Fifty-Eighth Year

SAYS PARLIAMENT AUTHORITY DYING

World News In Brief

Melbourne—(Reuters)—Two Australian towns which have welcomed Queen Elizabeth today sadly watched the royal train roar past without stopping.

Castlemaine and Maryborough were dropped from the royal itinerary of a two-day whistle-stop tour of northern Victoria state because of recent polio outbreaks.

Health Minister William Barry said the action had been taken to protect both children and the Queen.

At the township of Shepparton, in the heart of a rich fruit-growing district, the Queen smiled and waved to a day as she passed within a few feet of 26 children stricken with the disease, they were past the infectious stage.

Falmouth, England—(Reuters)—A British ship with two holds full of boxes of matches radioed today that she is one fire in the Atlantic.

The 7,000-ton Norman Monarch said she is heading for Falmouth, about 100 miles to the northeast.

Vatican City—(AP)—Pope Pius again was reported a little better today. The slow improvement of the last week in the general condition of the 78-year-old pontiff was maintained, Vatican sources said, and he again passed a fair night.

Navajos Agree To Publish Secrets

Window Rock, Ariz.—(AP)—In an unprecedented action, the Navajo tribal council voted Wednesday to provide the money to publish their most sacred tribal religious secrets.

Following the longest debate in tribal history, the council voted 50 to 18 to appropriate \$30,000 for Father Bernard Halle, 80-year-old Roman Catholic priest, to publish his monumental work on the sacred and secret "blessing way" ceremony.

Aged medicine men, their silver-studded medicine bags cast across their shoulders, took the floor to argue against the appropriation. They said, "We must not be too liberal with our ceremonial. It should be given only by father and son and never outside our clan."

Father Bernard was questioned closely on the informants who provided the "blessing way" ceremony details. The ceremony itself fills a large volume and was gathered over years of work by the priest.

Father Bernard told the Indians in an impassioned talk that his informants included Chischille Tosi, "greatest of all the medicine men who is now dead."

Over 3,000 Civil Servants In Routine Security Check

By DAVE MCINTOSH (Canadian Press Staff Writer)
Ottawa—(AP)—About 3,000 federal civil servants have undergone routine security checks in the last year.

The number approximates the intake in the civil service during that time plus transfers involving security within government departments.

However, there is no indication how many—if any—persons might have been fired as security risks, refused jobs in the first place with the civil service or denied transfers or promotions.

The subject of security was brought up in the Commons Wednesday when the government refused to answer two questions put by David Fulton, PC member for Kamloops.

Mr. Fulton asked that names of members of the government's security panel be made public, for details of the panel's operations and for figures on the number of civil servants dismissed or transferred as poor security risks.

Acting Prime Minister Howe said: "It is not in the public interest to answer these questions." He added: "We all abhor McCarthyism."

St. Laurent On Visit To Indonesia

By WILLIAM STEWART
Jakarta, Indonesia—(AP)—Canada's prime minister today placed a huge wreath at the foot of a simple white monument commemorating the 1945 declaration of independence by 80,000,000 Indonesian people.

The simple ceremony was performed by Prime Minister St. Laurent on a sun-bathed lawn in front of a white bungalow called "Independence House." Eight Indonesian leaders met there nine years ago and drafted their proclamation which later brought self-government to a string of tropical southwest Pacific islands extending more than 2,000 miles and formerly governed by Holland.

Earlier the Canadian leader, who arrived here Thursday night on his round-the-world goodwill tour, called on Indonesia's prime minister, Ali Sastramidjojo, who had greeted him on arrival at the airport here.

He also called on Vice-President Mohammed Hatta. During his brief Indonesian stay—he leaves Saturday for Manila—the Canadian prime minister is the guest of President Soekarno, once leader of the independence movement.

Sastramidjojo, an old friend of the Canadian prime minister since his days as Indonesian ambassador in Ottawa, today attended a 30-course luncheon given for the visiting party by Canada's ambassador to Indonesia, G. R. Heasman. During the luncheon the Canadian prime minister chatted in French with Sastramidjojo and President Saruno of the Indonesian Assembly.

Later the visitors made a tour of this busy capital with its mixture of Dutch and Indonesian-style homes. Tonight the prime minister will be guest at a state dinner at Merdeka (freedom) Palace, the great white residence of the Indonesian president.

Saturday he takes off for the Philippines, en route to Korea and Japan, last major overseas stops of the tour which winds up in Ottawa March 17 after six weeks.

Mussolini Name Has Little Value

Ottawa—(CP)—For three weeks now, a name that once commanded a price of 46,000,000 people has appeared occasionally in classified ads section of Ottawa newspapers. It hasn't brought a query.

The advertisement lists items for sale in the trade-in department of a furniture store. Below a rebuilt piano and above radios, "all well-known makes," this item appears: "Photograph of Benito Mussolini, personally autographed in 1927—\$50."

The store owner said a reporter was the only person who had called about the portrait of the former dictator of Italy.

He said he obtained the photo as part of an estate he bought several months ago.

servants transferred to new posts in "sensitive" branches of government, such as the defence research board, atomic energy and national defence.

Communists or crypto-Communists are not the only security risks. Also considered in that category are alcoholics or just plain blabbermouths.

The government's view is that public hearings on security checks would destroy sources of information. If police agents, for instance, were forced to appear as witnesses, they would be of no further use as agents.

In December, 1951, Prime Minister St. Laurent said in the Commons: "... In the development stage of defence production some methods and processes are of enormous importance and their betrayal could do injury to the whole nation."

"The question at issue (dismissal of an employee of A. V. Roe aircraft company as a security risk) is not guilt or innocence of some particular charge. The sole question is whether a certain person can or cannot be entrusted with secret defence material."

"There is no human right or fundamental freedom involved. No persons has a right of access to secret defence items and no man's freedom is infringed when he is denied such access."

John Diefenbaker Declares House Mere Sounding Board For Approval Of Government Ideas.

Ottawa—(CP)—John Diefenbaker (PC—Prince Albert) said Thursday that Parliament has become "a sounding board to put through what the government decides is good for the country."

He was criticizing a government proposal to give the cabinet power to fix salaries of members of the Canadian pensions commission. That has been done since 1919 by parliamentary statute.

Mr. Diefenbaker said in the Commons that the pensions commission would become a pawn of the government.

"Parliament with its authority has become nothing more than a memory and a fiction, with no more than the right to fulminate on government actions."

The Commons was being asked, week after week, to surrender its supremacy. The salary proposal was "just another surrender by Parliament to the all-knowing, all-benevolent government."

The proposal he opposed was one of several amendments to veterans' pensions legislation contained in a bill introduced by Veterans Minister Lapointe. Other provisions, including one extending pension benefits to adopted children of veterans, met with general approval.

However, Col. A. J. Brooks (PC-Royal) moved to strike the salary plan from a resolution preliminary to the pensions bill. The motion was defeated 65 to 41 in the standing vote.

Clarie Gillis (CCF-Cape Breton South) sided with the Liberals in voting against the motion. He said he opposes the salary plan, but argued that it should be handled in the veterans affairs committee that will consider the measure.

Col. Brooks said Parliament should call a halt in the transfer of its powers to the cabinet. The people of Canada were "tired and fed up with the governor-in-council (cabinet) assuming the right and the role of the representatives of the people."

Thursday the Commons got its first glimpse of the government's revised Bank Act, which is re-drafted every 10 years. A 92-page bill was introduced following a brief debate.

In the Senate, Chief Justice Thibodeau Kinirel, deputy governor-general, gave royal assent to a number of bills including one increasing cabinet salaries.

Effective April 1, the prime minister's salary will be increased to \$25,000 from \$15,000 and cabinet salaries to \$15,000 from \$10,000. With previously-approved boosts in parliamentary indemnities, the prime minister will receive \$37,000 a year and cabinet members \$27,000.

Washington—(AP)—The civil aeronautics board decided today to suspend Arthur Gifford's pilot certificate for six months, as a penalty for careless flying at Teterboro, N.J., Airport Jan. 7.

Rabies Said Controlled In Alberta

Edmonton—(CP)—Nearly 100,000 coyotes were killed with poison or traps during 1953 as Alberta fought a rabies epidemic that threatened to sweep south to the international border.

Although the disease still is a menace to humans and livestock, it has been virtually confined to the Athabasca area, about 100 miles north of here, and a few sections of the Peace river block and the Northwest Territories.

Dr. E. E. Ballantyne, chairman of the central rabies control committee, says the disease will be prevalent "for a long time" because of the difficulty of eliminating it from wild life.

Rabies, or hydrophobia, first invaded Alberta in June, 1952. It had been present in foxes and weasels in northern Canada for several years.

About 200 humans have been given anti-rabies treatment—a painful two weeks of needle shots—but there have been no proven contacts. Once symptoms develop in humans, the result is usually fatal. Every person bitten by a rabid animal does not develop symptoms, however.

Of those persons who took treatment, some were bitten and others handled animals suspected of having the disease. Heavy rubber gloves were recommended to protect trappers from infected saliva.

A dog vaccination program north of the 53th parallel was carried out by the health of animals division of the federal agriculture department. Assisted by RCMP and forest rangers, the inspectors vaccinated about 14,000 dogs north of the parallel in the winter of 1952-53.

Since 1951, the Alberta agriculture department has sent thousands of cyanide guns and poison pellets to the settled areas in an effort to control coyotes. The disease also was found in bears, beavers, foxes, lynx, moose, rabbits, wolves and weasels in Alberta and caribou in the North-west Territories.

The epidemic now seems well under control. "But anything can happen," says Dr. Ballantyne.

Mr. Marshall dealt with 20 Latin-American countries and summing up, said: "Virtually all the countries of Latin-America are keenly interested in expanding their two-way exchange of goods and services with Canada."

New Doctor Questioned By McCarthy

Washington—(AP)—Senator Joseph McCarthy questioned Pte. Marvin S. Belsky at a public hearing Thursday as another alleged "member of the Communist conspiracy" serving in the U.S. Army.

Called before McCarthy's Senate investigations sub-committee Belsky, a 25-year-old doctor, refused to state whether he is a Communist. He invoked the fifth constitutional amendment, which provides that witnesses cannot be compelled to incriminate themselves.

The sub-committee will meet privately today to decide whether Belsky should be cited for contempt of Congress.

Belsky testified he doesn't believe in "force or violence" to overthrow the U.S. government, but he refused to answer charges he had recruited three persons for the communist party since being stationed at the army's Murphy General Hospital at Waltham, Mass.

He also refused to answer a question about whether he had ever been asked by the Communist party to get information from patients and whether he had ever passed classified army material to other persons.

McCarthy told Belsky, "The record shows you were denied a commission because you are a Communist." Most doctors serving in the army are commissioned officers.

KNOW THE GUY?—A quarter century of separation ended in Edmonton for Mr. and Mrs. Anthony Butkovic, kept apart by debts, war and government regulations, when Mrs. Butkovic arrived from her native Yugoslavia. Mr. Butkovic is working in an oil refinery at Norman Wells, N.W.T. All the money he had when he first came to Canada in 1929 was used to pay debts and help support his wife and daughter in Yugoslavia. Mrs. Butkovic said she had no difficulty recognizing her husband although the only photograph of him she had was taken six years ago. With them is their grandson Jolip, whose mother felt would have a better future in Canada. The trio will settle at Norman Wells. (CP Photo)

Provincial Income Tax Measure Given Approval As House Plans Adjournment

Quebec—(AP)—Royal assent is scheduled to be given Quebec's provincial income tax today, shortly before the second session of the 24th legislature is prorogued.

The tax, first since the 1942 wartime federal-provincial taxation agreements, will be retroactive to Jan. 1, last.

It will be some time, however, before the provincial cabinet draws up regulations governing application of the tax, to be deductible from the source in cases of salaried persons.

Taxpayers file their first returns to Quebec April 30, 1955, along with federal returns.

The tax, with basic deductions of \$1,500 for single, and \$3,000 for married persons, will be roughly equivalent to 15 per cent of the federal income tax.

Quebec taxpayers will be able to deduct five per cent from their federal tax for provincial purposes.

The provincial government has expressed hope that the federal government will allow full deduction of the provincial tax—marked for education, health and social legislation.

Yield of the tax for the 1954-55 fiscal year has been officially estimated at \$22,000,000. The tax is for three years.

The tax will not affect corporations but will extend to dividends on investments by individuals although the cabinet has still to decide how dividends will be taxed.

The bill, fought by the Liberal Opposition in the Legislative Assembly, has met opposition in the Legislative Council—Upper House—where it passed on a vote of 10 to seven Thursday as two Liberal members voted with the Union Nationale.

The 24-member appointed council still is dominated by Liberals—but voting there seldom follows party lines.

Opposition leader Hector Laferte tried unsuccessfully to have the bill delayed for six months, which would virtually have killed it.

Verbal duel between Hon. Philippe Brais (L—Grandville) and Hon. Edouard Masson (UN—Repentigny).

Mr. Masson said that, although he had confidence in the judges of Canada's Supreme Court, he did not think the question of the constitutionality of the provincial income tax should be submitted to that judicial body.

Mr. Masson said that when Quebec has submitted questions to courts outside the province, decisions were against Quebec.

Mr. Brais said he was amazed at Mr. Masson's statements.

"If there is one thing that is sacred it is our judicial system," he said.

Rebels Explode French Aircraft
Hanoi, Indo-China—(AP)—French Army headquarters announced that Communist-led Vietminh commandos raided Hanoi's big civil airport, five miles away at Gialam, and blew up an undischarged number of airplanes today.

Exact losses were not disclosed, but army spokesmen said "several planes" had either been destroyed or partially wrecked in explosions.

Compromise Ends Transit Strike

Saint John, N.B.—(AP)—Bus service returned to normal in this city of 80,000 today after a two-week strike which forced commuters to walk during some of winter's worst weather.

Bus drivers and maintenance men who struck Feb. 19 for higher wages voted Thursday to return to work for a five-cent hourly wage boost retroactive to Jan. 1.

The 125 strikers, members of the Amalgamated Association of Street Electric Railway, and Motor Coach Employees of America (AFL-TLC), are employed by City Transit Ltd., to operate and maintain the 54 buses serving routes throughout the city.

The settlement was proposed by Saint John common council which agreed to a curtailed service from the company and offered a grant to help meet the back pay.

The company said it couldn't afford the 10-cent hike originally asked by the men.

Six Detained In Montreal Swindle Plot

Montreal—(AP)—Charges alleging a \$8,000 swindle from the Unemployment Insurance Commission were heard in criminal court here Thursday.

Four persons were accused, and police said seven other arrests will be made. The money was allegedly obtained by means of fictitious unemployment booklets.

The RCMP said it was the biggest insurance swindle ever uncovered in Montreal.

The four accused were identified as: Gerard Tremblay, 42, a clerk with UIC; Mrs. Maude Brown, 38, wife of a non-commissioned officer with the Canadian Army in Germany; Georgette Tremblay, 41, sister of Gerard; and Joseph William Dumais, 42. All are Montrealers.

Gerard Tremblay was accused of conspiracy and of obtaining \$4,560 by false pretences. Mrs. Brown was charged with conspiracy and obtaining \$624 by false pretences. Miss Tremblay faces charges of conspiracy and obtaining \$2,444 by false pretences, and Dumais of conspiracy and obtaining \$1,210 by false pretences.

Judge T. A. Fontaine ordered the four for preliminary hearing March 12. All were granted bail with the exception of Mrs. Brown. It was learned she was preparing to leave for Germany to join her husband.

Noted Song Composer In Britain Dead

London—(Reuters)—Noel Gay, noted composer of "The Lambeth Walk," which swept the world just before the Second World War as the biggest dance craze since the Charleston, died here Thursday.

King George VI and Queen Elizabeth danced the Lambeth Walk at Balmoral Castle, their home in the Scottish highlands. North America fell for it and even the Germans under the Nazis went through the same motions as the Cockney character who sang the song in Gay's musical play "Me and My Girl."

Noel Gay was born in the Yorkshire town of Wakefield as Reginald Monox Armitage. He changed his name to Noel Gay in the 1920s when his interest changed from serious music to popular songs.

In the early 1920s he became interested in the comic operas of Gilbert and Sullivan and was soon writing in a similar strain, at first for amusement only.

The musical comedy "Me and My Girl" in which comedian Lupino Lane sang and danced "The Lambeth Walk" ran for 1,646 performances in London.

Other popular shows for which he wrote the music were "Clowns in Clover," "Jack O'Diamonds" and "She Couldn't Say No."

His biggest money-maker was the song "All the King's Horses" which earned him \$25,000.

Gay caught cold a few weeks ago while visiting his native Yorkshire.

Columbia, S.C.—(AP)—Two men died today on the state penitentiary in a double execution witnessed by 63 student nurses from the nearby state hospital.

Several of the girls cried as they watched the electrocutions and one male witness fainted.

Lanner Gant, 31, and Shelton Gaine, 24, were executed for the murder of a taxi driver. Gant went to his death saying "We're innocent of any crime... God help those who prosecuted us."

Dulles Asks Warning On Aggression

Caracas, Venezuela—(AP)—U.S. State Secretary Dulles Thursday called on the nations of the Americas to unite in a "hands off" warning to Moscow against Communist infiltration of this hemisphere.

Dulles made the plea before the 10th inter-American conference in which 20 western hemisphere nations are taking part. Canada is not represented.

In his 3,000-word major policy speech, Dulles called on his colleagues to consider Communist intervention as dangerous as an enemy battleship and indicated that strong Red infiltration in any western hemisphere country should prompt emergency measures by its neighbors.

The death of Stalin, Dulles asserted, "has brought no basic change in Soviet policy. It remains expansive, not merely out of greed, but because it fears freedom. That was the most distressing aspect of the Berlin conference."

Dulles touched on the post-war exposure of Communist plotting in Canada and said that "in the United States there has been a succession of exposures and judicial convictions which prove that international communism plots against our form of government."

Moscow Mourns Stalin Passing

Moscow—(Reuters)—Black-draped Moscow today led the Communist world in mourning the death a year ago of Joseph Stalin.

Thousands of Russians in a path cleared in the snow in Red square to visit the Lenin-Stalin tomb.

The mausoleum of red and black marble, in which Stalin's embalmed body lies beside that of his predecessor, Lenin, is usually closed Fridays, but was opened specially today.

Fourteen wreaths banked on either side of its entrance included tributes from Red China and other Communist countries.

New York Waterfront Tied Up In Inter-Union Battle

New York—(AP)—Wildcat strikers tied up New York's huge port today, delaying a federal court order in a battle for union control of the waterfront.

Resentful members of the independent International Longshoremen's association refused to work the liner and other piers in Manhattan, and stayed off the job at piers in Brooklyn and Staten Island.

Waterfront police reported that the rival AFL union of the same name also refused to report to work at strikebound piers, apparently to avoid any brawling.

The two unions are fighting for control of the dock workers.

The striking ILA longshoremen said they acted because of a federal court restraining order obtained against them Thursday by the national labor relations board.

Passengers boarding the liner Queen Elizabeth were forced to carry their own luggage. The Cunard Line mustered about 100 office workers to help out.

Bradley said the men "are so angry we can't tell what will happen."

The waterfront tie-ups developed from the battle between the ILA and the new AFL-ILA by the AFL's International Brotherhood of Teamsters. The AFL ousted the old ILA last fall for failure to cleanse itself of racketeering elements, then set up the AFL-ILA.

The order directed the ILA and eight of its principal locals in New York City and New Jersey not to engage in strikes or other activities aimed at interference with the loading or unloading of trucks manned by members of the teamsters' Local 807.

Although the order did not apply to Local 807, it voluntarily withdrew its waterfront pickets as soon as the order was signed.

Last Friday, members of the AFL-ILA set up a picket line at Pier 30 of the Moore-McCormack Line in protest against dismissal of an AFL-ILA shop steward.

Local 807 then ordered its members not to make deliveries to Pier 32 while the picket line was in force. The ILA retaliated by boycotting Local 807 trucks or all other piers. The teamsters then set up picket lines against the ILA.

Leo (July 22 to August 21) You have excellent hunch, which you would be wise to consider instead of scoffing at, which gives deep-seated conviction best way to make all relations with others more satisfactory—in romance, especially.

Virgo (August 22 to September 22) Woman, who thinks highly of you, will listen to criticism of you, brings person into your aura who can become very staunch supporter; but you must be willing to accept and encourage friendship.

Libra (September 23 to October 22) Getting your food, apparent, environment in better shape by latest approved methods increases your sense of well-being, also bringing others realization of your most co-operative qualities.

Scorpio (October 23 to November 21) You have your mind all made up to have a good time—and this is really your day to have joys usually not convenient or available; make lots of new acquaintances; get data you require.

Sagittarius (November 22 to December 21) Let nothing stand in the way of keeping peace at home, which is best accomplished by gentle, understanding attitude—especially by extending small courtesies that do not cause much save in thought.

Capricorn (December 22 to January 20) Modern idea given you by progressive associate may shock you for the moment, but thinking it over brings realization it just what you need for success; be open-minded and try it out now.

Aquarius (January 21 to February 19) Work and money pressures keep you busy today, but there's no drudgery if you pitch in, realize you've a big chance to accomplish far more than for some time past. Keep plugging away.

Pisces (February 20 to March 20) Surprise invitation, opportunity really opens your eyes wide if you replace possible lethargy with alert acceptance of untried ideas that suddenly pop into your horizon.

If Your Child Is Born Today

Today's child is one of those very up-and-coming individuals who will be so charged with energy and ideas, and so highly aware of all that is going on about him, or her that you'd be wise to always listen carefully to any recommendation your progeny makes to you, even in childhood. An inventive mind, an instinctive sense of what is going on and the right method for handling makes your life much richer by the inclusion of this offspring. Fine for almost any vocation that appeals.

Canvassing, Collection Tins, Members Help Legion's March Of Dimes Campaign

"The March of Dimes" drive is on. This morning saw women supporters canvassing from door to door. Members of Sherbrooke Branch No. 10, of the Canadian Legion, are carrying the dime cards in their pockets. Stores have placed collection tins in places most likely to be seen by customers.

The campaign local objective is five thousand dollars.

The primary object of the collections, it has been announced, is the provision of an iron lung, or respirator, which the local branch hopes to donate to the Hotel Dieu. Proceeds will also go to help in the conversion of human blood into gamma-globulin.

Both the respirator and the gamma-globulin are important factors in the fight against poliomyelitis which has become increasingly necessary as the toll from the dread crippling disease has risen.

The Legion has already supplied the Sherbrooke Hospital and St. Vincent de Paul Hospital with respirators. The Sherbrooke Hospital's unit was sent to Winnipeg last year when the tragic polio epidemic broke out in the prairie city. It was replaced in Winnipeg by a new one which has been on duty here since.

Dr. L. P. Peloquin Hurt In Accident At Lennoxville

Dr. Louis Philippe Peloquin, 43 of 314 Des Pins Street, Magog, is in Hotel Dieu Hospital suffering from a possible fracture to the left knee and injuries to the chest sustained in an automobile accident near the Lennoxville Experimental Farm last evening. He also suffered minor lacerations to the face.

Dr. Peloquin was travelling in the direction of Sherbrooke from Sand Hill when he failed to notice a truck parked on the side of the highway and struck the rear end of the vehicle.

He was taken to hospital by Monfette's ambulance.

One Month Jail Sentence For Cheque Forgery

A forgery charge laid against Arthur Lessard, of Lake Megantic, resulted in a sentence of one month in prison when he appeared before Judge Edouard Boisvert yesterday.

Arthur Lessard endorsed a workman's compensation cheque belonging to Ludger Guay for the amount of \$53.54.

He appeared in court yesterday, pleaded guilty and received his sentence immediately.

Local Chimney Campaign Starts In Business Sections Of City Monday

As has been the custom in the past, the city Fire Department plans an early start on the annual chimney-sweeping in the business section of the city. Chimney-sweepers will start next Monday at the Precious Blood convent and work their way down Wellington Street to Webster Motors. They will also do King Street from the corner of Bowen and continue up to the corner of Belvidere and King.

Fire Chief Percy Donahue asks the co-operation of all citizens in this drive. The reason that they are starting so early is that the men on the street will not be menaced with falling soot and dust. Most business concerns have their windows closed at this time and it will eliminate annoying them with unfavourable working conditions.

Chief Donahue also had high praise for the co-operation that citizens of Sherbrooke gave in response to his appeal that no open flames be used to defrost frozen water pipes during the winter. He said his department did not have to answer one call for carelessness on this point.

The fire chief would like to bring to the attention of all citizens By-Law 624 of the City of Sherbrooke which concerns chimney-sweeping.

Every chimney connected to a stove, fireplace, wood or coal heated ovens or any other heating apparatus, shall be cleaned once a year and often if found necessary by the Director of the Fire Department.

Owners and licensed plumbers excepted, no person shall do chimney-sweeping without first obtaining a permit from the city upon the recommendation of the Director of the Fire Brigade.

The sum payable by the proprietors to chimney-sweepers shall be \$1.25 per chimney of a single flue. In case of a factory, church or hospital or any other institution the charge shall be \$5.00 per chimney.

Any person preventing an authorized chimney-sweeper from entering into a house or any other building, molesting or interfering with his work shall be liable to penalties. Chimney-sweepers shall be responsible for damages caused to properties during the execution of their work.

Every person infringing any of the provisions of this by-law shall be liable to a fine not exceeding \$20 and a term of imprisonment not to exceed two calendar months.

Lennoxville Home Nursing Course Opening Monday

A series of free home nursing lectures will be given by Miss Audrey McEneaney, R.N., in the Douglas Hall of the Lennoxville United Church commencing Monday evening, March 8, at 7:30 p.m.

The lectures are sponsored by the Lennoxville Red Cross Branch and a large number of residents are expected to take advantage of the course. Ladies interested in taking the course may register by phoning Mrs. E. Frost 3-2724 or Mrs. T. Saunders 3-3875. Early registration will assist those making the arrangements and enable them to prepare ample material for the classes.

It is hoped that a good number of ladies in the Lennoxville area will take advantage of the course.

Guests Paid in Frases, Len Orzlen. Teenagers and Tiny Tots: Fence Busters, Clair Bee; Snow King, Chas. Strong; Zoo Book, George Casandale; Teddy Robinson, Joan Robinson; Ginger Fox, Pluck; Heather Princess; Mysterious Term at Merlands, J. P. Milne; Counter Attack, Eric Leyland; Ace Pitcher, John Gartner; Patty and the Spoonbill, Helen Girvan.

JEAN MacLEOD (left) new editor of "Farm Forum Guide" and director of research for National Farm Radio Forum, takes over from former editor, Ruth McKenzie, who has accepted a position with the Citizenship Branch, Department of Citizenship and Immigration, Ottawa. Miss MacLeod, who comes from Long River, P.E.I., is a graduate of Dalhousie University, Halifax and has done post-graduate work at Queen's University, Kingston.

Cattle Dealer Denies Charges Of Inspector

Denying charges made by Inspector Frank Thompson of the Sherbrooke S.P.C.A., which appeared in the Sherbrooke Record on February 13 that cattle in his charge had gone three days without food, Raymond Little, who has been operating cattle auction sales at Eaton Corner for several years past, declared that the animals in question had been properly cared for.

In declaring these reports absolutely unfounded and unjustified, Mr. Little says that most of the cattle which are sold at the commission sales are brought to the place of sale only a few hours before the auction actually takes place.

When the cattle have been taken there one or two days previous to the sale, they have been properly cared for by Mr. Little's employees who fed and watered them and otherwise looked after them.

An average of approximately two hundred persons, including the clergy, members of municipal councils and others, have attended each of these sales for the past several years, Mr. Little declares, who would not have tolerated any neglect of the animals or have permitted any of the conditions reported by Mr. Thompson.

As evidence of this, Mr. Little has conducted two sales since the date of Mr. Thompson's action, each of which has been attended by many of these customers, and plans to conduct these sales as usual in the future.

Lack Of Funds May Force Suspension Of Activities Of Sherbrooke S. P. C. A.

Mrs. J. W. Neilson, president of the Sherbrooke S.P.C.A., announces today that, unless a public appeal comes to the rescue, S.P.C.A. work in Sherbrooke must be suspended immediately. Lack of funds is the reason.

Calls have increased greatly since the purchase of a call-truck last year, Mrs. Neilson explains, and there has been an extra and unexpected expense in connection with a recent development. The conjunction of the two means that work will have to be suspended until after the June tag day.

Neither the city nor any other public body helps the S.P.C.A. here with a grant. The city police, however, have extended ungrudging co-operation in the everyday work on behalf of animals.

There are no paid workers in the Sherbrooke S.P.C.A., all efforts being voluntary. Dogs and cats are the chief beneficiaries. Many strays are picked up and boarded and those which are ill are, where necessary, destroyed. A check is kept on treatment accorded to horses and cattle and cruelty cases have been brought.

No calls have been refused, said Mrs. Neilson, who added: "This is the reason for our plight."

Mrs. Neilson wishes to express thanks particularly at this time to Dr. L. A. Gendreau, veterinarian, who has helped the Society a great deal.

Red Cross Annual Meeting Reviewed At Lennoxville

The regular monthly meeting of the Lennoxville branch of the Canadian Red Cross Society was held in the work room on Queen Street. It was presided over by Miss G. Stevens who received the Red Cross flag presented to all branches which were represented at the annual convention.

Mrs. T. W. Saunders was delegate of the Lennoxville branch at the 44th annual convention, recently held at the Windsor Hotel, Montreal, and reported on the activities of this division as a whole. She commended that:

Active branches totaling 108, are doing a splendid peacetime job of sewing and knitting for the needy in Europe and at home. Much of this work is used by relief committees. The Red Cross is always at hand when disaster strikes, such as the tragedies at Rimouski, Cabana and Forestville, it is here that assistance from local work rooms is most appreciated.

Praise was given to the Junior Red Cross for their most useful work. The Junior organization has already sent 11,603 garments to needy children in Europe. Funds to buy equipment for the Memorial Hospital for Crippled Children, Montreal have also been supplied by this organization, which is the Red Cross of tomorrow.

There was an appeal for more blood donors, made by Mr. Renaud, Chairman of the blood transfusion panel. More hospitals are signing up with the Red Cross blood bank and with the society assisting with the collection of whole blood for Gamma Globulin used in the fight against Polio. The need for more blood donors is becoming greater every day.

The Water Safety Department will conduct a bilingual instruction course, starting in the early summer months, for a period of ten days. The course will take place at Trois Saumons, and will also visit several hundred camps where the Red Cross have water-fronts. Always stressing the importance of water safety, the department will then return home to instruct more pupils. During the winter months, the work is limited to those localities where indoor pools are available.

Home nursing classes were strongly advised at the meeting, to help relieve the already crowded hospitals. Having been fortunate enough to obtain Miss Audrey McEneaney, R.N., and Miss Martha Aldrich, R.N., the branch is about to offer a free course in Home Nursing.

Commissioner G. P. Hedges complimented all branches of the Red Cross on their 1953 financial campaigns. Due to the success of the campaign, the Red Cross was able to re-instate two mobile dental and medical clinics visiting twenty-six communities during the year, making 3,593 medical and 5,692 dental examinations.

Distributed by the clinics were 23,442 pounds of powdered milk and 884,680 capsules of Cod Liver Oil to the children of the Magdalen Islands, Gaspé South Shore and the lower North Shore of the St. Lawrence.

Mavor C. Houde, speaking at the noon luncheon, described the Red Cross as an outstanding link between the peoples of the world, he said "If your organization did not exist, we would surely have invented a similar one." It is rightfully said that the Red Cross is "people helping people."

William Stevens Appearing For Schubert Club

"Extraordinary Technical ability — Unique Creative Approach," is said by the Boston Herald. "The Hayden B. Sonata was a marvel of speed and precision" — so said the New York Times.

"A Stirring Musical Experience" — so declared the Boston Post.

They were speaking of the young Canadian pianist, William Stevens, in his first Boston appearance. Sherbrooke residents are fortunate that the Schubert Music Club has succeeded in engaging Mr. Stevens as guest artist in its forthcoming Annual Concert, to be held March 15. Tickets may be had from any member of the Schubert Club, and at H. C. Wilson & Sons, Ltd.

Born in Montreal, Mr. Stevens is a graduate of the McGill Conservatorium of Music, where he won five scholarships.

During the war, he joined the Navy, and was a member of the famous "Navy Show."

IN LIKE A LAMB . . .
According to the almanac, when March comes in like a lamb it is certain to go out like a lion. If this is the case, now is the time to get ready for the plenty of bad weather ahead of us. Don't wait until the last minute to prepare for the wet weather in store for us, grab yourself now for the worst. If you are choosy, and prefer the latest in rain apparel, may we suggest our English Aquascutum all-weather coats in gabardine and poplin materials, also the Chas. Macintosh coats.

MISTER AVERAGE:
If you are an average build or say around 5 ft. 10 inches and have a chest measurement of 38 or 40, then you should have no clothing problems. In fact you're the type of man designers use for patterns. Most fabrics suit you well. You can wear stripes, plaids and checks. Though you are easy to fit and satisfy, there are still some "do's" and "don'ts" which apply to you and may be considered good for all men.

DO wear colours that suit you naturally and are becoming.

DON'T choose a colour simply because you've seen it on someone else.

DO wear correctly coloured shirts and ties to match your suit.

DON'T for a moment think that a poor combination will not be noticed.

DO wear a proper hat for the season and to match your outfit.

DON'T try to make one hat do until it's worn out.

DO wear ankle length hose in the summer.

DON'T wear long hose without garters.

Three Assault Charges Follow Hallowe'en Row

Assault and battery charges were laid against Onil Levasseur, 20, Wilfred Roy, 37, Clovis Cote, 43, and Emile Levasseur, 26, all of Waterville yesterday in the Court of the Sessions of the Peace before Judge Joseph Marier.

There were more than hobbobins about last Hallowe'en, is what Paul Bedard, age 53, must think when the above mentioned men allegedly attacked him and broke three windows of his house.

These men are said to have picked him up at a hotel in North Hatley with the intentions of driving him home when he is said to have started to argue in the taxi. The men, who were said to have been slightly inebriated, and Bedard who also celebrating, are believed to have started a fight on arriving at the home of the plaintiff. The tenant of Mr. Bedard's home, Mrs. Samuel Leclair, and her two sons mixed in with the fracas resulting in a regular brawl. There is still some confusion as to whom it was that broke the windows and who hit whom.

The decision of the court has been postponed until Monday March 8.

Pseudo Doctor Sentenced For Illegal Sales

Leopold Grenon, the "doctor-sellsman" who was accused of selling patent cure-alls, prescribing, diagnosing and practicing medicine illegally was fined \$200 and costs in court yesterday by Judge Joseph Marier, or sentenced to 60 days in prison. The accused was not there at the time but was represented by an attorney.

The defendant, a salesman from Grand'Mere, sold patent medicines which were allegedly worthless to residents of Notre Dame de Ham. He would enter a house, tell whoever was there that they were suffering from anything from bronchitis to cancer to glandular trouble and then sell them bottles of medicine consecutively numbered to be taken in that order. He charged some of them up to \$150 and over.

European Club Makes Plans For May Day Event

In an effort to raise funds with which to assist newcomers to Canada from European countries when they have special needs which cannot be supplied in any other way, the European Club of Sherbrooke, which has its home in the Y.M.C.A., has decided to hold a May Day Charity Ball on Saturday, May 1st.

Preliminary plans call for an entertainment put on by talented European newcomers living in this district and in Montreal, dancing to a fine five piece orchestra and refreshments to round out a full and pleasant evening.

A special committee is designing a most attractive scheme of decorations, and no effort is to be spared to make this one of the most interesting and delightful events of the season in this City.

Further matters discussed at the Executive committee meeting,

WILLIAM STEVENS
being accompanist for the famed New Zealand basso, Oscar Natzke.

After the war, he resumed his studies privately with Germaine Malepart and Yvonne Hubert, making his formal debut in the Ritz Carlton Ballroom, Montreal, in 1950.

There followed an appearance as guest soloist with Les Concerts Symphoniques de Montreal, Wilfred Pelletier, conducting; a twenty concert tour of Canada and the United States, and, in 1953, the triumphant concert in Boston, which drew the above enthusiastic reviews.

After his New York debut, in January of this year, the New York Times had this to say: "Mr. Stevens's first appearance here was a highly promising recital. His fleet, accurate, and well-disciplined fingers created a marvel of speed and precision."

In his recital here, on March 15, at the Sherbrooke High School Auditorium, Mr. Stevens will offer his New York Debut Programme, as follows:

Andantino and Allegro Moderato Rossini
Allegretto Sonata in B minor Chopin
Allegro Maestoso Scherzo Largo Finale (Presto non Tanto) Debussy
Reflets dans l'eau Debussy
(A) Prelude in B Rachmaninoff
Flat (B) Prelude in G Rachmaninoff
Minor Hungarian Rhapsody Liszt
No. 6

held Wednesday evening, included plans for continuance of the Educational-Social evenings which have been started this season and which combine movies of an educational nature, dealing with a wide variety of subjects which help to lead to Citizenship, cards, dancing, and social pleasures.

The next of these events will be held at the Y.M.C.A. on Saturday night, March 6th.

Sport Aiders' Association At Magog Advice Given To Sponsor Successful Annual Ski Meet

Magog, March 5 — The Princess Elizabeth Sports Aiders' Association sponsored the annual ski meet for the High School pupils at Mount Geroux on Saturday morning.

The favourable weather drew a crowd of about one hundred and twenty-five spectators to the slopes of Mount Geroux, where both slalom and downhill events were held, the slalom at 9:30 a.m. and the downhill at 11 a.m.

Considering the fact that all events were run on an icy course, all contestants did exceptionally well. The contestants were privileged to use the tow free of charge.

The results of the ski races were as follows: (Boys 10 and younger) Downhill Points Seconds Points Seconds Points

Table with 5 columns: Name, Downhill Points, Seconds, Slalom Points, Seconds, Combined Points. Includes names like Ian Styan, Carl Gustafson, Jackie Connor, etc.

The winners were Joe Lowde, Mrs. H. Whittier and Gil Ethier. The starters were Erny Lemery and Jack Shaw.

In place of the skating party which was scheduled to take place at the High School rink at 7:30 p.m. this evening, three films were shown to an appreciative audience.

Coffee and donuts were served in the cafeteria by members of the P.E.S.A.A., after which the guests, who numbered close to one hundred, gathered in the auditorium for the presentation of prizes.

The president of the P.E.S.A.A., Frank Bennett, thanked everyone on behalf of the association for the generous assistance of those interested in the improvement of young skiers.

Mr. Bennett then called upon Gil Ethier, who announced the results of the ski events, after which each winner received his or her prize.

E. T. Farmers On Tree Tapping

The Sherbrooke Agricultural Broadcast speaker, W. G. MacDougall, County Agriculturist, spoke last Monday on Quebec's maple industry.

The maple industry is a cash crop in this province, and it comes at the time of year when farmers need money most to buy fertilizer.

The best sugar bushes in the province are found right here in the Eastern Townships. Sugar crops from the Townships usually take first awards in the Provincial Exhibits.

An outline given to farmers by Mr. Rouppe, a sugar specialist, and Mr. Dumoulin of the Forestry Department on how to improve their crops.

Trees should be at least eight inches in diameter before tapping. The camp must be well situated and well lighted and a wood supply should always be on hand.

Furthermore, the evaporator should be placed in the cabin so that the fireplace would be to the west, because prevailing winds come from that direction.

Two gallon aluminum buckets cost 26 cents each and aluminum spouts 11 cents each. This equipment will pay for itself within one year.

The bulletin issued by Mr. Methot shows a new thermometer and tells how temperatures have the best effects on the sugar.

The bulletin is number 169 and will be printed in French and English. It will be available in about ten days.

C. J.-M. Officials Meet Asbestos Business Men

Asbestos, March 5 — The annual civic reception offered by Canadian Johns-Manville Company, Limited, in order to allow local businessmen to meet the management of the Company, took place Sunday evening, February 28th, at the A.A.A.A. gymnasium.

J. E. Morrison, factory manager, welcomed the 225 persons who attended this gathering. A brief talk was also made by His Honor the Mayor, Georges Tardif.

Mr. Lindell gave a talk on the business activity of J.M. during 1954 and the present economic picture of Johns-Manville. He stated that the good or bad position of Johns-Manville concerns each and everyone here in Asbestos.

By means of charts, Mr. Lindell gave an explanation of sales, earnings, wages, expenses, prices of J.M. products, production of asbestos, etc. The company's cost reduction and expansion program was also reviewed in view of showing how Johns-Manville is making ready for the future and the keen competitive are ahead.

A question and answer period followed. Many questions were asked concerning the actual and future operations of the Company. They were answered by Karl V. Lindell, J. O. Eby, Jeffrey mine manager, J. E. Morrison and P. A. Filteau.

Andre Chene, director of Arts and Trades School, thanked Johns-Manville for their initiative on behalf of the group of businessmen.

A film on the gigantic project of the Aluminum Co. of Canada at Kitimat, British Columbia, was shown as a courtesy of International Harvester Co. Ltd.

Lunch and refreshments were served at the end of the reception.

BROME — Mrs. E. P. Judge, of East Hill, was visiting Mrs. J. T. Johnston at the home of Mrs. Lyla Owens.

Miss Frances Dyer was an overnight guest of the Misses Barton, at Knowlton.

Mr. and Mrs. Ernest Chamberlain, of West Brome, motored to Brome.

Mr. and Mrs. Wilson Frizzle and family spent a day in Waterloo with Mr. and Mrs. Garret Chapman and family.

Mr. and Mrs. E. W. Patch is spending a few days with her son-in-law and daughter, Mr. and Mrs. E. J. Persons, at Swetsburg.

Mr. Baxter Cav, of Warden, is a guest of his brother, Mr. C. R. Cav, at "Rockledge Farm."

Miss Jean Tracey was in Sutton attending the public speaking contest of students of Brome County schools.

Mr. John Ruyl has gone to Moncton, N.B., after an extended holiday spent with friends in this place.

MAGIC TRIO — Sackville, N.B. — Not one magician, but a whole trio, performed at Mount Allison University's annual Trueman House party.

Benefit Dance For Skating Rink

Swetsburg, March 5 — The dance held for the benefit of the skating rink proved very successful and concluded another year of free skating for the young people of this village.

The dance held at "The Petit Canal" was held there only because Mr. Walter Persons (Pete), very kindly repaired the river bridge leading to the dance hall.

The door prize was won by Mrs. George Premont and was donated by Mr. G. Paul Francoeur.

General Notes — Mrs. Sadie Cowan, of Sutton, was a guest of Mr. and Mrs. Dennis Boright.

Among the week-end guests of Mr. and Mrs. Stanley Peron and family were Mr. Gordon Ladd, of Waterloo; Mr. Hilkey, and Mr. and Mrs. Wallace Coburn and family, of Granby.

Annual Congregational Meeting At St. Andrew's Church, Upper Melbourne

Upper Melbourne, March 5 — The annual congregational meeting of St. Andrew's Presbyterian Church, Upper Melbourne and Richmond, was held in the Kirk Hall on Tuesday, February 23rd, with a good attendance of members present.

The meeting was opened with the singing of a psalm, and the reading of Scripture, followed by prayer by the Rev. W. M. Brown. A resume of the work and progress within the congregation during the year 1953 was given by the minister, and this revealed remarkable vitality in all departments of activity within the church. Fitting reference was made to the loss sustained by the congregation during 1953 by the death of Mrs. W. E. McIver, and of Mrs. P. Krasel, two loyal and faithful life members of the church.

James Cameron, secretary-treasurer of the congregation, read reports which were received with great satisfaction, as they showed the complete financial stability of the congregation.

HUNTINGVILLE—

Miss Jennie Colby, of East Angus, is spending a week with Mr. and Mrs. A. Fairbrother, Mrs. T. Mason, Mrs. C. Tincarre and Mr. Edward Tincarre, of East Angus, were dinner guests at the same home. Callers were Mr. E. George and Mrs. Burbank, of Lennoxville, and Mr. C. Colby, North at Hwy Road.

Mrs. A. Fairbrother attended the February W.I. meeting at the home of Mrs. W. T. Evans, with Mrs. A. Wark for the assistant hostess. Miss Bertha Taylor, of Montreal, spent several days with her mother, Mrs. Henry Taylor, who has been ill.

Mrs. William Price has been spending some time with friends in Sherbrooke while Mrs. H. Taylor was in the hospital.

Mrs. Harold Hunting has returned home after spending two weeks visiting relatives in Montreal and Hawkesbury.

Friends of Mr. Donald McElae will be sorry to learn that he is a patient in the Sherbrooke Hospital.

Mr. and Mrs. Frank Libbey were guests of Mr. and Mrs. Milton Buzell, in Sherbrooke.

Dr. and Mrs. A. N. Langford, of Lennoxville, accompanied by their two sons, Peter and John, were guests at the home of Mr. and Mrs. Frank Libbey.

McMorine, Secretary, and Miss J. Farquhar, treasurer. The prodigious work and enthusiasm of the Association was evident from the reports, and tangible results of this were seen in the fact that the Association had attained an all-time high financially.

This same spirit was obvious in the reports of the Women's Missionary Society, which were given by Miss C. F. MacKenzie, secretary, and Miss J. Farquhar, treasurer. The W.M.S. far exceeded its allocation, and also purchased a life membership, which was presented to Mrs. W. M. Brown.

Reports from the Mission Band were given by Mrs. Fraser Converse, and from the Sunday School by Mrs. W. M. Brown, showing a year of splendid accomplishment in both departments.

The Rev. W. M. Brown, minister of St. Andrew's since November, 1949, announced that his appointment would close at the end of March, 1954, and that he had accepted a call to the pastoral charge of Riverfield, Howick, and Georgetown, and would be taking up his duties there as from April 1st.

W. E. McIver expressed his own, and the congregation's regret, but assured the Rev. and Mrs. Brown of best wishes for as happy and successful associations in their ministry to the new field of service to which they had been called.

The meeting was closed with prayer by the Rev. W. M. Brown, after which all adjourned to enjoy the hospitality of the Ladies Association.

The first two companies of Canadian Girl Guides were formed at Toronto and St. Catharines in 1910.

Sawyerville Club Groups Attend Film Workshop

Sawyerville, March 5 — From February 15 to 18, members of five Farm Forum Groups Sawyer-ville branches of the Canadian Legion, the Women's Institute and Randboro United Church were initiated into the art of operating a projector, keeping clean the gate and lens, focussing, rewinding and the setting up of a good film showing. The occasion was the film workshop under the direction of Miss Roberta Ridley, of Macdonald College. The workshop was operated for one day in Bulwer and three days in Sawyerville. In all upwards of 25 people gained some elementary knowledge about how to project moving pictures.

On February 18th, over one hundred people attended a public film showing in the Legion Hut, to see films showing a National League hockey match, Canada at the Coronation, and Barbara Ann Scott. In view of the persistent snowstorm and discouraging road conditions the attendance was remarkable.

The open film night at Bulwer on the 17th faced even more formidable weather and roads. The 12 to 15 inches of snow, with the help of some wind, all but blocked most of the roads. Despite these circumstances some forty seven people came to see a film about the Peace River, the Coronation, and the Hockey Match.

Both showings were planned and presented by local people who demonstrated and practised some of what they had learned in the workshop.

In The Women's Sphere

There are ways and ways of disagreeing with another person's taste. When a person says he likes something, the wrong way is to say you think it's terrible. A right way is to give your dissent- ing opinion more gently, in some such way as "I believe I prefer such and such."

You can always voice your own opinion, without tearing the other person's ego to shreds.

Roger Gingues' Squad Ekes Out 5-3 Win Over Pirates

Morin And Dumas Pace Locals With Two Goals; Open Finals Tomorrow In Windsor; Back Here Sunday At 2:30

Sherbrooke Intermediates will now meet Windsor Mills Paper Makers in the finals for the championship of the Massachusetts Valley Hockey League. Roger Gingues' local squad eliminated the East Angus Pirates last night with a 5-3 victory at the local arena, to cap the series in two straight games.

Sherbrooke won the first tilt 8-2, in one of the finest exhibition of hockey in the District this season. Last night's game was considerably slower than the first, as 20 penalties were called, including three majors and a misconduct.

Morin and Dumas paced the Sherbrooke squad to victory, notching a pair of markers each. Papineau accounted for the other local tally in the second period. In the third he was cut when he hit the ice and was taken to hospital to receive stitches.

Bergeron was the high scorer for the Pirates, with two goals. Defenceman O. Gosselin completed the East Angus scoring, with a second period goal, that extended the Pirates lead to 3-1. Bergeron, of the Pirates, and Papineau, of the locals, were serving roughing penalties, when Gosselin tallied at 15:38.

In this middle stanza, nine penalties were called, eight of which were double penalties for high sticking or roughing. An unassisted goal by Dumas at 17:20 brought the count at 3-2, with East Angus still holding a slim lead. On this goal, Dumas intercepted a pass at his proper blueline, skated around two defencemen, and took a shot on goalie Bud Stickle, the knee-high shot caught the left hand corner of the nets.

Gingues drew a major penalty as a result of a small scramble in the East Angus. However, on the play the Sherbrooke team were awarded a penalty shot. Several seconds after Morin skated in on Stickle, the red light flashed, and the game was tied 3-3.

With Gosselin in the cooler for kneeling, Morin notched his second goal. Morin and Hayden broke away, but Hayden was forced to the corner by the defenceman. However he managed to control the disc, and Morin banged in his pass to give Sherbrooke a 4-2 lead. Receiving strong support from rearwards, Roby and Lindlay, goalie Labbe turned in another beautiful game in the Sherbrooke cage. Although the powerful Frank Reid like failed to score they kept the local netminder on his toes, sometimes getting as many as ten shots on nets before the whistle sounded.

Dumas banged in his second marker of the game at 18:13, during the absence of the Pirates captain, Reid, who was off for roughing. A minute later, Sherbrooke massive defenceman, Roby, and Gosselin gave the 1,000 fans a fist-tuff exhibition. Roby received a major and a two minute penalty, Gosselin only laying claim to a major.

Coach Desroussau of the East Angus Pirates pulled Stickle from the nets when facing elimination with only 30 seconds remaining.

Alberta Almost Certain To Cop Dominion Curling Championships; Crushes Quebec 16-4; Closes Today

Edmonton — (CP) — Matt Baldwin's machine-like Alberta champions today were only one game away from giving Alberta its fifth Canadian curling championship.

The 27-year-old Baldwin, youngest skip competing in the 10-game round-robin, has played nine games and won eight of them. He has one to go and a victory will give him the silverware.

Saskatchewan, made up of the Campbell brothers from Avonlea, skipped by Garnet (Mac) Campbell, has played eight games and won six.

They were scheduled to meet Ontario and Quebec today in the last two draws of the five-day event. A Campbell loss would give Alberta the championship.

Saskatchewan can tie by winning both games while Alberta drops its one game against New Brunswick in the 2:30 p.m. draw. A tie would force a sudden-death playoff.

Ontario Upsets Baldwin
Alberta was tripped up in the eighth round Thursday by Ontario, led by Ross Tarlton of Hamilton, a 71-year-old white-haired master of the draw.

Had Alberta won, it would have been all over. But Tarlton, playing just as coolly under pressure as the Baldwin four, outdrew them at almost every turn to win 8-5.

The result was on the wall in the 11th end when Tarlton played a double raise to the button for a possible two with plenty of guards in front.

Baldwin sent his last rock whistling down the ice but wrecked and Tarlton had his two and the game.

In the ninth round Thursday night, Baldwin got back on the winning road, thumping the W. R. Tracy rink from Arvida, Que., 16-4.

St. Francis High To Stage Basketball Invitation Tourney

Richmond — An invitation basketball tournament for high school girls is being sponsored by the St. Francis High School here tomorrow, Saturday March 6.

The main purpose of this tournament is not to pick a winner but to enable girls from different schools, interested in basketball, to get together, exchange ideas and make new friends.

The games should be played for the fun of playing, not just to win. However it will give coaches and players a chance to see other teams in action with different styles and methods of playing.

Teams are coming from the following high schools: Asbestos-Danville, Drummondville, Lennoxville, Shawinigan, Sherbrooke, Theford Mines, Three Rivers and Richmond.

Play is scheduled to start at 10 a.m. and will likely continue until 5 or 5:30 p.m. Lunch will be served in the school cafeteria. Spectators will be welcome. A good time is anticipated for all.

Drumville Horse Victor In Toronto

Toronto — Peter Direct L, owned by C. Longboat of Oshweken, Ont., and Louise Widower, owned by Drummond Stables of Drummondville, Que., divided the class A pace, top attraction at Dufferin harness races Thursday.

Each won a heat. In the first, Louise Widower, driven by Ab Boucher, paced to the front at once and was still more than a length ahead at the finish.

Not Welcome, Says Manager Preston After New Attacks On His Team By Swedish Press; Wallop Finns 20-1

Stockholm — (CP) — The atmosphere on the ice was friendly but at the rinkside blue sparks were flying as Canada prepared for a vital game with Czechoslovakia today in the world hockey tournament.

Germany and Finland, both eliminated from contention in the eight-team round-robin championships, were slated to clash in a curtain-raiser and Russia and Sweden were scheduled to meet in another knockout battle tonight.

Canada and Russia unbeaten in their five starts to date. The Czechs and Swedes, with identical 4-1 records, both need victories to stay in the race. All four have one game remaining after today with Toronto East York and Moscow Dynamo expected to decide the championship in their closing-day meeting, Sunday.

The Canadians overwhelmed Finland 20-1 Thursday in one of the cleanest games of the tournament. Only two penalties were called, one to each side, and the over-matched Finns joined in the applause at some of the Canadians' more spectacular efforts, which included a seven-goal performance by right-winger Moe Galand.

Not Welcome is a different story. Incensed by new attacks on his team in the Swedish press, East York manager Don Preston said Canada should stay away from future world tournaments in Europe because "we are not welcome here."

Newspaper criticism, which had died down after the Canadians' impressive 8-0 victory over Sweden's defending champions Monday, was fanned by an injury to German centre Marcus Egen, who had five teeth smashed as his team bowed to East York 8-1 Wednesday.

Despite Egen's statement that the Canadians were not responsible for his injury, Dagens Nyheter, Sweden's biggest newspaper, called the incident the Canadians' "worst crime, which has increased their deep-seated unpopularity here." The newspaper added that "all European hopes will be with the Soviet Union Sunday."

Unprotesting Russians
Morgon-Tidningen commented that the Canadians could take lessons from the Russians in sportsmanship. The Russians, the paper said, never protest against a referee's decision and "are always at newspaper men's service when they want information."

Preston, a former East York player, was bitter about the charges of rough play. He said his club has suffered more injuries since coming to Europe than in an entire season at home.

"Sticks are used for any purpose in Europe—that's one thing we have learned here," he said. Two East York defencemen currently are out with injuries. Harold Fiskari is through for the series with a torn knee ligament and Doug Chapman suffered a broken jaw in a collision with a Swedish defenceman. Chapman may return wearing a protective mask, for the game against Russia.

GRADS MEET INDEPENDENTS FOR E.T. CAGE TITLE

Richmond Cops Tilt 39-36 but Lose Series 98-82; First Game Slated Tomorrow Evening In Lennoxville Gym

The Lennoxville Grads last night eliminated the Richmond basketball club in a home-and-home total point series of semi final play by a score of 98-82.

Although the Lennoxville organization bowed to the Richmond club last night by a score of 39-36, it was not enough to effect their 19 point lead which they held going into this game.

The 19 point lead was obtained in the first game of the semi-finals played in Richmond last Saturday night, when the Grads defeated the Richmond squad by a score of 62-43.

The Lennoxville Grads will now meet the Sherbrooke independents in the finals of the Eastern Townships Amateur Basketball Association play-downs. The winner of this total point home and home series will have the right to represent the district in the Provincial Tournament at Shawinigan Falls on March 20 and 21.

The first game of the finals will get under way tomorrow night at 8 o'clock at the Lennoxville High School gym.

In a closely contested first half, Garth Smith and Jim Sparks each picked up ten points to keep the Lennoxville Grads in the lead till the end of the first half. Although

Chicoutimi Breaks Out In Scoring Spree And Wallops Saints 9-0; Dube And Moore Given Match Penalties

Chicoutimi, Que. — (CP) — Chicoutimi Saguenays went on a scoring spree last night to down Sherbrooke Saints, 9-0 and retain their two-point hold on first place in the Quebec Hockey League.

Chicoutimi scored twice in both the first and second periods and capped the performance by raming five markers past Sherbrooke goalie Gerry Cotnoir within a little more than four minutes in the final session.

Jean-Paul Lamirande scored two goals for the Saguenays. The other markers went to Georges Roy, Gerry Glaude, Normie Dussault, Fern Perreault, Jacques Locas, Bucky Buchanan and Lou Smrke. Jimmy Moore of Chicoutimi and Gilles Dube of Sherbrooke were banished with match penalties when the game was only two minutes old. After that the players cooled off and only six penalties were called during the rest of the game. Roy and Glaude counted in the first period, followed by Lamirande and Dussault in the second. The wild spree in the final period saw Perreault, Locas, Bucky Buchanan, Lamirande and Lou Smrke count quick order.

Sherbrooke — Goal: Cotnoir; defence: Hay, Bownass, Palamar; forwards: McLean, Dube, Irving, Stankiewicz, Ehman, Podolski, Bruneteau, Johnson, Malo, Giesebrecht.

Chicoutimi — Goal: Hughes; defence: Glaude, Roy, Taillefer, Lamirande; forwards: Buchanan, White, S. Smrke, L. Smrke, Perreault, Dussault, Groleau, Tkachuk, Locas, Moore.

Referee: Roberts; linesmen: Demers, Scullion.

Davidson Ousts Bedard In Kingston

Kingston, Jamaica — (AP) — Gardner Mulloy, Coral Gables, Fla., veterans, won his opening match in the Caribbean tennis championships Thursday with a 3-6, 6-0, 6-1 victory over Hal Burrows of Charlottesville, Va. Sven Davidson of Sweden ousted Bob Bedard of Sherbrooke, Que., 7-5, 6-0.

Canadians Protest Newspaper Article

Stockholm — Reuters — Canadian team manager Don Preston angrily declared Thursday that Canada should not enter any future world ice hockey championships in Europe, because "we do not feel we are welcome here."

Preston, managing Toronto East York in the world championships here, added: "If I had my way, it would be the last time Canada will send a team over to Europe."

Referring to Swedish newspaper complaints about Canadian rough play, the former East York player said his team has had more injuries since coming to Europe than during a whole season at home.

Calls It Crime
The "rough Canadians" inflicted their worst casualty Wednesday when West German centre Marcus Egen had five teeth smashed. Egen told newspaper men the injury was not the Canadians' fault.

But Sweden's biggest newspaper, the liberal Dagens Nyheter, disregarded Egen's statement and called it the Canadians' "worst crime in a match which has increased their deep-seated unpopularity here."

"All European hopes will be for the Soviet Union against Canada next Sunday," the paper added.

Carter Favoured To Win Over DeMarco

New York — (AP) — Lightweight champion Jimmy Carter, winner of his last three title defences by knockouts, is a 4-1 favorite to whip rough Paddy DeMarco in their 15-round title fight in Madison Square Garden tonight.

The 26-year-old challenger is given only the slightest chance to upset the 30-year-old champion, a hard man to down when his crown is on the line.

Paddy has been stopped only once — on cuts by Sandy Saddler — in a nine-year pro career of 80 fights but he never has fought more than 10 rounds.

A light hitter with only seven keyos to his credit, DeMarco knows full well he'll have to go the route to win.

This will be Carter's ninth title fight including his 14th round TKO of Ike Williams when he won the crown nearly three years ago.

Cross-Country To Be At Sudbury Sunday

Sudbury, Ont. — (CP) — More than 20 of Canada's top skiers are expected to take part Sunday in the Canadian senior men's cross-country ski championship meet, to be held on a course two miles north of here.

Snowfalls during the last week have provided a good skiing base for the one-day meet. It is expected that cold weather will continue over Sunday to keep the 18-kilometre course in shape.

The Samson Pojet Athletic Club, a Finnish ski club here which is sponsoring the meet, says Pauli Huhtala, 22, twice Finland's cross-country champion, has arrived from overseas to take part.

Canadian skiers who will take part include a pair from Montreal, Bill Baldwin and T. Allenbach.

Loyola College Downs Bishop's In League Tilt

Montreal—Loyola College Warriors came through with a four-goal third period rally Wednesday afternoon at the Verdun Auditorium to take a 10-5 decision from a fighting Bishop's University squad in a regular Ottawa-St. Lawrence Valley Hockey Conference contest. It was the league-leading Loyola's fourth win in as many starts and the Gaitors' fifth straight loss.

Top marksman for the Warriors was centre Gary Gagnon who fired four goals and picked up two assists, followed by Chisholm who potted a pair of markers.

For the Gaitors, Andy Ross was chief sharpshooter with two tallies, while linemates Powell and Boland each picked up a goal and three assists. Stu Clarke rounded out the Bishop's scoring with a singleton in the first period.

Without the services of their coach, Ivan Dugre, the Gaitors showed surprising strength and threatened to pull off an upset until they tired in the final canto.

Bishop's opened the scoring at the 13-second mark of the initial period when winger Andy Ross banged in the first of two goals, but Warriors came back quickly to pile up a 6-3 lead at the end of the first period.

The Gaitors completely outplayed the Warriors in the second period, pulling to within one goal of the Maroon and White squad on unanswered markers by Boland and Powell, but they ran out of steam in the third stanza, and Loyola were quick to capitalize on it.

Jackie Robinson Hopes This Is Last Year In Baseball

Vero Beach, Fla.—(AP)—Jackie Robinson, Negro trail-blazer in organized baseball, hopes to make this his last year in the game. The brilliant Brooklyn infielder, who finds himself battling for a regular position for the first time since he's been with the Dodgers, has several business deals pending next winter which could make him independent of baseball.

"I'm not saying that this definitely will be my last year," Robinson said today. "I'm merely saying I hope I can quit after this season. That depends on whether the things I have in mind will materialize."

Sadler Gets Nod As Opponent Quits

Akron, Ohio.—(AP)—Featherweight champion Sandy Sadler, awaiting his discharge from the U.S. Army, scored a weird victory Thursday night when Charlie Slaughter of Elizabeth, N.J., suddenly quit in the fourth round and walked back to his corner.

The outcome was scored as a technical knockout. Unofficial weights were given as 130 for both fighters.

Slaughter, who had taken a severe lacing from the second round on, suddenly threw up his hands, walked back to his corner and mumbled "I was outclassed" as he left the ring.

Royals Run Wild And Plaster A 14-1 Drubbing On Springfield; Burchell Registers Five Goals

Montreal.—(CP)—Everybody but the goalie got in on the act last night as Montreal Royals walloped Springfield Indians 14-1 in a Quebec Hockey League game.

Each member of the Royals team except goalie Bob Perreault picked up at least one point in the rout. Perreault slipped once early in the first period, when Walt "Uants" Atanas tallied for Springfield, but blanked the Indians thereafter.

Skippy Burchell and Ray Laplante were the Montreal stand-outs, Burchell getting five goals and two assists while Laplante registered a goal and four assists.

Dick Gamble and Dick Wray scored a pair each while Eddy Litzenberger, Bobby Frampton, Gerry Desaulniers, and Lulu Denis got one apiece.

It was strictly no contest in the first period as Royals went on a rampage. Burchell sank his first goal 43 seconds after the frame opened, but Atanas tied the score only 12 seconds later.

Burchell broke the deadlock at 7:00 and Laplante added another to Montreal's total 38 seconds later. Denis, Gamble and Desaulniers each contributed a tally to make it 6-1 for Royals at the stanza's end.

Springfield rallied early in the second frame but their drive failed as Burchell scored his third goal at 2:37 and Litzenberger tallied seven minutes later. Gamble netted his second at 12:35. And Wray made it 10-1 for Royals near the end of the period.

Wray scored again in the third and Frampton counted on a soft shot before Burchell finished off the game with a pair of tallies.

Royals were tabbed with all three of the game's penalties.

Vernon Holding Out For Increase

Orlando, Fla.—(AP)—Any deal involving sale of holdout first baseman Mickey Vernon of Washington Senators to Boston Red Sox is off.

A deal appeared to be in the making to send Vernon to the Red Sox, but Calvin Griffith, vice-president of the Senators, said Thursday Vernon won't be sold.

Instead, added Griffith, he plans more talks with Vernon to see if he can get him to sign a new contract.

Vernon led the American League in batting last year. Vernon is reported asking \$35,000 this season. Reports have it that he got about \$19,000 in 1953.

Players Suspended For Referee Scrape

Amherst, N.S.—(CP)—The Maritime Amateur Hockey Association Thursday suspended two hockey players for two years for striking a referee. They were the most severe penalties ever levied by the MAHA.

President J. P. MacDougall suspended Danny McFadden of Trenton Scotias of the Antigonish-Pictou Colchester Senior League and E. Allen of Fredericton Junior Capitals of the New Brunswick Junior League.

Mr. MacDougall warned that similar suspensions would follow until players learned to respect officials.

"In all future attacks of referees," he said, "a two-year suspension will be the minimum sentence."

McFadden struck referee D. Thompson Feb. 13 at New Glasgow in a game with Stellarton Royals, and Allen hit Henry Kelly at Fredericton in a playoff game with Sussex Rangers.

Both players have the right to appeal the decisions at a MAHA meeting in September.

Two American Stars Signed By Ottawa

Ottawa.—(CP)—Ottawa Rough Riders have signed two University of Southern Carolina players to 1954 football contracts, coach Clem Crowe disclosed Thursday.

They are Clyde Bennett, six-foot-two, 200-pound end who may fill the gap left by Bernie Flowers, grabbed off this year by Baltimore Colts of the National Football League, and his teammate, Johnny Gramling, a quarterback.

Gramling, 22, is six-one and weighs 175 and reputedly has a sharp passing record with his university. Last fall the two were

Paddy DeMarco Faces Jimmy Carter For Lightweight Crown Tonight At Madison Square Garden In 15-Rounder

New York.—(AP)—Paddy DeMarco has never fought 15 rounds, and the odds say he won't get that far tonight when he challenges Jimmy Carter for the lightweight boxing title in Madison Square Garden.

But the same odds give Paddy as good a chance as Carter had when he lifted the title from Ike Williams three years ago.

In what little waging there has been on this fight, Carter has been favored at odds ranging from 1 to 3 to 1 to 4, and he's a 7-to-5 choice to knock out the rugged, charging scrapper from Brooklyn. Jimmy was the 3-to-1 underdog when he stopped Williams in 14 rounds to become champion.

Since then Carter has fought for the title eight times, lost it once to Lauro Salas and won it back again, and has become a vastly improved fighter. But he still can't draw a big crowd in his home town.

The bout, starting at 10 p.m. EST, is expected to draw about 7,000 fans and \$30,000 at prices ranging from \$2.50 to \$10. It will be broadcast and telecast locally and nationally.

METROPOLITAN'S ANNUAL REPORT TO POLICYHOLDERS FOR 1953

Over a Billion Dollars Paid to Policyholders and Beneficiaries — the Largest Sum in the History of Insurance

More benefits to more people were paid by Metropolitan in 1953 than have ever been paid by any Life insurance company in a single year. Payments to policyholders and beneficiaries amounted to \$1,029,000,000.

When it is realized that Metropolitan's benefit payments are only a portion of those of the Life insurance industry as a whole, one can readily visualize the tremendous stabilizing force that the people of Canada and the United States have built for themselves through Life insurance and related coverages.

All in all, 1953 was an outstanding year in your Company's operations. In most respects, it was the best in Metropolitan's 86-year history. In the light of the high level of economic activity in Canada and the United States and the ability of our Field organization, this is not surprising. We can take pride in reaching new heights in service to the peoples of our two countries.

Economic Conditions In retrospect, 1953 was a year of transition. Uppermost in the minds of all was the cessation of hostilities in Korea. Nevertheless, we fully realize that our goal of a world at peace is far from won, and it is incumbent upon us to continue to remain militarily strong. On the domestic front, a number of influences have been at work to materially reduce the inflationary forces, which for so many years have been driving

the cost of living to ever greater heights. We in the Life insurance business are particularly conscious of the effects of inflation, which bear so heavily on the thrifty and those dependent on fixed incomes. All efforts to control this danger should receive our fullest support.

In the year ahead, business will be more competitive, but this is no cause for concern. Competition provides the same goods at lower prices, or better goods and services at the same price. Canada and the United States have grown to their present outstanding positions on the basis of competition in a free market.

We are passing through a readjustment period, and have been for a number of months, but fundamentally Canada and the United States are strong. We have, far and away, the greatest productive capacity of any countries in the world. More than this, the people of Canada and the United States have not lost their fundamental traits of thrift, initiative, and faith in God. Our two countries will go to much greater heights of prosperity in a peacetime economy than ever could be achieved in the midst of war.

Metropolitan Highlights of 1953

During 1953, Metropolitan's gain in Life insurance in force was substantially larger than was ever previously recorded by Metropolitan or any other Life insurance company in any one year. Metropolitan's Life insurance in force, at the end of 1953, totalled more than \$56 billion. The number of people covered under all forms of Metropolitan policies reached a record high of over 37 million.

The assets of the Company, which help guarantee the fulfillment of its obligations, increased by \$719,000,000, and reached \$12,312,000,000 at the close of 1953.

Dividends to policyholders during the year reached an all-time high of \$214,829,000. The interest rate earned by Metropolitan investments, after deducting investment expenses, increased to 3.31% (compared with 3.21% for 1952), and stood at 3.09% after the United States Federal Income Tax. Mortality continued at a low rate. Expenses increased moderately, largely because of the increased volume of business.

In citing the 1953 accomplishments, we wish to pay particular tribute to the 48,000 men and women in the Metropolitan organization who have made these results possible.
