11 Red Torpedo Boats Sunk, Nationalists Claim

TAIPEI, Formosa — (AP) — The Chinese Nationalists claimed their warships early today sank 11 Communist torpedo boats that were trying to break up a convoy to embattled Quemoy Island.

It was the biggest naval action reported in the 11 days since the Communists stepped up their attack on the Nationalist-held off-shore islands.

Earlier, the Nationalists announced their artillery on Quemoy, in firing throughout Sunday night, sank three Communist gunboats and eight motorized junks in a flotilla near Amoy, the Communist island port blockaded by the Nationalist islands.

FORCED RETURN

Despite the reported naval success, the torpedo boat attack forced the troop carrier to return to the Pescadores Islands without unloading 370 troops destined for Quemoy. Only 30 of the reinforcements made it ashore.

While the naval engagement raged, Red shore batteries pounded Quemoy with renewed fury. The Communists fired 857 shells in 1½ hours and also dumped a 101-shell barrage on tiny Tatan Islet 2½ miles south of Amoy.

The combined artillery and sea attack erupted after the quietest day in the Formosa Strait since the Communists began their heavy attack Aug. 23. The Communist shore guns fired only 457 shells Monday.

RUN NIGHT CONVOYS

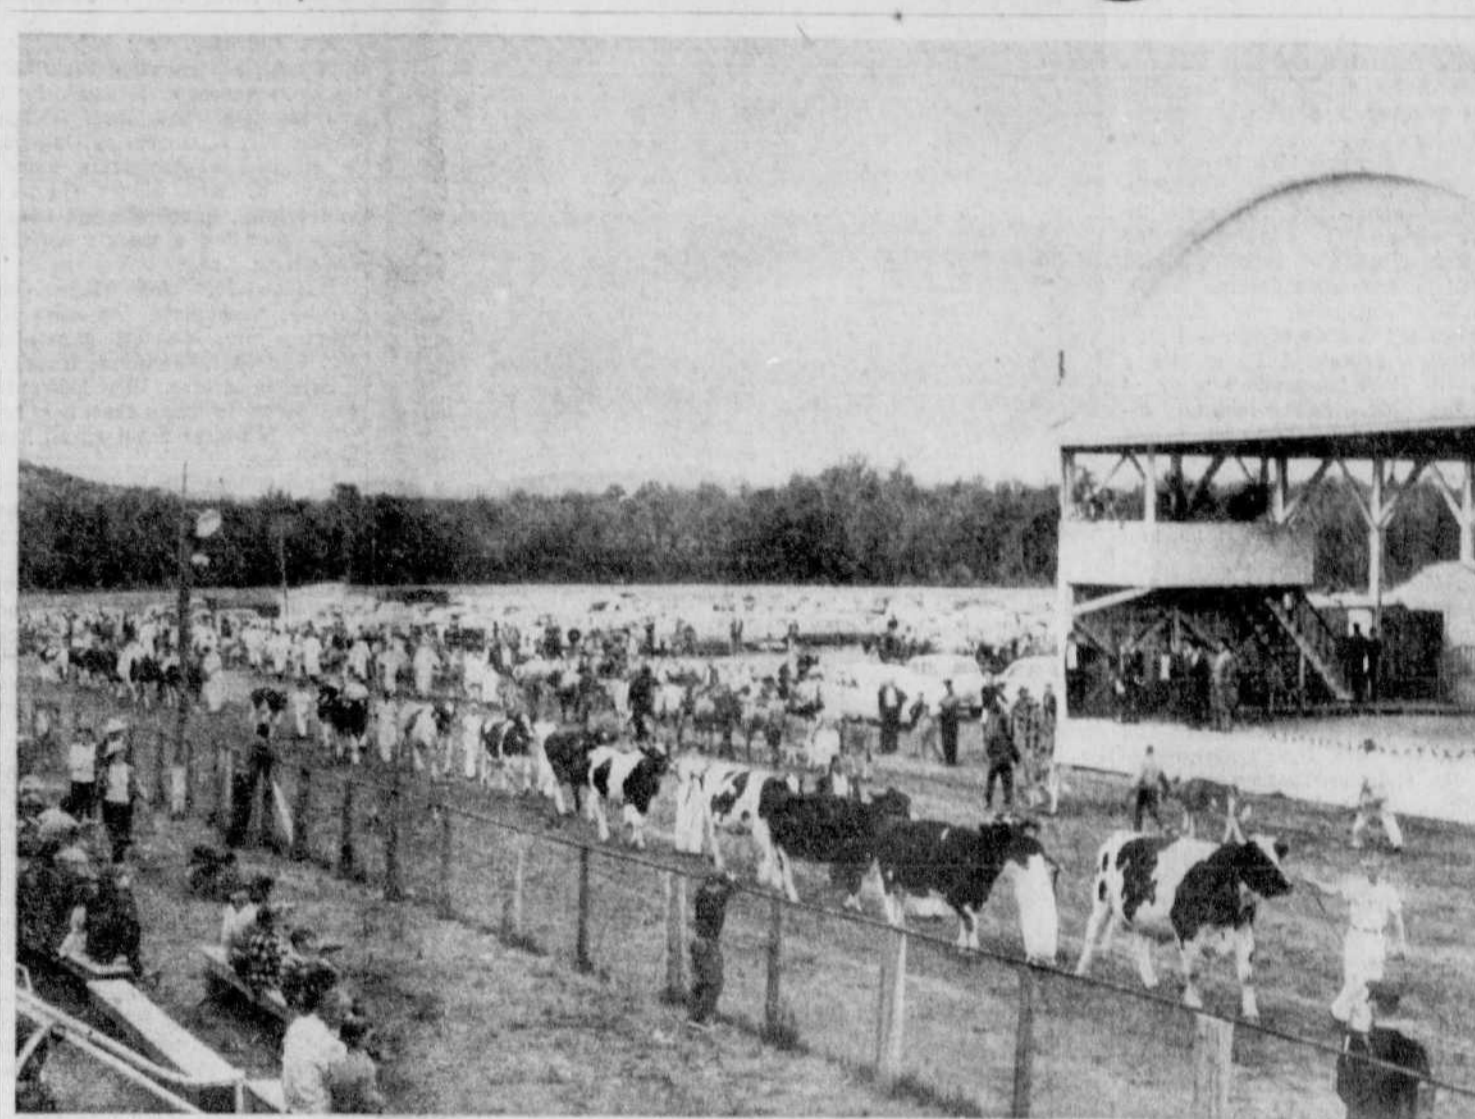

To evacuate casualties and keep the islands' troops and supply strength up in the face of an invasion threat, the Nationalists have been running night convoys to Quemoy from the Pescadores Islands, 30 miles west of Formosa.

The Communists sent "tens of torpedo boats" to Liao-lo Bay on the southern side of Quemoy shortly after midnight to try to break up a reinforcement convoy, the ministry said.

The small, fast boats struck just as troops from a Nationalist landing ship were being unloaded into small boats six miles offshore. Four Nationalist ships intercepted the Communist attackers.

The ministry said one Nationalist warship was slightly damaged and there were 10 Nationalist casualties.

Icelandic Sailors Board British Fishing Trawler

Neither Side Uses Violence

LONDON — (Reuters) — Two Icelandic gunboats today halted a British trawler and sent a boarding party aboard it inside Iceland's newly-claimed 12-mile territorial waters.

Commander Barry Anderson, in charge of the British fishery squadron in Icelandic waters, reported the incident and added later that the British frigate Eastbourne sped to the scene and also put a boarding party aboard the trawler Northern Foam.

Anderson said the Icelandic boarders apparently had tried vainly to get the trawler under way and that he (Anderson) "temporarily immobilized" the vessel.

Anderson stressed there was no force or violence and said he was negotiating with the captain of one of the Icelandic gunboats, the Thor.

A statement by Iceland's coast guard, broadcast by Iceland Radio, disagreed with the British account, saying that the coast guardsmen who went aboard the Northern Foam were met by trawlermen armed with cudgels.

"The coast guardsmen nevertheless got aboard," said the radio, adding that the Eastbourne later put men aboard the trawler.

Airliner Crashes Into Row Of London Homes Seven People Killed

LONDON (Reuters) — A crippled airliner plunged into a row of suburban houses at breakfast time in West London today and exploded in a sea of blazing gasoline.

After hours of groping through the debris of smashed houses and the smouldering wreckage of the plane, police announced that seven persons had died. Four houses were demolished and others were damaged.

The dead included the three-man crew of the freight-carrying airliner and two children and a baby among the householders.

The plane was a twin-engine Vickers Viking bound for Tel Aviv by way of Nice on a freighting flight from London Airport.

Householders were finishing breakfast in the suburb of Southall when they heard the plane roaring out of a low mist. It clipped off a lamp post, skidded down a street and nosed into the row of houses.

The flaming engines and parts of burning fuselage fell in gardens. Neighbors rushing from their homes saw two houses cut in two and fires blazing from the gaping shells of other homes. Snapped gas mains flared as rescuers tried to reach trapped victims.

It was two hours before the fires were brought under control. Ambulances removed about a dozen persons for hospital treatment.

The Viking was owned by Independent Air Travel, a private charter company based at Blackbushe airport near London. The pilot, Capt. P. W. E. Major, lived at Bournemouth.

The crash brought sudden disaster to the suburban houses.

Mrs. E. Gibbins and her three-weeks-old baby were killed instantly.

In the Reed family's house, husband and wife escaped but their son, Ronald, 10, and daughter, Carol, 11, died.

Segregation Advocate Elected PM

CAPETOWN (Reuters) — Hendrick Verwoerd, 57-year-old minister of native affairs, today was elected prime minister of South Africa by a Nationalist party caucus here.

Verwoerd succeeds Johannes Strijdom, who died 10 days ago after a lengthy illness.

Verwoerd is chief architect of the Nationalist policy of racial segregation and has declared that its ultimate aim must be the complete segregation of white and black on a territorial basis. If he has not piloted all the apartheid bills, he has been described as the driving force behind them and is regarded as the "strong man" of the Nationalist party ranks.

A psychologist by training and an expert on social services, he has for the last 10 years held South Africa's most controversial portfolio—that of native affairs, an office which deals more directly than any other with the country's troubled race relations.

Verwoerd was born in 1901 in the Orange Free State. His father was a Hollander.

American Toll For Holiday Down

CHICAGO (AP) — Traffic deaths on U. S. highways rose grimly in the waning hours of the Labor Day weekend, but the National Safety Council said the final toll apparently will be below its preholiday estimate of 420.

The final toll almost certainly will be under last year's total for the 78-hour weekend, the council added. Last year 445 persons died. The Labor Day record is 461 in 1951.

By midnight EDT 372 traffic deaths were counted.

There also were 99 drownings and 76 miscellaneous fatalities for a total of 547.

Hurricane Ella Cuts Into Cuba

MIAMI, Fla. — (AP) — Hurricane Ella whirled through east-central Cuba today, 370 miles south southeast of Miami. Winds up to 60 miles an hour threatened the Florida straits.

The hurricane, the season's third, was moving toward the west-northwest at 16 miles an hour.

112 Years Old

MANCHESTER, Ky. — (AP) — Clay County folk swarmed 5,000 strong into tiny Asher's Fork Sunday to celebrate Aunt Josie Sizemore's 112th birthday. But Aunt Josie missed the party because of the heat.

Price Right But Goods Wrong

GOLDSBORO, N.C. — (AP) — Furniture dealer Hayden Stuart wishes he never overheard a stranger at a service station offer to sell kitchen appliances.

The stranger took him to 209 East Spruce Street, and they settled on a price for a stove and refrigerator.

After Stuart's truck picked them up, police received this telephone call from Wayne Daventon:

"I live at 209 East Spruce Street. I just got home and somebody has been here and stolen my stove and refrigerator."

Another Walkout

Strikes, Rain Dampen Holiday

By THE CANADIAN PRESS
Lingering strikes and poor weather combined to produce a subdued Labor Day holiday weekend in Canada.

Ironically, the holiday produced yet another strike as strikers picketed seven Toronto movie theatres.

The cool wet weather may, however, have helped hold down

the weekend accident toll. Early compilations showed fewer than 65 deaths, compared with 83 during the three-day holiday last year.

Most of the country was chilly. There were no breaks in the country's three major strikes, beer and steel in Ontario and longshoremen in British Colum-

bia. The Toronto theatres were picketed Monday by stagehands who lost their jobs when their contract ran out Sunday. Projectionists belonging to the same union refused to cross their lines.

Sports events and parades were the chief attractions for those who stayed close to home. Hot and humid weather in Ontario and Quebec turned into violent storms Sunday that caused hundreds of thousands of dollars damage to crops and buildings, toppled phone and power lines, endangered small boats.

THREE DROWN

Three persons drowned at Kingston when their sailboat was swamped.

The Maritimes were shrouded in fog and dull wet weather that cut down highway traffic and cancelled several sports events. At Bathurst, N.B., farmers and union men met for a joint Labor Day barbecue.

Rain cancelled a parade of 2,000 striking shipyard workers at Lauzon, Que., but across the St. Lawrence River, 1,000 workers turned out for Quebec City's Labor Day parade.

An estimated 10,000 union members marched in the Canadian National Exhibition's Labor Day parade in Toronto. Hamilton's parade was clouded by a strike of 7,500 steelworkers at the Steel Company of Canada plant, now in its fourth week.

Alberta — 5 traffic, 1 drowned, 1 other; total 7.

British Columbia — 3 traffic, 3 drowned, 1 other; total 7.

A Canadian Press survey showed 44 killed in traffic. The Canadian Highway Safety Conference had predicted 56 would die on the roads compared with the 52 last year.

Thirteen persons were drowned and eight died in various other mishaps. The survey covered the 78 hours from 6 p. m. Friday to midnight Monday.

KEPT COUNT DOWN
Although the chill, wet weather helped keep the count down in most parts of the country, a

Dam Project Brings Charges

OTTAWA — (CP) — Opposition Leader Pearson charged Monday the government violated parliamentary rights in the way it obtained Commons approval for federal participation in the South Saskatchewan River dam project.

Federal financial assistance to Saskatchewan was approved by a unanimous vote of 129 to 0, but only after the Liberal opposition charged the government so arranged the debate as to preclude a detailed examination of the project.

A federal-Saskatchewan agreement signed earlier this summer provides that the government will contribute about \$74,000,000, plus a \$12,500,000 loan, to Saskatchewan towards construction of the \$184,000,000 dam-power-irrigation project.

PEARSON OBJECTS

Mr. Pearson said the Liberals approve of the assistance to the Prairie province but object to the fact that the government asked the Commons only to ratify the agreement.

The fact that Parliament could not ask detailed questions about the project, as would have been possible if a formal bill had been introduced, "violates parliamentary rights and traditions." The government was getting a "blank cheque."

Agriculture Minister Harkness said the procedure of asking the Commons only to approve the agreement had been used in the past.

Members could obtain detailed information they wanted when annual estimates of federal contributions to the six-to-eight year project come up annually.

CLOSURE AGAIN?

However, J. W. Pickersgill (L-Bonavista - Twillingate) described the procedure as a "new streamlined type of closure."

The proposal, at it stood, presented the Liberals with a tricky proposition: If they opposed the resolution seeking ratification of the agreement they would be accused of opposing the project; if they supported it, later objections on details would be less easily raised.

The vote on the resolution was requested by Progressive Conservatives. On the formal roll-call, there were 97 Progressive Conservatives, 27 Liberals and five CCF members in the House—less than half the full 263 mem-

ber Commons. There are two vacancies.

Debate of government business during Labor Day was at times attended by fewer than 75 MPs.

UNITY WINS
CCF House Leader Hazen Argue, a Saskatchewan farmer, said the resolution showed that when the population of a province is united and determined to have a certain project it will get it.

He noted Armand Dumas (L-Villeneuve) had supported the measure. This showed that when a project is in the national inter-

UK Police Use Dogs To Clear Race Rioters

LONDON — (AP) — Race rioters rampaged through London's Notting Hill district Monday night for the third successive night. It was early morning before police with big Alsatian dogs cleared the streets of the mob of more than 2,000 whites, most of them teen-agers.

The rioters smashed windows of Negro homes. The embattled residents retaliated by hurling bottles from their roofs. One homemade gasoline bomb also thrown down, but the fire was put out quickly.

One white man was stabbed in the shoulder. Scores of other persons had minor injuries.

Police arrested 34 persons, bringing to 57 the total arrested in London since racial disturbances broke out again Saturday night.

In the neighboring Paddington district, gangs of white youths wrecked a cafe frequented by Negroes.

Racial friction between native-born whites and immigrants from the West Indies and other areas of the Commonwealth flamed into violence in the industrial city of Nottingham slightly more than a week ago, and a clash there was quickly repeated in Notting Hill.

The battling was resumed in Notting Hill Saturday night

when, after the pubs closed, some 200 whites and non-whites clashed with knives and broken bottles. More than 50 whites roamed the district Monday night, attacking Negro residents and throwing rocks and bottles at their windows.

Nottingham also had weekend race violence. There, a mob of 1,000 white moved on the city's Negro quarter Sunday night but police patrols drove them off.

Five of the rioters were sentenced Monday to three months in prison and 19 were fined.

Home Secretary Richard A. Butler was reported satisfied that police could handle the situation. But he ordered a special report on the riots.

Condemnation of the race rioters mounted. George Rogers, Notting Hill's Labor member of Parliament, toured the district in a loudspeaker truck, appealing for "common sense, decency and tolerance in this matter of race relations." The Labor party chairman, Tom Driberg, deplored the race violence as "a blot on the conscience of Britain."

A social worker in Notting Hill said the rampaging teen-agers "are just looking for excitement." A major element in the rioting crowds have been "Teddy boys," foppishly-dressed juvenile delinquents.

He said "it is time to deny categorically that I have ever made public or caused to be made public revelations concerning my private affairs or those of any other person."

"The suggestion that the film I am making will have any connection with my private affairs is as base as it is untrue."

When he referred to "my private affairs," Townsend turned to the reporters and said "you understand what I mean?"

"My future plans, whether they involve writing or film making, arise entirely out of the journey I recently made by car around the world."

"Finally, and I trust this will put an end to further speculation, I have no intention of returning to my country, England."

Humanities Plea For Universities

MONTREAL (CP) — Commonwealth university officials today begin discussions of specific problems involved in expanding university staffs and facilities.

But speakers at the opening Monday of the Eighth Quinquennial Congress of Universities stressed that universities must not sacrifice the humanities to the increasing demands for specialists in the field of science.

Sir Hector Hetherington, principal and vice-chancellor of the University of Glasgow told the 400 delegates from 126 Commonwealth universities that recognition must be given to "the absolutely central significance for all our university work of the humanities."

WANTS HUMANITIES
"External Affairs Minister Smith, a former president of the University of Toronto, expressed the hope that the Russian scientific challenge would not result in free nations making the galvanometer and the test tube the only criteria."

"I plead for the humanities and the sense of direction which only the humanistic disciplines can give to our actions whether they be personal, national or international," he said.

Any other course risked sacrificing the cultivated mind for the mind that was narrow, one-track or closed.

Governor-General Massey, another leading Canadian educationalist, warned that if universities must have financial assistance from the state they must guard jealously their intellectual freedom.

GET GOVERNMENT AID
He said governments in all countries have had to come to the aid of universities and no one could deny the necessity of such assistance.

"But it would be foolish and wrong to ignore the fact that all our universities today tread a very dangerous path. Increasingly they are accepting government money because they are doing things the government wants done. . . ."

"The intellectual duty of the University to remain free, I suggest, is greater now than ever before—and more difficult than ever before."

Today's Chuckle

He: "Why?"
She: "Sweet, but unrefined."

Drunk Leads Way To Big Supply

NASHVILLE, Tenn. — (AP) — A drunk, explaining how he happened to get that way, described for police a wonderful place where he "just drove in and filled up from a spigot."

The officers found the spot near here. They smashed a 500-gallon all-copper moonshine still.

19 Missing In US Plane

GUAM — (AP) — A U.S. military air transport service plane with 19 aboard crashed in the Pacific ocean early today and an air-sea search team could find no survivors.

Debris and three bodies were picked up 30 miles west of Guam.

The C-124 plane from Travis Air Force Base, Calif., was on a flight to the Philippines. It had a crew of seven and carried cargo and 12 passengers.

Off For World Tour

PARIS (CP) — Peter Townsend, onetime suitor of Princess Margaret of England, says he isn't going home again.

The former Royal Air Force group captain made the statement Monday night prior to leaving today for Yugoslavia on the first lap of a world tour.

Townsend also denied that a planned film on his new trip around the world will deal in any way with his private life—presumably his romance with Princess Margaret which ended in 1955 when she decided against marrying him.

Townsend read his statement to five news agency reporters in a Paris hotel.

HAMMERED ON DOOR
Outside 60 reporters and photographers hammered on the door and rang the bell.

Those barred from the conference sang "Margaret, Margaret give me your heart." They refused glasses of champagne brought out by three waiters.

Finally the hotel manager called the police to clear the corridor.

Townsend and Victor Stoloff, American film producer, returned unexpectedly to Paris Saturday from Yugoslavia.

Townsend commented "absolute rubbish" when asked about British newspaper reports that he had returned because of a message from royal circles disapproving of his capitalizing on the name of Princess Margaret.

MISS PATRICIA FOY, daughter of Mr. and Mrs. Joe Foy, will be teaching this year in Quebec City. Miss Foy, a former student at St. Patrick's High School, Thetford Mines, is a graduate of St. Mary's Teachers' College, Chapleau, Que., receiving a "C" diploma from the Quebec Department of Education with a percentage of 89.3.

Wed Fifty Years

Friends Honor Graniteville Couple

GRANITEVILLE — Mr. and Mrs. Sam Denney celebrated their 50th wedding anniversary on Monday, August 25, and in honor of the occasion about 50 friends and members of the family gathered at their Graniteville home.

Upon returning home from dining out with their son, Victor Denney, and family, they were taken completely by surprise when they opened the door as the house lights were turned on and everyone joined in singing "For They Are Jolly Good Fellows."

Congratulations were extended to the couple and Miss Sue Denney presented her grandmother with a lovely corsage of yellow mums, tied with a gold ribbon, and her grandfather with a boutonniere of white mums. A social evening with singing was enjoyed.

Among the floral decorations were beautiful baskets of yellow mums, gladioli and bouquets of summer flowers from Crystal Rebekeah Lodge and other friends. Mr. and Mrs. Denney received many lovely congratulatory cards and the gifts included an oil painting of the home village in Ireland, which will be treasured dearly.

Jack Anderson, on behalf of the many friends of Mr. and Mrs. Denney, presented them with a tri-lite floor lamp and a purse of money. Mr. Denney feelingly expressed appreciation on behalf of his bride of 50 years and himself. He then amused the guests with a few of the humorous stories for which he is so well known.

Refreshments were served and seated at the table of honor with the bride and groom of the golden years were their sons and daughters-in-law, William and Mrs. Denny, Victor and Mrs. Denney and daughter Susan and Rev. and Mrs. Frank Stanton.

Mr. and Mrs. Denney made the initial cut in the lovely anniversary cake, made in the form of a double ring style, iced in white and yellow and decorated with ent gowns that detract from off-key voices.

Ann has the most unusual gimmick of all. "I just intend to sing," she says. "I think that audiences may find it refreshing for a change."

IRON HILL — A party was held recently at the home of Mr. Roger Mason on the occasion of his birthday.

LYSANDER — Mr. Gerald Bennett, of Maple Grove, was a recent guest of his grandmother, Mrs. Violet R. ycraft.

Recent guests of Mr. Mrs. Hamilton Patterson were Mr. and Mrs. Stanley Kerr and young son, of Ontario, Mr. Wm. Lunan, of Asbestos, Mr. Albert Merrill and the Misses Florence and Pearl Patterson, all of Richmond, and Mr. William Goss, of Denham, Mass. Mrs. Hamilton Patterson spent a few days visiting relatives in Danville. She was accompanied home by her son, Mr. Arthur Patterson, of Sherbrooke.

Mrs. Ivan McCrea was an overnight guest of Mr. and Mrs. James Kelly of St. Agathe.

Mr. and Mrs. Walter McCrea attended the Porter and Humphrey wedding reception in Huntingville.

Mr. and Mrs. George Robinson, of Montreal, were recent guests of Mr. and Mrs. Babe Beattie.

Miss Carol Beattie was a recent guest of her grandmother, Mrs. C. Lowry, of Inverness.

Mr. and Mrs. Andrew Miles have returned to Brockville, Ont., after spending a few days with Mr. and Mrs. Gordon Longmoore.

Mr. Glenn Raycraft, of Thetford Mines, is spending a few days in his old home here.

MR. AND MRS. SAM DENNEY

gold leaves. Each ring was topped with a cluster of yellow mums and were joined with a large golden "50".

A toast was proposed by Mr. Anderson and responded to by Mr. Denney and hands were joined in the traditional "Old Country" wail as all joined in singing "Auld Lang Syne."

Mr. and Mrs. Denney were married at Rostrevor, Ireland, on August 15, 1908, and came to Canada shortly afterward, making their home in Graniteville, where they have since resided. The many friends of this fine couple join in wishing them many more years together.

Friends attending the party were from Waterford, Lennoxville, Rock Island, Derby Line, Beebe and Marlinton, as well as several of their neighbors.

Immigration Officer Is Honored On Retirement

MR. and MRS. M. B. QUILLINAN

ROCK ISLAND — On the occasion of his retirement as Immigration officer in charge at the Rock Island office after 20 years service, M. B. Quillinan and Mrs. Quillinan were honored by a banquet held at the Del Monty hotel.

The dinner was tendered by the personnel of the Rock Island and Beebe offices of the Canadian Immigration Department, the Customs and Excise and the Royal Canadian Mounted Police staffs and their ladies. About 65 persons were present.

On arriving, Mrs. Edward Bushnell presented a corsage of rose carnations to Mrs. Quillinan, who wore a navy blue dress. Seated at the head table were Mr. and Mrs. Quillinan, and the former's co-workers W. A. McFaul, Eastern District Superintendent of Immigration; L. E. Lefalve, Assistant District Superintendent of Immigration; J. L. Anfossi, Eastern District Inspector; T. Luce, Chief of Admissions, Montreal Office; J. Pond, Officer in charge, Stanhope; E. J. Struthers, Collector of Customs, Rock Island; George Morrison, who was emcee, and Mrs. Morrison; C. J. Labonte, senior co-worker of Mr. Quillinan, and Mrs. Labonte.

A turkey dinner was served at the tables arranged with white linen covers and seasonal floral decorations. After the dinner, Mr. McFaul gave an address, which was most interesting. He told of the days when Michael Bernard, as he called Mr. Quillinan, was on relieving duties for the department prior to his appointment as officer in charge at Rock Island. His short talk was thoroughly enjoyed by the group.

Mr. Labonte, on behalf of the friends of Mr. Quillinan in the service, in a few words referring to the good fellowship and harmony which had prevailed since they both had joined the service, presented the retiring "boss" with a purse of money.

Mr. Quillinan, in his remarks answered both the speakers, and noted the good times enjoyed with all the officers. Now time was taking them for a well earned rest, leaving him with pleasant memories to think of in the years ahead.

Mr. Pond, in his brief remarks, said he was rather startled at the invitation to speak, having had no previous notice, but he arose to the occasion and gave a few interesting excerpts from past experiences in the service. Mr. Struthers, in his usual efficient manner gave "a thought or two" for Mr. Quillinan to muse over in his retirement.

Later, Mr. and Mrs. Quillinan were presented to the guests, all of whom wished them well in their new found leisure. The remainder of the evening was enjoyed in group get-together and dancing.

By JAMES BACON HOLLYWOOD (AP) — Ann Blyth, long famed as the screen "little lady," is embarking on a new career as a saloon singer. Of course, saloon is only the trade name as Ann's itinerary includes some of the fancier eating and drinking palaces extant. The fact that she latest picture had nothing to do with her decision to go into night clubs.

"All the movie scripts offered wanted me to go to Europe and for such long times," she explains. "I just felt that I couldn't be separated from my family that long."

DOCTOR HUSBAND Ann's husband is Dr. James McNulty, a Los Angeles obstetrician. He just can't pack up his practice and join his wife. She started her act last weekend in Phoenix, Ariz., and her husband couldn't even make it for opening night. A baby that arrived a few weeks ahead of schedule interfered.

"I think long separations, no matter how understanding the husband or wife, have broken up more Hollywood marriages than any other single factor," she says. "No script is worth that."

Four years ago, Ann did four weeks at a Las Vegas hotel, her only previous night-club appearance. Her act was good and so was the box office. So much so that the Las Vegas resort has been after her ever since.

THREE REASONS "But one thing or another prevented me from going back," she said. The "one thing or another" were all playing in the backyard — Timothy Patrick, 4; Maureen Ann, 2; and Kathleen Mary, eight months.

Most girl singers in night clubs nowadays have gimmicks. Some have a line of men behind them — either dancers or musclemen; others do strip teases on stage. Some like Marlene Dietrich and Zsa Zsa Gabor wearing transpar-

WOOD SCALERS BANQUET — Pictured above, are distinguished guests who attended the wood scalers banquet, held Saturday night. From left are Edgar Porter, manager of the Quebec Forest Industry; Adrian Bilodeau; Hon. Raymond O'Hurley, Defence Production minister; Albert Larouche, president of the Association; Hon. Jean-Jacques Bertrand, Provincial Minister of Lands and Forests; Hon. J. S. Bourque, Provincial Finance Minister. (Record Photo by Gerry Lemay)

Proper Wood Measurement Essential To Provincial Economy, Minister Claims

Defence production Minister Raymond O'Hurley advocated reforestation as a means of increasing employment in the timber industry at the annual convention of the Corporation of Timber Scalers of the Province of Quebec Saturday.

Mr. O'Hurley, speaking at the closing banquet of the convention, said that companies cutting wood did not have sufficient orders to provide work throughout the year. Wood scalers would have to face up to the problem of interesting these companies in reforestation, he said.

Addressing the 300 scalers attending the convention, Mr. O'Hurley, himself a scaler, declared:

"Each member belonging to the timber scaler association, is responsible to his association for maintaining an honest standard, which was first instituted by our directors." He added "Every licensed wood scaler must be conscientious and honest, because we belong to a team which has great importance in our national production. Our task in this province is to precisely determine the volume and quality of the wood extracted from the forests. This work is part of an enterprise which totals over \$200,000,000 annually. Sawing of this wood alone totals over \$90,000,000 annually."

The Defence Production minister added "You must get the cooperation of those working in the forests, contractors and of the government. With everybody cooperating, you will have established the government cutting rights, given full value to the contractor and gained an adequate remuneration for the lumberjacks."

Mr. O'Hurley added "A wood scaler must be someone who is responsible enough to teach apprentices and novices how to

measure wood properly and quickly."

The minister further stated that in a few companies, wood scalers have a year-round job. He said that this should be the rule and not the exception. He said "that in order to make these companies understand this, the association should try to make them see that they will gain and profit by your steady work."

As a closing statement, Mr. O'Hurley said that "It is only through forestry that we will satisfy the international markets while at the same time we will keep our forest producing at a steady pace."

Other distinguished guests at the banquet were Hon. J. S. Bourque, Provincial Finance minister, Lands and Forests minister, J. J. Bertrand, Mr. Maurice Allard, M.P., for Sherbrooke and Ald. Carl Camirand.

Officers for the coming year elected at the meeting were: Albert J. Larouche, of Baie Comcau, president; Jean Jacques Bertrand, Waterville, vice-president, and Adrien Bilodeau, secretary.

In the afternoon business sessions were held and among the speakers were Adrien Bilodeau, who gave the secretary-archivist's report, Samuel Audette, chief forester of the marketing board, and David Stearns of Lake Megantic Pulp Company who spoke on the role of wood scalers in the forestry industry.

A forum on mechanization was conducted by Theor Caron, chief forester of the Anglo-Canadian Pulp and Paper Mills. The panelists were Phil J. Hurley, Canadian International Paper Co., Ludger Beaudoin, Department of Lands and Forests, Lucien Cas Tonguay, also of the department and J. Adrien Guy, Quebec North Shore Paper Company.

Injuries To Rock Island Child Fatal

ROCK ISLAND — Diane Bacon, of Beebe, 12-year-old daughter of Mr. and Mrs. Perry Bacon, of Rock Island, died Saturday at the general hospital, Toronto, Ont. The girl was injured Sunday night, August 24, in a motor accident, when the car in which she was a passenger struck a tree six miles east of Welland, Ont.

Diane suffered serious head injuries and was rushed to hospital in a police-escorted ambulance, which travelled the 90 miles in 80 minutes. Injured in the same accident were her two aunts, Mrs. Ruth Stevens, of London, Ont., and Mrs. Doris Ross, of Welland, and Allan Laro, also of Welland.

Diane was born at the Boundary and had been enrolled as a student at the Beebe Intermediate School. During the summer she had earned her Canadian Juvenile Award at the Frontier Swim Project. She was visiting relatives in Ontario when the accident occurred.

Surviving are her parents, a sister, two brothers and her grandmother, Mrs. Bertha Munroe, who has been in Ontario to be near the injured girl.

The remains are resting at the Cass Funeral Home and the funeral will be held tomorrow afternoon at 2:30 o'clock at the Advent Christian Church. Interment will be in Woodside Cemetery.

Stolen Car Involved In Local Crash

A stolen car, belonging to Raymond Bourbonniere, 49 Wilson St., Lennoxville, crashed into two parked vehicles in front of 165 Frontenac St., late last night, causing heavy damage to all three cars.

A constable investigating came upon the scene at about 1:35 a.m. today. The car was reported stolen until about 40 minutes later.

The constable reported having seen someone fleeing in the distance from the crash but was unable to make an arrest.

Single Fatal Mishap

A freak water accident claimed the life of a Montreal boy while 11 other persons were injured, none seriously, in an assortment of accidents in the Sherbrooke district over the Labor Day weekend.

Maurice Pare, 15, of Montreal, was struck by the propeller of an outboard motor while swimming at Wright's Beach near Magog Sunday afternoon.

An inquest will be held later this week.

Mr. and Mrs. Remi Champagne, aged 23 and 20, of 437 Alexander St., Longueuil, and Marc, Claire and Lise Champagne, aged 20, 13 and 11, respectively of 220 Guy St., Jacques Cartier, were taken to the Hotel Dieu in Sherbrooke late last evening following an accident on the Cookshire-Lennoxville road in which their car went out of control. Hospital officials claim none were seriously hurt.

Jacques Hamel, 463 Galt W., Sherbrooke, escaped serious injury Friday night when the car he was driving rolled over after colliding with another vehicle on the Richmond-Danville highway. The daughter of the driver of the other car, Edouard Brunel, of Sorel required only minor treatment.

Lucien Thivierge, 30, of Megantic, escaped serious injury shortly after 5:00 p.m. yesterday, when the panel truck he was driving, went out of control and crashed at the side of the road between Bury and Scotstown. He was given first aid and returned to hospital in Megantic for further treatment.

Two men, Daniel Therrien, of Sherbrooke, and Irene Roy, of Cookshire, suffered minor cuts to the face when the cars in which they were riding collided in East Angus late Sunday night. Roy was in a car driven by Urbain Dussault of Bury. Dussault was uninjured but damage to both vehicles was heavy. Therrien's car was a rented vehicle from Sherbrooke.

Five-year-old Renee Lebrun, daughter of Gaston Lebrun, 383 Short St., Sherbrooke, was slightly shaken up Sunday afternoon when she was bumped by a car driven by Miss Therese Labrecque, 1035 Worthington St. The little girl was treated at the Hotel Dieu before being returned home.

According to a report by investigating officer Guy Dupont of the Provincial Police in Sherbrooke, the Pare boy was swimming close to a pier when the fatal accident occurred.

Apparently Pare, with one of his friends, was floating on an inflated mattress and an inner tube when the motor boat struck him. At the helm of the boat was Arthur Dion who claimed he had come in close to shore so that one of his friends could take a picture of the craft.

After hitting Pare, the boat continued some distance and hit another projection before turning about and coming back to the scene of the accident. According to the report, the boat promptly sank, probably due to damage incurred hitting the second pier.

Promises New Customs House At Rock Island

A new customs house will be built at the border town of Rock Island once the proposed four-lane highway from Sherbrooke to the United States is completed, Rene Letourneau, M.P. for Stanstead announced after the closing banquet of the wood scalers convention in Sherbrooke last weekend.

Mr. Letourneau said the new station would combine the customs outlet, the immigration department and the bonded warehouse.

The present customs house would be used as a warehouse, he said.

Denis Gerin, M.L.A. for Stanstead, announced at Derby Line recently that a four-lane highway would be built shortly.

Disc Jockeys Still Press Talking Race

GRANBY, Que. — (CP) — Two long-talking disc jockeys — one at Granby, Que., and the other at Amherst, N.S. — were licked Monday night in a struggle of non-stop broadcasting that began last Thursday.

Both Paul Lessard of Granby and Dick Boudreau of Amherst have been broadcasting around the clock, with no time out for sleep, in an effort to beat the Canadian radio performance record 117 hours, five minutes.

They passed the 99-hour mark at 3 p.m. EDT Monday.

Lessard who started at noon Thursday, hopes to reach the 120-hour mark at noon today, then to go on if possible.

He started the microphone by playing hit songs of 1915, nibbling food between records. But already he has lost five pounds.

The winning disc jockey in the microphone is to get a free trip at the expense of the losing announcer's city and radio station. No one has revealed to where the trip will be.

Dr. W. O. Coates, mayor of Amherst and Mayor Horace Poirvin of Granby exchanged tape-recorded messages of challenge and greeting in connection with the contest.

Raymond Grow Funeral Service Held Today For Derby Line Man

DERBY LINE, Vt. — Funeral services for Raymond Grow, a prominent resident of this place, were held this afternoon at Stanstead South Church, Rock Island. Mr. Grow died Saturday at the Newport General Hospital, where he had been a patient for the past two weeks.

Formerly a farmer, Mr. Grow had been a real estate agent for many years. He was a director of the National Bank of Derby Line and a member of Stanstead South Church, in the work of which he had taken an active part.

He is survived by his wife; his son and daughter-in-law, Mr. and Mrs. Gordon Grow, and his grandson, Raymond, of Springfield, Mass.

The family requested that no flowers be sent, but gifts to a memorial fund are being received by Lloyd Selby, of Derby Line.

Freak Damage

DRUMMONDVILLE — A freak tornado, lasting only seconds, ripped across a farm near Drummondville Sunday causing \$500 damage.

The wind toppled a 24-foot silo, a hen house, apple trees, a power pole, a TV antenna, a hay loader and tore part of roofs from the barn and the house on the farm of John Carroll.

Mr. and Mrs. Carroll and their four children who were in the house when the storm occurred were not injured.

Thieves Find Three Attacks Poorly Repaid

Sherbrooke police are looking today for some frustrated thieves who managed to get little or nothing for their work over the Labor Day weekend, as they broke into three soft drink vending machines.

Capt. Armand Genest of the Municipal force, said this morning that two of the machines did not contain any cash whatsoever, while the third contained at most only 30 cents.

Record Crowds Attend Brome Fair

By PAT BOUGIE

BROME — Almost perfect weather and one of the biggest entries in all classes combined to attract a record attendance at the first three days of the 102nd annual Brome County Fair which closes here today.

Delighted crowds filled the grandstand to witness one of the best shows produced at a county fair, which included such acts as W. H. Hill and his wonder elephants, the Jackie and O'Dell balancing act, Clowns Pete and Bob, the Kayarts balancing ladder act, the Cycling Saxons and the Cosmos Trio, a motorcycle and trapeze act.

Music was furnished throughout the fair by the versatile Knowlton High School Band.

The livestock parade, one of the largest ever held here, was featured by large entries of Belgian and Percheron horses, as well as Jerseys, Guernseys, Holsteins, Ayrshires, Canadians, Aberdeen Angus and Shorthorns in the cattle classes. A parade of agricultural machinery was also included.

One of the major features of the Brome Fair in recent years has been the horse drawing contest which was held on Saturday afternoon, attracting entries from Quebec and the Northeastern states.

Top honors in this event went to Jerry Wellspeak, of Bennington, Vt., whose entries ranked first in all three classes.

Among the special prize winners this year were: William Stone, the John Robinson Trophy for the greatest number of points in the agricultural and horticultural classes; Brome Calf Club, the Graffley Trophy for the best calf; C. B. McLaughlin, the Canadian Bank of Commerce Trophy for the best display of maple products; Mrs. Baxter Williams, the Sherbrooke Record special for the best miniature cookie tray and the Vilas special for quilts.

In Sunday afternoon's horse racing, Bill Keeting, driven by C. Croteau won both heats with Trulin driven by L. Ruiter coming in second in the Classified A. In the Classified B. Royal Grattan driven by P. S. Guay and Bud A. Spender driven by G. Adamson split top honors and Guy Cane driven by L. Ruiter took second position in both heats.

Cardinal Prince G, with L. St. Cyr, ranked first and King's Highway G, Dulude, second, in the Classified C. Race yesterday. The Classified D. Honors were taken by Taylor Wynn, L. Denault, and Bud A. Spender, G. Adamson.

Officials for the races were: Starter, Bert Osmond; judges, E. Hivon, J. Blackwood, J. McCabe, B. Williams; secretary, Mrs. K. Mizener.

The Guernsey grand champion bull was entered by Percy M. Fox, of Montreal, and the Ayrshire grand champion by Stanley Mount, of Brome. The Ayrshire reserve champion was owned by the Benedictine Fathers of St. Benoit du Lac and the female grand champion, Ayrshire by Doug MacKenzie.

Best herd winners in the various classes were: Holstein, R. Gladu; Ayrshire, Mrs. M. MacKenzie; Jersey, Pierre Veillon; Guernsey, P. M. Fox; Aberdeen Angus, C. G. Smith; Canadians, D. Lataille, and Shorthorns, Don Sweet.

In other racing events, the results were:
 Pony race — Randall Foster, Brome.
 Half-mile buggy race — Bernard Desourdy, Ville Jacques Cartier; George Young, Waterloo.
 Buggy race No. 2 — Raymond McMahon, Knowlton; Howard Salisbury, Foster; Bernard Desourdy, Ville Jacques Cartier.

Results in the horse-drawing competitions were:
 First class, teams weighing 3,000 pounds and under — 1. Jerry Wellspeak, Bennington, Vt.; 2. Lee Helms, Marion, N.Y.; 3. The Leclairs Helldrivers, Ellenburg, N. Y.; 4. Marck Blackwood, Knowlton. Weight drawn 9,200 lbs.
 Second class, teams weighing 3,300 pounds and under — 1. Jerry Wellspeak, Bennington, Vt.; 2. Jerry Wellspeak, Bennington; 3. The Leclairs Helldrivers, Ellenburg; 4. Helms and Fletcher.

Fire Destroys Outbuildings On Foster Farm

FOSTER — (Special) — Fire believed to have been caused by spontaneous combustion completely destroyed a barn and sheds belonging to William Russell here Sunday afternoon.

At the time of the blaze, Mr. Russell and his family were at the Brome County Fair and could not be reached until the fire was over.

The Knowlton fire department and neighbors were instrumental in saving the nearby house, but the barns and sheds were completely destroyed.

Later in the evening, the Knowlton Fire department was called back to the scene, when heavy winds started shifting burning hay towards the house. Fire officials succeeded in saving the house.

Students Exchange Is Urged

MONTREAL (CP) — External Affairs Minister Smith Monday night suggested a fellowship plan for exchange of university staff and students among Commonwealth countries.

Expressing conviction that intellectual links are in large part the basis of Commonwealth solidarity, Mr. Smith said in a speech the free flow of ideas should be facilitated by an exchange system, particularly at graduate level.

Such a program should be "multilateral" rather than of a one-way character, said the former president of the University of Toronto. Selection of staff and students should be made by universities rather than governments.

Mr. Smith was addressing the eighth quinquennial congress of the Association of Universities of the British Commonwealth.

"I hope that a fellowship project of that type could be

launched," he said, "and I believe that my colleagues in the Canadian government would look at such a project with interest."

The statements were included in a text of the speech issued to the press before delivery.

A Step Toward Disarmament

Announcement from the Kremlin that Premier Khrushchev has agreed to open talks with the U. S. and Britain on suspension of nuclear tests is appropriately timed to coincide with the release of a report by scientists of several nations, including Canada, on the feasibility of setting up a test detection system.

Khrushchev's statement was somewhat clouded by a hint that the Soviet may resume its tests until an agreement is reached. But that may be attributed to the fact that the Russian leader just can't break the habit of throwing in the occasional threat.

If the Soviets are serious, however, the time for propaganda on disarmament has passed.

The nuclear scientists from eight nations met for nearly two months in Geneva and decided that a world wide system for detecting nuclear explosions was quite practical. This means that a ban on testing is enforceable because violations can be detected.

The Geneva conference was remarkable as the first such world meet-

ing in which experts were able to operate virtually free of political pressures from home. But what they decided was that a detection system was feasible, not how it would be organized, paid for, or accepted by nations around the world whose territory would be needed for monitoring stations.

These and many other difficult questions will plague the negotiators at the forthcoming talks. The West knows it must be on guard to make sure that a truly effective inspection system is established before any irreversible decisions — like the destruction of nuclear stockpiles — are undertaken.

Furthermore, it understands that in the end it must have assurances of disarmament that extend to conventional as well as atomic arms. We cannot eliminate the hazard of nuclear testing only to expose ourselves and the rest of the free world to the continuing menace of conquest by a Soviet Union still bristling with tanks, guns, planes and millions of armed men. Freedom from tyranny is as important as freedom from nuclear fallout.

Why Marry?

Why do women marry? Most people would say the answer is for love. Others would get in a bid for money, or position. Scientists and sociologists could probably fill books and books with scientific and sociological reasons.

But the Russians have found a new answer.

They decided a little while ago that for the good of the state more marriages were in order. To stimulate interest, they offered newly-weds new apartments.

The marriage rate did not increase.

They offered special reductions on trousseaus and household appliances. The marriage rate still did not increase.

Then they conducted an investigation, and discovered that when a girl marries — even a proper Russian girl — she wants a real wedding. The order went out: old fashioned weddings, complete with ceremony, orange blossoms, an exchange of rings and a wedding banquet are restored.

The marriage rate increased.

Time For Alertness

The arrival of September brings one of the two times in the year when there is a major change in the traffic pattern on the streets. It occurs when the children start going back to school. The other part of the cycle is when the schools are dismissed for the summer.

During the fall and winter there will

be more children on the streets earlier in the day. Intersections must be watched carefully and the speed limit signs in school zones mean what they say.

So let's demonstrate good citizenship to the younger generation by driving carefully and lawfully.

Letter To The Editor

The Editor,
Sherbrooke Daily Record.

Dear Sir:
Would you be so kind as to allow me space in your paper to air a beef.

I have attended the local country fairs for over 30 years and they all seem to be deteriorating from year to year. Suppose some of this can be charged to change of times, but some of it can be laid to indifference of those in charge.

For example, I attended Ayer's Cliff Fair Saturday evening. We were a party of five cars, most of us work on shift work with Saturday nights off. Our intentions

were to rendezvous at the main building, make a tour of the exhibits, see the livestock and let the children enjoy the midway, then take in the grandstand performance.

This is what we found. Main building locked, horticultural building closed, only one herd of cattle on hand, no horses except a few race-horses. We then went on to the grandstand at 7.30 p.m. and at least expected a horse show or some form of entertainment before the wrestling matches—absolutely nothing except a few pieces played by the Coaticook Band. As for the wrestling one word would suffice (FAKE) but it provided a few laughs for

the kids.

If the fair closed at 6 p.m. why were they charging admittance at the gate? If not why was everything locked up and gone? The exhibitors would have ample time to remove their exhibits Sunday or any time thereafter.

May I say here Gordon Beerworth did a wonderful job as MC with what he had to work with.

Needless to say we were all, including the children, disappointed and fed up and it will be a long day before they catch us like this again.

An Ex-Fair Patron.
(Name Withheld).

Mayor Fournier

(Windsor Daily Star)

Mayor Sarto Fournier of Montreal has denied exerting pressure on the federal Public Works Department to give a contract to the high bidder, a Quebec firm rather than to the lowest. Mention of his name recalls some political history in Ottawa.

Mayor Fournier, who also is a Liberal senator, was elected to the Commons in 1935. A man of undoubted ability, he was regarded as a protégé of the then Minister of Public Works, the late H. P. J. A. Carlin. Mr. Fournier was thought to be one of the "white hopes" of the Liberal Party.

Unfortunately Mr. Carlin fell out of favor early in World War II because of his adamant anti-conscription attitude. He resigned from the Cabinet in 1942. Mr. Fournier, who shared many of Mr. Carlin's ideas, also fell out of

favor. He remained a back-bencher until appointed to the Senate in 1953.

There is more to it than this. Public Works is a portfolio (Postmaster-General being another) cherished by Quebec. Mr. Carlin made quite an issue of this in 1935. Rt. Hon. W. L. Mackenzie King offered him the Secretary of State portfolio. In high dudgeon, Mr. Carlin declared he would stay out of the Cabinet unless he got Public Works. He put considerable pressure to work, and he got Public Works.

When he left the Cabinet, another Quebec member, Hon. Alphonse Fournier became Minister of Public Works, which he held until 1953 when named to the Exchequer Court. Hon. Alphonse Fournier represented Hull, the city in which the new printing bureau, now subject of investigation is located.

Canada's Auditor-General

Chief Penny-Pincher Wants To Quit

By HAROLD MORRISON

OTTAWA (CP) — Penny-pinching Watson Sellar says he's too long on the job.

"I've been here too long," observed the stocky, 64-year-old, \$20,000-a-year auditor-general as he sat behind an oak desk, touching on the foibles of men and governments and wondering where it would all lead to.

"They ought to retire auditors-general at 60 and not 65," he said rather grumpily but with a kindly light in his eyes.

"I suggested that last year when the old 70-year retirement was revised. They didn't go far enough. Should make the turnover more frequent. Makes for a fresher approach."

Thus the former printer and lawyer appraised his own worth, a modest appraisal considering he has gained one of Canada's greatest reputations as a needer, poker and pryer, his eye constantly glued to the ways of a federal spending budget that now has reached more than \$5,000,000,000 a year.

Mr. Sellar's job, backed by a staff of some 135 accountants and clerks, is to make sure that when it comes to spending the taxpayers' money, the will of Parliament is carried out to the letter.

His pen can make governments shiver. His annual verdict on departmental accounts is awaited with some apprehension by officials of every rank. His eye appears to have x-ray penetration and his comment on digressions is cold and sharp.

Even his own annual report, the widely-known public accounts Blue Book, does not escape his criticism.

"Too bulky. Costs about \$75,000 a year to produce. Don't think its worth it. For one thing it comes out too late. It comes out each January, about nine months after the fiscal year has ended. It should come out at least three months before that. The number of pages should be cut down to 500 from 1,300."

And so his comment goes; strong views clearly given without any thought of holding back; for no government can dictate to Mr. Sellar.

"I'm in the unique position of being a deputy minister without any minister. I report directly to Parliament. Parliament is my boss."

Robert Watson Sellar, a native of Huntingdon, Que., began his career as a printer in the family weekly newspaper, the Huntingdon Gleaner. Then he got some money together and went to the Regina law school because he was told the schooling there was bet-

ter than at Toronto's famed Osgoode Hall.

He went overseas in the First World War and served three years in the 25th Field Battery. He was discharged as a bombardier.

In 1924 Mr. Sellar became private secretary to Finance Minister James Robb. He remained with the department until 1940 serving as assistant deputy minister and later as comptroller of the treasury. He was appointed auditor-general in 1940.

He married Gwendolyn Gauley of Ottawa. They have two children and two grandchildren.

"People like governments to spend more. They want to see the government economize — but at the expense of someone else, not themselves.

"Sure, we catch a few errors and a few thieves. The odd man goes to jail. But it's the big stuff that the people can't comprehend. They just can't comprehend the value of a million dollars. A gross national debt of \$18,000,000,000 seems to be just a mass of figures. I just can't comprehend it myself.

"Penny-pinching goes with our business. We're instructed by law to draw attention to every case where federal money is not spent as directed by Parliament. Once Parliament approves the money, we can't do anything about it. We can't tell Parliament it's spending too much. We can only complain if we find the money isn't going where it is supposed to.

"The administration of federal money has been fairly good over the years. Blunders have been made and we will always have blunders. Otherwise we'd have people playing it so safe they wouldn't take any chances and we wouldn't get any improvements."

Mr. Sellar recalled that when he was auditing the United Nations books in earlier post-war years, the architect in charge of building the UN building kept fairly close to his estimated \$65,000,000 cost by hiring architects and engineers at a fixed daily rate rather than allowing them a certain percentage of the contract price.

"On the average, architects are just as conscientious as auditors but when one is on a percentage basis, it is only human nature to allow higher spending which in return means a higher income for the percentage retainer."

Back in 1938, the federal budget was about \$534,000,000. Now it is 10 times that annual amount, "though we are not getting 10 times the value because costs have increased."

"Where are we heading? God knows. We'll probably keep evolving as in the past; adjusting to different standards as has each generation before us. I think we are getting higher living standards. But that is a matter of opinion."

The one-time bombardier also has strong views on the defence forces. Canada, he believes, still hasn't learned how to live with a permanent peacetime army.

"We have some soldiers in first-class physical shape doing jobs that could be done by women and by men of lower categories. We've got to sit down and decide what defence forces we need and how many men we can spare. We haven't made the best use of our manpower."

TEN YEARS AGO

General strike action closed down the Paton Manufacturing Company's Textile mill here this morning, a final result of sixteen days of fruitless negotiation to break a deadlock between company officials and 42 striking weavers who walked out in protest against a newly-instituted bonus plan.

tough discarding problems, but they should have solved them. West should have thrown two hearts on the clubs and East, two diamonds. Now when South went after the diamonds East would have been warned to hold his hearts and South would be able to run only three diamond tricks anyway.

CARD SENSE

Q—The bidding has been: North East South West
1 Spade Double ?
You, South, hold:
Spades K-10-6-5, Hearts J-8-6-4, Diamonds 3-2, Clubs 8-5-2.
What do you do?
A—Bid two spades. This is your best chance to show your spade support, such as it is.
TODAY'S QUESTION

WHY NO ADULTS' DAY?

(Toronto Telegram)

A reader, who may or may not think children are human but who evidently feels that in any case there are too many little feet pattering around, demands to know why there isn't an Adults' Day at the Ex. She points out, mouthing the words with seeming distaste, that for "Canada's priceless heritage" a special day is set aside when the Ex is overrun by children, but for adults exclusively there is no recognition whatsoever.

To this lady the mention of Labor Day had merely obnoxious connotation. She objected to Women's Day for the same reason and also because, so she said, not all men were women, though sometimes she doubted it. Warriors' Day, she said, was fine for warriors but she saw no reason why she and a lot of others like her had to enlist first in order to qualify. There is Farmers' and Livestock Day, but she was not in the first category and the second she considered insulting. The final day of the Ex would have been nearly right had it been left as Citizens' Day but the Ex added Cadet Day and ruined it.

These Days and the other Days all had the same failing, she complained — all of them admitted children. Young Canada's Day, she conceded, was not exclusive to children, but adults were admitted not for their own sake but because they were necessary to look after the kids and prevent them from decimating themselves, which she thought was a pity.

There it is, Hiram McCallum. The lady, and she says she speaks for a lot of people who want an Adults' Day. Very earnest about it, too.

THE USE OF CONFETTI AND RICE

(Montreal Gazette)

It's wonderful how law-abiding some nations are. Britain has enforced a new law which many a country, including Canada, could imitate. In a determined effort to keep English streets clean, the law bans littering, and under it Britons are forbidden to drop anything on the street, including rice and confetti.

One day recently at Caxton Hall, London, there were 12 weddings. At only one was confetti used.

In sympathy and appreciation, the Conservative Member who drew up the law, Robert Speir, has announced that it has a loophole for use in such sentimental conditions. Confetti can be dropped, the says, as long as it's cleaned up afterwards.

Rice, however, must not be used. It comes under the category "soluble or edible" and you just can't drop it in a public place, whether you pick it up afterward or not.

The Japanese, too, have high respect for their laws, it seems. A 10-day campaign against needless hornblowing was recently completed this week in Ashiya, a suburb of Kobe. Street noise was reduced by 91 percent.

An the Ashiyans can prove it. Only one motor accident occurred during the period. That happened because the streets were so quiet, one motorist fell asleep at the wheel. Montreal motorists don't fear that kind of accident.

HELPFUL BROADCASTS

(Lethbridge Herald)

Those who have had the good fortune to be able to listen to the broadcasts over the CBC from the United Nations this week are fortunate indeed. Commencing at 7.30 a.m. and continuing for about two hours, then resuming at noon, the speeches of the delegates to the General Assembly are coming over clearly. Once one has listened in on the Council of the World, one can have followed the calm, succinct presentations by President Eisenhower, by Selwyn Lloyd, and by the others who spoke after them, one will be impressed and possibly involved as one never has been before in the outcome of this momentous gathering. Climax perhaps came with the fervent plea of the Jordanian Foreign Minister, leading up step by step to the reasons for his country's present dilemma. Fraught with deep feeling though without histrionics, his demand for support from Assembly members could not help but affect those who heard it. On the other hand, the delegate from the United Arab Republic who answered the cause for Jordan spoke in angry denial and lacked conviction.

We hope these broadcasts will continue. The Canadian Broadcasting Commission is doing a real service and it is a pity the peoples of the Iron Curtain countries are not privileged to hear and to assess for themselves the presentations straight from the Assembly floor itself.

WESTERN AID FOR TURKEY

(The Christian Science Monitor)

The new loan to Turkey will remind many Americans that it was in this part of the world that the Truman Doctrine of aid to Greece and Turkey administered one of the earliest postwar checks to Communist expansionism. Aid to Turkey comes again at a moment to highlight realistically and dramatically the relation of that country to Western security as a whole.

Moreover, it comes in a form which represents a strengthening of the sense of economic community within the Western defense system.

Actually the aid is overdue. It has been held up because of need for adjustments in viewpoint both by the Turks and their allies. Turkey has been pushing the development of industrial plant and agricultural resources so fast as to create a dangerous inflation within the country. It has exhausted its normal credit abroad to do this, has kept its currency at an artificial foreign exchange rate, and tolerated abuses familiar in boom periods and in frontier societies.

But this important point should not be overlooked: Turkey has greatly increased production of basic commodities. It has concentrated on a buildup of capital equipment rather than pandering to consumer demands. Such a policy is vital where national power and security may depend on expanded agricultural and industrial capacity.

In arranging a loan for Turkey the United States has been joined by key international agencies which make this operation one of "Western" rather than simply "American" aid. This sort of operation will bind the Atlantic Community closer together. It also permits joint pressures to be exerted on Turkey to put and keep its financial house in order, while protecting the United States against charges of dictating Turkey's way of life.

Matter of FACT

Postage stamps first came into use in Great Britain in 1840 when a one-penny black and a two-penny blue stamp, bearing the likeness of Queen Victoria, were issued. The first stamps issued by the United States Post Office were a five-cent brown stamp picturing Benjamin Franklin and a ten-cent stamp portraying Washington, issued in 1847.

An important message to the people of **SHERBROOKE**

During the past six weeks in this City as everywhere else in Canada, a gigantic job has been underway -- exchanging Victory Bonds for the new Canada Conversion Bonds. When carried to a successful completion, this enormous national undertaking can

bring important benefits to Canada and to individual investors. The project is going very well indeed. The response in all parts of Canada has been enthusiastic. With orders flowing in every day, more than 3/4 of all Victory Bonds outstanding have already been converted.

There are now only

9 BUSINESS DAYS LEFT

The opportunity to convert expires on Monday, September 15th

In this City the response has been wonderful. But we believe that there are still a great many families who participated in the Victory Loan campaigns more than a decade ago who are not yet fully aware of this opportunity. We regard this as a stimulating challenge.

We, the financial organizations listed below, together with a number of authorized representatives of other organizations, intend to do our utmost in the short time remaining to place before the people all of the facts about this attractive conversion offer.

FOR EXAMPLE:

1. Regardless of the size of your holding of Victory Bonds -- whether it be \$50 or \$500, \$5000 or higher -- it is to your advantage to exchange into the new Conversion Bonds.

2. The serial numbers on Government of Canada bonds which have the prefixes L-7; L-9; P-3; P-5; or P-7, indicate that they are Victory Bonds and are eligible for conversion. Check any Government of Canada bonds in your possession.

3. Remember there are four maturities of the Canada Conversion Loan available -- a 25-year bond paying 4½%; a 14-year bond paying 4¼%; a 7-year bond paying 3¾%, and a 3¼-year bond paying 3%.

4. If you do not hold Victory Bonds and wish to acquire Canada Conversion Bonds, consult any one of the undersigned. We can arrange for you to buy Victory Bonds which may then be converted into the new issue--thus making it possible for everyone to own Canada Conversion Bonds.

REMEMBER, we stand ready to help you make the most of this unprecedented opportunity. Please feel free to make the fullest use of our facilities:

Lesage Says Duplessis Ducks Press

L'ISLET, Que. (CP)—Quebec Liberal Leader Jean Lesage said Sunday Premier Duplessis has become "timid" about meeting reporters...

He told a rally at this St. Lawrence south shore centre 50 miles northeast of Quebec the Union Nationale chief lately has made few direct announcements to reporters.

"He contents himself with telephoning reporters because of fear of being questioned and of facing certain ones among them."

Mr. Duplessis Thursday met delegates from a newly-organized university student group. The students announced at a press conference afterward that the government promised to introduce legislation at the session opening Nov. 19 to set up a system of loans for students.

UNHAPPY VICTIMS?

"These students," Mr. Lesage said, "were either the unhappy victims or the guilty accomplices of Duplessis duplicity."

The Quebec Association of Universities, representing 22,000 students at six universities, had tried without success for eight months to obtain an audience with the premier. They are seeking greater financial aid for students. The delegates received were from the University Action League, a new group.

The premier announced the opening date of the session Friday with a phone call to the legislature press gallery. Mr. Lesage said he has announced the appointment of a judge and a Queen's Counsel the same way.

Mr. Duplessis' last press conference was Aug. 20 when he announced two resignations and the date of byelections to fill the ensuing vacancies in the legislature. The one previous to that was June 27—when he expelled a reporter from Montreal's Le Devoir. The paper has criticized the sale of a publicly-owned gas distribution system to a private firm.

Miss L. Annesley Feted By Friends At Maple Grove

MAPLE GROVE — Mrs. Albert Nugent and Miss Margaret Stewart were hostesses at a bridal shower in honor of Miss Laura Annesley, of Montreal, a former resident of Maple Grove.

The event took place in the Guild Hall and thoroughly surprised Miss Annesley who arrived with her mother to hang curtains. She was presented with a gladiol corsage and escorted to a decorated chair of honor. The tea table was decorated in pink and white with streamers suspended from a white wedding bell.

Miss Annesley was assisted in opening her beautiful assorted linens by her mother, M. G. Annesley, and Mrs. Dufferin Annesley. She thanked the hostesses for the pleasant surprise and the numerous assembled friends for their gifts.

Lunch was served by the hostesses assisted by Mrs. George Stewart and Mrs. Gordon Moore of Thetford Mines.

Miss Annesley is planning a n October wedding in Montreal. The couple will honeymoon in Jamaica, where they may make their home.

est all MPs tend to forget their regional interests.

On another vote—95 to 27—the Commons gave approval in principle to a bill obtaining parliamentary approval for some \$547,000,000 worth of governor-general's warrants spent in the last fiscal year. The bill later was given final approval without a vote.

Only the Liberals opposed the bill because, as Mr. Pickersgill said, they could not approve of the government's action in spending the money without parliamentary approval in the first place.

Most of the money was expended last February and March, between the time Parliament was dissolved Feb. 1 and the general election at the end of the fiscal year, Last March 31.

WANTED POWER

Mr. Pickersgill said there had been no reason for dissolution except "an avid desire for power."

The Commons also gave quick final approval to a bill authorizing an annual \$5,000,000 railway grade crossing fund from which the federal government will contribute for the next three years 80 per cent of the cost of removing level crossings and equipping boxcars with luminous reflectors.

Saturday, the government introduced further supplementary estimates totalling \$38,621,027, boosting the forecast expenditures this year to \$5,296,000,000.

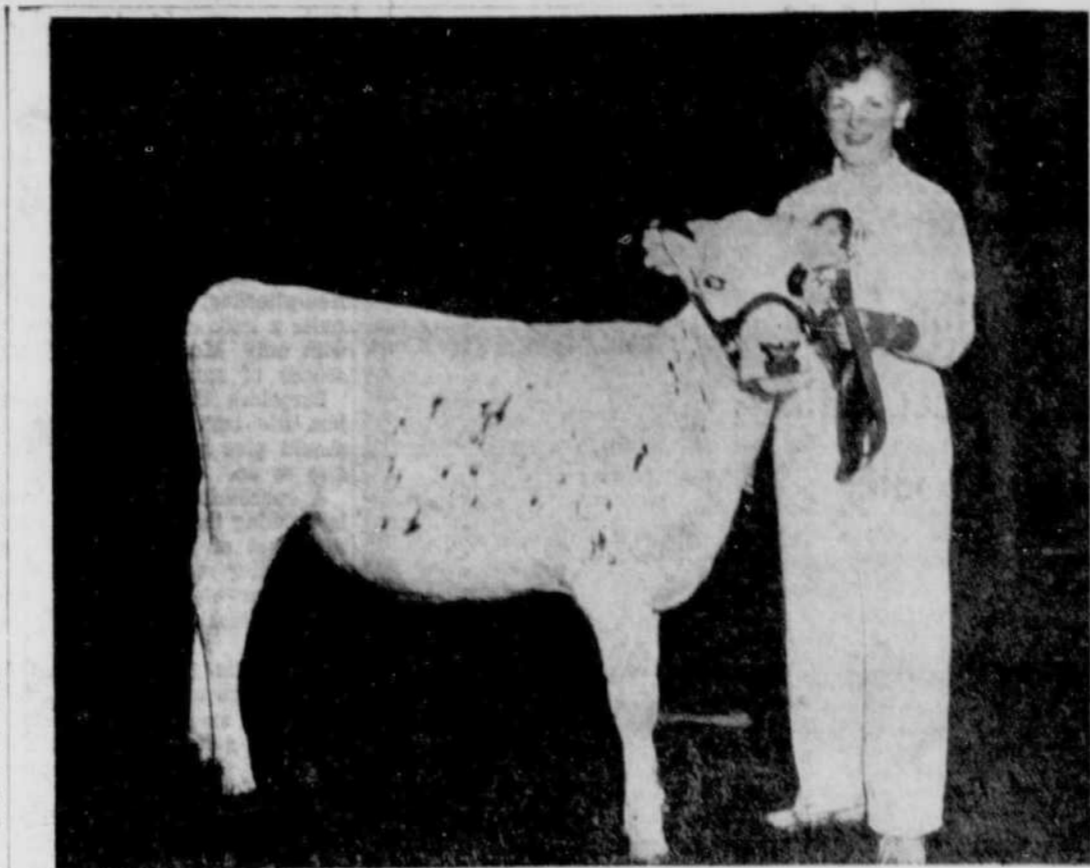

All three Commons parties agreed to defer until next session final action on the government's proposed Bill of Human Rights.

Ace Flier Dies

PARIS (Reuters)—Lucien Bosoutrot, 68-year-old veteran French flier who set 29 world records in the post-First World War period, died here Monday. He was one of the first fliers to cross the South Atlantic. In 1936, he was elected to the National Assembly as a Popular Front deputy. He was interned in 1944, but escaped to organize the parachuting of arms to resistance fighters in France.

ler "and captured the Icelanders."

"The British Navy then took the captured Icelanders on board the Eastbourne," it said.

The Northern Foam's skipper was identified as J. Crookwell, about 40, a Newfoundland living in the English fishing port of Grimsby with his wife and two children.

The reported boarding is the first such case in two days of tension on the northern fishing ground around Iceland's coast. Iceland put its disputed 12-mile limit into operation Monday morning and sent out patrol boats in an attempt to enforce it. Iceland said intensive fishing was destroying the industry at the previous territorial limit of four miles.

CONTEST MOVE

Britain, whose trawlers have fished the Icelandic grounds for half a century, contested the move. The British fishing fleet, about 60 ships, moved into the area as usual Monday, but this time under the protection of a squadron of gunboats.

Icelandic patrol vessels recorded the numbers of trawlers inside the limit Monday but none was boarded. In several cases approaching Icelandic patrol boats withdrew from trawlers as Royal Navy vessels steamed up. Today's boarding took place in fog about eight miles off the coast, an admiralty announcement said. Ten men went aboard in a small boat from two gunboats.

The Icelandic foreign minister late Monday night broadcast an announcement that he had delivered a "stern note" of protest against the Royal Navy's "violation of Iceland's law and inviolability."

ONE REAL CHALLENGE

From the Eastbourne, flagship of the British fishery protection squadron of four frigates guarding the trawlers, Reuters special correspondent John Chadwick reported during the night that only one real challenge by the Icelanders had been reported to the flagship by then.

This was when an Icelandic coastguard ship closed with a Hull trawler but withdrew when a nearby frigate warned the Icelanders that any attempt they made to board the trawler would be contested vigorously.

In the main, the patrolling Icelandic gunboats had contented themselves with identifying the British trawlers working inside the 12-mile line and warning them by loudspeaker that they would be dealt with as poachers if they ever put into an Iceland harbor in the future.

From Reykjavik, Reuters correspondent Carol Coghil reported that Foreign Minister Gudmundur Gudmundsson, in his broadcast about a stern note to Britain, appealed to all Icelanders "to stand firmly together in defence of the rights and the honor of the nation in this matter."

HOPE FOR SOLUTION

"It has always been and still is the hope of good Icelanders that this question be happily solved without soiling our friendship with neighboring states," he said.

"Today British warships have hindered the vessels of the Icelandic Coast Guard service in their work and thus by force protected the illegal fishing of British trawlers inside the new fisheries limit."

Qualified Approval For Loans

MONTREAL. (CP)—Student body presidents of two Montreal universities have expressed qualified approval of a system of student loans proposed last week by Premier Duplessis.

But McGill Student Union president Nick Asimakopulos and Marvin Jay of Sir George Williams College agreed during the week-end, that the system still was inadequate.

The University Action League, representing about 80 students in Quebec universities, said the system had been proposed by Premier Duplessis during a meeting Thursday.

A rival student group, the Quebec Association of Universities, which represents most of the province's 22,000 students, has been seeking statutory grants and a system of scholarships, to be granted to students in proportion to their financial need, which would not have to be paid back to the government.

Funeral arrangements are in charge of the Converse Funeral Home.

The service will be held tomorrow in Newport.

Secret Lebanon Radio Seized

BEIRUT — (Reuters) — A dispute between rival opposition groups to the government of President Camille Chamoun erupted Sunday when followers of Saeb Salam seized equipment of a clandestine radio station from the Hajjada party of Adnan Hakim.

Salam's men said they seized the radio station so it could be "the voice of all free nationalist Lebanese" rather than the mouthpiece of one group.

MANNERS MAKE FRIENDS

If you want your husband to enjoy playing bridge with you and another couple, don't insist on gossiping with the other wife all through the game. Most men take the attitude: "If we're going to talk, let's talk, but if we are going to play cards let's keep quiet and play."

EDMONTON (CP) — Susan Davies at 12 years of age is believed the youngest Canadian ever accepted by the Royal Ballet School in Surrey, England. She began ballet lessons under Edythe Heavener of Edmonton when she was three. At nine, she had passed grade five ballet. Touring examiners from the Royal Academy suggested she go to Vancouver last December for the Royal Ballet audition. "I auditioned for the ballet mistress just before the last performance of the company," recalled Susan in an interview prior to leaving for England. She flew as far as Montreal with her mother, then took a plane alone for Richmond Park and the school. Since skating and ballet don't mix, Susan has never used the fancy skates bought for her last winter. Skating develops muscles that interfere with dancing. "It wasn't so bad," says Susan. "I just love to dance and would rather do it than anything else."

Women Want Romance

HOLLYWOOD (AP) — Women are sick and tired of staring night after night at television westerns where the fellow never gets the girl, says Helen Ainsworth, Hollywood's only woman movie producer. "Women want romance," says Miss Ainsworth, who started out as a talent manager and now is producing under her own banner in partnership with her client, actor Guy Madison. "Any fool should know that, but I guess it takes a woman to make it clear to the sponsors and networks. "Even the actors are getting fed up with all these rootin'-tootin' westerns. Why for eight years, starring in these rough, tough, he-man shows, Guy Madison hasn't kissed a single girl—on camera, that is."

Marriages

DAVISON — CLOUT

BROCKVILLE, Ont. — A pretty summer wedding took place in Trinity Anglican Church recently, when Margaret Jean Clout, only daughter of Mrs. Merrill Forbes, of Brockville, formerly of Sherbrooke, was married to Mr. Marcus Thomas Ralph Davison, son of Mrs. Evelyn Davison and the late Marcus Davison of Brockville. Canon W. E. Kidd officiated at the double ring ceremony, and Mr. Gordon Jackson played the wedding music. White gladioli were used to decorate.

POULIN — COULOMBE

DERBY LINE — The marriage of Gertrude Mary, daughter of Mr. and Mrs. Conrad Coulombe, Derby Line, to Mr. Florian Poulin, Rock Island, son of Mr. and Mrs. George Poulin, of Sawyerville, Que., took place on Saturday morning, at nine o'clock at St. Edward's Church, Rev. Armand Fortin, officiated at the double ring ceremony and was celebrant at the Nuptial Mass.

ROMANTIC SERIES

"It's going to be something like the old roles of Douglas Fairbanks sr., says Helen. "You know—swordplay, dashing uniforms and plenty of girls. We'll even use bows and arrows—Guy's one of the country's top archers, you know — goes hunting big game with a bow and arrow. I want to get away from guns. "Anyway, there's going to be plenty of love interest in this series—a romance in every single episode." Miss Ainsworth feels that TV's feminine audience has been short-changed by program directors who have been concentrating on westerns, murder mysteries, prizefights and baseball for the benefit of men. She holds that more women than men are regular TV fans, and believes it's time they got a break.

Perking Up The 'Lost' Preschool Child

Have a playtime surprise ready to cheer up the little preschooler when older brothers and sisters march off leaving him behind. After a busy summer devoted to dogging the heels of the free-wheeling, noisy gang, it's quite a letdown to be stuck with only Mom as the prime source of entertainment.

Surprises that will convince him life isn't so dull after all should give him something definite to do. A successful one in our house is washing the back steps. Given a bucket of water, sponge and old spatter mop, our two- and a half-year-old spends a happy hour splashing everything in sight.

A plastic tub containing an inch or two of water and equip-boats and an island of pebbles ped with a fleet of walnut shell provides pleasurable, if moist, play. Taking only a few minutes, you can introduce a three-year-old to the fun of a tent made by draping a sheet or blanket over a table. My little ones liked just three sides draped with the fourth left open. Furnish the tent with an old cushion, a favorite doll or gun and a pan of "food"—a small box of raisins, fruit or crackers.

If you feel more energetic, a portable play panel is novel, colorful and has more permanent appeal. The panel made by a friend of mine is easily duplicated and adaptable to several ages or interests. It's a piece of 3/4-inch plywood 20x30 inches in size sprayed a pretty color (pink) and bound around the edges with plastic tape. Mrs. Francis Bullis, as matron of honor for her sister, wore a gown of shrimp pink rose point lace over satin, styled with a waltz-length butterfly skirt, a lace bolero topping the strapless lace bodice. A Little Flattery Hurts Neither Giver Nor Receiver

You're sure to please a woman if— You ask her for the recipe of a dish she has served you. You tell her how much her daughter looks like her. You marvel at the fact that anyone so young looking as she could possibly be a grandmother. You ask her advice on a problem of your own. You pay her a nice compliment in the hearing of her husband. You guess her age as ten years younger than it actually is. You listen attentively when she is talking about her children. You comment on how well-behaved her children are. You admire the way she has decorated her house. You credit her with a green thumb, if she happens to be a gardener. You tell her she must have married very young when you hear the ages of her children. You tell her you want to hear all about her vacation, her operation or her new grandchild. You tell her you don't see how she manages to accomplish all she does, no matter how much or how little it is. You ask for the name of her hairdresser, dressmaker or decorator. She'll be even more pleased if it turns out that she gave herself her permanent, made her own dress or did her own decorating. You tell her something you haven't told another soul. You tell her that no one else could handle a certain volunteer job as well as she could. This is almost sure to please her so much she'll take the job and not wonder until later why she ever said "yes."

She's A Woman With Pioneering Ideas

OTTAWA (CP) — Architect Barbara Ferguson, armed with a post-graduate fellowship in community planning, is a woman with pioneering ideas. Brown-haired, blue-eyed Miss Ferguson says that if Canada's mental institutions are to perform their function, an entirely new approach is needed to mental hospitals and their facilities.

The 34-year-old Ottawa-born architect has just received a Central Mortgage and Housing Corporation scholarship for study in community planning at the

University of Toronto. A graduate in architecture from McGill University, Miss Ferguson's interest in mental hygiene started when she visited a large mental hospital in Middlesex, England.

The Doctor Says

 Edwin P. Jordan, M.D.

INTESTINAL ULCER TREATMENT REQUIRES LONG-TIME PROGRAM
 H. B. writes that his son has ulcerative colitis and asks what is the best treatment for it.
 A vast amount of study has been given to this disease, but there are still many puzzling features about it. At the present time its exact cause is still unknown, though it produces symptoms which are easy to confuse with various kinds of dysentery.

First, I should like to explain what is involved.
 The colon is the lower end of the digestive system. It loops up from the neighborhood of the appendix on the lower right side, passes more or less across the upper part of the abdomen, and goes down the left side. This portion of the intestines is important in many ways.

In ulcerative colitis, ulcers form on the inside of this passageway. Many kinds of germs have been found in the ulcers, but none of them seems to be exclusively responsible. Deficiencies of nutrition, allergy, nervous disorders and many other possible causes have been investigated.
 Severe diarrhea, often accompanied with blood, is a common symptom. Pain in the abdomen is often present but may not be severe.

Fever is also likely to occur, and this raises the strong suspicion that the underlying cause is an infection. It is possible, of course, that the infection present is a result of the disease rather than a cause of it.
 The diagnosis requires X-ray studies, examination of the waste material and the use of an instrument called a sigmoidoscope, by means of which the physician can look directly at the ulcerated wall of the colon.

This is not an easy disease to treat. The patient generally needs to be built up physically with carefully selected diet, including ample quantities of minerals, vitamins and fluids.
 If there has been a considerable loss of blood, iron or perhaps blood or plasma transfusions may be useful. The sulfa drugs and antibiotic, for which high hopes were held at first, have not proved uniformly successful, though they are often used.
 ACTH and cortisone are also frequently employed and may

Among various attractions will be a home cooking table, a sewing table, goods by the yard, a post-office with parcels for both adults and children. In place of a supper, a canteen will be held on the grounds, at which refreshments will be served continuously. The members of the executive are Mrs. E. Wood, Mrs. R. bring improvement, though this may turn out to be only temporary.

In some serious cases which do not yield to the simpler forms of treatment, surgery may be necessary. It is said that when needed, surgery should not be too long delayed.

On the whole, although ulcerative colitis is a serious and discouraging disease, most people who stick by the treatments ordered eventually recover.
 Everyone hopes, however, that it will not be long before research will succeed in disclosing the cause and better methods of treatment.

Meeting Held By Ladies Aid At Lake Megantic

LAKE MEGANTIC — The Ladies' Aid Society of St. Andrew's Presbyterian Church, met at the home of Mrs. Neil Stewart, with a splendid attendance of members and visitors.

The president, Mrs. Donald Morrison, was in the chair. Several donations of money were received for the church paint fund and various articles were sold, bringing the total receipts to \$17.

Refreshments were served by the hostess, assisted in serving by Mrs. Charles Morrison.

The next meeting will be held at the home of Miss Margaret MacIver.

Stanbridge East Trustees Study Church Heating

STANBRIDGE EAST — The trustee board of the United Church and the executive officers of the Woman's Association held a joint meeting.

The trustees were asked to give their consent for installation of a new heating system in the church. Wesley Gage outlined plans and prices for both gas and oil. Details were thoroughly discussed, decision resulting in favor of gas, to which the trustees gave approval.

A congregational meeting will be held tonight in connection with the monthly meeting of the W.A., at which the plans will be explained. The W.A. is offering to bear expense of installation.

Sanford Carter Cops Country Club Championship By One Stroke

Unknown Jim Ferree Wins Centennial Golf Open By One Stroke; Record 61 Sets New High For Tournament Play

VANCOUVER (CP)—Jim Ferree, who graduated from the unknowns of professional golf Monday by winning the British Columbia Centennial Open, says he now is a "cocky bad golfer. I probably won't win again for a year at least."

The 27-year-old native of Winston-Salem, N.C., made the prediction after winning the \$42,000 open by one stroke over affable Billy Casper of Apple Valley, Calif., a big-money winner on the gold trail who helped Ferree along in his hot-and-cold final-round 71.

Ferree finished with an 18-under-par 270 over the 72 holes. Ferree, kept going on the pro circuit for three years by a generous sponsor, got \$6,400 for his victory. It was as much money as he had taken in the 18 months preceding the tourney.

WAS 82ND LAST YEAR

Last year he finished in 82nd place among money winners with \$1,483. He won \$123 in his last two tournaments—\$20 in the St. Paul Open and \$103 in the Canadian Open at Edmonton.

Casper picked up \$3,600 after a last round of 66.

Dow Finsterwald of Tequesta, Fla., and Ken Venturi of San Francisco ended in a third-place tie at 273, winning \$2,350 each. Vancouver's Stan Leonard, who turned in the hottest final round of 65, finished one stroke back

for \$1,900 and an additional \$600 as top Canadian.

The big chapter of Ferree's rags-to-riches story was written Friday over the par-72 Point Grey course when the rosy-cheeked southerner had an amazing 11-under-par 61 that boosted him into a four-stroke lead.

That 61, believed to be unequalled in tournament play on a par-72 course, set the stage for his triumph. He maintained his lead after Saturday's third round and, with thousands following him over the 6,505-yard layout Monday shook off two strong challenges.

NOTHING BUT PRAISE

Ferree, playing the same threesome with Casper, had nothing but praise for the Californian who has won more than \$80,000 on the circuit in the last three years.

"He's probably got the best temperament of anyone on the tour. You can get very shaky out there but Billy was very nice—he boosted me along and made a great difference to my game."

Casper said he was "very happy for Jim—this is the first time I've ever wanted someone else to win a tournament except myself."

Al Balding of Toronto finished in a 16th place with a 71 for 282 and picked up \$701 plus \$450 as second low Canadian.

COUNTRY CLUB CHAMPIONS—The above photo shows the champions of class A, B and C at the Sherbrooke Country Club. The 1958 winners were declared over the weekend following the three-day tournament. WINS BY ONE STROKE—Sanford Carter is seen being congratulated by President Howard Simms following his victory in the club championship at the Country Club. Pete Leblanc, tournament chairman, is on the left.

Drops Birdie At 18th To Win Match By One Stroke; Roland Metivier Cops Class B and Claude Brosseau Takes C

Sanford Carter calmly dropped a 15-foot putt for a birdie-three to win the club championship of the Sherbrooke Country Club yesterday afternoon with a total of 313 for the three-day 54-hole tournament.

The smooth-stroking easy-going veteran passed out George Beaulieu and Marcel Fortier by one stroke. His birdie on the final hole of the competition gave him the slim margin of victory. Marcel Fortier, who finished ahead of him, held a one stroke advantage having parred the 18th. Carter following came through with a nice second shot and then calmly dropped his pressure-putt to win the event.

Beaulieu came to the 18th tee trailing by one stroke. He needed a birdie to tie Carter. He came up with a good second leaving himself with a 20-footer to tie the leader but his shot just rolled off at the last second and Carter was the new 1958 champion.

It was the first time that the club championship has been decided on a medal score basis and seventy-eight golfers turned out for the three-day tourney. Some very good scores were registered and the course was in perfect condition.

Armond Dussault started with a neat 73 Saturday for a three-stroke lead over Rus McCabe and Marcel Fortier. He put a 77 with that Sunday but Monday he ran into trouble. At the start of the final 36 he held a five-stroke advantage but this soon wilted when he took an eight on the first to practically knock himself out of the event. He came back Monday morning with a 79 but in the afternoon he blew to an 89 to kill his chances.

Carter put rounds of 77-79-79-78 together for his total while Fortier had 76-78-80-80 and Beaulieu 77-81-80-76 for 314. Tony Turmel got away to a bad start with 82 but bounced back with 77-77-79 for a 316. Rus McCabe started with 76 but 81 and 84 hurt his chances despite his final round of 79 to finish seven-strokes behind the leader with 320.

The competition in classes B and C were just as close. Roland Metivier copped the honors in B with a three-round total of 251. He posted scores of 84-83-84 to win by one stroke over the first-day leader, Raoul Boisvert, who had 83-86-83 for his grand total of 252.

Boisvert fired an 83 Saturday to lead the field but Sunday this was reduced as the winner came up with an 83 to Boisvert's 85. Metivier ran into trouble on his first nine Sunday with a 47 but rallied on the back nine with a one-over-par 35 to maintain his lead.

Len O'Donnell got away to a bad 87 on the first day but then came through with an 83 to get back in the running. On Monday he had an 84 to finish in third spot with a total of 254. Paul Raymond, who started the final round tied with O'Donnell with a 170, ran into trouble and finished with an 89 for a total of 259. He had the best round of class B when he posted an 81 after starting with an 89.

In class C Claude Brosseau emerged the winner with 278 total for rounds of 92-94-92. Dr. Andre Panetton just missed by one stroke when he finished with 279 with rounds of 97-89-93. M. Parisien was next with 93-93-97 for 284 while A. Beaulieu followed with a total of 285 with 95-89-101. Jacques Lemieux and R. Dubeau were stalemated in fifth with 288. Lemieux had 94-95-99 while Dubeau had 94-94-100.

George Beaulieu fired the best round of the final day when he put together 39 on the first nine to put himself within hailing distance. On the out-going nine he came home in 37 to just miss tying the leader.

280 Compete At St. Johnsbury Vt. Dave Rouse And Bob Smith Tie For Title With 69; H. Fowls Second

ST. JOHNSBURY, VT.—(Special)—Two hundred and eighty golfers competed in the annual St. Johnsbury, Vt. Open over the Labor Day weekend and when the star-studded field had finished play a pro and an amateur tied for the title. Both had one under par 69.

Bob Smith, pro at Orleans, Vt., fired a 69 on Saturday as did amateur Dave Rouse, of Newport, New Hampshire, who also had 69 on Saturday.

Harry Fowls, pro at Massawipipi, Que., fired a 70 on Sunday and that was good for second place in the pro division and also second for the field.

Kiki Price, of Burlington, Vt., had a 71 for second amateur prize and Sherbrooke Country Club pro Joe Leblanc tied with club club pro Tom Pilkington with 71 for third pro money.

Wayne Wright, St. Johnsbury, had 72 for third gross in the "A" class amateur division followed

Bob Buhl Is Back With Braves Again, Stops Cubs; Giants Take Two From Dodgers, Second Went 16 Innings

Bob Buhl, the missing 18-game winner who was hardly missed, is back with Milwaukee Braves. And right in form, too.

Pitching for the first time since May 13 when he was sidelined by a bum shoulder, Buhl won the opener of the Braves' Labor Day doubleheader with Chicago, beating the Cubs 2-1 with an eight-hitter.

The Braves lost the nightcap 9-3 and had a full game shaved off their National League lead, now 7½ games.

San Francisco, the only NL club to sweep in the four twin-bills, broke a tie with Pittsburgh for second place by beating Los Angeles 8-6 and 6-5. The second game went 16 innings, longest in the majors this year. The Pirates, 8½ games back, lost 9-0 to Philadelphia after a 5-2 victory.

ST. LOUIS LOSES

Cincinnati held fourth place, beating St. Louis 9-3 after a 1-0 defeat.

The Braves, filling in with Joey Jay, Carl Willey and Juan Pizarro while Buhl (5-2) was out, still built an 8½-game lead without the big right-hander.

The Cubs got their run off Buhl on Al Dark's double and Ernie Banks' single in the first. Milwaukee put it away in the fourth, scoring two on an error and singles by Ed Mathews and Hank Aaron, who split six of the Braves' nine hits off Bob Anderson (1-1).

A four-run third capped by Bobby Thomson's two-run single won the nightcap for the Cubs against ex-mate Bob Rush (7-6). Glen Hobbie (10-6) took his third from the Braves, who ended the season series with a 12-0 edge.

MAYS RECOVERS

Long slumping Willie Mays was 6 for 9 including his 26th and 27th home runs in the double-header for the Giants. They tied the nightcap 4-4 on Bob Schmidt's two-out, two-run homer in the ninth, then won it with two in the 18th on Whitey Lockman's homer, Ray Jablonski's single and two Dodger errors. Mike McCormick (11-7), who gave up a run in the Dodgers' 16th, was the winner with Johnny Podres (12-11) the loser, both in relief.

Schmidt's two-run double put the opener away as the Giants scored three in the seventh. Unbeaten Gordon Jones won his second with relief help.

A six-hitter by Vern Law (11-11) did the job for the Pirates in the first game. Jack Sanford (8-12) lost it. Lefty Curt Simmons (7-13) blanked the Pirates on four hits in the nightcap while Ted Kazanski, who had three doubles, and Wally Post each drove in three runs for the Phils.

MIZELL BEATS NUXHALL

An unearned run in the second inning won the opener for the Cards as Wilmer (Vinegar Bend) Mizell (9-10) beat Joe Nuxhall (11-10) in a duel of four-hitters that ended the Reds' winning string at six. George Crowe capped a four-run third with a two-run single in the nightcap for the Reds, and they counted three more in the fifth, when Frank Robinson hit a 450-foot-plus-homer, his 27th.

In Saturday-Sunday action, Milwaukee took a pair from Pittsburgh with a 9-1 triumph Saturday and a 2-0 win Sunday. Cincinnati won three from Philadelphia, coasting to a 12-3 victory Saturday and winning 6-2 and 7-3 Sunday. San Francisco swept three from Los Angeles, 3-2 and 3-1 Saturday and 14-2 Sunday. Chicago took two from St. Louis 3-1 Saturday and 8-5 Sunday.

Two Car Racing Greats To Quit Dangers To Game

LONDON—(AP)—Racing drivers Mike Hawthorn and Stirling Moss are ready to follow world champion Juan Manuel Fangio into retirement. The Daily Herald said Monday.

Motoring correspondent Tom Wisdom reported: "Both have been profoundly affected by the death of their friend Peter Collins in the German Grand Prix last month. Both are realizing more and more that a racing driver lives on borrowed time."

MICKEY THOMPSON SETS SPEED RECORD

BONNEVILLE SALT FLATS, Utah—(AP)—Mickey Thompson of El Monte, Calif., set an American record of 266.866 miles per hour Saturday in the annual Bonneville automobile speed trials.

Yanks Don't Look So Good Lately, Win Only 14 Out Of Last 31 Games, Split With Boston; White Sox Lose

Just how good are these New York Yankees?

A month ago today they led the American League by 17 games. They've won only 14 of 31 games since—a scrawny 45.2 percentage that's only sixth best in the league for that span. They now have an 11½-game lead.

With a month to go before their return match in the world series with the champion Milwaukee Braves, the Yankees' great pitching has become so-so. Bob Turley is a 20-game winner, but Whitey Ford and Don Larsen are nursing sore arms. And after those three come Art Ditmar, Bobb Shantz, Johnny Kucks and Duke Maas.

Only two regulars—Elston Howard (.329) and Norm Siebern (.303)—are hitting over .300. Mickey Mantle is at .300.

BOWFIELD WINS THIRD

Shantz and Maas came through with complete games in the Labor Day doubleheader, but the Yankees came off with only a split against Boston, getting only eight hits in a pair of 4-2 decisions. Young Ted Bowfield (3-0), with all his decisions against New York) won the opener with a four-hitter. Maas then matched the four-hit pitching of Ike DeLoach for the nightcap victory.

Still, the Yankees added a game to their lead. Chicago's second-place White Sox lost a pair to Cleveland 6-5 and 7-1. Baltimore swept Washington 2-0 and 10-1. Detroit took two at Kansas City 7-4 and 5-1.

Dick Gerner's two-run triple broke a 1-1 tie in the sixth inning of the opener for Boston and Bowfield sailed. The 22-year-old lefty walked but three, struck out nine. Shantz (7-4) gave up nine hits.

The Yankees scored two in the nightcap first without a hit against DeLoach (12-5), then put it away on a pair of RBI singles by Skowron. Gene Stephens, still subbing for ailing Ted Williams, had two of Boston's hits.

SCORE SAVES OPENER

Herb Score saved the opener for Don Ferrarese (2-4) with ninth-inning relief. Billy Pierce (15-9) lost it, beaten by a pair of Sox errors in a three-run third and Minnie Mino's 21st home run, with two on, in the first. Rookie Gary Bell (8-8) won the nightcap with an eight-hitter while the Tribe banged a dozen hits, one Vic Power's three-run homer.

Jack Harshman (11-1) nailed his third shutout for Baltimore in a four-hit duel with loser Camilo Pascual (7-8) and Dick Hyde in the opener. Bob Nieman drove in both Bird runs. Billy O'Dell (13-10) won the second game, giving up 11 hits but not walking a man. Gus Triandos and Dick Williams, who drove in four runs, homered for the Orioles. Jim Constable (1-2) lost it as the Nats became the first to be eliminated in the race.

Frank Bolling counted the clincher with a two-run single as the Tigers scored five in the fifth inning of the opener. Then he hit a pair of home runs that backed up the four-hit pitching of Paul Foytack (11-11) in the second game. Johnny Groh also homered for Detroit in the nightcap. Jack Urban (8-10) lost it. Al Cicotte (3-3) won the opener with Bob Davis (0-4) the loser.

In Saturday-Sunday games Cleveland beat Kansas City 8-6 and 3-2. New York defeated Washington 7-6 Sunday after dropping a 3-1 decision to the Senators Saturday. Chicago shut out Detroit 3-0 Sunday after losing 6-3 to the Tigers Saturday. Boston split with Baltimore, winning 3-2 Sunday after losing 7-2 Saturday.

Als Come Up With Top Job To Knock Over Riders; Ticats Rally To Win

Tiger-Cats Forced To Come From Behind To Edge Argos 31-24 As Montreal Upsets Favored Riders

The Big Four Football Union produced a couple of spine tinglers during the Labor Day weekend.

Hamilton Tiger-Cats roared back from a 24-16 third-quarter deficit to triumph 31-24 over Toronto Argonauts before a Labor Day crowd of 20,947 in Hamilton.

And at Montreal, a crowd of 22,943 sat through showers Saturday to cheer a bruising, inspired bunch of Alouettes linemen to an 11-9 victory over Ottawa Rough Riders.

The results left the Grey Cup champion Ticats unbeaten in their three games of the young season and the other teams locked in a three-way tie for second place. Each has a win and two losses.

ALMOST PULL UPSET

The Argos almost pulled an upset as they exploded for 24 points in the third quarter, highlighted by a sensational 86-yard touchdown run by big Dave Mann.

But Hamilton came back in the final quarter when Bernie Faloney went over from the Argo four and Chet Miksza tied the score 24-24 when his attempted field goal went wide for a single.

With two minutes to go, Gerry McDougall broke into the clear streaking 61 yards for the winning touchdown.

The Ticats had taken a 14-0 first-half lead on a first-quarter single by Cam Fraser and touchdowns by Tommy Grant and Bernie Faloney. The Argos struck suddenly in the third quarter with an 18-yard touchdown run by C. R. Roberts.

MANN BREAKS OUT

The next time Toronto got the ball, Mann broke into the clear.

Roberts scored in almost the same way after Vic Kristopaitis, who booted three converts, had kicked a 26-yard field goal. Roberts went all the way from his own 44. Hamilton got two points in the quarter on a safety touch. Gerry Doucette took over for

Dick Shatto as Argo quarterback midway through the second quarter.

Faloney got away a successful passing attack, completing 20 of 29 for 279 yards. Hamilton proved they still have the toughest linemen in the league. The Ticats made 349 yards rushing, Toronto 268.

Montreal, winless in its first two starts, came up with a brilliant line performance Saturday. The forward wall had been a dismal facet of their play in the two previous games.

DIMITROFF HARRASSED

Montreal quarterback Sam (The Rifle) Etcheverry was given good protection throughout while Tom Dimitroff, Ottawa's import quarterback, was continually harassed and had three passes intercepted.

Dimitroff was making his first appearance since a wrist injury in a pre-season exhibition game. Ottawa coach Frank Clair put in homebrew Russ Jackson periodically but he was given no more working room than the American.

Etcheverry completed 18 of 28 for 231 yards. Both clubs scored single touchdowns and each had a field goal. The scoring difference was a single by Etcheverry and Bill Bewley's convert.

Ottawa led 3-1 at the half on a field goal by Mack Yoho. Pat Abruzzi scored Montreal's touchdown in the third quarter and the Ottawa touchdown was counted in the final quarter by George Brancato, a former Alouette.

Bewley booted Montreal's field goal in the third quarter.

Tony Pacaud Of Hermitage Wins E. T. Junior Title

LENOXVILLE JUNIORS WIN TEAM TROPHY — Bryan Bennett, centre, is seen receiving the trophy from Bart Holtham, secretary-treasurer of the E.T.G.A., for winning the team trophy at the junior golf tournament. In the rear is Garth Smith, pro of the Lennoxville Club. The other members of the team are Myron Echenberg, J. Spenard and Roger Taylor.

Tony Pacaud, Hermitage Golf Club, won the Eastern Townships junior title at Lennoxville Friday with a 114 total for 27 holes. Pacaud won the O'Keefe Trophy donated by Ernie Pouliot of Magog. There were 73 entries.

Roger Taylor, playing on his home course, placed second with a 118 total while there was a three-way tie for third place. Al Miller, Hermitage, Michel Desfosses, Sherbrooke Country Club and A. Tardiff, Victoriaville, all had 120. Desfosses, Miller and Tardiff won the draw in that order.

Pacaud had rounds of 38-40-36 while Taylor after taking a 42 steadied down to a pair of 38's. Par for the nine-hole course is 35.

Lennoxville won the team trophy with a 508 total 8 strokes ahead of the Sherbrooke Country Club team. Taylor, M. Echenberg, J. Spenard and B. Bennett formed the winning team.

Hubert Pepin, Victoriaville, had a 94 net to take top net prize followed by clubmate Andre Couture with 95. Peter Mailhot, Lennoxville, was third with 95 and M. Winslow, Dufferin and P. Clement, Sherbrooke, tied for

fourth with 98. Mailhot lost the draw for second and Winslow first vice-president of the Lennoxville Club, and Gordon Harnier, second vice-president, of the host club acted as officials along with pro Garth Smith.

A special prize was given to

the youngest competitor, Billy Bennett, Lennoxville, aged 11.

Competition was keen and the juniors proved that in the very near future some of them will be giving the senior stars in the district a good battle.

Calgary Remains Undefeated In WIFU By Dumping Blue Bombers 11-3 As Riders Trample BC Lions 22-14

Calgary Stampede's have duplicated last year's feat in winning their first four Western Interprovincial Football Union league games.

The cowboys won their fourth Monday before a Labor Day crowd of 17,750, defeating Winnipeg Blue Bombers 11-3 in a hard-knocking defensive battle that gave them a two-point league lead.

Bombers dropped into a second-place tie with Saskatchewan Roughriders, as Riders trampled British Columbia Lions 22-14 in another Monday afternoon contest before 15,585 in Regina.

Riders have a 3-1 record, Bombers are 3-2 while Lions are in fifth place with five straight losses. Edmonton Eskimos, with a 1-3 mark, were idle during the weekend.

TOUGHEST TEST

The Stampeder-Bomber meeting gave Calgary its toughest test so far and the margin of victory was their smallest in four games.

Last season Stampede barely caught a playoff berth.

Calgary's points came on a field goal by Doug Brown and a touchdown on a line plunge by Dick Washington, plus a convert and a single. Fullback Gerry James got Bombers' points on a field goal.

Calgary got 259 yards passing and running and the Bombers' got 173.

In Regina fullback Cookie Gilchrist scored one Rider touchdown and was the main factor in Riders running up 318 yards along the ground. Halfback Harry Lunn scored the other Rider touchdown on a 62-yard punt runback and Jack Hill converted both.

KICKS FIELD GOAL

Reg Whitehouse got a 27-yard field goal and a single point when another field goal try went wide and Larry Isbell sent three punts to the deadline for three more points.

Primo Villanueva and Don Vicle scored touchdowns for Lions and Jerry James and Ted Hunt each kicked a convert.

Next league action is scheduled Saturday when Edmonton is in Vancouver against the Lions and Riders are at Winnipeg. Stampede are off until Monday when they meet the Eskimos in Edmonton.

Bob Bedard Loses To Sam Giammalva In US Singles Championships At Forest Hills; Alex Olmedo Wins

FOREST HILLS, N. Y. (AP)—Alex Olmedo, the U.S. intercollegiate tennis champion from Southern California by way of Peru, today threw his hat in the Davis Cup ring.

"I am definitely a candidate for the U.S. team," he said. Olmedo went into the fourth round of the U.S. championships Monday with a 6-3, 6-3, 6-4, victory over Ron Holmberg of Brooklyn.

Although he is a Peruvian citizen and works for his country's government, he said the Peruvian ambassador has stated publicly that it would be fine if he played for the U.S. He's lived in the United States for five years.

Four seeded players led by defending titlist Althea Gibson of New York, moved into the third round of the women's division.

Daffy Dodgers Drop Decision

SAN FRANCISCO (AP)—They're still the Daffy Dodgers. The former Burns of Brooklyn, now based in Los Angeles, had a threatening rally going Monday against San Francisco Giants in the fifth inning of a Labor Day morning game.

Pitcher Dan Drysdale, as a pinch runner, crossed home with what would have been the tying run. But he had rounded third without touching the bag. A toss to the bag snuffed out the rally.

Young Beau Jack Floors Simon In First Round

SYDNEY (CP)—Young Beau Jack of Brockton, Mass., won an unanimous decision over Gary Simon of New Glasgow here Monday in a 10-round main event bout before 2,300 fans.

Jack weighed 164, Simon 161. Jack, who fights out of Sydney, floored Simon after 10 seconds of the first round. The German-born Simon, who had never been dropped to the canvas in 54 previous bouts, took a terrific beating, especially in the late rounds.

Round Table Fails To Become Top Money Winner Of All Time, Loses To Clem In Washington Handicap

CHICAGO (AP)—Clem, a 9-to-1 outsider, Monday defeated Round Table by four lengths to win the \$139,650 Washington Park handicap.

Mrs. Adele L. Rand's four-year-old chestnut colt led most of the way under jockey John Sellers to shatter Arlington Park's track record for one mile on the main course in 1:34.

The previous mark was 1:34 2/5 by Equipoise in 1932.

Round Table, owned by Travis M. Kerr and ridden by Willie

Shoemaker, was third with an eighth of a mile to go and finally moved up in the stretch to beat out Claiborne Farm's Nadir, only three-year-old entered, in a photo for second.

SHORT OF GOAL

Round Table fell short in his goal to become the top money winner of all time, settling for second prizes of \$25,000 which boosted his three-year record to \$1,240,114. This left him \$48,451 short of the retired Nashua's mark.

At Belmont, N.Y., Mabel C. Scholtz's Warhead ran off and hid from a field of 11 three-year-old rivals in the 89th running of the \$30,250 Jerome before a season's track record crowd of 47,512.

The son of Battle Morn-Head-first, ridden by Eddie Arcaro, stepped home by five lengths in the moderate time of 1:37 1/5 for the mile.

Second money went to Walter M. Jeffords' Piano Jim, the favorite who finished 2 1/2 lengths ahead of George D. Widener's Jester.

Fabi's Merrie Darnleyson Wins In 2:08.2 For Season Record

Paces Last Half Mile In 1.3645 To Win; Top Quinella Pays \$66.10 For Weekend High; Sir Tony Wins Class

Fabi's brown gelding, Merrie Darnleyson, registered the upset of the weekend on the local racing card when Fern Desrochers teamed him home in the first half of "DD" Pace Sunday afternoon in 2.08 2/5 to set a new record for the season at the local track. It was the best time posted on any of the forty-one programs held this year.

They went to the quarter in .32 seconds flat and the half in 1.04 4/5 and then came home in 1.36 4/5. This was the fastest half mile registered at the track since it has been in operation and the top mile for any card presented so far this year. The track was in good shape and this helped in a big way.

It was the first Sunday afternoon program presented this fall and a fair crowd turned out. The best payoff for a win investment was in the fourth race when Wayne H Abbe finished ahead of the class and paid his backers the sum of \$22.40. The top place return was in the ninth when Wendle Mosher's My Lady pulled up in second spot and the lucky pickers collected \$8.90. In the sixth Tiger Hum rewarded his backers with \$7.30 for a show wager.

The first quinella, which was tops for the afternoon, was in the Fourth race when Wayne H Abbe and Lassie Land teamed up and paid off \$66.10. The next high was in the final race and \$23.50 was collected for the combination of Bomber Grattan and My Lady.

The double of Bobby Smart and Blue Mountain Brooke paid their backers the figure of \$27.50. On Saturday evening the double was Tea for Two and Miss Ruth Grattan B and \$34.80 was shelled out. The first quinella, in the third, was the best and \$63.00 was picked up. It comprised Count Pulaski and Clean Up.

In the fourth it was Milo Hanover and Axworthy Todd, Jr., who formed the winning combination and \$49.30 was collected. In the ninth it was Windston Rosecroft and Danny Brooke and the low figure of \$9.40 only was picked up.

Desrochers' Sir Tony posted the best time of the evening in the "DD" Trot and Pace when he came under the wire in 2.13 3/5. The only double winner of the evening was in the "D" Pace when Morin's Miss Ruth Grattan B walked off with both ends of the class.

Sunday's results follow:

Verdun Upsets Cornwall 27-8 In QRFU Tilt

CORNWALL, Ont. (CP)—Verdun Sham Cats defeated Cornwall Emards 27-8 Monday night to hand Emards their first defeat after two victories in the Quebec Rugby Football Union schedule.

Verdun ran up 464 yards against only 152 for Emards and led 12-7 at half time.

Hitting: Willie Mays, San Francisco Giants—Had six hits in nine at bats in 8-6 and 6-5 sweep over Los Angeles Dodgers, hitting a home run and driving in two runs in each game.

Sydney, Australia—Billy Todd, 145 1/4, Australia, outpointed Willie Marton, 145 3/4, San Diego, Calif., 12.

Als, Ticats Both Chase New Import Aurelius Thomas

HAMILTON (CP)—Hamilton Tiger-Cats of the Big Four Football Union say they have acquired import guard Aurelius Thomas, but Montreal Alouettes dispute their claim.

Thomas, an all-American guard from Ohio State, was cut by Pittsburgh Steelers last week and practised Sunday with Ticats here.

But Sunday night, Montreal Alouettes placed him on their import players' list required by Canadian Football Council rules.

Alouettes general manager Gorman Kennedy said Thomas "agreed to terms with us on Friday" and that he was expected in Montreal Monday.

Ticats coach Jim Trimble said, however, he placed Thomas' name on Hamilton's negotiation list Thursday when he learned of his availability.

In Montreal, the Alouettes said Monday Thomas had not yet reported to them and they did not know where he was. He had been expected to report Sunday night.

Major J. Stein of the Royal Montreal Regiment, Montreal, scored a brilliant 103 out of a possible 105 at the Labor Day Shoot held at Sand Hill yesterday. He also won the 200 yard trophy as he registered a possible 35.

Close matches highlighted the day's shooting activities as two shoot-offs were necessary in different sections.

Pro Hockey Dies So Now We'll Try For Baseball

MONTREAL (CP)—A group of persons interested in reviving organized baseball in Quebec will meet here Wednesday to discuss the prospects and problems of such a move. Representatives of Quebec City, Trois Rivieres, Thetford Mines, Sherbrooke, Burlington, Vt., and Plattsburgh, N.Y., are to attend.

Representatives of Drummondville and St. Johns, Que., may also attend. Indications are any league teams formed as a result of this and future meetings will probably be affiliated with major league teams who would finance them.

Elliott Eyes New Mile Mark On Fast Track

LONDON (CP)—Herb Elliott, Australia's magnificent miler, will try for a world record over the fast White City Stadium track Wednesday.

The track is the one on which Derek Ibbotson of England was timed in three minutes 57.2 seconds a little more than a year ago. That now is the listed world record but in the last month Elliott has been timed in 3:54.5 and last Thursday did 3:36 for 1,500 metres.

LAST NIGHT'S STARS

Pitching: Curt Simmons, Philadelphia Phillies—blanked Pittsburgh Pirates on four hits, two of them in eighth inning, while striking out seven and not walking a man for 9-0 victory after Phils had lost opener 5-2.

Sand Hill. A good number of new enthusiasts have taken to the sport throughout the past year and are progressing well on the road to becoming top marksmen.

Coaticook Canadiens Advance Into Final Series As They Oust Windsor 2-1 With 6-2 Victory; 500 See Tilt

WINDSOR (Special)—Five hundred surprised spectators saw the Coaticook Canadiens, dark horse in the Junior League race, score a 6-2 playoff triumph over the Windsor Cardinals in Windsor Sunday afternoon. The win gave the Canadiens a 2-1 victory in the best of three semi-final, and a berth in the finals which they open here tonight against Fuller.

Eight errors in the Cards camp spelled doom for the club as the Canucks capitalized on them repeatedly. Roger Couture allowed five hits to be charged with the loss. A Coupal hurried Jus Morin's boys to the win allowing four hits as he went the route.

Coupal aided his own cause as he collected the only double for the Canadiens. O. Dube, G. Simard, P. Pelouquin, and Provencher each hit safely. The Cards fared comparatively well at the plate as Roger Couture headed the drive with a double and a single along with singles by Albert and Andre Dupuis.

Defensive play did show marked contrast however as grounders off the Canadiens' bats eluded Card fielders like rabbits at a field day. The Cardinals doubled the error count on Coaticook as the Canucks missed four times.

The Canadiens have spelled trouble for the top teams all season and gained renown for their ability to click when the opportunity presented itself. Morin's club split the season's games with the Cards three and three.

Coaticook have fought back all the way through the season and in the playoffs. They trailed in the series 1-0, and in the second game 5-0 after five innings of play.

They did not fall behind yesterday however as they opened with one in the second, added two
