GOLDEN RULE LODGE, No. 5, F. & A. M.

Regular communication Tuesday, March 11, 1884.

C. M. THOMAS, Sec'y.

Our Canadian correspondents are requested to address the editor of the Journal at Rock Island. Addressed to Stanstead causes delay in their reception.

—Mr. L. J. Martin is in town' round and happy, disposing of the remainder of Maj. Baxter's livery, and will shortly remove his family to Boston.

—The Annual Washington Ball will take place at Derby Line on Thursday evening, the 21st. Capt. H. E. Foster, caterer. Music by Bigelow's Band.

—The ladies of the Methodist Church realized \$112 after deducting all expenses, at their apron and candy sale on Tuesday evening.

—It is reported that Mrs. A. J. Hunt, whose husband died a few weeks since, has received her late husband's pension with \$1,200 back pay, \$8 per month and \$2 per month for each child under sixteen years of age.

—Mr. Dudley Magoon, an old and respected citizen of the west part of Stanstead, died on the 10th inst.

—There will be a Social in the Congregational Church, Rock Island, on Thursday, Feb. 28th, inst. All are cordially invited.

—The ladies of Christ Church intend holding a Social in the Town Hall, Stanstead Plain, on Thursday evening, 23d inst.

—W. M. Pike sold a colt eight months old, on Tuesday for \$100. A pretty good price for a "sucking" colt. It was bought for the Bates' stock farm at Derby, Vt.

—Take notice of Spear's and Maj. Baxter's Auction Sales on Saturday.—Also the sales on the Aiken place and at Hyatt's.

—We would suggest to the citizens of Derby Line and Rock Island, the propriety of taking steps to make available their property in the Fire Engine, &c. Perhaps they had better call a meeting and make an arrangement with the firemen, who, we believe, will be found reasonable in their demands.

—Mr. Colby, M. P., reached home the latter part of last week, after a rather trying experience of the sea, to find two members of his family quite ill, his wife and mother.

—We had a pleasant call on Monday from Byron Truell, Esq., of Lawrence, Mass., a native of Barnston, who has achieved deserved success, financially and politically, in that manufacturing city.

—We would call the attention of readers to the announcement of the first meeting of the Dairywomen's Association at Richmond next week. It is desirable that the farmers of the Eastern Townships who are largely interested in dairying should attend and place the association upon a permanent basis.

—The mild weather, accompanied by rain, has materially reduced the quantity of snow, and made traveling difficult where the roads were drifted.

—Hosce H. Curtis, son of Mrs. L. E. Benton, started for Albuquerque, N. M., Tuesday, 12th inst.

A CARD.—At a meeting of Essex Fire Company No. 1, held at the Engine Room, Stanstead Plain, on Wednesday evening last, it was unanimously resolved:—That the thanks of this Company be tendered to Mark Hall, Esq., for his very generous donation to them of \$25.00 in recognition of their service at the late fire on his premises.

ERNEST S. THOMAS, Sec'y-Treas.

THANKS.—I beg to acknowledge

with thanks, the receipt of twenty-five dollars from Mr. George A. Flint, who has kindly volunteered to share one half the amount paid the Engine Company for their services at the recent fire in the Knitting Factory.

MARK HALL.

—The lecture on Wednesday evening by Mrs. Cutler, of Illinois, was well attended taking into account the state of the weather. The lecturer is an easy and logical speaker, and presents Prohibition as the only radical remedy for the evils of intemperance.

A few remarks were also made by Messrs. Pitcher of Stanstead, Galbraith of Montreal, and Mrs. Hadden, of Lyndonville, Vt. Mrs. Hadden confined her remarks to Sunday School temperance work, but incidentally recommended woman suffrage.

—A CARD.—Mrs. E. Sutton thanks her friends and patrons for so kindly giving their help and presence at her concert last Saturday evening at the Village Hall, Derby Line, for the relief of which she is surrounded.

She hopes to give another concert shortly.

—Diphtheria appears to have taken a strong hold of the Shipton District, and has been making sad havoc of late. Several families have lost one or more children. Mr. Thos. Jutras has lost four out of six. Mr. Maurice Côté, who occupies the next farm but one to Mr. Jutras, lost one child, and has eight more laid up.

Georgeville.

Judge Day had been chancellor of McGill University for thirty years and it appeared three years as the types made it appear last week.

The extensive thaw of last week followed by freezing weather made the ice upon the lake good in nearly every part so that there is no difficulty in driving now from Magog to Newport, and large quantities of wood are now being drawn across the ice and teams were passing in every direction. It thaws easily now. There was quite a heavy rain Sunday night and to-day (Monday 18th) it has been raining steadily nearly all day, and the roads are quite soft.

Henry Rediker has secured the services of Oliver Young, a first-class mechanic and wheelwright, and will repair and build heavy and light carriages. See his advertisement.

The sneak thief is prowling about this winter as in former times, people will do well to keep their granaries securely locked or their grain will quietly step out in small quantities.

Magog.

The Rev. W. Jackson, M. A., of Montreal delivered the second in the course of lectures on the evening of Wednesday the 13th inst. Subject "The power and the limits of money in reference to the good things of the present life." The lecture was listened to with close attention and profit by a fairly good audience. These lectures are proving a decided success and constitute an important feature in our social and intellectual privileges. The public are placed under great obligations to those who originated them and should show their appreciation by full houses. The next in the course will be delivered by Rev. Mr. Saunders of the Wesleyan College, Stanstead, on the 23d inst.

The Rev. Mr. Saunders will on the following day preach in the Methodist church on behalf of the educational enterprises of the church.

We were visited on the 13th by some seventy five representative citizens of Sherbrooke who came on the invitation of the Extension road to Sherbrooke, to celebrate its opening and to unite in a pleasant banquet got up in bonfire Jamison's usual sumptuous style. We see by the reporter for the Gazette that one of the speakers felt some scruples at making one of so large a number on a very short notice. There is not the least occasion for fear the harder and service of the Park House is quite adequate to entertain for days, all that Sherbrooke may send in the future, even if the whole city came at once. The event was judged important enough to call for a holiday in our public school, and so our hundred pupils had on Friday their carnival of skating and sliding.

Moe's River.

The donation visit at the parsonage on the 12th inst., was a very pleasant gathering, the friends leaving with the pastor about fifty-five dollars mostly cash, for which they have the thanks of the Rev. A. D. Jones.

The B. Baptists will hold a Quarterly Meeting at this place Saturday and Sunday March 1st and 2nd.

The thaw has made quite a breakage in handling lumber and fire wood.

Beebe Plain.

Rev. S. J. Hughes is in Montreal attending Missionary Services and preached in the Ottawa Street Church Sunday morning.

Mr. Israel O'Blake of New York is in present visiting friends in this place.

Hatley.

The Temperance movement is booming here, the regular monthly meeting of the Abbott School House Temperance Society, was held at that place on Monday evening the 11th inst. The presiding officer Mayor LeBaron in the chair. After some music and a prayer by the Rev. and Venerable A. McNeil, of Stanstead, Mr. O. L. Percival addressed a full house, mostly young people, on the evils of intemperance. His remarks were lucid and convincing. More music and a number of recitations by the young people, principally ladies. A temperance song and a reading by Miss Minnie Leavitt, of East Hatley who presided at the organ and kindly lent efficient aid in our new undertaking. The pledge was then passed around and ten names added to those already enrolled, making in all about one hundred since this society started four months ago. Next regular meeting Monday, March 3rd. All are invited.

Barnston.

Richard Gooley, son of Peter Gooley, was killed by a severe accident a few days ago by falling from the beams of a shed, striking his head on the ice. He was picked up insensible, and it was found that his skull was fractured. He is progressing well now and is in a fair way of recovery.

Mr. John Pope, son of A. Pope, Esq., who has recently returned from California, entertained his friends to the number of seventy-five at a social party at the residence of Royal H. Noyes, on the evening of the 7th.—Quite a number of Mr. Pope's friends from Hatley were present. Mrs. Noyes furnished a nice supper and good music was in attendance and the light fantastic toe was tripped until the small hours of the morning.

Mr. Erasmus Paul was exhibiting in our streets a few days ago a fine Percheron stallion which he has recently imported and intends to keep the coming season. He is a fine animal, weighing 1500 pounds. Mr. Paul says he is just what is needed, and his authority is not generally doubted in matters pertaining to that noble animal the horse.

Messrs. Goodhue & Lovell are starting a new enterprise here in the manufacture of overalls. They intend to go into the business quite extensively for the wholesale trade.

Surprise to a Pastor.

About sixty parishioners of the Rev. Hector Canfield, pastor of the Green-Street Baptist Church, gave that gentleman a pleasant surprise party at his home, No. 423 Pine street, last evening, the occasion being his 50th birthday. Dr. Canfield, who is a physician as well as a reverend, had gone down to his lodge meeting, expecting nothing unusual, as he had passed several birthdays before. A message was sent to inform him that "a couple" awaited him at his home. At once concluding that two hearts were yearning to beat as one, the pastor hastened homeward. He was completely taken aback by the presence of the company of smiling and familiar faces, of whom some he had not the slightest inkling, and he was still further nonplussed when Deacon D. A. Winsor, in behalf of the parishioners, presented him in a pleasing speech with an elegant bronze-colored, Mohair plush easy chair, of the Morris adjustable pattern, with a frame of solid cherry. Dr. Canfield had by this time sufficiently recovered to accept the gift by a graceful and appropriate response, following with a touching prayer, in which he aptly likened the unexpected presentation to God's manner in blessing His children—when they least look for it. The company then joined in singing "Blest be the tie that binds with moistured eyes and smiling countenances, after which came a pleasant season of social chat, singing and readings by Mrs. Ford and Miss Bertha Kent. An ample collation was also provided. Dr. Canfield has now ministered into this people nearly three years, and his last evening event fully proved the cordial feeling existing between the pastor and parishioners.—Providence Evening Bulletin.

Eastern Townships News.

The adjourned inquest on the death of John Rothwell, at Capleton, was concluded on Monday. Nothing new of present import was elicited, and the jury did not materially alter their previous verdict. The cause is still under the consideration of the Crown, and further investigation is proceeding. The husband of the boarding-house keeper, who arrived from New Jersey about a fortnight ago, died on Monday evening—shortly after the verdict was returned.—Examiner.

Messrs. C. Campbell and W. L. Ball of Richmond, were prize winners at the Sherbrooke poultry show.

The Guardian objects to having "women enrolled in the electoral army." This is the Guardian man's refined and delicate way of sitting down on female suffrage.

Mrs. Hanks, of Cooktown, heard a noise in her woodshed in the night and got up to see what it all meant. While she was investigating the cause of the racket, a little man brushed past her, proceeded to her bed-room where he stole \$900 in a tin box and escaped in quicker time than it takes to write it. There are people in Cooktown mean enough not to believe that Mrs. Hanks was not robbed at all.

GENERAL NOTICES.

[Locals inserted under this head for 10 cents per line. Societies, Bazaars, etc., 8 cents per line.]

You can buy a good, well made, common size Sap Bucket for \$13.50 per hundred, at the Tin Shop, Stanstead Plain.

C. HALL.

You can buy a large, tall, Sap Bucket, made of 16 Charcoal Tin, very heavy, for \$18 per hundred, at the Tin Shop, Stanstead Plain. This is \$2 less than any competitor's. Save your money by buying in your orders now.

Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Dutch Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 E. 5th St., New York, May 16, 1882.

Messrs. J. C. AYER & Co., Gentlemen:

Last winter I was troubled with a most annoying Catarrh of the bladder, which I had been unable to cure by any of the many remedies I had used. I was also a sufferer from a severe catarrh and neuralgia of my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above named troubles, and from persons improved almost from the first dose. After a short time the fever and swelling were away, and all signs of irritation of the skin disappeared. My catarrh and neuralgia were cured by the same means. My general health greatly improved, until I feel now as well as I ever did. I recommend with all confidence as the best blood medicine ever devised. I use it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Your respectful, Z. P. WILDS."

The above instance is but one of the many coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

AYER'S SARSAPARILLA

cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby cures the system, and restores the vitality of the system.

PREPARED BY
