GERMANS TRY TO STAY ADVANCE OF RUSSIANS IN EAST PRUSSIA

Outcome of Battle Will Have Important Bearing on Campaign in the East. In Carpathians Neither Side Has Made Progress. German Attack in Argonne Meets With Success. Turkish Invasion of Egypt Seems to Have Come to Naught.

FRENCH OFFICIAL STATEMENT.
Paris, February 9, 2.45 p.m.—(Special)—The report on the progress of the war given out this afternoon by the French War Office, follows:

"In Belgium yesterday there were intermittent artillery exchanges, and Ypres and Furnes were bombarded. The Belgian artillery destroyed a farm, the defenders of which fled."

"On the road between Bethune and La Bassée yesterday reoccupied a mill where the enemy had succeeded in installing himself."

"Soissons was bombarded with projectiles the purpose of which was to set the city on fire."

"On all the Aisne front and in Champagne our artillery effectively engaged the batteries of the Germans."

"In the Argonne, the fight which has developed around Bagatelle continued yesterday in one of the most dense parts of the forest, and consequently became quite confused. Each side, generally speaking, was successful in maintaining its lines."

"The men engaged in this fight on February 7 did not exceed three or four battalions on each side. During yesterday only one French battalion was engaged."

"In Lorraine and in the Vosges yesterday saw artillery engagements."

WILL HAVE BEARING ON CAMPAIGN.

London, February 9.—(Special)—The German army in East Prussia, reinforced with troops sent to help stay the Russian advance into Germany, has undertaken the offensive.

The Russians also are believed to have a large army in this region, where a great battle apparently is developing. The outcome of this struggle is expected to have an important bearing on the entire campaign in the East.

DRAW IN CARPATHIANS.

At the other end of the Eastern front, in the Carpathians, neither side has been able to gain a definite victory. The Austro-German troops have made progress in some places, but elsewhere apparently have suffered reverses. In one engagement, the Petrograd War Office reports, 3,600 prisoners were captured.

GERMAN ATTACK IN ARGONNE.

The new German attack in the Argonne has been attended with success. The French military authorities admit that the Germans captured some of their positions. Aside from this movement the German armies of the West are putting forth few efforts, and no engagement of importance is under way.

INVASION OF EGYPT FAILS.

The Turkish invasion of Egypt—one of the most daring and picturesque incidents of the war, seems to have come to naught. After their recent defeat in the fighting near the Suez Canal, the Turks are said to have fallen back, and, according to an official announcement, are in full retreat.

FIGHTING INTENSE AT BATTLE-FRONT IN EAST.

Petrograd, February 9, via London.—(Special)—The engagements are growing in intensity at the two extremities of the eastern battlefield.

Information, as to Distribution of the British Forces Withheld by Officials

BLANK CHECK FOR THE ARMY. FIRST TIME IN 200 YEARS COMMONS HAS TAKEN SUCH ACTION.

London, February 9.—For the first time in 200 years the British Government yesterday afternoon invited the House of Commons to give in a blank cheque for army purposes.

This is virtually the effect of the new precedent set up by the army estimates without details and without the aggregates of the expenditures, and when Parliament has voted the nominal sum of £1,000 sterling (\$5,000) under each of the fifteen groups of expenditures, it will have voted supplies without limit for an army of 3,000,000 men, to be accounted for when the war is over.

PAISED TERRITORIAL TROOPS.

London, February 9.—H. J. Tennant, parliamentary secretary of the War Office, paid a warm tribute to the territorial troops, whose value and efficiency, he declared, had been proved by recent events. The British design of aeroplanes, the secretary contended, has been found superior to that used by any other country. The speaker said also that as a result of the excellent sanitary services, cases of enteric fever were rare and that evidence was accumulating that inoculation ought to be made compulsory.

RECRUITING SATISFACTION.

In introducing the army estimates, Mr. Tennant said he was debarred from dwelling upon the size and the distribution of the British forces. "The enemy desires more than anything else to know the force we may have in the future," the speaker explained. "Recruiting on the whole has been satisfactory; there is no cause for discontent and still less for disquiet, but we want more men in this life-and-death struggle."

MEDAL FOR TECHNICAL WORKERS.

Mr. Tennant said that War Secretary Kitchener was considering the possibility of issuing a medal, at the end of the war, for technical workers employed by armament firms, etc., who are serving their country so faithfully.

TROOPS TRANSFERRED WITHOUT CASUALTY.

In making the declaration that troops had been brought from India, Australia, South Africa and Canada under a single casualty the under-secretary remarked: "When the total number of these men is known this will be thought an extraordinary feat."

WERNER HORN RETAINS COUNSEL

Maintains That His Attempt to Blow up C. P. R. Bridge Was Act of War

WILL FIGHT ATTEMPT OF CANADIAN GOVERNMENT TO EXTRADITE HIM FROM THE UNITED STATES.

Machias, Me., Feb. 9.—Werner Horn, who maintains that his recent attempt to blow up the Canadian end of the international railway bridge near Vanceboro, was an act of war, last night retained Daniel T. O'Connell, of Boston, as counsel. The attorney will look after Horn's interests in connection with the effort of the Canadian Government to obtain the extradition to the Dominion of the man who claims that he was formerly an officer in the German army.

Horn is now serving a sentence of thirty days in the county jail here for damage to property on the American side of the border caused by the explosion.

CANADIANS ARE NOW NEAR THE FRONT

Toronto, Feb. 9.—That the third battalion of the first Canadian contingent, 1,086 strong, consisting of the Queen's Own, The Governor General's Bodyguard, and the Tenth Royal Grenadiers, is now in France, is an assured fact, two cables having been received by Toronto families to that effect from their sons.

DETECTIVE NOW AT WORK

Official From Provincial Bureau to Investigate Murder of E. Vintinner

HAD CONSULTATION WITH CORONER BACHAND IN SHERBROOKE BEFORE PROCEEDING TO LAKE MEGANTIC

Lake Megantic, Feb. 9.—(Special)—Detective Aiken of the Provincial Detective Bureau, Montreal, has been detailed by the Attorney-General's department to investigate the circumstances surrounding the murder of Ethel Vintinner near this place a week ago last Friday.

The detective has not yet reached Lake Megantic, but it is understood that he had a consultation with Coroner Bachand in Sherbrooke, yesterday, where the evidence taken at the inquest was gone over.

Detective Aiken was in Cookshire last evening taking up the threads of the case from that point. It will be remembered that previous to her untimely death the unfortunate woman had been employed as a waitress in a restaurant and in one of the hotels there for several years.

There are many rumors going the rounds. From Bury it is reported that the father of the victim of foul play has certain evidence that when imparted to the detectives will go a long way towards clearing up the mystery.

It is further stated that while the foul crime was committed near this place, the perpetrator of the crime will be found to live in another municipality.

RECRUITING FOR MOUNTED RIFLES

Is Proceeding Satisfactorily in Sherbrooke. Sixteen Men Already Accepted

OTHER APPLICANTS SUBMIT TO MEDICAL EXAMINATION THIS AFTERNOON.

Recruiting in Sherbrooke for the Fifth Mounted Rifles is proceeding steadily. Up to noon to-day over thirty applications had been received; medical examinations took place yesterday afternoon and this morning, with the result that sixteen have satisfactorily passed all tests. Several other applicants are waiting to undergo an examination this afternoon.

Most of the recruits in Sherbrooke have come from outside points. After passing the medical examination and being sworn in they are enabled to return home and settle up their private affairs. Half a dozen who were ready to start duty have this morning entered the barracks on the Exhibition grounds.

125 MONTREAL RECRUITS ARRIVE THURSDAY.

Captain Gill, recruiting officer for Sherbrooke, is in receipt of a telegram from Lt.-Col. Baker, the commanding officer, stating that the 125 men from Montreal will arrive by the noon train on Thursday, and giving instructions for dinner to be prepared for them.

The medical examination is necessarily very strict. Many men who are eligible in almost every respect have to be reluctantly turned down owing to failure to respond to one out of the numerous tests.

LOOK FOR MOVE AT GERMAN NAVAL BASE

London, Feb. 9.—The Daily Mail's Copenhagen correspondent considers significant the fact that since Sunday all telegraphic communication with Danzig (near the mouth of the Vistula River, and bordering on the Baltic Sea) has ceased.

Danzig is the base of a great part of the German fleet and all the neutral steamers lying in the harbor there have been prohibited from sending out telegrams or letters. All timber shipments between Denmark and Danzig also have been stopped, according to the correspondent.

RESOLUTIONS BEFORE COUNCIL

Ald. Denault Submits a Number of Propositions For Committees to Consider

AMONG THE MANY IS THAT FOR GENERAL MANAGER AND REDUCTION OF TAXES

At the Council meeting last night Ald. Denault referred to the "solid five" as mentioned in the papers as only a joke. He hoped that all the ten aldermen would feel their responsibility in the administration of the city and that each one would do his best in the city's interest.

Ald. Denault then moved a series of resolutions to refer various questions to different committees of the Council. These include the engagement of a city manager, the sinking fund, school and real estate taxes, parks, a second reservoir, the improvement of St. Edward Street, the extension of the Lansdowne Market, the payment of taxes by the electric department and the question of free street lighting, and the advisability of transferring the work of the gas system to the water committee.

REFERRED TO COMMITTEES.

The resolutions were passed referring the various matters to the committees named. To refer to the Finance Committee the question of engaging a city manager, one-fifth of the annual cost to be paid by the Water Dept., one-fifth by the Electric Dept., one-fifth by the Road Dept., and two-fifths to be charged to the Works Capital account.

WORKS CHARGED TO CAPITAL ACCOUNT.

To refer to the Finance Committee to get estimates of all committees and to ascertain if it is in the city's interests to spend the year's sinking funds on works which would be chargeable to capital account, such as sewerage or other pressing needed works.

TO LOWER TAXES.

To refer to the Finance Committee to get into communication with both Catholic and Protestant School Commissioners in view of lowering the rate of taxes for the year 1915 one mill, the city to lower the rate two mills by fixing it at 12½ mills.

PARKS SUGGESTED.

To refer to the Parks and Real Estate Committee to get into communication with the E. & T. Fairbanks Co., for the object of the city making a park with a certain portion of the land at the corner of Belvidere and Galt Streets (the privilege being for such a time until it is needed to enlarge their factory) by planting young trees at a small cost, the land being level and easy to drain without much expenditure.

To refer to the Parks and Real Estate Committee to interview Mr. Sangster with the object of establishing a park ground site near the reservoir, the city to furnish part and Mr. Sangster to furnish part to make it sufficient, if possible, to make a park, it being at a point very desirable for the purpose and the proposed street or the continuation of McManamy street and the street railway route which will take that part of the park.

IS SECOND RESERVOIR REQUIRED?

To refer to the Water Committee, to ascertain from the city engineer and acting superintendent how pressing is the need of a second reservoir.

WOULD IMPROVE ST. EDWARD STREET.

To refer to the Gas and Electric Committee to get into communication with the school commissioners to get permission to mine and excavate rock on St. Edward street, and also to get the same permit signed by the proprietors on that part of the street to permit of lowering that street according to plan proposed by the city engineer for the improvement of the street. As sewerage needs to be made in a certain portion of that street, plans be also made for the work.

EXTENSION TO MARKET.

To refer to the Market Committee to get estimates on plans already prepared by Mr. Dion of a new extension of the Lansdowne Market to be made in the spring by day work or by tender; also to improve the sanitary system.

TO FURNISH LIGHTS FREE.

To refer to the Gas and Electric Committee to get figures as to the amount the department is paying in taxes on the electric plant to the city, and report if the department could light the streets free, the city to furnish the lamps without cost to the department.

TRANSFER GAS TO WATER DEPARTMENT.

To refer to the Water, Gas and Electric committees to ascertain if any saving in expense and better management would result by transferring all work and administration of the gas system to the Water Committee. In view of the greater part of the work being in piping underground, (Continued on Page 6)

FLAG ORDER IS DENIED

British Government Did Not Direct Use of American Emblem on Lusitania

SPEED OF CUNARD WOULD ENABLE HER TO AVOID ANY SUBMARINE BUILT WORKING IN DAY TIME

London, February 9.—The British Government denies that it issued any order to the Lusitania to fly the American flag. This puts a slightly different aspect on the news. If the motive of the ship's captain in ordering the Lusitania to fly the American flag was due to the known presence of German warcraft in her vicinity or because of a suspicion that hostile ships might be lurking in her course, it would indicate, at any rate, that he had become decidedly nervous. There is no German sub-merchant vessel as large as the Lusitania. As a matter of fact, there are few German naval officers who would not know the profile of the Lusitania. Further, the speed of the vessel would enable her to avoid any submarine built operating on the surface in the daytime. Working under the surface or at night time, a flag, neutral or otherwise, could not be distinguished.

UNANIMITY IN COMMONS

Sir Wilfred Laurier Stated That Opposition Will Not Oppose Sums For War

DEBATE ON SPEECH FROM THE THRONE WAS DISPOSED OF IN FEW HOURS WITHOUT ANY CONTROVERSY.

Ottawa, Feb. 9.—The fifth session of the present Parliament, however it goes out, has come in quietly. The debate on the address in reply to the Speech from the Throne, always the first of the session, and usually a good index of the quality of what is to come after, commenced at 3 o'clock yesterday afternoon, and after speakers had said their say, concluded at 10 o'clock last evening. From beginning to end nothing of a really controversial nature was heard and all the indications, if they may be accepted, are for a businesslike session.

The debate was opened by Mr. W. G. Weichel, German-Canadian representative of North Waterloo, who moved the address, and it was continued by Mr. Honore Achin, of L'Abbe. Next came Sir Wilfrid Laurier and Sir Robert Borden, while after the evening adjournment, Mr. Michael Clark, Mr. W. F. Maclean and Mr. E. M. MacDonald followed in short order.

In the speeches of the leaders themselves there was little of a controversial character. Sir Wilfrid Laurier stated that the Opposition was prepared to grant the Government any sums which it might require for expenditure on the war, provided that there was strict accounting and that the right of criticism was reserved. There had always been evidence to show that expenditures had not always been prudent. In the supply of boots to the first Canadian contingent it was evident that there had even been fraud, and the Opposition leader insisted on an investigation into this matter.

This he was immediately promised by Sir Robert Borden, who stated that the boots in question had been furnished according to standard Militia Department specification prepared years ago, and that the matter of the best pattern to use was one on which there appeared to be great difference of opinion.

EAT LESS MEAT
IF BACK HURTS

TAKE A GLASS OF SALTS TO
FLUSH KIDNEYS IF BLADDER
BOthers YOU--DRINK
LOTS OF WATER.

Eating meat regularly eventually
produces kidney trouble in some form
or other, says a well-known authori-
ty, because the uric acid in meat
excites the kidneys, they become over-
worked; get sluggish; clog up and
cause all sorts of distress, particu-
larly backache and misery in the kidney
region; rheumatic twinges, severe
headaches, acid stomach, constipation
torpid liver, sleeplessness, bladder
and urinary irritation.

The moment your back hurts or
kidneys aren't acting right, or if
bladder bothers you, get about four
ounces of Jad Salts from any good
pharmacy; take a tablespoonful in a
glass of water before breakfast for a
few days and your kidneys will then
act fine. This famous salts is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for generations to flush
clogged kidneys and stimulate them
to normal activity; also to neutral-
ize the acids in the urine so it no
longer irritates, thus ending bladder
disorders.

Jad Salts cannot injure anyone;
makes a delightful effervescent lithia-
water drink which millions of men
and women take now and then to
keep the kidneys and urinary organs
clean, thus avoiding serious kidney
disease.

A BRONCHIAL COUGH, PERHAPS WEAK THROAT
USE "CATARRHOZONE"--DEAD SURE CURE

WONDERFUL SUCCESS REPORTED
IN THOUSANDS OF BAD CASES.

How many thousands are there who
would gladly pay any sum to be cured
of bronchitis or catarrh. Many
could be cured if they would just use
common sense in selecting their re-
medy.

Bronchitis, of course, is an inflamma-
tion of the bronchial tubes which
were made for the passage of air
alone, and neither the moisture of an
asthma nor the liquid of a cough
syrup can get where the trouble really
is. The diseased parts can only be
reached by a remedy that can force
its way through all the breathing or-
gans. Doctors who have used "Cat-
arrhozone" say it is the only rational
cure for bronchitis. It cures by in-
halation.

You breathe in its healing balsams,
inhale its soothing antiseptic vapor,
and relief is immediate.
Simple to use, delightful and pleas-
ant--nothing compares with Catarrho-
zone which is the cure of the day for
all bronchial and throat troubles.

Mr. H. B. McLaughlin, the well
known representative of Parks and
Blackwell, Toronto, says: "I have
used Catarrhozone for years and can
honestly say it is the only remedy
that relieves me from a painful in-
take of Bronchial Catarrh. The in-
haler for Catarrhozone is always in
my pocket and I simply couldn't get
along without it. I firmly believe Cat-
arrhozone is a wonderful remedy."

The Gold Dust Twins'
Philosophy

If you have ever fumed and fussed, because of dirt and grime and
rust, and said unto yourself, "Oh, dear! This household work will
kill me!"--then it is time that you should find some other
method far more kind.

Of all the woes a housewife bears, one always fills her day with
cares: The kitchen after-meal-time muss,
is quite enough to make one fuss. What,
with the pots and pails and pans, the
knives and forks and plates and cans, no
task of man, however grim, the half as mean is handed him.

Two little willing workers aim to enter in this household game:
their job, the lessening of work, a task that neither of them shirk.
With active little hands and brains they grab the irksome household
reins, till soon each kettle, pot or dish, is just as bright as you could
wish. And not until the chores
are done, from sink to silver, sun
to sun, could anything inspire the
two, to drop the tasks they have
to do.

Therefore, if you have never
known, assistance such as we
have shown, your troubles end,
where joy begins. Now, Mrs.
Drudge, the Gold Dust Twins!
Henceforth, as dishes congregate,
and dingy pots that cannot wait;
when cutlery, in sad array,
awaits you at the close of day--
"Cheer Up!" Forget the labor
planned: You have two aids at your command.

SHERBROOKE HOSPITAL

Annual Meeting of the Corporation and Governors Was Held Yesterday

ANNUAL REPORT GIVES A RESUME OF THE WORK ACCOMPLISHED DURING THE PAST YEAR.

The annual meeting of the corpora-
tion and governors of the Sher-
brooke Hospital was held yesterday
afternoon in the Art Hall, the use of
which was kindly granted by Mr. C.
H. Fletcher.

The president, Mr. E. C. Howard,
took the chair, the following being
present: Messrs. Geo. Armitage, W.
S. Armitage, L. A. Bayley, Dr. F. H.
Bradley, Dr. Browning, C. W. Cate,
R. A. Ewing, M. G. Crombie, R. C.
Goodhue, C. H. Fletcher, Col. H. R.
Fraser, C. B. Howard, W. A. Hale,
E. Hargrave, Dr. G. E. Hyndman,
Dr. G. L. Hume, Dr. Gordon Hume,
Dr. Lynch, W. E. Loomis, D. G.
Loomis, Jas. Mackinnon, J. S. Mit-
chell, Robt. Price, E. J. Page, T. J.
Parkes, D. J. Salls, J. P. Wells, W.
R. Webster, Rev. Canon Shreve, Rev.
C. A. McIntosh, Rev. G. W. Brooker,
Mrs. T. J. Tuck, Mrs. E. C. Fraser,
Miss W. E. Lamb, Dr. Bayne and S.
E. Francis, secretary.

The president asked the Rev. Canon
Shreve to open the meeting with
prayer, after which the secretary
read the minutes of the last general
meeting, which were duly confirmed.

The president referred to the ab-
sence of the Hon. Pres., Mr. Wm.
Farwell, and regretted that they
would not have the benefit of his
kindly criticism and advice at this
meeting.

The various reports were read and
adopted. The following is the govern-
or's report for 1914:

GOVERNORS' REPORT.

The report of the Governors was
submitted as follows:

"To the Members of the Corpora-
tion:

"Ladies and Gentlemen,—The Board
of Governors wish to submit to you
the balance sheet and profit and loss
statement for the year ending Dec.
31st, 1914.

Housekeeping and Maintenance \$14,424.87

Hospital Earnings 11,811.66

Loss to be provided for 2,613.21

The average cost per patient
per day for the past year
has been 1.70

We have received from other
sources 5,054.93

This amount comes from donations
from the public, such as the Ladies'
Committee, the Quebec Government,
City of Sherbrooke, Surrounding Mu-
nicipalities, Railway Companies, In-
dustries, Church Societies and pri-
vate individuals.

"We are greatly indebted to all
these sources as without this aid we
could not exist, and it is hoped we
will continue to merit the support of
the public.

"As you all know we have moved
into our New Hospital during the
past year, which is very satisfactory
from every standpoint. We have had
during the past month about twice as
many patients as could have been ac-
commodated in the old building. This
in itself, justifies the need of the new
building.

"During the month of January,
1915, the average number of patients
were nearly 50, and the earnings
were \$2400.00, and the expense \$1800.

"During the past year we have ad-
ded a House Surgeon, in the person
of Dr. Bayne, who we believe has fil-
led the position to the entire satisfac-
tion of all concerned. We feel in
this we have filled a long-felt want.

"A housekeeper has been supplied
by the ladies, which is a great help
to the domestic duties of the Hospi-
tal.

"The staff is now complete. The
Hospital requires some more equip-
ment, I refer to an X-Ray outfit,
then I would recommend the instal-
lation of an Ice Producing machine,
or cold storage plant—it should pay
for itself in a few years and is much
needed.

"We have also provided and equip-
ped a maternity ward which has been
much appreciated and should be of
great assistance to the district. We
have also provided a septic ward.
These are entirely new features but
were necessary to make the institu-
tion complete.

"We are now fully equipped to care
for the sick of the Eastern Townships,
and we believe our Medical Staff is
second to none. We also believe that
the district appreciates the good
work being done.

"During the past month we have
solicited financial support from the
eighty-two municipalities in this dis-
trict, and as far as replies have been
received, results are most gratifying.
We believe work along this particular
line should be followed up closely for
two reasons: First, it enlists sym-
pathy; secondly, it should bring us
financial aid.

"Our desire is to have every doc-
tor and individual in the Eastern
Townships feel that this institution
is theirs.

"At this particular period when the
whole atmosphere is charged with pa-
triotism we feel it necessary to re-
mind you once more that we must
care for our sick ones at home, and
your financial aid is, therefore, solici-
ted.

"During the erection and furnishing
of the New Hospital some thirty to
forty friends assisted in the beautify-
ing of the institution by way of fur-
nishings to the extent of some \$5,000
or \$6,000. This very generous act
released very much the burden from
the shoulders of the Building and Ex-
ecutive Committee.

"The Ladies' Auxiliary contributed
all that was required in way of extra
furnishings, which was no small item,
especially as the requirements were
so much greater owing to the new

MARRIAGES

THIVIERGE-DUSSAULT.

The wedding took place yesterday
morning at St. Michael's pro-Cathe-
dral of Miss Eva Dussault, third
daughter of Mr. and Mrs. N. T. Dus-
sault, Marquette street, to Mr.
Edouard Thivierge, of Sherbrooke,
recently of Montreal.

The nuptial mass was celebrated by
the Rev. Henry Desève, of Bury, coun-
sin of the bride, and Mr. L. E. Co-
dère presided at the organ and ren-
dered the Bridal Music from Lohen-
grin, when the wedding party entered
the church which was brilliantly il-
luminated for the occasion. The bride
wore a costume of navy-blue cloth,
with coat and vest of Persian silk,
and white fox furs. The black velvet
hat was trimmed with a numidi
plume, and she carried a shower bou-
quet of white roses, and lilies-of-the-
valley.

Mr. Michel Thivierge, of Montreal,
supported his brother, and Mr. N. T.
Dussault accompanied the bride to
the altar.

The Wedding March was played at
the close of the ceremony and the
bride, groom and friends left the
church for the residence of the
bride's father, where the wedding
breakfast was served. The table was
tastefully arranged with pink and
white carnations and ferns.

Among those present were Mr. and
Mrs. N. T. Dussault, Dr. N. A. Dus-
sault, Quebec; Mr. and Mrs. J. Hec-
tor C. Dussault, Montreal; Mr. Mi-
chel Thivierge, Montreal; Dr. and
Mrs. J. C. St. Pierre, Sherbrooke;
Dr. and Mrs. J. P. Henri Massicotte,
Victoriaville; Miss Gertrude Desève,
Miss Hortense Cormier, Messrs. Bur-
nette, Gauthier and Prud'homme,
Montreal; Rev. Henry Desève, Bury,
etc.

Mr. and Mrs. Thivierge left later
for a wedding trip to New York and
on their return will take up their
abode in Sherbrooke.

Beautiful gifts, which included much
sterling silver, cut glass, fancy work,
and household ornaments, were re-
ceived from friends in Quebec, Mon-
treal, Winnipeg, Ottawa, Magog, Dan-
ville, Victoriaville, etc., and the
groom's gift was a pendant of pearls
and sapphires.

The Ladies also gave \$1,500 to
the building fund, and \$500 to
ordinary expenses. This you can
readily see, places them again to the
front when it comes to giving aid.

"We have not received any interest
on Bank account, but on the other
hand, have had some interest to pay.

"With a debt of \$25,000.00, which
means \$1500.00 interest per year, be-
sides the upkeep of the larger build-
ing, we will have to keep busy solici-
ting aid until such time as the
friends of the Hospital leave to it
sufficient money to pay off the debt,
and with say \$100,000.00 endowment
fund it would be self-supporting. This
we all hope will be accomplished in
our day.

"We should receive from the Que-
bec Government at least twice the
amount now granted, and appeal
should be made for this increase dur-
ing the present year.

"We should make an effort to get
at least fifty New Governors through-
out the Townships. Every doctor of
our city and the surrounding district
should become a Governor.

"During the past year we have had
a room endowed to the extent of
\$3,000.00, known as the Hale Ward.

"During the past week Mrs. Lestina
D. Mack, of Derby Line, Vt., has
very generously offered to pay over
at once the sum of \$4,000.00, which
she had only intended giving by her
will.

"These two items are very com-
mendable to the donors and are ex-
ceedingly gratifying to the Governors
as they very clearly show the con-
tinued appreciation of the public.

"The Lady Superintendent, Asst.
Supt., and staff of Nurses are doing
splendid work and the Hospital is to
be congratulated on its staff.

"The patients leaving the Hospital
all go away with a feeling of satisfac-
tion and praise for the treatment
they have received. This, in itself, is
one of our best assets.

"The Governors feel that if every-
body would get in closer touch with
the work by visiting and taking their
friends often to see the Hospital, it
would very materially aid the inter-
est in the institution.

"The Lady Superintendent would be
glad to see you, in fact it would en-
courage the staff and we feel certain
do us all good.

"Thanks are due and hereby ten-
dered to all those who have contri-
buted money or supplies during the
past year in any way to the support
of the Hospital; to the Medical staff,
to the Ladies' Committee, to the Ju-
nior Hospital Aid Society, the Lady
Superintendent, Assistant and Nurses
also the Executive Committee, the
Secretary and Treasurer, the Ambu-
lance Corps and Police Department of
the city, and Mr. and Mrs. Beaman,
for use of their house after the fire,
as they very generously opened their
house to our night nurses.

WHERE IS FRANCIS McMANN? The address wanted of Francis McMan, aged 13, left Mr. Arthur Gonthorp, Marlinton, Que., on January 7th. Mrs. Birt, Distributing Home, Knowlton, Que.

ing from 17c to 17½ yesterday, and there are only a few thousand packages to be had at these figures. The American cheese is much smaller than the Canadian, and therefore the 150,000 boxes, part of which have been purchased, are about equal to, approximately, 70,000 Canadian cheese. The result of the export demand and the record high prices being paid in Canada has caused many factories to change from making butter to cheese. Where there was one factory running west of Toronto but one time last year, it is estimated that there are twenty this year. The simple reason is that there is much more money to be made by the farmer in making cheese than butter, as the proportion of milk in the making of cheese will turn out 24 pounds of cheese to 1 pound of butter.

NEUTRALS HAVE SUFFERED MOST

FELT AT LLOYD'S THAT GERMAN CAN DO LITTLE MORE TO INJURE SHIPPING.

London, Feb. 9.—The Foreign Office statement on the right of British vessels to fly a neutral flag is affecting the market at Lloyd's only slightly because it is felt that the Germans can do very little more than they already have done to injure shipping flying neutral flags on the high seas.

The number of British vessels sunk or mined up to the end of January was 60, while neutrals lost no fewer than 48.

Nearly all the British vessels were sunk on the high seas. The neutrals were lost by German mines.

LATEST WOULD TREAT GERMAN RAIDERS AS PIRATES

London, Feb. 9.—(Special)—Lord Charles Beresford is going to put a question to Premier Asquith in the House of Commons to-morrow, in which he will demand that Great Britain treat German raiders on undefended places as pirates, and after a trial by court-martial, hang them in public for the murder of women and children.

This applies to raids from the air as well as by the sea.

Lord Charles asserts that the Government should adopt this plan in the future and no longer treat such raiders as honorable foes.

NO HOSTILE MOVE AGAINST NEUTRALS

Berlin Says That Every Effort Will be Made to Avoid Hurting it by Accident

MEASURES WILL BE TAKEN TO GIVE ENGLAND A TASTE OF HER OWN MEDICINE.

Berlin, via The Hague, to London, Feb. 9.—The naval measures of Germany against British commerce are in no sense a blockade. No hostile action against neutral shipping is contemplated. Germans have no intention of sinking an American ship unless she is carrying contraband of war, and then only if her crew can be given the possibility of escape. It was added, however, that war measures will be carried out against British trade with all possible severity in order "to give England a taste of her own medicine."

AMERICANS SAFE UNLESS—?

The above may be taken as the correct interpretation placed upon the German proclamation in competent circles in Berlin. It was stated yesterday that it might be safely asserted that the Germans have no intention of sinking an American ship unless she is carrying contraband of war, and then only if her crew can be given the possibility of escape. It was added, however, that war measures will be carried out against British trade with all possible severity in order "to give England a taste of her own medicine."

Toronto, Feb. 9.—Chas. A. Massey, son of the late C. Albert Massey, formerly vice-president and general manager of the Massey Manufacturing Company, residing at 169 Walmer road, was shot and mortally wounded on the steps of his own home, by Carrie Davies, an 18-year-old domestic employed in the house.

The girl, when arrested, gave as her reason, according to a statement of the police, that her act was in revenge for alleged approaches made to her by her victim.

Mrs. Massey has been absent in Hartford, Conn., for some days.

GERMAN SHIPS INTERNED IN AMERICAN PORTS

New York, Feb. 9.—German and Austrian merchant steamers of more than half a million tons are "interned" in American ports. Fifty-five of them fly the German flag. The other eleven are Austrian vessels. All are tied up in ports of Continental United States except nine, which are at Hilo or Honolulu in the Hawaiian Islands.

SIR FRANCOIS LANGELIER, DEAD

Lieut. Governor of Province of Quebec Passes Away After an Illness of Several Weeks

WAS APPOINTED TO POSITION IN MAY, 1911, AND PREVIOUSLY HELD MANY IMPORTANT POSITIONS.

Quebec, Feb. 9.—Sir Francois Langelier, Lieutenant-Governor of the Province of Quebec, died at Spencer Wood at 2.45 o'clock yesterday afternoon, after an illness of several weeks.

Francois Charles Stanislas Langelier, statesman and Lieutenant-Governor of the Province of Quebec, was the son of Louis Stanislas Langelier and Julie Esther (Casault), and was born at St. Rosalie on December 24, 1838.

He was of French extraction, his father's ancestors having come to Canada from Presqu'Isles, near Rouens, Normandy, in 1652, and his mother's family from Granville, Normandy, about the same date.

He was educated at St. Hyacinthe and Laval University, from which institution he obtained the degrees of LL.B. in 1860, LL.L. with great distinction in 1861, and LL.D. in 1878. His studies were concluded in Paris, France. He was also given the honorary degree of D.C.L. at Bishop's College, Lennoxville, in 1903.

He was appointed Lieutenant-Governor of the Province of Quebec in May, 1911, and served as a Royal Commissioner on several occasions. He was prominently identified with the movement for the organization of the Anti-Alcoholic League, and was its first president in 1907. He was also president of the special committee appointed in connection with the Quebec Tercentenary Celebration in 1906. He was elected F.R.S.C. in 1908, and became president of section I. of that organization in 1910. He was also a member of the Quebec Garrison Club.

PATRIOTIC WORK IN SHERBROOKE

Weekly Meeting of Patriotic Association Held, and Considerable Business Disposed of

VOTE OF THANKS PASSED TO REV. MOTHER SUPERIOR AND SISTERS OF MONT NOTRE DAME.

The Red Cross Society gratefully acknowledges from Bury: 14 shirts, 12 pairs socks, 4 pairs wristlets, 1 muffler. From Canterbury: 12 pairs socks.

PATRIOTIC SOCIETY MEETING.
The weekly meeting of the Sherbrooke Patriotic Association was held Friday in the D.O.E. club room, Mrs. C. H. Bowen presiding.

After the singing of the National Anthem, the minutes of the last meeting were read and approved, and the report of the treasurer, showing a balance on hand, was presented.

The chairman referred with cordial appreciation to the interest taken in the work of the Association by the Rev. Mother Superior and Sisters of Mont Notre Dame, who had contributed to several of the branches. A vote of thanks was moved by Mrs. Arthur Fraser, seconded by Miss McWilliams, and unanimously passed, and the secretary was requested to inform the Rev. Mother Superior of the proceedings at the meeting.

The Patriotic Editor spoke of a tendency in the reports of the various committees to overlap, thus taking more space in the column allotted to the Association than was necessary. The subject was discussed and a remedy suggested.

MATERIAL FOR WORK COMMITTEE.

Mrs. Arthur Fraser, on behalf of the Work Committee, stated that there was now plenty of yarn on hand for all present needs and ready to be given out to those who are ready for it.

A number of new members were proposed and welcomed.

WORK FOR THIRD CONTINGENT.

All members of the Work Committee were urged to attend the meetings, in order that definite plans may be made. Col. Baker had been communicated with, and as soon as he replied work for the Third Contingent would be organized at once.

GAMES FOR CONVALESCENT SOLDIERS AND SAILORS.

Mrs. Bowen said that an appeal had been made for games and amusements for convalescent soldiers and for sailors in the North Sea, and suggested that a committee be formed for this purpose, in which she was sure many would be interested. Mrs. C. D. White offered to take the matter in hand, and would be the convenor of the committee.

FARMERS' WIVES TO DO WORK.

Mrs. W. A. Hale has also declared the willingness of the farmers wives in her vicinity to make quilts for the Belgian Relief, and to knit socks for the soldiers, if material could be furnished, as their resources were insufficient.

GIFT OF MOTOR AMBULANCES.

A letter has been received from Colonel Hodgetts in regard to Canada's gift of four motor ambulances, one of these presented by the Eastern Townships.

Miss Wilson read the list of articles contained in the box sent to the Navy, which had been published, and a letter of acknowledgment for the contribution of the Patriotic Association to the Navy.

Other matters of interest were discussed before the meeting adjourned.

The process-verbal is illegal and cannot be maintained.

The Court held that the process-verbal is illegal, and maintained the action of the Township of Shipton, and quashed and annulled the said process-verbal, the whole with costs.

JAPANESE OPERETTA, "SUNRISE LAND."

Cowansville, Feb. 9.—(Special)—The Japanese Operetta, entitled, "Sunrise Land," and presented at the Town Hall, Cowansville, on Friday evening, last under the auspices of Emmanuel Congregational Church Choir, was an entire success, both from the standpoint of artistic production and that of financial receipts. Those who had attended the "Good Scout Minstrel Concert," of a few months ago given under the direction of Mrs. A. R. Moore, were prepared for something of real merit and they were certainly not disappointed. The stage had been transformed by daintily and artistic decorations into a Japanese garden—gay with chrysanthemums and gay with the bevy of fascinating Japanese maidens with their bewildering array of fans and umbrellas. The scene represented a garden-gathering in honor of a national festival and centered about a group of Japanese school-girls who are greatly interested in the narrative of the heroine—Lotus Blossom—who describes the ways of that "curious little island called England," to which she has been paying a visit. Apple Blossom (Miss Bernice Cowan), Cherry Blossom (Mrs. G. W. Johnston), Sing Sing (Miss Dorothy Walsh), and Gum Gum (Miss Aileen Brown), are horrified, amused, astonished and bewildered in rapid succession by the strange things narrated and described.

Variety is given to the performance by the entrance of minstrels led by musicians (Mr. Foster Draper) who sing the legend of the lovers, Aquilla and Vega, and the appearance of troops under the command of Fighter Fighter (Mr. Fred McCrum) on their way to and returning from the war. Chink-a-Chinaman (Mr. G. W. Johnston) a compendium of all the vices, virtues and misfortunes of his race, afforded no little amusement by his antics and flirtations with the chic little French maid, Marie (Miss Jessie Foster).

The charming Japanese maiden—Lotus Blossom—was betrothed to the honorable gentleman, Lang Toi, now absent at the war, and the love of these two forms the silver thread of romance throughout the play. At length Lang Toi is invalided home with some wounded comrades and chances on the festive gathering in the garden. He is recognized by the honorable parents of Lotus Blossom, Ogo Bogo and his wife (Mr. Lods and Miss Safford) and the lovers are happily reunited. The play ends with a pretty scene in which promise is made of an early wedding and the whole chorus join to wish the lovers joy in song.

The acting and singing were both remarkably good and reflected great credit upon the director, Miss Ethel Bell as Lotus Blossom, and Mr. Cochran as Lang Toi, were both well suited to their parts and convincing in their acting, as may also be said of Mr. Lods as Ogo Bogo and Miss Safford as Ogo Bogo's wife. The parts were all well taken and the solos well rendered in every case. There were several exceptionally pretty scenes, notably the tripping in of the little Geisha girls with their trays of tea; the Windmill Drill in "Jack's the Boy," and the tea drinking. Particular mention must be made of the dainty and graceful butterfly dancing of little Miss Evelyn Moore, and the pretty scene of the kissing duet where she, as the Geisha Butterfly, and Jackie, the Sailor Boy (her brother) made a picture not soon to be forgotten.

The effectiveness of the performance was greatly enhanced by the lime-light effects kindly provided by Mr. Buzzell; and the very Japanese features of the performers owed much to the transforming touch of Mrs. DeGrouche, Miss Hart and Mr. A. R. Moore.

At the close of the performance the pastor of the Congregational Church, Rev. H. Hailey Trill, B.A., conveyed the hearty appreciation and thanks of Church and Choir to the friends who had so generously assisted, both in the decorations and the performance, and the chorus of fifty voices then joined with the audience in the hearty singing of "God Save the King."

The performers were later entertained by the ladies of the Church, at the home of Mrs. Cedric Cotton. Dainty refreshments were served and a handsome presentation was made to Mrs. Moore in token of appreciation of her most valued and successful services. Dancing followed; then with the singing of "She's a Jolly Good Fellow," "Tipperary," and the National Anthem, a truly delightful evening was brought to a close.

As the financial outcome of the concert the Choir Committee was able to hand over to the Church funds a sum of one hundred dollars.

LETTER FROM MAJ.-GEN. HENEKER

Tells of His Brother Being Wounded in the Trenches in France

SIR GEORGE PERLEY WRITES IN ACKNOWLEDGMENT OF GREETINGS FROM THE ASSOCIATED BOARDS.

Mr. R. C. Wilkins, president of the Eastern Townships Associated Boards of Trade, has received the following letters from Major-General Heneker, acknowledging congratulations sent him upon the occasion of his appointment to his present rank, and from Sir George Perley, Acting High Commissioner, acknowledging greetings sent him:

LETTER FROM MAJOR-GENERAL HENEKER.

Army and Navy Club, Pall Mall, London, January 20, 1915.

Dear Mr. President:—I have to-day received the extract from the minutes of the meeting of the Eastern Townships Associated Boards of Trade, which you were kind enough to send me. I cannot tell you how pleased I am, and how honored to know that my old friends in Canada have not forgotten all about me. I beg to thank you, Mr. President, and the members of the Council for your very kind congratulations and wishes.

I see that, according to the extract, my old school friend, Ned Farwell, moved the resolution, I hope to be able to run over to Canada as soon as this war is over, and shall look forward to that time when I can thank him personally. Some people have thrown them all away as useless. His cap also, which was on the ground near him, has six holes through it. He says he is pretty stiff and writes from one of the field ambulances. A marvellous escape.

Yes, as you say, we are fighting against the arch-enemy of Christianity and civilization, and before 1915 is over I feel sure that the world will have seen the last of the Empire whose Kaiser has so disgraced and dishonored his name and race.

A nation which considers atrocities against women, children and non-combatants just acts of war, and the dropping of bombs in undefended towns anything but useless savagery, should not be allowed to exist.

Again thanking you for your very kind resolution, believe me, Yours very truly, W. T. HENEKER.

LETTER FROM SIR GEORGE PERLEY.

17 Victoria Street, London, S.W., 19th January, 1915.

Dear Mr. Wilkins:—Permit me to acknowledge with many thanks the kind New Year's greetings which you have sent me on behalf of the Eastern Townships Associated Boards of Trade, and which I very heartily reciprocate.

My wife and I wish to thank you very much for your congratulations, which we greatly appreciate. Wishing you and yours a very happy New Year, believe me, Sincerely yours, GEORGE H. PERLEY.

Robert C. Wilkins, Esq., Farnham, Quebec, Canada.

STRANGE CRAFT SEEN NEAR STANSTED'S OLIVE.

Last Wednesday night the Journal received a telephone message from its Ayer's Gift correspondent reporting the appearance of an aeroplane near that place Wednesday morning.

According to the report, Jas. Gillen, a farmer living near the Breaky place, between Ayer's Gift and Libbytown, saw the strange craft when he went to do his chores at the barn at about 4 a.m. The report was to the effect that Mr. Gillen's attention was first attracted by the noise of the motor and looking up he saw the bright lights, then the outlines of the craft became distinguishable, and it seemed to be keeping fairly close to the earth. Mr. Gillen is credited with being a perfectly reliable man, and the story has created considerable excitement. It is easy to associate the report with the war, but just what object any hostile air craft could have in visiting this section, at this season, is not apparent.
