PEACE SITUATION DEVELOPING SATISFACTORILY.

Delegates Received By Commandoes In Amicable Spirit.

DELAREY'S MEN OPPOSED TO PEACE

Pretoria, May 6.—The peace situation is developing satisfactorily. According to reliable information which reached here, several of the nearer commandoes have received the burgher delegates in an amicable spirit. It is understood that Commandant Beyers has announced his willingness to abide by the decision reached by the Transvaal Government. Considerable opposition to the peace movement, however, is growing up about the irreconcilables of Gen. Delarey's KITCHENER AND DELEGATES.

London, May 7.—A letter from Pretoria, dated April 13, is printed describing the Boer delegates. The writer says that they all like and respect General Kitchener and fear him to a good extent. It was expected that State Secretary Reitz would prove troublesome, but General Kitchener bagged him as an interpreter, keeping him so busy that he did not have leisure to make speeches.

ARCHBISHOP CORRIGAN DEAD.

The End Was Unexpected.

New York, May 5.—Archbishop Corrigan died at 11:05 o'clock to-night. Although he had a good day today, and was talking to his secretary, Father Curley, at 20 minutes to 11 o'clock. One of the trained nurses noticed the sinking spell coming on, and at once sent for Father Curley, who had left the room a few minutes before, and who at once had all the other priests from the rectory and cathedral assembled.

All waited until the Archbishop breathed his last, five minutes later. The end was most peaceful.

Five little minutes are all the time Perry Davis' Painkiller needs to stop a stomachache, even when it is sharp enough to make a strong man groan. Don't be fooled by imitations 25c. and 50c.

Miss Ethel Galt Married.

Miss Ethel Galt, daughter of the late Chief Justice Sir Thomas Galt, was married Friday at Rathdrum, Idaho, to Austin Edward Shaw, a well-known business man of Spokane, Wash. They will reside in Spokane, which is the western headquarters of the Salvation Army, of which the bride is an officer and the groom a member. The daughter of the late Chief Justice, it will be remembered, joined the Salvation Army in Toronto some 15 years ago, and for 12 years she has been an officer, having now the rank of major. For several years she has been stationed in the western provinces at Army work, in Winnipeg, Victoria, Vancouver, Spokane and other western cities. About a year ago she returned to take part in evangelical work in Eastern Ontario and a week ago she left Toronto for the west. She will now retire from active work in the Army. The groom is not known by the officers in Toronto, further than that he is a member of the Army.

AT THE CITY COUNCIL

The Trees on Racine Park—Their Removal Causes Some Discussion.

THE SMOKE NUISANCE COMES BEFORE THE COUNCIL.

An Effort Should Be Made to Have it Stopped.

A PETITION TO GOVERNMENT TO HAVE PARCEL BOXES PLACED THROUGH THE CITY.

The regular monthly meeting of the City Council was held on Monday evening in the Council Chamber. The Mayor, Dr. J. O. Camirand presided, and there were present Councillors Fuller, Caron, Olivier, Codere, Wilson and Lanctot.

RACINE PARK.
Councillor Codere presented a petition from the residents near Racine Park asking that the Parks Committee discontinue removing the trees from the west end of the park.

The Mayor also presented a petition relative to the same request. The petitioners say that these trees were planted by public subscription, and on that account they claim the removal of the trees should be discontinued.

Councillor Olivier said that Mr. Todd, the landscape architect, having examined the park in question gave it as his opinion that the cluster of trees in the west end of park were unsightly and should be removed. The report of the architect in question was adopted by the Council. If everyone was to make objections to what the Park Committee intended doing towards beautifying the parks it would hinder the work which they contemplated.

The Mayor remarked that a portion of the price of the park was paid by public subscriptions, and they naturally thought they had some say in the matter.

Councillor Lanctot thought as the park was now in the hands of the city they should not be hampered in the work of beautifying it, as the Council was only following out the plans laid down by the architect. He thought the work should be proceeded with.

It was thought that if the matter was thoroughly explained to the petitioners that the Committee was only following out a plan laid down by the architect in question they would be satisfied. The petition was referred to the Real Estate and Parks Committee.

PROPOSED CAMP MEETING.

The Mayor read a petition from Rev. Mr. Thurston, on behalf of the Seventh Day Adventists, asking that permission be granted to hold a camp meeting on the parade ground from the middle of August to the first of September.

Referred to Real Estate and Park and Police Committees.

NEW PLATFORM AT CENTRAL STATION.

The report of the Fire Department, presented by Councillor Fuller, showed that there was eleven alarms during the month. The Committee also recommended, in conjunction with the Police Committee, that concrete be laid on the platform in front of the Central Station. A firm from Rutland, Vt., had agreed to lay the platform in question at 75 cents a yard, which was 25 cents less than previously offered, but they would not agree to do any more at that price, as they wished this to be in the nature of an experiment.

REVISION OF BYLAW 118.

Councillor Olivier read the report of the Police Committee which went to show that it was necessary to revise bylaw 118 with reference to carter licenses. That, continued Councillor Olivier, was in regard to the charges to be made by carters for hauling material to the Exhibition ground. He then gave notice that at the next meeting he would introduce a by-law dealing with this question.

PETITION OF LIGHT GRANTED.

Councillor Caron submitted the Light Committee's report dealing with the petitions presented at a previous meeting for light. The recommendations of the Committee were as follows:—It was decided to place an arc light at the corner of Dominion Avenue and London street; an incandescent light at the corner of Moore and Queen streets; to place the light at First Avenue a little higher; to place the light higher at Council street and First Avenue; to place the light higher at the North end of High street to shed more light at the North end of Island street.

PARK ROAD DAMAGED.

In the report of the Real Estate and Parks Committee, presented by Councillor Codere, went to show that the roads through Victoria Park had been badly cut up by heavy loads being hauled through them by Mr. Terrill.

It was brought out in the discussion which followed that the road being a private one, Mr. Terrill had no right to haul wood over it, and that he would have to restore the road to the same condition in which it was in before. It was estimated that it would take about \$100 to make the necessary repairs.

THE ACCIDENT TO MR. SIMONS.

Mayor Camirand read a letter from Mr. F. Savarie, recording secretary of Court St. Jean, Catholic Order of Foresters, calling attention to the fact that a gentleman named W. H. Simons, who had been injured at the Grand Trunk station, was removed to the Protestant Hospital when he desired to be taken to the Catholic Hospital and asked that the Council in future see that the wishes of people similarly situated be respected.

The letter was read and filed as the Council had nothing to do with such matters.

THE SMOKE NUISANCE.

Mayor Camirand drew the attention of the Council to the smoke nuisance in the city. A number of people had complained to him and pointed out that smoke from the chimneys of the Paton Mills does considerable damage to some people. The wind carries this smoke down certain portions of the city, and people who have clothes hanging outside cannot take them in clean. He thought there should be some way of abating this nuisance.

The Councillors were unanimous of the opinion that some steps should be taken to have the nuisance stopped, and thought the best way to deal with the question would be for those people complaining to present a petition to the Council.

PARCEL BOXES THROUGHOUT THE CITY.

The Mayor thought it would be a good thing if the post office authorities would place parcel boxes at different points in the city. As it was now people had to walk from either end of the city to post a small parcel or paper. He thought it would be a great convenience if a few boxes were placed alongside the letter boxes. Councillor Fuller moved and Councillor Wilton seconded that the Secretary-Treasurer write the Postmaster General and their representative, Mr. John McIntosh, M.P., to see if those boxes could not be erected in the city.

MORE FIGHTING IN SOUTH AFRICA.

British Seize Another Post.

Cape Town, May 9.—The O'Kiep, Western Cape Colony, relief column has occupied Steinkopf, to the north of O'Kiep, which was strongly held by the Boers, after fighting April 27 and 28. The British lost six men killed and eight wounded.

The Boer losses are said to have been heavy. The Boers asked for British medical assistance.

WAR IS STILL ON.

London, May 6.—Lord Kitchener's weekly report, dated from Pretoria, yesterday, shows that the peace movement is not allowed to interfere with military operations, except so far as to permit unrestrained meetings between the leaders and their various commands.

The week's Boer casualties were ten men killed and 122 made prisoners.

General Bruce Hamilton's columns captured 87 men on the Heilbron (Orange River Colony) line. Colonel Colenbrander has resumed operations in the northern part of the Transvaal, against Commandant Beyers, whose forces have been considerably reduced, and General Ian Hamilton has cleared a large area west of Kierksdorp, South-western Transvaal.

A Startling Bear Story.
A very unlooked for exploit took place the other day which shows that the young Nimrods of North Stukely have lost none of the daring spirit of their pioneer forefathers.

On Monday evening, April 28th, about six o'clock, Miss Hannah Koryon on going out into the yard spied three black bears coming through the gate at the back of the house.

Meanwhile his other sister, Miss Ruth, hurried off for assistance, and as fortune always favors the brave, it chanced that Miss Florence and her brother, Mr. Rothwell Burns, were passing.

The three girls, arming themselves with axes, prepared to go to the woods, where young Kenyon had with the aid of his gun and dog treed the three bears.

The three "black coats" were proof of the skill of the hunters and huntresses, and we hope that these may not be the only "Three Black Bears" which shall owe their death to the Nimrods of North Stukely.

Mr. E. C. Bailey, who has been employed at Rumford Falls, Me., for some months, has returned to town and will reside here this summer.

W. F. Grosset, of Kingsley Falls, called on some relatives here last week. He was on his way to Sterling, Mass., where he has secured a situation.

The cheese factory on the 2nd range in Brompton opened for business on May 6, with a much larger quantity of milk than last year. Mr. A. Ward is salesman.

The Rev. Wm. Tanner, of Sawyerville, and James Laverrie, of Quebec, a college chum, were visiting at the Manse last week.

Joseph Proulx has sold his farm about two miles from the village, and has bought 20 acres from the Peter Henderson's farm near the dam on the river, and will erect tenement houses to rent to the employees at the Paper Mill.

Mr. Frank Powell went to Montreal last week, and returned Saturday evening accompanied by Mrs. Powell, and have taken up housekeeping in their new house on the Brompton side. Mr. Powell is book-keeper at the Paper Mill and they have moved from Westmount here. We hope that they will be pleased with the locality.

There was a ripple of excitement in our village last week, caused by a woodchopper, 30 years old, eloping with his employer's daughter, 12 years of age. They walked from Goshen to this village, but on going to the priest's house he refused to marry them. The father of the girl came in pursuit of them, and is going to send his daughter into a convent, and the man was given 21 hours to get out of town.

Mr. Ernest Rankin, of Stratford, N.H., has been visiting a week in town with friends and relatives. Hugh J., son of Dr. Meagher, died May, the 4th, of spinal trouble. He was in his sixth year, and they have the sympathy of many friends.

FARNHAM.

This is the season when "The Young Man's" fancy lightly turns to thoughts of love." And though spring has been coy it has come in its time. Many here have been gathering the lovely May flowers, specially the trillium.

He would be a magi who could satisfy the Council and also the proprietors as assessor, but Mr. John Wilson, who has been in the council and always in business, knows the ground freely.

Since we cannot in this climate and age wear the dress of Eden and would not take to George Foxe's leather suit we cannot do better than let Mr. J. B. Bessett give us a practical lesson on the philosophy of clothes.

With some forty trains a day and some of them ready to take us to the ends of the earth we can hardly say with Robinson Crusoe, "I am out of humanity's reach." A single train recently for our North-west had the people and languages of five distinct nationalities.

Since "The cow jumped over the moon" while the gentry of the "Beef Trust" fiddled, some of us are using less meat. And if we study more the laws of health and art of cooking, etc., we can get the elements of meat in other and better forms, and so gain in health.

At the official board in the Methodist Church the returns for the year were highly gratifying. By a very hearty and unanimous vote the pastor, Rev. W. Henderson, was requested to remain the fourth year.

While some yet who love strong drink and its associations show a talent for being gulled, it is encouraging to see the council reducing the number of licenses and compelling the evil traffic to observe the law.

The wife and mother in an English family staggered along our streets drunk and fell three times in helpless confusion. Those who would scorn her most have done nothing to help her. If the Saviour came to Farnham He would help, not so much the hanguly Pharisaees, as those who most needed Him.

Permanent Cure for Neuralgia.

Experienced sufferers state that no remedy relieves neuralgia so quickly as a hot application of Polson's Nerviline, the strongest liniment made. Nerviline is certainly very penetrating and has a powerful influence over neuralgia pains, which it destroys almost at once. Nerviline is highly recommended for Rheumatism, Lumbago, Sciatica and Toothache. Better try a 25c. bottle, it's all right.

The petition from O. Desruisseaux and others, asking that Ascot Council pay to Ascot Corner Municipal Council a sum equal to the road tax of 1000 on road districts 4, 10 and 11, which it is claimed was not expended on the roads although paid, was left over until next meeting.

A committee was appointed to enquire into the petition of P. Therreault and others for a road between lots 22 and 23 range 7.

A letter from the Deputy Minister of Colonization was read informing the Council that the sum \$150 had been granted by the Government towards opening up a new road between the Townships of Ascot and Hatley. The matter was laid over.

Peasants In Open Revolt.

Serious Condition of Affairs In Russia.

London, May 6.-Various telegrams published this morning tend to show that the state of affairs in Russia is serious. The peasant population in the Province of Tobolsk is reported to be in open revolt. Although hundreds of people are dying of hunger, the authorities have refused an application to grant an advance of £600 from the State granary, on the ground that neither famine nor want exists. The peasants in desperation broken open the depot and carried off the contents, murdering every policeman in their way. A despatch from Moscow points out that the extension of education and industrial enterprise in Russia adds to the forces of discontent.

Joseph Hall was appointed Road Inspector in District No. 17, and R. H. Chaddock in District No. 30.

The special superintendent was instructed to order half a ton of barb wire for road fences.

It was resolved, that "In the opinion of this Council it is not advisable that any portion of the adjoining Municipality of Westbury be annexed to this municipality, and we hereby request the Mayor to oppose any such measure brought before the County Council." MELBOURNE.

The application of the Richmond County Council for a highway crossing over the point known as the River Ferry crossing came up before the Railway and Road Board of the River Council on the 23rd, of last month. Mr. P. S. G. MacKenzie, M. L. A., argued the case for the applicants. He pointed out that the one ferry was inadequate to accomplish the travelling public, as the traffic was conducted. The G. I. R. Co. has placed so many unreasonable conditions on a public crossing the County Council could not accept them. The County Council had declared this road a County road, and it now remains for the Committee to grant the prayer of the applicants.

Mr. Geoffroy of Montreal, vigorously opposed the application on the ground, that the crossing was dangerous, and the proceedings of the County Council illegal, and the road would not be required when the proposed new bridge was built.

The Committee after hearing the arguments, maintained the position taken by the applicant, and declaring the opposition of the G. I. R. Co., to be unreasonable and unjust under the circumstances.

On information issued by Mr. A. Morin, who lives in the first concession of this township, Police Dyson of Richmond, arrested three lads, or by the name of Galagher, who worked for Mr. John Morris of St. Mary's, and the other two by the name of Ferrins, charged with house-breaking, during Mr. Morris's temporary absence. Auto-Expanding

The foot spreads when borne upon! It contracts again when lifted! A new shoe, which fits the foot neatly when off the ground, must therefore pinch it when stood upon, till it is stretched to the maximum width of foot. A shoe which has thus been stretched, till comfortable across the ball when stood upon, must be too loose when the foot is lifted.

The RESILIA is the only shoe which expands at the ball when the foot does, and contracts again when lifted. It becomes a size larger inside when the foot sinks down into the resilient centre-sole, the rebounding of which takes up the leather slack again when foot is lifted. It is thus as easy as an old shoe the first moment it is worn, requires no "breaking in," and retains its shape because the leather is never overstretched.

THE DANVILLE BURGLARS.

Dowd Has Now Been Identified.

High Constable Moe Located Him at Chambersburg, Pa., and Proceedings Will Be Taken to Have Him Extra-dicted.

High Constable Moe returned from Chambersburg, Pa., this morning. The High Constable left for Philadelphia on Saturday evening on receipt of a communication from the police authorities in that city stating that a man answering the description of Dowd, one of the four men prisoners who made such a sensational escape from the Sherbrooke jail two years ago last April, while awaiting trial on a charge of breaking into the People's Bank of Halifax at Danville, the previous February, was in prison.

On arriving at Chambersburg, on Monday evening, Mr. Moe at once proceeded to the jail, and the prisoner Dowd having been brought before him, he immediately recognized him as one of the four jail breakers and burglars. Dowd stoutly denied his identity and said that he had never been in Sherbrooke or Canada, and that his name was Blanchard. Notwithstanding his protestation of innocence in so far as the jail breaking and robbery was concerned, the High Constable had no hesitation in placing him, and his identification was further strengthened by a remark which the prisoner Dowd was heard to make to a companion in the same ward after he had been interviewed, which was to the effect "that he (his companion) had given him away, and that as he had twenty five years staring him in the face he would kill him for two cents."

It was learned at the jail that Dowd, with three others, was sentenced on the fourth of December to six months in jail for having burglars tools in their possession, and this term will expire on the 4th of June, but he will be held days more if he does not pay the costs in connection with the above charges.

The High Constable made a complaint against Dowd as being a fugitive from justice, but as the matter is to be laid before the Attorney-General at once, it is believed that there will be no necessity for this warrant, as no doubt extradition proceedings will have been brought about before his time of imprisonment has expired.

This now leaves but one of the jail breakers unaccounted for. Huddle and Brooks are serving a long term of imprisonment in the New Hampshire state prison, but Moore has not yet been located.

Principal Whitney, of Bishop's College, Lennoxville, was the speaker at the meeting of the Brotherhood of St. Andrew last evening in St. Peter's Church Hall.

Rev. Lennox S. Smith, of the English Cathedral, Quebec, who was offered the vacancy at St. Andrew, has, it is understood, declined to accept.

Among the officers in this section of the Canadian Militia who will have conferred upon them the Colonial Forces' officers decoration are: Lieut. T. M. Pope and Major F. S. Barker, 58th Regiment, Major H. A. Odell, 53rd Regiment.

The smallpox patient was liberated from the Civic Hospital this morning, and the quarantine on her home on Goodhue street has been raised, so that Sherbrooke is again declared free from smallpox.

Major J. R. Spearing received another letter today from the Secretary of the Dominion Rifle Association asking him to reply immediately if he intended going on the Bisley team. Major Spearing had not definitely decided at noon, but it is expected and hoped he will go.

She leaves a husband, four sons and four daughters, who keenly feel their loss and who have the sympathy of this community in their sad bereavement.

Mr. William Lawson, of Newport, Vt., formerly of this town, spent a few days here last week calling on friends.

The Waterville band gave an open concert last Friday evening. The streets were crowded with people, many from a distance, to hear them. The boys deserve great credit for doing so well. They play nicely, they having only organized last November.
