No. 1 Prince's Street, Bank, London.

ADVANTAGES OF THIS INSTITUTION.

HALF-CREDIT RATES OF PREMIUM.

Persons assured according to these rates are allowed credit for half the amount of the *first seven annual premiums*, paying interest thereon, at the rate of five per cent. per annum, with the option of paying off the arrears of premiums, at any time, or having the amount deducted from the sum assured when the Policy becomes a claim.

Tables 4 and 11, are recommended to the attention of the public. **No. 4** is a table of decreasing rates of Premium, on a novel and remarkable plan; the policy holder having the option of discontinuing the payment of all further premiums after twenty, fifteen, ten and even **five** years, and the policy still remaining in force,—in the 1st case, for the full amount originally assured, and in either of the three other cases, for a portion of the same according to a fixed and equitable scale endorsed upon the policy, and as stated in the Prospectus.

No. 11. Circumstances will frequently arise whereby a person having assured his own life for the benefit of a surviving family, or the protection of a creditor, may attain his object by other means, and consequently be desirous of securing for himself the benefit of assurance. To meet such cases this table has been computed, showing the rates required to secure a sum payable at the death of the assured, if he dies before attaining 60 years of age, but also payable to the assured himself if he survives that age;

by this means a provision for old age is combined with an assurance upon life.

Policies revived, without the exaction of a fine, at any time within twelve months, if health remains unimpaired.

Age of the assured in every case admitted in the policy.

Attention is particularly drawn to the following liberal Resolution of the Directors of this Company.

"RESOLVED,—That whereas by the regulations of this Society 30 days grace are allowed for payment of Renewal Premiums, in order to prevent the possibility of any doubt in regard to this important matter, the Board of Directors do hereby declare, that if the death of the Assured shall occur at any time during such days of grace and the premium due shall not have been paid, the amount assured will be paid, less such premium."

BRITANNIA MUTUAL LIFE ASSOCIATION,

No. 1, Prince's Street, Bank, London,

Empowered by Her Majesty's Royal Letters Patent.

DIRECTORS.

(Same as the Britannia Proprietary Branch.)

The whole of the funds and property of this Institution belong to, and are accumulated for the exclusive benefit of the Assured.

The profits are divided annually among the policy-holders, and applied in reduction of the current year's premium; thus constituting, in effect, an immediate payment to the Assured.

Half-Credit Policies are granted on terms unusually favorable to the holders, the amount for which credit is given, being gradually liquidated out of the profits.

Two tables of Rates have been computed; one entitling the Assured to participate in the profits after payment of five annual premiums; the other considerably lower, in which the period of participation is deferred two years longer.

General meetings of the Members are held annually; to whom full and complete statements of the affairs and funds of the Society are submitted, and by whom the divisions of the profits are declared.

At the Annual General Meeting held on the 24th April last, a dividend of 30 per cent. upon the current year's premium was awarded to all Members who had made the requisite number of payments on their respective policies.

ANDREW FRANCIS, Esq., Secretary.

The Britannia "Mutual Life Association" is altogether distinct from, and independent of the proprietary office transacting business under the name of the "Britannia Life Assurance Company." The only connection between the two establishments is, that their affairs are conducted on the same premises and by the same officers, by which means the entire disbursements of the Mutual Association are reduced to a small per centage on the receipts.
