FIRST PRIZE AT THE PROVINCIAL EXHIBITION, OTTAWA, 1875.

First Prize, Silver Medal and Diploma at Exhibition, Montreal, 1881.
First Prize, Bronze Medal and Diploma, Provincial Exhibition, Quebec, 1877.

The Safes I manufacture, justly considered at present as the best ever offered to the public, combine all the qualities required as to strength and safety. In order to avoid moisture in the interior of the Safe, and offer the greatest possible resistance in case of fire, an air space has been secured between the iron sheets which form the envelope or frame of the Safe.

The hinges are not of Cast, but Wrought Iron, resting on a solid base of Steel, with aperture in order to remove the doors in case they should in time require any repairs. This improvement gives an undoubted superiority over all other Safes.

These Safes are all they are represented to be, and a visit to my Factory will convince any thinking man of the truth of what I affirm.

I ALSO MANUFACTURE TO ORDER,

Iron Vault Linings, Burglar-proof Vault Doors, Fire-proof Doors, Iron Shutters, Iron Doors for Public Buildings, Messengers' Chests and Deed Boxes, Cell Doors and Gratings, Jail, Safe, Bank and Store-door Locks, Iron Girders and Iron Bridges, &c.

A large number of Second-hand Safes of different makes always on hand, which will be sold cheap.

ARTHABASKAVILLE.

ARTHABASKAVILLE, ST. CHRISTOPHE D'ARTHABASKA.

ST. CHRISTOPHE D'ARTHABASKA, or ARTHABASKAVILLE, an incorporated village of Quebec, capital of a county of the same name, 2½ miles from Arthabaska Station. It contains, besides the county buildings, a Roman Catholic church, a Convent, a Commercial College, a telegraph office, a printing office, 2 hotels, several stores, a potash factory, 3 saw mills, and 2 flouring mills. Pop. 1000.

Un beau village, au site pictoresque, situé dans le canton d'Arthabaska, comté et district d'Arthabaska, municipalement incorporé en 1858. C'est le chef-lieu du district. Il y a Palais de Justice et prison, une grande Eglise Catholique, un Couvent des Sœurs de la Congrégation ; un collége commercial, bel édifice en pierre, dirigé par les Frères du Sacré-Cœur. On y a construit un aqueduc en fer qui pourvoit abondamment la meilleure eau dans toutes les maisons et dont la puissance permet d'inonder le toit de ses plus hautes constructions. Il y a deux bureaux de télégraphe, un bureau de poste où les malles arrivent deux fois par jour ; une imprimerie, une tannerie à vapeur considérable, une manufacture de tabac, deux hôtels de première classe, savoir : "Arthabaskaville Hotel," tenu par Mme. L. L. Dorais, et "Albion Hotel," tenu par A. P. Desrochers. Le prix de la pension pour les voyageurs aux deux hôtels est de $1.00 par jour.

Le village est à 2½ milles de la station d'Arthabaska, sur la ligne du Grand-Tronc, et de la station du chemin de fer des Trois-Rivières et Arthabaska. Le transport du village à ces stations coûte 25 centins.

Population : environ 1,000.

LEVIS.

(Point Levis.)

A large and flourishing town on the south shore of the river St. Lawrence, opposite Quebec, Seigniory of Lauzon, parish of Notre-Dame de la Victoire, county of Levis. It is divided into three different wards, namely: the wards of St. Laurent, Notre-Dame and Lauzon. The head post office is in Lauzon ward, and branches of it in St. Laurent and Notre-Dame wards. An extensive trade of timber and fire wood is carried on here, which is surpassed in the Province only in the cities of Montreal, Ottawa and Quebec. Several manufactures are in operation. Montreal Telegraph Co. has two offices here, one at the railway depot, and another in Hadlow Cove. The station of the Grand Trunk railway is situated in the St. Laurent ward. Two steamboats ply every quarter of an hour between Levis and Quebec. Distant from Quebec one mile, fare, 3c.; from Richmond 96 miles, and from Montreal 174 miles. Mail daily. Population about 7000.

An incorporated village and station of the Grand Trunk Railway, pleasantly situated on the St. Francis river, Township of Cleveland, County of Richmond. The Montreal, Quebec, Portland and Western branches of the Grand Trunk Railway centre here. The Missisquoi and Black Rivers Valley Railway, when completed, will also have a chief depot here, thus giving the village first-class advantages, and materially augmenting its general interests. The Grand Trunk has extensive works here, and, as the water privileges afforded by the river are numerous and excellent, there are inducements for the establishment of all kinds of manufactures. Large deposits of copper and slate are found in the neighborhood. The St. Francis College, located here, has attained a high character among the educational institutions of the country. It contains, besides the county buildings, a mechanics' institute, telegraph office, two newspaper offices, and several stores and hotels. Population, 2,000.

The Asbestos mines, owned by Messrs. Noël & Son, County of Megantic, Township of Coldrain, on the property of the Jacques Cartier Bank, formerly called the Glover and Fry property, have been in operation since the month of June last, with a force of 20 hands. Asbestos is in great demand both in the United States and Scotland. It is used for packing by fire engine companies, by paper manufacturing companies, for roofing and fire-proof paint. Engineers are exploring the mines with the prospect of establishing large factories for working the product if it can be found in sufficient quantities.

The St. Francis Bridge Company, Thomas Hart, Esq., President, W. E. Jones, Esq,, Secretary, are now constructing a bridge extending from Craig's road, Village of Richmond, to the Montreal road in the Village of Melbourne. The piers are of first-class granite, brought from Beebe Plain, Stanstead, and the superstructure is intended to be of wood. Total cost, $25,000; to be completed by the 1st of January, 1882.

The Missisquoi Valley Railway is being built from Richmond Junction, G. T. R., to Mansonville station, South Eastern Railway, 56 miles. Directors —Jno. H. Graham, Col. George Williamson, Capt. J. M. Brown, J. C.

Willard, M. Lefebvre, D. A. Manson, C. J. Coursol and B. Globensky. John H. Graham, Richmond, President; Robert Watson, Montreal, Secetary-Treasurer; H. C. Cleveland, Bolton Centre, Engineer.

ROXTON FALLS.

A pretty village situated on the banks of the Black River, which divides it in two parts, and is united by two large bridges. There is a fall of thirty-three feet here, which affords good water power for manufacturing purposes, being utilized for the purpose of tanning sole leather, the working of grist, saw and planing mills, carding mills, sewing machine and butter tub factories.

The village is in the County of Shefford, District of Bedford, on the South Eastern Railway, which connects this place with the Grand Trunk, Sorel and Waterloo and American lines of railways.

An estimate amount of over one hundred thousand hides of sole leather are annually manufactured here by the Messrs. Shaw Bros. and John Wood, more than ten thousand cords of hemlock bark being consumed in its production. Considerable dye stuffs are also manufactured here, and a brisk trade in lumber of all kinds is carried on.

The nearest point by railway is Acton Vale, distant six miles. The distance from Waterloo is 20 miles; from Granby, 18 miles; from Montreal, 60 miles. Mail daily. Population about 1,200.

SHERBROOKE.

The City of SHERBROOKE is the capital of the county of that name, situate on both sides of rivers Magog and St. Francis and is connected with the townships of Ascot and Oxford, and forms the electoral district of the county of Sherbrooke.

It has a population of about 8,000, and is well lighted by gas, besides having two first class steam fire engines and an efficient fire brigade under Mr. Robert Davidson as chief, who deserves much credit for the organisation of its different departments.

This city is situated on the Montreal and Portland branch of the Grand Trunk railway, 101 miles east of Montreal, 121 miles from Quebec and 196 miles from Portland. The Passumpsic and Conneeticut rivers and Massawippi valley, the St. Francis and Megantic International and the Quebec Central railways centre here, thus affording great facilities for the surrounding export of the produce of its vasts territory, Her Majeesty's Custom have an office here.

The warter power of this city is not to be surpsassed in the townships, being beautifully located at the jonction of the St. Francis and Magog rivers this latter having a descent of 114 feet within a mile, and is utilized by griss, saw, woollen and planing mills, door and sash faetories, &c.

The Eastern Townships Bank has its head office here, with several branches in the neighboring towns of which we subjoin a list.

The British America Land Company has its chief office here.

There are also several Insurance Agencies, besides a Mutual Fire Company of which Mr. William White is president.

The Great Northern Telegraph Office has also an office here.

It contains five churches of different denominations.

The Congregation of Notre-Dame convent school, has an attendance of 300 scholars, and the Industrial College of Sherbrooke, which has for many years been so well conducted under the patronage of the Revd. prof. Girard has an attendance of over 250 scholars; and is about to be enlarged to double its present size for the accommodation of its pupils. There are also several model schools; 3 printing offices, issuing weekly editions under the names of *The Sherbrooke Gazette*, *The Examiner* and *Le Pionier;* about 50 stores, 10 first-class hotels, 1 brewery, etc., etc.

SOMERSET.

Plessisville, florissant village des Cantons de l'Est, fait partie du Township de Somerset, situé à 151 miles de Quàbec. Berçeau d'une nouvelle colonie canadienne qui, des bords du Saint-Laurent, s'y donnait rendez-vous il y a un demi siècle, prit, en quelques années, sous la hache de l'intelligent et vigoureux pionnier, la place des arbres séculaires dont on admirait la beauté. Sol fertile,—sable perméable en grande partie, très-propre à la culture des céréales,

On y remarque en outre son église, la première qui fut construite dans les cantons, son florissant couvent des Dames de la Charité répandant depuis 30 ans les bienfaits de l'éducation là et aux localités avoisinantes. On y remarque aussi une fonderie sur un bon pied, appartenant à une compagnie formée en partie dans les limites du village, avec un capital de $20,000, et promettant les plus beaux résultats. Une seconde compagnie se forme présentement pour l'établissement d'une manufacture de laine, avec un capital de $25,000. Il y a un bon moulin à farine, à scie et à carder, propriétés promettantes des MM. Bertrand. Plus de dix magasins prospères prouvent l'activité du beau village de Plessisville et des localités voisines.

Une fromagerie exploitée par M. Siméon Belleau et son fils sera ouverte au printemps. Le village possède encore deux grandes tanneries, l'une propriété des MM. Fouquet et Jutras, l'autre de M. George Roy, de Québec.

Si nous jettons nos regards en dehors des limites du village de Plessisville, nous y rencontrons en premier lieu l'établissement de MM. Thomas Kelly et fils, scieries considérables exploitées avec intelligence et succès, moulins à bardeau, à lattes et à farine mus par la vapeur, outre des bons pouvoirs d'eau, et en second lieu la fonderie des MM. Painchaud, aussi très-prospère et qui fait l'admiration des visiteurs comme la prospérité de ses propriétaires.

Le système municipal et scolaire y fonctionne très-bien. La corporation municipale y possède un hôtel-de-ville et un marché.

Le maire de la municipalité est aussi le préfet du comté de Mégantic, M. L. J. Pitau, avocat,

Les conseillers municipaux sont :

M. Jean-Bte. Mercure,
M. Wilfrid Bélanger,
M. Zéphirin Bertrand,
M Joseph Delphis Lacerte,
M. Narcisse Fortier, et
M. Jean-Baptiste Vallée, fils.

F. Deguise, notaire, est le secrétaire-trésorier de le municipalité.

M. Pierre Vignault est le secrétaire-trésorier de la corporation scolaire.

Les principaux magasins sont la propriété de

MM. Napoléon, Chas. Cormier, Wilfrid Bélanger, A. E. Brunelle, J. D. Lacerte, A. A. Roy, L. E. Thibodeau, A. Weil, F. X. Grenier, F. Couture.

La station du chemin de fer le Grand-Tronc est distante de 14 arpents du centre du village. Il y a deux hôtels où les étrangers-voyageurs sont pourvus de tout le comfort, l'un à la station, tenu par M. Joseph Prince, et l'autre au centre du village tenu par M. Richard St-Pierre.

Juges de Paix :—M. le Dr. Joseph Bettez et M. A. A. Roy.

ST. HYACINTHE.

Jolie petite ville de 5,000 habitants, située sur les bords de la Rivière Yamaska ; chef-lieu du comté et du district du même nom. Fondée en 1777.

Par sa position, au centre d'un district riche et populeux, St. Hyacinthe est destiné à augmenter considérablement. Les nombreux pouvoirs d'eau dont elle peut disposer, servent beaucoup à en faire une ville manufacturière de premier ordre dans la Province de Québec.

Déjà plusieurs manufactures, employant des centaines de mains, font mouvoir leurs immenses machineries, et font régner une ère d'activité considérable dans l'enceinte de cette ville.

Parmi ces manufactures, on remarque : La Compagnie Manufacturière de St. Hyacinthe, qui possède de magnifiques pouvoirs d'eau, faisant mouvoir des moulins à farine, à cardes, et une grande manufacture de laine.

Sur le terrain de cette même Compagnie, il y a la nouvelle manufacture de tricot, " The Abel Hosiery Manufacturing Co." qui, installée dans le spacieux local qui sera bientôt à sa disposition, emploiera 150 à 200 mains.

Tout près de là, il y a l'immense manufacture de chaussures de la maison " Louis Côté & Frère," avantageusement connue dans la Puissance du Canada.

On remarque aussi la nouvelle manufacture de chemises de M. Beauchemin qui emploie une centaine de mains. Cette maison fait des affaires dans toute la Puissance et même aux Etats-Unis.

Il y aussi la manufacture de coffre-forts (safes) et de machineries de toutes sortes, de M. F. X. Bertrand ; la manufacture de portes et chassis et d'ouvrages en bois de L. P. Morin ; la manufacture de meubles de MM. Jarret & Laperle ; les immenses tanneries de MM. Duclos & Payant.

De plus, il y a plusieurs fonderies, boutiques, etc.

Au point de vue de la communication avec le dehors, la ville de St Hyacinthe est, on ne peut mieux située. Le chemin de fer du Grand Tronc du Canada la met en relation directe et journalière avec Montréal et les cantons de l'Est. De l'autre côté de la Rivière Yamaska, il y a la compagnie du South Eastern, allant aux Etats-Unis et à Sorel.

St. Hyacinthe renferme plusieurs maisons d'éducation, fréquentées par au-delà de 900 élèves. Il y a le Collège classique fondé en 1809 par Messire Girouard : le nouveau couvent des Dames de la Présentation pour l'éducation des jeunes demoiselles; l'académie Lorette, l'académie Girouard, sous la direction des Frères du Sacré-Cœur, et l'académie Prince ; cette dernière institution est dirigée par les Sœurs de l'Hotel-Dieu.

St. Hyacinthe possède un magnifique aqueduc et une usine à gaz.

Parmi les édifices dignes de mention, il y a la nouvelle cathédrale, le palais épiscopal, l'église paroissiale, desservie par les Frères Prêcheurs, le collège, le couvent de la Présentation, celui des Sœurs de l'Hotel-Dieu, le

monastère des Sœurs du Précieux Sang ; l'Hotel-de-Ville, le Palais de Justice, le bureau d'enregistrement, celui de la Banque de St. Hyacinthe, etc.

Le maire Morison nous a fait la faveur des détails ci-haut.—Edit.

WARWICK.

WARWICK.

Village populeux traversé par le chemin de fer du Grand Tronc. Il s'y fait un grand commerce d'écorce et de bois. Ce village a surgi en quelques années, comme il est arrivé souvent dans les Townships. Warwick possède la grande tannerie Richardson, qui emploie un grand nombre d'hommes, et donne la vie à plusieurs familles. Cette tannerie produit le meilleur cuir à semelle du pays. Warwick s'énorgueillit aussi d'un vaste moulin à scie, mu par l'eau et par la vapeur, appartenant à M. A. Mercier. Ce moulin, avec la tannerie Richardson, forment le grand artère du commerce à Warwick. Il y a dans le village de Warwick huit bons magasins avec assortiment général. La population, sans être riche, vit assez à l'aise. L'église paroissiale est superbe; et quand l'intérieur sera achevé, ce sera l'un des plus beaux temples des Townships. Un couvent splendide est en voie de construction et sera prêt à recevoir les élèves l'automne prochain. Outre les scieries dont il est question plus haut, il y a encore plusieurs manufactures à bardeaux, un très beau moulin à carder et à fouler, deux gros moulins à farine, etc., etc.

Le village est incorporé en municipalité séparée. Il y a environ 150 ou 160 familles dans ce village. La population est d'à peu près 500 âmes. Les propriétés, d'après le rôle aujourd'hui en force, sont évaluées à $73,000.

Sans donner les noms de tous les résidents du village, nous donnons plus bas les principales adresses.

WATERLOO.

A thriving village in the township of Shefford on the South Eastern Railway. It is the most important village in the township.

The South Eastern R. R. connects with the G. T. R. R. at Acton and runs two trains a day going through Roxton Falls which make it easy of access

There are several fine stores, as well as many beautiful private residences and public buildings.

The village is rapidly increasing in commercial importance, and the extensive iron works, tanneries, door, sash and blind factories, planing mills, together with the several large and prosperous stores, are ample proofs of this.

The post office, court house, mills, &c., as well as many private offices, are situated in the centre of the village.

There are several fine and commodious churches in the village, the spires of which attract the eye of the stranger on entering the place.

There are also several large hotels, where every comfort and attention is tendered the traveller, and at reasonable rates. Amongst them is the Canada Hotel which is the most centrally located.

There is a newspaper published weekly here, under the proprietorship Mr. H. Rose; a jobbing office is in connection therewith, where every variety of printing is executed.

The G. N. W. Telegraph Co. is represented here by two branch offices, one at the railway station and the other at the post office, so situated as to make it convenient to reach either in a short time.

The people of Waterloo are, as a rule, very courteous and obliging, and a stranger entering the village rapidly comes to the conclusion that he is at home among them.

Near the village are large deposits of iron and copper ore. Distance from Granby about 18 miles; Knowlton 10 miles; Magog 21 miles; Melbourne 33 miles; Stanstead Plains 42 miles; Roxton Falls 18 miles; Sherbrooke 36 miles; from St. Johns 50 miles; and Montreal about 76 miles.

The manufacturing establishments are as follows:

Waterloo Iron Works, makers of saw, grist mill and farming machinery, agricultural implements, &c.

W. R. Lefebvre, furniture manufacturer and other minor manufactures.
