should be established in such a way that it is accepted by the court, the church, Parliament and the public. But he predicts that their story will not have the marriage and "happy ever after" ending of the fairy tales.

Barrymaine says Townsend was unwilling to accept Margaret's pledge never to marry anyone else. He wanted her to find happiness and told her that while he was out of England on his two-year world tour he hoped she would meet someone she wanted to wed.

When he returned early this year and met Margaret again both reiterated that the 1955 renunciation of marriage still stood.

Barrymaine records that after his return from his travels, Townsend said "he saw no reason why, for example, he should

### Government Cracks Down On Poachers

HALIFAX (CP)—Fisheries department officers are bearing down on Maritime lobster "poachers" engaged in a brisk black market in shellfish.

A department spokesman said Sunday "we are having a grim year" in northeast New Brunswick and northwest Prince Edward Island. Poachers, who trap the shell fish in closed season areas and land and sell them in open zones, have countered department measures with violence.

T. C. Collette of Newcastle, N.B., retired fisheries protection officer for Gloucester, Restigouche and Northumberland counties, says the situation is "a bit worse this year on account of hard times. The illegal fishermen are trying to make a dollar for the winter."

He said one officer was injured when a fisherman pulled a knife. Another, who tried to inspect a fishing boat, was clubbed over the head with a shovel. "Patrol boats have it pretty rough."

Ten days ago Fisheries Minister MacLean issued a stern warning against "flagrant poaching" and violence. He said "strict action" would be taken against offenders.

An unusual department announcement quoted Mr. MacLean as saying:

"Such attempts to obstruct or intimidate law enforcement officers show no regard for life and property and will not be tolerated."

Yawn: Nature's provision for letting married men open their mouths.

# Show Business

By BOB THOMAS

HOLLYWOOD (AP) — Supposing all husbands sat down stubble-chinned at the breakfast table and said to their wives: "I don't care what you say, I'm going to grow a beard!"

The wives might scream, along with the razor and electric shaver makers. But actress Vera Miles says it would be a great thing. Her reasoning: It would help make the male the dominant sex again.

"Women have taken everything from the male province — short hair, long pants, all kinds of things," she said. "Here at last is something that can be entirely the men's."

**MARK OF MANHOOD**  
"What could be more masculine? Even in the days when the males wore frilly shirts and lacy cuffs with handkerchief stuck in them the men were masculine. Why? Because they wore beards."

"If a man is slightly henpecked — and my husband isn't; who could henpeck that monster — his defiant growing of a beard might be just the thing to restore his power in the house."

The "monster" she spoke of visited her on "The FBI Story" set and demonstrated why Vera started her hirsute hallelujah. He is Gordon Scott, onetime smooth-shaven Tarzan of the apes. Now he sports a luxuriant beard and moustache.

He explained: "When I quit the Tarzan series, I wanted to get as far away from it as possible. The only way I could get producers to look at me differently was to change my appearance. And it has worked. I've had some pretty good offers for Westerns."

**OPPOSED AT FIRST**  
"I was against it at first," Vera admitted. "But now I think it looks terrific."

"How is it for kissing?"  
"After the first few days of stubble, you hardly notice it at all," she said. "The beard becomes nice and silky."

## Judge Shows Leniency To Family Man

Laurent Duplin, 39, of St. Mathias, unemployed father of 10 children, Friday was sentenced to pay fines totalling \$220 and costs or three sentences of 15 days each by Judge Joseph Marier.

Duplin had been charged on three counts: jacking, illegal possession of a rifle and hunting out of season.

He admitted that he had been hunting, but said that he had been out of work for six months and he was just out to find food for his children.

Prosecutor Roland Dugre asked that the minimum punishment be given to Duplin when the attenuating circumstances were brought to light.

Judge Marier, in passing sentence on Duplin, told him that he could pay the fines in monthly installments of \$50 each.

## Players Group At Lennoxville Plans Try-Outs

The St. George's Players will hold an open casting meeting on Wednesday night at 8 p.m. in St. George's Church Hall, Lennoxville, when those interested in trying out for a part in the group's next production, "See How They Run," are invited to attend.

This farce-comedy by Philip King, which enjoyed long runs in both London and New York, has been described as one of the few really good farces since "Charley's Aunt." The play has been tentatively scheduled for production early in December.

Further plans made at a recent meeting of the Players, call for a second production in the spring. Encouraged by the three sell-out performances last March of "You Can't Take It With You," the St. George's Players will run each play for four nights instead of three.

The casting committee for the troupe's Wednesday will be headed by Lewis Evans, who directed last year's play and who will act in the same capacity this year. Also on the committee are Mrs. Mabel Way, Mrs. Reginald Baker, Mrs. Betty Jefferis and Royce Gale.

The tryouts are open to everyone and the sole factor considered will be the ability to interpret the part.

## 5 Die In Blaze At St. Simon

The fire was thought to have started when Mrs. Lussier lit a wood stove in the kitchen, where her badly burned body was found. The bodies of Michel and Nicole were found in their bedroom in the two-storey wooden house. They apparently had died of asphyxiation, the chief said.

## Faith In The Commonwealth

Whatever the economic accomplishments of the recently-concluded Commonwealth trade conference — and they were important — one impression has stood out in the comments of those who participated in the discussions. That impression was one of faith in the value of the Commonwealth association and in its future.

Much of the work done at the Montreal conference will not be fully successful unless the bigger meeting of 66 nations at New Delhi next week agrees to measures that will help expand trade in the free world and raise standards of living in underdeveloped countries. This is the week-long meeting of governors and directors of the International Monetary Fund and World Bank. It is expected to endorse proposals made last summer by President Eisenhower for doubling the resources of both the fund and bank for development.

The Commonwealth, however, has given the lead to the free world. Significantly, the Soviet Union and its satellites have stepped up their economic offensive in recent months, with the

underdeveloped and sometimes uncommitted nations of Asia and Africa as their main targets. The Commonwealth meeting, recognizing this, has called for increased economic aid to the so-called "have nots" to prevent their falling into the Soviet orbit.

Apart from this, the meeting presented a real challenge to the older nations of the Commonwealth, particularly the United Kingdom and Canada. Representatives of Asian and African nations which have only recently emerged from colonial status made it clear that they had faith in their association with their Commonwealth partners. Many of these nations, caught in an East-West cold war in which they have doubts about both sides, look to the Commonwealth as a foundation on which the better world can be built.

It is up to those older nations of the partnership which are firmly committed to the free world's cause to respond to this faith in deeds and not just pious phrases. If we do, then the Commonwealth will continue to expand and flourish, as will the cause of freedom.

## Our Young Parliament

The accent today in Parliament is on youth, and plenty of it, according to Transport Minister George Hees.

In an informal talk before a Young Progressive Conservative Association meeting in Montreal recently, he said the age of MP's at the whole is 20 years less than it was only eight years ago.

"When I was elected a member in 1950," Mr. Hees told his young audience, "I was 40, and considered a mere boy." He added that it used to be thought an MP, and certainly a cabinet minister, had to be sixty, or older to "know anything."

Now, of course, the few sixty-year-olds left in the Commons have to admit the "young uns" know a thing or two.

This trend towards younger members of Parliament, brought about largely by the sudden and overwhelming rise to supremacy of the Conservative Party in the past two years, is generally all to the good.

A government of young men will

always be vigorous, always on the move, always more or less progressive. Its members are likely to have fewer "sacred cows" and prejudices than older members.

It is true, of course, that young men are also more inclined to be headstrong and hasty, are more likely to be carried away by ideas a more experienced hand would handle carefully.

This is perhaps one of the reasons why the Senate saw fit recently to send a bill back to the Commons with seven amendments in it — a rare move for a body usually stagnant. It illustrates, however, that with our two house system, and given a reasonably active set of senators, the impetuosity of youth can be tempered without in any way destroying its spirit.

It would be nice to think the Commons will always be composed of members still in their vigorous years. But it is a political truism of sorts that the longer any party stays in power, the older its members get. "Youth" is the slogan today; tomorrow it may well be "experience."

### TO BENEFIT INDIANS

(Owen Sound Sun-Times)  
Recently Hon. J. W. Pickers-gill, former Minister of Citizenship, renewed his plea for a wider desegregation of Indians on reservations in this country.

The case of the Indians is a strange, and complex, one. It is complex for the truth of the matter is that there are many Indians who would strongly oppose any desegregation move. Many of course have left their reservations and have found life as ordinary Canadian citi-

zens. Some of these people have achieved much success in various fields of enterprise. Some have reaped no marked blessing by leaving the land officially allotted to them.

There is a wide variety in reservations. In most cases the land granted these original Canadians, and their descendants, was poor for farming, the only type of life which was apparently left open to them after the game and fish had pretty well disappeared from the bushlands, streams and lakes

within their confines of the reservations. Yet some of the reservations have proven quite successful, their residents maintaining a quite high standard of living.

In Ontario at least the exceptions to any general idea that the Indians are wards of the Government,eking out a poor existence and suffering a severe handicap because of reservation life, is to be found near Brantford among the Six Nations people. The people of the Long House present a mass

## Could Erupt

# Volcano Under New Zealand City

By J. C. GRAHAM  
AUCKLAND (CP) — Auckland, New Zealand's largest city, has been presented with the alarming possibility that it could become a volcano.

It has always been known that Auckland was built on a volcanic site, but the many small volcanic cones that dot the city have been comfortably described as "extinct."

The area is, indeed, of great interest to scientists, for the complex of small volcanic cones is highly unusual.

The city is built on a narrow isthmus between the Pacific Ocean and the Tasman Sea. At one point the direct distance from sea to sea is only half a mile and motorists can drive from one side of New Zealand to the other in a few minutes.

On this isthmus are no fewer than 35 volcanic cones, the tallest a little more than 600 feet. Many are parks, open spaces, lookout points and the like; some are completely built over; others have been almost removed for road or railway ballast and survive only as remnants.

Scientists at one time believed that all these little volcanoes had been extinct for at least 5,000 years. The theory received a jolt, however, when scientists studied two islands in Auckland harbor.

They found that one volcano, must have erupted within 200 or 300 years, for a layer of volcanic ash was discovered on the other island above signs of human habitation left by early Maori dwellers. They also found volcanic ash in the forks of growing trees

of evidence, both from history and by documentation, that they are "allies" of the crown. It would be foolish to dispute the claims of these very progressive and highly intelligent people, particularly in the face of the proof which they have to offer.

But the big question must remain whether or not it is the best for the future, both of the Indian people themselves and of Canada as a whole, for them to remain under the present reservation system.

While certain of the Indian groups would no doubt lose something in desegregation, there is every reason to believe that the vast majority will benefit, as will Canada as a whole.

which have a life of only a few hundred years.

Other indications that volcanic activity in the Auckland area is not entirely something of the distant past have been given in recent years. In one suburb a garage proprietor found a few years ago that the gasoline in his underground tanks had heated up without explanation.

Patches of warm earth were reported in several other districts and in one place a warm spring appeared that had never been noticed before.

Now R. W. Willett, director of the New Zealand geological survey, has officially advised the city authorities that there is no evidence that volcanic eruptions in the Auckland area have ceased and that further volcanic activity should be regarded as likely.

### LOYALTY SERVICE

(Windsor Daily Star)  
A major religious event in the community is the Loyalty Service, under the auspices of the Essex Presbytery of the United Church of Canada, to be held in the Windsor Arena Sunday evening at 8 o'clock. It should attract a capacity crowd. Rev. George Goth, of London, Ont., is an outstanding cleric.

Various congregations carry on their fine work throughout the year in their own churches, and do so successfully. But it is well every so often to have the stimulus of a really big rally where all can meet in common for a common purpose.

Christianity is the common possession of all Christian churches. It is not something to be limited within the confines of any one congregation, parish or denomination. It thrives on its universality.

Attendance at the Arena service will be something of a rededication by all the devoted people who attend. In meeting together in mass they testify to their belief, individually and as a large group.

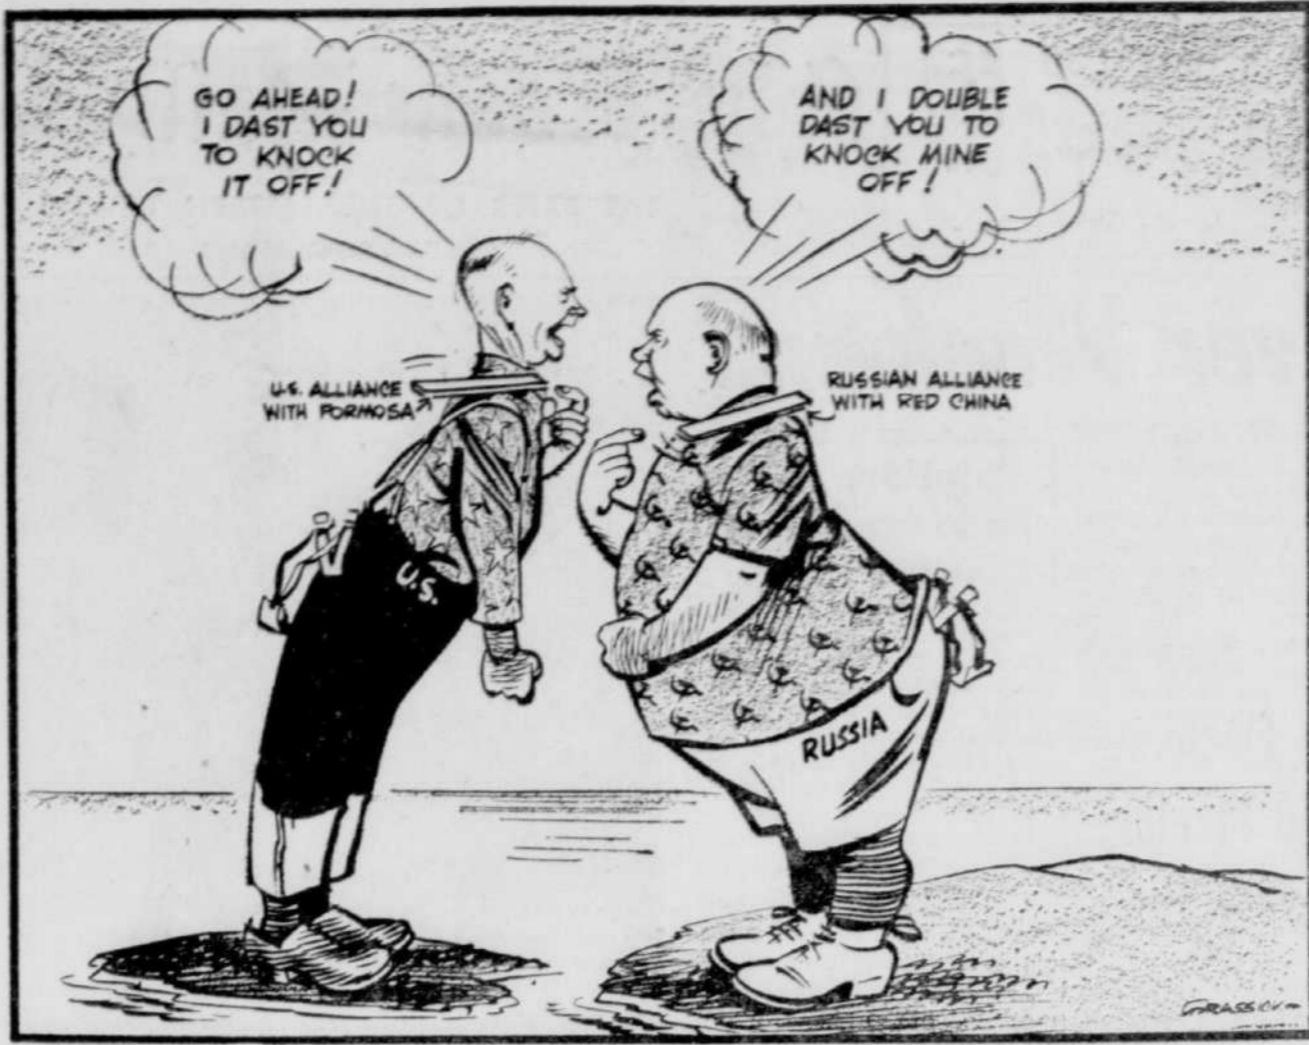

### PRISONS FOR FREEDOM

(St. Thomas Times-Journal)  
Many people still have the idea that the object of putting people in prison is to punish them. In olden days that was the objective, and back in the Victorian era and long before that, the punishments were frequently of the most brutal and callous character. In more recent times, however, authorities realized that imprisonment for the sake of punishment did little good, and that having got bad or unfortunate people in their hands it afforded an opportunity for reform. There has been an astonishing advance in the methods of reform, and in the city of Nottingham, England, we find the latest advance in that respect.

Prisoners with good conduct records who are nearing the end of their sentences, are given jobs in local factories. Their prison status is not disclosed to the other employees. Each morning wearing civilian clothes, the prisoners walk unescorted through prison gates and clock in at the factory. When they finish work they can either go back to prison, visit places of entertainment (movies), or, if they live in the area spend the evening with their families. The only restriction is that all prisoners must report back to the prison not later than 10 o'clock every night.

The men—all of whom are over 30—are paid the normal wage for the job they fill. They are allowed pocket money out of their wages, but the bulk of it is banked to give them a start when they complete serving their sentences.

This innovation makes sense, and will be watched by police and sociologists with interest.

HARD LUCK SLAM ALMOST MAKES

The fine young team of Sidney Lazard of New Orleans, Bill Hanna of Los Angeles, Paul Allinger of Alameda and Bob Rothlein and Cy Neuman of Miami won the Masters' Team Championship at Miami and is likely to represent us in the next International Match.

Their path to the championship was not an easy one. Here is a hand that cost them points when Sidney and Bill reached a hard luck slam.

Sidney's jump to six hearts was typical of his style. He knew his side had enough stuff to make a slam if the opponents could not cash two tricks first and saw no reason to help them out by tipping an opening lead.

He won the diamond lead in dummy and discarded his seven of spades. His next play was the queen of hearts finesse and West took his king.

Now it was up to West to find the right lead to beat the contract. Any lead but a spade would allow Sidney to get rid of both dummy's spades on his long clubs. Unfortunately for Sidney West did come up with the spade shift and the slam went down.

### CARD SENSE

Q—The bidding has been:  
West North East South  
1 Spade Double Redbl. ?  
You, South, hold:  
Spades 6-5-3, Hearts A-10-2,  
Diamonds Q-8-7-3, Clubs K-9-7.  
What do you do?

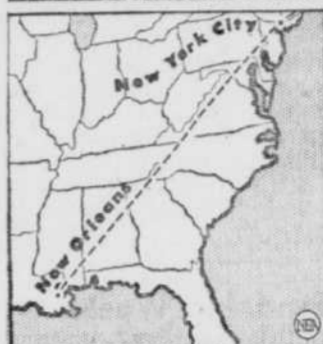

A—Pass. Your partner will choose a suit and you will then raise him. Obviously, there is something wrong with the bidding and the chances are that East is bluffing.

### TODAY'S QUESTION

West took his king, pass by West, two clubs by North and two spades by East. What do you do now?

## Matter of FACT

Platinum can be stretched out so fine that an ounce of it could be stretched into a wire that would reach from New York City to New Orleans. About half of the world's supply comes from the Ural Mountains in Russia. About 7 per cent comes from Colombia. Platinum is harder than copper, nearly as pliable as gold.

## Letter To Editor

The Editor,  
Sherbrooke Daily Record.

Dear Sir:

As fall once again comes upon us, we realize that this is the hunting season, a necessary evil. There are, however, a few sadistic people who raise pheasant in the same way that normal people would raise chickens. These pheasants naturally become quite tame.

As hunting season opens these poor birds are taken to the woods and set free. Naturally they have always looked to man for all their needs, but to their surprise he suddenly changes to a monster, beating the brush with great sticks, so that the birds may be driven toward more of his kind who are waiting to shoot them as they approach. These helpless creatures are often only wounded, and you can imagine how they suffer before death finally overtakes them.

This practice has become all too common in this district, and should be discouraged.

Apart from the cruelty shown by these persons, I shudder to think of men (?) of such mentality loose in the woods with a firearm.

Hoping this will be brought to the attention of the public, I am,  
Outdoor Man,  
Lennoxville, Que.

## Police Chief Points Finger at "Protection" Racket

"It's time someone spoke up" says Police Chief Charles St-Amour, Montreal North. "Protection" only exists when it covers all possibilities. And the best example of that is anti-freeze. Sure, lots of people say that almost anything will give your car winter protection. But for me there's only one brand of anti-freeze that does the complete job. That's "Prestone" Brand. In the cooling system of my car it not only guards against frost, but rust, corrosion, foaming and clogging as well. That's what I call complete protection!

The Chief is right. "Prestone" Brand Anti-Freeze is the only anti-freeze with magnetic film that coats every surface of your cooling system. Make sure you insist on "Prestone" Brand Anti-Freeze—identified by the Green Tag that will be attached to your radiator.

## Projects Of Fish And Game Club Studied

AYER'S CLIFF — A general meeting of the Lake Massawippi Fish and Game Protection Club Inc., was held at St. George's hall on Wednesday evening with twenty directors and members attending. A. C. Stafford, president, conducted the session.

A letter to His Honor, the Mayor of North Hatley, Clifford J. Reed was read, which unofficially authorized the donation of \$100 to help defray certain costs regarding the proposed dam on the Massawippi river, and this was officially approved by motion.

A discussion of this dam followed, and many points of interest were clarified by Joe Ball, Mr. Ball also gave a detailed report on the Mappin pond. This pond is 120x125 feet and early in June was stocked with 15,000 brown trout fry, which now are two to three inches in length.

Ivan Wood presented the expense account of this pond relating to construction, feeding of trout, and etc., and a motion was made this club pay these bills. The club has the use of this pond for ten years without charge.

A suggestion was made that the pond be raised two feet and Joe Ball and C. Woodard are to organize a work project on the weekends of Oct. 18 and 25 for this purpose.

Although club membership for 1958 has increased over that of last year, it was decided to organize a special membership drive which will be in charge of R. Lindsook, Lennoxville; Ivan Wood, Ayer's Cliff and Boundary Communities; H. Pse, Sherbrooke; Joe Ball, North Hatley.

Norman Lavigne discussed methods of raising funds and many new suggestions were offered and considered, but it was finally decided to have a raffle of a 5 1/2 H.P. outboard motor, an electric blanket, and electric toaster or comparative items. The drawing for the prizes will take place at the general meeting in November.

A special meeting is being called for October 8 and the tickets will be distributed. A McVeay is in charge of ticket printing and Gordon McHarg and Cecil Norrie, in charge of securing the prizes.

Mr. Fleming spoke in support of Louis Fortin, Progressive Conservative, who is opposing Liberal Bernard Blanchet. The seat was left vacant by the resignation of Joe Lesage to assume provincial Liberal party leadership and the Liberals won last March by less than 1,000 votes.

Needless to say, this must be carried out with particular vigor on those who have had one attack of rheumatic fever. Although a person may escape heart damage from the first attack, repeated bouts with the disease are more likely to injure the heart or other organs.

In the attack on the "strep" infections, penicillin and other antibiotics have proved exceedingly effective. These are weapons which are aimed not so much at the rheumatic fever as at those infections which precede the attack.

There are now long lasting penicillin preparations which can be given with a considerable degree of success and which reduce the number of streptococcal infections in the whole community.

Some time ago a check list for parents was prepared to alert them to the possible presence of "strep" infections which might foreshadow the appearance of rheumatic fever.

The seven questions are: Did the sore throat come on suddenly? Does the youngster complain that his throat hurts most when he swallows? Does it hurt below the angle of the jaw when you press there gently? Are the glands swollen? Does the young stervander have a fever? Does the child complain of headache? Is the youngster nauseated and has he vomited? Finally, has the child been in contact with anyone who has had scarlet fever or a sore throat?

### WORST DANGER IN RHEUMATIC FEVER IS DAMAGE TO HEART

On several previous occasions I have pointed out that rheumatic fever in children is not only serious and disabling at the time the disease is acute, but even more important, it is frequently the cause of serious heart disease. It is not confined just to children, but it is more frequent in them and in young adults than it is in later years.

There are still a good many gaps in our knowledge. For example, it seems to be an established fact that rheumatic fever

### S. H. Auxiliary Plans Activities For Fall Season

The new season of the Sherbrooke Hospital Ladies' Auxiliary opened with a well-attended meeting held on Monday, September 22nd, in the Conference Room of the hospital, with the president, Mrs. H. A. McDougall presiding, and fifty members present. There were two special guests at this meeting, Miss Barbara Whitley and Mrs. Gavin Graham, president and first vice-president respectively, of the Women's Auxiliary of the Montreal General Hospital. At the end of the business meeting, Miss Whitley addressed the members, who were entertained by her interesting and informative speech.

Mrs. Bruce Fletcher, activities convener, spoke of the forthcoming Tag Days, to be held on October 3rd and 4th, and mentioned that Mrs. E. W. L. Arnold had consented to convene this activity.

It was decided that the October meeting of the Auxiliary would take the form of the annual tea held for the Hospitality Shop, at which all members were asked to contribute some article which could be sold in the shop. This tea is arranged for Monday, October 27th, in the lounge of the Nurses' Residence, between 3:30 and 5:30 p.m. It is hoped that all members will support this tea, and that those who are unable to attend in person will try to send their gifts to the Hospitality Shop on or around that day.

Mrs. D. A. Howard, convener of the In Memoriam Fund, reported a cash balance in this account of \$2,415.

Mrs. C. G. Blake reported that

98 calls had been made for the Baby Birthday Club during the summer months, resulting in 73 new enrolments, 28 local and 45 from out-of-town, including three sets of twins. The balance in this account was reported as \$418.50, of which \$400 was payable on an item of equipment already purchased.

Miss M. A. Sare, for nurses' recruitment, reported that 44 birthday cards had been sent out since the meeting in May.

Sales during the month of August 1958, in the Hospitality Shop, were reported as amounting to \$1,182.52, and the bank balance at the end of August was \$2,716.32.

Mrs. W. L. McNeil reported that sales of donated articles during the summer amounted to \$194.55; also that the Hospitality Cart went around 48 times in this period, and was operated in the month of May by the Lennoxville Wing.

The meeting then discussed

the possibility of holding an Auction Sale in the Arena, with articles donated by members and friends, and it was disclosed that the well-known auctioneer, Mr. Art Bennett and his assistant, Mr. Earl Wells, had volunteered their services in this connection. It was decided to authorize the activities convener and the executive committee to proceed with arrangements for this project, and it was stressed that it would only be a success if everybody tried to obtain as many articles as possible to be auctioned.

The meeting adjourned, and after Miss Whitley's address, tea was served, the hostesses being: Mrs. E. A. Cooper, Mrs. B. C. Howard and Mrs. D. A. Howard.

## Marriages

**SIMARD—ADAM**  
The marriage of Doreen (Dodie), daughter of Mr. and Mrs. Cornelius Adam of Rock Island, Que., to RCMP Constable Marcel Simard, of Montreal, son of Mr. and Mrs. Armand Simard, of Ste. Brigide, Quebec, took place at three o'clock on Saturday afternoon, September 13 in Ste. Therese d'Avila Church, with Rev. Father Noel, officiating at the double ring ceremony.

The bride, given in marriage by her father, wore a gown of white nylon tulle embroidered in lily of the valley design, over net and bridal satin. The fitted bodice was finished with a V neckline and cap sleeves. The bouffant waist length skirt featured a back panel of deep cascading ruffles and was topped with a satin cummerbund. Her chapel length veil of tulle illusion dotted with clusters of iridescent sequins, fell from a tulle headdress trimmed with sequins and rhinestones, and she carried a cascade of white baby 'mums and stephanotis, centred with a mauve orchid.

Mrs. Aiton McElrea, of Coaticook, as matron of honor, was in a princess model gown of emerald green satin having a bateau neckline and three-quarter length sleeves. She wore a white feather bandeau in her hair and carried a cascade bouquet of yellow Shasta daisies.

RCMP Constable Lloyd Larose, of Ottawa, Ont., acted as best man for the groom and the ushers were RCMP Constable Gerry O'Hara, of Montreal, and RCMP Constable John D'Entremont of St. Jerome. As the couple left the church they passed through a guard of honor composed of the ushers and RCMP Constable Gerry Marineau, Montreal, and RCMP Constable Ernest Mager, of Rock Island.

The hall was decorated with baskets of pastel shaded gladioli and the bride's table was centered with the three-tier wedding cake, made by Mrs. Adam, and decorated by Mrs. Rose Thompson. Bowls of yellow tea roses and lighted candles in twin crystal holders completed the arrangements. The small tables were centered with crystal bowls of yellow and white baby 'mums. The luncheon was served by members of the Allegro group, of Centenary Church.

Later, Constable and Mrs. Simard left by motor for their honeymoon to the Gaspé coast. On their return they will reside at 2040 Broadway Street, Montreal West. It is just as rude to say, "I am so glad you have broken up with Jimmy. I never could understand what you saw in him" as to say "I don't understand what you see in Jimmy."

Yet some people who wouldn't think of criticizing someone for what he is doing at the moment have no hesitancy at all when it comes to being critical of something in the past.

Jack Barker outlined the features of the new Club Bulletin and Stew Harrowing gave a preview of attractions at future meetings. Armand Bonneau, chairman of the Club's welfare committee, presented an interesting report on the committee's activities, during the summer, particularly among crippled children.

Arthur Tanner set forth a full schedule of fund raising projects, which all Cowansville Lions will support in their efforts to raise the where-with-all to continue their beneficial community work.

The proposed projects include the Community Draw and Charter Night Dance, Oct. 24, a peanut sale in December, a Christmas cake sale, Eastern Township Contest of Barber Shop Quartettes in February; a broom sale in March, a Cracker Jack sale in May, Gas Sale Day in June and a canteen for the Park.

At the dance which will be held in the Hotel Maurice winners of the draw will be selected. Tickets may be obtained from any Cowansville Lion.

At a prior meeting of the directors thanks were expressed to Bill Stowe, who did so much to make the corn roast a success. Stew Harrowing motioned that a similar event be considered for next year.

### FORMER RECTOR MARKS 50th ANNIVERSARY

A number of Cowansville residents were among the 325 who attended service on Sunday September 21, at St. Stephen's Church, Westmount, on the occasion of the fiftieth anniversary of the ordination of the rector, Rev. A. T. Love, M.A.

From 1920 to the end of 1928, Mr. Love was rector of the parish of Nelsonville, which includes Cowansville and Sweetsburg. The guest preacher was Rt. Rev. John Dixon, Bishop of Montreal. Canon John Ellis also shared in the service worship.

Mr. and Mrs. Love will long be remembered by those who knew them during their residence here. In reminiscence the rector gave data on the bulletin issued at the anniversary, which referred to his ordination in the Chapel of Bishops' College, Lennoxville in 1908, to charges in Gaspe, in the Eastern Townships and in the city. In the paragraph on Cowansville-Sweetsburg he recalled the renovation of the Rectory and endowment of the cemetery.

**REBEKAHS DRAPE CHARTER**  
At a recent ceremony at Prosperity Rebekeh Lodge, No. 32, in the I.O.O.F. Hall, the charter was draped in loving memory of two members who have passed away, Sister Phoebe, Mrs. John

Seale, and Brother George Cunningham.

On October 6, similar honor will be accorded Sister May, Mrs. Raymond McClatchie, who died on September 22 in London, Ont., and for whom a Rebekeh Service was held in Cowansville two days later.

### GENERAL NOTES

## Kiwanis Club Of Waterloo Holds Business Session

WATERLOO — The weekly meeting of the Waterloo Kiwanis Club took the form of a business session. Before the business was brought forward, Tom Wilkinson and Roger McKergow led the group in a sing-song. "Happy Anniversary" was sung for Arthur and Donna Reed, and "Happy Birthday" for Paul Viens.

President Frank Makinson read a letter from Zoticque Lesperance, lieutenant-governor of this district, who was pleased with the work being done by the club and expressed the hope ratings for October and November would be as good as July's.

Walter Hughes is making final plans for club members to take the courtesy flight offered by T.C.A. and the tentative date is set for October 18.

The club is planning an inter-club meeting with St. Johnsbury, Vt., and Inter-club Chairman Wally Jenks will announce the exact date shortly. The club is to supply a speaker, who will be Walter Hughes.

Alden Perkins reported that the bulb sales are progressing favourably. So far the club has had 20,000 bulbs shipped. These are going so well that it is hoped to be able to sell an additional, 8,000. The bulbs include tulips, crocus, daffodils, narcissi and hyacinths. Bulbs may be obtained by calling a Kiwanian or Alden Perkins at Crystal Springs Bottling Works.

Mr. Perkins drew the club's attention to the fact that Dr. Jean Jolin had purchased 500 tulip bulbs for Foster Square. The Town Council upon hearing this bought an additional 1,500 to make two lovely beds in the square.

# Eddie Macon Gallops 95-Yards For Touchdown To Give Ticats Victory

## Run Wipes Out Als' Brilliant Rally In 35-29 Win; Argos Fumble Away Game To Ottawa And Drop 28-4 Verdict

A 95-yard touchdown run by Eddie Macon preserved Hamilton Tiger-Cats' unbeaten Big Four football record Saturday after an inspired Montreal Alouette comeback drive had 20,000 fans agog.

Macon grabbed an Alouette kickoff in the fourth quarter and ran all the way to close the scoring with a 35-29 edge for Ticats.

The injury-riddled Als, trailing 28-13 at the half, staged a 16-point rally in the third quarter on the stout arm of quarterback Sam Etchevery and had Hamilton down 29-28 with 15 minutes left.

In other Big Four action Saturday two quarterbacks of the last-place Toronto Argonauts threw five forward passes into the wrong hands.

### TOO MANY ERRORS

Ottawa Rough Riders capitalized on these and other Argos errors to romp to a 28-4 victory and a tighter grip on second place.

Ronnie Knox, newest candidate in the long campaign to solve Argos' quarterbacking problems, had two brief appearances in the Ottawa game but couldn't get an effective attack going. He had one pass intercepted and made one of Argos' three costly fumbles.

Hamilton now leads the Big Four with 13 points on six victories and one tie. Ottawa is second with eight points, three ahead of Montreal. Argos have only a single win in seven games.

### SIX STRAIGHT

Sarnia Golden Bears, leaders in the Senior Ontario Rugby Football Union, made their sixth straight win a 50-20 verdict over Detroit Raiders while London Lords edged Kitchener-Waterloo Dutchmen 14-13.

Senior Intercollegiate League action in Montreal saw McGill University Redmen sweep to a 14-8 win over Queen's Golden Gaels.

Etchevery had the Hamilton pass defence running in circles, completing 21 of his 31 throws for a total of 264 yards and three touchdowns.

Bernie Falconey found only seven receivers with his 21 passes for Hamilton but they were good for 208 yards.

Ticats held the Alouette ground attack to 16 yards while their own ball carriers smashed ahead for 268 yards.

Alouette touchdowns were scored by Joel Wells, Bo Dickinson, Etchevery and Dick Hunter. The Hamilton scorers were homebrew Ron Howell and Milt Campbell, 1956 Olympic decathlon champion playing his first Canadian football game, who had two each, and Macon.

### SUFFERS FRACTURE

Ottawa lost first-string quarterback Tom Dimitroff in the first quarter of their easy win over Argos. He suffered a broken bone in his left leg.

Russ Jackson went into the Rider quarter slot. Ottawa's four touchdowns were set up by two Toronto fumbles and two interceptions of Toronto passes.

The only Argo points came on Vic Kristopatis' field goal which opened the scoring and a single on Don Caraway's 60-yard punt in the third quarter.

One of Argo quarterback Gerry Doucette's early passes was hauled down and carried to a touchdown by Ottawa's Gary Schneider. Bobby Judd, Don Pinhey and Frank Fraser scored the others.

Verdun Shamcats all but clinch top honors in Quebec Rugby Union with 28-8 win over Montreal Orfuns Sunday.

MONTREAL (CP)—Verdun Shamcats all but clinched first place in the Quebec Rugby Football Union senior section Sunday with a 28-8 win over Montreal Orfuns.

Leading the league with 14 points, the Verdun team is six points ahead of second place Cornwall Emards, who beat Trois-Rivieres Braves 14-13.

### Jr. Canadiens Edge Rangers

HULL, Que. (CP)—Hull-Ottawa Canadiens Sunday rang up a 4-3 exhibition victory over New York Rangers of the National Hockey League on the strength of two unassisted goals by Jack McMaster.

Norm Doyle and Gilles Tremblay were other Hull-Ottawa marksmen with the latter punching in the winner at 12:54 of the third period while New York's Lou Fontinato was benched with a minor penalty.

Andy Bathgate, Dean Prentice and Bill Gadsby were the Ranger scorers. Rangers trailed 2-0 at the end of the first period and 3-2 at the end of the second.

Bathgate and Hank Ceisla each had two assists and Rangers drew three of the five penalties.

### REMEMBER WHEN

Mickey Mantle's grand slam homer was the big blow as New York Yankees beat Brooklyn Dodgers 11-7 in the fifth game of the world series five years ago today. That gave the Yankees a lead of three games to two, and they wrapped it up the next day to become the first major league club in history to win five consecutive world series.

BIG FOUR FOOTBALL ACTION — Thriller opening in first quarter shows Hamilton Tiger-Cats' McDougall (95) scoring touchdown. P. W. Underwood (60) takes on two Alouettes.

## McGill's Pint-Size Quarterback, Wally Bulchak, Leads Redmen To 14-8 Victory Over Queens Gaels

MONTREAL (CP)—Wally Bulchak, McGill University's pint-sized quarterback, split Queen's University line twice for big touchdowns Saturday and the Redmen downed the Gaels 14-8 in the clubs' opening game of the senior intercollegiate football union season.

The wiry, 160-pound dentistry student cracked over his own right tackle from a yard out in the second quarter for his first touchdown and bulled across from the Queen's four-yard line in the last quarter with the game-winning score.

The teams battled on a soggy turf that helped cause a total of 11 fumbles, seven by the Gaels. The win lifted the Redmen into a first-place tie with University of Toronto Blues, who upset University of Western Ontario Mustangs 26-20 in the schedule's first game at Toronto Friday night.

McGill recovered two of their four fumbles and four of the Kingston, Ont., team's, converting one into Bulchak's first six-point.

Charles McLaughlin, a divinity student from Moncton, N.B., converted the second touchdown. His convert attempt was blocked in the second quarter.

McGill's other point came on a single by Joe Irvin in the third quarter.

## Luton Town Moves Into Top Spot In English League's First Section

LONDON (CP)—Luton Town shot to the top of the English League's first division Saturday with a 4-1 victory over Preston North End. A three-goal outburst in the second half rocked Preston and toppled the Lancashire club from first place.

Luton now has 14 points and is unbeaten in 10 matches. Preston, Bolton Wanderers and Chelsea each has 13 points, but Preston has a better goal average for the runner-up spot.

Bolton Wanderers lost ground in the championship race following a 2-1 home defeat by Burnley. It was Bolton's first loss of the season.

Arsenal, fighting hard to regain some of its old glory after five struggling years, lost 2-1 at Leeds.

The biggest crowd of the day—63,000—turned up for the Manchester City - Manchester United match.

United inside forward Albert Quixall found few chances to shine against a strong City defence. Bobby Charlton put United in the lead in the third minute with a penalty shot. Joe Hayes made it 1-1 for City before half time. The score stayed that way.

Fulham continued along its all-conquering way in the second division with a 2-0 victory at Leyton Orient. Fulham leads the second division with 19 points from nine victories and one tie.

### PLYMOUTH HOLDS LEAD

Plymouth held on to its one-point lead in the third division, defeating Bournemouth 3-1. York City battled Watford to a scoreless tie in the fourth division and was tied for first place with Northampton Town in points but had a slightly better goal average.

In the Scottish League, centre forward Willie Bauld scored five goals to lead champion Hearts to a crushing 8-3 victory over Third Lanark.

## Top Five American Colleges Come Through With Wins; Ohio State Forced Limit To Stop SM 23-20

NEW YORK (CP)—The high and the mighty of U.S. college football held up with varying degrees of success Saturday — a vivid contrast to last week when upsets struck every section of the country.

The top five—Ohio State, Oklahoma, Auburn, Michigan State and Notre Dame, in that order, came through as expected.

Ohio State, No. 1 in The Associated Press poll, did it the hard way. The Buckeyes fought off a mighty aerial barrage and finally licked Southern Methodist 23-20. Conversions spelled the difference. Ohio State made good on a pair of two-pointers and one kick.

## SMS Blanks LHS In Soccer Tilt

Sherbrooke High chalked up their second win in the Eastern Townships Inter-Scholastic Soccer League Saturday morning posting a 5-0 win over the Lennoxville High School squad.

Mills and Cotton gave the visitors a two-goal lead in the first half. Lennoxville, though not hitting the score sheet, showed up pretty well and came close to one on a pitchout before Bulchak drove over.

A fumble by quarterback Dick Carr of the Redmen also set up the Gaels' touchdown, a one-yard line buck by half Ken Porter in the third quarter.

Two booming punts by Jocko Thompson went for singles early in the fourth quarter and gave the Gaels a short-lived 8-7 lead.

A 37-yard pass play from Carr to end Joe Poirier put the Redmen in scoring position and moments later Bulchak scored his second touchdown.

Charlie McLaughlin, a divinity student from Moncton, N.B., converted the second touchdown. His convert attempt was blocked in the second quarter.

McGill's other point came on a single by Joe Irvin in the third quarter.

### COSTLY FUMBLE

Gaels' quarterback Cal Connor lost the ball on a pass attempt and McGill's John Mosher recovered on the Queen's 11. Halfback Steve O'Farrell crashed to the one on a pitchout before Bulchak drove over.

Cotton came up with his second marker early in the second half and Lavallee added to the Sherbrooke High total scoring on a penalty kick. Lavallee added one more before the final whistle giving the visitors a 5-0 verdict.

Lennoxville, though going down to defeat, played well and have got a fast bunch of boys who should start to click soon. Majury and Clink stood out for the losers while Cotton, Lavallee and Pariseau shone for the winners.

In Friday's opening game of the league Evans got the opening goal for the Sherbrooke High and not Coates as reported.

Referee in Saturday's game was Les Peake.

## Red Wings Edge Winnipeg 2-1

WINNIPEG (CP)—Alex Delvecchio's goal at 14:12 of the third period Saturday night gave Detroit Red Wings of the National Hockey League a 2-1 exhibition victory over Winnipeg Warriors of the Western Hockey League.

The two teams were scheduled Sunday night at Grand Forks, N.D.

A crowd of 9,178 saw Delvecchio rifle a shot into the upper left corner as he was sent into the clear on the left wing by a neat pass from Gordie Howe, who scored Detroit's first goal unassisted in the second period. The first period was scoreless.

Barry Ross counted the lone Winnipeg tally midway through the third period.

### SUNDAY'S STARS

Hitting: Ted Williams, Boston Red Sox and Ritchie Ashburn, Philadelphia Phillies. Williams won his sixth American League batting title with a .238 average. Ashburn beat out Willie Mays of San Francisco for the National League crown with three for four and final .350.

### Clem Emerges Winner After Close Battle With Nadir And Round Table To Cop \$111,200 Woodward Stakes

NEW YORK (AP)—Clem triumphed by half a length after a neck and neck contest with Nadir and Round Table down the backstretch Saturday in the \$111,200 Woodward Stakes at Belmont Park.

The victory dashed Round Table's hopes of becoming the world's top money winning horse.

Round Table, needing \$25,141 to catch Nashua who retired with \$1,288,565, wasn't even in the money, finishing a dismal fifth 16½ lengths behind the winner.

Nadir was second, Reneged third, and Brother fourth.

## First Place In WIFU Could Change Hands This Week Providing Eskimos Can Knock Over Blue Bombers Twice

First place in the Western Inter-provincial Football Union could change hands this week in a home-and-home series opening tonight.

To take the lead away from Winnipeg Blue Bombers, the second-place Edmonton Eskimos would have to defeat the Bombers in Winnipeg tonight and again in Edmonton Saturday night.

Bombers, idle last Saturday, have seven wins in nine starts and Edmonton has five wins, a tie and three losses. The Eskimos, with 11 points, are three points behind Winnipeg.

In the other game tonight, Saskatchewan Roughriders invade Vancouver to battle British Columbia Lions.

Eskimos tied 11-11 with Roughriders and Calgary Stampeders beat Lions 29-15 in Saturday engagements.

### COSTLY FUMBLES

A crowd of 15,000 sat through a light drizzle in Edmonton and saw Saskatchewan take advantage of two Edmonton fumbles and an intercepted pass for all their points.

Saskatchewan scorers were halfback Jack Hill with a touchdown and guard Reg Whitehouse with a convert, a single and a field goal.

Edmonton's points came from a touchdown by fullback Normie Kwong and a convert, a single and a field goal by end Joe Mobra.

At Calgary the Stampeders took over third place by handing Lions their ninth straight setback.

Stampeders scored four touchdowns, one by quarterback Nobby Wirkowski who threw two touchdowns passes. Halfback Gene Filipiski scored two touchdowns and halfback Ron Clinkscales the other. Guard Doug Brown converted all four and kicked a single on an attempted field goal.

The Lions scorers were halfback Jerry James who counted two touchdowns, both on passes from quarterback George Herring and halfback Ted Hunt who converted both and added a single on a field goal attempt.

## Detroit Lions Upset By Baltimore 28-15 In Opener; Giants Wallop Cards As Redskins Dump Eagles

NEW YORK (CP)—The United States pro football season opened Sunday with a major upset as the champion Detroit Lions were toppled 28-15 by a band of fighting Baltimore Colts.

The Colts took the lead in the first quarter of the National Pro Football League game and then twice came from behind to triumph.

New York Giants galloped over Chicago Cards 37-7 at Buffalo after they were supported by three touchdowns from Frank Gifford.

Under the stewardship of quarterback Eddie LeBaron, Washington Redskins came from behind in the fourth quarter with a pair of long touchdown drives to defeat Philadelphia Eagles 24-14.

Fiercy Chicago Bears polished off Green Bay Packers 34-20 with will o' the wisp Willie Galimore threading his way for three touchdowns.

In San Francisco, alternate quarterback John Brodie brought San Francisco 49ers from 13 points behind for a 20-20 victory over the tough Pittsburgh Steelers.

In the other West Coast game, Lou Groza kicked a nine-yard goal in the last 25 seconds to give Cleveland Browns a 20-27 victory over Los Angeles Rams before 89,993.

## Uncertain Future Faces America's Cup Winner And Race Itself, Want To Change To Sea-Going Type Of Boat

NEWPORT, R.I.—(AP)—An uncertain future awaits Columbia, new mistress of sea racers, and the same goes for the America's Cup regatta.

Indications today are that the races never may be contested again with such fragile, costly toys as the 12-metre international class.

"Personally," said Briggs Cunningham, who skipped Columbia to a four-straight sweep over Britain's Sceptre, "I would prefer to see the America's Cup held with more of the sea-going type of boat."

He got at least an oblique "amen" from financier Henry Sears, who headed the syndicate which paid \$500,000 for Columbia's defence, and some encouragement from the British.

"I think the rules should be changed to relax some of the rigid specifications now attached to the race," said Sears, former commodore of the New York Yacht Club. "I think it would be interesting if we had greater freedom in selection of materials."

### MUST BE DISTINCTIVE

"But I would want it to continue to be a distinctive race between finely-turned racing machines and not just an ordinary ocean race."

Both Hugh Goodson, head of the Sceptre syndicate, and Scottish David Boyd, the sloop's designer, agreed that the famed race, an outgrowth of the victory of the schooner America over a fleet of English ships in 1851, should not be cheapened. The competition, they said, should never fall below the 12-metre class.

The 12-metre boats have an overall length of 70 feet and a waterline of 45½—half the size of the \$1,000,000 J-boats raced by Harold Vanderbilt in the 1930s—but they are built to an involved formula. And they cost a mint.

The British said Sceptre would be packed up and shipped back to her home on the banks of the Clyde. Refinements may be made so she "may live to race another day." The British cannot challenge again with the same boat.

Between the Americans and British, close to \$2,000,000 was spent leading up to the races. This all goes down the drain which has gobbled up \$20,000,000 of the British money and \$10,000,000 American in a fight for an old, bottomless mug worth less than \$200.

### Solly Drake Is Fined \$25 For Pushing Umpire

MONTREAL (CP)—The Little World Series governing committee Sunday announced centre fielder Solly Drake of Montreal Royals has been fined \$25 for abusive language and jostling plate umpire George Carney in the second game of the series Saturday night.

George Trautman, president of the National Association, president Frank Shag Shaughnessy of the International League and president Ed Doherty of the American Association, form the series governing committee.

# Warren Spahn And Whitey Ford Will Face Each Other In Opener

## Selection Of Two Top Stars Taken For Granted Even Before Official Announcement Made By Two Managers

MILWAUKEE — (AP) — Warren Spahn of Milwaukee Braves and Whitey Ford of New York Yankees, the same pair who pitched last October's opener, will face each other in the first game of the 1958 world series here Wednesday.

Selection of the star southpaws was taken for granted even before the official announcements scheduled to be made today.

Spahn, (22-11) during the regular season, warmed up for his important assignment with a six-inning chore against Cincinnati Redlegs Saturday, during which he permitted only one run. Ford (14-7) also turned in an impressive performance for his leadoff role with a one-hit, six-inning performance against Baltimore Orioles Friday.

### PITCHERS SET

Although neither of the managers would admit it, each has his rotation for the first three games all set. Lew Burdette (20-10), three-time conqueror of the Yankees in last year's Milwaukee triumph, is a cinch to hurl the second game. Opposing him Thursday in Milwaukee's County Stadium will be Bob Turley (21-7) the Yankees' strong-armed right-hander.

Opponents in the third game figure to be Bob Rush (10-6) for the Braves and Don Larsen (9-6), the only perfect game pitcher in world series history, for the Yankees.

Larsen, along with pitchers Tom Sturdivant and Murry Dickson, were added to the Yankees' world series eligibility last Sunday. The American League champions held off on Larsen and Sturdivant until it was ascertained that Larsen's inflamed elbow and Sturdivant's spiked heel were all right.

### PERMIT CHANGES

Dickson replaced Virgil Trucks. The baseball commissioner's office also permitted the Braves to substitute veteran relief pitcher Ernie Johnson for Joey Jay, injured young righthander.

No matter who pitches, and when, the series figures to go at least six games. Neither of the clubs has a decided advantage over the other. The hitting and fielding is about even, the Braves have the edge in pitching and the Yankees are superior in speed and on the bench.

The Braves, having proved to themselves that they can beat the Yankees, are confident they can do it again. The Yankees, on the other hand, note that Mickey Mantle and Bill Skowron, who missed part of the action last year because of injuries, are healthy this time.

The Braves will enter the series with Wes Covington, their big left-handed power hitter, nursing two bad legs.

## Millers Post 7-2 And 3-2 Wins Over Royals For 3-0 Lead In Little World Series; Shifts To Minneapolis Now

### SATURDAY

MONTREAL (CP) — Southpaw Dean Stone turned in a neat pitching chore, belted a home run and drove in a run with a double Saturday night to pace Minneapolis Millers to a 7-2 win over Montreal Royals and a 2-0 lead in the Little World Series.

Stu Locklin also cracked a bases-empty homer for the American Association champions. It came on the second pitch of the ball game and gave the Millers a lead they never relinquished.

Minneapolis won the first game Friday night 6-2. The set shifts to their home park Monday for the windup after the third game here Sunday.

Playing-manager Gene Mauch of the Millers filed a game protest after Montreal's Solly Drake argued a called third strike while at bat in the fourth inning and jostled plate umpire George Carney, an AA man. But the protest was void with the victory.

The Millers collected 10 hits off five Montreal pitchers and saddled starter Rene (The Whip) Valdes with the loss, shelling him with a two-run outburst in the fourth inning.

### SEDBAN DUMPS TONY TRABERT

LONDON (AP) — Frank Sedgman of Australia trounced Tony Trabert of Cincinnati 6-4, 6-3, 6-4 Saturday night in the final of the \$2,800 London indoor pro tennis championships.

MONTREAL (CP) — A clutch relief job by righthander Tom Hurd Sunday preserved a 3-2 victory of Minneapolis Millers that gave the American Association champions a stranglehold 3-0 lead over Montreal Royals in the Little World Series.

The slightly-built Hurd, 34, replaced southpaw Bob Smith with the bases loaded and none out in the eighth inning. The International League Royals scored twice on a fielder's choice and an error, but Hurd got the Millers out of difficulty and retired the side in order in the ninth.

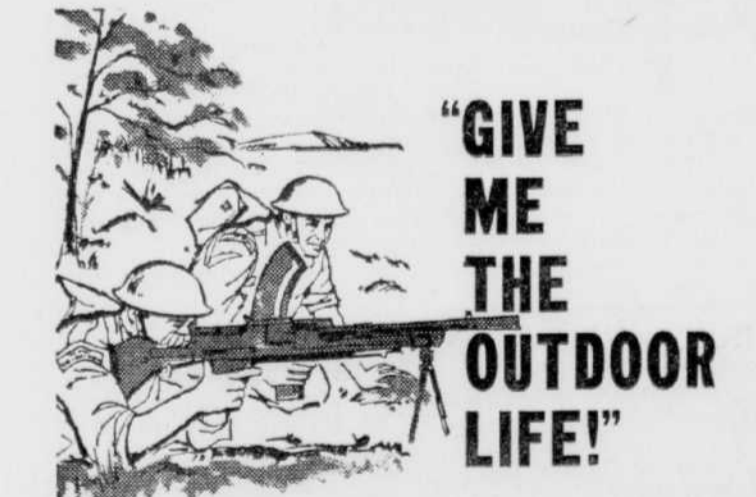

Minneapolis collected seven hits, scoring two runs in the first inning and adding a single tally in the fourth. The Royals tagged Smith for six safeties.

Tonight the best-of-seven series shifts to Minneapolis for the windup.

Montreal starter Billy Harris, of Dorchester, N.B., was lifted after seven innings and took the loss. Charlie Rabe and Rene (The Whip) Valdes finished up.

Minneapolis won the opening game of the set 6-2 Friday night, with Hurd protecting the lead in the two final innings. The Millers won the second game 7-2 Saturday night.

**Pitching:** Don Larsen and Tom Sturdivant, New York Yankees, warmed up for world series duty with 7-0 and 6-3 victories over Baltimore Orioles.

Stan Smyke and Claude Provost on loan to Saguenens counted for Chicoutimi.

## Ted Williams Wraps Up His Sixth American League Title Edging His Team-Mate Pete Runnels In Stretch

NEW YORK (AP) — Ted Williams of Boston Red Sox wrapped up his sixth American League batting championship and Richie Ashburn of Philadelphia Phillies his second National League title Sunday.

The 40-year-old Williams, who won the crown with a .388 average last season, finished the 1958 competition with a .328 mark. Ashburn wound up with a .350 percentage. The fleet, 31-year-old Phillies' outfielder captured the title in 1955 with .338.

Beaten in the two races to the wire were Pete Runnels of Boston, Willie Mays of San Francisco and Stan Musial of St. Louis.

Runnels, who rebounded brilliantly from a 1957 mark of .230, finished second to Williams with .322. Mays was the runner-up to Ashburn with .347 while Musial, who sought his eighth champion-

ship, was third with .337.

### LOW AVERAGE

Williams' average was the lowest with which he's won a title. The Boston slugger had a league-leading mark of .406 in 1941; .356 in 1942; .343 in 1947 and .369 in 1948. He has a lifetime average of .350.

Mickey Mantle of the New York Yankees regained the American League home run crown although he was hard pressed by Cleveland's Rocky Colavito. Mantle had 42 homers and Colavito wound up with 41.

Ernie Banks of Chicago Cubs won the National League home run title with 47. He also collected the most runs batted in, 129.

Jackie Jensen of Boston collected two RBIs Sunday and boosted his pace-setting total in the American League to 122.

## The Rocket Posts Hat-Trick As Canadiens Dump Rochester 7-4

MONTREAL (CP) — Maurice (Rocket) Richard, back in business with his scoring flair, whipped in three goals Saturday night to help Montreal Canadiens to a 7-4 win over Rochester Americans in a spicy exhibition hockey game.

The 37-year-old Rocket scored twice on set-up passes from brother Henri, the Pocket Rocket, with Dickie Moore starting the plays. The third came when Jean Beliveau hopped from the penalty

box and quickly fed the Rocket a goal-mouth pass.

The spirited play took on rough tinges at times as a flock of youngsters — farmhands of both the National Hockey League Canadiens and the Toronto Maple Leafs — hustled for jobs on the American Hockey League team. Nine penalties were called, five against the NHL champs.

Jean Beliveau, Ralph Backstrom, Bernie (Boom Boom) Geoffrion and Claude Provost scored the other Montreal goals. Gary Collins scored two for Rochester and Dick Bouchard and Jim Morrison, one each.

Coach Toe Blake used rookie Alvin McDonald at the open left-wing job on the line with Beliveau and Geoffrion, and juggled two other lines. Backstrom, sparkling ex-junior, was used both at centre and right wing. Phil Goyette was an absentee because of illness.

## Rangers Skate Over Maple 4-1

NIAGARA FALLS, Ont. (CP) — New York Rangers skated to a 4-1 victory over Toronto Maple Leafs Saturday night in a National Hockey League exhibition game at Stamford Arena.

An overflow crowd of 2,500 watched Rangers open the scoring with a first-period goal by Hank Ciesla. Bert Olmstead, former Montreal Canadiens star, tied the score for Toronto in the second period.

Defenceman Bill Gadsby scored New York's second goal in the second period. The Rangers clinched their victory in the third period with goals by Andy Heberton and Eddie Shack.

## Rochester Tops Quebec Aces 8-4

QUEBEC (AP) — Rochester Americans of the American Hockey League Sunday night took an 8-4 victory in an exhibition hockey game with Quebec Aces of the Quebec Hockey League.

Bob Nevins led the Rochester offensive with three goals. Other Rochester scorers were Gene Melikol, Al Johnson, Cecil Hoekstra, Ken Girard and Garry Collins.

The four Quebec goals were produced by Billy Forham, Willie O'Ree, Stan Maxwell and Bernard Cote.

## Bruins Blank Farmhands 4-0

PROVIDENCE, R.I. (AP) — Boston Bruins of the National Hockey League Sunday night scored their second exhibition victory in two nights as they defeated 4-0 a composite team, largely of their farmhands in the Rhode Island Reds of the American League.

Flem Mackell started the Bruins off with a goal late in the first period.

Real Chevrefils, Earl Reibel and Jerry Toppazzini added goals for the Bruins.

## Richie Ashburn Clinches National League Batting Title Nosing Out Willie Mays In Sunday's Fixtures

Richie Ashburn clinched his second National League batting title despite a strong challenge by Willie Mays as the teams finished their seasons Sunday.

Ashburn collected three singles in four official trips while his Philadelphia Phillies were edging Pittsburgh in 10 innings 6-4.

Needing a perfect five or five to catch the Phils' centre fielder, Mays managed three for five against St. Louis including his 29th home run. The final averages showed Ashburn .350, Mays .347.

Alex Kellner and Brooks Lawrence of Cincinnati teamed up with a four-hit 4-0 shutout of the pennant-winning Milwaukee Braves. Manager Fred Haney paraded Bob Rush, Carlton Willey, Ernie Johnson and Juan Pizarro in a world series tuneup. Willey, likely third game pitcher, was the loser.

### ST. LOUIS DRUBBED

With Mays showing the way, the Giants drubbed St. Louis 7-2, finishing in third place, 12 games behind the Braves. St. Louis

wound up in a fifth-place tie with Chicago, 20 games back. The Cubs and Los Angeles finished their seasons Saturday.

In Cincinnati 6-1, St. Louis beat San Francisco 11-17, Philadelphia downed Pittsburgh 7-3 and Chicago defeated Los Angeles 7-4.

Ashburn won the batting championship with a .338 in 1955. Last year he hit only .297.

Almost overlooked in the excitement about the batting race was the fact that Dave Philley set a major league record with his eighth straight pinch hit for the Phils.

After Mays doubled in the first inning, he fled out to Ellis Burton in the second inning. That did it. He would have needed six out of seven in a long extra inning hitting spree. The Giants closed it out in regulation time.

Frank Robinson drove in two runs with a single and double against Haney's assortment of potential third-game starters. Rush pitched three scoreless innings. Willey and Johnson each gave up two runs and Pizarro retired the side in order in the ninth. Despite a crowd of 41,364 the Braves failed to draw 2,000,000 for the first time in five years. They finished with 1,971,101.

## Heck With Mantle, Says Fred Haney

MILWAUKEE (AP) — "The heck with Mickey Mantle. Now put that in your paper." That was Fred Haney's bristling retort when the Milwaukee Braves' manager was asked Friday whether he thought the New York Yankees would prove tougher to beat than last year now that Mickey Mantle was back in top physical condition for the World Series.

"What do I care about Mantle's condition," Haney snapped. "I've got my own players to think about. Let Stengel worry about Mantle. And I don't think how

Rough Riders and Ticats chucked up wins in the opening games of the Little Big Four Foothill League. In the opener the Riders took a close 6-0 win over the Alouettes while in the second game the Ticats chalked up a 25-0 victory.

The games were played on a slippery field and the players had a rough time keeping their footing. The Als and Riders battled it out for the first half neither team hitting the score sheet. Fumbles were frequent in this first half and the receivers were also having a difficult time holding on to the ball.

In the third quarter Serge Ginges taking a hand off from Norton went forty yards to score the game's only touchdown. The teams battled it out on even terms in the final quarter Riders taking the game 6-0.

Ticats had too much power for Argos in the second game and early in the opening quarter Michael Smith ran forty yards for the first Ticat score. In the second quarter Ticats still had the edge and George Addis added one more touchdown for the Cats going around end and gal-

loping over for the points. Claude Pelchat added six more points before the second quarter ended, the teams went scoreless in the third quarter. Claude Pelchat came up with his second T.D. in the closing minutes of the game, Ticats winning on the long end of a 25-0 score. All four teams played good ball considering the wet field and some good ball should be forthcoming before the season ends.

The move follows the transfer of four Arsenal players for £16,500 in the last three weeks—Derek Tapscott to Cardiff City, Freddie Jones and Ron Clayton to Brighton and Hove Albion and Ray Swallow to Derby County.

Manager George Swindin, who took over July 21, has already bought Scottish international Tommy Docherty and Irishman Billy McCullough and is making inquiries about other top-class players, including Mel Charles of Swansea and Wales.
